

BACKBONE RESISTANCE TO DRAFT IS BROKEN

ONE OF LEADERS DEAD; 25 OF BAND NOW IN CUSTODY

OTHERS OF OKLAHOMA LAW DEFERS SCATTERED INTO SMALL BANDS

TO WIPE OUT THE REVOLT

Hundreds of Armed Possesmen Occupy Vantage Points in Outlaw Infested Districts

By Associated Press.
Oklahoma City, August 4.—With one of their leaders dead, another captured and at least 25 of their band in the hands of peace officers, tonight officers were of the opinion that the backbone of the draft objectors' army in Oklahoma was under control. The outlaws have been scattered into such small bands that further successful resistance is believed impossible.

A disturbing influence to mar the apparent successful eradication of the trouble was presented tonight at Konawa, in Seminole county, where it was reported that 300 slackers are expected to arrive with the announced purpose of pillaging and burning the town. A special train has left Ada for the scene of the expected attack.

Wallace Cargill, shot through the stomach this afternoon by officers near Rocky Point, died a short time later. Three others beside Cargill were said to have been captured.

Every hillside in the embattled district tonight was bristling with guns, the possesmen being unwilling to relinquish their vigilance until every vestige of revolt is wiped out.

Dusty and fatigued after a day of beating the hills and ravines in Central Oklahoma for organized objectors to the selective draft, posses of sheriffs and deputies were gathering at Saskawa, in Southern Seminole county, tonight. A drive effected along organized lines and working under a single leader is looked for, and possesmen were promising that the enemies of the federal government would be captured before dawn.

The first blood of the guerrilla warfare which has been waged for the last 36 hours, was reported this afternoon in a brush between outlaws and possesmen near Rock Crossing and Friendship. Wallace Cargill, an old man, and alleged to be a ring-leader of the objectors, was shot in the stomach. He was taken to a near-by store house and placed under guard. The posse which captured him was small, containing but five or six men, and of the 20 flushed in the brush, only three others beside Cargill were captured.

A near-lynching occurred this afternoon in the Lone Dove neighborhood, when posses captured four of the objectors, the two McNeely boys, John Gray, an old man, and "Doc" White, a negro. The capture was effected about seven and a half miles northwest of here. In their effort to get information regarding movements of the recalcitrants, one of the McNeely boys was strung up with a rope around his neck. Called to tell what he knew of the objectors' plans, he refused to talk, and the possesmen cut him down, and with other prisoners took him to Saskawa.

Near Konawa three other prisoners were taken. Posses working in the counties northeast of Saskawa were expected at that place tonight, one of them under the leadership of Ex-Adjutant General

THOSE WHO RESIST DRAFT WILL FACE COURT MARTIAL AND POSSIBLY EXECUTION FOR DESERTION

Washington, Aug. 4.—Men of military age who resist draft face court martial and possibly execution for desertion in the case of war. The full power of the federal government and the power of city, county and state will be employed. This was announced tonight by Brigadier Crowder, provost marshal general, in response to reports from North Carolina, Georgia and Oklahoma of draft opposition.

The only official notification received in Washington was a telegram from the governor of North Carolina that registered men from two townships might resist examination.

No official word had come from Oklahoma tonight where the most serious disturbances have been raised but there will be no hesitation in using federal forces if the need arises.

General Crowder's statement follows: "Press reports and other advices indicate that in one or two widely separated districts individuals, misinformed as to the purposes of the law and misguided as to its result are threatening forcible resistance to the draft. There is nothing to resist at this stage. All males between the ages of 21 and 30 inclusive have been enrolled for military service. A preliminary call has gone forth to some such persons but the immediate effect of this call is merely to give them an opportunity to present to the government reasons why they should not be called for military service.

"If such persons do not appear and present these reasons they have failed to take advantage of an opportunity offered solely for their benefit. The failure of persons to take advantage of this opportunity does not interfere with the raising of the army and interests of the government only as a punishable crime of omission. If they do not desire to make such claims, or for any other reason they fail to appear they are posted as having been called and not exempted or discharged. Automatically also they are inducted into the military service and put under military law. Failure to appear merely hastens the automatic process.

"When the time for making the claim has elapsed these persons will be enrolled as in the military service. They will then be ordered to appear as soldiers. From this point on they will be under the same law as soldiers. Failure to appear when ordered to do so will constitute desertion. Desertion in time of war is a capital offense.

In practice under General Crowder's construction of the law registered men who do not appear for examination will be posted to the district board as delinquent for military service at expiration of the five days period allowed them to put in an appearance. Two days more will elapse after their names reach the district board to await appeal action by the individual. They will then be posted to the adjutant general of the state as selected to fill the quotas of their district.

Orders for mobilization will be given some time this month. If the registrant fails to obey the order he will be set down as absent without leave and the machinery of the army will get after him aided by all municipal and state police authorities and U. S. marshals. If it is clear that he is wilfully absenting himself, a charge of desertion will be placed against him and any marshal who arrests him will earn \$50 reward. If found guilty the individual will be sentenced to death and only the president can save him. Thirteen army officers will sit as the court martial.

Frank Cannon, composed largely of former cavalymen. The discomfort of the searchers for the government enemies by the supposedly accurate report that any food or water taken at the homes of the outlaws would be poisoned. Most of the women in the hillside houses and dugouts were said to be ordered by their husbands not to deliver wholesome food to strangers unless they could give a pre-arranged signal.

From prisoners the name of virtually every leader has been ascertained. These hold themselves as captains, and are distinguished by a brilliant red sash. Contrary to reports, rebels seem to be supplied with plenty of ammunition, although their firearms are of every conceivable pattern.

A survey of hardware stores in the district has revealed that the ammunition stock has been bought up in the past few weeks. It was believed that the activity of the objectors in this state, many of whom are said to belong to the "Working Class Union," were but a part of the nationally spread propaganda to resist service in the army. Federal authorities here declare the movement was widespread, but so loosely organized that quick failure was bound to be the outcome.

Informants working with the posses state that but few Indians are contained in the bands against whom the officers are operating. Most of them are negroes, interspersed with ignorant whites.

Although Seminole county tonight appears to be the front where the decisive issue of guerrilla warfare will be fought, the activity of the plotters has covered Pottowamie, Pontotoc, Hughes and Pittsburg counties. The latter county was added to the war sector early today, when an attempt was made at McAlester to dynamite tanks of the Magnolia Petroleum company. Armed horsemen were also operating in that county, promising death for men of draft age who answered the call for examination for soldiers.

So far no troops have been sent into the districts. Governor R. L. Williams in a statement today said: "I won't send any

troops until I see fire from this smoke." It is known that the Oklahoma unit of the National Guard is being mobilized for concentration in a training camp, and should the need arise, it would only be a matter of a short time until as large a number as desired could be called out.

Railroad traffic today was delayed, owing to several bridges being burned and telegraphic communication severed. The most of the damage has been repaired and with heavy guards being placed, no further trouble is anticipated in this line.

OUTLAWS SPREAD TERROR THROUGH COUNTRYSIDE
By Associated Press.
Saskawa, Okla., Aug. 4.—Straggling squads of grim faced possesmen from Hughes, Seminole and Pontotoc counties early today were concentrated at Rock Springs crossing on the Little River, six miles south of here, for final council before continuing the hunt for armed bands of objectors to the selective draft, scattered through the adjacent country, all of which is rough and heavily timbered.

Spreading terror among the people, law abiding rural inhabitants and impressing innocent men into their ranks the objectors have found hiding places in the timbered hills and fields of growing corn and cotton. Possesmen declared it will take several days and possibly a week before they are terminated.

Officers have the names of the outlaws and their arrest is believed to be only a matter of time. Affidavits sworn to by possesmen found in the objectors' ranks who afterwards escaped give evidence that the plot to oppose service in the national army is wide spread but had been poorly organized. It is said that machinations included plans to burn and demolish bridges, demoralize traffic in general and to rob and plunder whenever the opportunity afforded.

ALLIES SLOWLY FORCING GERMANS BACK ON EAST

FRENCH FORCES PARTICULARLY ARE SUCCESSFUL IN LATEST EFFORTS AGAINST GERMANY

WEATHER STILL A FACTOR

No Shifting British Troops Made Necessary as Front Counter Attacks by Germany

The Associated Press war summary today says: "The Teutonic army still advancing although increasing defenses on the eastern front, are being slowly forced back on the west. Gains made by the British on the Flanders front last Friday when the village of St. Julien was captured were followed by an advance by the French Friday night. Notwithstanding the continued inclement weather French forces drove in beyond the Kortewijk Cabaret moving their lines forward while their parols pushed back German outposts and explored considerable areas in advance of the French position.

Lerlin announces the increase of the artillery fire to great violence on the Flanders front. Apparently the renewal of the great battle in all its fury is only awaiting the return of fairly good weather.

The London office makes it clear that no shifting of British troops was found necessary to cope with the situation created by the German diversion of Thursday night near Monchy-le-Preux on the Atras battle front through which the British were made upon the British position on Infantry Hill. Attacks carried out the following day and night by the troops on that spot, the official statement announced, resulted in the capture of the position and completely restored the position.

The situation on the Russian front from northern Galicia to the Carpathians continues favorable to the armies of the central powers but the Polesians appear on the whole to be offering a stiffer defense, particularly on the eastern Galician border. At one point an emergency operation forced the Austro-German forces from the east bank of the Zbrocz, the river forming the boundary line. At another point on this line the Teutonic troops lost two villages.

The Russians continue to yield ground in Pukowina and the Carpathians. They are engaged in a stiff battle with the enemy northeast of Kimmopolze. The Russian forces are falling back on the Moldavia and have yielded the town of Watra on that river to the Austro-German forces.

Berlin sums up the campaign of the last fourteen days on the east as having "swept all Galicia" of the Russians with the exception of a small strip of territory extending southeast from Brody.

On the Austro-Italian front there is somewhat more activity. The Italian army are notably busy. They rapidly followed the recent raid on the Italian front carrying out a second air raid in which great damage is reported to have been done this Austrian naval base.

On the Austro-Italian front there is somewhat more activity. The Italian army are notably busy. They rapidly followed the recent raid on the Italian front carrying out a second air raid in which great damage is reported to have been done this Austrian naval base.

5 PARTIES EXPRESS CONFIDENCE IN PREMIER KERENSKY

CONFERENCE AT WINTER PALACE UNITES HIM TO FORM HIS OWN CABINET

By Associated Press.
Moscow, Aug. 4.—The conference at the winter palace ended at 6 o'clock this morning when each of the five party representatives passed a resolution endorsing the confidence in Premier Kerensky and inviting him to form his own cabinet. Four of these resolutions declared that a new cabinet should adhere to the program of Premier Kerensky on June 21, but the constitutional democrats in their resolution made no mention of the program which they continue to oppose. Premier Kerensky's decision has not yet been received.

GERMANS WEARING STEEL ARMOR AT FRONT IN FLANDERS

EMERGENCY FLEET TAKES OVER ALL SHIPS BUILDING

ABOUT 2 MILLION TONS INCLUDED—SHIP YARDS TO BE PUT TO WORK FOR GOVERNMENT

By Associated Press.
Washington, Aug. 4.—The emergency fleet corporation today requisitioned all merchant vessels of more than 250 tons now building in the American shipyards. Double and triple labor shifts will be put in the yards to speed construction.

No announcement was made as to the exact tonnage taken over but the shipping records show that nearly 700 vessels of more than 2,000,000 of all classes are building.

As fast as the yards are cleared of their present construction they will be put to work on the great fleet the government will build.

Compensation for the construction seized will be determined later.

GERMANS WEARING STEEL ARMOR AT FRONT IN FLANDERS

24 MINERS KILLED IN EXPLOSION IN KENTUCKY MINE

By Associated Press.
With the British Armies in France and Belgium, Aug. 4.—It has been learned that part of the German army is wearing steel armor over their chest and stomachs and attached to the shoulders. Specimens found on German prisoners have been found to be vulnerable to rifle fire and the armor seems an unsatisfactory protection and its weight renders movement very difficult.

By Associated Press.
Chey, Ky., Aug. 4.—Twenty-four men died and 25 injured, was the known toll tonight of an explosion here early today in the subway of No. 7 mine of the West Kentucky Coal Company, according to Charles S. Richardson, vice president and general manager.

Of approximately 140 men in the mine at the time of the explosion, 115 had been brought to the surface early to night, of whom 56 were uninjured. Those still entombed in the inner workings can not be reached before tomorrow and hopes that many of them will be found alive is slight. Officials of the big companies say the cause of the explosion can not be determined until the mine has been cleared.

By Associated Press.
Paris, Aug. 4.—Socialist deputies in the chamber last night decided by a vote of 55 to 9 that Albert Thomas, minister of munitions and member of the war council shall continue as a member of the government. After Mr. Thomas had given his reasons for remaining in office Jules Jusserand, a former member of the cabinet supporting him, pointed out that in view of the recent resolution inviting socialists to abstain from entering cabinets which are animated by imperialist designs the withdrawal of Thomas might be wrongly interpreted and give the German government an opportunity to accuse the French government of a policy of conquest.

By Associated Press.
Amsterdam, August 4.—The Holland American Line Steamship, Noorddam, struck a mine while bound for Rotterdam and although badly damaged has reached port under her own steam. Owing to the low water, however, she was not able to enter and salvage vessels are standing by. The cargo will be unloaded and officials said the steamer might have to be run around. She carries 237 passengers and a crew of 270, all of whom were saved. The explosion occurred at 4 o'clock in the afternoon in stormy weather. The passengers were transferred to a tug boat which accompanied the steamer at the time. This is the second time the Noorddam has struck a mine. Her cargo was valued at \$2,000,000.

By Associated Press.
Denison, Texas, Aug. 4.—The proposed strike of members of the craft on the Missouri-Kansas and Texas which was to have taken place at 2 o'clock this afternoon has been postponed until 10 o'clock Monday morning. The postponement was said to have been at the request of W. A. Webb, chief operating officer of the road, who arrived here this afternoon and went into a conference with representatives of the men and the federal mediators.

The general impression prevails that prospects for a settlement are brighter than they have been for many days.

By Associated Press.
New Orleans, August 4.—That Superintendent of Police James Reynolds had a promotion of death three days before he was shot and killed at police headquarters here by Terrence J. Mullen, a suspended patrolman Thursday, was the statement made by Rev. Thomas J. Larkin, who stated Chief Reynolds last Tuesday made arrangements for his funeral and gave explicit directions to the rector of his church concerning the disposal of his body in event of his death.

FRANCE STRONGER IN FIGHTING MEN THAN EVER BEFORE

FRENCH COMMISSIONER SAYS MANY MEN IN FIGHTING ZONE

A MESSAGE TO AMERICA

FRANCE STRONGER IN FIGHTING MEN THAN EVER BEFORE

By Associated Press.
Washington, August 4.—France is stronger today in fighting men than ever before, says the French commissioner of the United States in a formal communication to Secretary Baker setting forth a detailed statement of what the devotion of the French people has made possible. It contains stunning figures on the men and money they have contributed to the war.

This is the cheering message to the American people given tonight by Andre Cardon, high commissioner of France in the United States, in a formal communication to Secretary Baker setting forth a detailed statement of what the devotion of the French people has made possible. It contains stunning figures on the men and money they have contributed to the war.

It breathes the spirit of confidence that still animates the nation. It asserts without hesitation that the allies has fallen to the French arms.

Secretary Baker paid high compliment to the spirit of France in his brief reply. American officers are unendingly praising the courage and efficiency of the French people.

