

COX PLANS LEAGUE OF NATIONS FIGHT WITH RESERVATIONS

PROVIDE THAT CONGRESS ALONE SHALL HAVE RIGHT TO BRING U. S. IN WAR.

WILSON EXPECTED TO ACCEDE TO RESERVATIONS

Farm Vote Will Be First Objective of Democratic Leader, It is Said.

By HERBERT W. WALKER.
(United Press Correspondent.)
DAYTON, O., July 10.—James M. Cox, democratic nominee in his forthcoming visit to the White House will urge President Wilson to back him in two proposed reservations to the league of nations covenant, it was learned today from unquestionable sources close to the Ohio governor.

The first provides that the United States enter the league of nations with the distinct understanding of all other members that the American congress alone shall have the right to declare war. The second is definite stipulation that all members of the league agree that its main and virtually sole purpose shall be the prevention of wars.

Cox, it is known, plans to assume the treaty leadership of his party on the basis of these reservations. He has been giving the whole issue careful consideration during the past few weeks and expects to make a statement outlining his views after the conference with the president and other leading democrats.

Those close to the nominee say he believes his reservations will meet opposition, the present wording of the league covenant, but not impair the "integrity" of the Versailles pact. They point out his views are a compromise between those who stand pat for the treaty as it is and those who oppose the league but claim they favor an effective "international" tribunal to end wars.

The farmer vote will be the first objective of the reservations, it is said. Cox, democratic nominee, if his views are accepted by party councils that will be held during the next few weeks.

Requests have come to Cox for campaign visits from all sections, but he indicated today he desires to start "where the new vote is." Recommendations have been made by his chief aides at San Francisco that the coming drive be in the agricultural sections which were responsible for the election of Woodrow Wilson in 1916.

Wilson Agreeable.
WASHINGTON, July 10.—The league of nations reservations to be proposed by Governor James M. Cox, democratic presidential nominee, will probably prove acceptable to President Wilson, it was indicated at the White House today.

At the White House it was said the two reservations appeared to be purely interpretative and it was added Wilson has never objected to interpretative reservations.

WANDERER ADMITS KILLING WIFE AND TRAMP, TO POLICE

MONEY WAS CAUSE OF KILLING WANDERER TELLS POLICE IN HIS CONFESSION.

TRAMP USED AS BLIND TO REAL MURDERER

Twenty-Four Hours Evasion Would Have Freed Wanderer, Police Say.

CHICAGO, July 10.—State's Attorney Hoynes today was expected to prefer a first degree murder charge against Carl Wanderer, ex-army lieutenant, who confessed last night to the killing of his wife and a tramp.

The motive for the murder given by Wanderer at first was a desire to go back in to the army, free from marital ties. It was revealed, according to the police, that he wished to inherit her estate and did not intend to let her live.

Wanderer, police declared, signed his confession of the shooting after coolly reading over the stenographic copy of his oral statement. He calmly stated today that he was through talking and he was "waiting for the hangings" according to officers.

Wanderer was taken to detention home No. 1 where a heavy guard was placed over him to prevent any attempt on his part to either escape or harm himself, who in two months would have become a mother.

