

THE MULESHOE JOURNAL

Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

VOLUME 13

MULESHOE, County Seat of Bailey County, TEXAS, THURSDAY, APRIL 4, 1935

NUMBER 10

DOTSON FIRST WINNER IN THE 4-H CALF SHOW

Three Club Boys Enter Calves In Lubbock Stock Show

Hundreds of visitors to Muleshoe last Saturday availed themselves of the opportunity to see some extra good livestock when they went to the Higginbotham-Bartlett luncheon yard to see the fat calves displayed here by members of the Bailey County 4-H clubs, and many favorable and complimentary remarks were uttered in behalf of the boys producing the calves and of their fine quality.

Awards were given at the showing as follows: Billie Dotson, first, \$10; Junior Snider, second, \$7.50; James Warren, third, \$5; Johnnie Starkey, fourth, \$2.50; Hobart Starkey, fifth, \$1. Billie Dotson, Junior Snider and James Warren, the first three prize winners have entered their calves in the district show being held at Lubbock this week.

It is expected the county enrollment of 4-H clubs for this year will be much larger than that of 1934, with about 35 projects to be undertaken, including the subjects of beef calves, sheep, pigs, poultry, cotton and grain sorghums.

Texas May Get \$48 Or 50 Million For Highway Improvement

Between \$48,000,000 and \$50,000,000 may be received by the State of Texas, enough to practically complete its present mapped out highway system. If the \$48,000,000 bill now before Congress and being urged by the President becomes a law, according to statement made by Judge W. R. Ely, of the Texas Highway Commission, who was in Washington last week.

Of this huge sum \$800,000,000 is already earmarked for highways and grade crossings. Ely said, and present indications are Texas will get between \$48,000,000 and \$50,000,000 of the \$800,000,000.

With this amount to spend Ely declared the state will be able to complete most of its planned improvements and new construction on its primary highway system. Work for thousands of men will be provided immediately after the money gets to Texas, for the program is already to go. No time will be wasted in preparation or planning. He said, for these steps were completed by the State Highway commission several months ago.

Harry N. Roberts Quits State Work Ingram Takes Job

Harry N. Roberts, assistant state division engineer, Lubbock, who has been in charge of road building on State Highways Nos. 7, 28 and 214 out of Muleshoe for the past two or more years, resigned his position effective last Saturday, to be succeeded by Frank Ingram, engineer from Lubbock and brother of the present division engineer, Lon Ingram, who succeeded the late Guy Johnson.

During Mr. Roberts stay in Muleshoe he has well proven his efficiency as an engineer and has been of great value to the city in many ways, particularly in establishing grades here for city street paving. Everyone who has had opportunity of knowing his intimately pays high tribute to him not only as a skilled engineer, but also as a high class gentleman and fine citizen.

Mr. Roberts leaves the state employment to take commercial and industrial engineering, his first task being installation of a waterworks system at Littlefield. He also has similar contracts with Abernathy and Morton, as well as some others under consideration.

BEGIN MEASURING WHEAT LAND

The measuring of wheat acreage in Bailey county for those growers who have signed the wheat reduction contracts was begun this week.

The measuring is being done under direction of C. W. McLauray and Raymond Oage.

St. Clair Variety Store Has Formal Building Opening

The St. Clair Variety Store, Irving St. Clair proprietor, is this week enjoying the formal opening of their big new store, many complimentary remarks being accorded them for their progressiveness.

Mr. St. Clair has been in business in Muleshoe for nearly five years, during which time he has enjoyed a rapidly growing patronage. He has demonstrated his high quality of citizenship in being numbered among the progressive business men of Muleshoe and aligning himself with every forward movement calculated to be of general benefit to the town.

Gradually as his business has increased, he has also enlarged his stock of merchandise to meet the demands of the buying public. His growing business crowded his former store building until it finally became necessary to have a new and larger building, the brick he has just completed.

This new building is a valuable asset to the physical welfare of the town in general, an added adornment to Main street and a quality asset to the business interest of Mr. St. Clair. That it is duly appreciated throughout the local business circle is evidenced by the page of congratulatory cards by fellow business men carried in this issue of the Journal.

In keeping with his wide awake business spirit, Mr. St. Clair is this week putting on a big introductory sale that is worth while of consideration from the buying public, and the Journal takes this opportunity of joining other business men of Muleshoe in extending congratulations and good wishes for further business increase to Mr. St. Clair.

Relief Commission Of State Gives Out Farmers Soil Costs

The Texas Relief Commission last week launched into full swing its soil improvement campaign when it received and opened bids for farm leases, terracing plows, drag scrapers, freestone sprayers and terracing machines. These bids being submitted on the basis of from 50 to 200 machines each, and are to be used in various counties.

The state for farm land improvements.

The work will include terracing, contours, spillways, gully controls, dams, ponds water wells, digging of trench silos, storage houses, etc.

The plan provides for payment of such work by the property owners and will be handled through the County Farm committee, using relief labor.

Rated costs are stipulated as follows: Running terrace lines only 3 ft., 12½¢; 3 to 5 ft. 15¢; 5 to 8 ft. 17½¢ per acre.

Running pasture contour lines, per acre, 3 ft. 20¢; 3 to 5 ft. 22½¢; 5 to 8 ft. 25¢.

Rental of small equipment, per acre for 3 ft. work, 5¢ to 10 to 5 ft. work 5½¢; 5 to 8 ft. work 6¢.

Building terraces, per acre (no fills) 3 ft. \$1.75 to \$2.00; 3 to 5 ft. \$2.25 to \$2.75; 5 to 8 ft. \$3.00 to \$3.25.

Temporary dams in gullies will be figured on man hour labor or cubic yard basis.

In Bailey county these prices have been considered high, and the County Farm board has decided to not participate in such work at the present time, according to statement of the county farm agent.

KIWANIS MEET AT SAN ANTONIO

Kewanis has been selected by Kwanis for its 1935 International convention which will be held May 19-23, this being the first time during their 20 conventions a southwest city has been selected for a convention town.

A large attendance from the 1800 clubs whose membership is approximately 100,000, is anticipated. The Muleshoe club has not yet selected its delegate.

TAYLOR BURNED IN EXPLOSION

R. L. Taylor, residing in the Baileyboro community, was badly burned about the face, head and hands last Saturday afternoon, from a stove explosion when he threw kerosene into the stove while starting a fire.

The burns were dressed by a local physician, and while still suffering considerably, he is recovering nicely.

BAILEY COUNTY HAS FULL QUOTA ENTRANTS AT INTERSCHOLASTIC LEAGUE DISTRICT MEET, LUBBOCK

County Well Represented With Leading Talent To Contest For Honors Which May Lead To State Winnings.

Bailey county will have a practically full quota of contestants to attend and take part in the Interscholastic League district meet to be held at Lubbock Friday and Saturday of this week. The meet will be held at Tech college, 14 counties having entrants in various events.

Those taking part in the meet from Bailey county and their events entered are as follows:

Literary Events

Senior girls debate, Ida Lou Glaz and Gerald Dean Reynolds.

Senior boys debate, Hershel Wimberley.

Declamation, senior boy, Clarence Harris.

Declamation, junior boy, Joe Bill Alsup.

Declamation Ward school, Ida Mary Kemp.

Essay and extemporaneous speaking

Sylee Coker.

Track and Athletic Events

100 yard dash, Bill Faulkner and Kenneth Jennings.

1 mile relay, Roy Elrod, Ben Beatty, Kenneth Jennings and Bill Faulkner.

220 yard high hurdles, Ben Beatty.

220 yard dash, Bill Faulkner and Kenneth Jennings.

440 yard dash, Roy Elrod and Bob Beller.

880 yard run, Woodroe Lambert.

1 mile run, Fred Long.

Pole vault, Bob Beller.

Running broad jump, Bill Faulkner.

12 pounds shot put, Kenneth Jennings.

Discus throw, Kline Burham and Clarence Harris.

Running high jump, Bob Beller.

The winners of the field events of Junior High school boys will not go to district.

One of the local school buses will take the contestants, and some of the Muleshoe teachers will attend the meeting both Friday and Saturday.

Friday Registration will be conducted in the lobby of the college administration building Friday morning from 8 to 10 a. m. Contestants will pay fees of

25 cents for badges, without which they cannot compete.

The remainder of the program follows:

10 a. m., meeting of declamation contestants in room 220, administration building. Declamation judges and presiding officers, room 216; debate contestants, room 302; debate judges and officers, room 320. (Assignments will be given for preliminary declamation contests and preliminary boys' and girls' debates.) One-set play contest, room 202, administration building. Preliminaries in tennis.

Declamation Contests

10-30 a. m. Preliminaries in declamation contests, high school, junior school and rural school (girls') and boys' senior ward school divisions combined with girls' and boys' senior high school divisions. Preliminaries in boys' and girls' debates.

1:30 p. m., semi-finals in boys' and girls' debates.

2 p. m., preliminaries in volley ball and golf. Preliminaries in all athletic events.

3 p. m., extemporaneous speech contests, rooms 313 and 314, administration building.

4 p. m., Spanish contest, room 219, administration building.

Declamation Finals

7:45 p. m. Finals in high school declamation, senior boys, senior girls, junior boys and junior girls, room 302, administration building.

Saturday, 9 a. m., finals in rural school declamation for senior girls, junior boys and junior girls, chemistry auditorium. Finals in girls' debates, room 302, administration building.

Finals in boys' debates, room 320, administration building. Music memory contest, room 310, administration building. Art contest, room 210, engineering building.

