Sonic Boom Ruled Not An Explosion by District Judge

By JULIAN LOH
News-Tribune Staff

E. B. Cross ruled Monday night by jet planes breaking through the sound barrier was not covered by an insurance policy issued Alexander for fire and explosion coverage of his Hico warehouse.

He said that, broadly, an explosion had to be something ignited, causing gasses, and that a sonic boom did not fit the definition. The policy protects against explosions.

Instructed a 32nd District jury to find that Alexander's claim against Fireman's Company of Newark, N. J. had a \$3,000 policy on the warehouse.

The Iredell Baptist Church is participating in the 1968 Texas Baptist Church Achievement Program sponsored by the Baptist General Convention of Texas, pastor Charles L. Rice said this week. Designed to stimulate interest in small church work, the program recognizes outstanding achievements by pastors and churches in areas of church, community and world improvement.

Iredell Baptist Church Participating in Texas Achievement Program

More than 335 Texas Baptist town and country churches participated in the program last year. Each church participating in the program sets up goals for advancement in the three areas. An inventory questionnaire furnishes suggestions for projects, such as health education, community recreation, citizenship training, race relation studies and world missions.

Individual churches, however, select their own projects for the program. Churches in the open country and in towns up to 2,500 population are eligible to enter the program. Approximately two-thirds of all Texas Baptist churches are classified as town and country congregations.

The program has been expanded this year to include all Spanish-speaking congregations regardless of location. Records and scrapbooks are made under the direction of three special committees. The scrapbooks are the basis for judging on the associational, district and state-wide levels.

Darwin Farmer, district missions associate for the BGCT, is in charge of the program. He said surveys among participating churches show the rate of baptisms nearly twice as high as the general average for all churches.

RETURN TO NEW YORK
Mr. and Mrs. Walter Latham of Allegany, New York, returned to their home last week after a week's visit here with his parents, Mr. and Mrs. Monroe Latham.

Robert Barnett of Fairy Selected to Play In All-Star Game

Robert Barnett, senior at Fairy High School, was selected by the coaches of District 14B to represent the district in the Six-Man All-Star football game held in conjunction with the annual Six-Man Coaches School, which will be held this year in Abilene.

Barnett is a three-year letterman at Fairy in football, basketball, track and baseball. He has always been an outstanding member of any team on which he was participating.

Among his outstanding achievements in the sports field have been the following: 1955, Honorable mention all-district football; 1956-57, all-district basketball; 1957, unanimous choice all-district football; 1957-58, honorable mention, all-state basketball team, Class B. Barnett was also a member of the Fairy track team, which won the district meet in 1957-58.

Centennial Group Visits Local Firemen

General Chairman C. E. Cathey of the Hamilton County Centennial organization met with members of Hico Volunteer Fire Department Monday night, and presented a plan whereby the local department would handle Hico's part in the celebration scheduled for the first week in July. Others meeting with the local firemen were Rev. A. D. Hoyer of Aleman and J. T. Butler of Carlton, co-chairmen of the pageant committee, and Dr. Jack Koen of Hamilton and J. P. Rodgers of Hico.

In brief, the proposition presented to firemen included the selling of hats, buttons, etc., and the staging of Hico's part in the pageant. If accepted the group would also sponsor a candidate in the Queen contest. Dr. Cathey pointed out that the steering committee had agreed to divide all profits from the celebration between the Hico and Hamilton Fire Departments.

Members of the department were meeting in called session Thursday night to decide whether or not they would handle this phase of the celebration.

HOLLADAY HAS OUTSTANDING PRODUCTION RECORD

The Holstein-Friesian Association of America has announced the completion of an outstanding official production record by a registered Holstein cow by G. E. Holladay of Hico. The cow, Bosque Candy Joyce 3494028, produced a total of 16,184 pounds of milk and 566 pounds of butterfat as a 4 year old, milking twice daily for 365 days.

Cemetery Meeting Scheduled Friday Night at Duffau

A meeting of interested citizens in the Duffau community will be held Friday night, April 18, at the Duffau School, for the purpose of discussing the possibility of organizing a cemetery association. The meeting will be held at 8:00 o'clock, according to information submitted by Elmer Glesecke. All residents and any other persons interested in the Duffau Cemetery are urged to attend this meeting.

FORMER RESIDENTS RETURN TO HOME IN GRANBURY

Mr. and Mrs. M. J. McMillan, former residents of Hico, have returned to Granbury to make their home. They have purchased the White Rock Cleaners, which Mr. McMillan formerly owned.

Recent visitors in the home of Mr. and Mrs. J. W. Richbourg and Mrs. J. A. Garth were Mr. and Mrs. W. T. Farrar of Dallas, Ben Richbourg of Spur, C. D. Richbourg of Granbury, Mrs. Earl Harrison and Mrs. Wendell Conaway of Fort Worth, Mr. and Mrs. Ray Duckworth of Crowell, Mr. and Mrs. Leo Turner and Ronnie Fox of Stephenville.

Dr. Jackson Installed As President of AAGP In Special Ceremonies

Dr. Holland T. Jackson of Fort Worth was installed as President of the American Academy of General Practice in special inaugural ceremonies at the Statler Hilton Hotel in Dallas, Wednesday, March 26, as the AAGP Tenth Annual Assembly approached a close. Dr. Jackson is the second youngest man ever to hold the office.

He is a brother of Robert B. Jackson of Hico, and has many friends and acquaintances here.

