**PERSON OF THE YEAR**

**AWARD**  
*Presented to*  
**VAN CLIBURN**  
*of Kilgore*

*The Award is presented to Van Cliburn, one of the great pianists of all time, by the Daily News and Herald/Observer of Texas presented by the Texas Press Association. It is presented in appreciation of his high level and distinction in his field and his beloved Lone Star State.*

*After winning numerous competitive awards in his own country Van Cliburn's selected to participate in the Tchaikovsky Competition in Moscow in 1958.*

Over five million young Texas boys have shown that in an effort of which he has not been an attorney, Van Cliburn is a superior pianist who will be remembered for a long time as the boy who won the Tchaikovsky Competition in Moscow in 1958.

Van Cliburn's talent, his family of April, his gracious charm of his personality, his Texas pride, his contribution to an international ambassador of goodwill, and his love for his adopted state, we salute Van Cliburn as "Texas of the Year."

Presented by the Texas Press Association on Jan. 2, 1966, at the T.P.A. Convention in San Antonio, Texas.

**IT'S THE LAW—**

**Legal Checkup is Good Idea**

Legal trouble is easier and cheaper to prevent than to cure. Most wage earners, childbearing, home-buying, installment-paying families don't see much need for a family lawyer.

After a while, however, you may get a lawyer to write a will. But can you tell a big legal risk from a small one? Can you spot the signs of legal trouble?

Check with your family lawyer when:

1. Your Status Changes upon coming of age, marriage, the birth of your children, buying a house, divorce or death. For you may then need to draft or revise your will, change your insurance, or refigure your taxes.
2. You Buy or Sell: Look out for flaws in the papers before you go into debt, part with money, or sign anything involving big expenditures or long term obligations.

3. You Enter Into Other Contracts: Promises, spoken or written, that you if they call for a "consideration," something of value in return.

4. Someone Threatens Your Rights: The law exists to defend them but with some rights you must take action yourself for them to work for you.

When you are being your lawyer "free" help (and unpaid contracts, waiting tax returns, you haven't filed) be sure to meet more for you, and at a smaller cost than when you bring his cold facts (sometimes you have made worse financial trouble).

But above all get both live and cold facts to him at once. For time may run out in many such situations. Your lawyer may be able to do something for you to day, which he cannot do tomorrow.

Tell your lawyer what you want. Tell him all the facts, good or bad, and then keep him informed all along. He is sworn to keep what you tell in confidence, and he cannot serve you well without full knowledge.

(This advertisement prepared by the State Bar of Texas, is written to inform—not to advise. You should never rely on any law without the aid of an attorney who is fully advised, seeing the facts involved, and cause a slight variation in law may change the application of law.)

**FUNERAL SERVICES HELD FRIDAY FOR MRS. SHARY**

A large crowd gathered at the Baptist Church Friday afternoon at 2 o'clock to pay their respects to one of Carlton's beloved citizens, Mrs. Addie Shary, 86, who passed away on Wednesday in a hospital in Dallas after a short illness. Mrs. Shary was visiting in Dallas with her daughter, Mrs. Edna Ormand where she became ill.

The former Miss Addie Ditt was born January 21, 1879 at Thurber. She was married to Joe E. Shary August 22, 1896, and to this union was born four girls and one boy, one daughter dying in infancy.

Her brother, Rev. Charles Ditt of Hondo conducted the services. He was assisted by her pastor,

of her death. Mr. and Mrs. Shary lived in the Sunning community south of Carlton for 25 years before moving to town where he passed away several years ago.

Pallbearers were grandsons, Vanderel Clark, Joe Clark, Jerry Ormand Jr., Donald Ormand, Henry Williamson, Wayland Stephens, a nephew of Mrs. Bill Stephens. Honorary pallbearers were Lewis Ormand and Jimmy Ormand, great-grandsons.

