Tax Collections in Sutton Unusually Large Last Year

People Urged To Attend Budget Meeting at Courthouse On Wednesday

When Sutton county people paid their 1935 taxes to the state, county and school districts they did so with a thoroughness that established a percentage record of payment of which every citizen may be proud.

Total collections were \$86,440.72. More than 96 per cent of the taxes levied — \$89,938.69 — was collected.

The tax levy was divided in the following manner:

State, \$25,459.31; county, \$29,485.40; Independent School District, \$32,404.56; School District Number Five, \$1,487.67; poll taxes: state's share, \$961.50, county's share, \$160.25.

Delinquent Payments Good

In addition to the above collections, shown in the report of B. W. Hutcherson, tax collector, and his deputy, Mrs. L. E. Johnson, delinquent taxes totaling \$11,896.21 was secured from Sutton people

MEETING TO CONSIDER COUNTY'S BUDGET SET FOR WEDNESDAY AT 9

Consolidation of Sutton county's business for the coming year will be the chief business at a meeting at the courthouse at nine o'clock Wednesday morning.

The commissioners' court, required to hold such a budget meeting, ordered the session at its meeting this week.

An inspection of the road which a number of Sutton county people recently asked for establishment through the ranches of Sol Kelly, Mrs. Nannie B. Wilson and W. A. Miers will also be made Wednesday.

during the twelve-month period ending June 30, 1936.

The information concerning tax collections was given county commissioners when they met in their regular monthly session Monday and Tuesday at the courthouse.

The monthly report of the tax collector was examined and approved as was the quarterly report of the county treasurer. The July report of George Barrow, justice of the peace, was approved and fees of \$36 ordered paid to him.

Fifteen hundred dollars was ordered transferred from the Road and Bridge Fund to the Permanent Improvements Fund.

Only one-half, or \$45, of the government trapper's salary each month will be paid by Sutton county, according to a decision reached by the commissioners.

SAM HULL CONSTRUCTING NEW BUSINESS BUILDING

An attractive addition to the Sonora business district will be the brick and tile business building being erected next to La Vista Theater by Sam Hull, Sonora automobile dealer for many years.

The building, to be twenty-five feet wide and extending one hundred feet to the alley, will represent an investment of about \$3,000, according to Mr. Hull.

The corner on which the new property is to be built has a frontage of eighty feet. About a year ago Mr. Hull bought the entire corner from Mrs. Maude Dabney of San Angelo. The remainder of the plot, from the new building to the side street, will be used for parking until other use for it has been decided upon by Mr. Hull.

Efforts are to be made to have the building completed by October 1, Mr. Hull said Wednesday.

STATION SELLS EWES TO GOLDTHWAITE RANCHMAN

Forty-eight grade ewes were sold Monday by the Ranch Experiment Station to J. A. Palmer of Goldthwaite who took delivery on the animals late that day.

Five dollars a head was secured by the Station for the animals which were one-year-old and upward.

BUILDING WORK UNDER WAY AT EXPERIMENT STATION

Sixteen-inch walls of stone "laid solid" have been used in the five-room residence just completed at the Ranch Experiment Station as a part of the housing quarters at the state-federal agency.

The house is being occupied by Mr. and Mrs. Alton Millican. Mr. Millican is employed at the station. An extra bedroom in the home is reserved for the use of single men who may become members of the staff or who are visitors at the Station.

A screened building, twenty feet by thirty-two feet, is being built at the Station to house animals being used in experimental work. They may be put in the new house and observations made.

In particular, the new building will make possible the observation of screw worm cases and permit staff members to determine methods of screw worm control under such conditions as compared with screw worm trap methods.

Former Sonora Man To Be Dallas Host

George R. Black in Charge of Ex-Rangers Program Aug. 20-22

Host at the meeting of the Texas Ex-Rangers Association in Dallas at the Centennial Exposition August 20-22 will be George R. Black, former Sonora resident, who visited here several days not long ago.

Mr. Black, formerly postmaster at Comanche, is in charge of a display of relics at the Exposition. For several months he traveled over Texas in the interests of the Exposition.

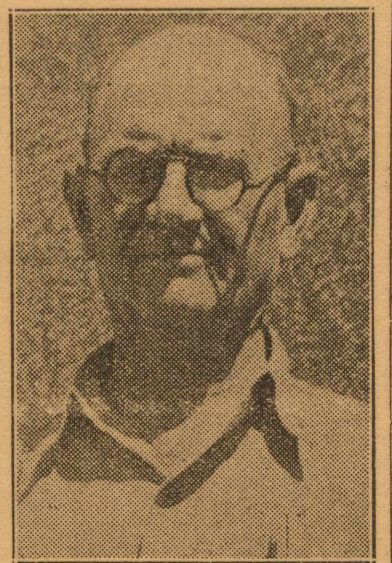

Former members of Texas' glamorous policing force will be housed, fed and entertained at Ranger headquarters on the grounds of the Exposition. The management, represented by Mr. Black, will be hosts to the men.

Principal events of the meeting will be open to the public, according to announcement made this week by the Exposition's press department.

Governor James V. Allred will unveil the heroic bronze statue, "Texas Ranger," Friday, August 21, at 7 p. m. with impressive ceremonies. King Vidor, noted director, will present the statue to the Rangers of Texas in behalf of Paramount studios. Jean Parker, Fred MacMurray, Jack Oakie and other famous picture stars will attend.

There are 12,000 square feet of floor space in Cheyenne Joe McInerney's Night on the Yukon dancing place adjacent to Ranger headquarters, where the big public Ranger ball and jamboree will be held on the night of Saturday, August 22. Rangers are privileged to ride into it on horseback and refresh themselves at the longest bar in the world. Old-fashioned square dancing in costume, and cowboy songs and skits will feature the program.

SONORA GROCERY MANAGER FOR SEVERAL MONTHS

In charge of the Self Serve Grocery here since his son, H. L. Richey, went to Big Lake to manage a store, E. H. Richey came here from Talpa where he operated a grocery business.

Mr. Richey, pictured, is a brother of A. D. Richey, Jr., of Eldorado, owner of a store there, the Sonora unit and another in Big Lake.

Ozona Defeated By Station A Team in 11-Inning Contest

Eola, Concho Basin League Team To Play Two Games Here Sunday Afternoon

Eleven innings of baseball, during which the Station A Sonora team used three hurlers, ended late Saturday afternoon with the Ozona team of the Permian Basin League holding the smaller end of a 10 to 5 score.

Smith, Sonora pitcher who turned in an excellent performance in many of the early-season games, started for Sonora. He has been

EOLA TEAM SONORA'S FOE HERE SUNDAY AFTERNOON

Idle as far as Concho Basin League play is concerned since a week ago last Sunday, the Station A Sonora team will go into the "home stretch" of the 1936 season here Sunday afternoon.

Two games will be played with Eola.

The season will close here Sunday, August 30, when the Lowake team is the opponent. Two games with Rowena, August 23, constitute the only games remaining for Station A on "foreign soil."

out of the Sonora line-up since the Sabinas Brewery games in Sonora. In the first of the fifth inning Dossey, newcomer to the Station A team, relieved Smith for the fifth, sixth and seventh "stanzas." Ever-dependable "Lefty" White then finished the game by going to the mound for the eighth, ninth, tenth and eleventh innings.

Three Ozona players were walked by Smith, one by Dossey and four by White. Smith struck out three men, Dossey "put away" one and White sent three back to the bench.

Five hits were made off Smith's pitching in four innings, one from that of Dossey in three innings and only two from the offerings of White who was on the mound four innings.

Sonora players "found" Williams, the Ozona pitcher, for thirteen hits during the slightly more than eleven innings he was doing the pitching. Slim Harris was "taken" for five hits in the comparatively short time he was the Ozona pitcher.

Motley, somewhat of a stranger in the Station A Sonora line-up this year, played right field for the (Continued on page 4)

SON OF FORMER TEACHER HERE BURIED IN OZONA

Among those who attended the funeral of John Meinecke, 19-year-old Ozona youth, Thursday afternoon were Mr. and Mrs. R. K. James of Sonora.

The young man, who was buried when a barrel of gasoline exploded Wednesday morning, was a son of Mrs. Bryan McDonald who taught school in Sonora while she was Mrs. Mary Meinecke. The young man's father, a nephew of Mrs. James, died of influenza during the World War.

The fire happened on the Judge Davidson ranch while Meinecke was drawing gasoline from a container. He is said to have lighted a match while doing the work.

Young Meinecke was graduated from the Ozona high school in 1936. The funeral was held in Ozona.

PRE-SCHOOL "ROUND-UP" FOR NEW PUPILS MONDAY

Medical and dental examinations are to be given between 10 and 11 Monday morning for all Sutton county children who will be in school in September for the first time.

Mrs. Velma Shurley said Wednesday that Sonora professional men who will do the work without charge will be at the high school building from ten until eleven to do the work.

Mrs. Shurley urges that mothers bring their children so that they may be examined and any defect pointed out before they begin their "career" as a scholastic.

Sonora Lion Chosen Group Chairman at Junction Session

Club Decides Not To Sponsor "Sonora Day" at Fort Worth Centennial

Honor was paid a member of the Sonora Lions Club Friday night of last week when W. C. Warren, treasurer of the Sonora organization was elected chairman of group twenty-three, made up of clubs in eight West Texas towns.

