

REMEMBERING OUR New Year's resolution to say something about highways every week, here goes for this week:

If you read the article on Page 1 of last week's Friona Star about the possibility of not having a Highway Act passed by the Congress until late in 1973, you can see that motorists in Parmer County may have to do without road improvements longer than we had expected.

If you have not as yet written to your Congressman and/or senators, please do so before you forget about it.

Point out to them the tremendous use that Highways 60 and 214 receive due to the feed yards and packing plants.

Highway 214 has experienced one tragic accident, the one on December 21 in which two people were killed.

However, every day that passes without a fatal accident either on Highway 214 or Highway 60 amounts to a blessing to motorists in this area. We're just living on borrowed time until the next fatal wreck happens in our area.

The tragedy of the Highway 214 project, which includes the overpass, is that the project is ready for the contractor, but since we have no Highway Act to provide funds which rightfully belong to highway construction, everything is at a standstill.

Now comes word of the school bus-train tragedy at Littlefield Tuesday afternoon, in which seven youngsters were killed. The overpass which is to be built here at Friona would guard against a similar accident here.

So, if you have not written, please do so.

WORK IS progressing on the widening of Highway 60 westward from Hereford to the Deaf Smith County line.

Fortunately, that project had been funded under an earlier Highway bill, so the present construction was not delayed. Actually, the funds for Highway 214 improvements had been approved earlier, but when the "red tape" held up progress, the funds were diverted by the district into a project that was ready for the funds.

The federal government has been playing politics with highway funds. Texas motorists pay gasoline taxes which are supposed to go into the trust fund for highway work. However, congressmen from the metropolitan areas are trying to throw a monkey wrench into the works.

Actually, writing to our congressmen in this area is probably like the preacher who preaches to his "regulars." Those who really need to hear the sermon never darken the door of the church.

Those representatives who really need to be convinced of the highway needs are undoubtedly those from other sections of the country. And, unfortunately, few of us have any influence in politics outside our state borders.

A LONG time ago, the editor of the Marion (Ill.) Daily Republican issued standard instructions to his local correspondents and stringers which has become somewhat of a classic. It reads:

- Has anyone--
- *Died --*Eloped --*Married--
- *Divorced --*Left town --
- *Embezzled--*Had a fire--*Had a baby--*Broken a leg --*Had a party --*Sold a farm.
- *Had the rheumatism --*Struck it rich --*Been Arrested --
- *Come to town --*Bought a home --*Stolen a cow or the neighbor's wife --*Fallen from an airplane --*Bought an automobile --*Committed suicide --
- *That's news.

The editor of that newspaper was implying that the paper should be contacted if you had news along the lines of those items mentioned--and perhaps not even that drastic. We feel much the same way--we want to know of your news.

Do you know the first three stages of growing old?
Number one, you lose your memory. Numbers two and three, I forget.

DISTRICT CHAMPS...The Friona Squaws, District 3-AA champions with a 6-0 record and 22-6 for the season, are to meet Tulia in their bi-district game next Monday. From the left are Vandra Nichols, Carol Reeve, Sharon Smith, Kay Cochran, Ossie Mae Lee, Patricia Phipps, Darla Rhodes, Terri Bingham, Tena

Day, Teresa Ingram, Sarah Gammon and Cindy Hutson. Standing are manager Katie Lewellen, sponsor, Mrs. Clyde Weatherly, coach F.G. Crofford and manager Donna Lewellen. Not present was team member Susan Martin.

FOR BI-DISTRICT

It's Friona, Tulia In Playoff Contest

The Friona Squaws are in the playoffs in girls basketball for the third straight year.

The Squaws will meet the Tulia girls in a bi-district game next Monday.

Friona officials met with Tulia Wednesday morning and the playoff game site and date were chosen. The game will be played at the West Texas State University Field House in Canyon Monday, February 12, beginning at 7:30 p.m.

The Squaws coasted to the championship in District 3-AA, winning with a 6-0 district record. The team took both halves of the district championship with identical 3-0 marks.

Tulia didn't clinch the District 4-AA title until Tuesday, when they blasted Abernathy, 71-37. The same night, Friona was disposing of Littlefield, 88-30 in their regular season finale.

Friona advanced to the bi-district playoffs in each of the last two seasons, losing out to Slaton in both instances. This year, although Slaton is again winning its district title, that team is competing in District

5-AA, so will have a different pairing in bi-district play.

MET EARLIER
The Squaws and Tulia's Hornettes met in the opening game of the season for Friona here last November, with Friona posting a 52-47 win. Naturally, that was early in the season, and both teams have undoubtedly changed and progressed considerably since that time.

Tulia was scheduled to visit Friona for another game this season, on January 2, but due to an accumulation of snow and cold temperatures, the game was cancelled.

Friona will throw a three-pronged offense at the Hornettes, which finds three starting forwards averaging in double figures.

The Squaws are led in scoring by seniors Patricia Phipps and Sharon Smith, and junior Darla Rhodes. All are averaging better than 15 points per game.