A member of the small group of 15 men which, meeting in San Francisco, conceived the plan for organizing the Academy, Dr. Jackson saw the plan become a reality in Atlantic City in 1947.

A native Texan, Dr. Jackson was born in 1910 at Copperas Cove, and received his bachelor of science degree from Trinity University in 1931 and his M.D. degree from the University of Texas Medical School in 1935.

He interned at Detroit Receiving Hospital, Detroit, Mich., and returned to Texas for the equivalent of a general practice residency at Methodist Hospital, Fort Worth. After he entered private practice, he continued the preceptor-type training, assisting in major surgery.

Dr. Jackson is a former treasurer of the American Academy of General Practice and a member of the initial Board of Directors. He is also a former president of the Texas Academy of General Practice.

Dr. and Mrs. Jackson have three children, Don, 18, Martha 16, and Brenda 14.

The Cancer Crusade in Hico and Hamilton County is underway and will continue through the month of April, according to Odus Petsick, local general chairman of the Cancer Drive this year.

Mr. Petsick stated that Hamilton County has a quota of \$1,000 this year, but various communities have not been assigned a definite amount thus far. However, Hico topped the \$250 goal set last year and an amount equal to last year's is expected to be raised.

Miss Louise Blair has been named chairman of the drive to solicit the residential section, and has set Thursday night, April 24 as the date. A porchlight theme will again be carried out this year, and all homes will be called on regardless if they have their lights on. The drive will commence at 7:00 p.m. next Thursday. If for any reason anyone should be missed and wish to give to this worthy cause, contributions may be left at First National Bank. Names of captains and their workers were incomplete at press time this week, and will be carried in next week's paper.

Mr. Petsick will be in charge of the downtown solicitation, and will name workers to solicit each business establishment.

If you desire to make a contribution to this worthy cause, please turn on your porch light next Thursday night, April 24, at 7:00 o'clock.

Help yourself, help others, and fight cancer by supporting the 1958 Cancer Crusade.

County Chairman Thanks Workers for Assistance in Survey

R. B. Jackson, County Chairman for the recently completed Halle-Aikin committee study, issued the following statement of thanks to workers who aided in the completion in any way:

To all who assisted the Hamilton County Halle-Aikin Committee:

It has been a great pleasure to have worked with so many congenial people as I have worked with in the past few months in the educational survey that has been made by authorization of the establishing of the Halle-Aikin Committee.

The members of the Steering Committee were very nice. The members of the local committees in the different communities did an excellent job. The school people were untiring workers. All who answered questions on questionnaires sent to you gave fine response.

If I have missed anyone who I want to thank, I did it with regret, for I want to say thank you to all for such a fine job well done.

Sincerely,
ROBERT B. JACKSON.

Public Hangings Drew Wide Attention In '80's

By E. B. LAWSON

It happened back in the nineteenth century. A man had committed a capital crime and the process of law he was condemned and sentenced to be hanged at was the day of public hangings. As the date of the hanging near there was a lot of interest in Ellis County. In our community when a group got together you could hear much talk attending the hanging.

It was a sad day for those who were led at that period of life. One is full of curiosity and interest of adventure, and the attending a hanging and a man die on a scaffold mightily to me. My desire fanned into a vivid flame when the neighbor boys tell me in intention to be there on that day when it all took place. I began to hint strongly at that I wanted to see the spectacle, but there was no element from Dad and Mother had such old-fashioned ideas about such things, and considered the desire of a son to attend the hanging of a man who was about upon whom was intended the execution to be a violation in a way that was not to be thought of. Finally the day came when the hanging took place.

Great holes were cut with various implements where boards were not pried off. The sheriff ignored the havoc wrought on the stockade. Practically everybody saw the final preparations for the execution, the pulling of the trigger that released the trap under the victim, his plunge downward and the sudden stop at the end of the rope, his dangling body as he kicked a few times with great violence and then the body became still. Hearing the story as the boys dramatically told it put me in a high state of excitement and many a time did I dream of the hanging, seeing it all as it had been described by those who had witnessed it.

That was the last hanging in Ellis County. Soon after that a law was enacted making all hangings the duty of the state, to be performed within the penitentiary at Huntsville. And ere long hangings were tabooed and the electric chair became the method of execution.

Of course Dad and Mother were right about keeping me from seeing the hanging. But this conviction is of maturity and not soon arrived at. Teenagers regard parental restrictions an injustice many times no doubt, but eventually as they mature they see the wisdom of Pa and Ma. Perhaps it will always be so.

Two Local FFA Judging Teams Qualify for State

Hico Future Farmers participated in the Tri-Area Judging Contest held at Stephenville last Saturday, and two of the four teams entered qualified for the State Judging Contests to be held at College Station May 3rd. More than 1500 boys participated in the annual contests.

The local chapter entered Land, Dairy, Dairy Products, and Livestock judging teams. The Land judging team was composed of Billy Booth, Buddy Ables, Royce Samford and Floyd Drake. The team judged surface texture, permeability, depth of soil, erosion, slope, and drainage, then placed the land in its proper capability class and selected practices needed to maintain or improve the particular field judged. Four fields were judged and the local team placed fourth among the 28 teams entered from Area IV. Only three teams from each area compete in the State Land Judging Contest.

The Dairy Judging Team, composed of Mike Lackey, Winford Vinson and Doyle Crews, placed 5th among 60 teams entered from Area IV, and will participate in the state contest. This is the first dairy judging team in recent years to qualify for the state contests.

