

THREE LEAGUES

Baseball Squads Are Announced

Last week we observed "Soil Stewardship Week," and so the following piece, which we actually came upon a week late, is nevertheless, timely, and for those of us in my generation and younger (and the newcomers), interesting.

It is an account of a dust storm, written by Friona Star editor, J.W. (Uncle John) White, in the April 19, 1935 edition of the Star. We quote it in its entirety:

"The worst dirt storm that has ever visited this locality, that there is any record of, struck Friona about 8:30 Sunday evening, and continued in its intensity for a period of two hours or more.

"Many of our people had been made aware of the approach of the storm by radio report from Amarillo and were on the lookout for it, and prepared for it when it arrived, but by far the greater part of our citizens knew nothing of it until the heavy bank of dirt became visible or until it had surrounded them with its inky darkness.

"By those who were expecting it, it was seen moving rapidly down from the north as a murky dark cloud, reaching miles up into the air and apparently rolling and boiling within itself as it came and so rapid was its progress that only a few minutes elapsed between the time of its first appearance along the northern horizon until it had struck us in all its fury.

"So dense was the cloud of fine, dry dirt that visibility almost instantly became zero or lower, and those who were unaware of its approach and were caught out in it, found themselves suddenly enveloped in Etygian darkness so dense that the lights on their cars would not pierce it more than just a few feet, barely enough to enable them to discern the ditch at the side of the road or street.

"The fine powdery dust forced its way into the most tightly closed room, and within a remarkably short time, everything therein was covered with a heavy layer of it and the floors were soon so deeply covered with it that no sound was heard as one walked across a room, and by the light of the moon was seen a heavy chocolate colored covering over everything.

"Many have expressed the wish that, since it had to come, it might have arrived in day time, so that its grandeur may have been seen more clearly."

We hear every spring, and this must be written evidence, that compared to the "Dirty Thirties," we just don't have sand storms any more.

Irrigation and better farming practices surely can be credited with helping turn this area from its Dust Bowl reputation of the 30's into the Garden of Eden that it is today.

So, just one more reminder to our farmers, to keep up the good work, to assure that storms such as that described above, won't visit our area again.

We have had it called to our attention that the post office drop mailbox on Euclid Avenue is on the wrong side of the street to drop mail in from the driver's side.

In order to drop mail in the box without getting out, or climbing across your car, you have to violate the law and drive on the wrong side of the street.

We don't know what the alternative would be: whether the local office has another location on which it can place the drop box. But we're hereby passing along the complaint.

Isn't it peculiar that some like it cold, some like it hot, some simply freeze, while others smother and then by some whimsy of fate, they MARRY each other.

The boss was telling the prospective employee while he was filling out his job application, "We will pay you seventy-five dollars a week now and one hundred dollars a week in three months."

The applicant replied, "Thanks. I'll be back in three months."

Some 160 boys are getting set to kick off Friona's summer baseball program for 1970, which will find two additional teams competing over a year earlier.

The two new teams are competing in the Major League with four other teams, from Bovina and Farwell. Sponsored by Hi-Plains Feed Yard and Bengier Air Park, the teams comprise boys aged 13 through 15.

Most games by the two older teams will be played in Bovina and Farwell this season, due to Friona's lack of a park. Games involving the two teams will be played adjacent to St. Theresa's Catholic Church.

Aside from the major league teams, the program locally will be just like it was last year, with four intermediate League teams and seven Pee-Wee teams.

Clarence Monroe, president of the local Summer Baseball Assn., says that the league could use two more Pee-Wee age players (8 to 10), but that was about it. The Pee-Wees have 12 players on each squad (except for two teams), and the Intermediates have 13.

Team managers met last Tuesday, and held their annual player auction. The teams were divided up as follows:

MAJOR LEAGUE
Feed Yard "Feeders": Hi-Plains, James Sims, Mike Martin, Randall Snyder, Terry Thompson, Bill Fallwell, Rudy Aguirre, James Perea, Rex Minshew, Leonard Wasson, Darrel Roth, Kenny Gabehart, Richard Bermea, GERALD McCall and Trip Horton.

Bengier Air Park "Flyers": Johnny Bandy, Willie Bailey, Weldon Peace, Johnny Rando, Jesse Rando, Clay Bandy, Danny Waggoner, Eddie Waggoner, Dee King, Jason Grimsley, Coy Jameson, Benny Hamilton and Kenny Jordan.

INTERMEDIATE LEAGUE

Parmer County Pump: Darrell Polk, Jay Bill Lewellen, Willie Brailiff, Jimmy Fallwell, Tony Johnson, Nathan Kretzmann, Joel Hight, Jesus Mata, Bron Euler, Sam Akers, Curt Miller and Roger Peace.

Hi-Pro Feeds: Alan Monroe, Paul Lindley, Jeff Whitesides, Jim Bob Evans, David Stevens, Bobby Glen Watters, Terry Wilcox, Ricky Redfeard, Scott Fangman, Terry Salas and Darcy Renner.

Parmer County Implement: Rory Brito, Robert Alexander, Jesse Bermea, Phillip Chambers, Brit Eustace, Eddie Wilkins, Kirk Frye, Chuck Whitte, Eddie Brailiff, Danny Adkins and Larry Ball.

