SUPPORT YOUR HOME TOWN

SWEET N' SOUR

By A. DILL

The nicest thing happened last week. We had a visit from Bill and Johnsie Mae Allen and their brand new baby daughter, Kimberly Kay. If you associate the name Kimberly with a diamond of great value then you are right and you have a mild idea of what that tiny dark haired baby means to her parents. Kimberly Kay, which will probably be Kim. is a very special baby for she's been the dream and the prayer of Bill and Johnsie Mae for a good many years and now that shes a very beautiful pink and white reality, you just won't find happier people than the Allens anywhere. We think tiny Kim is fortunate too, for we doubt if she could have selected two finer people for a Mom and

Just what this March norther has done to our fruit and flowers we are afraid to think -- but maybe it isn't all gone. Things were really beginning to bloom last week before the big blow that came roaring across from the north Wednesday. There were yellow daffodils in Joe Arvin's yard and the most glorious forsythia at Mrs. Brown's -looked like a picture in an ambitious seed catalogue. Red buds were in bloom at Hattie West's - and the world was beginning to look like spring. Tricks in the weather like this make you You work on a garden and flower like a small chip off of Eden one day looks like Death Valley the next. That's what we mean by courage, because the very next warm day will find all of you out spading, plowing, and starting all over again.

Kite Contest Set Here Saturday

Boy Scouts of Troop 24 are planning a kite flying contest for Saturday afternoon to those boys who are registered Cub Scouts or Boy Scouts. The contest is to be held on the local grade school ground beginning at one p. m. Rules for the contest are as follows: All kits must be "home-made" and be able to

There will be two divisions. One for box kites and the other for two or three stick kites. All kites must fly for at least one minute. Two boys may build and enter one kite.

Prizes will be awarded to the best built kite, the best flying kite, the largest kite and the smallest kite. All kites must be able to fly and will be judged on this point.

Plans are being made to have out-of-town men to judge the contest. Parents of boys and the public are invited to see this contest.

Since it is kite flying time and all boys like to try their hand at making kites, the leaders of the scouting movement in Baird are taking this opportunity to help the boys and at the same time enable them to have adult supervision. As there are a number of fatal accidents connected with kite flying each year, local scout leaders are striving to provide the desired recreation and at the same time prevent anyone being

Easter Service Plans Complete

All the plans necessary for the Sunrise Easter Service have been completed and the place where it will be held has been changed from the Rodeo grounds to the high school football stadium. This was deemed necessary by the General Committee, of which Bill Ford, Supt. of Baird schools, is chairman, for the specific reason that should it rain or otherwise be inclement weather, the service could be held in the Cafetorium.

Programs will be given to those attending, which will be a beautiful souvenir of the occasion, and these will be a gift of the ministers of the four churches co-operating, namely, First Methodist, First Baptist, First Presbyterian and Church of God. The service will begin promptly at 6:45 a. m. and a massed choir of many voices will sing, under the direction of Glenn Rockey. Rev. James Price of the Methodist church will preside, Rev. Lenard Hartley of the First Baptist church will deliver the sermon. Rev. T. J. O'Neal of the Church of God, will offer the prayer and scripture will be read by Rev. Markley, of the Presbyterian church.

There will also be room on the platform for all visiting ministers, to which a most cordial invitation is extended. This Sunrise Service will be finished in time for each one to make ready to attend their own church for both Sunday school and morning

The above named ministers have gone on record as being deeply grateful to the Callahan County Sheriff's Possee for the offer of the rodeo grounds.

Mrs. Lillian Crawford

Hello to everyone. First, I must say we were disappointed this week end as our Mississippi friends came over to visit relatives in Texas, but they didn't bring any rain this time

Mrs. T. B. Grantham of Yazoo, Miss., as sister of L. V. Harris, and Van's brothers, Jim and Young of Jackson, Miss., came March 2nd, and started back home early this morning. Their plans were to take Van home with them and take him to a bone specialist, but since he has been feeling better the past few days, he decided to take his doctor's advice and stay home and continue with the treatments.