Mr. Warren's election was at a group meeting in Junction which he attended with thirteen other Sonora citizens. Those from here who were guests of the Junction club were:

J. D. Lowrey, G. A. Wynn, C. H. Jennings, H. V. Stokes, W. R. Cusenbary, Frank Knapton, C. H. Carson, W. C. Warren, W. E. Beard, A. W. Awalt, G. H. Davis, George Barrow, Dr. Joel Shelton, E. S. Long.

Sonora Lion in Charge

H. V. Stokes presided at the meeting which followed a picnic dinner. An "amateur night" program furnished entertainment. C.

SONORA BUSINESS MAN GROUP PRESIDENT

Treasurer of the Sonora Lions Club for the last two years and serving in the same capacity this year, W. C. Warren, manager of Wm. Cameron & Co., Inc., for the next twelve months will be interested in the activities of eight West Texas clubs in the group twenty-three division.

Mr. Warren, who was elected in Junction Friday night, was reared in Oklahoma but has lived here since September, 1931, when he came to Sonora to manage the Sonora business of the company.

H. Jennings of Sonora contributed the "trombone solo" for which he has gained renown in the Sonora club.

Various angles of the Providence convention were related Tuesday afternoon at the Lions Club luncheon when short talks were made by H. V. Stokes and W. R. Cusenbary, both of whom represented the Sonora club.

Mr. Stokes told chiefly of the entertainment portions of the convention sessions while Mr. Cusenbary described the business transacted and told of the inspirational addresses which were made by men prominent in various walks of life.

Three Byrds On Program

Admiral Richard Byrd and his brothers—Tom, a farmer, and Harry, a U. S. Senator—were on the Virginia Night program, Mr. Stokes declared. Motion pictures were shown of the Byrd trip and Admiral Byrd gave his lecture regarding his experiences.

John Irvin King, club member, told of McCullough county efforts to secure a road southwest from Brady to the Texas border. Bonds have been voted for the extension in the county.

Mr. King pointed out the desirability of securing the road routing through Menard, Fort McKavett and Sonora rather than through London, Junction and Rockspings. Mr. King, W. R. Cusenbary and Alvis Johnson were named as a committee to represent the club in any action they may take in working for the preferred routing.

Wool "Protection" Favored

Names of many club members were secured to a petition asking (Continued on page 4)

"Prospects" For PWA Sonora Waterworks More Encouraging

Federal Government Would Pay Back To State For Labor Off Relief Rolls

The proposed municipal waterworks system for the city of Sonora is one of the Public Works Administration projects affected in the Washington order received in Texas Tuesday.

Repayment would be made to the state of Texas, according to the Washington dispatch, for the amount expended on project labor which was taken directly from relief rolls.

Many Texas Workers Included

The order, sent as a result of a conference with President Roosevelt, gave hope for 425 Texas works projects which were not included recently when the projects of thirty-seven other states received allotment of funds under a new PWA program.

When W. C. Gilmore, mayor, was in Dallas last week in connection with the matter of the city's waterworks project he found that the Sonora project was included in the first sixty on the list of 425 projects.

All of the city officials were repeatedly told that the position of a project on the list was not to be taken as evidence of the priority of that project. Examining boards have approved the Sonora project along with many others in the state.

Sonora System Over \$90,000

The municipal waterworks would cost a total of \$91,590, according to Mr. Gilmore. Fifty thousand dollars of this amount would be a direct grant of the federal government. The remainder would be secured by revenue bonds submitted to and voted by the people. The bonds would be retired by revenues of the waterworks property and would be secured only by that portion of the city's assets.

Mr. Gilmore said Thursday that he could not say as to whether Sonora could comply with requirements of the federal government, through its Public Works Administration, regarding the employment of labor on a waterworks project.

Government's Policy Outlined

The Fort Worth Star-Telegram Wednesday carried the following information concerning the order out of Washington:

The government will reimburse the state for the expenditures it would make by taking men from relief rolls and employing them on public works projects, Major Wood and others of the Texas delegation were told by President Roosevelt.

Roosevelt subsequently announced at a press conference that he had not modified the 100 per cent relief labor requirement, but had agreed to reimburse the state to the extent of labor costs for men (Continued on page 4)

IN CAPITAL TO REPRESENT SHEEP AND GOAT MEN

Problems of sheepmen and their relationship to any soil conservation program were presented in Washington yesterday by Roger Gillis of Del Rio, president of the Texas Sheep and Goat Raisers Association.

Among those who were expected to participate in the conference with agricultural leaders of the administration was W. R. Nisbet of Bryan, a former Sonora resident.

34-Cent High Given For 800,000 Pounds of Sutton Wool

Draper & Co. Buys Large Quantity From Warehouse Thursday; 850,000 Remains

Sutton county ranchmen with smiles on their faces this morning had good reason for their joyous countenances.

When 800,000 pounds of wool raised on the backs of sheep belonging to 125 Sutton ranchmen sells for 32 to 34 cents a pound, that, as one pair of comedians would say, "is somepin'."

That excellent price for the chief crop of "The Stockman's Paradise" was paid the Sonora Wool & Mohair Co. Thursday for graded French combing wool. The buyer was J. M. Lea of San Angelo, acting for Draper & Co., Boston. Shipment of the wool has been started and will continue at about 150,000 pounds daily.

Apex Price in Texas

Sutton county people in general and Sonora Wool & Mohair Co. stockholders have reason to be proud of the fact that the highest amount paid in the Thursday sale equals the highest paid in Texas this year.

Ungraded wools totaling 350,000 pounds and 500,000 pounds of staple wools remain in the warehouse for future sale. More than half of the wool received at the warehouse this year has been of the French combing type.

Selling the wool at the warehouse Thursday was directed by Fred Earwood, executive vice-president who is charged with the responsibility of disposing of the product that is the backbone of Sutton county's economic life.

Nearly "Million" Volume in 1935

In 1935 graded wool handled by the firm brought an average price of 28 cents a pound. Ungraded wool sold for slightly less—26.35 cents. The total amount of twelve-months wool sold in 1935 was 1,415,351 pounds. Mohair handled was 1,149,635 pounds. The total amount received for 1935 shipments was \$921,389.86.

Officers and directors of the Sonora company, which last year paid twenty per cent in dividends on its \$75 par value shares of stock, are:

President Ed C. Mayfield; vice-president, W. A. Miers; second vice-president, J. N. Ross; third vice-president, R. A. Halbert; executive vice-president, Fred Earwood; manager, W. J. Fields, Jr.; secretary, A. C. Elliott; treasurer, George H. Neill.

Directors: Ed C. Mayfield, W. A. Miers, J. N. Ross, E. F. Vander Stucken, Sam Karnes, Roy E. Aldwell, Sam Allison, Dan Cauthorn, E. D. Shurley, Ben F. Meckel, R. A. Halbert, Fred Earwood, Joe M. Vander Stucken, L. W. Elliott, Bryan Hunt.

THREE LOTS BOUGHT BY SERVICE STATION OWNER

The purchase of three lots by O. L. Richardson from Mrs. Fred Berger and Mr. and Mrs. Joe Berger was recently recorded in the office of J. D. Lowrey, county clerk.

The property involved fronts 225 feet on Crockett Street just back of the corner where Mr. Richardson operates a service station. There is a frontage of 150 feet on East Third Street, which is the Del Rio highway at that point. Each of the lots is 75 by 150 feet.

Mr. Richardson said Thursday that he could not make an announcement at this time as to his use of the new property.

Sonora Ranchmen Sell Wool

Sixty-five thousand pounds of wool were sold by Cauthorn Bros. of Sonora last week-end at 31½ cents a pound. The sale was made to Tom Richey, buyer for A. W. Hilliard & Son, Boston. The wool was stored in a San Angelo warehouse.

Locker Pastor To Preach Here

Services both morning and evening at the Baptist Church will be conducted Sunday by the Rev. W. T. Sparkman of Locker, Texas, according to an announcement this week by Mrs. Hi Eastland. The Reverend Mr. Sparkman is pastor of the Baptist Church in the San Saba town where he lives.

Texans Will Vote On These Amendments November 2

S. J. R. No. 3-a A JOINT RESOLUTION

proposing an Amendment to Article XVI of the Constitution of the State of Texas by striking out Section 20 thereof; providing for local option on the question of the sale of intoxicating liquors for beverage purposes; providing that spirituous liquors, or liquors composed in whole or in part of the products of distillation shall not be sold for private profit, except to the State; providing that the Legislature shall pass laws relative to the sale, possession, transportation and manufacture of such spirituous liquors; providing for the establishment of State dispensaries; providing for the manufacture, sale, transportation, and possession of all liquors which are exclusively products of the fermentation process; providing that intoxicating liquors shall not be manufactured, sold, bartered, or exchanged for beverage purposes in any county or political subdivision wherein the sale of intoxicating liquors had been prohibited by local option elections held under the laws in force at the time of the taking effect of Section 20, Article XVI of the Constitution of the State of Texas, until a majority of the qualified voters of such county or political subdivision shall determine such to be lawful at an election held for that purpose; providing for an election on the question of the adoption or rejection of such amendment and making an appropriation therefor; providing for the proclamation and publication thereof; and prescribing the form of ballot.

