DeBoard Named Boys Cage Coach

Major General Ross Ayers, Friona resident who recently began his duties as state adjutant general, says he had a couple of meetings with the late General Dwight D. Eisenhower during World War II.

Ray DeBoard was named State University, and has served as head coach at Spur High School for the past three seasons. DeBoard's combined record at Spur was 67 wins and 21 losses.

only the boys at Friona, in addition to serving as assistant football coach. The boys basketball position became vacant earlier this year when Cecil Maddox, coach for the past three seasons, asked for re-assignment in the system.

GROUND BROKEN. . . Officials of Friona's Union Congregational Church met at the site of the church's new location last Sunday for a ground-breaking ceremony.

board, O. F. Lange, chairman of the building committee, Otho Whitefield, Lisa Buchanan, Mrs. Bill Nazworth, Mark Mohr and Mrs. Carl Maurer. The church will build its new building just north of the city limits on ground donated by Orma Flippin.

Jaycees Schedule Easter Egg Hunt

The Friona Junior Chamber of Commerce will sponsor its annual egg hunt for children of the area on Easter Sunday, April 6, beginning at 2 p.m. in the City Park.

There will be three divisions in the hunt, one for children up to three years of age; those ages four through six, and then seven through 12.

Prizes will be offered to winning egg-hunters in each division. Some 1,000 eggs will be hidden.

Gerald Shavor is chairman of the project.

"We had been in France since August -- it was December at the time. All that time, none of our troops had enjoyed a bath -- except for an occasional splash in the creek (and it was cold), or routine washing from our helmets.

"Gen. Eisenhower asked our Sergeant how long had it been since the men had had baths and clean uniforms.

"IKE"

"Since August, Sir," he replied, Gen. Eisenhower then turned and gave a message to one of his aides," Gen. Ayers related.

"Within a few days, our outfit received portable showers, complete with heaters and hot water, plus clean uniforms. And, did that feel good," Ayers recalls.

Although he did not have any direct contact with the general and former president Gen. Ayers states that "Ike" was always interested in the individual. And, re-wording somewhat Will Rogers' old statement, Ayers says he never met anyone in uniform that didn't like Eisenhower.

We didn't make it down to J. W. Crim's place near Lazbuddie last week for his annual weather forecast, but have found out his forecast, so will pass it along.

Crim makes the annual prediction on the basis of wind direction at sunrise on the morning of March 22, using a tepee-shaped pile of logs for a fire to determine the wind direction.

The wind on March 22 was from the southwest, blowing northeast, indicating that rain during 1969 would be less than that received last year. He suggests that area farmers keep their irrigation well motors well-oiled and in running condition, since they will be in great demand before the year is out.

The prediction for 1969 contrasts with that for last year, when Crim predicted the best crop year since 1941. Area irrigation wells got more rest last year than they had had in many a moon, according to Crim.

"Indian John" Crim was taught the art of reading the smoke signs by his father, who learned it from the Indians themselves.

The legend has it that wind blowing from the north or northeast at sunrise indicates an average crop; wind from the south, west or southwest indicates "poor or just fair" crops. A wind from the southeast indicates the best crop year.

The Lazbuddie area farmer has been doing the annual weather forecast each year since 1923, but did not begin making them public until 1952.

And he thinks his percentage is about as good as those for professional weather forecasters, and they just work on a day-to-day basis, rather than a year at a time.

STATE REP.

Clayton Named To Head Water, Inc.

Bill Clayton of Springlake, Texas and L. Dean Rea of Tulla, Texas were hired as Executive Director and Associate Executive Director of Water, Inc. at a Board meeting in Lubbock today according to an announcement made by K.B. "Tex" Watson, President of Water, Inc. Clayton, a state-wide water leader, commonly known in the House of Representatives as "MR. WATER", made the following statement. "I have one interest and one purpose in mind in accepting the executive directorship of Water, Inc. That is to guide and direct the people of West Texas, Oklahoma, and New Mexico toward one common objective -- water importation into the area. West

Texas, Oklahoma, and New Mexico stand to gain much by working together, united, for the implementation of the Texas Water Plan. I will continue serving in the State Legislature where I feel my services will be of great value in helping to implement the Texas Water Plan. Looking at our problems from a political standpoint was one of the determining factors of my signing with Water, Inc. at this time. We cannot afford the luxury of division among the people if we are to accomplish our goal. It is our hope that Water, Inc. will be the melting pot for all our ideas, thoughts, and actions; and that from all the divergent views and needs, we may

In other business, the board approved a new position for the 1969-70 school year, that of a freshman sports coach. Up to now, freshman athletics have been handled by regular members of the staff, but since they field separate teams, an additional staff member had been requested.

Bookmobile To Make Schedule

The High Plains Bookmobile makes stops in the Friona area this weekend.

Thursday, the Bookmobile goes to Oklahoma Lane (9:35-10:20 a.m.); Rhea (11:45 - 12 noon); Friona Elementary School (1:15-1:45) and Black (2-3 p.m.).

Friday, the Bookmobile stops at Hub (8:45-9:45); White's Elevator (10-11 a.m.) and Clay's Corner (1:15-2:15).

Saturday is the day for the Bookmobile's regular stop in Friona at the City Park, from 1-4 p.m.

DISTRICT HELD HERE

Friona High Second In Literary Contests

Friona High School placed second in the District 3-AA Interscholastic League Literary contests which the local school hosted Saturday and Monday.

Friona tabulated 123 points, to trail winning Dimmitt, which amassed 143 points. Olton placed third with 89 points, followed by Floydada (75); Hale Center (49); Abernathy (35) and Lockney, (10).

The local entries won five events and placed second in four others.

Both boys and girls debate teams won first place. The boys team of Bobby Thomas and Bryan Elliott were district champs, as were Sheila

Struve and Sally Kendrick for the girls.