First year students judged Dairy Products. Neil Ellis, Montye Ogle and W. A. Huckabee scored 14 samples of milk along with the same number of sediment discs and cans and covers and placed fourth among the 14 teams entered. Ellis was 6th high individual in the contests. This team also qualified for state competition.

Fifty-eight teams were entered in Livestock from Area IV, and the local team placed 10th. Alan Hedges, Roland Sherrard and Pat Lackey judged. Nine teams qualified for the state and the livestock, along with the land team, missed qualifying by one place.

Boys may enter Area or State only once in each contest. Hico participated in the state contests the last two years in livestock judging and last year in Dairy Products.

Farmers vs. Dudes In Game of Year

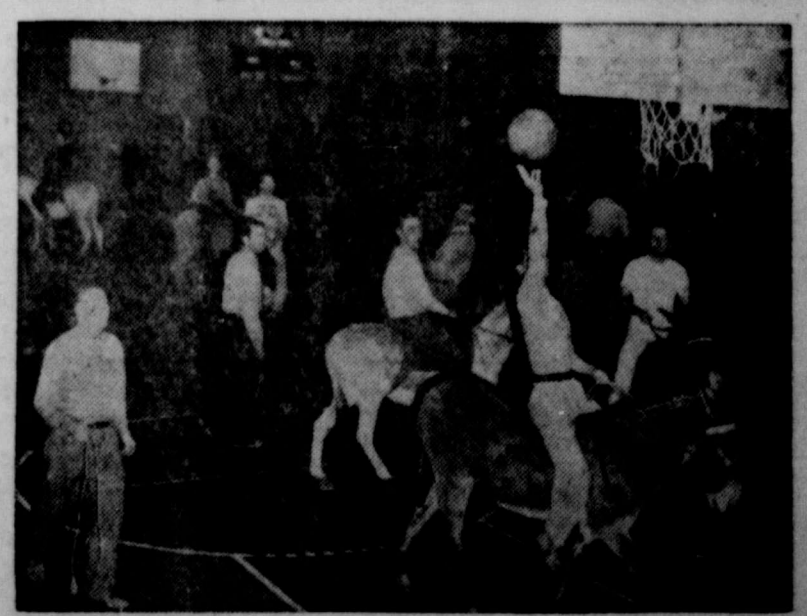

It's the Farmers vs. the Dudes in the feature attraction Monday night at Hico School gym, when the Hico FFA boys square off against members of the Civic Club in a Donkey Basketball game.

With a list of players slightly resembling the Harlem Globe Trotters, the Civic Club members will play to win no matter what the cost. (What's a few broken legs, arms, stiff joints, bruised heads, etc. mean to such a loyal group?) J. B. Woodward, captain of the team, has announced the following list of players who will be gunning for the victory: Buddy (the Politician) Randalls, M. I. (Swept Wing) Knudson, Bob (Medico) Herrin, George (Purina) Kilgo, Fred (I'm Sellin') Jaggars, Milton (Reddy) Dunlop, Robert (Speedy) Jackson, Wayne (Digger) Rutledge, Ray (I'm a Pro) Cheek, Jim (Auntena) Bullard, E. V. (Flash) Meador, and several other players who have been termed "top secret" by the captain.

Also on the agenda for the night will be a game between two women teams, races on mechanical donkeys, and a trick donkey act. Tickets are now on sale for the games, and may be purchased from any of the FFA boys or their advisor. Proceeds will be used to handle the deficit in the annual Stock Show fund.

Professional odds-makers haven't released their racing forms yet, but two will get you one that the donkeys win!

Professional odds-makers haven't released their racing forms yet, but two will get you one that the donkeys win!

THE DONKEYS will probably win the game between the Hico Civic Club members and the FFA boys when the two teams meet Monday night at the local gym. Shown is a typical scene from one of the games played in the past.

Kyle Kitching Family Well on Way to Realization of Dream

By CAROLYN HOLFORD

The Kyle Kitching family of Iredell began the operation of their dairy farm in the fall of 1955. At that time they owned 240 acres of land which joins the city limits of Iredell.

The farm was operated by the wife, Mrs. Odessa Kitching, while Mr. Kitching spent most of his time away from home on construction jobs. This arrangement was intended to be only on a temporary basis and was to last only until such time as the necessary financial assistance could be obtained to start a Grade A dairy program.

This desire to become established on their farm and to provide a suitable farm life for their 14-year-old son, Kenneth, and

milk cows within a five-year period. They were fortunate in purchasing 40 good grade Holsteins in the fall of 1955 and during the 1956 year these cows averaged 7800 pounds of milk per cow while the average production for dairy cows in Texas is less than 5500 pounds.

Mr. and Mrs. Kitching have obtained good average herd production by following good management practices. They give careful attention to a balanced feeding program with emphasis on grazing crops, silage, and hay produced on their farm. They also cull and sell the low producers. The herd was increased to 50 Holsteins by 1957 and the average production per cow had been stepped up to 8970 pounds of milk.

The Kitching family recognized immediately that their 240-acre farm was too small to maintain 75 dairy cows. Also, the old house in which they lived was not suitable. They again were assisted by FHA last year when a Farm Ownership loan was made to purchase an additional 100 acres of land, refinance their old land debt and to build a new modern home. A considerable saving is being made on this building by Mr. Kitching being an experienced builder and Mrs. Kitching being able to find time from her homemaking and milking chores to do the painting on the new building.

