FARMER'S SIDE ON HIGH COST IS PRESENTED

Matter is Discussed in Senate Today by Republican Senator of Kansas.

FAULTY DISTRIBUTION IS BLAMED FOR CONDITION

Declares Farmers Are Selling Their Products at Loss on Declining Market.

WASHINGTON, Oct. 22.—The farmer's side of the high cost of living question was presented to the Senate today by Senator Capper, Republican of Kansas, who declared that while farmers are selling their products at a loss in declining markets, the consumers are paying rising prices.

Faulty distribution was blamed largely for the "remarkable spectacle" and the senator urged a number of remedies to increase production. He deplored the numerous industrial strikes and the small representation given agriculture in the industrial conference.

"In our efforts to get rid of the high cost of living disease," said Mr. Capper, "I fear we are in great danger of dying of the small representation given agriculture in the industrial conference."

Without visibly helping the consumer we have brought about a crisis in our most fundamental and vital industry by forcing the producer to accept prices at which he cannot continue to produce, while he and the consumer are compelled to pay prices at which they are forced to curtail the home demand.

Farmers are driven out of business and drifting to the cities because of conditions in agricultural industry, Senator Capper declared. Citing losses sustained by agricultural producers, Senator Capper said the recent decline in livestock prices had cost producers \$80,000,000. Livestock growers, he said, do not control the markets, and like other agricultural producers, must accept prices fixed by others.

OPINION IS RENDERED ON COMPENSATION ACT

AUSTIN, Oct. 22.—By refusing a writ of error in the case of Mat Jones vs. Texas Employers Insurance Association today, the supreme court upheld opinions of the lower courts to the effect that the employers liability act of 1913 does not forbid settlement by agreement is reached. The article which provides "no agreement made by an employer to waive his rights to compensation under this act shall be valid" has reference entirely to agreements in that respect made prior to injury, said the lower court opinion, approved by the supreme court today.

Little Hope of Averting the Proposed Strike of Miners

COMMISSION IS GOING AFTER SEN. WATSON

Declare His Good Faith is Open to Question in Dealing With the Packers.

WASHINGTON, Oct. 22.—The federal trade commission in a formal statement today asserted that the charges made against the commission by Senator Watson, Republican, Indiana, and Senator Sherman, Republican, Illinois, were part and parcel of the warfare of the Chicago meat packers against the department of justice and the federal trade commission with the purpose of subverting justice.

The commission said the good faith of Senator Watson's charges was open to question when it was remembered that the senator was a "lobbyist" in 1909 and it charged that the senator's "relations with the Chicago packers" were shown by certain correspondence with the commission had taken from the files of Wilson & Co.

Declaring that the commission and its employees had long been subjected to an attack through the public never known about the commission's statement said that while it was investigating the meat packers, the government's representatives were treated by detectives and that the commission's offices were entered "surreptitiously."

Reciting that some of the commission's agents had been summoned as witnesses in the case against the packers which the department of justice soon is to present to a federal grand jury at Chicago, the commission asked if it was a coincidence that these men were assaulted in Senator Watson's charges that the commission was a hot bed of Bolshevism, sedition and anarchy.

Declaring that the charges of both Senators Watson and Sherman had been made in detail, the commission declared it "challenges the proof and means by which they were formulated."

WASHINGTON, Oct. 22.—Secretary of Labor Wilson was closeted with coal operators nearly two hours today after miners were expected to avert the strike set for November 1.

Wilson, it was understood, appealed to the operators to modify their strike order, recognize existing contracts and consent to negotiate on the basis of an eight hour day.

ACTION THOUGHT TO DEPEND ON VOTE ON A NEW RESOLUTION TO ENDORSE COLLECTIVE BARGAINS

COMMISSION IS GOING AFTER SEN. WATSON

Declare His Good Faith is Open to Question in Dealing With the Packers.

WASHINGTON, Oct. 22.—President Wilson today warned the National Industrial Conference it must find some common ground of agreement, in a letter read to the conference by Secretary Lane.

Following the reading of the President's letter when the conference was expected to move from the labor group indicating whether or not it would withdraw, a motion to send to the President the conference's assurance that it would stay on the job, brought an objection from President Gompers, who asked permission for this group to withdraw and adjournment was taken for half an hour.

The letter follows: "To the ladies and gentlemen of the industrial conference: It is an advised and a situation which appears to threaten the life of your conference and I because of that I am presenting to address a word of very solemn appeal to you—Americans."

"It is not for me to assess the blame for the present condition. I do not advise in a spirit of criticism of any individual or of any group. But having called this conference I feel that my temporary indisposition should not bar the way to a frank expression of the serious situation in which this country will be placed should you adjourn without having convinced the American people that you had exhausted your resources and patience in an effort to come to some common agreement."

Avoid industrial war. "At a time when the nations of the world are endeavoring to find a way of avoiding industrial war we are to confess that there is no method to be found for carrying on industry except in the spirit and with the very method of war? Must suspicion and distrust and force rule us in civil life? Are our industrial leaders and our industrial workers to live together without faith in each other's conduct, struggling for advantage over each other, doing nothing but what is compelled."

"My friends this would be an intolent outlook, a prospect from which a minimizing of the conflict, worthy of the large things which this people on the mastering of this continent. Indeed, it would be an invitation to national disaster. From such a possibility your mind turns away, for my confidence is that in this land we have learned how to accept the general judgment upon matters that affect the public weal. And I am sure that the very heart and soul of democracy."

"It is my understanding that you have divided upon one portion only of a possible large program which has not fully been developed. I believe a severance is effected based upon present differences. I believe you should stand together for the development of this program touching the many questions which the broad scope of your investigations."

"It was in my mind when this conference was called that you would concern yourselves with the discovery of those methods by which measurable co-operation within industry may have been secured and if machinery needs to be designed by which a minimum of conflict between employers and employees may reasonably be hoped for, that we should make an effort to secure its adoption. It can not be expected that at every step of such other you agree upon each proposition or method suggested. It is to be expected, however, that as a whole, a plan or program can be worked out upon which will advance further the productive capacity of America through the establishment of a surer and heartier co-operation between all the elements engaged in industry."

"The public expects not less than you shall have that one end in view and stay together until the way is found leading to that end or until it is revealed that the workers who work and the men who manage American industry are so set upon divergent paths that all efforts at co-operation are doomed to failure."

"I renew my appeal that with a full comprehension of the almost incomparable importance of your task to this and to other peoples and with full faith in the high patriotism and good faith of each other you push your task to a happy conclusion. (Signed) WOODROW WILSON."

AUSTIN, Oct. 22.—The pawnbroker's act, passed by the 34th legislature, was held unconstitutional by the court of criminal appeals today when on a motion for rehearing a judgment against C. O. Jehan of Collins county was reversed and ordered dismissed.

The court held that the law, which required pawnbrokers to make a \$5,000 bond and to name the county judge as agent and attorney-in-fact for the purpose of accepting service and required the pawnbrokers to accept any service upon the county judge as agent and attorney-in-fact of the pawnbroker as set out in the bill of rights.

NEW ORLEANS, Oct. 22.—Cotton went to new high record level today, October trading up to the upward of price in the contract market of 37.52 cents a pound by the early afternoon. At this level the market was 90 to 140 points up for the day, or gains of \$7 a bale on the strongest months. Continued bad weather in the belt and accordingly strong demand for spots were back of the buying.

BETTERMENT OF CITY THEME AT WICHITA CLUB'S LUNCHEON

"Make Wichita Falls a good city to live in."

This was the keynote of nearly every talk made before the weekly noon day lunch of the Wichita Club Wednesday.

It seemed to be the prevailing opinion of the speakers that Wichita Falls needs to keep before the minds of its citizens the ideal of clean, progressive city, and not merely a boom town filled with mad, rushing "merchants of Venice." While the oil industry is foremost and probably will be foremost, it was pointed out, it is necessary that Wichitans improve living conditions in proportion to the growth in order to hold those who have invested their money here.

W. W. Silk, W. S. Curlee, vice president of the Wichita Club, B. F. Johnson, secretary of the Wichita Falls Realty Association, and Hubert Harrison, secretary of the Chamber of Commerce, all spoke on this point in five minute rapid fire talks.

Mr. Silk said the Wichita Club, Chamber of Commerce and Rotary clubs would be asked to join in a movement to request that all private and public premises in the city be cleaned up; that all would be given a reasonable length of time to do this, and failure to comply might be followed by prosecution. It is planned to placard the city with requirements for cleaning up.

Sanitation, he said, was probably the most important problem facing the city. Mr. Harrison, by illustrating the value of a clean city, told how an enormous plant was secured for a growing city through the efforts of the business men to "sell" the attractiveness of its environment to the wife of the sales manager of the concern, who was indispensable to the business and who had to be "sold" before the company could consider the plant.