Also, both of the FHS entries in informative speaking won the blue ribbon. They are Norman Mohr and Janice Clark. Ray Russell won the other first place, in ready writing.

Placing second were Paula Fortenberry in poetry interpretation and Troy Bass in prose reading. Also coming in second were Cynthia Wiseman and Kathy King in spelling and Carleen Schlenker in oral reading.

Jeanie Thompson and Tommy Mars placed third in persuasive speaking; Darla Perkins was third in ready writing.

Some 125 students from the seven district schools were present for the literary contests.

Friona also hosted the golf and tennis meets, and will host the district track meet on Thursday.

DEBATE WINNERS. . . Sheila Struve, left, and Sally Kendrick were the district champions in girls debate in the meet hosted by F.H.S. last Saturday. As a team, Friona placed second overall.

Hold Election

The combined city council and school board election will be held on Saturday at the City Hall. The polls will be open from 8 a.m. until 7 p.m.

Candidates in the city council race are Leland Hutson and aldermen Marion Fite and James Procter. Terms of Fite, Procter and Ed Hicks are expiring.

Candidates in the school race are Richard Collard and incumbent W. D. Buske. Terms of Buske and W. M. Massie are expiring.

School Out Extra Day

Friona schools will dismiss an extra day for the Easter spring vacation than was originally planned, according to Superintendent of Schools Alton Farr.

Because the school had an extra day allowed for bad weather which had not been used, the Easter break, which begins on Friday, will extend through Tuesday, so that all children will report back to school on Wednesday morning, April 9.

June Floyd, Women's News

Dear Editor:

Speaking for the farm hands' wives, we would like to point out a few things which you might not know. Many of us have to live in very cramped houses, and get small pay. Yet, our husbands work harder and longer hours than most anyone else.

We can't go to church on Sunday, or to prayer meeting on Wednesday because on Sunday there is water to change, and on weekdays, you have to work until it's too late to go.

If it wasn't for the men who work for the farmers, they wouldn't get very far. Yet, we're expected to live in houses that are much too small for our families, and don't make enough to live on. \$300 a month for a family of five is barely enough to feed a family properly these days.

There is one family of five we know of who lives in a three-room house, and soon there will be another addition to the family. We understand there are several farmers around Friona who do not have hands to help get their crops up; and we also know of other hands who are thinking of leaving their jobs; mostly because the houses just aren't fit to live in.

We can ask for a better house, or even a can of paint to fix the house up, and the farmer is always "broke." Yet he will come up with a new car or more land for our husbands to work. And farmers can't understand why they can't keep a steady hand.

What we're trying to say is we don't think we're being treated fair. Some of us have been with the same farmers 10 years and more.

Looks like if our husbands work and help the farmers make money, they can at least put up housing fit to live in, and pay a decent wage.

A farm hand's wife
(name on file)

(Editor's note: We're sure you have a legitimate complaint, and that others do also. However, I'm sure this can not be taken as a blanket "indictment" of all the farmers in the Friona area, as we personally know several farmers who provide nice homes and pay well. Perhaps your letter will cause those who need to make some improvements along this line to do some serious thinking about it.)

Pause And Reflect

By Nelson Lewis

Today, March 31st, is a day of national mourning. And rightly so.

The flag draped casket of Dwight David Eisenhower rests beneath the dome of our nation's capitol.

Here in this great vaulted chamber, the heart of Freedom's Fortress, it is meet that this noble old soldier should pause for a little while before beginning his last long voyage.

I will make no attempt to eulogize this great American, that has been done by wiser heads and stronger pens than mine.

I never think of General Eisenhower without remembering a statement he made several months ago concerning the war in Vietnam.

He was asked what his reactions would be toward the Communists who come out of Laos and Cambodia to attack the South Viets and the United States forces then run back into the sanctuary of a supposedly neutral country.

His answer came without a moments hesitation, "I would follow the enemy, where ever he went, and do my best to destroy him."

Somewhat reminiscent of Washington, Grant, Lee, John J. (Black Jack) Pershing and George (Blood and Guts) Patton.

This question arises - if we really honor the memory of Gen. Ike and these other gallant patriots - why do we not follow their advice and try to emulate them?

We need not erect massive architectural edifices of marble in their honor - the monument they would appreciate most would be the destruction of the enemies of the United States.

This task of "follow and destroy" is not necessarily complicated by the dense jungles of Vietnam nor the frozen hinterland of Siberia.

We have only to remember the dozens of buildings burned in our nation's capitol (a stones throw from where like now lies) and the riots in major cities.

How about the "spontaneous" riots during our political conventions.

The rebellious students in our colleges and universities - and here we need go no further afield than A & M at Prairie View Texas.

How about the manner in which certain factions backed down in W.T.?

And the element that sponsored the "God is Dead" theory?

And the "intelligentsia" that now advocates the abandonment of history courses in college.

Lets don't forget the publisher of the lewd magazine "Sexology" who thinks we should begin sex education in kindergarten.

We might give a thought to a supreme court that not only takes over the duties of congress but also leans over backward to make things easy on criminals.

Or lesser courts that parole law breakers that they may be at liberty to go their way and sin again.

And groups that shout "freedom" while kneeling behind church pews and firing lethal shots at policemen.

It may be of interest to note that the pastor of the aforementioned fortified church is the father of the entertainer who last summer in Chicago made a sacrilege of our National Anthem!

Our foe has only one thought in mind - to destroy us completely.

Only by recognizing him and affecting his defect can we back up our claim to responsible citizenship.

We have no time to lose.

It's later than we think.

Parents - please be sure to read the series of articles by Dr. Max Rafferty, currently appearing in the Amarillo News.

Friend Writes Tribute To "H. V."