"Now that America has begun to contribute soldiers and materials to the war," says the secretary, "it will be well for our people to have the story you have told in order that we may realize that our army is going to share the imperishable glory which belongs to the soldiers of France and her allies who have fought so long and with such increasing spirit in the M. Cardon in his statement says to the United States that the French army today there are nearly 3,000,000 soldiers in the war zone exclusive of the colonies. There are a million more men and women used to stem the German flood tide in the Marne and the greatest number France has ever used in the fighting zone. The commission adds that the force can be maintained for a long time to come and he shows that French casualties killed and prisoners has dropped from 5.41 per cent of all mobilized forces of the battle-front of the Marne to 1.28 per cent during the last six months of 1916 that France is holding 474 kilometers of 730 on the western front and that her troops in 1916 this year were facing 51 of the 123 German divisions concentrated on that line.

RUMORS OTHER CHARGES AGAINST GOVERNOR HEARD

MANY WITNESSES SUMMONED BUT NAMES HAVE NOT BEEN MADE PUBLIC

FLY'S VIEW ON MATTER

Member Who Will Preside Thinks Investigation Reflects on State As Well as Governor

Special to The Times.
Austin, Texas, August 4.—W. M. Fly, member of the legislature who is to preside in the inquiry into the charges preferred by Governor Ferguson, which began Monday morning, said this afternoon that all efforts will be made to expedite the work, although it is to be thorough in every respect. He declared that this investigation should never put an end to such proceedings in the legislative body. He said that such investigations not only injured the individual involved but also reflected on the state.

This afternoon and tonight conferences and caucuses were held by the friends of the governor and also by the opposition at which the details of the hearing which begins Monday were discussed and various points determined.

No additional charges, Mr. Fly said, had been filed against the governor. He did not know whether or not there could be any more charges although it is reported that other charges may be filed. The names of the witnesses summoned to appear at the hearing have not been disclosed. It is expected that additional ground for speculation as to what is expected to be proven by the witnesses.

Harley Vacates Seat.
Senate Committee on Privileges and Elections has reached the conclusion that Senator Harley, who has joined the army vacates his seat in the Senate. Senator Harley goes into the army tomorrow. This leaves the membership of the Senate 29 members. It also held that sixteen members constitute two-thirds of the membership. With a full Senate it would require 21, consequently in the event the resignation charges reach the Senate, it would require 19 affirmative votes to find the governor guilty, and to impeach him, while an analysis of the situation has disclosed that the resignation charges will not materialize in the event the case reaches that body.

Many Witnesses Summoned.
The list of witnesses to be summoned at the hearing of Speaker Fuller's charges against Governor James E. Ferguson next Monday will be many times longer than that appearing at the investigation of the resignation charges of the Davis committee last March. Processes were issued this morning for a dozen witnesses to appear on Monday. Names of witnesses served and to be served have been withheld, by the House sitting as a committee of the whole. It is expected that over 100 will not materialize in the event the case reaches that body.

By Associated Press.
Washington, August 4.—The American mission to Russia, headed by Elihu Root arrived here last night. No official statement on the work of the mission in Russia or the report that the mission will make on its return to Washington could be obtained.

Mr. Root acting as spokesman, declared he had established that beyond the party had been hospitably received in every Russian city that they visited.

From the Russian revolution will be developed a stable government, according to James Duncan, vice president of the American Federation of Labor, told the United States and Bank declared, by the radical social reformers of the characters of I. W. W. who have returned to Russia. "After having lived in the last six months of Charles Edward Russell declared that the task of new Russia was greatly handicapped by German influences and the lawless activity of German propagandists.

After the party came ashore they were entertained at a luncheon. From this luncheon the members of the party went to a social dinner which will be conveyed to Washington.

"I have abiding faith that Russia through trial and tribulation will work out, create and perpetuate a great free governing democracy," Mr. Root asserted in a speech at the luncheon.

**GUARD BECOMES
 PART OF FEDERAL
 ARMY TODAY**

PROMPTLY AT NOON COMPANIES
 F AND G WILL BE MUSTERED
 INTO FEDERAL SERVICE

WILL CAMP AT THE LAKE

Two Companies Expected to Remain
 Here Until Camp Bowie at Fort
 Worth Ready

Today Companies F and G Infan-
 try of the National Guard are part
 of Uncle Sam's regular army. At
 noon promptly, the muster roll will
 be called and every name on it must
 be answered. All members of the
 National Guard not present at the
 mustering in, will be classed as ab-
 sent without leave and will be subject
 to court martial under the federal
 army regulations. The instructions
 have been specific on this point.

After today the camp at Lake
 Wichita will be run as a regular army
 training camp, with all the rules, reg-
 ulations and discipline of such. Drill-
 ing will be the order of the day, and
 the men will undergo the same train-
 ing that has been given heretofore
 at the regular training camps. Cap-
 tains Perkins and Stanforth are in
 camp with the men, and are making
 every effort to have all the arrange-
 ments complete as soon as possible.

A government allowance of seven-
 ty-five cents per man per day has been
 passed for maintenance. The sleeping
 accommodations, however, are at pres-
 ent far from complete. About forty
 men have been living in some of the
 canvas cottages at the lake, and
 there is a consignment of tents, cots,
 and blankets on the way. Till such
 time as it arrives, however, the men
 will have to sleep in the open. This
 equipment is arriving as fast as pos-
 sible, but as there will be between
 three and four hundred men in camp,
 it will probably be some time before
 the entire camp is supplied.

The only uniforms in the regiments
 will be such as the privates have pur-
 chased for themselves as here too
 the government has been too over-
 worked to supply them. It is not at
 present planned to put the men in
 uniform till they move to Camp Bowie
 at Fort Worth, which it is expected
 will be some time between the middle
 and the end of the month.

The Guard are very proud of their
 standing and there is the utmost
 eagerness on their part to co-operate
 quickly and efficiently with the fed-
 eral authorities and to facilitate all
 arrangements as far as possible.

The advantage of having the en-
 tire military machine under one man-
 agement is obvious. It centralizes the
 control, and simplifies the whole com-
 plex system of orders, regulations, ex-
 penses, and all the many details that
 are essential to the smooth work-
 ing of the army. It avoids all the con-
 fusion and complexity which would
 obtain with two independent ma-
 chines, and makes for the perfect co-
 ordination of the two forces.

**PATTERSON'S HARVESTER
 TO BE TAKEN TO WACO**

W. A. Patterson's cotton harvester
 is about to be shipped to Waco for
 further improvements. Improvements
 have been added to this machine, and
 it is believed that it will come suc-
 cessfully out of the thorough tests
 that are to be made of it.

This invention, if it should prove
 successful, will probably revolutionize
 cotton farming, as it will do for it
 what the binder and thrasher have
 done for wheat. The cotton will then
 be cut, leaves, twigs, stalks and all,
 and will pass through the machine,
 which will separate the cotton from
 the rest of the plant. The by-products
 also will be valuable, the leaves and
 twigs being usable in feed, and the
 stalks in the manufacture of paper.

Such a machine in good running or-
 der should represent a fortune for
 the inventor, and an immeasurable
 boon to the cotton farmer.

At the Churches

First Methodist Episcopal Church
 (Corner Seventh and Lamar.)
 Special evening service at 8:15 with
 a big choir of Boy Scouts under the
 leadership of Mr. George Taylor, and
 the orchestra with Mrs. Benson. Sub-
 ject of sermon: "The Question of
 Life," in relation to the economics of
 high prices and to the Word of God.
 Mr. Taylor will sing his solo. The or-
 ganist, Mrs. Marquado will play as
 voluntary, "Fantasia in C Minor" by
 Mozart.

Regular morning services. Sunday
 school at 9:45 a. m. Robert Carey,
 superintendent. Interesting classes
 with trained teachers are making the
 Sunday school grow every Sunday.
 Morning worship with sermon "God's
 Part in Worship." Last in this series
 of sermons, "The Philosophy of Wor-
 ship." Special music by Mr. Taylor.
 Voluntary selection, "The Idle In-
 prompt" by Lack. Bring your friends
 to a fellowship and services that you
 can't afford to miss.

HARRY F. DRAPER, Pastor.

Church of The Good Shepherd
 Holy Communion 7:30.
 Sunday school 9:30.
 Holy Communion 11:00.
 No evening service. We cordially
 invite you to the morning services.
 All seats free and a hearty welcome.
 FRED T. DATSON, Rector.

First Baptist Church
 There will be no preaching either
 in the morning or evening. Sunday
 school will be held at the usual hour.
 Prayer meeting Wednesday evening.

First Christian Church
 (10th and Travis Streets.)
 9:30 the Sunday school opens. The
 orchestra under Gerald Pond leads the
 music.
 10:45 church services begin, closing
 at 12 sharp.
 Sermon subject, "The Man with the
 Hoe."
 Regular meeting of elders and dea-
 cons at 3 p. m.
 The Endeavor meetings begin at 7
 p. m.
 Evangelistic song services at 8 p. m.
 Evangelistic song services at 8 p. m.
 Chart sermon on "What Must I Do
 to be Saved?" with the Amen at 9:15.
 To all of these meetings you are in-

ited. A warm welcome in a cool place
 awaits you.

At The First Methodist Church, South.
 (Gus Barnes, Pastor.)
 Sunday school at 9:30 a. m. T. B.
 Baggett, assistant superintendent in
 charge.

Preaching 11 a. m. by the pastor.
 Subject, "Joseph."

Sacramental and Baptismal service.
 Senior Epworth League 7:45 p. m.

Junior Epworth League 7:30 p. m.

Preaching 8:15. Subject, "The Chick-
 ens Coming Home to Roost."

Mrs. C. Y. Tully will sing at the
 morning hour, "The Earth is the
 Lord's," by Schaefer.

We shall be glad to see you at any
 and all of these services.

First Evangelical Church
 (Corner 15th and Broad.)
 Sunday school 9:45 a. m., Albert
 Laukhuf, superintendent.

The pastor will use as a subject for
 the morning discussion "Man's Want
 and God's Supply."

Morning worship begins promptly at
 11 o'clock.

Evening worship 8:15 following the
 Senior and Junior Alliances which be-
 gin at 7:30.

The pastor's evening subject is "Indi-
 vidual Responsibility."

Prayer service 8:15 Wednesday.

A welcome to all.

The Ladies' Aid will meet in busi-
 ness session Monday 2:30, followed by
 a short Bible study based on "David,
 the Tribal King of Judah" covering the
 first five chapters of I Samuel. A
 splendid number attended last Mon-
 day and the interest does not lag even
 though the days are very warm. You
 will benefit greatly by taking advan-
 tage of this hour with the Bible.

GEO. E. ALSTADT, Pastor.

THE INSTRUMENT OF QUALITY
Sonora
CLEAR AS A BELL

The Sonora Phonograph will be hard to get before
 long, on account of the abnormal war demand for steel
 products, labor, and other necessary materials. Better
 make your selection early, so as to avoid disappointment.

The SONORA received the ONLY PERFECT
 SCORE FOR TONE QUALITIES, in competition with all
 other known phonographs, at the PANAMA-PACIFIC
 EXPOSITION.

WHAT IS CHIROPRACTIC?

I WAS arrested Friday by county officials on a charge of practicing medicine with-
 out a license. Other Chiropractors have been arrested on the same charge before me,
 and, almost without exception, have been found not guilty, so I am not worrying about
 the outcome in my case. I want to tell you, however, what Chiropractic is:

CHIROPRACTIC IS A DRUGLESS HEALTH AGENT
Effected Through Scientific Adjustments of the Spine

There are no drugs, nor use of the knife in the practice of Chiropractic. It is a
 Science of things natural; a system of adjusting the articulation of the Human Skeleton
 by hand for the elimination of the CAUSE of disease. It is a method of adjusting the
 CAUSE of disease without the use of drugs or instruments, based upon a correct knowl-
 edge of Anatomy and especially the Nervous System.

"Ki-ro-prak-tic" is a coined word meaning "done with the hand." It is applied to the
 only Science and Philosophy which enables its operator, the Chiropractor, to analyze and
 locate unerringly the physical CAUSE of disease, and then promptly and effectively re-
 move that CAUSE.

The Chiropractic method is an exact, scientific method of determining the location
 of any vertebra, which on account of its mis-alignment, is responsible for nerve com-
 pression, and also provides a certain, unailing means of adjusting or removing this
 CAUSE more promptly, radically and PERMANENTLY than any other known method.
 When the CAUSE is removed the EFFECT of the CAUSE (disease) disappears and health
 is the result.

Chiropractic is based upon the natural law of Cause and Effect. The principle of
 Chiropractic (adjust the CAUSE and the EFFECT is eliminated) is right. Clinical ob-
 servation of many thousands of cases, representing every known condition the human
 body is subject to, shows conclusively that this science is reaching the cause of disease,
 opening the way for NATURE to cure. Chiropractic is not a theory, but a Science of
 FACTS, and in doing for humanity that which other professions have been striving mer-
 itoriously to do so for ages.

GOING DIRECT TO THE CAUSE

of the majority of so-called diseases is the reason of Chiropractic efficiency as a drugless health agent; that is why
 adjustments benefit you when all "treatment methods" have failed. Disease is a medical term. It is a misnomer. All
 so-called "disease is but bodily incoordination. The "diseases" here named are called such to educate the reader by
 contrast to proper terminology.

Slight subluxations at the first vertebrae will cause so called headaches, eye disease, deafness, epilepsy, vertigo,
 insomnia, wry neck, facial paralysis, locomotor ataxia, etc.

A slight subluxation of the second vertebrae is the cause of so-called throat trouble, neuralgia, pain in the
 shoulders and arms, goitre, nervous prostration, la grippe, dizziness, bleeding from the nose, disorder of the gums,
 catarrh, etc.

The third vertebrae locates the part of the spine wherein subluxations will cause so-called bronchitis, felons, pain
 between the shoulder blades, rheumatism of the arms and shoulders, hay fever, writer's cramp, etc.

The fourth vertebral subluxation causes nervousness, heart disease, asthma, pneumonia, tuberculosis, difficult
 breathing, other lung troubles, etc.

Stomach and liver troubles, enlargement of the spleen, pleurisy and a score of other troubles, so-called, are
 caused by subluxations of the fifth vertebral of the spine, so light as to remain unnoticed by others, except the
 trained Chiropractor.

At the sixth vertebral we find the cause of so-called gall stones, dyspepsia of the upper bowels, fevers, shingles, hiccough, worms,
 Bright's disease, diabetes, floating kidney, skin disease, boils, eruptions and other diseases, so-called, are caused by nerves being pinched in the spinal open-
 ings.

Regulations of such troubles as so-called appendicitis, peritonitis, lumbago, etc., follow Chiropractic adjustments.

Why have so called constipation, rectal troubles, sciatica, etc., when Chiropractic adjustments will remove the cause?

A slight slippage of one or both innominate bones will likewise produce so-called sciatica, together with many "diseases" of pelvis and lower extremities.

ARE YOU SICK?

If you have tried everything else and are discouraged, Chiropractic bears a message of hope for you. Near-
 ly every kind of disease (so-called) is being permanently eliminated through the DRUGLESS science of
 Chiropractic, which removes the cause. When cause is corrected nature then can do her perfect work and
 restore your health.

In regard to the case which the county officers have preferred against us, we wish to say that we welcome the op-
 portunity to try out before the people of Texas the merits of Chiropractic. It will stand the test, and we are not afraid of
 the outcome. We shall continue to practice in Wichita County, and invite all who are sick or ailing to come to us for ex-
 amination and consultation.

F. A. BLACK, D. C.

Member U. C. A. CHIROPRACTOR Graduate P. S. C.

