St. John's Episcopal Church
 Service of morning prayer with sermon will be held next Sunday, June 12, at 11 o'clock as usual. Circumstances may not permit Mr. Brasier to get to Sonora as he usually does on Saturday, but he will be on time Sunday morning as usual. Mr. Brasier will preach on "Attendance at Church" with reference to the late President Theodore Roosevelt's nine reasons why he considered it necessary to attend church. Here they are, boiled down short:

- "1. A churchless community is on the rapid down-grade. Go to church.
 - "2. Church work and attendance give you responsibility for others.
 - "3. There are enough holidays (without counting 52 days not especially meant for that purpose).
 - "4. I know all the excuses—that a man can worship God anywhere—but he don't.
 - "5. In church he takes part and get instruction from the Bible.
 - "6. He may not hear a good sermon, but he may hear a sermon by a good man.
 - "7. Singing hymns will do him a world of good. (Don't let the choir do it all.)
 - "8. He will meet fine people, and will feel charitable towards foolish young men who regard church-going as a soft performance.
 - "9. I advocate a man joining in church work for the sake of showing his faith by his works."
- We are looking confidently to seeing you with us, especially if it does not involve playing hockey from your own church. While we welcome you, we don't ask anyone to break the heart of their now

church minister. The great forsaking which is already with us, will take care of that. But if you have no church home come with us. We believe you will like the service. Don't bother about "if you can follow it." Come—follow it as best you can. After all, there is no real difference in our public worship, than any other church. We stand to praise, kneel to pray and are seated to hear the Bible read and the same word preached. What's the difference?

W.T.C.C. Plans Aid in 'Budget Making'

School, City, County Officials Invited to Lubbock Conference

Amarillo, June 9.—Plans for a Budget-Making Institute, to be held in Lubbock during the last week of this month, were announced here yesterday by the West Texas Chamber of Commerce through its president, Wilbur C. Hawk.

The Institute will be conducted for the benefit of public expenditure committees in all towns affiliated with the organization.

"The Institute will give these committees definite information on making city, school and county budgets," Mr. Hawk said. "Every detail connected with budget-making will be explained thoroughly and after the institute each committee will be able to actually do a budget-making job."

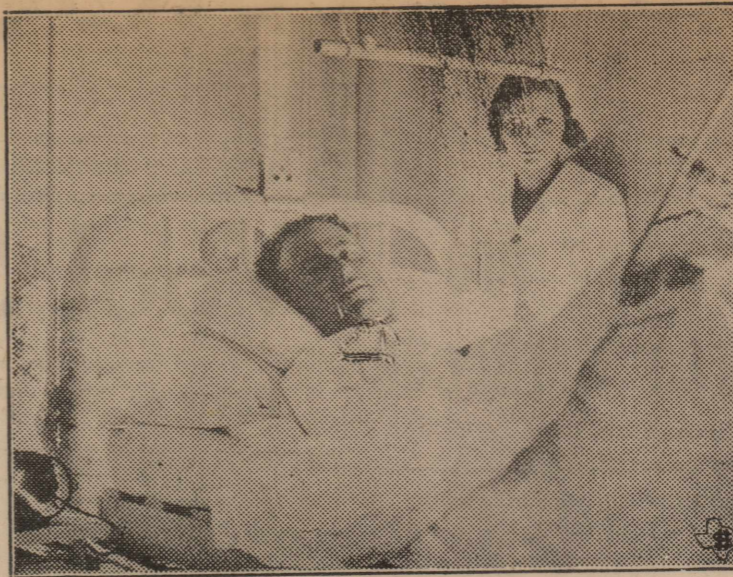

The Institute announcement followed a conference here of the president with D. A. Bandeen of Stamford, general manager of the organization, and his assistant, Maury Hopkins.

SUTTON BEEF FEEDERS GET NATIONAL BOOST

Sutton county boys who fed baby beeves in their vocational agriculture work during the last year were given publicity of international scope last month by the Bay Chemical Company of New Orleans, makers and distributors of Dicapho salt, which was used in feeding the calves.

One hundred thousand carefully printed broadsides, with illustrations, were mailed to feeders and

breeders in all parts of the United States. Pictures showed the entire group, as well as two shots of Pug Roueche's steers, and those of Cleve Jones, jr. Statements by Jones and Roueche, as well as by Turner D. White, instructor in agriculture who directed the work, were carried.