(Editor's note: The following was written as a tribute to the late H.V. Rocky by a friend.)

A lovely person, that he was.
Always willing to give a helping hand.
Building up the morale of those around him.
He was overflowing with peace and love.
He carried sunshine every where.
How many times we heard him say, "I love my friends,
I just guess I love everyone for people are so good to me."

He set an example that will be an inspiration to others.
He leaves a blessing to the world.
He had a cheery smile whenever we chanced to meet.
Somehow it helped to make life worthwhile.

There was something in his friendship to the old and young that will stay on earth forever.

It makes me stronger in faith and glad that I met him.

As time goes speeding by, as each day comes to its end, all children he has taught will say, "A friend to everyone. That he was."

As one mother said, "He seemed to light the fire for a desire for learning and we will always be grateful for the guidance, understanding and example he was to our son and to his whole class."

He was presented a plaque engraved, "Best Teacher In The World," by his students in Woodland Hills, California December 11, 1967. This is evidence of the love he scattered around him.

He lived a lot more in 34 years than most of us will in 80 or so.

When your strength gives out and you are no more here, that was Howard's courage to all, as he gave his body and life to research for this dreaded disease, so others could have a longer healthier life.

We see this star so bright in Heaven, for he was a bright star on earth.

At this moment I cherish these memories of one I loved so dearly.

How I treasure his acquaintance for such a short time, as he was suffering his pain only wish he could have had more time to love.

His character measured up to the most of us wish we had.

In shaping young eager lives, we build tomorrow's world today. That's what he did.

The stars above shine out for all to see. They light our skies, they lead the way. They are guides for you and me.

And, now there is a brighter star, so you and I can see our way through God's love.

He quietly accepted himself with true humility for he was one with great talents.

He had such love for his mother and dad. Such love for God's beauty.

The stars are my thousand jewels . . . a heavenly crown to shine.

Love IS AN EASTER SEAL USER

Hightower Passes Bill To Impede Hot Checks

Senator Jack Hightower of Vernon guided Senate passage of a bill which will clamp down on hot check writers.

This bill will make it unlawful to give an employee an insufficient check for wages.

"In the past this has not been unlawful, and has caused a real hardship on many people who receive a check for work done. They go down and they spend the money for groceries, then the check bounces, the grocery man

calls them, and they have to make it good," Senator Hightower said in explaining the reasoning behind the bill.

"I think that when a person gets their pay for work done that they should feel sure that this is a good check and that they can rely on it," he continued.

Hightower also said chances are good that the bill will win quick approval by the House and eventually become law.

There was a lot of sorghum grown by these five men in 1968. They are five of the six growers in the DeKalb Sorghum Masters Club who harvested official yields of more than 10,000 lbs. per acre. Left to right, they are Victor Kostelnik, Deming, New Mexico, 10,325 lbs.; Hal Keeler, Deming, New Mexico, 10,791 lbs.; Charles Rickerd, Hereford, Texas, 10,257 lbs.; Ralph Wheeler, Edmonson, Texas, 10,783 lbs.; and Royce Gene Welch, Friona, Texas, 10,302 lbs. Among dryland farmers, the highest yield was posted by Ralph and Merle Olson of Ceresco, Nebraska with 7,911 lbs. There were 15 states represented in the Sorghum Masters program.

Auction Company Boasts New, Modern Quarters

The Ranchers and Farmers Livestock Auction Company, Inc., is now serving customers in its trade area with an entirely new marketing facility.

Market owners Jack Copeland, Ken White, and Benny Hardisty unveiled their brand new Ranchers and Farmers Livestock Auction Company to the Clovis public during grand opening ceremonies March 8. More than 2,000 guests turned out for the opening activities. Numerous national, state, and local dignitaries including livestock markets industry leaders participated in the ceremonies.

Heading the list of guest speakers were Senator Joseph Montoya, U.S. Senator from New Mexico.

The new \$300,000 dollar market structure is considered to be one of the finest in the nation incorporating many of the latest innovations that provide the utmost in customer convenience, comfort, and service.

Among the features included in the new market facility are steel pens, modern loading facilities, bookkeeping and business offices, market news offices, a restaurant, pneumatic tube transportation systems, and an ultra-modern

sales arena featuring built-in scales which immediately record total livestock average weights and flashes them to the customers. A comfortable glassed-in lounge area for the ladies overlooks the sales arena.

According to market co-owner Jack Copeland, the market will accommodate approximately 10,000 head of cattle and encompasses a trade area consisting of Mexico, West Texas, and New Mexico. Cattle are also shipped to the market from Florida, Louisiana, Arkansas, and Mississippi.

The new Ranchers and Farmers Livestock Auction Company, Inc., is a Certified Livestock Market and operates according to a code of business standards recognized by more than 850 Competitive Livestock Markets throughout the nation.

Farm Leader Urges Emphasis On Safety

"We must all become more safety conscious if we expect to reverse the upward trend due to farm accidents," Harry Hamilton, County Farm Bureau president, said recently. "All too often it takes the death of a friend or relative to make us more safety minded."

Statistics for 1968, compiled by the Bureau of Vital Statistics and forwarded to the Parmer County Farm Bureau by the Texas Farm Bureau Safety Department, show a six percent death increase for 1968 as compared to the previous year. Last year 297 persons in Texas died as the result of farm accidents. There were 280 deaths in 1967.

TFB Safety Director, Joe Smetana of Waco, said, "We're becoming less safety minded. With the rural population decreasing, we would at least hope for the number of deaths due to farm accidents to decrease at the same rate, but they are not."

Firearms accidents accounted for the greatest number of fatalities last year; forty-nine persons were killed. Other major causes of the 297 deaths were burns - 54, falls - 44, tractor accidents - 33, drowning - 33,

and farm machinery other than tractors - 22.

