SONORA, SUTTON COUNTY, TEXAS, FRIDAY, AUGUST 17, 1934

NUMBER 42

Giles P. Hill Road Named as Sutton County Highway

Estimates on Cost of Patching Jail Building Secured by County Commissioners

Establishment of a county road, 16 miles long, known as the Giles P. Hill road, was authorized this week at the meeting of county commissioners in the courthouse.

A petition for the road bore the signatures of George D. Chalk, Sol Mayer, Ed Mayfield, Dave Locklin, Giles P. Hill, Roy Hudspeth, Dee Word and Nettie Word.

The road is in the southwest part of the county and is described as "beginning 1000 feet west of the bridge at Engineers' Station 100 on the Ozona Highway and extending through the ranches of Arthur Simmons (and the signers of the petition) to a point near the center of the E. 400 acres of Survey 4, G. C. & S. Fe Ry. Co. in the Word Ranch."

The county road will follow practically the same route as the present neighborhood road in the community.

Dr. James D. Wilson was appointed county health officer at a salary of \$20 a month. His duties will be the same as those of the late Dr. A. G. Blanton who held the position.

An allowance of \$100 was authorized for George Trainer for assessment work of the past year.

Boundaries of precinct one and precinct four were altered. By the new arrangement John I. King who has been voting in precinct four (Owensville) will vote in precinct one (Sonora). The transfer of voting privilege from one precinct to another was petitioned by Mr. King.

Road Inspected Wednesday
The commissioners inspected and approved the work being done on the Baker Road in the eastern part (Continued on page 4)

Highway and Lions Fail to Disturb League Leaders

Counter Hoppers Beat Independents Wednesday by One Score to Continue Tie

TODAY'S GAME
Counter Hoppers vs. Highway

LEAGUE STANDING			
	W.	L.	PCT.
Independents	6	4	.600
Counter Hoppers	6	4	.600
Highway	4	4	.500
Lions	2	6	.250

Softball playing during the last week failed to change the standings of the four teams whose rank following the Wednesday game was exactly the same as at the same time last week—with the Independents and Counter Hoppers gripped in a tie for first place.

The Counter Hoppers nosed out the Independents by one run Wednesday. Allison struck out two men and gave a walk to first base to three. Lancaster of the Counter Hoppers struck out one man. Each team made four errors during the evening's play.

In last Thursday's game home runs were accomplished by Jodie Trainer and Hollmig. Hull made a 2-base hit. The Highway was the of the county. The improvement work on the road, 4½ miles long, has been under way for two months. Gilmore Hardware Co. was authorized to make courthouse roof (Continued on page 4)

CHAMPION BARKER

The second annual contest to determine the world's champion barker was held at A Century of Progress in Chicago. Ten finalists, two of whom were women, "hollered wide, high and handsome," but the grand prize went to Al Fisher of the Streets of Paris concession.

'Rough and Tumble' Experience Needed, Carl Runge Says

Congressional Candidate Tells Sonora People He Is Not a Sectional Candidate

"Your congressman in Washington will be contending with many other men," declared Carl Runge, candidate for congress, Friday. "If he has not been in the 'rough and tumble' of administrative affairs how is he going to represent the quarter of a million people of the district? There are 435 representatives and 96 senators there, all working hard. If your congressman is a weakling he will not get results for the people."

Mr. Runge spoke at 1 o'clock Saturday afternoon in front of the A. & W. Drug Store. A loud speaker carried his words to the public address system on his car so that his listeners might know his policies. He came from Del Rio and went from here to Eldorado to speak that afternoon.

After telling of his knowledge of this section and his education Mr. Runge reviewed the results of the primary election. In Mason county, he said, he received 85 per cent of the votes. He declared that his opponent had received some eight hundred votes in fourteen ranching counties. Such facts, Mr. Runge said, proved that his candidacy was not based on a sectional appeal.

Favors Compensation Payments
Mr. Runge, an ex-service man, said he favored the "bulk" of the American Legion program in Texas. He believes that compensation should be paid disabled veterans immediately and to others at once if currency may be issued to do so. He has been told that the issuing of currency for such a purpose is sound.

Cheaper interest rates for farmers and ranchmen can be secured through proper governmental agencies, he believes. Mr. Runge commended the housing program, commented that a survey shows four (Continued on page 4)

DENNARD LAUNDRY NOW OWNED BY MRS. SPEED

Returning to the business life of Sonora, Mrs. Ardena Speed Wednesday took over the Dennard Laundry which is located in the Craddock Building. Mrs. Speed formerly owned the Sonora Dairy for a period of eleven years. It was sold early this year to William Fields.

Mr. and Mrs. Dennard have operated the laundry here for sixteen months. They came here from San Angelo in April, 1933. Mrs. Dennard has no plans for the future but said this week that she would take a vacation from business duties.

Minor changes will be made by Mrs. Speed in her new business, which will be known as Speed Laundry. Both pick-up and delivery service will be featured.

Mr. and Mrs. Charlie Hull and daughter, Charlene, Mrs. Joe Hull and W. M. Mittel were in San Antonio Wednesday.

FOOTBALL SQUAD WILL START WORK AUGUST 29

Candidates for the high school football team will have their first work-out Wednesday, August 29 at 4 o'clock on the school gridiron.

This information was received by the NEWS this week from O. P. Adams of Alpine, recently selected as coach of athletics. Mr. Adams wrote that equipment, which is being overhauled, will be checked out at the high school dressing room the morning of the same day from nine until twelve.

A system of football play will be used, Mr. Adams stated, that is best suited to the material with which he has to work. He is acquainted with the various popular methods of play and hopes that he may use the Warner double-wing but if that is not possible another will be used.

Sawyer and Norris See Scenic Mexico

10-Day Trip Into Interior Gives Much Pleasure

Three hundred feet of motion picture film was used by Edwin Sawyer and Woodrow Norris on an 1800-mile trip into Mexico from which they returned Saturday night. Happy Brown accompanied them.

The young men crossed the border at Laredo and proceeded to Monterrey. From there they visited points of interest in the surrounding territory. A two-day trip was taken into the mountains above Monterrey when they visited in Saltillo, city of 65,000 which is the capital of the Mexican state of Coahuila. The temperature there ranges from fifty to seventy degrees at all times.

On this trip a silver mine was seen in operation. Only a few were working with the crude methods and machinery which were available.

Fifteen miles in low gear to a point 3000 feet above Monterrey was their experience in getting to Chipinque Mesa over a highway which the governor of the state, Nuevo Leon, is said to have constructed at a cost of \$500,000. The toll is one peso and hairpin curves on a narrow road make the trip a thrilling one.

Horsetail Falls, a beauty spot near Monterrey impressed the visitors greatly. Instead of attempting to tell their friends of it they merely point to the extravagant words of a guide book which describes it in this fashion: "...from a cliff high overhead water plunges down to feather out into a spreading plume of spray and then cascades down a verdant canyon to the valley far below."

Sweetwater Doctor to Be Located Here

Dr. J. Franklin Howell, Educated at Mississippi and Tulane

Decision to locate in Sonora for the general practice of medicine was made Tuesday by Dr. J. Franklin Howell of Sweetwater who plans to move here next week and be located in the First National Bank Building.

Dr. Howell has been in Sweetwater during the last few months and before that was in Mississippi. For two years after serving his internship at Knoxville General Hospital, Knoxville, Tenn., he was engaged in industrial practice in Bogalusa, La.

Pre-medical education was secured by Dr. Howell at the University of Mississippi at Oxford. He studied medicine at Tulane University in New Orleans where he secured his M. D. degree in 1925. Last year he took post-graduate work at Tulane and at Saranac Lake, N. Y.

Dr. Howell is married and has two children, Marguerite, seven years old, and Frank, jr., fifteen months old.

Mr. and Mrs. Dick Hill and son, Dwain, of Sanderson, were guests of Mr. and Mrs. G. P. Hill Sunday and Monday.

Services Conducted Here Thursday for Mrs. August Meckel

Wife of Sutton County Resident for Many Years Dies in San Angelo Hospital

Funeral services were conducted yesterday at 4 o'clock at the grave in Sonora Cemetery for Mrs. August Meckel, mother of Ben F. and Harry Meckel and grandmother of Mrs. George Barrow, all of Sonora. Her husband survives her.

Mrs. Meckel who had been seriously ill only a few days died in a San Angelo hospital early Wednesday morning. Services were conducted in San Angelo Thursday afternoon before the body was brought here. The Rev. S. L. Batchelor, presiding elder of the Methodist Church, conducted the services.

Mr. and Mrs. Meckel lived in Mason county, where she was born seventy-one years ago, until they moved to Sutton county about thirty-five years ago. At that time they bought the Perry McConnell Ranch, two miles east of town. Eighteen years ago they sold the place to W. A. Miers who now occupies it as his home ranch.

The Meckels were married about 52 years ago. They were the parents of seven children, five of whom are living. They are: Ben F. and Harry of Sonora; Mrs. E. S. Long, who died several years ago; Gustave of Carlsbad, N. M.; Fred of Fort Worth; Walter, who died in infancy; Mrs. Paul R. Plummer of Dallas, who has been with her parents in San Angelo for several weeks. There is one great-grandchild, the baby daughter of Mr. and Mrs. George Barrow, as well as a number of grandchildren.

Pallbearers were: At the Sonora services: L. W. Elliott, Cecil Elliott, George Neill, Roy Aldwell, Fred Earwood, Tom Bond, Bryan Hunt, J. C. Morrow.

At the San Angelo services: E. W. Bode, Theodore Herring, Emmett Cox, Henry Jackson, J. D. Robertson, R. C. Bledsoe, David Smith, Ed Nunnally.

