HICO, TEXAS MARCH 13, 1959.

NUMBER 45.

## 12th Annual Stock Show Next Thursday

### ★ 'DOG DAY' SEES 106 INOCULATED

Dog Vaccination Day in Hico was declared a huge success Tuesday of this week when 106 of the Canine pets were given shots for rabies prevention. The program is sponsored locally by the Hico FFA Chapter.

The Hico FFA Chapter's 12th Annual Livestock Show and Sale will be held next Thursday, March 19, at the City Park, and indications are that the show will again draw a large number of entries. Harold Walker, Chapter Advisor, has mailed invitations and show books to all vocational agriculture departments in this area, and to individuals who have sponsored entries in the show in previous years. The local chapter will also have several entries in the show, including stock which was shown

at Houston, and at Hamilton this past week. Several hundred dollars in prize money is listed in the new premium book, being updated considerably over past years. Prize money for the show has been, for the most part, earned by chapter members in an effort to keep the project independent from outside aid. All entries must be in place by 9:30 a. m. the day of the show, and remain until released that afternoon. Entries may be made at the show grounds the day of the show. Only local projects will be offered for sale at the auction following the show. The Howard Showmanship Award will again be given to a local chapter member. Schedule of events are as follows:

### Five Names on Ticket in Local School Trustee Election

Five names were in the pot this week for places on the official bal-

lot in the Hico School Trustee Election.

Glen Higginbotham, local grocer, was the last to file for a place on the ballot. He filed late last Wednesday afternoon. Previously, M. I. Knudson, Milton Dunlop, Chester Land, and E. A. Black had filed.

Knudson and Dunlop are incumbents, and Land's name was placed on the ballot by present trustees as a representative from the former Duffau district.

Three places are to be filled in the April 4th election. Conda Salmon, who has served the past nine years, declined to run for re-election this year.

A. A. Brown has been named election judge for the school voting.

In city politics, no new names were filed for the two elective places. Terms of Wayne Rutledge and Alvin Casey expire, and both are unopposed in the April 7th election.

Swine judging, 9:30 a. m.  
Sheep, 1:30 p. m.  
Goats, 10:30 a. m.  
Dairy, 11:00 p. m.  
Poultry, 1:30 p. m.  
Beef Cattle, 3:00 p. m.  
Dogs, 3:00 p. m.  
Sale (Auction), 4:00 p. m.

Most of the businesses in Hico will close Thursday afternoon from 2 until 4:30 p. m. in order that merchants and employees may attend the show and sale.

The local show has proven to be one of the most popular on the spring tour for exhibitors, and some of the best livestock in this area is expected to be entered this year.

The FFA members will have their concession stand again this year at City Park during the stock show, and will offer sandwiches, coffee, and cold drinks for sale.

IT'S SPRING!—Well, almost anyway! Even though it's not officially Spring until next Friday, March 21, you can't tell it by gazing at the many trees beginning to blossom out. And when springtime rolls around, one's fancy naturally

turns to pretty scenes—like girls for instance! The pretty young Miss pictured above with the blossomed background is Faye McFadden, daughter of Andrew McFadden. The background may be seen in the McFadden yard.

### Two Boys, Two Girls Named To All-District Cage Teams

Hico's district championship boys' and girls' basketball teams led the balloting in the coaches' all-district selection this week. The coaches of District 27, B, and superintendents from the five schools met Monday afternoon at Walnut Springs and picked the teams.

Hico placed two players on the five-man boys' team. Robert Chandler was a repeat selection, and Doyle Crews was the other from here making the honor team.

In the girls' division, seniors Anna Lee Luckie and Kay Jameson were choices from Hico.

The Hico girls were voted the coveted Sportsmanship Trophy of the district, winning the third year out of the last four. In the boys' division, the award went to Iredell.

Selected on the all-district boys' team were:

Robert Chandler, Hico  
Gary Greer, Kopperl  
Doyle Crews, Hico  
Jay McCarty, Walnut Springs  
Sam Brown, Morgan

The girls' team is composed of the following:

Forwards

Anna Lee Luckie, Hico  
Nickie McAden, Iredell  
Ramona Kirkpatrick, Walnut  
Charlene Brown, Morgan  
Glenda Greer, Kopperl

Guards  
Betty Bales, Iredell  
Kay Jameson, Hico  
Marilyn Bash, Kopperl

### Pat Lackey Elected 2nd Vice President of Junior Hereford Assn.

Pat Lackey, local FFA member, was elected 2nd Vice President of the Texas Junior Hereford Breeders Association which was organized in Houston March 5th.

The Junior organization will seek members from all over the state, and directors will be elected in October at the State Fair meeting.

### Civic Club Membership Now Stands at 46

Two new members were recorded by Hico Civic Club the past two weeks, bringing the total membership shy of the record 70 members of two years ago.

New members are J. A. (Al) Russell and Willard Leach.

Business people and individuals who haven't paid 1959 dues are urged to do so now.

### Spring Revival Slated March 15-22 at Iredell Baptist Church

Members of Iredell Baptist Church have extended an invitation to people of this area to attend a Spring Evangelistic Revival beginning March 15, and continuing through March 22.

Dr. J. W. Ousley will be the visiting preacher. Rev. Charles Rice is pastor of the Iredell Church.

Services will be held nightly at 7:30. Other services are scheduled Sunday morning at 11 o'clock, and prayer service will be held at 7 p. m. Wednesday evening.

### CALL RECEIVED FOR TWO MEN IN APRIL DRAFT

Texas Local Board No. 23 has received notice of induction call for two men to report April 8, 1959. There will be no physical examination call for April, according to Lillian H. Roach, Clerk of the board.

The following men were ordered to report for induction March 4, 1959:

Tillie Willie Zeiss of Hico  
Joel Paul Michael, Evant  
Clifton Donald Bishop, Pearl

### FFA Chapter Members Place In Houston Stock Show

Seven members of Hico FFA Chapter exhibited livestock at the Houston Fat Stock Show the past week.

Pat and Mike Lackey, Roland Sherrard and Royce Samford showed Hereford heifers Thursday. Samford placed 8th in the Scramble Division, all ages, and Mike Lackey placed 10th in the class which had 33 entries.

In the Junior Show, Samford placed 10th in his class with 28 entered, and Pat Lackey placed 5th. Roland Sherrard placed 10th, and Mike Lackey placed 15th in a class of 29 entries in the Senior

Heifer Calf class.

Eldon Lindsey, Sammy Partain and Winston Churchill exhibited barrows in the light weight barrow class, which showed 45 entries. Lindsey showed the 3rd place barrow, which sold for 51c per pound. Partain's animal placed 18th, and sold for 25c. Churchill's placed 16th and sold for 23c per pound.

In the Calf Scramble held February 28, Rondy Giesecke, Tommy Chew and Mark McElroy caught calves. They received certificates worth \$125.00 with which to purchase calves and return to the 1960 Houston Show.

## Varied Interests Secret of Hamilton County Woman

By BUD FICHTE  
Star-Telegram Farm Writer.

A veteran home demonstration club worker in Hamilton County believes in combining farm interests with as many civic and community affairs as possible.