Most of the increase for 1968 is attributed to the increased number of deaths due to falls and tractor accidents as compared to 1967. The only category that showed a marked reduction of fatalities was drownings. Thirty-three drowned last year, compared to 41 in 1967.

The following recommendations for chemical weed control in Sorghum and corn for 1969 are made by Dr. Allen Wiese, Professor of Agronomy, USDA Research Cen-

ter, Bushland, Texas. SORGHUM Pre-emergence Herbicides: (1) Propazine is formulated as MILOGARD (PROPazine 80W), and 80% wet-

table powder formulation. For season-long control of both grass and broadleaf weeds, use 1, 1-1/2, and 2 lb/A active ingredient on fine sandy loam, loam and silty clay loam, respectively. (Equal to 1 1/4, 1 3/4 and 2 1/2 lb/A of Milogard). If carelessweed or pigweed are the only weeds present, application rates for fine sandy loam, loam and silty clay loam should be 3/5, 4/5, and 1 lb/A of Milogard. Goatheads and devils claw will not be controlled with these low

LONG ON PROFIT

G-4333 is a short season high-yielding, strongstanding, single cross which established top yield records in 1968. 185 bushels per acre was chalked up at Tulia. G-4333 is very attractive with uniform stalk and ear height. It responds to higher plant population and narrow rows where fertility and water make top yields possible and does unusually well under average conditions. G-4333 has outyielded competitors in this early maturing category. Be sure to plant G-4333 in 1969.

G-4697 is a medium maturity high-yielding, strong-standing hybrid producing grain of excellent quality. Yields of 179.5, 175, 154, and 143 bushels per acre have been recorded in 1968 in Castro county. G-4697 produces uniform wide leaves and girthy ears. Excellent threshability is reported. Plant early for highest yields and superior standability.

G-711AA is unequalled for silage. G-71AA converts abundant fertility into tremendous crops of silage. 30.05 tons was recorded at the halfway test. G-5757 grows a little shorter and has a slightly higher percentage of grain per ton. For this reason some growers prefer it.

No other wagons have such a capacity for enjoyment.

Show you what we mean.

Say you're in a Chevrolet Kingswood or Concours Walk-In Wagon, when suddenly the road becomes nothing but chuckholes and ruts.

Only you can't tell it's rough. You see, Chevy wagons float along on computer-selected coil springs that smooth even the meanest road.

Maybe you're a bit more serious about the great outdoors. So are we. That's why we offer the Chevy Sportvan and Suburban. To an outdoorsman, they're like clear skies and no mosquitoes.

So before you head out to see the U.S.A., better stop by your Chevrolet dealer's.

We're going to have some new neighbors. Since we moved into our present location last fall, we've been without next door neighbors, so we're glad to be making a change. It has been said that all progress is painful. The price we're paying for the anticipated pleasure of having congenial persons nearby has been the constant "bang," "Bang," "BANG," "BANG! BANG!" of hammers all day Monday and Tuesday.

Newspaper people are supposed to be so versatile they can learn to work and concentrate in spite of whatever difficulties may arise. Of course, we like to think we can do this, but, just in case we fail and errors show up, please be patient with us.

When Claborn Floral moves in and we get to see and smell the beautiful flowers, check on all the new patterns in pottery and are enjoying seeing all the gift items on display, we will probably forget all about the noise on March 31 and April 1.

One young mother of three pre-school age children has been trying real hard to be a "good mother" and to warn her children in all the areas where dangers may lurk. She hadn't even thought of being "over protective," until one afternoon last week.

She had let the children go into the yard to play and was keeping a watchful eye on them. When they started toward the trampoline, she went closer.

The three year old boy was delighted to see his mother and called to her, "Oh! Mother, just come out here and watch me do a "dangerous."

It seems that he must have reached the conclusion that anything he did was "dangerous," so wanted his mother to be his audience.

Latest reports from Billie Southward, who is a patient at M. D. Anderson Hospital, Houston, are that she is in satisfactory condition. Mail to her should be addressed to Room 314, M. D. Anderson Hospital, Houston, Texas 77025.

Next week is "Clean Up Week" in Friona. Let's all cooperate with local residents and merchants by doing something constructive. There's nothing which makes a town or community look better than a good cleaning.

Billy Perkins, who is serving with the United States Armed Forces, received a nice surprise as he was flying between the West Coast and Anchorage, Alaska recently on his way to an assignment in the Far East.

His name was called with a list of men who were being promoted. If there's anything Americans like better than promotions, it is probably more of them.

The Hummingbird, which is Friona's newest business establishment, plans to have its doors open Saturday. It is located at the corner of Woodland and Highway 60 West. All Frionans are being invited to visit the shop and take advantage of the opportunity to buy gifts for any occasion or for personal use. Consignors are also being invited to bring items for sale

Final Rites Conducted For Clarence A. Guinn

Funeral services for Clarence Allen Guinn, 78, were conducted from First Baptist Church at 2:30 p.m. Wednesday with Rev. Bill Foll, pastor, officiating. He was assisted by Rev. Johnny Tims, pastor of First Baptist Church, Lazbuddie.

Guinn, who was born in Dallas County May 9, 1891, moved to the Friona area in 1926 from Matador. He was a farmer until his retirement. He moved to Muleshoe five years ago and had been a patient at Muleshoe Nursing Home several months. He died there at 12:30 p.m. Monday.

Survivors, besides his wife, Myrtle, include three sons,

Allen and Pete, both of Muleshoe, and Jim of Friona; one daughter, Mrs. Margaret Holt of Durango, Colorado; three brothers, Walter and Richard, both of Matador and David of Golden City, Missouri.

Also ten grandchildren and seven great-grandchildren.

