OFFICERS CAMPS TO BE INSTALLED ON JANUARY FIFTH

WILL BE EMPLOYED PRIMARILY IN TRAINING MEN ENLISTED NOW.

OPERATIVE UNTIL APRIL

One Will be Located at Each of Regular Army, National Guard and National Army Divisions.

By Associated Press. Washington, Oct. 3.—A third series of officers' training camps to be opened January 5 will run until April 5, the war department announced today, primarily for the education of enlisted men of the regular army, national guard and national army for commissions. In addition, however, 2490 graduates or undergraduates from 93 specified schools and colleges will be admitted.

A camp will be located in each of the regular army, national guard and national army divisions. Additional camps will be located in the Philippines, Panama and Hawaii, and one each at Fort Bliss and Fort Sam Houston, Texas, and Chickamauga, Ga. Quotas for Regiments.

The quota of each regiment or smaller unit of the army to be selected to attend the officers' training camps is to be a percentage of the enlisted strength of the organization. Graduates recommended for commissions as second lieutenants will be commissioned as vacancies occur.

College men to be admitted must be between 21 and 31 on the day of opening. They must be unmarried men with no dependents. No graduates of the colleges named who did not take military courses given at the institution will be eligible.

Enlisted Men May Apply. Any enlisted man between 21 and 40 years of age may apply. Character and military aptitude will govern selection. College students will be required to enlist for the duration of the war and serve out their enlistments if they do not obtain commissions. They will receive the pay and allowances of first class privates while under instruction. The camps are primarily for training of national guard and national army units. The quartermasters general, chief of coast artillery, chief signal officers and chief of engineers have been authorized to organize such schools for special training as may be necessary.

Coincident with the start of the third division of officers' training camps, the railroad training camps today, the railroad board issued a statement connecting with part which the railroad have played in handling the largest troop movement ever attempted in this country.

Including the national guard, the regular army and the new national army, the railroad has moved approximately 730,000 soldiers from their homes to training camps or embarkation points, says the statement.

BRITISH EMBARGO TIGHTENS CORDON AROUND GERMANY

By Associated Press. Washington, Oct. 3.—Great Britain's new embargo on shipments of practically everything to Sweden, Norway, Denmark and the Netherlands, is regarded here as a most important move in tightening the cordon which slowly but surely is killing the military power of Germany. Great Britain's action is regarded as one of the most important of the war.

As the British embargo excludes everything except printed matter, about the only thing that will be permitted to go to the German people by way of the neutrals will be expressions of world opinion that they should reorganize their system of government to do away with the military autocracy.

The embargo completely cuts off supplies Germany has been receiving through adjacent neutrals.

AMERICAN OFFICER IS KILLED IN ACTION IN OFFICIAL STATEMENT

Washington, Oct. 3.—Lieutenant G. P. Howe of the Boston Medical Officers Reserve Corps was killed in action September 28 while on duty with British forces in France, the adjutant general today announced. The next of kin is Marion Howe, 154 Beacon street, Boston.

\$45,000 PAID FOR ONE-EIGHTH INTEREST LEASE OF 8 ACRES

What is thought to be the record price for an oil lease in this section of the state was paid last Monday by C. S. Farquharson to Frank D. Kelm for a one-eighth interest in a lease of eight acres of the Hamming homestead the consideration being \$45,000, which, figuratively speaking, is paid

BONDS BEING SOLD ALL OVER COUNTRY IN LARGE NUMBERS

REPORTS INDICATE THAT ISSUE WILL BE WELL OVER SUBSCRIBED.

New York City Reports Heavy Sales Upon Second Day of Drive Sum Nearing \$100,000,000.

By Associated Press. Washington, Oct. 3.—The big drive for three billion dollars second Liberty Loan is in its third day with reports continuing to reach the treasury department in large volume telling of the public's enthusiastic response to the national appeal for subscriptions. Although no figures were at hand today, treasury officials predicted the success of the new bond issue. They based their prediction on the over-subscription of a \$400,000,000 issue of federal certificates of indebtedness. This is the biggest issue of short time certificates of indebtedness ever put out by the government.

New York, Oct. 3.—Unofficial figures placed the subscription to the second Liberty Loan amounting to \$93,354,850 in the second federal reserve district up to noon today.

Subscriptions today included \$10,000,000 each by the United States Steel Corporation and Mutual Insurance Company and \$2,500,000 by the Western Union Telegraph Company.

WAR TAX MEASURE ONLY NEEDS NAME OF PRESIDENT NOW

By Associated Press. Washington, Oct. 3.—Final enactment of the war tax bill, the greatest single revenue raising measure in American history awaited today only approval of President Wilson. Congress today passed the bill during a conference report on the measure rushed it over to the public printer. The conference report which has been adopted by the House.

All new taxes in the bill become effective when the president signs it, except certain specific taxes.

The one cent letter and post card tax becomes operative in 30 days and the second class mail increases July 1.

New income and war excess profits taxes are based on income of the 1917 calendar year and payable before March 31.

All stamp taxes including those on parcel post packages become effective Dec. 1. Amusement admissions and taxes on club dues go into effect Nov. 1, as do taxes on freight and passenger transportation, sleeping car, draw-in room and steamship berths, pipeline transportation, insurance policies and telegraph and telephone messages costing fifteen cents or more.

Third National Army Increment Is On Way To Training Camps

By Associated Press. Washington, Oct. 3.—About two hundred thousand men representing the third increment to the national army today are on their way to sixteen encampments where already half the 687,000 called to the colors by the president are mobilized. Although today's quota should be forty per cent under regulations promulgated by the adjutant general, local conditions in the various states have reduced the general average of the increment to 20 or 25 percent.

COURT REVERSES M. L. MOORE CASE, OF THIS COUNTY

Special to The Times. Austin, Tex., Oct. 3.—The court of criminal appeals today reversed and dismissed the case of M. L. Moore, from Wichita County.

Moore was convicted of swindling and given 3 years in the pen. The alleged swindling was on account of the acquisition of \$600 in money on the sale of certain personal property on a false representation, that the property was free of encumbrance.

The court today reversed and dismissed the case because it was shown that the indictment was defective in that it contained no direct allegation that the debt, which was charged, was secured by mortgage.

HEFLIN AND MASON WRANGLE IN HOUSE BREAKS OUT AGAIN

ALABAMA MEMBER OFFERS TO NAME THOSE MEN HE SUSPECTS WERE INFLUENCED.

LATTER MAKES ADDRESS

Defended His Introduction of Measure to Repeal Draft As Approved by His Constituents.

By Associated Press. Washington, Oct. 3.—The protracted wrangle in the House today when Representative Hefflin of Alabama introduced a speech contending that Hefflin had intentionally charged Mason with treason and linked him up with Emma Goldman.

Representative Hefflin requested consent of the House for time to reply to Mason's remarks and to name the men he thought he had acted suspiciously, but objection was made by Representative Garner of Texas and the new for the time being was brought to an end.

House Grooms. The House, evidently sick of the row, evidently when Hefflin asked unanimous consent to reply to Mason, and approved when Garner objected. The House was disinclined to risk reopening the wrangle by hearing Mason, but there was no parliamentary means of avoiding his speech on the ground of precedents.

Mason defended his introduction of a bill to repeal the draft as being approved by a majority of his constituents, and drew wild applause from the House when he told his son, nevertheless, had joined the army.

Ancestors Fought. His ancestors, Mason declared, were English, and participated in every war for the United States.

Despite the fact that he has opposed war, Mason declared, he now supported it. He denied all implied charges of German influence and denounced the German military autocracy.

NEW PARTY MAY BE BORN TODAY AT CHICAGO MEETING

PLANS TO ELECT HALF DOZEN SENATORS AND MANY MEMBERS OF HOUSE.

PROGRAM IS AMBITIOUS

"March on Washington" When They Will "Take Possession" of the Government" Arranged for 1920.

By Associated Press. Chicago, Oct. 3.—Chicago today may be the birthplace of a new political party which is as yet unnamed but which purports to elect half a dozen United States senators and between twenty and forty members of the house of representatives in 1920, according to an announcement of leaders who are incognito.

The new party is to be recruited from the "Progressive," "Single Tax" and "Social Democratic" groups, the latter asserting its membership is composed of former adherents of the "Socialist" party who have found it "theoretical and unadaptable to new conditions as well as unpatriotic in the present world crisis." Indicative of the permanent merger of the national "Prohibition Party has announced its readiness to drop its identity as a third party, a position it has held for nearly half a century.

The tentative draft of the platform which is to be submitted to the conferees, said to have been written for the most part by John Spargo, formerly a Socialist, approves universal suffrage, the initiative and referendum, the recall, the short ballot, the executive budget and proportional representation. National Prohibition is strongly demanded and the declaration is made that all traffic in liquor must be outlawed. Extinction of land monopoly, public ownership of coal mines, oil wells, telegraphs and telephone lines and other public utilities and the use of union labor on all governmental activities are among the demands made in the Spargo draft.

The voting strength in today's conference was fixed at 20 votes each of the Prohibition, Progressive, Single Tax and Democratic parties. Men who participate in the recent St. Paul conference of the National Non-Partisan League have been invited to be present, but not as official delegates.

The Prohibition national commission which was in session here yesterday voted to concentrate its efforts in 1918 on 20 congressional districts and to raise a campaign fund of \$300,000 for that purpose. This plan is to be abandoned if the amalgamation of the "new party" is effected.

"WE SHALL BOMBARD GERMANY" ---- LLOYD GEORGE

FRENCH VETERANS TEACH TRENCH WARFARE TO STUDENT OFFICERS

Left to right: Captain Pierre Loriou, One Hundred and Thirtieth Infantry, French army; Major T. M. Anderson, senior instructor at student officers' camp at Fort Oglethorpe; Lieutenant G. Delarochette, One Hundred and Seventy-fifth Infantry, French army; and Captain Bethel, U. S. A. These two French officers are now at Fort Oglethorpe instructing student officers in training there in the science of trench warfare. They are veterans along this line, having gained their practical experience fighting on the French front.

FAMOUS INTER-MOUNTAIN RATE IS PRACTICALLY RE-OPENED BY COMMERCE COMMISSION

By Associated Press. Washington, Oct. 3.—By an order of the Interstate Commerce Commission the celebrated inter-mountain rate case was today practically reopened for consideration of new tariff proposals by the railroads which would effect increases ranging from ten to sixty percent on about seventy percent of the traffic between Denver, Colo., and Salt Lake City, Utah.

By a blanket order last June which expected to close up the long contested case, the railroads were authorized to increase some rates, reduce a few others and permit the remainder to stand.

