# FOOD ADMINISTRATOR CURLEE DISCUSSES WORK OF COMMITTEE IN CONNECTION WITH RESIGNATION

W. E. Curlee, whose resignation as county food administrator was announced in the Times several days ago, has issued a final statement to the citizens of Wichita Falls regarding the work done in this city by the federal fair price committee. As the statement carries its own message, no comment is necessary here. It follows in full:

**To the Public:**

"I have given careful consideration, so far as possible, regarding local conditions to determining fair prices for certain commodities sold by local merchants, without giving my entire time and employing assistants to check up invoices and expense accounts, and in view of my decision to resign as county chairman, I beg to submit to the public my conclusion regarding same.

"It is impossible to place a fair price on certain commodities for the reason that it depends entirely on the price paid, and the price paid depends on the rate of purchase, as the retailer has had to buy on an increasing market price. Local prices cannot, in fairness to local merchants, be compared to prices in different localities. There has been a great demand in Wichita Falls for all grades of merchandise by reason of increased population during the past 12 months. Goods purchased at a low figure, compared to present prices, have been sold and merchants have been forced to replace them at an increased price, necessitating an increase in retail prices. In many places where there has not been such an influx of population goods were slow to turn and consequently lower prices were maintained at a price probably as high as the price at which they were selling to the retail trade.

"I believe, however, that in some instances undue profits were made by local merchants, but these have been few, and when such cases are made, reports should be made to the federal authorities. No doubt such cases will be investigated by the federal grand jury in its next session, and local merchants and others should keep this in mind, as I believe the federal grand jury will fully probe local conditions to determine whether or not unreasonable and unfair profits are made by local individuals and concerns.

"It is my opinion that no merchant should charge a gross profit exceeding 25-30 per cent on shoes and clothing, and where there is an overcharge, such instances should be reported. However, even on this basis no material reduction is probable, for there is an apparent reason for high prices in the first place, manufacturers have not yet been able to recover from the great shortage of wool and leather brought about by the action of the government two years ago in appropriating so much of these commodities for the use of the army. And in the second place labor costs are continually going upward. Furthermore, the abolition of work in the manufacturing tail or shops of the east, with the reduction of the working hours to 44 hours per week has very materially curtailed production.

"Reports received show that within the past 18 months the workmen in

the clothing manufacturing establishments have had their pay increased from 40 to 50 per cent and our merchants report that they are receiving only between 10 and 15 per cent of the merchandise they have ordered. There does not seem to be any relief of the shortage of merchandise in sight, and prices for spring delivery are higher for similar merchandise being sold this fall and winter.

"The overcharge by local merchants of the things classed as non-essentials, forcing local people to make their purchases out of town, should be investigated by the chamber of commerce. The enforcement for essentials will be taken care of by the proper authorities. Local merchants should give it a careful consideration in order to retain the trade that rightfully belongs to them, and on all simple goods, no effort should be spared to meet the prices made by other merchants outside Wichita Falls. A bureau organized by the local merchants association for the purpose of giving to the public the facts regarding reports of higher prices here than elsewhere would be of service to the merchants and public in general.

"The regulation of prices is not going to lower the cost materially, because of the shortage of supplies. This shortage is caused by loss of man-power and the restriction of material by millions of men for four long years; men and materials cannot be replaced over night. During the past 18 months

there has been a tendency to produce like and demand higher scales of wages—a condition brought about by a standard rise in prices, which will be changed until our warehouses are filled by determined effort on the part of unions and organized labor to produce an amount equal to that for which they are being paid. The chasm between capital and labor must be bridged, while the laborer is worthy of his hire, labor must not forget its obligations to the public. An increased production is necessary and a more careful buying on the part of the public is advisable.

"The tax demand by the government is a burden on the industry of the country, making it impossible for profits to be returned to the particular business for enlargement in order to increase production. Taxes should be reasonable during the reconstruction period with the regard, of course, for our way of life, but it should not stifle the industry and commerce of the country at a time when an all-around program for essentials will be taken care of by the proper authorities. Local merchants should give it a careful consideration in order to retain the trade that rightfully belongs to them, and on all simple goods, no effort should be spared to meet the prices made by other merchants outside Wichita Falls. A bureau organized by the local merchants association for the purpose of giving to the public the facts regarding reports of higher prices here than elsewhere would be of service to the merchants and public in general.

"The regulation of prices is not going to lower the cost materially, because of the shortage of supplies. This shortage is caused by loss of man-power and the restriction of material by millions of men for four long years; men and materials cannot be replaced over night. During the past 18 months

### SEX HYGIENE SUBJECT OF LECTURE DELIVERED BY DOCTOR BARKER

Emphasizing the fact that the phenomenal growth of a city, with the accompanying agglomeration of citizens in business affairs, brings a "strong mental and moral peril to children," Dr. Charles H. Barker delivered a plain, straight-from-the-shoulder lecture on sex hygiene Thursday night at the First Methodist Church South, Dr. Barker, who was formerly physician to President Taft and who is in this city under the auspices of the International Association of Rotary Clubs, spoke to several hundred youths and business men who, apparently, were deeply impressed by the earnestness of his advice.

The lecture varied from the ordinary in that Dr. Barker, instead of speaking directly to his hearers, addressed an imaginary son at various ages in the company's development. A clear, frank explanation of how children are brought into the world, a description of the physical changes through which the body passes and an earnest warning against immorality, and the dangers of venereal diseases, marked the progress of the lecture.

Dr. Barker, but engagements in many other Texas cities and also a booked to lecture throughout California in 1920. It is hoped to persuade him to spend an entire week in this city next year, however, and to continue his work under Rotary auspices.

CHARGE DISORDERLY HOUSES OPERATED IN RESIDENCE SECTIONS

COMPLAINT IS MADE BY COMMITTEE OF CITIZENS ON FRIDAY.

INVESTIGATION IS ORDERED

Allege That Lenency Shown is Responsible For Conditions Obtaining in the City.

Charges that disorderly houses are being operated in the residential sections of Wichita Falls were made by a committee of citizens who called upon the county attorney Friday. It is alleged that several places known to be vice resorts are now in operation and officials were urged to take drastic steps in fighting the alleged increase of vice and crime in this city.

Assistant County Attorney John M. Martin immediately ordered a complete investigation of alleged vice aggregation on Seventh street and ordered the arrest of women occupying places known to be of disorderly character. A force of county officers were sent to the district and numerous arrests are expected to be made.