When Mr. Kitching was questioned about his investment in his dairy operations he stated that his present herd of 57 Holstein cows represents a value of at least \$13,000.00. His dairy equipment, including his modern parlor type dairy barn and bulk cooling tank, represents an investment of some \$7,000.00. When these values are added to the cost of the farm land and other improvements it is found that a dairyman is truly operating a big business.

Mr. Kitching thinks he must realize a gross annual income of \$25,000.00 or more from his present Grade A dairy enterprise in order to net a reasonable return on his investment.

The Kitching family has been aware of the requirement that only the best producing cows should be kept. Mr. and Mrs. Kitching have encouraged Kenneth and Billie Sue in 4-H Club work. They have worked closely with Bosque County Agent Waymond Davis and Mrs. Sarah Robinson, Home Demonstration Agent, in establishing a herd of high-producing registered Holstein cows. At the recent Calf Scramble contest in Houston Kenneth won a registered Holstein heifer calf which came from one of the better registered herds in the state. To promote harmony in the family another registered heifer was purchased from the same herd for Billie Sue.

Good-natured rivalry is evident between Kenneth and Billie Sue in the care and training of these fine calves. This was illustrated recently when Herman A. Peoples from the FHA office expressed a preference for one of the calves and he was immediately challenged by the owner of the other calf.

With continued good management of his dairy herd and with hard work and determination Mr. Kitching hopes to realize a dream he has cherished for a long time. He wants to own a good farm and a herd of high-producing dairy cows all clear of debt.

THE OLD AND THE NEW—Recent plans on the Kitching farm include building a new home to be occupied within the next week. The family of four lived in the small house (inset above), located on a lot just inside the Iredell city limits. Below, on the same lot, is their new home financed in conjunction with their other loans for improvement, through the FHA Farm Housing Loan. Their farm land adjoining and that across the road has been increased from 240 to 340 acres since they began operation of their dairy farm in the fall of 1955.

Engravings and story courtesy of The Meridian Tribune.

their 15-year-old daughter, Billie Sue, led Mrs. Kitching to visit the Farmers Home Administration office in Meridian and make an inquiry concerning the assistance that would be available to them to start their Grade A dairy.

Their prospects of getting the needed assistance at first did not look too bright because—as recalled by Robert A. Wells, County FHA Supervisor—the family had never operated a dairy and Mr. Wells pointed out to Mrs. Kitching that a minimum investment of \$10,000.00 would be required to even start a dairy program of such size as would be needed.

At this point Mr. and Mrs. Kitching demonstrated a trait that has been valuable to them. When they decide they want something, they do not stop until they get it. They convinced the FHA officials that they could handle a Grade A dairy.

The Kitching family decided that it would be necessary for them to start their Grade A dairy with 40 Holstein cows and eventually increase the herd to 75

during the week end with Mr. and Mrs. Mack Ellison.

Mr. and Mrs. O. C. Huckabay and son, Royal, spent the week end in Aransas Pass with their daughter and sister, Miss Marie Huckabay, a school teacher at Aransas Pass.

Week-end visitors with their mother and brother, Mrs. S. N. McKinney and Mr. and Mrs. Jim McKinney and daughter Ruby, were Mrs. Annie Drew and Mr. and Mrs. Dewey Dry of Rotan.

Rev. D. C. Pettijohn of Dublin preached at the Baptist Church Sunday morning and night.

Mr. and Mrs. Cecil Byrd and Eugene of Stephenville were Sunday visitors with his mother, Mrs. Lilla Byrd.

Mrs. Kearney and Mrs. Mary Mitchell visited Friday afternoon in Hamilton with Mrs. W. H. Vick, a patient in the Willeford rest home. They report her gradually growing weaker.

John Walton of Abilene visited with his parents, Mr. and Mrs. Montie Walton over the week end.

Mr. and Mrs. J. T. Butler and daughter were visitors in Austin Sunday.

Mr. and Mrs. Stuart Partin and her mother, Mrs. Ophelia Upham of Waco and Mrs. Clyde Graves of Dublin spent the week end with their mother, Mrs. Upham, and with an aunt and husband, Mr. and Mrs. D. W. Upham. Mrs. Ophelia Upham accompanied her daughter, Mrs. Graves to Dublin Sunday afternoon for a visit.

CARD OF THANKS

We wish to thank our many friends and neighbors that were so good to us; for the food, the flowers and other expressions of sympathy at the time of our beloved husband and father's illness and death. Especially we wish to thank Dr. Hafer.

Mrs. E. J. Brewer & Family.

Springtime tips on telephone care

Telephones, like everything else, work best when properly cared for. So may we suggest you look over these spring cleaning ideas. 1. Never leave your telephone near an open window. 2. Be sure your telephone is resting on a firm place. 3. When papering or cleaning, be careful to cover your telephone with a cloth.

AN EXPERIENCED BUILDER, Kyle Kitching enjoys doing the planning and the work on his new home. Together the couple has remodeled and built six other houses, so that they knew what they wanted in a modern new home, when they began planning and working on this one. Laying the flooring, Kitching has had some help on building, although he did most of it himself. He laid the flooring in the bedroom, above, and living room, kitchen and three bedrooms.

DETERMINED WILL on the part of Kitching has been obvious throughout her life in Bosque County, from the time that they agreed to support a full-time and maintain their home, working for in preference to the traveling jobs she was doing construction work. Mrs. Kitching means paint brush, and she lets nothing get her way once she makes up her mind, as her efforts have demonstrated.