Prof. W. C. Cox, Muleshoe, is director of the Bailey county league events. Other officers of the county organization are: P. O. Smith, Seth Rollins, H. E. Roberts, Miss Leona Staehelin, S. O. Hutchinson, Miss Velma Sheriff, J. N. Weaver, L. A. Holmes, Mrs. Glen Daugherty, Shirley Waldman and Matherin Sanders.

TEXAS UTILITIES CO. INTRODUCES "ULTIMATE ELECTRIC RATE" WHICH CUTS COST TO RESIDENCE USERS

The Texas Utilities Co., having during years past made several reductions to customers using their generated electrical energy for heat, light and power, in keeping with their general policy and satisfactory service to their patrons are, this week, announcing a still further rate reduction, to be known as the "ultimate electric rate," benefiting residential consumers who have electric stoves, toasters, percolators and other appliances using electrical energy.

The new rate calls for a minimum charge of \$2.00 per month for the first 20 kilowatt hours used, with a charge of three cents per kilowatt hour for the next 100 used, and 1.8 cents for all energy used over that amount.

In case the energy used by the residential consumer during any month should be less than the amount used for the corresponding month of 1934, or less than 20 K. W. H., the bill will then be computed on the present residential lighting rate.

When the number of K. W. H. used by the consumer equals that of the corresponding month of 1934, the amount equivalent to the 1934 consumption will be billed at the present rate. No charge will be made for K. W. H. in excess of the 1934 consumption until the total amount used, when computed at the Ultimate Electric rate, shall result in billing in excess of the bill for the 1934 monthly consumption at the present rate.

The Ultimate Electric rate applies to the total consumption when the bill, computed at the Ultimate Electric rate, exceeds the amount billed for consumption in the corresponding

month of 1934 at the present rate.

This new rate is applicable to users who have been continuous customers of this company for at least 12 months. This new rate permits a considerable increase in the use of various electrical appliances without any additional cost, permitting the consumer to use many more kilowatts of electrical energy.

It is understood the company is also introducing a slight reduction in commercial lighting rates.

FATHER OF REV. W. B. HICKS DIED THURSDAY AT MEMPHIS

Rev. J. R. Hicks, 71 year old retired Methodist minister, and father of Rev. W. B. Hicks, Seymour, for four years pastor of the Methodist church in Muleshoe, died at Memphis Friday of last week.

The deceased was well known here, having visited his son while a Muleshoe pastor. For 27 years he was an active Panhandle pastor, retiring from church work about eight years ago. He had served as a presiding elder on the Amarillo and Clarendon districts, also held pastorates at Clarendon, Lubbock and Wellington.

He is survived by five sons, four of whom are doctors and one a minister.

Funeral services were conducted Sunday by Rev. J. O. Haynes, presiding elder of the Amarillo district and a long time friend and co-worker of the deceased.

Patronize home industries.

2,266 Acres Real Estate Transferred In Co. During March

Real estate transfers in Bailey county during the month of March totaled 2,266 acres, the smallest number of transfers recorded at the County Clerk's office in several months past, as follows:

March 4—A. L. Carpenter et ux to F. C. Carpenter, labors 3, 6, 14, 17, 18, league 186, Swisher county school land.

March 5—Henry S. Kennedy et ux to Wm. G. Kennedy, NW¼ sec. 30, block X, W. D. & F. W. Johnson subdivision. J. W. Morgan et ux to H. A. Eddler, tract 4, S. T. Lawrence subdivision of S¼ NW¼, sec. 33, block Y, W. D. & F. W. Johnson subdivision No. 2.

March 8—I. C. Enochs to E. R. Hale, labor 4, league 123, Childrens county school land. E. R. Hale et ux to I. C. Enochs, same property retransferred.

March 9—C. A. Foote et ux to First National Bank of Amarillo, SE¼ sec. 27, blk. Z, W. D. & F. W. Johnson subdivision.

March 19—Nannie C. Bates to Frances Baker, labors 6 and 7, league 207, Childrens county school land.

March 28—John R. Boyle to Mrs. Myrtle May Miller, a 5 acre tract in SW corner lab 22, league 176, Motley county school land, also lots 10, 11, 12, blk. 3, original town of Muleshoe. John R. Boyle to E. R. Hart Co., lot 6, block 2, Warren's addition to Muleshoe. Mrs. Josie Davis to Frank Darieck, SE¼ sec. 17, league 143, Hansford county school land, less 45 acres in NE¼ of said tract.

March 30—R. C. Gaede et ux to Muleshoe State Bank, SE¼ sec. 50, blk. Y, W. D. & F. W. Johnson subdivision No. 2.

Muleshoe Wins In Tennis and Volley Ball For County

Wednesday last week the girls and boys tennis key-outs in the Bailey county interscholastic league meet were played here. Tidwell Douglas and Dora Nell McCarthy won senior girls doubles over Baileyboro and will be crowned champions of the district meet.

Melzine Rooney won senior girls' singles in tennis and will attend district.

Tennis: Senior boys doubles, Woodroe Reed and Earl Morris, of Circleback, played Mickey Harvey and Alvin Edge, of Baileyboro, and Baileyboro was victorious.

Tennis: Junior boys singles, Robert Starkey, of Baileyboro, won over Myron Bayless of Muleshoe.

Tennis: Junior boys doubles, Robert and Johnnie Starkey, of Baileyboro, won over Delbert Parsons and Joe Bill Alsup, Muleshoe.

Tennis: Junior girls doubles won by Irma Willis and Oleta Shofner.

Tennis: Senior boys singles, Charles Alsup won over Lloyd Gilreath, of Circleback.

Wednesday last week the senior girls volley ball key-outs were played here. Muleshoe and Baileyboro played the first games which were the best two out of three, and Muleshoe won two.

Circleback and Longview played the next three games and Circleback won. Muleshoe and Circleback played the next games and Muleshoe won. Therefore, the Muleshoe team will attend the district interscholastic league meeting.

CO-OP CREAM STATION HERE

The Palms Co-Operative Creamery Association, of Plainview, this week opened a branch cream station in Muleshoe, in the McCarthy building adjoining Alsip Insurance agency and located just west of the Western Drug store.

The new station is in charge of J. Clyde Taylor, an experienced cream grader and poultryman.

They will also buy all kinds of cream products.

HOME EC. CLUB DINES OFFICIALS

The Home Economic club of the Muleshoe High school served the judges and officials at the County Interscholastic meeting last weekend. There was a food sale given by the club and \$14.00 was cleared, which will be used to buy pictures and a few necessities for the department room.

PANHANDLE IS SMOTHERED BY BLOWING DUST

Visibility Dangerously Low, Grain Damaged Some Rain Falls.

Saturday of last week was another day on the Plains of West Texas to not soon be forgotten as the temperature took a considerable tumble and another violent sandstorm visited this region.

Visibility was extremely low for several hours, autos on the streets had headlights turned on that glowed dimly through the enraged dust like steel disks, while the sun hanging dead like in the western horizon looked more like a broken moon.

Small showers, accompanying the sandstorm, were reported from some sections, while at other points the sand was so rapid in its action places of business had to be closed for a few hours until the holocaust had passed by.

The gale, generally estimated at 35 mph, took its clearly originated north of the Kansas line, most of the dust reaching this area floating high in the air, yet enough sifting downward to make it extremely uncomfortable.

Wheat crops in the northern area of the Panhandle are reported to have been greatly damaged, the normal crop being about 50,000,000 bushels. It is now estimated to be cut to approximately 12,000,000 bushels.

One Elevator Was Robbed Of Grain Last Friday Night

Sometime Friday night of last week the elevator belonging to S. E. Coxe, this city was entered and 3,000 pounds of yellow corn, also about 3,000 pounds of sorghum grain was taken.

Discovery of the robbery was made Saturday morning when the elevator was opened for the day's business and a sheriff Jim Cook immediately notified.

Investigation by Cook revealed that the grain was hauled away in a truck with double rear wheels, it being tracked-off for a considerable distance east on the highway.

Imprint of the track showed the rear wheels to be equipped with practically new Goodyear tires, while the dimmer track of the front wheels looked like Goodrich castings.

The grain was stored in the elevator driveway, entry being made by forcing the door and lifting the bar which held it closed. The car was about four o'clock, who parked his car near the elevator, said the robbery was done previous to his arrival.

169 Would Sign The Federal Hog-Corn Contracts In County

One hundred and sixty-nine applications for 1935 Corn-Hog contracts were signed by Bailey county farmers at the closing date April 1st. One hundred and twentyseven of this group the 1934 contracts in 1934, forty being new signers.

This represents a 10 per cent increase over 1934. J. B. Waide, jr., Bailey county farm agent, stated. Waide said that one of the reasons for the increase in signing of Corn-Hog contracts was the crop insurance feature of the contracts. Producers receive their benefit payments regardless of the crop they make and this helps to offset the decreased income of bad years.

A. & M. OFFICIALS AT SHOW

The Panhandle-Plains dairy show will be held at Plainview, April 15 to 18, according to announcement made by W. W. Evans, Hale county farm agent.

Among the speakers to attend and take part will be Dr. T. O. Walton, president, A. & M. college. Miss Mildred Horton, state demonstration agent, and C. N. Sheppard, head of the dairy department.

Don't let the mail order houses deplete you.

There is one enterprise upon earth that the quitter should never attempt, it is advertising! Advertising does not jerk—it pulls! It beguiles gently, at first, but the pull is steady and increases, day by day and year by year, until it exerts an irresistible power.—JOHN WANAMAKER.