Investigations conducted by the sheriff's department discloses that scores of underworld characters are present in the oil field camps and regardless of the fact that numerous raids are being conducted, the number of scoundrel women in Newtown and Burk Burnett is on the increase.

Bootlegging is also on the increase in the oil regions officials declare regardless of the fact that both city, state and federal officials are on the constant lookout for alleged illicit liquor traffickers. Full scores of persons charged with the illicit handling of liquor are now either in jail or on bond awaiting trial.

COMMITTEE WILL GO TO WASHINGTON ON JANUARY 15TH

Frank Kell, B. F. Johnson, Judge Edgar Scurry and Hubert M. Harrison, secretary of the Chamber of Commerce, have been named as a committee to go to Washington Jan. 15 and present the claims of Wichita Falls for a \$1,000,000 federal building.

Martin So Weak Could Hardly Stand Up

"I simply cannot find words to express my appreciation for the benefits I have received from Orgatone," said G. A. Martin, Fort Worth, Tex., in relating his experience with this treatment to the Orgatone representative, a few days ago. Mr. Martin is one of the best known carpenters and builders in that section.

TEXT OF PRESIDENT'S MESSAGE TO THE JACKSON DAY BANQUET

WASHINGTON, Jan. 9.—President Wilson in his message to the Jackson day dinner last night said "the clear and single way" to determine the will of the American people on the league of nations was to make it an issue at the next election.

Without changes which alter its meaning, or leave it and then, after the rest of the world has signed it, we must face the unthinkable task of making another and separate kind of treaty with Germany. But no more assertions with regard to the wish and opinion of the country are credited. If there is any doubt as to what the people of the country think on this vital matter, the clear and single way is to submit it for determination at the next election to the voters of the nation, to give the next election an expression of his argument of why he considered it the duty of the United States to join in the league of nations covenant and why he considered the war not really won until it did.

NEGLECTING THAT COLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it

It's natural you don't want to be careless and let that cold or cough drag on or that new attack develop suddenly. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Constipated? Here's Relief

Not that often harmful, always violent and temporary help that comes from harsh purgatives, but the comfortable, gratifying, corrective regulation of sublimated bowels so pronounced in Dr. King's New Life Pills.

Wonderful vigor of the founder of Dr. Caldwell's Syrup Pepsin. Millions now use his famous prescription

DR. W. B. CALDWELL OF Monticello, Illinois, was and is a family doctor. The whole human body, not any small part of it, was his practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it, for Dr. Caldwell's Syrup Pepsin is selling at the rate of over 6 million bottles a year. Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Syrup Pepsin, and the formulator of that prescription is fortunately living to see its wonderful success.

Joe L. Mayfield and W. N. Maer to J. W. Stone, Jerome S. Stone, 102 1/2 feet at Eleventh and Indiana, \$26,000.

### McADOO AND PARTY LEAVE FOR NEW YORK

Although no definite action has been taken on either side, it is understood that deals are still pending between William G. McAdoo, S. R. Bertron and their New York associates, and some local operators for whose properties the New Yorkers were negotiating with the intention of making them a nucleus for the organization of a large oil company, the headquarters of which were to be located in Wichita Falls.

The McAdoo party left last night for New York, and further developments in this direction are not looked for until they have conferred further with their New York associates.

While here Mr. McAdoo was a guest at the home of G. Clint Wood, and made his business headquarters in the private office of W. F. Weeks.

W. G. McAdoo Jr. and R. H. McAdoo, sons of Mr. McAdoo, remain in Wichita Falls and will probably become connected with local oil interests.

### CENSUS ENUMERATOR IS ATTACKED BY THREE MEN

Harry Reid, one of the 15 federal census enumerators for this city, has received permission to carry a revolver and has been named by Deputy Police Commissioner Goodfellow as a

### city officer during the period of his work here.

Reid, Commissioner Goodfellow stated today, was attacked by three men last Monday when he was combining the southeastern factory district of the city and severely, though not dangerously, hurt. Robbery apparently was not the motive, as the men fled after beating Reid over the head with a gun and knocking him down. The census enumerator, whose chief injury consisted of a deep scalp wound, was able to return to work today.

Local officers of the census bureau declared this morning that many persons have refused to give the information required in the census report, and added that the aid of the department of justice will be invoked, if necessary, to compel obedience to the federal law. Apparently a great many individuals have the erroneous impression that the census tabulation is merely a report being sought by the local Chamber of Commerce; this impression spreading from the publicity given to the chamber's efforts to assist the census bureau here.

### KING CASE SCHEDULED FOR TRIAL NEXT WEEK.

The case of H. H. King, former Wichita Falls oilman charged with accepting a bribe, will be tried in the 30th district court early next week. King's trial was set for Thursday of the present week but was postponed due to delay in the disposition of earlier cases.

### W. D. CLINE TO ATTEND IMPERIAL SHRINE COUNCIL

W. D. Cline, who was recently elected potentate of Market Temple, organized by the Wichita Shrine club, will leave this city within a few weeks for Portland, Ore., where the 1926 meeting of the Imperial Shrine Council will be held next June. Cline, who will be accompanied by another member of the club not yet named, will make preliminary arrangements to accommodate the Wichita county delegation that will seek permission from the council for the formal establishment of the temple in Wichita Falls.

The traffic department of the Chamber of Commerce is assisting the Shrine club in arranging for a special train for the delegation, as it is expected more than 300 Shriners and members of their families will go to Portland. All Shriners in the county who expect to make the trip are urged to communicate with E. M. Belcher, secretary of the club, at 816 Eighth street, and complete plans for reservations. Added interest and enjoyment to the journey will be given by stopovers in Denver and in either Yellowstone or Glacier National parks.

### Marriage Licenses

R. C. Ivy and Miss Frankie Tackett, D. E. Edwards and Miss Beth Richardson.

Areas of swamp land greater than the states of Rhode Island and Connecticut have been reclaimed in Florida by draining.

### FOOD PROFITEERING TO BE SUBJECT OF INQUIRY

Alleged food profiteering by Wichita Falls merchants is due for a complete probing when the federal grand jury convenes here in March. It was announced at the courthouse Friday. The cases of two local merchants now on bail on charges of profiteering in sugar will come before the federal grand jury together with perhaps other cases which will be investigated, although no complaint has been filed before the federal commissioner here.

It is understood that a series of investigations of alleged exorbitant prices charged by local merchants for food necessities are being secretly carried out by special agents of the department of justice with a view of presenting the evidence of violations of the Lever act when the grand jury convenes here in the spring. Alleged profiteering in sugar, meat, bread and other food essentials is being conducted, it is understood.