J. T. Baker, Former Junction Man, Dies

Was Ranch Owner in Kimble Co. Twenty Years Ago

J. T. Baker, 70, former owner of a ranch on Bear Creek in Kimble county, and well-known throughout this section, died in San Saba Thursday morning at 9 o'clock at the home of a sister, Mrs. J. M. Kuykendall, following a heart attack two weeks ago.

Mr. Baker, living in Fort Worth at the time of his death, sold his Kimble county ranch about 20 years ago, moving to Brownwood, where he engaged in the hardware, and later, in the ranch business. About ten years ago he moved to Fort Worth, and for several years was connected with the Nored-Hutchins Livestock Commission firm. He had been in poor health for about two years, following an attack of pneumonia. Mr. Baker was visiting in the home of Mrs. Baker's mother, Mrs. T. A. Sloan, 12 miles west of San Saba, when the fatal heart attack occurred.

Mr. Baker was the oldest son of Mr. and Mrs. George Baker, pioneer San Saba county ranch people. He moved to Kimble county when a young man, and was known there to several people now in this area. Mr. and Mrs. Sterling Baker, though not related, were intimate acquaintances.

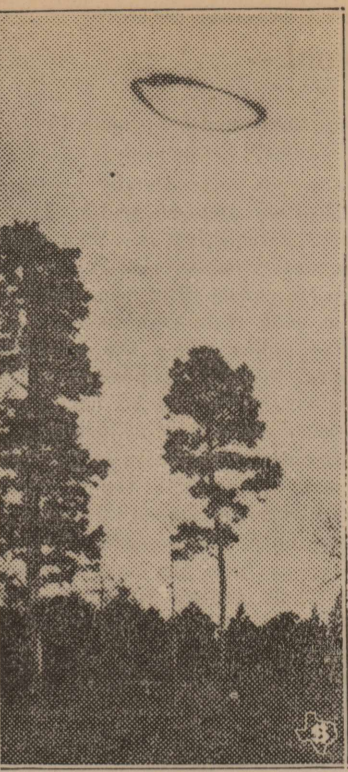

Surviving are Mrs. Baker; two sons, Sloan, of Bluffdale, and Jim of Fort Worth; two daughters, Mrs. Elmo I. Evans and Miss Maymie, both of Fort Worth; one brother, J. H. Baker of San Saba; and four sisters, Mrs. J. M. Kuykendall, Mrs. P. C. Sloan, and Miss J. Brownie Baker, all of San Saba, and Mrs. N. L. Davis of Arlington. George Baker, Sonora, is a nephew. He, with Mrs. Baker, left for San Saba Thursday afternoon. J. T. Sellman, who recently acquired a ranch in Sutton county, is also a nephew.

Plans for burial were not learned here Thursday.

Girl Students May Attend Schreiner

Kerrville Institute Votes to Admit Co-eds Next Session

The Schreiner Institute board of trustees, at a recent annual meeting, voted to admit girls of the Kerrville vicinity as day students for the coming long session, in view of difficulties facing parents who wish to send their daughters to college.

At the end of the coming session the trustees will consider whether or not the measure can be wisely continued.

As a result of the board's decision, girls of the Kerrville vicinity may attend college and live at home. The economy which the measure will afford parents of Kerrville girls was the chief factor which prompted the board to adopt the move.

Ozona Celebration Dropped This Year

Economic Conditions Blamed By Stockholders; Other Plans

Ozona will have no rodeo, race meet and stock show on July 4, for the first time in at least six years, according to the Ozona Stockman. Stockholders and officers of the Crockett county Fair Association, in a special meeting held recently, arrived at this decision, blaming economic conditions for the reversal of a previous decision to hold only a two-day celebration this year.

The Ozona baseball club was given full permission by the fair association to play baseball on July 4 and 5, following decision to call off this year's celebration. Plans for a baseball tournament at Ozona July 4 and 5, inviting teams from surrounding towns for a two days meet, was heartily endorsed.

Use of the concrete platform on the grounds was also granted by the association heads for a dance on each of the two nights. The dances, which were already booked with orchestras, will be staged as scheduled.

Agitation is being heard on Ozona streets for an old-fashioned barbecue on July 4, instead of the celebration which has been called off. It is likely that a mass meeting will be called to make a decision for or against the idea. Advocates of the free barbecue plan suggest it as a get-together affair for home people and visitors who might be in the city for the games and dances.

Dr. W. T. Hardy Is Married in Big Spg.