HORNSBY CLOSE BEHIND ROUSH FOR BATTING HONORS IN NATIONAL LEAGUE

Chicago, August 4.—Roger Hornsby, the hard hitting St. Louis shortstop, is making a desperate bid for batting honors in the National League. Unofficial averages released today and including games of Wednesday, show him batting .325—five points behind Roush of Cincinnati, who is showing the way. It's the first time Hornsby has been in second place this season. Cruise, his teammate, who was second a week ago, is batting third with an average of .327.

Hornsby leads the league in total base hitting. He has stretched 104 hits for a total of 171 bases. Eight home runs, nineteen doubles and eleven triples stand out in his remarkable batting. Craveth of Philadelphia, however, has tied him for home run honors.

Cincinnati sluggers are keeping up their terrific pace. Hal Chase is in the 300 class with a mark of 302. Four of his teammates also are batting above the 300 notch, the list including Clarke, second string catcher. Their performances are keeping Christy Mathewson's team in front in team batting with an average of .265.

Barnes of New York regained the lead in scoring, depositing Home Run of Cincinnati. Burns has crossed the plate 68 times. Doyle, Williams and Deal of Chicago are tied for honors in sacrifice hitting with twenty each. Carey of Pittsburgh continues to show the way to the base stealers with 29.

Leading batters for half their clubs: Roush, Cincinnati, .333; Hornsby, St. Louis, .328; Cruise, St. Louis, .327; Fischer, Pittsburgh, .313; Rauff, New York, .310; Groh, Cincinnati, .305; Lurns, New York, .304; Chase, Cincinnati, .303; Griffith, Cincinnati, .302; Naeke, Cincinnati, .302; Rawlings, Boston, .301; Whitlow, New York, .300.

Leading pitchers participating in twenty or more games, rated according to earned runs per game: G. W. L. ER Anderson, New York 20 8 7 1.58 Alexander, Phila. 26 18 8 1.85 Schupp, New York 22 13 5 2.04 Cheney, Brooklyn 22 6 5 2.02 Vaughn, Chicago 24 13 9 2.37 Peritt, New York 21 9 4 2.39 Doak, St. Louis 26 10 10 2.52 Schneider, Cincinnati 27 14 10 2.53 Riskey, Phila. 23 11 11 2.59 Prendergast, Chicago 21 2 3 2.59 Ty Cobb Near 400 Mark

In the American league, Ty Cobb is within sixteen points of the 400 mark. The Georgian is batting .384—an increase of seven points over his figures of a week ago. Going to bat thirty-five times in his last eight games, Cobb bagged twelve hits, including three doubles and a pair of triples.

The Detroit star boosted his total base hitting to .228 and his lead in runs scored to seventy-six. Cobb scored twelve times in eight games. He also stole five bases.

Both of Cleveland added two stolen bases to his total, bringing it up to thirty-three. Veach of Detroit grabbed the lead in home run hitting with seven, while Chapman of Cleveland, the leading sacrifice hitter, increased his

total to fifty-three. Detroit continues to lead in team batting with .260. The averages include games of Wednesday. Leading batters for half their clubs: Cobb, Detroit, .384; Speaker, Cleveland, .362; Sisler, St. Louis, .342; McInnis, Philadelphia, .310; Baker, New York, .310; Roth, Cleveland, .308; Veach, Detroit, .296; O. Milan, Washington, .298; Ruppel, St. Louis, .297; Rice, Washington, .297; Heilman, Detroit, .296; Chapman, Cleveland, .296.

Table with columns: G, W, L, ER. Lists statistics for various players like Cleteo, Chicago, and Babe Ruth.

SATURDAY'S RESULTS.

Texas League: Waco 6, Fort Worth 1; Houston 3, Shreveport 4; San Antonio 2, Dallas 2. Thirteen innings, called on account of darkness.

American League: Boston 3, Cleveland 2; New York 6, Detroit 3; Philadelphia 3, Chicago 7; Washington 5, St. Louis 3.

National League: Chicago 5, Philadelphia 1; Pittsburgh 3, Boston 6; Cincinnati 4, New York 1; St. Louis 3, Brooklyn 0.

Southern League: New Orleans 4, Memphis 1.3; Birmingham 5, Nashville 2; Atlanta 4, Chattanooga 1. Thirteen innings.

Second game Atlanta 5, Chattanooga 0, seven innings.

Western League: Fort Smith 2, Oklahoma City 6; Denison 8, Sherman 1; Muskogee 2, Ardmore 2; McAlester 6-10, Tulsa 5-2.

American Association: Kansas City 6, Milwaukee 7; Minneapolis 4, St. Paul 4.5; Louisville 13, Columbus 9; Indianapolis 8, Toledo 6.

Western League: Wichita 2, Lincoln 4; Denver 4, Des Moines 12; Hutchinson 1, Omaha 7; Joplin 7, Sioux City 0.

LIGHT FINE ON AMERICAN SUSTAINED BY TOKIO COURT

Tokio, Aug. 3.—The court of appeals has rejected the appeal taken by the public prosecutor in the case of Ralph Hoyt Thayer of Utaca, N. Y., who was recently fined \$10 for entering a fortified zone at Yokosuka without authority.

There was no reason, the court held, for sustaining the request that the penalty be made heavier.

HIGH PRICES CAUSE TOO MUCH FOOD ADULTERATION

Paris, Aug. 4.—High prices of food have, since the first of the year, provoked increased adulterations, it appears from statistics of the Municipal Laboratory of Paris. Of 1075 samples analyzed in May, 256 were declared impure by the city chemists. This proportion of 25 per cent of frauds among products examined is the highest ever recorded. It was about 17 per cent in January.

These figures cannot be taken as a comprehensive summary of the situation since among the samples analyzed were many that were presented by consumers merely as a precaution.

Milk and wine are the most frequently subject to fraud, while the number of "substitutes" for different edibles multiplies constantly as does the audacity of the inventor of artificial foods. Recent investigations have exposed most daring experiments by compounders of extracts to take the place of meat and new compounds to replace butter. Every case of fraud detected is rigorously prosecuted by the inspection Department, reduced by the mobilization of a considerable part of its force, has difficulty in keeping pace with frauds.

JAP BARON PREACHES GREAT COMMERCIAL MORALITY

Tokio, Aug. 4.—Baron Elichi Shibusawa, Japan's foremost financier and business man, now retired, is showing his practical devotion to Japan's welfare by delivering a series of talks on ethics, especially on commercial morality, before the Tokyo commercial schools. He said:—From my business experience of fifty years, I have learned that morality and economics can be harmonized. It is my duty to inculcate this principle in the minds of young commercial students.

"POP" GEERS REMAINS IDOL RACE GOING PUBLIC

Cleveland, Ohio, Aug. 4.—Crippled from his many accidents on the harness turf, but still carrying his friendship making smile, "Pop" Geers, the veteran harnessman from Memphis, Tenn., remains the idol of the race going public.

This year "Pop" has not a stable like those which he has been accustomed to take down the Grand Circuit, but it is always the Geers' entry that gets the applause from the crowd when the "grand old man of the sulky" appears on the track.

Geers hasn't been among the leading winning race drivers so far, but unless critics are wrong in their predictions, Geers is coming. Peter June, a handsome two year old colt by the famous sire Peter, the Great, is the phenomenon that Geers will spring at the coming season meeting August 13, and the horse appears to have a future that will include titular honors.

Peter Volo, with a tab of 2-04 1/2 as a two year old, today holds the stallion championship for that age, while the Real Lady, with a mark of 2-04 1/4, is the world's champion two year old filly.

While these records surprised the entire horse world, horsemen will not be surprised if Peter June surpassed both. Although he has yet to make his first start, which incidentally will be made at North Randall on Tuesday, August 14, he has already shown ability to tramp close to two minutes. He has worked considerably better than 2-10 and has stepped a final half in one minute flat.

And if Geers does uncover a champion, it will be a feat he is proud of for he is now in his sixty-ninth year and has seen double the service of any of the other Grand Circuit reinsmen. Just 49 years ago, Geers drove his first race and since then he has never been even suspected of having driven but to win. That "honesty is the best policy" has certainly been proved in his case.

MORE POSITIONS EVACUATED BY RUSSIAN TROOPS

Petrograd, Aug. 4.—Kimpung in Southern Russia has been evacuated by the Russians, the war office announced today. The Russians are now engaged with the Austro-German forces on the River Bratza. Between the Dniester and the Pruth the Russian retirement was continuing.

The Russian forces in Southeastern Galicia, the official statement says, after a battle with the Austro-Germans retired across the River Cbroc at its confluence with the River Dniester.

NO CLERGYMAN TO SPEAK AT FUNERAL OF LITTLE

Butte, Mont., Aug. 4.—No clergyman will speak at the funeral of Frank H. Little, the I. W. W. leader who was lynched here, but leaders of the Metal Mine Workers Union will read messages from labor organizations in various parts of the state. Following the receipt of the telegram from William D. Laywood to bury Little on his battleground the plan to send the body to Oklahoma was abandoned and interment will take place in the cemetery tomorrow afternoon. Twenty men picked by the leaders of the Metal Mine Workers Union will carry the casket to the grave. Several thousand miners will be in attendance. City authorities have prohibited speech-making, demonstrations and carrying of banners and to insure enforcement of his order, the chief of police has ordered every man under his control to report for duty tomorrow afternoon. The sheriff's office has also strengthened its force.

The inquest, which started yesterday, was postponed until Monday.

FAVORABLE PROGRESS ON CANTONMENTS

San Antonio, Aug. 4.—Lieutenant Colonel H. C. Labauch returned this morning from a trip of inspection to the cantonment sites at Fort Worth, Waco and Houston, and reported to General Parker, commander of the Southern Department, that satisfactory progress is being made at all of the camps and that the probabilities are that they will be ready for occupancy by August 15 or shortly thereafter. Colonel Labauch says the cities are co-operating with the army officials and doing all in their power to accelerate the work.

ARKANSAS FARMER HURRIED FROM MOD

Little Rock, Ark., Aug. 4.—Charged with assaulting his 12-year-old daughter, Arthur Burns, 47 years of age, a farmer near Russellville, Ark., was brought here last night and placed in the penitentiary for safe keeping. Attorneys appeared for Burns when arraigned in Russellville and waived examination for him. Burns was hurried to Little Rock when a mob began forming in the vicinity of his home.

HEARING IN RAILROAD INJUNCTION POSTPONED

Austin, Texas, Aug. 4.—Hearing of the injunction proceedings instituted in the federal court by the railroads against Attorney General Looney to injoin him or his assistants from prosecuting suits filed by the attorney general against the railroads in the Fifth District Court was postponed until next week.

WELL KNOWN TEXAS TRAVELING MAN DIES

W. J. Bansemmer, 62, widely known traveling man of Texas, died here this morning following a stroke of paralysis.

DELL SHOEMAKER SUFFERS PAINFUL INJURY

Dell Shoemaker, 512 Holliday, happened to a very painful accident last Tuesday while on a camping trip with some friends in Lake Wichita. The party was preparing to set a trot line when Mr. Shoemaker stepped on a brass belt buckle, cutting a small gash on the ball of his foot. No particular attention was given the wound until about 4 o'clock the next morning when Shoemaker was awakened by the intense pain. He came to town immediately and consulted a physician, who advised him that at that time it was not necessarily serious. The wound continued to trouble Mr. Shoemaker and it was thought for a while blood-poison had set in, but his condition was much improved last night and it was thought he would probably be able to be in town the first of the week.

DELANEY-CARRINGTON WEDDING SATURDAY NIGHT

Saturday night at the home of the bride's mother, Mrs. Bertha Delaney, 1303 Bluff, Miss Jewell Delaney was united in marriage to Lewis H. Carrington, the Rev. Harry E. Draper officiating with the ring ceremony. Miss Ruby Delaney and Alvin Delaney, sister and brother of the bride, attended as maid of honor and best man. The ceremony was held at this time in order that the brother, who will be mustered into federal service tomorrow as a member of one of the local companies of the National Guard, might attend. The bride was attractively gowned in blue crepe with trimmings of silver lace and carried a bouquet of pink and white carnations. The maid of honor wore a frock of orange and lace with touches of pale green. The groom and his attendant were garbed in the conventional black. Both young people are well and favorably known here. The bride was a member of the 1917 graduating class of the local high school and is a young girl of many pleasing characteristics. The groom is in the employ of the Pierce Fordyce Oil Corporation here. Mr. and Mrs. Carrington will make their home in Wichita Falls. Present at the wedding ceremony were: Mr. and Mrs. J. J. DeBerry, Mr. and Mrs. E. E. Carrington, parents of the groom, Misses Ha and Una Cook and the family of the bride.

THURSDAY DAY FOR SENDING NAVY RECRUITS TO DALLAS

No men will be sent to the Dallas navy station from here, except on Thursdays hereafter, unless they are cooks, machinists, or musicians. The weekly quota for the district can apparently be filled by having the Dallas office open on one day a week, and Friday has been chosen as the day for enlisting men at that point. It is not stated whether the Dallas office will be closed during the rest of the week, but only that officers will enlist men on Fridays, except the classifications above mentioned.

ESTABLISHED 1884 INTEREST Is the greatest incentive towards saving money. When you find your money is earning something, you feel more like saving. Editorial Room: 167A
Wichita Falls, Texas, August 5, 1917.

Usually the average wheat crop of Texas is around twenty million bushels. With the price of wheat fixed for the producer by the government there is sufficient land in Texas capable of producing from eight to thirty bushels of wheat per acre to more than double the amount of wheat production, and at a guaranteed price of \$2 per bushel no farmer with land that will produce wheat can well afford to allow it to lay idle.

Monday has been set as the day when the investigation of the impeachment charges brought against Governor Ferguson are to begin, and from the plans that have been mapped out, it is going to require several days—perhaps weeks, before the charges are finally disposed of.

We see now that the former partial legislative investigation was unsatisfactory for the very lack of the completeness that was needed, since it omitted several departments of the government that ought to have been investigated, and was conducted under technical rules that halted the inquiry where for the good of all concerned it ought to have proceeded.

The people are openminded and they want all the facts and all the facts should be elicited. To use one of the Governor's expressions, all the cards should be placed upon the table face up.

Whether the complete investigation will require thirty days, sixty days or the balance of the year is of little consequence. The good name of the State and the reputations of all implicated officials demand that all the truth and nothing but the truth be elicited, because it is desirable to get rid of this scandal at once and for all.

The man who has nothing to brag about but his ancestors is like a turpentine tree that has its roots in the ground.—Dallas News.

What do you think is the most difficult thing for a beginner to learn about golf? "To keep from talking about it all the time."—Boston Transcript.

Even if Indiana has filled its army quota it isn't merely going to sit on the fence and wait for New York and those other "free-wheelers" to catch up with it. Business will be pretty much as usual in the recruiting line.—Indianapolis News.

"Wouldn't it be a fine world if everybody was contented with his lot?" "Dunno about that." "Oh," "It might put a crimp in my business, the rest of the world went out."—Louisville Courier-Journal.

Still, we can't see how a Russian could have an easier time through calling his commanding officer by his first name.—Washington Post.

Now that Italy has taken it in two, beating up the German and Austrian armies seems to be a sort of fad over there in Europe.—Macon Telegraph.

"Do you practice deep breathing as I told you?" "Can't do it, doctor, with our getting our lungs full of gasoline."—Kansas City Journal.

CALL FOR HELP IN OKLAHOMA RECEIVED HERE

A call from Carter county, Oklahoma, for help in coping with the slackers or activities there was received at the office of United States Commissioner Lantz Saturday morning. The officer here were powerless to act in the matter. The call came through the Katy office here which asked for men to help in guarding bridges.

too much division of responsibility and too many salaries and expense accounts in consequence. Perhaps there is too strong a tendency to appoint a "board" to perform certain work that a "man" could perform with more neatness and dispatch. Maybe (who knows) in our desire to be democratic we are acting the dunce.—State Press in The Dallas News.

