

With census time getting closer every day, we continue to receive interesting information from the Census Bureau. And, since much of it will soon be outdated, we thought we would again pass along a few tidbits to our readers.

According to records of county population figures, Parmer County had the whopping population in 1890 of 7 (seven) persons. You could have had the whole county over for Sunday dinner, and then have been eligible for a write-up in the newspaper.

Of course, there weren't any newspapers, so there you'd have been.

By 1900, the county's population had boomed to the total of 34, and of course a few years after that big land promotions began in earnest. This can be seen by the fact that our numbers had increased to 1,555 by 1910, and the county was officially organized in the meantime (in 1907).

After reaching a population of 5,869 in 1930, the growth sort of levelled off for some 20 years, with there being a change of less than 100 in each of the two succeeding censuses. In 1940, the head count for the county was 5,890, and in 1950 it was 5,787.

The development of irrigation caused the population to swell again between 1950 and 1960, with the count being 9,583 by 1960. Naturally, it's anybody's guess, but we couldn't be surprised at a population of 12,500 when all noses are counted this year.

Among other things, it will mark the first time that the county's population will have officially topped the 10,000 mark.

We thought it surprising that the six counties represented by Bill Clayton in the state legislature (Parmer, Deaf Smith, Castro, Bailey, Lamb and Cochran) had a combined population of only 199 in 1890. Of this total, Deaf Smith had the lion's share, or 179.

(Our neighboring county to the north, being "older," had logged a population of 38 "way back in 1880.)

In 1960, the six counties referred to above had grown to a combined population of just less than 70,000 persons. The upcoming census should find at least 80,000 souls in the same counties, as they have, for the most part, experienced growth.

The first Texas census was taken in the year 1850, five years after the state was annexed to the union. Of course, there was nothing to count in these parts, except for the jack-rabbits, buffalo, antelope and a few wandering Indians, for about another 40 or 50 years.

We were reading this week from a column penned by the Star's founder, J.W. White, some 35 years ago. Up until then, we thought some of the jokes you hear about our dust storms were of recent vintage, but now we know differently.

For instance, "Uncle John" was telling about hearing the one about a man in a neighboring town fainting, on account of the weather being so dry. You may have guessed—it took two buckets of sand to revive the gentleman.

Then Mr. White related a story about a motorist noticing the birds all flying backwards, to keep the dust out of their eyes. He added the footnote that he had heard this one some 20 years earlier, which would date it around 1915 or so.

Then there was the one about a farmer who saw a ground hog who had burrowed up out of the ground, and continued some 20 or 30 feet in the air, but was finding it slow going, so dense was the dust.

We were visiting my grandparents at Muleshoe the afternoon after the eclipse of the sun, and were talking about the fact that sometimes chickens have been known to go to roost in mid-day when an eclipse occurs.

Grandmother reminded us that there were several times during the "Dirty 30s" in these parts when the chickens went to roost early in the afternoon, so dark it became because of the dense dust storms.

BY GROWERS

Sugar Beet Contract Is Given Approval

Sugar beet farmers have a contract for the 1970 crop, and now they'd like to have some nice weather so as to get the crop planted so as not to have a late crop.

The growers, in a called meeting last Friday at Hereford's Bull Barn, ratified a contract with Holly Sugar Corp. that will provide a market, for the 1970 beet crop.

The contract, which stipulates that the price of beets will be determined on a sliding scale varying with their quality, was drawn up last Thursday after several meetings between growers and Holly officials.

Jay Boston, president of the Texas-New Mexico Sugar Beet Growers Assn., told the growers that the contract is "the best we can do without closing the plant."

Chamber Eyes Freight Woes

The Friona Chamber of Commerce's freight committee met this week following complaints concerning irregularities of freight deliveries in the city.

Art Jordan, president of Curry Motor Freight Lines, Inc., was to meet with the committee on Wednesday and discuss the situation.

The chamber is asking merchants to accumulate specific records of irregularities on freight deliveries, in order to help correct whatever irregularities that exist.

Members of the Chamber's freight committee are Kenneth Williams, Hollis Horton and Ron Dreckman.

ON ANNEXATIONS

Planning-Zoning Board To Meet Monday Night

A meeting of the Friona Planning-Zoning Committee was held last Friday.

Pet Clinic Here Friday

The annual vaccination clinic for city pets continues at the city Fire Department Friday between the hours of 3 and 5 p.m.

Only a small number of dogs and cats were brought to the clinic last Friday, and residents are reminded that according to city ordinance, pets must be vaccinated and licensed annually.

Dr. Gene Cope of Hereford will administer the shots. Cost of shots and licenses is \$5.00.

Beet growers were seeking to have the same contract they had last year, which was held to be fair and reasonable by the U.S. Department of Agriculture.

Holly Sugar Corp., meanwhile sought a change in the contract, since the corporation lost money on the 1969 crop, mainly due to the low sugar content of the beets.

The 1970 contract will also call for a \$1.50 limit to be placed on hauling fees paid by the company. The fees, five cents per ton per mile, are not paid for the first 10 miles, and this change will have little effect on anyone hauling less than 40 miles, according to Jimmy Witherspoon, executive secretary for the assn.

Following the meeting, Witherspoon said, "We're agreed on the principle of the contract. Now it's just a matter of getting the language worked out."

Friday's meeting, attended by some 400 of the growers and interested persons, was called a "question and answer" type program, with board members fielding questions from the grower members.

Final vote on ratification of the contract was 198 in favor and 44 against.

Temperatures

Date	Ht	Low
March 11	28	23
March 12	29	20
March 13	35	21
March 14	57	25
March 15	65	30
March 16	72	24
March 17	33	17
Moisture: .06 (1 inch snow)		
March 18: .02 (1/2 inch snow)		
March 12:		

The planting of beets has been held up while negotiations were underway on the contract. Planting usually is underway by the first of March.

Now that the contract matter is whipped, many beet farmers now would like some concessions from the weather. That may be an even tougher matter to contend with.

Bond Totals Are Given

According to Frank A. Spring, Chairman of the Parmer County Savings Bonds Committee, the 1970 Savings Bonds goal for Parmer County is \$100,000. January sales totaled \$3,390 for three per cent of the sales goal.

The 1970 sales goal for Texas is \$179.9 million. During the month sales were \$15,862,542 with 9 per cent of the state's goal achieved.

The Treasury Department announced that sales over the nation totaled \$407 million—3.8 per cent below January a year ago. Exchanges of Series E for Series H Savings Bonds during the month amounted to \$17.2 million.

Absentee Voting At Lazbuddie

The Lazbuddie Independent School District will hold a school trustee election April 4, in the school auditorium. Roy Miller and Raymond McGehee are seeking re-election. Other candidates are Glen Lust, Elvis Powell and Gary Hicks.

Those voting absentee, may do so at the Superintendent's office, March 16 through 31. The office will be open from 8 a.m. to 4 p.m.

Fred Burch will be acting as presiding judge with Junior Matthews and James Mabry as Clerks.

Lewis Column Receives "Golden Pencil" Award

Nelson Lewis, who writes a weekly column, "Pause and Reflect" for the Friona Star, this week was presented a public service award, H&R Block Company's "Golden Pencil Award."

Ted Hasbrouck, Dallas, manager for H&R Block in Texas and Oklahoma, and Virgil Belcher, Amarillo, Block's area manager, came to Friona on Tuesday to make the presentation.

Hasbrouck stated that only about seven such awards were being presented in the state of

FICKLE WEATHER, . . . Vickie Mingus is like many Frionans who are wondering if we're going to have spring or just more winter. Spring days have interspersed blustery winter days the past two weeks, and many fruit trees and early flowering plants have been adversely affected.

Bovina Woman Heads County Census Work

Mrs. Charles Corn of Bovina has been appointed as Parmer County's crew leader for the 1970 census, which will begin on April 1.

R.C. Butler, manager of the Census Bureau's Amarillo office, announced the appointment.

Each crew leader will supervise 15 to 20 enumerators in the census. In her training, Mrs. Corn has learned procedures for training enumerators, canvassing methods, preparation and submission of reports and supervision of enumerators to insure a complete and accurate count.

The crew leader is one of the key people in the field operations of the 1970 census. It is his responsibility to train the enumerators, to assign each one to an enumeration district; to review the work of each and see that it is correct, and to handle problems of difficult enumeration.

Seaton's Hog Was Bidding War Object

(From the Houston Post)

It was strictly a family affair at the record-breaking sale of the Houston Livestock Show's grand champion barrow Friday afternoon.

W.M. (Billy) Mitchell wound up the winner in the hot and heavy bidding—but only after he outbid his wife and son with the world's record price for a hog, \$6,550.

Fourteen-year-old Rickie Seaton of Lazbuddie, the champion's seller, couldn't have been happier to see a family fight over who was going to spend money.

THE CROWD OF about 300 people was equally delighted when Mrs. Mitchell jumped into the bidding against her husband who also set a world's record when he paid \$6,300 for last year's champion.

Cries of "Come on, Ruby" and "Come on Billy" rang out in the jammed auction arena as Mr. and Mrs. Mitchell became the sole bidders.

She first bid at \$5,300 and then they jumped one another with slower and slower \$100 leaps until it looked as though she would be the winner with a bid of \$5,700.

When her husband next bid \$6,000, Mrs. Mitchell's mouth fell open and she thought a while before going to \$6,100.

LAUGHING FRIENDS BEGAN getting confused between which of the two to encourage, but they managed to keep the couple bidding until Mitchell nearly bought the champion Hampshire hog for \$6,400.

Mrs. Mitchell debated long before she broke up the crowd by raising the bid \$10. He went to \$6,420, and then she jumped to \$6,450.

It appeared to be all over when Mitchell went to \$6,500, but the crowd went wild when a bid of \$6,510, came from the back of the crowd.

The bidder was the Mitchell's 19-year-old son, Mike. While the crowd was laughing, Mike joined his startled parents for a hasty conference.

Mitchell then made his world's record bid and the family got together to pose for pictures with the happy Future Farmer of America who got the money.

MRS. R.T. (BOB) HERRIN did a quick job of buying her second reserve champion of the show.

She opened the bidding with \$1,000 and quickly clinched the sale with her winning bid of \$2,000 for the reserve champion, owned by Kyle Hanni, 10, of Davis, Okla.

Thursday, Mrs. Herrin outbid her husband and bought the reserve champion lamb for \$2,725.