Will Make Home at Experiment Station Following Honeymoon

Dr. W. T. Hardy, veterinarian at the Ranch Experiment Station south of Sonora was married Thursday morning of last week in Big Spring to Miss Alice Dawes of that city. Concerning the wedding the Big Spring Herald of June 2 carried the following story:

Miss Alice Dawes and Tyece Hardy were united in matrimony Thursday morning in the study of Dr. J. Richard Spann, pastor of the First Methodist Church of this city.

The bride was attractively gowned in a white sports ensemble and carried a corsage of white roses. Only members of the two families were present. Bill Dawes, brother of the bride, arrived last night, in time to attend the ceremony.

Immediately afterward the young couple left for a honeymoon which they will spend in Dallas, Galveston and New Orleans.

The bride is the charming daughter of Mr. and Mrs. W. R. Dawes and a popular member of the younger set and one of the city's beloved musicians. After finishing high school here, she attended West Texas State Teachers' College at Canyon where she was graduated. She taught piano and public school music in the college for three years after her graduation. During the past year she has taught music at Hurley, N. M., in the public school.

The groom is the son of Mrs. Lula Hardy of 505 Gregg street and a very promising young man. He has attended the University of Arizona but did most of his work at A. & M. College where he finished the veterinarian course offered by the school in 1929. He was given the post of veterinarian at the Ranch Experiment Station at Sonora, soon after his graduation and has been there since. The station is under the supervision of A. & M.

Both young people were born and reared in Big Spring and have known each other since childhood. Their marriage unites two of the pioneer families.

From the honeymoon trip they will go at once to the station at Sonora, where they will make their home.

Thomas J. Cochran Rites Held Tuesday

Father of Mrs. G. B. Rankhorn Laid to Rest After Long Illness

Funeral services were held at 5 o'clock Tuesday afternoon at the Baptist church with the Rev. Z. E. Parker conducting, for Thomas Jefferson Cochran, 66, father of Mrs. G. B. Rankhorn of Sonora, whose death occurred Tuesday morning at his daughter's home where he had been confined for some months with a complication of disorders which had become aggravated in recent weeks.

Born January 11, 1866, at Mt. Pleasant, Texas, Mr. Cochran was married in 1884 to Miss Chormilla Brown, of the same town, and was the father of six children, four of whom with the widow, survive.

The children now living are Mrs. Rankhorn, Mrs. J. B. Burkhead, of Muleshoe, Texas, Mrs. G. H. Riddle, Mt. Pleasant, Texas, and L. J. Cochran, Blossom, Texas. Twelve grandchildren also survive.

Mr. Cochran professed religion when a young man and became a member of the Baptist church at Concord, Texas.

Active pallbearers at the funeral services were W. E. Wallace, Frank Smith, Hilton Turney, Alvis Johnson, Beal Freeman, and Harry

Harrison.
Honorary pallbearers were R. K. James, Tom Adams, G. W. Smith, R. W. Johnson, R. E. Taylor, and W. P. Caldwell.

Mrs. E. A. Bode Wins Ride in Monoplane

Local Artist Gets Lucky Number at San Angelo Art Colony

Mrs. E. A. Bode, with three other visiting artists at the Ninth Annual Texas Artists' Colony starting Monday of this week in San Angelo, for a three-week period, was winner of a ride in Autry Monsey's monoplane of the San Angelo airport Monday noon, at a round-up and reception held at the summer cabin of Mr. and Mrs. Duwain E. Hughes on Spring Creek, near Mertzon.

Just as the crowd was enjoying the elaborate barbecue, Oscar Appelt, Sutton county ranchman, flew over, bringing mail to the visitors. He circled the camp and dropped a bag of letters containing a letter for all of the visiting artists and announcement of a free ride for four of the visitors. Duwain Hughes, jr., drew Mrs. Bode's name with those of Willene O'Connell, Frances Raphael, and Dorothy Miller, of San Angelo.

Forty-nine students had enrolled Monday afternoon for classes to be held each morning at the School of Fine Arts.

Adele Laure Brunet, portrait and still life painter, and Reveau Bassett, best known for landscaping and etchings, both of whom are from Dallas, comprise the faculty for the colony.

Canvasses of the two artists were exhibited Monday evening at the reception which began at 8:00 o'clock at the home of Mr. and Mrs. R. A. Hall. Classes began Tuesday morning.

Artists are being cared for at the Log Cabin Village back of the school on West Concho Avenue.

