NUMBER 24

HERE IN HICO
By E. V. M.

... has been called to the attention of people are not mindful of the law which requires all motorists to come to a complete stop when meeting or approaching a stopped school bus. They had better take a lesson here. Tickets are going to be issued in the future which are dearly when paying fines.

... driver told us this week one morning on the route five cars pass his stopped bus picking up passengers. Complaints were filed on these after this week tickets issued.

... law is not a new one, but it is confusing. Many people have the opinion that you must stop when overtaking and a stopped bus, but it applies to those approaching also. It could save much embarrassment and money in the future if all adhere to the rules and come to a complete stop. It might save a life, which is more important than the fines that it will require to get the law as it is meant to be.

... speaks. And maybe we should listen.

... have another contribution from one of the interested young in town, one who we believe is sincerely interested in the welfare of the younger set.

... hope he comes forth with suggestions in future articles that the teenagers of Hico want in the way of recreational facilities, and we suspect he will.

... only suggestions that we can offer are these:

... youth needs to: 1. Organize a representative group, such as a Council, for the purpose of offering suggestions. Arrange for council meetings with responsible organizations interested in the youth; and 2. Plan for carrying out suggestions.

... proposition has to be two-fold: cooperation between the adult and the youth. Hico is a town, and can't offer the same as a town just twice as big. We may be able to offer suggestions since we can remember what has been talked about a swimming pool, among other things, but it's not there. But thus far no one has stepped up with a plan on how it can be paid for.

... a project would have to be a full cooperation of every one of this area—not just the youth as well—and dependent upon contributions from not only the business but from every individual.

... Hico adults, more especially with children, realize the need for recreational facilities, but one small group can't do it. If the youth are sincere in the first thing they do, they should form a council, or some similar organization and with representatives of the adult organization and see what can be worked out.

... are not trying to put the blame on the back of our youth, but we need their suggestions and ideas about what we, as adults, can help them do.

... other suggestions?

Members of the committee are, front row, left to right, Mrs. T. L. Walters, Mrs. J. C. Robison and Mrs. George Kilgo. Standing are Mrs. Toe Horton and Mrs. Henry Hill. The committee members, and others, are working daily toward making this year's carnival one of the most successful ever staged. The P-TA sponsors the carnival as its major fund raising campaign.

Trades Day Drawing Set Next Wednesday, Oct. 18

Regular monthly Trades Program, sponsored by 45 local merchants, will be staged next Wednesday, October 18, when three cash prizes totalling \$85.00 will be given to lucky ticket holders.

The program, which has been in effect for six months, will continue through Christmas Eve, with additional drawing and cash to be given away in December.

Successful in every respect, the Trades Day was started in April as a bonus plan for residents of this area who do their shopping in Hico. Thus far a total of \$510.00 in cash has been given to ticket holders.

The Wednesday drawing will be held promptly at 4 p.m., and you must be present to receive money.

Many merchants offer specials for Wednesday, and residents can save money by purchasing all of their needs in Hico.

The list of participating merchants:

Johnnie Howerton's Service Station, C & C Motel and Station, Pete Keller Garage, Alvin Casey Garage, Chew Service Station, Polar Bear, Chaney Service Station and Garage, Ogle Bros. Service Station, Hico Florist, Wilson Cleaners, News Review, Com. Pub. Service Co. (Contribution), Teague Variety Store, Prater Barber Shop, Herrington's Food Store, First National Bank (Contribution), C. L. Lynch Hardware, Willard Leach Sta., Magnolia Petroleum, Jim Jameson, Consignee, Barrow-Rutledge Funeral Home (Contribution), Hutton's Cafe, Blair's Hardware, Raymond Lowe Garage, Wright Barber Shop, Maxine's Cafe, Hico TV Sales & Service.