Honorary pallbearers were Elmer Euler, W.F. Cogdill, Joe Carroll, John Burrow, Charley Turner, C.W. Dixon, Claude Blackburn, L.R. Hand and D.G. Hand. Active pallbearers were Joe Shipman, Dean Blackburn, Elroy Wilson, Gilbert Boatman, Raymond Euler and Henry White.

Burial was in Friona Cemetery under direction of Claborn Funeral Home.

Services Held For Longtime Area Resident

Funeral services for John Malcolm Teague, Sr., 89, a longtime resident of West Texas, were held Monday in Plainview.

Teague passed away last Friday in Lubbock. Teague came to the Plains in 1890, settling in Floyd County, and worked on ranches in the Plainview area. He married Hettie McLaughlin in 1904. Mrs. Teague died in 1935.

Teague, who also had farming interests in New Mexico, retired from active farming in 1955.

Rev. Wesley Doak, pastor of the Altus, Oklahoma Methodist Church officiated at the funeral. Burial was in Plainview Cemetery.

Survivors include two daughters, two sons, eight grandchildren and 10 great-grandchildren.

Funeral Set For Patterson Kin

Funeral services for R. H. Fallis, 64, will be held at the Bell-Seale Funeral Chapel in Snyder Thursday at 2:20 p.m.

Fallis, a brother-in-law of O. T. Patterson of Friona, passed away at a Houston hospital on Tuesday.

Fallis married Eva Patterson on Nov. 19, 1927 at

Commerce. He had been a long-time resident of Commerce.

Survivors include his wife, sisters Mrs. Fred Hunter of Lubbock and Mrs. Stanley White of San Luis Obispo, Calif. and brothers Bill of Hurley, N.M., and Hyder of Cumby, in addition to Patterson.

Thursday or Friday. If you have any hand made item you would like to sale, contact Mrs. T. A. Kelley, Mrs. Tommy Tatum, Mrs. Ellis Tatum or Mrs. Tom Lewellen.

Let's all remember to vote in Saturday's election!

speaking with one voice for all our people. Until this end is accomplished in the area serviced by Water, Inc., we can kiss import water goodbye. However, I am confident that all people in the area who are sincere in purpose can speak with unity. The organization is big enough, and there is enough work to do, so that everyone can play an important role in the job to be done. As major objectives, I would like to see Water, Inc. work with the county water organizations in reaching more people, and in turn getting a better grass roots participation. One of the first jobs should be the promotion and passage of the 3.5 billion dollar bond constitutional amendment. After this is accomplished, work should begin on trying to pass a conformation election to create a Master Water Authority in the area. We would solicit the support of all concerned that we may speak with unity for the area.

Bill Clayton has been in the farm business in the Springlake area for many years and since 1963 has served in the Texas House of Representatives. He has served on a number of the leading House committees including the Water Committee which held numerous hearings across the state during the summer and fall and recommended important legislation concerning state water problems. He is the author of HJR 9, the constitutional amendment to implement the State Water Plan.

Dean Rea is the new associate director. He is presently employed as production manager and sales coordinator of Taylor Evans Seed Company. He has been Advisory Director and active in Water, Inc. since its organization.

The U.S. Department of Agriculture has developed new dairy drinks using cheese whey reports Gwendolyn Clyatt, Extension consumer marketing specialist. One beverage containing whey and cream is chocolate and fruit flavored. The second drink contains whey and soy flour with citrus flavoring.

On The Farm

(Continued from page 7)

Do not use propazine on fields with loamy sand or sandy soil because serious crop injury may result. Because propazine must be absorbed by weed roots to be effective, application must be made to the soil immediately after planting. Rain leaches it into the root zone. If rainfall occurs before chemical application, weeds germinate and grow through the propazine on the soil surface. Propazine will not control weed seed that germinate when sorghum is watered up with flood irrigation because weed roots are below the herbicide on the soil surface. Watering the crop up with sprinkler irrigation provides adequate movement of propazine into the soil to insure weed control.

Propazine persists in the soil for long periods. If more than 1 lb/A is applied, the only summer crops which can be grown the year following application are corn and sorghum. If 1 lb/A or less is applied, cotton can be grown the year after application. Winter wheat may be planted the second fall following application.

Propazine may be applied with 10 to 40 gallons of water per treated acre. Research results in 1967 and 1968, indicate that amount of water is not critical, provided that good coverage is obtained. When gallonage is lowered, adequate agitation is essential because the herbicide settles out in the spray tank easier when less water is used. A pump with a return capacity of 10 gallons per minute is satisfactory for agitation with a four-row rig. Aerial application of propazine has proven successful. A minimum of 1 gallon of water carrier for each pound of active ingredient is required.

(2) Norea is sold as HERBAN, and 80% wettable powder. This herbicide has a short period of persistence and should be used only as a pre-emergence band treatment for control of annual grass and broadleaf weeds. Rates of application for High Plains area are 1, 1.5 and 2 lb/A, respectively, on fine sandy loam, loam and silty clay loam soils. Do not use on loamy sand or sandy soil.

Norea is labeled for both cotton and sorghum, consequently, sorghum can be planted on norea-treated fields where cotton fails. Because of short persistence, any crop can be grown the year following norea application. The amount of carrier and type of application equipment are the same as for propazine.

(3) Propazine and Linuron. A mixture of these two herbicides each at 1/2 lb/A active ingredient will give good pigweed control on fine textured soil. One-fourth lb/A of each herbicide gave good pigweed control on Amarillo fine sandy loam soil. Annual grass control has not been as good with this mixture as with propazine alone. This mixture will not persist in the soil as long as propazine alone.

(4) Propazine and Norea. Use 1/2 lb/A of propazine and 1/2 to 1 lb/A of norea for pigweed control where minimum soil residual is desired.