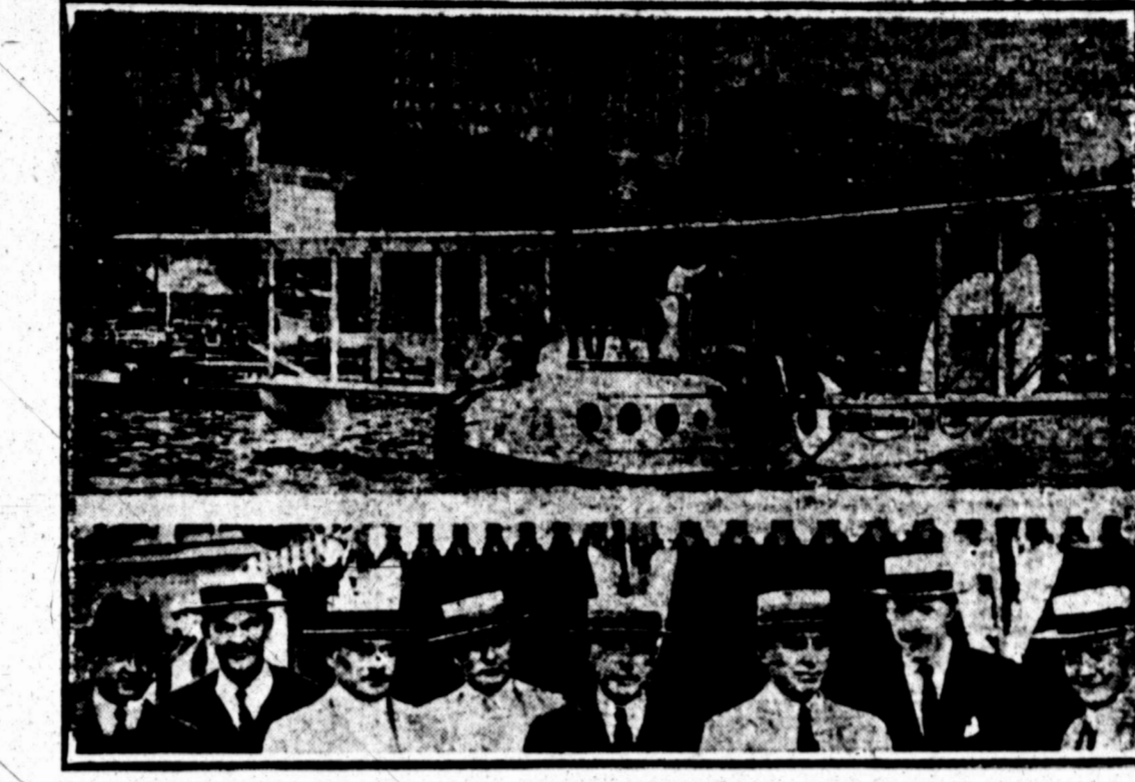

The unidentified man said to have been induced by Wanderer to pose as a cold-blooded murderer, was identified as William North who in 1911 or 1912 was employed by the Gentry Brothers circus while in South Florida. The partial identification was made by E. Fryor, formerly a circus employee.

Another 24 hours of evasion on Wanderer's part and he would have an all probability been freed of the importunities of the police, it was declared today at police headquarters.

Wanderer had held him without charge and obtained a confession, police officials said, just in time to avoid a writ of habeas corpus or an arraignment for bonds.

He was moved from the cell he occupied in the detention home yesterday to the "death" cell from which several other prisoners were taken to the Samuel Cardinell, one of the fifteen men under sentence, was its latest occupant.

Lloyd George and Millerand Refuse Request for German Ammunition.

POLISH July 10.—Polish forces are withdrawing from Brest-Litovsk, as a result of the great Russian Bolshevik offensive, according to a telegram received by the newspaper L'In-

Evacuation of Brest-Litovsk, Vilna and Pinsk would seem to indicate a general withdrawal of the Polish line to the frontier of that new republic.

Latest dispatches from Warsaw have shown the Poles in a desperate struggle against the Russian soviet army, a considerable distance east of Brest-Litovsk, although Pinsk would seem to be threatened by the advance of General Budenny's further south.

PARIS, July 10.—Request by M. Grabski, former Polish premier, that the allies turn over to Poland German munitions to be destroyed have been refused by Premier Millerand and Lloyd-George, according to the Petit Parisien.

SHOOTING OVER POSSESSION STAKE

Burkburnett Blacksmith May Die And Steve Humphrey Is Under Arrest.

