Gas Rate Increase Gets Council OK

Voters in our area of the state should not have to be reminded of the great job that Preston Smith has done as their governor, but since his opponent has been saying in his campaign speeches that the people deserve a "working" governor, we thought we'd point out a few of Smith's accomplishments, and then let you decide for yourself if Mr. Eggers could have done any more especially for West Texas.

Among the major programs initiated by the governor is the Texas Communities Tomorrow program. This is to make personnel and funds available to the small Texas communities (especially those under 12,000 population) to help them solve their problems.

Smith created new medical schools, both for Lubbock and for Houston, as well as a new dental school and nursing schools for San Antonio and El Paso.

In fact, Smith authorized one of the greatest expansions of higher education in the history of Texas with the creation of the University of Texas at San Antonio, at Dallas and at Midland-Odessa. Also established was a center of Texas A&I University at Laredo.

He helped create the Texas State Technical Institute, with campuses at Amarillo, Waco and Harlingen. Many people have hailed this program as potentially the most beneficial addition to our educational set-up in many years.

Smith campaigned long and hard for a water program which would benefit West Texas, and after the proposed program was defeated by big-city voters who did not understand the situation, he pledged to carry the fight once again.

Governor Smith has been a big booster for industry, with such programs as his Governor's Conference on Industrial Expansion, which was attended and witnessed first-hand by 26 Friona residents last week. He has appointed commissions to work on problems relating to industries, and to seek ways of inducing more industries to locate in our state.

Smith's accomplishments on behalf of education go on and on. He established for teachers in the public schools of Texas one of the best guaranteed minimum salary schedules in the nation. Teachers received an average raise of over \$1600 for the biennium.

Kindergarten was added to the public school program, starting on a limited basis this year and to include all five-year-old children in the state by 1978-79.

Also in the field of education Governor Smith created a comprehensive special education program for exceptional children between the ages of three and 21.

He established a teacher aide program to assist teachers in the instruction of pupils.

Governor Smith established a state student teaching program whereby the teachers and schools participating in the training of teachers receives financial assistance.

The governor established a pre-school program for non-English speaking children. He started a course on the dangers of narcotics and crime to be taught in grades five through 12 in public schools.

Governor Smith has accomplished much more in his two years of office--with only a sampling named here--than any other governor in a similar period of time.

In his campaigning, Smith travelled more miles, and visited more communities, than any other candidate for a statewide office in history. He has not overlooked the small towns of the state, visiting Friona, for instance, on numerous occasions.

Smith has a record of 20 years of serving the people of Texas. Six of these were as state representative, six as state senator, six as lieutenant governor and the past two as governor.

He has quite a background in state government, having worked his way up to the state's

The Friona City Council met in a special session Monday to approve an ordinance granting Pioneer Natural Gas Company a rate increase of 13 per cent. The action came following a recommendation to governing bodies in the West Texas area after a settlement was reached last Friday between the West Texas Municipal Utilities Committee and K.B. Watson, executive vice president of Pioneer Natural Gas Company.

The increase will be effective on billings dated after November 15, 1970.

The action also includes a provision for a raw gas rate adjustment to Pioneer based on the cost of gas during the calendar year, to be made in April of each year. This has averaged .3 of one cent per year during the past 10 years.

The average increase for gas to the individual citizen will amount to roughly 92 cents per month, it was revealed.

The minimum rate, per meter, under the new rate, will be \$2.10, up from the previous minimum of \$1.85 for the first 2,000 cubic feet of gas. The next 8,000 cubic feet of gas will be billed at 76.2 cents per thousand cubic feet. After 10,000

cubic feet, the next 40,000 cubic feet will be billed at 68.8 cents per thousand cubic feet.

Pioneer had originally asked for a 16.2 per cent increase, which would have amounted to an average of \$1.15 per month increase.

The WT Municipal Utilities Committee has been negotiating with Pioneer for the past few months, and last Friday came to an agreement which was suitable to both parties. During the negotiation, the gas company furnished facts which showed that the company's rate base structure increased by 3.2 million dollars, and if this had been included in their original request, it would have amounted to an 18.2 per cent increase rather than 16.2.

The increase is the first granted to Pioneer Gas since December of 1967, and members of the utilities committee felt that the average of slightly over four per cent per year increase was not excessive in light of the increased costs that are being experienced in other lines of business.

TOTALS GIVEN

Enrollment Hits All-Time Peak

Enrollment in Friona Schools stood at 1492 students on Monday, October 19--an all-time peak enrollment at Friona, according to Superintendent of Schools Alton Farr.

Actually, the Friona School system had enrolled a total of 1503 students this fall--also an all-time high--but some students had withdrawn, leaving the actual enrollment at 1492.

The total was up by 127, or 9.3 per cent, from the first-day enrollment at the school, which counted 1365 students.

Biggest gains have come in the first four grades, where a total of 616 students are enrolled. This is an increase of 73 from the first-day total.

Junior high has increased 48, from 484 on August 24 to 532 at the present time. High school totals are up seven, from 337 to 344.

Class sizes range from 172 in the first grade to 70 in

the senior class. There are 26 kindergarten students this fall, who would not have been counted at this time a year ago. There are 12 special education students in the elementary school, and 10 in junior high.

Enrollment, by grade and division, is as follows:
Kindergarten26
First Grade172
Second Grade129
Third Grade148
Fourth Grade129
Special Education12
Sub-Total616

Fifth Grade139
Sixth Grade126
Seventh Grade136
Eighth Grade121
Ninth Grade110
Tenth Grade75
Eleventh Grade82
Twelfth Grade70
Sub-Total344
Grand Total1492

Lions Slate Bulb Sale

Friona Lions will conduct their annual light bulb sale in Friona on Thursday, with members of both the Friona Lions Club and Friona Noon Lions Club taking part.

The Lions will begin their canvass of the town at 5:30 p. m. Thursday. All Lions are asked to report to the clubhouse in order to organize the effort.

Proceeds from the sale go to assist the Lions' many benevolent projects.

Phone Listings Increase --Now 1,025 In Friona

The most widely-used book in Friona--the telephone directory--was renewed this week, so at least for a while Friona telephone customers have an up-to-date listing of local numbers.

A glance at the telephone book, as compared to the old one may reveal why the new book most likely will not remain up-to-date for very long.

The new directory contains a record 1,025 listings for Friona. This reflects an increase of almost ten per cent--a gain of

86 listings over the figure of 939 which was contained in the 1968-69 directory.

It's the first time for the number of telephone listings to top the 1,000 mark in Friona.