FOR PERIOD

MBP's Net Income Shows Nice Gain

Missouri Beef Packers, Inc. (AMEX) reported for the six months ended April 25, 1970 net income of \$1,095,659, or 96 cents per share, on sales of \$106,135,145. Net income for 1970 includes a special credit of \$139,867 from insurance proceeds, equal to 12 cents per share. For the comparable year-ago period net income was \$803,943, or 71 cents per share, on sales of \$102,897,643.

J.C. Walker, president, said that although net income for the first half showed gains over last year, earnings would have been even higher if not for the strike that began last January in the Rock Port, Mo. division. The strike was settled after seven weeks with a contract that runs into March, 1973.

Walker also cited the startup expenses connected with establishing and equipping two new breaking and fabricating facilities as having had an impact on first half results. He noted, however, that Missouri Beef's new plant additions at Friona and Rock Port to break carcasses and produce cryovac-packaged fabricated cuts, "have completed their shakedown periods, and we're expecting both to be operating productively at full capacity through the second half."

Commenting on recent market conditions for beef, he said that most packers have been caught in a slight squeeze on margins because cattle feeders who paid record prices for their feeder stock last year, "have been looking for higher prices for their market-ready cattle."

In assessing the outlook for MBP in the second half, he stated that "we're very optimistic about the supply of fed cattle in our operating areas for the rest of the year and look for a stabilization of prices and improved operating margins."

Tornado Concerns Friona Residents

The savage tornado that struck Lubbock Monday night was a prime topic of interest in Friona Tuesday and Wednesday, mainly because so many Frionans have friends and relatives in the South Plains City, and were concerned about their safety.

Dr. Robert Alexander and a Claborn ambulance made the trip to Lubbock Monday night to offer assistance to the storm victims.

As of press time, none of the fatalities reported had Friona connections, and the Star had learned of no serious injuries to Friona people's relatives. However, many people had not been able to make contact with Lubbock relatives.

Probably the most frustrating thing was in not being able to get a circuit to Lubbock, in attempting to make telephone contact. It was reported that some 25,000 telephones were out of order in Lubbock, about 75 per cent of the 'phones in the city.

One of the first noticeable results of the storm was the absence of the Lubbock Avalanche-Journal on Tuesday morning. The newspaper's plant was hit by the storm, and it is not known when the paper will be able to resume its regular schedule.

Monday's tornado came on the same day (May 11) of the 1953 tornado which killed 114 in Waco. Also, an earlier tornado hit San Angelo on a May 11, killing 11.

ANNETTE REZNIK

KAY COCHRAN

Honor Students Told For 8th Grade Class

Annette Reznik is the valedictorian, and Kay Cochran is salutatorian, of the eighth grade graduating class, it was announced this week by Tom Jarboe, junior high principal.

Miss Reznik, the daughter of Mr. and Mrs. A.L. Reznik, has an average this year of 97.44. Miss Cochran, daughter of Mr. and Mrs. W.A. Cochran, has an average of 95.88.

Third-place in the class went to Marie Russell, daughter of Mr. and Mrs. W.J. Russell, with a 95.18 average.

There was a tie for fourth place between Beverly Bailey daughter of Mr. and Mrs. Bill Bailey, and Gayla Self, daughter of Mr. and Mrs. Max Self, with identical averages of 95.13.

Rounding out the top ten in the class were:

Trip Horton, son of Mr. and Mrs. Hollis Horton, 94.81; Janice Bandy, daughter of Mr. and Mrs. William Bandy, 94.06; Bobby Lewellen, son of Mr. and Mrs. Joe Lewellen, 93.69; Jeannie Bandy, daughter of Mr. and Mrs. William Bandy, 93.13; and Shera Finley, daughter of Mr. and Mrs. Bob Finley, 92.57.

The Bandy girls are twins. Graduation exercises for the eighth graders will be Saturday

night, May 23, at 8:30 p.m. at the junior high auditorium. There are 117 students in the class, the largest eighth grade class in Friona's history.

SPEAKS TO STUDENTS

Former Addict Warns Of Drug

"Stay alive and live. Be happy, and be clean. Stay away from drugs."

This was the advice of Nancy, a former drug addict, who told of her not-so-pleasant experiences with drugs to an assembly of Friona students in grades 7-12 Monday.

Nancy told the students, faculty and visiting parents how she started out on marijuana when she was 13, and graduated to Heroin within five years, and the resulting addiction which almost took her life.

"I turned to prostitution, and a life of crime in order to finance this \$120-per-day habit," Nancy said, explaining that she at times robbed grocery stores, gas stations—even little old ladies for money with which to buy the heroin she had to have.

Nancy explained that more than once she lay near death as a result of her addiction. Once was when she injected some heroin into her veins that had been mixed with elephant laxative.

Earlier while on pills, Nancy said she almost died before she even turned 15, from eating so many pills.

Following the encounter with the bad heroin that hospitalized her along with some 200 other users, Nancy was arrested (she says this was the biggest break of her life.)

She described the horrors of going through the withdrawal period, at which times "monsters actually come out of the wall after you." She said she had bad scratches from her finger nails, inflicted because of the severe pain.

She also tore her left eye virtually out of its socket during the painful withdrawal period. "Oh, the prison paid for the operations to save the eye, but I don't see real well out of the eye today," she told the students.