Ladies' Night Plans Announced by Lions

Group Singing Led by John Eaton Comprises Tuesday Program

The singing of songs popular at civic clubs the world over was a feature of the Lions Club luncheon Tuesday noon in the basement of the Methodist Church.

John Eaton directed the club's vocal efforts and was assisted by Miss Clovis Neal who played the piano accompaniment. Several numbers were led by a quintet composed of C. L. Hufstader of Rocksprings, George D. Chalk, John Eaton, W. E. Caldwell and J. W. Trainer.

Mr. Hufstader, a former president of the Rocksprings club, made a short talk expressing his pleasure at being a guest of the club that day. He remarked that the Sonora club "stands out as a light among surrounding clubs in this section."

Guests other than Mr. Hufstader were: C. J. Wise of San Antonio and Dr. J. Franklin Howell, physician whose residence has been in Sweetwater but who is to be located in Sonora.

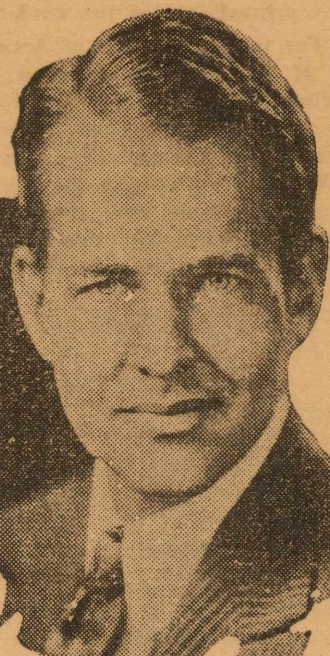

Announcement was made by Carlton Leatherwood that a schedule of programs had been arranged for the club's luncheons for the next three months. The reports of the proposed activities of various club committees will provide for many of the programs. As a welcome to the school instructors who will teach in Sonora schools this year a Ladies' Night party will be held Monday, Sept. 10, at which they will be honor guests.

Patient Spends Restful Night

A report Thursday morning from San Angelo stated that Mary Sue Blanton, daughter of Mrs. A. G. Blanton, had spent a restful night but was not quite so well at that time, 7 o'clock.

Mr. and Mrs. John R. Howse of San Angelo spent Sunday on the ranch with their daughter, Mrs. M. G. Shurley, and Mr. Shurley. Rena Glen Shurley accompanied her grandparents back to San Angelo for a week's visit.

ON AIR COMMISSION

Edward P. Warner, who has been appointed by President Roosevelt on the new presidential commission on air policy, is editor of the McGraw-Hill publication Aviation, the oldest American aeronautical magazine.

Sonora People See Wonders of Carlsbad

Bakers and Gilmores Make 600-Mile Trip in Quick Time

A 600-mile trip by automobile to view the wonders of Carlsbad Caverns was completed in thirty-eight hours by a party of Sonora people last Saturday and Sunday.

The group was made up of Mr. and Mrs. Roy Baker, their daughter, Margaret Ruth, their guest, Mr. Baker's sister, Miss Ruth Baker of San Antonio, Mr. and Mrs. W. C. Gilmore and children, Patsy and Peggy.

The trip through the caverns began at ten Sunday morning and was completed at 4:30 in the afternoon. Five hundred and ninety-four persons went through. Although the elevators are operating now none of the Sonora people used them. Luncheon was had in the restaurant 750 feet below the earth's surface.

Some development work is being done on the lower cavern 150 feet below the main one, Mr. Gilmore says. The temperature of 56 degrees never varies although there is a slight change in the humidity or ratio of vapor actually present as compared with the greatest amount the air could possibly contain at the given temperature.

The party got to Carlsbad, N. M., at 2:20 Sunday morning and started the return trip at 6:30 that evening.

The beauty of Carlsbad, N. M., due to the irrigation of lawns, making possible large trees, has not been seriously affected by the drought, Mr. Gilmore says. The trees are only irrigated once a week this summer rather than twice a week as in ordinary years. Water is secured from the Pecos River.

Scouts Enjoy 3-Day Camp, Sykes Ranch

John Eaton, Scoutmaster, Directs Boys' Work Last Week-end

Swimming, hunting of arrowheads and various forms of Scoutcraft training kept eight Sonora Boy Scouts busy at a three-day camp last week-end on the Jack Sykes Ranch, on the Llano River, 60 miles from town.

The boys left Thursday afternoon and returned Saturday afternoon. John Eaton, scoutmaster, was in charge. R. S. Covey, member of the committee directing the work here, was a camp visitor.

Boys who made the trip were: L. M. Roueche, Lloyd McGhee, Reginald Trainer, Richard Vehle, jr., Wesley Sawyer, Hollis Bricker, J. M. Huling, jr., and A. W. Awalt, jr.

Runge Speaking Saturday

Joe J. Montague of Fort Stockton and Louis D. Gayer, San Angelo attorney, are to speak in Sonora Saturday afternoon at four o'clock, according to information received Thursday noon. The men will make their addresses on the street although the definite place has not been decided upon.

Bids for City Hall Larger Than Money For Construction

Revision of Specifications Necessary Before Contract Can Be Let

Revision of plans for the city hall-fire station building to be constructed by Sonora will be worked out with the Fort Worth office of the Public Works Administration and the contract let to one of the two bidders whose estimates were opened in the city offices Saturday afternoon.

The bid of Suggs Construction Co., Abilene, presented by A. E. Suggs, was for \$5998 and that of Templeton and Cannon, San Angelo, presented by H. F. Templeton, \$6100.

The original allotment from the federal government was for "not to exceed \$6000"—a sum meant to include both the loan, secured by the city's bonds, and the outright grant.

The city bonds voted recently were for \$4700—an amount which was to be supplemented by a \$1000 grant from the government. Out of this \$5700 amount, \$600 was required for legal expenses, printing of the bonds, architectural services, advertising and other incidentals.

The amount of money left for the actual construction of the building is \$5100. Both bids exceeded that figure.

Revision of Plans Necessary

Original specifications and plans for the building provide for adjustment to come within contract figures. Recommendations in this regard are being prepared by John G. Becker, San Angelo, architect for the building, and will be presented to the divisional office of the Public Works Administration in Fort Worth. That office will in turn take them up with Washington authorities.

After plans for the building have been revised and approved in Washington the contract will be let to the low bidder who complies with the new specifications and requirements for the building.

Actual construction of the building will start as soon as federal funds and bond monies are available. The bonds are being printed by an Austin firm now.

R. A. Thompson, state engineer in charge of PWA projects, attended the meeting Saturday afternoon when the bids were opened.

U. S. Again Buying Cattle in Sutton

No Further Information Received of Sheep and Goat Buying

Appraising of cattle was resumed Wednesday, according to Fred Simmons, manager of the office in which work of the Sutton county drought relief cattle program is directed. Work had been stopped last Wednesday when an order from Adam R. Johnson, state director, declared that congestion at the yards made postponement of further work necessary.

Approximately 1200 animals have been listed as ready for appraisal. Further information regarding the government's purchase of sheep and goats has not been received by the local office which will handle the Sutton county buying.

National headquarters for the work have been established in Denver and press dispatches this week declared that contracts were printed and that buying might start this week. Harry Pethien, chief of the cattle and sheep section of the farm administration, is in charge of the office with Fred Beier, Allen E. Mechem and Walter J. Hunt as his assistants.

W. A. Miers Improving

The condition of W. A. Miers, Sutton county ranchman who has been confined to a San Angelo hospital since Tuesday, was reported as improved Thursday morning. Mrs. Miers is in San Angelo with him. It is expected that he will return home tomorrow.

Brantleys to McCamey

Mr. and Mrs. W. B. Brantley and children, W. B., Dorothy and Elizabeth, moved to McCamey this week where Mr. Brantley is employed by the Edwards Motor Co.

HOUSE JOINT RESOLUTION NO. 14

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That there be added to Article IX of the Constitution of the State of Texas a new section to be numbered Section 2A and to have five (5) lettered subdivisions and which section shall read as follows:

"Section 2-A.

(a) General management and control of the affairs of the County shall hereafter be vested in the Commissioners Court, provided that in the exercise of powers not specifically granted to the Commissioners Court by the Constitution and Amendments thereto, the Court shall be subject to the authority of the Legislature of the State, and the Court shall also be subject to all general laws of the State now in force not in conflict with the provisions of this Amendment until such laws are modified or repealed.

(b) All duties heretofore performed by the Clerk of the District Court and the County Clerk shall hereafter be performed by an officer to be known as Record Clerk; all duties heretofore performed by the County Tax Assessor and the County Tax Collector shall hereafter be performed by one officer known as Tax Clerk; and in the counties where the sheriff performs the duties of the Tax Collector he may hereafter perform the duties of the Tax Clerk. The Record Clerk and the Tax Clerk shall be elected to hold office for a term of two (2) years and until their successors shall be elected and qualified. The Commissioners Court shall have authority to combine the office of County Treasurer and the office of County Surveyor, or to combine either, or both, of said offices with any county office. Within the maximum and minimum limits prescribed by the Legislature the Commissioners Court shall have authority to fix the compensation of all county and precinct officers except County Auditor, County Judge and County Commissioners. The Legislature shall fix the compensation of District Judges, District Attorneys, County Judges and the County Commissioners and may provide for a County auditor and prescribe his duties and fix his compensation and the number and compensation of his assistants. The Commissioners Court shall fix the compensation of and determine the number of deputy assistants and clerical personnel of all precinct officers and county officers except the county auditor.

(c) City and county officers and employees may, in addition to their duties as such city and county officers or employees, be required to perform such other similar duties for cities, towns and districts within the county, or for the county, as may be mutually agreed upon and contracted for between the Commissioners Court of said county and the governing board, or boards, of such cities, towns and districts; and the cost of such service shall be provided for in said contracts and paid by such county, cities, towns or districts into the Treasury of the county or city, town or district, as provided for in said contract. All such contracts shall be approved by the Attorney General of this State and such contracts shall not cover a period longer than two (2) years.