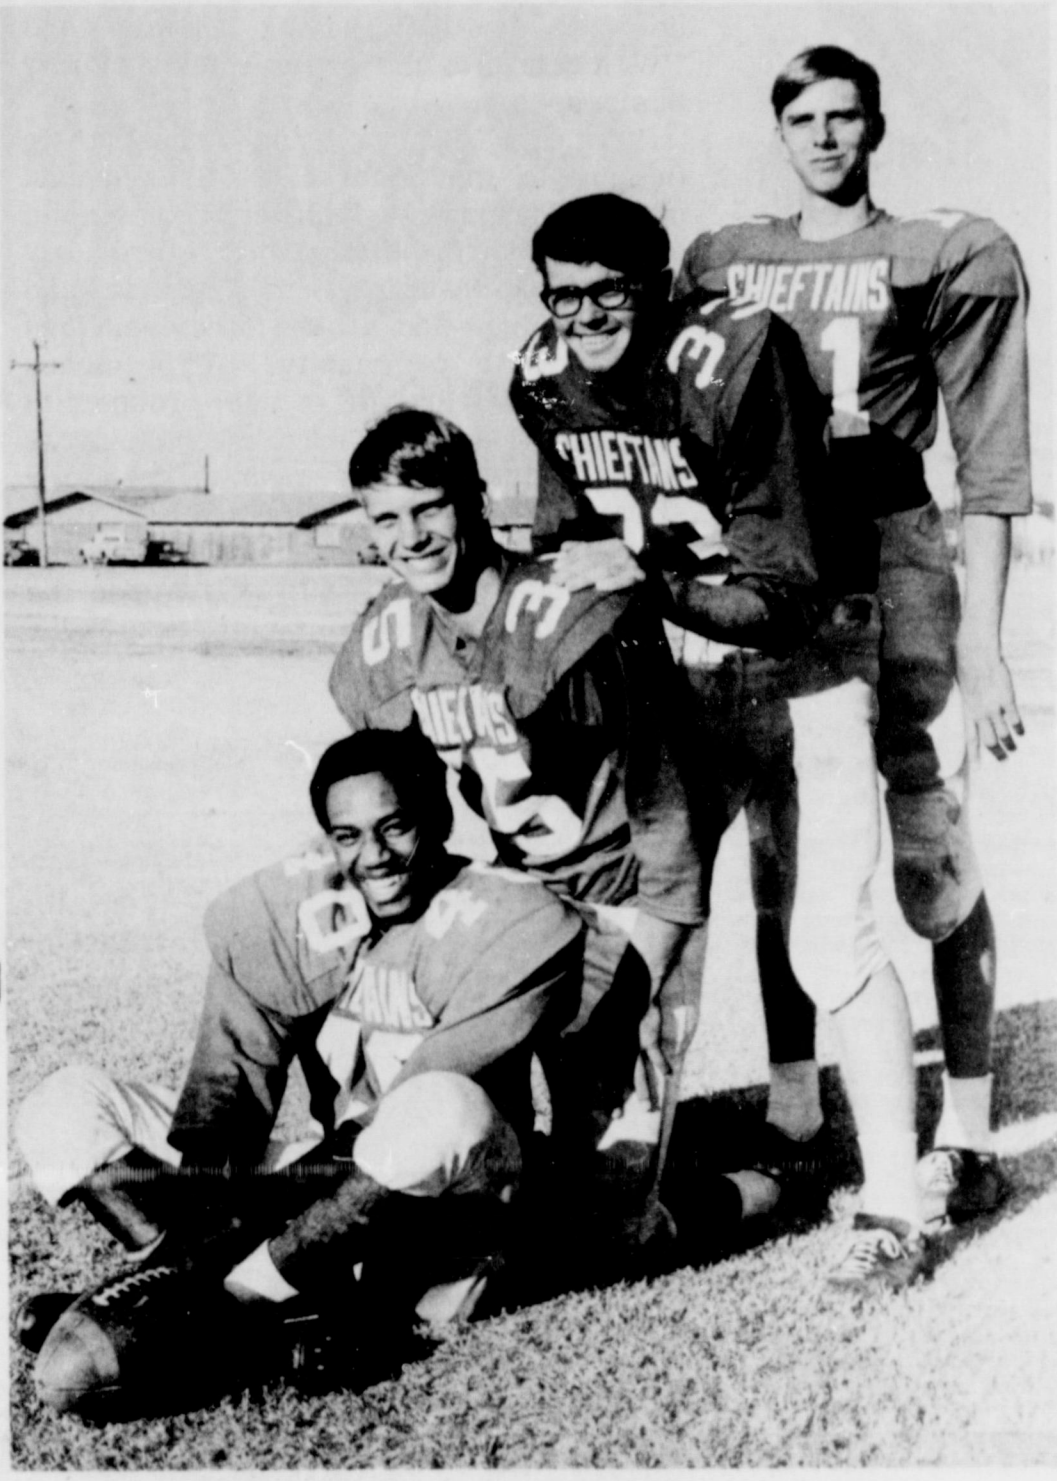

"Keeping up with the Joneses" is especially hard for other families in Friona. This is because there are more Joneses listed in the directory of General Telephone Company patrons than any other family name. There are 15 listings under the name of Jones.

In recent years, the name Taylor and White has claimed the lead, with Jones third. In the current directory, however, there are 13 listings each for Taylor and White, tying for second "most common."

You might think that "Smith" would rank high, but in the new Friona directory there are only five Smiths listed. There are more listings, for example, for Osborn, Reeve and Williams (seven each) in Friona, than for Smith.

INDUSTRIAL WINNER... J.C. Walker of Missouri Beef Packers in Friona accepts the Governor's Industrial Expansion Award from Gov. Preston Smith during the annual Governor's Conference on Industrial Expansion in Austin last week. Missouri Beef Packers is one of six winners of the award this year and was honored at the day-long event for its growth in 1969.

BACKFIELD STARTERS. . . This quartet of Friona Chieftains form the starting backfield which will be out to add another upset to their already impressive record this season when they journey to Abernathy Friday. From the left are halfbacks Wesley Clark and Bill Bailey, fullback Donnie Lewellen and quarterback Don Fortenberry.

Chiefs Face Tough Opponent At Abernathy Friday Night

"I know this is beginning to sound familiar, but in Abernathy, we feel we're playing the strongest team we've faced this season," says Coach Bob Owen concerning the Friona Chieftains' opponents on Friday.

The Antelopes, who dropped their first game of the season to Olton last Friday, 25-21, will host Friona in a 7:30 p.m. game.

Friona, meanwhile, has been juggling its lineup this week. Starting end Mike Mills sustained a broken hand against Littlefield, and apparently will be out the rest of the year. Mills had caught a touchdown pass for Friona's go-ahead TD last Friday.

His loss comes on the heels of losing another end, Ronnie McPherson, and both boys played corner back on defense. Larry Fallwell has been moved up from the B-Team to replace Mills. Rafael Gonzales will start at the other end slot. Johnny Bandy will also see action at end.

A good piece of news this week was the fact that tackle James Weatherly has been given

a 100 per cent bill of health, and will be used more Friday than he has been in recent games.

Coach Owen compared Abernathy to Muleshoe as being the closest team similar to the Antelopes. In Charlie Johnson Abernathy has a tailback who is the same type of player that the Mules' Bobby Hayes was, except he is some heavier. Johnson had a banner night against Lockney recently, gaining over 300 yards rushing.

Owen said the Antelopes would have the best blocking line the team had faced, even including Olton.

Abernathy is described as an "opportunistic" team. Although outgained considerably in statistics by Olton, the Antelopes scored once on a kickoff return, and another time following a pass interception.

By actual count, Abernathy ran the ball for only 28 offensive plays last week, compared to 88 for Olton, and still held the lead until Olton drove for the winning TD in the last few minutes of the game.

United Fund Goal Announced For '70

The United Fund goal for Friona for 1970 is the same as last year's goal--\$6,450, it was announced this week.

Co-chairmen for this year's drive are Gary Brown and Glenn E. Reeve, Jr.

The UF officials announce that the local drive will be kicked off on November 2. They are hopeful of completing the drive in a short time.

Harvest Resumes After Halt

Maize harvest in the Friona area was interrupted the past week by wet weather, which saw .80 inch of moisture measured in the city of Friona over a three-day period, Wednesday through Friday.

The temperature was on the cool side over the weekend, but the weather warmed up the first of the week, hitting in the high 70s on Tuesday and Wednesday, as harvest operations resumed.

Maize farmers are hopeful of getting another week or 10 days of clear weather. If they can, then the 1970 crop can just about be wound up, for all intents and purposes.

The moisture received the latter part of the week, coming as it did in low temperatures with some snow, had farmers worried, because of the threat of causing their maize to fall because of the added moisture, particularly snow, which can accumulate on the head.

Temperatures for the past week were as follows:

Date	Hi	Low
October 14	70	43
October 15	50	32
October 16	38	33
October 17	40	35
October 18	47	39
October 19	60	37
October 20	68	36

Moisture: .30 inch Oct. 14; .45 inch Oct. 15; .05 inch Oct. 16.

Absentee Voting Now Underway

Absentee voting for the November 3 General Election is underway in the County Clerk's office in Farwell, County Clerk Bonnie Warren reminded this week.

Mrs. Warren is accepting mail applications for ballots, and urges voters who know that they will be out of the county on election day to request a ballot, or come by her office.

Those who come by are asked to bring their voting registration certificates.

Deadline for absentee voting is 5 p.m. on Friday, October 30.

Martin Honored By WT Chamber

Clarence Martin, of Friona, a director to the West Texas Chamber of Commerce, was honored recently by being named to the "President's Club," for his work in securing new members to the organization.

Martin and his wife attended a board of directors of the WTCC last weekend in Denton.

SOME CARROT. . . Among the outstanding gardeners in Friona this summer was Ods Neel, who grew this oversized carrot at Seventh and Grand. As evidenced by the picture, the vegetable measured nine inches, and was ten inches in circumference at the top.

AN EDITORIAL

Vote On November 3 Keep Texas Growing

Welcome to Texas!
This is what you'll be saying when you vote on November 3. You can vote NO to open saloons, as we hope you will. And by doing so, you'll be saying "Howdy" and "Welcome" to the sweet sounds of new businesses.

Lots of industry--big industry--is moving to the Southwest. This means purchasing power--families who come to stay and shop in the department stores, buy homes, and insurance and groceries and dry cleaning--and all the other services offered in a community. This means growth, and growth means prosperity.

Open saloons only hurt the picture. A vote for open saloons means: get ready to say "Howdy" and "Welcome to Texas" to an assortment of underworld personalities who are waiting to seize upon the first opportunity to move into Texas under profitable conditions.

Say "Howdy. . . Welcome to Texas." The choice is yours to make on November 3.

AN EDITORIAL

Treat The Causes, Not The Symptoms

Parents, once confident of "knowing their sons and daughters well," now steal worried glances toward their children, checking for dilated pupils, sudden changes in mood or appetite, or the scars of a hypodermic needle--all signs of drug abuse. Business executives, no longer confronted with just the occasional office alcoholic, now must cope with the office "junkie" who supplies his fellow employees with drugs during coffee breaks. Quiet, rural communities are shocked to discover that the drug threat is no longer confined to big cities.

Notwithstanding vastly increased federal, state and local efforts, drug abuse throughout the nation continues to skyrocket. It is abundantly clear that more laws, larger police forces and stricter enforcement policies have failed to stem the spreading epidemic of drug abuse. Concerned leaders are now stopping to ask: why? Why do some people begin misusing drugs in the first place?

Many theories have been offered; for example, "the coaxings of a drug-using peer group"; favorable endorsements given to drugs in underground newspapers or in the lyrics of acid rock music; movies which glorify illegal drug use; the desire to escape from every-day living pressures. But the guesses have only served to confirm that no one really knows. There is, in fact, an appalling lack of hard knowledge as to why people begin misusing drugs. And as the confused debate goes on, more youth every day begin injecting into their veins substances ranging from meat tenderizer to uncut heroin.

It is altogether encouraging to note that there is now a bill pending before Congress--called the Comprehensive Drug Abuse Prevention and Control Act--that provides for a study to be conducted by a specially appointed Presidential Commission to investigate the causes--not the symptoms--of drug abuse. The idea is to discover and strike at the source of drug addiction.

It is safe to predict that until an authoritative and comprehensive study is undertaken to detect the root causes of drug abuse, our attempts to curb the problem will run about the way it has in the past--the blind leading the blind. If future programs intended to combat drug abuse are to have any chance of success, they must begin from a solid base of factual knowledge on the subject. Let us hope that Congress takes this important step in the right direction.

Pause and Reflect

By Nelson Lewis

This is a rare occasion! For once there is good news to report. Fortunately, for all of us, even the dissenters, there appears a gleam of light at the far end of the tunnel.

Let it be understood that the darkness through which we have walked for many years was not brought about by any particular political party; therefore no partisan group may claim the laurels for its dissolution.

The darkness was foisted upon us by strong, extremely intelligent, hard working communists financed by and trained in Soviet Russia.

Their approach was of such a smooth and deceitful nature as to acutely influence some of the best brains and staunchest public servants.

"And there's the rub" (Shakespeare again). If only the illiterate, the "kooks," and some of the minority groups had fallen prey to the false doctrine of "Down with America" the result would have been merely a rough sea instead of a tidal wave.

But our foes are men of experience and brilliance and they go for labor leaders, senators, congressman, college professors, teachers and ministers. (One academy in Russia is currently training 700 young men in the ministry--they are to be sent to the United States to infiltrate our churches. Keep your eyes and ears open for them!)