If re-inforcements are needed, the Squaws can call on seniors Carol Reeve and Vandra Nichols, and junior Kay Cochran. All have seen

considerable action this season, and have scored many points for this high-scoring Squaw team.

On the guard end, the team is led by seniors Cindy Hutson, Terri Bingham, Susan Martin, Sarah Gammon and Teresa Ingram, and juniors Tena Day and Ossie Mae Lee.

The Squaws are boasting a

22-6 season record. Two of the losses have been to District 1-AAA leader Muleshoe, and one to their running mate, Canyon. Other losses were to class AA power Spearman, Sanford-Fritch and Vega.

Credit Union Sets Annual Meet Here

Newsletters went into the mail this week to 1521 members of Friona, Texas Federal Credit Union, officially announcing the Annual Meeting of the organization for Thursday, February 18.

The annual meeting is scheduled for the Friona High School Cafeteria. A free chili supper will kick off the meeting, beginning at 7 p.m. Kenneth Wyatt of Tulia, well-known western artist and lecturer, will be the featured speaker. Although only coming into his own in the field of painting fairly recently, Wyatt, who is a Methodist minister, first achieved fame in this area as an after-dinner speaker.

During the business session, members will elect three of its membership to the board of directors. Board members with terms expiring are Geneva Williams, treasurer, Edward White, a member of the executive committee, and Dale Houlette.

Holdover directors are Ray Landrum, president, Bill Teel, vice president and directors

Candy Shoot On Schedule

Cub Scout Pack 56 will conduct a trap shoot for candy Saturday and Sunday at the Trap House a mile east of Friona on Highway 60.

Shooting will begin at 1:30 p.m. each day. A spokesman for the Cubs said that in case of inclement weather this weekend, the shoot would be postponed a week.

Entry fees of \$1.00 and \$2.00 will be charged. Prizes of boxes of Texas Millionaires will be awarded.

The proceeds will be used locally by the Cub Scout troop. Guns and ammunition will be provided.

Man Burned In Fuel Accident

Fidencio Guzman, 30, received first and second degree burns on 35 per cent of his body Monday evening when a tractor he was filling with butane ignited.

Guzman is hospitalized at Parmer County Community Hospital, where his condition on Wednesday was listed as fair.

Guzman, an employee of James Procter, had the accident Monday evening on the Procter place northwest of Friona. Friona Volunteer Fire Department was called to extinguish the blaze, which gutted the tractor, a cotton stripper and a barn on the Procter farm.

Total estimated damage ran in the vicinity of \$8,000. Guzman resides at 1311 Walnut in Friona.

School Out Here Friday

Friday will be a school holiday for Friona youngsters.

The day has been set aside as one of the in-service workdays for instructors.

Friona students, who will complete their fourth six weeks tests on Thursday, will thus get a long weekend.

Mrs. Williams has stated that the board of directors has set a goal of reaching a million dollars in assets for the first time by March 1 of this year.

The newsletter also announced that office hours for the Credit Union are 9 a.m. to 4 p.m. "This leaves us an hour (4 to 5 p.m.) to complete our paper work," Mrs. Williams explained. She urged members to cooperate by getting their transactions done early in the day. The office is also open during the noon hour.

As a part of its growth for 1972, the Credit Union moved into its newly remodeled building at Sixth and Euclid Streets in Friona, giving the organization more than 2500 square feet of space. A fourth full-time employee, Don Segovia, was also added.

The annual Parmer County Junior Livestock Show will be held in Friona next weekend, February 15-16-17.

The sale of the prize animals will be held Saturday afternoon.

Animals will be checked in on Thursday afternoon.

Phone Rate Hike Is Tabled By Council

The Friona City Council took no action Tuesday night on the latest proposed rate increases from General Telephone Company. On Monday evening, the council had been presented a new rate request by E.R. (Rad) Richardson, General's district manager.

The city dads voted to table the request until the next council meeting, and to seek a public hearing on the rate hike at that time.

In other business, the council awarded the contract for the new city well to Big T Pump Co. on the low bid of \$11,972.00. Bid forms were sent to eight

companies, but only three submitted bids.

A motion was passed to spend the additional \$2,500 on new library books out of the city's revenue sharing check. The library must have an additional 1,667 books on its shelves within the next 18 months to continue to qualify as a public facility.

A resolution was passed ordering the annual joint city-school election for April 7, and appointing the election officials.

The city manager was authorized to seek bids for furnishing gas to the city on a bulk basis.

Building Activity Slow In January

New building activity, as indicated by building permits issued, was relatively slow in Friona during the month of January, it was revealed this week by the monthly figures released by City Manager Jake Outland.

Only one permit was issued during the month, for a storage shed, estimated to cost \$500.00.

Continuing in the "slow" vein was the report that no new water or sewer taps were made, the first time for a blank report in a number of months.