W. W. Silk reported that arrangements had been made with the Y. W. C. A. to furnish the supervise the old Kemp home to accommodate 17 school teachers who threatened to leave the city unless living quarters and board at reasonable prices could be obtained. The Kemp home is to be rented to the teachers for \$100 a month, which is \$200 less than the market price for the place.

When the home is equipped, board and room will cost the teachers about \$30 a month, Mr. Silk estimated. Arrangements for the home and supervision by the Y. W. C. A. were perfected at a joint meeting of committees from the Wichita Club, Rotary Club and Y. W. C. A. at Mr. Silk's home a few nights ago.

Mr. Silk said the Y. W. C. A. is planning also to set aside a portion of its building for the permanent accommodation of the teachers as a visiting place.

**TWO ARE TAKEN BY DEPUTY
IN A SINGLE HANDED RAID**

In a single-handed gambling raid at Burk Burnett late Tuesday Deputy Sheriff Lee Carter arrested two men and later brought them to the county jail here where they were still incarcerated Wednesday afternoon.

George Bacon was arrested on a charge of running a gambling house, "sweating" the game, and interfering with an officer while in the discharge of his duty.

HIGH SCHOOL DEBATING CLUB ELECTS OFFICERS AT TUESDAY MEETING

The organization of the High School Debating Society was perfected at the first meeting of the year Tuesday afternoon at the High school, the election of officers taking place and plans for the next meeting were made.

Abe Bashara was elected president, Frank Wolf vice-president, and Hazel Sechs, secretary-treasurer.

The next meeting will be held tomorrow night at 8:30. The subject of the debate will be "Resolved, That the Wichita Falls High School should issue an Annual." Temple Shell and Abe Bashara will speak in favor of the question, opposed by Donald Cooper and Frank Wolf.

OFFICER FROM SUPREME OFFICE OF YEOMEN WILL INSTALL NEW OFFICERS

Chief Correspondent W. E. Davy, from the supreme office of the Brotherhood of American Yeomen, Des Moines, Iowa, is in Wichita Falls for the installation of officers and the adoption of a new constitution which will take place tonight in the new hall, on Scott avenue.

Mr. Davy is accompanied by A. Morgan Duke Jr., state manager of Dallas, Texas. A special program is arranged for the installation and class adoption and refreshments will be served. All Yeomen, members of the local lodge and visiting Yeomen, are cordially invited to be present.

ST. LOUIS BROKER VISITOR AFTER 33 YEARS ABSENCE

C. E. McComas, a stock broker of St. Louis, was in Wichita Falls Wednesday for the first time in 33 years.

Mr. McComas was a druggist at Harold, Texas, for a number of years, when he fell in love with the daughter of the postmaster there, and came to Wichita Falls to get a minister to perform the ceremony. Wichita Falls was then but a small village, he said. The city has outgrown itself beyond any recognition of the early days, he said.

Mr. McComas' wife is still living, he said. They have made their home in St. Louis for 30 years, where Mr. McComas has been engaged in the brokerage business.

WRITING EXPERT VISITING WICHITA FALLS SCHOOLS

Miss Sarah Flynn, traveling representative for the Palmer method of writing, gave a talk and demonstration before the high school auditorium this morning. She is spending several days in the city visiting different schools and giving instruction to the school teachers on the method she represents with special emphasis on the practical every day usage of correct writing.

This morning Miss Flynn complimented the local school system on the wonderful growth made since her last visit here in 1916, and upon the excellent discipline in the local schools which she declared was superior to any school she has visited so far.

ST. LOUIS VISITORS PLAN FORMATION OF LARGE OIL COMPANY

W. R. Duke, oil operator, introduced a number of prominent St. Louis men to members of the Wichita Club Wednesday, who are here in the interest of organizing a \$10,000,000 corporation to take over a number of small oil companies and the properties of a large number of individuals in the Burk Burnett and adjacent fields.

Members of the party were Jack Henning, aviator and noted sportsman of St. Louis; "Big" Ed Kopsch of the Brooklyn Nationals; J. M. Wallace and E. E. McComas, brokers of St. Louis, and A. H. Leathers of Dickson, Tenn.

Mr. Leathers is a wealthy manufacturer of pick and axe handles, but has also had considerable experience in the building of homes, and came along with the St. Louis men to look into a proposition of building homes in Wichita Falls. He is favorably impressed with opportunities here and expects to start his building campaign within a short time. He expects to have a number of homes under construction at one time. He will use his own capital.

MIDWAY PROFITS THROUGH KEMP-MUNGER-ALLEN

Among the stocks that are being revived by the Kemp-Munger-Allen sensation is that of the Midway Oil Company, which has a twenty-five acre tract southeast of the new well. This company drilled a well to the shallow sand and failed to get production and plans for drilling a deep test were being discussed when the Kemp-Munger-Allen wild cat came in.

THAT MORNING LAMENESS.

If you are lame every morning, and suffer urinary ills, there must be a cause. Often it's weak kidneys. To strengthen the weakened kidneys and avert more serious troubles, use Doan's Kidney Pills. You can rely on Wichita Falls testimony.

Mrs. L. M. Huff, 403 Austin street, Wichita Falls, says: "I suffered so from kidney complaint, I wasn't able to do my housework, my back hurt and when I stooped over, it was almost impossible for me to straighten up. Right across the small of my back it felt as if some one had hit me and when I got up mornings, every muscle in my back was sore and lame and so stiff, I couldn't move. When I stooped over to pick up anything, I would get dizzy and weak and often I thought I would fall. My kidneys were weak and caused me annoyance by their irregular action. I saw Doan's Kidney Pills advertised and used one box, which cured me."

Price \$60, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills the same that Mrs. Huff had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

WOMAN IS ARRESTED ON COMPLAINT OF FORGERY

Charged in formal complaint with forgery, a young woman with two little boys hanging to her skirts sat wide-eyed in the sheriff's office Wednesday afternoon bemoaning her fate. She is Mrs. Nora Furr, and the complaint is charge that she forged two checks that were passed at the Saul's and Freeman-Black stores.

The names of Dr. W. W. Swartz and Dr. M. A. Beckman were signed to the checks, "by wife" being added under each signature. One check passed at Saul's was for \$11, the other being for \$32.

Mrs. Furr was arrested by operatives of the Falk National Detective bureau, who were put on the case Wednesday morning when it was discovered that the checks were forgeries.

AFTER EIGHT YEARS IN SERVICE OF CITY WALKUP RESIGNS AS SECRETARY

After a service of eight years in the city's employ, first as treasurer six years and then as clerk for two years, J. W. Walkup tendered his resignation to Mayor Marlow Tuesday. Ill health was the cause given by Mr. Walkup for his resignation.

As far as could be learned, no successor for Mr. Walkup has been decided upon. The resignation is effective November 15, and will be acted upon by council Thursday night.

It may be that a leave of absence will be extended to Mr. Walkup to permit him to recuperate his health, and that he can be induced to retain his position. He has not enjoyed a vacation in years.

SCHOOL BOARD NOTIFIED OF SALE OF SCHOOL BONDS

Routine work connected with the administration of local school affairs was the only thing to come up before the regular monthly meeting of the local Board of Education at the High school last night.

School matters are working somewhat more smoothly of late than for some time. W. W. Brown, business manager of the schools, states, and satisfactory progress on the construction work at the Austin and Alamo ward schools is reported despite the tie-up of freight service which renders difficult the movement of material needed for the completion of the work.

The sale of the \$100,000 bond issue voted by the people of Wichita county last April is reported to Sweet, Kauley, Foster & Co., of Denver, Colo., through their local representative,

Conn Brown. Payment for these securities is expected to be made by next week.

The beautification of the local public school grounds is being planned, Mr. Brown says, and the patrons of the schools will be called on for shrubbery, flowers and other help in the near future.

MUNGER RANCH EAST OF KEMP-MUNGER-ALLEN TO BE EARLY DEVELOPMENT

Among the first developments in the Kemp-Munger-Allen district will be by the Munger Ranch Oil Company, which, according to plans of the company, will be started in a short time.

This company's acreage joins the Kemp-Munger-Allen tract on the northeast, and the No. 1 location will be a little over 1,200 feet from the original well.

SOMETHING IS WRONG WITH FOOTBALL PLAYERS AND CAUSE IS PUZZLE

By HENRY L. FARRELL
(Times Press Staff Correspondent)

NEW YORK, Oct. 22.—Something is wrong with the 1919 football player. Eastern coaches have been led to this belief after star upon star has joined the disabled list. None has been seriously injured out from the preponderance of pulled muscles, tendons and slight bone fractures that seem that the athletes are not up to their usual strength to stand the game.