But let's not lose sight of the small persistent light at the end of the tunnel.

Some of you will remember a song that was popular the year (1927) Linbergh flew the Atlantic--it goes like this-- "A turn to the right, a little white light, will lead you to my Blue Heaven."

The magic words are "A turn to the right": there after the little white light will grow bigger and brighter and we will have our freedom, our country, and our self-respect back again.

The flickering light at the end of the tunnel is fed by fuel from many sources.

Although national crime is up by 11 percent, Washington, D.C. is down by 19 percent.

Congress has passed a law giving the F.B.I. and local police more powers.

A grand jury in Ohio puts the blame for "Kent" where it belongs--on the administration and the students.

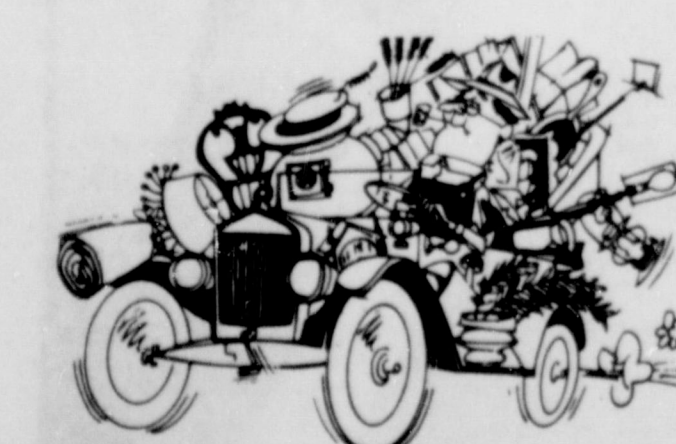

Nationwide an awakening is slowly but surely taking place.

The great silent majority is waking up to the fact that the United States, with all its imperfections, is still the last stronghold of dignity for the common man.

The Black Panthers, Students for a Democratic Society, American Communist Party, Council for a Livable World, and any and every subversion organization must be eliminated from our society if we are to survive.

I've forgotten who said it but it applies to you, to me, and to the United States we knew fifty years ago--"There is very little left to bury of a man when the last of his dreams are dead."

LETTERS TO EDITOR

Dear Bill, Carol and June,
Many thanks for the good publicity you gave to the Rubella Clinic sponsored by Progressive Study Club.

Six hundred children were immunized at this clinic which was a wonderful turnout considering the bad weather of Thursday the 15th.

We sometimes forget to thank you for your press coverage of these community events but want you to know that they are always appreciated nonetheless.

For Progressive Study Club
Anne Spring
Community Service Chairman

Dear Bill:
Thanks to whom ever sent me this. I think it well worth space in our paper.

Nelson Lewis
ADVICE FOR TEEN-AGERS
Since Late in March, a copy of a talk made by Charles G. Mortimer, chairman of General Foods Corp., to the management conference of the University of Chicago graduate school of business has been setting on our desk. This seems like a good time to pass on one portion of it:

"As an example of just how clearly plain talk can make the simple truth come alive, I should like to read you a brief news item. I ran across it last month in one of the out-of-town papers that news dealers were delivering in my area during the New York newspaper strike. It is about the police chief of a village not too far from White Plains. . . .

"Briarcliff Manor Police Chief A.W. Johnson is an un-

assuming man, who goes about his job quietly and efficiently. He avoids the limelight whenever possible. Asked to address the local PTA on teenage problems, he declined. However, he sent to committee the following Letter to a Teen-Ager:

"Always we hear the plaintive cry of teen agers, 'What can we do? Where can we go?'

"The answer is--go home.

"Hang the storm windows, paint the woodwork, rake the leaves. Mow the lawn, shovel the walk, wash the car, learn to cook, scrub some floors. Repair your sink, build a boat, get a job!

"Help the minister, priest or rabbi, the Red Cross, the Salvation Army. Visit the sick, assist the poor. Study your lessons. And then when you are through--and too tired--read a book.

Your parents do not owe you entertainment. Your village does not owe you recreation facilities. The World does not owe you a living.

YOU owe the world something. You owe it your time and energy, and your talents so that no one will be at war, or in poverty, sick or lonely again.

In plain, simple words-- Grow UP! Quit being a crybaby. Get out of your dream world. and start acting like a man or a lady"--Executive Review.

Final Rites Held For Teresa Maurer

Funeral services for Mrs. Gaylord (Teresa) Maurer, 36, were conducted from Union Congregational Church at 4:00 p.m. Tuesday. Officiants were Rev. Bob Cleveland, Cresco, Iowa, and Father Norman Boyd, Friona.

Mrs. Maurer, who was a native of Maracay, Venezuela, moved to Friona with her husband and two daughters, Gwendolyn and Jessica, who survive two years ago.

Other survivors are her mother, Mrs. Socorro Ojeda of Americi, Venezuela; two sisters, Aura Castro and Dr. Delia Ruiz, and one brother, Capt. Marco Ojeda, all of Americi.

Pallbearers were Dean Blackburn, Von Edelman, Walter Carnes, Douglas Stephenson, Keith Brock and H.K. Kendrick. Burial was in Friona Cemetery under direction of Claborn Funeral Home.

Former Resident Dies In Colorado

Mrs. Leila L. Flippin, 85, died in a nursing home in Colorado Springs, Colorado, about noon Thursday. She was a pioneer resident of the Black Community and lived here a few years before moving to Colorado Springs.

Funeral services were conducted from Union Congregational Church at 2:30 p.m. Monday with Rev. Paul Mohr, New Braunfels, Texas, a former pastor of the church, officiating.

Survivors include two daughters, Mrs. Irene Mason of Colorado Springs, and Mrs. Emma Gene Eads of Phoenix, Arizona; one son, Mack Flippin, Amarillo; two sisters, Mrs. Mabel Graves, Colorado City, Texas and Mrs. R.D. Thornton, Meridian, Mississippi; nine grandchildren and 19 great-grandchildren.

Pallbearers were Gene Welch, Wesley Barnett, Bruce Parr, D.L. Carmichael, John F. White and Glenn E. Reeve Jr.

Burial was in Friona Cemetery under direction of Claborn Funeral Home.

Home Life Is

Theme Of Meet

Theme of the Wednesday afternoon meeting of Friona Woman's Club at Federated Club House was "Home Life." Mrs. Charles Russell presented "Home Environment."

Mrs. Russell directed as the group sang, "Home Sweet Home," in unison. Mrs. O.T. Patterson, pianist, was the accompanist.

Mrs. Charles Turner presented the devotional and roll call was answered with Bible verses. Refreshments were served to fifteen members by Mrs. O.T. Patterson and Mrs. David Mosley.

All of the automobiles, trucks and buses on United States highways travel an average of about a million miles in a minute.

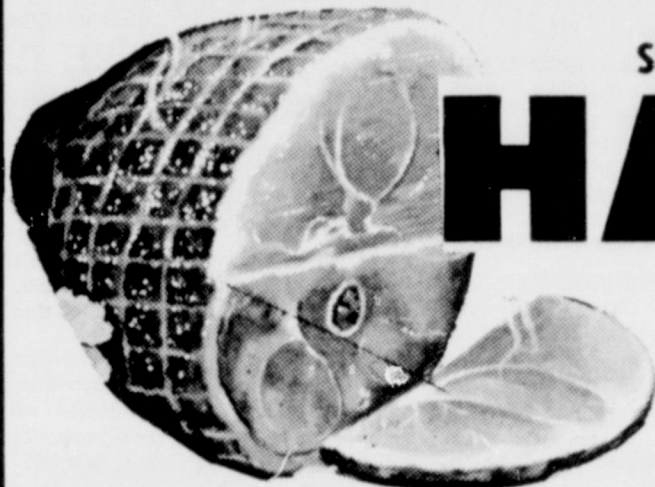

What's more, a Republican governor with a Democratic state legislature would be almost stripped of power. We say Preston Smith deserves your vote and support in the general election November

highest office. It is hard to see how his challenger, with no such state office experience whatever, could improve the situation any.

CARDS OF THANKS

On behalf of Progressive Study Club I would like to say thank you to many people who helped to make our recent "Rub Out Rubella" clinic a success. To Mr. Darrell Morris of Texas State Department of Health who gave us so much help and encouragement. To local nurses Mrs. Robert Alexander, Mrs. Paul Spring, Mrs. Jim Johnston, Mrs. Franklin Bauer and Mrs. Jerry Hinkle who gave the shots. To the local doctors and pharmacist who helped us and to the grade school teachers who interrupted lessons while the children attended the clinic. A special thank you goes to the Friona Future Nurses who were an invaluable help to us at the clinic and escorting children through the bad weather. Thank you to the Friona Star for publicity given our project and lastly to you parents for allowing your children to receive this immunization.

If we have prevented one birth defect from Rubella, our clinic has been a success. For Progressive Study Club Community Service Chairman 4-tfc

We wish to express our most sincere appreciation to neighbors and friends for their many expressions of love and concern following the death of our loved one. The cards, flowers, food, visits, calls and other kind deeds will long be remembered. The family of Leila Flippin 4-tfc

Forensics To Sell Halloween Candy
Forensic Club of Friona High School will be selling Halloween Candy again this year. The candy is individually wrapped and sells for \$1.00 a bag. Buying this candy will also help in the SFC drive to collect candy for the Abilene State School. Each year the SFC sponsors a candy collection contest in the elementary grades. The rooms collecting the most candy are awarded prizes. The SFC then takes up the candy, sacks it, and sends it to Abilene. This worthwhile project has been a part of the SFC program for many years. Both the SFC and Forensic Club will appreciate your participation.

TEMPE, ARIZ., NEWS: "The Doves. Ah, they are so strange! Nothing is more anathema to young people today than the military. Yet Army-Navy stores are doing a brisk business selling military apparel to them! College students, . . . (7). . . and hippies are becoming a growing clientele for surplus military gear outlets, reports The Wall Street Journal. So great is the demand that genuine military surplus has become scarce, and many stores are stocking 'imitation surplus' made in --(where else?)--Japan!"