Other figures released by the city manager revealed that a total of \$122,458.98 in city taxes had been collected as of January 31. This computed to 91.72 per cent of the tax roll, and was fairly close to the figure of 92.98 collected on the same date a year earlier.

Records showed that approximately 11,973,200 gallons of water were pumped during the month, or about 386,232 gallons per day.

The contractor finished the

water and sewer main line installations in Staley #3 and the Jones Additions on January 26.

Four fire alarms were sounded during the month. Three of the calls were to PACO Feed Yards south of Hub, for an estimated loss of \$50,000 worth of cotton burs. The other call was to the Bruegel Bros. Gin southeast of the city, where damages were estimated at \$500.00.

Police Department records showed 47 arrests during the month. Forty-one were for traffic violations, two on county warrants, and one each for drinking while in control of a vehicle, drunkenness, disturbance and runaway.

Eleven complaints were investigated--four on vandalism, two each for theft and runaways, with one each for domestic disturbance, breaking and entering and a prowler.

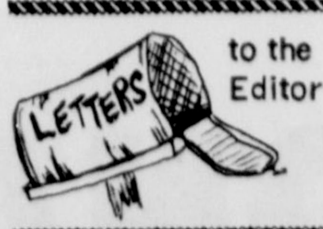

Removal of the Christmas decorations was delayed by inclement weather, and was finally finished on January 12.

BANQUET TICKETS...Dale Cary and Peggy Bryant, president and secretary of the Friona Chamber of Commerce, announce that they have a good supply of tickets to the Chamber's banquet, scheduled for February 27, on hand at the Chamber of Commerce office. Bob Murphy of Nacogdoches, will be the speaker.

FOR ME?...Faith Wright, the daughter of Mr. and Mrs. Jarrell Wright, looks excited at the prospects of a gift of candy from Marty Jones, who is the son of Mr. and Mrs. Charles Jones of Friona. Valentine's Day is just around the corner--next Wednesday, February 14.

to the Editor

Dear Bill,
I want to express my appreciation for our school system and for our very fine faculty. I don't think we could find better.
We also have the finest group of coaches to be found anywhere. As Mother of a Senior athlete who loves sports so very much, I believe our coaches have more influence on their lives right now than anyone else.
I am very grateful that they are interested in the character of our boys as well as their sports ability.
I would like to personally thank Coach Ray DeBord for his influence on our basketball boys to live clean lives and to try to prepare them to face life as they go out into the world for further education, etc. I am also proud of their achievements as a basketball team.
They have accomplished several things that haven't been done in several years. We've got a great bunch of young people too.
A Thankful Mother,
Kitty Bailey

Sincerely Yours

By Rev. Albert Lindley

SOMEWHERE BACK in my memory bank I recall an incident that occurred with a minister friend of mine.

We were discussing a financial need that his church had at the moment—nothing big—but in the conversation I noted that it was Wednesday night and they had a prayer group meeting at the church.

I suggested he take up an offering (we're famous for that) at the prayer meeting and he grinned and said, "Unfortunately, my prayers and my payers are not the same people."

Well, I've mulled that one over many times and still can't quite get the significance of the true meaning there, or if the prayers and payers should be the same—or could be the same—or ought to be the same...of course, you know how I feel.

We talk in terms of "wholistic" today when we make reference to an individual's relationship and of course this ties in very well in the area of religion—However difficult it may be for a person to try to religinize one part of his life and paganize another part, we still do it...

It was told that in a certain testimony meeting a brother was telling of his Christian experience. "I was converted, said he, "forty years ago, and I've been a Christian off and on ever since."

Well, now that we are all organized in our thinking, maybe we should try to do something about it....

The ole boy that we hear about who jumped on his horse and rode off in all directions, is hardly the kind of guy to set up as our coordinator, however.

In communities where things are happening and progress is a stable commodity, we find people who are able to work together, think together, act together and even get along together...pretty well.

I'm not saying we have to BE the same or have to THINK the same, but we can differ and still get along with each other.

Since that should be the concern for all of us, we need to try as much "togetherness" as possible...in all areas of our daily life.

You need one to finish with...I don't like this one but you might.

The village minister was working in his yard when the earth caved in and he found himself at the bottom of an abandoned well. In response to his loud calls for help a neighbor came to his rescue, but was rather leisurely about it.

"Hurry, hurry!" frantically called the minister.

"What's the rush, Parson?" asked the slow-moving rescuer.

"This is only Thursday, and we won't be needing you till Sunday."

Vietnam Mail Is Discontinued

Wright Williams, postmaster, announced today that the Post Office will discontinue accepting mail addressed to Vietnam military post office addresses.

Williams said personal letter mail to Vietnam military post office addresses must be mailed prior to March 1, 1973, or delivery prior to the discontinuance of the Vietnam military post offices cannot be assured.

This request from the Department of Defense, applies to personal mail to Vietnam military post offices only.

The discontinuance includes all second-class mail, third-class mail, and surcharge parcels. ASAM and PAL parcels and all airmail or priority mail parcels had to be mailed prior to Monday, February 5, 1973.