IN TWO AND A HALF YEARS, the entire Kitching family has worked together to build a dairy through their initiative and enterprise. They began the dairy operation with 40 Holsteins, and have obtained good average production, increasing the herd to 57 cows. Four milking machines inside the modern parlor-type dairy barn. Careful attention is given to a balanced feeding program with emphasis on grazing crops, silage and hay produced on their farm. Cows are milked twice a day by three sons of Berry Herrin, a neighbor. Berry says the boys on the day pictured when they were ill with the flu. The Kitchings' 14-year-old son, Kenneth, won a Holstein in the calf scramble at Houston, and the Kitchings made peace in the purchasing one for Billie Sue, their 15-year-old daughter, also. It is entirely a business deal with the son and daughter, who are keeping their calves separate from their parents' herd.

FAIRY

By MRS. EUNICE DANIEL

We had about one and a half inches of rain Sunday, which has fields water soaked again.

Mr. and Mrs. Dalton Driver of Grand Prairie visited over the week end with their parents, Mr. and Mrs. Frank Driver and Mr. and Mrs. H. H. Wolfe.

Mr. and Mrs. D. E. Allison of Dublin and Mr. and Mrs. Texie Allison of De Leon visited here Monday night in the homes of Mr. and Mrs. Ed Allison, Mr. and Mrs. Carl Ray Sellers and family, and the writer and husband.

Mr. and Mrs. Delbert Pack of Stephenville visited during the week end in the home of her mother and brother, Mrs. M. E. Parks and Audie.

Mr. and Mrs. Bill Turner and Mr. and Mrs. Ray Bodkins and baby and Jackie Turner, all of Killeen spent the week end in the home of their parents, Mr. and Mrs. Willie Turner, Ray and Berniece.

Mr. and Mrs. Milford Miller and Ronald of Fort Worth spent the week end here visiting in the home of their parents, Mr. and Mrs. A. J. Miller and Mrs. M. E. Parks and Audie.

Miss Jo Ann Sills of Fort Worth spent the week end here with her parents, Mr. and Mrs. Herman

Sills and her brother, Jamie Sills and family.

The writer and husband and our sister, Mrs. Gladys Cox, spent Sunday in Brady visiting in the home of our sister, Mrs. Myrtle Enger. Other visitors in the home were her son and wife, Mr. and Mrs. Dorsey Enger of Corpus Christi and her daughter and husband, Mr. and Mrs. Lester Smith of Brady. Dorsey Enger, who was critically injured in a car wreck last December, is still pretty well crippled up but able to be up and about, but still has to wear a back brace.

Mrs. Arnold Gleason returned home Tuesday of last week from the Hico Hospital after several days confinement. Sorry to learn today, Tuesday, that she had to be returned and underwent surgery Monday afternoon. Mr. Gleason and Mr. Frank Hanes went to Dallas Monday for type A blood for Mrs. Gleason. She is reported to be resting fairly well at this writing.

Mr. and Mrs. David Caraway of Fort Worth spent the week end with her parents, Mr. and Mrs. Ottis Dansbee, Larry and Connie. Mr. and Mrs. Dansbee observed their 30th anniversary Saturday, April 12th.

Thanks to all of our friends and relatives for the nice birthday cards received on our birthday Saturday. When we opened our mail box and saw the stack of mail, we wondered for a second why all the mail, before we thought of our birthday. We enjoyed a feast of good eats Sunday at our sister's home in Brady, and received several nice birthday gifts also.

Mr. and Mrs. Scott Blakley spent Monday and Tuesday in Fort Worth. They carried some lambs to market there and visited with relatives before returning home.

Herman Sills is having a modern bath room installed at their home. Mr. Sills and Carl Ray Sellers are doing the work.

There is still some illness in the community due to colds, and we understand there has been several cases of mumps.

The writer was in Hamilton last Wednesday to have dental work done and while there we visited at the rest home with Mrs. Minnie McCarty, Mrs. A. Alford, Mrs. Smith and Mrs. Gansky. Sorry to report Mrs. McCarty not doing so well and Mrs. Smith also confined to bed. We hope all are much better by this time.

There will be a business meeting of the Fairy Cemetery Association this Friday, April 18, at 1:00 p.m. Since no one remained until afternoon of our annual meeting on good Friday no business meeting was held. Farmers were very busy at that time. Some were ill, and since we have had heavy rains we feel more will be able to attend this Friday. There are still a number of lots who have no relatives near to look after them that need working. So please bring your hoes and rakes and if the weather permits we can clean off a number of these lots after the business meeting. If the weather is favorable we will have the business meeting at the cemetery. If unfavorable it will be held at the school gym or lunch room.

We hope all who can will come and help out. Your committee will appreciate your cooperation.

The following have turned in donations for the cemetery fund since our last writing: Mr. and Mrs. Milford Miller, Fort Worth, \$5; Mrs. J. L. Rowe, \$5; and Mrs. Brittle Little, \$2. Since there has been a misprint in the W. E. Goynes contribution twice we are again giving it, which was \$3.00. So folks you can't always blame this scribe for any mistakes, neither can you blame our faithful editor and wife for these mistakes just seem to happen in all things, which are beyond our control many times.

The writer was in Stephenville last Friday afternoon. While there we purchased a power mower for the cemetery. We will have the mower at the cemetery Friday for your inspection. We sincerely thank all who have made it possible by your donations to purchase this mower. Some thought we would be

DONKEY BASKETBALL

The Hico FFA Chapter is sponsoring their annual donkey basketball game again this year. This year's game promises to be equally as exciting as those in the past.