CONTEST RULES

1. Pick the winner of the 14 games listed in the advertisements on this page. Write the winners in the blanks provided on the official contest blank.
2. Pick the score of the tie-breaker game. This score will be used to break weekly as well as grand prize winners.
3. Bring your entry blank by the Friona Star or Bi-Wize Drug by 5 p.m. on Friday. Entries must be post-marked on Friday to be eligible, if mailed.
4. The leading contestant at the close of 12 weeks will receive two free tickets to the Cotton Bowl Football game, along with \$30 expense money. Second place winner will receive two tickets to the Sun bowl game and \$25 expense money. Third place winner gets two season tickets to the Friona Chiefs games next fall.
5. Only one entry per person.
6. To account for grand prizes, entries must be on official blank printed in the paper.
7. Contestants must be 12 years of age or older.
8. Everyone eligible to enter (sponsors included) except employees of the Friona Star and their families.

OVER TULIA Eighth Grade Bounces Back For 14-0 Win

QUARTERBACK KEEPER . . . Don Fortenberry (11) is shown picking up a few yards in this play against Littlefield last Friday. Coming up in an attempt to stop Fortenberry is tackle Calvin Kilby (77) of Littlefield. Friona upended the Wildcats, 13-0, for their second straight shutout win.

Seventh Grade Scores First Season Win, 2-0

The seventh grade Braves, who have been getting stronger each week, scored their first win of the season at Tulia last Tuesday, by the unlikely-sounding score of 2-0.

(This marked the second Friona team this season to take a 2-0 win. Earlier the B-team beat Morton by that score.)

It was a stout defensive game, with each team having one good scoring threat stopped by the other's defense.

The Tulia seventh graders threatened to take an early lead on a 51-yard punt return. David Barnett made the saving tackle at the Friona 14, and minutes later when Tulia had fourth and one at Friona's five, Julian Zamora threw the ball-carrier for a six-yard loss and Friona took over.

The Braves then got a shot in the arm when Davy Carthel raced 54 yards to the Tulia 19. However, facing third and one

from the ten, Friona fumbled and Tulia had stopped their most serious threat to score a touchdown.

But the long drive paid off indirectly, as Tulia took over inside its 10-yard line and then received a five-yard penalty.

On second down, Mike Bartlett crashed through the line and tackled the Tulia boy in his own end zone for a safety, and Friona was in the lead, 2-0.

The safety came early in the second quarter, and neither team had much of a threat the rest of the half, or in the third quarter.

In the final quarter, Kent Miller ran for two first downs for Friona to the Tulia 28. However, a clipping penalty set the team back to midfield and that was the end of the offense.

Roy Smith intercepted a Tulia pass with 11 seconds left to preserve the win, after Tulia had driven to Friona's 27.

Friona Teams Compile 14-7-1 Mark For Year

All three of the Friona teams seeing action last week posted victories, to run the overall won-lost record for Friona teams to 14-7-1.

The varsity clipped Littlefield, 13-0; the eighth grade beat Tulia 14-0 and the seventh grade also edged Tulia, 2-0.

The B-team was scheduled to play at Dimmitt, but because of the adverse weather conditions last Thursday, the game was rescheduled for October 29. The freshmen were also due to host Kress, but that game was also cancelled.

Following are the records of each team in the school system:

Team	W	L	Pct.
Varsity	4	2	66.7
B-Team	4	0	100.
Freshmen	2	2	50.0
Eighth	3	1	75.0
Seventh	1-2-1		37.5

LITTLEFIELD FALLS, 13-0

Chiefs Begin New Series With Win

Friona started a new football rivalry on the right foot last Friday, topping the Littlefield Wildcats, 13-0. It was the first gridiron meeting ever between the two schools.

For the second week in a row, the Chiefs showed a stout defensive effort and cashed in on breaks to score their points. It was the team's second shutout in a row, as Dimmitt fell, 14-0 the previous week.

It was also a big win for the Chiefs, running their season record to 4-2 giving the team a chance to finish with a winning ledger, something experts didn't predict, with four games remaining.

The winless Wildcats carried the fight to the Chiefs in the second half, when several times it appeared Friona's shaky 6-0 lead would not stand up. But Friona's defense was tough inside their 10-yard line.

The Chiefs allowed only 70 net yards rushing, running their two-game rushing defense total to 117 yards. They had given up an average of 110 yards per game on the ground in six games, not a bad defensive figure.

But Littlefield unveiled a good passing attack, and had it not been for five fumble recoveries and an interception by Friona, the final outcome might have been a different story.

Neither team threatened in the first quarter, although Friona drove for three first downs before stopping themselves with a 15-yard penalty for holding.

However, early in the second quarter, Friona got its first big break of the game. A bad pitchout by the Littlefield quarterback was recovered at the Wildcat 25 on the third play of the period.

Wesley Clark and Mike Royal slashed for gains to the 14 and a first down. An illegal motion

penalty shoved the team back to the 21, where it was second down and 17.

Don Fortenberry faded to pass, and spotted Mike Mills streaking for the goal-line. The pass was perfectly thrown, and Mills, although having a defender with him at about the two, managed to get behind his man and grabbed the ball for a TD. It was Friona's first touchdown by a pass this season.

Although Bobby Drake's kick looked okay from the stands, the referee ruled it was wide, leaving the score Friona 6, Littlefield 0 with 9:14 left in the half. That missed point began to look mighty big before the Chiefs got their clinching TD.

The Wildcats, riding the passing arm of Jay Trammel, drove to Friona's 15 for their deepest penetration of the first half, but Fortenberry intercepted a pass with 1:10 left in the quarter to stop the threat.

Clark had prevented a Littlefield touchdown by catching Dennis Hartley from behind at the Friona 16 after a 40-yard pass play.

The third quarter was played entirely in Friona's end of the field, as Friona failed to pick up a single first down, and Littlefield threatened twice to tie the game and possibly take the lead.

First, the 'Cats got to the Chieftain eight, but on fourth down Friona was helped by the fact that Lee Roy Danford slipped on the slippery field and failed to make the needed yardage.

Getting the ball right back, Littlefield drove to the five for a first and goal, and it seemed a certainty they would score. However, a five-yard motion penalty set them back, and then third and fourth down passes fell incomplete. Tackle J.V. Finley, who was outstanding on defense,

put pressure on the passer on the vital fourth-down try.

Still in bad field position as the final quarter opened, Friona had to punt from its own 16. Mike Royal sent a booming kick over the Littlefield safety man's head. He finally elected to field the ball, and was greeted by two Friona defenders. Friona got the ball, after a great 61-yard kick, and finally could breathe a little easier.

The Chiefs drove to the Littlefield five, where on fourth down Fortenberry passed to Bandy, but the pass was caught out of the end zone and Littlefield took over.

However, two plays later the 'Cats coughed up the ball again, and Friona was back in business at the Littlefield nine.

Clark picked up eight of the yards on two sweeps to the left, and on third down Bill Bailey slashed over for the score. Drake's kick was good this time and it was 13-0 with 5:13 left in the game.

Littlefield had one other threat, going to the Chieftain 23, helped by a personal foul and a pass interference penalty against Friona. But for the fifth time in the game, the Wildcats lost the ball and Friona was in the right place to recover.

Although played in nippy weather on a soggy field which had

absorbed about an inch of rain the previous two days, the field held up remarkably well, and only a couple of times did backfield men slip because of the slick turf.

Longhorn Stampede

By Mike Casey

Last Friday night the Lazbuddie Longhorns journeyed to New Home to take on the Leopards in the final non-district clash for both teams before heading into district play this week. The 'Horns captured a 44-0 win over the Leopards to up their season mark to 5-0. Arthur Graves accounted for the first Longhorn touchdown on a six-yard punt. This came in the first quarter. Charles Lee galloped 82 yards for the 'Horns next TD in the second quarter and that was the extent of scoring in the first half. In the third period of play, Graves picked up another TD for Lazbuddie. This one also came from six yards away. Again in the third quarter the 'Horns added to their lead. This time New Home was forced to punt and Lee promptly returned it 40 yards for six more points. Lee and Mike Casey got the 'Horns last two tallies on runs of 60 and 70 yards, respectively.

After five games Lazbuddie has a 256 point-total for an average of 51.2 points per game and have held the opposition to 14 points.

Charles Lee leads all rushers with 683 yards on 57 carries. Mike Casey has 596 yards on 63 carries; Arthur Graves 476 yards on 51 carries; Mark Barnes 338 yards on 50 carries and Jerry Barber 36 yards on 6 carries.

The next foe for Lazbuddie to face will be the Nazareth Swifts. It will be the first district encounter for both teams. The game will be staged at Nazareth and begin at 7:30 p.m.

Jr. Class To Hold Chili Supper

The Junior class of Friona High School will sponsor a chili supper prior to the Friona-Floydada game, Friday, October 30, in the High School Cafeteria.

Chili, beans, homemade pies and cake, tea and coffee will be served between the hours of 5 and 7 p.m. Tickets may be purchased from a member of the Junior class or at the door. \$1.25 will be charged for adults, and \$.75 for children under twelve.

Pie, cake, coffee and tea, will also be sold after the game in the cafeteria.

MEET FULLERTON. . . Area residents met with Byron Fullerton, Republican candidate for Lieutenant Governor, in Muleshoe last week. Pictured, left to right, are Clarence R. Mason, Lazbuddie farmer, Phil Garrett, Farmer and Bailey counties campaign chairman for Fullerton, Mr. and Mrs. Fullerton and Marvin Mimms, Lazbuddie farmer. Following a brief talk the Fullertons met with the group informally to become better acquainted.

Area Group Hears GOP Candidate

A group of about 40 interested citizens of Farmer and Bailey Counties gathered at the Muleshoe State Bank, Thursday, October 15, 1970, to meet Byron Fullerton of Austin.