### SPECIAL SERVICE BY THE JEWISH CONGREGATION

Special services will be held by the Temple Israel congregation by Rabbi Goldberg at the Southern Presbyterian church corner of Eleventh and Bluff Friday night at 8:00 o'clock. It was announced Thursday.

### LINE OF VESSELS TO MAKE NEW OIL DOCK.

GALVESTON, TEX.—Since completion of a new oil dock at Texas City, a regular line of vessels is to be routed to that port to carry crude oil to both Atlantic and foreign ports, it is announced. Three or four vessels probably will comprise the fleet.

THE GAS SITUATION

No matter what the outcome of the inquiry into the excessive gas bills sent out by the North Texas Gas company, it is certain that there will be no relief from the gas shortage and the sooner the patrons of the gas company accept this fact the less they are likely to suffer.

It appears that the Lone Star Gas company has used very poor judgment—if this is the least complaint that can be made against it—in attempting to extend its lines to a great number of towns and cities in North Texas when it could not furnish sufficient gas to those it was already supplying.

For the past several winters there has not been enough gas for Wichita Falls, Fort Worth and Dallas, to say nothing of other cities yet the Lone Star Gas company has continued to extend its lines into new territory.

When the problems that confront this country demand the concentrated attention of the body of our citizens, time should not be given to futile opposition to woman suffrage, which has already been accepted by practically every civilized country in the world.

The Bryan League of New York, we note, has swung to Mr. Gerard. The Bryan League, seemingly under Tammany influence, seems more animated by antagonism to Mr. McAdoo than by friendship for either Mr. Bryan or now Mr. Gerard.

"DOESN'T HE LOOK NATURAL?"

Editor Fitzgerald of the Fort Worth Record has lost none of his ability to use the editorial scalpel with grace and effectiveness. He gives an instance of it in his artistic operation on a Waco citizen, thus: Former Congressman R. L. Henry, in a published statement, refers to the state Democratic committee resolutions as "vicious."

Financial powers are trying hard to head off untoward financial developments caused by pure speculation. Raising of the Federal Reserve discount rate in December was merely a hint to the wise to get from under; and now Mr. Harding's urgent recommendation to member banks that they "discourage loans for unessential purposes."

After reasonably close reading of Senator Harding's speech in New York, we defy any man to tell where the Ohio senator and Republican presidential possibility stands on the peace treaty or the League of Nations.

Yesterday afternoon I was looking over the dictionary just for something to do, and I rote down a lot of words I never heard of before, thinking, I know what'll use them on pop tonight and show him how my education is improving.

Yes, what? What kind? sed pop. Equivalent, I sed. O well, if you say so, sed pop. And I quick looked at my list of words again, saying, I got 2 holes in my new stockings already, pop, they certainly are jumping stockings.

Have you the faintest idea of what you've been talking about for the last 5 minutes? sed pop, and I sed, No sir, and pop sed, Have you bin swallowing the dictionary? and I sed, No sir, just copying parts of it.

M'ADOO CHARACTERIZES WORK OF REPUBLICAN CONGRESS AS "RECORD OF DISMAL FAILURE"

WASHINGTON, Jan. 9.—In a telegram from Wichita Falls, Texas, read last night at the Jackson Day banquet, William M. McAdoo, assailed the work of the Republican congress as a "sorry record of dismal failure," and declared the success of Democracy in the presidential election this year was inevitable if leadership was wise, vision undistorted and sympathy with the masses preserved.

### PLAN IMMEDIATE ACTION IN SELECTING Y. W. C. A. SITES

COMMITTEE IS APPOINTED AT MEETING OF BOARD HELD THURSDAY.

#### MONTHLY REPORTS ARE MADE

Mrs. W. W. Silk is Hostess at Luncheon Served Prior to Business Meeting.

Immediate action on selection of a site for the Y. W. C. A. residence and the administration building will be taken by the committee appointed at the January meeting of the executive board, held Thursday afternoon at the Charlotte Kemp hall, acting with the men's committee, appointed before the campaign in December. Mrs. J. A. Richolt is chairman of this committee and Mrs. J. A. Kemp and T. T. Reese are the other members. A meeting of the men and women's committees will be called early next week. It is understood, so that selection of a building site can be expedited and plans go forward for the construction of the two Y. W. C. A. buildings.

**Reports Are Made.**  
This was the most important business of the meeting held Thursday. The usual monthly reports were given, including a report from Mrs. C. J. Coyne, director of the Charlotte Kemp Hall, which showed an expenditure of \$4,000 for repairs remodeling the hall, and for the furnishing. The various committees and departments made their reports as usual.

The business meeting followed a delightful luncheon, at which Mrs. W. W. Silk, the president of the board, was hostess. The Blue Triangle, emblem of the association, furnished the decorative motif for the luncheon table, and the place cards were triangles. The table was centered by a large basket of flowers.

**Discuss the Work.**  
Three Y. W. C. A. workers, Miss Helen Beavers of the St. Paul association, Mrs. Crozier, the new night travelers aid at the Union station, and Mrs. Davidson, the day travelers aid, were the luncheon speakers. Miss Beavers told of her work. Mrs. Crozier gave her first impressions of Wichita Falls and Mrs. Davidson's contribution was human interest stories, gleaned from her daily work.

The luncheon menu was especially tempting, being arranged by Mrs. Coyne. Misses Beavers and Albin were guests, the board and staff members present, including: Misses Herr, Davidson, Jackson and Richolt; Messdames W. W. Silk, C. W. Snider, J. A. Richolt, C. W. Beavers, J. W. Culbertson, P. P. Langford, G. C. Wood, H. B. Patterson, Charles Pogonich, E. W. Nicholson, T. T. Reese, C. R. Hartsock and C. J. Coyne.

**Mushrooms for Everybody.**  
Throughout Wales there has been a unusual mushroom season and in some places they have been on sale as low as 5 cents per pound.

### DECLARES ORGANIZED CAPITAL GREATER MENACE THAN IS LABOR; SCORES STEEL CORPORATION

#### PREPARATIONS TO HANDLE CONVENTION ALREADY UNDER WAY

SAN FRANCISCO, Jan. 9.—Preparations to handle the great crowds here at the time of the democratic national convention in June were made today by hotel men, railroad lines and telegraph services.

Hundreds of telegraphic reservations poured into the downtown hotels yesterday shortly after the news was flashed that this city has been chosen for the nominating convention to begin June 28.