**MISS KING, MR. THOMPSON MARRIED FRIDAY NIGHT**

Rev. Eddie Rickensaker united in marriage last Friday night at 8 o'clock in his home, George Thompson of Carlton and Miss Judy King of Dublin. Attending the wedding were Mrs. Helen Baker and the groom's parents, Mr. and Mrs. Bill Thompson of Carlton. The couple will make their home in Dallas.

Mr. and Mrs. Otto Stuckey were called to Waco Sunday because of the serious illness of his mother, Mrs. M. E. Stuckey.

Dodge Dart 440-2-Door Hardtop

**NEW SIZE DODGE DART—COMPARE IT 6 WAYS FROM SUNDAY**

**1 PRICE.** Car sales are booming. It's a great year to get a great deal. But before you buy, check your Dodge Dealer.

FORD FAIRLANE	\$2079
MERCURY METEOR	\$2203
THE NEW SIZE DODGE DART	\$2241
CHEVY BISCAIYNE	\$2324
FORD GALAXIE	\$2378

The comparison above is based on manufacturer's suggested retail price of six cylinder, 2-door sedans. Does not include tax, license, title, and optional equipment. Dealer sets local laws. (If any) and destination charge extra.

- 2 PERFORMANCE.** Dart has the most powerful standard six in the business. With its standard V8, the car has a phenomenal power-to-weight ratio.
- 3 SAFETY.** Dart gives more braking power-per-pound than any car near its price. As much as 62% more lining area. Brakes adjust themselves.
- 4 DEPENDABILITY.** Dart's body is completely rustproofed. You can go 32,000 miles between grease jobs. A battery saving alternator is standard equipment for fast, sure starting.
- 5 COMFORT.** Plenty of headroom and legroom. Chair-high seats. Near-size

tires that put plenty of rubber on the road. Smooth Torsion-Aire ride.

**6 SIZE.** The new size Dodge Dart is two feet shorter than America's largest car. Two feet bigger than the smallest. It's sized right in the middle.

**SIZED RIGHT IN THE MIDDLE OF THE BIG AND LITTLE**

## Beauties Set League Record, Gain on Shopper Lead

By MORSE ROSS  
League Secretary

Salmon's Shoppers emerged Wednesday night as the sole survivors in first place in the Hico Mixed Bowling League by the slim margin of one point after sharing the lead last week with three other teams.

Considerable excitement was created by Judy's Beauties quartet of keglers who were all hotter than a \$2 pistol. Von Scott scattered 543 pins for his best series to date, while Judy Keller was pulverizing 531 pins to set a new all-time league high for the ladies. Previous high mark was 523 set by Joyce LaBowe on May 12, 1961 in the summer league. Judy's series included a 214 game. Pete Keller turned in a respectable 477 and Mary Nell Scott a very good 457. Their 2008 team total also breaks the old 1887 mark set by the News Review team in October.

Salmon's eked out a 3.1 win over the Orphans to hold first place. The Beauties' 4.0 spree was at the expense of the unfortunate First National Tellers and moved them from a tie for the cellar to a tie for second. Wilson's Dynamos joined the Beauties in second spot by bulldozing the F.W. Ranch Cowhands 3.1. Hico Motor Darts climbed into a tie with the Cheek King Pins by edging them 2 1/4 to 1 1/4. The News Review joined F.W. Ranch and Blair's in a tie for sixth place by gaining a 3.1 victory over the Whiz Kids.

Except for the Beauties, the pins were very stubborn and few good games were rolled. Other players with good scores were Jack Goodman 501,199, Sarah Reeves 406 and Charles Golightly 479 for the Dynamos. Jimmie Ramage was a big surprise for the Darts. Bill Leach put Willard on the practice lanes for the Whiz Kids. Verma Parks was over average for the Orphans. Lou Dell Cheek was the only King Pin above average. Buck and Bette Meador and June Parks carried the Newsbouds. Shirley Ross gave the Shoppers their needed boost. Wilma and Derel Fillingim and June and Rusty Roberson all rolled above their averages in losing, and Buddy Randals had a nice series for the Tellers.

