

INCREASE NOTED

Deposits Reflect Friona's Growth

For 22 years, the United States (and the United Nations) has refused to recognize Communist China in diplomatic relations. The UN has refused to admit Red China as a member. Now, all of a sudden, Communist China invites the U.S. ping-pong team to compete there against the Chinese team, and overnight, world opinion seems to have been swayed. A push is underway to get Red China admitted to the UN.

Perhaps the exclusion of Red China in the UN for all these years has been wrong—but we think that to admit them solely on the basis of their hosting a ping-pong tournament is equally as foolish.

Of course, sometimes big differences between nations can be resolved through minor means. We would hope this might be the case with Red China, but we doubt it. Somehow, we don't trust communists any farther than we can throw a ping-pong table.

If they get their recognition, maybe there is more to ping-pong than we thought. The next time we have a water conference in our area, perhaps we should invite the U.S. ping-pong team to be special guests. Might make some points with Washington.

Apparently, the Zogi magic revue went over real well, and the only drawback was that more people didn't attend. After the receipts passed a certain point, the proceeds, which went to the Little League baseball park fund, were all profits.

The park fund will receive in the neighborhood of \$550 from the Zogi show, and this is \$230 more than the broom sale netted. And most Lions say they worked a lot harder on the broom sale.

Expecting another banner tourist season, the Texas Highway Department has just published a 200-page travelogue, and as J.C. Dingwall, state highway engineer says, "Texas has never looked so good."

The book features many full-color pictures, and is entitled "Texas, Land of Contrast." The pages are filled with the scenic, historic and recreational pleasures of Texas. It offers concise details on what to see and do in Texas.

Special sections of the new book include a complete campground guide of publicly operated facilities, sections on Texas rocks and minerals, wild flowers and birds.

The state highway engineer says he thinks the book will be the most effective tool ever produced for luring more new tourists to our state, and stimulating travel throughout the state.

The publication will be distributed at highway department tourist bureaus near state lines, and by mail in response to out-of-state inquiries.

We have a copy of the book at the Friona Star Office, and will be happy to let you browse through it, or borrow it if you like. However, we'd like to have it back for our files, because as the highway representative said, "Texas never looked so good."

Did you realize that the average family of four eats two and one-half tons of food per year? Perhaps you did, if you carry in all those sacks of groceries each week for your better half.

According to the Extension Service, the average family consumes yearly 1,000 pounds of meat; 1,500 pounds of dairy products, more than 1,000 pounds of fruits and vegetables and over 1,500 pounds of flour and cereal products, sugar, potatoes, fats, oils and eggs.

Each million people we add to our population requires another 172,000 beef cattle; 25, 400 dairy cattle; 433,000 hogs and 1.3 million hens at today's food consumption rates.

Sounds like Texans are heavy eaters.

"I found out my phone conversations are being recorded," the hippie exclaimed anxiously.

"Great, man!" said his friend. "On what label?"

Friona State Bank released its quarterly report this week, and once again, the report reflects a strong, steady growth pattern in local deposits.

Total deposits at the bank as of the close of business April 20 stood at \$11,650,965.95. This was an increase of \$2,447,070.99 over the comparable figure a year earlier, which was \$9,203,894.96. The increase amounted to roughly 26 per cent.

Actually, the quarterly statement in 1970 was made on April 30, which made a ten-day difference in the statement dates. Total assets at Friona State Bank stood at \$13,013,404.35. This was up \$2,515,966.92 from the figure of \$10,497,437.43 a year earlier.

Loans also showed an increase, from \$7,143,795.71 in 1970 to \$7,834,463.95 on the current statement.

Bank president Frank A. Spring credited the large increase in deposits to the fact that people have become more "saving" conscious during the past year.

"It seems that people are taking a little better care of their money," Spring said.

The facts bear him out, as time and savings deposits at Friona State Bank increased from \$2,782,811.37 on the 1970 statement to \$4,063,479.45 on the current report.

Spring also said that the report obviously showed that the bank had gained a number of customers during the past year, partly perhaps due to its magnificent new bank building, and also due to the fact that our city continues to show population growth.

PASSENGER SERVICE ENDS. . . J.C. Beck, local Santa Fe agent, points to the official notice telling of Santa Fe Railway's plans to discontinue passenger service as of May 2. The announcement came in conjunction with the Railpax program, which did not include a train through Friona.

AT HEREFORD

Co-op's Annual Meet On Tap Thursday

The Deaf Smith County Electric Cooperative will have its 33rd annual meeting at the Bull Barn in Hereford Thursday. Following registration at 11 a.m. will come a barbecue luncheon served by the Hereford Rotary Club at 11:45 a.m.

Entertainment will be furnished by the West Texas State University Stage Band during the luncheon. The business session will be called to order at 1 p.m., with a report to the membership and the election of two directors presented by nominating committee selection.

The men selected for Deaf Smith County for election or re-election for directors are Raymond Higginbotham and Edgar Lemmons; for Parmer County for election or re-election are

A.W. Anthony, Jr. and A.W. Gober. Both Higginbotham and Anthony are seeking re-election to their directorship posts.

Movies will be provided for the small fry of the membership while the business meeting is in session. Drawings will be conducted throughout the meeting for over \$600 in prizes, and door prizes will be presented to everyone registering.

In a discussion of this year's event, Sloan Osborn, president of the Board of Directors, and James Hill, general manager of the multi-million dollar organization, indicated capital credit checks will be paid to the membership for the year 1969 in the amount of \$84,068.37. This figure represents 10 per cent of the money each member paid for his electrical requirements in that fiscal year.

SPEAKER NAMED

Tech Exes Schedule Annual Dinner Friday

Dr. L.N. Jones, dean of student life at Texas Tech University, will be the guest speaker at the Parmer County Texas Tech Ex-Student chapter's Tech Day banquet Friday night.

The banquet will be held at the Parmer House Restaurant at 8 p.m. Friday.

"We encourage all students, ex-students and friends of Texas Tech to attend the banquet," stated Dale Cary, president. He said that Texas Tech's 1970 football highlight film, a color film narrated by Jack Dale would also be shown. Larry Carter of the Ex-Students Assn. will accompany Dean Jones to Friona.

Cary is president, and Bedford Caldwell of Bovina is vice president of the Parmer County chapter of Tech exes. Mrs. Dale Gober is secretary-treasurer.

Lions' Projects Boost Baseball Park Fund

Two recent Lions' projects have benefited the new Little League baseball park fund by more than \$800.00.

The annual Lions broom sale, co-sponsored by the Friona Lions Club and the Friona Noon Lions, grossed \$1350.04, and netted \$318.92 for the local clubs.

Last Friday's Zogi magic revue, again co-sponsored by the Lions and booked through the Chamber of Commerce, grossed \$985.00, and netted \$550.00.

After advertising and other local expenses, it appeared that in the neighborhood of \$868.92 would be earmarked for the baseball park fund from the two projects.

Chamber of Commerce president Ralph Shirley (who is also a Lion), expressed this week his appreciation to the people of the Friona area, for their support of these two projects.

Hi-Pro Feeds Is Expanding

Hi-Pro Feeds is in the midst of an expansion program that will cost \$50,000 by the end of the summer, adding 6,400 square feet of warehouse space, plus new manufacturing equipment.

The company, whose basic business is the manufacturing of feedlot supplements, is building a 52 x 125 foot extension to its warehouse.

Hi-Pro has begun bagging certain of its feeds, and hence the need for additional storage space. Also, the company plans to go into the manufacturing of range cubes this coming summer, and this will also require additional space.

Ron Davenport, manager of Hi-Pro Feeds, said he is happy that the company's growth had been such as to warrant the expansion after a relatively short time since it opened.

Hi-Pro opened in November of 1967 with animal health supplies. Its feed mill operations began on May 29, 1969. The company has also opened branch offices which handle animal supplies in Etter and Abilene.

At the present time, some 30 people are employed by the company in Friona, adding a sizeable payroll to the local economy.

Lewellen and Matlock Construction Company of Friona are the contractors on the expansion project. Cost of the warehouse addition is in the neighborhood of \$20,000.

Stone Provides Area With "Fishing Hole"

There's something fishy going on out in the Black Community these days. But it's all on the up and up.

Travis Stone, whose place is a mile south of Black on Farm Road 1172 added to the diversification of his farm late last summer when he opened a "catfish farm" at his place.

As a new wrinkle this year, Stone is adding a feature which is available only at mountain resorts for the most part—fishing for your own catfish.

Stone has stocked one of his large earth ponds with "channel cats," which will average two and one-half pounds. Some of the fish in the pond will go up to four pounds and above. And, for some lucky angler, there is an added attraction of a "prize fish." This is a five and one-half pound albino catfish. He will be free to the one who reels him in—making it well worth their trouble.

The Stones sell the fresh catfish for 85 cents per pound, or 95 cents dressed. They will make a flat charge of \$1.00 extra for the privilege of fishing in the well-stocked pond. Stone furnishes the poles, bait and

hooks. Anglers will be obliged to buy the fish they catch.