Although immensely increased telegraphic service will be demanded by newspapers, delegates and others in connection with the convention activities, officials of both telegraph companies felt assured today that there would be no more congestion. They pointed out that San Francisco is the wire center of the Pacific coast and that the increased facilities established will adequately handle the rush.

Railroad officials were equally optimistic. No congestion of traffic is feared, they said.

#### NATIONAL LEAGUE IS TO MEET IN CHICAGO

CINCINNATI, O., Jan. 9.—The first national league meeting held away from New York for years will take place at Chicago Feb. 10, the day before the magnates of the National and American leagues will get together in a joint session to act on many matters, including the selection of a successor to Gary Herrmann as chairman of the national commission.

John Heider, president of the National league, decided on the Chicago meeting after he had agreed with President Johnson to hold the joint meeting in the Windy city. The American league also will meet in Chicago Feb. 10, Johnson said. Johnson also expects to call a special meeting of his league previous to this date. Johnson and Heider will draw up the 1920 playing schedules of the two leagues while hunting bear on the ranch of Judge Abrams near Tulsa, La., in the next two weeks.

Herrmann said today he is through as chairman of the commission and did not think he would return to office except should those who oppose him, failing to find a suitable man for the place, withdraw their opposition, and ask him to continue as baseball's chief justice.

OKLAHOMA CITY, OKLA., Jan. 9.—Denouncing organized capital as a greater menace than organized labor, C. B. Ames, assistant attorney general of the United States, said in his opinion officers of the steel workers' unions are better citizens than Elbert H. Gary.

The first assistant to Attorney General A. Mitchell Palmer, in personal charge of the government's legal defeat of the striking coal miners and to whom the steel trust prosecutions have been entrusted, asserted that in his opinion the United States Steel corporation is the father of all of the country's economic ills.

"While we as common citizens were working our best to win the war, while our sons were in France, the United Steel Corporation made \$1,300,000,000 net profit. Is it any wonder the poor devil who work 12 hours a day, seven days a week, thought they were not getting their fair share of the plunder?" Ames asked.

Judge Ames asserted the government must use a strong hand on both capital and labor for the interests of the majority. He said he was a friend to organized labor. He believed organized labor had done the country a great service and organized labor was the logical result of organized capital.

In discussing profiteering and the high cost of living, Judge Ames said every citizen has a duty. "You should constitute yourself a committee of one and say, 'You shall not rob me, you damn profiteer.'"

**Shell Predicts the Weather.**  
A curious barometer is said to be used by the merchant of the Araucanian race which inhabits the southernmost province of Chile. It consists of the cast-off shell of a crab. The shell is white in fair, dry weather, but the approach of a moist atmosphere is indicated by the appearance of small red spots. As the moisture in the air increases the shell becomes entirely red, and remains so throughout the rainy season.

#### MR. W. S. SHARP'S TROUBLES OVER

After Suffering With Indigestion for 14 Years, Granger Liver Regulator Relieves Him

"Your medicine is fine, when I first bought a box of Granger Liver Regulator I was taking medicine from my doctor which did me very little good. I suffered terribly with indigestion and nothing seemed to do me much good. After taking Granger Liver Regulator I am now in better health than I have been in about 14 years and weigh more than I ever did. My wife was also in a very run-down state of health, being unable to sleep or eat. She had been taking medicine which did her so much good that her health is better than it has been in a long time. She can now sleep well, and eats anything that she wants. The above enthusiastic testimonial is from Mr. W. S. Sharp, of Bytheville, S. C. Granger Liver Regulator has been obtained from any druggist for 25c.

### GIVE PERMISSION TO MOVE MATERIAL FRUIT JAR FACTORY

ACTION OF RAILROADS WILL ENABLE PLANT TO CONTINUE OPERATION.

#### TRAFFIC BOARD IS PRAISED

Letter of Appreciation is Sent by T. B. Smock, Local Manager for the Factory.

Permission for the unrestricted movement of sufficient materials for the operation of the Ball Brothers Glass Factory have been secured from the railroads operating into Wichita Falls, obviating the threatened necessity for the closing of the local plant and the diversion of the business to the company's Muncie, Indiana, plant, according to an announcement by T. B. Smock, local manager of the plant.

Appreciation of the efforts of J. W. Chatham Jr., traffic manager for the Chamber of Commerce, for his cooperation, and that of the traffic board of that body, in securing this

desired result is expressed in a letter received by Mr. Chatham from Mr. Smock, which reads as follows: "Extracts from Letter."

"To say that we appreciate what you have accomplished for us in securing permits for the unrestricted movement of materials necessary for the operation of our plant, is expressing only a small part of the valuation we place upon what you have done. After fighting this matter with the two roads for the past six months, and accomplishing practically nothing, especially in connection with the Denver line, the relief which you have obtained for us is beyond my power to express satisfactorily.

"We know now that the Chamber of Commerce has a real traffic manager, and one who is 'on the job,' and if, at any time, we can be of service to you, in any way, we hope that you will call upon us and permit us to partially show our appreciation to you."

#### HURLEY AND FLETCHER OPEN TWELVE-CHAIR BARBER SHOP

Wad Hurley and Al Fletcher have opened a new 12-chair barber shop at 719 Eighth street in the Stringer-Robertson building that embodies the latest word in barber shop equipment. In addition to the 12 barber chairs the shop will have two manicure tables equipped with the newest sterilizing apparatus. A bath room will also be operated in connection with the shop. The bathroom will contain three showers and tub baths.

The floor is laid throughout the shop. Hurley & Fletcher will be the name of the new firm. Mr. Hurley will continue the operation of his shop on Ohio avenue.

### You Can't Cure Rheumatism With Liniments and Lotions

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will! Do not try to rub the pain away, for you never will succeed. Try the sensible plan of finding the cause of the pain. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood

of the germs that cause the disease. S. S. S. has no equal as a blood cleanser, scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system. Get a bottle of S. S. S. at your drug store and get on the right treatment to-day. If you want special medical advice, address Medical Director, 49 Swift Laboratory, Atlanta, Ga.

### Announcement

We are pleased to announce to the general public that we have purchased the insurance and real estate business of Patterson, Reese and Prothro, 616 Eighth Street, and that the business will be continued at the present location, at least temporarily.