Be It Resolved by the Legislature of the State of Texas:

Section 1. That Article XVI of the Constitution of the State of Texas be amended by striking out Section 20 thereof and substituting in lieu thereof the following:

"Article XVI. Section 20:

"(a) It is hereby declared to be the policy of this State that the open saloon shall not be reestablished. The sale of spirituous liquors, manufactured in whole or in part by means of the process of distillation and/or liquors compounded and/or composed in part of such spirituous distilled liquors, for private profit, is prohibited within this State except when such sale is made to the State. The State of Texas shall have the exclusive right to purchase at wholesale and to sell at retail such distilled spirituous liquors. Such sale shall be made only in unbroken packages and no such liquors shall be consumed on the premises where sold. The Legislature shall pass laws to prescribe regulations relative to the manufacture, sale, transportation, and possession of such spirituous liquors and relative to the establishment of State dispensaries; provided, however, the Legislature shall have the power to regulate the sale for private profit and possession of distilled liquors for medicinal, scientific and mechanical purposes.

"The manufacture, sale, transportation, and possession of all liquors, the alcoholic content of which is entirely and exclusively the result of the fermentation process is hereby authorized under such restrictions as may be authorized by law.

"(b) The Legislature shall enact a law or laws whereby the qualified voters of any county, justice's precinct or incorporated town or city, may, by a majority vote of those voting, determine from time to time whether the sale of intoxicating liquors for beverage purposes shall be prohibited or legalized within the prescribed limits; such laws shall contain provisions for voting on the sale of intoxicating liquors of various types and various alcoholic content.

"(c) In all counties, justice's precincts or incorporated towns or cities wherein the sale of intoxicating liquors had been prohibited by local option elections held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article XVI of the Constitution of Texas, it shall continue to be unlawful to manufacture, sell, barter or exchange in any such county, justice's precinct or incorporated town or city, any spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication or any other intoxicants whatsoever, for beverage purposes, unless and until a majority of the qualified voters in such county or political subdivision thereof voting in an election held for such purpose shall determine such to be lawful; provided that

this subsection shall not prohibit the sale of alcoholic beverages containing not more than 3.2 per cent alcohol by weight in cities, counties or political subdivisions thereof in which the qualified voters have voted to legalize such sale under the provisions of Chapter 116, Acts of the Regular Session of the 43rd Legislature."

Sec. 2. Such proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State of Texas, on the third day of November, 1936, at which election all voters favoring said proposed Amendment, shall write, or have printed on their ballots the words:

"For the Amendment to the State Constitution providing for the establishment of a State dispensary system having the exclusive sale of distilled liquors, and providing for local option."

And those voters opposed to said proposed Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the State Constitution providing for the establishment of a State dispensary system having the exclusive sale of distilled liquors, and providing for local option."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor shall issue the necessary proclamation for such election, and shall have the same published and such election held as provided by the Constitution and laws of this State.

Sec. 4. The sum of Eight Thousand (\$8,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

R. B. STANFORD,
(39-4tc) Secretary of State.

S. J. R. No. 18 A JOINT RESOLUTION

proposing an Amendment to Section 48, Article III of the Constitution of the State of Texas, authorizing the establishment of Teachers' Retirement Systems, and making an appropriation for the election.

Be It Resolved by the Legislature of the State of Texas:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto immediately after Section 48, a section to be known as Section 48a, and to read as follows:

"Section 48a: In addition to the powers given to the Legislature, under Section 48 of Article III, it shall have the right to levy taxes to provide a Retirement Fund for persons employed in public schools, colleges and universities, supported wholly or partly by the State; provided that the amount contributed by the State to such Retirement Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five percentum of the compensation paid to each such person by the State, and/or school districts, and shall in no one year exceed the sum of One Hundred Eighty (\$180.00) Dollars for any such person; provided no person shall be eligible for a pension under this Amendment who has not taught twenty years in the State of Texas, but shall be entitled to a refund of the moneys paid into the fund.

All funds provided from the compensation of said persons, or by the State of Texas, for such Retirement Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States; provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amounts that may become due each year under such retirement plan as may be provided by law; and provided that the recipients of such retirement fund shall not be eligible for any other pension retirement fund, contributed by the State of Texas, unless such retirement fund, contributed by the State, is released to the State of Texas as a condition to receiving

such other pension aid."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the next General Election to be held on Tuesday, after the first Monday in November, which is November 3rd, 1936, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution authorizing retirement and the creation of a retirement fund for persons employed in public schools and colleges and universities supported wholly or partly by the State."

Those opposing said proposed Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution authorizing retirement and the creation of a retirement fund for persons employed in public schools and colleges and universities supported wholly or partly by the State."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary Proclamation for said election and to have same published as required by the Constitution for amendments thereto.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expense of such publication and election.

The above is a true and correct copy.

R. B. STANFORD,
(39-4tc) Secretary of State.

H. J. R. No. 23 A JOINT RESOLUTION

proposing an Amendment to the Constitution authorizing the Legislature to provide for Workmen's Compensation Insurance for employees of the State, and authorizing the Legislature to provide for the payment of premiums on such policies of insurance; providing the State shall never be required to purchase insurance for any employees; providing for the necessary publication and election; making an appropriation to pay for same.

Be It Resolved by the Legislature of the State of Texas:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 59, to read as follows:

"Section 59. The Legislature shall have the power to pass such laws as may be necessary to provide for Workmen's Compensation Insurance for such State employees, as in its judgment is necessary or required; and to provide for the payment of all costs, charges, and premiums on such policies of insurance; providing the State shall never be required to purchase insurance for any employee."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State on the first Tuesday after the first Monday in November, 1936, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment authorizing the Legislature to provide for the payment of Workmen's Compensation Insurance for employees of the State."

And all those opposed shall write or have printed on their ballots the words:

"Against the Amendment authorizing the Legislature to provide for the payment of Workmen's Compensation Insurance for employees of the State."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution for Amendments.

Sec. 4. The sum of Five Thousand (\$5,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

The above is a true and correct copy.

R. B. STANFORD,
(39-4tc) Secretary of State.

S. J. R. No. 26 A JOINT RESOLUTION

proposing an amendment to Section 11 of Article IV of the Constitution of the State of Texas, so as

to provide for a Board of Pardons and Paroles, composed of three members, whose terms of office shall be for a period of six years, one to be appointed by the Governor, one by the Chief Justice of the Supreme Court of the State of Texas, and one by the presiding Justice of the Court of Criminal Appeals, such appointments to be with the advice and consent of two-thirds of the Senate present; and so as to provide that the Governor of the State shall have the power on the recommendation and advice of the majority of the Board of Pardons and Paroles to grant reprieves, commutations of punishment and pardons in cases of treason; and to provide that the Governor shall have power to grant one reprieve in any capital case not to exceed thirty (30) days; and shall have the power to revoke paroles and conditional pardons; and to provide that the Legislature shall have authority to regulate procedure before the Board and to enact parole laws; and to provide for an election for such proposed constitutional amendment, and to make an appropriation therefor.

Be It Resolved by the Legislature of the State of Texas:

Section 1. That Section 11 of Article IV of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Section 11. There is hereby created a Board of Pardons and Paroles, to be composed of three members, who shall have been resident citizens of the State of Texas for a period of not less than two years immediately preceding such appointment, each of whom shall hold office for a term of six years; provided that of the members of the first board appointed, one shall serve for two years, one for four years and one for six years from the first day of February, 1937, and they shall cast lots for their respective terms. One member of said Board shall be appointed by the Governor, one member by the Chief Justice of the Supreme Court of the State of Texas, and one member by the presiding Justice of the Court of Criminal Appeals; the appointment of all members of said Board shall be made with the advice and consent of two-thirds of the Senate present. Each vacancy shall be filled by the respective appointing power that theretofore made the appointment to such position and the appointive powers shall have the authority to make recess appointments until the convening of the Senate.

In all criminal cases, except treason and impeachment, the Governor shall have power, after conviction, on the written signed recommendation and advice of the Board of Pardons and Paroles, or a majority thereof, to grant reprieves and commutations of punishment and pardons; and under such rules as the Legislature may prescribe, and upon the written recommendation and advice of a majority of the Board of Pardons and Paroles, he shall have the power to remit fines and forfeitures. The Governor shall have the power to grant one reprieve in any capital case for a period not to exceed thirty (30) days; and he shall have the power to revoke paroles and conditional pardons. With the advice and consent of the Legislature, he may grant reprieves, commutations of punishment and pardons in cases of treason.

The Legislature shall have power to regulate procedure before the Board of Pardons and Paroles and shall require it to keep record of its actions and the reasons therefor, and shall have authority to enact parole laws."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the electors of this State who are qualified to vote on proposed Constitutional Amendments at the general election to be held on the first Tuesday after the first Monday in November, A. D. 1936, at which election each ballot shall have printed thereon the words:

"For the Amendment of Section 11 of Article IV of the Constitution of the State of Texas, so as to provide for a Board of Pardons and Paroles, and to make the Governor's pardoning power subject to recommendation of said Board, except in cases of treason the Governor may grant reprieves, commutations and pardons with the advice and consent of the Legisla-

ture."

"Against the Amendment of Section 11 of Article IV of the Constitution of the State of Texas, so as to provide for a Board of Pardons and Paroles, and to make the Governor's pardoning power subject to recommendation of said Board, except in cases of treason the Governor may grant reprieves, commutations and pardons with the advice and consent of the Legislature."

Each voter shall strike out with pen or pencil the clause which does not indicate his desire regarding the above proposed amendment.

Sec. 3. The Governor is hereby directed to issue the necessary proclamation for said election, and to have the above proposed amendment published in the manner and for the time required by the Constitution and laws of this State.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury not otherwise appropriated to pay the expenses of such publication and election.

The above is a true and correct copy.