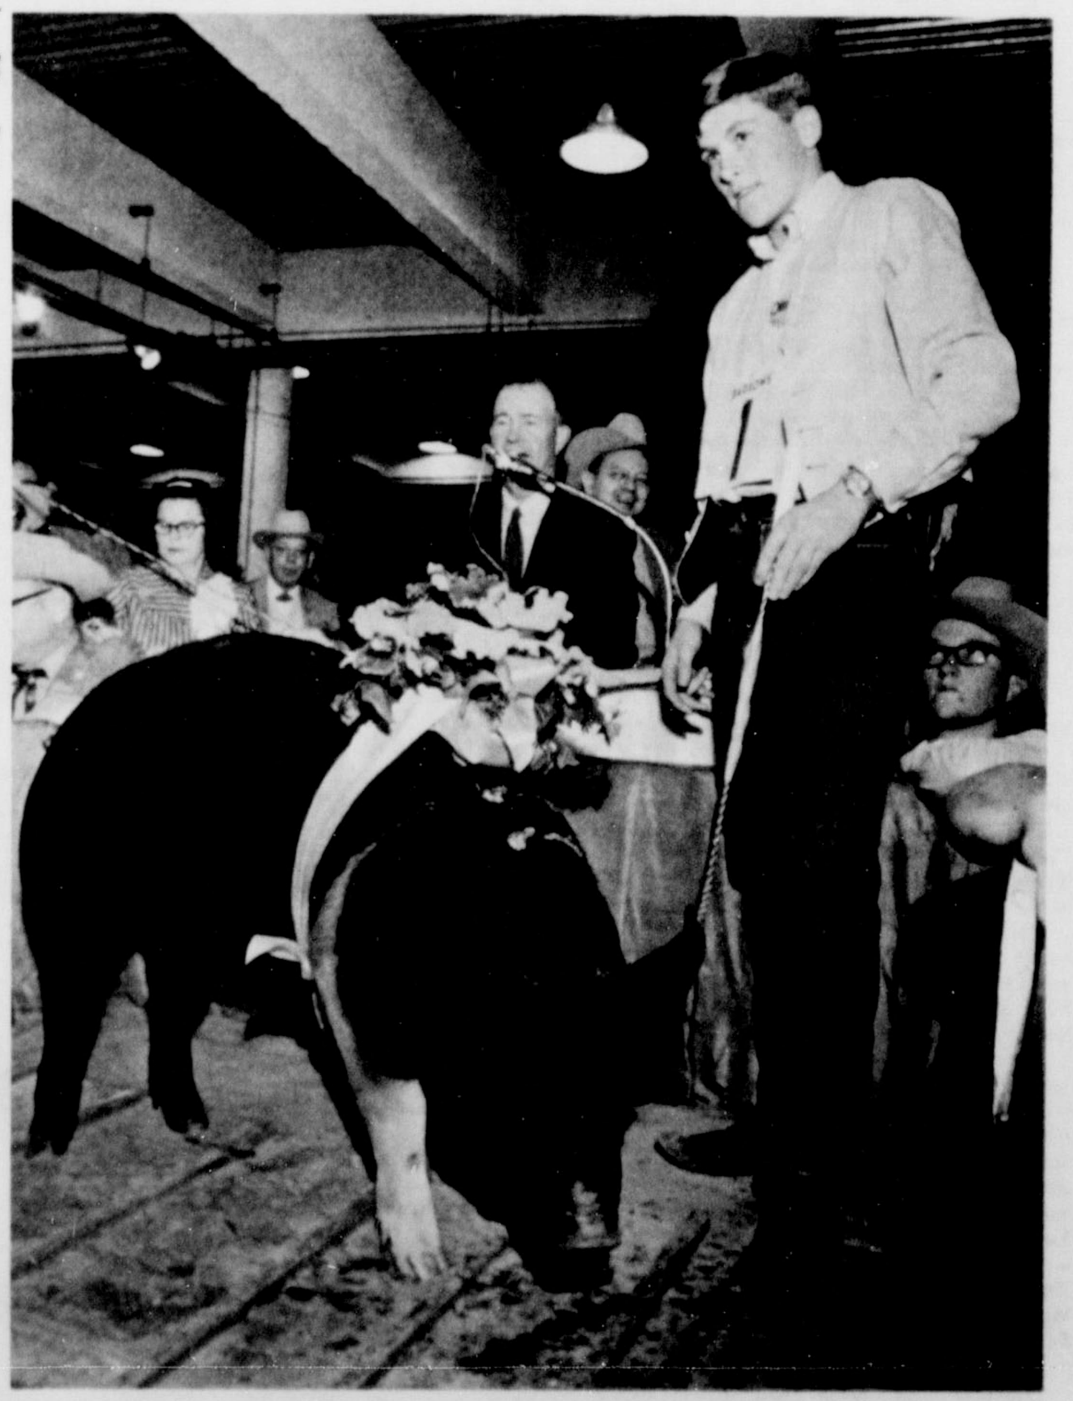

Before the sale began, auction committee members warned up the buyers by holding a hog calling contest.

Cheering sections quickly sprang up for the four contestants—Mitchell, Tommy Vaughn, Edgar Brown Jr. and M. C. (Buddy) Bray, all show officers.

The warm-up evidently worked for the buyers purchased 495 hogs for a total price of \$68,604.51 or 76 cents a pound. Without the champions included, the auction brought \$60,054.51 or 66 cents a pound.

LEWIS HONORED. . . Nelson Lewis, left, is being presented the H&R Block "Golden Pencil" award for his column, "Pause and Reflect," and receives the congratulations of Star publisher, Bill Ellis, right, and Ted Hasbrouck, Dallas, area marketing chief for H&R Block for Texas and Oklahoma.

SHOW-STOPPER. . . Rick Seaton, Lazbuddie FFA member, is shown with his Hampshire, which was the grand champion at the Houston Livestock Show two weeks ago, and made history by bringing the world's record price for a hog—\$6,550. Seaton is the son of Mr. and Mrs. Jimmie Seaton (Photo courtesy the Houston Post)

Star Features Easter Series

The Friona Star is featuring a series of special pre-Easter messages in its regular church ad during the month of March, written by Rev. David Johnson, of Sebring, Florida.

Last week's article was entitled, "When God Was On Trial." The article this week is called "He Could Not Save Himself," and next week's column is entitled "Victory Over the Grave."

Readers are urged to read these special articles, which are especially timely with the season.

"YES, YOU MIGHT SAY WE HAVE PLANS"

AN EDITORIAL

This Book Reviewer Had A Red Face

The COLUMBIA (North Carolina) STATE put the whole story as succinctly as any we have read on the matter, and we tell it in just their words; -to which we can think of nothing to add:-

Spotted in the New York Times book review section, this literary query from a reader.

"C.S. asks if anyone can tell her who wrote the poem that contains these lines: 'And where is the band who so vauntingly swore mid the havoc of war and the battle's confusion—a home and a country they'd leave us no more?—Their Blood hath washed out their foul foot-steps' pollution—No refuse could save the hureling and slave—from the terror of flight or the gloom of the grave.'"

The Times couldn't imagine.

Less confused, several readers recognized the author as Francis Scott Key, the "poem" as "The Star Spangled Banner," third verse. Missing from C.S. inquiry were the next two lines, a lead giveaway: "And the star-bangled banner in triumph doth wave—o'er the land of the free and the home of the brave."

Likewise the home of red-faced book review editors caught with their sophistication showing.

Friona Flashbacks

...from the files of the Friona Star

40 YEARS AGO—MARCH 21, 1930

Mr. Scovell, local manager of the West Texas Gas Company at Hereford, was in town Thursday afternoon and paid the Star office a brief visit. He stated that the company was then unloading three carloads of gas pipes here for use in the Friona mains, and expects that work of laying it will be started within a very short time.

30 YEARS AGO—MARCH 22, 1940

Earl Prather of Friona showed the grand champion fat pig in the sixth annual Parmer County Junior Livestock Show in Friona Saturday of last week. Other winners included: sow and litter—Burl Beene, Friona; bred or open sow—Edwin Foster—Oklahoma Lane; bred gilt—Keith Blackburn, Friona; fat calves—Stacy Queen, Bovina; junior heifer—Charles D. Julian, Lazbuddie.

25 YEARS AGO—MARCH 16, 1945

Funeral services for E. B. Black, pioneer businessman for the area, were conducted in Hereford Tuesday. Black, 78, was a pioneer of this area, and he is the one for which the Black Community is named.

20 YEARS AGO—MARCH 17, 1950

Ground-breaking ceremonies for Friona's newest building were held Sunday. Mrs. J.N. Messenger, charter member of the First Baptist Church, turned the first shovel full of dirt to mark the beginning of the construction of the \$70,000 auditorium of the church. D.H. Meade, Amarillo, and Clyde Hayes also participated. Meade is also a charter member. Hayes is chairman of the board of deacons. Special music was provided. Some 150 persons enjoyed "dinner on the ground."

15 YEARS AGO—MARCH 18, 1955

Announcement of several transactions and building plans for Main Street were made in Friona this week.

James Mabry negotiated for two lots across from Piggly Wiggly, and plans to begin construction within two weeks of an ultra-modern office building on the property.

The Carl Maurer property on the corner north of the Marcum-Claborn Funeral Home this week was contracted to Kenneth Williams, who is planning a small retail business, probably of the drive-in eating type establishment.

Wright Williams, owner of the property between Gib's Cleaners and Plains Hardware on the east side of Main Street yesterday disclosed intention of beginning construction of a 50 x 100 retail building, to be rented to a department store. No tenant has been announced.

10 YEARS AGO—MARCH 17, 1960

Hot-shooting Buna killed the hopes of the Friona Squaws for a state basketball championship last Friday in Austin, as the Squaws fell, 66-63 in the finals of the state tournament. Hitting a phenomenal 84 per cent of their shots, the Buna team went into the final quarter leading, 57-40. Ball-hawking by Lawana Houlette and shooting by Jacquelyn Magness turned a 66-51 score into 66-63 within three minutes' time, but the final whistle sounded before the Squaws were able to pull victory out of the bag. The Squaws had downed Bowie, 60-54 in an overtime game to reach the finals.

5 YEARS AGO—MARCH 18, 1965

For the third year in a row, the Friona High School Squaws placed two members of their team on the girls' class AA all-state team. The Squaws, seeking to repeat as state champions, battled to the finals, where they fell to unbeaten Edna, 60-57.

Pause And Reflect

By Nelson Lewis

There is a belief among our German forebears that if one is "gebitten by a rattlesnaker" one should immediately partake of copious quantities of certain alcoholic beverages in the fond hope of retarding the toxic effect of fatal venom. Tain't so!

The beverages are necessary but not in that order.

A better plan is for the intended victim to indulge freely before he bites the rattlesnake.

Alas and alack, this noble theory went the way of so many well laid plans of mice and men.