First will be a game between women, then races on mechanical donkeys, and a trick donkey act. The main feature will be a match between the FFA boys and the rough riders of the Hico Civic Club. All of this guarantees a lot of laughs, so don't miss it.

Place: Hico Gym; Date, Monday, April 21, 8:00 p.m.; Admission, Adults 50c, students 25c.

You may get your tickets from any of the FFA boys.

SENIOR GIRLS ATTEND SMORGASBORD

A wonderful time was had by every senior girl who accompanied Mrs. Angell to the annual AAUW sponsored smorgasbord at Tarleton State College. The girls arrived in Stephenville in the nick of time to be served hors d'oeuvres in the dining hall.

Next, they followed their noses and halted abruptly when faced with a line of girls. Following them, the Hico group finally reached a buffet table with all the food they could imagine. Seated in the Cardinal Room the group feasted, taking time to enjoy the savory morsels, and speaking to acquaintances.

Tarleton State President E. J. Howell then gave a short welcome followed by a style show, taking guests back to the time when the college was established and bringing everyone forward to the present college activities and showing wearing apparel for students through the years.

Afterwards, the girls began their journey to Hico—full, but happy.

Freshmen: Linda Holt, Diane Howerton, Betty Hutson, Loretta McKandless, Nelda Whiteside.

NEW CURTAIN FOR BAND ROOM

If there seems to be much more enthusiasm shown by the band students as they race for the gymnasium it is probably due to the fact that they have just received the band curtains that the Band Mothers have so diligently worked for.

The curtains are olive green in color and cover the entire window space.

The students of the Hico Tiger Band would especially like to thank Mr. and Mrs. George Griffiths for putting the curtains up in the band room.

The curtains will be of much help to the students in keeping out the hot sun while they rehearse in the band room.

WANTED: ORDERS FOR PIES AND CAKES

THE SPOTLIGHT

What's wrong with you kids? My spotlight and I are sure getting lazy because we don't have much work to do any more. As we were roaming around Friday night we couldn't find anyone. But just as we were returning home we spotted two couples. We suppose they had just left the dance at the Youth Center.

They were: Ginger Jones and Jerry Lackey, Linda Holt and Lee Flowers and Joy Little and Andy Lackey.

Saturday night everybody was on the go as usual.

Some of the couples we caught in our path were: Joy Little and Andy Lackey, Sue Spinks and Don Tooley, Judy Moore and LaVon Pierce, Jimmy Crumley and Carolyn Patterson, Carol Akin and Wayland Wooton, Linda Driver and Rosy Vinson, Sheila Partain and Wayne Warren, Jean Ables and Red Wagner, Kay Yocham and Billy Booth, Linda Holt and Lee Flowers, Kay Jameson and John McClammy, Reggie Ellis and J. D. Needham, Linda McLendon and Sherrel Kirk, Ginger Jones and Jerry Lackey, Loyette House and Charles Tolliver.

Sunday was kind of damp and everyone was afraid to get their feet wet. However some were brave. These included Steve Ogle and Judy Griffiths, Jimmy Crumley and Carolyn Patterson, Kay Jameson and John McClammy, Linda McLendon and Sherrel Kirk, Ginger Jones and Jerry Lackey.

Vernon Chew, now residing in Cranfills Gap, was a visitor in Hico Saturday of last week.

Mrs. Marie McGee and daughter, Patsy, of Hamilton visited Mrs. Mollie Harvey Saturday afternoon.

Mr. and Mrs. Eugene Linch of Glen Rose were guests Sunday of a birthday dinner honoring his father, Maron Linch, in the home of Mr. and Mrs. Maron Linch of Hico.

Guests during the Easter week end in the home of Mr. and Mrs. Monroe Latham were Mr. and Mrs. James Latham and sons of Dallas, Mr. and Mrs. Garland Latham and children of Austin, Mr. and Mrs. Walter Latham of Allegany, N. Y., Mr. and Mrs. Bobby Watkins and son of Grapevine, and Mrs. Bailey McQuinn of Electra.

Mr. and Mrs. Jack Collins and sons of Houston spent the past week end in the home of her sister, Mrs. A. H. Lackey and family.

BEAUTIFUL GARDENS

A beautiful garden is not only a joy to the owner but to everyone who sees it. You will find it worth your time to drive by and see the lovely home gardens of Mrs. H. E. McCullough. During the fall months, could be seen in her yard many colorful shrubs, blooms, and berries. Now it's all in spring dress, with hundreds of multi-colored tulips. You will not only linger, but stop to enjoy such marvelous beauty.

And we must also mention the window box of pansies around the front office of Barnes & McCullough Lumber Co. Everyone in and around Hico enjoy the interest many of our citizens are taking in beautifying their homes and surroundings.

Enjoyable Evening Observed by Carlton Eastern Star Chapter

The Carlton Chapter of the Order of the Eastern Star met in regular session Monday night, April 14, with 16 members and officers present.

Those present were Mr. and Mrs. Jess Reeves, Mr. and Mrs. Monty Walton, Mr. and Mrs. Fern Jordan, Mr. and Mrs. Harry Yocham, Mr. and Mrs. Wayne Cozby, Mrs. Jewell Parrish, Mrs. Armanda Roberson, Mrs. Allene Roberson, Mrs. Modie Finley, Mrs. Ila Bea Battershell and Mrs. Lillie Anderson.

