Elementary School Has Perfect Day

Friona's Elementary School achieved quite an accomplishment on Friday, October 25, when all 414 of the students enrolled in grades two through five were at school, for a perfect attendance day.

It was not readily known if this was a "first," but both Principal Jerry Shelton and Superintendent Hal Ratcliff said it was the first time this had happened to their knowledge.

"We want to tell the students and their parents thanks for the great job: keep up the good work, and let's do it again," Shelton said.

During a recent report period, the elementary school led all of the campuses of the Friona I.S.D. by having 98.4 per cent of their students in attendance.

Scores Improve In Star's Grid Contest

Scores improved considerably in the Friona Star's football contest last weekend.

Eleven contestants vied for top honors after picking 17 of the 20 contest games correctly. (Editor's note: game number 19 was listed incorrectly as Miami at Phoenix, and was counted right on everyone's entry.)

From the elite group, two contestants were still tied after consulting the tie-breaker system. Jon Field and Randi Burkart each missed the Dallas-Detroit score by 21 points. They split first and second-place money for the week.

Two other contestants, Martha Clements and Jackie Morgan, were tied for third place, as both picked the score Dallas 21, Detroit 20 and missed the actual score by 25 points.

Others picking 17 games but missing out on a cash prize due to the tie-breaker were Doug Carthel of Portales, N.M.; Wayne Amstutz of Hereford; Jerry Hinkle, Raul Braillif, Ted Procter, Mitchell Smiley and Dennis Field.

Field missed Nazareth-Happy, Mississippi State-Auburn and New Orleans-Chicago. He picked Detroit, 24-21.

Winter Gets Jump On The Calendar

Winter may not arrive officially for almost another two months, but try convincing area residents after Thursday.

The temperature set an all-time record low of 13 degrees, with much below zero in chill factor Thursday morning. A total of two inches of snow fell, ushered in by a crashing clap of thunder at about 1:30 that morning.

High temperature Thursday was only 27 degrees. The previous record low for the date was 22 degrees.

WINNING DISPLAY...Christina Crutchfield (l) and Lisa Alaniz came up with the fall display for the Hospital lobby that was judged the best. The displays added color to the lobby the past week.

EARLY SNOWFALL...Friona residents awoke to the first snowfall of the season Thursday morning, along with record cold temperatures for the date. This scene is a corner of the A.L. Black yard at 14th and Euclid Streets. Many instances of trees with their green leaves, with the snow background, were seen.

Friona UW Schedules Phone-A-Thon

Friona United Way will again hold a Phone-A-Thon on Monday November 4, from 7-9 p.m. to kick off the Friona Area's United Way drive for 1991.

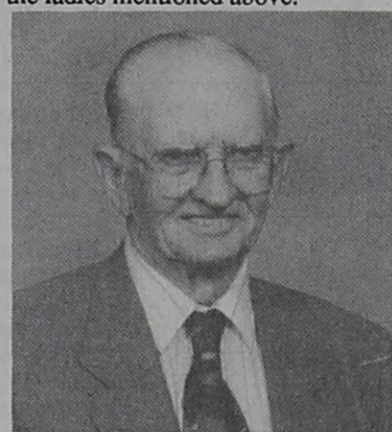

United Way volunteers will meet at Hi-Pro Feeds at 7 p.m. Workers will be scanning the telephone directories, with volunteers from various civic organizations manning the 'phones.

Those in charge of the Phone-A-Thon are Becky Riethmayer, June Rhodes and Marca Lynn Herring.

The goal for 1991 will be \$12,600, which is the same as for 1990.

Last year's contributions were \$10,745, and a special effort will be made to reach the goal this year, says David Barnett, United Way chairman.

If anyone would like to help with the event, help is needed to get out envelopes, and other chores. They may contact Barnett or one of the ladies mentioned above.

Ernest Anthony Is Candidate, Re-election

Ernest Anthony, who is serving his fourth term as County Commissioner for Precinct 1, authorized the Friona Star this week to announce his candidacy for re-election, subject to the Democratic primary.

"I have enjoyed serving the people of Parmer County and Precinct 1, and if re-elected will continue to keep the best interests of the taxpayers at heart--and run the county business as economically as possible. Your support will be appreciated," Anthony said.