In addition, Mrs. C. H. King of Route 6, Hico, claims poetry and song writing as her primary hobbies. Though she says this is just a home interest, two of her religious songs have been copyrighted and more recently she was contacted about having them printed. She also does some painting.

Mrs. King admits she has a keen interest in these hobbies, but they certainly are second to her primary interests—farm work and home demonstration club activities.

Home demonstration club projects began for her in 1923. She was one of the first members in

Hamilton County. Since that time she has always participated in the club work.

Presently a member of the South Hico Home Demonstration Club, she said, "Back in the early days of home demonstration work, you could not depend on a club to maintain its active membership. They would often die out. When that happened, I would move on to another club. If the original club had a chance later of building up, I would return to do my part in re-establishing it. I just honestly feel like I can't get along without this type of work."

Mrs. King and her husband operate a 520-acre farm midway between Hico and Hamilton. Their major enterprises are cattle and sheep.

Mrs. King said she likes all phases of home demonstration work but tends to favor sewing and clothing projects. She

has done all the family sewing and conducted clothing workshops while serving as a clothing leader for many years. She still makes clothing for herself and her husband and keeps in practice by sewing for six grand-children.

Their daughter, Mrs. Leeds Bayless, lives in Cleburne, where her husband is an auditor with a manufacturing firm. Mr. and Mrs. Bayless have three daughters—Nancy, Bobbie, and Shyrie.

The Kings' son, Travis, now lives in Guatemala, where he is an agricultural agent with the Federal Extension Service. He previously served as county agent in Jim Hogg and Willacy Counties. He and his wife have two sons and a daughter—Jimmy, Damon and M. Shiree.

Mr. and Mrs. King also had a second son, Damon, who was killed during World War II

while serving with the 3rd Army in Germany.

Mrs. King, who has seen many changes in homemaking through the years, prefers most of the modern practices to those of the past.

"For example," she said "canning is much simpler now than it was 20 or 30 years ago. It was very tedious work then because each piece of fruit or vegetable had to be placed individually in the container. Now, all you do is pour the food into the jar with no real concern as to how it fits."

However, Mrs. King still uses some of the practices that she learned many years ago.

The family has always grown a garden each year, and many cans and jars of fruits and vegetables are preserved.

"When the children were home, I would can as many as 1,000 jars of food each year,"

Mrs. King recalled.

During her school years, Mrs. King planned a teaching career, but after her marriage, she adopted the farm as a permanent home. She is a lifetime resident of Hamilton County.

Now serving as chairman of the Hamilton County Home Demonstration Council, she has held all offices in her local clubs.

"Some of them I have held four or five times," she laughed.

Mrs. King has served as a leader in foods demonstration and clothing as well as a clothing workshop instructor. Currently she is on the executive board of the county program building committee.

In addition to her work in home demonstration club programs, Mrs. King is a member and active worker in First Methodist Church of Hamilton

and its women's organization, Woman's Society of Christian Service.

As past members of parent-teacher associations, the Kings retain an active interest in the public schools and are constantly "in the middle" of public programs and events.

Mrs. King is a member of the United Service Organization and the Red Cross in the Olin community. She also participates in the American Legion Auxiliary.

Thirty-six years in home demonstration club work would seem sufficient for most women. But Mrs. King, whose enthusiasm continues to grow, declared that she will be an active member "as long as they will have me."

She added, "I don't always do a good job in whatever I undertake, but I do my best whenever I'm called on to do something."

# FAIRY

By MRS. EUNICE DANIEL

We have threatening weather today, Tuesday, and wish we could receive a much-needed rain. There has been some complaints of green bug damage to grain in some parts of the county.

Warm days and cool nights still prevail. We had ice last Thursday night. All outside vessels of water were frozen over.

We received a short letter from a granddaughter of Mrs. Margaret Jones of Culver City, Calif. (Patricia) stating her grandmother was hospitalized due to a broken hip. We are giving her mailing address at present and hope her many friends will write or send cards to help cheer her up. She had been in ill health for several years prior to the hip injury. Address her Mrs. Margaret Jones, c/o UCLA Medical Center, 2nd East, Los Angeles, Calif. Patricia stated she was not suffering as much pain at the time of writing as she had week before last. She did not state when the accident happened. She lived alone a few blocks from the home of her son.

Mr. and Mrs. M. E. Bowers of near Lubbock stopped for a few hours visit Monday afternoon in the home of her uncle, Mr. and Mrs. P. L. Cox. They were on their return home following a week end visit in Fort Worth in the home of their daughter and family. Mrs. Bowers is the former Miss Ovie Greer, daughter of the late Mr. and Mrs. Will Greer of Fairy. Although Ovie has several children of age and married she still maintains that pleasant smile and youthful appearance.

Mr. and Mrs. E. L. Parks and daughters of Fort Worth spent the week end in the home of his mother, Mrs. M. E. Parks and

Audie. Mrs. Jamie Sills and two children of Clovis, N. M., visited a few days last week in the home of her husband's parents, Mr. and Mrs. Herman Sills.

Jo Ann Halle of Fort Worth spent the week end with her parents, Mr. and Mrs. Herman Sills. She was very disappointed to learn upon arrival here that her sister-in-law and children had returned home and she missed seeing them.

Mr. and Mrs. Dalton Driver of Grand Prairie spent the week end with their parents, Mr. and Mrs. Frank Driver and Mr. and Mrs. H. H. Wolfe.

Mr. and Mrs. Ed Allison of Fairy, Mr. and Mrs. Texie Dell Allison and Texie Dana of De Leon and Mr. and Mrs. D. E. Allison of Dublin all spent Sunday in Waco visiting in the home of their daughter and sister, Mr. and Mrs. Dellis Seago. They were met there by Mr. and Mrs. Waynand Allison and two children of Baytown and Mr. and Mrs. Edwin Seilheimer and family of Fort Worth. All enjoyed the day together. It was the first acquaintance of little Texie Dana for the Waynand Allison.

John Abel, who has been visiting in the home of his daughter, Mr. and Mrs. Ovie Clark since his last hospitalization, returned home with his son and wife, Mr. and Mrs. Louis Abel, Sunday.

Mr. and Mrs. Lloyd Bolstad and baby of Lauriel, Miss, are expected in this week end for a few days visit in the home of her parents, Mr. and Mrs. E. M. Hoover.

Mr. and Mrs. Bill Bridges of Mc Gregor spent the week end in the home of her brother, Mr. and Mrs. Scott Blakley and attended church

services at Agee Sunday. They formerly resided here.

Mr. and Mrs. Gene Cates, formerly of Fort Worth, visited Sunday in the home of her aunt, Mr. and Mrs. T. R. Parks. Mr. Cates, who is in the service and stationed at Fort Sill, Okla., was spending the week end with his wife, who is making her home with her mother and husband, Mr. and Mrs. Ed Taylor of near Hamilton while her husband is in the service.

A large crowd was in attendance at the Workers Conference held Monday night at the Baptist Church.

There will be no school here this Friday due to a teachers meeting.