(d) The Legislature shall have authority, by general law, to provide for complete forms of county government and organizations different from that provided for in this Constitution to become effective in any county when submitted in such manner as may be prescribed by the Legislature to the qualified voters of such county in an election held for such purpose and approved by a majority of the qualified voters voting in said election. Provided, however, that no such law shall impair the right of the Commissioners Court to determine the compensation of county and precinct officers other than the County Auditor, to fix the number of assistants, deputies, and clerical personnel which said officers may employ, nor shall such general law change the present constitutional limitations as to particular and total tax levies for any or all county purposes; nor shall such general law change the present constitutional limitations on counties to incur public debts.

(e) In any and all cases where provisions of the Constitution of this State are in conflict with the provisions of this Amendment (Section 2-A, Article IX) shall control; provided, however, should

any county adopt a Home Rule Charter under authority of any provisions of the State Constitution or Amendment thereto, this Amendment shall not be applicable to such county."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the electors of this State, qualified to vote on Constitutional Amendments, at an election to be held throughout the State on the first Tuesday after the first Monday in November A. D. 1934, at which election each ballot shall have printed thereon the words:

"For the Amendment of Article IX of the State Constitution by adding Section 2-A thereto, giving the Commissioners Court general management and control of county affairs, and authorizing the Legislature to provide more economical forms of county government and different than as now provided by law."

"Against the Amendment of Article IX of the State Constitution by adding Section 2-A thereto, giving the Commissioners Court general management and control of county affairs, and authorizing the Legislature to provide more economical forms of county government, and different than as now provided by law."

Each voter shall scratch out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting for or against said proposed amendment.

A true copy. W. W. HEATH, SECRETARY OF STATE.

SENATE JOINT RESOLUTION NO. 13

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 3 of Article VIII of the Constitution of the State of Texas be so amended as to hereinafter read as follows:

"Section 3. Taxes shall be levied and collected by general laws and for public purposes only; and the total amount of revenue which the State shall be authorized to collect during such biennium from taxes, licenses, permits and fees, (except fees paid by students to state educational institutions, and except rentals, bonuses and royalties obtained from public lands and other public property) shall not exceed a sum reasonably estimated to equal the product obtained by multiplying the number of the inhabitants of this State by the sum of Twenty-two and 50/100 (\$22.50) Dollars; provided, however, the total amount of such revenue which may be so collected, shall be reduced by the amount of any surplus funds or unexpended appropriations remaining at the close of the preceding biennium. The expenditures of the State government of funds derived from the sources above referred to shall never exceed during any biennium, a sum equal to the product obtained by multiplying the number of inhabitants of this State by the sum of Twenty-two and 50/100 (\$22.50) Dollars, provided however, that the population of the State (in determining the amount of revenue which may be collected from taxes, licenses, permits and fees or expended from the revenue thus obtained) shall be determined by the then last preceding Federal census, to which population shall be added or deducted, as the case may be, for each year that has lapsed since the last preceding Federal census, the average yearly increase or decrease of the population as shown by said Federal census when compared with the Federal census which immediately preceded said last Federal census. Provided, further, that in case of war, riots, or insurrection, or a statewide calamity caused by earthquake, fire, flood or an epidemic which seriously threatens the health of the citizens of this State, the Legislature shall have authority, by a two-thirds vote of both Houses, to suspend for a definite period this constitutional limitation as to the amount of money which may be collected and expended during the biennium."

Section 2. The foregoing Constitutional Amendment shall be submitted to the electors of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, A. D. 1934, at which election each ballot shall have printed the words:

"For the Amendment of Section 3 of Article VIII of the State Constitution providing for the levying and collection of taxes and fixing the maximum amount thereof which can be collected and expended each biennium."

"Against the Amendment of Section 3 of Article VIII of the State Constitution providing for the levying and collection of taxes and fixing the maximum amount thereof which can be collected and expended each biennium."

"Against the Amendment of Section 3 of Article VIII of the State Constitution providing for the levying and collection of taxes and fixing the maximum amount thereof which can be collected and expended each biennium."

Each voter shall scratch out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting for or against said proposed amendment.

A true copy. W. W. HEATH, SECRETARY OF STATE.

SENATE JOINT RESOLUTION NO. 21

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1 of Article 9 of the Constitution of the State of Texas, be amended so as to hereafter read as follows:

"Section 1. The Legislature shall have the power to create counties for the convenience of the people subject to the following provisions:

First. In the territory of the State exterior to all counties now existing, no new counties shall be created with a less area than nine hundred square miles, in a square form, unless prevented by the pre-existing boundary lines. Should the state lines render this impracticable in border counties, the area may be less. The territory referred to may, at any time, in whole or in part, be divided into counties in advance of population and attached, for judicial and land surveying purposes, to the most convenient organized county or counties.

Second. Within the territory of any county or counties now existing, the Legislature may by a two-thirds vote of both Houses, create new counties, combine existing counties and parts of counties and abolish existing counties and change county boundaries at will, provided that no new county shall be created with an area not less than 900 square miles nor shall any existing county be reduced in area so as to contain less than nine hundred square miles, unless such new county or such remaining county, and both shall have a population of not less than fifty thousand and according to the last United States census prior to the date of the creation or change of such county. When any part of a county is stricken off and attached to, or created into another county, the part stricken off shall be holden for and obliged to pay its proportion of all liabilities then existing, of the county from which it was taken, in such manner as may be prescribed by law.

Third. No part of any existing county shall be detached from it and attached to another existing county until the proposition for such change shall have been submitted in such a manner as may be provided by law, to a vote of the electors of both counties and shall have received a majority of those voting on the question in each."

Section 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1934. At this election all voters favoring said proposed amendment shall write or have printed in that ballot the words:

"For the amendment to Section 1 of Article 9 of the Constitution of Texas, providing that the Legislature may by a two-thirds vote of both Houses create new counties and change the boundaries of existing counties."

Those voters opposing said proposed amendment shall write, or have printed on their ballot the words:

"Against the amendment to Section 1 of Article 9 of the Constitution of Texas, providing that the Legislature may by a two-thirds vote of both Houses create new counties and change the boundaries of existing counties."

A true copy. W. W. HEATH, SECRETARY OF STATE.

HOUSE JOINT RESOLUTION NO. 30

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 16, Article VII of the Constitution of the State of Texas be amended so as to hereinafter read as follows:

"Section 16. All land mentioned in Sections 11, 12 and 15 of Article VII of the Constitution of the State of Texas, now belonging to the University of Texas shall be subject to the taxation for county and school district purposes to the

same extent as lands privately owned; provided they shall be rendered for taxation upon the values fixed by the State Tax Board and that the values fixed for school district purposes shall not exceed the values fixed for county purposes on the same land; and provided that the University of Texas from the University Available Fund, shall remit annually to each of the counties and school districts in which said lands are located an amount equal to the tax imposed upon said land for county and school district purposes."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at the next general election at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the Amendment to the Constitution of the State of Texas subjecting the lands of the University of Texas to taxation for county and school purposes, and providing for the payment of said taxes to the proper authorities of the counties and school districts where said lands are located," and all those opposed shall write or have printed on their ballots the words "Against the Amendment to the Constitution of the State of Texas subjecting the lands of the University of Texas to taxation for county and school district purposes, and providing for the payment of said taxes to the proper authorities of the counties and school districts where said lands are located."

A true copy. W. W. HEATH, SECRETARY OF STATE.

HOUSE JOINT RESOLUTION NO. 41

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 5, of Article XI, of the Constitution of Texas, be amended so as to hereafter read as follows:

"Section 5. Cities having more than five thousand (5000) inhabitants may, by a majority vote of the qualified voters of said city, at an election held for that purpose, adopt or amend their charters, subject to such limitations as may be prescribed by the Legislature, and providing that no charter or any ordinance passed under said charter shall contain any provision inconsistent with the Constitution of the State, or of the general laws enacted by the Legislature of this State; said cities may levy, assess and collect such taxes as may be authorized by law or by their charters; but no tax for any purpose shall ever be lawful for any one year, which shall exceed two and one-half per cent (2 1/2) of the taxable property of such city, and no debt shall ever be created by any city, unless at the same time provisions be made to assess and collect annually a sufficient sum to pay the interest thereon and creating a sinking fund for at least two per cent (2) thereon; provided further, that no city charter shall be altered, amended or repealed oftener than every twelve (12) months."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at the next general election, to be held on the first Tuesday after the first Monday in November, 1934; at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words: "For the Amendment to the Constitution of the State of Texas permitting any Home Rule City to alter, amend or repeal its charter every twelve (12) months;" and those opposed shall write or have printed on their ballots the words, "Against the Amendment to the Constitution of the State of Texas permitting any Home Rule City to alter, amend or repeal its charter every twelve (12) months."

A true copy. W. W. HEATH, SECRETARY OF STATE.

SENATE JOINT RESOLUTION NO. 16

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1 of Article 8 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

Section 1. TAXATION TO BE EQUAL AND UNIFORM AS TO REAL ESTATE AND TO BE EQUAL AND UNIFORM AS TO ALL REASONABLE CLASSIFICATIONS OF PROPERTY; AND OCCUPATION AND INCOME TAXES; EXEMPTIONS; LIMITATIONS UPON COUNTIES, CITIES, ETC.