Mr. and Mrs. James and children came up f lington to spend the w visiting here with relatives of Mrs. McNeil, or I had rather say Margie Lee.

Irene Crawford and her mother came down Saturday afternoon for a brief visit, and too, Irene was getting some driving experience of a Pontiac she had ecently bought.

Just got to say a word about the grandbaby. He is really a cute little boy with a little pair of pants and shirt on, and just think, he is only about 21/2 months old. I said he was cute, but his "Pop" looks terrible with those whiskers and mustache Well, as for me, I'm about ready for that birthday celebration of Abilene, so those poor boys can shave once more.

WHAT DOES YOUR CHURCH MEAN TO YOU

WOULD YOU WANT TO LIVE IN A COMMUNITY WHERE THERE IS NO CHURCH?

If your life is dark and drear
Come to church
If your heart is filled with fear
Come to church
If the way is hard and long
If temptation seems too strong
Don't give up for it is wrong,
Come to church

When you've done your very best
Come to church
When you're tired and seeking rest
Come to church
When your hearts brim full of cheer,
You may dry a falling tear,
Of some one who worships here,
Come to church

Do you want some work to do?

Come to church

Would you help the faithful few,

Come to church

Jesus said, 'The fields are white,

Go to work ere comes the night

And I'll give you what is right"

Come to church

Would you know His plan
for you?

Come to church
He will make it clear and true,
Come to church
Then when evening shadows fall
And you hear His tender call,
He will be yours all in all,
In His church

With fear striking at the hearts of peoples, all over the world, many millions are seeking a place of refuge. Nearly two thousand years ago the Son of God founded the church and said, "The gates of Hell shall not prevail against it". To the serious minded, those words have been a source of profound blessing ever since. To those who have not experienced the true joy of divine worship in His house, they have missed one of the greatest blessings bestowed upon mankind. There are five ways to enter God's house that will be well worth the time of both the saved and the unsaved. First,

"Enter joyfully" The psalmist David said, "I was glad when they aid unto me, let us go into the house of the Lord". We need to remember that we get out of a service what we put into it. Second, "Enter Reverently." When Moses saw the burning bush, and stepped aside to see what it was, he heard the voice of God saying, "Take off thy shoes for the ground whereon thou standest is holy ground." We need to remember this and the entire hour of worship will take on a new meaning. Third, "Enter Prayerfully". Christ said "My house shall be called of all nations a house of prayer". Pray for the ser-

vice, for the unsaved, for the officials of the church, and for the minister that God will speak through him. Fourth, "Enter Expectantly". Too many are harshly critical of every phase of the service. Expect Christ to bless you and you will be blessed. You will not leave disappointed. Then fifth, "Enter Frequently". Alas, too many will attend this coming Easter and then never enter His house again until next Easter. Won't you follow these five rules? Go to the church of your choice every Sunday morning and you will find a new zest in life, as you fellowship with Christ and your fellowman.

automatic

No wonder the woman with an old-fashioned clothesline dreads each washday. For the average family of four, in one year she carries 2 tons of washing . . . walks 40 miles ... spends the equal of 24 eight-hour workdays merely carrying laundry!

It's just simple arithmetic! An automatic gas clothes dryer saves time, work, money! It takes clothes as fast as they're washed, delivers them soft and fluff-dried, with that sweet, fresh outdoors smell, ready to put away. Less ironing, too. Gas actually steams wrinkles out. Now rain or shine, day or night, an automatic gas dryer turns your laundry days into easy days.

The perfect Wife-Saver partner in the automatic Gas laundry is an Automatic Gas Water Heater.

Almost everywhere in Lone Star for what it costs to dry clothes for 1 year electrically ... you can dry clothes for 7 years with modern flame-fast GAS!