"I think this will be especially popular for youngsters, and maybe a few oldsters, who have either never fished, or don't care to drive many miles for the experience," Stone says.

As proof that the fish would bite, three children who accompanied Star publisher, Bill Ellis to the fish farm each caught their fish, and had a great time doing it.

Stone has devoted some 10 acres of his farm to the fish business. He has six earth ponds, the largest of which is a three-acre tank. The other tanks are smaller, and they include the tank from which the public will fish, as well as another which holds some 600 pounds of "stocker" fish.

The stockers are one-half to pound and one-half catfish. In addition to the earth tanks, Stone has four cement tanks which hold the saleable fish, and keeps them handy for the customers.

In addition, there is a processing house, which also serves as the retail outlet for the fish. In this white frame house (Continued on page 12)

REGIONAL POINT-MAKERS. . . The above students won places in the regional speech tournament at Lubbock last weekend. Kneeling in front are Sally Kendrick, first place winner and state meet entrant, and Joy Morton, the group's coach. Seated are girls debaters Sheila Struve and Diane Rodgers. Steve Stone (l) was named to the all-star play cast, and Troy White was third in poetry interpretation.

Cancer Gifts Help Fight Leukemia

Leukemia is cancer of the blood-forming tissues. Long considered primarily a disease of children, it actually strikes many more adults, and at an increasing rate.

In 1947, the first remissions were achieved by chemotherapy in acute leukemia. Today, in some medical centers, complete remissions are being achieved in up to 90 per cent of certain cases. Some drugs, in series, have prolonged life of leukemia patients for over 10 years. There is no preventive or cure, as yet.

The American Cancer Society—already doing more against leukemia than any other national voluntary health organization—has stepped up its service program for leukemia patients in accordance with existing service policies. The expanded program guide defines minimum services that should be made available.

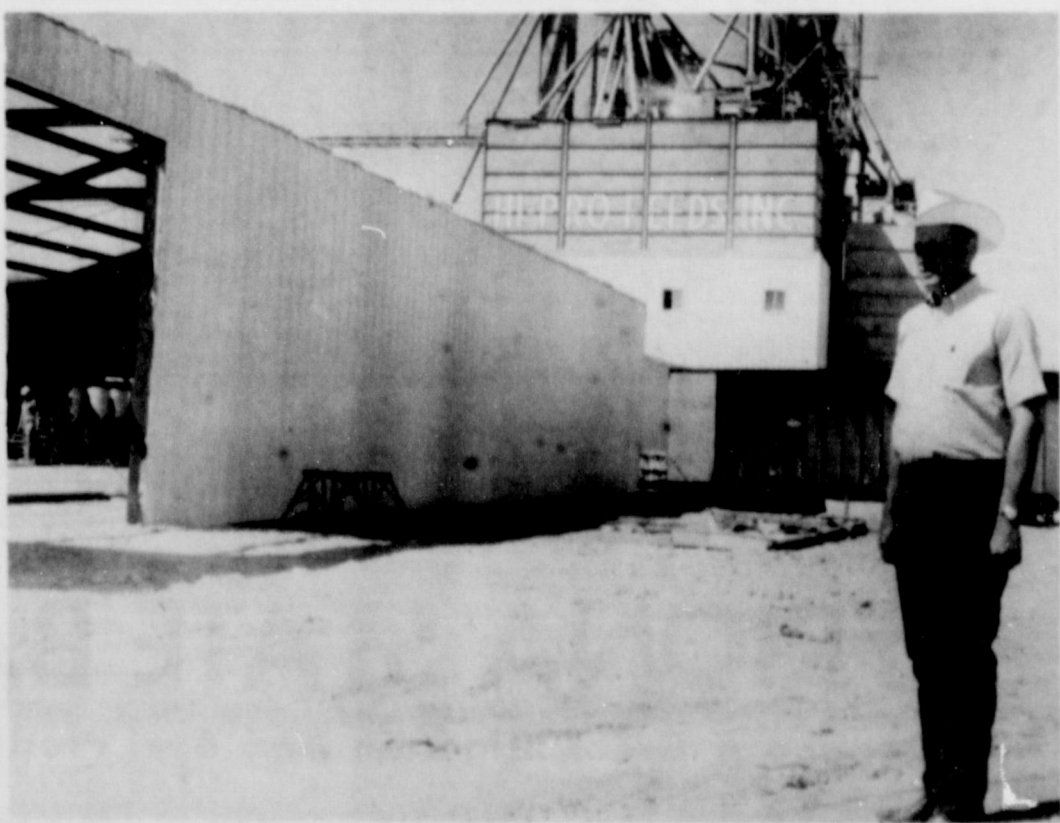

Nature and scope of support for a patient will differ from Division to Division, from Unit to Unit, and will depend on local ability to meet the ordinary needs, and the expanded service program will endeavor to supply them. If leukemia strikes, families in need are urged to consult the nearest American Cancer Society Unit to find out what help is available from the Society and other community agencies.

There will be 19,000 new victims of leukemia in 1971, and 15,000 deaths. It strikes both sexes and all ages. The disease constitutes approximately half the cancer cases of American children between ages 3-14 where cancer is the leading disease-death cause.

The American Cancer Society has always been in the forefront in the leukemia fight. On March 1, 1968, there were 53 American Cancer Society grants for almost \$2-million that were directly or indirectly related to leukemia.

This program embraces the quest for a simple practical test to detect leukemia before it develops in the bloodstream, the search for more effective drugs for treating the disease, and studies relating to radiation, viruses and basic leukemic cell structure and functions.

Support your local cancer drive committee; they are all volunteers. The local drive is underway this week.

HI-PRO ADDITION. . . Ron Davenport, manager of Hi-Pro Feeds, stands in front of the new 52 x 125 addition which is being made to the company's warehouse facilities. The addition will be used to house bagged feed and range cubes, which it will begin manufacturing.

BRING HIM IN. . . Travis Stone helps Sandy Spring reel in a catch at Stone's Fish Farm, south of Black. Beginning this week, residents of the area will be able to catch their own catfish in one of Stone's ponds, for a nominal fee. (See story).

Pause and Reflect

By Nelson Lewis

THIS GRADUATION CEREMONY marks the completion of an important phase of your life. It is an occasion in which all who know you can share in your sense of pride and accomplishment. But no one has more pride in your accomplishment than the older generation. But I am not going to tell that older generation how bright you are. Nor am I going to say we have made a mess of things and you--the younger ones--are the hope of mankind. I would like to reverse that process. For if you will look over into the bleachers to your left or right, I will reintroduce you to representatives of some of the most remarkable people ever to walk the earth. People you might want to thank on this graduation day. These are people you already know--your parents and grandparents. And, if you will bear with me for five minutes, I think you will agree that a remarkable people they are indeed. Let me tell you about them.

Not long ago an educator from Northwestern University by the name of Bergen Evans, a radio performer known to your parents, got together some facts about these two generations--your parents and grandparents. I'd like to share some of these facts with you.

These--your parents and grandparents--are the people who within just five decades (1919-1969) have by their work increased your life expectancy by approximately 50 percent--who while cutting the working day by a third, have more than doubled per capita output.

These are the people who have given you a healthier world than they found. And because of this you no longer have to fear epidemics of flu, typhus, diphtheria, smallpox, scarlet fever, measles or mumps that they knew in their youth. And the dreaded polio is no longer a medical factor, while TB is almost unheard of.

Let me remind you that these remarkable people lived through history's greatest depression. Many of these people know what it is to be poor, what it is to be hungry and cold. And because of this, they determined that it would not happen to you, that you would have a better life, you would have food to eat, milk to drink, vitamins to nourish you, a warm home, better schools and greater opportunities to succeed than they had.

Because they gave you the best, you are the tallest, healthiest, brightest, and probably best-looking generation to inhabit the land.

And because they were materialistic, you will work fewer hours, learn more, have more leisure time, travel to more distant places, and have more of a chance to follow your life's ambition.

These are also the people who fought man's grisliest war. They are the people who defeated the tyranny of Hitler, and who when it was all over, had the compassion to spend billions of dollars to help their former enemies rebuild their homelands. And these are the people who had the sense to begin the United Nations.

It was representatives of these two generations who, through the highest court of the land, fought racial discrimination at every turn to begin a new era in civil rights.

They built thousands of high schools, trained and hired tens of thousands of better teachers, and at the same time made higher education a very real possibility for millions of youngsters--where once it was only the dream of a wealthy few.

And they made a start--although a late one--in healing the scars of the earth and in fighting pollution and the destruction of our natural environment. They set into motion new laws giving conservation new meaning, and setting aside land for you and your children to enjoy for generations to come.

They also had the dubious record for paying taxes--although you will probably exceed them in this.