Nolan County, Texas, being a "dry" county the Prairie Prowler was forced to bite into the snake while in a state of complete sobriety (the Prowler that is—the snake's condition was unknown.)

And you know what?

It was delicious; very similar to fried chicken.

Maybe, we'd better tell you the whole story.

MAN BITES SNAKE... Fearless reporter (Nelson Lewis) bravely samples rattlesnake.

The whole story being that on Saturday last Mr. Henry N. (Napoleon) White and yours truly forsook our natural habitat for the great reaches of the South Plains.

Circumventing the sprawling metropolis of Lubbock we descended the Caprock and in due times arrived at the city of Sweetwater, Texas.

Here, we were met by Ted Weaver, Bill King, and Patrick Burchfield who accorded us a welcome befitting travelers from a far land.

Ted Weaver is well known to most Frionans, having been manager of our Chamber of Commerce in the not too distant past.

Bill King is president of the Sweetwater JC's and has every appearance of being the type of young man destined to grow big with the city of his choice.

Pat Burchfield calls Columbus, Ohio, home and is at present manager of the Lane Pet Shop in Sweetwater.

During his army career he was Curator of the Research Serpentarium at Fort Knox, Kentucky. He has made several trips to Central America and Southeast Asia collecting and studying the most deadly reptiles on earth.

He is the expert "snake doctor" whose lectures and demonstrations contributed a great deal to the success of this 12th annual Sweetwater Rattlesnake Roundup.

Upon entering the Coliseum Henry and I were confronted by a circular enclosure containing over 6,000 reptiles—most of whom were either rattling, buzzing, squirming, crawling or licking out long black tongues at curious tourists.

Not wishing to intrude upon the sport of our newly-found friends we very graciously stood aside and let them attend to the weighing-in, venom-milking, butchering (at this point the temptation to help was almost overpowering) skinning, etc.

And then came the moment of truth!

We were led, as lambs to the slaughter, to that point in the arena where several well-meaning citizens were busily engaged in preparing the long-pink carcasses for the table.

Whose table?

"Not ours" we were heard to mutter.

However the tempting aroma and the sight of plates piled high with golden morsels proved too much for the Old Prairie Prowler, and like Eve in the Garden, he was tempted and did eat thereof.

So endeth our snake tale (t-a-l-l maybe?)

All in all it was a very entertaining experience. The final count was 7750 snakes, the largest being 6'2" long and weighing 7 pounds. He paid one dollar per inch, plus a trophy.

Over 12,000 people attended the snake show and the gun and coin show held in an adjoining building.

All the way home we marveled at the way these Sweetwater folks have taken a "low-down, sidewinder" and turned him into a civic asset.

Makes us wonder what we here in Friona may have overlooked.

A tumbleweed pageant maybe?

Strictly Personal.

The H & R Block award was a complete surprise, and proud tho I certainly am, I want all my readers to share it with me, for without your inspiration and support there would be no "Pause and Reflect." Thanks to Dale Hart for submitting the material for consideration and to the "Star" for backing me up 100%.

Standard Oil Company of California noted that the Swanson River field, discovered 12 years ago, was the first significant oil find in more than half a century in Alaskan oil exploration. Its commercial success triggered the rush of oil capital to Alaska, and marked the beginning of the state's extensive petroleum resource development. Today the area is considered an outstanding example of multiple land use and a showcase of cooperation between the oil industry and federal fish and game authorities.

Highway Patrol To Check For Licenses

Figures just released by the Texas Department of Public Safety reveal that many of the more serious accidents are involving unlicensed drivers. Highway Patrol Sergeant Bill Wells of Hereford stated today that all of the men under his command will be checking driver licenses while on routine patrol. He also stated that this is not meant to be harassment of the licensed legal driver and asks their understanding in this venture.

Patrolman Shed and Greer, stationed in Parmer County will become very familiar figures to many of the citizens that use the highways daily around this area. In addition to asking for drivers to produce their driver license, the patrolmen stated they will be checking for compliance of the Motor Vehicle Inspection program.

Figures reveal that 9.6 percent of persons involved in fatal accidents in the first six months of 1969 were unlicen-

sed. Another startling statistic points out that one out of each seventeen Texas residents involved in motor vehicle accidents during this same period was not licensed. Approximately 400,000 unlicensed drivers are using the streets and highways in Texas at this time, according to Sergeant Wells.

Every Branch of the Texas Department of Public Safety as well as local authorities, is working to protect the citizens of the State of Texas. Help is requested from everyone by persuading an unlicensed driver you may know to get a Texas Driver License as this could help save a life someday.

Schools will be held to aid those persons who need help to obtain a driver license. Sgt. Wells said that if persons needing help would call the DPS office, the time and location of the next school could be obtained.

Jury List Released For District Court

Names of 72 petit jurors who will report for duty next Tuesday, March 24 were released this week by Sheriff Charles Lovelace.

Twenty-one cases are scheduled on the docket, all criminal. The jurors will report to the district courtroom at 9:30 a.m. Tuesday.

Those selected were:

Max Crim, Leonard Coffey, Dee Owen, Bee Westbrook, Bill Wariner, Wayne Spears, Gary Cox, Mrs. Kenyth Cass, John Fred White, Mrs. H.R. Coccougher, Mrs. Obra Cole and Paul Winegeart.

Also, Mrs. O.O. Dale, J.T. Jones, Mrs. Otis Huggins, Charles Corn, Harold Travis, Clyde Woodard, Elmer Hargrove, Stanley M. Klimek, Don Littlefield, Jerry Hinkle, Freeman Davis and Mrs. Leslie McCain.

Also, Mrs. Billy Watts, Mrs.

M.A. Snider, Jr., Mrs. Louis Welch, Mrs. Danny Black, Mrs. Sarah Vera, J.C. Robertson, Jr., Clyde Perkins, Jerry London, Ralph Robinson, J.C. Harris Sr., Owen Broyles and Mrs. Darlena Burnett.

Also, W.E. McClothlin, W. M. Bradley, R.G. Barron, Mrs. J.C. Embry, Ruben Taylor, Alton Morris, Ance Renner, Mrs. Charles Allen, Clyde Fields, E.L. Fairchild, Fred M. Burch and C.C. Matthews Jr.

Also, H.T. Edwards, Guy Latta, John P.A. Drager, Mrs. Henry Jahne, Ronald Lee Davenport, J.H. Mears, Mrs. Clyde Weatherly, R.L. Hopingardner, H.W. Hardage, L.L. Grissom, Mrs. Chester Rogers and Earnest Nowell.

Also, Karl J. Gast, Ronald Elliott, James H. McDorman, J.J. McDonald, Mrs. Floyd Brookfield, Dwaln Menefee, Ronnie Webster, Calvin Meissner, Royce G. Welch, Mrs. Robert Rundell Jr., Curtis Murphree and Clarence Knight.

Police Chief's Brother Dies

Funeral services for Benjamin R. Morgan, 25, were conducted Tuesday morning in Albuquerque. Morgan was the brother of Bill Morgan, Friona's Chief of Police.

The younger Morgan was killed in a one-car mishap in the early morning hours Sunday when he apparently lost control of his car while travelling west on Interstate 40.

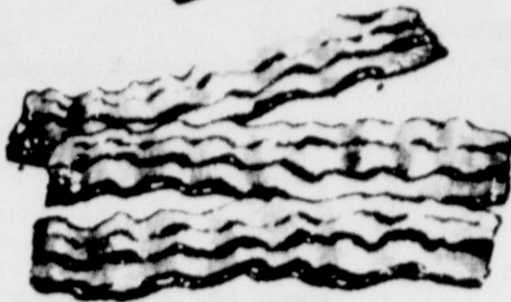

Other survivors include the parents, Mr. and Mrs. Claude Morgan of Albuquerque and a sister, Mrs. Glenn Townsend of Clovis.

Farmers received an average of 40 cents of each dollar consumers spent at retail for U.S. farm produced food in Jan.-March 1969, nearly the same as in 1957-59, but 10 cents less than in 1947-49. The farmer's share depends both on the prices he receives for his products and the costs of marketing them. The more marketing services, the greater the cost. When the consumer spends a dollar on food at the grocery store, he is buying 40 cents worth of products and 60 cents worth of marketing service.

PUBLIC NOTICE City of Friona Pet Vaccination

Ordinance #81, City of Friona, provides for levying of Dog Tag and Vaccination of pets within the city limits. The vaccination, tagging, registration and tagging of dogs for 1969 will be held at the fire station, Friona City Hall between the hours of 3 p.m. and 5 p.m. on Friday, March 13 and Friday, March 20. Dr. Gene Cope, Hereford, licensed veterinarian, will be present to administer the vaccinations. Tags \$2.50, vaccinations \$2.50 for a total charge of \$5.00 per dog.

Arley L. Outland
City Assessor-Collector

CLEANING WORK. . . This series of pictures shows work being done by City of Friona employees this week in cleaning out sand which collects yearly in a city water storage tank. The ground storage tank at Sixth and Grand, after being drained, was cleaned of approximately two yards of sand. City officials said this was about half the usual amount cleaned from the tank. Working inside the tank are Albert Wolfington and Don Powell. Shown on top of the tank are P.C. Aragon and Lewis Murietta.

Ayers To Committee Of National Association

Three officers of the Texas National Guard, including Maj. Gen. Ross Ayers, Texas Adjutant General, have been named to committees of the National Guard Association of the United States.

Gen. Ayers, whose permanent home is in Friona, was named to the Legislation Committee, by Maj. Gen. James F. Cantwell, NGAUS president.

Named to the Army National Guard Committee was Maj. Gen.

Selden Simpson, Amarillo attorney and commanding general of State Headquarters Command Augmentation section.

Lt. Col. Louis A. Howard, commanding officer of the Air National Guard's 221st Mobile Communications Squadron, Garland, will serve on the association's Public Relations Committee for the current year.

Approximately 2,100 Texas Guardsmen are members of the national association.

Hospital Notes

Admissions:
 Granville McFarland, Friona; Lola Glover, Clovis; Juan Ramon Trevino, Friona; Mrs. Bobby Robinson, Friona; Rhonda Field, Friona; Oscar Gallardo, Bovina; Lucia Samarron, Friona; Mrs. Severo Gonzales, Friona; Kay Renner, Friona; Otho Whitefield, Friona; Norene Pannell, Hereford; Deon Robinson, Friona; Linda Dozier, Friona; Charles M. Rector, Friona; Mary Grubbs, Friona; Lura D. Bradley, Friona; Teresa Maurer, Friona; Tammi K. Russell, Bovina; Betty Whitson, Farwell; and Sherri Grant, Farwell.