Advertising in the Muleshoe Journal, the only newspaper in Bailey County and which covers the Muleshoe Trade Territory like a blanket, get results. Many Journal advertisers never miss an issue without being represented on its pages. Other advertisers, including foreign concerns, constantly increase their advertising copy in this newspaper on the basis of satisfactory results. Every Muleshoe business concern that wishes to increase their business patronage should join the procession of Journal advertisers.

Conoco Trucks Will Be Plastered With Ads During Summer

One of the most unusual and dramatic ways ever conceived to exploit the use of newspaper advertising has been adopted by the Continental Oil Company. A novel contest has been inaugurated whereby during the coming Spring months cars and trucks will be seen on the streets and highways of some forty states plastered in hodgepodge compelling fashion with reprints of Continental's newspaper advertisements.

daily and weekly newspapers. Continental's advertisements through this unique stunt will do double duty this Spring. The unique appearance of Continental cars and trucks not only serves to call attention to the Conoco campaign now running in newspapers, but also reminds Conoco salesmen of the tremendous number of car owners who read about Conoco products throughout the year in their newspapers. It is estimated that more than 3,000 cars and trucks will participate in the stunt. Aside from these company-owned and operated vehicles, it is expected that a good percentage of the 22,000 Conoco dealers will likewise participate. Continental is one of the country's largest users of newspaper advertising

and gives this medium a large share of the credit in achieving an increase of 604% in sales of Conoco Germ Processed Motor Oil since April, 1934. Continental this year is celebrating its sixtieth anniversary. It began operations in Ogden, Utah in 1875. From a small distributor of Kerosene and lubricants long before the advent of the motor car it has grown into one of the nation's leading oil companies.

BLASTS OF SAND And Grit Chunks

Mrs. W. B. Carles pauses to remark that "when the wind blows so furiously it should at least have the courtesy to say, "Excuse my dust." "It used to be the case," says Sam Lawrence, "that in this country when a man went out to look over his farm he looked down toward his feet; but now he has to look over his head for most of it."

Pat Bobo insists these sandstorms were been having may be the direct result of the cyclonic action, tangled up air currents and sand Huey Long, Father Coughlan and Gen. Johnson are throwing into each others eyes.

Mrs. A. P. Stone was out hiking with a bunch of Scout girls the other day, getting caught in a sandstorm which blew off her glasses; but she never missed them until she returned home and started to read the Journal.

Following government announcement that four million acres of land is to be retired, G. O. Jennings said he had between two and three acres of it in his store last Saturday he hoped the government would include in its retirement plan.

Speaking of sandstorms, it is reported that O. M. Jennings, of the I. O. O. F. lodge, was in town one day last week buying some groceries from J. O. Jennings, among which was a jug of molasses. He hung the jug on the outside of the car, and returning, the sand storm got so strong it spilled the jug wrong side up without turning any of the molasses.

Here's another whopper! Andy Hicks rancher and ex-county commissioner, one day last spring went home with a can of coal oil he had purchased at Gupton's, sitting it on the back porch. The next morning a severe sand storm whipped into the porch and took it away. Andy heard the clatter of the can as it left the porch. Last Saturday he heard another clatter, and when the storm was over, he investigated, and found the clatter was the can. He recognized it by the potato he remembered Connie had stuck in the

spot. Some of the oil was gone; but Andy thinks that might have just evaporated. Rufus Gilbert came in from their farm north of town the other day and reported seeing jack rabbits bucking the sandstorm last Saturday at the nominal speed of 35 miles per hour which a jack ordinarily runs, yet not gaining an inch. He said the jacks moved forward enough when they leaped, but every time they went up into the air for the leap they were blown backward as much as they had gained in the preceding leap.

Several around Mulshoe have recently been vaccinated as a precaution against small pox. One man reported discovering how to cheat a doctor out of a dollar by merely rolling up his sleeve, exposing his arm to the fine gritty sand a few minutes which did a good job of scaring after which the virus was spread on this week has an arm about four times normal size.

Now comes Mrs. E. White with a valid financial complaint against sandstorms. Last Saturday morning her hens were peacefully clucking about the place, some having even settled comfortably upon their nests to shell out the daily quota of crackle berries; but the sandstorm came along and they all went on a strike, not a single bird performing until the afternoon when she shook her fist in the supposedly face of J. Pluv., weather hasher, and demanded an immediate halt of such proceedings.

Chet Layne says several of his neighbors who have rather sandy soil farms, also irrigation wells and planning spraying attachments to the irrigation systems. The idea is to plant the spring crops in that part of the farm which is up in the air, that being the major portion, and then force the water up there for irrigating the crops with a spray system. Several folks here in town have spoken to Al Isaacs for one of the fire department hose this summer, to beat the water up into their flower gardens.

Ty Young, who has a farm about five or six miles northwest of Mulshoe has been having some windmill trouble lately. It finally got so the fan wouldn't turn, and on days when it did turn, the fan would just lock up and see the sand clogged solidly in between the fans of the wheel. Finally, not being able to release the wheel any other way, he decided to take the tower and mill down and clean out the entire outfit. It happened to be another of those sand storm days when they started the job. They dug about the foot of the tower until all four posts were loosed, then with a big rope tied to pull the tower over to the ground, but couldn't budge it. Ty ordered the women to climb up on the tower and cut out several big chunks of sand which were holding the tower upright, and as they did so, it began gradually slipping over under the pull of the rope. About the time the tower struck the ground the sandstorm lifted taking tower and sand both up with it, and Ty hasn't been able to find a single trace of it since.

CITATION BY PUBLICATION THE STATE OF TEXAS, To the Sheriff or any Constable of Bailey County, Texas: YOU ARE HEREBY COMMANDED, That you summon by making publication of this Citation in some newspaper published in the County of Bailey, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, W. H. Hickox, and the heirs, Legal Representatives, and the unknown heirs and unknown legal representatives of said W. H. Hickox, deceased, whose names are unknown to Plaintiffs, and whose residence in this county does not appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Bailey and State of Texas, on the 6th day of May, 1935, at 10 o'clock in the forenoon, wherein Cash Grocery Company, and V. V. Beck are plaintiffs, and I. L. Hickox, and W. H. Hickox and the heirs, and legal representatives of said W. H. Hickox, deceased, are defendants.

The nature of the Plaintiff's demand being as follows to-wit: A suit for foreclosure of judgment, lien on 80 acres of land lying and being situated in Bailey County, Texas, described as the North Half of the North-West Quarter of Section 600, Block 22X, Abstract No. 294, being same land conveyed by J. C. Paul, to I. L. Hickox by deed of conveyance recorded in the deed records of Bailey County, Texas, in Volume 11, page 38, to satisfy the payment of judgment for the sum of \$100.00, together with costs of \$17.80, and costs of this suit, in favor of Plaintiffs, which said judgment has been duly abstracted and duly filed and recorded in said county, and Plaintiffs have a good, valid and unsatisfied judgment, lien and against said property, which Plaintiffs are asking to be foreclosed against all defendants herein, on and against said decedent's tract of land. HEREBY FAIL TO OBEY. And have you before said Court, on the said first day of the next term hereof, to be hold with your endorsement thereon showing how you have executed the same given under my hand and seal of said Court, at office in Mulshoe, Texas, this 23rd day of March, A. D. 1935. J. B. BURKHHEAD, (SEAL) Clerk District Court, Bailey County, Texas. March 28, April 1st & 15, 1935. Persons under 25 constituted more than one third of the Texas population last year, 2,953 of the 5,214 inmates being under that age. Pretty girls are made to behold, not to be held.

Mulshoe Home Ec. Girls Win Honors At Plainview Meet

Last Saturday the Home Economic girls of the Mulshoe High school attended the fifth District Home Economic club meeting held at the High school building in Plainview. Mrs. Jess Murrah and Son, Dalton, took one of the new school buses, and another car furnished ways for those attending.

The Plainview hostess club was responsible for the program and dinner. Most of the morning was spent by the guests being entertained with programs. The Mulshoe girls put on a stunt entitled "Collar Tragedy," won second place and received a beautiful picture as a gift. Each club present had a part on the program and put on a stunt.

At 3:30 o'clock Saturday afternoon the Lillian Peck Club, of Plainview, entertained the guests with a reception and delicious cakes and punch were served.

Those from Mulshoe who attended were Misses Virginia Ragsdale, Marilyn Soles, Virginia Ruth Robinson, Margaret Tucker, Irene Askew, Jewel Bean, Margaret Ann Cook, Ida Lou Glaze, Gerald Dean Reynolds, Ruth Gilbreath, Pauline Burton, Wayne Mann, Pauline Glascock, Dorothy Ross, Ada Hogan, Francis Robins, Zoe McFeyrolds, Florence Stone, Alene Arnold, Lora Liston, Lucille Long, Sibyl Coker, Eva Harper, Naomi Harper, Lucille Bartley, Crystal Kennedy, Sybil Hunter, Ruby Sterling, Adele Sterling, Lela Mae Lovelady, Geraldine Lovelady, Alice DeBoard, Grace Churchill, Norma Clark, Ruth Lane, Evelyn Farwell, Malda, Chandler, Bert Darnell, Evelyn Wilterding, Jean Willman, Evelyn Jennings, Mary Holt, Mary Jane Evans, Oleta Croffner, Melaine Rockey, Loraine Danner, Eunice Griffiths, Meddames A. W. Coker Levi Church, A. P. Stone, Will Harper Jess Murrah, daughter Dorothy and son, Dalton, and Misses Virginia Home Economics teacher, Miss Evelyn Boone. Mulshoe girls plans to attend the sixth annual meeting which will be held next year at West Texas State Teachers' college at Canyon.