Also Howard Drug Co., H & B Food Store, Bess Mingus Dress Shop, Sherrard Grocery, Western Auto Store, Lackey Barber Shop, Burden's Dept. Store, N. A. Leeth & Son, Salmon's Dept. Store, Cheek Furniture Co., Parker Feed Mill, Hayes Feed Store, Toegen Feed Mill, Barnes & McCullough, Lackey Bros. Feed Mill, Hico Motor Co., Smith Cleaners, Hico Confectionery, S. B. Starnes Texaco, and Neel Truck & Tractor.

Believing in "taking the hard ones first" the local Tigers will swing into district play tonight when they encounter the Meridian Yellowjackets in Meridian in a 7:30 p.m. game.

The Jackets, who are favored to win the district 23-B crown, are favorites to gain a running start in the chase against Hico. Loaded with lettermen, Meridian is expected to have easy pickings among district members until their showdown with perennial power Valley Mills in the last game of the season. Valley Mills has shown marked improvement the past couple of weeks and will have to be reckoned with.

Meridian sports a 3-1 season record, having whipped Joshua, Everman and China Springs, losing to Class B power Whitney, and playing a 7-7 tie with Class A Clifton. The locals are 3-3 for the year, with wins over Gatesville Training School, Blanket and Stephenville B. Their losses have come at the hands of Class AA Dublin 20-0, Class A Early 12-0, and Class B Gorman 30-0. Two of the teams, Gorman and Dublin, are undefeated for the year.

Two injuries prevail in the Tiger camp. Coach Jack Barnett stated this week that Alan Solsbery, freshman speedster, and Freddie Naul, senior tackle, would see only limited action, if any. Naul has a broken nose received on the opening kickoff last week, and Solsbery has an infected foot caused from a blister.

Reports show that Meridian is also crippled, with their first-string quarterback having a broken hand. However, their two-year all-district fullback, Kent Bass, is expected to be at top strength for the first time in several weeks.

A good ball game is expected and fans are again reminded of the 7:30 p.m. starting time.

The younger Leeth intends to liquidate some of the present stock, and offer a complete line of goods in the future.

A message may be found elsewhere in this issue of the transaction.

Youth Speaks

By TOM PRATT JR.

"The younger generation is, by and large, bigger than its parents. The only trouble, says a father down the street, is that my boy doesn't seem to outgrow by neckties!" This quip was published in a recent Star-Telegram. It probably brings a small chuckle to you as it did to me. But, it also set me to thinking.

This seems to be the outlook of most adults today. Some flip-pant remark seems to dismiss the growing and burning fire that is America's youth. The American public seems to under-estimate the tremendous potential that is the younger generation today.

Newspapers cry out about juvenile delinquency and increased crime among the younger set. They do this, though, without proposing a solution to the problem other than increased enforcement of the laws that govern our youth. They thus brand our people as a fast-moving bunch of hoods who don't care what happens to them. This myth is not true. This is true of only the small one percent.

But what of the other 99 percent? They need help more than the ones who are already in trouble. The motto of the Boy Scouts of America is especially appropriate in this situation. It says: "It is easier to build boys than to mend men." This is very true.

You may think that the problem is not prevalent in Hico. But, it is very prevalent. When the minds and bodies of youth are left to wander it will breed the trouble that is beginning to show itself in Hico. Hico is failing in its obligation to the youth of Hico.

The cry is rising high among our youngsters for more recreation to be provided by the city. It's high time the adults waked up to the trouble that may be ahead. It's time to stop sitting around conference tables and start taking action.

A man once said that he wished he had a big fenced pasture in Oklahoma in which to put his son. He wanted to turn him loose so he wouldn't cause him any more trouble. He failed to see the great potential that I spoke of earlier. You don't want to see young minds and lives warped and polluted by the misuse of their time. That's true. But—the youth can't help themselves. It's your responsibility. What will you do with them?

Mr. and Mrs. Pierce McBride of Dallas spent the weekend in the home of her mother, Mrs. W. L. Malone.