Mr. Patterson of the old firm will be with us for a while in an advisory capacity and the office personnel will be retained, including Mr. Belcher in charge of the casualty and surety department and Mr. James Martin Williams and Miss Maude Stonecipher who have been with the office twelve years. It will be our constant endeavor to render the most efficient service, and to improve it in such manner as to merit your business in every particular. We will continue the representation of all the companies formerly represented by Patterson, Reese and Prothro, which includes the largest and oldest companies in the world. Mr. Lowry, before going into the army was in the insurance business at Austin, Texas, and since his discharge associated with Mr. G. Clint Wood, in charge of the new Wood building. Mr. Finch has been in the banking business for many years.

We wish you a happy and prosperous new year and extend our facilities in every possible manner in accomplishing your undertakings.

# PRESIDENT IS ABLE TO WALK ABOUT THE WHITE HOUSE LAWN

WASHINGTON, Jan. 9.—For the first time since he became "I" three months ago, President Wilson today walked about the White House grounds unassisted.

Mrs. Wilson accompanied the President, who wore a fur coat and carried a cane, but apparently had little need of it as an aid in walking. It was learned.

The President's appearance was remarkably fit for a man who has been virtually confined to his room for so long a time, according to those who saw him. Dr. Cary T. Grayson commented to the press that the President's walk was a fine example of the fact that the President will be allowed such an airing every day.

White House officials said the President was "in good luck" today and sent for all the papers containing accounts of last night's Jackson Day banquet and proclaiming a split between the President and W. J. Bryan.

# SUSPENDED SENTENCE FOR NEGRO CHARGED WITH JUVENILE DELINQUENCY

Joe Pearsley, negro, was convicted by a jury in the 30th district court Friday on a charge of juvenile delinquency and was given a four-year suspended sentence. Pearsley was charged by indictment with theft of property valued at over \$50 in connection with the disappearance of an overcoat from the Perkins-Timberlake clothing establishment. Pearsley was indicted by the special grand jury which convened last November but this bill was later quashed and an amended indictment was later returned.

Pearsley was originally charged by indictment with a felony offense but the negro produced sufficient evidence to secure his trial as a juvenile on the grounds that he was less than 18 years old.

Pearsley is the fourth defendant to be granted a suspended sentence by juries in the 30th district court during the present week. All were charged by indictment with the commission of felony offenses.

# CHARGE THAT TULSA MAN ELOPES WITH WIFE'S SISTER

TULSA, OKLA., Jan. 9.—W. L. Blacker, 1415 West Archer, kidnaped his own son, W. L. Junior, 19 months old, and ran away with his wife's sister, Mrs. Francis Robinson, Tuesday night. Bertha Blacker, wife of the alleged eeloper, said today.

Francis Robinson, the brother-in-law, said his wife, the eeloper, left him a note which read:

"Dear baby: I have taken my pictures and I am long gone." Mrs. Blacker said she and the wifeless brother-in-law were making every effort to locate the baby and the alleged kidnaping eeloper.

# PRESIDENT AND BRYAN DISAGREE ON PROGRAM

(Continued from Page 1)

Democratic national committee today said:

"The President's challenge should be accepted. Such a momentous change in national institutions as that proposed in the league covenant by mere executive fiat is unthinkable. The league ought to go to the people."

"President Wilson's letter, read at the Jackson Day dinner at Washington Thursday night, was a challenge to his opponents, Republican and Democratic alike, and a rallying cry to those who want to see right and justice prevail in the world."

"The outstanding thing about the President's letter is that he faces the issue undaunted, prepared if necessary to carry it into the coming campaign. Such confidence is inspired only by the knowledge that one is right."

# SITUATION SUMMARIZED BY THE DETROIT TIMES

DETROIT, MICH., Jan. 9.—The Detroit Times, democratic, said editorially today:

"The Bryan urges is best for the country, heart sick because of deferred peace. What Wilson advocated bespeaks a better understanding or party strategy."

"The League of Nations out of the campaign leaves the democrats without a chance. If it goes in there will be a campaign."

# WINTER WEATHER OVER MUCH OF SOUTHWEST

KANSAS CITY, Jan. 9.—Winter weather prevailed over the greater part of the southwest early today, according to information received here. Heavy snow was reported in Southern Missouri throughout the greater part of Kansas with consequent delay in train service.

At Kansas, reported a fifteen inch precipitation. The snow is drifting badly and country roads were blocked. In Oklahoma a severe sleet and snow storm is said to have caused some damage and to have impaired wire communication.

# PRODUCER MAY BRING Mlle. DELYSIA TO U. S.

Mlle. DELYSIA PHOTO BY CENTRAL NEWS PHOTO SERVICE.

Charles B. Cochran, an English theatrical producer, arrived on board the Mauretania, of the Cunard line, to arrange for the production in America this season of five plays. He was accompanied by Mrs. Cochran. In one of the plays which Mr. Cochran hopes to have produced he intends to introduce a protégée who has just "set London by the ears." She is Mlle. Delysia, the statuesque beauty whom he said Morris Gest first tried to get for the leading role in "Aphrodite." He intends to present her in the United States in the spectacle "Afgar," which now is running in one of his theatres in London. Besides being a beauty, he said, she is a singer, a dancer and comedienne of high quality.

# MORE THAN TWENTY DIVORCE SUITS FILED

A large number of civil cases originally filed in the 30th district court were transferred Friday to the 75th district court for trial before Judge Edgar Scurry. Most of the cases transferred are suits involving various oil transactions. The past two weeks has been marked by the unusually large number of divorce proceedings that have been filed. More than 20 divorce suits have been filed in the 75th district court alone.

The following suits were filed Friday in the 75th district court: Carl Eblor vs. Lida Eblor, divorce; Arthur Lyons and C. A. Kleiman vs. E. A. Bedichek et al, cancellation of lease.

William Einert vs. Agnes Einert, divorce; Frank Fee vs. Emma Lee, divorce; Ex parte George W. Traett application to remove disabilities of minority; The following suit was filed in the 30th district court: Haymon Knapp vs. George Albertson et al, damage and injunction.

# REPUBLICANS OBJECT TO PEACE TREATY AS A CAMPAIGN ISSUE

DENVER, COLO., Jan. 9.—Republican majority leaders do not favor making the peace treaty a campaign issue, according to an authoritative statement here today. They look for a compromise settlement on reservations that England and France are "certain to accept." But should the treaty go into the campaign the Republicans are content with their chances of success, believing that the treaty will be supported by the people.

This was authoritatively given as the position of Will Hays, Republican national chairman, although he declined to make a formal statement on the split between President Wilson and W. J. Bryan over the treaty issue. Hays said he would leave the peace treaty entirely in the hands of Republican senators.