R. B. STANFORD,
(39-4tc) Secretary of State.

S. J. R. No. 14 A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas fixing the salaries of certain constitutional officers by amending Section 5 of Article 4 of the Constitution of the State of Texas fixing the salary of the Governor at Twelve Thousand (\$12,000.00) Dollars per annum; by amending Section 22 of Article 4 of the Constitution of the State of Texas fixing the salary of the Attorney General at Ten Thousand (\$10,000.00) Dollars per annum; by amending Section 23 of Article 4 of the Constitution of the State of Texas fixing the salaries of the Comptroller, Treasurer and Commissioner of the General Land Office at Six Thousand (\$6,000.00) Dollars per annum and by amending Section 21 of Article 4 of the Constitution of the State of Texas fixing the salary of the Secretary of State at Six Thousand (\$6,000) Dollars per annum; providing for its submission to the voters of the State of Texas as required by the Constitution, and making an appropriation therefor.

Be It Resolved by the Legislature of the State of Texas:

Section 1. That Section 5 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

Sec. 5. The Governor shall, at stated times, receive as compensation for his services an annual salary of Twelve Thousand (\$12,000) Dollars and no more, and shall have the use and occupancy of the Governor's Mansion, fixtures and furniture; provided that the amendment shall not become effective until the third Tuesday in January, 1937."

Sec. 2. That Section 22 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

"Section 22. The Attorney General shall hold office for two years and until his successor is duly qualified. He shall represent the State in all suits and pleas in the Supreme Court of the State in which the State may be a party, and shall especially inquire into the charter rights of all private corporation, and from time to time, in the name of the State, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power or demanding or collecting any species of taxes, tolls, freight or wharfage not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor and other executive officers, when requested by them, and perform such other duties as may be required by law. He shall reside at the seat of government during his continuance in office. He shall receive for his services an annual salary of Ten Thousand (\$10,000.00) Dollars, and no more."

Sec. 3. That Section 23 of Article 4 of the Constitution of the State of Texas, be amended so as to hereafter read as follows:

"Sec. 23. The Comptroller of Public Accounts, the Treasurer, and Commissioner of the General

Land Office shall each hold office for the term of two years and until his successor is qualified; receive an annual salary of Six Thousand (\$6,000.00) Dollars, and no more; reside at the Capitol of the State during his continuance in office and perform such duties as are or may be required by law. They and the Secretary of State shall not receive to their own use any fees, costs or perquisites of office. All fees that may be payable by law for any service performed by any officer specified in this Section, or in his office, shall be paid, when received, into the State Treasury."

Sec. 4. That Section 21 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

"Sec. 21. There shall be a Secretary of State, who shall be appointed by the Governor, by and with the advice and consent of the Senate, and who shall continue in office during the term of service of the Governor. He shall authenticate the publication of the laws, and keep a fair register of all official acts and proceedings of the Governor, and shall, when required, lay the same and all papers, minutes and vouchers relative thereto, before the Legislature, or either House thereof, and shall perform such other duties as may be required of him by law. He shall receive for his services an annual salary of Six Thousand (\$6,000.00) Dollars, and no more."

Sec. 5. Said proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the next general election to be held throughout the State on the first Tuesday after the first Monday in November, 1936, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the State Constitution fixing the salary of the Governor at Twelve Thousand (\$12,000.00) Dollars per annum; the salary of the Attorney General at Ten Thousand (\$10,000.00) Dollars per annum; the salary of the Comptroller, Treasurer and Commissioner of the General Land Office at Six Thousand (\$6,000.00) Dollars per annum, and the salary of the Secretary of State at Six Thousand (\$6,000.00) Dollars per annum."

And those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the State Constitution fixing the salary of the Governor at Twelve Thousand (\$12,000.00) Dollars per annum; the salary of the Attorney General at Ten Thousand (\$10,000.00) Dollars per annum; the salary of the Comptroller, Treasurer and Commissioner of the General Land Office at Six Thousand (\$6,000.00) Dollars per annum, and the salary of the Secretary of State at Six Thousand (\$6,000.00) Dollars per annum."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 6. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and Laws of this State.

Sec. 7. The sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

The above is a true and correct copy.

R. B. STANFORD,
(39-4tc) Secretary of State.

H. J. R. No. 9 A JOINT RESOLUTION

proposing an Amendment to Section 26 of Article 3, of the Constitution of Texas, by adding thereto Section 26a, providing that under no apportionment shall any county be entitled to more than seven (7) Representatives unless the population of such county shall exceed seven hundred thousand (700,000) people; providing for the apportionment in counties of more than seven hundred thousand (700,000) people; providing for its submission to the voters as required by the Constitution and making an appropriation therefor.

Be It Resolved by the Legislature of the State of Texas:

Section 1. That Section 26, of Article 3, of the Constitution of

Texas, be amended by adding thereto Section 26a, as follows:

"Section 26a. Provided however, that no county shall be entitled to or have under any apportionment more than seven (7) Representatives unless the population of such county shall exceed seven hundred thousand (700,000) people as ascertained by the most recent United States Census, in which event such county shall be entitled to one additional Representative for each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population as shown by the latest United States Census; nor shall any district be created which would permit any county to have more than seven (7) Representatives except under the conditions set forth above."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State, at the next General Election, to be held on the first Tuesday after the first Monday in November, 1936, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of Texas, limiting every county to not more than seven (7) Representatives under any apportionment unless said county shall have a population of more than seven hundred thousand (700,000) people as ascertained by the most recent United States Census in which event such county shall be entitled to one additional Representative to each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population."

And those opposed to said Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of Texas, limiting every county to not more than seven (7) Representatives under any apportionment unless said county shall have a population of more than seven hundred thousand (700,000) people as ascertained by the most recent United States Census in which event such county shall be entitled to one additional Representative to each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population."

If it appears from the returns of said election that a majority of the voters are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor of the State of Texas, is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for Amendments thereto.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expense of such publication and election.

The above is a true and correct copy.

COLLEGE STATION FAMILY VISITS HERE LAST WEEK

In charge of screw worm control field laboratories, A. K. Mackey was a guest last week of Mr. and Mrs. W. H. Dameron of the Ranch Experiment Station. Mrs. Mackey and their children, Richard and Helen, accompanied Mr. Mackey here.

In addition to his summer-time duties in connection with the screw worm control program Mr. Mackey is professor of animal husbandry at Texas A. & M. College.

Let the NEWS print it for you.

The Tinkerer

By KARL GRAYSON
© Associated Newspapers, WNU Service.

DORINDA had loved Barry from the first because he was unlike the island men with whom she was raised. They lived by the strength of their muscles; Barry was gentle of spirit and gracious of manner and cared not at all because people didn't understand him. "It's the men who work with their heads who really get places," he had told her once. And she had believed him.

That was 15 months ago. Barry had come to the island with several trunk loads of gadgets. "He's a tinkerer," Dan Jesson had laughed, and you could tell by the tone of his laugh and the look in his eye that calling a man a tinkerer was classifying him about as low and useless as possible.

Dorinda's eyes flashed angrily. Dan Jesson had loved her for years. He was jealous. "Is that so!" she said. "Well, you listen to me, Dan Jesson! It's the men who work with their heads who really get places in this world. And that's what Barry's doing. He's experimenting."

Dan jeered at her. He wasn't worrying much. No island bred girl could ever marry a man who didn't have the strength in his arms to row a boat across the bay without pausing to rest. Time would prove to her.

Now it looked as though Dan were right. For nine days Templer's island had been ice-locked. At first no one had worried. It was indeed rather thrilling, rather adventurous to be thus cut off from the mainland.

But on the fifth day the epidemic had set in. Old Doc Furbush announced the gravity of the situation without mincing words. Somehow word would have to be conveyed to the mainland and serum transported by plane immediately—or it was likely that the whole island would be cleaned out.

How? How could word be sent to the mainland?

The men folks held a meeting. Somehow the task would have to be accomplished. Dan Jesson volunteered to try. With six others he would carry a small boat over the ice to the open water—water that was filled with dangerous ice floes. Somehow he would get through. Dorinda, hearing about it, felt her blood grow warm, her breast swell with pride. She thought of poor, weak Barry. A man who worked with his head wasn't much good here. It took courage and strength and endurance.

With the others she watched the disastrous attempt. Four of the men were lost. Dan carried the remaining two back to safety. That night, revived, he told them there wasn't a chance of making it.

The situation became desperate. Five more victims had succumbed to the plague. Disaster looked certain. Some one suggested a signal fire. But it was a forlorn hope. They kept a blaze going all night, and the next night, too, but no welcoming plane appeared above the cold grey horizon in the west.

A brooding hopelessness pervaded the atmosphere, a desperate fear. Stark tragedy stared the islanders in the face. They sought each other's company for comfort, but found that this commiseration offered little cheer from the horrible dread that each felt.

On the morning of the ninth day Barry Lincoln came into the store where a dozen men and women were grouped about the stove. His eyes were shining.

"Dorinda!" he cried, seeming to forget that the others were present. "I've done it! My experiment was a success. It works!"

The men stirred and muttered. They looked at him darkly.

Resentment awoke in Dorinda's breast. Resentment toward these men who had abused Barry since the day of his arrival, but whose abuse he had been above. He was as smart as they. Even Big Dan Jesson, with all his strength and bravado and loud talk hadn't been able to help them in their present plight. She came to Barry and stood by his side, defiantly. And Barry went out eagerly: "They picked up my first message over on the mainland and answered it. It's a new kind of sending set, something I've been working on for years. The government will buy it. It's a thousand times more practical than the present devices!"