Congress, in the meantime, however, amended the rate law so that no increases may become effective for a term of years without the specific approval of the commission. To meet this change in the law, the commission has been obliged to suspend its decision authorizing increases which was to have become effective October 15 and now will have to consider each increase on its merits. Thus, a final closing of the case probably will be long postponed. The whole inter-mountain territory west of a line drawn north and south through Denver is affected.

COTTON JUMPS SIX DOLLARS BALE, OR TOTAL OF TWELVE IN TWO DAYS

By Associated Press. Austin, Texas, Oct. 3.—The "court of the cotton" today affirmed the death penalty in the case of John Tiger, a negro, from Matagorda county, who was convicted of the killing of Claude Hughes, a white man, by Hughes was shot to death. The plea of self defense of Tiger was not sustained by the court.

The court reversed and dismissed the case of J. M. Rayburn from Taylor county. Rayburn was fined \$50 for the alleged violation of the live stock sanitary laws, by failing to vaccinate his hogs.

There was submitted for rehearing today the cases of E. E. and Lou Snapp from Liberty county. Pending rehearing the appellants are seeking their release on bond.

By Associated Press. Wausau, Wis., Oct. 3.—Senator La Follette's expulsion from the Senate for "treasonable and seditious utterances and disloyalty to our government" is asked in an appeal to the United States Senate in telegrams sent last night by W. B. Homeman, chairman of the executive committee of the Wisconsin Republican state central committee, to the president of the United States and to Senator Pomeroy, chairman of the committee on privileges and elections.

The telegrams were identical and state that all the members of the committee concur except two who have enlisted and are in the service of their country. Their present addresses being unknown.

BRITISH PREMIER STIRRED TO ACTION IN RETALIATION FOR AIR RAIDS MADE ON ENGLAND; FRANCE BEGINS LIKE WORK

The war situation of today is summarized by the Associated Press as follows: "We shall bombard Germany with compound interest," Premier Lloyd George is quoted in the London press as declaring to a London crowd in promising that Great Britain would soon launch reprisals for the many German air raids on England.

The French reprisals, already under way, were continued last night. French airmen dropped bombs on the town of Baden, some 55 miles beyond the French frontier. More than seven tons of bombs also were dropped on various military objectives in German-held territory. Along the French front the artillery duels were vigorous at many points. The activity was especially marked north of Verdun, where the French are apparently preparing an attack to recover a few trench elements which the crown prince's troops retained when their main attacking force was thrown back north of Hill 344 yesterday. A German attempt to attack east of Rheims was broken up by the French artillery.

Haig Reports Little. Field Marshal Haig's dispatch from the Flanders front have again become laconic, the only recent break being in the messages describing the furious German counter attacks which failed to shake the British hold on the ground won last week.

Today the British commander merely recorded the continuation of reciprocal artillery activity east of Ypres. The latest press advices from the front however, indicate that the British bombardment is being kept up with the greatest intensity, hundreds of big guns deluging the Germans' positions with high explosive shells reaching far to the rear and covering every approach to the German lines.

Russian Congress. The Russian democratic congress at Petrograd which the government has not recognized as an official body, after adopting a resolution favoring a coalition government, virtually reversed itself by voting the exclusion of the bourgeoisie elements of the population. The supporters of the Korniloff revolt and the constitutional democratic party were especially instanced for exclusion.

The town of Baden, in the grand duchy of the same name, is one of the most famed and beautiful watering places of Europe. It is a town of some 15,000 about 55 miles from the French border.

ENEMY IS DRIVEN OFF AFTER ATTACK ON CANADIANS

By Associated Press. Canadian Headquarters in France, Oct. 3.—The enemy today attempted to raid our lines in the Avion sector but was discovered before he got to close quarters and driven off by our troops. There were casualties. The infantry activity is generally less than normal but the sound of guns never ceases. The Germans are attempting to place their destructive shots or out positions than they did earlier in the season but even in this respect they are still far behind the British and Canadian gunners.

The enemy also has increased the proportion of gas shells. This may indicate the gas chemicals from which poison gas is made are available in greater quantities than those required for high explosives.

Lloyd George Promises Retaliation For Raids Made By Hun Airmen

By Associated Press. London, Oct. 3.—A crowd of poor people in the southwest district of London yesterday appealed to Premier Lloyd George to order the British air force to retaliate against Germany for the air raids on London. The premier shouted to the crowd: "We will give that all back to them and we will give it to them soon. We shall bomb Germany with compound interest."

The crowd cheered the promise of the premier's reply. The premier had just completed a tour of the damaged in the raids with Viscount French, commander of the home forces.

MATAGORDO NEGRO TO SUFFER DEATH FOR KILLING MAN

By Associated Press. Austin, Texas, Oct. 3.—The "court of the cotton" today affirmed the death penalty in the case of John Tiger, a negro, from Matagorda county, who was convicted of the killing of Claude Hughes, a white man, by Hughes was shot to death. The plea of self defense of Tiger was not sustained by the court.

PERU IS CONSIDERING RETALIATION OF COUNTRY WITH GERMAN EMPIRE.

Lima, Peru, Oct. 3.—The Peruvian congress is considering the international situation as affecting relations with Germany. The foreign minister and the minister of war have been summoned before congress to give information if desired.

COLIER BUILDING BRINGS \$100,000; MARKET IS ACTIVE

W. W. SILK AND M. J. BASHARA BUY EIGHTH AND INDIANA STRUCTURE

NUMEROUS DEALS CLOSED

(From Sunday's Daily) That the market for Wichita Falls business property is active and that values are being maintained in transfers is again indicated, this time by announcement of the sale of the Frank Collier building, corner of Eighth and Indiana, for which W. W. Silk and M. J. Bashara paid to Frank Collier \$100,000.

The structure, which is of two stories, from 30 feet wide and 150 feet in length on Eighth. It is of brick construction, the first floor is occupied by the Morris Drug store on the corner, and Corner and Indiana buildings, clothing store on the second story being devoted entirely to offices.

Property in this immediate vicinity is considered by many men to be the key to values in the downtown district.

Many Other Deals.

A number of real estate deals were reported, the most of them being in residential property, both houses and lots. The demand for houses, both by purchasers and renters continues to be strong and the supply is slow to increase, due in large measure to difficulty of the contractors in obtaining workers and materials.

N. G. Monroe consummated six sales, the highest consideration of them being \$4,700, the price paid by J. S. Anderson for a house at 2307 Tenth, Oklahoma street.

Mrs. Marion Crabtree and mother the house at 2110 Ninth; the house at 1609 7th and J. W. Tanner, to D. L. Scott, No. 1219 14th.

Other transfers were made by Mr. Monroe were to Miss Marion Crabtree and mother the house at 2110 Ninth; the house at 1609 7th and J. W. Tanner, to D. L. Scott, No. 1219 14th.

Twelfth Street Home Sold.

J. J. Moran reported the sale of a five room house at 1212 Twelfth to M. O. Turner of Harrell, Texas, for a consideration of \$4,000. The place formerly belonged to Mrs. M. M. Adickens and W. M. Peck.

J. L. Jackson made sales in the rural districts, one a 188 acre place to F. C. Reins of Big Springs, consideration \$10,240. This land is located near Charley, Clay county. The other sale was made to F. C. Carpenter, a 160-acre farm located near Iowa Park, consideration \$30,000.

N. N. Duritt sold a home near the Austin school for a consideration of \$2,250 to J. L. Eggleston through R. H. Chancellor of Harrell, Texas. Two other transfers were also handled by this firm. H. L. Parrish to G. B. Isler, a house in the 1400 block on Fourteenth street for \$2,200, and J. P. Turner to A. Drake a home on Lamar for \$2,750.

Stevens and Talbert report the sale of two lots on Eleventh, one to Ben J. Neal and one to G. G. Talbert, both for a consideration of \$815.

Bank Recommending Trading Old Bonds For Newest Issue

In view of the fact that the new government bond issue will bear four per cent interest and that the first issue of Liberty Bonds which bear three and a half per cent is fast approaching maturity, the First National Bank of this city is recommending to its patrons that they wait until they have received their bonds at the new rate of interest, the First National Bank of this city is recommending to its patrons that they wait until they have received their bonds at the new rate of interest.

The following statement has been authorized by the bank:

"To our friends who subscribed for Liberty Loan Bonds:

"We will soon be prepared to deliver bonds to all who subscribed for less than one thousand dollars. However, the government is getting ready now bonds which will bear 4 per cent instead of 3 1/2 per cent, and we advise our friends to wait a little longer and make the exchange rather than take the bonds at present. Please advise us of your wishes at once.

TWENTY-ONE DEAD TAKEN FROM WRECK TO BRISTOW, OKLA.

(By Associated Press.) Tulsa, Okla., Sept. 25.—Twenty-one bodies recovered from the wreck of the St. Louis and San Francisco passenger train at Kellyville, Okla., yesterday were in morgue at Bristow today but only eight of these had been identified.

Fifteen of the dead were Indians and negroes. Six of the victims were whites. Rescue crews worked throughout the morning searching for the bodies of the six remaining victims.

Officials of the railroad announced the right-of-way would be cleared for movement of trains at noon today.

The identified dead are: John Crowder, deputy sheriff of Creek County, Shamrock. Mr. Hudley, Hugo. A. Tracey of the Globe Clothing Co., Tulsa. Frank Hutchinson, employee of the Pioneer Telephone Company, Tulsa. D. M. Walcher, Bristow. Tom Bigpond, Dopey. Harry Whitney, negro, Sherman, Texas. Leslie Le Mucker, negro woman, Bristow.

Bank Clearings Show Continued Increase For Wichita Falls

(From Sunday's Daily) Bank clearings for the week were \$24,923.94, showing an increase of \$102,600.76 over the previous week, which was \$23,903.18. This is the fifth week in succession that there has been an increase, this week's being the largest recorded for many months.

INCREASE OF \$3,630,150 SHOWN IN WICHITA COUNTY'S TAXABLE VALUATIONS DURING LAST YEAR

An increase of \$3,630,150 in taxable valuations in Wichita county this year over 1916 is shown in the completed tax rolls of County Tax Collector T. W. Haggard. This is one of the largest gains ever recorded in Wichita county. The total of the taxable values is now \$25,246,099. In 1916 the total was \$21,715,949. The total of the taxes assessed this year is \$406,748.51.