The Chapter planned a barbecue dinner honoring Masons and their families, to be held May 3rd at 7 p.m. in the American Legion Hall.

After closing of the Chapter the Worthy Matron, Mrs. Waldine Reeves, was presented a lovely birthday cake by Mrs. Polly Cozby from members of the chapter. The Chapter also honored Mrs. Allene Roberson, who was crowned "Queen for the Night" and was presented a corsage from the group. She was selected Queen in a contest in which all members participated, with Mrs. Walton, Mrs. Modie Finley and Mrs. Zula Walton serving as judges.

Following the contest delicious refreshments were served by Mrs. Parrish and Mrs. Cozby.

Mrs. Polly Cozby, Reporter.

and was assisted by Mrs. Cook, Mrs. Jackson and Mrs. Rutledge, served delightful refreshments to the fifteen members present.

Mrs. Ellis Randals, president, presided and a full agenda of business items were presented to the group.

The subject for study was "Manners." A quote from Lucman, being that we learn our manners "From the unmannerly." Mrs. Appleby and Mrs. Lusk Randals presented the two-part program. Mrs. Appleby gave general rules of "Early Etiquette," from "Proper Bostonians," by Cleveland Amory, and from "Young Ladies' Friend" by Farrar. Mrs. Appleby pointed out that a little known but interesting fact is that our great Emerson wrote America's first book of "Manners and Etiquette," and he said, "Manners get people out of the quadruped state, gets them washed, clothed, and set on end."

Mrs. Appleby gave some amusing excerpts from various early day authorities on social deportment Rules of Etiquette for young ladies both in the home and in public were strict, in fact to be socially accepted all ages were so bound by the strict rules of dignity, formality, and exclusiveness, that people were so stiff and frigidly correct. Quoting Dr. Holmes "it was hard for them to be pleasant and courteous."

Early day rules of conduct laid down one requirement for mothers practiced today, might prove to be the cure for present day problems affecting our young people, namely that mothers, to be socially secure, "must always be at home at the hour their children get home from school ready to attend their needs, and enjoy hearing about their day."

Rules of etiquette and manners edited by Emily Post and Amy Vanderbilt are generally accepted today. However, Mrs. Lusk Randals, in discussing her topic, "What's Happening to Our Manners?" quoted and read from the book, "Complete Etiquette," by Frances Benton which is co-edited by the Federation of Women's Clubs. This work covers all the fundamental and fine points of correct social usages and conduct, and as Mrs. Randals gave it, proved both amusing and instructional.

The answer to the question, "What is Culture?" is that "Kindness is True Culture." Mrs. Randals authority assures us that self-respect and consideration of others insures personal dignity and correct social conduct under all circumstances. The group enjoyed this foray into social behavior problems as presented.

Mrs. Marshall gave a current event, and Mrs. Jernigan gave the Federation Counselor's report.

The next meeting will be April 24th, with Mrs. W. F. Hafer as hostess.

REPORTER.

WEDNESDAY—Wedding vows were solemnized last Friday evening, April 11, when Mrs. Irene Ables and Mr. Woodrow Wilson were united in marriage. Rev. Mr. and Mrs. Elmer Westerman of Cleburne spent Saturday night with Mr. and Mrs. T. M. Tidwell. Mr. and Mrs. George Hindman and daughter of Portales, N. M. spent last week end with her parents, Mr. and Mrs. Bill Stroud.

Mr. and Mrs. David Klose and children of Fort Worth visited her parents, Mr. and Mrs. Kirby Martin during the Easter holidays.

COUNTY AGENT REPORTS

By E. B. LAWRENCE

I'm sure that those ranchers and stockmen living between the Fairy-Hico farm to market road and Highway 281, from Hico to the Leon River, are happy to know that the wolf that has been giving them so much trouble has been caught.

Thursday night of last week, the government trapper, who has been in the county about two weeks, caught the wolf on the ranch of L. J. Timmerman. Timmerman's ranch is west and a little south of Fairy.

Around his place the wolf has been doing lots of damage to livestock for several weeks. There is a possibility that there is still another wolf still in the area where this one has been causing trouble.

If any of you continue to have trouble you might let Fred Rainwater, commissioner, or Judge Tate or me know about it and we will get the information to the trapper.

Seems that the county had about an inch and a half of rain Saturday, Sunday and Sunday night. Nearly everyone was glad to see it too. It sure will help my wife's garden.

Disorder ranks second only to poor judgment as a cause of farm and home accidents, according to records supplied by the National Safety Council. The records show that one out of every five people contacted in a survey of hospitalized home accident cases to be victim of an accident caused by disorder. Cluttered, untidy surroundings are breeding places for accidents, points out the council and are responsible for other hazards which are a threat to the health and well-being of the family.

Fire finds a breeding place in papers, rags and rubbish tucked into closets, attics or corners. Volatile fuels, paints, cleaners, insecticides are other fire hazards if not properly stored. Check the farm and home for over-loaded electrical circuits; lubricate all electric motors in accordance with the manufacturers recommendation and take a good look at the home ventilating system. Eliminate fall hazards by keeping stairs, halls and alleyways clear of obstructions.