Anthony has been a resident of Parmer County for 48 years. He was born at Hobart, Oklahoma, and moved to Parmer County in 1944. He has farmed north of Friona since that time.

The longtime resident served for a number of years on the board of stewards at First United Methodist Church of Friona, and was a member of the board of directors for Friona Consumers Cooperative.

Anthony has served on the Parmer-Castro-Swisher Counties' Repository Assessment Commission. He holds memberships in the Texas Cattle Feeders Assn., the Grain Sorghum Producers Assn., and the Texas Wheat Growers Assn. (Paid Pol. Adv.)

MISSES TURN...This Affiliated Foods truck failed to negotiate the turn at Fifth and Main Street Thursday morning, and blocked the street until a large wrecker could be summoned from Clovis.

Voters Poised For Amendment Election

Next Tuesday's Constitutional Election, which features the vote on the proposed state lottery, will find Parmer County voters going to their "old regular" polling places, according to County Clerk Bonnie Warren.

"We're trying to stress that the precinct changes which were recently advertised do not go into effect until January 1, 1991," Mrs. Warren said.

The County Clerk said on Thursday that approximately 70 absentee ballots had been cast in the early voting stage, and thought that might indicate a larger turnout than usual for a constitutional amendment election.

Of the 70 total absentees, that included 20 absentee votes which were cast on Tuesday at the Friona Texas Federal Credit Union, the

one-day absentee booth. Absentee voting ended Friday.

For an in-depth look at the election, please see the Voter's Guide being included in this issue of the Star. Extra copies of the guide may also be secured free of charge Monday or Tuesday at the Star office.

Polling places will be as follows:

Precinct 1: Martha Hamilton residence; Friona, 2-1, Calvary Baptist Church; Friona 2, Fire Station; Friona 2-2, Friona Community Center; Bovina, EMS Center; Rhea, Community Center; Lakeview, Dee Willard residence.

The election will mark the final time for the Black and Lakeview polling places to be operated, as both have been consolidated with the Friona polling places beginning in 1992.

JUDGES ATTEND SEMINAR...Ninety-one Justices of the Peace attended a 20-hour seminar September 17-20 in Amarillo, conducted by the Texas Justice Court Training Center, headquartered at Southwest Texas State University in San Marcos. The seminars are held in compliance with Supreme Court Rule and Statute (Art. 27.005) Texas Government Code. Attending were: (left to right) Jack Bates of Bailey County, Precinct 1; Louise Hancock of Parmer County, Precinct 1; Frances Euler of Parmer County, Precinct 2, Place 1; Vivaliah Hutto of Parmer County, Precinct 3; and Todd W. Ellis of Bailey County, Precinct 4, Place 1.

FELLOW WRITER Lewis Grizzard has a book out entitled "Don't Think I'da Told That." Opinion: He should sell the title to Clayton Williams for his autobiography.

Facts About The BIBLE BY JOHN LEHTI

HOW THE BIBLE NAMED A DOG!

THE FIRST SCHOOL FOR TRAINING DOGS TO GUIDE THOSE WHO ARE BLIND WAS FOUNDED IN 1929 BY ITS FIRST PRESIDENT, DOROTHY HARRISON EUSTICE, AND MORRIS FRANK WHO HAD BEEN BLIND SINCE AGE 16.

THE PHRASE WHICH GAVE THE SCHOOL, AND THE DOGS, ITS NAME WAS TAKEN FROM THE BIBLE "THE SEEING EYE THE LORD HATH MADE..." (PROVERBS 20:12)

FOR MORE THAN HALF A CENTURY THESE PATIENT, INTELLIGENT "SEEING EYE" DOGS HAVE GIVEN GREATER FREEDOM TO BLIND PEOPLE IN EVERY STATE AND MANY COUNTRIES! MR. FRANK CALLS THE DOGS "GOD'S GIFT OF NEW EYES."

CHAINED!

A family gets a healthy, playful puppy. The children and parents dote over the pup, and for the first few months of his life, he is the center of attention.