WAR TAX MEASURE "CATCHES" ALMOST ALL IN COUNTRY

(From Monday's Daily) The county officials have announced that they will immediately take steps toward enforcing the law in regard to equipping the lights on all motor vehicles with dimmers. BABY'S FIRST DASH OF TALCUM POWDER MUST PAY TRIBUTE

(By Associated Press.) Washington, Oct. 1.—The \$2,700,000 war tax which is up for final action today in the House, "catches" almost everybody from the cradle to the grave, and for good measure, leaves no child tax-free when the federal collector will be on hand to get the inheritance tax, advanced on the present rate of from one per cent on \$50,000 to ten per cent on \$1,000,000, between birth and death, most of man's activities would be taxed, a cemetery association being one of the few exempted.

Those who have profited most by the war, the recipients of enormous excess war profits, will pay the most heftiest taxes when he goes to the total amount of the bill, or about \$1,110,000,000 is to be collected from them.

The person who writes a postal card will be caught, for cards will sell for two cents each by the provisions of the bill. Letters will be three cents. The greatest exemption is for the moving picture show, if the admission is over five cents, one tenth of the cost of the ticket. That rate will affect all who attend, the man in the gallery and the one in the box. The postage tax designed to raise \$30,000,000 will also get his money in many ways.

The greatest consolation is that the consumption taxes, which would have made him pay on coffee, tea and sugar, were stricken from the bill. The man of moderate means as well as the wealthy are affected. Burden of income tax. Normal rates have been doubled and exemptions lowered to \$1,000 for single persons and \$2,000 for married men. Burden for incomes above \$5,000 range from one to 50 per cent, the maximum applying to incomes over \$1,000,000. This section is expected to raise \$60,000,000.

Even Cheating Gum. Included in the taxes imposed upon the manufacturers are levies of one quarter cent for chewing gum, two per cent on the sale price of chewing gum and three per cent on automobiles, music instruments and jewelry.

Even drinking one's tax troubles in drink or sending them in smoke will cost more, for the levies on all kinds of liquors are raised. The new rate on whiskey is \$2.10 per gallon and beer \$2.50 a barrel. Wine taxes will be doubled and even grape juice will be taxed at one cent a gallon.

A person cannot escape the taxes by travel. Eight per cent is assessed on passenger tickets and summer tickets also pay a tax.

DAMAGE BY STORM AT PENSACOLA IS ABOUT \$1,100,000

(By Associated Press.) Pensacola, Fla., Oct. 1.—(By Wire less to New Orleans).—Estimates to date of the damage done in the city of Pensacola by the tropical hurricane last Friday, placed the property loss at not more than \$1,100,000, which was considered not unusual in view of the violence of the storm. The damage was confined practically to wires, window glass, the waterfronts and roofs and frail frame structures. No reports of loss of lives or injuries to persons in this vicinity have been received.

There was slight damage in the neighborhood of Yellow Bay, Warrington and Woodstock. Student aviation near here resulted in a number of rescues from the sea, and a number of rescues from the sea, and a number of rescues from the sea.

Authorities at the navy yard stated the loss there would aggregate about \$100,000, including an unbroken building store and supplies and airplanes. No estimate was available as to the damage of repairing the track and bridges of the electric railway between here and the navy yard. The wreckage caused by the storm was rapidly being cleaned up and normal conditions were being restored. No communication with the outside world except by wireless had been possible since the storm was in effect, but today by the telegraph and telephone companies expected to re-establish communication by tonight. No railroad trains had left the city, due to washouts north of here.

McCall Will Become Governor's Secretary; Quits Senate Post

Austin, Texas, Sept. 25.—John D. McCall, for the past four years secretary of the senate, today announced he had accepted the appointment tendered him by Governor Hobby as private secretary to the governor. Mr. McCall said he will assume his new duties on Monday. For the past several months Mr. McCall has been an attorney in the federal land bank at Houston.

Evangelical Church Pastor Resigns His Position in the City

(From Sunday's Daily) Rev. George E. Alstead, pastor of the First Evangelical Church, has sent in his resignation to the Rev. L. New, district superintendent. Mr. Alstead has received a call from the Iowa conference, but has not yet definitely decided upon his next pastorate.

Mr. and Mrs. Alstead will leave for Dallas October 8, and will spend the conference at Temple, probably returning here for a short time before leaving Wichita Falls permanent.

HOUSTON JURIST GIVES OPINION OF STONE, ET AL

(From Monday's Daily) By Associated Press. HOUSTON, Texas, Oct. 1.—A doctrine of uncompromising Americanism was enunciated from the bench Monday morning by Walter T. Barrs, judge of the United States district court, when he charged the grand jury for the September term.

After cautioning by name Senators James M. Smoot, Hardwick of Georgia, Vandamm of Kansas, Gronna of North Dakota, Gore of Oklahoma and La Follette of Wisconsin, the court said:

"If I had a wish, I would that you men had jurisdiction to return bills of indictment against these men. They ought to be tried promptly and fairly and I believe this court could and should do that. I have a conviction as strong as life that this court should stand up against an adobe wall tomorrow and give them justice what they deserve."

"If any man deserves death, it is a traitor, I would that I could pay for the ammunition, I would like to attend the execution and if I were in the firing squad I would not want to be the marksmen who had the blank shell."

"Deliberate judgement, supported by the head and heart, a firm reflecting spot in the heart, prompts these words."

Two Boys Held Upon Forgery Charge Here; Make No Statements

(From Monday's Daily) J. L. Anderson and Edgar A. Lewis, 15-year-old boys from near Lake, Texas, were arrested here this afternoon on a complaint charging them with forgery and attempting to pass a forged instrument.

The boys would make no statement other than that they had had left home about a week ago for Frederick, Okla., to pick cotton, but were dissatisfied and were returning home. They had only enough money to get to Wichita Falls, so as a last resort Lewis said they forged the name of a prominent business man to a check for \$2.25.

They were placed in jail and will be given an examining trial tomorrow morning.

General Gurko Is Ordered to Leave Russian Territory

(By Associated Press.) Petrograd, Oct. 1.—General Gurko, former commander on the southwest front, has been expelled from Russia by way of Archangel because of the letter he wrote to the former emperor expressing his loyalty. A telegram from Archangel announces the general's arrival and says he boarded a British vessel.

WOODS HIGH GUN AT WEEKLY SHOOT OF WICHITA CLUB

(From Sunday's Daily) Claude Woods was high gun at the shoot of the Wichita Gun Club Friday afternoon, scoring 24 out of a possible 25. C. J. Pate was a close second with 23 out of 25 in the official score. For the day, however, Pate was high with 48 out of a possible 50. Weather conditions were ideal, though attendance was rather light.

An effort is still being made by members of the club to secure new members so that at least 25 may be present at the regular weekly shoot each Friday.

Following is the score made yesterday:

Roy Jones	21	19
J. C. Kilgore	16	20
Fred Andrew	17	19
E. G. Hill	18	22
C. J. Pate	23	23
G. E. Wood	22	19
Claude Wood	24	22
W. N. Moore	21	23

HIGHER COURTS AT AUSTIN ARE AGAIN GRINDING

(From Monday's Daily) Messrs Ed. Matt and John Bentley passed through the city today en route to their homes in Fort Worth, Texas, and Dallas, Okla., where they had gone to attend the funeral of their mother. Mr. and Mrs. R. L. McDonald of this city will return from there tonight.

STONE, LAFOLLETTE AND GRONNA FACE PETITIONS THAT THEY BE EXPELLED

(By Associated Press.) Washington, Oct. 1.—Petitions from New York organizations asking expulsion from the Senate of Senators LaFollette of Wisconsin, Gronna of North Dakota and Stone of Missouri, were presented in the Senate today by Senator Wadsworth of New York and referred without action to the Senate privileges and elections committee.

SECOND GREAT LIBERTY LOAN DRIVE LAUNCHED AT NOON IN EVERY STATE; EVERY STAMPED LETTER IS REMINDER

(By Associated Press.) Washington, Oct. 1.—The big drive for the second issue of Liberty Loan bonds today at noon in every state, that will last four weeks.

The campaign is planned to raise at least \$400,000,000 in subscriptions and treasury officials have set the "amount expected" at \$500,000,000. Half again as large as the first Liberty Loan, this one is believed to be the largest of the United States have ever been called upon to absorb.

Secretary McAdoo formally opened the campaign with a speech in Cleveland, the first of many. He will deliver on his tour of the United States to stimulate interest in the sale of bonds. Clubs, chambers of commerce, commercial organizations, school, patriotic societies and like organizations have been enlisted in the great army of "boosters" for the loan and all over the country the publicity machine set up by the treasury department has been put in motion.

Newspapers, handbills and posters of every description will advertise the bonds and speakers on the platform and stage will now assist in the great drive.

Postmaster general Burleson has ordered that fourth class and first class postage stamps be challenged with a stamp bearing the legend "Back the boys in the trenches. Buy a Liberty Bond. Inquire at any bank or post-office."

FIFTH AIR RAID IS REPULSED BY COMPLETE ORGANIZATION OF FORCES MAKING "AIR BARRAGE"

(By Associated Press.) London, Oct. 1.—British naval air patrols destroyed two enemy machines and brought down another, says an official announcement. A Gotha also was brought down and believed to have been damaged. All the British machines are safe.

Nine persons were killed and 42 injured in the fifth air raid, it is officially announced.

The air raid Sunday night—the fifth within seven days—was far as available details show, accomplished nothing important for the enemy. The claim of successful defense "acts" as a powerful deterrent to the raiders seems to have been justified further in the latest attack.

An immense number of guns of various calibres were in action.

Indeed it was they and not the invaders who were putting up the show. There was an intense and far reaching searching of the skies in new "bar-bar" flashes of bursting missiles showing brightly in the heavens notwithstanding the extreme brilliance of a full moon.

Even more impressive was the terrific din of the guns. The enormous and prolonged volume of gun fire certainly was alarming to civilians ears not accustomed to it. Some of the high velocity weapons employed detonated with a deafening crash, and scattered a shower of burning shells from the roar of bursting bombs. So great was the amount of defense shell fire that an estimate of a thousand shells discharged or every hour does not seem extravagant.

The newspapers while commending the valor of the defenses, still call for other measures and advocates reprisals on German towns. The Times contends that would be absurd to suppose that the problem of successful defense had been solved. It points out that the intense gun fire is only a partial deterrent and warns that air warfare is capable of infinite expansion and that new methods will have to be found to combat it. The Times advocates a great air fleet capable of carrying the war into Germany.

Woods High Gun at Weekly Shoot of Wichita Club

(From Sunday's Daily) Claude Woods was high gun at the shoot of the Wichita Gun Club Friday afternoon, scoring 24 out of a possible 25. C. J. Pate was a close second with 23 out of 25 in the official score. For the day, however, Pate was high with 48 out of a possible 50. Weather conditions were ideal, though attendance was rather light.