The Accumulation Of Winter Debris A Big Menace To All Health

Austin, April 3.—The accumulation of winter's debris represents a distinct menace to the health of adults and children, according to Dr. John W. Brown, State Health Officer, who urges everyone to clean their houses and yards at this time. It is not only good housekeeping, but ordinary sanitary principles indicate the necessity of prompt removal of all waste matter in and around the neighborhood of yards of homes, but the definite lesson of the spread of diseases especially those affecting infants, is vitally connected with this procedure. Files help spread typhoid fever, dysentery, diarrhea, tuberculosis, anthrax and cholera. They breed, live and feed in filth. To prevent their increase all refuse should be disposed of at once, garbage kept in covered containers, privies made sanitary, and houses screened. Every neighborhood raises its own flies, so that their number is an index to the sanitary conditions. Mosquitoes are responsible for the spread of malaria, dengue, and yellow fever. Malaria is spread by the bite of the Anopheles or malaria mosquito, dengue fever and yellow fever are transmitted by the Aedes Aegypti or Tiger mosquito. The best way to prevent these diseases is to destroy the breeding places of the mosquitoes. They breed in standing water, therefore, one should drain, ditch, or fill such places, spray oil on water each week, and stock the water with surface minnows as they will eat the mosquitoes. Houses should be well screened to protect against these insects. After the spring cleaning is finished, it should be kept in this condition at all times.

CARD OF THANKS

We wish to express our sincere appreciation for the kindly help and words of sympathy extended to us by neighbors and friends during the recent sickness and death of our wife and mother—John F. Johnson and family 10-1tp

COUGHING, WEAK AND THIN AFTER FLU "I nearly died from the last October, and it left me with a terrible cough. I saw Milk's Emulsion advertised and started using it. It helped me right from the start. I had no appetite and my stomach was in bad shape. But 12 bottles have straightened me out entirely. I eat anything without distress. My cough is gone and I have gained 12 lbs. in strength and flesh."—E. W. Wilbers, Box 50, Belmont, N. C.

Milk's Emulsion restores health, natural bowel action. Milk's Emulsion is strongly recommended to those whose activities have weakened. This is the only solid granular emulsion, and so palatable. It is cream, sweet with a special fine creaminess, and so palatable. Use it as you wish, use it according to directions, and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

STARTS THIS MONTH MORE ELECTRICITY IS AVAILABLE AT NO EXTRA COST

Without a doubt the thought has many a time come to you that you would like to have at your disposal a larger amount of electric current in your home at no increased cost. This same problem has been at the foundation of a careful, thorough study on the part of your electric company and our efforts in this direction have been successful. The "ultimate" rate will be effective in the electric service bill you will receive May 1st and thereafter.

You are cordially invited to visit our local office where the unusual benefits of the new "ultimate" rate can be easily shown you. In fact, it is to your advantage to become familiar immediately with the possibilities under the rate. You do not have to sign any agreement, but merely put to work some of your idle appliances, fill up the empty sockets or eliminate a number of the menial tasks by the substitution of some of the labor-saving appliances which you may have deferred buying—and remember that under the rate's application there's little, if any, increased cost to you.

The liberalization of electric consumption is in step with your own desires for more current and in such an inexpensive manner.

THE MULESHOE JOURNAL

Entered as second-class matter at the Muleshoe Postoffice under the Act of Congress, March 3, 1879.

JESS MITCHELL, Editor.

I. F. MITCHELL, Bus. Mgr.

SUBSCRIPTION RATES

In Bailey County, one year, \$1.50; Outside of County one year, \$2.00.

Published every Thursday at Muleshoe, Texas.

Advertising rates given upon application. Telephone No. 54.

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday morning of each week. The rights of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Muleshoe Journal will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

A THOUGHT FOR THE WEEK

So the last shall be first, and the first last; for many be called, but few chosen.—St. Matthew, 20:16.

The Christian has greatly the advantage of the unbeliever, having everything to gain and nothing to lose.—Byron.

TRADES DAY TICKETS

The giving of Trades Day tickets to purchasing customers has proven a worth while adjunct to better business for Muleshoe, business men frequently advertising the slogan, "Be Sure to ask for your Trades Day Tickets."

We frequently wonder how many business men ask their customers after they have made their purchases, "Would you like to have some Trades Day tickets?" The question is as potent as the statement, and the business man who has tickets to give his customers will not "pass the buck" to the patron as to whether or not they get their tickets.

Buyers have long ago learned that receiving Trades Day tickets is an important part of their purchasing, and many of these people are already buying from sellers who are anxious for them to receive their tickets.

Unfortunately the buyer's memory is generally as faulty as that of the seller. He wants these tickets but doesn't always think to ask for them, and there are plenty of instances

where buyers have already formed the opinion the seller doesn't want them to have these tickets because he never mentions the fact to them. Consequently some business concerns here are already losing valuable trade, and good profits as a result, because they fail to remind their customers about the Trades tickets. They are now buying where they receive that reminder.

Business concerns who remind their customers to get their trades tickets are enjoying a rapidly growing patronage: those who do not are gradually losing business. The Journal was told the other day of one concern here that had bought but one book of tickets within the past two months. Such near-gardly stinginess, lack of co-operation and of business foresight is reprehensible and carries with it the boycott of customers, though that proprietor may not have the business acumen to realize it.

The cost of Trades Day tickets is infinitesimally small, their subtraction from the total profit of each individual sale is practically nil, and the business man who fails to see that his customers get them not only loses trade but also the respect and good will of his fellow business concerns.

Be sure to ask your customers: "Did you get your Trades Day tickets?"

WHAT WOULD YOU DO?

Fire prevention, of course, should always have first consideration in the

home. But it is equally important to know what to do in the event of fire. To this end every Muleshoe family should take a little time at frequent intervals to discuss the question: "What should we do if OUR house catches fire?" Then they should check and recheck just what everyone in the family is to do under such circumstances.

Too many people who lose their lives in burning homes are trapped by flames while groping around for other members of the family. Especially is this true in the case of mothers trying to get into children's sleeping rooms. If every member of the family knew just exactly what the others intended doing, risks would be greatly lessened. Under the stress of excitement, especially in case of fire, plans may not always work out satisfactorily, but they are bound to meet with some percentage of success, and almost anything is worth trying to cheat the fire demon of its human toll.

You have your own idea of what should be done if a fire breaks out at your house, and other members of the family have theirs. Why not, sometime when the entire family is together, in the evening or at the dining table, bring up the subject and discuss it from every fellow's angle. It might be the means of preventing a sad experience in the event your house should be the next one to be visited by the fire fiend.

THIS YEAR'S CROPS

With old King Winter out of the picture, scores of citizens around Muleshoe are wondering, as they always do along about this time of year what Uncle Sam has to say about the crop outlook. While a lot of things can happen between now and the harvest, everyone likes to read forecasts. It gives them something to think and talk about.

The latest forecast, based on national-wide reports, shows that the outlook ranges from good to fair. Almost every section, with the exception of Iowa and a few other states, reports a serious lack of moisture. Especially is this true in Middle Western states, where precipitation in December and January was only 70 percent of normal, while in February it was only 30 percent of normal. Chinch bugs, which damaged crops during the dry spell of 1934, continue to worry farmers of many states and fear is expressed that another season of heavy damage from this agency is to be experienced.

"Taking the country as a whole, conditions generally are better than they

were a year ago," says the forecaster, and that's just about sums it up. But it will have an "open winter" all over the country and that leads to the fear that insect pests were not destroyed in many states. This, experts point out, increases the danger of destruction even though good growing weather should prevail during the spring months. Some predict it will be the worst year for insects in a decade. However, that is only a prediction, and many not come true. But it is worthy of attention and should be sufficient warning to growers to launch an immediate fight against insect pests of every description.

COST OF RELIEF

You can search all over Muleshoe and surrounding territory and you won't find two people agreeing as to what is going to be the outcome of relief work in this country. Everyone will agree, however, that it has developed into quite a "racket," yet few increase what a tremendous financial burden it has become.

A Washington newspaper man has gone into federal records and made some figures. These show that relief is costing the U. S. \$28 a second, or \$3,480 a minute—every minute of the day and night. That means \$208,000 an hour for every hour of the 24 in a week, the number is \$2,297,000, and yet in the past two years the sum of \$3,207,000,000 of federal, state and local funds have been expended to ameliorate the problem.

"The question, therefore, seems to be: 'How long can this government keep going at this rate?' But who is qualified to answer the question?"

DON'T BURN MONEY

No matter how much money you may have, burning money is unwise. Along about this time of year there is a general ransacking of the attic, the basement and the barn. Things you don't need are brought forth, and in many instances tossed on a heap in the backyard for a bonfire. Don't you know that there is someone who would be glad to get the very things you are destroying, and that in most cases they would be glad to pay something for them?

There's a market for everything, and there's a sure way to find the market. List the things about the house you no longer need and want to get rid of. Then at a cost of but a few cents place a little "For Sale" in these columns. You'll find your market, because it has worked for others—and it will work for you.

Jaunty Journalettes

There are a few people around Muleshoe who are always ready to sympathize with you in your trouble, and if you don't happen to have any trouble, they are even willing to go out and hunt some for you.

Muleshoe early risers notice that the sun is getting higher every day—and that most everything else is, also.