But soon the puppy grows into a large, active dog. The children lose interest, and the parents can't be bothered. The dog ends up on a four-foot chain in the back yard.

The dog is fed table scraps when anyone remembers. In summer, no one thinks to give him water. In bad weather, he has no adequate shelter. Sometimes, he's left for days at a time with nothing to eat.

The dog is never walked, never exercised. Eventually, he's never even noticed. Alone day after day, the dog becomes bored and frustrated. He barks, and the neighbors complain. Passing children tease and annoy him. Because he has nothing to do, he becomes listless...and then aggressive. Finally, he has to be destroyed.

And the next day, the children start begging for a puppy.

This kind of pet ownership is cruel and irresponsible. Make your pet a part of your family--for everyone's sake.

If your neighbor's dog is chained, and is suffering or creating a nuisance, call us and we'll try to do something about it. Your anonymity is guaranteed.

WINTER IS APPROACHING! Please give your pets their shots and winterize their homes for warmth and dryness. Keep fresh water and dry food available for them at all times. Outdoor pets require more food in cold weather. In event of extremely wet, cold weather, bring your pet indoors.

The family requests memorials be to the First Baptist Church Building Fund or the American Heart Association.

Snyder Rites Are Held For Relative

Graveside services for Scott Bavousett, 68, of Snyder, were held last Friday afternoon at the Camp Springs Cemetery, with the Rev. T.O. Upshaw, retired Baptist minister, officiating.

Bavousett died last Wednesday in Cogdell Memorial Hospital following an illness.

He was born in Scurry County, and married Alta Gamblin on April 25, 1948 in Lubbock. He was a veteran of the U.S. Army Air Corps. He was a farmer, and was a member of the Camp Springs Methodist Church.

Survivors include his wife, Alta; a daughter, Jeri Ann Bavousett of Seattle, Washington; two sons, Dan Bavousett of Snyder and Bob Bavousett of Lubbock; a sister, Oma Duff of Roswell, N.M.; two brothers, Steve Bavousett of Friona and Lynn Bavousett of Austin. Three grandchildren also survive.

Lotteria? Si O No

POR VICENTE SOTO

"Lo prometido es deuda" dice el dicho. Estos son algunos de los analisis mas importantes para el voto del Martes 5 de Noviembre.

Porque votar en favor de la loteria o la enmienda 11-"La enmienda constitucional autorizando una loteria estatal."

La Constitucion de Texas requiere que la Legislatura de Texas prohíba loterias en Texas. Por lo tanto, el estado no puede iniciar una loteria a menos que la constitucion este enmendada para permitirlo. La constitucion fue enmendada en 1980 para permitir a la legislatura a autorizar juegos de bingo manejado por grupos religiosos y caritativos por grupos religiosos y caritativos y otra enmienda en 1989 para la autorizacion de rifas para grupos no negociantes.

Si la propuesta para la enmienda pasa la legistura crearia una division de la oficina del fiscal para operar la loteria. El fiscal pondria un director para operar la loteria quien tendria la autorizacion para crear la administracion de la loteria y ocupar empleados. Las ganancias de la loteria serian depositadas en el fondo general.

Argumentos a favor:

1.-La loteria provee un recurso de ganancias al estado que se levanta por participacion voluntaria. Provee una manera de aumentar el tesoro del estado sin aumentar los impuestos.

2.-La loteria en Texas recobraría el dinero de Texas que se gasta en la loteria en otros estados. Beneficiaria las tiendas porque atraeria clientes a comprar los boletos.

3.-El estado de Texas ha aprendido de la experiencia de treinta estados que ya tiene loterias. La legislatura encargada incluye cosas para prevenir problemas que otros confrontan como un fondo establecido para la loteria por si el dinero del estado bajara, programas para ayudar a aquellos que tienen el vicio compulsivo de apostar y medidas para reducir la posibilidad de fraude. El estado usaria el proceso de la loteria para recobrar de los ganadores quienes deven al estado impuestos atrasados, pagos o prestamos no pagados para la educacion.