An effort is still being made by members of the club to secure new members so that at least 25 may be present at the regular weekly shoot each Friday.

Following is the score made yesterday:

Roy Jones	21	19
J. C. Kilgore	16	20
Fred Andrew	17	19
E. G. Hill	18	22

General Gurko Is Ordered to Leave Russian Territory

(By Associated Press.) Petrograd, Oct. 1.—General Gurko, former commander on the southwest front, has been expelled from Russia by way of Archangel because of the letter he wrote to the former emperor expressing his loyalty. A telegram from Archangel announces the general's arrival and says he boarded a British vessel.

FEW DEVELOPMENTS IN OIL FIELDS FOR WEEK JUST PASSED

Contract awarded for well by Beaver Valley Co. at Nocona.

MONTAGUE IS WATCHED

(From Monday's Daily) There were few completions or other developments of interest in the proven oil fields in the Wichita Falls district during the past week. Attention will be directed for the next few months to Montague county where several tests of interest are to be made.

A dispatch from Waurika, Okla., says that the Beaver Valley Oil and Refining Company has awarded the contract for well No. 1 to be drilled fourteen miles north of Nocona. This location is not far from the Healdton field. Smith Bros. and Herington are the contractors.

The Wichita Fuel and Development Company's test on a lease ranch west of Iowa Park has been abandoned as dry.

Operations in other districts are reported by the Fuel Oil Journal as follows:

In Ford County, the Producers Oil Co.'s Havalaya No. 1 is drilling at 2,300 feet.

From Stephens County, there are only drilling details mentioned. The Texas & Pacific Coal Co.'s Hughes No. 1 is under reaming at 2,600 feet. No. 2 is in a fine building; Hannon No. 1 is drilling at 518 feet, but will be shut down today for an underreaming job, as the necessary logs are missing; Proctor No. 2 is drilling at 620 feet; Lauderdale No. 1 is shut down at 1,855 feet, waiting for casing; Maxwell No. 1 is drilling at 2,274 feet and should start within the next day or two or be abandoned; Rooper No. 1 is shut down at 2,215 feet with boiler trouble, and Gaston No. 1 is rigging up ready to drill. The Lone Star Gas Co.'s Castle No. 1 is drilling at 1,955 feet. The Producers Oil Co.'s Keithley No. 1 is drilling at 2,530 feet. Its Sandage No. 1 at 1,170 feet is Lauderdale No. 1 at 145 feet. The Gulf Production Co.'s Fincher No. 1 has been shut down for some days at 3,208 feet. This well is in the hard lime formation that furnishes pay in this district and should be a paying well if drilled a few feet deeper. No signs of oil have shown up to the present time, but the formations in this pool are believed to be really known as to the depth of the pay. It is hard lime, so hard that it takes an 8-inch bit 24 hours to penetrate a 12 inch segment of rock.

The pay is usually found between 3,190 and 3,280 feet. McCauley No. 1 is drilling at 2,780 feet and Brown No. 1 is drilling at 2,780 feet. The property of D. C. Felt et al., is shut down at 2,400 feet. The Producers Oil Co.'s Smith No. 1 has proved to be a real producer and if allowed to flow to the extent of its output would fill the available tanks within a week, but it is being pinched, as are the other wells of the company in this locality, in order to conserve present production until a pipe line can be built to the nearest market.

East of Mineral Wells the Johnson Drilling Co.'s Smith No. 1 is drilling at 1,725 feet. South of Mineral Wells the Standard Fuel Co.'s Tarry No. 1 has new drillers, who are trying to connect the 16-inch casing which was broken by the old drillers, then to start running in the 24-inch casing. This hole was drilled over several months ago to 2,000 feet, but it was discovered that it would have to be underreamed from 1,000 feet before drilling could be started. Nothing worth drilling for in this neighborhood is known until the depth of 4,200 feet is reached, and unless the hole is in good condition at that depth it is a question if the total depth which reached in such shape—that it will make a paying well. Although drilling has been in progress in this well for some time, it has seemed to be the lack of more successful operators to rest crooked holes at these great depths. Palmer, Owen & Wilson's long shut-down well was drilled in a week, but it is being pinched, as are the other wells of the company in this locality, in order to conserve present production until a pipe line can be built to the nearest market.

Palo Pinto County. East of Mineral Wells the Johnson Drilling Co.'s Smith No. 1 is drilling at 1,725 feet. SHAKEN, BUT POWERFUL IS GERMANY'S LINE ON WEST, OPINION AT WASHINGTON

Superiority Of British Is Believed Fully Evidenced; Teutons Waste Men

Washington, Oct. 5.—Shaken, but still powerful, is the estimate of Germany's position in the western front given in this week's official communique issued by the war department.

The superiority of the British over their enemies was proved by last week's fighting; while it has demonstrated that the fighting stamina of the Germans is deteriorating.

Of the activities of the American force in Europe the communique says absolutely nothing. Of the forces at home, it reports mobilization of the national guard and the national army proceeding satisfactorily.

Analysis of Situation

The analysis of the situation on the western front follows: "The battle of Mehin road (Ypres salient) which promises to be one of the great battles of the war, is following its normal course. Last week recorded gains of the British in this sector. This week we must record the desperate attempts made by the Germans to retake the lost positions.

Beginning Sunday last the constantly increasing violence of the counter attacks reached a culmination on the 27th instant when seven powerful onslaughts of the picked storm battalions of the enemy endeavored violently to regain the lost objectives. The village of Zonnebeker, the center of the new conflict, is now firmly held by the British.

"It is evident that the efforts of the enemy in this sector are not actuated merely by the desire to regain lost terrain of little more than tactical value nor must their persistent attacks be considered merely the normal reaction of a modern field engagement in which the enemy is not only fully upon counter attack; but rather it is to be noted that the enemy realizes fully the immense strategic importance of the British thrust along the Mehin road.

This new British advance in the Ypres salient now definitely threatens the enemy's line of communications to the Belgian coast. The head-Lille Railway, which in a large measure feeds the German naval bases at Ostend and Zeebrugge, the latter the home port of the German high seas submarine flotilla now comes within the range of the fire of the British guns.

The superiority of the British over their enemies was conclusively proven during the engagement of the past week. The battle of Mehin Road, furthermore shows that the fighting stamina of the Germans is deteriorating, not that the enemy did not display great skill and dogged determination in his repeated counter attacks.

WAR BOARD SAYS WORK OF ROADS IS REMARKABLE

MANY PASSENGER TRAINS ARE TAKEN OFF AND FREIGHTS ARE ADDED. THE PUBLIC IS ASSISTING

(From Monday's Daily)—Reports just compiled for the Railroad War Board indicate that the traveling public is helping to produce the most remarkable work of the roads in the history of the country.

What this co-operation means may be gleaned from these facts: Since May 1, the railroads, aided by the loyalty and understanding of the public, have been able to reduce their passenger service by approximately 25,000,000 miles; this has released thousands of train cars and locomotives for use in the freight service and cleared tens of thousands of miles of track, thereby facilitating the movement of coal, food, products and supplies needed by the government.

In addition to the foregoing saving in equipment and trackage, the shipping and small-type railroads so splendidly to the slogan "Make One Car Do the Work of Two" that a saving of close to half a million freight cars have been achieved. This saving of freight cars has enabled the railroads to move approximately 25 per cent more freight since war was declared than during the same period last year. Intensive loading and general increase in the size of the train, and by various industries has reduced the car-mileage for the same quantity of freight which was formerly moved in units of fifty to one hundred cars. As there are 18,000,000 miles of track in the country, the increase in the train unit in this one commodity alone has produced a saving of anywhere from \$5,000,000 to \$10,000,000 per year. The coal load minimum from the South was formerly only 24,000 lbs. per car, now moves only on a 60,000 lb. carload minimum.

The producers of manufactured food products, especially the canners, have also come to a realization of the value of intensive loading and now are loading virtually all of their cars to capacity. Coal which has been leading beyond capacity since war began is also moving freely now, although labor trouble in some parts of the country is tending to counteract the efforts of the railroads to meet the abnormal demand for fuel. During the past month, the supply cars on the "Lake Coal" lines has been increased 20 per cent and all of it has been so increased in the movement of bituminous coal to Lake ports but it has not been proportionate to the increased demand for coal. As a result, there has been a tendency to decrease the mine production. Although excellent results have been achieved to date through the co-operation of the shippers, the traveling public and the railroads, it will be necessary for all concerned to exert renewed efforts as the abnormal demand upon the railroads in the movement of both troops and supplies is constantly increasing, while the securing of new equipment is virtually impossible.

Many Cars Required.—From now on, one car a day will be required for the government to move food and supplies to the men in the front. This is the first time that the demand of the Allies for cars to carry export goods to the seaports will be practically met. All of this additional traffic must be moved by the railroads although they have only 3 per cent more equipment than they had at this time last year.

REGULAR COURT TERMS PASSED FOR TIME BEING. RESTRICTED QUOTA HAS BEEN LIFTED AND ALL TOLD TO GO AFTER MORE MEN.

(From Monday's Daily)—Fort Worth and Waco both went ahead of Dallas in the last week's list of navy recruits. This is the first time that any of the substations have ever recruited more heavily than Dallas. Wichita Falls comes fourth on the list, being next to Dallas.

Bids on Furnishings and Fixtures Asked For Public Library. (From Monday's Daily)—Bids on the furnishings and electrical fixtures of the new Kemp Public Library, construction of which is progressing rapidly, are being received from various firms by the library association's executive committee, which has obtained interior plans from the architect, Madison and Field. These plans have been submitted to furniture and fixture dealers and as soon as all bids are in the contract will be let.

RED CROSS WILL SEND OUT NOTAS EARLY THIS WEEK

SUPPLIES ARE TO GO TO CAMPTONMENTS ALL OVER THE COUNTRY. COTS EQUIPMENT ASKED IS NO "CONSOLIDATION"

(From Monday's Daily)—Letter just received by Miss Kell Explains in Detail Methods Being Employed.

(From Monday's Daily)—his week the local Red Cross chapter will have to send to the supply for Camp Service stations at National Guard and other military posts throughout the country. The call for contributions that this shipment of supplies be made promptly was issued last week, immediately on receipt of the list of supplies wanted, sent Miss Willie May Kell, chairman of the Wichita county Red Cross chapter.

Today Miss Kell has received a letter from George W. Simmons, manager of the southwestern division of the Red Cross explaining more fully the character of the supplies needed, both the supplies and the emergency cot equipment.