The cause is a puzzle. Either the boys returning from France have brought too much "Yankee punch" or the hardships of army experience have undermined them physically.

Yale tops the list with 11 star players unserviceable through injuries. Thorne, Murphy, Braden, Callahan, Graham, Welles, Neville, La Roche, Crane and Aldrich.

Harvard has a squad in the infirmary consisting of Captain Murray, Ralph Horween, Casey and several others.

Princeton lost her star center, Murray Scoreman, two weeks ago and the navy has two stars out in Captain Egan and Graves. Some refuse to consider the army as a factor and attribute the cause to overtaxing the players in practice. This has been the chief criticism against the sharp regime at Yale. Followers of the Ell have been pointing to Pennsylvania where Coach Bob Fowlwell has practically abandoned scrimmage practice sessions favored by the New Yale coach are not necessary.

Injuries at Harvard cannot be blamed upon over-severe scrimmages, however, as Bob Fisher has been lenient in his workouts.

Some Harvard backers believe it is the unusual heavy punch of the offenses this fall, rather than poor condition of the former soldiers that will cause practically all of the big teams to go into the championship games with crippled, patched teams.

HOPPE ONLY UNDEFEATED PLAYER IN TOURNAMENT

NEW YORK, Oct. 22.—William F. Hoppe, champion of the only undefeated player in the national 15.3 Balk line billiard championship tournament which entered the third round today.

George F. Slosson will play Ora Morningstar today; George B. Sutton and Welker Cochrane will meet; Juko Schaefer will take on the Japanese star, Yamada, and the night match will be played between Hoppe and Sutton.

Hoppe defeated Yamada last night 400 to 129. The champion's average was 50 with a high run of 135. Yamada's average was 14% with a high run of 49. In the early matches Yamada beat Slosson 400 to 289; Cochrane defeated Morningstar 400 to 182 and Schaefer beat Sutton 400 to 265.

FOR ITCHING-TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor dermatoses disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 25c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skin.

MEMORIAL SERVICES FOR BOB FITZSIMMONS

CHICAGO, Oct. 22.—Memorial services for Bob Fitzsimmons, former champion heavyweight pugilist, who died two years ago today, were held at his grave here today. Mrs. Fitzsimmons and a number of friends and admirers of the inventor of the solar plexus punch gathered at the cemetery.

STARTS ON FLIGHT OF 11,500 MILES; PRIZE IS \$50,000

LONDON, Oct. 22.—Captain Matthews started from Hounslow, near London, Tuesday on an attempted airplane flight to Australia by way of Europe. Matthews' route will total 11,500 miles. A \$50,000 prize has been offered by the London Daily Mail for the first person making the flight.

LABOR FEDERATION ASKS EXPLANATION FROM COL. MAPES

PEORIA, ILLS., Oct. 22.—The Illinois State Federation of Labor, in convention Tuesday, adopted a resolution demanding an explanation from Col. W. S. Mapes, in charge of federal forces at Gary, Indiana, with regard to an alleged statement made by him and printed in a Chicago newspaper last Wednesday.

The article quoted him as saying that the steel strike was engineered by the Reds and that if strikers knew what the army officers and intelligence officers knew the strike would fall flat. A lengthy message was sent to the colonel by the convention demanding an immediate reply.

Color line in the ranks of unionism will be abolished in Illinois. A resolution to this effect was unanimously adopted today. President Duncan McDonald, in speaking for the resolution, also urged getting the men in uniform, the policeman and soldiers, into the ranks of unionism.

A resolution opposing universal military training was unanimously adopted.

CALL SPECIAL SESSION OF ARGENTINE CONGRESS

BUENOS AIRES, Oct. 22.—President Irogoyen Tuesday summoned a special session of the Argentine congress for October 27 to consider various questions, including loans to the Allies, public health, social laws and the national budget.

KING OF WIRE TAPPERS OPERATING ON EXTENSIVE SCALE IS APPREHENDED

PINE BLUFF, Ark., Oct. 22.—Frederick Gondorff, alias Frederick Grant, styled "king of the wire tappers," who was arrested yesterday at Covington, Ky., federal court, charged with having used the mails here to defraud M. Coy, Kirksville, Ky., of \$40,000, was one of a band of confidence men who operated here last February and March in an office fitted up a few doors from the federal building, according to local officers.

Operators of the gang brought prospective victims here from Hot Springs and by fake wire tapping and other schemes swindled several of them out of amounts varying between \$3,000 and \$40,000. Local banks say they handled checks and drafts totaling \$210,000 for the band. Their operations were uncovered when a Kaukasus farmer, claiming to have been swindled out of \$5,000, asked an investigation. He was too late, however, as the men had fled. Arthur James Eck, alleged to be another member of the band, is in the county jail here awaiting trial at the November term of the federal court at Little Rock. He is charged with defrauding John Mink, an Illinois farmer, out of \$20,000 on a fake rice farm transaction.

RETURNS DECORATION

THE KING CONFERS ABOARD KING ALBERT'S TRAIN

ST. LOUIS, Mo., Oct. 22.—J. M. "Bill" Nye, chief special agent for the state department, in charge of King Albert's tour of the United States, today returned the decoration which the king had conferred on him.

The king rewarded Nye's effort to make the trip pleasant and interesting by conferring the order of Leopold I on the state department's dean of guides.

Nye was unable to keep the decoration on account of his position, however, when he resigns from the state department the decoration will be returned.

Where delicate appetites are concerned

I am glad to say a word for the merits of Mrs. Tucker's Shortening. We have used it in our institution for some time, and even for the most delicate cooking have found it entirely satisfactory. We can add that it takes a product of unusual merit to stand the tests we give all food products before using them.

Yours very truly,
Mrs. R. N. Tucker
Milford, Texas.

One of the most interesting commendations Mrs. Tucker's Shortening has ever received comes from the McFadden Private Hospital at Milford, Texas. This institution, which gives special treatments in connection with the famous Milford Mineral Water, gives particular attention to diet for each patient. Yet Mrs. McFadden, R. N., unqualifiedly endorses Mrs. Tucker's Shortening after finding it entirely satisfactory under rigid tests.

Mrs. Tucker's Shortening Can Be Used

with safety in any institution or home where wholesome food is the first requisite. It is a pure vegetable product, scientifically and cleanly packed, with a proven food value. It is superior to butter or animal fats (like hog lard) as a shortening, and much more economical—for you use a great deal less.

If you want to know what rare and unusual enjoyment Camels provide smoke them in comparison with any cigarette in the world at any price!

CAMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or, that wonderful mellow-mild-smoothness you never before got in a cigarette smoke! Yet Camels are so full-bodied and so full-of-satisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And, the blend explains why it is possible for you to smoke Camels liberally without tiring your taste! You will prefer Camels to either kind of tobacco smoked straight!

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigarette aftertaste or unpleasant cigarette odor!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!

EFFORT BEING MADE TO SECURE LIFTING OF COAL EMBARGOES

TRAFFIC COMMITTEE DECIDES TO TAKE MATTER UP WITH RAILROAD.

GAS SHORTAGE IS A FACTOR

Warning Of Gas Company Cited As Reason For Immediate Action.

Action looking to the lifting of the embargo on coal into Wichita Falls was taken at the regular weekly meeting of the traffic committee of the Chamber of Commerce and railroad officials Wednesday morning.

O. P. Maricle of the Maricle Coal and Fuel Co. appeared before the committee and explained that in view of the fact that the North Texas Gas Co. had suggested that consumers be prepared for a gas shortage during the severe periods of the winter, that it was essential that coal shipments be allowed to come into the city.

No provision had been made in the embargo on all lines into Wichita Falls to exempt coal, he said, and he believed they should be lifted at once if the coal was to be obtained in time to be of any value.

The committee will take the proposed action up with railroad heads at once.

A special invitation is to be sent to R. L. May, of Fort Worth, superintendent of transportation, to attend the meeting next week when the coal matter and other problems will be taken up with him.

F. A. Ray, head of the Ray Sheet Metal Works which is building oil tanks, told the traffic committee that he had ordered 300 tons of steel and was unable to obtain more than a permit for one car. One car only lasts a week, he said, and unless he could get more cars, his plant might be seriously handicapped.

Officials of the Katy lines, over which most of the steel is being shipped promised early relief.

The traffic committee is looking forward to much more business as a result of the new oil boom. Several members of the committee were of the opinion that an immense new field is to be opened up, creating greater business activity and more traffic problems.

The matter of obtaining a traffic manager for the Chamber of Commerce was discussed but no final action was taken.

Information is Delayed.

ST. PAUL, Oct. 22.—"I'll know after the trial," said Pat Ryan when police court justice asked if he was guilty of stealing an overcoat. Case continued.