Argumentos en contra:

1.-La loteria no producira suficiente dinero para resolver los problemas monetarios del estado ni prevenira para el aumento de impuestos en el futuro. Relativamente es una manera costosa para recabar fondos, la cual le costaria al estado tanto como 37 centavos por cada dolar para el fondo, comparado con el costo de dos o tres centavos si hubiera un impuesto estatal como en otros estados.

2.-La loteria no es una funcion apropiada para el estado, ni como fuente de ingresos o como forma de entretenimiento. Promover la loteria especialmente a la gente pobre

para aumentar los fondos estatales es moral y eticamente sin defensa.

3.-La funcion de la loteria como impuesto regresivo dana mas a aquellos de escasos recursos. Las loterias han demostrado ser dos veces mas regresivo que el impuesto estatal. La loteria apela mas a las personal pobres, quienes gastan un porcentaje mas alto de su dinero comprando boletos para la loteria y la loteria as particularmente danina para la gente que es impulsiva en apostar.

An education is the foundation on which the future is based. The Marketing Education Program is one of the first steps in building a student's future. This program enables students to attend school and continue his or her education while at the same time getting hands-on experience.

Operating businesses help the program succeed. Snead Realty is one of the businesses offering this opportunity to students. Thanks to all the businesses for being so supportive of the Marketing Education Program.

Hospital Happenings

Prairie Acres Nursing Home will be the site for monthly support group meetings on Alzheimer's Disease.

These meetings are designed for people touched by the disease to come together in a non-judgmental, safe environment to vent their frustrations, to share coping techniques, to learn more about Alzheimer's and discover what resources are available to them.

Alzheimer's is a progressive, degenerative neurological disorder that results in severe mental deterioration and eventual physical decline. There is no cure.

The disease has a gradual onset. Symptoms include difficulty with memory and loss of intellectual abilities severe enough to interfere with routine work or social activities. The Alzheimer's patient also may experience confusion, language problems, poor or decreased judgment, disorientation in place and time, and changes in behavior or personality.

Alzheimer's can strike people in their 40s or 50s but most victims are older. Four million Americans have the disease and it is the most common form of irreversible dementia--a group of symptoms that characterize certain diseases and conditions.

Alzheimer's also affects the family of the patient. The emotional, social and financial costs of caring for an Alzheimer's patient are high. Family members also often risk their own health in order to care for the patient at home.

Deborah Sweatt, activity director and Deb Hendley, R.N. D.O.N. at Prairie Acres, have researched the group strategy and will be starting the meetings beginning Thursday, November 7.

The first meeting will be held in the dining room at the Nursing Home and the guest speaker will be Collene Carpenter of the Panhandle Association of Alzheimer's Disease. The meeting will begin at 7 and end at 8 p.m.

Mrs. Sweatt will be the group facilitator for these sessions. The support group will provide opportunity to share with others who are going through similar experiences. It is very important for caregivers and others touched by Alzheimer's Disease to have a support system. It is our hopes that the group will provide just that, she said.

The public is invited to attend the support group and share with others. For more information, call Prairie Acres at 247-3922.

Town Talk

Call 247-3681 With Your News Items

One of the nicest things about Friona people is the way they come to your aid any time you need assistance or information.

Thanks to Carrie Tatum, Tommie Boeckman, Martha Hamilton, Marca Lynn Herring and Thomas Reed, I know a whole lot more about the unusual crop growing in the Black community than I did one week ago.

It is Amaranth and is being grown by Dennis Schilling for Arrowhead Mills in Hereford. The seeds are used in Granola and other food products and are valuable because of their high protein content.

According to the dictionary definition I read, it is related to pig weeds, thistles and cockscombs.

Reed, the local Soil Conservationist, reported that he had been watching the field since July and had observed three different colors and had visited with Mrs. Schilling about it.

This isn't the first crop the Schillings have grown and this year they planted a mixture of seeds. From the time the plants first emerged from the ground, some of them were yellow, some were green and some were burgundy.

Thanks to everyone who called

to say they had driven out for a "look see." I'm glad you enjoyed it, too.

Louella Ainsworth of Apple Valley, California, returned to her home early last week after an extended visit in the home of Goldie Griffith and with the Rudolph Renner family.