# ACQUITTED OF CHARGE OF SELLING IMPURE MILK

J. C. McQuerry, owner and operator of a dairy four miles east of Wichita Falls, was acquitted by a jury in county court Friday of a charge alleging the sale of impure milk. The state attempted to prove that McQuerry sold milk containing dirt and other foreign articles. Two sanitary inspectors testified that milk purported to have been sold by McQuerry was of impure quality. McQuerry defended himself. The jury was out but a short time before returning the verdict of not guilty.

# BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspirinal. Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. instructed to Refund Price While You Wait at Counter if Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratory; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—Adv.

# INDIAN APPROPRIATION BILL PASSES THE HOUSE

WASHINGTON, Jan. 9.—The annual Indian appropriation bill carrying \$12,816,013 or \$2,500,000 less than was appropriated last year, was passed by the house today. The Indian bureau estimated expenditures for 1921 at \$17,471,763. The appropriation of \$76,000 for suppression of liquor traffic among Indians, eliminated by the house in committee of the whole, was finally retained.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Dr. F. M. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

## TENTATIVE PLANS FOR BIG FIGHT TO BE MADE TODAY

LOS ANGELES, CAL., Jan. 9.—Tentative arrangements for the Dempsey-Carpenter fight at Tia Juana were expected to be made at San Diego today by Jack Kearns, Dempsey's manager, and promoter James W. Coffroth.

Kearns planned to motor to the southern city in time to lunch there with Coffroth and go over the ground at Tia Juana in the afternoon. While neither Kearns nor Coffroth, up to today, had received direct word from Carpenter or his manager, Deschamps, accepting Coffroth's offer of a \$400,000 purse for the match, both have expressed confidence that the match is virtually clinched. Today's conference, it was understood, would be based on that assumption.

### NO OFFER CAN BE ACCEPTED THIS MONTH

PARIS, Jan. 9.—No offers for the Dempsey-Carpenter fight can be considered until February, when the option which Charles B. Cochran has on the Frenchman's services expires.

This was a part of the denial referred today by Manager Deschamps that he had accepted the terms of James W. Coffroth, American promoter, to put the European champion in a ring with Jack Dempsey at Tia Juana for 45 rounds.

"I wish to lay stress on the statement that I have never discussed this alleged Coffroth offer, neither have I given any one cause to quote me as favoring the supposed terms of that bid. The most important reason is that I have not received directly or indirectly any offer from Coffroth."

### SEVEN CITIES BID FOR LEONARD-DUNDEE BOUT

NEW YORK, Jan. 9.—Seven cities have made bids for the 17th bout between Benny Leonard, world's light weight boxing champion, and Johnny Dundee, challenger, which was to have been held at New Haven, Conn., a week from tonight, according to an announcement at Leonard's headquarters here today.

Promoters in New Orleans, Providence, Boston, Canton, Ohio; Milwaukee, Jersey City and Newark, N. J., sent in offers for the contest when the chief of police of New Haven decided it would be in violation of the Connecticut state law because it was scheduled for 20 rounds to a decision.

There are 60,704 railway employees on the African continent.

## JIMMY WILDE DEFEATS THE A. E. F. CHAMPION IN BANTAMWEIGHT CLASS

ST. LOUIS, MO., Jan. 9.—Jimmy Wilde, English flyweight champion, easily defeated Johnny "Babe" Asper, bantamweight champion of the A. E. F., in an eight-round, no-decision bout here last night.

Without apparently extending himself, Wilde carried the honors in every round. In the fourth, fifth and sixth the Britisher floored Asper. Asper danced around shadow-like while his opponent fought coolly and deliberately, following him about the ring. Asper, however, now and then speedily stepped in and out, scoring points, but the blows had no evident effect.

A few seconds after the first gong sounded, Wilde had Asper's nose bleeding and in the second round a few lefts brought blood from the A. E. F. champion's mouth. Both boys fought cleanly and there was no clinching or holding.

Shortly after the fourth round started Wilde floored Asper with several lightning blows to the face. The former soldier remained down for the count of eight.

In the next Asper was knocked down with a right to the head but regained his feet before the referee counted three.

Several fast blows to Asper's body and face downed him again in the sixth but he was on his feet and covering up before the sixth count. In the seventh and eighth rounds Wilde had Asper against the ropes the majority of the time.

national commission caused mild surprise here among the baseball element. Supporters of the Yankees in the fight against Ben Johnson construed it as a victory for the "insurgents," in that the American league chief, who was an avowed supporter of Jack Dempsey, the Red president for another term, was apparently overruled. It had been the belief here from the start that Herrmann would not resign.

William H. Edwards, collector of internal revenue, and Judge Landis of Chicago, were being mentioned as probable successors to Herrmann.

Decision of the commission to investigate the alleged world's series was favorably received. Official action of baseball's supreme court can do much to cease the talk of a fixed series, it is believed.

### ANOTHER MONTH TO SELECT A SUCCESSOR

CINCINNATI, OHIO, Jan. 9.—Refusal of his fellow members of the national baseball committee to accept the resignation of August Herrmann as chairman means that those opposing him have another month in which to decide upon a suitable man for the position. The commission as at present constituted will meet for the last time in Chicago on February 11, after which date Mr. Herrmann gave notice yesterday that he would refuse to serve.

## AMERICAN LEGION BRANDS JACK DEMPSEY A SLACKER

DENVER, COLO., Jan. 9.—Leyden post of the American Legion, at a meeting here last night adopted a resolution branding Jack Dempsey, the pugilist, as a "slacker," and declaring opposition to holding the proposed Dempsey-Carpenter fight in Colorado. Copies of the resolution will be sent to all American Legion posts in the United States with a request that similar action be taken by each.

### CRADDOCK WANTS BOUT WITH JOE STECHER

NEW YORK, Jan. 9.—Earl Craddock, who claims the world's wrestling championship, conferred here yesterday with promoter Jack Curley on a date for a bout with Joe Stecher, whom Curley recognizes as the champion. Curley would like to stage the bout in Madison Square Garden in February.

### NEW JERSEY PROMOTERS AFTER LEONARD FIGHT

NEW YORK, Jan. 9.—Dave Driscoll and Dave Mackay, New Jersey promoters, started today after the Leonard-Dundee fight which was barred yesterday from New Haven.

Many other offers have been made for the fight, according to Billy Gibson, manager of the champion, who predicts that the feud may be settled in Providence, New Orleans, Boston, Canton or Milwaukee.