Audie Clark, one of our efficient school bus drivers, resigned recently to take charge of farm work on the former Leslie Arrant farm, which was sold recently to a party from Wichita Falls. The Clarks are also dealing to sell their farm to the same party, but plan to remain on the place at present if the deal goes through. The Leslie Arrants had moved several months ago to the Rhone place in the Liveoak community a few miles west of Cranfills Gap just off farm road 215. Lorraine Blakley will drive the school bus until the next board meeting, when a permanent driver can be secured.

We are very sorry we failed to get the names of two other ladies who served as joint hostess for the housewarming honoring Mr. and Mrs. T. R. Parks last Saturday night week. They were Mrs. Ovie Clark and Mrs. Coy Parks.

Mr. and Mrs. Carl Ray Sellers and family visited Sunday in the home of his parents, Mr. and Mrs. N. S. Sellers of Hamilton.

The regular monthly singing will be held at Warrens Creek Baptist Church next Sunday at 2 p.m. All have a cordial invitation to attend.

There will be a fifth Sunday Singing March 29th at the Agee Baptist Church. All singers and visitors are cordially invited to attend. The singing will be held in the afternoon from 2 until 4 o'clock. The writer attended singing Sunday afternoon at Lund Valley Baptist Church and after singing hours made our regular visit at the Hamilton rest home with friends. Sorry to report Mrs. Brittle Little very poorly.

Goat shearing has been in progress the past few weeks and a few are shearing sheep.

If you're superstitious folks, look out! This is Friday the thirteenth, making two of such days we've had in the past month, as we had one in February.

## THIS WEEK IN AUSTIN—

### Improvements in Judicial System May Come from Study

By CRAWFORD C. MARTIN  
Senator, 12th District

Improvements in the state's judicial system may come from a recent study by the Texas Law Enforcement Study Commission. The report ends eleven months of hearings and deliberations with law enforcement officials throughout the State.

The commission, which stemmed from Governor Price Daniel's concern over state law enforcement, was created during the first special session of the Legislature in 1957. At that time the board was given "the duty and responsibility of formulating ways and means of improving law enforcement, criminal procedure, and crime prevention."

Chairman John W. Crooker's group elected to concentrate on the most pressing difficulties of criminal proceedings—"those encountered daily by judges, attorneys, defendants, enforcement officers, and the public generally."

Out of this has come 27 definite suggestions for improvement. By March 3, twelve of these had been introduced as Senate Bills. Your Senator is on the Jurisprudence Committee which will examine the bills.

The juvenile court discretion bill, S.B. 117, gives the juvenile court option to transfer 16-year-old children accused of a major crime or with a record of repeating serious offenses to the district court. The grand jury may then indict or send the case back to juvenile authorities.

Decision to transfer will require a study to determine the child's and the state's best interest.

Mr. and Mrs. J. T. Jackson had all their children home over the week end and enjoyed a turkey dinner with trimmings in honor of Mr. Jackson's birthday. Those enjoying the occasion were Mr. and Mrs. Vernon Jackson and Jarja, Mr. and Mrs. Louis Abel, Mr. and Mrs. Dorman Vance, Cindy and Vivian, Miss Gwen Jackson and a friend, Miss LaVern Arnold, all of Grand Prairie; also Minister Pat Hardcastle and John Little of Abilene.

Those from here that attended the Lectureship in Abilene last week were Mr. and Mrs. L. V. Houser, Mr. and Mrs. L. J. Wood and Mrs. J. T. Jackson.

Mr. and Mrs. W. E. Cunningham spent the week end at Venus with their daughter and husband, Mr. and Mrs. Bob Frederick. They were met there by their other two daughters, Mr. and Mrs. Walter Prinz and daughters and Mr. and Mrs. Glenn Arrant and children, all of Fort Worth.

The Howard family moved back to their farm here the first of the week. They have been residing in Arizona the past two years. We are glad to have them back with us.

Erman Jackson of Argyle spent the week end with Lynn King. His sister, Glenda, accompanied him and spent the week end with Claudine Holley, Mary Jo Clark also visited with Claudine Sunday.

S. B. 104 would allow acceptance of securities or current money of the United States in cases now requiring bail. Another bill, S.B. 186, makes absence from pre-trial hearings grounds for bail forfeiture.

Three measures relating to juries, Senate Bills 106, 110, and 111, respectively, are designed to eliminate inconvenience, expense, and mistrials. The first makes objection to the death penalty no reason for jury duty exemption in cases not involving capital punishment.

The second would allow juries to separate before the charge in cases less than capital or in capital cases before the entire jury is selected. The third would allow a verdict in felony cases to be rendered even though one juror dies, or is unable to be present for the trial.

Other recommendations would extend minimum punishment for murder with malice, murder without malice, and assault to murder, relax testimony limitations on one spouse or the other for or against the other, and abolish the suspended sentence in Texas.

### BRONCHITIS AND ASTHMA FROM NERVE INTERFERENCE

Dr. Robert H. Walker

An anxious mother brought her four-year-old son to the Stephenville Clinic. She said he had been having asthma attacks the past fall and winter and had suffered with his life. Frequent colds and bronchitis were his lot, and this tender young boy was just simply having more than his share of trouble. We made our regular spinal analysis and located the interference probably caused at birth. Our spinal X-rays in the causative spinal subluxations, and corrective adjustments removed the interference. The asthma left immediately for the past five years has never returned. All the distressing symptoms gradually faded away, and the boy, charged, he was a normal, healthy, noisy boy.

A boy twelve years old, had been having asthma attacks with increasing frequency for six years. His parents decided to see if Chiropractic would benefit him. Our spinal nerve analysis showed definite interference. Adjustments brought prompt correction. The boy has been free of asthma for the past two years. His corrective adjustments, a tendency toward constipation cleared up, his appetite improved and today he is a healthy boy.

## CLUB WILL CELEBRATE ANNIVERSARY

The Bee Club members will celebrate their 25th anniversary on Saturday afternoon, March 5. The club is having a business and gathering at the Community Center, in the afternoon at 7 p.m. at the Club's 25th anniversary.

ed for 1959-60 at the meeting.

Stanley Collum of Lovington, N. Mex., is visiting Mr. and Mrs. Jess Pruett.

Mr. and Mrs. Frank Johnson were in Dublin and Stephenville Wednesday on business.

Mr. and Mrs. Jesse Foster and J. D. of Springdale, Arkansas, spent the week end with Mr. and Mrs. O. H. Huckabee and family. Mrs. Reba Carter and Mrs. Zenith Johnson spent the week end at Round Rock with Mr. and Mrs. Don Carter.

Charlie Dowdy has a new granddaughter, born recently to Mr. and Mrs. Truman Loden of Waco.

Mrs. Lillie Bishop accompanied Mrs. Herman Moody to her home in Colorado City last Wednesday to spend a few days.

Mr. and Mrs. Glen Lee of Fort Worth are visiting in the Eunice and Nola Lee home for a few days. Glen returned to see his doctor at the Hico Hospital, and spend a few days here.

Mrs. Dona Wolfe was in Stephenville Wednesday on business.

The members of the Baptist Church had supper and a party Saturday night in the home of Mr. and Mrs. Jess Pruett, in honor of Bro. and Mrs. Ross Fryer and family, missionaries to Indonesia, who spoke at the Baptist Church Sunday. The Fryers brought many interesting articles and showed color pictures of Indonesia and the people there, while Bro. Fryer commented on the pictures shown. It was quite interesting. Visitors were Mr. and Mrs. Hub Alexander, Bro. and Mrs. McGuire, Mr. and Mrs. Mont Thomas, Mrs. Glen Lee and Mrs. Fryer's mother, and others.