The letter follows: "To Chapter Chairman: There has been established under the Bureau of Military Relief a Bureau of Camp Services as outlined in enclosed memorandum. This does not duplicate but rather supplements the work of other authorized organizations such as the Committee Camp Activities, Y. M. C. A. and the Red Cross. Briefly, the American Red Cross will have at each Army Cantonment, National Guard Mobilization Camp and other military posts throughout the country, a field representative who will look after the needs of the soldiers pertaining to their physical comfort at each military post. The Red Cross warehouse where will be stored such articles as may be needed both for emergency and in general, for the comfort of the soldiers. There are sixteen National Army Cantonments and sixteen National Guard Mobilization Camps, at each of which will be placed an initial installment of the various articles, drugs, etc., indicated in the enclosed list.

JUST A FEW FACTS. A few serious, interesting and simply told facts about our country, the total yearly income of all the people in this country is estimated at forty billion dollars.

Money First Essential. "When war comes to a nation, the first essential is money. Money is the life blood of the Liberty Loan workers. We must keep our soldiers and sailors armed and equipped with the best that our skill can devise. We must constantly provide them with giving their very lives for us; we must pay their wages and their families must have their living expenses met. We must insure them against injury and death.

Ex-Prize Fighter Now Strong Advocate of Prohibition Law. (By Associated Press)—The successful campaign for no license waged this year in Milford, which resulted in the swing over of the town from the wet column to the dry, was marked by the appearance of John L. Sullivan, former world's champion prize fighter, as an advocate for the dry cause. Sullivan spoke here about two weeks ago and today many credited him with assisting to score the knock-out administered to the liquor interests.

Carranza's Nephew Among Drafted Men in New York City. (By Associated Press)—A special dispatch from the City of Mexico to the San Antonio Light declares that Jesus Martinez Carranza, who has been drafted in New York for service in the National Army, is a nephew of Carranza. He is vice cop sul at New York.

LIBERTY LOAN BONDS RECEIVE WARM WELCOME

TREASURY OFFICIALS WERE PLEASED WITH PROMPT RESPONSE OF PEOPLE. PUBLIC BUYS IN HURRY

(From Monday's Daily)—Treasury officials today were elated at the return pouring in from all parts of the country in the Liberty Loan drive.

Although reports from all large cities make it appear that the public welcomes the opportunity to assist the government in the present emergency, officials recognize that only a sustained intensive drive can make the campaign a success. It has been estimated that the volume of subscriptions must amount to \$12,000,000 a day in order to attain the minimum figure of three billion dollars.

The government has utilized every practicable means of bringing before the people the necessity of floating the new loan. Trained speakers will address audiences, display advertising will greet the public eye, newspapers and other bill boards and various civic organizations will conduct a personal canvass of possible subscribers.

HEAVY INVESTMENTS REPORTED IN NEW YORK. (By Associated Press)—New York, Oct. 2.—Just how many millions of dollars were invested in Liberty Bonds yesterday when the campaign for subscriptions to American bond war loan was launched in New York could not be learned early today, but is variously estimated at from \$5,000,000 to \$10,000,000. This community's subscriptions to the second Liberty Loan had reached \$4,281,050 at 1 o'clock this afternoon; it was \$4,000,000 at 12 o'clock.

SECRETARY McADOO SPEAKS TO INDIANAPOLIS TROOPS. (By Associated Press)—Indianapolis, Oct. 2.—If, by any possible chance, a single loan offered by the United States government to the American people should fail, it would be a more fatal disaster and have more serious consequences than the battle, William C. McAdoo, Secretary of the United States treasury said to a mass meeting of persons interested in boosting the second Liberty Loan throughout the state here today.

Money First Essential. "When war comes to a nation, the first essential is money. Money is the life blood of the Liberty Loan workers. We must keep our soldiers and sailors armed and equipped with the best that our skill can devise. We must constantly provide them with giving their very lives for us; we must pay their wages and their families must have their living expenses met. We must insure them against injury and death.

Base of the American Flotilla in British Waters. Sept. 30. (Delayed)—Two American naval officers of high rank spent a busy day today inspecting the American destroyers and receiving reports from their commanders on the satisfactory progress of the anti-submarine campaign. They declared they would carry back to the United States the excellent impression made upon them by all ranks in the flotilla.

ERTLE CHALLENGES HERMAN TO BATTLE FOR TITLE. (By Associated Press)—Milwaukee, Oct. 1.—Johnny Ertle of St. Paul, claimant of the bantamweight boxing title, today issued a challenge to Pete Herman of New Orleans, who also claims similar honors, for a twenty round contest at New Orleans, prior to Herman's going into the army on November 15. The contest is to settle the dispute definitely.

Petrograd Prepares to Resist Air Raids. (By Associated Press)—Petrograd, Sept. 30. (Delayed)—The Russian capital is preparing seriously to resist air raids. A series of observation posts within a radius of two hundred miles have been established. Airplane patrols are on duty and arrangements have been made for derailing the city when the approach of enemy aircraft is announced by the blowing of whistles.

Germany Is Taking Measures to Avert Success of Raids

Amsterdam, Oct. 3.—The German military authorities has issued orders that raids in the governmental district of Düsseldorf and the same portion of Westphalia must be dark at night, according to the General Anzeiger of Essen. Similar precautions against air raids are being taken at other places in western Germany.

Over the Pampas of Argentina

THE CATTLE CORRAL.

BEHIND eight galloping mules drawing a strong old coach of the style of a modified "forty-niner," we sallied forth from a little Argentine settlement on a journey that covered many days in the great outdoors of the far southland.

In the extreme northern section of the country—the Gran Chaco region, largely unexplored—I made the acquaintance of another gentleman of landed estates. He, too, owned many thousands of acres, but unlike the southern estancia, this area was almost a virgin wilderness. "Will you sell me a small portion of your land—a few hundred acres?" I inquired. "No," was the response. "I am keeping the land for my children. When a railroad is built in this direction land values will increase, and my children will reap the benefits."

In visiting the marvellous vineyards of the Mendoza region, where the cultivation of the grape has almost reached perfection, I asked a similar question. The reply was, in effect, that few vineyards are for sale at a price that could be called reasonable.

These three practical illustrations show the time-honored tendency of the wealthy Argentine to retain his possessions, and if possible increase rather than diminish their area, which in many cases has been handed down through families for generations.

Since the plowman and the mechanic have almost banished the loving herd and the picturesque cowboy from our western plains, the young American who loves life in the open and its dash of recklessness occasionally seeks the newer field in the far southland.

Traveling over Argentina impresses the visitor with the vastness of things in general; the range, the level plain, the stock; the lonely cot, the far-distant horizon. He sees how the possession of vast estates and the revenue therefrom makes it possible for the owner to live in ease and delegate the active management of affairs to others.

On an Estancia. "Quilalauquen," an average estancia, is located on the Southern railway within eight hours' train time of Buenos Aires. The area embraces over 100,000 acres; the stock consists of 100,000 sheep, 14,000 cattle, 2,000 horses, 800 mule cows, and thousands of swine. The personnel which keeps the wheels of this large establishment in good running order includes more than 500 men, women and children. The families are scattered over the estate; and to the head of each household is delegated certain duties. For instance, the milking of 800 cows twice daily is an enormous task.

Fans of France. At the time that Louis XV was king of France fan making had reached, perhaps, its highest point. It has not gone backward since then, but surely no fans could be made more exquisite than were those of the days of the glory of Versailles.

The architecture of the beaver is clever and ingenious, but the work of one beaver differs only from that of his fellow in the shape and nature of the wood at their respective commands. The cells of a honeycomb, beautiful and mathematically correct as they are, differ in no particular from those in every other bee's construction.

BACK OF THE AMERICAN FRONT

By George T. Bye.

This little building in which we have our rendezvous, or office, has attracted many an "outsider" or janitor who has been on the job for 35 years. Such a length of attachment though unbelievable to us Americans, is almost a matter of course to a foreigner who has a junior for three years, say, is to have at your service an historic character.

Miss R. doesn't talk; she is a moving picture with a gift of speech. Her reaction from the world's craze for the "new" is to be seen in her dress. Her positive vision of every action she describes. I am quite sure that should she ever encounter an interesting "new" thing, she would lie down on the floor and slither about simoniacally. That's Miss R. for you. And though she is a foe to the "new," she has a certain good humor to such a point of hilarity that she bent over, wagged from side to side and beat the floor with one foot.

What Margaret Walker saw at St. Dunstan's must have been something, for she describes her experience. I shall not tell anything harkening beyond the story of my wastebasket. It deserves the capital "B" which she has given it.

My wastebasket was the last intelligent effort of a young Australian. He was fine and stalwart and sprightly as a boy with the tender delicacy of a girl. The British front he was first in all the rushes. He had been in the Dardanelles. He seemed invulnerable, escaping even scratches. He sent his fragments everywhere but avoided him. However, the explosion blew him out his eyes.

Tells of Nobles. Miss R. as historian has told of ever so many times the princely nobles who have lived and still live, in next door buildings. She was surprised at our evident royal flutters at the near presence of royalty. It seems that the average citizen of the realm would walk down Pall Mall without being noticed but for the nervous posse of Americans at his royal coat tails.

TEXAS FOOTBALL CONTESTS WILL BEGIN IN EARNEST DURING WEEK; INTERESTING DOPE UPON GAMES

Several games of interest to the football fan of the state are to be played the coming week-end. The first of these will be staged at College Station Friday afternoon between the Texas Agricultural College and the Texas A. & M. University. These two teams did not meet last year, so doping out the game for Friday is somewhat of a task.

The Aggies defeated the Baylor Bears last year 9 to 2, and then the Bears defeated the Kangaroos 26 to 0. From these figures it is not hard to see how the teams compare last year. But so much can be gained from that, for each team has some new men this year. The Kangaroos have a new coach and nine old men back, while the coach of the Aggies second year is new.