REPUBLICANS PLAN FOR MASS MEETING AT AN EARLY DATE

Plans are being matured for an early mass meeting of the republicans of Wichita county, to be held probably this week or next, in the interest of encouraging poll tax payments and lining up local tickets for next year's campaign, according to Tom B. Smock, chairman of a committee appointed for the promotion of this meeting at a recent conference of republicans and democrats who declare an intention of switching to the other side for next year's campaign.

Republican leaders in this section believe that their local tickets will have better than a fair chance of election, basing these hopes on estimates of the number of republicans from the north and east who have moved here within the past year, on the number of republicans believed to have in former years voted in the democratic primaries who will move back into the fold in 1920, and on the votes of disaffected democrats whom they believe will vote the republican ticket in large numbers in the coming election.

An energetic campaign, which, it is expected, will start with the coming mass meeting, was planned at the conference held several weeks ago, at which time W. P. Gage, vice president of the Texas republican council, who was at that time making a tour of the state in the interest of the council, was among those attending.

The local mass meeting will be held before the state meeting in Dallas, scheduled for the first week in November.

WICHITA FALLS WOMAN IS APPOINTED TO OFFICE IN GRAND CHAPTER O. E. S.

The report of the Grand Chapter meeting of the Eastern Star, held at Waco last week, was given by Mrs. E. L. Richardson at the regular meeting of the Wichita Falls Eastern Star, held Tuesday night at the Masonic Temple.

The Wichita Falls chapter had the honor of having a member appointed to a grand chapter office, Mrs. J. W. Carithers being appointed Assistant Deputy Grand Matron for district No. 2. The Wichita Falls representation included: Mesdames J. W. Carithers, E. L. Richardson, F. P. Warren and C. N. Bishop.

TENT SHOW PLEASURES A LARGE AUDIENCE

Bruck's Comedians fully sustained their reputation as high-class entertainers last evening when they presented "The Country Boy." The large tent was crowded and the hearty applause testified to the satisfaction given.

Tonight they present "The Sweetest Girl in Arizona," a four act comedy drama. This is the first production of this play in the state of Texas, as Bruck's have the exclusive rights to play in this territory. It is full of laughs, and funny situations and all who attend may rest assured they will more than receive their money's worth.

"TRUTHFUL TULLIVER" AT PLAZA AIRDOME TONIGHT

William S. Hart, the Western whirlwind, does some tall shooting, writing and riding at the Plaza Theatre tonight, where he will be seen in "Truthful Tulliver."

"Truthful Tulliver" deals with a "bad man" mining town of fifty years ago. Hart is a clean-hearted, hard hitting newspaper man by occupation and a sort of knight-errant wanderer by inclination. He drifts into "Glory Hole" and finds some pretty rotten things going on. Red-hot editorials against some of the leading citizens blaze from his pen and circulate before the eyes of the people. He finds himself confronted by two choices: either he must betake himself and his newspaper out of "Glory Hole," or he must rid the town of the indecent gentlemen, who like neither his decency or his honesty. Bill decides to stay. He oils up his shooting irons and plunges into startling adventures and thrilling feats, in the course of which the editor wins not only a reputation but a bride as well.

AMUSEMENTS 1/2... 1/2... 1/2... MADGE KENNEDY AT THE MAJESTIC THURSDAY

Class distinctions and the problems that arise therefrom are always more or less comic. Such is true of the two factions, the aristocratic Bantocks and the Benetts, their servants, in "Strictly Confidential," by Jerome K. Jerome, which is Madge Kennedy's new Goldwyn picture. It will be shown at the Majestic Thursday.

With the inter-marriage of aristocracy with the bourgeoisie, as in the case of Fanny O'Gorman and Lord Bantock, complications immediately arise. The impulsive Fanny refuses to recognize tradition when she invites her former associates of the London chorus to meet the group of British notables congregated at her

JEWISH COUNCIL OF WOMEN MEETS MONDAY AFTERNOON

Monday afternoon the Jewish Council of Women met at the Kemp Library in regular session. Mrs. Wolfson presided, in the absence of Mrs. Pink, the president.

The rummage sale, planned for this week was postponed indefinitely and plans were made for a box supper and dance, the date to be announced later. The hour of Sabbath school was changed from 9:30 to 10 o'clock.

Following the business session a short program was given. Mrs. J. L. Art gave a piano number and Mrs. Lyon gave a reading on "Fear." Four new members were received by the council at this meeting.

EPISCOPAL GUILD PLANS RUMMAGE SALE THIS WEEK

The regular business session of the Guild of the Good Shepherd was held Monday afternoon at the parish house. Plans were perfected for the rummage sale to be held Friday and Saturday of this week at the building at 9th Street.

The members present were: Mesdames Brown, McDonald, Goodall, Childers, Gies, Chasault, Johns, Sammons, Moore, McDowell, Popenohl, Little, Rev. F. T. Datsun was a visitor at the meeting.

GIRLS NO. 3 MEETS WITH MRS. MCALISTER

Mrs. W. J. McCallister was hostess to the Circle No. 3 of the Mission historic home to pay their respects to the new Lady Bantock.

The Bantock servants in "Strictly Confidential," represent real abolition. All pay homage to their head man, the butler, Bennett (Herbert Standing), and refuse to recognize the superiority of Fanny, the new Lady Bantock, who was originally one of their number. And even Fanny, on ostensibly taking possession of the Bantock household, is cowed by their presence and the thought that their blood courses in her veins.

This cast distinction furnishes the motive of the play, Fanny fearing to expose her ancestry, and her ancestors wishing to subjugate her to the superior Bantock "dignity."

NOCONA, TEX., Oct. 21.—Encouraging word comes from the Frank V. Wright well which is located in the SW corner of the Fielding Secrest survey and ten miles north of St. Jo.

This test is drilling around 3,000 feet or below and has not been troubled with salt water since passing about the 2,600 foot level. Two sands have been found in the shale beds but proved too close grained to contain oil. Sand and shale alternating since leaving 2,600 feet is looked upon as a condition quite favorable. In fact, report is to the effect a car load of coal has been delivered at the well and other preparations made to drill to oil salt water or 4,000 feet. This test is about ten miles northwest of the Munster well in which a good showing was recently found at 1,600 feet; about twenty-five miles south-southwest of the Healdton and Hewitt fields and probably ten miles east-southeast of the Nocona Oil & Gas Company test on the Lemon farm out north of Nocona. This is the well which recently attracted so much attention by making a good gas strike at 2,340 feet.

The Red River Valley Oil & Gas Company test on the Y. W. Jones farm out of the Wm. Donoho survey, eight miles north, is waiting for an underdrainer at 530 feet. Twelve and a half inch underdrainers seem to be as scarce as hens teeth, though they are some larger. This well has already had blue shale and a sand 100 feet thick with a foot lease.

Waiting for Underdrainer. The Heaver Valley well on the Greep Hodges farm in lot 54, Kaufman County School Lands, is waiting for an underdrainer at 2,350 feet.

Matters are said to be shaping for an early start on the Big Six well, six miles south-west of Nocona. It is a job at the present time to secure large casing. In fact, not only wildcat tests, but wells within the proven fields are meeting with delays. In some cases tedious, but the oil men are patient fellows and will make hole if they can get the needed material. The Belcherville-Montague structure is said to be one of the best in North Texas, and the progress of the Big Six or an other well which may be located thereon will be watched with keen interest.

Word comes from the territory across Red River to the northwest from the Red River Valley test on the Jones farm that a project is on for a test which will probably be located not far from the river, though the

LOCATION WAS NOT GIVEN. THIS TEST WILL ALSO BE INTERESTING, AS IT WILL BE VERY CLOSE TO A LINE FROM THE RED RIVER VALLEY WELL TO THE MARION OIL & GAS COMPANY TEST IN SECTION 10-7-4 IN WHICH A GOOD SHOWING OF GAS WAS ENCOUNTERED AT 1,600 FEET.

CREDIT FOR SECURING NEW TRAINS BELONGS TO LOCAL BODY, SAYS RAILROAD MAN

The Wichita Falls Chamber of Commerce and not the West Texas Chamber of Commerce deserves credit for having convinced the railroad administration that two additional passenger trains were needed on the Katy to relieve congestion in this territory, according to J. F. Hickey, general superintendent.

The changes as announced in The Times Monday are expected to stand when the new time table is issued, which will be very soon as the new schedule is to be effective Nov. 2. In addition to the 255 cars of oil moved Sunday by the Katy more than 400 cars of merchandise and carload freight was handled in this territory report in the hands of Mr. Hickey showed Tuesday. The week day movements are never as large because traffic is more congested, but despite this fact several hundred cars are being moved through Wichita Falls daily. This is expected to be kept up so long as pleasant weather lasts.