### Standings:

Salmon's	6	2	3360
Judy's	5	3	3568
Wilson's	5	3	3345
Cheek's	4 1/2	3 1/2	3270

- For Representative, 62nd District: Bill Shannon (Erath County); Kai Segrest (Erath County)

Blonde, blue-eyed Mrs. Emily Terrall, of St. Helens, Oregon, is the new "Mrs. United States Savings Bonds of 1962." As a Treasury volunteer Goodwill Ambassador, she will tour the nation during the coming year in the promotion of Savings Bonds. The 37-year-old housewife won the title from among 51 state contestants for the "Mrs. America" title in competition just closed at Fort Lauderdale, Fla., where she appeared as "Mrs. Oregon." The Terrall family is no stranger to Savings Bonds. Husband of the new "Mrs. Savings Bonds" is an industrial engineer, and buys bonds regularly on the Payroll Savings Plan. Mrs. Terrall, an alumna of the University of Washington, has been active in the PTA-sponsored school stamp program. And needless to say, their three sons—aged 7, 9 and 12—are all avid stamp buyers. Mrs. Terrall is the fifth winner of the "Mrs. Savings Bonds" title. She succeeds Mrs. Vivian Ackerman, of Tucson, Arizona.

## MURRAY COX SHOWS TRAVEL FILMS TO REVIEW CLUB MEMBERS AND GUESTS

Murray Cox, world traveler, commentator, leader of the AA Farm Program, and Farm Director, was guest entertainer and speaker at the Hico Club Thursday night, Jan. 25, in the school auditorium. The meeting was club president Miss Nettie Rodgers, and the audience sang "America" under the leadership of Mrs. I. Cook and pianist Mrs. Wayne Lodge. Miss Rodgers introduced Mr. Harold Walker, local agricultural teacher, who in turn introduced the speaker of the evening, Mr. Cox.

Mr. Cox lectured and showed films of his latest European tour, visiting many countries: England, France, the French Riviera — Monaco where Princes live — Belgium, Holland, Germany and Switzerland.

In each country the main tourist attractions were covered and in many country there were views of the native people in their work.

Germany the tour followed the Rhine River, main transportation artery, showing the rich agricultural regions of vineyards, wheat, vegetables, grains and the heavy foot of soil in use. Nothing is wasted; all refuse is added to the compost and returned to the soil. In some places latest and newest machinery is used in this work. In many places much hand labor is carried over to the working of oxen and wooden plows with one hand.

Very much progress has been shown through the Land Reclamation Program. This organization similar to our own co-op work has and has its own manager and board of directors dealing out each land contributor his just share. In Switzerland one whole town turned out to welcome and entertain the Farm Tour with a "cheese party"—cheese to you—to the musicians and Swiss dancers. Many cheese factories found throughout these countries.

Different kinds of beef and mutton were seen; the home of the Brown Swiss in Switzerland, the Charolais in France, the Holstein in Holland and an Irish new breed similar to the Charolais, were visited. In many of these countries the living quarters for the family is over the barn. This saves land space and is more convenient in severe weather, for both man and beast. This tour was made in the early spring during the blooming season of the tulips. The trip would have been worthwhile for that alone as literally thousands of acres were in bloom. Shipping bulbs from Holland is a major industry.

## Mrs. Ross Hostess to WSG Last Week

The Wesleyan Service Guild met Tuesday evening, January 16, in the home of Mrs. Watt Ross with seven members present.

Routine business was taken care of during the meeting when the secretary and treasurers reports were read.

Guild members were invited to attend the WSCS study on South America, and several plan to attend the interesting and informative study.

Mrs. G. M. Bullard was program leader for the meeting. She was assisted with the program, "Alcohol and Christian Responsibility," by Mrs. Darrel Simons, Mrs. Watt Ross, Mrs. E. H. Randals and Mr. S. W. Everett.

Concluding the program refreshments were served by the hostess.

## Officers Elected at Brownie Meeting

Brownie members of Troop 1 met Tuesday afternoon of last week at the Scout House for their regular meeting and social.