NFO Officers Hold Meeting In Friona

Thursday, March 20, the officers and committeemen of the Parmer County National Farmers Organization met for breakfast at the Parmer House in Friona.

The group emphasizes that the NFO is not interested in collective buying or insurance. Its main interest lies in bargaining collectively for the products farmers produce in their respective localities. It was also stressed that the NFO does not advocate any violence.

Officers and committeemen for Parmer County include: Elvin Wilson, president; Don McDonald, vice-president; Bob Wilson, secretary-treasurer; JeDon Gallman, reporter.

Directors include Mose Glascock, Joe Cox, and Keith Brock. On the meat organizations committee are Dwan Menefee, Keith Menefee, Joe Tartar, Phillip Weatherly, and J.B. Barrett. On the grain committee are Neal Bradshaw, Preston Cargile, James Ensor, Travis Dyer, James Reeve, and Bob Riethmayer.

Sorghum forage must not be fed to livestock until 60 days after treatment. Only sorghum, corn or winter wheat should be planted the year following atrazine application.

CORN
(1) Atrazine. Atrazine may be used either pre or post-emergence on corn. After treatment, both grain and forage may be fed. For carelessweed control use 1 lb/A atrazine pre-emergence. If both grasses and broadleaf weeds are troublesome, use 2 pounds of atrazine per acre. Atrazine can be used post-emergence the same way as described for sorghum. Only corn, sorghum or winter wheat should be planted the year following atrazine application.

(2) Linuron is formulated as LOROX, a 50% wettable powder. It may be used as a pre-emergence banded spray, or as a directed post-emergence spray. Post-emergence sprays should be directed at the lower 2 inches of corn that is at least 15 inches tall. Application rate is 1 to 1 1/2 lb/A. Post-emergence treatments require that 1/2 lb/A surfactant be used in 20 to 40 gallons of water carrier per treated acre.

Any crop can be grown the year following linuron application.

All artists within a 60-mile radius of Muleshoe may enter. Three paintings may be entered by any one artist. A charge of \$3 for non-members and \$2 for members will be charged.

Work must be suitable for wall hanging and size not to exceed 36 inches by 50 inches including outside dimension of frame.

Entries must be original and done within the past two years. Class or supervised work is not eligible. April 12 from 9 a.m. to 12 noon

has been set as receiving date at the above address.

Entries not receiving prizes must be picked up after 5 p.m. Sunday, April 13. Those receiving awards will be hung two weeks in Muleshoe.

Awards will be presented at 3 p.m. April 13. Cash and merchandise totaling \$378 will be awarded as well as several citations and honorable mentions.

Bob Dunaway, assistant professor of art and chairman of the art department at Wayland Baptist College, Plainview, will be the juror for the show.

Ripe olives are packed in modern and sanitary canneries, insuring their wholesomeness and absolute purity.

Local Student Is Contestant

Janis Goggans, daughter of Mr. and Mrs. Grover Goggans, 1202 Maple, was one of the finalists in competition for a Goddess of Greek Week at Eastern New Mexico University, Portales, last week.

Miss Goggans, who is a 1966 graduate of Friona High School, is a junior at Eastern.

She was sponsored by Kappa Delta. Activities of Greek Week were concluded with a special church service at First United Methodist Church Portales, Sunday.

Children do not "naturally" develop responsibility, according to Extension Family Life Specialist Jennie Kitching. For the most part, children adopt the sense of responsibility which their parents show and encourage.

Daughter Born To R. Stewarts

Mr. and Mrs. Robert A. Stewart of Canyon became parents of a baby girl at 5:20 p.m., Saturday, March 22. She was named Donna Lou and weighed 5 lbs. 1 oz. She is the first child for the couple.

Grandparents are Mr. and Mrs. Allen Stewart, Friona, and Rev. and Mrs. Richard A. Mobley, Tucson, Arizona.

Mr. and Mrs. W.E. Smith, Fort Worth, former Friona residents; C.H. Stewart, Lone Star, Texas; Mr. W.L. Sparks, Canon City, Colorado; and Mrs. Della Mobley, Pueblo, Colorado, are the great-grandparents.

ON HONOR ROLL . . . Terri Sue Cummings, 1968 graduate of Friona High School and a freshman at Texas Tech, Lubbock, was listed on the Dean's Honor Roll for the first semester. To be listed a student must achieve a grade point average of more than 3.0. Miss Cummings, daughter of Mr. and Mrs. Doyle Cummings, is an elementary education major.

HOME ON LEAVE . . . Sgt. Scott Cummings, who is serving in the United States Army, is currently stationed at Phu Bai, Vietnam. He arrived home early Sunday morning for a thirty day leave. He will report back to Phu Bai at the end of April and expects to be discharged early in December. He is the son of Mr. and Mrs. Doyle Cummings and is a 1966 graduate of Friona High School. He attended Lubbock Christian College and Temple Junior College before enlisting in the Armed Forces.

Frionans Attend

Five Frionans attended the regular monthly meeting of the Delta Xi chapter of Delta Kappa Gamma at the Hart High School cafeteria at 2:30 p.m. Tuesday.

The business session was conducted by Alice Cowan, Dimmitt, president. Several committee reports were presented.

Group singing, directed by Leta Kaul, opened the program. Marie Ratcliff and Sue Painter presented "Constitution Quickie." Margaret Rambo, Dimmitt, presented her fifth and sixth grade student chorus. They sang several selections.

"An Ideal Member of Delta Xi" was given by Helen Richardson, Dimmitt. Hazel Merritt, also of Dimmitt, presented, "An Ideal Citizen."

Following adjournment refreshments were served by the Hart members, who were hostesses. The Easter theme was carried out in decorations.

Daughter Born To Boeckmans

Mr. and Mrs. Joe Boeckman became parents of a baby girl at 12:05 a.m. Monday, March 31, at Parmer County Community Hospital and weighed 7 lbs. 9 ozs.