The men around the stove looked up. Dorinda stared at him blankly. But Barry kept talking, explaining about his set. It was old man Esselin who interrupted him. "You sent a message—to the mainland? Then, in God's name—" He broke off. Above the murmuring of voices a new sound reached the ears of those in the store. The humming roar of a motor.

"It's the plane!" Barry said. "I told them to ship over some serum right away. That was my first message. It gave me a big kick. Like the first telegram from Washington to Baltimore—"

Suddenly the store was empty, empty except for Barry and Dorinda. "You see," Barry was saying, "It's working with your head that really counts." And Dorinda nodded. It was a little hard to grasp, but she was willing to concede a point.

SONORA PEOPLE VISITORS ON MT. LOCKE THIS WEEK

Inspection of the progress of the building of the McDonald Observatory on Mount Locke in the Davis Mountains was the privilege of Mr. and Mrs. Merton Shurley and children and their guests this week.

The Shurley family, with their guests, Mr. and Mrs. Eubia Howell and daughter, Doris Lee, of Manor, made a trip last week-end to Carlsbad Caverns.

Interior work is being done on the lower floor rooms of the dome building at the observatory, Mrs. Shurley said Wednesday. The glistening dome may be seen a distance of forty miles. A great deal of work remains to be done on the observatory, in the opinion of the Sonora people. Only workmen were about when the party from here visited the site of the institution which will be operated jointly by the University of Texas and the University of Chicago.

The Howell family left Wednesday for their home in Manor.

"HIGHER" EDUCATION SHOULD BE CHOSEN WITH EXTREME CARE

Not all young people are of the type that should have a college education. Certain educators whose competence is beyond question often say that a large percentage of those in college should not be there at all.

If, after due deliberation, a college education has been decided upon for the young person who was recently a student in the high school, the choice of studies should be the occasion for considerable thought.

The choosing of the proper "groundwork" studies during the first two years of college will ease the way of the student during the last two—or more—years of specialization.

Not always is it possible for the youngster to know what branch of knowledge he will specialize in as preparation for his life work. In such a case, selection of a course of study which will give a cultural background for almost any later study is wise.

The wise parent will do well to consult with a recognized authority regarding both the vocation for which the new college student is best fitted as well as for guidance in selecting subjects the first two years which will be of most value in later college years.

NEW OWNERS THIS WEEK FOR THREE RESIDENCES

A real estate transaction in Sonora this week between C. C. Smith and E. C. (Pete) Garvin resulted in the exchange of residences owned by the men.

Mr. Smith acquired the residence owned by Mr. Garvin and he, in turn, received the C. C. Smith residence and another house, formerly owned by W. C. Mabray.

Mr. and Mrs. Garvin are living in the Mabray property.

CAN YOU MATCH IT?

"They say" lightning never strikes twice in the same place—but that has nothing to do with two fires in one morning. "Thirty-six years on a ranch and today we experienced our first fire," B. M. Halbert said Wednesday. "In fact, we had two fires. The lightning plant burst into flames at ten o'clock this morning. That was the first fire. At twelve o'clock 'the boy' who looks after the water pumping job came in for dinner and left the gasoline engine running at the well. When he returned at one o'clock, the engine had caught fire and the outfit was almost a total wreck."

Mr. Halbert consoled himself with the thought: "Well, the loss was considerable, but it could have been worse. The gas tank could have exploded!"

Living in one state and getting his mail in another without leaving his home town, is the peculiar situation of Collier Stevenson of Ardmore, Alabama-Tennessee. Mr. Stevenson was here for a short stay with his brother-in-law, W. E. Wallace, this week. The line of the two states mentioned above runs through the town of Ardmore. The railway station is in Alabama and the postoffice is in Tennessee, it was explained.

Asked about rain in his country, Mr. Stevenson said: "July was a wet month with us, but we had a drouth in June which lasted the entire month. He was somewhat astonished when told that Sutton county, in the recent past, had gone through almost three years of dry weather."

Another extraordinary aspect of Mr. Stevenson's visit to Sonora was the fact that, while having been W. E. Wallace's brother-in-law for around fourteen years, it was the first time either had seen the other. The two men visited a number of West Texas towns, including a side-trip to Old Mexico at Piedras Negras.

PERSONALS

HELEN SMITH MARRIES MAX TURNEY IN BURNET

Miss Helen Smith, daughter of Mr. and Mrs. Gabé Smith of Burnet became the bride of Max Turney, son of Mrs. Frank Turney, Sunday evening in Burnet.

Mrs. Turney was graduated from high school here last year, and has been living with her parents in Burnet since June.

Mr. Turney attended school here several years ago, and is now attending school in Christoval. He is employed with the state highway department.

Mr. and Mrs. Turney live in an apartment at the Kirkland Hotel.

U. S. ONLY FIFTH IN WAR COMBAT PLANES

Great Britain Tops World; Germany Progresses.

New York.—Although the United States is without peer in speed and efficiency of its commercial airplanes, it ranks fifth among the world powers in the number of combat planes available to the air forces.

This fact was revealed in the Aircraft Year Book for 1936, published recently by the Aeronautical Chamber of Commerce of America.

Germany shows the most rapid development in combat ships, which classification includes all armed planes, pursuit-fighters, light and heavy bombers, attack, army scout and observation, armed patrol and transport ships, and all ships in active service.

France Lost in 1935.

"The United States, France and Japan lost in the actual numerical strength during 1935," the Aircraft Year Book shows, "but that is not nearly as significant as the fact that in each country technical progress has been rapid."

"France a year ago had many combat planes, but is now devoting a great effort toward modernizing her combat planes. Japan plans to re-equip all squadrons by 1938."

"The United States is still ahead of other nations in technical excellence of its combat planes, but that can be traced solely to the momentum of the past."

With a view toward keeping ahead of other nations in the air, Great Britain is engaged in a mammoth expansion program. Her total combat strength increased from 2,800 planes in 1935 to 3,600 in 1936, with the number including reserves scheduled to reach 4,500 machines by 1937.

Germany Steps Out

Germany, under the Hitler regime, has made great strides with its air force. Early in 1935 only 600 combat planes were available. Through renewed activity, Germany's air fleet was increased during 1935, so that by January of this year approximately 1,600 combat planes were in service. Air Minister Giering plans to have 2,000 ships ready at the end of this year.

Italy is increasing its force from 2,900 pilots, 2,300 planes, and 20,000 personnel in the 1935 regular air force to a proposed 3,500 pilots, 3,000 planes and 33,000 personnel by the end of 1936.

"A fair estimate of Russia's air force," the Year Book states, "places her combat strength at 4,000 planes by the end of 1936. New bombers, now being delivered to the squadrons, can cruise at 150 miles an hour with 30 soldiers and two tons of bombs, with a cruising range of 1,200 miles."

The best way to practice economy is to reduce your wants.—Dean E. V. White.

NEW DESTROYER OF GERMS DISCOVERED

Science Again Comes to Aid of Mankind.

Philadelphia.—Medical science once again has come to the aid of mankind with the discovery of a new and powerful non-poisonous germ killer.

The finding of silver oxide powder, produced from any silver salt by addition of sodium or potassium hydroxide, bridges a great gap in the use of silver as a medicine, medical men say. The oxide, a brown powder, was described for the first time at a meeting of the American Philosophical society in session in Philadelphia.

The germicidal, the chemistry of which was explained by John J. Muller, professor of chemistry at the University of Pennsylvania, where the discovery was made, combines silver nitrate and colloidal silver.

Silver nitrate, a salt, is one of the most potent germicides, but burns. Colloidal silver is mild, but lacks much of the metal's germicidal ability.

The new powder, when mixed with paraffin, makes a salve for external use and it will dissolve in water for use internally.

A test proving its nontoxicating properties was made substituting the germ killer for drinking water and given to baby chicks. On the "silver water" the chicks grew to full feather and showed no signs of retardation or bad effects.

Tests for medicinal effects were made in conjunction with Dr. William Lentz of the department of veterinary medicine at the university, but the findings were not published.

Previous experiments with various forms of silver caused argyria, or deposit of metallic silver in the skin, turning a person a ghastly gray color. The new brown powder caused nothing of the like to happen.

This new discovery has been placed on the most delicate membranes, including the eye, without irritation. It has been given only to animals by the mouth, and cats, dogs, horses and cows have been cured of intestinal infections without ill effects.

Muller discovered the germicidal's remarkable and unexpected solubility in water and other substances while making pure silver oxides for nonmedical uses.

China's Farmers Lazy, Says Gen. Ho Csenchun

Peiping.—"Laziness and carelessness have taken the place of industriousness among our farmers," Gen. Ho Csenchun, pacification commissioner of Hankow, charges.

The general paints a gloomy picture of what he saw on an inspection trip into Hupeh province.

"In former days," he said, "these farmers were the most industrious people in China, and even in the leisure season of the year, the men learned to cut wood, while the women used to spin cotton into thread and weave the thread into cloth. Now all this has changed; they not only have relaxed their attention in producing by-products, but also have taken a lazy attitude toward their agricultural tasks. Hence uncultivated land may be seen everywhere, with no one willing to till it."

General Ho attributed conditions to the lure of the Communist bandits, floods and ignorance.

Statisticians say women are the greatest supporters of convict parole. A woman just won't let a man finish his sentence.—Mineola Monitor.

"Prospects" For PWA

(Continued from page 1)

Abandonment Foreseen

The Texans were told to determine how many men would be taken from relief rolls and employed on PWA projects. Then, he said, the government would repay the state for every dollar expended on these workers.