New officers were elected for the coming year as follows: president, Linda Bullard; vice-president, Sue McClammy; secretary-treasurer, Trudy Pitts; and reporter, Johnette Walker.

Nine members were present for the meeting and enjoyed playing games following the program.

## Mr. Duncan, a resident of Hico for the past 12 years, died Tuesday afternoon at his home following a long illness.

He was born in Mexico, Missouri, October 8, 1876 and was self-employed in the ranching business for many years.

Surviving are his widow, Mrs. Frank Barry Duncan of Hico; two sisters, Mrs. Dollie Mingo of Fort Worth and Mrs. R. L. Alexander of Spur; and one brother, Arthur Duncan of Hico.

Pallbearers were Jack Malone, W. R. Hampton, Tyrus King, I. J. Teague, Fred Hyles and S. B. Starnes.

## Young Hicoan to Exhibit Hereford at Fort Worth Show

Lucy Vic Stearman of Hico, daughter of Mr. and Mrs. W. C. Stearman Jr., will have one Hereford in competition at the 1962 Southwestern Exposition and Fair Stock Show in Fort Worth, beginning Friday, January 26 and continuing through February 4.

Approximately 10,000 entries from three-fourths of the states of the Union are expected at the 66-year old exposition. The nation's oldest major livestock show, the Fort Worth exposition will keep pace with the times by introducing new departments for carcass steers and Charolais cattle. In all there will be 12 breeds of cattle, 10 of sheep, and eight of swine.

The Fort Worth Rodeo stars will be Lorne Green (Ben Cartwright) and Dan Blocker (Hoss) of TV's popular "Bonanza."

# March of Dimes Helps Dry Youngster's Tears of Pain

Anthony Ryan wasn't normally a crybaby. But at 10 months he began crying almost incessantly, and at times even screamed.

His loving parents in Philadelphia were nearly out of their minds. With four other small children, the household was pandemonium. No one appeared to know precisely what was causing the infant's dreadful paroxysms of pain.

Eight months and countless tears later, the cause of Anthony's agony was at last diagnosed as rheumatoid arthritis, seemingly afflicting every area of his tiny body.

It's 11 years now since Anthony was stricken. He will limp the rest of his life; he cannot play baseball today with the other boys in the block, and he is still in a great deal of pain. As a matter of fact, until just a short time ago he couldn't even turn his head.

Science has not yet licked the problem of Anthony and of thousands of children like him. There is still no simple, accurate test for the early diagnosis of rheumatoid arthritis, although the outlook is hopeful. But many rheumatologists would agree today that had modern diagnostic tools been available to him, and had Anthony been examined immediately by a "team" of specialists in the medical and allied professions—the group of orthopedists, pediatricians, laboratory research scientists, physical therapists and others now available in March of Dimes-financed treatment centers in many parts of the nation—Anthony today might be skating with the other kids on the frozen pond at the bottom of Prince Circle where he lives.

Although much of the injury done to Anthony in past

ON EAST COAST, Dr. John D. Bridgers, director of March of Dimes Arthritis Treatment Center at Children's Hospital, Philadelphia, examines Anthony Ryan, 12 years.

ON WEST COAST, identical twins Cathy and Carol Gile, 7 years, are greeted at March of Dimes Congenital Defects Clinic in University of Washington Hospital, Seattle.

years is irreparable, doctors at a new arthritis treatment center at Philadelphia Children's Hospital, sponsored by five March of Dimes chapters in the area, check him regularly to ease his pain and avoid further damage.

This same "team approach" is also employed by the ever-growing number of National Foundation-March of Dimes chapter-sponsored clinics for treatment of birth defects, another area in which the health organization is concentrating. Infants with any of hundreds of major birth defects are now examined by as many as 12 specialists at each clinic, working together as a team that might include a pediatrician, neurosurgeon, urologist, orthopedist and internist as well as others.