ACREAGE NEAR NEW WELL INVOLVED IN MUNGER-ALLEN SUIT

H. M. and S. I. Munger have filed suit in the 30th district court against R. S. Allen and C. L. Boren for damages in the sum of \$30,000 and title to 200 acres of land of the J. A. Kemp Wichita Valley farm lands in subdivisions 24 and 25.

In their petition the plaintiffs alleged that on October 1 the defendants unlawfully entered and ejected them and now hold possession of the land to the damage of the plaintiffs in the sum of \$30,000 and the annual rental value of \$10,000.

The second count of the petition sets forth that on April 23 the plaintiffs, who owned the land, made an oil and gas lease and drilling contract with Allen whereby he leased the 200 acres in question and contracted to begin drilling operations within 10 days, a well to a depth of 1250 feet to be drilled within 60 days.

It is alleged that Allen has not kept this contract and that he executed an interest in the lease and the drilling contract to Boren. This failure to fulfill contract having damaged plaintiffs to the extent of \$30,000, sets forth their petition.

LITIGATION OVER VALUABLE LAND IN NORTHWEST FIELD

Land in the oil fields valued at probably millions of dollars is involved in a suit filed in the district court in Travis county by Chas. F. Scribner, holder of a mineral permit issued in the county clerk's office here late yesterday in the form of a lis pendens.

The suit is expected to attract wide interest among oil investors and others interested in the tracts of land known as the Blount survey and the school survey in the name of A. A. Durfee. The land comprises 171 acres, on which a mineral permit was originally issued to C. F. Scribner of Austin, survey known as the Meadow Survey 5, patented to N. S. Walton, assignee of Lucinda Meadow and another survey known as the A. A. Durfee survey, which also was patented to Walton.

In his petition Scribner claims one-half interest in all the tracts of land, except the school survey, which he originally located for N. S. ("Major Buck") Walton, at one time attorney general of Texas.

It is alleged in Scribner's petition that on May 9, 1918, certain attorneys that he had retained made many false and fraudulent representations to him about the value of the property in question, and as a consequence of these statements they succeeded in inducing Scribner to transfer the land to one W. M. Campbell. It also is alleged by Scribner that Campbell had full knowledge of the false statements that had been made to induce Scribner to sell the land. Scribner claims that in making the sale of land he relied wholly upon his attorneys, who, he charges, represented Campbell, too.

Scribner sues to cancel the sale to Campbell and to regain his full interest in and title to the land.

Meadows Survey No. 5 is said to be producing much oil and Scribner claims one-half of this production. The other lands involved also are said to be of immense value.

Scribner names the following defendants in his suit: The Durfee (Mn

Snake Oil

Positively Relieves Pain in Few Minutes.

Try it right now for rheumatism, neuralgia, lumbago, sore stiff and swollen joints, pain in the head, back and limbs, corns, bunions, etc. After one application pain usually disappears as if by magic. A new remedy used internally and externally for coughs, colds, croup, influenza, sore throat, diphtheria and tonsillitis. This Oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected part at once. As an illustration, pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes. Accept no substitutes. This great oil is golden red color only. Manufactured by Herb Zub's Medicine Co. Every bottle guaranteed—30c, 60c, and \$1.00 a bottle at the Miller Drug Store.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

"I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui. . . ."

"I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stopped down I was not able to straighten up again. . . . I decided I would try Cardui. . . . By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone."

"I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-133

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys; they become overworked, get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful drink of lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

UNIQUE MANNER OF DIVIDING PROPERTY PROVIDED IN WILL

Unique and novel stipulations as to how land left by the decedent is to be distributed are contained in the will of Andrew Weith, which was filed for probate Tuesday afternoon.

After providing for the payment of funeral expenses and any debts that might have been made, the will bequeaths \$500 to Miss Carry Weith, niece of the decedent, six shares of the capital stock of the Iowa Park Elevator Co. to Milton Weith, decedent's son; six shares of the same stock to the son Gilbert, one in the town of Sargy, Neb., to his son Walker, four shares in a stallion to Albert J. Weith, another son; all of the household goods and furniture to the decedent's daughter, Mrs. Emma J. Heisserman.

More than a section of land lying in Wichita county near Iowa Park is divided into eight shares, each of which was valued on the unit system by the maker of the will, each unit valued at \$2,000.

This land is to be allotted by eight slips of paper, of equal size and the same color, being numbered 1 to 8 and placed in a receptacle by two disinterested and intelligent men. The seven children and a representative of the grandchildren then are to draw the slips, the number on the slip of paper settling the holder to the corresponding numbered tract of land, excepting that tract 4, on which is located the Weith homestead, is to go to Mrs. Emma J. Heisserman, nee Weith.

Following the drawing, all benefits are to be equalized so that no child shall have more or less than an equal unit in value, by each either paying to a common fund or receiving therefrom money until the benefits are equal.

W. F. George of Wichita Falls is named executor of the will without bond. Diagram of the land willed and the value of each tract accompanied the will.

FORMER EMPEROR WILLIAM OBJECTS TO FILMS AND WILL SUE THE PRODUCER

BERLIN, Tuesday, Oct. 21.—Former Emperor William has commissioned Herr Siebert, an attorney of Berlin, to institute suit against the actor, Ferdinand Bonn, who prepared what are known as the "Kaiser films" which were barred in Berlin but were permitted to be exhibited elsewhere. The ex-emperor charges insult and the mis-

use of his portrait and asks for the suppression of the films. The Bonn films referred to in the foregoing were to have been produced in Berlin October 10, but were suppressed by government order on that day. The title of the picture was announced as "William's good fortune and bad finish." The government announcement said the suppression grew out of a desire to prevent the films being made a cause for political combats at a time when party feeling already was at a high pitch.

Is the basis on which all successful business ventures are established. Railroads, Banking, Insurance and every other concern depends on it, and so with oil developments.

Now we are depending on same to make our shareholders and ourselves a nice profit.

The Law of Average

reveals and when the thirty-one million foot gas well came in near our 100 acres at Petrolia, we talked of drilling it there, but before we could decide fully the Kemp-Munger-Allen came in, so as we have about 100 barrels of oil stored and our well pumping, plenty of water, derrick bought, contract for rig and pipeline on our lease, we will go to work at once and try to bring in the next well in this field, unless oil breaks out on our 100 acres in Parker county.

It takes close observation to pick four pieces of land in unproven territory and have three of them proven in 30 days' time as we did.

NEW SCHEDULE WITH TWO NEW TRAINS IS ANNOUNCED BY KATY

The new train schedule on the Missouri, Kansas & Texas lines and its branches in this division, effective midnight of November 2, was announced as having been definitely decided upon Wednesday by J. F. Hickey, general superintendent.

The schedule was arranged to meet the growing need of increased passenger train service into Wichita Falls following application of the Wichita Falls Chamber of Commerce for more trains.

It includes two new trains Nos. 47 and 50 which will make but six stops between Wichita Falls and Whitesboro. They will be known as the "Oil Field Specials" and will run between Wichita Falls and Dallas.

No. 47 will leave Dallas at 10 p. m. and arrive at Wichita Falls at 6:30 a. m., stopping only at Denton, Whitesboro, Gainesville, Nocona, Hingole and Henrietta. No. 50 will leave Wichita Falls at 11 p. m. and arrive at Dallas at 7:40 a. m. It will make the same stops as No. 47.

No. 42 will leave Wichita Falls at 3:10 p. m. and will arrive in Denison at 10 p. m. It will connect with the Katy Limited at Denison. It will carry sleeping cars for Kansas City and St. Louis.

No. 41 will leave Denison at 5:30 a. m. and arrive at Wichita Falls at 12:05 p. m. Sleeping cars from Kansas City and St. Louis will be attached.

No. 45 will leave Dallas at 2 p. m. and will arrive at Wichita Falls at 10:45 p. m.

No. 46 will leave Wichita Falls at 5:30 a. m. and arrive at Dallas at 2 p. m. (Connects with Katy Flyer at Whitesboro.)

On the Wichita Falls & Northwest line No. 4 will leave Wichita Falls at 7 a. m.; No. 2 at 2:15 p. m.; No. 10 (Burk Burnett train) at 6:45 a. m.; No. 14 (Burk Burnett train) at 1:45 p. m. and No. 2 via Frisco to Frederick and Oklahoma City at 7:20 p. m., there being no change in this train.

No. 1 will arrive in Wichita Falls at 2 p. m. instead of 1:15 p. m. and No. 3 will arrive in Wichita Falls at 10 p. m. instead of 9:15 p. m. This train is from Forgan.

On the Newcastle division there will be a train leaving Wichita Falls at 3:30 p. m., returning at 12:10 p. m.

No. 9 (Burk Burnett train) will arrive in Wichita Falls at 12:15 p. m.; No. 13 (Burk Burnett train) will arrive in Wichita Falls at 6:55 p. m., and No. 11 at 8:30 a. m.