Dear Editor,
I am hoping the person who wrote the letter sometime ago stating that the local firemen did not need a building for equipment since they did nothing except sit around and drink coffee is more than a little ashamed of himself or herself by now.

In the past few weeks local firemen have given up their mornings, noons, evenings and nights to assist their neighbors. Many of them have left events they had planned on for several days as well as other meetings, in order to be of some help to their community.

For some of the men, serving as a Volunteer Fireman is the best way they can serve their community as they do not have the means for some of the other worthwhile projects.

These men spend hours in training and keeping their equipment in shape for the next emergency in addition to the actual fires.

The Proud Wife of A Fireman

BEDFORD, IND., TIMES-MAIL: "An indignant citizen of our national capital mailed 75 letters from Philadelphia to Washington addresses. Then he carried a second set of letters between the two cities by his own 'pony express' service of six horses and eight riders. Most of the letters carried by pony express were delivered first, to the surprise of nobody. Recently the horse has been making a comeback on the American scene. There may be a greater future for it than realized, unless the Postal Service gets its mess untangled soon."

LONDON LANDMARK. The Tower of London is really 13 towers. One-known as the White Tower-is the oldest part of the fortress. It was begun by William the Conqueror in 1078. It's now a museum in which are displayed old arms and armor.

WHERE THERE'S A WALL... there's a way. Kreuzwertheim on the Main is a town near Wurzburg in the Federal Republic of Germany. A defense tower there is some 1,200 years old. Because its walls were considered a traffic menace, the town council decided to move the tower in its entirety. An iron grate recently was slipped underneath the stable foundations. The tower is now "out of the way" and yet remains standing for admiring tourists.

THE LEADING Duroc hog sale of the nation is slated in Plainview February 23-24, according to Area Swine Specialist, Dr. Gilbert Hollis of the Texas Agricultural Extension Service at Lubbock.

The 17th annual National and Southwestern Duroc Winter Type Congress is expected to draw more than 100 consignors and breeders from 20 states with a slate of 30 bred gilts, 150 open gilts and 150 boars on tap for sale.

The two-day meeting, scheduled at the Hale County Agricultural Center, ranks among the nation's leading sales of Duroc swine.

All the breeders participating will bring the best of their herds to the winter-type Congress and sale, but even the hogs in lower brackets are still top hogs for producers to consider for purchase. Consignors will have top competition because some of the nation's leading breeders have been consigned.

Auctioneering the event will be Howard Parrish of Edon, Ohio, and Butch Young of Stillwater, Oklahoma. R.N. Perry, noted swine judge from Bethel, Missouri, will serve as judge.

Entries will be accepted on February 22, with judging of barrows and gilts getting under way at 8 a.m. the next day. Junior open gilts, senior open gilts, junior boars and senior boars will be judged in order. Over \$6,000.00 in premiums will be awarded. Trophies will be donated by the Plainview Chamber of Commerce.

A banquet and business meeting will be at 7 p.m., February 23, at the Holiday Inn.

The sale of open gilts and boars will start the next day's activities at 9 a.m.

In judging, this year's program will feature performance evaluation of all Junior Boars and Gilts by International Livestock Improvement Service Corp. of Ames, Iowa. Special pen cards will carry the ILIS performance data, including days of age adjusted to 220 pounds, adjusted backfat, adjusted loin eye area, and produced ham-loin percent. All boars and gilts will be weighed and adjusted to days of age to 220 pounds, and will have their average daily gain painted on the rump.

Lanny Tucker of Hart, Texas, is President of the Southwestern Duroc Breeders Association, which sponsors the annual event. Joe Tarter of Lazbuddie, Texas, is Vice-President, and Waylon R. Carroll, Lubbock, is Secretary-Treasurer.

THE USE OF ANIMAL FEED containing DES (diethylstilbestrol) after January 1, 1973, constitutes a criminal act with the user liable to punishment as viewed by the Food and Drug Administration (FDA).

Farmers, ranchers, feedlot operators and those involved in the manufacture, sale or distribution of animal feed are cautioned to dispose of feeds containing DES. Either burial or use as a fertilizer are the suggested means of disposal. Use as a fertilizer should involve shallow incorporation into the soil. The Food and Drug Administration will request premix manufacturers to recall all outstanding stocks of their products from the market place for supervised disposal.

The action was required under terms of certain sections of the Federal Food, Drug and Cosmetic Act. These terms as described contain the so-called Delaney clause and require that there be no detectable residue. Evidence that DES residue was present in the liver of steers three, five and seven days after the feeding of a single dose of the chemical was cited as requiring the withdrawal of approval for use even though there is no known public health hazard resulting from its use.

In announcing the ban in the August 4, 1972 issue of the Federal Register the FDA emphasized that the Commissioner has no reason to believe that the use of DES in animal feed represents a public health hazard and, further, that no human harm has been demonstrated in over 17 years of use. Under the law, however, the continued use of the drug in feed may no longer be permitted according to FDA.