Some of the old Muleshoe pioneers might not have starved to death if they had just waited for government relief instead of getting behind the plow.

Most of us have learned some time ago that it takes a touch of hard times to make most Muleshoe citizens realize there are hundreds of things we can get along without.

After all, about the best insurance against automobile accidents for Muleshoe citizens on Sunday afternoon is a Sunday afternoon nap.

Next to armless paper-hangers, the scariest thing we know of is a Muleshoe joker who can laugh when the joke happens to be on him.

There are some men around Muleshoe who think that any road that leads to success must be the one that leads away from their relatives.

There are some folks in Muleshoe who have formulated the idea that when Huey Long ceases to become a laugh he may become a headache.

It's rather sad now days to see some young Muleshoe men marrying trifling girls but what else can they do when the other kind don't have them?

After all, it probably wouldn't help very much to distribute the nation's wealth, for some one would immediately start distributing fake stock.

Pavement Pickups

Reading that when women started wearing shorter skirts it reduced the number of street car accidents 50 per cent, and that Garth usually remarked "it would be fine if such accidents could be prevented entirely."

Some one told Joe Damon the other day they had understood women live longer than men, and wanted to know if it was true. "Surely," replied Joe. "Science says pain is a great preserver."

Seeing a workman carrying two pieces of timber to another's one, while moving the Panhandle service station this week, the foreman exclaimed "why?" "Oh," replied the single toter, "that fellow's just too lazy to go twice."

The other day a stranger with a camera spent several hours waiting along the roadside of No. 28 where construction work was going on. Some one asked who he was, and the reply was that he was an inspector from Washington watching for a chance to take a moving picture of the relief workers at work.

Last week one of the Muleshoe grade teachers had her pupils to write different stories of 150 words length, each one selecting their own subject. One little girl wrote a story about an automobile, as follows: "My uncle bought a second hand automobile. He was riding in the country when it left the road and hit a tree. I guess that is what my uncle said while he was walking back to town, but they are not fit for publication."

Howard Cox is giving thanks that men are not devotees of style. He says these newfangled pancake hats learn to look alright on the women, but think of a man wearing one of them!

Report is that Laid Taylor, local tonorial artist, is now selling a hair restorer which he not only guarantees to restore, but so sure is he of its favorable work that he throws in a comb with purchase of the first bottle.

We read in the papers a few days ago where a couple of girls up north were taken from a snow bank where they had been for 24 hours. We know some Muleshoe girls who are so hot they'd get snowed under that way they'd be swimming out in about 10 minutes.

SNAP SHOTS

Dumb animals are the ones that don't keep themselves poor to pay the debts left by dead ones.

How things have changed. Two years ago we couldn't recognize Russia, and now we can't hardly recognize America.

What makes this nation? Well, for one thing when the pioneer met a hardship he didn't sit down and howl for government aid.

If Italy is prepared to spend \$800,000,000 on a war in Abyssinia, then why can't she pay something on the debts she owes on the last one?

Investigators say that milk can be kept in cold storage indefinitely. That's probably where most of the "milk of human kindness" is now being kept.

Sins of the parents are visited upon the children to the third and fourth generation—and their bond issues equal to the sixth and seventh generation.

Making times easy now may be a more or less simple matter when compared to making the bonds good later on.

Nothing pleases a little man more than an opportunity to crack a big whip.

Enochs Echoes

Mr. and Mrs. Larrimore, two daughters, son and wife, of Littlefield, visited in the Bob Adams home Sunday. Mrs. Larrimore is Mr. Adam's sister.

Mr. and Mrs. Richard Lytle and daughter, of Big Spring, are visiting Mrs. Lytle's parents, Mr. and Mrs. Kelly. Mr. Lytle recently underwent an appendicitis operation, so they will be here for some time.

Mr. and Mrs. Jim McCandless and daughter, Olivia, left the latter part of last week for Austin where they will make their home.

Fred Locker underwent an operation last week for appendicitis at Lubbock. He is doing nicely and hopes to return home soon.

John Alford spent the weekend in Lubbock with his family.

Mesdames E. N. McCall, Fred Locker, and Richard Lytle, spent Thursday and Thursday night of last week in Lubbock.

G. P. Howell has returned from a business trip to Dallas and Jackson, Miss.

Mr. and Mrs. Wade Davis, of Morton, spent Sunday with Mr. and Mrs. Sam Anderson.

Mr. and Mrs. B. C. Donald and family have moved to Alamosa, Colorado. Mr. and Mrs. Clyde McCormack and Guy Berry motored to Plainview, Friday evening.

Miss Omas Campbell spent Friday in Muleshoe visiting Mrs. A. A. Baker. Mr. and Mrs. T. Green, Mrs. Homer Green and son returned Friday from Louisville where they have been for a short time visiting relatives.

Mr. and Mrs. Cleo McCormack returned last week from Duncan, Oklahoma, where they have been at the bed side of Mrs. McCormack's mother, Mrs. McClain, who has been very ill for some time. The McClain family formerly lived here.

Mr. and Mrs. Hooper and family moved here from Paducah to make this their home. They have moved where the B. C. Donald family formerly lived.

Opal Wittner was taken to Lubbock Sunday where she will undergo an operation for appendicitis. Opal is the daughter of Mr. and Mrs. E. A. Wittner.—Reporter.

APRIL

1935

has opened the door!

ELECTRIC COOKERY

Always as wonderful as you've heard it is.

NOW IS CHEAPER THAN YOU EVER DREAMED!

When you bought your present cook-stove, didn't you promise yourself an electric range some day? It was the natural thing to do. The modern electric range, refined and improved to the highest degree, is the finest cooking device ever invented.

Now, for you—and for other hundreds of women—that same day you dreamed of is here!

1935 brings you a new "ultimate" rate for your home, application of which enables you to revolutionize your kitchen. Clean, care-free electric cookery has been brought within the means of every woman who is a customer of this company.

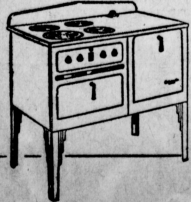

Our Introductory Offer

during the month of April only

Presents the New Waldorf "Electromaster"

in prices ranging from \$74.50 to \$99.50 installed. Slightly higher on terms. If desirable in some cases, 24 months in which to pay for your range is available by adding small nominal payments to your service bill.

In many cases your present range, regardless of its age, condition or type, will be acceptable as a liberal down payment.

Buy It In Muleshoe.

835 Growers Have Signed Reduction Contracts In Co.

Eight hundred and thirty-five cotton acreage reduction contracts for 1935 have been signed in Bailey county, according to J. B. Waide, Jr., Bailey county farm agent. Five hundred and ten are contracts that were signed in 1934 and three hundred and thirty-

five are new contracts. Waide stated that the program was delayed by producers not signing up quickly. Before the contracts for Bailey county can be sent to the State Board of Review it is necessary to have 90 per cent of the expected sign-up complete. The expected sign-up for Bailey county is 950 contracts, the county agent added.

Men brag on a good dog more than on a good wife.

Winning Coiffure

NEW YORK... Helen Wolfe (above), was awarded a silver cup for the best coiffure 1935 at the national convention of beauticians. It is known as the Grecian coiffure and will be much in evidence this season.

MOVING PANHANDLE STATION

Work of moving the Panhandle filling station back from the right-of-way of State Highway No. 28 is being carried on this week, the station being put back about nine feet, thus eliminating a blind corner and giving a clear vision of about 15 feet at that point. Three storage tanks are also being moved back.

John Benson is doing the concrete work and labor is being done by relief clients.

TRADES DAY IN MULESHOE DREW A LARGE CROWD

\$40 Awarded Patrons Of Local Business Concerns For Month

Trades Day here last Monday was a big day, there being hundreds of people from the surrounding country in town to enjoy the occasion and Muleshoe greatly appreciating their attendance of this monthly event.

Fifty dollars in cash was awarded citizens who had been customers of Muleshoe business concerns during the past month. Mrs. N. N. Garland, Muleshoe, received an award of \$25, Mrs. Delma McCarty, living about three miles north of Muleshoe, drawing ticket No. 400361, received \$10, and Lloyd Quessberry, residing eight miles northeast of Muleshoe, with ticket No. 410383, received \$5. Little five year old Pauline Garth did the drawing from the big wheel that operated by R. L. Brown generalissimo of the day.

Music was furnished throughout the day by "Sammy and His Blue Jackets" orchestra, of Clovis, N. M., the manager Sam Nichols, performing numerous interesting playing stunts with his violin that attracted much attention.

A large quantity of stuff was sold on the sales and auction lots just west of Main street, including two automobiles, household goods, farming implements, farm seed, etc.

An attractive feature of the day was the mysterious driving of "Raemo," Egyptian dressed, who, with heavy felt pads over his eyes, several thicknesses of cloth then bound about his eyes, and a black sack enveloping his head, drove a 1935 Chevrolet car, furnished by the Valley Motor Co., local Generalers, four blocks, turned corners, passed through the street crowded with people, turned out for several cars to pass, dodged a woman and finally parked at the curb without any mishap.

Plainview Boosters And Big Band Will Be Here Monday

Members of the Plainview Chamber of Commerce and of the Panhandle three good-will booster trips over the Plains Dairy association will make country to towns contiguous to Plainview beginning April 15, at which time they will visit, Olton, Earth and Muleshoe on the 8-15 a.m. trip, arriving in Muleshoe at 4:45 a. m. for a 15 minute stop.

The delegation will be accompanied by the Plainview 40 piece band, and speakers will delineate the merits of the forth-coming Dairy show to be held April 15-18.