"Taxation of real property shall be equal and uniform. All property

in this State, whether owned by natural persons or corporations, other than municipal, shall be taxed in proportion to its value, which shall be ascertained as may be provided by law. The Legislature may by general laws make reasonable classifications of all property other than real property for the purpose of taxation, and may impose different rates thereon; provided that the taxation of all property in any class shall be equal and uniform. The Legislature may impose a poll tax. It may also impose occupation taxes, both upon natural persons and upon corporations, other than municipal, doing business in this State. It may also tax incomes of both natural persons and corporations other than municipal, except that persons engaged in mechanical and agricultural pursuits shall never be required to pay an occupation tax; provided that Two Hundred Fifty (\$250.00) Dollars worth of household and kitchen furniture, belonging to each family in the State, shall be exempt from taxation, and provided further that the occupation tax levied by any county, city or town for any year on persons or corporations pursuing any profession or business, shall not exceed one-half of the tax levied by the State for the same period of such profession or business."

Section 2. The foregoing amendment to the Constitution of Texas shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1934. At this election, all voters favoring said amendment shall write, or have printed, on their ballots the words:

"For the Amendment to the Constitution of the State of Texas providing that taxation of real property shall be equal and uniform; and that all property in this State, other than that owned by municipal corporations, shall be taxed in proportion to its value as ascertained as may be provided by law; and providing that the Legislature may make reasonable classifications of all property, other than real property, for the purpose of taxation; and that the taxation of all property in any class shall be equal and uniform; and providing further that the Legislature may impose poll tax and occupation tax and income tax and exempting from occupation tax persons engaged in mechanical and agricultural pursuits; and exempting from taxation Two Hundred Fifty (\$250.00) Dollars worth of household and kitchen furniture belonging to each family; and providing that the occupation tax levied by any county, city or town shall not exceed one-half that levied by the State for the same period."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of the State of Texas providing that taxation of real property shall be equal and uniform; and that all property in this State, other than that owned by municipal corporations shall be taxed in proportion to its value as ascertained as may be provided by law; and providing that the Legislature may make reasonable classifications of all property, other than real property, for the purpose of taxation; and that the taxation of all property in any class shall be equal and uniform; and providing further that the Legislature

may impose poll tax and occupation tax and income tax, and exempting from occupation tax persons engaged in mechanical and agricultural pursuits; exempting from taxation Two Hundred Fifty (\$250.00) Dollars worth of household and kitchen furniture belonging to each family, and providing that the occupation tax levied by any county, city or town shall not exceed one-half that levied by the State for the same period."

INDIAN BRAVES PROVE ABILITY WITH ROMPERS

The sewing machine may be the white woman's own, but Navajo Indian braves like them so well they won't let their squaws use them to sew papoose rompers.

When Indian service home demonstrators showed squaws at Chin Lee how to cut babies rompers from a pattern, the braves seized the scissors and sewing machines and turned seamstresses.

The pattern was drawn in the sand and the braves literally covered the demonstration field, Dr. Jay B. Nash, director of Indian conservation work, said.

Turning to sewing together pieces of cloth, the women were allowed to operate the sewing machines until the men could stand it no longer and their impatience to get at the "pedal pusher" relegated the women to the background. The tribes men wound up the demonstration by busily running seams in papoose rompers, and Nash added "they did a remarkably good job too."—The Earth (Magazine).

HOUSE JOINT RESOLUTION NO. 42

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 30, Article 16 of the Constitution of Texas be amended so as to hereafter read as follows:

"Section 30. The duration of all offices not fixed by this Constitution shall never exceed two (2) years, except that the elected officials of a city that has adopted and amended its Charter as provided in Section 5, Article XI of the Constitution of Texas may, by amendment to such city's charter, hold office not to exceed four (4) years; provided, that when a Railroad Commission is created by law it shall be composed of three (3) Commissioners who shall be elected by the people at a general election for State officers, and their term of office shall be six (6) years; provided, Railroad Commissioners first elected after this Amendment goes into effect shall hold office as follows: One shall serve two (2) years, and one four (4) years and one six (6) years; their terms to be decided by lot immediately after they shall have qualified. And one Railroad Commissioner shall be elected every two (2) years thereafter. In case of vacancy in said office the Governor of the State shall fill said vacancy by appointment until the next General Election."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State on the next General election to be held on the first Tuesday after the first Monday in November, 1934, at which election all voters favoring such proposed amendment shall write or have printed on their ballot the words, "For the Amendment to the Constitution of the State of Texas permitting Home Rule Cities to so amend their charters that the elected officials of such cities may hold office not to exceed four (4) years," and those opposed shall write or have printed on their ballots the words, "Against the Amendment to the Constitution of the State of Texas permitting Home Rule Cities to so amend their charters that the elected officials of such cities may hold office not to exceed four (4) years."

A true copy.
W. W. HEATH,
SECRETARY OF STATE.

SENATE JOINT RESOLUTION NO. 2

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas, Article 16, be amended by adding thereto another Section, Section 61, which shall read as follows:

"Section 61. All district officers in the State and all county officers in counties having a population of twenty thousand (20,000), or more, according to the then last preceding Federal census, shall hereafter be compensated on a salary basis. In all counties of this State the Commissioners' Court shall be authorized to determine whether precinct officers shall be compensated on a fee basis or on a salary basis; and in counties having a population of less than twenty thousand (20,000) according to the then last preceding Federal census, the Commissioners' Court shall also have the authority to determine whether county officers shall be compensated on a fee basis or on a salary basis. All fees earned by district, county or precinct officers shall be paid into the County Treasury where earned, for the account of the proper fund, provided that fees incurred by the State, county and any municipality, or in case where pauper's oath is filed, shall be paid to the County Treasury, when collected, and provided that where any officer is compensated wholly on a fee basis, such fees may be retained by such officer, or paid into the Treasury of the county as the Commissioners' Court may direct. All Notaries Public, County Surveyors and Public Weighers shall continue to be compensated on a fee basis."

Section 2. The foregoing Constitutional amendment shall be submitted to vote of the qualified voters of this State and the next general election to be held on Tuesday, after the first Monday in November, A. D. 1934, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas adding Section 61 to Article XVI, abolishing the fee system of compensating all district officers and all county officers in counties

TO THE MEMORY OF FRED BERGER

Died at Sonora, Texas, Thursday, July 26, 1934

WHEREAS, it has seemed good to the Almighty Disposer of events to remove from our midst our late worthy and esteemed Brother, Fred Berger; and,

WHEREAS, the intimate relations long held by the deceased with the Brethren of this Lodge of Ancient, Free and Accepted Masons render it proper that we should place upon record our appreciation of his services as a Brother, and his merit as a man; therefore:

RESOLVED, that we deplore the loss of our Brother Fred Berger with deep feeling of regret, softened only by the confident hope that his spirit is with those who, having fought the good fight here, are enjoying perfect happiness in the better world.

RESOLVED, that we tender to his beloved relatives our sincere condolence and our earnest sympathy in their affliction of the loss of one who was a good citizen, a devoted husband, friend and dutiful uncle, and an upright man.

RESOLVED, that in the death of Brother Fred Berger, Dee Ora Lodge No. 715; A. F. & A. M., has lost one of its most faithful members and the Masonic bodies at large a friend; the wife and nephew a devoted husband and uncle; and the community in which he lived an honest man.

RESOLVED, that a copy of the foregoing resolutions, signed by the Worshipful Master and certified by the Secretary, be transmitted to the relatives of the deceased, and also spread upon the minutes of Dee Ora Lodge Number 715; A. F. & A. M., Sonora, Texas, and a copy furnished the press.

TWO-A-DAY HEN NOT BOTHERED BY A CODE

An egg is a full day's work for a hen—usually. But it is only half a day's work for a Rhode Island Red hen owned by J. T. Wilhide, of 146 5th street, Las Animas, Colorado.

Mr. Wilhide has ten hens—nine Leghorns and the one Rhode Island Red. The Leghorns have been laying nine eggs a day for some time, while the Rhode Island hen devoted her time to mothering 27 chicks. She tired of that job and started laying eggs. Recently she laid two eggs and again, next day, she laid two eggs.

No other chickens have access to the pen and there is no question but that two eggs are being laid by the Rhode Island Red hen. The eggs are brown, while the Leghorn eggs are white.—Bent County (Colo.) Democrat.

North Dakota survived the Non-partisan League and will recover, we suppose, from its present Langering illness.—St. Louis Post-Dispatch.

If it's printing, see the NEWS.

having a population of twenty thousand (20,000) or more; and authorizing the Commissioners' Court to determine whether County officers in counties containing less than twenty thousand (20,000) population shall be compensated on a fee basis or a salary basis; and authorizing the Commissioners' Court in all counties of this State to determine whether precinct officers shall be compensated on a fee or a salary basis."

"Against the Amendment to the Constitution of the State of Texas adding Section 61 to Article XVI, abolishing the fee system of compensating all district officers and all county officers in counties having a population of twenty thousand (20,000) or more; and authorizing the Commissioners' Court to determine whether county officers in counties containing less than twenty thousand (20,000) population shall be compensated on a fee basis or a salary basis; and authorizing the Commissioners' Court in all counties of this State to determine whether precinct officers shall be compensated on a fee or a salary basis."

Each voter shall scratch out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting for or against said proposed amendment.

BRONC RIDER RECALLS RANCH DAYS NEAR HERE

Startling changes in the appearance of Sonora were noted Tuesday by J. E. (Jake) Gardenhira of Lufkin, Angelina county, Texas, who was on his way to Hobbs, N. M.

Mr. Gardenhira, who had not been here for twenty-five years, recalled that he learned to ride bronchos on the Doc Simmons

Ranch. Since then, Mr. Gardenhira says, he has ridden in rodeos in many sections of the United States. After his work on the Simmons ranch he was employed by Willis Johnson on the Door-Key Ranch.

WORLD'S LOWEST PRICE FOR A SIX

CHEVROLET PRICES HAVE BEEN REDUCED AS MUCH AS

\$50

Drive it only 5 miles and you'll never be satisfied with any other low-priced car.