ONE OF THE FIRST STEPS in getting this year's garden off to a good start is to have the soil tested.

Regardless of the vegetables you plan to grow, they will get off to a better start if your garden soil contains an adequate supply of plant nutrients.

A soil test will indicate which plant nutrients are present in adequate amounts and which are low. Some soils are naturally low or high in certain plant nutrients.

The soil chemist who analyzes the soil will then suggest the addition of fertilizer containing plant nutrients so that your vegetables will make the best possible growth. Of course, cultural practices such as proper planting at the right time, proper watering, and insect, disease and weed control are all important if plants are to make proper use of nutrients available in the soil.

CANYON WAXES

Even Squaw Losses Set New Standards

The 1972-73 Squaws seem to do everything in record fashion. When they win, they're apt to set a scoring record. However, when they lose, they do likewise.

At least that was the case here last Friday when the team hosted the Canyon Girl Eagles, in a game that had all the markings of a crowd-pleaser, matching two of the top teams in this part of the country.

But the dream match never came off. To the disbelief of perhaps even Canyon, the defending state AAA champions completely overwhelmed the Squaws, 64-26.

The 38-point loss amounted to the second worst on record for a Squaw team. And you have to go all the way back to December of 1955 to find a game in which the Friona girls scored less than the 26 points they were limited to last Friday.

The Canyon girls played as perfect a game as you could expect, and they caught the Squaws off guard, forcing numerous turnovers, and this added up to a big mismatch that particular night.

LEAD 8-0

Starting on a slow keel, the visitors built up an 8-0 lead before Friona could score. Patricia Phipps finally got a turning jump shot to fall at the four-minute mark. She missed the three-point play, and the 8-2 mark would be as close as Friona would be the rest of the night.

By the end of the quarter, the Canyon team had a 16-4 lead.

Friona went 2-30 without scoring in the second quarter, but Canyon wasn't scoring much either. Miss Phipps' layup made the score 22-6, Canyon, with 5:33 left in the half. Darla Rhodes made a pair of free shots a minute later, to trim the margin to 22-8, and give the local fans hopes of a rally.

But the rally went to Canyon, which stormed to two quick last minute baskets to stretch a 26-13 lead to a halftime edge of 30-13. Miss Phipps had missed the first half of a one-and-one

situation with 20 seconds left, and Canyon rebounded to sink the last-minute basket.

The needed second-half comeback failed to materialize for Friona, as Canyon continued to put the pressure on the Squaw guards, forcing loss of possession several times. The Girl Eagles scored 15 points to only four for the Squaws for an overwhelming 45-17 lead at the three-quarter mark.

New players entered the game in the latter stages. But the results were the same.

Only other game score the school record book turned up which found the Squaws losing by a larger margin was an 80-39 (41 points) loss to Happy on January 27, 1956. It was way back in 1955 that a Squaw team scored as few as 26 points, when the team that season lost to Lazbuddie's girls, 46-23.

7th Graders Set Tourney

Friona will host a seventh grade B-team tournament here Friday and Saturday. There will be two teams from Friona and two from Dimmitt competing.

Designed to let as many players take part as possible, the tourney will be held at the junior gym.

Saturday games will be played at 1 and 2 p.m. and again at 4 and 5 p.m. Trophies will be presented to first through fourth place.

Admission will be 25 cents for students and 50 cents for adults.

ON DEFENSE....The Friona Squaw defenders are shown at work in this action shot against Canyon. In the center is guard Susan Martin, with Terri Bingham at the left, and Cindy Hutson in the right background. The Canyon team scored an impressive win over the Squaws.

Cagers Top Littlefield

Friona's Chieftains and Squaws won games here Tuesday from the visiting Littlefield team.

The Squaws climaxed their regular season schedule by coasting to an 88-30 win. It marked the fourth time this season for the team to score over 80 points.

Darla Rhodes scored 26 points, and Carol Reeve added 22 for the Squaws, who held a commanding 42-15 lead at the half and 67-19 after three quarters. Reserves saw con-

CHIEFS FALL, 80-55

Triple-A Eagles Too Hot To Hold

Held in tow for the most part of three quarters, the explosive Canyon Eagles finally broke away from Friona's Chieftains here last Friday, romping for 25 fourth-quarter points and an 80-55 win.

The class AAA Eagles led for most of the game, but Friona had remained within striking distance until the Eagles finally put on their fourth-period finish, when the game was suddenly blown wide open.

Friona held the lead briefly in the opening minutes. Dale Cleveland took a perfect pass from James Bartlett and drove for a layup shot just 10 seconds following the opening tip-off which Cleveland controlled, and Friona had a 2-0 lead.

CLEVELAND SCORES

After the Eagles tied the count at 2-all, Cleveland

brought the ball down court, and finding the lane open, drove all the way in for another easy crisp shot, giving Friona a 4-2 advantage with 6:14 left on the clock.