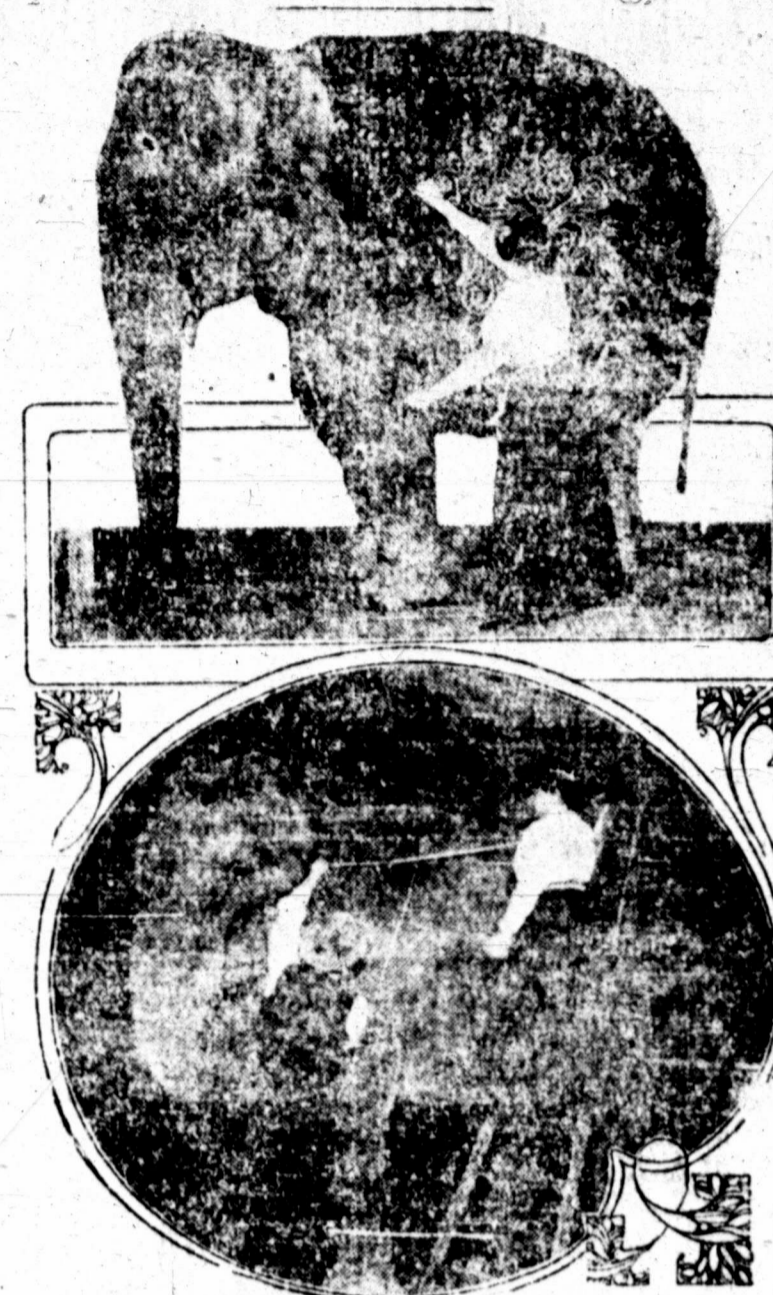

Rice to Face Soldiers. Rice Institute faces his first football test of the budding season Saturday afternoon when the "Reds" meet at eleven o'clock a group of picked athletes from the various field hospitals at Camp Logan. Included in the four hospital units are more than 700 men from whom Captain Scott, of the First Field Hospital, is selecting an eleven and substitutes. With such a large amount of material at hand from the army, the coach feels certain of putting an aggressive, well-trained and physically fit bunch in the field to meet the collegians. Without a doubt the game will prove more valuable as a test than a game between Rice and some of the minor collegiate elevens of the state. The "Reds" would win easily against a small college eleven, but will have to be good, thinking to face against the Camp Logan bunch.

Baylor and San Marcos. Baylor and San Marcos Baptist Academy will meet in a "Red" Saturday afternoon for the Baptist's first and Baylor's second game of the season. These teams did not meet last year, and as little has been heard of the San Marcos team in the year before last, it is to be expected that the game will be necessary to take the Bear's record of last year. Out of eight games played only one was lost and that was to the Texas A. & M. Bear's squad this year, three were on the All-Texas eleven last season. Baylor has already played one game this season, winning it from Howard Payne last week.

Howard Payne-Southwestern. Howard Payne will play her second game of the season at Temple Saturday afternoon against Southwestern in this being the opening of the season for the Methodists. The occasion for the game being played at Temple is

Miss Lois Weister left yesterday for Fort Worth, where she will be visiting for a few days.

REALLY, YOU KNOW—THE MODISTE IS SUCH A BORE

DRESSMAKING UNDER DIFFICULTIES WITH MISS JENNIE OF THE RINGLING ELEPHANT AS SUBJECT.

How would you like to make a costume for an elephant? The slouching shoulders, and high waisted effects might prove a fairly easy achievement, but when it comes to the matter of ultra-fashionable lines, you have a much closer view of the king's home than of the White House, but through a much higher and heavier fence. The end of Queen Anne's Gate leads, by way of a half dozen curving little streets—that must have been laid out by a Smeatonian penman—to the stately abbey of Westminster. The Chapel of the abbey is directly across Parliament Street from the many spires and towers of the Houses of Parliament. The street is a narrow, high pitch during this day of madden darkness until, when the final flashing had been made, he toppled backwards, and in a moment he lay dead from which he did not rise.

Maybe he hasn't had a smoke for three days, except when some more fortunate comrade has shared a scanty

Wichita Falls Man Becomes Executive Of Dallas Railway

HERBERT M. HUGHES

Herbert M. Hughes, a former resident of Wichita Falls, has been made first vice president of the Dallas Railway Company, a five and a quarter million corporation. C. W. Hobson is president of the company and Henry Lange Jr., is secretary and treasurer. Mr. Hughes is manager for the Blair-Hughes Co., at Dallas. It is understood that his election as vice president of the Dallas Railway Company will not affect his position with the Blair-Hughes Co. Mr. Hughes, who is still in his early thirties, is rapidly making his mark in the commercial world. Not so many years ago he came here as a stenographer for the Coleman, Lyng and Blair wholesale grocery. Later he was city salesman for the company from which position he was promoted to the position of sales manager. About eight years ago when the company opened its house in Dallas Mr. Hughes went there as manager and the firm name was changed to the Blair-Hughes Company. Under his management the Blair-Hughes Co. has enjoyed a remarkable success and Mr. Hughes has become known as one of the ablest executives in the Southwest. He is fulfilling all the expectations of his many friends here, who when he first began to meet the public as a city salesman picked him as a man who would make his mark. Mr. Hughes was made a member of the board of directors of the railway company along with the following: J. C. Duke, H. A. Olmstead, W. A. Green, W. H. Ellis, John H. McDonald, Judge M. L. Morris, J. K. Hexter, H. E. Hobson and C. W. Hobson.

Stolen Ford Car Is Recovered at Lawton; Three are Arrested

The Ford car which was stolen from the Wichita Brick and Tile Company night before last was recovered at Lawton through efforts of the local police department late yesterday afternoon, and three soldiers arrested in connection with the theft. The car and soldiers were seen by some of the federal officers close to the river yesterday afternoon, and this was reported to the police department. The officers at Lawton were advised of the theft at 2 o'clock, and at 4:30 a message from them stated they had recovered the car and placed three soldiers under arrest. It is not probable that the soldiers will be brought back here for trial, as the officers at the army camp at Lawton have said they would give them a court martial trial. One of the soldiers, it was learned at the police station here, is a provost.

The officers who have been elected are: Abo Basilar, president; Howard Scott, vice president; Lillian Cloasitt, treasurer; Arnie Kelly, historian; Eugene Douglas, class poet; Harold Knotts, cartoonist; Gerald Yates and Homer McConkey, sergeants at arms and Forrest Shelton, press reporter.

DIZZY SPELLS

Relieved After Taking Two Bottles Of Cardui, Says Tennessee Lady.

Whitwell, Tenn.—Mrs. G. P. Cartwright, of this place, writes: "About four years ago the dizzy spells got so bad that when I would start to walk I would just pretty near fall. I wasn't past doing my work, but was very much run-down.

I told my husband I thought Cardui would help me, as a lady who lived next door to me had taken a great deal, and told me to try it. This was when we were living in Kentucky.

My husband got me a bottle and I took it according to directions. It helped me so much that he went back and got me another bottle. I got a whole lot better and just quit taking it. I got over the dizzy spells... I took no other medicine as that time nor since for this trouble. No, I've never regretted taking Cardui.

I felt just fine when I finished the second bottle. Purely vegetable, mild and gentle in its action, Cardui, the woman's tonic, may be the very medicine you need. If you suffer from symptoms of female troubles, give Cardui a trial. All druggists. NC-127

The SONORA is the World's

GREATEST PHONOGRAPH

DON'T MAKE A MISTAKE IN YOUR PURCHASE OF A PHONOGRAPH

Remember, the SONORA, in competition with all known Phonographs, at the great Panama-Pacific Exposition WAS THE ONLY TALKING MACHINE THAT WAS GIVEN ANYTHING FOR TONE QUALITY. The Jury of Awards gave the SONORA 100% PERFECT.

This is the highest endorsement that can come from the minds of the greatest musicians that have both National and International reputations.

The tone of the SONORA is nearer absolute perfection than any other talking machine. THE ONLY TEST OF TONE IS THE EAR. Hear any other Phonograph, then hear the SONORA. You will appreciate it's deep, rich, mellow tone.

We Ask You to Come to Our Booth Rooms and Let Us Demonstrate to You the Better Qualities of the Sonora.

NEW AUTOMOBILE GRANTED POLICE BY CITY FATHERS

The police force is to have a new Ford car in the near future, the City Aldermen at their regular meeting last night authorizing Police Commissioner Gardner to trade the one now being used by the police for a new one. Funds are scarce at this time, and it will probably be a month or six weeks before one is available. Permission was granted the Southwestern Telephone and Telegraph Co. to place three poles in the Southland Addition. The accounts of the various city officers were checked and approved. Mayor Britain presided at the meeting, at which there was a full attendance. Besides the Aldermen City Attorney Nutt, Chief of Police Humphries, City Secretary Skeen, Treasurer Walker, Surveyor Cook and Fire Chief McClure were present. The tax collector's office was represented at the meeting by Mrs. M. J. Butler.

NEGROES DRAFTED FROM THIS COUNTY EXPECT CALL SOON

Wichita county negroes included in the first call, about twelve in number, will probably be ordered to report to the local exemption board on or about October 17, according to the understanding prevailing. There has been no official order for negroes of this state and district to enter the training camp, but it is thought that the call will come about the middle of this month. In several districts the negro contingents are already reporting. The negroes form their own companies and have a separate camp in the general cantonments. Just what plan will be followed at the Texas cantonment is not known. These details will probably be announced when the date for entrainment is made public.