# COUNTY AGENT REPORTS

By E. R. LAWRENCE

Green bugs are working in some oat fields of the county and a few fields are damaged to some extent. Taking the county as a whole though, very little damage is being done.

A very few fields have spots in them where there are some grain mites. There is a difference in the appearance of grain where these two insects are working.

Where there are green bugs, the plants will appear yellow or a yellowish red, and the green bug will be found up on the leaves of the plants. Now, where there are mites, the grain will have a silvery or grayish color and the mites will usually be found around the crown or stems of the plants. The mite is a small insect with a dark blue or purple body and red legs.

One of the easiest ways to detect the mite is to drive around the field and look it over from a distance, say by looking some fifty to a hundred feet out from you. If the mites are there the chances are that you can easily detect the gray color. It'll look like it is about to dry up from lack of moisture.

When you get out to the spot where they appear to be, take your hand and lay some of the plants over it and if the mites are there they will drop to the ground and start running for a crack.

I have found a pretty good population of lady bugs in fields where there are green bugs and this lady bug is one that destroys the green bug.

If you wish to apply a control

to the green bug or mite, parathion will control both of them. Apply one pint to the acre in not less than two gallons of water. Remember though that when you kill the green bug and mite, you're going to get the beneficial insects also. By all means, follow the instructions on the container about being careful with parathion. It's dangerous to use. If you spray with this material, keep all livestock off the field for 15 days.

— E R L —

The Bluebonnet Experiment Station at McGregor has had good results using 100 pounds of 16-20-0 on their row crops during the past number of years, dry ones and all. I'm sure some of you are planning to use commercial fertilizers and might would like to know how to tell how much per acre your fertilizer attachment will, or is putting out.

Here's how to determine this: You will need a 101 foot tape measure, a set of scales that will weigh to 0.1 of a pound, two or three small cans, coffee cans, and dry fertilizer, and two stakes. If your rows are 36 inches wide, stake off a distance of 147 feet; if they are 38 inches wide, stake off 158 feet; if 40 inches stake 131 feet; 42 inches, stake off 124 feet.

Fill the fertilizer box, take the spouts loose and start driving the tractor so the fertilizer will start flowing before the stake is reached. As the fertilizer distributor reaches the stake, start catching the fertilizer as it gets even with it, and continue to drive until you come to the next stake. Stop and take the can off and weigh the fertilizer, this means the distributor is putting out 100 pounds per acre. If you desire to put out 100 pounds of fertilizer per acre, then 1 pound must be put out in the distance driven. Make such adjustments to the distributor as needed and check it again as above. Recommendations are that the fertilizer be placed about two to three inches to the side and

## LOCAL NAVY MAN LISTED ON HONOR ROLL AT UNIVERSITY OF OKLA.

Sam J. Abel, a Commander in the U. S. Navy, and undergoing special training at the University of Oklahoma, was listed on the honor roll for the fall semester. He is the son of Mrs. S. A. Abel of Hico, and is a veteran of 19 years Naval service.

To be eligible for the honor roll a student must have an over-all grade average of "B" in a minimum of 12 semester hours of classwork, and must not have a failing or incomplete mark in any course.

### LOCAL STUDENT HAS UNIQUE HOBBY

By GEOFFREY HOLLADAY

Miss Donna Templeton, local high school senior, is a student with a very different and stimulating hobby—writing foreign students.

Miss Templeton, 18, first got her inspiration for being a pen-pal during 1957 when her brother, Orville, airman stationed in Japan, sent her letters and photographs about the Japanese people, their customs and traditions, and the topography of the land and other interesting information about Japan and its people. "I had thought quite a bit about being a pen-pal, but I didn't know how to get started; then one day I heard a radio appeal for pen-pals by the University of Minnesota pen-pals' organization, so I immediately wrote and told them I was interested."

When asked about the pen-pals' organization she responded, "This pen-pals' club is a non-profit organization which was organized by the University of Minnesota in an effort to promote better understanding among the young people of the world. Until three months ago, there was no cost for correspondence, but due to the heavy costs of advertising and searching for foreign students to correspond with us, there is now a charge of twenty-five cents for the location of a pen-pal. Through the organization, pen-pals can be obtained from any point in the world

with the current exceptions of Russia and China."

Now, really warming to the conversation, she continued, "I am now writing foreign students in Canada, India, Africa, Japan, Italy, Poland, and East and West Germany. The most interesting letter I received was from Wellington Merlita of Africa. He asked if we still had Indian uprisings, and wanted to know if we had lions, zebras, and other wild animals running around." Miss Templeton laughed. "He also wanted to know if I knew Marilyn Monroe and Dorothy Dandridge, and if so, what were their morals."

Asked how often she received letters, she replied, "I usually receive from one to three letters a week. After I write, it takes correspondence about 8 days to get back from Canada; 25 days from Japan; 14 days from India; 14 days from Africa; and about 2 months from Poland."

But all of this must keep you quite busy I suggested, to which she nonchalantly replied, "I'm kept fairly busy, but I really don't mind at all because I find the work so fascinating. For instance, my Japanese correspondent is trying to teach me Japanese."

Miss Templeton ended the interview with this inspiring and very optimistic note, "I believe that if every student became an ambassador of good will by foreign correspondence, it would create better understanding and help to relieve international tension and the black menace of Communism."

### ASSEMBLY PROGRAM

On Tuesday, March 3, Mr. John Sloan presented Hico Public School with an assembly program on "Liquid Air." The program

proved to be exciting and inspiring, especially to the science students. Mr. Sloan froze many things with liquid air, since it is a very cold substance. A rubber ball was made so brittle that it broke into many pieces when thrown; mercury was so hard he drove nails with it.

For pure fun he froze a banana with liquid air and drove nails in a board with it, and then presented it to Barry Christian, who ate it, for by that time it had thawed.

Liquid air is so cold that it will boil when set on ordinary ice. Mr. Sloan's program was very educational and entertaining.

### HOMEMAKING BREAKFAST

On March 6, the third year Homemaking girls, who are Netty Jo Chew, Evelyn Reeves, Donna Templeton, Anna Lee Luckie, Evelyn Lindsey, Carol Akin, Dorothy Zeiss, and Quata Adkison, planned and prepared simple, but nutritious breakfasts. The groups were divided into four kitchen units, with two girls in each unit. The girls used Basic Seven as guide when planning menus. Some of the menus were:

Orange juice, waffles, sausage, butter, maple syrup and coffee.

Peach juice, oatmeal with peaches, toast, butter and cocoa.

Orange juice, fluffy omelet, bacon, toast, butter, and cocoa.

Orange juice, blueberry muffins, butter, sausage, and milk.

### WHO'S WHO

This week we take another outstanding student from the files of

the Senior Class. One of our outstanding merits and achievements, one who has reached the zenith of knowledge and ability at HHS.

This Senior is about 5 feet 9 inches tall, and weighs about 155 pounds. He has black hair and blue eyes.