HONORS WINNER. . . When Norman (Skip) Mohr returned from Austin last Saturday, he found that his family had rolled out the welcome mat with a banner attached to the front of the Mohr home, congratulating him on winning first in the state in informative speaking. Left to right are his father and mother, Rev. and Mrs. Paul Mohr, Skip, and younger brother Mark.

IN SPEAKING

Mohr Takes Rare State UIL Title

Norman (Skip) Mohr, Friona High School senior, returned from Austin last Saturday with the first-place plaque and medal in informative speaking in class AA.

Mohr has been district champion in the event three straight years. It also was his second trip to Austin, having won regional as a sophomore, and placing third in the state meet that year.

The son of Rev. and Mrs. Paul Mohr, Skip's honor adds to an already impressive list of achievements, including class valedictorian. He has been especially active in the Forensics Club throughout his high school career.

The state title has not been one that has come easily for Friona, whether it be for lit-

erary or athletic events. School officials could point to only two other state championships won in UIL literary events in the past 20 years.

These were by Crista Evans in poetry interpretation, in 1968, and Vera Ann Jones, in typing, in 1950.

Only once has FHS ever claimed first in the state in team sports. That was the girls basketball team of 1964.

However in 1953, the mile relay foursome of D.O. Roberson, Darrell Robbins, Ben Jordan and M.C. Osborn won the gold medal in the state track meet, and Robbins won the open 440, with a record time.

End Of School Schedule Given

End of school activities were announced this week by school officials. Events are as follows:

- High School awards assembly--2:30 p.m. Thursday, May 14.
- Grades 3-4 Awards assembly--12:30 p.m. Friday, May 15.
- Grades 5-8 Awards assembly--2:40 p.m. Friday, May 15.
- Eighth Grade Graduation--Grade School Auditorium, 8:30 p.m., Saturday, May 23.
- High School Baccalaureate--Grade School Auditorium, 8:30 p.m., Sunday, May 24.
- High School Commencement--Grade School Auditorium, 8:30 p.m., Monday, May 25.

Martin Named Director To West Texas Chamber

Clarence W. Martin has been elected as Director of the West Texas Chamber of Commerce, according to F.V. Wallace, Amarillo, president of the regional organization.

Martin will represent his home towns in the meetings of the board and speak for the other WTCC members in his city on matters of concern to all West Texas businessmen.

Election of new directors was at the 52nd Annual Convention of the WTCC held recently in El Paso. Directors serve for three years and during that time work upon membership development, program of work and other matters relating to the local WTCC members.

The next board of directors meeting will be held in Abilene, July 23-24.

Former Addict Warns Of Drug

The ex-addict told some of the bad side affects of her adventures with drugs. "I'll never be able to hold my own child, for I can have no children," she said, explaining that drugs can sterilize both males and females. The effects on children of addicts, even if they are able to have them, has not been determined as yet.

"I'm one of the fortunate ones. God saved my life. One of you might not be so fortunate," Nancy warned the students.

She advised the kids to go to their parents with their problems, and show them they can trust you. Parents, likewise, need to get involved with their children, and earn their trust, Nancy said.

"Parental and child relationship is one of the most important factors in our world today," she stated.

In preliminary remarks, Len Slye, Amarillo attorney gave some of the legal aspects of drug abuse.

"Law may be the best reason for not taking drugs," Judge Slye said, explaining that using dangerous drugs can bring a penalty of up to 10 years for second-time offenders. Selling such drugs can bring a life sentence, and in certain cases, death penalties have been imposed on drug-abuse cases.

"The trend today seems to be for pretty stiff penalties for drug abuse. This may not be right, but maybe it will help curtail the problem," the attorney said.

The law official pointed out that it was a known fact that some 900 kids between the ages of 16 and 23 in Potter and Randall Counties are using drugs on a regular basis.

"You people must care enough to educate yourselves," he told the students.

Friona Flashbacks

...from the files of the Friona Star

40 YEARS AGO--MAY 16, 1930

At about four o'clock Sunday morning three masked men made their appearance at the front of the Friona Consumers Oil Company filling station and with their pistols starting the attendants in the face, bade them stick up their hands and keep them up, while they rifled the cash drawer of its contents to the amount of between forty and fifty dollars. No evidence of the identity of these has yet been found out.

35 YEARS AGO--MAY 10, 1935

Forty-one seniors will graduate in exercises beginning Sunday morning. The number is the largest graduating class that Friona has ever had. Commencement will be Friday evening, May 17, at 8 p.m.

30 YEARS AGO--MAY 10, 1940

Paul Spring, arts and science junior at Texas Technological College, has been elected president of the American Chemical Society to serve during the next school year. He is the son of Mr. and Mrs. F.L. Spring of Friona.

25 YEARS AGO--MAY 11, 1945

Wayne B. Stark, formerly Santa Fe station agent at Friona and agent at Black for several months, has returned to Friona, and again taken charge of the local depot as agent. Mr. Stark's many Friona friends are truly pleased to have him here to serve them again, and he expresses his pleasure at being back.

20 YEARS AGO--MAY 5, 1950

Work is now underway on the \$70,000 church building being built by the First Baptist Church in Friona. The new unit will consist of auditorium with seating capacity of 500, offices and additional Sunday School facilities.