In a brief talk the Republican Candidate for Lieutenant Governor of Texas said, "I got into the race because I like good government and because I believe in a two-party system. We need competition in government as well as anything else. This year I decided Ben Barnes would not be re-elected by default."

Among other comments Fullerton said, "I stoutly reject any idea that campuses should become sanctuaries for lawbreakers, and my personal formula for dealing with them is to call the law and call it quick." He also stated that if people on campus prove by their own actions that they are there for disruptive purposes, "Throw Them Out."

Fullerton, is 48 years old, married, and has two sons. He is Associate Dean, University of Texas Law School (on leave), and has served on many boards within the legal profession. In addition he has worked with youth and orphan children, juvenile probation, and civic causes. The Fullertons are active members of the Church of Christ.

Several people from the Lazbuddie Community enjoyed meeting and visiting with the Republican candidate for Lieutenant Governor and his wife.

YOUNGSTER WINS

Contest Scores Take Dip As Upsets Hit

Rickie Carr of Route 3, Friona, who had been third in the Friona Star's weekly football contest the previous week, took the first place money in the sixth weekly contest, being the only contestant to score 11 correct games.

Scores tumbled once again, as many favored teams lost. In addition, there was a tie game (White Deer-Sunray), which was automatically counted as a miss for every contestant. Thus, 13 was the best score possible for the week.

Melba Jean Smiley claimed second place in the weekly contest, by being an astute score predictor. Mrs. Smiley hit the Friona-Littlefield score squarely on the head, to claim the second place money of \$3.00. She correctly picked 10 games.

Frank Truitt, another contestant with 10 right answers, was third, even though he missed the tie-breaker by only one point. Truitt guessed the score at 14-0, and in reality it was 13-0. Truitt, who had placed second in an earlier week's contest, was awarded \$2.00.

Other contestants correctly picking 10 games included Ronald Dean Smiley, Lee Roy Nuttall, Mike Fallwell, and Casper Morales of Hereford.

His score of 10 earned Frank Truitt a tie for the overall lead in the contest with Pilo Castillo with scores of 62. The leaders are picking the games at a respectable 75.5 per cent accuracy.

Tied one step back with scores of 61 are Jack Clark, John W. Frazier, Elaine Wardlaw and Holly Welch. Benny Pryor, Ronald Smiley, Charles Waggoner and Wright Williams are next with 60s, rounding out the top ten.

A list of the top 90 or so contestants can be found as usual on this week's contest page.

Contestants are shooting for a grand prize of two tickets to the Cotton Bowl football game and expense money. Second grand prize will be two tickets to the Sun Bowl game and expense money. Third grand prize is two season tickets to the 1971 Friona Chieftain games.

Contestants are reminded that the contest is just now at its halfway mark, with a potential of 84 more points to be earned, if they are discouraged about being behind.

Dan Seale Enrolled In ROTC Program

Dan Everett Seale, a freshman student at West Texas State University, from Friona is enrolled in the Reserve Officers' Training Corps for the fall semester.

Seale, a cadet private, is among 250 cadets in the Corps this year.

A 1970 graduate of Friona High School, Seale is the son of Mr. and Mrs. Charles Seale of Friona.

Upon successful completion of ROTC at West Texas State University, Seale will be commissioned as a second lieutenant in the United States Army.

County Director For Spelling Bee Named

Jim Noyes, Principal of Junior High in Bovina has been named 1971 Spelling Bee Director for Farmer County.

The Farmer County Bee will be held by April 1, 1971, and the winner will go to Amarillo on April 24, 1971, for the annual elimination contest where a new regional champion will be named.

The young boy or girl named in Amarillo will win an all-expense paid trip to Washington, D.C., June 7-11, where he'll represent the Golden Spread in the national competition.

In 1970, Carolyn Gore, daughter of Mr. and Mrs. L. D. Gore of Friona, was the county champion and placed fourth out of 46 contestants at Amarillo. The champion was a student at the Friona Junior High School. Runnerup in 1970 was Beverly Bailey, daughter of Mr. and Mrs. B.H. Bailey, Friona.

The 1971 Golden Spread Bee will be co-sponsored by West Texas State University and the Amarillo Globe-News. L.J. (Jack) Edmondson, director of public services at the university, will be bee coordinator for the Golden Spread event.

There will also be a secondary contest—the only one of its

kind within the National Spelling Bee program—open to youngsters from the sixth and lower grades. These juniors will be guests of the Amarillo Globe-News at the Regional Bee on April 24, but will not spell unless they represent the senior division, also.

Tami Haseloff was the Junior Champion for 1970. She is the daughter of Mrs. Joyce Haseloff of Farwell. The Junior champion attended Farwell School.

The district winner, to be named in April, will go to Washington where he'll compete with district winners from all over the United States. The trip includes various sight-seeing tours and entertainment.

Each county winner will receive a plaque in Amarillo and a gold pin; each county junior champion will be awarded a trophy and silver pin. Entry ribbons and winner ribbons will be given to ALL participants.

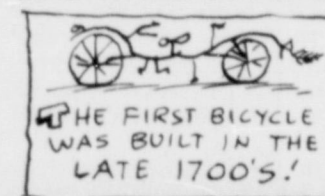

This year's contest marks the 23rd annual event sponsored by the Globe-News Publishing Company, and will be the 44th national contest, sponsored by newspapers throughout the United States.

The new "1971 Words of the Champions" (containing 500 new words) may be ordered from: Jim W. Walker, Spelling Bee Editor, Amarillo Globe-News, Box 2091, Amarillo, Texas, 79105. Price--20 cents each.

Delivery is expected around mid-October. Youngsters eager to begin studying should place their orders at once.

Farm Leader Asks Price's Intervention In CCC Protest

(Editor's note: The following is a letter which National Farmers Organization president Gerald McCathern of Hereford wrote to U.S. Rep. Bob Price recently concerning the recent U.S. Department of Agriculture action in putting grain from the Commodity Credit Corporation onto the market at this time.)

The Honorable Bob Price
Room 507
Cannon House Office Bldg.
Washington, D. C.

Dear Bob,

In answer to your request that I send you some information as to why I feel that the farmer at harvest time. To policy of USDA selling CCC milo stocks at harvest time will hurt me as an individual producer, I submit the following:

First of all I must say that it is deplorable and almost unbelievable that a thing such as this could happen in a Democratic country such as ours. No matter what excuse USDA presents to defend this policy, farmers know that the only reason that caused this action was to try to lower market prices to think that a branch of our Federal Government would have the power or even the desire to hurt a segment of its citizens by the misuse of its power is frightening.

It doesn't take a very smart person, Bob, to see how very easy it is for CCC stocks to be used to the detriment of the agriculture producer.

First of all, we must remember that farmers place on the market a years' supply of their commodities during a 30-day period at harvest time. Most farmers today are forced to sell their years' labor and investment at the highest price offered during this 30-day period because of the necessity of meeting their financial obligations incurred in producing their crops. When you have a note due at the bank and the banker says "pay", you pay! And in order to get the money to pay, you sell your production — it is an economic fact.

Next, we must consider the situation that exists in the market place. There are only two sources of supply of agriculture commodities, (1) the producer and (2) the government which has acquired excess commodities during past years. Of course if only the producer's supply is placed on the market at a given time, he is in much better bargaining position to receive a fair price because of a decrease in competition. But we must also remember that competition still exists because each producer is in competition with all other producers.

Now add another competitor into the market place with a very large supply, the United States Government, and buyers are in a position to force the price down because they do not have to buy the farmers' production, they can get it from the government at the same price. (Plus the fact that they can buy it on credit at 8 percent interest which is less than they are paying elsewhere.)

The only way they will buy the farmers production then is if he lowers his price below what the government is asking. The minute he lowers his price, the USDA can lower their price and so on until we reach the minimum level as set forth in the law which is much below cost of production.

Let's consider the argument that USDA is using, that this year's production is going to be much lower than anticipated usage because of corn blight and drought conditions, therefore government stocks are going to be needed to fill this void. Farmers concur with this fact.

We know that production is very low in both the corn crop and the grain sorghum crop and that there will not be enough feed grains to supply the needs for a full 12 months before another crop can be harvested. But you must realize that we will produce enough to supply the needs for the first 9 months of the marketing year. We do not need any USDA supplies until our years production is depleted. We insist that USDA must be re-

stricted from using their supplies in this method at harvest time to destroy the farmers' markets.

In years such as we have experienced this year when production costs have soared and production is way down, farmers deserve and must receive higher prices for their production to offset their loss because of short production.

Bob, if anyone doubts the need of better prices for farmers then they should consider these statistics: Today grain sorghum prices are 45 percent lower than 1948 while such things as interest rates are up 50 percent, machinery costs up 100 percent, farm labor up 100 percent and fuel costs up 50 percent.

The law of supply and demand will help us to receive better prices this year if only we can curtail these tactics by USDA.

Bob, you must be aware of what this action will cost the citizens of the State of Texas. Personally, for every 5 cents per hundred pounds USDA breaks the market or keeps it from advancing will take away from me, an individual producer, approximately \$1,000. For your 18th District it will mean a reduction in income to farmers of approximately \$10,000,000. And for the farmers of the State of Texas it will mean a \$20,000,000 reduction. This with only a 5 cent differential, and this action could mean the loss of as much as 25 cents per hundred which would multiply each of those losses by five.

Can we set idly by and let the farmers of this state suffer a \$100,000,000 loss of income because of the actions of a few shallow thinking USDA policy makers who have never seen the inside of a working farm? I think not, and am certain that you and the rest of the citizens of this nation will agree, once they receive the truth about how farmers prices are regulated in the market place.

Bob, the farmers of the 18th District are placing on your shoulders the responsibility to fight this battle for us immediately in the proper places in Washington. And we are pleading with the people of Texas who are so dependent on Agriculture to make jobs and add income to their area, to also take up the fight with you and to see that no government agency be allowed to misuse its powers to destroy a group of its citizens. If it is allowed, then what is to keep the Department of Defense from using its supply of manpower (service personnel) to go into direct competition with the wage earner if they feel that the worker is receiving too much wages in return for his labor.