For instance, consider the perils from one birth defect

that surrounded Cathy and Carol Gile, identical 8-year-old twins of Vancouver, Wash. From birth, the children have been seriously ill with a succession of maladies—pneumonia (each six times), ear infections (again, each six times) and other disorders which have meant prolonged hospitalization. Both were found to be afflicted with an inherited lack of antibodies, the substances in the blood which combat bacteria.

At the University of Washington Hospital, Seattle, where 86 March of Dimes chapters in Washington, Idaho and Alaska have financed a birth defects clinic, the attractive little girls twice monthly are given injections which literally keep them alive.

The Seattle "team" at the March of Dimes clinic watches over the twins devotedly.

There are tens of thousands of Anthonys and Cathys and Carols in the United States today. One reason The National Foundation-March of Dimes turned to these diseases three years ago is that almost 700 babies are born each day in this country with significant birth defects, accounting for more than 21,000 deaths each year. Crippling rheumatoid arthritis affects 30,000 children and adolescents—apart from the overall toll of 11 million American victims of rheumatic diseases.

An increasing number of sufferers from these two cruel handicaps are receiving treatment from the specialist "teams" at March of Dimes-financed chapter clinics. As more funds become available, additional centers will be established to provide medical care for even more victims of chronic crippling disease.

decided to wait until it subsides a bit.

C. M. (Chock) Broyles of the Lanham community left Saturday for Alice where he will visit a week or so in the home of his daughter, Mr. and Mrs. Claude Jones and Claudette. En route he spent Saturday night at Evant with his brother and wife, Mr. and Mrs. Mack Broyles. He's sure missing some bad weather here. We understand the temperature is around the 80s there.

Carolyn and Jimmie Don Sellers attended the rodeo and barrel races at the Punch Oglesby Arena at Lanham Sunday afternoon.

Garlon Streater of the Lanham community, and chairman of the Hamilton County Wolf Club was pictured in last week's Hamilton paper with three wolves, each weighing about 30 pounds that the Government trapper had killed. These brought the total to nine that have been killed the past year.

Mr. and Mrs. Neil Jones and family of Whitney visited Sunday with his mother, Mrs. Pedro Jones of Lanham. Mr. and Mrs. Frank Hanes and Mike also visited in the home to be with her brother and family.

Claud Lunsford has moved to the Carlton community.

Rev. Val Vance filled his regular appointment at the Baptist Church Sunday and he and his family were luncheon guests of Mr. and Mrs. R. W. Rachuig.

The following is a list of the children and grandchildren of the late Mr. and Mrs. J. A. Anderson who were donors on the \$115.00 Fairy Cemetery Endowment fund for the care of the J. A. Anderson lot. They are S. P. (Sterling) Anderson of South Hill, Va., \$25; Mrs. Mignon Anderson of Fairy \$10; Mr. and Mrs. Emmitt Anderson of Fairy \$10; Mrs. M. C. Anderson of Hamilton \$5; Mrs. Euphie Anderson of Grand Prairie \$10; Mrs. B. T. Slater of Fairy \$10; Mr. and Mrs. E. E. Michael, Hayward, Calif. \$10; Mr. and Mrs. O. H. Brummett \$10; Mr. and Mrs. W. P. Brummett \$10; Mr. and Mrs. R. O. Peters, Sweetwater \$10; and Mr. and Mrs. Curtis Thompson of Hamilton \$5.

We certainly thank each for their donation and feel sure in time to come they will be glad to have had a part in the fund.

Cemetery endowment funds are now being started in many towns for cemeteries and is a wonderful thing. We now have our fund built up to \$565.00 but will have to get it built up to \$600 or an even number of dollars before we can draw the interest on it. This we hope to do soon. We have some 14 to 15 dollars due on it as soon as we can build the amount to an even number. We know by experience with our work at the

cemetery that a person is making a great mistake when they fail to make some provision for the care of their burial plot during their lifetime.