Shoppers Retain Lead in Mixed Bowling League

By MORSE ROSS
League Secretary

Salmon's Shoppers, led by good series by Monette Dove and Ruth Salmon, swept Blair's Whiz Kids 4-0 to hold their slim lead over Judy's Beauties and Wilson's Dynamos. The Shopper's 1754 series tied the previous league high set by the Newshounds on Sept. 20. The Whiz Kids were lacking some of their usual "whiz" with the exception of Louise Blair's 401 series.

Judy's Beauties kept pace by shellacking the F-W Ranch Cowboys 4-0. Judy Keller's excellent 459 and Von Scott's 475 series were tops for the Beauties. The Cowboys couldn't seem to get their brand on the Beauties.

The blazing hot Wilson Dynamos kept right on winning by clobbering Cheek's Kingpins 4-0. The Dynamos were powered by a 215 game by Woody Wilson and a 539 series by Jack Goodman. The Cheek quartet bowled above average but had the misfortune of catching another hot team.

Hico Motor Darts bounced back from a 3-1 defeat last week to trounce the hapless Orphans 4-0. Betty Walker again starred for the Darts who introduced a new player, Gladys Partain, into the league. Rumor has it that the Orphans are lowering their averages in order to be prepared for the Kingpins two weeks hence.

First National's Tellers sprung the surprise of the week whipping the News Review Newshounds 3-1. This contest featured a 209 game by Wayne Rutledge and a 392 series by Lorene Randalls.

Congratulations to Woody Wilson, Wayne Rutledge and Von Scott for their first 200-plus games. We will look forward to more of them. This week will feature games between the front runners and should separate the men from the boys. High scores and league standings follow.

High team series: Salmon's 1754; Judy's 1748; First National 1711.

High team game: Wilson's 642; First National 637; Salmon's 616.

High individual series: Judy Keller 459; Ruth Salmon 416; Monette Dove 412; Jack Goodman 539; Morse Ross 535; Watt Ross 490.

High individual games: Ruth Salmon 182; Judy Keller 172; Monette Dove 150; Woody Wilson 215; 202.

District Manager Art Anderson of Stephenville said this week that those desiring changes, corrections or additional listings should contact the local business office.

The new directories are due out November 1.

FAIRY

By MRS. EUNICE DANIEL

We have had some three and one half inches of rain since early Monday morning. Fields are water-soaked which seems to have been general over most of the state.

Farmers still had grains to sow and cotton to pull or strip. Mr. Willie Turner still had some ten or twelve bales open as he had been unable to get much help, only his family. He has housing facilities for one or more families.

Mr. and Mrs. Lawrence Adams of Hamilton spent Saturday in the home of her sister, Mr. and Mrs. H. O. Richardson and Jerry. Mr. and Mrs. O. L. Jacobs of

Stephenville also visited in the H. O. Richardson home one day last week. They came down to inspect a marker they had had erected at their cemetery lot at Fairy. Mrs. Jacobs is an aunt of Mr. Richardson.

Mr. and Mrs. Willie Turner had all of their children and families home during the weekend. They were Mr. and Mrs. Billy Turner and Curtis and Mr. and Mrs. Ray Botkin and two children of Killen, and Mr. and Mrs. Jackie Turner of Arlington.

We are glad to learn that H. R. Brummett, who is still a patient at the Hico Hospital, is improv-

ing at this writing.

Mr. J. J. Davenport, 66, of near Hamilton, was found dead in bed by his wife Sunday morning. Funeral services were held at the Reagan St. Church of Christ in Hamilton Monday afternoon with Minister Dennis Kellogg officiating. Burial was in Murphy Cemetery near Evant. He is survived by his wife; one daughter, Mrs. McKinley of Beeville and two grandchildren. Sympathy is extended to those bereaved in his passing.

Mr. and Mrs. Carl Ray Sellers and children, Carolyn, Jimmie and Janice visited Sunday in the home of her sister, Mr. and Mrs. D. E. Allison of Dublin. Other guests in the home were their daughter and family, Mr. and Mrs. Wayne Pittman and Karen and Miss Coleta Clayton.