He is very popular with the girls and is sometimes referred to as the "Campus Clark."

This senior is an outstanding agriculture student. He has been doing very well with his livestock in the stock shows.

He likes sports, automobiles, and just about everything else that is interesting to a Senior boy. He is formerly from Duffau and left quiet an outstanding record at the Duffau school.

Yes, it's ELDON LINDSEY.

### JUNIOR HIGH NEWS

Last week being Public School Week, everyone was very busy. These were the happenings of various rooms.

In the first grade there are some Easter Bunnies with their eggs on the display table. On the bulletin boards are the Dutch children and also some paper cuttings made in the shape of snow men and stars. At the back of the room are finger paintings and salt and flour pictures. Scattered throughout the room are samples of the students' handwork.

The second grade bulletin board contains a model of our great state—Texas. Something very unusual at the back of the room is the impressions of a troubled TV, with the caption "Call the TV Doctor."

The third grade has just finished a unit on Indians. To show this the class has many Indian exhibits. There are pictures of Indians all over the room. There are two totem poles and one teepee. The students all made scrap books on Indians of long ago. There are several Indian articles featured on exhibit at the back of the room.

A very unique way of showing that they have been studying the planets was shown by the fourth grade. They made the planets out of paper and hung them on the ceiling in the correct order. There is a Japanese village in the corner of the room and the bulletin board is on China. The back board is bordered by a mural on pioneer life.

The fifth grade has a display of space flight. There are several models of space craft and a space platform. There is a mural of space flight—past, present, and future—on the side of the room.

There are silhouettes representing the fables we all know on the back board. The ant colony in the front of the room is very interesting. There is a mathematics worktable in the front of the room.

The American Heritage display on the left side of the sixth grade contains old dolls, pictures, and flags. All of the students had made their own rock collections. There are several very fine fossils. The front bulletin board shows the ways the earth's surface is worn away. The front board is adorned by pictures of George Washington.

The front bulletin board in the seventh grade concerns Texas Geography. The back bulletin board concerns apparatus used in science. The six flags Texas has been under are represented on the wall. Near the windows are the students' picturized poems.

The eighth grade room is decorated with posters made by the students. These posters are on branches of our governments and democratic ideas. The bulletin boards are on mathematics and history. The math board shows what the class is studying. The history board is on the three branches of our government. The oil field with its oil derrick, cars, buildings, and other equipment is one of the main attractions. This was made by the eighth grade boys.

All of the teachers and students would like to thank all the parents and friends who visited school last week. We just wish they would come more often.

—By BARBARA RANDALS AND JANE AKIN.

### FHA STYLE SHOW

On March 2, 1959, the homemaking classes presented a style show for the P-TA, sponsored by Miss Helen Thomas.

Netty Jo Chew, the narrator, wore a blue fitted sailor dress, set off with a black jacket.

The next model, Evelyn Reeves, wore a brown corduroy jumper in the princess line with a white cotton blouse.

Evelyn Lindsey made a black, print-cotton fitted dress accented with a black belt and black T-strap shoes.

A two-piece brown and tan corduroy suit was worn with gold beads by Anna Lee Luckie, a costume blending well with her dark-brown hair.

Quata Adkison looked ready for any occasion in a two-piece gray and black plaid suit with black accessories.

Kendall Hamrick had made a simple nubby-cotton dress with white pearl beads and gloves. Kathy Higginbotham was neat

and petite in her black and red print chemise dress with a black blouse.

A black and red cotton creation made and worn by Nita Dunnigan was accented with black accessories.

Karen Miller was prepared for a day of fun in her brown corduroy treader pants and tan sailor blouse.

Judy Hyles wore a red-orange chemise jumper and black sweater.

Sue Luckie wore a white blouse and tan pleated skirt accented with black accessories.

Wilda Keller was smoothly dressed in a purple skirt, pink blouse and scarf to match with black belt and flats.

Shirley Greathouse wore a red plaid chemise dress with black sweater.

Margaret Warren was ready for church with a black and brown chemise dress with collar and gloves.

A red chemise dress worn by Barbara Elkins topped a black sweater accented with white accessories.

Janet Hooper was ready for lounging in white cotton quilted treader pants and light blue sweater.

Fay McFadden wore a blue cotton and nylon blend chemise dress and black sweater with black accessories.

Misses Evelyn Reeves and Donna Templeton wrote the script; Carol Akin played the accompanying music. Mrs. W. P. Brummett, Mrs. Clarence Watson and Mrs. Bryan Angell posed as prospective buyers.

### TRACK

Track season is now underway and Hico is looking forward to a good year. The first two weeks of practice were devoted to getting in shape, but now the boys are getting down to business.

Hico's first track meet is at Glen Rose Saturday, March 14. The Glen Rose meet is a very large one and will give Hico some much-needed practice.

The following boys are trying out for the track team: Freshmen, Mark McElroy and Harold Hathcock; Sophomores, Lee Blue and Huckabee, Neil Ellis, Bobby Boone, Hoskins and Haley; Juniors, Alan Hedges, Shelly Hooper, Aikman, Doyle Crews, and Royce Samford; Seniors, Robert Chandler, Eddy Ables, Rosy Vinson, Mack Phillips, and Lindsey.

Distance men are McElroy, Hoskins, Haley and Crews. Crews will also enter the broad jump.

Sprinters are Ellis, Boone, Hedges, Hooper and Ables.

Weight Men are Chandler, Samford, Vinson, Blue and Aikman.

Hurdlers are Hooper, Ellis and Hedges.

The various other events will be entered but trials have not been held as yet.

### THE SPOTLIGHT

As I could find but one couple in Hico Friday night, I decided to run over to Brownwood to watch the girls' Regional play-offs. I saw some very good games and much to my surprise, I spotted some couples from Hico. Those I saw were Rosy V. and Linda D.; and I later learned that Howard Payne was sponsoring a guest week end of which they were attending. The couple I saw in Hico was Charles T. and Joy L.

Saturday night was rather slow and I didn't spot many couples out. I did spot a few, however, who were Charles T. and Joy L.; John M. and Kay J.; Wayland W. and Carolyn P.; Oran B. and Loretta M.; Dianne H. and Jimmy H.; Elam B. and Anna L. Luckie; and in Brownwood I saw Rosy V. and Linda D.; and Buddy A. and Judy M.

Sunday afternoon was a pretty day, but I didn't spot many couples out. I guess everyone had to sleep late from Saturday night. Those I saw were Charles T. and Joy L.; John M. and Kay J.; and again at Brownwood, Rosy V. and Linda D. and Buddy A. and Judy M.

### SON OF LOCAL MAN TAKES PART IN NAVAL EXERCISES

San Diego, Calif.—Billie M. Roberson, aviation storekeeper second class, USN, son of Sherman L. Roberson of Hico, and husband of the former Miss Mary W. West, over of Mathis, aboard the support aircraft carrier USS Princeton, took part in an anti-submarine warfare exercise from Feb. 16-19, off the coast of Southern California.

"Skynet," formed of vessels of the U. S. First Fleet and several units of the Naval Reserve, was divided into two teams: the "Blue" defenses and the "Purple" aggressors.