15 YEARS AGO--MAY 13, 1945

Latest business to open in Friona is the Tasty Cream firm across from Friona Consumers on Main Street. Owned and operated by Mr. and Mrs. Kenneth Williams, the business opened last weekend and plans are to remain open from 10 a.m. until 10 p.m. each day.

10 YEARS AGO--MAY 12, 1960

With all the "chamber of commerce" figures going down the drain in the three towns in Parmer County, official reports from the district census director's office in Amarillo revealed that the total county population in Parmer is 9,492. City populations in Parmer County are as follows: Friona--2,035; Bovina--1,023; and Farwell, 1,009. The figures are said "subject to revision."

5 YEARS AGO--MAY 13, 1965

The Friona City Council annexed a total of 52 acres of land in its meeting Monday night, bringing in two new subdivisions. The newly annexed land is comprised of Western Addition, of which 24 acres were annexed, and Welch Acres, a 28-acre plot, belonging to Nelson Welch.

Jai-Alai is said to be the fastest of all ball games with speeds up to 160 m.p.h. Bavarian State Beer House in Munch, West Germany, sells over 56,000 pints of beer a day.

—AND NOW THE BIG ONE

Tips Given For Tornado Season

This is tornado time—and although the chances of a "twister" hitting any given home or location are statistically remote, it's best to be familiar with a few simple safety rules—just in case!

Thanks to our national "storm alert" system these days, warnings of violent thunderstorms are flashed well in advance. But sometimes a storm can blow up with little warning. Tornado weather signs are: a hot, sticky day, with southerly winds, and a dark, threatening sky. The thunderstorm clouds appear topsy-turvy, bulging down instead of up. Such days frequently occur without tornadoes. The "twister" itself is easily recognized by the funnel-shaped cloud, spinning rapidly and extending toward the earth from the base of a thundercloud.

For advance safety precautions: keep your TV or transistor radio on, set to listen for the Weather Bureau warnings. An approaching tornado can also be detected by its sound; a noise similar to a giant blowtorch, which can be heard up to 25 miles away. Close up, it roars like a jet aircraft.

Best protection: a storm cellar or Air Raid Shelter. (remember them?) If in open country; a ditch, gully, hole; if there is no time to escape, lay absolutely flat. If you can escape, move at right angles to the tornado path, since they usually move straight ahead at about 25 to 35 miles-per-hour.

In town, duck into the nearest strong building—stay away from windows. At home; get into the basement, on the side toward the tornado. If no basement, take cover under heavy furniture against inside walls. Opening doors and windows on the side of the house away from direction of tornado may help reduce damage.

Pause And Reflect

By Nelson Lewis

Whenever the temperature climbs to 90 degrees it's time to think of this summer's vacation.

Most of us will travel reasonably long distances and in the course of two or three weeks will be in the neighborhood of national shrines, monuments, battlefields, and other points of historical interest.

Here is a very real opportunity to allow the young folks to further their education concerning the elements that went into the forging of our country.

It is not enough to drive along at seventy miles an hour and say, "over behind that hill the battle of so and so was fought." The answer will probably be, "Yeah, how about that? Let's stop somewhere for a coke."

If we are at all serious about giving them a lesson in appreciation it will be necessary to take the few minutes needed to stop and let them walk over the very same ground where Americans of a past age fought and died for the freedoms we enjoy today.

Do not expect instant interest: It takes a while for the idea to take hold and create a lasting impression.

Fifty-five years ago this writer stood in Fort McHenry, near Baltimore, Maryland.

The walls towered overhead to the point where the American flag was observed to be still flying after a night of bombardment.

The calm water beyond the Fort was the same that had supported the ship carrying Francis Scott Key as he scribbled the first version of the "Star Spangled Banner."

Chances are you will not get as far as Maryland this summer.

If you happen to be in south Texas show the young'uns the Alamo and San Jacinto, after all Deaf Smith County is named for Erastus Smith (who was partially deaf) the real hero of the battle that freed Texas from Mexico.

You are not going that far? O.K., how about a trip to Adobe Walls, or follow the Santa Fe trail a few miles.

Do you care for the mountains?

Then go to Las Vegas, New Mexico, and take the four lane highway toward Santa Fe.

When you get to Glorieta follow the signs into Canyoncito. One of the fiercest two day battles of the Civil War was fought here.

If you don't care for Civil War history, then turn north toward Pecos, N.M., and visit the ancient Indian town of Clcuve. This was Coronado's jumping off place for his trip through Parmer County, Texas.

The ruins of the pueblo and the remains of the old Spanish mission are sure to be of interest.

Maybe you like trout fishing, then pass through the town of Pecos and camp in Holy Ghost Canyon—the big ones are there, all you have to do is pull them out!

Is this discourse on Vacation Land, U.S.A. taking you too far afield?

Have you taken the family to see the old buildings of Escudardo? The headquarters of our division of the XIT Ranch.

How long since you've to Palo Duro Canyon and stayed long enough to really appreciate the marvels of this 90 million year old geological wonder? It was in Palo Duro that Charles Goodnight established the first cattle ranch in the Texas Panhandle. New roads have made more area available but the crossing from Claude to Silverton is still the favorite of many.

Perhaps your trips are limited to Parmer County. What do you know of Running Water Draw just 10 miles south of Friona? The old maps call it Running Water Creek and up and down its banks some of the most colorful characters imaginable have journeyed.