Mrs. Bode went to San Angelo Sunday, accompanied by Mr. Bode, who returned that day, leaving her for about ten days at the art colony, where she may decide to remain the full three weeks, according to developments there.

J. E. White, Brady, Wed in Fort Worth

ANTI-PROHIBITION SOC. FORMED AT HOUSTON; S. E. McKNIGHT, SONORA, IS DIRECTOR IN STATE-WIDE GROUP

S. E. McKnight, Sonora is listed as a director in the newly formed Texas Federation of Anti-Prohibition Clubs.

Special to The News.

Houston, June 9.—Organization of the Texas Federation of Anti Prohibition Clubs with contacts and committees in 247 Texas counties was announced here Tuesday by John H. Kirby, chairman of the newly established liberal movement which is sponsored by a committee of prominent men and women distributed throughout the state and represent all classes and groups of anti-prohibition voters. Mr. Kirby was selected to head the liberal campaign by Organized Labor's National Committee for Modification, which is active in a state and nationwide movement in opposition to prohibition. The Texas Federation of Anti Prohibition Clubs combines all groups of liberal voters in Texas that are working for prohibition modification and repeal into one central statewide organization with branches in every Texas county extending its membership into every voting precinct.

"All liberal minded citizens, including representatives of organized labor, business and professional men, women, ex-service men, fraternal and singing societies and all other anti-prohibition groups have pooled their influence and voting strength to hasten the end of the prohibition farce," Mr. Kirby stated in announcing the formation of the new liberal organization. The immediate objectives of the federation, according to Mr. Kirby, are to encourage anti-prohibition voters to organize and combine to take a more active part in precinct and

county conventions; to concentrate the liberal vote of Texas on three candidates for congressman-at-large and to organize and educate the voters in the various congressional districts to support congressional candidates who stand squarely for modification and repeal.

Vance Muse, who has been associated with Mr. Kirby in public activities for the past fifteen years, has been appointed managing director of the Texas Federation of Anti Prohibition Clubs and is in active charge of organizing the various counties and congressional districts of the state. Headquarters have been opened in the Kirby building in Houston with branch offices in Fort Worth and San Antonio.

One hundred additional members of state committee have been appointed and their names will be announced when acceptances have been received.

LULACS PICK DEL RIO FOR MEETING IN 1933

The League of United Latin-American Citizens, a patriotic and civic organization composed of Texans of Latin extraction, has chosen Del Rio as the 1933 convention city.

Selection of Del Rio as the next convention site was made during the recent state convention held at Hebronville.

It is expected that approximately 200 delegates will attend the 1933 convention, which will be held in Del Rio May 1.

The organization has active chapters in 39 towns in Southwest Texas, including Sonora, with most of the membership in the lower Rio Grande Valley.

Frisco Girl Hives Bees on Her Person

Walks Mile Covered With Swarm and Emerges Unharméd

Miss Ora Lee Burns, who lives on the B. C. Carroll farm near Frisco, claims the record in the hiving of bees, according to the Frisco Journal. Starting out in pursuit of a swarm of bees which she saw leaving a hive near the house, she attempted to make them swarm so that they could be placed in a hive again. Having followed the bees about a mile, throwing dirt, rocks, and sticks among them, Miss Burns was forced to kick a prickly pear bush vigorously to keep the bees from swarming on it, as several had started to do.

Not allowed to settle on the bush, the bees began to settle on Miss Burns, who, having on overalls, did not fear being stung and remained perfectly still until the last bee had settled on her. She then began a slow walk back over the mile she had come.

Mr. Carroll, noting her slow approach, rushed out to meet Miss Burns, fearing that she might have been severely stung. The young lady was covered with bees, from her waist down almost to the bottom of her trouser legs.

The bees were soon placed in a hive, with Miss Burns being instructed never to try that trick again for fear of her being stung to death in event of the bees becoming angered.

Bottle Afloat Four Years Is Recovered

Contained Inscribed and Dated Cigarette Label of 1928

A cigarette label recovered from a bottle found floating down the Colorado river near Austin recently bore the name of John Barfield, Menard, Texas, and the year 1928. At that time Barfield worked on a ranch west of town and it is supposed he placed the bottle in the San Saba after inclosing the label bearing his name. Four years afloat the two Texas streams, the bottle traveled approximately 400 miles.

The label was shown here this week by Frank Walston to whom it was given by a transient he met in San Angelo recently. Sitting on the banks of the Colorado below Austin the man saw the bottle floating near the shore and recovered it from the water. He found the piece of paper inside which he put in his pocket.