Mrs. Ainsworth, a former Friona resident, is the sister of the late Mrs. Rudolph Renner, Sr. and H.H. Weis. While she was here, she had the misfortune of breaking a hip and having to have surgery in an Amarillo hospital.

She also spent some time at Prairie Acres.

On Monday, she was honored with a breakfast at Dairy Queen. Friends attending were Goldie Griffith, Arvilla Elmore, Leola Powell, Marlene Hall and Mildred May.

Lucille Wilson returned home Tuesday of last week after a visit in the homes of two of her brothers, Gene Williams and Raymond Williams, who live in Amarillo.

Those of you who are interested in attending the Parent-2-Parent meeting at West 21st Street Church

of Christ in Clovis, November 12, need to mark the date and time (7:30 M.S.T.) on your calendars.

Guest speaker will be Jan Darling Thompson, a native of Parmer County and a former resident of Friona and the Lazbuddie community.

Jan is currently writing a book about her experience as a young mother of three little boys. Its title is "Fragile Wings."

Her two youngest sons were severely brain damaged from birth. Terry lived to be seven years old, and Tim lived to the age of six.

Gena Wright Hankins, president of the organization, encourages anyone who is interested to attend the meeting.

Sunday was a real special day for Marlene Drake in that she got to see all three of her great-grandchildren. Mrs. Larry Drake of Stratford, Texas, and her parents, Mr. and Mrs. Bernice Pearson of Canyon, had been down to Sterling City for a visit in the home of Lezi and Todd Thurman and children, Sykeshia and Drake.

They were accompanied by Tiffany Drake, who also lives at Stratford.

The group stopped for a brief visit with Marlene as they were enroute home.

Tiffany is the daughter of Mr. and Mrs. Todd Drake.

Other recent out-of-town visitors in the Drake home were Mr. and Mrs. E.F. Minor, who live in Clarinda, Iowa. He is the nephew of the late A.O. Drake.

The Iowans also visited their other Parmer County kin.

Recent out-of-town visitors in the homes of Mr. and Mrs. Bob Wylie and their children have been Mike and Robin Williams of Fieldton, Texas, and Mrs. Jay Henderson of Plainview.

Mr. and Mrs. Donnie Marshall and their daughter-in-law, Laura Marshall of Elk City, Oklahoma, have been visiting their aunts, Mrs. Jim Baxter and Mrs. Opal Baxter, and attending to business in the area.

Lisa Prewit and son, Tanner, of Bakersfield, California, spent several days last week visiting in the home of her maternal grandparents, Mr. and Mrs. Eugene Bogges.

United States Air Force Captain Amy Hughes, who is stationed at Tinker Field near Oklahoma City, was a weekend visitor in the home of her paternal grandmother, Martha Evelyn Bates.

Capt. Hughes has served one tour of duty in Saudi Arabia and is scheduled for another one, so Grandmother Bates put the big pot in the little one and hosted a family Thanksgiving dinner in her honor.

Others present were Mr. and Mrs. Philip Bates, Rob, Duane and Melissa of Lubbock, and Mr. and Mrs. Dan Bates of Roswell, New Mexico.

Also, Mr. and Mrs. Nelson Welch, Mr. and Mrs. Eugene Bogges and Lessie Watson, all of Friona, and Bob Welch, Carlsbad, New Mexico.

Having a grandson spend some time in her home the past several weeks has been a special treat for Opal Baxter.

Denny Young of Hobbs, New Mexico has been on a special assignment at the Tolk Station near Muleshoe and has been spending the nights with her.

Mrs. Dale Spivey of Comanche, Texas, and Mrs. Mike Wrezniski and children, Lauren and Colton, who live at Fort Worth, spent several days this week visiting in the home of Mr. and Mrs. Bud Elmore.

Mrs. Spivey is the former Dolores Elmore and Mrs. Wrezniski is her daughter.

If you missed the Hereford Community Concert Association program, which was presented by The Saturday Brass Quintet, you missed a real treat.

Several Frionans did attend. The others I saw were Jo and Lee Witten, Allo Reeve, Doris Sears, Charlene Harper, Earlene Jordan, Judy Cummings, George and Aundrea Frye, Lois Norwood, Edith Johnson, Nancy Edelman, Fay Reeve, Wana Brewer and Ilene Osborn.