A COMPLETE INVESTIGATION

The Post intends to remain openminded in respect of all the charges that may be lodged before the House of Representatives against the Governor or other state officials.

It is due to every accused official as well as to the people that only facts shall be weighed.

But there should be no halting in the matter of getting at the facts and all the facts.

The Post hopes it is not true that any effort will be made to hamper the investigation by any restrictions whatsoever.

No technicality of any character should be invoked to suppress facts or limit the scope of the investigation.

Now that the legislature is in session, it is of the highest importance to the people and to every citizen official that the State government shall be honestly and thoroughly investigated from top to bottom.

The State has been seething with rumors for many months. These rumors have passed from one to another, until suspicion has been kindled in the minds of the people. They affect the personal and official reputations of not only the men accused, but of those who have not been formally implicated.

The time for ex parte accusations and ex parte defenses is over. The good name of the State demands that the investigation be unlimited and that all departments be subjected to such scrutiny as will throw the bright light of publicity into every nook and corner of the State government.

We see now that the former partial legislative investigation was unsatisfactory for the very lack of the completeness that was needed, since it omitted several departments of the government that ought to have been investigated, and was conducted under technical rules that halted the inquiry where for the good of all concerned it ought to have proceeded.

Naturally the friends of Governor Ferguson desire to see him vindicated, but unless the investigation shall be conducted with such thoroughness as to dispose of all the rumors, it will serve him poorly, for it will not disarm suspicion and stop rumors.

And so with other officials whose departments are under suspicion. The people are openminded and they want all the facts and all the facts should be elicited.

To use one of the Governor's expressions, all the cards should be placed upon the table face up.

Whether the complete investigation will require thirty days, sixty days or the balance of the year is of little consequence.

The good name of the State and the reputations of all implicated officials demand that all the truth and nothing but the truth be elicited, because it is desirable to get rid of this scandal at once and for all.

If there has been wrongdoing it should be mercilessly exposed; if there has not been wrongdoing, slanderous tongues should stop their wagging.—Houston Post.

Do you cast your bread upon the waters? "Not since it's 10 cents a loaf."—Puck.

The lass who used to fret because she had nothing to wear appears to be proud of it now.—Macon Telegraph.

"Are you going to take summer boarders?" "Not this year," answered Farmer Cornthousel. "I don't propose to let city folks off that easy, I'm going to take 'em as pupils in agriculture and pay for the opportunity to do some farmin'."—Washington Star.

BOARD COMPLETES EXAMINATION OF THOSE SUMMONED

WILL BEGIN CONSIDERATION OF CLAIMS FOR EXEMPTION ON MONDAY MORNING

A FEW FAIL TO APPEAR

These Forfeit Exemption Right—About 70 Passed Who Did Not Claim Exemption

Examination of the 450 registrants who were summoned before the board was completed by the Wichita County Exemption Board late yesterday. About four hundred men were examined. Ten or twelve who had been summoned did not appear. These men have automatically forfeited their right to file claims for exemption and have assumed the status of soldiers absent from their commands without leave.

About twenty of the 50 men notified had joined the National Guard or other branches of the military before their names were posted, and, of course, were not eligible to examination by the board.

About 70 of those examined and who did not file any claim for exemption were passed as physically fit for selection. This leaves about 70 men to be selected from the number who have made claim for exemption. The board believes the number will be secured from among those already examined.

The board will take up the matter of exemptions Monday. It has been granted authority to summon whomsoever it may wish to testify in connection with exemption claims. Instructions issued by the government forbid the board from hearing representations by attorneys or even the claimant himself, unless he is requested to appear before the board.

The Times has been requested by the board to print in full the letter sent from Washington by the Provost Marshal General to all the exemption boards. This letter follows:

To Members of Local Boards: "You are entering on a difficult task, the gravity of which is beyond anything that can be said in the way of discussion. You realize the importance of what you are to do, and you know that a responsibility, heavier perhaps than any you have ever faced, is upon you."

"War demands individual sacrifice to the common cause. No people ever approached war with a calmer appreciation of that sacrifice or a firmer resolve to bear it and to present themselves to be classified for service in the place to which it shall best serve the common good to call them."

"The calm determination that not exist were it not for the confidence of the nation in its institutions. In this public confidence is found the very basis of the Selective Service Law. The sacred rights of country home and family are entrusted for adjudication to local citizens and officials, nominated by the State Government and approved by the President. The most equitable rules that could be devised have been prescribed for guidance, and the administration of these rules is a sacrifice that is offered by your neighbors and is entrusted to your hands."

"From every one is demanded a sacrifice. But there is one thing that should be kept always in your mind. The selected man offers his life. There is no greater giving than this; and that thought should guide you along. There may be a few who will urge upon you claims for exemption or discharge that, whatever may be your inclinations of sympathy or affection, you will know ought not to be granted. It will strengthen you to remember that for every exemption or discharge that is made for individual convenience, or to escape personal loss of money or property, or for favor or affection, some other man whose time would not otherwise have come, must incur the risk of losing his life."

"There can be no room for hesitation in such a case. "Another fundamental thought is this: "You are not a court for the adjustment of differences between two persons in controversy. You are agents of the government, engaged in selecting men for the government and there is no controversy. You, acting for the government, are to investigate each case in the interests of an individual never in the interests of an individual. There is not one exemption or discharge in the law or regulations that is put there for the benefit of an individual. All are there for the benefit of the Nation and to the end that the whole Nation may be a team in which each man shall play the part for which he is best fitted."

"Therefore no one has a vested right, by himself or by attorney, to urge, by argument or pleading, his individual case upon you. You should rigidly exclude this. Ordinarily you should act on the affidavits. If you desire more information you may proceed to get it. If you doubt the affidavits you may interrogate other persons. If you desire more proof you may get it. But no claimant has a right to submit other proof than that called for by Regulations or than that you may call for."

"There should be no rules like those of court procedure, no technical rules of evidence. You should proceed to investigate cases about which you are not satisfied exactly as you, as an individual, would proceed to inform your self of any fact about which you are in doubt."

"Last of all, it is important to say a word about your own sacrifice. The place to which you have been called is one which no man would seek save in the performance of one of the highest of patriotic duties."

"There is not in any real sense, any remuneration. Because thousands of citizens urged that members of local boards should not be placed in a position of performing their grave duties for pay, the regulations provide that ordinarily the service shall be uncompensated. Because it was not desired that any man be prevented from performing the service by the necessity for earning his daily bread, a small remuneration was provided."

"The Nation needs men, and needs them quickly. The hours will then be long and the work absorbing. The duty is always to take and never to give, and human nature is such there will be little praise and some blame. The sacrifice of many of those whose cases are to be decided is no greater than that of the men who are to decide them; and your only reward must be the knowledge that, at great personal sacrifice, you are rendering your country an indispensable service in a matter of the utmost moment."

"E. H. CROWDER, "Provost Marshal General."

H. B. WILLIAMS INJURED BY AUTOMOBILE FRIDAY

H. B. Williams, a resident of this city, was run down yesterday afternoon as he was crossing Ohio avenue by a car driven by T. H. Brown, of Childress. One wheel passed over his body, but so far as could be learned, no bones were broken, though he was very badly bruised. Mr. Williams was passing in front of the car, but stopped, intending to go back, possibly believing he could not make it, so one of the police officers said. Mr. Brown, thinking Williams would go across the street, drove on, and ran over him.

PERSONALS

H. G. Shaw and wife are moving to Pittsburg, Okla., where he has bought an interest in a cotton gin. They have been residents of Wichita Falls some time, he for eighteen years.

Mr. and Mrs. C. H. Pirtle and daughter of Childress, are visiting their sister, Mrs. R. W. Cook, 1106 Burnett.

Mr. and Mrs. Rodney Reeves are in the city for a visit with friends. Mr. Reeves was formerly in the employ of Jones-Kennedy Co. and has many friends here.

Mr. and Mrs. Emmett Franklin of Bellevue, were in the city for a short visit yesterday.

VERNON VISITORS AT FRIDAY'S SHOOT

There was a good deal of interest at the gun-club shoot on Friday last. Daniel and Holmes, visitors from Vernon, set a pace which kept the local boys shooting their prettiest to prevent the visitors taking away the honors. As it was, Daniel tied with Hill and Woods for high gun in the first twenty-five. Hill was high gun for the day, with forty-eight out of a possible fifty.

OUT-OF-PAWN DIAMOND SALE Monday and All this Week

As is our custom periodically, we take out of our loan department all the diamonds that are unredeemed. On this occasion we have a particularly fine assortment, and as the loans made on them were exceptionally low, we are able to offer the most remarkable bargains ever known in the State. With diamonds advancing all the time, and now at a point nearly twice what they were three years ago, we are here able to show a collection of superb gems, at prices that make them a rich investment, as well as a joy forever.

Ten Beautiful Stones Just Out of Pawn

- No. 669—Tiffany Ring, mounted with full half-karat blue white stone, worth fully \$85.00. Our special Out-of-Pawn Sale price \$57.50
No. 665—Ladies' Tiffany Ring, set with a beautiful blue white half karat Diamond, worth at least \$80.00. This sale price \$52.50
No. 677—Ladies' fancy Ring, set with blue white stone, little better than one-half karat, worth \$87.50. Special for \$59.00
No. 679—Beautiful steel blue Diamond, weighing three-fourths karat, set in Tiffany mounting; would be a bargain any time at \$200.00. Out-of-Pawn price \$142.50
No. 683—Pair of Diamond Ear Rings; stones are beautiful color and perfect matches; weigh a trifle less than one karat. Worth any time \$175.00. Our Out-of-Pawn price \$124.00
No. 6882—Blue white and absolutely perfect Diamond, weighing 1 64-100 karats, set in handsome Tiffany mounting. One of the finest stones in the city and worth at least \$450.00. Our Out-of-Pawn price \$365.00
No. 681—A real snap. Gentleman's fancy ring, set with a handsome stone, practically perfect, weighing 1 63-100 karats; worth anywhere \$425.00. Our Out-of-Pawn price \$332.00
No. 684—One blue steel diamond, genuine jagar, weighing fraction less than one karat, worth at least \$240.00. Out-of-Pawn price \$193.00

These are only a few of the many wonderful bargains we shall offer this week in Out-of-Pawn Diamonds. We have them in all sizes and at all prices. On any of the above we will make a loan of 90 per cent of the purchase price at any time the buyers' wish.

STATE BANKS CARRYING LARGE CASH RESERVES
 By Associated Press.
 Austin, Texas, Aug. 3.—A most conclusive evidence of the increasing conservatism of the 855 state banks in Texas is shown in the cash reserve on hand at the present time, according to Charles G. Austin, state commissioner of insurance and banking. He says the present cash reserve amounts to 41 per cent of deposit liabilities as against 37 per cent last year and 37 per cent the year previous.
 "That the proportion of cash on hand to deposits should have exceeded that of each of the two preceding years is remarkable considering the fact that the country is involved in the greatest war in history," said Mr.

Austin. "In view of the actual cash that has been drawn from the banks to pay for Liberty Bonds, for contributions to the Red Cross and other purposes associated with the war."
MEXICAN EMBARGO ON ARTICLES OF NECESSITY
 Associated Press Mail Correspondence.
 Mexico City.—The National Commercial Congress which convened in Mexico City about the middle of July recommended to the National Congress that the exportation from Mexico of articles of prime necessity be prohibited. The list as outlined in the resolution would include corn, wheat, flour, beans and cotton.

BARGAIN MEDLEY FOR DOLLAR DAY IN WICHITA FALLS

Monday dollar day in Wichita Falls, and the merchants of the city have made very extensive arrangements to provide bargains for the event that will make it stand out as one of the big merchandising events of the year. Practically every merchant has entered into the spirit of the occasion and has provided some bargains that will appeal to economical buyers. At this season of the year every store has many articles of splendid merchandise that are seasonable and cannot be carried over to good advantage. Others are receiving the first showing of new goods that they want to bring prominently before customers, offering them at prices that could not be thought of except on Dollar Day, when they are put out more for an advertisement than for profit. Both occasions combine to make Monday an exceptional bargain day for buyers, and from indications, both from the city and the surrounding territory, one of the big crowds of the summer season will be on hand. Dollar Day has been extensively advertised by the Retail Merchants Association, through circulars and advertisements in outside papers, and the advertising columns of the Times this morning will bear witness to the fact that the city trade is catered to also, with a presentation of bargains that have rarely been equaled.
 Whether you want to buy or not, come down town tomorrow and take a peep at the bargains. You will be amply repaid in the consolation that even if war prices are on, there are occasions when dollars will go a long way.

KEMP CHAIRMAN WICHITA COUNTY DEFENSE BOARD

BULLETIN NO. 1 ISSUED—IT URGES ECONOMY IN DELIVERIES FROM STORES

J. A. Kemp was elected chairman of the Wichita County Board of Defense at its organization meeting held Saturday afternoon in the offices of T. R. T. Orth. Mr. Orth was elected secretary and the customary routine of organization gone through, including the explanation of the purposes of the county organization as outlined by the State Council of Defense.

The first bulletin was issued by the secretary Saturday afternoon and deals with commercial economy, this being the line along with the state organizations have chosen to work at present, as a means of increasing the commercial efficiency to be of war time service.

The members present at the organization meeting were: Mrs. M. M. Adickes, J. A. Kemp and T. R. T. Orth of this city, J. H. Marriott of Electra, and W. McDaniel of Burkburnett, representing W. D. Cline. Other members of the board unable to be present were J. F. Boyd of Iowa Park, G. D. Hardin and W. D. Cline of Burkburnett.

Bulletin No. 1, just issued follows:

Commercial Economy.
 The State Council of Defense speaks your immediate and earnest co-operation in effecting a necessary economy of men, money, and vehicles by reducing the number of deliveries in retail stores.

It is common knowledge that there is totally unnecessary service demanded and given in the retail trade. Both the merchant and the customer are responsible—the merchant in that he has never discouraged unnecessary service; the customer in that he has come to expect the store to do for him what he ought to do for himself; and both the merchant and the customer will benefit by its elimination.

Fewer Deliveries.

The cost of delivery for retail stores in Wisconsin is from 6 to 10 cents per stop. Dry goods stores can do with a single delivery daily and grocery stores with not more than two. The wide introduction of co-operative or central deliveries in small cities and towns reduces the delivery cost by 40 to 50 per cent.

Stop Return Goods Privilege.

This item ranges all the way from 4 per cent to 20 per cent of the total sales. Every wholesale baker in the State has pledged himself not to accept the return of unsold bread. Grocers and dry goods merchants should take a similar step.

These two economies—reduction of delivery and refusal to accept return goods—will (1) release men and equipment for government service, (2) make possible a substantial reduction of price to the consumer, and (3) enable the merchant to sell more goods at less expense.

THOS. R. T. ORTH, Secretary.

\$10 FINE AND 10 DAYS IN JAIL FOR WATERMELON THEFT

Eber Davis plead guilty to a charge of theft of property under the value of \$50 in the county court yesterday and was fined \$10 and given ten days in jail. Davis was arrested Thursday night near Burkburnett by Deputy Sheriff McFall. Destruction of vines and theft of two melons was the cause of the arrest.

OLDFIELD WINS THREE RACES FROM DE PALMA

By Associated Press.
 Indianapolis, Ind., Aug. 4.—Barney Oldfield won three races from Ralph De Palma in a match on the one-mile dirt track at the state fair grounds here today. In the second lap of the one-mile race De Palma, becoming lost in the dust from Oldfield's machine crashed through the inner fence swerving out on the track again and limped into the pits with a section of the fence hanging on his car. De Palma was unhurt and the race was started again with the Italian using Oldfield's emergency car. The time for the fifteen mile race was 13 minutes and 56 seconds.