Canyon again tied and this time went ahead. Bartlett's layup with 4:24 left gave Friona a 6-6 tie, and that was the final time they were tied or in the lead.

Bartlett scored two more baskets to keep Friona close at 10-8 and 12-10, but two quick baskets, the last one with only two seconds showing, pushed the Eagles into a 16-10 first quarter lead.

Canyon opened up a 10-point lead in the second quarter, as the Chiefs hit one of their patented cold spells, but Willie Bailey rallied the team to

within six points three different times. The last time was with a jump shot four seconds ahead of the halftime buzzer, which found Canyon leading by 35-29.

Needing to score and stay close, Friona hit a cold spell to open the second half it could ill afford. Canyon had an 18-point lead at 47-29 before the Chieftains got on the scoreboard in the third quarter.

BAILEY STARS

Willie Bailey again turned out to be the point-maker. His jump shot 4:23 into the quarter accounted for Friona's first score of the second half. Bailey went on to score four more points to trim the Canyon lead to 55-43 at the end of the quarter.

The Chiefs fought gamely getting to within eight points, 57-49, with 6:39 left in the game, after Bailey and Bartlett added scores.

However, Canyon responded with nine straight points, to regain its 18-point lead at 66-49 before Bailey was able to break another cold spell with a tip-in.

Canyon finally had the Chiefs playing their type of game in the latter stages, 16 points in the final four minutes to open up their final margin—mainly on fast break layups.

The loss, the second straight for Friona, blemished the team's otherwise perfect record for Friday games, and left the team standing at 15-10 with three games left.

"In Washington, D.C., a lady bricklayer, a structural steelworker, and now even a lady sandhog working deep in Washington's new subway tunnels—these and other female pioneers have been breaking the ancient all-male tradition of the...construction trades. One of the chief reasons that women haven't applied for these craft jobs in the past...has been their 'fear of needling and baiting by their male co-workers...But (labor unions have) found the solution to that problem, or as much of a solution as ever will be found....(They) instruct all...union members to call the new girls or ladies 'sister'. You just can't needle a lady at the same time you're calling her 'sister'."

Service And Sacrifice Are Man's Greatest Gifts To God

Read Mark 14:1-9

Jesus said, "Leave her alone! Why are you bothering her? She has done a fine and beautiful thing for me."

--Mark 14:6 [TEV]

Left alone by the death of her husband, and partially paralyzed by arthritis, a little lady shocked the congregation in her rural church by placing a wool shawl upon the altar. She explained, "It is for someone who is able to walk in the service of the Lord. This shawl will help keep her warm."

Many centuries earlier Jesus came to the defense of a woman whose gift of perfumed ointment created murmurs and anger at a dinner in Bethany.

This kind of giving is hard for many Christians to understand. But Christian service includes not only the gift, but the spirit behind it--the commitment and dedication to Christ and His church.

PRAYER--Inspire us, O God, with the spirit of sacrifice and service. Teach us the sacredness of every gift that helps advance Thy kingdom on earth. Unite all who are committed to Thee that we together may help keep the church alive for the salvation of mankind. Amen.

THOUGHT FOR THE DAY

The greatest gift you and I can bring to Christ is the gift of ourselves in service.

SCORES LISTED

Friona, Tulia Girls Have Great Rivalry

It will be a case of old rivals meeting when Friona and Tulia square off in the girls bi-district basketball game.

The game will mark the 33rd meeting of the schools in girls basketball in the past 15 years. It will be the fourth time the teams have met in the playoffs.

Of the past 32 games, Friona has won 18 games, and Tulia has won 14 times.

When the two teams get together, fans usually can be assured of a closely-fought, down to the wire contest.

In 32 games, the score has been decided by four points or less 15 times—almost half the time. Of these games, nine were either one or two-point wins. Another seven games were decided by eight points or less.

Probably the game that stands out in local fans' memory as the most vivid Friona-Tulia encounter was the 1963 regional finals game at Lubbock, won by the Squaws, 82-80 in double overtime. Friona won four out of five games from the Hornettes that season, and three of the wins were by two points or less.

For many years, the two teams competed for honors in the same district. They had a head-to-head battle for the district crown in 1959-60, and after completing the district schedule, the two teams were all tied up with 7-1 records.

In a best two out of three games playoff, Friona won the first 1960 playoff game, 48-46 in

a game at Friona. Going to Tulia, the team then nailed down a 50-49 win to earn the playoff rights.

In both 1960 and 1963 after defeating the Hornettes, Friona continued to win regional titles and went to the state meet. The team placed second in 1960 and third in 1963.

Following are the Friona-Tulia game scores, tracing the rivalry since the 1958-59 season:

STATE CHAIRMAN...Roger Staubach, quarterback of the Dallas Cowboys, has been named State Chairman of the 1973 Easter Seal Campaign for Texas. License Plate Booth Slated For Friona

Tax Assessor-Collector Hugh Moseley will be in Friona next week, opening a special vehicle license plate booth at the Friona Fire Department Monday through Friday.