While they have done all these things, they have had some failures. They have not yet found an alternative for war, nor for racial hatred. Perhaps you, the members of this graduating class, will perfect the social mechanisms by which all men may follow their ambitions without the threat of force--so that the earth will no longer need police to enforce the laws, nor armies to prevent some men from trespassing against others. But they--those generations--made more progress by the sweat of their brows than in any previous era, and don't you forget it. And, if your generation can make as much progress in as many areas as these two generations have, you should be able to solve a good many of the world's remaining ills.

It is my hope, and I know the hope of these two generations, that you find the answers to many of these problems that plague mankind.

But it won't be easy. And you won't do it by negative thoughts, nor by tearing down or belittling. You may and can do it by hard work, humility, hope, and faith in mankind. Try it.

by Eric A. Walker

Statesman Applauded For Truth

One of our correspondents sent us the clipping below, but without the name of the author. Whoever penned it deserves recognition for his (or her) understanding of an all-too-human weakness to applaud the obvious and sometimes the not so obvious. Should you run into one of those today who will enthusiastically applaud any loud demand for "a radical change" (without the foggiest notion of what the speaker wishes to change from or to change to), hand him this selection:

The Statesman throws his shoulders back
 And straightens out his tie;
 "My friends," he says, "unless it rains
 The weather will be dry."
 And when his thought into our brains
 Has percolated through,
 We common people nod our heads
 And loudly cry, "How true!"

The Statesman blows his massive nose
 And clears his august throat:
 "The ship," he says, "will never sink
 As long as it's afloat."
 Whereat we roll our solemn eyes,
 Applaud with main and might,
 And slap each other on the back,
 "The while we say, 'He's right!'"

The Statesman waxes stern and warm,
 His drone becomes a roar:
 He yells: "I say to you, my friends,
 That two and two make four!"
 And thereupon our doubts dissolve,
 Our fears are put to rout,
 And we agree that here's a man
 Who knows what he's about.

FCI To Hold Car Wash

The Friona High School chapter of Fellowship of Christian Athletes will hold a car wash Saturday, May 1 at Murphree Texaco.

Charge will be \$2.50 for a wash job, and \$7.50 for a wash and wax. The drive is to raise funds to send representatives to the FCI summer camp in Colorado.

From Around The Country

KAUFMAN, TEXAS, HERALD: "That drug abuse affects a segment of the civilian population is terrifying enough. But to realize that it has invaded the Armed Forces of the United States, especially in Vietnam, leaves the whole nation and its future in serious jeopardy. It has been the history of all nations that have risen to heights only to fall in decay that low moral practices and decay of the body and mind preceded their decline and eventual destruction, in whole or in part. We had better do something--and do it quick--if this nation is to survive the drug abuse epidemic. Why sane people will try dangerous drugs once--when they know its dangers and probable ultimate consequences--is a mystery."

FRIONA STATE BANK

Serving A Great Irrigation And Beef Production Area

Friona Member FDIC Phone 247-2706

A friend of ours has been having hands and feet trouble, which has been diagnosed by a reputable physician as arthritis. In addition to taking prescribed medication, this arthritis victim has been using vinegar in hot water and has found this to be very helpful.

Hearing about this reminded me of the many home remedies which were used as I was growing up and I began to think of the many things vinegar was used for besides making pickles. In the days of lye soap making vinegar was always kept handy to use if the soap maker accidentally came in contact with some of the lye.

Pioneer homemakers made very tasty "Vinegar Pies" or "Vinegar Dumplings" for family or company dessert. Probably as you are reading this you are thinking of other things it may be used for.

A recent article on the editorial page of one of our exchange papers read like this.

VINEGAR AND ITS MANY USES
If you're bothered by a sore throat, have bug bites or your house reeks of fish, reach for a bottle of vinegar.

At less than 30 cents per quart and considering its versatility, a bottle of vinegar is one of your best buys.

Vinegar cooks, cleans, heals, deodorizes and preserves, among its more obvious usages, so keep vinegar with both camping and cooking gear, in the field and at home.

After you have fried fish, pour some vinegar in the hot fry pan and the fish smell will fade away. When you clean up afterwards, add a little vinegar to the dishwasher. The acetic acid helps cut the grease.

Cheese will stay moist and soft if wrapped in a cloth dampened with vinegar. Wilted vegetables come to life when soaked in cold water and vinegar. When camping, a dash of vinegar in a canteen spikes the taste of flat or boiled water and makes it a better thirst quencher.

Vinegar also has many medicinal uses. A teaspoon full in a cup of water does wonders for a sore throat. Applied full strength, it not only repels insects, but eases the sting and itch of bites. It also relieves the discomfort of sunburn.

Other possible uses for vinegar includes a solvent for loosening rusty bolts and hinges, softening old paint brushes, and helping to open clogged drains.

The Roy Miller clan doesn't need an occasion to celebrate for an excuse to get together at Roy's and Eva's farm home north of town. However, last weekend they had a celebrity in their midst.

Dan, who is the oldest son of Dr. and Mrs. Roy V. Miller Jr. of Vernon, was the winner of Wilbarger County's Junior Spelling Bee, and was eligible for competition in the Golden Spread Bee in Amarillo Saturday.

Roy V., Glenda, Ben and Darla made the trip to Amarillo, and, of course, Grandmother Eva was on hand to lend her support. Although Dan didn't win at Amarillo, being first place winner in his school and then in the entire county of Wilbarger was quite an honor.

The Vernon Millers came to Friona for the weekend and were joined by Ross, Nelda, Kent, Curt and Dana; Sam, Donna, Clint and Sarah Mears and possibly some other out-of-towners for a family get together.

Things at the homes of the Bob Riethmayers and Doyle Elliotts haven't seemed quite the same since Brenten went home. His parents, Mike and Becky Elliott Riethmayer came up from College Station a week or so ago and left Brenten to visit his grandparents.

Then last weekend the Riethmayers went to Dallas for the Future Homemakers of America convention by way of Lamesa, where they visited Brenten's great-grandmother Riethmayer overnight. Then she accompanied them to Dallas. After the convention the group went to Stephenville to visit other relatives and on Saturday Mike and Becky came up and took Brenten home.

If you are interested in planting your garden according to the moon, Amos Appleschitz says to plant crops bearing their yield above the ground April 30, May 6, 7, 8 and 9, and crops bearing their yield below the ground May 10, 14, 15 and 18. Good dates for planting flower gardens are April 29 and 30 and May 6, 7 and 8.

Now find the man who sold you the insurance

When an unforeseen loss suddenly disrupts your plans, you have a right to expect prompt, efficient service from your insurance man.

To be certain of getting it, make sure you buy your insurance through an independent agent. That's us. We owe allegiance to no one company. We're free to select the best protection for your home, your car, or your business from among the policies offered by several fine companies. And when you have a claim, you can be sure we'll serve your interests first.

Look for this Big "I" symbol when you need property and liability insurance. It's your guarantee of service beyond the call of duty. To display it, an insurance agent must meet professional standards designed to protect you.

Girl Scouts Report

Girl Scout Troop 66 met Thursday afternoon at Girl Scout House. Velma Flores was the caller for the flag ceremony. Bearers were Dena Mason, Paula Williams and Marcella Estrada. A song was led by Tina Milligan.

Following a tour of Friona State Bank, the Girl Scout Laws were reviewed. Refreshments were served by Kimber Britting, Sylvia Bermea, Maria Villanueva and Paula Williams to four leaders, Mrs. Lee Britting, Mrs. John C. Miller, Mrs. Kenneth McLellan and Mrs. Tom Mason, and 24 Girl Scouts.

Troop 158 met Wednesday afternoon at Girl Scout House. The business meeting was presided over by Diana Caballero. Elizabeth Rodriguez was elected to serve as the new president. Plans were made for an overnight camp May 14. Eighteen Girl Scouts and two leaders, Mrs. Bobby Perkins and Mrs. Acie Boyd, were present.

Fire Dept. Happenings

The Friona Volunteer Fire Department had nine members participate in a district fire-fighting school at Lubbock last Thursday, Friday and Saturday. Featured in the school were the proper means of fighting gas and butane tank fires, with the use of water spray techniques in stopping the fires.

Those attending the school from the Friona Department were Dale Cunningham, C.H. Vezzey, Curtis Butler, Ralph Shirley, Ruben Taylor, Troy Young, Glenn Reeve, Joe Mann and Roger Price. Members of the department will attend the annual Panhandle Firemen's and Fire Marshalls Assn. meeting in Amarillo this weekend, and will be competing in the association's pumper races.

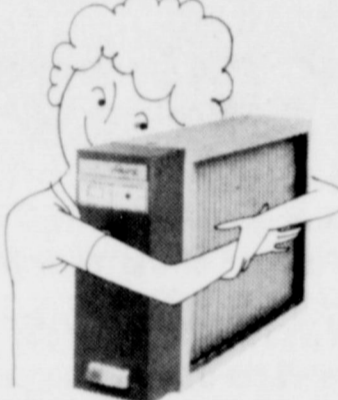

CHICAGO, ILL., SOUTHWEST NEWS-HERALD: "Once when kids didn't go to school, the truant officer went after them to find out why. Today, under some of our modern thinking, the school board holds a hearing to see whether the curriculum is meeting the felt needs of the underendowed. Frankly, we feel that the world has gone too far in asking youngsters what they want and then try to satisfy them."