WICHITA FALLS SCHOOLS TO OPEN SEPTEMBER TENTH

Since his return from Canyon City in the week, Prof. Lee Clark, superintendent of the Wichita Falls schools, has been busy inspecting the school buildings and equipment, let-ting contracts for repairs and refur-nishing to desks and other parapher-nalia, and has also been spending much time working out our #s of study and new schedules, preparatory to the opening of school for the fall term, now tentatively set for Monday, Sep-tember 10. During the summer normal session, Mr. Clark occupied the chair of his-tory at Canyon and after that "vac-a-tion" he is back to take up the school work where he left off. One of the most important steps in the preparatory work will be the ac-ceptance of the new Travis ward school building, which will probably be made by the school board Monday. The school children in this district are anxiously awaiting the opening of school and are fervently hoping no disaster like the fire of last year will prevent their commencing the year in the nice new building. With this new building the city school system will have housing equal in propor-tion to any system in the state with all modern equipment.

According to Mr. Clark the 1917-1918 session of the schools will see several new departments instituted and a general increase in the educational efficiency. The teaching force will be larger by eight or ten instructors than last year to care for the natural in-crease in the scholastics, and several of the departments will be enabled to widen their scope by reason of this increase. Public attention has been attracted to the pleasing appearance of the school grounds and buildings in all parts of the city, and the caretakers are highly commended by Mr. Clark for their faithfulness through the summer. Grounds and buildings alike are in splendid condition and will need but little preparation for the school opening. The board will meet on Monday, it is thought, to accept the Travis school building and perhaps attend to sev-eral other matters incident to the opening of school.

DETECTIVE ADMITS SHOOTING OF POLICE CAPTAIN

By Associated Press. New Orleans, Aug. 4.—Detective Walter B. Methe in a signed statement today admitted he fired the shot at police headquarters that seriously in-jured Captain Gary O. Mullen during the shooting which followed the kill-ing of Superintendent of Police James Reynolds by Terence J. Mullen, a sus-pended patrolman and cousin of the captain. Methe stated that he was in the de-tective's office when Chief Reynolds was shot and he heard some one shout "Mullen is crazy and shooting everybody." Methe said he saw Cap-tain Mullen running toward the de-tective's office with two revolvers in his hands and in the excitement he shot the captain thinking it was he who had killed Reynolds.

JURY UNABLE TO AGREE MITCHELL CASE AT SEYMOUR

Special to The Times. Seymour, Texas, Aug. 4.—After hav-ing been out since 4 o'clock Friday af-ternoon the jury in the case of Bill Mitchell charged with the murder of George Douglas was dismissed late this afternoon being unable to reach an agreement. The jury stood 8 for conviction and 4 for acquittal. The case had been on trial all week, and had attracted large crowds to Seymour from the surrounding coun-ties in which Douglas, the man killed, and Mitchell were well known. Dou-glas was shot down in the district court room at Benjamin in Knox county by Mitchell just after he had been ac-quit of murder for the killing of Mitchell's mother, J. J. Mitchell, sher-iff of King county at the time he was killed.

District Attorney J. Ross Bell and County Attorney Elmer Graham of Seymour were assisted in the prosecu-tion by Judge J. F. Cunningham of Abilene and W. H. Morris of Albany. The defendant was represented by Arrington and Bell of Paducah and Bert King of Seymour.

Mitchell will be tried again at the January term of the district court here.

BRUNDAGE & HULL PURCHASE PARA VULCANIZING PLANT

Roy Brundage and M. O. Hull have purchased the stock and equipment of the Para Vulcanizing Company on Seventh street.

Announcement was made last night by Mr. Brundage that the new firm would begin work immediately on a new building on Scott avenue. The building is to be 50x150 feet, and is to be equipped with all the modern ma-chinery for vulcanizing automobile-tubes and car tires. A complete line of tires and tubes will also be carried in stock. The new owners state that when completed they will have one of the best houses of the kind in the state.

Mr. Hull was formerly of the Para Vulcanizing Co. and moved to Dallas only a few months ago. He is well known in business circles of Wichita Falls, and his return will be welcomed.

Mr. Brundage has been a citizen of Wichita Falls for several years, hav-ing made this his headquarters while on the road selling wagons. The Para Vulcanizing company was formerly under the management of E. A. Chaulerlin.

ONE KILLED, TWO BADLY HURT IN AUTO ACCIDENT

CAR DRIVEN BY VERNON MEN MISSES BRIDGE ON IOWA PARK ROAD LAST NIGHT

J. D. BRANNON IS KILLED

His Two Sons, Jess And Tom In Hospital Suffering Bad Hurts

J. D. Brannon, carpenter of Vernon, was fatally injured, and his two sons Jess and Tom, very badly hurt, last night when their car missed a bridge about three miles from town on the Iowa Park road, and turned over. The accident happened about 10 o'clock, as near as can be ascertained.

J. C. Osborne of Clay county, and Charles McDonald and George C. Crawford of Electra, passing in a car picked up the injured men, and brought them to the Wichita General Hospital. The elder Brannon died shortly after, and it was found that Jess Brannon had a broken arm and possibly other minor injuries, and that Tom was cut and bruised, but that no bones were broken.

E. G. Hill was able to get the names and address from Jess Brannon late last night, he having regained consciousness before his brother, who at midnight was still unconscious.

The car was an Overland, recently acquired by Jess Brannon in a trade. The mother of the boys is living, but it could not be discovered if there were any other members of the family. Jess Brannon is married and lives in Vernon. When told that his father was dead he showed some surprise, but was still too dazed to understand anything of it. "It's too bad," was all he could say. The dead man was approximately 50 years of age.

The body of the father was taken to Hill's undertaking parlors, and will in all probability be shipped to Vernon for burial.

The car was badly smashed. Late last night some tax receipts and other

receipts made to J. L. Crawford were picked up at the scene of the accident. At first it was thought this might be the name of the dead man, but his name has been pretty well established as being J. D. Brannon. Crawford may have been the man from whom Jess Brannon bought the car, the receipts having probably been left in a pocket in the car.

PENALTY PROVIDED FOR SPEED LAW VIOLATION

By Associated Press. Austin, Texas, Aug. 4.—County attorneys throughout the state were advised by the attorney general's department that while the Legislature failed in the regular session to provide a penalty for violating the law against speeding in the state this defect was cured by an amendment to the law passed at the special session of the Thirty-fifth Legislature.

FIRST STANDARDIZED SHIP READY SOON

Associated Press Mail Correspondence. London, Aug. 4.—It was stated in Parliament recently that the first standardized ship of the government program will be into service at the end of this month. The gross tonnage is approximately 5000.

ESTIMATE MISSOURI CORN CROP AT 230,000,000 BUSHELS

By Associated Press. Columbia, Mo., Aug. 4.—Missouri corn crop estimated at 230,000,000 bushels, will be about 30,000,000 bushels in excess of that of last year, according to the monthly crop report issued here today by the state board of agriculture. The condition was placed at 85 per cent.

TRANS-ATLANTIC WIRELESS SERVICE DISCONTINUED

By Associated Press. New York, Aug. 4.—Trans-Atlantic wireless service between the United States, Canada and Great Britain has been discontinued until further notice, the Marconi Wireless Telegraph Company of America, announced here tonight, in conformity with instructions received from the British government as a necessary war measure.

CONSCRIPTION ASSURED BY ACTION IN CANADA

By Associated Press. Ottawa, Aug. 4.—The Canadian senate tonight advanced to second reading the conscription act, thereby passing it to Parliament and making certain that it will become law.

BACKBONE OF RESISTANCE BROKEN

(Continued from page one)

extends northward into Hughes County, south into Pontotoc county and northwest into Pottawatomie county. Two arrests were made early this morning. A youth giving the name of Jabez Henfield, brother of an alleged captain of the "southern" district and a man giving the name of J. B. Manesley, aged about 60, are in the hands of the posse.

ELABORATE PREPARATIONS TO HUNT DOWN SLACKERS

By Associated Press. Ardmore, Okla., Aug. 4.—Long distance telephone communication from Wewoka this afternoon told of elaborate preparations by Seminole county officials to hunt down the latest river draft resisters who fled upon Sheriff Graff and deputy Cross and burned the Frisco bridge near Francis Thursday night. At daybreak a posse of 100 men, including the detail of Oklahoma troops of cavalry, Frank Carter representing Governor Williams, Frank Canton, former adjutant general, and the remaining deputy sheriffs started southward.

A telephone message from Deputy Cross from Sasakwa just before dawn said nothing had been heard from the posse since early morning. Last night Sheriff Bob Duncan of Pontotoc county with 25 men principally from Holdenville surprised slackers camped on a rocky hilltop near Friendship schoolhouse in the southern part of Seminole county. The posse charged the slackers and without firing shot captured 21. The remainder escaped. The slackers fled as soon as the posse's presence was discovered and offered no fight. Eleven were known to have been detained and these were released. The remaining men are in jail at Ada. The prisoners refused to talk and the identity of only one is known, but they are all thought to be residents of the slacker infested community.

TWO RAILROAD BRIDGES REPORTED BURNED

By Associated Press. Muskogee, Oklahoma, August 4.—W. J. Humphrey, general superintendent of the Missouri, Oklahoma and Gulf railroads received word this morning that an M. O. & G. bridge near Calvin, 30 miles south of Muskogee in Hughes county was burned last night. All wires have been cut and details have not been secured. "The Missouri-Kansas and Texas bridge over Salt Creek between Koma and Maud also was burned out last night, reports received here today said. It is believed the same group of agitators who burned the M. O. & G. bridge are responsible. The points are less than 20 miles apart. Heavily armed guards are guarding the big Katy bridge over the south Canadian between Maud and Sasakwa.

KATY BRIDGE OVER CANADIAN BURNED

By Associated Press. Francis, Oklahoma, August 4.—Draft resisters burned the Missouri Kansas and Texas railroad bridge across the Canadian at Tyroola, near Francis, last night according to reports received here today.

ANTI DRAFT ORGANIZATION KNOWN AS "JONES FAMILY"

By Associated Press. Oklahoma City, Aug. 4.—With the arraignment in federal court here this morning of eleven leaders of the "Jones Family," a so-called anti-draft organization, it was disclosed that the office of John Pain, United States district attorney, that the organization had planned to raise the red flag of revolution simultaneously in all parts of the country, destroying factories, food supplies and hardware establishments for arms and ammunition. Attached to the district attorney's office likewise disclosed how by sending federal agents to Pottawatomie county who became members of the "Jones Family" they were able to obtain all the secrets of the organization which led to the arrest of the eleven men now held here.

The federal agents appropriately disguised took the ironclad oath of the "Jones Family," according to their statement, learning the pass word, signs and countersigns. The oath prescribes that any member taking it who discloses information of the organization is subject to instant death.

When the prisoners were called before the court this morning their attorneys entered a demurrer to the indictment for conspiracy and pleaded more time. Eight of the men were arrested two weeks ago while three were taken into custody yesterday. It was announced that they had not taken actual part in the recent trouble.

NORTH CAROLINA GOVERNOR WON'T TOLERATE TREASON

By Associated Press. Raleigh, N. C., Aug. 4.—Unrest is evident and opposition to the draft is feared in Chatham county, North Carolina, according to a report made to Governor Bickett by the sheriff and county solicitor made public today. Chatham county adjoins Wake county on the west and is within a few miles of the state capital. The solicitor and sheriff reported to the Governor that certain parties within Chatham county were said to be soliciting funds from men employed for examination of military service on pretext of employing counsel to test the constitutionality of the draft law and are "using language calculated to arouse the ignorant against the government."

In one township of the county it was reported an effort was to be made to prevent the appearance for examination of any man called in the first quota.

"I do not propose to tolerate treason in North Carolina by word or deed there be power in the state or federal government to prevent it," the Governor wrote.

UNDERGOES OPERATION TO QUALIFY FOR ENLISTMENT

J. B. Brown of this city, was so anxious to fight for his country, that he was willing to undergo an operation in order to become physically fit. After his examination, he was told that he had a certain defect, which he would necessitate an operation if he wished to be rid of it. Mr. Brown did wish to be rid of it, but wishing would not suffice. It needed twenty-five dollars, and that he did not possess.

This matter was brought to the attention of Dr. A. D. Partillo who took the young man to the Wichita General Hospital, and there operated upon him, free of charge. It is a great satisfaction, doubtless, to both doctor and patient, and certainly to all loyal and patriotic Americans, to know that Mr. Brown is reported as doing very well indeed, and that he will be able to leave the hospital in a few days. It is understood that there was no

MORE COURT PLASTER FOUND TO BE INFECTED

By Associated Press. Washington, August 4.—Court plaster forwarded to the public health service by the Ohio state board of health has been found to contain tetanus germs. Surgeon General Blue has bought other samples in the open market for analysis to determine if the contamination exists generally.

UNMASKED BANDIT ROBS MISSOURI BANK

St. Louis, August 4.—The West End Bank at University City, a suburb, was robbed of \$2,077 today by an unmasked bandit. He pointed a revolver through the window of the assistant cashier and commanded him to hand over the ten and twenty dollar bills. The assistant cashier complied. The robber escaped.

PLANT A FALL FOOD CROP NOW THE SLOGAN

Austin, Texas, Aug. 3.—"Plant a fall food crop," is the slogan which has just been sent to over 10,000 farmers in Texas by State Council of Defense, through headquarters of the council at Austin.

"It is true that the farmer, so far as has been handicapped by the drought and in many instances discouraged when he has looked upon the great fields and realized his efforts have been in vain," says the Council's statement. "But remember, you must play the part of a valiant soldier and not give up the fight for there is yet time to reap abundant harvest if you will make this slogan your own and plant a fall food crop, uniting renewed efforts with the rains which are sure to come."

The federal and state departments of agriculture and the national Council of Defense are co-operating with the state organization in this movement.

Dr. A. D. Partillo and family will leave today for Mount Pleasant and other East Texas points on a two weeks trip. They will make the trip by automobile.

VEGETATION AS INDEX OF LAND VALUE.

When it is proposed to bring a tract of land under cultivation for the first time, information as to the soil and climate is always an urgent desideratum, in order that the farmer may select the crops and methods of culture best adapted to the locality. In the absence of other information under these heads, the types of vegetation growing wild on the land are obviously of much significance. In recent years the United States bureau of plant industry has been developing along scientific lines an "indicator-plant" method of classifying lands in the arid and semiarid portions of the United States. During the last fiscal year work of this character was carried on in southwestern Utah, southern Nevada, southern California and southern Arizona. In all these regions the native vegetation was found to be indicative of whether the amount of alkali present was sufficient to injure crop plants under irrigation.

THREE ROBBERS TAKE \$5000 IN CHICAGO

By Associated Press. Chicago, Aug. 4.—Three robbers armed with revolvers bound and gagged three men employed at the offices of M. W. Snyder and Company at noon today and escaped with \$5000, the company's pay roll.

Say, are you one of the seventy-five people who called in and saw that Premier on display at Peter Car Company's show in the Masonic Temple? If not, you had better see this most wonderful Automobile ever built. You can see every piece of this car exposed to view. (adv.)

"THE HOME OF QUALITY FURNITURE"

IN THE SPHERE OF WOMANKIND

THE COMING WEEK'S SOCIAL CALENDAR

MONDAY: The various church societies will meet as announced elsewhere in these columns.

TUESDAY: Miss Audrey Adickes will be hostess to the Sigma Delta Chi.

THURSDAY: The J. U. G's. will meet with Miss Avis. The Rebekahs will meet in regular session, initiation of candidates to feature the meet.