In the past few years we know of several cases where the last of the families pass away, and the estate divided and no provision set aside for the care of their lot and no donation for its care, and most of these the parents had been making regular yearly donations for the care of their lot. But let us say also that we have a lot of children who haven't forgot about mother and dad's last resting place and are very prompt in sending in their donations, each

year and some twice a year. We do appreciate.

We hate to leave lots unused because of non-support, but just don't have sufficient to work those. As the saying is, dead folks can't talk and we act in life time, it will probably be too late when we are dead.

We had hoped so much to our yearly cemetery report this week but found we had missing bank duplicate and have to check with our newsmen to find the donor of that \$15.00 want to give every donor's name and leave none out when we do it in. So if nothing happens we will send it in next week.

## FAIRY

By MRS. EUNICE DANIEL

This finds us in the grip of winter again. Seems old man winter is determined to finish up the oat crop. Everything is ice-coated and very disagreeable outside.

Mrs. W. E. Cunningham, Mrs. Carl King and Mrs. Howard of the Fairy Methodist Church were hostesses last Saturday night for a housewarming honoring the Claud Holley family at their new

home on the former Carl Blacklock place south of Fairy. A goodly number attended despite the inclement weather. They received many nice and useful gifts.

The Whitehead family have moved to the Lester Smith place in the Lanham community. They had been residing on the Miller place near Fairy, better known as the Hutton place.

The Rushing family from Loop, Texas have moved to the former Jim Thompson place west of Fairy. They have two children of school age, who have entered the Fairy school. We welcome them to our community.

Mr. and Mrs. J. T. Jackson spent Wednesday night and Thursday of last week in Grand Prairie where they made the acquaintance of their first grandson, Tommy Lee Seymour, born Wednesday to Mr. and Mrs. Ernest Seymour. He weighed 6 pounds and one ounce. Mrs. Seymour is the former Miss Gwen Jackson.

Mr. and Mrs. Carl Ray Sellers

and Janice were in Gatesville Sunday where Carl Ray received treatment at the Balze Clinic for a bad crick in his neck from which he had been suffering for a day or so. Glad to report him much better.

Our school was dismissed Monday and Tuesday due to the severe winter weather, and will probably be closed through Wednesday.

Mr. and Mrs. Bobby Parker of Fort Worth are visiting at this writing in the home of his parents, Mr. and Mrs. Virgil Parker. They spent Saturday night at Iredell with her folks. Arriving here Sunday morning he found his father ill of the flu and had intended to return to Fort Worth on Monday morning where he attends the Baptist Seminary and she works as a beauty operator, but the weather was so severe they

WASHINGTON

As It Looks From Here

By OMAR BURLESON, M.C. 17th District, Texas

In recent weeks numerous letters have been received calling attention in the strongest terms to the policy which permits Soviet propaganda to enter the United States free of charge.

Most letters mention this practice in connection with the proposed increase in Postal rates, and certainly the point is well taken.

On September 18, 1961 the House of Representatives passed HR 5751, the purpose of which was to close the loopholes which permitted Communist propaganda from entering the veins of our society without restriction and without notice or warning of its nature.

The Un-American Activities Committee conducted extensive investigations and held hearings on the measure before it was presented. It was found that in the two years prior to these investigations the United States Customs Service processed over 6 million packages of foreign Communist propaganda entering the United States. These packages contained more than 10 million items of printed matter, exclusive of the millions of first class mailed items not subject to inspection.

The studies of the Un-American Activities Committee at various ports of entry showed that there is a steady increase in the volume of Communist literature entering this country. As is the case of well prepared propaganda it was found to be subtle and to present an appealing masquerade. In numerous instances, if not in most, this material was directed to the youth of our country.

The Foreign Agents Registration Act requires registration with the Attorney General of agents of a foreign power who disseminate political propaganda in the United States. It requires a labeling of the political nature of the material in order that the American public may be on notice regarding it. It is the same concept applicable to the labeling provisions commonly found in the Food and Drug Laws which require the producers of poisonous drugs to label them as such.