James Cooper, a blacksmith residing in the Texoma oil field, one mile south of Burkburnett, in the Wichita General hospital suffering from a serious gunshot wound said to have been received during a shooting affair staged in the oil field late Friday afternoon. Steve Humphrey, proprietor of an oil field restaurant, surrendered to county officials following the shooting. Humphrey was taken to Wichita Falls by Sheriff Bob McFall and lodged in the county jail. No complaint has been filed against Humphrey but Sheriff McFall said that a charge of assault to murder would be filed later in the day.

It is understood that Humphrey's face showed signs of a terrific struggle. Facial wounds disclosed that Humphrey had been struck several times, officers say. Two witnesses other than Cooper's wife made statements in which they indicated that their testimony would be for the defense, county officers say.

The trouble between Cooper and Humphrey arose over the ownership of a stake used by Cooper in pasturing a milk cow, according to a statement made to Assistant County Attorney Wayne Summerville by the wife of Cooper.

Cooper's condition was reported Saturday forenoon by hospital attendants. Dr. Scott, operating upon himself, tried his abdomen, an infirmary examination disclosed.

"THE NERVE OF DR. SCOTT" IS A BRAND NEW TERM IN CHICAGO PHRASEOLOGY

CHICAGO, July 10.—The nerve of "Doc" Scott, earned a place in Chicago's phrase book today.

It grew from the fact that Dr. Orlando P. Scott, operating upon himself with an anesthetic whatever, tore 12 square inches from his own thigh and transplanted them to his wife's leg. The Scotts are recuperating in adjoining wards.

Mrs. Scott was injured in an automobile accident, her leg being broken in five places. Gargano set in and Dr. Scott decided on the transferecence of flesh as the only cure.

M'CURDY IN KEYNOTE ADDRESS OF "COMMITTEE OF 48" PROPOSES "ABOLISH ECONOMIC PRIVILEGE"

Chicago Convention Schedule.
Saturday 9:30 a. m.—Single tax party at the Waldorf Hotel.
Saturday 10:00 a. m.—Committee of 48 at Hotel Morrison.
Saturday 8:00 p. m.—American constitutional party at Auditorium.
Sunday 10:00 a. m.—Labor party at Carman's hall.

Chicago, July 10.—Allen McCurdy, New York city, temporary chairman of the committee of 48 national convention, in his keynote speech today proposed as a platform "abolish economic privilege."

McCurdy professed his assertion of the necessity for a third party with the victory of a party fighting for the abolition of economic privilege. He stated that the committee of 48 believes in the two party system; that the two parties now in existence really are but "the right and left wing of the same bird of prey."

The democratic and republican parties, he said, conceal "under these names an unyielding opposition to the popular will. That they are of the same stock is proven, he said, by the fact that they consolidate when the people, as in North Dakota, united for their own defense, and realize the necessity of a third party with the victory of a party fighting for the abolition of economic privilege."

"Through our platform," McCurdy said, "we declare that just as in 1869 the paramount issue in American life was the abolition of slavery, so the paramount issue of 1920 is the abolition of economic privilege which has grown more powerful than slavery ever became."

"If we can unite, there is ground to hope that in that union we will have formed a political party with a platform through which the majority of our fellow citizens can realize their long deferred desire. Failure will strike a severe blow at a generation already twice disappointed, once by the failure of the progressive party and again by the incomprehensible contradiction between the words and the deeds of the present administration."

The platforms of the two old parties might have been written by a convention of corporation lawyers and Wall street bankers, McCurdy said, and added:

"Over the trail of these national failures is to be drawn the red hering of international relations. This is the abolition of the special privilege of chattel slavery, so the paramount issue of 1920 is the abolition of economic privilege which has grown more powerful than slavery ever became."

THIRD PARTY OPENS FIRST CONVENTION IN CHICAGO TODAY

LA FOLLETTE MENTIONED AS POSSIBLE LEADER, TO MAKE PRESIDENTIAL FIGHT.

LEAGUE OF NATION AND IRISH ISSUE BEFORE PARTY

Labor Party and New Party May Consolidate Strength In Election.