CARRANZA NOT TO TAKE PART IN PRESIDENTIAL CAMPAIGN IN MEXICO

MEXICO CITY, Oct. 21.—Candidates in the presidential campaign of 1920 and their supporters are promised an easy guarantee by President Carranza, who likewise has pledged himself to see that the present administration remains neutral, according to an interview with General Francisco Serrano, published today.

According to General Serrano he visited the president at Queretaro for the purpose of complaining regarding alleged obstructions placed in the path of supporters of General Alvaro Obregon and received the promises outlined above.

TROUBLE SECURING JURY IN DALLAS MURDER TRIAL

DALLAS, Oct. 22.—With the first special venire of 300 exhausted and only six jurors selected, a second special venire of 100 men reported at the resumption today of the trial of Al Shrum, union electrician, charged with murder of Dallas Light and Power Company foreman during the men's and electricians' strike last June. As counsel have exhausted most of their peremptory challenges, it was believed the selection of a jury could be completed today.

NO WEDDING BELLS AFTER SHE LOOKS HIM OVER AND HE SUES FOR DAMAGES

DALLAS, Oct. 22.—He wrote her enough letters to fill a collar box, and her replies taxed the capacity of a shoe box. So he came down from Canada for fulfillment of their mutual promise to wed, but he did not measure up to the expectation his letters evoked and there were no wedding bells.

That is why L. H. Cole, one time of Southern Alberta, is suing Miss Annie Denmore of Dallas for breach of promise of marriage, declared to be the first suit of its kind in the annals of Southern jurisprudence. The suit went to trial here yesterday and continued with introduction of further testimony today.

Cole asks \$10,000 but apparently it is not all for heartaches, for he alleges she has refused to return an automobile she borrowed and then, too, there is a matter of \$500 cash he claims to have loaned her. He told all about it yesterday on the stand.

Miss Denmore admitted in testimony that she had promised to marry Cole, "but," she added, "I didn't promise to marry him just because he is a man." She declared that "when we commenced our correspondence, he was very wealthy, but it seemed he got poorer and poorer the better I knew him."

They became acquainted through a matrimonial club, and Cole, she testified, sent her a picture of the Canadian National Park, in which he said he owned all the timber. Cole claims she persuaded him to sell his saw mill at a sacrifice and come to Texas when he did in January, 1918.

AUTHORITIES SEARCH FOR RELATIVES OF L. HINTGEN SO FAR ARE UNSUCCESSFUL

Who and where are the relatives of L. Hintgen, the man who was killed by a Fort Worth & Denver freight train on the North Side October 7? Justice of the Peace Arrington is seeking the dead man's kith and kin, and Wednesday he asked The Times to help in the search. A sum of money was found in the pockets of the clothing the dead man wore, and letters and traveler's checks gave his name.

Telegrams addressed to the return addresses on the envelopes found have brought no replies and Justice Arrington, who conducted the inquest, is anxious to know something about the man and inform his relatives of his tragic death.

KATY HAS ANOTHER BIG CAR MOVEMENT TUESDAY

The Katy lines made another big movement of cars on this division Tuesday. More than 575 cars were handled, which is approximately 200 cars more than the average for a week day in the past.

The number handled include 201

cars of oil exclusively for connections out of Burkburnett and 575 other cars. More than 150 cars of oil were loaded here, according to figures in the hands of J. F. Hickey, general superintendent of the Katy lines.

RESERVATIONS ARE OPENED FOR HALLOWEEN BANQUET TO BE GIVEN BY Y. W. C. A.

Reservations may now be made for the Halloween banquet, which the Young Women's Christian Association is giving for the business women and girls at the Cafeteria on Thursday, October 30. At this meeting organization of a club of business girls will be made, and from the interest already manifested in the plans, a large club is expected, as well as a large attendance on the banquet.

Mrs. C. J. Coyne will be the director for this club, and an interesting program is being mapped out by Mrs. Coyne and Miss Clark, the recreational secretary, which will be announced on the organization of the club. There is no charge for the banquet, but all reservations must be in before Tuesday night, and should be left with Miss Clark at the Cafeteria and Recreation Room.

Even Two Coats of Paint Give Less Than a Hundredth of an Inch Protection

When you know that you must depend on a paint film less than a hundredth of an inch thick to protect your buildings from weather's wear and tear you begin to realize the vitalness of buying the right paint.

An outside paint must be not alone waterproof but weatherproof. Making a paint weatherproof is the difficult part. If it is not weatherproof it will not long stay waterproof.

To be weatherproof, the paint film must be so elastic that it will expand or contract with the weather's changes—and do it without cracking.

Low Brothers HIGH STANDARD LIQUID PAINT

is specially made to meet these conditions. That is why it stands so many years of weather's wear and tear.

The picture above is taken from a photograph showing a two-coat film of High Standard Paint held in the hand. The film was over two months old when photographed; yet it was as flexible as a handkerchief.

If you have been having paint troubles, or want to prevent them, tell us about your painting needs. The expert advice given so gladly will cost you nothing. It may save you much.

REALTY ASSOCIATION MEMBERSHIP DRIVE ENDS WITH BANQUET

Immediate extension of public utility improvements, more storage and truckage facilities, pavements and sidewalks were regarded as imperative at the membership banquet of the Wichita Falls Realty Association Tuesday night in the Y. W. C. A. cafeteria.

The banquet was put on by the losers of the membership drive which was the team of R. B. Robbins, N. M. Monroe's team was winner of the contest. The members brought in 16 new members and \$862.50. Robbins team turned in nine memberships and \$450. The membership of the organization is now 54.

The first speaker was E. A. Van den Brock, newly elected general manager of the association. He urged that the members make every effort to get the proper authorities behind the movement to increase public improvements, declaring that this was of primary essentiality if Wichita Falls was to continue a constructive growth.

One of the principal necessities, he explained, was more truckage and storage facilities in order to expedite the movement of freight into the city. The greatest drawback in the building of the city, he said, was the lack of materials due to the traffic congestion.

Judge R. E. Huff pointed out that the public utility corporations had failed to keep pace with the marvelous growth of the city. Living conditions in the outer portions of the city had been made less desirable he said because of limitations in most everything from the delivery of food to the installation of sewers, lighting and telephone service.

Everything should be done to convince the newcomers here that the present growth is not vacuous, but substantial and one that will endure, he concluded.

Among other speakers were C. W. Field, president of the National Bank of Commerce, who spoke on "Make Wichita Falls a desirable place in which to live"; Hubert Harrison, secretary of the Chamber of Commerce, who stated the Chamber of Commerce would back the realty men to the limit; Otto Stehlik, who predicted that oil would be found in practically the entire country, and B. F. Johnson, secretary of the realty association, who told the members of the plans of the organization in connection with the coming census taking.

He said it was the intention of the association to appoint one man to go with every enumerator in an effort to make certain that no one was missed in the census.

W. S. Curtis acted as toastmaster at the banquet.

TWO PERSONS ARE DROWNED IN FLOODS IN CENTRAL TEXAS

DALLAS, Oct. 22.—Two persons are known to have been drowned, scores of lives were endangered and property damaged thousands of dollars for terrific rain storms and floods in north central Texas yesterday and today.

Near Gainesville, Kate Jones, 23, and Miller Atkins, 26, were drowned while attempting to ford a flooded creek. Leonard Jones, 19, succeeded in swinging to land. Spring Creek was out of its banks and half a mile wide.

At Bonham, Powder Creek, which flows through the town, was out of its banks and big cotton mills endangered. McKinney reported 3 inches of rainfall. The city fire department rescued one marooned family.

Paris reported 4.98 inches of rain—the heaviest since 1905. A wash-out delayed traffic on the Texas & Pacific Railway.

At Bowie a heavy rain yesterday brought total precipitation in two weeks to 10 inches. Sherman had a 2.35 inch rain, sending Post Oak and Choctaw creeks out of their banks. Wolfe City reported heaviest rain since 1914 with lowlands flooded.

Bridges have been washed out, railway traffic delayed and roads and crops severely damaged throughout the storm district.

CHARGE DEALERS ARE TAKING ADVANTAGE OF THE COAL SITUATION

CHICAGO, Oct. 22.—Coal consumers are paying now for a strike which they haven't begun to "enjoy" as yet, according to leaders among the coal miners.

Investigation in central states—the soft coal states—showed prices have advanced in some cities since the miners strike call was issued. In others there had been no change.

A statement by United Mine Workers in Indianapolis said the consumer is forced in some cases to pay \$1 more a ton now than a week ago, and that the advance is without justification. Miners, themselves, were hit by the advances, officials of the union said.