Mexican buffalo hunters, Indians, traders, outlaws, explorers, and army units have all followed this huge glacial drainage ditch.

There is no excuse whatever for our young people to grow up in ignorance of what it took to build the "establishment" that a few wild eyed radicals want to destroy.

This summer's vacation could be your chance to demonstrate the worth of the American Dream.

Now find the man who sold you the insurance

Time is more important at this moment than ever before. Unless you're back in business without delay, you may face financial ruin. If you got your insurance through an independent agent, you can be certain of help when you need it most.

As independent insurance agents, we know the importance of prompt action. Because we owe allegiance to no one company, we can move fast... and serve your interests first. When something happens, we know exactly what to do to speed up prompt, fair claim payments. We've built our business giving policyholders service beyond the call of duty.

When you need insurance for your home, car, or business, look for this Big "I" symbol. To display it, an insurance agent must meet professional standards designed to protect you.

Minor Burns

Cold water can be an effective treatment for minor burns. It relieves pain and reduces the tissue temperature. This lessens the possibility of scarring and promotes faster healing. Severe burns should be cared for by a doctor to insure the prevention of infection, and also in treating the victim for shock.

LEGAL NOTICE

Sealed proposals addressed to the Honorable Mayor and City Council of the City of Friona, Texas will be received at the office of Arley L. Outland, City Manager, until 1:00 p.m. May 15th, 1970, for furnishing all necessary materials, machinery, equipment, superintendence and labor for constructing certain Water Works and Sanitary Sewer Improvements.

The principal items of work are as follows: WATER WORKS IMPROVEMENTS--2080 feet of 4", 640 feet of 6", 1635 feet of 8", 1635 feet of 10" water mains including the necessary valves, fire hydrants, and fittings; and SANITARY SEWER IMPROVEMENTS--4270 feet of 6" sewer mains--0' to 12' depth of trench, 2688 feet of 8" sewer mains--0' to 16' depth of trench, including the necessary manholes, cleanouts and other appurtenances.

Bidders must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Proposal Bond from a reliable Surety Company, payable without recourse to the order of The City of Friona, Texas, in an amount not less than five (5%) percent of the largest possible bid submitted as a guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required Check or Proposal Bond will not be considered.

The Successful Bidder must furnish a Performance Bond and Payment Bond on the forms provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the owner.

All lump sum and unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids and to waive formalities, and to accept the bid which seems most advantageous to the City's interest. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "unbalanced") unit prices will authorize the Owner to reject the bid.

Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, page 91, chapter 45, (Article 5159A Civil Statutes (1925) concerning the wage scale and payment of prevailing rates of wages as established by the Owner. Said scales of prevailing minimum rates of wages is set forth in the specifications. Copies of the Plans and Spec-

STUDENT OF THE WEEK... Janie Perez is honored this week as the Distributive Education class' "student of the week." Janie is employed at Friona Public Library.

MONTHLY SURVEY

Additional Jobs Will Be Subject Of Survey

Information on the number of persons holding more than one job and the total of hours worked at each job will be collected during a survey to be conducted in this area during the week of May 17, according to Mr. Walter A. Freeman, Jr., Director of the regional office of the Bureau of the Census in Denver. Laura L. Hart will visit households in the local area.

Local interviews will be part of a nationwide effort to measure dual job holding in the U. S. They will be conducted in conjunction with the Bureau's monthly survey of employment and unemployment. Employment statistics are gathered monthly by the Bureau for the U.S. Department of Labor's Bureau of Labor Statistics to provide a continuing measure of the economic health of the Nation. Households to be interviewed here are a part of a scientifically designed sample of the U.S. population.

Although some of the questions to be asked are similar to those asked in the 10-year census taken as of April 1,

ifications may be secured from Parkhill, Smith & Cooper, Inc., Consulting Engineers, 201 Avenue R, Lubbock, Texas.

CITY OF FRIONA, TEXAS (OWNER)
By R.L. Fleming, Mayor 30-1tc

Census officials say the monthly survey is essential to provide a continuing picture of current trends.

Facts about individuals collected in the survey are held confidential by law; the results can be published only as statistical totals.

Holly's Fiscal Year Reveals Net Loss

Holly Sugar Corporation this week reported a fiscal year net loss of \$2,465,000 or \$1.59 a share as a result of adverse weather affecting the 1969 Rocky Mountain and Texas crops. Holly previously had indicated it could have a loss for the period. The loss for fiscal 1970 reflects an income tax credit of \$3,069,000.

The loss was in contrast with a profit of \$3,674,000 or \$2.38 a share for last year, President John B. Bunker said. The provision for income taxes in fiscal 1969 was \$2,094,000. Sales for the fiscal year ended March 31, 1970 were \$84,734,000 compared with the record \$102,248,000 in the similar period last year.

The decline of sales for the sugar processor and food distributor was largely attributed to the discontinuance of Holly's cattle feeding operation and reduced marketing of sugar in fiscal 1970.

Plans have been finalized and a last minute call has been made for persons interested in the Wayland Baptist College study tour to Greece, June 1-22.

The announcement has come from Dr. McDonald W. Held, chairman of the fine arts department at the college and tour director. May 1 has been set as deadline for making reservations for the trip.