The Boeckmans have two sons, Randy and Tim. Grandparents are Mrs. Pat Fallwell, Friona, and J.S. Boeckman, O'Keene, Oklahoma.

Style Show Highlights Study Club Meeting

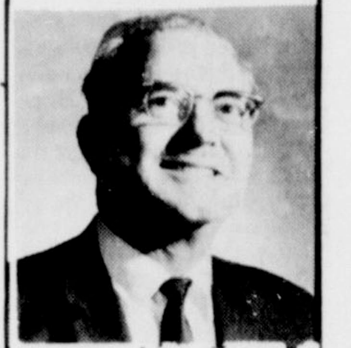

Highlight of the Tuesday evening meeting of Progressive Study Club at Federated Club House was a style show. The theme was "I Made It Myself." Club members who modeled suits or dresses which they had made were Mrs. Ray Dean Fleming, Mrs. Don Reeve, Mrs. Robert Alexander, Mrs. Clarence Monroe, Mrs. M.C. Osborn, Mrs. Robbie Osborn, Mrs. Glenn Phillips and Mrs. John Fred White.

Guests on the program were Martha Knight and Betty Taylor of Friona and Jim Reiskne of Amarillo. Fashions in hair styles were presented by this trio. Mrs. Lee Spring, modeled clothing which she had taken from the rummage sale stock of Parmer County Community Hospital Auxiliary.

Superintendent Alton Farr explained the proposed legislation for schools in Texas. Roll call was answered with favorite fashion fads. Mrs. Wesley Barnett presented the meditation. A teenage dance exhibition was presented by Misses Renner, Pam Hartwick and Shirley Johnson.

Refreshments of fruit punch and rice ambrosia pie were served by the hostesses, Mrs. M.C. Osborn and Mrs. Robbie Osborn, to those on the program, members present and the following guests: Mesdames Homer Lindeman, Dale Widner, Robert Neelley, Walter Cunningham, Gary Batte, Jon Mack Roden, Dale Williams, Marion Fite and Larry Dyess.

MRS. BILLY BURTON

Le'Ann Pruitt Weds W. G. Burton Jr.

Carma Le'Ann Pruitt, daughter of Mr. and Mrs. Herschel L. Pruitt, 4922 17th Place, Lubbock, and William Garrett Burton Jr., son of Rev. and Mrs. William G. Burton, 4204 65th Street, Lubbock, exchanged wedding vows at Central Baptist Church there at 8:00 p.m., Saturday, March 29.

The groom's father was the officiant for the double ring ceremony, which was read before a huge Spanish fan flanked by candelabra holding white tapers.

Signe Scoggin, San Antonio, was her cousin's maid of honor. Marilyn McClendon, Lubbock, was the bridesmaid. Bridesmaids were Mrs. Richard Phillips, Portsmouth, New Hampshire, and Mrs. Richard Freeman, Hyattsville, Maryland, both cousins of the bride.

Airman Jerry Stephens, Friona and Wichita Falls, was the best man. Groomsmen were Jim Bob Jones, Friona, Mac Hancock III, Muleshoe; and Rod Pruitt, Lubbock. Jack Thompson, Dallas, Dwayne Harris, Colorado City, Ken Hamilton, Lubbock, and Jim Towns, Carbondale, Illinois, were ushers.

Suzahn Inman, daughter of Mr. and Mrs. Marlon Inman, Clovis, New Mexico, was the flower girl. She carried the same basket the bride carried in the Inman wedding 12 years ago.

Feminine attendants wore matching floor length gowns of mint green oman designed with stand up collars, elbow length sleeves and cummerbunds with flat bows encircling the empire waistlines. The skirts were softly gathered. Their chapel length headpieces were made of avocado ribbon.

Each attendant carried a bouquet of feathered carnations tinted mint green backed with a white Spanish fan and avocado streamers.

Mrs. James Anderson, organist, presented traditional wedding selections and accompanied Joe Taylor, soloist.

As the bride was escorted to the altar and presented in marriage by her father, she wore a formal wedding gown of hand clipped Chantilly lace veiled over bridal taffeta. The Spanish gown featured Vanen-

ciennes ruffled lace encircling the stand up collar and cuffs of full sheer lace sleeves. The slim skirted gown also featured a bias band encircling the high rise waistline. Tiny covered buttons outlined the shoulders of the fitted bodice. Seed pearls and tear drop pearls edged the waist and the hemline of the gown.

Matching Chantilly lace was fashioned into a chapel length mantilla attached to a Spanish comb to form the bridal veil. She carried a bouquet of stephanotis and gardenias backed by a white Spanish fan.

A reception was held in Fellowship Hall of the church immediately following the ceremony. Those in the houseparty were Pat and Debbie Burton, sisters of the bridegroom, Mrs. C. E. Thompson, Mrs. Tom Linquist, Janoma Scarborough, all of Lubbock; Mrs. Jerry Stephens, Wichita Falls; Mrs. William H. Scoggin, San Antonio; and Debbie Hancock, Muleshoe.

Mrs. Burton is a graduate of Coronado High School and is a sophomore Spanish major at Texas Tech. She is a member of Town Girls and The International Club. She is employed by American Optical.

Burton is a graduate of Friona High School, where he was a member of National Honor Society. He is a sophomore accounting major at Tech and is self employed.

Following a wedding trip to Ruidoso, New Mexico, Mr. and Mrs. Burton will be at home at 4702 19th, Lubbock.

MRS. GARY SNEAD

Kay Surber, Gary Snead Exchange Vows In Hawaii

Wedding vows were exchanged between Kay Surber and Lt. Gary Glyn Snead in a double ring ceremony at the chapel of Fort DeRussy, Honolulu, Hawaii, Saturday, March 22. The officiating clergyman was Major Wesley V. Geary, chaplain.