By HAROLD D. JACOBS.
United Press Staff Correspondent.
CHICAGO, July 10.—Senator Robert M. La Follette, whom representatives of various liberal factions have approached with a proffer of the presidential nomination of the proposed "third party," was expected to indicate today that he will await further developments before giving a definite answer.

When the national convention of the committee of 48 opened in the Hotel Morrison today, it was believed La Follette would be personally represented by Gilbert E. Rowe, his law partner, who helped defend the expelled socialist assemblyman at their recent trial at Albany, N. Y. Rowe, it was assumed, would report back to the Wisconsin senator and then La Follette would make known his stand.

Meantime talk was turning to the possible choice of the "third party" should La Follette decide negatively. Those most prominently mentioned were Amos Pinchot, New York, former secretary of the National Labor Union; George L. Record, Jersey City, former republican, who is popularly credited with being the principal in Woodrow Wilson's election as governor of New Jersey; others mentioned for the nomination were Frank P. Walsh, Kansas City, Henry Ford, Detroit, and Charles H. Ingalls, Orange, N. J. All of the foregoing were also spoken of as possible candidates for the vice presidential nomination, as was Congressman Huddleston of Georgia.

Parities to Coordinate Work.
The committee of 48 convention opening today, and the American labor party convention, beginning tomorrow, will have their work coordinated through a "liaison." This consists of: Labor, Charles Kutz, Altoona, Pa.; John Fitzpatrick, Chicago; William Kohn, New York; Toscan Bennett, Hartford, Conn.; Alice Shell Meyer, Salt Lake City, and Mrs. Fred Evans, Terre Haute, Ind.

Forty-eight Amos Pinchot, George L. Record, Frank A. Patterson, New York, N. J.; James H. Doolittle, Jersey City; Arthur G. Hays, New York; J. H. Hopkins, Morristown, N. J.; La Follette, Colcord, Washington; Gideon Gardner, Washington; and Lynn Haines, Washington.

The committee already has undertaken to discuss common grounds for drafting of a platform. In a conference last night, agreement was said to have been reached on the subject of ownership of railroads and telephone and telegraph lines, but while the laborites wished to apply the same principle to mines, it was understood the forty-eighters held the view that the tax idea of government ownership of the land and lease holding by the mine operators.

Prohibition Evaded.
Agreement appeared to have been reached that the prohibition question shall not be mentioned in the platform. While the league of nations had not been formally discussed it was believed that the prohibition question would be declared against present league or without reservations. Frank P. Walsh was expected to present the plank declaring for recognition of the republic which he so successfully fought to include in the democratic platform at San Francisco. Majorly opinion appeared to be that some form of this plank would be adopted.

Organizations, aside from the committee of 48, single tax league and labor party represented here today were: Nonpartisan League, World War Veterans, Labor League of Montana, Private Soldiers and Sailors' League, Rank and File Veterans' Assoc., Triple Alliance of Washington, Government Ownership League and national service party of South Dakota.

Plans were to be formulated during the convention for a congressional campaign in November.

ADMIRAL J. FISHER NOTED BRITISH SEA OFFICER DIED TODAY

VARIED CAREER OF FISHER BEGAN AT AGE OF 13, WHEN HE JOINED BRITISH NAVY.

FORMERLY FIRST LORD OF BRITISH ADMIRALTY

Denounced Expenditures of British Navy as Being Ruinous For Nation.

LONDON, July 10.—Admiral Jona Arbuthnot Fisher, first Baron of Kintyre, and former first lord of the admiralty, died this morning. Lord Fisher underwent a serious operation yesterday and failed to rally.

Lord Fisher began his naval career in 1844 and while on active service he took part in the Crimean, Chinese and Egyptian wars. He became first lord of the admiralty in 1892 and first sea lord of the admiralty in 1904, which post he held for six years.