The Blue surface and air forces were seeking to prevent the Purple force submarine from breaking through a 600-mile seaward barrier off the coast.

The exercise was conducted under the operational control of Vice Admiral R. E. Libby, the Commander of the First Fleet.

## W. C. Stearman Hostess to Review Club Meeting Last Thursday

W. C. Stearman Jr. was hostess to the Review Club on Thursday, March 5. Delicious refreshments of cake and coffee were served to the members.

Louise Angell revealed the life in Japan as she told her imaginary visit to Tokyo guest at the Imperial Hotel. "How to Spend Christmas in Japan," she described the dress, and other things of oriental customs.

Mrs. Hord Randals discussed "The Artistic Japanese," which she described as derived through color, moisture and beauty. Life, information and humor are found in art. Silk panels, lacquered prints, and flower arrangements were the three mediums covered in her discussion. Several of Japanese art were displayed.

## Club will meet again March 15 at home of Mrs. Hord Randals

The club will meet again March 15 at the home of Mrs. Hord Randals with Mrs. L. J. Wood as guest. The study will be on "All and Its People," by Mrs. Hafer.

## End Guest Week Howard Payne

Along the 100 invited students ending the Guest Week End at Howard Payne College in Brownsville, Texas, the last week end were several local students attending guests of Dan McBride, student at Howard Payne, who is mutual director at Hico First Baptist church.

Those attending were Carol Akin, Charles G. Moore, Linda Driver, Hershell Williams, Rosy Vinson, Budd Able, and the sponsor, Mrs. E. L. O'Neal.

Mr. and Mrs. Bill Funk and children, Freddy and Beverly, of Fort Worth, spent the week end with their parents, Mr. and Mrs. Fred and Mrs. E. Swater. Little Freddy remained for a visit with his grandparents this past week.

## Mr. and Mrs. Don Saunders of Fort Worth were week end guests in home of her parents, Mr. and Mrs. W. Bouldin, and they also had her sister and husband, Mr. Al Russell, Mr. Saunders heriff of Martin County.

Mr. and Mrs. Jim Lovell spent week end in Cleburne with son and wife, Mr. and Mrs. V. Lovell.

Mr. and Mrs. Bill Howard and Mrs. M. I. Knudson were Dallas Monday and Tuesday of past week on business.

## Tea Is Courtesy To Mrs. B. J. Herrin

A tea was given last Saturday afternoon by Mrs. Alvin Casey honoring Mrs. Bob J. Herrin. The courtesy was given at the home of Mrs. Casey, from 3 until 5 p.m.

Arriving guests were received by the hostess and the honoree.

Refreshments were served to 40 guests from a table laid with white net over pink taffeta and centered with an arrangement of peach blossoms, stock, gladioli and ranunculus in a crystal container. Silver candelabra with white tapers flanked the floral arrangement.

Mrs. V. H. Jenkins presided at the silver tea service. Dainty finger sandwiches and cookies were served.

Assisting with hospitalities were Mrs. J. D. Jones Sr. and Mrs. R. J. Russell.

## Mrs. King Hostess To South Hico Club

The South Hico Home Demonstration Club met March 5 in the home of Mrs. Cyrus King. The club was called to order by the president, Mrs. R. L. French. Roll call was answered with "A Good Grooming Hint."

The county motto, "None Goes His Way Alone; all that we send into the lives of others comes back into our own," and the county pledge, creed, and the Texas Association prayer were repeated by the group. Then the National H.D. Council Song, "Ever Onward," was sung.

The program on "Personal Grooming" was given by Mrs. Cyrus King, our clothing leader demonstrator. A very fitting proverb, "To be admired, be what you want others to think you are," headed the program for the first meeting in March.

The club adjourned to meet March 19 with Mrs. R. L. French. New members are invited and visitors are always welcome.

## Week-end guests in the home of Mr. and Mrs. S. E. Goodloe were Mr. and Mrs. Otho Rice and family of Colorado City and Mr. and Mrs. Mark High and daughter of Bowie.

Mr. and Mrs. C. M. Hedges of Kerrville were visitors the past week in the home of their son and family, Dr. and Mrs. H. V. Hedges and Alan.

Mr. and Mrs. Charlie Meador and Eddy of Seagraves spent the week end with Mr. and Mrs. Ernie Jacobs and Mrs. Grisham. Mr. Meador also visited with his mother, Mrs. Nettie Meador.

Mr. and Mrs. R. E. Bass visited from Wednesday until Sunday in Lampasas in the home of Mr. and Mrs. Frank Phillips.

Mr. and Mrs. Bobby Ratliff and Vickie Lynn of Fort Worth spent the week end with their parents, Mr. and Mrs. J. B. Ratliff of Hico, and also with her parents, Mr. and Mrs. Bolding Cole of Hamilton. Mrs. Ratliff and Vickie remained here this week for a visit with relatives.

## Mrs. Hudson Hostess At Luncheon-Bridge Last Wednesday

Mrs. Harry Hudson was hostess last week to members of the Wednesday Luncheon Bridge Club at her home.

Members present were Mrs. Truman Roberts of Hamilton, Mrs. Bill Howard, Mrs. W. F. Hafer, Mrs. Odis Petsick, Mrs. H. V. Hedges, Mrs. Ellis Randals, Mrs. M. I. Knudson and Mrs. Bill Stearman Jr.

High score was won by Mrs. Howard. Mrs. Hedges was winner of second high score.

Following four games of bridge, the hostess served a delicious salad course.

## Everetts Entertain Couples' Club Saturday Evening

Mr. and Mrs. S. W. Everett entertained the Couple's Club on Saturday evening in their home, with a "42" party.

An Easter motif was carried out in the house decorations, and in the delicious salad plate which was served.

Club members present were Mr. and Mrs. L. J. Chaney, Mr. and Mrs. R. B. Jackson and Mr. and Mrs. Marvin Marshall. Guests for the evening were Mr. and Mrs. Wayne Rutledge and Mr. and Mrs. Paul Neel.

M-Sgt. and Mrs. W. L. Teel and Marilyn visited her parents, Mr. and Mrs. Byron Hawthorne Sunday.

Mr. and Mrs. Tyrus King visited Sunday at Valley Mills in the home of Mr. and Mrs. B. A. Dunklin and Jerre.

## Week-end guests in the homes of Mr. and Mrs. Henry Mackey and Mr. and Mrs. Ray Stipe were Mr. and Mrs. Doyle Mackey and children, Dorothy, Larry, Ronnie and Denise of Azle.

Mr. and Mrs. Ezra Edwards and Pete Mackey of Dublin visited Mr. and Mrs. Henry Mackey Sunday night.

Mrs. J. W. Jones has returned home following a four-month visit in Houston and Midland. In Houston, she visited in the home of her granddaughter and family, Mr. and Mrs. W. J. White, DeValca and Billy, and she was a guest in the home of her daughter and family, Mr. and Mrs. M. V. Coleman and Mr. and Mrs. M. V. Coleman Jr. in Midland.

Mrs. A. A. Vickrey, who has been visiting in San Angelo with her daughter and family, Mr. and Mrs. James Ross and children for the past several weeks, underwent surgery last week in San Angelo. No report on her condition had been received by friends here this week.