Dismissals:
 Clyde Hays, Ludie Choate, Lucretia Johnson, Grady H. Dodd, Mrs. Bobby Robinson, Juan R. Trevino, Lola M. Glover, Joe L. Lumbrera, Marjorie Watkins, Pearl Hastings, David L. Sides, Edna E. Brecht, Abram Lomas, Jr., W.H. Gammons, Herman Estes, Granville McFarland, Kay Renner, Linda Dozier, Mrs. Michael Field and baby, Oscar Gallardo, Maude Harrelson, Mrs. Severo Gonzales and baby, Mrs. Bobby Robinson and baby, Deon Robinson and Charles M. Rector.

Patients In Hospital:
 Lura D. Bradley, Lee Walter Blevins, Sherri F. Grant, Mary Grubbs, Cayson Jones, Carmen Teresa Maurer, Norene Pannell, Roy M. Potts, Tammi Kay Russell, Emma Schueler, Betty Whitson, Otho Whitefield, Beulah M. Williams, and Frances Whiteside.

Ralls Resident Buried Monday

Funeral services for John L. Laminack, 66, Ralls, were conducted from First United Methodist Church there at 2 p.m. Monday.

Laminack, who was the father of Mrs. Tom Jarboe of Friona, died in Lubbock Methodist Hospital Saturday. He was a farmer.

Other survivors include his wife, Wilda; three sons, Dale Wayne Laminack, Lubbock, Jim Laminack, Stateville, North Carolina and Johnny Jeff Laminack of Ralls; two daughters, Mrs. Darlean Stovall of Floydada and Mrs. Margaret Lancaster of Lubbock.

Also four brothers, one sister, eight grandchildren and one great-grandchild.

Burial was in Ralls Cemetery.

Tailwater Recovery Can Stretch Irrigation Water

Are you a farmer who is interested in stretching your irrigation water this summer? Then read this advice from the Soil Conservation Service.

Marion E. Clark, SCS Technician at Friona, says the best way to save irrigation "tailwater" is through the use of a tailwater recovery system. Such a system saves farm irrigation water by collecting that water which runs off the surface of sloping fields and making it available for re-use on the farm.

According to the SCS, tailwater recovery systems are adapted for use and work best on land that is served by a surface irrigation system which has been properly designed and installed. Such a system makes it easier to save soil and wa-

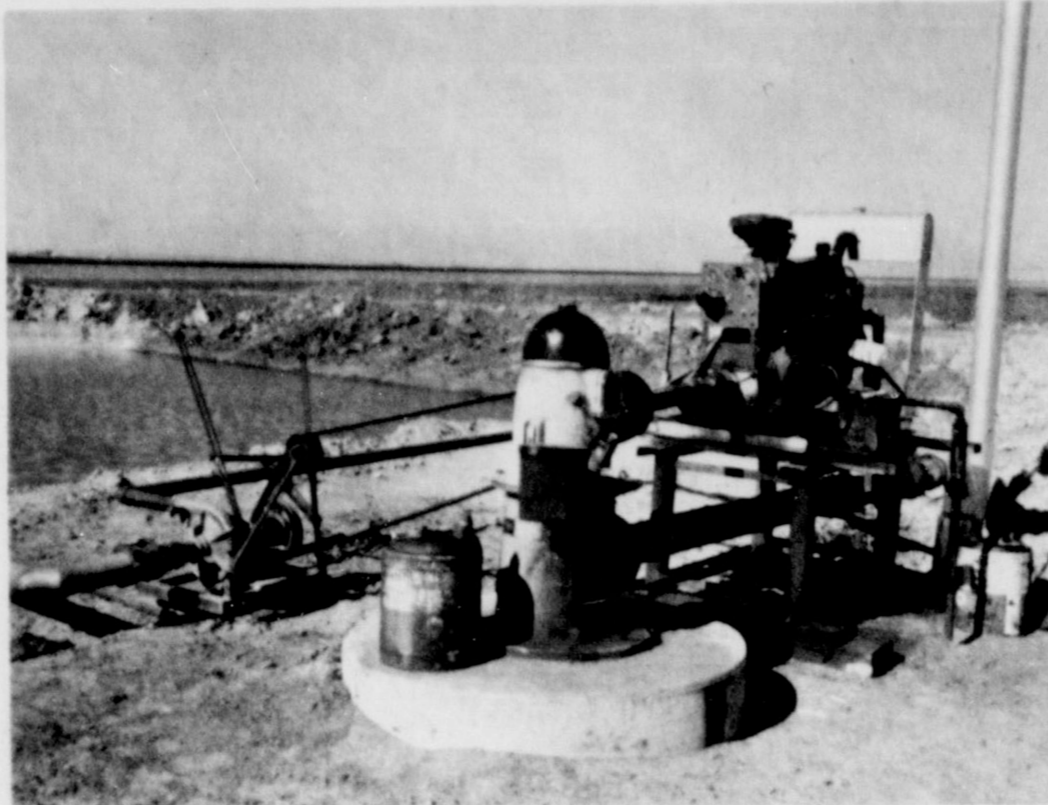

ter where there is excessive irrigation runoff.

"Tailwater recovery systems can be used in conjunction with either a graded furrow or graded border system," Clark advised.

Storage pits should be well protected from erosion and damage from rainfall runoff. In addition, sediment traps should be installed where needed.

Some way must be provided to return the collected tailwater to other systems for re-use. This may be either underground or aluminum pipelines or open ditches.

For help in "stretching" your irrigation water through a tailwater recovery system, see any of the SCS technicians assisting the Parmer County Soil and Water Conservation District,

RECOVERY PIT. . . A recently completed tailwater recovery pit and pump are shown on the Cecil Baxter farm northwest of Friona. (SCS Photo)

At Home In Parmer County

By Janice Miller
County HD Agent

This coming Saturday, March 21, the Parmer County 4-H Food Show will be held at the Oklahoma Lane Community Center. This is just one of the many 4-H events held each year in the County. I would like to say thank you to the girls who planned this activity: Audrey Magness, Cheryl Gohlke, Deborah Harding, Carrie Haseloff and Lee Ann Williams. These girls are working on one objective of the food show—to develop leadership.

Deborah Harding, County Council Delegate, attended the District 14-H Council Workshop March 13 & 14. The Workshop was held at Amarillo and included work on District Committees, 4-H Councils, recreation, and ways of improving 4-H activities throughout the District. Delegates from the 22 counties in District 1 attended this annual activity.

Hate to make buttonholes? Buttonsnap, the button that needs no buttonhole, has been developed by one notions company. Each buttonsnap consists of a snap with a special backplate plus a button shell to cover with fabric.

For oven cooking of frozen vegetables, partly defrost the vegetables to separate pieces. Then spread the vegetables in a greased casserole, add seasonings, you like and cover. Bake until just tender. At 350 degrees F., partially frozen vegetables generally require about 45 minutes cooking time.

Texas has 37 wood treating plants and is one of the leading states in the wood preserving industry. Properly treated poles, posts, and timbers will last 30 years or more even though exposed to moisture, soil, and insects.

Hog Raising Meeting Was Well-Attended

Eighty interested persons attended the hog meeting which was held at the Hub Community Center on March 11, according to Ronny McNutt, County Agricultural Agent. The purpose of the meeting was to inform both prospective hog producers and producers already in business of the potentials for money in hogs.

Dr. Bill Thomas, Extension Service Swine Specialist from College Station, and the first speaker, stated "The initiation of a hog enterprise can be justified by one of the following conditions (1) marketing home-grown through hogs, (2) utilizing labor more efficiently, and (3) substituting swine production for an unprofitable farm enterprise."

Dr. Thomas presented a discussion on factors to consider when going into the hog business. One factor to consider is adequate financing. This is absolutely necessary due to the lack of income for at least six months after initiating a new hog enterprise according to Dr. Thomas.

Type of operation was another

factor Dr. Thomas discussed. Alternatives are many and some of the common types are as follows (1) purebred production, (2) feeder pig production, (3) finishing pig production, and (4) complete farrow through finishing.

Other factors that a producer must consider and decide on are as follows, Dr. Thomas pointed out: (1) confinement, or pasture operation, (2) size of hog operation, (3) consideration for confinement buildings, (4) selection of breeding animals, and (5) feeding programs.

"Estimated costs and returns for alternative swine enterprises" was the topic discussed at the meeting by Ed Garnett, Extension Service area Farm Management Specialist from Amarillo.

Three money lending agencies representatives appeared on the program and discussed how their organization can help in financing hog operations.

Joe Montgomery, Vice president of the Security State Bank of Littlefield, discussed how

this bank handles the financing of its hog producers.

Also, Robert Neelley, manager of Production Credit Association of Friona, explained how their organization can help in the financing of an operation.

The Farmers Home Administration was represented by George James, county supervisor from Tulla. Mr. James pointed out in addition to his discussion on financing, that anyone going into the hog business should first secure a waste water discharge permit. These permits are required by law and permits may be obtained at the county agents office in Farwell.

If we can freeze-dry other perishables, why not fresh flowers? Flowers have been freeze-dried without affecting the color. Extension consumer marketing specialist Gwendolyn Clyatt, reports that the blooms will last from 8 to 12 months.

"Providing A Service To The Entire Cattle Industry"

At planting time, speed and service count. We can fertilize 20 acres in half an hour. With the right fertilizer at the proper rates.

You're hours and bushels ahead with Crop-Mate.

You call. We apply. Fast. On time. While you're doing something else. And plant uptake is almost as fast as the application. That's because the P and K in CROP-MATE are 100% water soluble and available, and are always combined with the right amount of ammonium nitrogen for extra-fast action. And the Special Phosphate in CROP-MATE is "buffered" for longer availability. You also get a proper balance of nutrients—just what your crops need to reach the yield goals you set. It's all part of the CROP/GUIDE™ Plan, "the best way known to raise crops in your area." Your American

Oil CROP/GUIDE Manager can give you complete details. And you can count on him for the CROP-MATE Fertilizer and application service you need . . . when you need it. Call him today! "You expect more from American and you get it!"™

"Why is Crop-Mate better than what I've been using?"

"as you farm ask us"

On The Farm In Parmer County

RONNIE McNUTT
County Agent

The time to spray weedy wheat fields is now, according to Dr. Frank Petr of Amarillo, area agronomist with the Texas Agricultural Extension Service.

Recent precipitation has increased prospects for winter wheat grain yields and grazing. But winter annual and other broadleaf weeds can compete rapidly for moisture needed by the wheat plant and should be eliminated as soon as possible.