The President said the government would repay the state up to 45 per cent for labor costs. This limitation is in line with the regular WPA arrangement by which the government grants 45 per cent outright and lends 55 per cent.

Abandonment of the state projects loomed about two weeks ago with an announcement from Washington that the release of new funds for Texas was being delayed pending receipt of proof they could be constructed wholly with relief labor.

Sonora Lion Chosen

(Continued from page 1)

that United States manufacturers in the wool felt hat industry be protected more against the importation of products of this sort.

The club sustained the recommendation of a committee that the organization should not sponsor a "Sonora Day" at the Fort Worth Centennial Exposition. It is believed that the results which might be attained from such promotion would not be worth the cost and effort which would be required.

Two piano numbers were played by Miss Elizabeth Caldwell, who teaches music in the school at Vidor, Texas. Miss Caldwell has been studying this summer in Cincinnati, Ohio. She will teach again this next school year in Vidor.

TRAINER AND HUTCHERSON NOW SECOND CLASS SCOUTS

At a Boy Scout Court of Honor Tuesday night Rex Hutcherson, son of Mr. and Mrs. B. W. Hutcherson, and James D. Trainer, son of Mr. and Mrs. R. D. Trainer, were given the advanced rating of Second Class Scout.

The two boys have been working on their Scoutcraft in order that they may go with other Sonora scouts on the Centennial trip which begins Monday, August 24. Only boys who have attained Second Class, or better, ranking make the trip.

There was a general meeting of Boy Scouts of Troop 19, Sonora, in connection with the Court of Honor.

Adults who were in charge of the Court were John Eaton, Scoutmaster, A. W. Awalt, assistant Scoutmaster, and R. D. Trainer, of the "Scouters" committee which directs Scout activities.

Tell a man there are umpteen million stars visible every night in the year and he'll believe every bit of it; but put a "fresh paint" sign on the front of your building and he'll stick his salty paws on it every time to see if you're lying.—Clarksville Times.

Co-Hostesses
at Bridge Party
Friday Morning

Outstanding among the social courtesies of last week was the bridge luncheon given Friday morning at nine-thirty o'clock by Mrs. W. T. Hardy and Mrs. Ben Cusenbary at the latter's ranch home.

Zennias and rosebuds and dahlias were placed at vantage points, and pastel colors were used in table appointments.

After a series of five games of contract bridge a two-course luncheon was served.

Guests for the delightful occasion were:

Mesdames George H. Neill, Rip Ward, Robert W. Jacobs, R. C. Vicars, W. P. McConnell, Jr., Frank Bond, J. Franklin Howell, John Hamby, Edgar Shurley,

E. F. Vander Stucken, O. G. Babcock, P. J. Taylor, J. A. Cauthorn, Paul Turney, Sterling Baker, Joel Shelton, R. A. Halbert,

J. C. Morrow, G. H. Davis, Bryan Hunt, John Fields, Louie Stuart of Eldorado, W. C. Gilmore, Vernon Hamilton,

A. K. Mackey of Bryan, Texas, W. H. Dameron, I. B. Boughton, V. L. Cory, W. R. Cusenbary, Miss Alice Karnes, Miss Ada Steen.

At the conclusion of the games, Mrs. R. C. Vicars was found to be the most successful player of the morning. Mrs. Paul Turney won high cut. Mrs. Mackey was presented a gift.

Bridge Club
Entertained By
Mrs. R. A. Halbert

Mrs. R. J. Durst of Houston was named honor guest at the bridge party Tuesday afternoon at the home of Mrs. R. A. Halbert, when the Just-Us Club was entertained.

Summer flowers were decorations for the occasion.

Club members present were: Mesdames Hix Hall, J. Franklin Howell, Edgar Shurley, Rip Ward, J. A. Cauthorn, G. H. Davis.

Guests included: Mesdames E. C. Vicars, Robert W. Jacobs, L. E. Johnson and Miss Ada Steen, Miss Emma Creagh.

Ice cream and cake were served.

Puckett in San Diego

A visit in San Diego, California, is being enjoyed by Mr. and Mrs. J. M. Puckett who wrote this week that their NEWS should be sent to "Tent City" of Coronado, Cal., a community along Coronado Beach in the coast city.

Phone your news to 24.

Sonorans Return Home

Mr. and Mrs. Jack Holt and son returned this week from a five-day trip to San Antonio where Mr. Holt attended an Officers' Reserve Training Corps camp. Mr. Holt is employed at the Ranchogas Co.

S. P. Glasscock Suffers Injury

Early Thursday morning S. P. (Pink) Glasscock suffered a back injury, when a horse fell with him at the Aldwell Bros. lower ranch.

Billy Penick made a business trip to San Antonio Tuesday.

SOUTHERN LABORATORY KITCHENS

"Where Flour is Proved"

SCOTCH SHORTBREAD

- 1 pound butter
- 3 eggs
- 1/2 cup sugar
- 7 cups flour
- 2 teaspoons baking powder

Wash butter well in cold water using the hand, then roll in a clean cloth and pat with hands until butter is dry. Place in large bowl and knead in sugar, then knead in slightly beaten eggs. Sift flour and baking powder together and knead it in gradually which will make a smooth stiff paste. With the hands press the paste down into a straight sided baking pan, large enough so as to leave paste only one inch thick when patted smoothly over the bottom of pan, or you may use two pans if necessary. Take a fork and stab all over the top and especially around edges to prevent the paste from rising. Bake in moderate oven 45 minutes. Remove from pan and dust with powdered sugar.

CAKE FILLINGS

Chocolate Fudge

- 2 1/2 cups sugar
- 1 cup chopped pecans
- 2 bars chocolate melted
- 1 tablespoon flour
- 3-4 cup milk
- 1-8 teaspoon soda
- 1 teaspoon vanilla

Dissolve soda and sugar in milk. Boil for four or five minutes, then pour over melted chocolate, thoroughly blended. Mix butter and flour together then add to first mixture. Return to fire and let boil until mixture thickens. Pour up into bowl. Add vanilla and beat until cold or stiff enough to spread. Either fold in nuts or sprinkle over top.

Coffee Cream Filling

- 1 cup butter
- 2 egg yolks
- 2 cups powdered sugar
- 1/4 cup strong coffee
- 1/2 teaspoon vanilla

Cream butter and sugar together thoroughly. While mixing, add egg yolks and cold strong coffee. Beat with wooden spoon until light and airy. Spread between layers of cake.

LADY CHIEFTAINS OF TWO POLITICAL PARTIES ORGANIZE FORCES

(Editor's Note: The NEWS believes that Sutton county women, as well as women everywhere, are interested in the members of their sex who are to be prominently identified with the presidential campaign. Fort that reason the NEWS is pleased to present brief sketches about Mrs. Charles W. Tillet, Jr., and Miss Natalie Couch.)

Actively aligned with the affairs of the Republican party in her state for about twenty years, Miss Natalie Couch of Nyack, N. Y., was recently named by John D. M. Hamilton, Republican national chairman, as Eastern Director of the Women's Division of the party's campaign.

Activities Varied Ones Miss Couch organized the first women's Republican Club in New York state after women were given the vote—the Women's Republican Club of Nyack—in 1917, and served as its president fourteen years, since which time she has been its honorary president.

She served as vice-chairman of the Rockland County Republican Committee for thirteen years, and is a member of the Executive Com-

Miss Natalie Couch—Eastern Director of the Women's Division of the Republican National Committee.

mittee of the County Committee.

For many years she has been a member of the Board of Governors of the Women's National Republican Club, and is a vice-president. She is one of the five women recently elected to serve on the Republican State Executive Committee.

Miss Couch is an attorney practicing in Nyack, and residing in the Village of Grand View-on-Hud-

son where she is a trustee. For twenty-four years, and up until the retirement of Supreme Court Justice Arthur S. Tompkins from the bench by reason of his having reached the age limit, Miss Couch served as his secretary. She is a graduate of Dana Hall at Wellesley, Massachusetts, worked her way through Fordham Law School, graduating "cum laude." She was an alternate delegate-at-large to the national convention, and is treasurer of the Republican Educational League, composed of individuals and women's Republican Clubs throughout the state of New York.

In 1934, Miss Couch was a candidate for Congressman at large on the Republican ticket in New York state and came 245,000 votes closer to defeating her opponent than did any other candidate on the New York Republican ticket.

A native of Charlotte, N. C., where she lives now, Mrs. Charles W. Tillet, Jr., was recently named to an executive position as director of the Speakers' Bureau of the Women's Division of the Democratic National Campaign Committee.

Mrs. Charles W. Tillet, Jr.—Head of the Speakers' Bureau of the Women's Division of the Democratic National Campaign Committee.

In North Carolina Mrs. Tillet is vice-chairman of the state Democratic executive committee and is known to many Southern women as regional advisor of the southeastern states for the Women's Division of her party.

Typifying Southern charm and poise, Mrs. Tillet possesses a well informed and keenly alert mind, and makes a splendid platform appearance. In her new post, she finds ample expression for her or-

(Continued on page 8)

R. C. Vicars
Party Hosts
Friday Evening

Large bowls of garden flowers were used to create an effective setting for the courtesy offered the Friday Night Bridge Club, by Mr. and Mrs. R. C. Vicars last week.

Club members present were: Messrs. and Mesdames W. C. Gilmore, L. E. Johnson, P. J. Taylor, Collier Shurley, A. C. Elliott, R. A. Halbert, Miss Ada Steen.