FRIDAY: Miss Dorothy Ziskind will entertain the Merry Maids.

WITH THE WOMEN OF THE CHURCHES

The Ladies' Aid of the Central Presbyterian church will hold a Bible Study Monday afternoon at 4 o'clock at the home of Mrs. A. F. Kerr.

Circle A of the Girls Auxiliary of the First Baptist church will hold an all-day meeting Monday to complete a quilt for the Buckner Orphans Home.

Dinner will be served at the church. Circle B will hold a business meeting at 9 o'clock Monday morning.

The Christian Women's Board of Missions will meet Monday afternoon at four o'clock at the First Christian church. The program will be conducted by Mrs. Frank Caudle's division.

PICNIC FOR COMMERCE VISITOR WEDNESDAY

Miss Cleo Munden of Commerce, who is the guest of Mrs. Joe B. Stokes, was honored at an informal picnic at Lake Wichita Wednesday evening.

There were seven couples of the picnicers including: Miss Munden, Misses Tula Stokes, Celia Stayton, Mary Coffield, Annette Coffield, and Mabelle McDaniel. Messrs. Henry Arnold, McFall, Baldwin Montgomery Jones, Connor and Dougan, and the host and hostess, Mr. and Mrs. Stokes.

MISS RUTH BARNARD HOSTESS TO THE J. U. G.

J. U. G's. held their meeting Thursday afternoon of this week with Miss Ruth Barnard as hostess. Miss Ruth Chambers of Abilene, guest of Miss Dell Marcus, was the club guest, the members present being: Misses Dell Marcus, Ruth Barnard, Louise Marie Louise Hines, Cecelia Adickes and Sadie Adickes, the latter being taken in as a new member at this meeting.

The girls spent the time with the usual fancy work and chat and delicious ice cream and cake was served.

POPULAR WICHITA VISITOR TO MARRY MONDAY

An announcement that will be of much interest among the younger set is that of the marriage of Miss Lorena Arcola to Grant Fitzelle of Denver, Colorado, the wedding to take place Monday, August 6, at the home of the bride's parents in Mendon, Mo. Miss Arcola was a member of a house society entertained by Miss Frances Urban, a Christmas past, and made an unusual impression on the younger set by reason of her charm of manner and appearance.

SIGMA DELTA CHI MEETS WITH MISS HINES

Miss Helen Hines entertained this week's session of the Sigma Delta Chi, the members spending the time in the usual manner. Refreshments of ice cream and cake were served. The

members now in town are: Misses Audrey Adickes, Thelma Kahn, Helen Stone, Frances Urban and Helen Hines.

PRESBYTERIAN C. E. TO HAVE SOCIAL FRIDAY

The young people of the Christian Endeavor of the First Presbyterian Church will be entertained in social session Friday evening at the home of Miss Frances Urban. All young people of the society and the church as well as are cordially invited to attend.

REBEKAH REGULAR MEETING AND INITIATION THURSDAY

Thursday, August 9, the Rebekahs will meet for their regular routine of business and initiation. As this will be the last meeting of the lodge before the degree staff will leave for Childress to attend the Lower Panhandle I. O. O. F. Association convention to be held August 15 and 16 this will be a very important meeting and all members are urged to be in attendance, in order that a satisfactory practice will be held. The Wichita Falls staff will compete with others of the association for a prize at the Children's meeting.

WEEKLY HOP AT LAKE WICHITA THURSDAY

The weekly hop of the dancing set was held Thursday at Lake Wichita. The negro string orchestra provided the newest dance music in endless quantity and of such alluring qualities that the dance continued until about 12:30. There were about 20 couples on the floor.

MERRY MAIDS MEETS WITH MISS LEONA MARICLE

Friday afternoon the Merry Maids were pleasantly entertained by Miss Leona Maricle. Games and Victrola selections entertained until late in the afternoon when Mrs. Maricle served delicious ice cream and cake. The members present: Misses Ella Marie Mathis, Rose Stampff, Lillian Purser, Dorothy Ziskind and Leona Maricle. Miss Dorothy Ziskind will be the hostess next Friday.

MR. AND MRS. DAVE AVIS ENTERTAIN WITH CHICKEN BARBECUE

Mr. and Mrs. Dave Avis entertained their friends in a most unique and enjoyable way last Wednesday with a chicken barbecue given at their ranch home. It was a most delightful occasion, and a sumptuous repast was served. The menu included barbecued chicken, salad, olives, buttermilk, apricot sherbet, strawberry ice cream and cake. Those present were Mr. and Mrs. Ed Gardner and little daughter, Joe Jones, Miss Evelyn Coffield, Mr. and Mrs. George Keith and sons, Kenneth, Mr. and Mrs. Fitzgerald, Mr. and Mrs. Wm. Huff, Mr. and Mrs. J. D. Avis, Mr. and Mrs. Piner Avis and little daughter, Camille.

RED CROSS BENEFIT BY THE ROWENA CIRCLE

The Rowena Circle will give a Red Cross benefit Thursday evening, Aug. 9, at the home of Mrs. Ramsey, 204 La. The benefit to be in the nature of an ice cream lawn social. The public is urged to attend. The social will start at 8 o'clock.

PROGRAM FOR OLD SETTLERS' MEETING NEXT SATURDAY

The program for the Wichita County Old Settlers' Association at Fries Grove near Iowa Park next Saturday was announced yesterday. A number of well known citizens are on the program.

The crowd will gather in the morning and the program is scheduled to open at 10:30 o'clock. It follows:

Convocation—10:30 a. m.

Short talks by school teachers—Mrs. A. H. Carrigan, A. L. Brubaker, Judge M. F. Yeaser, Judge Barwise and others.

"Our Present Schools," W. J. Bullock.

"Wichita County Then and Now," R. E. Huff.

Music by Wichita Band.

Dinner, 12:30.

Music by Band.

"The Irrigation Amendment," J. A. Kemp.

Awarding medal to "oldest settler," 2:30 p. m.

"How the Wives and Daughters Can Help Win the War."

Demonstration in canning conducted by Miss Opal Hughes.

Everybody, whether old settlers or newcomers are cordially invited to attend. Bring well filled baskets and enjoy the day.

COMMITTEE:

Mrs. Joza Dickson has returned from a week's stay with friends in Medicine Park. She has as her guest, Mrs. J. L. Chandler of Dallas. Miss Bruce Dickson will entertain Miss Joza Alexander of Nocona as her guest this week.

The science of refracting the eye without the use of drugs. The degree of relief obtained from glasses depends upon the skill and integrity of your Optometrist, just as the accuracy of scientific work depends upon the man who performs it.

If you feel eye strain, consult our Optometrist. After a thorough examination of your sight we will furnish glasses which will relieve all eye strain and will also be adapted to your face and features.

SENTIMENTAL GIRLS DISCOURAGED BY CAPTAIN BAKER

Special to The Times.

Vernon, Texas, August 4.—Vernon maidens and all others who might have had their eyes on the Vernon company of the Texas National Guard might as well banish their romantic notions of "adopting" a soldier boy and keeping him supplied with cough drops, corn plasters and similar sentimental trifles as well as cheering him up with letters. Captain H. A. Baker has blasted all these ideas with one sweep of his pen, in the following announcement:

"A number of letters have been sent me asking that I designate some member of Company E for adoption by the writer. For reasons that are satisfactory to myself, I cannot comply with these requests. I would suggest that the writers could give much more material help if they would devote their energies to work for the Red Cross."

"H. A. BAKER."

COLLEGE OF MUSIC WILL OPEN FALL TERM SEPT. 1ST

On Saturday, September 1, the Wichita Falls College of Music will begin its second year under the directorate of Prof. T. L. Krebs, who has just issued his annual catalogue of the school, a very comprehensive resume of the courses offered, the instructors who compose the faculty and the college itself.

The college closed its year in June with more than 200 students enrolled, a very appreciable increase over the enrollment at the beginning of the year and the busy offices of the president indicated a decided increase over this splendid enrollment. Mr. Krebs has been at work on his faculty for some time and has announced one of which he says he is very proud and is sure that the instructors are the very best to be obtained in their different lines of work.

Mr. Krebs himself will teach piano, pipe organ, harmony, analysis and counterpoint. Miss Slaten, well known pianist and teacher, a graduate of the college, Miss Florence Sammons, well known here as a musical talent locally, a graduate of the piano department of St. Mary's Dallas, and of the Kroegers school of music, St. Louis, and for the past year a student in the New England Conservatory of Music at Boston, and Mrs. B. C. St. Clair, formerly Miss Catherine Davis, a graduate of the musical department of Baylor and an experienced musician and teacher, will make up the piano department.

Miss Sammons and Mrs. St. Clair are new to the faculty this year, but their work is well known to the public of this city.

Ramon F. Adams, connected with the college last year, is again at the head of the violin department. Mr. Adams needs no introduction as during the time he has been here he has appeared on public programs without number, and has also presented several of his pupils in recital, so that his work as musician and teacher is well known.

Ben Claire Crow of Sturgis, S. D., will head the voice department. Mr. Crow has studied under the leading teachers of the United States and has appeared often on concert programs in the north and east. He has been for the past several years in Chicago where the success of his pupils attests to his ability as an instructor. Mr. Krebs states that it was only through an unusual combination of circumstances that he was able to secure his services for the Wichita Falls College of Music.

Miss Emily B. Foster, also a newcomer to the college faculty, will teach expression, dramatic art and physical culture. Miss Foster has studied in Boston from the best recognized instructors in expression, dramatic art and physical culture and has had experience in her home town, Paris, Ark. She has had much training for the lyceum platform and in this work has met with marked success.

DEAD MAN FOUND TO BE W. P. CARSON OF ODELL

The body of the man who was found dead in his room at one of the local hotels at noon Friday was identified as W. P. Carson of Odell. Friends and relatives of the deceased came in late yesterday afternoon and returned to Odell with the remains during the night. Funeral services were held there Saturday afternoon.

The deceased was between 55 and 60 years of age, and had been a widower for several years. He is survived by three marriage daughters, all living in the vicinity of Odell.

Mr. Carson came to Wichita Falls Thursday night and registered at the Royal Hotel about 2 o'clock, leaving a call for 1 o'clock the next afternoon. When a porter tried to wake him it was discovered that he was dead. Doctors and officers were called in and an investigation revealed the fact that strychnine had been taken and that the man had been dead about an hour when found. No reason is assigned why he ended his life.

COUNTRY CLUB BEING ORGANIZED AT VERNON

Vernon Record.

A temporary organization of the purchasers of the Condon Springs property was effected Wednesday afternoon at a meeting held for that purpose. The officers and directors of the organization are as follows:

W. O. Anderson, president; Harry Mason, vice president; J. V. Townsend, secretary-treasurer; J. A. Birdsong, Daniel Bond, W. D. Berry, L. G. Hawkins, L. K. Johnson, directors.

It is planned to incorporate the club for \$25,000, with the membership limited to fifty. The property cost \$10,000 and the proposed capital would leave \$15,000 for improvements.

It is also planned to employ a land surveyor at once to lay off the grounds and select locations for the various buildings, lakes, ponds, athletic grounds, etc. As soon as this work is completed steps will be taken to begin work on the grounds. It is planned to have the club house complete and other improvements well under way by spring.

The main club house will be built along the latest and most approved lines for country club buildings, and it is the intention of the promoters of the enterprise to spare no expense toward making the club one of the most attractive places of the kind in the entire South.

Some anxiety has been expressed by people who have been using water from Condon Springs lest the practice of supplying the general public be discontinued by the owners. While no rules have been adopted, it may be stated that it is not the intention to change the policy of the former owner in this respect. The only change along this line that is planned is to arrange a more convenient way of serving water patrons, possibly a service station will be built on the public road.

WILD GAME IS DESIRED FOR PARIS MARKETS

Associated Press Mail Correspondence.

Paris, Aug. 2.—The "Conseil General," the deliberative body of the department of the Seine, has asked the government to permit the entry of game into Paris more freely. This measure, it is held, would ease the meat and poultry market. The minister of agriculture has already authorized the shooting of wild ducks.

Before the war the yearly receipts of game at the central markets averaged 150,000 pheasants, 170,000 hares, 350,000 partridges, 620,000 larks, 450,000 rabbits, 250,000 water fowl.

HOT WEATHER HAS FAILED TO CHECK AUTOMOBILE TRADE

Automobile business last week was a little above the average, about 100

cars, wholesale, retail, and second hand being sold. Activity was general, being pretty evenly distributed among the dealers, none doing a landslide business, and none falling down, though one or two failed to make a detailed report.
 The Overland Sales Co., brought out "The Optimist" yesterday, a snappy little publication devoted to automobile news, in general and Overland news in particular. The Peter Car Co. have arranged an electric buzzer on their Tenth street window to attract the attention of passers by to the dismantled "Premier" car which stands in the window. It is an interesting display to all who understand the mechanical construction of an automobile, and for those who do not there is a chart or indicator on the window, showing a diagram of the same car. Ribbons are attached from each part of the machine to the corresponding part on the diagram, where the name of the part can be read.
 Lloyd Weaver left on Friday for Colorado Springs, going overland in his Hudson Super-Six. He sold three of these cars to R. N. Voss, Phyll Taylor and L. H. Lawler last week; and Chevrolet to F. F. Jones, Burkhardt, A. Kluebenstein and Lee Croston.
 W. H. Hannon of the Lloyd Weaver Co., is in Fort Worth and Dallas today.
 J. L. Mears unloaded a carload of Denby trucks. Mr. Mears left today for Fort Worth. He is to deliver a Denby to the Wichita Valley Refining Co., station at Hillsboro. He made sales also to the Red Bull Transfer Co., Pickett Killoway at Iowa Park, and J. H. Goble at Petrolia.
 R. E. Thornburgh was in Seymour yesterday. He sold a Chalmers car to A. C. Flowers, and one other.
 The Briscoe Sales Co., sold cars to W. H. Sloan, and August Barnhart at Olney.
 S. Garlington returned last week from a short vacation in Altus, Okla. He sold a Saxon to W. N. Lee at Bonita.
 E. Sanders sold Franklin cars to C. L. Palmer, Wm. Little, C. O. Tate and C. W. Reid, city. Two carloads of Franklins were unloaded last week.
 The Overland Auto Co. made sales to O. B. Dutton, Claude Dunn and J. C. Head, city. F. L. Badgett, Electra, C. F. Hammer, Iowa Park, and A. S. Matthews, Electra. Wholesale deals were made with the Jefferson-Overland Co., at Hastings, and Curtis and Duncan at Myers. One carload of Overlands was unloaded last week.
 The Peter Car Co., made sales to W. W. Robertson, city. R. R. Curry, Electra, J. L. Reedy, Myers, and A. W. White, Petrolia, and wholesale deals with the Pioneer Implement Co., at Electra, who took three cars.
 The McMullen Auto Co., sold Maxwell cars to Rev. Dr. Percy Cross, city, and Henry Fuhrman at Petrolia. Three wholesale deals were made with Wyatt and Shelton at Henrietta.
 A. W. Phillips, sales manager for the McMullen Auto Co., was in Seymour, Truscott and Benjamin the latter part of last week.
 The Wichita Buick Sales Co., sold cars to W. T. Crow, Burkhardt, and J. D. Perry, city.
 McFall and Orth made retail sales to Mrs. Mamie Dale Brown, J. A. Watkins, and George Mills, Iowa Park; W. M. Benton, and J. B. Frielev, Electra; E. B. Stewart, city, and J. W. Carter, Jernyn.
 The Motor Supply Co., did a good business in Electra last week, ten out of the fourteen Fords being sold there. The sales were J. B. Frerich of Scotland, W. P. Curlee of Holliday, Mrs. M. E. Clark of Archer City, Jess Griffin, the rest in Electra were, Gilbert Irwin, E. B. Massie, the Massie Drug Co., Claud Welsh, C. D. Shamburder, the Panhandle Refiners' Co., B. Marshalls, J. H. Haines, E. A. Stone and John Swartz.