All citizens of Muleshoe are urged to be on Main street to greet the delegation here the music and speeches.

NOTICE FOR BIDS ON ROAD MACHINERY

NOTICE IS HEREBY GIVEN that on the 8th day of April, 1935, the Commissioners' Court of Bailey County Texas, at the Court House in Muleshoe, Texas, will open bids for:

(a) Purchase of 1 50 Horse Power Diesel Tractor, with auxiliary starting equipment and high compression ignition and, (b) Purchase of 1 12 foot Blade Grader.

A CERTIFIED check for five per cent (5%) of the amount of each bid shall be required to be filed with each bid submitted, as required by law, and which check shall be payable to J. E. Adams, County Judge of said County.

EACH SUCCESSFUL bidder shall be required to give a good and sufficient bond in the full amount of the contract price, executed by some surety company authorized to do business in this State.

IT IS ESTIMATED that the cost of road machinery, hereinabove described will not exceed the sum of SEVEN THOUSAND FOUR HUNDRED DOLLARS (\$7,400.00), payable serially, the maximum maturity date to be April 15, 1942, and which said warrants will be paid by the levy of a continuing direct annual tax on each one hundred dollar's valuation of all taxable property, out of the FIFTEEN CENT ROAD AND BRIDGE TAX, authorized by the Texas Constitution (art. 8, sec. 1), and by Texas Revised Statutes, 1925 (arts. 2352 and 7046).

PROPOSALS shall be submitted in sealed envelopes and marked "BIDS FOR PURCHASE OF ROAD MACHINERY."

THE RIGHT is reserved to reject any and all bids.

ISSUED, this 7th day of March, 1935, pursuant to order of the Commissioners' Court.

J. E. ADAMS, County Judge, Bailey County, Texas.
March 7, 14, 28, April 4th.

Environment counts much more than heredity.

FARWELL MOPS UP ON MULESHOE AGGREGATION IN SUNDAY GAME

The baseball opening season game played here between Farwell and Muleshoe was rather one-sided affair, the score being about nine to one, as near as could be guessed as no official score-keeper was in action.

Apparently it was a walk away for the Farwell lads, yet the locals got some good practice out of the set-to. Totten held the visitors for no hits in the first four frames, several pitchers succeeding him.

Muleshoe will play Farwell at Farwell next Sunday afternoon.

HOLD FIRST SERVICE IN NEW BAPTIST CHURCH HERE APRIL 14

Rapid progress is being made by workmen in rearing the superstructure of the Baptist church this city, and the work is being pushed to completion as rapidly as possible.

The opening services will be held Sunday April 14. Arrangements are now being made for a special service and announcements will be made at a later date.

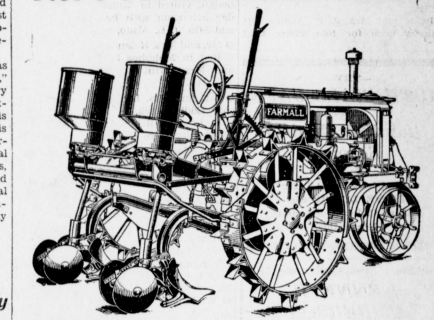

Be loyal to home town interests.

A New Cotton Planting Attachment for the No. 3 Farmall Middle Buster

THE No. 22 planting attachment converts the McCormick-Deering No. 3 Farmall Middle Buster into a first-class cotton planter. The planting mechanism is driven from the right-hand rear wheel of the Farmall tractor.

The No. 22 attachment is equipped with single-seed cotton hoppers and with corn cut-off and plates for planting corn or Kafir corn. It will plant from 13 to 40 pounds of cotton seed to the acre, and if a larger capacity is wanted, you can get plates which make it possible to plant from 50 to 70 pounds of seed. Plates are also available for planting beans, peanuts, and other seeds. Disk covers are regular equipment—shovel covers can be supplied on special order.

See us about this new McCormick-Deering planting attachment for the Farmall tractor.

 ● After a 10 days visit with friends and relatives at Mountain View and Oklahoma City, Okla., Mr. and Mrs. R. D. Precure and sons, DeWitt and Kenneth, returned home Wednesday of last week.
 ● Mr. and Mrs. J. F. Vaughan spent the weekend in Clovis, N. M., visiting with Mr. and Mrs. Haden Jennings and family. They returned home Monday morning accompanied by Mrs. Jennings and daughter, Lada, who visited her sister, Mrs. H. A. Douglass.
 ● J. H. Lucas, of Littlefield, transacted business and visited in Muleshoe last Monday.
 ● Mrs. L. S. Barron, and daughter, Lela Mae, and Mrs. Jim Cook and daughter Margaret Ann, visited in Conway last Sunday with Mrs. Cook's sister, Mrs. W. W. Evans.
 ● Wm. Kistler and family, residing a few miles north of town, are sporting a new "Electrolux" refrigerator, purchased of the Western Drug Co. It is operated by kerosene, gives any degree of freezing desired and they are greatly pleased with the new acquisition.
 ● Mr. and Mrs. Guy Widener, of Amarillo, this week purchased a 10 acre truck tract just north of Muleshoe, also placed an order with Higginbotham-Bartlett lumber company for

material with which to build a residence and barn. They expect to make Muleshoe their future home. The land was purchased of Pat Boso.
 ● Mrs. Bob Kennedy and son, Adam, returned to Muleshoe last week from Denning, N. M., where they have been visiting Mrs. Dewey Carney. While returning by Clovis, they visited for a few days with Mr. and Mrs. Glen Burch, Mrs. Kennedy and sons are planning to go to Denver, Colo., in the near future where they will join Mr. Kennedy who is employed on the police force there.
 ● The most interesting matter discussed in the meeting was that of summer revival work. It is the intention of the ministers to see that revival meetings are held throughout the two counties between this date and the fall months several churches have set their date for revivals and invited their help.
 ● The matter of lawlessness was given notice in a general round table discussion. The Alliance is duly appreciative of every move made by officers to suppress gambling and bootlegging, and the many other open violations they are having to contend with, but it is the feeling of the Alliance that a greater attempt should be made by both officers and the public in general to stamp out lawlessness.
 ● Rev. Jones pastor of the Church of the Nazarene, Olton, brought the inspirational address at the close of the session. It was well planned and greatly enjoyed by all present.
 ● The ladies of the Spring Lake church served a delightful chicken dinner to the 14 present.
 ● The next meeting will be held in the Methodist church, Olton, Monday morning, April 8, at ten o'clock. Not only all ministers are invited to attend but the public is extended a special invitation to all such meetings.
 ● At the annual meeting of Woodmen of the World held at Waco last week, E. R. Coffey, Horston, was elected head consul for his state. Mrs. Letha Miller, Fort Worth, was selected president of the Circle.

● Lora Linton, Oveltha and Ruth Clark, Ruth Robertson, and Marie Finley.
Alliance Members Make Plans For Summer Revivals
 The Ministerial Alliance of Lamb and Bailey counties met last Monday morning with Pastor Allen and the church at Spring Lake.
 The meeting was opened by Chairman Hendrix reading the devotional lesson, and prayer was offered by Rev. W. J. Jackson.
 The most interesting matter discussed in the meeting was that of summer revival work. It is the intention of the ministers to see that revival meetings are held throughout the two counties between this date and the fall months several churches have set their date for revivals and invited their help.
 The matter of lawlessness was given notice in a general round table discussion. The Alliance is duly appreciative of every move made by officers to suppress gambling and bootlegging, and the many other open violations they are having to contend with, but it is the feeling of the Alliance that a greater attempt should be made by both officers and the public in general to stamp out lawlessness.
 Rev. Jones pastor of the Church of the Nazarene, Olton, brought the inspirational address at the close of the session. It was well planned and greatly enjoyed by all present.
 The ladies of the Spring Lake church served a delightful chicken dinner to the 14 present.
 The next meeting will be held in the Methodist church, Olton, Monday morning, April 8, at ten o'clock. Not only all ministers are invited to attend but the public is extended a special invitation to all such meetings.
 At the annual meeting of Woodmen of the World held at Waco last week, E. R. Coffey, Horston, was elected head consul for his state. Mrs. Letha Miller, Fort Worth, was selected president of the Circle.

LEMONADE AND CATS
 It happened at a village Sunday school picnic.
 Two little boys had lemonade stands—one on either side of the entrance. The pastor came along and going up to George said:
 "Well, my little man, how much do you charge for your lemonade?"
 "Five cents a glass," replied George.
 "And how much do you charge?" he asked, turning to Harry, who ran the competing stand.
 "Two cents a glass," replied Harry.
 The pastor cast a censorious eye upon George and said to Harry, "I'll try a glass of yours, my boy."
 As he quaffed the fluid, he smacked his lips and said, "That's good, I'll have another glass," and he smiled when he thought he was getting two glasses at less than George asked for one.
 "Tell me, my little man," he said to Harry, "how you can afford to sell your lemonade for two cents a glass when George is asking five cents?"
 "Well, you see," said Harry, "the cat fell in my pail."
MORALS: When folks get better prices somewhere else than they can get in their home town, it's time for Muleshoe buyers to look for the cat in the lemonade.
P. T. A. GIVES 42 PARTY
 The 42 party given by members of the local Parent-Teachers association a few weeks ago having been very successful, announcement is made that another party of this kind will again be given at the American Legion hall, Friday night, April 12.
 The party will be conducted in similar style as the first one, the games being of progressive nature, proceeds going to assist in paying for \$100 worth of playground school equipment being sponsored by the association.
 Obligations incurred for relief by the Texas commission during February totaled \$9,042,204.65, or less by \$196,833.70 than the January obligation.