He was promoted to first lord in October 1914 to resume his post as first sea lord of the admiralty and direct the naval warfare against Germany. His vigorous and far-reaching reforms earned him the title of "the father of the dread-nought," because he was the first to realize the vast possibilities of this type of warship.

Lord Fisher was for many years a popular idol in Great Britain, enjoying the affection and confidence of every rank of the people. He was known as the "father of the dread-nought," because he was the first to realize the vast possibilities of this type of warship.

During his term as first sea lord of the admiralty, from 1904 and 1910, he virtually revolutionized the British navy. He entirely changed the old established and outworn methods of position of the fleet and threw no less than 150 warships from immense tonnage to light cruisers, into the scrap heap as obsolete and out of date.

Being a reformer by nature, Lord Fisher's attack on the British naval administration in September, 1912, in which he declared that the navy was being made as "ruinous" might have been expected, but it caused a great sensation throughout the British empire. He was criticized as being too radical in the submarine he saw a future as a fighter and that the development of aviation had made invasion of Great Britain impracticable.

Lord Fisher had been seriously ill since early in May, when he underwent an operation.

Lord Fisher was born on the island of Ceylon, January 23, 1844, and was the son of Captain William Fisher of Highland regiment stationed in the east at that time. He entered the navy when 13 years of age and was commissioned a lieutenant in 1859. From this time on his rise in the service was continuous. He was married in 1860 to a daughter of Lord Fitzroy, who died in 1918. He is survived by one son and three daughters.

COAL OPERATORS IN NEED FREIGHT CARS

WASHINGTON, July 10.—Adequate facilities for coal shipments is the principal remedy for abnormal speculative prices, it was asserted today by President of the National Coal Association, today told the interstate commerce commission in making an appeal for a dispatch out of date.

Priority order for open top cars at bituminous coal mines.

Acute shortage in coal will prevail as long as there is inadequate supply of cars at the mines, he asserted, adding that ample shipments of coal will decrease speculative prices.

At least 100,000 tons of coal will be required for the current year ending March 31, the witness stated, pointing out that much of this will be needed to make up a shortage of 15,000,000 tons of coal destroyed as such cases have been in reserve last April. Since that time shipments from the mines have been 1,243,969 tons a week below the requirements, making a total shortage of between 30,000,000 to 35,000,000 tons, he said.

WASHINGTON, July 10.—Five thousand draft evaders have been convicted in federal courts and given sentences from 10 to 30 years in prison, according to reports compiled today at the department of justice.

Thirty thousand cases remain to be investigated by officials today that rapid progress was being made in rounding up the delinquents. The report, it was explained, does not include cases of persons who were called in the draft and deserted as such cases are handled by the military authorities.

So far approximately 27,000 cases of delinquency, one-third of which are avoiding actual entrance into the service—have been investigated by the department out of a total of 218,314 reported. The reports of the investigation show about 10,000 cases of failure to register and an equal number of false questionnaires.

DID YOU THINK THEY WEREN'T HUMAN BEINGS? WELL, THIS—

The Y. W. Travelers' Aid at the station in Wichita Falls Thursday night saw a little bit of a 10-year-old girl holding tight to a four or five months old baby with one arm, and clutching the fingers of a five or six year old at her side, in the waiting room. The T. A. walked over.

"Are you by yourselves?" she asked the 10-year-old.

The little girl explained that "mother" was somewhere around "tryin' to find how we can get to 'Leetra, cause my grandpa's sick, and they sent for her."

The Travelers' Aid told the child to send "mother" to her when she came back. "I'll be here," she said. "I'll be here," she said.

The Travelers' Aid told her to wait a bit, and presently she went out and explained the matter to Service Car Driver Hutton. "Say," exclaimed that individual, when he had the details, "tell her to stick around here awhile. We'll fix it up."

In a few minutes it was fixed up. Driver Hutton brought the Travelers' Aid something over \$1 in silver change—quarters and halves and dimes. "The boys out here made it up," he explained, indicating the line of service cars. "Conway says he'll take 'em over for that. The \$1 was several dollars less than the trip to Leetra is usually made for.