In Chicago some dealers advanced prices slightly—four to eight cents per ton. Some of the larger dealers said there was no excuse for an increase now. Chicago has a thirty day supply of soft coal, they said and individual coal bins throughout the city are unusually well filled. A coal shortage last year was a great educator toward early buying this season, they said.

At Vincennes, Indiana, prices advanced \$1 per ton, it was stated today. Other Indiana cities faced a fifty cent increase. In Milwaukee an "automatic" raise July 1, was the only one hitting the consumer. The Twin cities reported slight advances.

Iowa operators, dealers said today, boosted prices fifty cents to them, making it necessary to demand twenty five cents more from the consumer. The average retail price of soft coal in Des Moines now is \$7 per ton.

RADICAL ELEMENT OF LONGSHOREMEN HAVE REORGANIZED

NEW YORK, Oct. 22.—The radical element of the striking longshoremen today organized a new strike committee, electing Dick Butler chairman.

This organization designed to supplant the "regular" strike committee headed by John F. Reilly, was to present a program of demands to Mayor Hylan, as head of the conciliation board, sometime today.

T. V. O'Connor, president of the International Longshoremen's Association, who has opposed the strike from the outset, was expected to announce suspension of all local unions which refused to return to work today, as directed by the vote of the faction headed by O'Connor.

Hundreds of men gathered in the vicinity of the docks today but told newspaper men they feared to go to work because of probable clashes with radical strikers.

The Velvet tin is twice as big as shown here

There's a World of Solid Comfort In the Rich, Red Tin

YES, sir, we mean that same warm red and gold tin that smiles a welcoming "Howdy" to you in every tobacco store. Know what those colors mean?

The red is for the friendly warmth, the mellow cheeriness, that Velvet puts into your old pipe. And the gold is where the Kentucky sunshine, that ripens good old Velvet, has just sort of soaked through.

Remember what Velvet Joe said about it?

"You've met canned meat and canned music. Ever see any tinned sunshine? Well, look into any Velvet tin."

And think this over:

We don't have to hide Velvet's taste or smell with a lot of this, that and the other thing. Because Velvet has naturally what pipe smokers want—real simon-pure tobacco taste and fragrance. It's just good, honest Kentucky leaf, made still more friendly and mellow by two years' ageing in wooden hogsheads just good tobacco. That's all. But it's mighty near enough for the man who wants a pipeful of tobacco and not a box of bon bons.

The picture of a pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

How's the Velvet holding out in your old red tin?

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock.

COTTON MARKET.

NEW YORK, Oct. 22.—The cotton market showed continued strength and activity with active months selling well above the 35-cent level during today's early trading. There was a good deal of realizing at the opening advance of 27 to 35 points but offerings were readily absorbed by further trade buying of near months and a broadened outside demand stimulated by a continued wet weather in the south. Little overnight spot activity and the expectation of small Indian figures. December sold up to 35.67 and January to 35.46, within the first half hour, or 50 to 59 points net higher.

The market sold up to 35.72 for December and 35.50 for January after the publication of the weekly weather report, or about 57 to 59 points net higher. Business then became somewhat less active and the market eased off several points from the best under realizing.

Midday receipts were more than recovered early in the afternoon owing to a reversal of general trade and commission houses buying on reports of a continued active spot demand and strong southern markets. December sold up to 36.00 and January to 35.88, or 90 to 97 points net higher.

NEW ORLEANS, Oct. 22.—New high records were made by cotton in the early trading today when the market bulged 47 to 75 points, but later under a heavy weather conditions over the belt. October rose to 36.59, the highest contract price ever posted.

Short covering in the October position became insistent and furnished an element of strength for the entire market. At 1 o'clock prices were 90 to 140 points over the level of yesterday's close. October advanced at the advance and standing at 37.52, a new high record for contracts.

The weekly weather report from the government was considered unfavorable and very followed by heavier buying than ever. Late in the morning, when the market stood at 37 cents and prices were at net gains of 92 to 88 points.

LIVERPOOL, Oct. 22.—Cotton spot in good demand; prices strong and advancing. 24.85; fully middling, 23.43; mid-dling, 22.62; low middling, 20.75; good or shiraz, 18.81; ordinary, 17.52; sales, 10,000 bales, including 8,000 American. Receipts 8,000 bales, including 6,000 American. Futures closed steady. October, 22.80; November, 22.67; January, 22.36; March, 21.88; May, 21.47; July, 21.15.

NEW YORK STOCKS.

NEW YORK, Oct. 22.—Oils were buoyant at the excited offering of today's stock market, leaders of that division making new high records. Texas Co. was the chief feature, its first quotation of 215 representing an overnight gain of 10 points. Within the first half hour advances of 2 to 8 points were made by Texaco and Pan-American Petroleum, General Motors, Baldwin and American Locomotives and Retail Stores. Stocks were 1 to 1 1/2 points higher and leather, food and shipping issues averaged similar gains. Rails and metals were unsteady.

Many additions to early gains were made at midday, especially among steels, equipments and oils. Baldwin increased its lead to 6 points and Trustee asserted some of its former prominence, rising 12 points. Sears Roebuck featured the high grade specialties advancing 11 points.

GRAIN AND PRODUCE.

CHICAGO, Oct. 22.—Fresh breaks in the price of hogs had a further depressing effect today on the corn, wheat and trading quotations, which ranged from 1 to 1 1/2 points lower.

Mr. Roy B. Jones, President of the Panhandle Refining Co., has summarized his letter to the Bankers in reference to this issue as follows:

The Panhandle Producing & Refining Company has been organized to acquire the entire capital stock of the Panhandle Refining Company of Texas, which in turn will acquire substantially all the properties heretofore owned by Brown & Jones, Roy B. Jones, Trustee, The 6666 Oil Co., The Trojan Oil Company and the Panhandle Boiler & Machine Shop. The Company, through its subsidiaries, will constitute a complete unit for the production and refining of oil.

PRODUCTION AND LEASES—Settled production of more than 1,500 barrels a day, and in addition an estimated flush production of more than 5,000 barrels a day.
The Company will own either in their entirety or the operating control of more than 20 producing leases covering about 1,000 acres in Wichita county, Texas, including 40 acres in the Burk Burnett Northwest Extension and a one-third interest in a 22-acre lease in that same field; also 81 acres in Cotton county, Okla.; together with leases on about 30,000 acres of undeveloped territory in Texas and Oklahoma.

REINERY AND PIPE LINES—At Wichita Falls, Texas, the Company will own a refinery of 5,000 barrels daily capacity; eight miles west of Burk Burnett a casing head gasoline plant of 750,000 cu. ft. capacity, with storage facilities and nine miles of pipe lines; and south of Electra another gasoline plant of 350,000 cu. ft. capacity.
The Company will own a present storage capacity of over 230,000 barrels and with additional tanks now being built will have a storage capacity of over 600,000 barrels.
The company will own approximately 60 miles of pipe lines and 200 tank cars.

VALUATION—The Company's properties, including its net quick assets, are conservatively estimated to have a present value of more than \$8,500,000 or over twice the amount of the preferred stock issue. This valuation has been confirmed by independent experts.

EARNINGS—After making allowance for interest charges which will be eliminated by this financing, the earnings before depreciation and taxes, including federal taxes, for the 12 months ended December 31, 1918, were \$1,243,663.28; for the 12 months ended June 30, 1919, were \$1,951,148.57, and for 6 months ended June 30, 1919, were \$1,183,976.50.

	Rate per annum earned on Preferred Stock for the period	Rate per annum on Common Stock presently outstanding after pref. dividends
12 months ended June 30, 1919	\$1,229,549.63	\$5.05
6 months ended June 30, 1919	\$16,205.35	7.28

CONVERSION PRIVILEGE—The preferred stock is to be convertible into common stock at the option of the holder in the ratio of two shares of common stock for one share of preferred. With earnings so largely in excess of preferred dividend and Sinking Fund requirements, and the valuation of the properties, including its net quick assets, over twice the amount of the preferred stock issue, the common shares have a substantial value and one which in due course should make the conversion privilege of the preferred stock attractive.

SINKING FUND—For the retirement of the preferred stock there is provided a Sinking Fund amounting to 25% of the net profits after preferred dividends, but not less than \$400,000 a year, until the preferred stock is reduced to \$3,000,000; similarly thereafter 25% of the net profits, but not less than \$300,000 a year until the issue has been reduced to \$2,000,000; and likewise thereafter 25% of the net profits, but not less than \$200,000 per annum until the preferred stock has been retired.

We offer this stock when, as and if issued and received by us.
PRICE 97 AND ACCRUED DIVIDEND
Purchasers of Preferred Stock will have the privilege of subscribing to the Common Stock at \$25 a share on the basis of one share of Common for each two shares of Preferred.