Not all wheat fields require spraying as good stands of vigorous wheat shade the ground early and discourage establishment and growth of weeds, points out the agronomist. Heavily grazed fields or fields with a reduced stand due to drought or insect pests will probably need to be sprayed for weed control.

Weed control measures should be taken promptly before weeds can affect the potential yield of the crop. Research on weed competition has been conducted by Dr. Allen F. Wiese at the U.S.D.A. Southwestern Great Plains Research Center at Bushland. His studies show that one weed per square foot can reduce wheat yields by 10 percent. If a potential yield of 40 bushels per acre is assumed, the yield loss would be four bushels or approximately \$5.00 at current prices. With an estimated spray cost of \$1.50, this could mean an extra income of \$3.50 per acre for controlling the weeds.

When two weeds are present per square foot, the estimated yield loss is 20 percent, continues Petr. Assuming a 15 bushels per acre yield on dryland, the loss would be about three bushels of wheat. This would pay a \$1.50 per acre spray cost and still provide the farmer with an additional \$2.25 per acre income from the weed control practice.

One-half pound per of 2, 4-D will control tansy mustard and most annual broadleaf weeds found in wheat at this time. Wheat yields will not be reduced if the spraying is done when the wheat is fully tillered but before vigorous spring growth starts. Spraying can be done either with aerial or ground equipment with good results.

In many fields weed populations are greatest near the edges where weed seeds have been blown in from roadsides and fence rows. In such cases spraying a few swaths around the field may eliminate the heaviest infestation and make it unnecessary to spray the entire field, concludes Petr.

4-HERS SHOW

Three Parmer County 4-Hers exhibited their livestock this week at the South Plains Junior Livestock Show in Lubbock.

Galen Carson and Rush Looney both of Bovina exhibited crossbreeds in the steer division. Galen also has a crossbred steer in the carcass contest.

Ronald Powell represented Lazbuddie 4-H when he showed his two Hampshire barrows in the show.

STUDENT OF THE WEEK... Nora Martinez is saluted by the D-E and ICT classes of Friona High School as their "Student of the Week" this week. She is shown with her employer, Kenneth Williams of Ben Franklin.

PLACE IN CONTESTS... Three Friona students placed in the VICA and DECA district contests for distributive education and industrial cooperative training students. From the left are Don Phillips, instructor, J.D. Spencer, who placed fourth in photography; Milton Carlton, honorable mention in parliamentary procedure and Kenny Taylor, fourth in welding.

Pasture Re-Seeding Is Termed Good Practice

Establishing long-range stands of adapted species of perennial, biennial, or reseeding forage plants on lands converted to pastureland from other uses is a good conservation practice.

A dead litter cover or mulch is required for the seeding of grasses except where grasses are planted in rows and can be cultivated; or where grass plantings are irrigated; or when Johnson grass is drilled after May 1.

Under irrigation and where wind erosion is a problem, a nurse or protective crop of fall or winter planted small grains sown at one half normal rate, may be grown in which the grass is seeded at the regular planting time. Competition of the protective crop is eliminated prior to seeding of grass by use of sweeps or leaving blank

rows in the drill or row areas in which to seed the grass. Planting method Close-spaced rows (24" or less) using drill or similar planting equipment at a depth of 1 to 2-1/2 inches. Rows should not be spaced more than 14 inches apart for best results.

Seedbed Preparation Sweep, disk, one-way, or other wise thoroughly work the land in the spring as soon as weeds begin growth, and use any appropriate tillage methods to keep land clean thereafter until time to drill the crop for dead litter.

Drilled or broadcast seeded planting will be required on land with slopes in excess of one percent; on long slopes up to one percent where water erosion is evident and on pastureland where the planting of high residue crops would be required to be drilled in if cropland.

Patrol Investigates 12 Rural Accidents

The Texas Highway Patrol investigated 12 accidents on rural highways in Parmer County during the month of February, according to Sergeant W.E. Wells, Highway Patrol Supervisor of this area.

These crashes resulted in four persons injured and an estimated property damage of \$9,865.00.

The rural accident summary for this county during the first two months of 1970 shows a total of 17 accidents resulting in no persons killed, five persons injured, and an estimated property damage of \$19,535.00.

In an all-out effort to stem

the rising toll of traffic accidents in Texas, the Department of Public Safety is increasing the ranks of its uniform services.

One hundred and twenty men between the ages of 20 and 35 are needed to start training for the position of patrolmen

on May 5, 1970.

All interested young men should contact any DPS office or patrolman for an application. Those who work Monday through Friday may contact the Lubbock, Amarillo, and Wichita Falls offices on Saturday mornings for processing.

4-H Food Show Saturday At Oklahoma Lane Center

Parmer County 4-H food show has been set for Saturday, March 21 in the Oklahoma Lane Community Center. Judging will begin at 2 p.m. according to Janice Miller, County Home Demonstration Agent.

The presentation of awards will be at 3:30 p.m. with a tasting party immediately following.

Two girls from the senior division and two from the junior division will be eligible

to compete in the District food show.

This year the senior entries are required to enter a foreign dish and be able to tell its origin and significance to the diet. All entries will be judged on their knowledge of foods and nutrition, the food exhibited, the exhibit, the recipe, day's menu and their foods records.

Girls who will be entering the food show are now enrolled

in a foods and nutrition project. Leaders and junior leaders who are working with these groups are Mrs. Wayne Magness-Bovina; Mrs. Walter Hughes, Mrs. Gene Deeds, Mrs. Leon London and Deborah Harding-Farwell; Mrs. Ben Foster, Jr.-Lazbuddie; and Mrs. A.H. Haseloff, Mrs. Hubert Gohike and Carrie Haseloff-Oklahoma Lane.

One baby in every 16 born alive comes into the world with a substantial physical, mental or chemical defect, according to the Easter Seal Society for Crippled Children and Adults of Texas.

KNICKS ARE 4-0

Only One Unbeaten In Little Dribblers

Only one undefeated team was left in Friona's Little Dribblers basketball league at the end of the second week of play March 14.

The Knicks, by virtue of a 21-16 win over the Bucks, and a 33-23 win over the Lakers on Saturday, have a 4-0 record. Holding down second place are the Hawks (3-1), who also scored a pair of wins, one a 26-24 overtime thriller over the Bullets, and the other a 28-25 win over the Bucks, one of the first week leaders.

The Bucks, by dropping their two games, are in third place with a 2-2 record.

Every team in the league has at least one win after two weeks. The Bullets, after three close losses, including the overtime game, finally won a close one of their own, 27-26 over the Celtics on Saturday, to get into the win column.

Bob Zetsche's four points in the overtime period kept the Hawks in second place with their 26-24 win over the Bullets, who had a 17-13 lead going into the last quarter.

The Celtics took their first win on Thursday, a 21-19 squeaker over the Lakers. Trail- ing, 4-0 after the opening per-

iod, the Celtics outscored the Lakers 21-15 the last three quarters. Bryan Nickels' 12 points paced the winners, and Loren Martin and Teddy Mac Harper scored all but one of the Lakers' points.

The Knicks and Bucks were both unbeaten when they met last Thursday. The Knicks had a 6-0 first-quarter lead, when they fell behind 9-7 at the half. They outscored the Bucks 14-7 during the last half.

as Kent Miller led scoring with 11 points.

The Hawks and Bucks had a tight game on Saturday in their battle for second place. The Hawks outscored the Bucks, 10-7 in the first quarter, and this turned out to be their margin of victory. Davey Carthel's 14 points led all scorers.

Action in the league continues on Thursday afternoons and Saturday mornings at the Grade School Gymnasium.

LITTLE SHOOTERS, . . . Recent action in Friona's Little Dribblers program shows Davey Carthel going up for a shot. In the bottom photo, Keith Martin heaves the ball goalward.

Chief keeper of the Vatican Library, Cardinal Giuseppe Casper Mezzofanti (1774-1849), could translate 114 languages and 72 dialects, and spoke 60 languages fluently.

Oldest known formally written language is Sumerian, dating from 3,300 B.C.

PLACE HIGH IN MEETS

Longhorn Track Team Making Up Lost Time

The Lazbuddie Longhorns, who were late switching from basketball to track uniforms because of a two-week wait for the playoffs, are now beginning to make up for lost time.

The 'Horns also hampered by cold weather after they got to the workout stage, have placed high in two meets this spring, in spite of only having three actual workouts.

Lazbuddie, with only seven men entered in the South Plains Relays at Levelland, placed fourth in the meet with 62 points, and might have won the meet except that a dropped baton caused the spring relay team not to place. Lazbuddie was leading at the time of the mishap and the 20 points in the event would have given the team the meet title. There were 16 schools entered in the meet.

Despite being small in number, Lazbuddie's track teams have some outstanding individuals.

Charles Lee, who won the high hurdles at the state meet, last year as a sophomore, has won both meets to date. Lee has been beaten only three times in the past three years, each time by someone from a larger school classification. He won last week despite having a pulled muscle.

Monte Barnes won both the shot put and discus events at Levelland. Mike Casey won the 440-yard dash, clipping three seconds off his time of the previous week despite having only one day to work out.

Other placers at Levelland included George Wilson, second to Barnes in discus, and fourth in the shot. Besides winning the hurdles, Lee placed third in the high jump.

Arthur Graves was fifth in the 440-yard dash and the high jump.

Up to this week, the Longhorns only had ten men out for track, and three of them are freshmen. In addition to Graves, there are Mark Barnes, a pole vaulter and hurdler, and Rick Seaton, who runs the intermediate hurdles.

Jimmy Noland also throws the shot and discus, and has been close to placing.

This Saturday the Longhorns go to Jayton to meet and Coach Pat Casey was hoping for some good weather for workouts this week.

"We had barely worked out when we went to the Idalou meet, and used it mostly for a workout," he says. (The team placed third in that meet.)

Casey said the two-week interval while the basketball team waited for its bi-district game spoiled things for his athletes. For one, it didn't help the basketballers, who were at their peak at the end of district play, but played what he termed their "worst game" of the year in bi-district.

Since the same boys run track that play basketball, they couldn't begin working out until the roundball season ended.

One thing about it--the Longhorns are getting good mileage from the boys on the track team. Coach Casey just wishes he had a few more boys out.

Largest university building in the world is the Lomonosov University, south of Moscow, which stands 787 ft. tall, has 32 stories and contains 40,000 rooms. It was constructed in 1949-53.

RHONDA GARTH
Friona All-Star

Women's BB Meet Starts Thursday

The second annual Amarillo National Invitational Women's tournament opens Thursday, at the Civic Center with eight teams battling for the title. Defending champions are the Hutcherson Flying Queens of Wayland Baptist College.