The exceptional popularity which Chevrolet has enjoyed for many years has naturally had its effect on Chevrolet prices. Large sales have enabled Chevrolet to maintain consistently low purchase prices, which were recently lowered even further. As a result Chevrolet now offers you the lowest priced six-cylinder automobile obtainable—a big, comfortable car with Fisher Body styling and refinement—safe, weatherproof, cable-controlled brakes—the smoothness and economy of a valve-in-head, six-cylinder engine—and typical Chevrolet dependability. In offering this car, and the Master models, at substantially lower prices, Chevrolet hopes to repay the motoring public in some measure, for consistently placing Chevrolet so high in public favor.

AMERICANS EXEMPLIFY INVENTIVE GENIUS

American ingenuity reigns supreme whether necessity is or is not the mother of invention. Some notices the need for some particular object or better way of doing something. Presto! A thought, probably many hours of thought, a new gadget is created and the work is made easier.

Parents who observe in their children a tendency to design this, that or the other thing should encourage them to proceed with their ideas and bring them to fruition. Their minds may be particularly adapted to the mechanical rather than to the arts in which so many parents want their children to be interested.

The world is every ready for the better method or device for doing things and the person who can produce that plan or object has an opportunity of standing out from his fellows in a way that will please those who were wise enough to give a word of encouragement when it was most helpful.

'The Devil's Dream'

RING THE BELLS

Barrymore's imitation of the tinkle of a doorbell, in "Twentieth Century," reminds us that the bell has a history all its own.

Besides their use in churches, bells are employed for various purposes, the most common being to summon attendants or domestics in private houses, hotels and offices.

The Egyptians and Israelites used a crude form of bells, and it is known that bells of considerable size were in early use in China and Japan, and that the Greeks and Romans also employed them for various purposes.

One form used in ancient Egypt and Greece, was known as the crotal. Bells are said to have been first introduced into Christian churches about 400 A. D. in Campania.

Until the thirteenth century bells were of comparatively small size, but after the casting of the Jacqueline of Paris (6½ tons) in 1400, their weight rapidly increased. Some of the earlier bells weighed from 6 to 31 tons, and one cast in 1819 tipped the scales at 80 tons. The largest bell in America weighs 13½ tons.

Two-Gun Ike says the sweetest music he ever heard was that produced by the pot-hooks coming in contact with an old ploughshare at about 11:30 on a summer's day, while he laboriously raked the Johnson grass hay. "But," adds Mr. Ike, "even the bray of a jackass could answer the same purpose on such an occasion."

Giles P. Hill Road

work Thursday. O. W. Rankhorn was employed to stop up bat holes in the building. The work is preparatory to painting at some future time.

Estimates are to be received this week by the commissioners on the cost of repairs on the county jail building that will prevent the escape of prisoners of the sheriff. Alvis Johnson, county judge, pointed out Thursday that the stone work of the building was good but that a mortar made of sand and lime had been used. It is said that damage may be done to the walls of the building with the use of a pencil or any small instrument of that type.

Judge Johnson said that to put it in fairly good condition would require the expenditure of \$1500 to \$2000. A new jail building would probably cost in the neighborhood of \$12,000. At this time it is planned only to repair and patch the building so that it may be used somewhat more successfully than it has been in recent months.

Carl Runge For Congress

Carl Runge, former District Judge, led the ticket in the July Primary, receiving 19,108 votes to his present opponent's 16,957.

VOTE FOR Carl Runge

The Winner on August 25 (Political Adv.)

"Rough and Tumble"
 (Continued from page 1)

million homes needed and said that he favored any program that will help the working man.

"It is up to you and me to see that our next congressman supports such measures," Mr. Runge said. "If elected I will do my part for I stand for that type of things."

Tells of Opponent's Public Life

His opponent, according to Mr. Runge, has been "on the public payroll" for twenty years and "has not scrapped for his daily bread." By way of contrast, Mr. Runge pointed out that he had never run for public office, that he was not a professional politician and that when he held public office he was either appointed or his name "written in."

"An age old cry" was the candidate's term for his opponent's support of a "re-distribution of wealth" theory. "Socialism as straight as can be" was further description used. Equal shares of the total wealth would result, Mr. Runge declared, and some would have theirs but a short time and distribution would be needed again.

Mr. South's argument that he would restrict only the extremely wealthy was answered, Mr. Runge said, by existing inheritance and income taxes. His opponent's favoring of the limiting or abolishing of tax-exempt securities he termed as "inconsistent" with his ideas on "socialism." Taxes, he said, would have to be raised to take the place of those lost on the securities.

Ignore Last Minute "Tales"

Wild stories and rumors which may be told during the last few days or weeks of the campaign should not be considered by electors, according to Mr. Runge. Many descriptions of him and his policies have been broadcast, he said. Confident of his victory a week from tomorrow Mr. Runge said:

"We are going to win this election in a nice way."

"Ring some bells for Runge. I want to hear them on the 25th of August just as I did on the 28th of July."

HILL COUNTRY FIREMEN TO HAVE YEARLY MEETING

Eight or ten members of the Sonora Fire Department are planning to attend the annual meeting of the Hill Country Firemen's Association at Santa Anna next Tuesday, according to Floyd Dungan, chief of the organization.

A notice to Sonora men who are members of the department was received Wednesday from John M. Hankins of Junction, secretary-treasurer. G. E. Dalton of Coleman is president and Ed Jansen of Miles, second vice-president. West Texas towns whose departments make up the organization are: Ballinger, Brady, Coleman, Eden, Junction, Mason, Menard, Miles, San Angelo, Santa Anna, Sonora, Winters.

WIFE OF FORMER ELDORADO MINISTER THROUGH SONORA

Mrs. W. Bristow Gray of El Paso was in Sonora Tuesday morning for a few minutes on her way to Kerrville to attend a conference of the Woman's Synodical of the Southern Presbyterian Church in Texas. Mrs. Gray is the wife of Dr. Gray who was formerly pastor of a church in Eldorado. He has spoken in churches here and is known by many Sonora people.

Mrs. Gray is president of the El Paso Presbyterian. She was accompanied by Mr. and Mrs. S. A. Larson of El Paso.

Austrian politics move in jazz time, despite all those Viennese waltzes.—Chicago Evening News.

Eldorado Players Defeated by Sonora

Junction Players Said to Believe They May Do Well Here

Rumors on the streets this week were that Junction softball players believed themselves capable of taking on Sonora players. No game has been scheduled but it is believed one will be arranged soon.

Eldorado softball players were beaten in two games Sunday afternoon with Sonora All Stars by scores of 13 to 2 and 5 to 3.

In the first game a 2-base hit was made by Cash Taylor, two 3-base hits by John Fields and a home run by Sam Allison. Carr and Allison, pitchers for Eldorado and Sonora, respectively, walked one man each. The condensed score of the game was:

	R	H	E
Eldorado	000	110	0 2 4 4
Sonora	037	012	— 13 13 4

In the other game Lancaster struck out three men. Both he and Carr walked one man. The condensed score of the second game was:

	R	H	E
Sonora	000	410	0 5 7 2
Eldorado	012	000	0 3 4 2

College Department Cans Meat

College Station, Aug. 16.—Between seventy and eighty head of cattle are being killed, chilled and boned daily in the Texas A. & M. college animal husbandry department's meat laboratory as part of the federal government's drouth program in the state. The meat is being canned in the Texas Relief Commission's canning plant in Bryan.

Friends Carry On For Congressional Candidate South

Candidate from Coleman County Stresses Stand on Tariff, Rehabilitation, Wealth Theory

San Angelo, Aug. 17.—While Charles L. South of Coleman is carrying on his vigorous speaking campaign for congress, his friends in many sections of the 21st district are also working for him. Making three to four addresses daily, Judge South stresses his program for relief, distribution of wealth and his stand for a protective tariff.

"I believe our government should use such lands as it now owns, where same is suitable, and acquire such additional lands as may be necessary, for rehabilitating the millions of people who have been forced into every village, town and city throughout this nation where they are receiving government relief," Mr. South says. "This land could be sold these people at a fair price, and a low rate of interest charged, thereby giving them a chance again to become self-supporting and self-reliant citizens."

"If the great livestock industry in the southwest, of which our district is a part, is to survive, we must have a protective tariff, I am, therefore, unqualifiedly in favor of a continuation of this law," Mr. South asserts.

San Angelo supporters of this candidate have opened a South headquarters while South-for-Congress clubs have been formed both there and in Del Rio. L. J. Wardlaw, Del Rio, West Texas ranchman, will make an address for Mr. South at Ballinger tomorrow night. Large delegations from Coleman, Brown and Tom Green counties will attend the rally.

Highway and Lions
 (Continued from page 1)

repairs and was engaged in the center of attention for the day for its players raced around the base lines sixteen times to defeat the Counter Hoppers by a score of 16 to 1. Scorekeeper Chalk's record shows: Earned runs: Counter Hoppers, 1; Highway, 4. Strike-outs: Lancaster, 6; Smith 2.

The next day the Independents defeated the Lions team, which seems to be fast firmly in cellar position, by a score of 8 to 3. Eleven hits were made by the Independents and seven by the Lions. Records show: Strike-outs: Babcock, 1; Aldwell, 2. Base on balls: Babcock, 0; Aldwell, 1.

Counter Hoppers "Click" Monday

The Lions made only two runs Monday evening while the Counter Hoppers were making three. Cash Taylor's 2-base hit was of value but could not produce victory for the Lions. Tabulation of the day's play: Earned runs: Counter Hoppers, 1; Lions, 1. Strike-outs: Lancaster 5; Carroll 1. Base on balls: Lancaster 1; Carroll 1. Final score: Lions 2, Counter Hoppers 3.