Check light bulbs and clean lamp shades for better lighting in hall and on stairways. Remove from the premises, advises the Council, broken glass, nails, protruding from boards, scrap metal and loose wire. Too, they point out that rodents don't like a clean farmstead. The Councilmen suggests a spring paint-up as part of

the spring cleaning job. Hazards which often go unnoticed may be found during cleaning and painting operations. The Council members believe that a clean and orderly farm will produce more at lower cost for there will be a place for everything and everything will be in place on the well-kept farm.

From now on we might be on the look out for eggs of the case bearer on pecan trees. This insect lays eggs on the ends of small pecans at about the time they are being fertilized. The eggs are small round ones and are white in color. Anyone with normal eyesight can easily see them. If they are found it is time to make your first application of a spray material. The spray can be made by mixing 3 pounds of 50 per cent wettable DDT in 100 gallons of water.

CARD OF THANKS

We wish to take this means of expressing our heartfelt thanks for our many friends and neighbors for your prayers, food, flowers, and every kindness that has been shown us in the passing of our loved one. It is the Lord and friends such as you that make such a time bearable. May the Lord bless each of you is our prayer.

EXPLAINING AWAY SOME EGG LAW FEARS

Anything new is eyed with suspicion, and often we tend to place blame for our disappointments on something foreign to us either because we don't understand it or because of convenience.

So it is with the new Texas Egg Law. Some misunderstandings and fears have come up on occasion which, although without real basis, are genuine fears and therefore need to be explained.

Reports have reached the Texas Department of Agriculture that certain retailers and buyers have refused to handle eggs from small producers with limited flocks, falsely blaming the Texas Egg Law as their reason for not doing business with the farmer who wants to sell only two or three dozen eggs at a time.

There is no such trade-restricting provision anywhere in the law, nothing whatsoever that interferes with or prohibits this long-standing business relationship between producers and buyers. A retailer, dealer, or other egg handler can purchase any amount of eggs from a producer at any time.

On the Home Range

By MRS. VIVIAN BLAIR
Home Demonstration Agent

Our Clothing Workshops are over and have been a big success. There was a total of 17 women enrolled for the two courses in Hico and Hamilton. Of this total eight were members of Home Demonstration Clubs and nine were non-members. Each person attending will teach others what she has learned in the school. Some have already started their own instruction. If you have sewing problems that would come in the basic division you might take it to one of these people enrolled.

Later if there is interest in it an Advanced Clothing Workshop will be offered. A requirement for attending this workshop will be having first attended this Basic Work either the ones I have conducted or the ones that these women are conducting.

The 4-H girls in the county are getting ready for the annual Dress Revue. It will be held in the district courtroom on Saturday, May 3. Be sure to make plans to attend.

STORING WINTER WOOLENS
Before storing those winter woens be sure they are clean. Perspiration weakens wool, grit cuts it, and spots attract moths.

First examine garments carefully and clean or wash as directed on the label.

Before washing, give special treatment to spots and stains. Also measure your knitted garments so they can be pulled back into shape after washing.

Guard against damage from clothes moths. Dry cleaning kills all forms at the same time of treatment, but does not insure permanent protection. Garments placed in sealed paper bags immediately after cleaning will be protected indefinitely.

Moth-proof washable woens when you launder them.

WEATHER DRESS SHOULD BE LINED

Ve.ans of the "sheath" dress are popular again this spring. The slim lines present several problems when it comes to keeping a crisp, unwrinkled look.

The dress may lose its shape across the back if the material you choose has a tendency to stretch. Also, wrinkles may devel-

op across the front.
To guard against this, try lining the dress. Use a light-weight rayon lining or other material that isn't too heavy, and doesn't cling. Cut the lining about one-eighth inch smaller than your regular dress pattern and bring it eight to ten inches below the hip line. Machine-baste to the front and back pieces of the dress before putting the seams together. This keeps the fabric from slipping, and puckering as you stitch it in place.

FOODS BRIEF

1. Here's a quick new raisin sauce for ham. Simply combine a 6-ounce can of frozen orange juice concentrate with one-half cup sugar, one and a half cups cold water, and one and a half tablespoons cornstarch. Heat until the sauce thickens. Then add one-third cup raisins and salt to taste.

2. Make a quick and easy tartar sauce for fish suppers. Stir 2 teaspoons instant minced onion into a tablespoon of water. Let stand a few minutes, then add to mayonnaise along with a generous measure of chopped parsley, sweet or sour pickle relish and a squeeze of fresh lime or lemon juice.

Mrs. Billy W. Hutton and children, Debbie and Vance of Cisco, visited here Tuesday with Mr. and Mrs. Andy Hutton and other relatives.

CUB SCOUTS MEET

Den 3, Pack 92, had a meeting last Friday. We went to the park and had a wiener roast, and also roasted marshmallows.

Mr. Donald Hefner helped us out. Later we played games. Edmund Horton, Reporter.

Gatesville Resident Buried Last Thursday At Turnersville

Mr. and Mrs. J. P. Owen were in Gatesville last Thursday to attend funeral services for her sister-in-law, Mrs. A. W. Jones, who passed away suddenly at her home last Tuesday in Gatesville.

Funeral services were held in the Methodist Church at Turnersville, with burial in Turnersville Cemetery.

Mrs. Jones, who was a native of Coryell County, was 57 years old. She was a member of the Methodist Church since childhood.

Surviving are her husband, A. W. Jones; three sons, John of Turnersville, Dave of El Paso, and Bruce Jones of Gatesville; three daughters, Mrs. Bobby Raley of Gatesville, Mrs. Benny Dial of Central America, and Mrs. Mary Mattson of Westico; and seven grandchildren.