The Queens meet Kansas State today at 4:15 after John F. Kennedy College of Wahoo, Neb. starts things off against Ranger Junior College at 2:30. In the evening games, Midwestern College of Denison, Iowa tackles West Texas State at 7 p.m. with Ouachita Baptist College of Arkadelphia, Ark.--last year's runner-up--meeting Temple Junior College at 8:45.

All teams will play three games in the tourney. Consolation game is set for 4:15 Saturday with the third place game to be played at 7 and the championship contest at 8:45.

Tickets will be on sale at the Civic Center box office. The Civic Center is located at Third and Buchanan in downtown Amarillo. Tickets are available locally from Coach F.C. Crawford. Single game tickets are \$2.50 and \$1 for students. Books of three tickets are \$6 and \$1.50. All seats are reserved.

SET MEET

Girls Track Hampered By Weather

Friona High School's girls track team, something new on the sports scene at FIS this year, was hoping to have its first competition of the season in a four-way meet at Bovina Thursday afternoon.

The meet was scheduled last Thursday, but cold weather forced its cancellation. Inclement weather has also hampered workouts, according to Coach F.G. Crofford.

Up to Tuesday of this week, the squad had been able to work out only about two days this season, so that Crofford hadn't really had an opportunity to place the girls in events. "I suppose we'll find out Thursday just who can do what-if we get to compete," Crofford said.

Some 30 girls are out for the program this year, the first time in several years for it to be sponsored by the school. Practically all the girls who came out for girls basketball are out for the squad, plus some who did not play basketball.

It was explained that the meet events for the girls are much the same as for boys track, except that the girls do not run the mile or pole vault.

However, there are three additional events for girls--the 880-yard relay, the 80-meter hurdles and the hop-step-jump.

After the meet at Bovina on Thursday, an invitational meet at Panhandle on April 4 has been scheduled.

CONTESTANTS. . . Eight of the students who competed in the D-E and ICT contests at Amarillo last week are shown above. In the back are J.D. Spencer, Harold Reed, Joe Harrelson, Milton Carlton and Larry Rector. Seated are Mitch Terry, Don Phillips, instructor, Amelia Sims and Kenny Taylor.

Disa Marie Davis Born In Dallas

Disa Marie is the name Mr. and Mrs. Don Davis of Dallas chose for the baby girl born to them at 1:27 p.m. February 21 in Medical Arts Hospital. She weighed 7 lbs. 7 ozs. and is the first child for the couple.

Maternal grandparents are Mr. and Mrs. R.B. McKee of Friona.

Mrs. Davis is the former Kay McKee.

Friona Legion Post Up For Dist. Honors

Fifteen American Legion Posts will be honored at the annual 18th District Spring Convention of the American Legion, to be held here Saturday and Sunday, March 21-22, Richard Miller, Commander of Post 372, has announced, by being presented citations for attaining their membership quota.

Posts and their commanders are: Amarillo 372, Richard Miller; Booker 523, Wm. E. Campbell; Canadian 56, D. J.W. Stephenson; Dodson 535, B.B. Martin (VC); Friona 206, R.O. Taylor; Matador 337, J. M. Thacker; Memphis 175, H. D. Gregory; Nazareth 528, C. D. Kleman; Pampa 898, Henry R. Johnson; Panhandle 441, James E. Bunch; Perryton 254, Fred W. Schomaker; Shamrock, 68, Troy D. Johnston; Silverton 290, J.M. Jarnagin; Stratford 262, Curtis Davis, and Tulla 214, Robert L. Gardner.

Registration will be open on Saturday at 10 a.m. at the Herring Hotel, where all convention sessions will be held. At 1:30 p.m. there will be a training program with Garland DeLamar, Legion Field Representative, Waco, in charge. The social hour will be at 5 p.m. in the Crystal Ballroom.

The joint session for The American Legion and Auxiliary will be in the form of a banquet at 7 p.m. in the Crystal Ballroom, with Commander Miller calling the meeting to order. District Sergeant at Arms James Wilhelm will have charge of colors and invocation will be by Chaplain Henry Teubel of Tulla. Mayor J. Ernest Stroud will give the welcome address and response will be by Troy Johnston of Shamrock. Jack Flynt of Dimmitt, National Executive Committee man, will be principal speaker. Department Auxiliary President Mrs. Clayton Mann and Past Department Commander Clayton Mann will bring greetings. A dance will follow.

Activities will get underway on Sunday with a breakfast at 8 a.m. in the Coffee Shop of the Hotel. Registration will be resumed at 8:30 a.m. The

JACK FLYNT District Commander

Memorial Service will be at 9 a.m. with Henry Teubel in charge.

The Legion's business session will commence at 9:30 a.m. with District Commander William E. (Bill) Brady, Jr. of Claude, presiding. All committee chairmen will report. Garland DeLamar will be principal speaker for this session. Highlight of the business session will be election of District officers, including Commander and Vice Commander. Delegates and Alternates to the National Convention to be held in Portland, Oregon in August will be elected and provision will be made for the Principal and Alternate members of the Department Convention Committees.

ARTIFICIAL INSEMINATION OF BEEF COWS--with rising production costs, concentration of beef operations and the demand for genetic improvement, beef AI is being seriously considered by many beef producers, reports J.R. Beverly, Extension animal reproduction specialist. He advises stockmen to check with their local county agent for detailed information.

Are you going to go through another year thinking you can't afford an Oldsmobile?

Our own surveys indicate that quite a few people think an Oldsmobile is out of their reach. They think it costs a lot more than it really does. Result? Many people buy an ordinary car and end up with a lot less car and value for their money.

It's so unnecessary, too, because Oldsmobile has many models that are priced right down with the so-called low-priced cars.

So why settle for the ordinary when you can step up to an Olds and all the value that an Olds represents.

Take this big, exciting Delta 88, for example. It starts out with a surprisingly modest price. Add to this the features that make it such an outstanding value--extras that are included in the modest price: Regular-gas Rocket V-8 Power Steering Power Brakes, front discs Nylon-loop carpeting Bias-Belted Tires Door Side-Guard Beams Hidden Radio Antenna Flo-Thru Ventilation Bigger, better riding 124" wheelbase. Check these extra values at your Olds dealer's today!

Church Sets Easter Cantata

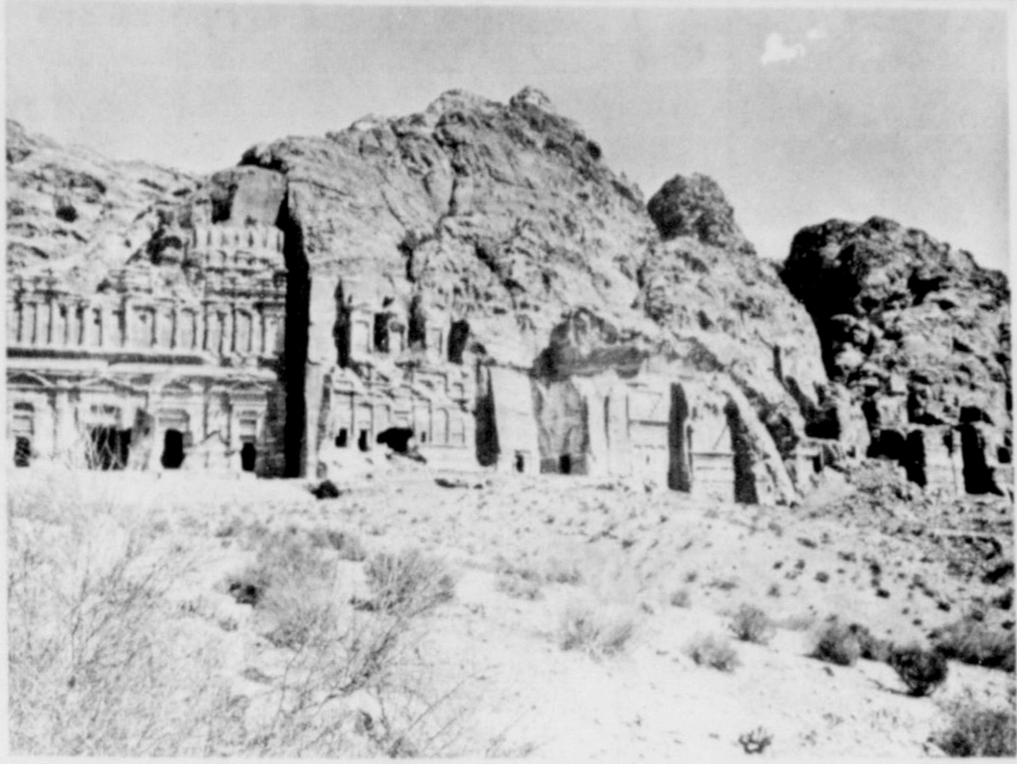

Friona's First Baptist Church will present an evening of Easter music the coming Sunday evening in the place of the regular worship service at 7 p.m.

The church's graded choirs and adult choir will perform on the program. The adult choir will sing, "The Seven Last Words of Christ," by Theodore Dubois.

Soloists for the cantata include Mrs. Melvin Lloyd, soprano, Bill Ellis, tenor, and Bob Watkins, baritone.

Watkins is director of music and education at the church.

CROP ROTATION--Crop rotation in the Blacklands can give increased grain sorghum yields and fewer weed, insect and disease problems, says Dr. Lloyd Fenn, soil scientist at the Texas A&M Research Center at McGregor. Cotton-oats-grain sorghum is a popular rotation but others are equally as good, he notes.

MOVIE SCENE. . . The Valley of Petra, a scene from Biblical times, will be one of the places featured in the Moody Institute film, "The Professor and the Prophets," to be shown at the First Baptist Church Sunday evening at 6:15.

CHURCH FILM

Prediction Of Future Is Church Film Topic

Few topics have so teased and tantalized mankind as the question: Can the future be predicted? Many have attempted this. Many have come forward to claim that the power is theirs, that their eyes could see beyond today and into tomorrow. But when put to scientific tests, these claims have always failed to stand up.

In the Moody Institute of Science film, "The Professor and the Prophets," scientific tests are applied to Bible prophecy. Dr. Irwin A. Moon and guest mathematician Professor Peter Stoner examine a number of famous Bibleland cities. Together they view time-bruised Jerusalem, the rock-hewn valley of Petra, the tarnished glories of Babylon, the lost fortress of Tyre. What are the prophecies about these places? Did they come true? These questions were answered by Dr. William Culbertson in an earlier Moody Film, "The Stones Cry Out." But in "The

Professor and the Prophets," an additional question is considered: Could the accuracy of the Bible prophecy be due merely to human guesswork rather than divine inspiration?