Eight hits were secured by the Independents Tuesday while their opponents, the Highway players, were finding the ball for four blows. The Independents won by a score of 6 to 2. Strike-outs: Allison 3; Smith 1. Bases on balls: Allison 2; Smith 1.

STYLE TRENDS IN DALLAS OBSERVED BY F. J. WOOD

F. J. Wood, owner of City Variety Store, returned Wednesday night from Dallas where he purchased fall merchandise for his store here and in Big Lake. He was accompanied to Sonora by Grover Pool, manager of the Big Lake store. The two left for Big Lake Thursday.

While in Dallas Mr. Wood at-

tended the annual style show conducted by Dallas organizations for the benefit of merchants who do their buying in that city. Among the style trends noted by Mr. Wood were: Browns predominate for the fall season in shoes. In women's apparel popularity is forecast for jackets with swagger effect. Rough tweeds with patches of fur trimming are to be "the thing" in ladies' coats.

Miss Pauline Turney was hostess at a barbecue supper Monday night at the ranch where about fifty guests enjoyed dancing and bridge after the outdoor feast.

Guests included: Messrs. and Mesdames Jap Holman, Thomas Espy, Paul Turney, Ben L. Wheat, Mrs. Homer Holman of Del Rio and Mrs. Nannie Wheat.

The Misses Dorothy Penick, Alice Sawyer, Clovis Neal, Harva Jones, Margaret Burns of Yoakum, Ona Stribling of Llano, Nina Roueche, Ches Thorp.

Bobbie Halbert, Wilma Hutcherson, Zella Lee Thorp, Dorothy Baker, Lilly Marie Smith, Rhesa Sawyer, Jamie Gardner, Annette and Marilan Holman of Del Rio.

Messrs. Harold Friess, Lem Eriel Johnson, Howard Espy, Marvin Smith, Pat Cooper, Charles Harold Evans, Cleveland Jones, Jack Pfister.

Lea Roy Aldwell, Henry Greenhill, V. J. Glascock, Willie B. Wilson, Lem Atmar of San Antonio, Edwin Sawyer.

Jack Turney, Herbert Fields, Troy White, Lacey Smith, Edgar Glascock, Harold Turney Espy and Danny Friess.

**Just-Us Club
Guests of Mrs.**

W. C. Warren Monday

Entertaining four tables of guests and members of the Just-Us Club, Mrs. W. C. Warren was hostess at bridge Monday afternoon at her home.

Mrs. Hix Hall won high guest award, Mrs. R. A. Halbert high club and Mrs. J. H. Brasher high cut award.

Guests: Mesdames F. J. Wood, Andrew Moore, Hix Hall, W. D. Wallace, Earl Lomax, Della Drago of Rocksprings.

Edmund Heinze, B. W. Hutcherson, Josie McDonald, E. E. Sawyer, and J. H. Brasher.

Members: Mesdames Libb Wallace, W. S. Evans, Russell Long, James D. Wilson and R. A. Halbert.

The hostess served an attractive salad plate with wafers and iced tea. Angel food cake was topped with whipped cream and cherries.

Mrs. Luella O'Leary and daughters, Pat and Edith, of San Antonio are visiting here this week. Mrs. O'Leary is a sister of Dee Word and has ranch interests in this section.

**Mrs. L. C. Partin
Party Honoree at
Station B Monday**

Mesdames Harold Bahan, Clyde Barnard and Amos Floyd all of Station B were hostesses at the Floyd home Monday of last week honoring Mrs. L. C. Partin.

The color scheme of pink and white was carried out in the refreshments of angel food cake and ice cream.

Winners of the prizes in contests during the afternoon were Mesdames Carl Gardner, S. S. Bundy, and Hartley Brown.

Guests were: Mesdames W. P. McConnell, jr., A. F. Davidson, Carl Gardner, R. C. Callan, A. G. Lee, Maggie Cunningham, Hartley Brown, Russell Rambo, Sevier of Junction and Miss Reba Callan.

**B. Y. P. U. Gives
Party Friday
Night at Church**

The Baptist Young People's Union entertained with a party Friday night in the basement of the Baptist Church.

After games were played, sandwiches and lemonade were served to the following:

The Misses Viba Holland, Edith McGhee, Audrey Rankhorn, Mabel Fax of Junction, Violet Drennan, Ella Mae Barnes, Beryl Dean Persons, Ruth Freeman.

Messrs. Lavelle Meckel, Pete Taylor, Junior Brasher and Zerl Holland, and Mr. and Mrs. George Barrow.

**Two-Bit Club
Entertained by
Miss Zella Thorp**

Miss Zella Lee Thorp was hostess to the Two-Bit Club Thursday morning at 8:30 at her home.

High club award was won by Mrs. Edmond Heinze, low club by Mrs. Otis Murray, and high guest award by Miss Lyda Archer.

The hostess served cake and orangeade to Mesdames George D. Chalk, Edmond Heinze, Otis Murray, Hilton Turney, A. P. Prater and the Misses Muriel Simmons, Faye James, members, and Miss Lyda Archer, guest.

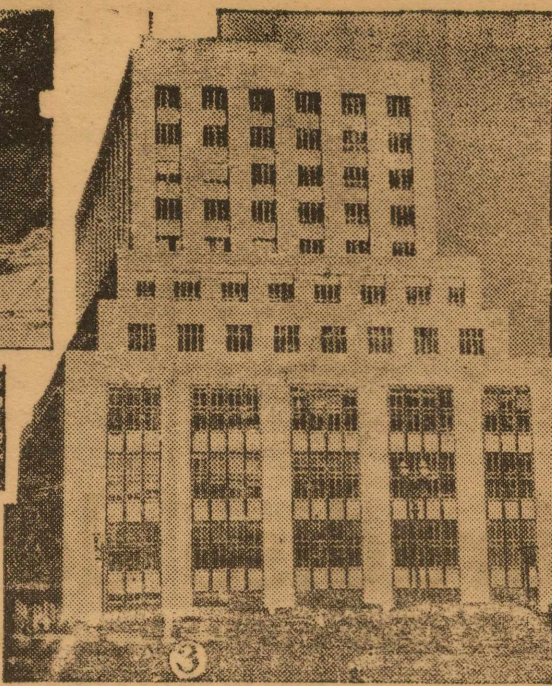

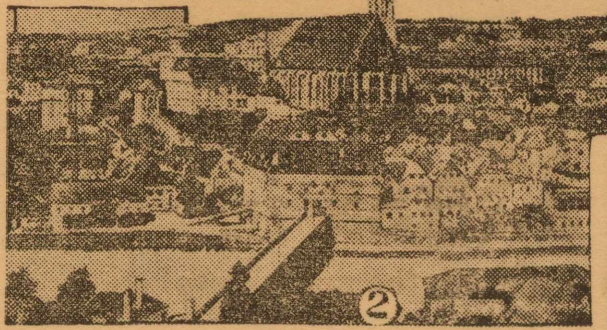

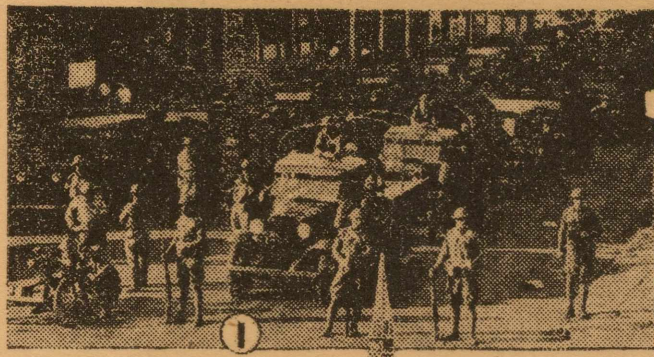

**GROUP LEAVES WEDNESDAY
FOR TRIP THROUGH EAST**

Miss Nan Karnes left Wednesday afternoon for an extended trip in the eastern United States. She was accompanied by Mrs. Frank Friend and daughters, Mrs. Redman Hume of Dallas and Miss Ponk Friend of San Angelo and Miss Marianna Hood of Emery.

From San Angelo the party went to Chicago to attend A Century of Progress Exposition. They will motor through Canada and after a stay in New York City they are planning to travel down the Atlantic sea coast to Miami, Fla., and through the southern states. They expect to be away about three weeks.

**Self-Reliance for
Children Produced
in Backyard Play**

**Cooking for Selves May Be Done
With Left-Overs and Staple
Food Articles**

Denton, Aug. 16.—Summer vacation makes many demands on the mother to provide worth while activities for the children. Why not have them plan a picnic ground in the back yard?

Let them plan the picnic menu and provide the necessary paraphernalia for cooking and serving supper outdoors. A camp stove made of bricks or even the Boy Scout campfire offers many possibilities. Baked potatoes or roasting ears can be prepared, or bacon and eggs, fried potatoes, or meat and potatoes, hash from the accumulated left-overs. Fresh fruits and raw vegetables give a chance for them to learn preparation.

Cookies and drop cakes are best to serve picnic style and are easier to make than layer cake, also more wholesome. Let the boys and girls share the planning and work. Let them experiment in order to find out for themselves what the possibilities are.

Ginger Drop Cakes

Cream together 1/2 cup butter and 1/2 cup sugar—brown or white—add 1 cup of molasses to which 1 tsp. of soda has been added. Also 1 egg well beaten. To 2 1/2 cups flour add 1 tsp. ginger, 1 tsp. cinnamon, 1/2 tsp. cloves and 2 level tsp. baking powder. Mix thoroughly and add 1 cup boiling water or enough water to make a drop batter. Bake in well greased muffin pans 25 to 30 minutes in a moderately hot oven.