### ALLIED POWERS SEEK GUARDIAN FOR THE TURK

Abandon Hope That the United States Could be Induced to Accept

### LOOKING FOR A PLAN TO SATISFY MOHAMMEDANS

League of Nations May Assume Control of Constantinople As a Remedy

WASHINGTON, Jan. 9.—Having abandoned hope that the United States could be induced to accept a mandate over Turkey, the Allied powers are in correspondence with a view to finding some solution of the problem of expelling the Turks from Europe without causing such an uprising among the Mohammedans as would endanger the control of the European nations over them.

Information reaching Washington is that these efforts are in progress outside of Paris, where the supreme council is sitting, though it is expected that the ratification of that body will be required to give effect to any plans adopted.

Reports from India, Egypt and other countries, where the Mohammedans are numerous, of a general opposition to the expulsion of the Turks from Europe, and insistence upon the retention of the seat of their church in Constantinople under threats of boycott of Christian business and trade, and even actual warfare, have stimulated exhortations at the foreign office to find some plan which will satisfy the Mohammedans and at the same time free Constantinople from Turkish domination.

One such project contemplates the absorption of the control of Constantinople by the League of Nations, the declaration of the city as a free port and the actual administration of the place by a commission nominated by the Mohammedan population of countries and colonies, such as India, Egypt, Tunis, Morocco and possibly the Malay, and the Philippines of the United States, each to be induced to participate to that extent.

It is proposed to invite this commission with full powers to control Constantinople politically and to administer the local government. But to satisfy the Mohammedans the sultan and his suite would be permitted to reside there and to exercise from thence all the functions of the head of the church. His position would therefore in some measure correspond to that of the pope in Rome after he had been divested of his temporal power.

LONDON, Jan. 9.—Italy has notified the peace conference she will oppose any demand for extradition of Germans accused of war crimes, according to a German wireless dispatch here.

### COMPLETE LIST OF GERMAN WAR GUILTY

PARIS, Jan. 9.—The supreme council today received the report of the inter-allied commission which has drawn up a complete list of German war guilty for trial by allied tribunals.

Premiers Lloyd George and Clemenceau were present at the council meeting. The commission's report was given by Edouard Benard, its president, the French under secretary of military justice.

The commission's report set forth the method of procedure to be followed in the trials. Names of the accused Germans will not be published until the council has approved the list.

### SAY AMERICANS WERE KILLED BY MEXICAN REBELS

State Officials at Tampico Place Responsibility on Alleged Outlaws

MEXICO CITY, Jan. 8.—F. J. Roney and Earl Bowles, Americans who met death in the Tampico region early this month, were killed by rebels after having disregarded warnings from local authorities, who advised them not to venture into lawless regions alone, according to telegrams from state officials at Tampico, given out last night by the interior department.

Advices given out here state that followers of General Manuel Pelaez, outlaw chief and virtually independent ruler in that district, had been expected to receive munitions from a steamer at that point on the coast.

Certain bandits, who were rivals of adherents of Pelaez, were operating near the lagoon of Tamiahua and earned of the expected shipment. They lay in wait at a point where they thought the munitions would be landed and when Roney and Bowles appeared the rebels believed they were carrying arms to the Pelaez forces.

Fire was opened upon the two men, who were killed. It is stated government forces are pursuing the bandits and the foreign office has asked local authorities for further information regarding the shooting of the two Americans.

### HAVE GINNED TEN MILLION BALES COTTON

Texas is Credited With Total of 2,465,377 Prior to January First

WASHINGTON, Jan. 9.—Cotton ginned prior to January 1 amounted to 10,917,089 running bales, including 110,373 round bales, 33,147 bales of American-Egyptian, and 6,710 bales of Sea Island, the census bureau announced.

Prior to January 1 last year ginnings were 10,773,865 bales, including 145,618 round bales, 17,570 bales of American-Egyptian and 36,849 bales of Sea Island. Ginnings by states this year were:

Alabama 686,479; Arizona 47,967; Arkansas 715,663; California 1,161,738; Florida 17,515; Georgia 1,637,738; Louisiana 291,222; Mississippi 323,082; Missouri 48,286; North Carolina 789,053; Oklahoma 791,644; South Carolina 1,403,592; Tennessee 239,876; Texas 2,465,377; Virginia 21,150; all other states 4,002. Ginnings of Sea Island by states were Florida 2,886; Georgia 650; South Carolina 3,174.

### CALIFORNIA CITY HAS HALF MILLION FIRE

ALAMEDA, CAL., Jan. 9.—Only the smouldering ruins of practically two entire city blocks remained here today as evidence of the devastating fire which caused damage estimated at \$500,000.

The fire, which started in the rear of a delivery stable in the main downtown business district, swept across several streets after it was checked by the combined efforts of Alameda, Oakland and San Francisco fire fighters. Several persons suffered minor injuries.

### FERNANDEZ TO SUCCEED AMBASSADOR BONILLAS

SAN ANTONIO, TEX., Jan. 9.—Ambassador Ignacio Bonillas of Mexico will be succeeded at Washington by Salvador Diego Fernandez, chief clerk in the department of foreign relations. The appointment is announced in

advices just received here from the Mexican capital in which it is stated that Fernandez left Mexico City Monday night for his new post. Bonillas has resigned to conduct his campaign for the presidency of Mexico and, it is understood, will leave Washington before January 20. It previously had been announced that Alberto Paul had been selected to fill the ambassador's post, but this appointment, it is said

has been annulled. Fernandez has been in the department of foreign relations since the beginning of the Carranza administration. He held a number of minor offices in the department of state under Porfirio Diaz and is considered a brilliant lawyer. A great number of products are now made from the pits of the California apricots, which were formerly sent abroad.

AN INJUNCTION IN RIVER BED CASES IS SECURED AT AUSTIN

AUSTIN, TEX., Jan. 9. — With a strong force of Texas Rangers rushed to the Red River valley preparatory to holding the territory at all costs against any attempt at seizure by Oklahoma claimants, a sweeping injunction has been obtained that may bring the boundary dispute to a test case, it was believed today.

The injunction, granted by the district court of Travis county at Austin, not only stops Oklahoma defendants in the oil land disputes affecting millions of dollars' worth of border land, but restrains them from bringing any suit of any kind in any court in any state or in any federal court with reference to the title of the land.

DIAMOND D SALE IS CASH CONSIDERATION

An impression seems to be prevalent in some quarters that the Diamond-Louisiana Oil company, which recently purchased the Diamond D 5 acre tract, with one well, and the Diamond C well in block 88, is to apply for the production of this well in payment for the property. This impression is entirely wrong. The money for the oil from the wells is being piled up strictly for dividend payments. The properties mentioned will be paid for in cash derived from financing Diamond-Louisiana.