The First "Alloyed Oil"
 —for better lubrication of today's high-speed, alloy-steel motors!

YOUR MOTOR is built of parts made of special alloy metals. Car manufacturers and metallurgists worked together to produce metal alloys strong and durable enough to withstand the greatly increased pressures and temperatures of the modern motor.
 Oils, too, must withstand these pressures and temperatures and they must have extra oiliness and film strength to do it. Yet oils generally have no more oiliness and film strength than they had ten years ago. And many new refining methods now used to make oils free from carbon and sludge have lowered instead of increased oiliness and film strength!
 Continental, pioneering as it has pioneered for 60 years, has developed the first alloyed oil—Conoco Germ Processed Motor Oil! It is custom-made for high-speed, alloy-steel motors. It has 2 to 4 times the film strength of straight mineral oil, as tests on the Timken machine have proved! It has more oiliness than any oil has naturally. It penetrates and combines with metal surfaces, forming a permanent lubricating film—the "Hidden Quart." It is a pure, clean oil, free from carbon and sludge troubles. It gives extraordinary mileage as well as motor protection, as proved by the Indianapolis Destruction Test.
 Say "O.K.—Drain"—fill with Conoco Germ Processed Motor Oil and you will have the finest lubrication you can buy!

Alloyed by the Germ Process
 Just as the metallurgist adds small amounts of other metals to make special alloy steels, so we add small quantities of a concentrated oily essence to highly-refined, paraffin-base motor oil. This Germ Processing, discovered and patented by Continental scientists, gives Conoco Germ Processed Motor Oil lubricating qualities no other oil has.

Say "O.K.—Drain"—FILL WITH
CONOCO GERM PROCESSED MOTOR OIL

They took a planned trip and enjoyed it—

The Conoco Travel Bureau at Denver sent a complete free plan for our trip—marked road maps of every state and... travel booklets and hotel and camp directories. They also sent excellent information on where to fish.
 "We stopped at Conoco stations along the way for many helpful, free services. I can apply at any Conoco station for a plan for your motor trip."

CONSTITUTIONAL AMENDMENTS ARE PROPOSED A PUBLIC VOTING THIS FALL BY CITIZENS OF THIS STATE

A series of proposed amendments to the Texas Constitution which would have a most wholesome influence upon governmental affairs have been introduced in the legislature by Senator Joe Moore of Greenville.

The amendments deal with the payment of adequate salaries to state officials and represent a step in the right direction long overlooked by the people of Texas.

Senate Joint Resolution No. 12 would increase the salary of the attorney general from \$4,000 to \$10,000 a year. The importance of this office certainly justifies increased salary, considering the pay his adversary lawyers receive in the many cases tried.

Senate Joint Resolution No. 13 would increase the pay of the three constitutional officers, viz. the comptroller of public accounts, the treasurer, and the commissioner of the general land office to \$6,000 a year. These

gentlemen have to make a state campaign every two years and this salary would not be more than the salary allowed one of the elective officers in some of our larger counties. Their responsibilities are great and they can not expect to live decently on their present salaries and finance their own campaigns every two years.

Senate Joint Resolution No. 14 raises the governor's salary to \$12,000 a year. The present salary of \$4,000 was fixed when that salary was a good salary for the manager of a ranch, but no governor can meet the demands made on him on the present salary, and a salary of \$12,000 would be lower than a great many of the governors of even some of our smaller states are paid at present. No governor, in recent years, has been able to live on the present salary.

Senate Joint Resolution No. 15 would increase the salary of the secretary of

state to \$6,000. This is an office of great importance, having to do with many corporate matters and the importance of the office justifies the raise.

It is generally conceded that adequate salaries for these offices would produce good results to the state, as it would remove from the incumbent the question of how to get along on the low salary paid, and it is the opinion of the sponsor of these amendments that if submitted at a general election, where a good vote is polled, it will be found that the great majority of the citizens want to pay their public officials at least reasonable salaries commensurate with the duties to be performed.—Amarillo News.

What's Happening In Washington During Congress Of Interest

The Congressional Senate appears to favor the Vinson soldier bonus bill, rather than the Patman bill which has already passed the House.

The U. S. treasury closed its book at the end of March \$2,100,000 in the hole, but gratified at a surplus for March, the first in 41 months.

Peace-time manufacture of war-making implements either under government license or by the government itself was advocated last Saturday by Bernard M. Baruch, chairman of the World War Industries board.

U. S. congressmen ate Texas lamb last week, a state prize-winner having been sent from Houston to Vice-president Jack Garner. He divided it among his fellow Texas legislators at their regular weekly luncheon, of which George Mahon, this district, is secretary.

A ruling on validity of an article of Texas revised statutes providing for redemption in two years of land sold for taxes, has been asked of the U. S. Supreme court. The Federal District court has already ruled the provisions to be unconstitutional.

Treasury officials are reported looking with favor on the idea of closing in the remaining portion of the fourth Liberty 4 1/2 per cent bonds, thus winding up long-term bond financing until 1940. The plan is to call in the bonds, but recently to \$2,000,000 on April 15 for redemption six months later.

The House of Congress last Friday passed three bills designed to strengthen the U. S. navy. They include appropriation of \$38,000,000 for naval bases and fortifications on the west coast, Canal zone and Hawaiian harbors, also increase of 1,000 naval officers. There is little doubt but it will pass the senate as it is being urged by the administration.

American railroads last Saturday were denied the right to raise a horizontal increase in freight rates, but at the same time were authorized by the Interstate Commerce commission in a split decision again to add emergency charges to existing rates to apply until July 30, 1935, this being a similar ruling, except in amounts, to those authorized in 1921 and which ended September 30, 1923.

Mrs. John Johnson A Pioneer Citizen Died Here Saturday

Mrs. Elizabeth Young Johnson, residing about seven miles west of Muleshoe, died Saturday of last week a victim of creeping paralysis which had been slowly stealing upon her for the past year. For several months past she had been at Bryan, where she was being looked after by one of her daughters, but recently returned to her home here, it being her desire that she pass this life from her own home.

Funeral services for the deceased were conducted by Rev. A. Joiner, Sudan, former Muleshoe pastor, at the Progress school house, where she held her church membership, a large number of old friends and acquaintances attending the last rites, and a large concourse of people following the body to the Muleshoe cemetery where interment was made.

The deceased was born January 17, 1869 in Carroll county, Mo., of English parentage and in an old log cabin. She was converted and joined the Baptist church at the age of 18, thereafter living a very consistent Christian life. She graduated from the old Weatherholt school at the age of 17, and a year later married John Graham Johnson. To this union there were 11 children, three of them preceding her in death.

With her husband, she was one of the pioneers of West Texas, moving to Bailey county in 1907, undergoing their share of the hardships of this then new country.

Besides her husband, she leaves to mourn her loss, the following children: Mrs. John M. Clary, Bryan; Mrs. Sara Foster, Lubbock, Miss Wethela Johnson, Amarillo, J. G. Johnson, Jr., Littlefield, Vaughan, Winfield and T. L. Johnson, Muleshoe, Mrs. Wayne Bennett, Grady, N. M., also, seven grandchildren. All the living children attended the last funeral rites except Mrs. Clary, of Bryan, who was confined to her home through illness.

Over at Elawah, Tenn., a young autoist while driving lit a fire cracker by mistake, thinking it was a cigarette. Imagine him being nonchalant.

MARGARET ANN JOHNSON GIVEN BIRTHDAY PARTY BY FRIENDS

Thursday morning of last week at 11:00 o'clock Margaret Ann Johnson was given a party at the kindergarten school room at the Methodist church in honor of her sixth birthday anniversary.

Various games were played, after which the candles on the birthday cake were lighted and each guest made a wish for the honoree.

Delicious refreshments consisting of a magnificent birthday cake which was pink and white, and fruit punch were served. Margaret Ann received many lovely gifts from her little friends.

The guests were Jenn Danner, Jane Danner, Jack DeShazo, Jess Parish, Winn, Jack Young, Howard Harding, Carylie, Jaunell Buchanan, Norma Lee Osborne, Nell DeShazo, Billy St. Clair, the honoree, Margaret Ann and her mother, Mrs. George Johnson and the kindergarten teacher, Mrs. J. C. Weaver.

SPLIT HONORS ARE AWARDED SCHOOL IN PLAYGROUND BALL

Last Monday the contests in playground ball of the Bailey county inter-school league meet were played at Progress.

Both boys and girls' teams from the following schools were represented: Camp.

The Progress and West Camp girls' teams won the highest places, and the Progress and Muleshoe boys' teams won highest places.

Monday the baseball teams of several different schools of the south part of the county had their try-outs and the winners there will play the winners of the highest teams of the north part of the county. It is expected the finals will be played at Muleshoe in the near future.

MULESHOE EASTERN STARS GO TO SUDAN MEMORIAL SERVICE

At the annual Memorial service, O. E. S. held at Sudan Monday night, members of the Eastern Star order from Muleshoe and Littlefield were invited as honored guests, the work being well executed and the program of a very interesting nature.

There were about 15 delegates present from Littlefield, while among those attending from the Muleshoe chapter were Mesdames A. W. Coker, L. P. Gibbs, Ray Baker, W. B. Carles, J. J. Sells, H. H. Carylie, Pat Bobo, Al Isaacs, T. L. Eason, Faye Elrod, Misses Lola Lipscomb and Elizabeth Harden. Delicious refreshments of salad, cookies and ice tea were served all present at conclusion of the program.