Two Squaws Qualify For State Track Meet

Two members of the Friona Squaws' track team qualified for the state meet by placing second in their respective events in the girls' regional meet Tuesday at Panhandle.

Vicki Ulen, who was edged by an eyelash for first place by her Panhandle rival, ran an 11.45 time in the 80-yard hurdles to qualify for the state meet. The winning time was 11.4.

Diane Day was second in the high jump with a five-foot jump. Miss Day was edged for first place by the margin of one inch. It was Miss Ulen and Miss Day who went to the state meet for the Squaws a year ago in their first track season.

Coch F.G. Crofford said that the 440-yard relay team had the heart-breaking experience of dropping the baton in the middle of the race, while being right at the lead. The Friona foursome had the second best qualifying time in the preliminaries, and Crofford thought the girls had an excellent chance of winning the relay race or at least placing second.

"But that's one of the things you have to learn to accept," he said he told the girls.

Friona still had nine individuals and two relay teams among the point-makers, and the Squaws placed fifth as a team in the regional meet which had 14 schools in their division.

Panhandle won the meet, followed by Idalou, Stinnett, Seminole and Friona.

For one of the few times this spring, the girls tracksters had ideal weather for a meet.

"That might have been what threw us off in a few races," said Crofford jokingly.

The girls' state track meet will be held May 14-15 in Abilene.

REGIONAL PLACERS
440-yard dash--Sharon Smith, sixth.

60-yard dash--Jill Riethmayer, fifth; Veca Welch, sixth.
80-yard hurdles--Vicki Ulen, second.

880-yard relay--(Jill Riethmayer, Susan Martin, Janice Milner, Vicki Ulen), fourth.

100-yard dash--Veca Welch, sixth.

1-mile relay--(Ossie May Lee, Susan Martin, Terri Williams, Sharon Smith), fourth.

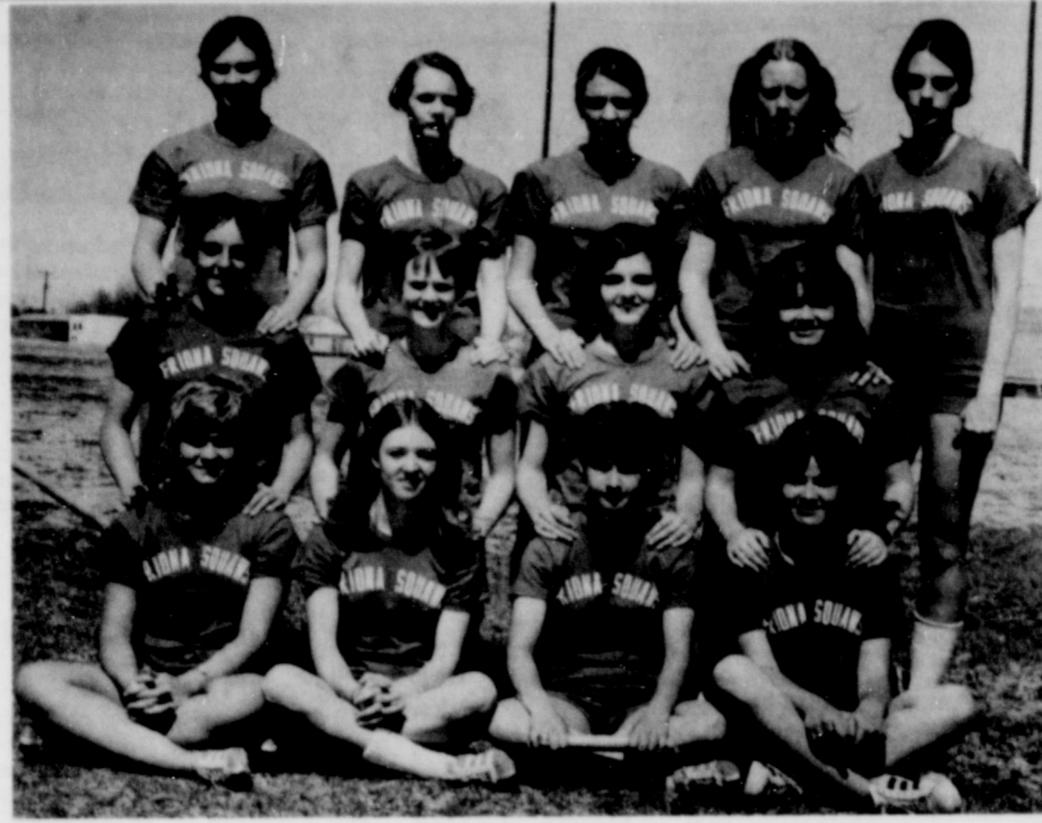

High jump--Diane Day, second, 5-0.

Long jump--Jill Riethmayer, sixth.

Shot put--Vicki Ulen, sixth.

Discus throw--Karen Crofford, fifth.

Team totals--1. Panhandle, 191; 2. Idalou, 61; 3. Stinnett, 60; 4. Seminole, 44; 5. Friona, 41; 6. Roosevelt, 28; 7. Slaton, 26; 8. Tulia, 25; 9. Ralls, 24; 10. Littlefield, 18; 11. Dimmitt, 9.

REGIONAL ENTRIES. . . . Shown above are the 13 members of the Friona Squaws track team who qualified and entered the regional meet on Tuesday. Back row, left to right: Vicki Ulen, Susan Martin, Janice Milner, Terri Bingham and Diane Day. Kneeling are Sharon Smith, Linda Martin, Veca Welch and Sharon Crofford. Seated are Kathy King, Terri Williams, Jill Riethmayer and Karen Crofford.

City Residents' Son Excelling High Jumper

A Friona couple's son is excelling as a high jumper this spring for the West Texas State Buffaloes' track team.

Steve Butler, the son of Mr. and Mrs. Curtis Butler, has achieved quite a mark in meets to date.

His top effort is a six-foot, seven-inch jump at the Missouri Valley Conference meet, although he had to settle for second place by having more misses than his competitor.

The past week, Butler won a meet involving some eight colleges at Plainview, with a 6-6 jump. He also had jumped that height the previous week to win the three-way meet involving WT, Wayland and Texas Tech.

Butler, a sophomore at WTSU, also enters the triple jump. He has an opportunity this weekend to avenge that loss on his 6-7 jump. Butler is a graduate of Canyon High School.

Seventh Grade Girls Third In Dist. Meet

The seventh grade girls track team placed third in their District meet last Tuesday at Canyon, scoring 91 points to 126 for Dimmitt and 195 for Tulia, the meet champ.

The young Squaws had three first-place entrants in the meet. They were Penny Nickel in the 660-yard dash; Terri Patterson in the 100-yard dash and the 880-yard relay team of Lucinda Aguirre, Paula London, Tamela Hassenpflug and Terri Patterson.

Friona's point makers were as follows:

Events

440-yard relay--(Pamela London, Nell Fulks, Tamela Hassenpflug and Terri Patterson), third.
440-yard dash--Debra Dor-

rell, second; Peggy Martinez, fifth; Teresa Hamilton, sixth.
220-yard dash--Nell Fulks, fourth; Sherri Thorn, fifth; Myrna Phipps, sixth.

80-yard hurdles--Teresa Hamilton, second; Peggy Martinez, sixth.

880-yard relay--(L. Aguirre, P. London, T. Hassenpflug and T. Patterson), first.

100-yard dash--Terri Patterson, first.

660-yard dash--Penny Nickel, first; Lucinda Aguirre, third; Margie McPherson, fourth.

Shot put--Myrna Phipps, fourth.

Discus throw--Cammie Waggoner, sixth.

High jump--Terri Patterson, third; Teresa Hamilton, fourth.

Triple jump--Penny Nickel, sixth.

WE SALUTE

LERROY JOHNSON

Chosen as Conservation Farmer of the Year by the Parmer County Soil & Water Conservation District. We are proud of Johnson's record, and also proud that he incorporates B&J Pumps into his irrigation program.

Friona, Texas

EX-CHIEFTAIN

Perea Stars During UTEP Spring Workout

A clipping received in Friona last week revealed that former Friona Chieftain star Tony Perea is standing out in spring football workouts at the University of Texas at El Paso. Miner coach Bobby Dodd was quoted as saying that in the particular workout, Perea was the standout in a 30-minute hard-nosed drill. The coaches, according to the article, believe Perea is going to have a top season next fall.

Dodd was quoted as saying that defense was the keynote of the night. "The offense started out ahead of the defense this spring, but the defense is catching

up," Dodd said.

Perea, who weighs 220 and will be a junior next fall, plays linebacker on defense for UTEP.

Perea is the son of Mr. and Mrs. Jake Perea of Friona. His work merited the headlines for the workout story in the El Paso newspaper. It was titled "Perea Keys UTEP Night Practice."