KING PETROLEUM IS DRILLING AROUND 1,000 NEAR GENERAL WELL

The King Petroleum Corporation's No. 1 Owens, in Tillman county, the nearest point on the Oklahoma side to the General well, is reported drilling around 1,000 feet, according to reports from the office of the company Friday. But little delay has been experienced on account of the weather. It is stated, because the corporation has with it the derricks, building bunk houses and arranging an individual commissary, and they expect to carry on their extensive drilling program on their 40 acre tract without delay. This well is one of the first to be started in Tillman county, and is being watched closely and with much interest.

HAVE GET-TOGETHER MEETING OF WICHITA MILL & ELEVATOR CO.

DINNER THURSDAY EVENING FOR EXECUTIVE HEADS AND SALES FORCE.

REVIEW OF THE PAST YEAR

Results and Prospects Are Discussed by General Manager Mytinger.

A review of the work of the year 1919, in spite of tremendous difficulties the most successful in the history of the company, and an outline of prospects for 1920, featured a dinner attended by the executive, sales and operating officials of the Wichita Mill and Elevator company at the Parish house of the Episcopal church, in closing the annual session of the department heads and sales force of the company.

The review of the past year was given by J. C. Mytinger, general manager of the company, who traced the tremendous difficulties encountered during the year, beginning with the finalizing of the great new plant, in spite of every conceivable difficulty, the labor conditions faced by the mill, securing their labor in competition with the oilfield development, and the construction of the railroad in this section, which brought about a condition where cars, loaded for shipment on the mill track, stayed on that track in some instances for three weeks or 30 days, when they should normally have taken only four or five days to reach their destination.

"In spite of all this, and with an added difficulty created by the practical exhaustion of the wheat resources of the southwest by the time we were ready to begin operations, forcing us to be idle much of the time until the coming on of the new crop, we have just rounded out a very successful year, during the latter half of the year being carried on at such a pace that we have caught up with the amount of business the government will allow us to," said Mr. Mytinger, along toward the last of the year were turning away business, as we had handled all the business the government would allow us to," said Mr. Mytinger. "Our sales this last year have amounted to about 400,000 barrels.

Starting out into 1920 with all conditions except the oilfield production the former prospect, with the railroad situation itself greatly improved, and with the prospect that the grain and millin control will be turned back into private hands, allowing us to get back to normal conditions, I do not see any reason why in the coming year we will not break all previous records, including those of the year 1919.

Roads Sales Records. Mr. Mytinger's sales records of the individual salesmen of the mill for 1919, which was topped by the record of J. H. King with 49,944 barrels, followed by L. W. Knight with 42,013 1/4, W. W. Alexander, 41,874; L. B. Carlton, 32,074 5/8; Charles Schwab, 31,799 1/4 and D. F. McKnight, 7,446 barrels. The last two records were for a part of a year and made in new territories. Among the promises made for the coming year were 75,000 barrels by J. H. King, 65,000 by L. W. Knight and W. W. Alexander and 20,000 by the other salesmen.

Among the other talks made by members of the mill "family" were those by: M. O. McDowell, manager of

PUBLIC DANCE HALLS GIVEN CONSIDERATION BY THE CITY COUNCIL

TO REQUEST THAT PUBLIC PLACES BE CLOSED BY INJUNCTION.

COUNTY OFFICERS BLAMED

Charge Lack of Co-Operation in Prosecutions for Violation of Milk Regulations.

Lack of co-operation from county officials and the county courts in prosecutions for violations of the city and state milk regulations was charged at the Thursday night session of the city council by G. H. Allen, head of the city food inspection department. Dr. Allen's statement was borne out by Ralph Mathis, city attorney, who told the council that it was almost an impossibility to get a conviction in one of the county courts, and that it was exceedingly difficult to get a jury which would convict of milk violations in any case. No definite course of action was discussed by the council in this connection, although the matter is considered likely to come in for consideration at a future meeting.

Among other features of a rather busy session was the unanimous expression of the council in opposition to the operation of public dance halls in Wichita Falls, on account of the bad moral atmosphere stated to be surrounding their operation, and a request to John Devenport, county attorney, to close them by injunction.

LAW INCREASING SALARY OF JUDGES IS CONSTITUTIONAL

AUSTIN, Jan. 8.—The constitutionality of the act of the 34th legislature which gave judges of district and appellate courts salary increases, was upheld by a special court, sitting at the third court of civil appeals today. In this case A. H. King of Throckmorton was seeking to enjoin the state comptroller from issuing warrants to cover these increases, and the court refused the injunction. All three judges concurred in the decision. The plain tiff has 15 days in which to file a motion for rehearing.

INVITE PERSHING TO VISIT WICHITA FALLS

An invitation to General Pershing to be the guest of Wichita Falls, and to visit the "fastest growing city in the world" and the "marvelous oil fields" adjoining at the time of his visit to Texas early next month, is to be wired immediately, it was announced Friday afternoon by Hubert Harrison, secretary.

MEXICANS CELEBRATE DEPARTURE OF VESSEL

MEXICO CITY, Jan. 8.—Mexico City tonight was the scene of a remarkable demonstration in honor of the officers and crew of the Japanese cruiser, Yakoma, who were concluding a week's stay here.

After a banquet tendered by the government great throngs paraded the streets in the vicinity of the visitors' hotel, shouting continual "Vivas" to the Japanese. Fireworks and band concerts were features of the celebration.

Tenth and Indiana Entrance on Tenth

To the Public:

We have sold, effective January 1st, 1920, our insurance and rental business to Messrs. Lowry, Finch and Co., who will continue business at least for the present at our old location, No. 616 Eighth Street.

Naturally as we are anxious to close our books as quickly as possible and any person knowing themselves indebted to us will confer a special favor by promptly remitting.

We take pleasure in recommending to the general public, our successors, they are capable and trustworthy gentlemen thoroughly identified with the development of this city and your business entrusted to them will receive prompt and efficient attention.

They will appreciate your insurance and will continue the high-class service and protection our office has always afforded. In retiring from the insurance business we wish to publicly thank the citizenship of Wichita Falls for the very generous patronage we have received at your hands. We are proud to say that we are able to count our friends and customers by the thousands.

Extending to you our very best wishes for the year 1920 and those to follow, we are, Yours very truly, PATTERSON, REESE & PROTHRO.