One might at first think there would be no way to determine this. But there is. In fact, there is the technique of mathematics devoted to answering just such questions. It is called "the Theory of Probability."

When Dr. Moon and Professor Stoner apply this theory to just a short series of Bible prophecies, the probability of their accuracy being due to clever guesswork or sheer chance is seen to be almost infinitely small. There is only one logical conclusion: the prophecies of the Bible have not been produced by human invention, but by divine inspiration.

"The Professor and the Prophets" will be shown at First Baptist Church in Friona, Sunday, March 22 at 6:15 p.m. The public is invited.

Future Homemakers of America

Leta Wyly

We are proud to congratulate Leta Wyly and the other five local girls who were recognized at the Area I FHA meeting in Amarillo Saturday afternoon for having qualified themselves for a state FHA degree. Each girl who qualifies for this, the highest award the organization offers, must do a lot of work in the interest of her home, school, church and community. Miss Wyly, who is the daughter of Mr. and Mrs. Elton Wyly, is a senior.

Friona Antique Club

Meets In Flippin Home

Mrs. Bill Flippin was hostess at the Monday evening meeting of Friona Antique Club in her home.

Slides, which had been made from early day photographs of Friona, were shown by the hostess. One showed Main Street looking from south to north. Plains Hardware Store, which was in its present location, was clearly visible. There was a windmill and a wooden watering tub near the store. Also visible were Uncle Ben Galloway's house and Uncle Jo-

hn White's home in its original location north of the present home of Mr. and Mrs. Raymond Jones.

Sandwiches, ice box cake, coffee and cold drinks were served to Mr. and Mrs. O.C. Jones, Mr. and Mrs. Tommie Jones and children, Mr. and Mrs. Dick Habbinga, Mr. and Mrs. Jerry Zachary and children, and Mr. and Mrs. Raymond Jones, members, and Mrs. Lillie Taylor, who was a guest.

Guest Presents

Club Program

Mrs. Lloyd Rector, who was a special guest at the Thursday afternoon meeting of Black Study Club in the home of Mrs. Helen Fangman, presented a cake decorating demonstration. Mrs. Rector decorated an Easter bonnet cake, which was served with coffee, punch and mints and nuts.

The opening exercise was directed by Mrs. George Frye. Each person present was asked

to make a list of songs in which the word "rose" appeared. Mrs. Gene Welch was given a gift for making the longest list.

Others present included Mrs. Rosco Ivie, Mrs. Johnny Mars, Mrs. Glynn Hamilton, Mrs. T. J. Presley, Mrs. Dick Rockey, Mrs. Fern Barnett, Mrs. Cliff Allmon, Mrs. Travis Stone and Mrs. Tommy Tatum.

Keys Honored With

Family Get Together

Mr. and Mrs. Virgil Hughlett and sons honored Mr. and Mrs. John H. Key of Charleston, Arkansas with a family get-together in their home in Lubbock Sunday, March 15. Key is Mrs. Hughlett's maternal grandfather.

Those attending were: Mr. and Mrs. Marvin E. Key, Belen, New Mexico; Mr. and Mrs. Buster Oberson, Nhea and Vi-

cki, Clovis; Mr. and Mrs. John Key, Jr., and Mr. and Mrs. Raymond Key, Stacy and Kim all of Levelland.

Also Mr. and Mrs. L.R. White and Max, Mr. and Mrs. Ted White, and Mr. and Mrs. Ray White and Renee, Friona; Mr. and Mrs. Jimmy White, Kristi and Kathi, Muleshoe; and Walter Key, Amherst.

Forty Two Attend

Area I Meeting

Theme of the two day Area I FHA meeting in Amarillo Civic Auditorium Friday and Saturday was "To Dare Is To Care."

In the Saturday afternoon all area girls who have qualified were recognized and presented a certificate. Local girls in this category were Janet Mingo, Sherrie Shelton, Susan Floyd, Leta Wyly, Debra Wyly and Glenda Deaton.

Three Friona girls sang with the Sharon Singers. They were Denise Buske, Janet Mingo and Rhonda Garth. Members of the Ima Dee Singers Chorus were Carol Reeve, Carolyn Murphree, Nancy Martinez and Fran Dodd. These two singing groups appeared on the program.

Other FHA girls attending the meeting were Jane Rushing, Jayn Massie, Karla Patterson, Kay Riethmayer, Gay Welch, Cynthia Wiseman, Jan Jameson,

Sherry Woodruff, Carolyn Martin, Barbara Allmon, Christine Grant, Gail Melton and Pat Nichols.

Also, Jill Riethmayer, Veda Welch, Margaret Emerson, Cheryl Patterson, Cindy Barnett, Sarah Gammon, Barbara Bass, Patricia Phipps, and Teresa Bingham.

Also the two chapter advisors, Mrs. Ernest Osborn and Mrs. Arthur Turnbough.

Other Frionans who attended were Mrs. Louis Welch, Mrs. Lloyd Mingo, Mrs. Tom Shelton, Mrs. Glenn Floyd and Mrs. Curtis Murphree.

Delayne Steinbock, daughter of Rex Steinbock, and Johnee Seaton, daughter of Mr. and Mrs. John L. Seaton, both students of Lazbuddie High School, were also awarded state degrees. Their advisor is Mrs. Wayne Gilliland.

NORA MARTINEZ, . . . Mr. and Mrs. Henry Gauna wish to announce the engagement and approaching marriage of their daughter, Nora Martinez, to Jimmy Ancira, son of Rev. and Mrs. B.C. Ancira, Farwell. The couple plans to exchange wedding vows at 6 p.m. Friday, June 26, at First Baptist Church.

JOAN MARIE INGRAHAM, . . . Mr. and Mrs. George Ingraham of Duncanville, Texas, have announced the engagement and approaching marriage of their daughter, Joan Marie, to S.D. Balze, son of Mr. and Mrs. Duane Balze, Friona. The couple plans a Friday, March 27 wedding.

Pancake Brunch To Be Sunday

A pancake brunch will be served from 10:30 to 2 p.m. Sunday at St. Teresa's Parish Hall in Friona. Featured on the menu will be homemade German sausage. Charges will be \$1 per plate.

This pancake brunch is being jointly sponsored by the Ladies Societies of St. Teresa's Catholic Church in Friona and St. Ann's Catholic Church in Bovina.

Study Club Members

Learn About Shopping

"With a little bit of luck," Eliza learns about shopping was the theme of the Tuesday evening meeting of Progressive Study Club at Federated Club House. The scripture, "I perceive in all things you are too superstitious," was used. Roll call was answered with "I'm not superstitious, but" An Irish sing song was directed by Mrs. Bill Ellis.

Risa Howell, who was a guest, presented several piano selections.

A panel discussion, "Our modern markets. . . marvelments" was moderated by Mrs. Larry Dyess. Mrs. Billy Joe Mercer discussed nutritional values of new foods and Mrs. Tom Pruett presented some research which has been done on improving quality in our groceries.

It's A Boy For Former Frionans

S. Sgt. and Mrs. Bernard E. Starks of Magnolia, Delaware, became parents of a baby boy there March 2. He weighed 7 lbs. 4 ozs. and was named David Wayne.

David Wayne has one sister, Janie, and three brothers, Darold, Jerry and Tommy. His mother is the former Merlene Gibson.

Mr. and Mrs. Tom Gibson, Friona, are the paternal grandparents.

February and March are the two months with the greatest number of forest fires. Remember, even little fires kill little trees! Lend nature a hand. Prevent Forest Fires!

A consumer quiz was conducted by Mrs. Coleman Moseley.

Refreshments were served by Mrs. Von Edelman and Mrs. Lee Spring, hostesses.

We still have tremendous bargains in ladies dresses and shoes, girls sweaters, men and boys shoes, and many more items. See our circular or ad in last week's paper for specific prices and reductions.

Sale Prices Continue Through March 28.

HURST DEPARTMENT STORE

He Could Not Save Himself

By DAVID JOHNSON

In a world where many things are taken for granted, it is easy for us to overlook the supreme price that Jesus paid for our redemption.

Crucifixion was an unspeakably horrible death. The victim of crucifixion was suspended on a cross, which was a cruel implement invested with horror and disgrace. The victim was usually stripped of all clothing.

The cross was placed on the ground. The victim was laid down with arms extended, fastened with cords, and, afterwards, by nails driven through the palms. The feet were then fastened to the upright by long spikes.

The cross, with the man nailed to it, was then placed upright. Thus suspended, the victim was left to hang in agony until death released him. This fact constituted its horror. Since no vital organs were affected, the poor victim lingered in the throes of the most excruciating pain.

Via Dolorosa

One of the added indignities of crucifixion was the exhibiting of the victim in a public procession to the place of death.

The march to Calvary is known as the Via Dolorosa, the way of sorrow. The criminal had, himself, to carry his cross to the place of execution.

It was the custom for the criminal to wear a sign, identifying his crime, around his neck. In the case of Jesus, Pilate wrote a notice and had it put on the cross, which read, "Jesus of Nazareth, the King of the Jews."

As we view in retrospect the scene at Calvary, we must remember that, from the manger to the tomb, Jesus owned very few material possessions.

And yet, there were two things that were His and His alone—the crown of thorns and the heavy cross.

As we read the account of the road to the cross, we realize that God is traveling it and that He is not being driven to an inescapable death but has the reins in His own steady hands, dealing with something in that way because there is no other way to deal with it.

The road to the cross ended at a place called Calvary—also known as the place of the skull. The purposes of God from eternity converged on Calvary.

According to the Gospel of Luke, there were four types of ill-treatment given to Jesus while He hung on the cross.

Many people stood staring in vulgar curiosity.

The soldiers mocked Him by lifting up their drinking cups to toast Him as King.

The rulers were scoffing and saying, "Let Him save Himself."

Even one of those who hung on a cross beside Him blasphemed by saying, "If Thou be the Christ, save Thyself."

He Died for Us

The purpose of all of these was ridicule and scorn, but actually they declared a central truth of the Gospel. Had He saved Himself, the world would have been lost forever and God's entire redemptive purpose would have, at that point, met defeat.

It is precisely because Jesus would not come down that we believe in Him.

If Jesus had come down from the cross, there would be a limit to the love of God—a line beyond which God's love would not go. However, there was and is no limit to the love of God.

It is the cross that shows man his eternal worth in the sight of God.

If you are to know what God is like, look at Christ—and look at Him on the cross.

PRESENTED PLAQUE. . . Mrs. Ross Ayers, left, was honored with a life membership plaque by the Friends of the Library at a coffee in her honor at the home of Mrs. Sloan Osborn last Friday. Membership dues for the 1969-70 year for Friends of the Library are due by May 31. Over \$1,000 has been spent by the group for books since it organized.