estng display to all who understand the mechanical construction of an automobile, and for those who do not there is a chart or indicator on the window, showing a diagram of the same car. Ribbons are attached from each part of the machine to the corresponding part on the diagram, where the name of the part can be read.
 Lloyd Weaver left on Friday for Colorado Springs, going overland in his Hudson Super-Six. He sold three of these cars to R. N. Voss, Phyll Taylor and L. H. Lawler last week; and Chevrolet to F. F. Jones, Burkhardt, A. Kluebenstein and Lee Croston.
 W. H. Hannon of the Lloyd Weaver Co., is in Fort Worth and Dallas today.
 J. L. Mears unloaded a carload of Denby trucks. Mr. Mears left today for Fort Worth. He is to deliver a Denby to the Wichita Valley Refining Co., station at Hillsboro. He made sales also to the Red Bull Transfer Co., Pickett Killoway at Iowa Park, and J. H. Goble at Petrolia.
 R. E. Thornburgh was in Seymour yesterday. He sold a Chalmers car to A. C. Flowers, and one other.
 The Briscoe Sales Co., sold cars to W. H. Sloan, and August Barnhart at Olney.
 S. Garlington returned last week from a short vacation in Altus, Okla. He sold a Saxon to W. N. Lee at Bonita.
 E. Sanders sold Franklin cars to C. L. Palmer, Wm. Little, C. O. Tate and C. W. Reid, city. Two carloads of Franklins were unloaded last week.
 The Overland Auto Co. made sales to O. B. Dutton, Claude Dunn and J. C. Head, city. F. L. Badgett, Electra, C. F. Hammer, Iowa Park, and A. S. Matthews, Electra. Wholesale deals were made with the Jefferson-Overland Co., at Hastings, and Curtis and Duncan at Myers. One carload of Overlands was unloaded last week.
 The Peter Car Co., made sales to W. W. Robertson, city. R. R. Curry, Electra, J. L. Reedy, Myers, and A. W. White, Petrolia, and wholesale deals with the Pioneer Implement Co., at Electra, who took three cars.
 The McMullen Auto Co., sold Maxwell cars to Rev. Dr. Percy Cross, city, and Henry Fuhrman at Petrolia. Three wholesale deals were made with Wyatt and Shelton at Henrietta.
 A. W. Phillips, sales manager for the McMullen Auto Co., was in Seymour, Truscott and Benjamin the latter part of last week.
 The Wichita Buick Sales Co., sold cars to W. T. Crow, Burkhardt, and J. D. Perry, city.
 McFall and Orth made retail sales to Mrs. Mamie Dale Brown, J. A. Watkins, and George Mills, Iowa Park; W. M. Benton, and J. B. Frielev, Electra; E. B. Stewart, city, and J. W. Carter, Jernyn.
 The Motor Supply Co., did a good business in Electra last week, ten out of the fourteen Fords being sold there. The sales were J. B. Frerich of Scotland, W. P. Curlee of Holliday, Mrs. M. E. Clark of Archer City, Jess Griffin, the rest in Electra were, Gilbert Irwin, E. B. Massie, the Massie Drug Co., Claud Welsh, C. D. Shamburder, the Panhandle Refiners' Co., B. Marshalls, J. H. Haines, E. A. Stone and John Swartz.

SEVERAL NEW WELLS STARTING VARIOUS PLACES

The last few days have been devoid of sensational incident in oil operations in this section.

The Adams Oil Company No. 3 L. F. Ramming is expected to make the next big noise. This well is on the sand and will probably be drilled in about the middle of the week. The Harvey Oil Company is having some trouble with its well on the Ruvie. This well may be brought in this week and it has every indication of being a big producer.
 The Humble Oil and Refining Company's big well on the Serrian which made 1725 barrels the first twenty-four hours is now doing 1200 barrels. Producers Freidline No. 1 is doing 350 barrels and Producers Prechel No. 1 is doing 100 barrels.
 The West Oil Co. has made a location on the south 320 acres of the Weeth tract adjoining the Ruyie on the south side. This company was incorporated last week. J. D. Avie and Harry Weeks are two of the incorporators.
 Seven miles southwest of Electra on the Dave Shelton farm on Beaver Creek the Peoples Oil Company has let a contract for a well. The same company has let a contract for a well to be drilled on the townsite of Electra southwest of the depot.
 Nelson and Patterson have let a contract for a well on Section 2 of the Burnett.
 There is little news of an encouraging nature from Archer county. Several new wells were started in that district the past week. The Heunion, Okla. is down about 100 feet. The Confederate Reunion grounds. The St. Clair Oil Company is down about 1500 feet. The Art Drilling Co., is down about 100 feet on Spy Mound on the Coleman ranch.

COUNTY OFFICIALS SIGNING NAMES TO 750 ROAD BONDS

If County Judge Harvey Harris fails to get to Sunday school this morning it will be because he has not finished signing his name to 750 road bonds. The printed bonds have been received. County Treasurer Tom McMillan has signed each of the 750 bonds, likewise County Clerk M. F. Kelly. Mr. Kelly finished his task late yesterday turning the bonds over to County Judge Harris who has yet to sign them.
 Judge Harris will be busy in the county court Monday and Tuesday and as he wants to go to Austin with them Wednesday he may not get to Sunday school today.
 After the bonds are finally approved and registered at Austin they will be ready for delivery to the purchasers.

Studebaker SUPERIORITIES

—a never-failing Electrical System

Never failing because it's so simple—there's no complicated mechanism or wiring to get out of order

It's a two-unit system, which means that the generator does nothing but produce current which is stored in the 100-ampere-hour Willard battery—the starting motor compact, silent powerful, exerts a tremendous, continuous cranking force no matter what the weather. All wiring is oversize (current flows with less resistance through big wires). And all wires are cased in flexible steel conduits.

It's simple—that's why it never fails. And the fact that it's always ready for duty makes it possible for a Studebaker owner to forget what many another owner must constantly keep remembering.

OPEN AIR REVIVAL SERVICE AT FLORAL HEIGHTS CHURCH
 The Open Air Revival Services at the Tabernacle of the Floral Heights Presbyterian Church continue through tomorrow at the usual hours of service. Rev. Geo. P. Howard is doing the preaching, and Miss Mary Hazel Howard is to sing. You are cordially invited.

The Call to Arms

HERE is the glorious music that thrills Americans like a call to arms, recorded with a power and a pulsating vigor that will find a responsive echo in every heart.

If you are a true American patriot, you ought to have these Columbia Records in your home:

"Star Spangled Banner," "America," "Dixie," "Yankee Doodle," "U. S. Army and Navy Calls," "American Patrol," "Call of a Nation," "Battle Hymn of the Republic," "Columbia, the Gem of the Ocean"—etc.

Come in today to hear other records of equally timely interest. We'll gladly play any you wish to hear.

USL
STARTER BATTERIES

What's Inside Your Storage Battery?

Maybe it came with the car—perhaps you bought it on faith. In either case you ought to learn more about it if you don't want to run up against battery trouble when you're not looking for it.

We know storage batteries from the inside out. We would rather test your battery before it's too late than have you drop in and say "it won't work." A little prevention is cheaper than a new battery.

We sell USL Storage Batteries in sizes for any car. Sold on a liberal 15-months guaranteed adjustment plan. Drive around here and learn about it.

All sizes for all cars.

WAR PROBLEMS ARE DISCUSSED BY ADMIRAL JELlicoe

London, Aug. 3.—Admiral Sir John Jellicoe, first lord of the naval staff, in an interview with the Associated Press, discussed the submarine menace and the naval situation at the end of the third year of the war.

"You ask me to say something of the submarine menace," he began. "It is serious because all the allied armies, and civil population are, in varying degrees, dependent on sea transport. But, viewed broadly, the recourse by the Germans to this form of piracy is encouraging. They did not adopt it until they had lost hope in the victory of their armies. They did not risk drawing the United States into the war and concentrating on themselves the loathing of all other neutral states until they were convinced that they could not float a keel on the world's seas and by legitimate means interfere with the growth of the military strength of the allies.

"For three years naval power has been in transition to military power. The Germans in desperation decided to embark on ruthless submarine warfare in confident belief it would prove a fatal stroke. In February, according to their own confession, it was 'the best and only means of speedy and victorious ending of the war.' March, April, May, June and July have passed and their early hopes are still unrealized.

"The Germans have not mastered us and we have not mastered the submarine. We have not yet discovered the effective antidote. But we have reduced the losses of merchant shipping.

"There is no reason to doubt the Germans have at sea lately far more submarines than in February and March. Nevertheless, with invaluable assistance America has rendered, we have prevented them from reaping the harvest they anticipated.

"How long the German population will live on hopes deferred I cannot say, but they must realize that the prophecy of February, resting on official authority that the submarine was 'the best and only means of a speedy and victorious ending of the war,' has not yet been fulfilled.

After a pause Admiral Jellicoe went on gravely:

"Combating the submarines demands utmost effort on the part of all the countries which have joined forces to defeat Germany. She has staked her all on the submarine, and if we defeat it her last hope will have gone.

"The two urgent needs of the moment are more patrol ships for hunting down submarines and an increased output of motor destroyers, so that the losses suffered at sea may be made good. The war has become one of economic endurance. With the powerful aid which the United States is rendering in making the naval blockade effective, Germany's condition must become worse week by week. She will hold out long, but there is the faintest hope of the success of the submarine warfare. Once its failure is demonstrated, the German people, whatever may be the case with the German government, will recognize that defeat stares them in the face."

AMERICAN BLUEJACKETS OBJECT OF INTEREST IN GREAT BRITAIN

Associated Press Mail Correspondence.
Base American Flotillas in British Waters, Aug. 3.—Atop a steep acclivity that skirts the harbor of this port much like the Palisades do the Hudson river, hundreds of villagers and folk from a nearby city gather each night to watch the American destroyers—the trim little fighting ships Uncle Sam has sent across the Atlantic to combat the submarines. On a peaceful, beautiful, moonlight night these people have a picture of silent activity that is hard to beat.

From their high perch the people can see for several miles a vast expanse of hills and water that make a wonderful setting for the fighting craft at anchor. The British and American sailors on shore leaves bring their girls up there and men and women trudge baby carriages from miles around to watch the silent ships. It has come to be one of the most popular walks in the country; even the railroads run week-end excursions to the spot bringing the "ladies" and "clad boys and girls from great distances to see the Americans.

Up to a certain hour the ships are outlined in the darkness by searchlights. But all the time there is a scene of activity on board and in the water. The bluejackets with their little white caps seem to be always moving about, motor dories dart here and there among the ships, orders are called out and occasionally is heard the shrill warning of the horn on the dories. Always the dories are running from ships to shore, loaded with men going on leaves or returning to ship. Wireless and searchlights which at night replace the flag signals and telephones are exchanging messages and lights on board each ship flicker up and out in Morse code.

In the midst of all this is heard the strains of string music—guitars, banjos and violins—which seem to be favorites with the American boys. From the deck of the supply or transport ship which bears a string orchestra of fifteen pieces, Hawaiian melodies enchant the music lovers on shore. From other ships music comes from the phonographs with which every ship in the flotilla is supplied. On week-ends many of the townspeople crowd into small boats and swarm about the destroyers in their anxiety to get as close as possible to the music.

STUDENTS AT TRAINING STUDY FOR ANNAPOLIS

By Associated Press.
Great Lakes, Ill. Aug. 4.—No "Bucket of Blood" stories for the boys at the Great Lakes Naval Training Station. Ask the "rookie" you see stretching out on the grassy lawn in the afternoon what he is reading. Instead of the thrilling detective story you might expect to find, the volume is probably a French or Spanish grammar, mathematical text book or the Blue-jacket's manual.

Probably 1,000 of the boys in the camp are seriously studying with a view to taking examinations for entrance to the United States Naval Academy.

In former years, the only means of entrance to Annapolis was by appointment by one's congressman. Now, however, laws have been passed giving the enlisted man the same opportunity that others have.

Once a year, after the recruit has seen twelve months of service in the Navy, he may take the competitive examination open to all enlisted men under the age of twenty at the time of the examination. There are openings

right now for 100 midshipmen at the Naval Academy from the ranks and a high naval official has said that all who pass a favorable examination will be allowed to enter, no matter if the complement of 100 is filled.

Spurred by the opportunity of becoming commissioned officers in the finest Navy afloat, thousands of young recruits from high schools, universities and colleges throughout the country are preparing for their examinations.

Men who enter Annapolis from the ranks, seasoned by a year of experience before the mast, generally have a considerable advantage over classmates from civil life and enlistments with their appointments in view have become popular among students. In one small city in the west, sixteen of the high school graduating class enlisted, expecting to go to Annapolis.

U. S. NAVY IN FRANCE PRACTICALLY "BONE DRY"

Associated Press Mail Correspondence.
Base American Flotillas in British Waters, Aug. 3.—Black coffee is the popular drink with the men over here in Uncle Sam's teetotal navy. Steam ing hot coffee is always on tap on board the destroyers when they are out looking for submarines. The men say it not only keeps them awake but serves also as a stimulant and protector against the rigorous climatic conditions under which they labor. They have not yet carried on board ship the afternoon tea habit which they have formed ashore and found such a satisfactory substitute for the use of alcoholic drinks.

The vast majority of the men say they do not miss the absence of in-

toxicating drink on board their ships. Those who want it can get it ashore, from midday until sunset in the evening but for the vast majority the liquor saloons have very little charm. The record of the men as a whole in this respect, say their officers, has been one of the gratifying features of their stay here.

The patrols, therefore, have very little to do but walk up and down the main street of the villages in search of the trouble that seldom comes.

AMERICAN CLEARED OF COMPLICITY IN MADRID MURDER

Associated Press Mail Correspondence.
Mexico City.—Albert Murphy, an American, has been cleared of any responsibility in connection with the assassination of President Francisco Madero and Vice President Jose Maria Pino Suarez on Feb. 19, 1913. Murphy owned the automobile in which the President and Vice President were taken from the National Palace and shot. It was proved he was not present and had nothing to do with the plot.

BANK CLEARINGS FOR THE WEEK \$486,057.80.

Bank clearings for the week were \$486,057.80, showing an increase over the previous week of \$44,490.52.

PAIGE
The Most Beautiful Car in America

An Apology---And An Explanation

We feel that we owe an explanation to the thousands of Paige enthusiasts and prospective Paige owners whose choice is The Most Beautiful Car in America, but who have been unable to secure prompt deliveries.

The Paige-Detroit Motor Car Company has not failed to keep up with its production schedule. As a matter of fact we have already far exceeded the schedule we planned for ourselves last December.

Since January 1st we have been working our huge manufacturing equipment to full capacity. But in spite of these efforts we have never been for one day caught up with the demand for The Most Beautiful Car in America.

It is a significant fact that in the month of July just closed—a period unsettled by war conditions—the Paige-Detroit Motor Car Company was able to fill only 58 per cent of the actual orders placed during that month.

There Must Be Good Reasons For This Overwhelming Popularity

The explanation is plain and unescapable. This unprecedented demand for The Most Beautiful Car in America is inspired by Paige mechanical excellence.

The greatest motoring value is the sum and substance of this explanation. With its mechanical excellence, its beauty, its durability, the Paige is easily sold and—most important of all—it stays sold.