LOCAL HIGH AWAITS BOWIE GAME HERE WITH CONFIDENCE

Local high school supporters as well as all football enthusiasts are promised a fast gridiron contest next Saturday afternoon at 3 o'clock on the Katy park grounds when the local high will mix with the strong eleven from Bowie High school.

According to Manager Robinson the stock of the local team is running high with the team in good shape, notwithstanding the grueling fight at Electra. With all of the stars of the team in the game and unbounded enthusiasm on the part of the High school students, he is confident the locals will come out on top.

To arouse interest and to work up a large attendance at the first game on the home grounds a ticket selling contest in which the winner is to be awarded a pennant is being carried on between the different classes in the High school and a record breaking crowd is anticipated.

The probable line-up which will face the visitors next Saturday will be: Ray Patton, full back (captain); Edwin

Weldon and Frank Patton, halfbacks; Bob Trotter, quarterback; Hughes and Jackson, ends; Gerock and Dowla, tackles; Norris, McConkey and Walker, guards, and Haney, center.

The physical examination of all of the football candidates as required by the school authorities has practically been completed and no changes in the team were necessitated on this account.

Plans are being formulated whereby more attention will be paid to High school athletics with especial emphasis on basket ball, tennis and volley ball. Improvements of the present athletic facilities as well as construction of several new basketball courts so that these sports will not be neglected when the football season is over are now under way and will be finished in the near future.

BOSTON COLLEGE STARS INJURED IN GAME

BOSTON, MASS., Oct. 22.—Joy over the victory over Yale was somewhat dampened today, when it became known that several of the Boston College gridiron stars were injured and may be out of the game for several weeks.

Captain Fritzpatrik, Corrigan, Scanlan, Doyle and Kealey are on the injured list and may be unable to play against the Army Saturday.

WOMEN MAY JOIN IN CHURCH LEGISLATION

DETROIT, MICH., Oct. 22.—The question of admitting women to the legislative bodies of the church was one of the principal subjects before the house of deputies of the general conventions of the Protestant Episcopal church today. The ratification of elections of bishops to the missionary districts of Utah, the Philippine Islands, the Canal Zone, Haiti and Liberia also was before the house.

MOORE AND JOHNSON MATCHED FOR A BOUT

JERSEY CITY, N. J., Oct. 22.—Pal Moore, Memphis, and Patay Johnson, Trenton, featherweight have been matched for an eight round bout here October 31. Charley White, Chicago, and Mel Coogar, Brooklyn, were also signed and efforts are being made to sign Ted Lewis and Johnny Griffiths to complete an all-star card.

CHARLES SCHMIDT IS TO MANAGE JOPLIN TEAM

JOPLIN, MO., Oct. 22.—Charles Schmidt, until a few weeks before the close of the Western League season manager of the Sioux City club, and who finished the season with Tulsa as a catcher, will manage the Joplin team next year, it was announced today by N. Resenberg, president of the Joplin baseball club.

OIL PRODUCTION IN STEPHENS COUNTY IS OFF THE PAST WEEK

HEAVY WAGON ROADS AND DIFFICULT HAULING AFFECTS TOTAL OUTPUT.

DECLINE OF 2000 BARRELS

Condition Also Reflected in the Progress of Tests in Comanche County.

Special to The Times. JAKEHAMON, TEX., Oct. 22.—Another dull week in most of the oil fields of this section of Texas resulted from heavy wagon roads and difficult hauling for materials. The situation was more keenly felt in Stephens county, perhaps, than elsewhere owing to the long hauls there. Production in Stephens county fell off the last week about 2,000 barrels. The new developments in the region northwest of Strawn where the Texas Company brought in a good well at 1,700 feet attracted a great deal of attention as this so-called shallow production of the volume found in the new well makes a very attractive proposition. The production is about 500 barrels a day and at the depth attained the cost of a well is less than one-third that of one of the deep wells in the Palo Pinto and Stephens county fields. This new well is in section 71.

Fewer Completions. Completions in Stephens county for the past week were fewer than the average and that was because of bad roads. There are more than a dozen wells down to the top of the sand and most of these should be drilled in this week with the outlook good for a gain in production to offset the loss of the preceding week. In the vicinity of the Packs pool and in each direction from the new railroad town of Frankel, eleven miles north of Ranger, the activity has been marked by progress in drilling and by a number of new locations. Between Frankel and Caddo there is great activity and the prospect is that the pool will be connected up with the drilling of a few more wells to the oil sand.

Progress of tests in Comanche county the past week was slow on account of rains and heavy roads. In the immediate vicinity of the Hog Creek pool there is considerable increased activity due to the successful wells of the Comanche Northern and the Comanche Home group north of Jakeshamon. There are new rigs going up both east and north of this place and the extension of the Hog Creek pool toward the east seems to be considered by all men to be very likely and the outlook very promising.

Some of the more advanced tests in Comanche county show about as follows, according to recent reports: Humboldt Oil & Refining Company's No. 1 Goss, fishing at 730 feet; No. 1 Barton drilling at 730 feet; No. 1 Small 730 feet; Magnolia Petroleum Company's No. 2 Duke, 624 feet; Sun Company's No. 6 Shuler 597 feet; Sanderson Oil Company's No. 1 Miller 1,573 feet; Atlantic Oil Producing Company's No. 1 Watkins, 800 feet; Couden Oil Company's No. 4 Carruth 795 feet; Peerless Oil Company's No. 2 Carruth 945 feet; New South Oil Company's No. 1 Waldrep 1,045 feet; Skelly & Sankey's No. 1 Myers 1,538 feet; Kan-Tex Oil Company's No. 1 Perry 2,285 feet; E. P. Pate's No. 1 Pate 1,200 feet; A. D. Flynn's No. 1 Waldrep 700 feet; Union Oil & Refining Company's No. 1 Cogburn, 2,267 feet; Comanche Oil Association No. 1 Turkey 2,154 feet; Hughes Petroleum Company's No. 1 Pettit 1,460 feet; Transcontinental Petroleum Company's No. 1 Crowell, 2,554 feet; No. 3 Lewis plugged at 2,496 feet; No. 4 Lewis, 1,800 feet; No. 1 Peck, 2,770 feet.

ORGANIZATION OF AMERICAN LEGION POST IS EFFECTED

Permanent organization was effected by the election of officers by the Pat Carrigan Memorial Post of the American Legion, Tuesday night, meeting in the 30th district court room at the Wichita-county courthouse. Judge J. B. Hatchitt, a veteran of the Spanish-American scrap as well as of the late war, was named by the post to be its first commander. Other officers named were: John W. Naylor, vice commander; Elmer C. de Montel, post adjutant; and J. H. Farrell, sergeant-at-arms. A committee consisting of J. B. Hatchitt, post commander, E. L. Fulton and E. C. de Montel, the post adjutant, was named to make a tentative draft of the constitution and by laws, which are to be reported to a subsequent meeting on next Tuesday night, October 23.

Plans for a vigorous membership campaign, by which it is hoped to number most of the several thousand ex-service men in the city and vicinity in the ranks of the local post, were discussed at last night's meeting, and the entire membership in attendance resolved itself into a membership committee, pledging themselves to bring several new members to the next meeting. With the new members obtained at last night's meeting, the present membership of the post is bearing the 100 mark.

Necessity of ex-service men sticking together, and of their building up an organization of such numbers and strength that they will in all cases secure justice was urged by D. C. McCaleb in connection with the proposed membership campaign. Mr. McCaleb giving two instances of where discrimination against former service men was evidenced, and where a little subsequent pressure corrected the situation.

A man who was employed as a clerk in the State highway department was called in the draft. When he was discharged from the service and applied for the job he had held at the time of his entry into the service, he was told that it was filled at this time, and that it would not be given back to him because he had left their employ before he had to. On his release, however, the department gave him an excellent recommendation, addressed "To Whom It May Concern." A little story and an editorial comment in an Austin paper, setting forth the circumstances of the case, together

er with the recommendation given by the department provoked such an effect on the public that this soldier got his job back the next day.

Another instance of what may be accomplished by a little action is afforded in the case of the bill giving the soldiers who had no opportunity to pay poll tax a right to vote without the payment of this tax. The governor vetoed a bill on constitutional grounds which was exactly similar to the one that he signed after a little fire was built under him down there at Austin.

All of this points to the value of our building up a strong association. We should endeavor to get as many men as possible on our membership roll. If we get the numbers, we will not have to beg for justice.

What the American Legion stands for was outlined briefly by Henry Hutchins, State commander of the organization, who acted as a temporary chairman of the meeting. "First, I should say, the legion stands for 100 per cent Americanism," said Mr. Hutchins. "Next, it stands for the 'sticking together' of ex-service men, and of their being mutually helpful to each other.

In addition to this, that American Legion is not a political organization. By this, I take it, is meant that no man shall use it for the furthering of his own political advantage, and not that the legion shall not take a stand