Bob, with your kind permission, I am making this an open letter in order that people of your district will be able to understand a little better some of the problems facing the farmers.

Sincerely,
Gerald McCathern
Route 5
Hereford, Tex.

On The Farm
In Parmer County
MACK HEALD
County Agent

Harvesting came to a standstill last week due to the wet spell that set in on Wednesday. Up to last Wednesday, October 14, the grain and corn harvest had been in full swing. The milo harvest was about 50 percent over as of last Friday. How much more will be harvested this week depends entirely upon the weather clearing up and the moisture percent dropping. Yields have been about average over the entire county, with

many reports above the 8000 pound range.

Most of the soybeans have been harvested. This is a secondary crop in Parmer County with only 10,000 acres being planted this year. The yields have run along the 35-40 bushel average over most of the county. However, there have been some fields with 50 bushel or more harvested per acre. The prices for soybeans have ranged from \$2.40-\$2.55 with an average of \$2.50.

The sugarbeet harvest is just getting underway. From all indications the crop is going to be better than it was last year. The sugar percent at the start of the harvest has been running from 13.0-13.3. The percent sugar is expected to go higher as the harvest season progresses, hopefully up to the 18% range. Last year the average percent for the entire season was only 10 percent. There are only about 5,800 acres in Parmer County, but their income was over \$1.5 million dollars in 1969. This makes sugarbeets an important cash crop for the entire county.

Rokey Named SCD Director

An election for position on the Parmer County Soil and Water Conservation Board of Directors was held October 12. Dick Rokey was elected as Director. He will be representing the farmers and ranchers of zone two--which is by definition--all land in the North Friona and Black School Districts. His term of office will be five years.

DICK ROCKEY

The Directors of the Parmer County SWCD meet once a month to deal with the county's long range conservation problems. The District assists individual land users with their conservation problems through the Soil Conservation Service in Friona.

All individuals--from the city home owner to the large cooperative farmer--with soil or water problems are assisted with equal technical com-

petence. Every land user is welcome to meet with the Board to learn more about its responsibilities and how it functions.

At Home In Parmer County

By Janice Miller
County HD Agent

Food packages are BIG BUSINESS these days; millions of dollars are spent each year on package design alone.

New packages continually are coming on the market. Some of these packaging trends are a boon to the customer, says Gwendolyn Clyatt, Extension consumer marketing specialist. They mean more convenience, better quality and lower price.

But, there are times when the package does none of these.

There's the gimmick package that adds little but cost to the product. It seems that the package rather than its contents is for sale. So you, today's shopper, must be constantly alert.

Be sure that what you're buying is what you need and want. Most foods come in a variety of package sizes, too.

Remember to select the most economical size for your particular use. Let packaging help you: don't let it be a hindrance to wise, economical purchasing.

Eggs are cheaper than meat as a source of main-dish protein when the price of fine large eggs is less than the price of a pound of meat with moderate amounts of bone and fat, such as a beef rib roast, says the U.S. Department of Agriculture.

Or when the price of a dozen large eggs is less than the price of a pound of lean meat with little fat and bone, such as boned rump roast.

DEVILED EGGS DELMONICO
4-5 Servings

Blend the following ingredients: 2 tablespoons grated onions 1/2 cup grated sharp cheese 1-1/2 cups thin white sauce 2 cups cooked macaroni

Place this mixture in a one-quart shallow casserole dish.

Press 10 deviled egg halves (5 eggs) into the mixture. Cover and heat in a 400 degree oven for 20 minutes. Garnish with paprika or parsley if desired. Additional grated cheese may be added.

Friona School Lunch Menu

Week of October 26
Monday--baked ham, corn, apple sauce, hot rolls and butter, green beans, banana nut cake and milk.

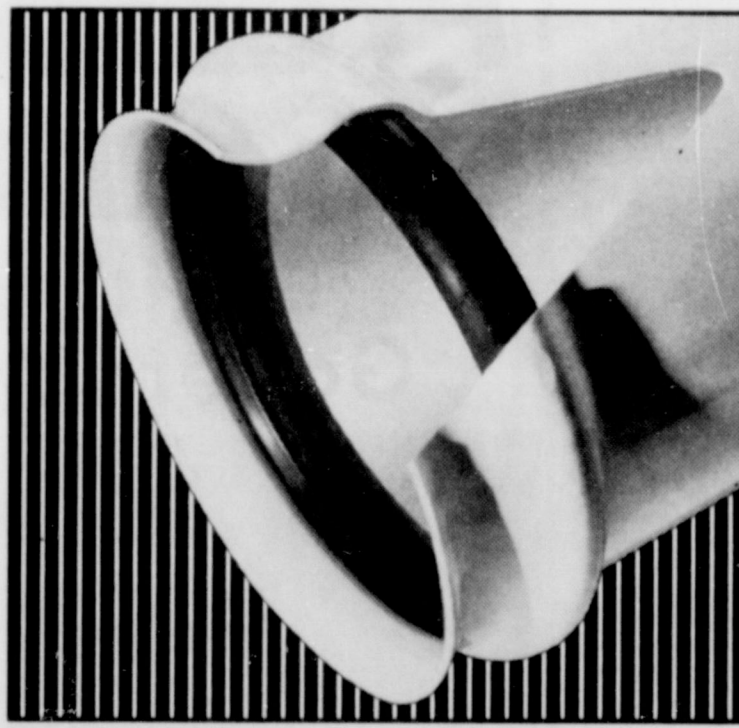

Tuesday--meat loaf, mashed potatoes, carrot sticks, hot rolls and butter, English peas, chocolate cake and milk.

Wednesday--soup and chili, sandwiches, milk, crackers and cookies.

Thursday--hot tamales, pinto beans, cherry cobbler, corn bread and butter, mixed greens and chocolate milk.

Friday--barbecue on bun, potato salad, fruit jello, relish and milk.

Here's a watertight statement about Vanguard's rubber gasket joint.

It won't leak

The idea of using a rubber gasket joint in Vanguard PVC plastic pipe was revolutionary. It meant no more bands or solvents. Easier, faster, trouble-free installation. But that was just a beginning.

Next we put the pressure on. We hydrostatically tested it. We put it through all sorts of temperature tests. We twisted it and turned it. Then we field tested it. We gave it more punishment than you or those inevitable ground shifts could ever hope to.

Just as we anticipated—the rubber gasket held.

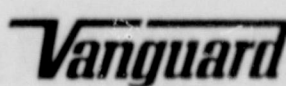

So, whatever your needs for plastic pipe, Vanguard is it. Bend it any way you want. We'll make a watertight statement about Vanguard's rubber gasket. It won't leak. Just be reasonable.

Vanguard is available in 1/2 to 15-inch diameters.

Manufactured and guaranteed by Gifford-Hill and Company, Inc., the recognized leader in irrigation, concrete products, construction materials and transportation.

Mr. Farmer Milo \$2.50 100 Weight

THIS COULD BE THE PRICE OFFER FOR YOUR GRAIN BEFORE ANOTHER CROP IS HARVESTED.

Don't be misled by over estimated crop reports statements by Grain Buyers that blight situation is not too bad and statements that there are enough reserve stocks to fill all needs.

THE TRUTH IS:

1. Government crop estimates have continually dropped from August report 4.6 Bil. Bushels of corn to 4.4 Bil. in September and 4.187 in Oct.
2. Crop could drop below 4.0 Bil. Bushels before final statistics are in.
3. This is approximately 20% below anticipated usage of corn or 1 Bil. Bushel short of need.
4. Latest Government Report of C.C.C. owned corn was 250 Mil. Bushel and much of these stocks have already been used.
5. Milo prod. is now estimated to be off at least 10% and could be off more.
6. Current Milo reserves are less than 3 Mo. total supply.
7. Some staticians estimate that if corn drops below 4 Bil. Bushels it will require all reserves of corn, milo, and much of the wheat reserves just to fill this years feed grain needs.
8. There are reports of some researchers that there will be only enough blight resistant seed corn for 20% of the 1971 crop which should result in a greater shortage in 1971/72 mkt. year.
9. Early freeze across the Milo belt could reduce yields drastically.
10. Farmers deserve more than 70% parity for their grain, and by becoming more alert in the market place could better this situation. Better prices could be ahead for those who are able to wait awhile before selling.

AWARD OF MERIT. . . Mrs. Dale Houlette is pictured here with an Award of Merit, which was received by New Horizons Junior Study Club at the Caprock District Board Meeting in Denver City Saturday. The club won second place in state competition after winning first in the district in the "Healthy Babies" division.

Junior Study Club Takes Second Place State Award

New Horizons Junior Study Club has been awarded second place in state competition for their "Operation Healthy Babies" project.

This award is presented by the National Foundation of the March of Dimes through the General Federation of Women's Clubs for outstanding activity in the Junior Project for creative and effective promotion of the prevention of birth defects.

The award was officially announced at the Caprock District board meeting in Denver City on Saturday, October 16. Four members from the club were present to receive the award. They were Mrs. Hank Wheeler, Mrs. Edwin Morrison, Mrs. Tommy Hammock and Mrs. Dale Houlette. Mrs. Morrison attended as Caprock District Junior Chairman of Standing Committees, and Mrs. Houlette as Caprock District Junior Chairman of Conservation. Unable to attend was Mrs. Walter Cunningham, Caprock District Junior Chairman of International Clubs.

The club received the award through their efforts in conducting a yearly Amblyopia vision clinic for pre-school age children and for their volunteer help with the patterning therapy and physical rehabilitation program of Chris Houlette and Tim Thompson. The award also covered other projects of the 1969-70 club year.

The Healthy Babies project received first place in the Caprock District last spring and was entered in State competition with approximately 210 Junior Study Clubs throughout the state of Texas. First place at state level was won through the combined efforts of two Junior Clubs from El Paso with a membership of 107.

Mrs. Mamie McGinnis of Comanche died there Monday afternoon. She was the mother of Mrs. Ray Murphree, Friona. Funeral services for Mrs. McGinnis were conducted from First Baptist Church, Comanche, at 10:30 a.m. Wednesday.