After a successful study tour to Greece during the micro-term at Wayland in January, 1969, it was decided to repeat the program this year. Dr. Held also served as tour director during the 1969 program.

Much interest has already been exhibited in the tour.

The study tour is fast becoming a popular program of educational institutions. It has a wide appeal because of its educational value combined with the pleasure of travel.

No country in the world holds as much for the student of western civilization in history, literature, theatre, as does Greece. With a history beginning more than 4,000 years ago, the Golden Age of Greece developed during the fourth century before Christ.

This year's tour of Greece has been expanded from the 1969

tour. According to Held, this tour will include areas in the central and northern part of Greece. Because of the richness of history to be found there, three semester hours of credit may be obtained in classical theatre and drama, with credit in either speech or English, or in History 323, The Ancient World. A specific course of study has been prepared for each departmental program. However, should there be those who would like to make the tour but who are not interested in obtaining college credit for it, there are a limited number of places in the tour group to provide for them.

Interested persons in the tour should contact Dr. McDonald Held, Department of Speech and Theatre, Wayland Baptist College.

HIGH-STEPPING. . . Lazbuddie's Charles Lee, nearest the camera, is shown clearing the first hurdle in the class B state finals at Austin last weekend. Lee, the defending state champion, had to settle for second place this year, as Roger Sanders of Crawford won the race. Rickey Bennett of Whiteface, who beat Lee at Regional, is second from right. He placed sixth. Monte Barnes, the Longhorns' other state meet entrant, placed sixth in the shot put.

Renner-Led Team Wins In Pro-Am

The team of pro Cotton Renner, Kay Renner, both of Friona, and W.T. Braly and Ken Fair of Amarillo won the annual Friona Country Club Pro-Am Monday.

They recorded a low ball of 56.

Larry Kaplan of Ross Rogers and Richard Hale of Floydada tied for low pro honors, each shooting a 73.

Canyon's Chip Bridges recorded a one-under par 70 on the par-72 layout for first place honors.

"The full impact of last year's adverse weather and its effect on the sugarbeet crop is reflected in fiscal 1970 operating results since Holly utilizes the last-in, first-out (Lifo) method of valuing its sugar inventories," Bunker said.

"This will enable Holly to begin the current year without having to carry over high cost sugar to charge against fiscal 1971's sales," he said.

Bunker reported that April was profitable as the corporation returned to normal conditions in processing a good California crop.

Shortest recorded reign was that of Dauphin Louis Antoine, Louis XIX of France, which lasted for 15 minutes.

Two Chosen For SWPS Science Symposium

Larry Johnston, Friona High School junior, and science instructor Harley Merritt are among 550 of the state's top science students and teachers selected to attend the Tenth Annual Texas Nuclear Science Symposium. The symposium runs from June 2 through June 5 and will be held on the campus of the University of Texas at Austin.

The symposium is presented by the Texas Atomic Energy Research Foundation, of which Southwestern Public Service Company is a member, and the University of Texas at Austin, 44 High Plains students and teachers, including the Friona pair, will be sponsored at the symposium by Southwestern Public Service Company.

Larry, the son of Mr. and Mrs. James D. Johnston, is a member of the National Honor Society and the Student-Faculty Congress. He has made two trips to state competition in solo

and ensemble contests as a band member and was the winner of the district Soil Conservation Essay Contest. He was the high individual in a Dairy Products contest at West Texas State University.

Merritt has been a teacher in the Friona School System for six years. He is teaching biology and physical science at the present time.

In addition to hearing lectures by some of the nation's leading authorities in thermomolecular fusion and nuclear physics, the symposium participants will have an opportunity to tour the fusion research laboratories at the University, where much of our nation's search for knowledge in this vital field is taking place. The symposium will conclude with commencement exercises which will feature an address by Dr. Theos J. Thompson, a member of the United States Atomic Energy Commission.

Irrigating wheat for grain deserves special attention in May. Adequate moisture at this time is especially important in producing top wheat yields. Maximum yield increase per acre-inch of water applied is normally received from May irrigation.

One reason for this expected yield increase is that plant moisture requirements are highest at heading to flowering. Much of the wheat is in or approaching this peak daily moisture requirement period. Three or three and one-half inches of water will remove from the soil by plants and evaporation each 10 days. This rate of removal rapidly depletes available moisture stored in the soil root zone. Soil that has not received significant rainfall or irrigation during the past 15 to 20 days is likely to be dry enough to begin limiting yields.

Good yield response can be obtained from an irrigation at heading to flowering. An application at this time normally boosts yields more than any single irrigation during the season. Research on wheat irrigation shows that this timely application will normally increase yields 10 to 20 bushel per acre. This is a significant yield increase and is profitable unless an excessive amount of water is applied. Yields have consistently been higher when water was applied at heading to flowering.

Adequate moisture during the grain filling stage is also important. Even though daily water requirements are two to two and one-half inches every 10 days, an irrigation has increased yields when rainfall didn't supply needed moisture. This irrigation will normally increase yields 8 to 12 bushels, which is also a profitable water expenditure for small applications.

Spring wheat growth was good this year due to adequate subsoil moisture from heavy fall rainfall. However, moisture stress now and during grain filling is likely to limit yields more than if spring growth had been less vigorous.

An irrigation by flowering and another during early grain filling can increase yields as much as 20 to 30 bushels where production potential is high.