Tony holds the all-time individual rushing records for Friona High School, setting them in 1968, when he was an all-district performer for Coach Bob Owens and the Chieftains.

CONGRATULATIONS To LEROY JOHNSON

On Winning The Conservation Farmer Of The Year Award. We Are Proud To Note That Lerroy Uses John Deere Machinery In His Farming Operation. You'll "Follow The Leaders" When You Use John Deere Farm Implements.

Sincerely Yours
BY REV. ALBERT LINDLEY

This is one of these little "goodies" that comes along ever so often: "When Noah got his flood, we got 1/2 inch." Ha! That's almost too true to be funny and yet I'm beginning to wonder just how hard it is to be good enough to get any rain. I suppose we can also know that the unjust are not getting rain either--Isn't that how the scripture goes? . . .

We do need these little "goodies" to keep us going--like the signs we see on outside bulletin boards at Dairy Queens and on some of the Church bulletin boards in Lubbock that I often notice. . . and there are many more that I could mention.

I even have some "goodies" that are worth time in reflection and thought.

Some like: "Tell me, Mr. Smith. Did you wake up grouchy this morning?" questioned the marriage counselor. "No," replied Mr. Smith. "I just let her sleep."

And this: "You can't hold a man down without staying down with him."

And these: "Worry is to life what sand is to bearings of perfect engines."

"The correct way to measure any individual's life is not by its duration but by its donation."

And you deserve two more: "Many a self made man should deny it." "Every family tree has some sap in it."

These do kinda spice up our day and provide some channels for our mental trips--something to play around with--and yet also present some worthwhile thoughts--which you don't always find in this article.

I can remember when they were called "brain-teasers" and were oftentimes used to make a point.

So if you will allow, let me play with some "brain-teasers" today and see if it will excite you any.

"No one can be a slave to two masters: he will hate one and love the other; he will be loyal to one and despise the other. You cannot serve both God and money."

And: "Do not judge others, so that God will not judge you--because God will judge you in the same way you judge others, and he will apply to you the same rules you apply to others."

(I'll bet that slows down your judging. . .)

Some more: "Be careful not to perform your religious duties in public so that people will see what you do."

And more: "And when you pray, do not be like the show-offs."

And more: "Your heart will always be where your riches are."

Gee, I could go on and on but I have already said enough to bother me for some time.

Now I sure don't mean these are "goodies" in that we like them and what they imply--because I'm not so sure about you, but they bug me--I often feel like the person to whom the Master was talking. . . do you feel that way?

I call these "goodies" because to live by their direction will cause me to be a better man, a better person--something God will know and you can see. To serve the spirit that is inherent in these ideas (there are so many more) is to be the kind of person God knows I can be--I even have the strength to become. To serve these don't make me a "goodie-good"--just a guy who has the potential of living a "good" life if he will just make the effort.

Have I said anything that causes you to squirm just a little with an uncomfortable flair? ---maybe that's what a "goodie" is for--it is "good" for you. . .

Why not take a few moments off right now and think that one over. . .

It's **PIONEER**[®]
again this year.

Here's why:

BUTCH PRESTON, Friona, averaged 8314 pounds of grain sorghum per acre last year from two Pioneer hybrids--820 and 828. The 165-acre crop was planted between May 1 and May 15 and harvested about the first week in November at 15 percent moisture. It was irrigated five times including the pre-plant watering. Mr. Preston liked the standability, yield and easy threshing of both these varieties and expects to plant them again this year. We are proud that so many good farmers plant Pioneer brand hybrids year after year.

STAR HURT AGAIN

**Lee's Injury Hurts
LHS' Regional Bid**

Charles Lee, Lazbuddie's injury-plagued track star, hurt himself at last weekend's regional track meet, and was unable to run in the two finals for which he had qualified.

On Friday, Lee had set a new regional record in the 120-yard high hurdles by winning his heat of the preliminaries with a 14.6 clocking. However, Lee pulled up lame, and apparently re-injured the pinched nerve that caused him to miss the other hurdles race at the district meet.

As a result, Lee was not able to enter the finals in the hurdles race on Saturday, nor anchor the Longhorns' crack 440-yard relay team, two events Lazbuddie expected to win. The Longhorns also won their preliminary heat in this event, with the best time.

Coming through with a double win for Lazbuddie was sprinter Roy Young, who won both the 100 and 220-yard dashes. His time in the 100 was 9.9, and the winning 220 clocking was 22.3.

The re-vamped 440-yard relay team finished fourth.

Discus thrower Jimmie Noland also qualified for the state meet by hurling the disc 135-1 for second place. Young was also third in the long jump event.

**Clark Fifth
In Regional**

Wesley Clark, Friona High School's lone qualifier in the boys' regional track meet last weekend in Lubbock, got a fifth place in the pole vault event, to wrap up his track and field career.

Clark vaulted 12 feet, four inches, his best height of the season, in the finals. The Chieftain star also entered the high jump event, as district champion, but failed to place.

Coach Pat Casey said that Lee received treatment most of the night Friday, and also Saturday. "He had been hurt before, and we thought he could make it. We left it up to him Saturday, and he was just in too much pain to run," Casey said.

Casey theorized that the injury cost Lazbuddie the regional title and a shot at the state trophy.

Lee had won the high hurdles at the state meet as a sophomore, and placed second in that event at Austin last season.

TRACK RESULTS

**Eighth Grade Girls
Take Second In Dist.**

The Friona eighth grade girls track team scored 153 points, good for second place in the district meet last Tuesday, involving themselves, Tulla and Dimmitt. The Tulla eighth graders won the meet with 211 points. Dimmitt scored 52 points.

Friona had five first places in the meet, and six seconds. Winners included the 880-yard relay team, composed of Vickey Jackson, Cindy Gammon, Connie Lindeman and Sheryl McPherson.

Stacy Wheeler won the 440-yard dash; Lisa Cummings won the 80-yard hurdles; Marilyn Jones took the 660-yard dash; and Sheryl McPherson was the champion in the triple jump.

All of Friona's point makers are listed as follows:

• • • •

Events

440-yard relay--(Amanda Mason, Cindy Gammon, Krystal Agee, Sheryl McPherson), second.

LITTLE DRIBBLERS... Friona's Little Dribblers are entered in the national championship tournament this weekend in Levelland. Standing are Jeff Whiteside, Jerry Martin, Keith Martin, Mike Blackburn and Chris Ingram. Kneeling are Edward Castillo, Mark Neill, Leslie Broadhurst, Sammy Felder and Randy Waggoner.

**Little Dribblers In
National Tournament**

Friona's Little Dribblers make their second trip to the National Little Dribblers' championship this weekend at Levelland.

Friona is one of eight teams in the American Division of the tournament, which has teams from four states taking part.

The local team will meet Co-chise County, Arizona, in their opening game Thursday at 11:15 a.m. In the other quarter-final game in Friona's bracket, Van Horn meets Farwell, the team which was runner-up in Friona's district tournament.

Friona's district was allowed to send two teams to the tournament, to complete the eight-team field.

If Friona wins its first game, the local Little Dribblers would

play the Farwell-Van Horn winner at 9:15 a.m. Friday. If they lose their opening game, they would play the loser of that game, at 8 a.m. Friday.

Other first-round games include Seagraves vs Meade, Kansas, and Welsh, Louisiana vs. Anton.

At least seven states are represented in this year's tournament. In the National division (for larger towns), teams are entered from as far away as Washington, Minnesota and New York.

In that larger division, Pampa won the district title from this area, taking the title in a tournament at Dimmitt last weekend involving teams from Hereford, Dimmitt, Levelland and Pampa.

Above: Special Torino 2-Door Hardtop
Below: Special Mustang Hardtop

Specially styled, specially priced Mustang and Torino at your Ford Dealer's now.

Mustang, with a racy look you've never seen on our hardtop before.

You take a classic Mustang Hardtop. Add a sports car hood—NASA-type scoops and all. Dual racing mirrors. Color-keyed Spoiler bumper. A unique grille with sport lamps. Brighten the sides with Boss-lape stripes. Wide tires with special trim rings. Then cut the price of all the extras and you're home.

Spring won't last forever. Neither will your Ford Dealer's Special Spring Values.

Torino sports an all new vinyl halo roof and other extras at a very special price.

Take our beautiful Ford Torino. Put new styling accents on the roof, the wheel covers, the sides, the doors, the upholstery. Add lots of other luxury touches for a very different look. But underneath, it's the same mid-price, mid-size Torino that's big enough to seat six, small enough to handle and park easily. See the new spring Torino and the 14 other Torinos at your Ford Dealer's now.

Special Spring Values at your Ford Dealer's now!

JUDGING WINNERS. . . Friona High School's livestock judging team, which has had a successful spring, won first place in district the past week, and is entered in the state judging contest this weekend. Standing are Dale Schueler and Dwayne Bauer. Kneeling are Dave Buske and Gary Phipps.