Mr. and Mrs. Ellis Randals, Barbara and James Hord, spent the week end at Coleman in the home of her mother, Mrs. J. E. Burleson.

## Friday Bridge Club Entertained With Dessert-Bridge

Members and guests of the Friday Bridge Club were entertained with a dessert-bridge last Friday afternoon in the home of Mrs. E. V. Meador.

Mrs. Ellis Randals was a guest of the club.

Members present were Mrs. Jimmie Ramage, Mrs. Sarah Reeves, Mrs. Sandy Ogle, Mrs. W. F. Hafer, Mrs. Harold Walker, and Mrs. G. K. Lewallen.

During the afternoon, the hostess served a dessert of cherry pie and coffee to her guests.

High scorer was Mrs. Hafer, with Mrs. Meador being second high winner.

## Mrs. Marvin Rush Hostess to March 6th Meeting of H.D. Club

Mrs. Marvin Rush was hostess to the Clairette Home Demonstration Club at the Recreation Center March 6 at 2 p.m. Mrs. Rush, the president, presided.

The meeting opened with a song led by Mrs. Wolfe. Prayer was offered by Mrs. Alexander.

Roll call was answered with "An Antique Piece of Furniture in my House." Minutes of the previous meeting were read and approved.

For recreation, Mrs. Oliver of Stephenville gave a very interesting talk on her early life as a citizen of Clairette. She was a teacher here in 1914-1915. All present enjoyed hearing her very much. In a contest, Mrs. Self was awarded a gift. A gift was also presented to Mrs. Oliver.

The hostess served a refreshment plate of sandwiches, potato chips, cake and cold drinks to Mrs. Hub Alexander, Mrs. S. O. Durham, Mrs. J. G. Edwards, Mrs. John Gollightly, Mrs. Frank Johnson, Mrs. H. K. Self, Mrs. O. V. King, Mrs. Geo. Loden, Mrs. N. E. McGuire, Mrs. H. G. Wolfe, and to the following guests, Mrs. Aycock, Mrs. Oliver, Mrs. Charles Hadderton, Jo Nell and Letha Ann of Stephenville.

Mrs. Self will be hostess to the next meeting on March 20 at the Recreation Center. A program on "How to Plant and use Grounds" will be the topic.

## RESIDING IN GEORGIA

### NEWS IN WOMEN'S SHOES

If you're thinking of new shoes for spring, you will have many styles and fabrics to choose from. Keep your purpose in mind when you shop. Otherwise, the tempting array of styles and colors may lead you to buy on impulse, then regret later.

Pointed toes predominate, but the most exciting news comes in the gently rounded toe. In general, toes are tapered but not needle-pointed. There are pumps and T-sandals with a light open look with cut-away sides and vamps. Heels are slender high and mid-high and oval.

Patent leather is still a spring

and summer favorite. A sensational new crack-resistant finish for patent leather has been developed. This improved leather has a deeper luster and can be washed with soap and water without harmful effect. Shop for a shoe that is correct in fabric and color for the dress or suit with which you intend to wear it.

Good fit is important for your health and for your disposition. When you buy shoes, have your foot measured for both length and width. Don't tell the clerk your size. Let him tell you. Test the shoe by standing and walking in them before you buy.

— V H B —

### Patent leather is still a spring demonstration on Grooming Presented To Fairy 4-H Clubs

The Fairy 4-H Club met February 11, with Mrs. Jones giving a demonstration on "Hair Grooming." Members received many interesting and helpful hints on the subject.

HATS

Last week we had quite a lot to say about hats. You may also have heard the radio information on hats on "Coffee Time" with Pat Scott. We have her to thank for telling more people about our new Extension Bulletin B-911, "Accessories Around the Clock."

If you would like a copy and don't have yours yet just call me at 231 in Hamilton or come by the office on the second floor of the courthouse.

Not all of us buy a new hat each season. Some of us freshen up last year's spring bonnet if it will still serve us with that. Spots and dirt can sometimes be removed from light colored felts with fine sandpaper. Cleaning fluids may also be helpful in removing spots. Quick treatment makes the job easy. Drape the veil back over the hat to prevent wrinkling when you store it. If the veil does become limp and wrinkled, press it between two pieces of waxed paper. Store hats in boxes or in a convenient, dust-free place. If you will use plenty of tissue paper—stuffed in the crown inside ribbon bows, and around other trimming it will keep the hat newer looking longer.

A hat treated properly will retain its lines and shape for two or more seasons.

### February 18, Mrs. Vivian Blair, County Leader, told us of ten gifts Standard gives us. All members present enjoyed her demonstration.

Mrs. Willeford presented a demonstration on clothes storage to members at the March 4th meeting, which was enjoyed very much. Sandra Gardner, Reporter.

EGGS—FOR GOOD NUTRITION, FOR FUN, FOR EASTER

Eggs lead the list of plentiful foods for March. They will be in heavy supply than last year and prices will be lower generally. This should be good news for shoppers who are planning Lenten meals in March, and also for Easter.

Some helpful facts about eggs:

1. Cook eggs in water below boiling point. Fry eggs in fat at a low temperature. When eggs are used in casserole dishes, the dish should be set in a pan of water while the food is baking so that the temperature will stay below boiling point.
2. In combining hot mixtures and eggs such as in custards, cream fillings or souffles, pour the hot mixture slowly into the beaten egg, stirring or beating constantly.
3. To make whipped cream go farther, fold in meringue made of 1 egg white and 2 tablespoons sugar into 1 cup whipped cream.
4. For extra color and flavor, add a well-beaten egg to mashed potatoes.

### Carlton 4-H Club Has February Meeting

A meeting was held in the Home Economics room at the school recently. Mrs. Blair gave a demonstration on "Foods We Need for Good Health."

In our February leader meeting Mrs. Roberson taught us some interesting facts about the growth and care of the hair.

The 4-H girls had an extra meeting during February to practice their dairy demonstrations. Cheryl Latham, Mary Walker, Sally Harp, Joan Newborn and Mickey Roberson all gave demonstrations. Karen Tinsley was also present. Reporter.

### Mr. and Mrs. Ace Jones of Hamilton visited with the Byron Hawthornes Monday afternoon.

Mrs. Royce Lee-Mackey of Fort Worth and Mrs. Mollie Harvey visited last Monday in Hamilton with relatives and friends.

### Mr. and Mrs. Billie Thomason and daughter, Billie Sue, of Fredericksburg, and Mrs. Mollie Harvey visited Sunday in the home of Mr. and Mrs. Tullio Carpenter and family.

Week-end visitors in the home of Mr. and Mrs. W. W. Gleanon were Mr. and Mrs. L. F. Frazier of Leonard, Mr. and Mrs. Alvin Hazelwood and small daughter and Mr. and Mrs. Joe Keele of Comanche.

Mr. and Mrs. W. W. Gleanon visited last Saturday at the Comanche Hospital with her sister, Mrs. Mollie Worred.

### Mrs. Shorty Duzan of Plainview visited last week in the home of her mother, Mrs. O. M. Bramblett. Other visitors in the Bramblett home were Mrs. H. T. Bramblett of Lubbock.

"Are you busy Saturday, Jane?"