When Walston remarked he lived in Menard the stranger produced the label and told how he happened to possess it.—Menard Messenger.

Campfire Girls Go to Camp Louis Farr

Group Returns from Christoval Thursday; Mertzon, Sunday

Five girls, three of whom belong to the local Camp Fire group here, left Sunday for Camp Louis Farr, near Mertzon, with the Camp Fire sponsor, Miss Vivian Ball, for a week's encampment with some 100 girls from San Angelo and vicinity, under the direction of Mrs. B. W. Draper, San Angelo Camp Fire guardian.

Bobbie Mae Halbert, Catherine Trainer, and Kathryn Brown, of the Camp Fire group, and Alice Sawyer and Ches Thorp, non-members, were taken to Mertzon Sunday by Mr. and Mrs. Orion Brown and Mrs. E. E. Sawyer, who returned that day. Miss Ball joined them at camp from her home in Mertzon.

Thirteen Sonora Campfire girls returned Thursday from Christoval, where they spent five days in camp with Miss Ball, being forced to return before the end of the week by continued rains.

Girls who were at Christoval were Kathryn Brown, Rena Glenn Shurley, Bobbie Mae Halbert, Wilma and Wynona Hutcherson, Lunetta and Jo Ann Marion, Catherine Trainer, Elizabeth Elliott, Joe Nell Miers, Katha Lea Keene, Joyce McGilvray, and Lillian Kring. Bringing them home in cars were Mr. and Mrs. R. D. Trainer, Mr. and Mrs. E. E. Sawyer, Miss Addah Miers, and Vernon Marion.

Hudspeth Through Shearing

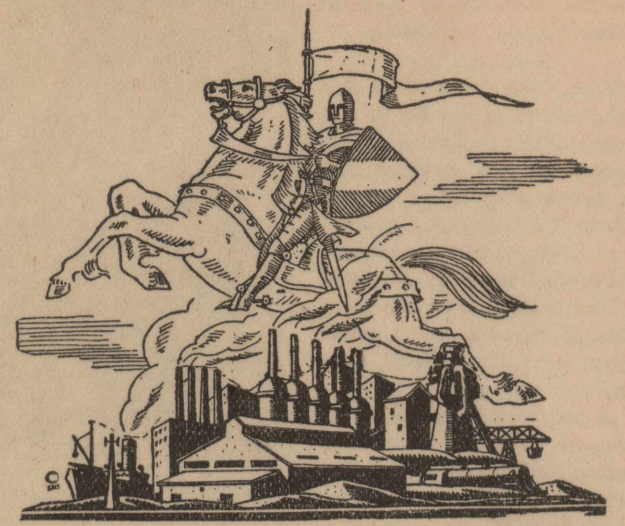

Roy Hudspeth, with large ranch holdings on the upper Devil's River in Sutton county, Monday finished the shearing of his wool clip of more than 85,000 pounds. Mr. Hudspeth's wool goes to the Texas Wool & Mohair Company, San Angelo, of which he is president. Home Rug Making Now Popular in U. S.

Nearly 10,000,000 Lbs. Wool Used in England for Hobby

(By Grace E. Anderson, Stylist)

Rug making in the home is fast becoming popular in the United States. Every day women are learning what fascinating work this is. Many beautiful rugs and mats are made into various patterns; and it is astonishing how difficult the patterns seem to be, and then how simple they really are to work out. Patterns of every description are used in these rugs, some in floral designs, some in modernistic, and in one instance, a large rug covering the entire floor, which may be a reception hall or sitting-room, made up in landscape pattern. The colors blend beautifully into a scene picturing a lake surrounded by grass, trees and flowers, on the bank of the lake sits a young lady. This sounds like an extremely difficult pattern to work out, but with the aid of a pattern book, which is supplied for this purpose, it becomes an easy

and enjoyable task. It is not only fun to make them up but they are very valuable fixtures in our homes. The brightly-colored patterns lend a cheerful glow to a room which might otherwise be just ordinary. We think, in time, it will be very popular in the United States; for who does not admire a hooked rug? In England approximately 10,000,000 pounds of wool is consumed annually for this hobby, which makes it an industry really, rather than a hobby.

Mrs. Roy Baker Is Sponsor for Shower Given Bride-Elect

Mrs. Roy Baker entertained members of The Thirteen Dramatic Club at the Baker ranch home Friday evening of last week at a party and kitchen shower arranged in honor of Miss Ruth Lee Hoggett, bride-elect of Mr. John D. Eaton, jr., whose marriage occurred Sunday.