4-H Club Is Organized By Rhea Youths

A 4-H Club was organized in the Rhea Community recently. Mack Heald, county agent, met with the group to help them organize. The meeting was held April 13 at the Rhea Lutheran Church Parish Hall.

Phillip Schueler was elected president, and Steven Bauer was elected vice president of the new club.

Other officers are Melodi Dixon, secretary-treasurer; Carla Bauer, reporter; Phillip Schueler, Steven Bauer and Carla Bauer, council delegates.

Also attending the meeting were Shannon and Ricky Taylor, Kelly Brandt, Gary Schueler, Gary and Jeanie Dietmeyer, Stephenie Schueler and Ronnie Smock.

Others wishing to join the club are invited to attend its next meeting, which will be held after school on Tuesday, May 11 at the Parish Hall.

Friona School Lunch Menu

Week of May 3 thru May 7
Monday--enchilada casserole, buttered corn, crackers, lettuce and tomato salad, apple cobbler and milk.

Tuesday--spaghetti and meat balls, green beans, hot rolls-butter, pickled beets, coconut pudding and milk.

Wednesday--burritos, chili & cheese, pinto beans, cornbread and butter, lettuce and tomato salad, applesauce cake and milk.

Thursday--French fries, hot rolls-butter, catsup, corn, banana nut cake and milk.

Friday--hamburgers, potato chips, ice cream sticks, lettuce, tomatoes and pickles, and milk.

LOTS OF TWINE--The twine used to bale hay in the United States and Canada last year would stretch to the moon 72 times, reports farm machinery engineers.

Hospital Notes

Admissions:
Charles Seale, Friona; A. Garvin Thorn, Friona; Dewayne Procter, Friona; Lois McCutchan, Bovina; Candelaria Garza, Friona; Zulema Gomez, Muleshoe; Ruby Dixon, Farwell; Allo Reeve, Friona; Mrs. R.E. Riley, Tucumcari; Earsel Taylor, Friona; Rosa Olivarez, Muleshoe; Betty Evans, Friona; Mrs. Robert H. Osborn, Friona; D.H. Wilkerson, Bovina; Calvin Johnson, Farwell; Elizabeth Carlton, Friona; and Ida Valdez, Friona.

Douglas, Josephine Gonzales, Mrs. Basilio Abalos and baby, Lela Martin, Lois McCutchan, Dewayne Procter, Charles Seale, Candelaria Garza, Serena Sparkman, Allo Reeve, Walter Krieger, Betty Evans, Rosa Olivarez and Zulema Gomez.

Patients in Hospital:
Lena Bracken, Jesse Carrothers, Elizabeth Carlton, Ruby Dixon, Calvin Johnson, Riley Luckie, Mrs. Robert H. Osborn and baby, Mrs. R.E. Riley and baby, A.G. Thorn, Earsel E. Taylor and Ida Valdez.

Dismissals:
LaMuriel Stowers, George

Local Man In Navy Training

Michael Ray White son of Mr. and Mrs. Bobby Jewell White, who reside on Route 1, Friona, was enlisted in the U.S. Navy at Albuquerque, New Mexico on the 25th of March, 1971.

White is now undergoing recruit training in Orlando, Florida, which is the newest naval training center in operation today.

White attended Lazbuddie High School, prior to enlisting in the Navy.

Pure nickel coins produced in Switzerland over 80 years ago and recently removed from circulation still show most of the original detail of the dies.

GRANT RECEIVED

Groundwater Study Is Underway In County

A contract between the Texas Water Development Board and the High Plains Underground Water Conservation District No. 1 for a detailed groundwater study in Parmer County, has been approved by the Board of Directors of the two agencies. The contract began February 1, 1971 and will be terminated August 31, 1971. The Water Development Board has agreed to pay the District \$30,000 for the study.

In order for the area's civic leaders and other government and private entities concerned with water supply, water importation, water planning and management to use the information gathered, the investigation will present in sufficient detail the determination of the current quality and quantity of the groundwater conditions of the Southern High Plains.

Hyde, Undiv. 1/2 int. NW 1/4 NW 1/4 Sec. 6, Blk. H, Kelly WD, C. W. Dixon, James W. Dixon, Undiv. 1/13 int. in N 260 ac. out S 420 ac. Sec. 6, T1N; R2E

WD, C. W. Dixon, Jane C. Dixon, Undiv. 1/13 int. in N 260 ac. out S 420 ac. Sec. 6 T1N; R2E

The project description calls for, "The general scope of this investigation includes, insofar as practicable with available data, a complete evaluation of the groundwater resources of each of the aquifers in the area, a determination of the quantities of water which can be developed in each aquifer, the chemical quality of water, the areas where the chemical quality has been altered or subject to alteration, and the formation characteristics."

Also included in the study will be determination of the extent and location of fresh, water-bearing units, quantities of groundwater being withdrawn and effects of withdrawals, and hydraulic characteristics of the important water bearing units. Geology, hydrology, and well development including construction and operating characteristics of existing wells will be discussed in the study.

Area sources and estimates of recharge, the aquifer's direction and rate of groundwater movement, and effects on water levels of rainfalls, rainfall and pumpage will also be discussed. Recommendations for alleviation of any possible groundwater problems with regard to findings concerning quality of water will be made. Illustrations, including maps, cross sections, charts, and graphs along with tabulations of basic information on wells from driller's logs will be prepared.

In order to prepare the groundwater study the District will need to locate, in the fields, all existing wells, compile well location maps along with surface and subsurface geologic maps, measure certain wells for water levels and collect water samples from "equipped" current, water-level, observation wells.

It is intended that the well data reports in the District's files will be codified and card punched in order for the data to be processed by computer. An inventory will be made of present as well as past pumpage, and empirical methods will be developed to determine the hydraulic characteristics of the aquifers.

Illustrations to be prepared will include geologic sections showing subsurface geology as it relates to groundwater, maps showing surface and subsurface geology with regard to groundwater supplies, well and spring location maps, and depths and thickness maps of the Ogallala and Santa Rosa Formations.

Maps showing the configuration of the base of the Ogallala aquifer along with the maps showing the thickness of the important water bearing formations including the percentage of the sands and gravels that they contain will also be prepared.

Depths to the water level, probable recoverable quantity of water and storage, rate of water level decline, chemical quality, areas most favorable

PROJECT BEGUN. . . The High Plains Underground Water District has begun a \$30,000 project of water studies in Parmer County. Shown in the District's Parmer County office in Friona are, left to right, Tony Schertz, Draftsman; Don McReynolds, Geologist; Richard Peckham, Head of the Groundwater Division, Texas Water Development Board (seated); Frank Rayner, Manager; Gunner Brune, Texas Water Development Board (seated); and Don Smith (Geologist seated).

On The Farm In Parmer County
MACK HEALD
County Agent

Twenty-one 4-H members participated in the Parmer County 4-H Elimination Contest last Friday night, April 23. This was the event that determined who would go to the district contest in Canyon May 1. There were two Farm & Ranch Management demonstrations. The junior team consisted of Mike Mimms and Kent Winters of the Lazbuddie 4-H Club. Steve Kaltwasser of the Oklahoma Lane 4-H Club presented a single demonstration in the same division. Both of these demonstrations won first. Deborah Harding, Farwell 4-H, won first place on her single demonstration in the Foods & Nutrition Educational Activity.

The biggest division was the Share-The-Fun Contest with five teams competing for first place. Four of the teams were singing groups, with the largest team being a band. All five were from the Lazbuddie 4-H Club. Winning first were the Golden Girls consisting of Tammy Smith, Candy Moore and Karla Littlefield. Second place went to a group known as the Pioneers. This team was made up of Donna Brown, Elaine Cargile and Diane McGuire. In third place were Rita Davis, Susan Mimms, Diane Coker and Le Ann Farley. They made up a group known as the LaDonnas. The 4th Grade Duet won fourth and consisted of Pam McDonald and Darshan Jennings. Winning fifth place was the Sensational 5. Team members were Danny Howard, Ray-

burn Wenner, Greg Moseley, Mark Foster and Randy Smith. All first place winners will compete in the district contest held on the campus of West Texas State University, May 1.

Bookmobile Schedule

The High Plains Bookmobile will be in the area on the following dates:

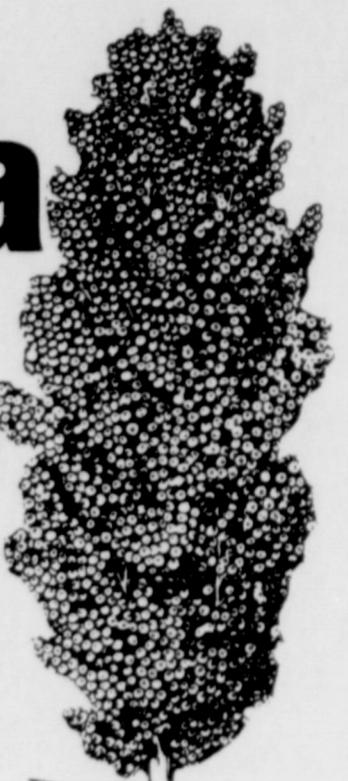

Thursday, April 29--Okla. Lane, 9:00-10:00; Rhea Community, 10:45-11:45; Friona #1, 1:00-1:30; Black, 1:45-2:45.