Girl Scouts Report

On Wednesday afternoon Junior Troop 311 met to discuss the year's activities.

During the business session new officers were elected. They were Martha Castillo, president; Renee Hughes, vice-president; Cammie Waggoner, secretary-treasurer; and Peggy Martinez, reporter.

Troop members present studied the sign of the arrow and the sign of the star. Refreshments were served by Mrs. Marty Martinez, one of the leaders. Fourteen members

and two guests were present.

Troop 22 met Monday afternoon for officer election. Those elected were Diana Clark, president; Paige Osborn, vice-president; Sharla Bengel, secretary and Connie Martinez, reporter.

Plans were made for a Halloween Party October 26. First year Brownies will be our guests.

Cindy Cleveland and Linda Nelson, hostesses, served ice cream and punch.

Home Arts Club Meets Thursday

Eleven members of Home Arts Club were present for the Thursday meeting in the home of Mrs. A.L. Outland. Following a salad luncheon, plans were made for the club to assist with sponsorship of a new Girl Scout Troop, which is being formed.

During the business session notes of appreciation from Mrs. Ella Dukes, Mrs. Ernest Osborn

and Mrs. Steve Messenger were read.

A demonstration of Christmas decorations for tablecloths and other items was presented by Mrs. A.H. Boatman, who displayed a number of finished articles. Mrs. Outland, Mrs. Boatman and Mrs. Howard Ford shared a number of patterns with other club members.

Those present included Mesdames E.G. Adams, Estis Bass, Tina Bainum, A.H. Boatman, Dan Laceywell, A.L. Outland, Leonard Pope, D.G. Hand, Thelma Ford and E.G. Phipps and Lola Goodwine.

The next meeting will be in the home of Miss Goodwine, Thursday, November 19.

Ten Attend

ESA Meeting

Eight members and two guests, Mrs. Jack Rennels and Mrs. Gary Mac Brown, both of Muleshoe were present for the Sigma Upsilon Chapter of ESA in the home of Mrs. Douglas Stephenson Tuesday evening.

A brief program explaining the goals and purposes of ESA was presented by Mrs. Cliff Mowbray.

During the brief business session, which was presided over by Mrs. Charles Faulkner, president, possible money making activities to provide funds for philanthropic projects were discussed.

Refreshments were served to the guests and Mesdames Stephenson, Faulkner, Mowbray, Ernest Porter, Tex Barnes, James Andrews, O'Neil Green and Paul Galyon.

David Moseleys Return Tuesday

Mr. and Mrs. David Moseley returned home Tuesday after spending several days visiting relatives in Oklahoma.

In Oologah they were guests in the home of Mr. and Mrs. David C. Hester and children, Terri Lynn, Tony and Brian. Then they visited in the home of Rev. and Mrs. Joe Hubb Collier in Oklahoma City.

The Pilgrims landed at Plymouth Rock December 21, 1620.

It's A Boy For Riddles

Mr. and Mrs. Jon Lin Riddle of the Hub Community became parents of a baby boy at 8:15 p.m. Wednesday at Parmer County Community Hospital. He was named Denver Ross and weighed 6 lbs. 4 ozs.

Denver Ross, who is the third child for the Riddles, has one brother, Jon, 5, and one sister, Casey Dee, 3.

His grandparents are Mr. and Mrs. Harvey Riddle and Mr. and Mrs. O.H. Jones all of Bovina.

Daughter Is Born To Gary Sneads

Lt. and Mrs. Gary G. Snead of Santa Ana, California, became parents of a baby girl there at 12:15 p.m. Thursday, October 16. She weighed 8 lbs. 12 ozs. and was named Holly Caroline.

Holly is the first child for the Sneads. Her grandparents are Mr. and Mrs. R.E. Snead, Friona, and Mr. and Mrs. Weldon Surber, San Angelo.

Mrs. Hattie Snead, Friona, and Mrs. Ida Surber, San Angelo, are the great-grandmothers.

LOCAL WOMEN ASSIST WITH LUNCHEON. . . Mrs. Robert Alexander, left, and Mrs. Paul Spring, second from left, assisted with hostess duties at a luncheon meeting of Hereford and Tierra Blanca Medical Auxiliaries at Hereford Country Club Friday. Mrs. E.P. Schoch of Austin, seated, president of the Woman's Auxiliary to Texas Medical Association, was the honored guest. She gave a talk urging members to become better informed about issues and candidates in the coming state and national elections. Mrs. Spring is the Panhandle district councilwoman and Mrs. Alexander is the secretary-treasurer of Tierra Blanca Auxiliary. Others in the picture are Mrs. Gerald Payne, Hereford, and Mrs. John Blackburn, Dimmitt.

Lazbuddie Girl Ends WAVE Basic Training

The navy recruiting station, Clovis, N.M., announced today that Miss Hazel Jean Culver, daughter of Mr. and Mrs. John W. Culver, Lazbuddie, has just completed ten weeks of basic training at Recruit Training Command (Women), Naval Training Center, Bainbridge, Maryland, and was graduated during a military review held on September 4.

The local wave, a former student at Lazbuddie High School, will spend a leave with her family and friends before reporting to Naval Training Center, Great Lakes, Illinois for Hospital Corps School.

Hospital Apprentice Culver received instruction in Orientation, Naval History, Citizenship and Current Events, Naval Ships, Aircraft and Armament, Navy Jobs and Training, Self Improvement, First Aid, Physical Training and Military Bearing and Drill during her indoctrination period.

The Lazbuddie WAVE enlisted at the Navy Recruiting Branch Station, Clovis, New Mexico for three years and was sworn in at the Navy Recruiting Station, Albuquerque, New Mexico on June 24, 1970, and while in training was in Company 37.

HAZEL JEAN CULVER

Members Hear Pollution Report

Guest speaker at the Tuesday evening meeting of Progressive Study Club at Federated Club House was Al Austin, a graduate student at Texas Tech University, Lubbock, who spoke on pollution.

Tracy and Sunny Horton, vocalists, were guest entertainers. They sang, "Side By Side," and "Boo Hoo."

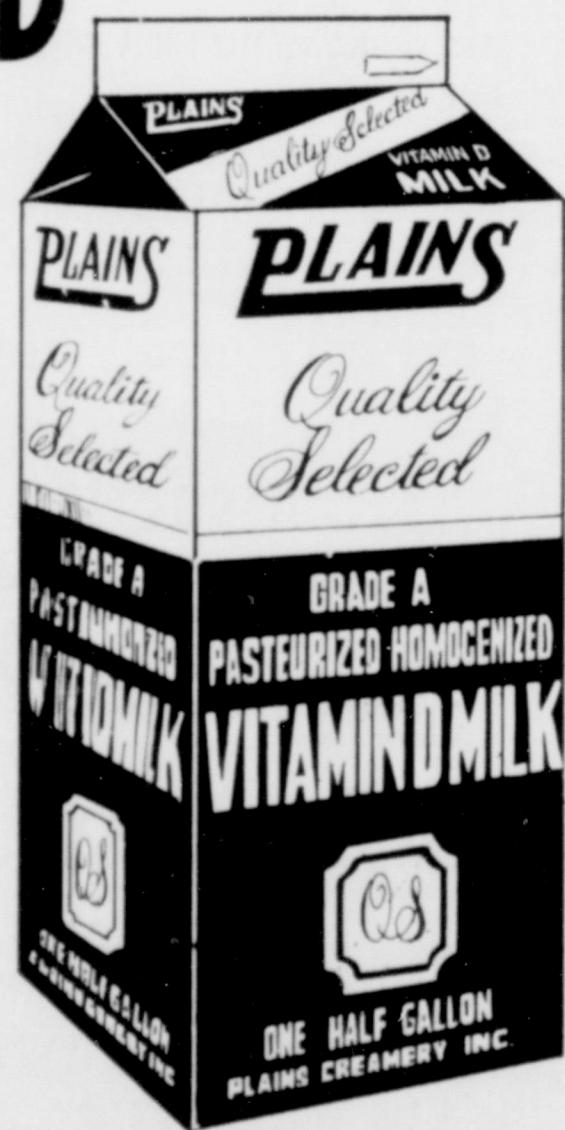

Plans for the RubOut Rubella Project, which was conducted Thursday were finalized.

Mrs. Don McManaman and Mrs. Darrell Simpson, hostesses, served refreshments to twelve members and the following guests, Mrs. Harrell Mayes, Mrs. Bob Johnson, Mrs. Wayne Wallace, Mrs. Dean Shipp, Mrs. Yale Canfield, Jan Story, Mrs. Robert Alexander and Mrs. Floyd Reasoner.

KATHY COOK... Mr. and Mrs. Raymond Cook have announced the engagement and approaching marriage of their daughter, Kathy, to Mike Wooley, son of Mr. and Mrs. Bill Wooley. Wedding vows will be exchanged Sunday, December 20, 1970, at 3:00 p.m. in First Baptist Church, Friona. Miss Cook is a junior at West Texas State University, Canyon, and Wooley is a student at Southwestern Medical School, Dallas. Invitations are not being mailed locally, but friends of the couple are invited to attend.

Eleven Frionans Attend Tulia Meet

Eleven members of the Iota Eta Chapter of the Delta Kappa Sorority attended the regional meeting in Tulia Saturday. The theme of the meeting was "This Time--What To Do With It."

The opening session in Tulia High School Auditorium began with registration at 9:00 a.m. Mrs. Kermit Mitchell presided. Mrs. Mildred Martin, Petersburg, directed the invocation.

It's A Boy For Outlands

Mr. and Mrs. H.L. Outland Jr. became parents of a baby boy at 2:00 p.m. Wednesday, at Parmer County Community Hospital. He weighed 8 lbs. and was named Henry Leon III. He is the first child for the couple. Grandparents are Mr. and Mrs. H.L. Outland Sr. and Mr. and Mrs. Norbert Schueler. The great-grandparents are Mr. and Mrs. S.J. Jarrell, Clovis; Mr. and Mrs. R.H. Schueler of the Rhea Community; and Mrs. E.C. Dearing, Arnett, Oklahoma.