WOMEN ARTISTS TO AID IN CAMOUFLAGE WORK

WICHITA FALLS AND ELECTRA HIGH TEAMS WILL MEET HERE SATURDAY, RED CROSS GETS PART OF RECEIPTS

Saturday afternoon, promptly at 3:30 the Wichita Falls Football season opens. Arrangements have been completed with the Electra High school, whose squad will be here for a battle royal with the local squad. The game will be played at the Katy park, the same field as was used last year, and

their weight is approximately two pounds more than their opponents. Goes to Red Cross. A large attendance at the game is desired by the High school officials, as all the gate proceeds, above the actual expenses, will be given to the local chapter of the American Red Cross. Popular prices will be charged, and since this is the first game of the season it is hoped that a large enough crowd will be present that the school will be able to turn over a neat sum to the Red Cross. It was announced by Coach Glass that the game would be a tryout game for position, and many changes in the line-up are to be expected after the game. Nine men will be noticed in the line-up below who were on the team of last year, and it is around these men the new team is being built, and the team work of the game Saturday

is dependent in a large way upon them. Twenty-five or twenty-six men worked out the past three weeks when number will be available for duty in the game Saturday, should they be needed. Following is the line-up that will probably be used, at least in the first half of the first game: Wilson, fullback; left half, Harris; right half, Waggoner; quarter back, R. Trotter; left end, Turner; left tackle, Patton; left guard, Urban; center, Bunnenger; right guard, McCauley; right end, P. Trotter; right tackle, Bell; substitutes, Moran, Weaver, Chapell and Dowis.

Not to Play Vernon. An effort has been made to secure a game with the Vernon team for this week, and it was not until last night that it was learned it would be impossible for them to come. Announcement was made by the school that football would be discontinued for this season, and military drill established, as has been done in many other schools. All games, previously scheduled by the Vernon school have been cancelled. Mr. Glass at once got in connection with the Electra officials over phone, and the game as announced above was arranged. A return game will be played at Electra some time later in the season.

Graham, Bowie and Gainesville have asked for a game here. Anderson and Chillicothe have asked for games at home. An effort will be made to get the Bowie team here for a game Thanksgiving Day, and arrangements are being made for a game at Chillicothe next Saturday. Following is the schedule as it stands at present, but which may be changed at any time: Oct. 6 at Electra, 8:30 a. m. vs. Electra. Oct. 13 at Chillicothe. Nov. 10 at Wichita Falls vs. Gainesville.

Thanksgiving Day at Wichita Falls vs. Bowie. Coach Glass is hopeful of being able to announce a complete schedule some time next week.

CONSERVATION IN TELEPHONE USE IS THE ONE ALTERNATIVE IF NECESSARY TELEPHONE SERVICE IS TO BE MAINTAINED. Additional telephone equipment is very difficult to procure. The raw material from which it is manufactured has been going into arms, armament and material of war. Deliveries cannot be promised. At the same time, due to great military preparation and business activity in related lines, the use of the telephone has very largely increased. Meanwhile, as a patriotic obligation, the government has been given the right of way over the wires. After the needs of the nation are met, those of individuals are to be considered. Therefore, if your own important service is to be protected, conservation in the use of the telephone is the one alternative. Your co-operation to this end should be appreciated by every other telephone user. THE SOUTHWESTERN TELEGRAPH and TELEPHONE Co.

MERRY MATRONS MEET WITH MRS. GUY RALEY

Mrs. Guy Raley was hostess to the Merry Matrons Thursday afternoon. The ladies were engaged in making supplies for the Red Cross until late in the afternoon when the hostess served refreshments of ice cream and cake. The members of the club were Mesdames Gant, Wiley, Prothro, Sidea, Walker, Pitchford and Raley. The club will meet next Thursday at 10 o'clock with Mrs. J. H. Sides.

DELPHIAN SOCIETY RESUMES MEETINGS FOR THE WINTER

The Delphian Society held its opening session Wednesday morning with Mrs. O. E. Maer as hostess. This winter the society will adjourn programs and will meet each Wednesday morning at the Red Cross work room. Roll call will be answered with current events and the time spent in making supplies. Those present at the Wednesday meeting were: Miss Kathleen Stonecipher, Mesdames Bert Bean, A. J. Lyons, O. E. Maer, W. N. Maer, Mark Moore, W. M. Priddy, J. B. Smith, R. L. Taylor and Benoit.

BANISH CATARRH

Breathe Hyomei for Two Minutes And Stuffed Up Head Will Get Relief. If you want relief from catarrh, cold in the head or from an irritating cough in the shortest time breathe Hyomei. It will clean out your head in two minutes and allow you to breathe freely. Hyomei will get rid of the mucus. It will relieve you of disgusting sniffles, hawking, spitting and offensive breath in week. Hyomei is made chiefly from a soothing, healing, germ killing antiseptic, that comes from the eucalyptus forests of inland-Australia where catarrh, asthma and consumption were never known to exist. Hyomei is pleasant and easy to use. Just pour a few drops into the hard rubber inhaler, use as directed and catarrh almost certain. A complete Hyomei outfit, including inhaler and one bottle of Hyomei, costs but little at druggists everywhere and at F. W. Beebe & Lynch. If you already own an inhaler you can get an extra bottle of Hyomei at druggists for only a few cents.

Serrien Well No. 16 Now Gives Promise Of Being Good One

Following the precedent set by other Serrian wells nearby, the Serrian No. 16, a short distance from the big Serrian No. 13, yesterday flowed 100 barrels through a 250 pound pressure of heavy mud, packed in the casing. To those familiar with oil wells the promise is to make a well worth while for the mud pack of 250 pounds pressure is next to impenetrable. The Serrian No. 16, which swabbed 1000 barrels early in the week, has been subject of wild rumors recently, some setting production as high as 500 bbls. It is impossible to obtain anything definite at this time as to the truth or falsity of these rumors. The Piper No. 10, brought in at Electra Tuesday, is making 150 barrels. The Precinct No. 2 at Burkburnett, found the sand at 1640 feet and is making 30 barrels.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets. The secret of keeping young is to feel young—to do this you must watch your liver and bowels—their no need of having a yellow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years. Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color, 10c and 25c per box. All druggists.

At many places Germans ran in terror or were captured in large numbers as the British attack began. All day streams of broken prisoners have been pouring into the British cages in the rear. Perhaps half of them were wounded. Some were blinded and some were with shattered limbs, a pitiful sight, even to those hardened to such scenes.

STOCKDALE TALKS ARE REGARDED AS OF GREAT VALUE

The Brass Tack Talks of Frank Stockdale are said to be the most valuable reasons in the constructive organization of merchants and merchandising which have yet been offered to the public, and local progressive merchants are looking forward with much pleasure to the lectures scheduled for Monday, Tuesday and Wednesday of next week.

Is High, Prices. Several Wichita Falls merchants have already heard Mr. Stockdale speak, and are loud in praise of his work. Mr. Stockdale calls himself a clearing house of ideas, and whilst he does not pose as a walking encyclopedia on merchandising, his wide experience in business and his close study of men and methods in all parts of the country give him an authority which makes his ideas worth having. He is recognized specialist in his work, and his ideas have stood the acid test of many of the most successful and up-to-date business men of the country.

Secretary in City. J. W. Griest, Mr. Stockdale's secretary, was in the city for several days this week, preparing the ground for his principal, and gathering information as to general business conditions and methods in order to furnish Mr. Stockdale with material for his work here. Some of the lectures will be upon general subjects of interest to any merchant, and others will deal with the particular weakness or strength of local conditions.

TODAY'S MARKETS

NERVOUSNESS IS AGAIN SHOWN IN COTTON MARKET

New York, Oct. 5.—The low temperature reported in the northwest part of the country appeared to cause a good deal of nervousness in the cotton market during today's early trading. The market opened steady at a decline of 10 points on Oct., but generally 1 to 3 points higher than the active months selling about 30 to 34 points above last night's closing figures during the early trading. Spot house brokers were buying on the advance to 25.61 for December and 15.41 for January while there was covering by some of yesterday's sellers for a reaction and a moderate scattering demand.

The advance during the second hour extended to 25.59 for December and 25.60 for January, or about 40 points above last night's closing figures. Liverpool was a good buyer and there were rumors that the government was placing large orders for cotton goods to be made in England means as active and general as earlier in the week, however, and the market was easier around midday with prices showing reactions of some 10 to 15 points. Detailed weather reports were considered favorable and the weekly figures showed a considerable increase in Liverpool stocks.

The market was easy during the afternoon under further realization and selling for a reaction. Wall Street, Southern and local interests were selling on the decline to 25.59 for December and 25.60 for January, or about 3 to 5 points net lower.

Cotton futures opened barely steady. Oct. 25.90; Dec. 25.25; Jan. 25.25; March 25.24; May 25.28; Cotton closed steady.

New Orleans cotton. New Orleans, Oct. 5.—A rise of 34 to 36 points occurred in the first half hour of trading in cotton here today due to a moderate demand based chiefly on favorable spot accounts.

The advance was met by scattered offerings. The tone was quiet but steady. The large exports for the day and prospects of colder weather in the western belt kept the tone steady during the morning despite minor set backs in the trading up to noon the advance was widened to 35 to 40 points.

Selling pressure increased in the afternoon and the market fell off, standing at 1.30 at a loss of 7 to 18 points compared with yesterday's last prices. Cotton opened steady. Opening bid: Oct. 25.08; Dec. 24.37; asked: Jan. 24.28; March 24.53; May 24.66.

Cotton closed steady at an advance of 9 to 16 points.

Liverpool, Oct. 5.—Cotton spot in limited demand prices easier. Good middling 20.12; middling 19.27; low middling 18.87; good ordinary 17.97; ordinary 17.62.

Sales 3,000, including 2,600 American. Receipts 40,000, including 31,000 American.

Futures closed quiet. New contracts: Jan. 1.67; March 18.42; May 18.12.

Old contracts: (Fixed prices) Oct. 18.47; Nov. 18.06; Dec. 17.59; March-April 17.22; May-June 17.06.

BETTER WEATHER CAUSES DROP IN PRICE OF GRAINS

Chicago, Oct. 5.—Better weather and confirmation of the British victory in Belgium tended today to ease down the corn market. Besides, indications pointed to favorable conditions over Sunday for maturing, later planted corn. Trade was largely of a scattering character. Opening quotations which ranged from the same as yesterday's to quarter cent lower at \$1.18 1/2 to \$1.18 1/4, December, and \$1.14 1/2 to \$1.15 1/4, May, were followed by moderate declines but then by a good reaction.

Oats fluctuated with corn. Cash houses were fair sellers. Reports that the Belgian Relief Commission had made liberal purchases of lard and meats gave strength to nearby dealers of provisions.

Deferred options however, showed weakness in sympathy with the hog market.

Cotton Exchange to Close. New Orleans, Oct. 5.—Directors of the New Orleans Cotton Exchange announced that the exchange will be closed Friday and Saturday, Oct. 12 and 13 in observance of Columbus day.