Small Sponge Cakes

Three eggs, 1 cup sugar, 1 cup flour, 1 tsp. baking powder, 5 tsp. cold water, 1/2 tsp. lemon flavoring. Separate eggs and beat yolks until thick. Add sugar to eggs gradually, beating constantly. Add flour to stiffly beaten egg whites. Combine the two mixtures. Lastly, add flavoring. Mix by folding in, not beating. Bake in muffin tins well greased. Use moderate oven. Time required, 15 to 25 minutes according to the size of the cakes. Turn out onto cake cooler and leave bottom side up until cool.

Cottage cheese for sandwiches is nutritious, palatable and inexpensive. Allow the children to try this recipe: 1 quart thick sour milk, 1/4 tsp. salt—cream or butter warm water. Pour at least two quarts warm water, not hot, into the sour milk. Allow mixture to stand until the curd separates from the whey. Drain the mixture in a cheese cloth, pressing gently until the curd is dry, or you may allow it to drip several hours for a better result. Put curd in a bowl and salt and butter or cream to make it of the right consistency to spread in sandwiches, or it may be made into cheese balls.

Mr. and Mrs. Edward Heinze of Miles were guests in the home of their son, Edmond, and Mrs. Heinze Sunday. Their son, Richard, of Miles, and daughter, Nancy, of San Angelo, and Ray Lanford of San Angelo were also guests of the Heinzes.

**"DUTCH" OHLENBURG TO
MARRY NEXT TUESDAY**

An issue of the San Angelo Standard this week carried the announcement of the engagement of Miss Victoria Jones of Eldorado to A. L. Ohlenburg of Station A. The marriage will take place next Tuesday at the ranch home of Miss Jones' parents, three miles from Eldorado.

Miss Jones is a niece of C. T. Jones of Sonora and was a guest of Miss Harva Jones, her cousin, here recently.

Mr. Ohlenburg, known to many Sonora and Sutton county people as "Dutch" Ohlenburg, is a member of the Station A baseball team and has many friends in this section.

Without doubt, the Sabinas River and Don Martin Lake furnish the greatest bass fishing in the world

Paradise de Bass

A place where the dumbest of dub fishermen can catch too many bass

By DAN BOONE

Field & Stream Magazine has kindly given its permission to the NEWS to reprint this article which appeared in the May issue of that publication. It is believed that the many sportsman readers of the NEWS will enjoy reading of a lake "where anybody can catch bass until they're black in the face."

You've all heard the story of the man who walked up to a sporting-goods show window, took a look at an 8-pound bass reposing therein on a cake of ice, turned to a spectator next to him and gasped, "It's just a d— lie!" Well, that's what you will say about O! Dan's yarn before you are through reading it—and many more returns of the compliment. But, like the bass in the window, this is a truthful story. Also, brothers and possibly sisters, I am bent on staying well inside the truth, if you know what I mean.

In the first place, I am no fisherman. Just a dub, like a couple of billion others who try to catch fish but have poor luck at it. I can catch 'em with live bait; but somehow, when I go out with my casting rod or fly outfit, the natives invariably greet me with the expression: "Oh, but you should have been here yesterday, Mr. Boone. Big ones were hitting so fast it took

the lake, which was some 18,000 square miles or acres or something, and each acre contained an even billion hungry bass. "You just cannot miss," says she. "Nobody ever misses."

So she told me how to go to Laredo via San Antonio and how to get across the border, bonding my car for about five dollars and getting tourists' cards and so forth, all of which is done quite quickly and with little red tape. Then she said it wasn't more than 75 miles from Laredo to Don Martin, and when I got to Don Martin the rest was like falling off a log and twice as easy as shooting fish in the Panhandle.

I never had fallen off a log or shot fish in the Panhandle, but I had heard the expressions. Driving 650 miles to catch some bass is driving a long way, and I had no idea of doing it.

But my short fishing trips into sure ground kept going wrong. Fish always were visiting elsewhere the day I called on 'em. And as time went on I became hotter and hotter to catch some fish.

Finally, one evening I went home and asked the misses if she would like to drive to Mexico. Now it doesn't make any difference where I drive; she's always willing. Nev-

want to fish in the lake but in the Sabinas River, ten miles up the highway. As we were equipped for camping, we took the guy's word for it. I was a little reluctant to move on, but I forgot the lake when I saw the Sabinas River—wide, swift-running, clear, cool, with edging pools under low-hanging branches and lagoons which backed up behind sand-bars. Just above the pecan grove, where we anchored, a ten-foot falls made music. Truly a paradise so far as looks went!

Pitching Camp Comes First

It was about five bells in the P. M. when we arrived. As is my custom, I stretched my tarp to a lovely pecan tree and made camp before I wet a line. I was hot as a firecracker, but I have enough Boone in me to get all set before shooting that b'r.

I had been told that the Mexican variety of bass didn't care for dry flies; so I elected to tackle 'em with a casting rod. When I had camp made, I hooked on a wiggler, having been told to stick to sinking baits. Ordinarily I'm enough of a fisherman to use one-hook lures.

Stepping to the edge of the river, which was broad, shallow and clear, I picked a spot near some backwater and let fly. I got out a nice cast in the swift water and pulled

old baits which had accumulated and which never had caught a fish before.

I made what mackerel fishermen call a hootie, by tying white strings around the hook; I even made a lure by putting a white rag on a sinker above a hook; I took a small penknife which had a ring on either end and made a lure of it. All of them caught fish.

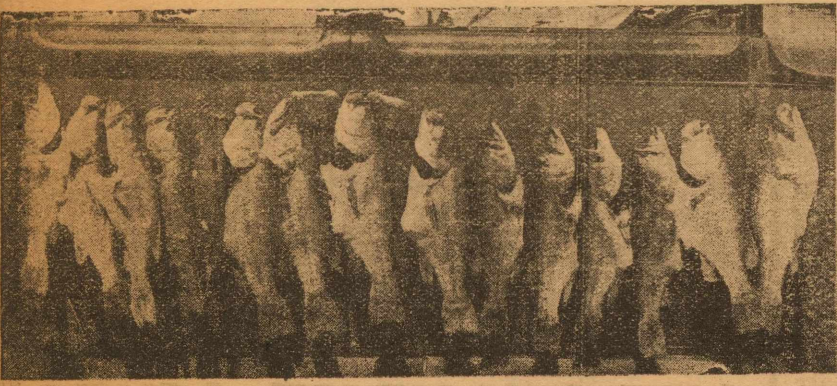

In my box I found an old trolling spoon, half black and half white. I tied this on a throw line and threw it out like kids used to do, and caught four fish in ten minutes. I had filed the barbs off my hooks and was handling the fish by the under lip, unhooking them carefully and returning them to the water.

The bass were all vicious fighters and ranged in size from 1½ to 5½ or 6 pounds. The larger ones were caught in pools at the foot of swift runs along high banks. Some of the larger ones were as hard to handle as tarpon on light tackle. They would get in the swift water and fight like mules.

By ten the next morning we were all fed up on fishing. We had kept only a decent limit—just what we wanted to eat—but had caught many scores, all of which had been handled carefully and returned in good shape to the water. And right here I want to pause long enough to say that folks who go to Don Martin are fed up fast and leave. But they don't get 200 miles away before they pine to go back. Mom wanted to go to Monterrey, anyhow; so we packed up.

Second Trip Successful

Long before dark we were there. Monterrey offers an extra inducement in going to Don Martin. The highway is paved from Laredo to Monterrey, and there's a gravel road from Don Martin to the National Highway, 80 miles or so.

Don Martin Dam was built to make electricity—and it produced bass. There is no creel limit, but the accompanying picture shows when the Boone family quit.

two men and a boy to take 'em off the hook as fast as you could catch 'em."

And I always ask politely, "Where are they today, pritheer?" The only reply I get is a shrug. They just aren't hittin' on the day I go, that's all.

Doubts Caller's Story
As would be expected, some of this fisherman's luck crept into my daily column in the newspaper. One memorable day a sweet-voiced female informed me over the phone that she had found a place where even I could catch bass. Naturally, I didn't call her a durned liar, but I had some such thought, because so many disappointments had camped on my trail that I was very, very pessimistic. But I politely asked her where this sure spot was.

She said it was at Don Martin Lake in Mexico. "I thought so," says I. "If there is a place where I can catch 'em, it is bound to be 600 miles away." She laughed and told me about

er did I see a woman who was as satisfied in an automobile as she is.

"How come Mexico?" asks she. "Well, there's a place down there where even I can catch bass," says I.

"I don't believe it," says she, laughing lightly as is her wont. "Anyhow," says I, none taken aback. It is said anybody can catch bass until they're black in the face, and it is my duty as a chronicler of things sportive to tell the world one way or the other."

So, on a blithesome day in August, accompanied by my wife and two sons, I set out from Fort Worth and found the roads great to Laredo and fair from there to Don Martin. At Don Martin we busted out upon as beautiful a lake as I had ever seen—it looked like one of the Great Lakes, although I think the water is even more beautiful. You know, a deep blue, greenish water—well, some color or other.

We were informed that we didn't

it back to where the backwater started rolling back.

Wham!
I've hit 'em before on the first cast, but somehow, from just the way this one hit, I knew it was murder. And it was. I caught four bass of about 1½ pounds each in just as long as it took to land 'em. Having a meat cleaver handy, I quit fishing, chopped off their heads and had 'em in the pan in fifteen minutes.

I was in no hurry. I knew they were there and I would get all the fishing I wanted. So why hurry? I would catch 'em at my leisure. My two boys took the same viewpoint, and we had a grand dinner there under the big pecan trees. It had been very hot in the daytime, but before morning we nearly froze to death.