W.H. Jarrell, Clovis, is the great-great-grandfather. Mrs. Outland and the baby have been dismissed from the hospital.

The principal address, "To Everything There is a Season," was presented by Mrs. Mildred Sullivan, area director for West Texas division from Pampa. "It's Time Delta Kappa Gamma Became Aware Of The Handicapped," was the title of the Parmer County chapter's part on the program and was presented by Mrs. Nell Craig, special education teacher from Farwell.

The Iota Eta Chapter received the attendance award. Members attending from Friona were Mrs. Frank Truitt, Joy Morton, Mrs. Ernest Osborn, Mrs. Martha Bates, Mrs. Fay Reeve, Mrs. Jeanne Moseley, Mrs. Lois Miller, Mrs. Byron Hardgrove, Mrs. Raymond Cook, Mrs. Wana Brewer and Mrs. Ethel Bengler.

Guest Presents Craft Program

Mrs. Jack Ramey of Amarillo was a special guest at the Thursday evening meeting of New Horizons Junior Study Club at Federated Club House. She presented a demonstration on making figures from magazines and displayed samples of her art.

Mrs. Hank Wheeler, vice-president, conducted the brief business session.

Words of wisdom and the club collect were presented by Mrs. Edwin Morrison.

Refreshments of cream puffs, coffee and hot chocolate were served by Mrs. Tommy Hammock, hostess.

Guests present, besides Mrs. Ramey, were Sherrille Hulsey, Mrs. Dean Shipp, Mrs. H.A. Oden, and Mrs. Kenneth Ferguson.

ENGAGED COUPLE ANNOUNCES PLANS... Terri Sue Cummings, Friona, and Brett Bumpas, Benjamin, have announced plans for a December 29 wedding at Sixth Street Church of Christ. Parents of the couple are Mr. and Mrs. Doyle Cummings, Friona, and Mrs. Sue Bumpas, Benjamin and the late W.M. Bumpas. They are both juniors at Texas Tech University, Lubbock. She is a hearing and pathology major and he is an animal production major.

"WINDY THE WITCH" is pictured here with six other figures, which have been made from magazines by folding pages, using spray enamel, styrofoam balls, some imagination and a few other odds and ends. Windy and the others were made by Mrs. Jack Ramey, Amarillo, who was a special guest at the Thursday evening meeting of New Horizons Junior Study Club at Federated Club House.

Local Students Enrolled At LCC

Scott Wooley, son of Mr. and Mrs. Bill Wooley, Dale Neel, son of Mr. and Mrs. Otis Neel of 801 W 7th, Janice Clark, daughter of Mr. and Mrs. J.S. Clark of Route 2, and Jill Mimms, daughter of Mr. and Mrs. G.W. Mimms of Route 1, Box 90 A, have enrolled for the fall semester at Lubbock Christian College.

Wooley is a 1969 graduate of Friona High School majoring in human relations. Neel is a 1969

graduate of Friona High School majoring in business. Miss Clark is a 1969 graduate of Friona High School majoring in education. Miss Mimms is a 1968 graduate of Lazbuddie High School majoring in elementary education.

Lubbock Christian College is a small, private, senior college offering BA and BS degrees in 16 majors and has a 32 percent increase in enrollment over last year.

Thespian Troupe Announces Play

Announcement has been made of the selection of the cast for Paul Green's "The No 'Count Boy," a one act play. It will be directed by Deanie Haralson, Portales, who is a senior speech major at West Texas State University, Canyon.

Supervisor will be Joy Morton, speech teacher in Friona High School. Technicians will be Ruthie Stokes and Melinda Miller.

Characters in the play will be Mickey Harrelson, Annette

Reznik, Carl Evans and Holly Stephenson, members of Thespian Troupe #1379.

The play will be produced Tuesday, November 24 in Friona High School Auditorium.

Mr. and Mrs. Jeff Wofford and Tempa Lori of Abilene were weekend visitors in the home of Mrs. Wofford's parents, Mr. and Mrs. John Burrow.

Sincerely Yours

BY REV. ALBERT LINDLEY

Boy, I wonder where that "Navy Boss" was when I was in? Did you notice that the other day he handed down an "edict" which said in effect, that from this time on, no person would stand in a line for anything, for longer than 15 minutes?

I think I must have spent about 2 years of my 3-1/2 year hitch, standing in a line for something or other...

His idea is good and will probably pay off since they are trying to do different things to make the Armed Forces more appealing. Shorter lines can sure help that...

But now, since you (?) brought up the topic of lines, let me add a few ideas of my own.

Can you think of anything more appealing or more expressive than to see people (lots of 'em) walking into a church? Families who have chosen this expression of being together on their "day off." (I sure have a hard time being open minded with a person who uses his reason for not attending church--"It's the only day our family can be together." I never have understood why one should feel that a family can't be together in church... besides, just to be down right blunt and practical, is there a better place to express all that one might feel toward the family, than in the context of a worship service? No, I have to really say about that person, "Person, you just don't want to go to church.")

Now, where were we? ... yes, lined up, going to church... what a sight to behold... we have enough churches to seat most of the people of this community and still allow the "professional non-church goer" a reason for not being there... and any church would gladly double the morning worship service if there was such a need. But such is not the case. Our churches are not always full with waiting lines outside...

It really doesn't bother me so much (boy, I really had to do some growing up to accept this) for the regular attendee to miss occasionally--(don't make it a habit, now)--

but my real concern is for the person who never gets in that line we have been talking about. I want that person to know that I care and that I am concerned. (If you are reading this, now you know!) But there is something even greater--there are many others who care also. I don't have the only handle on this. People of all faiths and all temperaments are in the same position in which I find myself--we care!

But there is even a greater truth and one of even more importance--God cares. To really believe and to respond to it, one becomes a "carer" himself and immediately starts directing that "care" inward and outward. How 'bout that, friends?

I have found that it helps when I have a topic or an idea, to try to picture it as a real object that has form and that might be handled... (you might try this. It helps in your description of an idea)--well, to continue--the word picture I have tried to paint for us causes me to think of--an octopus.

Now, I won't try to touch one and I think he had more use for us than to sell deodorant because he has more "under arm trouble than anybody else," but I choose the octopus because of the fact that I see concerned people reaching out in all directions and helping people in their time of need and in their relationship with God.

I can see "caring people" who really have a "feeling" for the lack of "communion" that some people have with God. Isn't it tragic that some people really are in that condition?

Now, concerned people are not "nosy" but their "tentacles of care" (we could call them TOC, for short) are probing into the needs and concerns of people and the community and are seeking to bring people into a knowledge of being reconciled to God, just like they are...

Boy, you didn't know all those people were lined up with you on Sunday, did you? And something else... kinda personal... I'm glad you are one of them...

Friona

Our most sincere apologies this week go to David Smith and his fiance, Krysl Miesak. I really don't know how we managed to let a wedding announcement go all the way without any date. David was a good sport about the oversight and said, "Oh, that's all right. We can just get married any day."

For friends of the couple who are interested in attending the ceremony, it will be at 11:00 a.m. Saturday, December 19 at St. Elizabeth's Catholic Church, Lubbock. If Krysl and David will accept our apologies, we will try to do better next time.

I'm wondering how many Frionans recognized Stan Hansen of Las Cruces, New Mexico when he appeared on television Monday evening. He was named one of the outstanding players of the West Texas State Buffaloes last week.

I kept waiting for someone to mention the fact that he used to play football for the Friona Chieftains, or maybe it was for the Braves. At any rate, he is an ex-student of Friona schools.

Do you believe some people are born lucky? Well, you are wrong. Successful people make their own luck; They know where they are going and how to get there. Knowing what they want and how to get it enables them to concentrate their energies and efforts and come up with a plan for achieving their goals.

When they do conceive a plan, they examine it objectively. They are their own public relations man. They realize that "people need people." Consequently, they don't feel above asking for help or advice.

Also they are always ready to lend a helping hand to others. Because of such an attitude, people are responsive to them. They never become self-satisfied by a temporary success but begin to chart new goals.

Now... do they possess good luck or good sense? The above was borrowed from Goodman Office Supply's "Modern Secretary." I enjoyed it and feel that it contains a lot of food for thought.

Mrs. Bertie Doak, Mrs. Evelyn Wendt and Mrs. Olive Rector returned recently after making a twenty-two day tour, which took them through 20 states, the district of Columbia and two provinces of Canada.

And, as if that wasn't enough traveling for awhile, Mrs. Olive Rector stayed home only long enough to re-pack her bags before going to the State of Washington, where her granddaughter, Linda Boatright, needed help with the care of a new baby.

The tour was called "Autumn in New England," and was made up mostly of West Texas residents.

Some of the places they stopped were Springfield, Missouri; Detroit, Michigan; Niagara Falls; Montreal; Quebec; Bangor, Maine; Crawford Notch, New Hampshire; Boston, Massachusetts; New York City; Washington, D.C.; Natural Bridge, Virginia; Knoxville and Memphis, Tennessee; and Fort Smith, Arkansas.

Highlights of the trip were visits to the White House, Capitol, Arlington National Cemetery, Monticello, Mount Vernon, Statue of Liberty, Empire State Building, Radio City Music Hall, Broadway, Chinatown, Fifth Avenue and The Bowery.

Bertie reported that as much as anything else she enjoyed the beautiful colors of maple trees and shrubs in the New England States. Evelyn said the thing she least enjoyed was a drive down Bowery Avenue. She had been to New York City before and knew what to expect, but others, who had not been there were astounded by the sights they saw there.

Bertie and Evelyn are sisters, and since they are both widows, have chosen to live together. Guess Bertie was too much of a country gal to move to Dallas, so Evelyn, who had lived there 42 years, just moved to Friona.

Lucille Collier, who is another sister of these two, didn't make the tour with them, but has gone off on another one with Mrs. Ethel Bengler and Mrs. Dick Habbinga. Think they may be home in time for us to have a story about that trip next week.

George Bernard Shaw defined a learned man as an idler who kills time by study. Do you have a better definition?