Arriving early, the guests parked their cars behind the house, out of sight of the unsuspecting couple, who had been invited out for the evening. Entering the dark living room from the lighted porch, the victims were showered roundly with rice by the roomful of guests whose presence was thus announced before the turning on of the lights.

The honor guests were immediately blindfolded, and the host hung an iron ball and chain around the neck of the bridegroom-to-be, after which both were led into the dining room, where lights revealed the dining table centered with a mirror beneath a cut glass bowl of white snapdragons and fern, behind which hung white crepe paper streamers, strung from the chandelier to the back of the table and forming a snowy background for the pile of gifts daintily wrapped in green and white.

On one corner of the table appeared a beautiful white angel food wedding cake, baked by Mrs. W. C. Gilmore, on which "stood" a miniature bride and groom fashioned from two paring knives which were cleverly dressed in crepe paper and decorated with appropriate facial expressions of respective demureness and panic.

Immense enjoyment was derived by the guests from the remarks of the honorees during their opening of the parcels, which contained an interesting miscellany of attractive as well as useful gifts. Miss Hoggett was made to read an appealing verse concerning the tasks of the newly-wed housewife, which was particularly appropriate to the occasion. A number of "sells," were included among the gifts, particularly those presented to Mr. Eaton.

Following the opening of the gifts, all present were given needles and thread and ordered to set to work on a pile of red-and-white tea towels, on each of which initials of three of the guests were embroidered. Houston Stokes and John McClelland tied for men's honors in the judging of "fancy

Miss Eaton's S. S. Class Has Outing On Monday Afternoon

The Sunday school class of the Church of Christ taught by Miss Bertha Eaton enjoyed a picnic and swimming party at the G. H. Davis ranch Monday evening.

Participating in the outing were Mrs. Lois Landrum, and the Misses Frances Trainer, Margaret Barton, Dorothy and Elizabeth Brantley, Josie and Lillie Barrows, Willie Mae and Pearl Hart, Ella Mae and Mary Barnes; and little Miss Alyne Landrum.

Mrs. McConnell Is Hostess Thursday To Queen of Clubs

Mrs. W. P. McConnell, jr., entertained the Queen of Clubs with a garden bridge party in the court of the Hotel McDonald Thursday afternoon of last week, being hostess to four tables of members and guests.

High club was achieved by Mrs. R. C. Vicars and low club by Miss Bonnie Glasscock; Mrs. S. R. Hull received high guest score, and Mrs. Byron Newby, of Brackettville, low guest. Cut prize went to Mrs. Ernest Carroll.

An attractive color scheme of green and orchid was carried out in table accessories and refreshments, the latter consisting of ice cream and individual angel food cakes, in green, and green and orchid mints.

Mr. and Mrs. Hale Return Home

Mr. and Mrs. A. M. Hale returned last week to their home in Alexander, Texas, following a visit of three weeks with their son, Hub, and family, in Sonora.

work," with Mr. Stokes winning first place by the drawing of straws. The work of the hostess was adjudged the best monogram for ladies.

Dancing, with Paul Jones interspersed, provided entertainment for the remainder of the evening.

The hostess served delectable refreshments, of the wedding cake and fruit punch in which floated pineapple sherbet.

The engaged couple, both popular members of The Thirteen Dramatic Club, departed with sincere good wishes of the following attendants at the shower: Messrs. and Mesdames W. C. Gilmore, Marshall Huling, and E. C. Beam; the Misses Lena V. Stokes, Margaret Hull, and Faye James; Mrs. Gladys Kothmann; Messrs. Cecil Allen, Jodie Trainer, Houston Stokes, Preston Prater, and John McClelland; and the hosts.

MISS RUTH LEE HOGGETT AND J. D. EATON, JR., UNITED IN A QUIETLY BEAUTIFUL WEDDING SUNDAY

Miss Ruth Lee Hoggett became the bride of Mr. John D. Eaton, jr., at a charming home wedding solemnized by the Rev. E. P. Neal, pastor of the Sonora Methodist church, at nine o'clock Sunday morning at the ranch home of Mr. and Mrs. W. L. Davis, brother-in-law and sister of the bride, with whom she has made her home since coming to Sonora.

The only wedding guests were members of the two immediate families, with Mrs. Dock Scott, of Junction, life-long friend of the bride, being the one exception.