Bertram and Veronica Jack and Merl Miller were there, too. Even though they live out northwest of town in Deaf Smith County, we still kind of claim them as part of our community.

Wana Brewer is home again after a fun filled two weeks in Central Texas. Her first stop was in Dallas, where she spent several days visiting in the home of two of her cousins, E. Jane Carson and Hoyt Lovell.

Two other cousins of San Diego, California, were there for a family reunion. They were Orville Ball, whom she had not seen in 35 years, and his brother, Bob Ball. These two live in San Diego and it had been 40 years since she had seen Bob.

The Ball family reunion was held at Sherman. After attending it, Wana and some of her cousins went to Ladonia, which is in Fannin County, and visited an old family cemetery.

Later Wana's oldest son, Byron, who lives in Little Rock, Arkansas, met his mother and her party in Commerce for lunch and a visit.

Wana and her cousins, E. Jane Carson and Kathryn Duncan, who also lives in Dallas, drove to Denton, where they visited Maurine Phillips and Flo Dickenson. Maurine is a sister of the late Jo Phillips, a former third grade teacher here, and Flo and Wana were friends in college.

From Dallas, Wana accompanied her youngest son, Galen, to Austin for a visit with him and his wife, Betty.

One of the highlights of her stay in Austin was a trip to Pioneer Farms, where she saw a large collection of antique farm machinery and people participating in activities identical to the ones farmers and their wives did every day in the early part of this century.

Women, who were dressed as homemakers, were making soap, washing clothes and churning butter just like it was done many years ago.

She reported, "We went to several interesting places to eat and I enjoyed having Chinese food, Mexican food and just plain American food."

"However," she added, "the biggest treat for me was eating at Kreuz's in Lockhart, which is a German settlement. The barbecue place was started about 100 years ago and is still owned and operated by members of the same family. The barbecue was delicious."

Upon her return to Amarillo, she spent one night with Dr. and Mrs. Richard Bechtol and children before coming home. Mrs. Bechtol, the former Susan Vestal, is Wana's niece.

FALL DISPLAY...One of the seasonal displays that has been evident in Friona is the one at the D.C. Herring residence on West Fifth Street.

Tulia Hornets Add Insult To Injuries

Nothing went right for the Friona Chieftains last Friday at Chieftain Field, as the team lost its eighth game of the season, 32-0 to the Tulia Hornets.

The team received a blow with seconds left in the first half when quarterback Blair Burney was injured when he was hit from behind, and had to be removed from the field by paramedics in the ambulance.

Burney was replaced for the rest of the game by Britt Conklin.

Before the second half was over, junior wide receiver Brian Herring was injured, and the loss of the team's top passer and receiver definitely put a crimp on Friona's passing attack.

And, while the Chieftain offense sputtered, Tulia's high-gearred attack was moving pretty well.

Friona played a good defensive game for the first half, allowing only one score, on a one-yard plunge that capped a 51-yard Hornet drive. Blue Field blocked the PAT kick, so Tulia's halftime lead was 6-0.

Friona's main chance to score came in the second quarter, when the team drove 65 yards from their own 34 to the Tulia one but failed to score.

Curtis Brady had a nine-yard run, and Burney hit Kelly Jack for another first down as the Chiefs moved to a first and goal from the Tulia eight.

Ismael Rocha appeared to have a touchdown with a burst up the middle, but Friona was flagged for holding.

Burney gained to the one on a keeper play, and although those on the sidelines thought Rocha's fourth-down run was a TD, the officials didn't give him one, and Tulia took over.