Wedding Anniversary Observed By Millers

Mr. and Mrs. Roy V. Miller Sr. were honored with a Ruby Anniversary Reception, in the home of Mr. and Mrs. M.G. Mars, Sunday, March 8. They were assisted by Mrs. Joe Talley, Mrs. Curtis Murphree and the Trebelaires.

Roy V. Miller, son of the late Mr. and Mrs. Joe Miller, and Eva Roysden, daughter of the late Mr. and Mrs. Walter Roysden, were married in the Roysden home March 5, 1930.

The couple moved to a farm near Friona in 1945 and have lived here since that time.

The serving table was covered with a white net formal cloth tied with ruby satin bows and centered with a bouquet of happiness roses. Cake, punch, coffee, nuts and mints were served.

The couple's children, son-in-laws, daughters-in-law and grandchildren were all present.

They are Mr. and Mrs. Roy V. Miller Jr. and children, Dan, Darla and Ben, Vernon; Mr. and Mrs. Dale Glass and children, Maridale, Sherry Kay,

Jemie Lou, Terri Gay, John David and Angela Ruth of McLean; and Mr. and Mrs. Ross Miller and children, Kent, Curt and Dana, Friona.

Also Mr. and Mrs. Sam Meares and children, Clint and Sarah, Friona; Mr. and Mrs. Clyde Tims and children, Sally, Evelyn and Chuck, Rolla, Kansas; and Mr. and Mrs. Roy Norris, Las Alamos, New Mexico.

Out-of-town guests included Mr. and Mrs. Chester Fulker-son, Amarillo; Mrs. Harvey King, Panhandle; Dr. and Mrs. Ivyloy Bishop, Plainview; and Mr. and Mrs. A.J. Schroeter, Mr. and Mrs. John Messenger, Mr. and Mrs. John Taylor and Mrs. Alex Thompson, all of Hereford.

The Texas Easter Seal Society provided direct care and treatment to 20,378 crippled children and adults in Texas in 1969. Public contributions to the annual Easter Seal Campaign helped make the program possible.

Octogenerian Honored With Birthday Party

A birthday party in the home of Mrs. Charles Rauh Thursday afternoon, March 5, was a courtesy for Mrs. Frank Osborn, who was observing her 90th birthday.

"Aunt Della," as she is known to many former neighbors and friends, as well as her nieces and nephews who live here, is currently at Westgate Nursing Home, Hereford.

Co-hostesses with Mrs. Rauh were Mrs. Elmer Euler and Mrs. W.H. Ford. Refreshments of birthday cake, party nuts and punch were served. An informal visitation session followed presentation of gifts.

Others present were Mesdames R.S. Henderson, Lura Bradley, George Baker, H.A. Hyde, Dan Laceywell, Julia Lloyd, Claude Osborn, J.W. Roberts and W.H. Ford.

Mrs. Osborn was born March 5, 1880 in Wood County, Texas, and moved to a farm in the Hollene, New Mexico area from Hedley, Texas, with her husband, the late Frank Osborn, in 1924. The Osborns moved to Friona a few years later.

Now, what do you think weatherwise, that is? I think we may get more and more mixed up as time goes on. When have we ever had so many changes of seasons in such a short period of time? Not even the professional weather predictors can guess from one day until the next whether it's going to be winter, spring, summer or fall.

I'm guessing if we have any fruit this year it will be late late. Surely none of the early blossoms survived the recent low temperature readings. Of course like a lot of other things, all we can do is "wait and see."

The Area 1 Future Homemakers of America convention in Amarillo last weekend was another fine demonstration of what is being done by young Americans. If some of our pessimists who never see any good in what the younger generation is doing would take time to attend a meeting of this kind, surely they would take a different view.

High school girls plan, prepare and present the programs and they are always well organized.

It is most inspirational to attend any of the FHA conventions. An additional bonus you always receive is watching young women, who were members of an FHA chapter and participating in its activities a few short years ago, performing their duties in the roll of advisors.

At the Saturday afternoon session it was a pleasure to see Mrs. Tim Herring, who is the homemaking teacher and FHA advisor at Abernathy. Mrs. Herring, who is the former Judy Strawn, is a graduate of Bovina High School and Texas Tech University and is a first year teacher. She had three girls who received state degrees and several who sang in the choirs which presented parts of the program.

This is National FHA Week and we salute local members and advisors.

Students of all local schools are to be cooperating with members of Black Study Club in a drive for canned food and staples for Girlstown, U.S.A. This is to be an Easter project. The Student-Faculty Congress of Friona High School will sponsor the drive in the high school. The different classes in junior high and elementary schools will compete for a party, which will be given by members of Black Study Club.

Two parties will be given honoring the class in junior high and the elementary class which brings the most food and staples. All of us can help in this drive by making preparations to contribute when we are asked.

Most prospective grandmothers seem to manage to work themselves into a frenzied state before each new grandchild is born. I've often wondered if the expected birth of twins would add any to the frenzy.

At least one Friona grandmother could give us some first hand experience from having two grandchildren born the same day within a few hundred miles of one another.

About the middle of February Mrs. R.B. McKee left for Dallas so she could be on hand to greet a new grandchild in the Don Davis home. At the time she was hoping to be able to get to San Antonio in time to greet another brand new grandchild.

It seems things didn't work out according to her plan. At any rate, February 21 will probably be one date she will never forget. At 10:37 a.m. a baby boy was born to the Mike McKees in San Antonio and about three hours a baby girl was born to the Don Davises in Dallas.

Grandma Marie stayed in Dallas a few days then went on to San Antonio. She returned home Thursday after having been gone three weeks and was beaming with pride over the new grandchildren.

At least a few of our local fishermen have returned from Zapata and other South Texas areas. There are some still down there, I think. Some of those who are home are Mr. and Mrs. Raymond Adams, Hap and Julia Fairchild, Frank and Goldie Griffith, the Sam Rules, Mr. and Mrs. Owen Broyles, the Elvin Wilsons, Rene Sneads and Cotton Housters.

Also Lloyd Rector, Ed Clark, Army Armstrong, Burke Hand, Charles Rector, Bill Schwab and Darrel Thompson were seen in the area.

PAM RODEN

Pam Roden Plans Spring Wedding

Mr. and Mrs. Ralph Roden of Friona have announced the plans for a May wedding for their daughter, Pamela Sue, and Roy V. Baker Jr., son of Mr. and Mrs. Verble Baker of Pecos.

Miss Roden is a 1962 graduate of Friona High School and a 1966 graduate of the University of Texas, where she received a bachelor of arts degree in English. While attending the university, Miss Roden was a member of the Longhorn Band, Delta Zeta social sorority and an advisor at Scottish Rite dormitory.

She graduated from the University of Texas school of Dental Hygiene in 1968 and is presently employed by Dr. Charles Finley of Lubbock.

Baker is a 1958 graduate of Pecos High School and a 1961 graduate of Texas A&M University, where he received a bachelor of science degree in agricultural engineering. While attending A&M, he was a member of Tau Beta Pi, a national engineering fraternity, Phi Kappa Phi, a scholastic honorary society and Alpha Zeta, a national agricultural society. He received his master of

Texas Program Presented At Club Meeting

Theme of the Tuesday evening meeting of Modern Study Club in Friona Public Library was, "Texas Is A State Of Mind."

Mrs. George C. Taylor opened the meeting by directing the pledge to the American flag.

A guest, Karla Patterson, read "Sam Houston's Magnificent Last Stand," from John Fitzgerald Kennedy's "Profiles Of Courage."

Mrs. Bill Stewart presented legends of Texas flowers, bluebonnets, cotton blossoms and Indian paint brushes.

Tim Elmore, who was also a guest, showed a colored film on Texas parks.

Sandwiches, coffee and cold drinks were served by the hostesses, Mrs. Sloan H. Osborn and Mrs. Glenn E. Reeve Sr.

Daughter Born

To Mike Fields

Mr. and Mrs. Michael Field became parents of a baby girl at Parmer County Community Hospital at 9:18 p.m. March 11. She weighed 6 lbs. 12 ozs. and was named Candy Gay.

Mrs. Field is the former Rhonda Gay Fallwell. Candy Gay is the first child for the couple. Grandparents are Mr. and Mrs. James Field, Texline, and Mr. and Mrs. Artis Fallwell, Friona.

J.Q. Mars, Friona, is the maternal great-grandfather.

science degree in agricultural engineering from Clemson University in South Carolina and is presently employed by the U.S.D.A. at the South Plains Ginning Research Laboratory in Lubbock.

Girl Scouts Report

TROOP #266

Troop #266 met Thursday, March 12, 1970 at the Girl Scout House for their regular meeting.

Color Guards were Gay Deaton, Nancy Romo and Maricela Estrada.

Pledge of allegiance was led by Deena Mason.

America was led by Cindy Bralliff.

The Brownie Promise was led by Joanna Merritt.

Mrs. Barbara Mason read what the Pledge of Allegiance means and Mrs. Beulah Miller read a poem. March 12 is Girl Scout birthday so the girls sang Happy Birthday to the Girl Scouts.

Hair ribbon holders were made from toilet tissue rolls.

Refreshment of Girl Scout cookies were served by the leaders Mrs. Barbara Mason, Mrs. Beulah Miller and Mrs. Elizabeth McLellan to 33 members.

TROOP 116

Girl Scout Troop 116 met Monday March 16th at Girl Scout House.

The meeting was called to order. Linda Anthony read the roll and read the minutes of the last meeting.

We did our Kapers then we went to the home of Mrs. Marvin Whaley to see her hand crafts.

Those present were leaders, Mrs. Alton Peak, Mrs. Bobby Perkins, Lou Whaley and Mrs. Troy Young and the following members, Donna Ruzicka, Janice Peak, Linda Anthony, Oralia Ramirez, Darla McLellan, Elaine Dandridge, Ann Bradley, Jackie Rando, Ann Castillo, Bradli Odom, Karen Young, Sami Sue Rector and Vickie Florez.

Refreshments were served by Janice Peak.

LETTERS TO EDITOR

Dear Mr. Ellis:

Brownie and Girl Scouts and their leaders and members of the Service Team of the Friona Association thank you and the staff of the Friona Star for all the kindness and help you have given them during the past year. Especially do we thank you for the Girl Scout News Column, which is published each week. This gives the parents of 280 girls in Friona a way to know what they are learning and doing at the meetings.

Sometimes we become so involved in planning and working with girls we forget to thank those who have spent time, money, and good will so that the girls who have worthwhile programs. We do not mean to do this and we sincerely appreciate

all that you and others do to help us.