Moseley will operate the special booth between the hours of 10 a.m.-12 noon and 1-4 p.m. for the five-day period. Vehicle operators in Friona are urged to take advantage of this one-week booth.

Moseley reminds the motorists to bring the three-part form that they received in the mail, plus their personalized check books.

The county tax assessor will also be at Lazbuddie at the Sherley-Anderson Elevator, on February 20.

"You don't have to stand in

line anymore in order to register 'Old Betsy,' or whatever you call the faithful family car," Moseley said this week.

Moseley said that motorists can get their 1972 license plates by sending the three-part form to him, along with the registration fee and one dollar to cover mailing.

But whether the motorist uses the mail or applies for the license in person, the important thing for him to remember is to be careful not to separate the three-part form, Moseley points out.

With the form, a certificate of title and last year's registration receipt is not needed.

The deadline for affixing the 1973 plates is April 1.

This service to the commu-

nity will be freely supplied. You may call 247-3046 or 295-6188, or contact any Boy Scout and your flag will be picked up for disposal.

Now ear this: fish apparently hear, for they can be trained in an aquarium to come to the side of the tank for food when a bell is rung.

Life Holds a Little More Because of Electricity

A Salute to National Electrical Week, and a pledge to try to make life better and brighter.

Feb. 11-17

And it's right at the tip of your fingers -- with an unobtrusive light plug, a small switch to flick. That's what starts industries humming and farms producing. That's what floods homes and buildings with brilliance. There also are a lot of little -- but important -- things that get going this way, too. The toaster toasts. The family laundry comes up sparkling. TV presents entertainment and information. Newspapers record instant history. Oh, yes. Life is a whole lot better because of electricity. We're looking forward to making it even more exciting and satisfying -- starting now.

The Library Corner

BY MRS. BILL ELLIS

Thirty-eight pre-schoolers attended Story Hour at the Library last Thursday morning. Josie Bates, Lucy Hinkle and Diane DeBord led the children in stories, games, songs and activities. Linda Dozier brought two baby goats for the children to feed and pet.

Hugh Moseley has donated an interesting new book to the Library. It is "The Flamboyant Judge" which is the story of Judge Hamblin, a former Parmer County judge written by Haley Holden.

Everyone gets rather money-conscious around this time of year. We thought you might be interested in "Getting

The Most For Your Money" which is a book about beating the high cost of living. We also have "Pennies and Millions," a book for the guidance of women in handling their money problems.

For the local teen-agers we have the modern-well-written book on sex "The Stork Is Dead" by Charles Shedd, which has been recommended by some of the High School teachers.

We should be receiving a shipment of brand new books very soon, at which time we will have many new titles on our shelves for your selection.

Did you see Cheryl Patterson's picture on the front page of the society section of the Amarillo Sunday News-Globe? Since the News-Globe has adopted the policy of running only pictures of Amarillo and Canyon brides in the Sunday edition, the picture of a Frionan in this spot will be a rarity.

Cheryl, who is a freshman nursing major at West Texas State University, Canyon, was initiated into a new sorority at West Texas Saturday, when the Kappa Delta sorority received its national charter. She is a 1972 graduate of Friona High School and the daughter of Mr. and Mrs. George R. Patterson, 1005 West Fifth Street.

Jimmy and Gwen Buckley of Dimmitt have a new grandson. He is their first grandchild and belongs to their oldest son, Larry, and his wife, Myrna. All of them are now living in Dimmitt.

The Buckleys formerly lived in the Black Community and Larry is a 1965 graduate of Friona High School.

Larry and Myrna, who named the baby Bruce Maurice grew up in Bangor, Maine. Maternal grandparents are Mr. and Mrs. Maurice Eastman of that city.

Fred and Lou Kinsley were in Friona early this week. The Kinsleys, who now live in California, spent seven years here attending to the late Mrs. Pearl Kinsley and her affairs.

Knowing this couple has been a pleasure for a number of Frionans and it is always good to see them.

"Lou, who is an avid knitter, said, "Right now I'm doing some needlepoint."

I'm thinking that perhaps Herbert Hoover was our most controversial president. By that I mean the one most people had a definite opinion about. Whether he was a good president or a bad president, or whether he was responsible for the Great Depression during the early thirties is still debatable.

However, his thinking on the values of fishing could hardly be debated by any straight thinking individual. I first read it about 40 years ago and have never forgotten it. I even apply its principles to taking a walk in the open air, riding a bicycle, feeding the hogs, watering the cows, or doing any other thing which involves getting close to nature.

Hope you like it, too. It goes like this:

FISHING

To go fishing is the chance to wash one's soul with pure air, with the rush of the brook, or with the shimmer of the sun on blue water. It brings meekness and inspiration from the decency of nature, charity toward tackle-makers, patience toward fish, a mockery of profits and egos, a quieting of hate, a rejoicing that you do not have to decide a darned thing until next week.