Teen time is telephone time. And that means calls for friendly conversation, exchanging "vital" information, and that important Saturday night date.

Much the same as we do, they turn to the telephone whenever there's news to be told or an errand to run. It's no wonder that telephone service still ranks number one as a family budget bargain.

ZONING TO PROTECT FARMS AND FARMERS

The familiar technique of zoning city land for special uses is moving into the country.

Already, many states are protecting their productive agricultural lands by putting fertile areas in farm zoning districts and designating poorer land for industrial uses and road right-of-ways. Wisconsin, Michigan and Minnesota were among the first states to create zoned districts for forestry and recreation. Other states have followed suit and some Texas farm organizations are studying the possibilities of such a move.

In California, agricultural districts have been created where all uses other than agriculture and related activities, such as food processing, have been excluded. The result is to channel urban, suburban or industrial activities into areas well suited for them but not for farming.

One aim of agricultural zoning has been and should continue to be to find alternative areas of less fertile soils than can be used satisfactorily for non-farm purposes—preserving the best soils for agricultural production. The trend of giving over some of our richest soils for suburban developments and super highways should be avoided when possible, many experts believe.

Rural land is rated by agriculturists in eight broad classifications. Lands in Classes One thru Four are considered suitable for cultivation. Yet a recent survey shows that about 17 million acres in these four classes were diverted to non-farm uses during the past 15 years. About one-half million acres of these fertile lands are being taken over by non-farm projects each year.

Much of the land taken has been the flattest, least erodible and most productive farmland in the area. Where possible, it is this type of permanent loss that zoning regulations are attempting to prevent.

Zoning ordinances are an exercise by local governments, generally. State legislatures have passed enabling acts giving zoning powers to about half of the nation's 3,000 counties. Before undertaking a farm zoning program, county officials should check to see if they have the zoning powers needed. If not, it may be necessary to request the State Legislature to furnish them.

Copies of Agricultural Information Bulletin No. 196, "The Why and How of Rural Zoning," are for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C., for 40c each.

UNORDERED MERCHANDISE

Suppose the mailman delivers to you a package containing a necktie, a book, key-ring tags, or a photograph record that you didn't order. Either with it, or by later mail, is a bill or request to remit the price.

Do you know your obligations, assuming you don't want the merchandise? Must you return it? Can you use it and not pay for it? Must you keep it, or can you throw it away?

Generally speaking, recipients of unordered merchandise are under no obligation (a) to return it; (b) to acknowledge its receipt; (c) to pay for it unless used; (d) to give it particular care; or (e) to keep it beyond a reasonable time.

You are obligated to surrender the merchandise if called for in person by the shipper or his agent within a reasonable time. But you can demand storage charges before surrendering the item. If you mail it back at your own expense you very likely will stay on the sender's mailing list and will receive other shipments in the future.

Here . . . you'll find a Faith to live by . . .

It's quiet inside. Quiet with the peace of centuries, for this is God's House.

Within these walls, the worries which loomed so large outside become less fearsome . . . for the first time perhaps you see them in their true perspective. If this alone were the reward of Faith, it would be enough. But there is more.

Faith is a source of strength, a reservoir of power that helps you meet the needs of every day. By worshiping with your family each week at your church or synagogue, you're giving them a measure of security no amount of money could buy. The Faith to hope . . . to grow . . . to live by.

Give them a Faith to live by Worship with them this week

# Jury Rules That Sonic Boom Caused Warehouse Collapse

By JOHN BANTA  
Waco News-Tribune Staff

Hamilton—A jury in 52nd District Court ruled last Friday afternoon that a sonic boom from an airplane caused the collapse of a lumber warehouse in Hico.

J. E. Alexander claimed a sonic boom on Nov. 17, 1956, caused his 36x60 foot warehouse near the Hico railroad tracks to collapse. He sued the Firemen's Insurance Company of Newark, N. J., on a \$2,000 fire and extended coverage policy on the building.

The insurance company contended the sonic boom did not cause the building to collapse, that it collapsed because floor joists gave way.

District Judge R. E. Cross has not rendered judgment yet. The insurance company lawyers, R. E. Cousins III of Dallas and Truman Roberts of Hamilton, still may file motions for a judgment in their favor notwithstanding the jury verdict, and if this motion is overruled by the judge they may ask for a new trial. They indicated that is these motions are denied they will appeal to the court of civil appeals.

The case was tried in 52nd District Court here last April and Judge Cross ruled in favor of the insurance company after dismissing the jury on motion of the defense attorneys. Alexander's attorney, Andrew Campbell of Hamilton, appealed and the Tenth Court of Civil Appeals in Waco reversed the trial court and ordered a new trial.

Testimony showed that the building was of 2x4 frame construction covered with sheet iron, on 2x10 double girders with 2x10 floor joists, the girders on 12x12 inch concrete piers, with 1x2 inch hardwood flooring on the joists. It had a truss-type roof.

Testifying for the insurance company Friday morning was C. W. Parish of Dallas, a consulting engineer who said he specializes in "engineering failures. This involves much work with the effects of sonic booms, he said.

He testified that in his opinion the sonic boom over Hico on Nov. 17, 1956, did not cause the collapse of the warehouse. He said he based his opinion on reports that there was no glass damage in nearby buildings.

He said that while it is possible for a sonic boom to cause some structural damage, it could not do so without extensive glass damage in nearby buildings.

Witnesses had testified Thursday that there was no glass damage from that particular sonic boom.

The plaintiff contended that the sonic boom in question was an especially strong one and that it could have started lumber stored in the warehouse to shifting and that could have started the collapse of the building.

Paul Hamilton, Katy freight agent at Hico, had testified Thursday that the boom was severe.

"We thought the world had come to an end," he said. The jury of Hamilton County residents, 11 men and one woman, deliberated a little more than an hour before returning the verdict. Mrs. H. E. Gordon, wife of a Hamilton lawyer, was foreman of the jury.

### CARD OF THANKS

I would like to take this way to express my sincere thanks and appreciation to Dr. Hedges, Dr. Hafer, and the wonderful staff of nurses for being so nice to me during my stay in the Hico City Hospital. To my many friends who sent flowers, gifts, food, cards and the many words of encouragement when I needed them most I can never tell you how much they meant to us. May God bless each of you as my prayer.  
BONNIE JAMESON.

### Juffau Cemetery Work Progresses

The Juffau Cemetery Committee would like to express their appreciation for the cooperation of so many good people in the work that has been done at the cemetery during the past 10 months. Without your help, our efforts wouldn't have been made possible.

Many of you know there is still much work to be done. The committee is raising a fund to fence the cemetery. New material is needed for the front side, including wire, posts and double entrance gate.

With this much new material we would have enough net or lawn wire to fence the entire cemetery. Most all the fence posts around the cemetery needs replacing.

We are grateful to our county commissioner, Mr. Roy Fallin for the work that was done recently, removing a portion of an old rock fence, dead trees, leveling and hauling soil to fill graves and lots. We also wish to thank Pascal Brown for contributing the soil from his farm.

If anyone would like to fill their graves or lots, the soil is now available at the cemetery. To those that are interested in

the Juffau Cemetery monument project, your contribution to the fence fund will be appreciated.