At the Churches

Central Presbyterian Church. Eleventh and Bluff.—The pastor will preach at both services Sunday. The subject of the morning sermon is "My Church." The subject of the evening sermon at 8:15 is "Christ's Three-Fold Call." Sunday school will open at 9:45. Every teacher and pupil should be in his place promptly at that minute. The Junior Endeavor will meet at 10:15. We extend a very cordial welcome to all who have no church home in the city to worship with us at any of these services. Our guests "feel at home" with us. GUY DAVIS, Pastor.

First Christian Church. Tenth at Travis—Bible school at 9:30 a. m. Special music and song service; classes for all ages from the cradle to the oldest resident; all departments are under the supervision of efficient superintendents; every class in charge of trained teachers. Every mother should be in the class led by Mrs. J. L. Downing, and every man should hear Judge A. W. Gibson teach the men's big Bible class, in the absence of John W. Bradley. Morning worship, with communion service at 10:45; W. S. Willis will speak on "Facts for Church Folks." At 8 p. m. Dr. H. D. Knickerbocker will conduct the union service, with his second of a series of sermons on "Immoral Conditions in Wichita Falls." You will have to come early to get a seat. The services do not last long; seldom over an hour, and the building is completely equipped with electric fans that make it a cool, comfortable place. A cordial welcome to all strangers in the city. The first church, on the right, going west on Tenth. J. LEM KEVILL, Minister.

First Presbyterian Church. Sunday is communion and an opportunity for church membership will be given following the sermon. Miss Yeate will sing at both hours and we will have a male quartet at night. The elders and trustees will meet following the evening service. Subject for the pastors' 15-minute communion meditation, "Right Judgment," at night "Audacity." N. F. GRAFTON, Pastor.

Floral Heights Methodist Church. In the big, open tabernacle at Tenth and Denver—Sunday school, league and preaching services. Young people specially invited to join in with us. Come where you can be useful. The pastors' evening theme, "The Devil and the Lazy Man." Our services are always live and interesting ones. Worship with us. W. L. TITTLE, Pastor.

First Baptist Church. Sunday school, 10 a. m.; Rev. O. L. Powers will preach at 11 o'clock. The subject will be "The Hem of His Garment." Evening service at 8:30. The subject will be "Heavenly Recognition" or "Shall We Know Our Loved Ones in Heaven?" W. J. Work, a splendid baritone singer of Buffalo, N. Y., will sing at both services. Mr. Work highly delighted the whole congregation with his songs last Sunday and has been requested to sing again today. You are cordially invited to both of these services. The evening sermon will be 25 minutes. O. L. POWERS, Pastor.

First Methodist Church. Seventh and Lamar—Sunday school at 9:45 a. m.; Mr. C. O. Simmons, Supt. Preaching at 11:00 a. m.; theme, "The Secret of Social Sympathy." Epworth League at 7:00 p. m. Come early Sunday evening as this is most always a crowded church. The theme, "Three Things That Lure Married Women

"In Almost Everything, Experience Is More Valuable Than Precept"

So said Quintilian, the Ancient Roman Philosopher—and today we see the truth exemplified in every form of business and professional enterprise.

Experience is an ingredient which goes into every prescription which we compound—and is also an element in every sale of merchandise.

If our experience means anything to you—then we shall be glad to have your trade.

While we emphasize quality and service we—also protect you in the matter of price.

Years of successful drug selling has given us valuable experience

The Time Comes When Service Counts

It is no problem to select a satisfactory bank when prosperity is rampant and you are getting your full share.

It's when things aren't breaking so good for you or for other folks that it is worth while being a customer of a bank that makes SERVICE the keynote of its operations.

That the bad habit some people still have of carrying money around in their pockets instead of depositing in a Safe Bank, encourages "Hold-ups?"

IF EVERYBODY DEPOSITED