Parents of the couple are Mr. and Mrs. Weldon Lee Surber, 1705 Paseo de Vaca, San Angelo, and Mr. and Mrs. R. E. Snead, 1307 West Sixth

Street, Friona.

As the bride was presented in marriage by her brother, Lt. Col. James W. Surber, she wore a white linen dress with matching jacket and a mantilla veil. The flowers followed a Hawaiian tradition. During the ceremony the groom placed a pikaki lei, tied with a white orchid around the bride's neck. She, in turn, placed a lei of green mall leaves around the groom's

Friona Woman's Club Has Easter Program

Fifteen members of Friona Woman's Club were present for the Wednesday afternoon meeting at Federated Club House. Roll call was answered with an Easter poem or quo-

tation. Following reports from several committees, plans were made for the Caprock District meeting, which was held in Plainview Monday and Tuesday. The business meeting was presided over by Mrs. E.S. White.

Coffee Honors Mrs. Zachary

A coffee in the home of Mrs. Bill Wooley, 1402 West Sixth Street from 9:30 to 10:30 a.m. Tuesday was a courtesy for Mrs. Gene Zachary. During calling hours refreshments of tea, coffee and doughnuts were served. The serving table was covered with a white cloth and centered with an arrangement of yellow jonquils. The guest of honor and her mother-in-law, Mrs. Arthur Stokes, were presented yellow corsages.

Hostesses were Mesdames Wooley, Mayo Phipps, Hank Outland, Joe Boeckman, Pat Fallwell and Pearl McLean.

Mrs. O.T. Patterson was program chairman. A reading was presented by Mrs. Lillian McLellan. Mrs. W.O. Brown presented the devotional, "Facing The Cross," was presented by Mrs. Charles Russell.

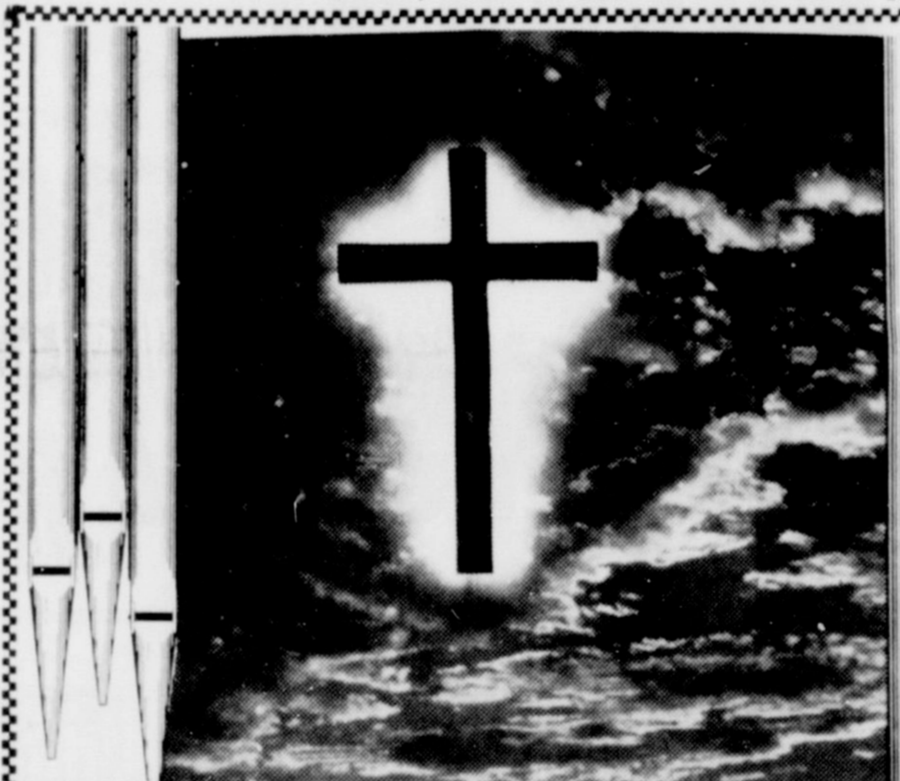

A duet composed by Mrs. Charles Russell and Mrs. E. S. White sang "The Old Rugged Cross," "Must Jesus Bear The Cross Alone," and "Jesus Paid It All." They were accompanied by Mrs. O.T. Patterson at the piano.

The Easter theme was carried out in decorations and refreshments. The serving table was covered with a white linen cloth and centered with an arrangement of spring flowers. Tea, coffee and cookies were served.

Members Make Trail Ride

Fifteen members of Friona Riding Club made a trail ride on the Seams Ranch west of town Sunday afternoon. An all day ride with the Clovis Riding Club had been cancelled.

Those making the ride were Mr. and Mrs. C.L. Lillard and Scott; Mr. and Mrs. Robert Zetsche, Bobby and Robbin; Mr. and Mrs. Charles Bass; Estis Bass; Howard Love; and Mr. and Mrs. Doug Stephenson, Holly and Iris.

Hymn of the Skies

David lived almost thirty centuries ago. He knew nothing of outer space . . . of galaxies hurtling through the void . . . of particles of energy and matter spinning their way from a one-time explosion toward the edges of the universe.

He knew only the skies of his native land . . . their lights and shadows and ever-changing drifts of cloud.

But he knew, as millions before and since, that these skies were no accident. They told him of the Mind and Heart that rules the domain of life. They told him we are not alone.

"The heavens declare the glory of God," he wrote in the 19th Psalm, "The firmament showeth his handiwork."

Through those same skies rode the star that drew men to the scene of our Savior's birth. Against those skies is always silhouetted the Cross on which He died for us.

Under those skies we'll worship together the Risen Lord.