This shortage in Paige cars is not merely a local condition. It is national. If you question this statement go to your nearest Paige dealer and he will confirm it.

But there are other reasons for Paige popularity. They go back of mechanical excellence, beauty and excess values. They are fundamental because they make such things possible. We refer to the sound economic and financial policies that are the foundation of the Paige structure.

In percentage of sales increase, The Most Beautiful Car in America has outstripped all competitors between \$1000 and \$2000 in price for the last six months.

Paige sales in proportion to Paige capitalization are many times greater than those of any car in the same competitive field.

The Paige has built conservatively, soundly. It has no bonded indebtedness. It has been content with a modest profit per car.

The Paige has had the money to create quality in each and every car it has built. The excess value that has been put into The Most Beautiful Car in America has won the confidence and preference of the American public.

This greater value has brought to the Paige a supremacy that has stood unchallenged during the last few months of unsettled economic conditions.

Such overwhelming popularity has made it necessary for us to apologize to you for any delay you may suffer or may have suffered in the delivery of your car.

But is it not worth while waiting for a motor car that is at once the most popular as well as The Most Beautiful Car in America?

NOTE—It is impossible for us to guarantee the following prices for any definite length of time.

Stratford "Six-51" 7-passenger.....	\$1595 f. o. b. Detroit

Complete Preparedness Requires Permanent Roads

"The speedy completion of the main trunk lines that gridiron the state is no less an essential element in real national preparedness than is the mobilization of the army, the speeding up of the production of munitions and the building of super-dreadnaughts."—New England Roads, official organ of the Connecticut Good Roads Association.

Such roads should be built. They should be built of the most permanent construction. For only the most permanent kind of road can stand the passage of troop trains, motor trucks and heavy guns.

CONCRETE ROADS:

- Their Advantages
- No Mud—No Dust
- Moderate Cost
- No Ruts—No Holes
- No Slipping
- No Skidding
- Easy Hauling
- Smooth Riding
- Always Ready for Use
- Low Maintenance
- Long Life—Safety

Concrete roads have proved their durability and economy under extremely heavy traffic, automobiles, motor trucks and horse drawn wagons. But make sure you know what a concrete road is.

Concrete is made of Portland cement, sand and pebbles or crushed stone. It is hard, rigid, unyielding and durable. Concrete for roads is the same as the materials used in building concrete dams, factories, bridges, and big engineering works like the Panama Canal, where great strength and permanence are desired.

These are facts for thinking people to remember whenever road building is discussed. Talk them over with your neighbors and road officials. Bulletin No. 136 will give you further valuable information. Write for a free copy.

PREMIER

The Aluminum Six With Magnetic Gear Shift

Announcing an Advance of \$300, Effective Since August 1st

The high cost of material going into the construction of the Premier made an advance of \$300 imperative in order to maintain the high standard of quality and construction of this wonderful car.

The price may go higher within the next few months. The material market presents one of the most serious problems now confronting manufacturers of high-grade automobiles. The longer the present world war continues

the greater will be the demand for all classes of metal, and as the requirements of our national defense plans must be met first, all metal-using industries, including automobile factories, will be made to suffer a shortage of material.

All who contemplate the purchase of a Premier should do so without delay and take advantage of the present price of \$2285, for the price may advance again.

There is no telling how soon another advance will be made.

The purchase of a premier now will represent a saving sufficient to operate the car for more than a year. Act now, and do not permit procrastination to fleeh your purse of \$300, or possibly more. Demonstration upon request.

We have a full stock on hand. You can protect yourself against the advance by prompt action.

We Have an Exceptionally Attractive Proposition to Dealers in Towns Where not Represented

OFFICERS COMING TO INSPECT SITE AVIATION CAMP

Plans for the entertainment of the Aviation officers who will come in this

afternoon were completed yesterday morning at a special meeting of the committee at the Chamber of Commerce. The entire resources of the city and county are to be placed at the disposal of the government, in the event of the camp's being located here, which is the earnest hope and endeavor of the committee.

Everything that could further the scheme has been done. Commissioner Jackson has had the site for the training camp mown and rolled, so as to have it in as good condition as possible. The representatives of the various industries and corporations who will be most immediately interested

in the location of the camp have been seen, with a view to finding out what each will do, and there has been the most complete co-ordination on the part of every one of them.

Just what each has to offer will be told at the dinner given tonight in honor of the officers. In the afternoon, the officers will be first taken to the site, and then shown the city. Tonight at 7:30, they will be the guests of honor at the dinner at the St. James Hotel. The program follows:

- Toastmaster—J. A. Kemp.
- Wichita County's Part in the War—Judge R. E. Huff.
- What the County Will Do—Judge Harvey Harris.
- Water and Light for Aviators—F. N. Lawton.
- Street Car Service—J. C. Mytinger.
- Enforcing the Law—T. B. Greenwood.
- Co-operation of the City Council—E. G. Hill.
- Wichita Trucks—Jack Culbertson.
- What the Railroads Will Do—A. F. Winn.
- Our Campaign for the Aviation Camp—B. F. Johnson.

KEMP PRESIDES AT B. I. M. I. T. DIRECTORS MEETING

J. A. Kemp returned yesterday from the Buy-It-Made-in-Texas directors meeting held in Dallas last Friday—the first meeting to be held since Mr. Kemp's election to the presidency of the association. Mr. Kemp gave a terse but thoroughly satisfactory account of the meeting at which, he said, plans were made to increase the activity and efficiency of the work of the organization to a high degree.

The manufacturers all over the state, Mr. Kemp said, had all contributed most liberally, and that there was no doubt but that this would be the biggest year's work the association has as yet undertaken.

A budget of \$25,000 was adopted, and membership and advertising campaigns were planned. It was also decided to offer a scholarship at the Texas Woman's College at Fort Worth, to the Texas girl writing the best essay on "The Buy-It-Made-in-Texas Association and Its Work."

This series of steps, among the many of the development program planned at the recent convention here, will be carried out during the next few months and give promise of adding greatly to the work and efficiency of the association. The adoption of the budget is a means to an extended advertising program. The membership campaign will begin on September 1 at Beaumont, and will include the whole state.

BRITAIN TO SECURE TANNING FROM SOUTH AFRICA

By Associated Press. London, August 3.—In view of the fact that shipments of quinine from Argentina have been restricted and the French chestnut bark supplies are not available, tanners are glad to hear that the Shipping Controller has authorized the importation of three thousand tons of wattle bark from South Africa monthly.

Works are said to have been established in Natal for the extraction of tannin from the bark and in view of the fact that wattle wood is being used in the manufacture of explosives, acetone being extracted from it, the wattlewood industry promises large developments. Prior to the war, most of the wattlewood bark imported into England was re-exported to Germany.

TIMELY SUGGESTION WILL BE WELCOMED

IF YOU ARE NOT MAKING RAPID STRIDES, READ THIS.

Those of you who have been lagging in the rear, unable to get ahead, will probably see the cause of your unsuccessful efforts.

Your body is a wonderful piece of machinery that must have care and attention. Signs of anything wrong will be depicted on your face. If your liver is inactive and you suffer from constipation and stomach trouble, a sallowness will show it.

Your nerves, overtaxed by the work you are engaged in, will cause you to become irritable, impatient and care less.

You then assume the attitude of "I don't care what happens," and instead of stepping about on sprightly limbs, you just drag your weighty body around and become a bore to yourself and a nuisance to those around you.

Many people in this country are suffering and hampered the same as you are. Again many people, right here in your community, have suffered, but are now well and strong, stepping lively about and making things hum.

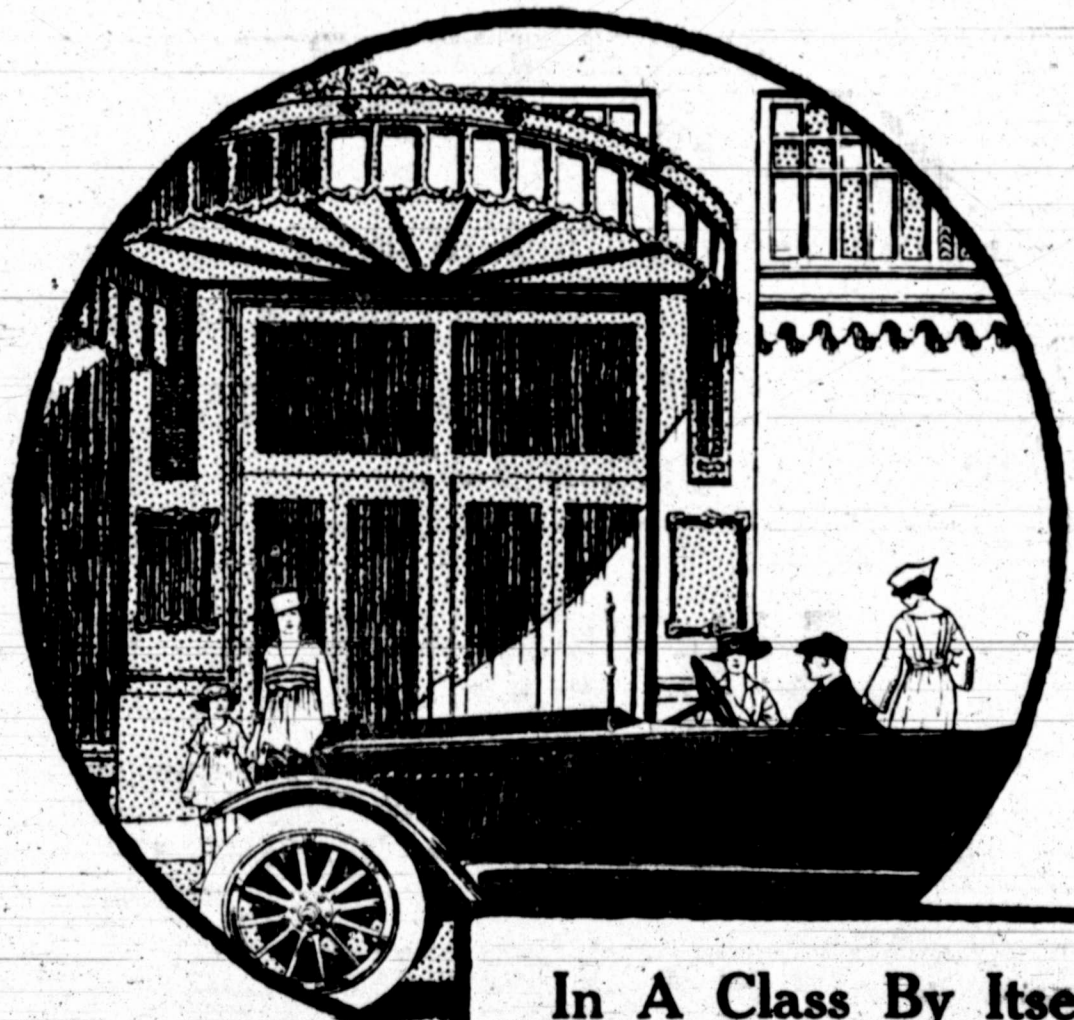

Pep-Systemic Pills is the tonic you need. It is for the Blood, Nerves and Liver. If your ill are caused from any of those sources, a treatment begun now will prevent them from developing into something serious and ever causing you worry and despondency.

Pep-Systemic Pills are sold by Miller Drug Co. (adv.)

NOTICE POSTED FOR AMENDMENT ELECTION AUG. 21

Ballots have been printed and the necessary notices posted for the election on August 21 to vote on the amendment to the state constitution providing for the creation of conservation districts.

The amendment provides a method for the creation of such districts and other details. It is regarded as of great importance. It is of especial interest in Wichita Falls for it provides means for the creation of a district for an irrigation system for the Wichita River valley.

In A Class By Itself

THERE is no other car at less than \$1000 that offers all of the advantages you get in the GRANT SIX.

The man with less than \$1000 to spend simply cannot find another Six as economical, as high-powered, as well built and finished, as roomy and as easy riding as the GRANT.

No other popular-priced Six follows so closely the standards of construction of the higher-priced cars.

The only way to really appreciate the exclusive quality of the GRANT Six is to check it up point by point with all other popular-priced Sixes.

According to the run of market prices the GRANT Six is at least a \$1000 car—yet you can buy it now for \$875—

and now is the time to buy it.

GRANT MOTOR CAR CORPORATION, CLEVELAND

Is the senator in a hurry?

- A. Just as surely as the Pork Barrel rolls through every Congress.
- Q. What's troubling him, then?
- A. He's due for a party caucus and his car has skidded down and out with flat tires.
- Q. Aren't the tires the weak spot of automobiles, anyway?
- A. There's certainly no weak spot in Lee Puncture Proof Tires. In the first place they have a lot of steel discs forming a protecting armor back of the tread. Lee Tubes fit properly and the zig-zag tread gives the driver the feel of confidence against skidding. The feel is hard to explain, but once you get it you'll bank on Lee treads against skidding. If you won't take my word for it, talk it over with

PERSONALS

Z. A. Jeter and wife and child left for Colorado Springs yesterday morning. H. Friedly, watch inspector for the Denver road, went to Childress yesterday and returned this morning. C. W. Bean left for a month's visit at Long Beach, Calif. yesterday afternoon. He was accompanied by C. H. Storts of Dallas. Mr. and Mrs. T. C. Page, Miss Survalis Shultz, and Miss Claudie Metcalf leave today for the Ozark mountains. They are going overland, and have their entire outfit loaded into a trailer which was designed and constructed by Mr. Page, and which Mrs. Page says, is quite a curiosity. This trailer is fully equipped with ice box, grub box, tent, bedding, and all the necessary paraphernalia of the camper. The trip is mainly on account of Mr. Page's health, which has for some time past been failing. C. K. Smith, with the Robertson Paint Co. left yesterday for a short visit to his home in Jacksonville, Texas. W. S. Jemeyson, farmer and stockman of Jones County, Texas, passed through yesterday on his way home from Altus. Mr. Jemeyson said that there were very strong rumors of organization against the draft in that section of Oklahoma. Ed. Roberts, wife and child left for Colorado Springs, Salt Lake City, and other points. They will be away about three weeks. D. W. Benbow, local manager of the Kress Co., leaves today for a two-weeks vacation. Mr. Benbow will visit his mother and sister in Lawton, Okla., and Medicine Park. Mrs. J. B. Nail returned last night from a three weeks visit to her daughter, Mrs. Henry Tandy at Dalhart. Mrs. H. E. Young of Fort Worth came in yesterday for a few days visit to friends and relatives. Rev. Brown, special evangelist for the North Texas Conference of the Methodist church, passed through the city yesterday enroute from Dallas to Electra where he is to begin a series of meetings today. C. C. Young, traveling representative for the Mercantile Linotype company was in the city yesterday. G. D. Anderson and family have returned from Kerrville where they have been spending an outing. They made the trip by automobile. Smythe Alexander of Nocona, is visiting friends in the city. Miss Oma Link of Nocona is visiting Miss Bruce Dickson. Rev. Sam A. Barcus left yesterday for Archer City. Miss Maggie Long of Graham is visiting friends and relatives here this week. Fred Pate of Sulphur Springs, is the guest of Mr. and Mrs. Ed. Pounds on Harrison street.

HOW UNCLE SAM'S SAILORS KEEP IN PHYSICAL TRIM
By Associated Press.
Great Lakes, Ill., Aug. 4.—Uncle Sam's sailors at the United States Naval Training Station here, have various ways of keeping in physical trim. With approximately 1500 track athletes among the 12,000 men on the station, skipping rope has become a popular method. Almost any evening after drill, husky young bluejackets may be seen in the company streets skipping rope.
Dr. John B. Kaufman, past assistant surgeon, U. S. N., athletic officer, says it makes them alert, gives them con-