The success or failure of the laws applying to this problem hinges on the law's enforcement. Since it placed the authority of enforcement within the Customs Bureau someone decided that the Customs people were not sufficiently trained in this particular field to distinguish that which was propaganda and that which was not. As a result, the enforcement was practically vacated. Following this change all sorts of subterfuges were used in order to avoid the impact of the law. Commercial enterprises have been used as a conduit to avoid the general Statute. The present law is somewhat vague as to whose responsibility it is to bring about effective control and to carry out the intent of the Congress.

Therefore, HR 5751 was passed by the House of Representatives on September 18, 1961. This bill, which actually is an amendment to the Subversive Activities Control Act, places the responsibility for enforcement on the Post Office Department. Prosecutions, of course, are under the Department of Justice.

This measure brings within the coverage of the definition of "foreign principle" an organization which is directed or controlled by any foreign government or foreign political party. It includes those who have used existing exemptions for certain commercial activities to disseminate propaganda. It eliminates cumbersome requirements pertaining to the form of political propaganda subject to the provisions of the Act. It definitely fixes responsibility for the enforcement of the intent of the Congress.

This measure was sent to the United States Senate rather late in the last session, where it is now pending. It is to be hoped, of course, that the Senate will give early attention to the measure and pass it in order that a serious problem may be met.

COUNTY AGENT REPORTS

By E. R. LAWRENCE

Here is some 1962 Beef Cattle Outlook information as given by Edward Uvacek, Livestock Marketing Specialist, Texas Agricultural Extension Service, and Russell G. Thompson, Assistance Professor, TAES.

Biological factors and past management decisions have determined to a large degree the size of the present U. S. cattle inventory—99 million head. Cattle numbers are expected to increase during 1962.

A combination of fed cattle prices relative to feed grain prices, large stocks of forage that are fairly well distributed and good pasture conditions continue to encourage an expansion of cattle numbers. This expansion will be almost entirely in beef type cattle. Analysts have estimated that approximately 27 per cent of the 1962 inventory will be slaughtered. This will result in a 4 per cent larger commercial slaughter than in 1961. A lower average dressed weight of slaughter cattle than the record level of 1961 is expected in 1962.

Higher feed grain prices with very little change in prices of fed cattle most likely will encourage lighter market weights in steers and heifers. More cows are expected to be slaughtered. This will also tend to lower slightly the

COW POKES

By Ace Reid

Hey, cattle guards ain't jist to stop cows!

1962 overall average dressed weight from the 1961 record level.

Smaller imports of beef which mainly have been processed beef, are anticipated in 1962. U.S. prices of processed beef will not be as attractive to foreign sellers with more cows in this country being slaughtered.

Evaluating slaughtering, dressed weights and imports simultaneously, analysts expect the total amount of beef available for sale to be 3 per cent greater in 1962 than the amount sold in 1961.

U.S. consumers will continue to demand more beef in 1962. Our population, which will increase by almost as much as the supply of beef, will be the biggest contributing factor. Rising real incomes and relatively stable prices for pork and mutton will also result in more consumer choices favoring beef.

More people will be working in sedentary occupations. These people can be expected to consume more proteins and less carbohydrates. All of these factors should result in a strong demand for our nation's largest supply of beef. Prices of fed cattle throughout

the first quarter of 1962 probably will be similar to those received in 1961. They can be expected to move downward through the spring and summer, but not as sharply as in 1961. Canner and cutter cows most likely will show price weakness in late summer and fall. Less price weakness, however, should show up in utility and commercial cows. Feeder cattle prices are likely to decline during the winter and spring of 1962.

Good pasture conditions encourage ranchmen to hold back marketings of cattle and calves during the fall of 1961. Heavy movements of feeders are expected this winter and spring.

For periods longer than those mentioned, cattle will be marketed at lighter weights as feed prices rise and feeding ratios narrow. Texas cattle feeders probably will feel a considerably greater influence of the emergency feed grain program than those in other areas of the country. Market prices of both corn and sorghum grain will be related closely to their respective support prices. The national support price for the 1961 crop of sorghum grain was 41 cents

higher per hundred weight than for the 1960 crop, while support prices per bushel for corn were only 14 cents higher.