Quiet a number from here attended the Iredell homecoming and ball game Saturday night between Fairy and Iredell. Sorry our boys were losers this time.

Mr. and Mrs. Slick Harley and two children of Breckenridge visited last Tuesday night in the home of Mr. and Mrs. Frank Hanes and Mike. Slick formerly attended Fairy High School.

Mrs. Ed Allison is visiting with relatives at this writing.

Mr. and Mrs. Jerry Witte and two children of Grand Prairie spent the weekend in the home of her uncle, Mr. and Mrs. Leeota Jones of Lanham. She is the former Mary Nell Jones, daughter of Mr. and Mrs. Irvin Jones, presently of DeSota.

Mrs. Walter Abel has been ill of a severe cold for the past few weeks. We hope she will soon be fully recovered.

The writer and husband received a phone call from his son, Billy Daniel of Fort Worth on Sept. 27 announcing the arrival of a little son, Breck Allen, born Sept. 27 at St. Josephs Hospital at 12:18 a.m. He weighed 7 pounds and 11 ounces. Maternal grandparents are Mr. and Mrs. Bertling of Fort Worth.

C. M. (Chock) Broyles visited last week at Breckenridge in the home of his son, Mr. and Mrs. Charles Broyles and at Abilene with his sister, Miss Johnny Broyles.

Mrs. Dimple Gordon spent the

weekend in the home of her parents, Mr. and Mrs. J. H. Davis.

Tommy Walker, who is attending the University of Houston spent the weekend with his parents, Mr. and Mrs. George Walker.

Mr. and Mrs. Dave Brunson and family, also a married son and wife of Morgan attended church at Fairy Sunday and visited with his sister and husband, Mr. and Mrs. Herman Sills. Their parents Mr. and Mrs. Claude Brunson of Hico also attended church here and visited in the Sills home.

Our two grandsons, Jerry Richardson and Jimmie Sellers assisted us at the cemetery Friday after school and most of Saturday, and got the cemetery mowed again and most lots were checked and those that needed work were cleaned and some repairs were also made to several graves due to recent rains. We feel we will have more such work to do since the heavy rains this week. We will appreciate any donations received. We hope there won't be a great lot more to do at the cemetery before frost but repairs to graves will have to be looked after during the winter months.

Crockett Slater of Fort Worth was a Fairy visitor during the weekend looking after business interest here.

Mrs. P. L. Cox spent Friday in Gatesville and Jonesboro visiting her children and looking after business interests.

Mr. and Mrs. Bobby Brummett, presently of Killen where he is stationed in the service attended church at Fairy Sunday night. Mr. Brummett is a minister of the Church of Christ.

Mr. and Mrs. R. V. Barnett and Mr. and Mrs. Winfred Gardner and Randy spent the weekend at Huntsville visiting in the home of their son and daughter, Mr. and Mrs. Don Barnett. They also attended a football game Saturday night.

Mrs. E. M. Hoover and the writer visited Monday afternoon with their mother, Mrs. A. L. Newman of near Duffau. Glad to report her able to be up parttime.

Homecoming Association at Iredell Names New Officers

The Iredell Homecoming was again attended by a large crowd of ex-students and friends of Iredell. It was hard to estimate the number in attendance as the weather was good and the crowd was pretty well scattered during the afternoon and night.

At least some three or four hundred were present, perhaps more. All do not register, and that is the surest way of receiving names and addresses for cards to be mailed the following year.

Officers elected for the coming year are: Mrs. Opal Nabors, DeLeon, president; Ralph Bradley, vice president; Mrs. Vinita Blakley, secretary and treasurer.

Date for the homecoming next year was changed to the second Saturday in October.

The game between the Fairy Tigers and the Iredell Dragons was well attended.

Tigers Bop Stephenville B 30-2 to Balance Record

Hico wound up pre-district play last Thursday night with a rousing 30-2 win over a comparatively weak Stephenville B team. The Tigers toyed with the visitors throughout the game, and the score could have been more decisive.