The next day I was fed up by ten o'clock. I kept no record of the fish I caught. Most of the time I experimented. I caught bass with everything in my tackle box—even

Then it's about 100 miles to Monterrey.

Well, I wasn't satisfied. I felt all the time as if I were a bump on a pickle for not taking along my fly rod. By the time I decided to go back to Don Martin, however, I received word that the river was almost dry. This broke my heart. My first trip was in August, 1931. My second in July, 1932. Even the news about the dry river couldn't keep me away.

The report about the river was true. So we had to content ourselves with trolling in the lake. It was pitiful. I employed the same methods I had used in the river—handling the fish only by the lower lip and returning them to the water in good condition. On my first trip from the dock, near the dam, to where we were going to fish alongside an island I caught 57 bass—just on my way fishing. All were put back. I was trolling, and we didn't even stop the boat for 'em.

When we got out among the big ones, we would stop the boat when a bass hit and stage a hot battle. I don't know how many the three of us caught. But we saved only 10 or so big ones. The next day we anchored and, fishing twenty feet deep with cut bait, caught fourteen big channel cats in 40 minutes.

At siesta time, noon, we saw an unbelievable sight. I warned the boatman as he approached a patch of grass about an acre in extent. "Low water," says I.

He grinned. About that time the grass disappeared. "Bass fins," he said.

All at once, some 200 yards ahead of us, hundreds of bass started their daily frolic. I wish I could describe it to you—but I know what you're thinking by now.

My third trip was strictly a fly expedition. In the river, which again was full of water, we caught three on one leader—about a pound or so each. We caught bass weigh-

ing over 4 pounds on small Black Gnats with a small spinner. Big dry flies didn't go so good as the sinking Black Gnat.

Wading Not So Good

On this same lure we caught some sort of perch—buffalo perch, I call them. They have hooks on their noses and are strong as Brahma steers, which they resemble in a vague way. One of the boys had a trout creel. His first fish was one of these perch, and it was so husky that it got out of his hand as he tried to put it in his creel. It weighed at least a pound and a half.

The next day we went around the lake to the mouth of the Salado River. Our guide told us not to wade deep with a fly rod—that any bass we caught in the lake would bust up our tackle. We had only one tip piece left and believed him.

One gentleman from Houston looked on us with great scorn. He had a \$75 fly rod and waded out above his waist, and all he brought back was the handle. He bought us a round of 3.2 or better than night and informed us he was headed to San Antonio to buy himself a flock of new tips and come back and catch that dirty so-and-so. I don't know whether he did or not. But we saw 'em caught up to eight pounds—and they're young mules for strength.

How long will the fish last? They can't last long, although millions of 'em are coming on. They spawn all the year around, I'm told. And the lake is so large, with three rivers pouring fresh mountain water into it and a world of food.

As to accommodations, there is a camp at the dam that can accommodate two score fishermen. They tell me this camp has fifteen kickers in commission now. Farther up the river, there is a hotel that can accommodate a score or so. Kicker boats can also be secured here.

(Continued from page 6)

With all these boats taking hundreds of bass each day, I don't see how the fish can last. Both places have good camp accommodations and are reasonable.

Fishermen who have just returned, however, say there is no apparent decrease in the number of big ones up to seven and eight pounds. Nobody keeps the little ones—they are thrown back, and either get well or are eaten by their brothers and sisters, because I never saw a dead one.

Where did the bass come from originally? Well, the dope down there is that an American railroad engineer by the name of White got a few bass somewhere around San Antonio and hauled 'em down to the Sabinas River in barrels. For many years he had the greatest bass paradise in the world. He died, and the river was fished very little.

With the building of the great dam (a mile long, and 75 feet wide on top and 112 feet high) several years ago, the fishermen found this angler's paradise.

But I am the bird who ought to be shot for spilling the beans publicly. On my first return I wrote a story of my experiences. Since then, thousands of fishermen have gone to Don Martin from all parts of the United States—even from Canada.

Protection for the fish? Well, sporadic efforts have been made to have a limit set, but so far as I know it is all talk. Various promoters have planned clubs and some sort of protection for this, the greatest bass-paradise in the world. But owing to the large amount of red tape involved and the usual unsettled state of politics in Mexico, all of them have fallen through. You poor dubs who always find the fish somewhere else when you go after them can at least dream of a trip to Don Martin, where you catch 'em every day, whether you can fish or not.

Call it a Don Martin Dam lie or

TWO OLD GNUS' NEW GNU MADE NEW GNU NEWS

San Francisco.—George Bistany, superintendent of San Francisco's Fleishhacker zoo, informed the city editor by telephone: "We have some news about the gnu."

"Do you mean it's new news?" asked the city editor.

"Yes," replied Bistany, "new news about the new gnu."

"But all news is new," protested the city editor.

"Oh, we have some old gnu news here," responded Bistany, "but I want to give you some new gnu news about the new gnu that our old gnu have."

"Will you please," pleaded the city editor, "write it and send it in?"

Bistany did and his note said: "I was trying to give you some gnu news about two old gnu that have a baby gnu. Both the old gnu and the baby gnu are doing very well."

U. S. CIVIL SERVICE POSITIONS AVAILABLE

Competitive examinations are to be held soon by the United States Civil Service Commission for the positions of junior biologist, senior biological aide, and assistant leader in predatory animal control. The closing date is September 4. Each position pays \$2000 a year less existent deductions.

A chief economist is also desired by the Bureau of Labor Statistics. The work pays \$5600 a year, less deductions. Acceptable education and experience in labor economics required. The closing date for applications is August 23.

Gen. Hugh Johnson was last reported in Agua Caliente, which translated means "hot water."—Washington Star.

n t, but anybody who ever has been there will inform you that this yarn doesn't tell it all—I didn't dare.

Federal Aid Again Offered to Pupils at U. of Texas

Institution May Offer 651 Jobs to Students Needing Aid in Finances

Austin, August 16.—University of Texas students, along with others enrolled in state-supported educational institutions, will again during 1934-35 receive federal aid amounting to about one-fourth of their school expenses, on the basis of part-time jobs paid for out of federal funds, according to the terms of a new agreement made between the university authorities and the Federal Emergency Relief Administration.

These students, who will be allowed to work 43 hours per month, at 35 cents per hour, will receive not more than \$15.05 per month. All beneficiaries of this agreement must be regularly enrolled in the university before they can be assigned to jobs.

This part-time employment relief project is the same as that under which approximately 600 students last spring were enabled to continue their studies. Each student obtaining relief must be dependent upon additional employment in order to enter the university or continue as a student.

Each institution benefitting from the terms of this relief program is permitted to give part-time employment to 12 per cent of its enrollment of full-time students as of October 15, 1933. This provision gives the University of Texas 651 jobs, of which 428 shall be for men and 223 for women students, on the basis of the percentage of men and women students in the total enrollment. Of these jobs, at least 50 per cent must go to freshmen, or to students who were not in school in January, 1934.

Administration of the university's relief program will be under the supervision of V. I. Moore, dean of student life, who is chairman of the committee on federal aid for students.

Canada won't let the Dionne babies go to the world's fair. That's tough for Chicago, as the attendance is running a bit below last year's and five at a time would help.—Omaha World-Herald.

The prettiest flowers grow in the garden of tomorrow.—San Francisco Chronicle.

Maybe this will be of some comfort: A scientist says the earth is cooling at the rate of one degree in eight million years.—Olin Miller in Thomaston (Ga.) Times.

Mrs. Saunders Ill in San Marcos
E. C. Saunders, county surveyor, left Monday afternoon for San Marcos in response to a call the day before that his wife was quite ill at the home of their son, Harold, who lives ten miles from that place. Mrs. Saunders has been visiting there since she returned with her son from Ballinger where they attended the funeral July 31 of their granddaughter and niece, Helen Gayle Saunders.

Mr. and Mrs. C. H. Carson and daughter, Edythe, left Thursday of last week for Oklahoma City. Mrs. J. W. Dungan, mother of Mrs. Carson, and her daughter, Miss Helen Louise Dungan, will return with them for a visit here. The Carsons will be gone about ten days. They returned recently from Amarillo where Mr. Carson visited a brother he had not seen for six years.

Your SPINE and HEALTH!

VIGOROUS health results from normal function of the forces within your body. The CHIROPRACTOR has been trained to locate the place of nerve interference in the spine that CAUSES sickness and dis-ease. He has also been trained to adjust this interference (Vertebral Subluxation), thus allowing the normal transmission of vital nerve energy through the body.

Get and keep your spine in NORMAL condition and you can and will enjoy good health.

THE SMALL CITY...

A Pacemaker of Progress

More and more the signs point to the greater importance of the small and medium-sized community.

We are proud of the part electric power is playing in laying the groundwork for this greater progress and prosperity.

Gone is the day when the larger metropolitan centers had a monopoly of power supply, the first essential of industrial growth and development.

Widespread networks of transmission lines have given the smaller communities the same high-grade electric service as the larger cities have.

On this firm basis, industries are increasingly recognizing the advantages of location in small communities.

This trend will react most favorably to West Texas, the "Land of Opportunity"—efficiently, dependably and inexpensively served by the West Texas Utilities Company.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

ENGINEERING STUDENTS MUST DO BETTER WORK

Austin, August 16.—The College of Engineering at the University of Texas has revised the requirements for junior students, and the proposal has received the approval of the board of regents.

The revision will make it necessary for an engineering student to have a score of at least 810 grade points in 54 or less semester hours of freshman and sophomore work before he may register for junior courses. This is the equivalent of a "C" average in freshman and sophomore work, and will eliminate from the college's advanced classes and therefore from prospective graduation lists, those students who are enabled to do "average" or "above-average" quality of work.

The regulation will apply to students entering the college as freshmen this year, Dean T. U. Taylor, head of the college, said.

Notice to Wood Haulers