Texas ranchmen can expect lower prices for stocker and feeder cattle and a generally bearish market. Lower price bids for replacement cattle most likely will result from relatively stable prices for fed cattle and higher feed costs.

—ERL—

Don't know just now, but it looks as though much of the grain is killed out. Some think that quite a bit of it might get through though. Too, the cold spell should have a beneficial effect on next year's insects, that is, beneficial to all except the insects. Many have been killed in their winter quarters and this means less next year.

For bathroom warmth that can't be beat, get clean, safe, flameless

electric heat

Modern electric heat is ideal for bathrooms or any tightly enclosed spaces, since it's flameless and consumes none of the oxygen in the air. Electric heat is as safe as electric light... as clean as sunshine. It puts an end to smoke-streaked walls and smudged ceilings. And its instant radiant warmth provides a new experience in comfort and convenience. See your appliance dealer or electrical contractor soon about a built-in electric bathroom heater... wall insert or ceiling model. Clean, safe, flameless, modern!

**SUCCESSFUL FUR BUYING SEASON  
Closes February 5**

Mrs. Westover, Hico Fur Buyer, wishes to thank all the trappers and hunters for the many fine furs they brought in this season. The Game Wardens have contributed to the success of this business by their very fine cooperation. The help and friendliness of the people of Hico was most gratifying and if our good Lord is willing we'll see you next season.

**City, School Tax Deadline Is Wednesday**

Wednesday, January 31, is the last day to pay city, county and school taxes, unless you want to pay the penalty after that date.

Penalty on city and school taxes is 8 per cent, plus one-half of one per cent per month for each month thereafter that the taxes are not paid. In other words, taxes which are delinquent for one year (12 months) are subject to a total of 14 per cent in penalty and interest.

If at all possible, it would be to the property owner's advantage to pay taxes before next Wednesday.

**Five From Here Make Advance Entries In Houston Stock Show**

**Highlights and Sidelights**

By VERN SANFORD  
Texas Press Association

A highway policy matter which has plagued both Houses of the Legislature for 10 years was settled when the House of Representatives passed a farm to market road bill introduced by Sen. Neveille Colson of Navasota and Rep. Grainger of Melihany of Wheeler.

Senate already had approved the bill by a 26-2 vote.

At first, it looked like the House Agriculture Subcommittee, dominated by rural representatives, would succeed in pushing through a modified version of the bill by Rep. Max Carriker of Roby. His proposal was to space out the switch of funds from farm to

market road construction to maintenance over 10 years.

House Agriculture Committee approved Carriker's bill unanimously until Gov. Price Daniel attended a final hearing with President J. H. West of the Texas Farm Bureau, Executive Vice Pres. Callan Graham of the Texas Good Roads Association, Highway Chairman Herb Pety Jr. and a dozen members of the County Judges and Commissioners Association.

After their urging the House Agriculture Committee reversed its original decision and voted 10-9 to table the Carriker version and submit the Colson bill, which reduces the annual appropriation for rural road construction by about \$17,500,000.

When the farm to market road bill becomes effective about May 1, it will make these provisions:

1. Restoration of the \$15,000,000 appropriation from general State taxes to the Colson-Briscoe farm to market road program for the year starting Sept. 1, 1962.

2. A flat instruction for the State Highway Department to build \$23,000,000 worth of newly-designated farm to market roads a year from now on, using the \$15,000,000, plus Federal aid of \$10,000,000 a year.

3. Allocation of half the surplus in the road bond assumption fund—which comes from one-fourth of the gasoline sales tax—to maintenance of farm to market roads in the State system. That will be \$17,500,000 the first year—gradually increasing as gasoline sales tax revenues rise.

4. Freeing an equal \$17,500,000 in the State Highway Fund, now being used for rural road maintenance, for construction and improvement of secondary and primary highways.