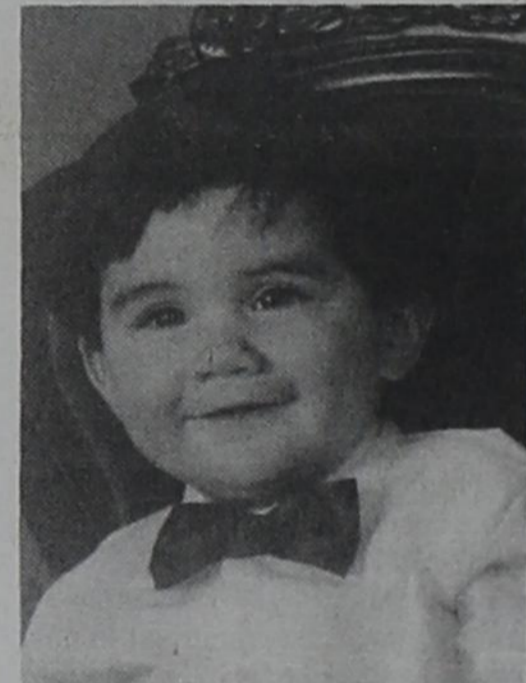

That, plus the injury to Burney on the next series, took the fire out of the Chieftain attack.

The Hornets, meanwhile, scored two second-half touchdowns on passes, plus a 65-yard run by the speedy Cory Sanders, and even scored on the last play of the game for the final margin.

The Chiefs managed only eight net yards in the second half, as Conklin was sacked three times on passing attempts.

HIGH-TECH IMPROVEMNETS IN GLASSES

Ever sit on your glasses and bend them out of shape or crack them? Even adults who lead sedentary lives can be hard on their glasses; youngsters and athletes need even more help. Fortunately, new, stronger and more durable frames are available now in both plastic and metal. Today's popular "granny glasses" are more durable and comfortable in the new, high-tech alloys. The frames may cost a bit more, but they last longer and, therefore, are more economical. Top of the line is a titanium alloy that can be wound around a finger and still spring back to its original shape! It's much stronger and lighter than other metals. There are less expensive versions made of nickel and silver or nickel and copper. Even the new plastics are stronger. Some weave in carbon fibers or graphite for added strength. Other improvements include spring hinges that help a frame to hold its shape and stay comfortable, and adjustable or replaceable nose pads.

Prenuptial Agreements Can Be Your First Step In Estate Planning

A prenuptial agreement may sound like a quick way to end a romance, but in today's financial environment it is becoming more common.

Prenuptial agreements are legal contracts between a future husband and wife. Such agreements generally detail how the couple's financial affairs are to be handled during the marriage and in the event of divorce. Ownership of property, insurance protection and inheritance rights are just a sample of the financial considerations addressed in a prenuptial agreement. A well-written agreement can be the first step to an effective estate plan.

For example, someone who is marrying for a second time and who has dependent children, may want to make financial provisions for the benefit of those children in the event of the parent's death.

Those with significantly more assets than their mates could isolate and protect those assets through a prenuptial agreement. Taking it a step further, those who anticipate a large inheritance or expect to own considerably more assets in the future, could use a prenuptial agreement. Not only do such agreements segregate assets in the event of divorce, but they also define the limits each partner has in the other's estate.

Before entering into any prenuptial agreement, it's important to understand and agree on the separation of assets. Next, find a competent family-practice attorney who is knowledgeable about current property laws in your state of residence. This is important because state laws differ.

For example, if your state is one with community property laws, property acquired by either spouse during marriage is generally owned in equal shares. Once funds are commingled without prior agreement, the property is usually considered jointly owned. In other states, where property can be owned by whoever has title to it, there

could be uneven protection in the case of divorce. Through a prenuptial agreement, however, one can waive rights to the other's property. As you see, many legal questions arise that only an attorney can answer.

The important thing to remember about prenuptial agreements is that they are legal contracts dealing with property issues. It is therefore suggested that the contract contain only financial issues. Avoid other issues that serve only to complicate the agreement. Some states require each partner to retain a separate lawyer to avoid conflicts of interest. Even if this is not required, it may be advisable.

Prenuptial agreements are not for everyone, but they make a lot of sense for some people. They offer one way to sensibly discuss and agree on property matters before you are forced to make those decisions at a time of extreme duress. Prenuptial agreements are not irrevocable. They should be written to meet current and anticipated needs. If circumstances change, and your spouse agrees, they can be changed or terminated.

Before signing any prenuptial agreement, understand all the provisions. The best way to protect yourself is to select a knowledgeable attorney who is responsible to you and has your best interests in mind.