Republicans Adopt 4 Resolutions

Parmer County Republicans held their county convention at Farwell last Saturday, in the County Court House.

The convention passed four resolutions.

The first resolution went on record favoring President Nixon in his policies in regard to the war in Vietnam and other Indo-China states as he deems necessary, and recommended that the war be won.

Secondly, the group asked the Texas Legislature to enact, define, and enforce stricter laws concerning pornography.

Also, a resolution was passed asking that Texas be exempt from Daylight Savings Time.

Lastly, a resolution was passed reminding President Nixon of his policy on law and order, and asking him to pursue that policy with great speed in this country. "Dissenters have the right to dissent, but not the right to destroy property, and should be dealt with as law-breakers when any law is broken. We support law enforcement officers to uphold the law by whatever means necessary. We recognize the right to dissent, but stress that there is no right to riot," the resolution said.

Glenn Lust was elected chairman, and R.L. Jones secretary of the convention.

THE OLD AND THE POOR ROCK ON. A group of interviewers discovered this for themselves as they talked recently with 53 older, rural Americans about their life.

Minnie Bell, Extension specialist for aging, reports these needs of Senior Citizens which the interviewers found:

1. They need to be better informed about programs which will help them.

2. Health programs need to better help them to reduce discomfort and to help change their outlook on life.

3. Services of a visiting nurse or someone comparable may be better than sending an older person to an institution.

4. Housing needs improving and taxes reduced on homes owned by elderly.

5. They need help to benefit more from social activities.

6. They need help to "get out;" lower fares for transportation.

7. The older people need help to make use of their skills or train them in new skills.

RECEIVES SCHOLARSHIP. . . Jan Jameson, second from left, is presented a special \$100 scholarship by Mrs. Ethel Bengler and Mrs. Sam Williams of the Friona American Legion Auxiliary. Looking on is counselor Baker Duggins.

Jan Jameson Receives Legion Scholarship

Miss Jan Jameson, daughter of Mr. and Mrs. Earl Jameson, and a senior student at Friona High School, was awarded a

scholarship by the Fourth Division of the American Legion Auxiliary of Texas, at the Division Convention held in Big Spring, May 2-3.

Mrs. Sam Williams of Friona, District President and official delegate for the Friona Unit, accepted the award in behalf of Jan and the Friona Unit. Mrs. Ethel Bengler, Unit President, made the presentation to Jan at Friona High School on May 7.

The award is one of two scholarships given this year by Fourth Division of the American Legion Auxiliary which comprises the 16th, 17th, 18th, 19th, and 21st. Congressional Districts. The scholarships were limited to children of veterans, and the applications were judged by impartial judges selected by the president of the division. Miss Jameson plans a career in home economics, with a major in interior design. She received the scholarship on the merit of her past accomplishments in the area of home economics. She was twice county 4-H champion in the Foods Division, twice county Bake Show Queen, once county and district champion in Foods Educational Activity, with a blue ribbon on the state level.

She was twice county Dress Revue champion and served as a Junior Leader two years, and as an adult leader two years. In 1967, she was chosen Gold Star Girl for Parmer County, and received the 1966 and 1967 Farm Bureau award as an outstanding 4-H'er.

As a Future Homemaker of America, Jan earned the Junior and Chapter Degrees and this year attended the State meet in Austin as high point girl. She plans to begin her college education at West Texas State University, where she is enrolled for the 1970 fall term.

Cub Scout Program Has Circus Theme

Cub Scouts of Pack 56 held their monthly pack meeting at the Junior high auditorium on Friday, May 1.

The Webelos were in charge of the opening ceremony. Eugene Bandy gave the welcome. As the theme for the month was the Cub Scout Circus, a grand parade was held, after which skits were presented by each den.

Included on the agenda were magicians, a trick dog, an animal trainer and all his animals, a wild man, a tight wire walker, a strong man, and other circus actors.

One den had a girlie side show (all acts performed by Cub Scouts, of course).

Awards were presented to the following: Ky Graham, Pat Reznik, Farron Young, Scott Fangman, Rod Owen, Mike Phillips, Danny Hand, Mitchell Smiley.

Charlie Pena, Terry Wilcox, Dan Nazworth, Mark Edelman, Dewayne Williams, Joe Ber-

mea, Phillip Hand, Tommy Villalobos, Jeff Porter, Lynn Welch, John Carson, Jesse Bermea and Tony Johnson.

Webelos In Day's Outing

On Saturday, May 9, Friona's Webelos went to Camp Don Harrington for the annual Webelos Day.

After spending the entire afternoon at the camp, the pack ate supper and returned home. The group participated in eight planned activities.

Those attending from Friona were Mitchell and Ronald Smiley; Terry and V.R. Wilcox; Dan and Billy Nazworth; Dewayne and Rex Williams; Tommy and Tom Villalobos and Paul and Albert Lindley.

Also, Charlie Pena, Mark Edelman, Joe Bermea, Lynn Welch, John Carson, Jesse Bermea and Tony Johnson.

Cubmaster Eugene Bandy also attended.

World's tallest totem pole is 127 feet 7 inches high, weighs 9 tons, and was carved from a single cedar pole.

Girl Scouts Report

The members and leaders of Girl Scout Troop 211 visited Grandma's Doll and Craft House at Black Wednesday afternoon.