Attending the ceremony were Mr. and Mrs. Davis and their son, Louis; Mr. and Mrs. Jack Turner, brother-in-law and sister of the bride, of Junction; Mr. and Mrs. J. D. Eaton, Sr., parents of the groom; his sisters, Miss Bertha Eaton and Mrs. Lois Landrum and the latter's small daughter, little Miss Alyne; and Mr. and Mrs. Will Eaton, brother and sister-in-law of the groom, of Eldorado.

The bride was radiantly lovely in a flowing pale green organdy gown daintily dotted with white and girdled with pink at the waist, where she wore a lovely corsage of pastel sweet peas, the groom's wedding token. The costume was completed by a beautiful pink picture hat, pink beads, and white shoes.

The ring ceremony, beautiful in its simplicity, was performed before a screen of honeysuckle arranged over the fireplace in the living room, with white roses and

snapdragons being interspersed with the vine. No other colors were employed in flowers on the improvised altar, but the rooms were beautiful with a profusion of varicolored carnations, snapdragons, and other cut flowers sent by friends for the occasion.

Following the ceremony, a large wedding cake, iced with white and trimmed with pink frosting roses, was cut and served with coffee to the guests.

The bride and groom departed immediately for a wedding trip to San Antonio and Corpus Christi, from which they were expected to return the last of this week. The bride's traveling costume was of blue silk, with white blouse, hat, shoes, and other accessories.

Mr. and Mrs. Eaton are both well known to the people of Sonora, Mrs. Eaton because of her time spent in the home of her sister here and Mr. Eaton by virtue of a residence in Sonora of some nineteen years, part of which was spent in business with his father here, and latterly as manager of the Interstate Public Service Company in Sonora. Before their marriage, Mr. and Mrs. Eaton were both distinguished by appearances in dramatic productions of the Thirteen Dramatic Club, of which both are members.

The marriage unites two well-known families of this area.

Mr. and Mrs. Eaton will make their home in a newly-built home on "Eaton Hill" for the present.

Mrs. George Chalk Entertains Two-Bit Club on Saturday

Mrs. George D. Chalk entertained members and guests of the Two-Bit Club at the home of Mrs. Rose Thorp Saturday afternoon.

High guest score went to Miss Zella Lee Thorp and high club to Miss Muriel Simmons.

The hostess served ice cream and cake to the following: Guests—Mrs. Thorp, Mrs. W. R. Barnes, and the Misses Allie Halbert and Zella Lee Thorp.

Members—Mesdames Dave Locklin, C. W. Trainer, Cliff Johnson, Joe Hull, Hilton Turney, Arthur Carroll, and Miss Muriel Simmons.

Mrs. Ira Shurley Las Amigas Hostess Thursday Afternoon

The Las Amigas Club was entertained at the home of Mrs. Ira Shurley Thursday afternoon of last week, when two tables of club members participated in Contract, at which high score went to Mrs. Collier Shurley and second high to Mrs. J. D. Westbrook.

A color scheme of yellow and green predominated in bridge accessories and a refreshing ice course.

Attending members were Mesdames Shurley, Westbrook, P. J. Taylor, W. C. Gilmore, Johnie Hamby, Jack Earhart, and the Misses Alice Karnes and Ada Steen.

Miss Joanna Stokes Hostess Saturday To Jolly Joker Club

Miss Joanna Stokes entertained three tables of members and guests of the Jolly Joker Club at her home Saturday afternoon. High guest score was achieved by Mrs. Sam Allison and high club by the hostess.

Miss Stokes served delicious refreshments of cantaloupe a la mode, to the following: guests—Miss Alice Karnes and Mesdames Allison, Henry Decker, Johnie Hamby, and Stella Locklin; members—Mesdames Andrew Moore, Marshall Huling, B. M. Halbert, jr., Ernest McClelland, and the Misses Nan Karnes and Jamie Gardner.

Driskell's Niece Is Victim of Fire

Miss Clara Dell Holmes, Dallas County Girl, Dies in Flames

Miss Clara Dell Holmes, 17, of Vickery, Texas, a niece of Tom Driskell who visited here two years ago, was fatally burned Saturday morning at 8 o'clock, when a pan of gasoline was accidentally ignited while she was cleaning clothes at her home. She died at 3:10 o'clock Saturday afternoon at St. Paul Hospital.

Miss Holmes, who was a junior student in the Vickery high school, is the twenty-seventh person to die in Dallas as a result of burns since Jan. 1.