New York Stock Market. New York, Oct. 5.—Confusion of speculative sentiment was indicated by the irregular price changes at the opening of today's stock market. A few leaders registered substantial gains over yesterday's heavy close, while others were disposed to seek lower levels. United States Steel reacted after a firm start to its recent minimum of 10 3/4, but immediately rallied point and Bethlehem steel gained as much. Other equipments, oils, tobacco and active specialties were hesitant. Ohio gas featured the utilities at a decline of 2 1/2 points.

Dealing dwindled steadily in the afternoon and movements became more conflicting. United States steel held firm. Bethlehem and Midvale steels reacted sharply and rails also eased with various specialties, including Cuban cane sugar.

Rails and standard industrials led the general advance of the last hour showing gross gains of 1 to 4 points. The closing was strong. Liberty bonds 99.74 to 99.82.

The Putnam purchases totalled 20,000,000 rounds. Considerable buying for the British government was also reported.

Sugar Market. New York, Oct. 5.—Raw sugar steady. Central 97.50; molasses 99.74 to 99.82.

Mother Amputates Little Girl's Arm With Crude Tools

Pierre, S. D., Oct. 4.—Mrs. J. B. Clarkson, of Harding County was forced to decide whether to amputate the arm of her little daughter, or allow the child to suffer with her arm crushed in the machinery of a washing machine until she could go for help. She decided that the arm was so badly mangled that it would have to be cut off. With the implements at hand she cut the suffering child loose and took her to the nearest physician where the injured stump was properly cared for. The child, frightened at a dog, attempted to go around the machine and her arm was caught in the cog.

Tampico Oil Strike Spreads to Workmen In Refinery Plant

Mexico City, Oct. 5.—The strike in the shops of the Aguilar Oil Company at Tampico spread today to the workmen in the refinery, but only a part of the refinery workers went out according to dispatches received here. The plant is still operated with a reduced force and the company has been able to continue loading fuel oil on steamers without delay. Government troops are guarding the offices, shops and refinery. The governor of the State of Tamaulipas has ordered the military commander to take steps to prevent violence.

JOHN W. THOMAS WRITES OF ARMY TO FRIENDS HERE

John W. Thomas, the versatile and accomplished former secretary of the Retail Merchants Association and assistant secretary of the Wichita Falls Chamber of Commerce is applying himself as assiduously to the business of being a good soldier in the new army as he did to the duties of his responsible position here in civil life, according to a communication addressed to the Merchants Association. Mr. Thomas left here with the first contingent sent to Camp Travis and is now, as he terms it, a sort of office boy at headquarters. Put in hard work. His philosophical view of the situation and determination to put in his best ticks at whatever business he happens to be called for, is contained in the following paragraphs: "My friends, let me tell you something of the army and Camp Travis. Of course, it is not very pleasant to leave home and go to war but we boys have found conditions down here quite different. I am sure, to what was expected. We are being treated and probably to what are being endured by many people in civil life. In general, every man seems to be imbued with so much enthusiasm that we are prepared to do our best for the trip to France and the great conflict which we will soon enter. My bedroom is sufficiently large to accommodate about 100 men and it is just about filled, each man sleeping on a cot placed side by side just one foot apart. We make our own mattresses of hay and covering consists of two blankets and whatever else we can find. To you, this would not appear, neither does it to me, but I have been here a sufficient time to acustom myself to this sort of life. Food is well prepared and plenty of it but some such as is commonly known as 'home cooking.' "A Dollar a Day and Board. My salary and my duties consist of first being a messenger, carrying reports of office boys, at headquarters. We fellows don't mind what sort of work we do for we know it has to be done and it has long since been learned that war certainly is more than an equalizer. The banker uses the pick and shovel just the same as the fellow who knows how and is accustomed to it. He enjoys it too. "With regards to all and hoping the Merchants Association will continue to grow and be successful, I remain, "Very truly yours, "JOHN W. THOMAS, himself, "Headquarters Ninetieth Division Camp Travis, San Antonio, Texas."

Presbyterians To Attend Meeting in Memphis on Tuesday. A party of Presbyterians of this city, including Rev. and Mrs. N. F. Grafton of the First Presbyterian church, Rev. J. Walter Haggard of the Floral Heights Presbyterian Church, Mrs. M. B. Patterson and D. H. King will go to Memphis, Texas, next Tuesday for the annual convening of the Amarillo Presbytery at that place. They will remain over Wednesday for the meeting of the Texas synod of the Presbyterian Church, U. S. A.

Quality Clothes AT A LESSER PRICE! MR. WELL DRESSED MAN: Let me show you how and why I can sell you a better class of high-grade Merchant Tailored Suits for less money than any other clothing store in Wichita Falls. In reality, how I can save you just about one-half of your clothing expense. You are familiar with the tailor-to-measure business. You know that if you pick out a really fine suit of clothes to be cut and fitted for you, it will cost you anywhere from \$30.00 to \$50.00. You know that in the nature of the business a lot of suits that are ordered in this way are not claimed when they are ready for delivery. And, being left on the hands of the makers, they are sold for much less than the first price—in many cases, for less than the first cost of the materials without counting the work.

EMPRESS THEATER TODAY GEORGE WALSH, in "SOME BOY" One of the lines in a big Broadway hit that always gets applause from the audience was the admission of a press agent to a young Harvard man who said he would just plug along and get there in his fight for success. "No, no, my boy," said the gentleman in the breezy, checked suit, "don't plug—gallop, gallop." That was Joyous Johnson's style; he galloped, in this instance, out of college because he played baseball against his father's wishes, and into a press agent's job. His ideas of getting the big California hotel into the newspapers were novel and undeniably effective. But some times the gallop broke into a mad dash, and his employees protested. Doris Fawn plays the heroine, and we don't blame Mr. Walsh for his whirlwind tactics to win her. At the Theatres

The "Empress. Joyous in manner, joyous in disposition, joyous in every expression, is George Walsh in his newest William Fox photoplay, "Some Boy" at the Empress Theatre today. George plays the role of "Joyous" himself, and he plays it in the inimitable George Walsh fashion that has made friends and admirers for him all over the country. Joyous begins the story in a college dormitory. Expelled from there because of disobeying his father's instructions that he was not to be allowed to play baseball again, he gets a job as press agent for a fashionable hotel. Meantime he has met the girl, Marjorie Milbank (Doris Fawn), whose main interest in life has been centered in a Texas ranch. As soon as she meets "Joyous," she transfers that interest to him, and he reciprocates. There are oceans of exciting adventures and they all live happy ever after.

"GOD'S LAW" AT THE MAJESTIC FRIDAY

Friday "God's Law," the Lois Weber special will be shown at the Majestic a review from "Wall" the independent critic, follows: "This wonderful dramatic presentation, properly exploited, will abolish capital punishment in every state in the Union. Lois Weber has given us several exceptional film productions and has proven her ability to portray life as it is, in a manner to carry conviction while she preached. In this production this remarkable woman has scored another brilliant triumph. "The fact that almost all women and a surprisingly large percentage of thinking men are opposed to capital punishment makes this film a very live issue. Since the story is in many ways suggestive of the recently prominent Stetson case in New York state, the knowledge that it has been founded on fact adds decidedly to its power, both dramatically and as propaganda. The story has been perfectly developed, with an atmosphere created which brought us into contact with the characters in a manner to create that feeling of intimacy which is so necessary for the proper creation of tremendous dramatic situations on the screen. There were many dramatic sequences, most of them centering about the murder itself. These were developed at a tempo which made them most effective, and I can guarantee that every audience anywhere will be duly impressed with this as a powerful production.

WICHITA COUNTY RED CROSS

J. H. Hall has announced that he will furnish "Spiz" drinking water to the Red Cross workers in the future. Mrs. McMullan made a donation of \$1.00 for the canteen box which is being prepared by the Red Cross, and Mrs. Frank Kelly contributed \$5.00 to this fund. H. O. Cravens made another donation of \$4.50 to the general fund. Donations have been received by the Red Cross as follows: One dozen handkerchiefs, Mrs. N. H. Martin; \$3.00, Mrs. A. H. Carrigan; \$2.50, Mrs. A. H. Britain; \$2.50, Mrs. Carter McGrogan. Iowa Park sent in its quota for the Camp Service allotment on Tuesday, October 2, everything in full and all nicely packed. NEGRO IS BOUND OVER UNDER ASSAULT CHARGE

Webb Davis, charged with assault to murder, was given an examining trial before Justice J. P. Jones this morning. Only one witness was called, after which Davis' bond was placed at \$250, pending the action of the grand jury. The charge against Davis is in connection with the shooting of his wife here about two weeks ago. Shortly after the shooting his wife's mother came for the girl and carried her home. It is thought they are in Greenville.

Taylor Is Accepted
By Aviation Corps;
Coming Home Soon

Word was received here this afternoon that Burke Taylor, who went to San Antonio several days ago to be examined for the aviation corps, had been accepted.
He is expected home at once and will remain here until ordered to report for training.
Mr. Taylor is a member of the firm of Richardson and Taylor, druggists.

Eleventh Street Home
Is Slightly Damaged
By Fire This Morning

Fire at 10:30 this morning, starting from a gas stove damaged slightly the house at 1305 Eleventh street.
The wall paper in two rooms was damaged and most everything in the two rooms ruined by smoke and water. The house is occupied by a Mrs. Ollives, and is the property of P. H. Cox. The loss is estimated at from \$15 to \$100. The loss is covered by insurance.
Fire Chief J. L. McClure said this afternoon that the quick run made by the department proved fortunate, owing to the fact that on both sides of the burning house were large two-story houses, and with a high wind prevailing the fire could have easily gotten beyond control. The damaged house was formerly called the Central Hotel.

LOCAL BREVITIES

William Haughton, of the Haughton Bros. Specialty Advertising Co., of Dallas, was in town today on business, and was a visitor at the Chamber of Commerce.

Miss Minnie Troutman, of Iowa Park, was operated upon yesterday at the Hanson-Harvey Sanitarium, and is today reported as doing nicely.

Mrs. W. H. Oak is reported as being very ill at her home on Scott Avenue.

When You Buy a Hot Water Bottle or a Fountain Syringe Buy a Good One

It will be much more satisfactory and will prove a saving. Many people buy rubber goods at such irregular intervals that they do not become good judges of rubber goods quality. Get a good Fountain Syringe or Hot Water Bottle now, before absolute necessity forces a hasty, and, perhaps, unsatisfactory choice.

WE SELL THE "KANTLEEK" Fountain Syringe and Hot Water Bottle, and we guarantee them to you for two years, or you get a new one. Quality goods at standard prices is the policy of this store.