Mr. and Mrs. Robert W. Jacobs were the only club guests.

A salad plate was served. Mrs. Halbert and Mr. Johnson won high score award. Mr. Jacobs won cut prize.

Mrs. Odom
Party Hostess
Saturday Night

The Friendship Class of the Baptist Sunday school was entertained Saturday night at the home of Mrs. Ban Odom.

Watermelon was served to: Mesdames Granville Barker, A. B. Shoemaker, Cyrus Ogden, Earl Merck, Collier Shurley, H. V. Morris, B. C. McGilvray, Miss Audrey Rankhorn.

FLORIDA EDUCATOR VISITS RANCH EXPERIMENT STA.

"A schoolboy again for a few weeks" is the way C. H. Willoughby, professor of animal husbandry at College of Agriculture of the University of Florida, told Thursday of his work at Texas A. & M. College during the last five weeks.

Mr. Willoughby came here Wednesday to inspect the Ranch Experiment Station. V. L. Cory, range botanist at the Station, took him to the Aldwell Bros. ranch Thursday morning and later in the day he went to the Station.

The University of Florida is located at Gainesville. Mr. Willoughby will go to Del Rio for a visit before returning to his Florida home.

Mrs. Dameron
Bridge Luncheon
Hostess Wednesday

Honoring her house guest, Mrs. A. K. Mackey of College Station, Mrs. W. H. Dameron was hostess at a bridge luncheon Wednesday morning of last week. Zennias were used in the floral decorations.

After a series of games of contract bridge, a delightful three-course luncheon was served.

Mrs. Dameron's guests were: Mesdames Ben Cusenbary, T. A. Bond, W. R. Cusenbary, W. T. Hardy, I. B. Boughton, V. L. Cory, Fred Earwood, J. Franklin Howell.

The final count found that Mrs. Howell held high score and Mrs. Hardy second high. Mrs. Mackey was presented a gift.

Dancing
Enjoyed at
Glasscock Home

Twenty-one guests enjoyed dancing at the home of Mr. and Mrs. J. S. Glasscock Wednesday night when their daughter, Sue, and Katha Lea Keene entertained. Cookies and punch were served to:

Kathryn Brown, Elizabeth Elliott, Joe Nell Miers, Margaret Ada Martin, Martha Lear Chilton, Billie Lee Ross, Jimmie Gwynne Langford, Doris Keene, Margaret Sandherr, Louise Morris, Troy White, Marion Elliott, L. M. Roueche, A. W. Awalt, Marvin McLeod, Clifford Archie, S. H. Stokes, Francis Archer, Edgar Glasscock, Herbert Fields, Charles Bishop.

Thompson Leads Morris In 12 Counties

The map above shows the positions of Ernest O. Thompson, chairman of the state railroad commission, and Frank S. Morris, second man, in the first primary vote in the road commission race in July. Last figures on the race showed that Thompson had led Morris 236, 190 votes and had almost carried the election by a majority over all of his opponents.

Despite the overwhelming lead of his opponent, Morris is making a campaign in the run-off primary

Aug. 22 against Thompson. The shaded area shows the counties in which Thompson led Morris. The white ones were the only ones in which Morris ran ahead of the forceful railroad commission chairman. In the white counties, Morris' lead was only 9,066.

LINK TO MAYAS IS FOUND IN DAKOTA

Discover Stone "Telescope" 4,000 Years Old.

Bismarck, N. D.—The influence of Mayan culture upon the primitive peoples of the Great Plains has been further corroborated in North Dakota with the discovery of a stone "telescope" in a gravel pit north of Grand Forks in the Red river valley.

Edward A. Milligan, North Dakota archaeologist directing excavating of Indian village sites for the WPA, announced the discovery. He estimates the instrument was used by the aborigines who roamed this area about 4,000 years ago.

Hewn from a form of limestone that has become almost as hard as marble, the telescope is 8 inches long and 1 1/2 inches in diameter; it has a conical cylinder 1/2-inch in diameter at the eye end. On the exterior is a single carved symbol, the nature of which is unexplained.

The telescope was one of the numerous artifacts recovered from the gravel pit, a graveyard of prehistoric people. Archaeologists know tubes of this kind were employed for astronomical purposes, because carvings on the Mayan pyramids of Central America depict people of that era studying the heavens with their tubes in connection with their worship of the heavenly bodies.

Mr. Milligan believes that the Mayans, their relatives or offspring migrated by way of the West Indian islands to Florida, thence along the Appalachians to Ohio, and thence along the Ohio, Mississippi and Missouri rivers. He points out that artifacts of Mayan character have been found along this supposed route and as far west as Yellowstone National park.

Slouching Good for Some Folks, Doctors Declare

Kansas City.—"Chin up, shoulders back, chest out—" But the military bearing is not the best for every one, Drs. Louis B. Laplace and Jesse T. Nicholson of Philadelphia told the American Medical association at its recent convention here.

"Every person has a certain posture, determined by his particular build and function, which is best suited to him," they said. "Slouching" is good for some people, or, in the words of the doctors, "there are many persons whose optimum physiological function is attained in a posture which is not entirely correct by orthopedic standards."

In such persons, they believe, "the greater spinal curve" compensates for individual differences in body structure and physical activity.

Studies of twenty-three healthy men and women, they reported, showed that "vital capacity"—the functioning of the heart and blood system—can be diminished "by extreme correction of posture as well as by a marked slump."

They found two persons, however, whose blood circulation improved with corrected posture. "Flexibility of posture" results in the best vital capacity and each case requires individual study, they concluded.

New and Simpler High Power Air Fuel Produced

New York.—A new fuel for aviation engines was described by W. S. Farish, chairman of the board of the Standard Oil company of New Jersey, and F. A. Howard, president of the Standard Oil Development company.

The fuel is a synthetic one composed of gasoline, isopropyl-ether, itself a product of a gas now produced in large quantities in most large oil refineries—and a small quantity of tetraethyl lead. It is still called by its laboratory "incubator" name, "EL-435."

The discovery of the blend using so common a by-product as isopropyl ether, Mr. Howard explained, assured the aviation industry of being able to obtain in ample quantity and at commercially practical prices fuel of 100 octane rating which had heretofore been made in a different way and confined to military use.

Tests indicate that the new fuel will give an increase of 30 per cent in power.

New Device Junks Hand Cranked Rural Phones

Rochester, N. Y.—The old hand telephone on the farmhouse parlor wall, with its disturbing jangle of shorts and longs, is on the way out.

With a device perfected by William J. Vincent rural subscribers are promised the same type service as urban users. Vincent's invention is a neon relay tube that eliminates the hand crank and the old code ringing system under which every telephone on the party line jingled. Now only the party wanted is summoned by the bell.

The tube is being installed on all rural lines served by the Rochester company. Officials predict it will be in general use throughout the country soon.

Claims Log Train Record
Nipawin, Sash.—E. J. Morris has established what is believed to be a new Canadian hauling record with a tractor. The tractor hauled a log train weighing 1,400 tons nine miles to a mill.

35 YEARS AGO

W. A. Miers the sheep and cattle raiser was in Sonora this week from his ranch 18 miles south of Sonora.

Quince Adams was in from the Llano and reports lots of rain down his way.

George Allison and Coleman Whitfield returned from San Antonio Fair Sunday and report having had a good time.

Chris Wyatt the young stockman from the Llano country was in Sonora several days this week.

John Mayfield, the well known stockman, and Mrs. Cort Mayfield left on the Monday stage on their way to Bosque county to spend the holidays.

Sam Cox the jolly stockman was in from his ranch Wednesday. Sam is one of the lucky stockmen having lots of water.

Felix Vander Stucken and John Cooper made a business trip to Ozona Thursday.

J. E. Hutto, a prominent stockman from Williamson county was in Sonora this week wanting to buy a few thousand sheep.

Stock News
W. A. Glasscock sold to J. C. Barksdale 3 Devon bulls at \$50 per head.

Mike O'Meara sold his team of mules to Bob Kelly of Uvalde for \$130.

R. F. Halbert bought Hagerlund Bros. & Co. interest in the T. T. Thomason & Bro. ranch Thursday for \$1330.

LOUISIANA COMPLIES WITH LAW TO GET BLIND AID

San Antonio, August 12.—Louisiana, one of the three states in the territory covered by the Regional Office of the Social Security Board at San Antonio, has had its plans for old-age assistance and aid to dependent children approved by the Social Security Board, according to advice just received by Oscar M. Powell, regional director.

"Louisiana's plans were approved August 7," Mr. Powell said. "New Mexico already has its plans for aid to the needy aged and aid to dependent children in effect. New Mexico has its plan for aid to the needy blind in operation. Texas does not have plans for aid to the needy blind nor to dependent children."

"Before Texas becomes eligible for federal grants under the sections of the Social Security Act, the state must enact legislation to conform to the Act."

Sonorans On Western Trip
Mr. and Mrs. O. G. Babcock and daughters, Gertrude and Edith May, and Miss Marie Watkins left Sunday morning on a vacation trip to Utah and other western states. Miss Gertrude Babcock, who has been attending school in Mexico City, returned home Saturday night. Miss Watkins has been visiting in San Antonio and returned last week to go on the trip with the Babcocks.