**General News Over
Texas And Adjoining
States For The Week**

Gov. James Alfred celebrated his thirty-sixth birthday anniversary Friday of last week.

Eighty Texas colleges shared in the Texas relief allotments for March, students receiving a total of \$63,120.

There were 35,000 pupils from Texas schools that visited the Fat Stock show at Fort Worth last week.

Abilene was chosen for the next annual meeting of Woodmen of the World in the meeting held last week at Waco.

An indication of business upturn is shown in Texas by an increase of 70 per cent of income taxes paid over the same period of last year.

The Texas state Baptist Sunday school convention will be held in the First Baptist church, Houston, April 9, 10 and 11.

Report from leading citizens of Texas show a business increase of 2.1 per cent over January and 5.6 per cent over February of last year.

The Senate has passed the appropriation bill of \$4,150,000 for judiciary payment during the coming biennium, it originating in the House where it was passed.

The 1935 Confederate veteran's convention will be held in Amarillo, date to be set soon. More than 15,000 of the old boys in grey are expected to attend.

R. T. Ellis, Texas State Teachers association, has started a movement for location of rural colleges so students may be able to work their way through this year of schools.

Texas State University enjoys the distinction of having the largest number of law students of any law school in the United States, there being 573 enrolled this year.

Building permits in Texas increased sharply in total value during February in comparison with February, 1934, reports from 38 leading cities showing a 130 per cent increase.

Arthur Huey, Hutchinson county tax collector at Berger, was robbed of \$7,000 in cash and \$3,000 in checks last Saturday while enroute to Canadian to bank that sum just collected.

Two unmasked men Wednesday at last week held up the Ben Goldberg jewelry store at Tulsa, Okla., making away with cash, diamonds and other jewelry estimated at \$40,000.

Representative Helen Moore, member of Texas Legislature has introduced a bill prohibiting suits for breach of promise and alienation of affections in Texas branding such as "legalized blackmail."

An accurate count has been kept on more than 6,000 rabbits that have been killed this spring in Parnier county and many more have not been reported. A bounty is paid on those brought in to the Commissioners' court.

The hatchet which Gov. Alfred and his Rangers are using to chop into the state crime wave with, is now said may become permanent, the weapon never being put up to become rusty again. Good citizens all over the state are commending favorably upon the governor's action against crime and gambling of various kinds.

Value of Mahogany
Mahogany varies much in value according to its color and beauty; single logs have brought several thousands of dollars. Mahogany was introduced in England in 1597 by that pioneer in so many lines, Sir Walter Raleigh. Its bark has a faint aromatic smell and a very bitter taste, and in the countries where the tree grows is often concocted into medicines.

Circleback News

School Honor Roll
Ruby McNabb, Milam Sanders, Lola Mae Cox, Evelyn Florence, Wanda Williams, Mary E. Moore, Fannie Evans, Woodrow Reed, Luanna Shearer, Lawrence Evans, Houston Black, Joyce Sanders, Eva Mae Phipps, Doris Sims, Charles Evans, Lena Jo McNabb, Wanda Sue Wadsworth, A. Aldrich.

The boys won second place in tennis, both singles and doubles. The girls won second place in volleyball.

The Juniors of High school with their guests went on a moon light picnic Friday night. Those who enjoyed the picnic (and the sand) were Raymond Damon, Loreta McCollum, Lloyd Gilreath, Annie Damon, Alva Moore, Ruby Cox, Willie Lloyd Harmon and Elizabeth Damon. The teacher accompanied them.

The entire school went to Bula Monday afternoon to play indoor baseball by invitation from Prof. P. O. Smith.

Mr. and Mrs. Henry Damon went to Hot Springs, New Mexico, Thursday.

Mr. and Mrs. Elmer Garner are the proud parents of a son, "John Walter," born March 29. Both mother and son are doing nicely.

Mr. and Mrs. Vess Garner and children returned last week from their trip to Georgia.

Severely ill from here attended the fifth Sunday singing convention at Bula Sunday afternoon.

Lester Patton and Gilpin took the piano belonging to the community to Lubbock Saturday to be mended.

There will be singing at the school house the first Sunday night in April. Mr. and Mrs. Lon Richardson entertained the young people with a party Saturday night.

Mr. and Mrs. John Cox returned from their trip Friday. Mrs. Cox's mother, Mrs. Bozath, came home with them.

The play, "Fun on Podunk Limited," was rendered by local talent Tuesday night. The proceeds \$145.00 will be used to repair the piano.

Needmore presented a play, Thursday night, entitled "Deacon Dubbs." The proceeds will be used for baseball equipment.

Mr. Nancy Garner returned home from Mulshoe. Her daughters, Bill Armstrong, Dewey Stovall and Pat Bridges, and their families visited her Sunday.

The circle workers with 13 present met with Mrs. Thad Brown Thursday and quitted. They enjoyed the day. The club will meet with Mrs. George Damon April 11.—Reporter.

ECKLERS ENTERTAINMENT FACILITY

Thursday evening of last week Mr. and Mrs. A. Eckler entertained at their home with a turkey dinner in honor of the Mulshoe High and Grade school faculty.

The menu consisted of turkey, dressing, cream peas, buttered carrots, mashed potatoes, cabbage and apple salad, cranberry sauce, celery, olives, fruit jelly, cake and coffee.

Those attending were Mr. and Mrs. W. C. Cox, Mr. and Mrs. C. R. Stevens, Mr. and Mrs. Warren Powers and son, Jimmy Ray, Mr. and Mrs. Good Harden, Mr. and Mrs. Curtis Taylor, and son, Buddy, Misses Ouida Davis, Shirley Waldron, Lucille Beaty, Evelyn Boone, Alice Edmonds, Mildred Miller, Mrs. Willie Miller, Carl Pharies, Mr. and Mrs. Dutch Newman, and son, Julian, Miss Green and the host and hostess, Mr. and Mrs. Eckler and daughters, Ruth and Gertrude.

Mr. Eckler has been president of the school board for the past several years; he and Mrs. Eckler have always been interested in the school and its progress.

Most of the kicking against the rich is no more than an effort to quiet a yearning for gold that tugs in every fel low's breast.

METHODISTS ADD CLASS ROOMS FOR MEN AND WOMEN CLASSES

The latter part of this week construction work will be started on an addition to the Methodist church annex being 14x30 feet, which will be occupied by the men's and women's Sunday school classes.

The addition will cost about \$260.00 and all money for the expense was quickly raised by donation, under direction of the Finance committee, composed of J. B. Burkhend, V. C. Walden, Clay Beavers, O. N. Robison and E. R. Wright.

They expect to have it ready for occupancy by Sunday, April 14. All men and women not attending Sunday school elsewhere are cordially invited to join these two classes.

Longview News

A number of Longview people attended the afternoon fifth Sunday singing at Bula last Sunday. They reported a very good singing. The next fifth Sunday singing will be at Longview.

A stark shower was given for Mrs. Muri Calk at the home of Mrs. Arthur Shaffers last week, about 30 ladies being present. All of them brought nice presents and some more sent presents who couldn't come. Refreshments of hot chocolate, topped with marshmallows, and cake were served those present.

Mr. and Mrs. Earl Young moved last week to the Y. L. community. We hope they like their new home.

Mrs. Bertie Barnett received a telegram from her son Carl Barnett in Los Angeles, Calif. last week telling the sad news of their baby being burned to death. He and his wife were burned, but not seriously. They all have our deepest sympathy in their bereavement. Carl Barnett is sister to Mrs. Arthur Shaffers.

Mr. and Mrs. G. H. Beggs returned from Los Angeles, Calif., Sunday morning. We are so glad to have them back with us again. Mrs. Beggs went there some time ago for her health. She is surely looking fine. There were none more glad to see her than her little boys, who were left at home.

Roy Taylor was badly burned about the face and head Saturday afternoon when he attempted to light a fire with kerosene. He was taken to Mulshoe for treatment.

Cottage prayer meeting was held at Lester Beggs' Sunday night.

Mrs. Nathan Watson, who has been visiting her children here the past few weeks, will return to Wellington the latter part of the week.—Reporter.

WOODMEN CIRCLE ORGANIZED AT BAILEYBORO, IS MEMBERS
C. F. Garth, county district organizer for the Woodmen of the World fraternity, completed an organization of the Woodmen Circle at Baileyboro Tuesday night. The new group will be known as the "Sunshine" circle.

Eighteen members were taken into the circle, and officers elected as follows:

Mrs. Minnie Fears, past guardian, Mrs. Mary Lou Bell, guardian, Mrs. Opal D. Wallis, adviser, Mrs. Maude E. Fugh, corresponding and recording secretary, Mrs. Sible A. Moore, banker, Mrs. Myrtle Lane, chairman of auditors committee, Mrs. Olive L. Angel and Mrs. Zett Daugherty, members of auditors committee, Mrs. Eva Bell Inez Davis, chaplain, Mrs. Faye J. Renfrow, inner sentinel, Mrs. Zeta Moline Fears, outer sentinel.

PURSANG
It is simply marvelous how much better Pursang makes invalids feel. And not only invalids, but anyone who always feel "half sick," illness, nervous, lack of exercise, wrong food causes that run down feeling so many people have. So often the blood is thin and weak.

If you are irritable, tired, or nervous, don't sleep or eat well, give yourself the Pursang treatment for a week or so. See how much better you feel.