They were conducted through the house by Mrs. T. J. Presley, owner. Mrs. Presley makes dolls and doll clothes. She also re-finishes old trunks and chests; does oil painting and many other interesting arts and crafts.

Mrs. Presley was described by one member of the troop as a "very talented lady who was most gracious to us." Then added, "We enjoyed our visit very much."

Hot dogs, punch, relish and cold drinks were served on the lawn of Grandma's Doll and Craft House.

Peace Officers To Be Honored

An appreciation program, which will honor city, county and state peace officers, will begin at 3 p.m. Sunday, May 17, at American Legion Hall. It will be jointly sponsored by the American Legion and American Legion Auxiliary.

This program has been planned to coincide with the national "I Am An American Day."

The affair will be informal and anyone interested in expressing appreciation to peace officers is invited to attend by Ralph Taylor and Mrs. Ethel Bengler, heads of the two local organizations.

PERFORMING MICE. . . The pretty little misses decked out here as dancing mice are just four of the 22 young ladies who will be performing in recital, Saturday, May 16, at 8:15 p.m. in the High School Auditorium. Members of Sue Green's School of Dance pictured here are Robin Martin, Shawn Osborn, Sunny Horton, and Christy McManaman. Enrollment for summer classes will be Wednesday, May 27 from one to two p.m. at 1307 Washington. Those interested should inquire at that time.

Lewis To Conduct Drama Workshop

Don Lewis of New York City has been secured to conduct a summer drama workshop June 3 through June 17. Lewis, who has appeared in several Broadway musicals, is the son of Mr. and Mrs. Henry Lewis and began his acting career in Friona High School.

Plans have been made for three sessions each day. A session for teenagers will be held from 10 a.m. until noon; a session for older teenagers, who have had some experience, and adults will be held each day from 2 to 6. Then an evening session will be held from 8 to 10 p.m.

The younger age group will be working on the production of Tom Sawyer. Those of the

older group who are interested in acting will be doing scenes from various well known plays. Then there will be a study in set work, technical and lighting, make up, directing, etc.

Tuition for the two weeks session has been tentatively set at \$10 per person. All who are interested are being asked to contact Mrs. Steve Messenger at 247-2805 as soon as possible, so that plans may be completed.

Don will be needing individuals with experience to assist him with music, directing and other phases of production. Everyone interested in assisting is asked to contact Mrs. Messenger.

Former Resident Presents Program

Rev. Bill Foil, former pastor of First Baptist Church and now pastor of Baptist Church, Canyon, presented the program at the Tuesday evening meeting of Modern Study Club at Federated Club House.

His talk on "Inspiration For Everyday Living," was followed by two vocal solos, "Follow Me," and "How Great Thou Art." He was accompanied by Mrs. Roy V. Miller Sr., at the piano.

Mrs. Miller also directed the invocation. Other guests were Mrs. C.W. Dixon and Mrs. Curtis Murphree.

Mrs. J.G. McFarland and Mrs. John Gaede, hostesses, served refreshments to the guests and twenty members.

Others in the picture are Mrs. Loy Loafman, Mrs. Hardy May, and Mrs. David Grimsley, who were co-hostesses. The tea honored a group of older mothers, grandmothers and great grandmothers.

Girls Auxiliary

Has Coronation

Girls Auxiliary of First Baptist Church recognized its members Sunday evening for the work they had done this year. Mrs. Johnny Mars was the narrator.

Queens recognized for excellent work were Vicki Pryor, Jana Robertson, Lisa Taylor and Dorothy Johnston. The princess recognized was Jerri Benge.

Ladies in waiting were Darla McClellan, Tammi Williams, Ann Zetsche and Jason Widner. Maidens were Cindy Cleveland, Paige Osborn, Lorri Euler, Sharla Benge, Reva Kelly, Shelle Akers, Diane Westbrook, Barbara Rhodes and Elaine Dandridge.

These girls memorize passages from the Bible, learn about mission work at home and abroad, learn about work of their denomination and learn how to be better Christians.

Karen and Sharon Crofford sang, "Does It Make Any Difference To You," accompanied by Esther Smith at the piano. Suzanne Wood sang "So Send I You," accompanied by Mrs. Roy V. Miller and Carolyn Murphree sang "His Way Mine."

Jimmy Murphree was trumpeter and Brian Johnston and Keith Pryor were candle-lighters.

Debbie Benge and Cindy Barnett read responsively from John 3.

A reception in Fellowship Hall followed the recognition.

Women Invited To Attend Meet

There will be a meeting of the Farmer's Wives at 2:00 p.m. Thursday, May 14 in the community room of Friona State Bank. A film will be shown and there will be a discussion on recent magazine articles.

Mrs. Dwan Menefee, spokesman for the group, invites all women in the area to attend. She says, "This will be a wonderful opportunity for women to learn what they can do to help agriculture. You do not have to belong to any organization. Just come."

It's Our **22nd Anniversary**

And We Want To Say **THANK YOU**

This week we are 22 years old and begin our 23rd year in Friona. What a change there has been! We had only a small stock in 1948 and Friona had about 1,000 people. Now Allen's has as complete a selection of jewelry, gifts and bridal selections as you will find in towns much larger. Though Friona has also grown to a population of around 4,000 people we say Thank You for your business in the past and we would consider it a great honor to serve you in the future.