And, it is discipline in the equality of men-for all men are equal before fish.

The Truth Will Make You Free

Terry Brown, Minister Sixth Street Church of Christ

When the Jews dwelling in Jerusalem heard Peter's sermon about Jesus in Acts 2, they asked, "What shall we do?" They had been "cut to the heart" by Peter's words (Acts 2:37). Seeing their hopelessness, they demanded of Peter the solution for their sinfulness. When we are convinced of our own sins today, our natural response is to do something about those sins.

The answer that Peter gave remains our answer today. "Repent, and be baptized every one of you in the name of Jesus Christ for the forgiveness of your sins; and you shall receive the gift of the Holy Spirit." (Acts 2:38)

No one objects when the necessity of believing in Jesus is emphasized. No one objects when the necessity of repenting of one's sins is emphasized. But, if water baptism is emphasized as necessary for salvation, objections immediately are raised.

Why is this so? Why do many feel that baptism is unnecessary? Many think that baptism by water is a work which man uses to try to save himself. Thus, they reason, if we are saved by faith, this excludes baptism, since baptism is a work.

However, we understand the Bible to teach that water baptism is a part of one's faith. Therefore, it is necessary for all men. We will examine this more next week.

ANNOUNCEMENT MADE

Dimmitt Corn Mill Leased To Amstar

By DON NELSON
 DIMMITT—Officials of Amstar Corporation signed a multi-million dollar lease agreement here Thursday afternoon to take control of the Dimmitt Agri-Industries (DAI) corn milling plant.

Spokesmen for DAI and Amstar said the agreement signed at the Castro County Country Club calls for a lease payment of \$747,500 per year for the first four years with subsequent rental payments of approximately \$1,031,500 per year for the remaining 20 years of the 24-year lease.

OPTION INCLUDED
 Included in the agreement is an option allowing Amstar to purchase the local plant-built at a cost of \$13 million-anytime during the 24-year lease period.

New name for the local operation will be Dimmitt Plant of Spreckels Sugar Division of the Amstar Corporation. Bags of corn starch and other dry products transported from the Dimmitt plant will be labeled "Dimmitt Division Amstar."

According to Doug Lapins, newly appointed general manager of the local plant, few changes in production and personnel are anticipated in the plant which opened here in 1970 under cooperative management.

Lapins previously was assistant plant manager of the Spreckels Division's beet-sugar plant in Chandler, Arizona. More than a dozen officials

from the world's largest sugar marketing corporation were present here Thursday to ratify the lease agreement. Included in the corporation party was Guy D. Manuel of San Francisco, president of the Spreckels Division and vice president of the Amstar Corporation.

The New York-based corporation markets beet sugar (Spreckels brand) and cane sugar (Domino brand) nationwide.

The Dimmitt facilities, however, will be the corporation's first corn milling operation. The decision to invest in a corn milling enterprise was made, according to Amstar officials, after recent developments in sweeteners processed from corn including the newly developed isomerized syrups.

In addition to the lease documents, DAI and Amstar officials signed a separate service agreement Thursday for corn storage and handling with payment partly based on profits from the mill's production.

Also present for the signing were Jack Hughes, executive vice president of the Houston Bank of Cooperatives; Tom Shipp, attorney for the Central Bank for Cooperatives in Denver; and Daniel D. Williams, vice president of the Denver bank.

FORCE TO BE MAINTAINED
 Lease payments are expected to pay off the local cooperative's indebtedness to

the Houston bank for the mill's construction. The separate service contracts are expected to keep the cooperative's elevators operating in the black and payoff additional indebtedness on the elevators.

Built by the Dimmitt Wheat Growers Inc. Cooperative in 1970, the plant has a grinding capacity of 14,000 bushels daily.

The new general manager said the entire operating force of the local plant will be maintained. "We have asked them all to stay," Lapins said. "In fact, we are signing them up for insurance right now."

The current operation's top executives, however, will not be joining the new management structure. Dimmitt Management Co. president Jim Harsh and vice president Jay Olneh reportedly will not be included among the new management officials.

Jaycees, Ettes Win Contests

The Friona Jaycees and Jaycee-ettes returned from the District Convention in Amarillo last weekend with a number of awards from the district competition.

The Jaycees won the "Participation Award," which deals with having the most members present, participation in contests, committees, etc.

Individual awards were won by Don Gatlin, the "Faith in God" award, Glen Stevens, the "Tall Texan" award, and Pat Cupell of the Jaycee-ettes, the "Have Your Say" trophy, a speaking award.

Stevens was second in the "Sparkplug" division, and also won a third place in the "First Timers" contest, and Kenneth Baker was second in this event. Stevens' Tall Texan award was on the basis of having recruited more new members (eight) for clubs in Friona's population bracket.

The Jaycees are proud of their latest accomplishments, and invite those interested in Jaycee work to come by the Community Room at Friona State Bank any Tuesday night at 7:30 p.m.