Scoring in every period the locals held a 30-0 lead until the final play of the game when Stephenville was awarded 2 points

first being made on the final play of the third period, and a total of 42 yards rushing. The visitors completed four of ten attempted passes, having one intercepted that went or the final Tiger TD.

Hico took the opening kickoff and promptly marched to the Stephenville 10 before losing the ball on downs. However, the blank scoreboard was short lived because the Tigers took over on their own 48 after a quick kick.

From the 48 Hico moved 32 yards in four plays for the counter, with Don Jernigan sweeping the final 20 yards on a keeper for the tally, Harold Hathcock threw a tremendous block to clear the way for the score. In the drive Mark McElroy marked up 16 yards on one play, and Alan Solsbery poked up 16 yards on two carries enroute to the score. McElroy blasted for the two-point conversion to make the score 8-0 at the end of the first quarter.

The second Tiger TD came after the start of the second quarter. The locals had gained possession at their own 17 and moved the distance in 8 plays, with the final payoff being a 14 yard pass from Jernigan to Larry Erick for the tally. Solsbery made a stab for the conversion points, but fell short by inches.

Following one series of downs by Stephenville the locals took over and marched 68 yards before a fumble into the end zone killed the scoring chance.

The Tigers used up most of the time in the third quarter on their only scoring drive in that period, with McElroy slicing over right tackle for the final 3 yards and the touchdown. The drive carried 65 yards. Jernigan passed to Solsbery for the two points and a 22-0 lead.

Jerry Casey, who leads the locals in pass interceptions for the year, scored his first touchdown of the season in the final period when he swiped a Stephenville pass and scampered 55 yards

ALSEY ALFORD OBITUARY

Funeral services for Alsey Alford were held Oct. 4, 1961 at Barrow-Rutledge Funeral Chapel and interment followed in Hill Cemetery. Survivors include his wife of Loving, New Mexico; two daughters, Miss Dorothy Alford of Dallas and Mrs. A. D. Cody of Coalzate, Oklahoma; four grandchildren, Steve, Nancy, Bob and Phil; two sisters, Mrs. W. A. Dallas and Mrs. J. F. Uhl; several nieces and nephews.

Mr. Alford was born in Hico on July 27, 1878, the oldest son of Dr. J. R. and Mrs. Lerona Alford. In the early part of the century, he lived in New Mexico, and was married to Sedalia Payte; later they lived in Oklahoma and in Arkansas before coming back to Texas. After his wife's death he lived for six years at the old J. R. Alford homestead north of Hico. For the past 16 years he had lived in Loving, New Mexico, and was married to Mrs. Annie Rosson in 1946.

Because of his fondness for his school friends, Alsey wrote many letters, encouraging his classmates to meet in Hico in May 1948 to celebrate the 50th anniversary of their graduation from high school.

For several succeeding years, other graduates and attendants of the Hico school met in May or June; a "Home Town Club" was formed and many pleasant associations were renewed.

THIS WEEK IN AUSTIN—

Highlights and Sidelights

State Highway Chairman Herbert Petry Jr. of Carrizo Springs completed one major assignment for Gov. Price Daniel, but has a tougher one ahead.

Petry and Daniel worked out agreement with the Texas County Judges and Commissioners Association under which the farm to market road building program will be modified, along lines advocated by the Texas Good Roads Association and the Highway Commission.

But now the plan has to be sold to the powerful Texas Farm Bureau at its convention in Galveston November 13-15.

Governor Daniel vetoed the \$15,000,000 appropriation for farm to market road construction from general revenue for the year starting next September 1, saying it was time to settle the question of rural road maintenance. He got together a committee of road-minded people.

County Judges and Commissioners agreed to this plan—pay for about \$17,000,000 of the present \$18 million cost of maintaining rural roads out of the \$50 million now going to FM road construction. They also agreed to build a total of 50,000 miles of FM roads, instead of the 35,000 miles now set as unofficial goal. Present mileage—34,000.