Friday, April 30--Hub, 8:45-9:45; White's Elevator, 10:00-11:00; Lazbuddie, 12:00-1:00; Clay's Corner, 1:15-2:15.

Saturday, May 1--Farwell, 8:45-11:45; Friona #11, 1:00-4:00.

NEW DEKALB F-65a

Big Yields M.D.M. Resistant!

Make the big yield even bigger with this new hybrid. F-65a has amazing yield potential. And it has bred-in resistance to M.D.M. and head smut. Exceptional in appearance and good partner to DeKalb F-65. Plant it this year.

RECEIVES PLAQUE. . . Mrs. C.P. Fairchild was presented a life member plaque by Friends of the Friona Library this week. Mrs. Fairchild has been an active supporter of the library.

Fourth Son Born To R. H. Osborn

Mr. and Mrs. Robert H. Osborn, 1310 Columbia, became parents of a baby boy at 3:00 a.m. Monday, April 26, at Parmer County Community Hospital. He was named Ben Sloan and weighed 8 lbs.

Ben has three older brothers, Robert, Mark and Matt. His grandparents are Mr. and Mrs. Sloan H. Osborn and Mr. and Mrs. W.S. Ingram, all of Friona.

Great-grandmothers are

Mrs. J.B. McFarland, Friona; Mrs. John Ingram, Wellington, and Mrs. L.J. Jones, Hereford.

Sixty Three Piano Pupils Will Audition Before Judge

Sixty-three local piano pupils from the classes of Johnnie Walters and Eva Miller have registered candidates for membership in the National Fraternity of Student Musicians, sponsored by the National Guild of Piano Teachers, of which their teachers are members.

This young group of piano hobbyists will play in the National Piano Playing Auditions and strive for pledges, local, district, state, national or even international honors which the mother organization will confer according to the number of standard classic, romantic and modern pieces chosen from the masters of pianoforte literature each student can creditably perform in the presence of an imported examiner of note from another state.

The auditions, which will be held Thursday, Friday and Saturday at Federated Club House will be graded by Mrs. Ruth Flynn Reese, Guild Adjudicator of Denver, Colorado.

FHS Band Receives First Class Ratings

Bands, orchestras, choirs, ensembles and soloists from a six state area, which includes Texas, Oklahoma, Kansas, Iowa, Colorado and New Mexico, took part in the first of what officials hope will become an annual event, the Greater Southwest Music Festival, in Amarillo Friday.

The Friona High School band, under direction of Charles Faulkner, received two class one ratings in concert and sight-reading.

Twenty three medals were presented to local band students for outstanding performances. They were received by Dale Schueler, Kathy McLean, Vicki Pryor, Jan Young, Vandra Nichols, Pam Jarecki, Susan McBroom, Fran Dodd, Teresa Ingram, Beverly Bailey, clarinet choir.

Carol Reeve, Carolyn Gore and Raymond Spencer, baritone trio; Kathy Horton, Bill Gipson, Jay Messenger and Gary Mingus, trombone quartet; Janice Hayes, solo; Diane Hamilton, solo; and Gary Mingus, solo.

Pupils of Mrs. Walters who will be participating are Linda Anthony, Tommy Ashley, Billye Sue Benham, Vanda Brock, Cathy Chesher, Cindy Chesher, Cindy Cleveland, Melodi Dixon, Laura Ellis, Debbie Fallwell and Julie Johnson.

Also Pamela Lindley, Paul Lindley, Pamela London, Paula London, M'Lynda London, Jan Mason, Debbie Menefee, Jimmy Menefee, Mindy Moseley, Julie Owen, Tammi Shelton, Kyle Shelton and Cindy Smiley.

Also Jena Short, Della Snyder, Bryan Snyder, Gigi Spring, Sherri Thorn, Pamela Veazey, Phillip Veazey, Regina Walters, Diane Westbrook, Holly White and Jason Widner.

Florida Travelogue Presented At Meeting

Highlight of the Thursday afternoon meeting of Black Study Club in the Community Room of Friona State Bank was presentation of a travelogue including colored slides of places of interest in Florida by Mrs. Ethel Bengler.

The opening exercise, a review of a recently read book was presented by Mrs. George Frye. Roll call was answered with the name of a book each member had read.

The Mother's Day Tea, which

had been planned for Thursday, May 6, was postponed.

Coffee, tea and cake were served by Mrs. Ellis Tatum, hostess.

Others present were Mesdames Helen Fangman, Rosco Ivie, Johnny Mars, Tommy Tatum and daughters, Wendy and Holly, Dick Rocky, Clyde Hays, Glyn Hamilton, Emma Elmore, Harry Lookingbill, Gene Welch, Cliff Allmon, T.J. Presley and Bill Carthel.

LIBRARY "FAMILY OF THE YEAR". . . Mrs. Amy Mason and her family were selected this week as the Library Family of the Year in Friona. Darrell, left is a 7th grader, and Amanda is in the eighth grade. All members of the family are regular users of the library.

Ten From Friona Seek Degrees From WTSU

Ten students from Friona are among the 887 candidates for degrees at West Texas State University this spring.

Sharon Louise White of Friona is seeking the Master of Education Degree. The Bachelor of Arts degree is being sought by Yale Canfield.

Eight students are candidates for the Bachelor of Science degree. Included are Bonnie

Drake Crofford, Johnny Grant Mars, Donna C. Patterson, James Edgar Sides, Sherri Genelle Taylor, Carol Keith Gatlin and Howard L. Rhodes.

Also John Durand Nail, who will be commissioned as a second lieutenant in the United States Army upon graduation.

Spring Convocation will begin at 4:30 p.m. May 9 in the Amarillo Civic Center Coliseum.

Ashleys Have Children Home

Visiting in the home of Rev. and Mrs. J.M. Ashley last weekend were Mr. and Mrs. Tom Elroy of Marlow, Okla., and Mr. and Mrs. Farrell Bridges and son of Waurika, Okla. Mrs. Elroy and Mrs. Bridges are daughters of the Ashleys.

The Ashley's son Rickie Lynn has been home on leave since April 17. The younger Ashley has completed his basic training in the Navy in Florida, and is to be re-assigned to Great Lakes, Ill.

REGIONAL WINNER

Sally Kendrick Is State Meet Entrant

Sally Kendrick is Friona High School's entrant in the University Interscholastic League's state meet this weekend in Austin.

The FHS junior took first place in regional in the persuasive speaking division of the forensics meet. Sally competes in Austin on Friday.

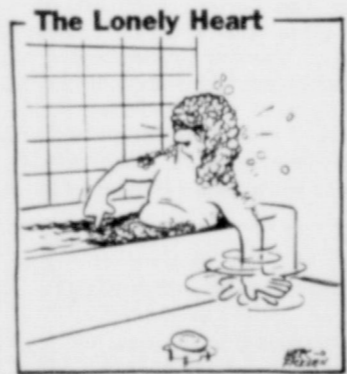

The girls debate team of Sheila Struve and Diane Rodgers narrowly missed a trip to Austin, battling their way to the finals before losing to the champions from Spearman.

Troy White placed third in poetry interpretation, and Steve Stone was named to the all-star cast in the one-act play competition.

The boys debate team of John Bingham and Bryan Elliott, district champs, also lost out to the regional winners, who were from El Paso Parkland High

School. This was a team Friona had not faced this season previously.

The other entrants for Friona High School in the regional meet were Larry Johnston in slide rule and ready writing; Steve Stone in prose reading, and Beverly Batley and Carolyn Martin in spelling.

FTA Dinner Precedes Officer Installation

Fifty four persons attended a buffet dinner honoring seniors who are members of the Ethel Bengel Chapter of Future Teachers of America at Earl's Parmer House Restaurant at 7:30 p.m. Monday.

The club's colors, red and white, were used in decorations and a red rose, which is the club flower, was presented to each senior by Jill Riethmayer, incoming president.

After dinner newly elected officers were installed in a formal ceremony conducted by Mrs. Eugene Weatherly, who used the theme "Within Your Grasp."

Other officers who were installed to serve with Miss Riethmayer were Terri Bingham, vice-president; Carol Reeve, it.

secretary; Nancy Martinez, treasurer; Sharon Smith, reporter; Margaret Emerson, parliamentarian; and Cheryl Patterson, historian.

Outgoing officers were Susan Floyd, president; Susie Spring, vice-president; Kathy Schueler, secretary; Sheila Struve, treasurer; Jill Riethmayer, reporter; Carol Reeve, parliamentarian; and Gay Welch, historian.

Mrs. Frank Truitt, sponsor, announced that Mrs. Weatherly would be co-sponsor of the organization next year.