Her parents were at a loss to know how the gasoline was ignited. She seized the pan containing the gasoline and tried to run to the yard with it. When she reached the doorway the screen was latched and the flaming fluid was dashed over her person, saturating her clothes and leaving her flaming all over before she succeeded in getting outside.

J. W. Anderson, a neighbor, saw her, ran, and wrapped her in a quilt, but her life could not be saved.

Mrs. Holmes is Mr. Driskell's sister.

SHEEP SENT TO STILES FOR EXPERIMENTAL WORK

Sixty head of sheep were sent last week from the Ranch Experiment Station south of Sonora to Stiles, Reagan county, where veterinarians at the local station are conducting experimental work with them.

The experimentation deals with cirrhosis of the liver in sheep and goats, and is planned to determine the nature of that particular trouble, devising methods of combatting it.

Big Doings Planned for Lions Intern'l Convention in July

Service Record of Clubs Reveals 16,000 Activities Sponsored by Its 2,600 Clubs

Members of the International Association of Lions Clubs in six countries of the world are making extensive preparations to attend their 16th annual convention in Los Angeles, July 19-22.

California has a tremendous tourist appeal and a splendid reputation as an ideal hostess. Plans, already complete, assure a highly interesting convention session and four days of unusual entertainment. Railroad rates are the lowest in years, and it is confidently predicted that the largest crowd ever to attend a convention will be present.

Melvin Jones, who conceived the idea of forming this organization and has carried it to such a successful conclusion, has been secretary general of the association ever since its inception. He is in charge of international headquarters in Chicago, and his annual report at the convention is expected to be one of the high spots on a program replete with outstanding and interesting events.

The record of achievement made by the association under the present administration has been most praiseworthy. From the standpoint of practical service rendered in the more than 16,000 activities sponsored by the various clubs, it has had a commendable year. One of its major activities is work for the blind, and it has been carried forward with great zeal and thoroughness in everything needful for their support, welfare and instruction.

Many of the delegates plan to remain for the great international Olympic Games to be run off following the close of the convention. The association has approximately 80,000 members in 2,600 clubs.

University Lands May Get Mineral Tests Next Year

Conference Planned to Gather Data to Submit to Legislature Seeking Commercial Development

Austin, June 9. — Conferences with mine operators who are interested in obtaining permits for the exploration and development of minerals underlying University of Texas lands in West Texas are being held by University authorities, represented in that region by H. P. Bybee, geologist and mineralogist for the University at El Paso, and School of Mines officials. It is proposed to work out a lease form to apply to mineral development, since the present forms dealing with University land leases govern only oil and gas rights. It is proposed that the legislature shall enact measures at the January session providing for mineral development other than oil and gas, and it is for the purpose of submitting the necessary data to the lawmaking body that these conferences are being held. At present, under the terms of a resolution adopted by the legislature at its last session, no mineral deposits underlying University lands can be sold, leased or a mineral permit granted until some adequate law is passed governing this development.

Two well-known mineralogists, Dr. J. W. Beede of Bloomington, Ind., and Bert Heigh of El Paso have gone to San Angelo to conduct investigations on University lands. Dr. Beede will spend three months in studying the black shale basin in Irion, Reagan, Crockett and Terrell counties. This basin, which is between the Permian Basin and the Glass Mountains, is believed to underlie the Permian formation. Mr. Haigh will work with E. F. Boehms who is connected with the University lands organization at San Angelo.

ELECTRIC REFRIGERATION
to Protect His Precious Health

As you no doubt know, your baby's future health and happiness depend, in a large measure, on the nutritive quality and the purity of the foods he receives now. The matter of proper nutrition is taken care of through the scientific diet prescribed by your doctor . . . but it's *your* job to insure the other requisite, Purity!

. . . And here's how you can do it: Health authorities agree that to prevent undesirable bacterial action foods must be kept at a constant temperature of below fifty degrees. This constant cold so necessary to the safe preservation of baby's foods is assured automatically through the mechanical perfection of the modern Electric Refrigerator. So the simplest answer to the problem of safely guarding health is through use of this invaluable *Electrical Servant!*

Ask one of our Trained Representatives—or your Electric Appliance Dealer—to explain more fully the vital importance of modern Electric Refrigeration. You'll be delighted with the Economy, Comfort and Convenience of an Electric Refrigerator—and surprised to learn how easily you can arrange this necessary purchase under a Convenient Payment Plan.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?