Court Opens.

Appellate courts opened their fall terms, handing down dozens of decisions.

Key cases of great importance was decision in suit of Key Western Insurance Co. of Abilene against the Board of Insurance, from both insurance and legal points of view.

Here the Supreme Court upheld a new requirement that appeals from decisions of the Board of Insurance on approvals of life insurance policies must be tried "de novo" or "anew" rather than accepting the old rule that an administrative agency is to be upheld if its decision was not arbitrary or capricious.

Of major importance also was award of \$139,250 to the City of Graham for damage done its sewage treatment plant by backing up of water of the Brazos River Authority's Possum Kingdom Dam. Case goes back for retrial of whether Graham can collect for damage to its water plant.

Orphan's Ranch

Orphans at the Corsicana State Home got a 4,180 acre ranch on the Lampasas River under a Supreme Court decision on the will of the late Mrs. Parrie Haynes of Bell County.

Other heirs contested, but the court turned the ranch to the Texas Youth Council, which runs the orphans home. Atty. Gen. Will J. D. WATCH SHOP. Watch and clock repair. Ring sizes. J. D. Burney. 17-13tp.

COW POKES

By Ace Reid

The boss said to get rid of this trash them town people dumped, so I'm thinkin' the place is right up on the Mayor's front porch.

Wilson, who handled the defense of the will, said there is talk of making the ranch an outdoor branch of the Corsicana school.

Insurance Claims Rise.

Insurance spokesmen estimate that \$5,000,000 already has been paid out on windstorm insurance policies. Rate of payment of claims will reach 20,000 a week soon, William J. Harding, coordinator of the Texas Joint Loss Catastrophe Plan, said.

Harding, speaking for fire and casualty insurance companies, said much misinformation has been given out on insurance coverage. He declared that policies are being interpreted after Carla just as they always have—that damage from wave wash or flooding has never been covered by Texas standard insurance policies.

Sales Tax on Subscriptions

Robert S. Calvert, state comptroller, has declared newspaper subscriptions subject to the new 2 per cent state sales tax, effective September 1.

The News Review is not increasing its subscription price, but the 2 per cent sales tax will be added and collected out of necessity. Cooperation of subscribers, especially those who live away from here, in including the extra two percent to their checks would be appreciated by the publisher.

The new tax schedule on subscriptions to the News Review are:

In Hico and territory	\$2.04
Outside Territory	\$2.55
Out of State (no tax)	\$3.00

Girl Scouts Receive Pins in Impressive Service Last Friday

The Girl Scouts met for their third meeting of the year last Friday. The afternoon program was opened with members singing "Girl Scouts Together," followed by the club promise, motto and slogan.

Claudia Walters and Mary Beth Martin, who had been invested and received their pins before coming to Hico, presided over the investiture service for new members.

The investiture table was beautiful, laid with a white cloth and centered with an artistic log holding white candles and surrounded by ivy. Each new member lighted a candle, stated a law, and was then presented a pin by Ruth Ann Martin, program leader, and Mrs. Doc Lackey, assistant leader.

The service was closed with the forming of a friendship circle and singing "Day is Done." Mrs. Chester Martin also presented Mrs. Lackey with a Scout pin.

Refreshments of cakes were served by Robbie Robison before the recreational hour, when a new song was learned.

Scouts present for the meeting and receiving pins were Suzanne Lackey, Barbara Casey, Vicki Keller, Robbie Robison, Linda Bullard, Shirley Timberlake, and Cherry D. Ramage.

LOCAL SCOUTS PROJECT IN HOME FRONTIER

Home Frontier Project is a part of the 1962 Roundup that is open to every Girl Scout. The troop can share in this project, which will culminate in an art exhibit at the 1962 Roundup.

Its purpose is to encourage girls to open their eyes and see their own familiar environments, to find creative expression in translating what they see to some form of art.