Jill Riethmayer presented gift certificates to Susan Floyd and Mrs. Weatherly and an engraved silver tray to Mrs. Truitt.

Twelve Attend FHA State Convention

Twelve Frionans attended the State Future Homemakers Convention in Dallas last weekend. Mrs. Ernest Osborn and Mrs. Dale Gober, local chapter advisors, accompanied six chapter members, left Wednesday afternoon.

Voting delegates were Jill Riethmayer, incoming chapter president, and Janice Milner.

Kathy King and Sarah Gammon attended the convention as high point girls in the local chapters.

Gay Welch, Vickie Schueler, Jill Riethmayer and Janice Milner received state degrees in formal ceremonies Friday afternoon. State degrees are the highest honors FHA girls can receive.

Theme of this year's convention was "FHA Steps Into Action."

Parents attending the convention were Mr. and Mrs. Louis Welch and Mr. and Mrs. Bob Riethmayer.

The group returned to Friona Saturday evening.

JILL RIETHMAYER INSTALLED... In a formal installation ceremony at Earl's Parmer House Restaurant Monday evening Jill Riethmayer was installed president of the Ethel Bengel chapter of Future Teachers of America. Miss Riethmayer, who is a junior in Friona High School, is the daughter of Mr. and Mrs. Bob Riethmayer. She is active in Future Homemakers of America, plays basketball and participates in other school activities.

Mrs. Ronnie Shafer Honored With Coffee

A coffee in the home of Mrs. Bernard Gowens Tuesday morning was a courtesy for Mrs. Ronnie Shafer, who recently moved to Friona from Muleshoe. Co-hostesses with Mrs. Gowens were Mrs. Ted Tucker, Friona, and Mrs. Estella McBride, Roswell.

Mrs. McBride, who is the mother of Mrs. Gowens, is a houseguest in the Gowens home.

Coffee, tea and assorted fruit and nut breads were served from a table covered with a white linen cutwork cloth and centered with an arrangement of pink roses.

A corsage was presented to the guest of honor.

Those signing the guest register were Mesdames Jerry Wike, Bill McGlothlin, O.L. McMurtrey and Rachel, Ronnie Webster, Cliff Porter, Earl Jameson, Dale Houlette, J. Vonne Fulks, Eune Martin, C.H. Veazey and Bill Ellis.

Also Mesdames Don Powell,

Walter Cunningham, Jimmy Maynard, Jackie Hight, Howard Fleming, Floyd Reeve and Robert Alexander.

S/Sgt. Varnier Receives Honor In 58th TAC Wing

Staff Sergeant James T. Varnier, son of Mr. and Mrs. J.R. Varnier, 2012 Pierce Ave., Friona, is a member of the 58th Tactical Fighter Training Wing at Luke AFB, Arizona, that has earned the U.S. Air Force Outstanding Unit Award.

Sergeant Varnier, an administrative specialist will wear

Federation Day Meeting Hosted By Study Club

The Modern Study Club was host club for a joint meeting of federated clubs in Friona Tuesday evening at Federated Club House.

Theme of the program was "Federation Day."

Mrs. C.W. Dixon, who is a member of Friona Woman's Club, directed the invocation.

Club members and visitors were welcomed by Mrs. George C. Taylor, president of Modern Study Club.

The guest speaker, Mrs. LeRoy Johnson, Morton, who is president of the Caprock District Federation of Women's Clubs, was introduced by Mrs. Steve Bavousett, president of Progressive Study Club. Mrs. Bavousett also introduced Mrs. Inez Knox, Morton, who was a special guest.

Theme of Mrs. Johnson's talk

was "Take Time, Study, Think and Put Into Action." She also congratulated Friona Woman's Club, which will soon mark the Golden Anniversary of its organization, and Modern Study Club for its nearly 40 years of existence.

A patriotic reading, "What Constitutes An American" was presented by Denise Frazier. Repetition of the club collect in unison, directed by Mrs. James V. Edelman, closed the meeting.

Refreshments of tea, coffee and cookies were served to members of Friona Woman's Club, Modern Study Club, Progressive Study Club and New Horizons Junior Study Club by Mrs. Fay Reeve, Mrs. Roy V. Miller Sr., Mrs. Deon Awtry, Mrs. Tom Shelton and Mrs. Paul Spring.

Americanism Essay Contest Announced

Announcement has been made of the annual essay contest, which is sponsored by New Horizons Junior Study Club.

Title of this year's essays is to be "Why America Is Great." The essays may also have subtitles if the writer prefers to write about a certain phase of the greatness of America.

Each essay must be no longer than 350 words and must have a cover sheet which contains the writer's name, phone number, address, age, birth date, grade in school, title of essay and sub-title if necessary. All pages of essay must

be stapled together and writer's name must appear at the top of each page.

All students in Parmer County who are 14 years or younger as of September 1, 1971, are eligible to enter this contest.

All entries should be mailed to Mrs. Walter Cunningham, Box 7, Friona, Texas, 79035 in time to reach her by June 1, 1971.

The first place winner will be required to read the winning essay during the Fourth of July ceremony in City Park July 4. Prizes will be awarded to the first, second, third and fourth place winners.

If additional information is needed, call Mrs. Cunningham at 247-3208.

Church Women Meet Friday

The regular meeting of the Friona Interdenominational Women will meet Friday at 2:30 p.m. at the First Baptist Church.

The speaker will be Rev. Paul Lee, pastor of the Congregational Church. "Love is Kind" is the theme of the program. Everyone is invited to attend, according to a spokesman.

Harper Named To Honor List

Lowery S. Harper of Friona has been named to Southern Methodist University's Honor Roll for his academic achievement last fall in the Institute of Technology.

Harper will be among 1,929 students who will receive public recognition at SMU's annual Honors Day Convocation March 31.

Visit In O'Brian

Mrs. Agnes Fulks and daughter, Virginia of Hereford, were accompanied to O'Brian for a weekend visit in the home of Rev. and Mrs. Jackie Lee. They were accompanied to O'Brian by Glenda and Janna Reeve, who are granddaughters of Mrs. Fulks. Mrs. Lee is the former Donna Fulks.

Reeve Wins

Sales Award

Mr. and Mrs. Glenn E. Reeve Jr. attended a General Motors sponsored banquet in Oklahoma City Thursday evening. Reeve was presented an award for superior salesmanship in connection with a recent sales contest.

The banquet honored salesmen in this region who had qualified for membership in the company's Legion of Leaders.

The Reeves spent the weekend in Oklahoma City and returned home Sunday.

Friona Boy

Ends Tour

Army Specialist-4 Joe A. Pacheco has recently completed three years of active duty, including two tours overseas. One of the tours was to Germany, and the other to Southeast Asia.

Sp-4 Pacheco, son of Mr. and Mrs. Jose M. Pacheco, 307 W. Fifth, has re-enlisted, and will be stationed at Fort Hood, Texas, where he will be heavy truck driver.

We wish to thank everyone who attended our Open House last weekend.

For those who could not attend, we extend a special invitation to come by at any time and let us show you through our apartments.

The Library Corner
BY MRS. VON EDELMON

National Library Week is still being observed by Friona Public Library. This week students from junior high will be touring the library. Friends of the library have been assisting with this project by acting as guides.

The Friends of the Library held its annual meeting Monday afternoon at the library. The sole purpose of this organization is to help our library. Every year its members have donated several hundred dollars for the purpose of purchasing new books.

If you have not become a member of Friends of the Library and a supporter of our library, you are missing out on a marvelous opportunity to help serve your community.

This week will be the last week for the current Story Hour program. Mrs. Jerry Hinkle has done a fine job of coordinating this project and enlisting support and help of mothers of pre-school age children and numerous other women in the community, who have served as readers on Thursday mornings.

Watch for our next Story Hour session.

The subject of pollution is on everyone's mind right now. If you haven't read a book on this subject and desire to do so, you may read "The Unclean Sky," and "With Every Breath You Take." Both of these are on our shelves.

A new sports book for junior high boys is "Catch That Pass."

Stone's Fish Farm . . .

(Continued from page 1)

use, the fish are dressed. Stone has a refrigerator which holds several pounds of fish for sale to the public.

Stone indicated this past week that business so far this year had not met his expectations.

The fish farm opened first last September 10 and ran through the first of December. Stone said he sold 4,000 pounds that first "season."

This year, he opened in mid-March, and because the farm would have a longer season, he expected a 20,000-pound season. "We need to average \$100 in sales per day in order to make a fair profit, and so far we haven't been doing it,"

said Stone, but said he thought the "fishing" feature should be an attraction which would help business.

Stone gets his fish at a hatchery at Kamay, which is near Wichita Falls. He has a large, specially-constructed tank on a truck, which will hold around 1400 pounds of fish.

The fish farm is fairly unique for this part of the panhandle, and is the only one in Farmer County. There is a similar installation near Canyon, and a smaller one near Muleshoe. A Bovina farmer started the venture last year but did not keep it up.

Treasurer's Report