Just as the Senior Scouts are hoping to be selected to go to the Roundup, the younger girls can strive to have their art work selected to represent them at the Roundup art exhibit.

Original work may be presented by any Brownie, Intermediate, or Senior Scout.

Entries should depict activities, natural resources, people, places, or things that typify a particular community and have helped to make it what it is today or will be in the future. The possibilities include historic spots, monuments to yesterday's and today's famous sons and daughters, activities of early settlers carried on now in song, dance, crafts, or cooking, civic buildings, the new electric, civic buildings, a grain elevator, a cornfield or anything that says "This is our town, USA."

Reported.

HOLLADAY COW CITED FOR OUTSTANDING RECORD

The Holstein-Friesian Association of America has announced the completion of an outstanding official production record by a registered Holstein cow in this area. Bosque Dandy Peggy, owned by G. E. Texas A & M College supervised the weighing and testing of production as a part of the official herd testing programs of the national Holstein organization.

WASHINGTON—

As It Looks From Here

By OMAR BURLESON, M.C.
17th District, Texas

New York, with its skyscrapers, is about as much perpendicular as it is horizontal; and the United Nations, which is truly a foreign territory, is more like another world than real.

For this reason, the feeling is soon caught that the United States Delegation itself is removed from the people. This suggests the reason why they seem to see through the eyes of an internationalist more than the eyes of a citizen of the United States.

To convince our own people here that the sentiment of the average United States citizen is important as to what is done in the United Nations, would seem to be one of the most important things which I, as a representative of the United States Congress, could do in my role as a delegate.

For instance, our top level people have been reminded and given strong assurances that the people of this country, reflecting their sentiment through the Congress of the United States, will demand that our contribution of funds to operate the United Nations be drastically reduced or completely cut off if Red China is permitted to become a member of the United Nations. The reaction of some

is one of surprise, which shows that they are removed from the thinking of the people back home.

There are other broad issues on which our delegates and State Department officials will be reminded of the feeling which is believed to be that of the vast majority in the United States.

These issues include any decision on Berlin which is not our own, and not that of Nations never involved in World War II; the admission of Outer Mongolia to the United Nations; any disarmament to any degree without an absolute system of inspection, without relying on any treaty agreements with the Soviet Union.

Our own people here are being warned that we cannot be controlled in matters of our own foreign policy by actions of the United Nations. This means the surrender of any part of our sovereignty, such as recommending the repeal of the Connally Amendment.

During this first week's experience, I have taken every occasion to remind my fellow delegates that our past policy of being concerned at every move as to what other nations think of us, has not accomplished any great good. It is suggested that the United States should dominate, or be overbearing with either the small or the great nations, but it does mean that being in the position of leadership, it should lead and not be led.

One only needs to sit, as I have done now for a full week, and listen to some of the harangues and outright insults against the United States—coming from many of those whom we have helped through foreign aid and through agencies of the United Nations to which we contribute, to realize we have not made supporters by our handouts.

On three occasions, speakers

from nations whom we have been helping for eight years stated that it was not foreign aid they received, but only a partial payment for our having exploited their natural resources. This, seemingly, is the feeling of many of the so-called neutrals or uncommitted nations, whose vote in the General Assembly is the same as that of the United States.

As long as we submit to such treatment, not only will we not

have the respect of these nations but others see a great murmur being raised.

It is time a more realistic not a tough policy be applied. We have been steadily losing the end of World War II by summing our rightful role as world leader. We cannot do my opinion, by a weak and endless attitude.

We Ain't Scared of Nuthin' (in the dry cleaning business)

Maybe it's the coat Junior wore when he fell into the mud bog back of the barn—

Maybe it's the new suit Pop had on when he decided to fix the oil leak under the car

Maybe it's the new dress with the Hungarian goulash on it from that housewarming affair last week

Or maybe it's even Mom's new coat which little Susie "improved" with lipstick gobbins in freehand art.