THE STATE OF TEXAS TO THE SHERIFF OR ANY CONSTABLE OF SUTTON COUNTY—GREETING:

You are hereby commanded to summon Mrs. Nadine Harper by making a publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Sutton County, to be held at the Courthouse thereof in Sonora, on the first Monday in September, 1936, the same being the 7th day of September, 1936, then and there to answer a petition filed in said court on the 4th day of August, A. D. 1936, in a suit, numbered on the Docket of said court, number 831, wherein J. B. Harper is plaintiff, and Mrs. Nadine Harper is defendant, said petition alleging that plaintiff has resided in Texas more than one year and in Sutton County more than six months prior to filing this suit; that plaintiff was married to defendant, then a single woman by the name of Nadine Williams, on or about March 25, 1933, in Clovis, New Mexico. That they returned to Texas where they resided until Defendant abandoned plaintiff on or about January 5, 1934, since which time they have not lived together as husband and wife. That during the time they lived together plaintiff supported defendant and was kind and affectionate to her, but that defendant soon after their marriage began a course of unkind, harsh and cruel treatment toward plaintiff which continued until defendant abandoned plaintiff. That defendant often abused plaintiff using harsh language toward him before their mutual friends, on one occasion accusing him of being no account and worthless and making other accusations which were untrue; that said marriage relation still exists, and that defendant's actions and conduct are of such a nature as to render their living together insupportable.

Plaintiff prays the court that defendant be cited to appear and answer herein and for judgment dissolving said marriage relations, and for such other and further relief as plaintiff may be entitled to. Herein fail not, but have you before said Court on the said first

day of the next term thereof, this writ, with your return thereon, showing how you have executed same.

Witness, J. D. Lowrey, clerk of the District court of Sutton County.

Given under my hand and the seal of said court in the town of Sonora, Texas, this the 4th day of August, A. D. 1936.

(SEAL) J. D. LOWREY,
Clerk of the District Court,
40-4tc Sutton County, Texas.

Week by Week in TEXAS HISTORY

Week of August 9

1821—Stephen F. Austin reached San Antonio August 10 to carry out his father's plans of colonization.

1821—On August 14 Governor Martinez authorized Austin to explore the lands on the Colorado.

1824—The first Congress of the state of Coahuila and Texas was duly installed on August 15 at Saltillo, and entered upon the discharge of its legislative duties.

1835—On August 15 at an assembly in Columbia, a committee of safety consisting of 15 individuals was appointed for the jurisdiction of the city.

1840—The Texans under Colonel Burleson met the Comanche Indians at Plum Creek on August 12 and completely routed them. In this battle the Indians had sought revenge from the whites for the deaths of many of their chiefs.

CASTILLO BUILDING NEW SHOP FOR AUTO BUSINESS

A stucco automobile repair shop building is to be built by Victor Castillo, Jr., on a foundation recently completed near the first curve on the Del Rio highway in Sonora.

Castillo, who operates an auto parts business on the property just to the rear of the building location, will also sell parts, tires and tubes in the new building.

Sonora Ranchman Improving Considerably improved is Joe Berger, ranchman who underwent a tonsillectomy in San Angelo recently. He returned here Saturday.

Stomach Gas

One dose of ADLERIKA quickly relieves gas bloating, cleans out BOTH upper and lower bowels, allows you to eat and sleep good. Quick, thorough action, yet entirely gentle and safe.

Here Is The Path Old Age Assistance Checks Take in Texas

How do the aged get old age assistance checks? Here is the method prescribed by the Federal Social Security Board and the Texas Old Age Assistance Law.

Last February 14 application blanks were placed at available sources in towns and cities all over the state. Each applicant took a blank form and filled it out in duplicate. Both original and duplicate were sent to the local district headquarters of the Texas Old Age Assistance Commission.

At the district office the original is forwarded to the state office in Austin, and the duplicate or copy of the application is given to an investigator. The investigator then goes to see the applicant and makes a report and recommendation on the applicant's claim and needs. The duplicate plus the investigator's report are sent to Austin as soon as the applicant has been interviewed.

(1) MAIN FILING ROOM — Here the original application is carefully checked to determine if all information required by law has been included. Then the application is filed alphabetically according to the county of its origin and held pending arrival of the investigator's report from the district office. Original application form, the investigator's duplicate, the investigator's report, and a blank form for the reviewer's analysis are placed in a manila folder.

(2) ADDRESSOGRAPH ROOM — Here a metal plate containing the name and address of the applicant is made. This aluminum plate is a permanent record for future use in mailing and for placing the name and address of the applicant on all reports, files, etc., where this information is needed. An addressograph plate is like printing type because it will print the name of the applicant on any flat surface.

(3) REVIEWER'S ROOM — As soon as the duplicate comes in with the investigator's report, both are placed in a folder with the original application and a reviewer's analysis sheet and sent to the Reviewer's Room. A reviewer takes the investigator's written report to determine whether or not it checks with the application. The recommendation of the investigator is checked to see if same is just and if it agrees with provisions of the Federal Social Security Act and the Texas Old Age Assistance Law. Then application (both copies), report of investigation, and completed reviewer's analysis go to the tabulating room.

(4) Governor James V. Allred has just handed a check apiece to Frank Kainer, 103, and Mrs. Anna Kainer, 95. These two checks, which were the first issued under the Texas law, were for \$25 each. Kainer and his wife live near Weimar, Texas, where they have been resident for 66 years.

(5) TABULATING ROOM — The machine in the picture writes checks and notices of grants or denials of assistance—so far it has written more grants than denials. It writes checks at the rate of 25 a minute or 12,000 a day. In this room punched cards are made for each application received from the Receiver's Room; these cards form permanent records and are used in the machines that write the checks, balance the books, and make lists for the State Comptroller and Treasurer. The cards themselves are three by seven inches in size and have tiny slits in them representing the various parts of an applicant's claim.

The grant or denial notice is sent to the district headquarters for the district supervisor to approve or disapprove same. From this room goes the check to the Comptroller of Public Accounts and the State Treasury for final checking and approval. Then it is returned to the Old Age Assistance Commission and mailed to the applicant.

(6) FINAL FILE ROOM — In these files the original application, copy of notice of grant or denial, and the investigator's report are placed. When a filing case for a district is filled, the entire metal cabinet containing case records is tied up and shipped to the district office.

At the district office will be complete records of each application, whether aid was denied or granted. These can be used for all future reference to the case. The duplicate of the application, copy of grant or denial notice, and the reviewer's analysis sheet are kept in permanent files at the State Office in the Main Filing Room (shown in picture Number 1). Each folder representing an applicant will be filed by city, county, district, and the name of the old person together with the case number assigned.

(1) MAIN FILING ROOM — Here the original application is carefully checked to determine if all information required by law has been included. Then the application is filed alphabetically according to the county of its origin and held pending arrival of the investigator's report from the district office. LODGE LADIES EAT HERE ON WAY TO CONVENTION

Luncheon visitors in Sonora Monday were twenty-one ladies of San Antonio and other Texas towns who were on their way to Fort Stockton to a district convention of Wodmen Circle local groups.

Thirteen of the ladies comprise the Blue Bonnet Drill Team of the San Antonio organization of the lodge which gave a drill Wednesday night as a part of one of the meetings open to the public. The team is known as the "State Medal Team."

Mrs. Lemma Voorhies of San Antonio was in charge of the party. Officers who were accompanying the group were:

Miss Bessie Dolan, state manager for Southwestern Texas; Mrs. Daisy Hislop, state pageant direc-

tor; Mrs. Fannie Mae Benkendorfer, national representative of the organization.

After the convention the ladies will make a trip to the Carlsbad Caverns.

College Official Visitor Here An enrollment of about 800 is expected at the Texas College of Mines in El Paso for the 1936 fall semester, according to Forrest J. Agee, registrar of the institution who was a business visitor in Sonora Friday. Mr. Agee called on Billy Penick, son of Mr. and Mrs. J. T. Penick, a student at the school last year, who will also be enrolled this coming school year.

Sonora Woman In Hospital Mrs. O. B. La Fon who has been ill in a San Angelo hospital several days is recovering. She is to be brought home Sunday.

SAN ANTONIO PEOPLE HERE ON WAY TO NEW MEXICO

A vacation trip to Santa Fe, New Mexico, is being enjoyed by Mr. and Mrs. R. C. Hill and children, Craig and Marion, of San Antonio.

The Craigs were overnight guests of Mr. and Mrs. S. S. Bundy of Roosevelt.

Mr. Craig is vice-president of Maverick - Clarke Lithographing Co., San Antonio.

James D. Wilsons in Lubbock Dr. and Mrs. James D. Wilson and child are now living in Lubbock where he is radiologist at a sanitarium and clinic. The Wilsons formerly lived here but were residing in Marlin until recently. In a letter to a Sonora friend Dr. Wilson has told of enjoying his new work in the plains city.

New Book Shows Ten Cattle Brands of Sutton Ranches

Two Thousand "Marks," Used For Many Years, Illustrated and Designated

Cattle brands used on ten Sutton county ranches are illustrated in a book, "A Century of Cattle Brands," written by Peter Molyneux and Frank Reeves, prominent Texas writers. A foreword is by Amon G. Carter, publisher of the Fort Worth Star-Telegram.

Sutton brands which are shown are:

Frying Pan, Mears & Wilkerson; T-Half Circle, Sol Mayer & Son; Mallet, W. A. Miers; 5 Lazy 5, J. A. Sykes; Flying Y, C. D. Wyatt; Lazy 2, Aldwell Bros.; Half Circle Al Connected, George S. Allison; V Over T, W. J. Fields; C Bar C, R. A. Halbert; Flying U, S. E. McKnight.

Drawings of 2,000 brands appear in the book. They are described by the publishers as "interesting, amusing or historical." The name of the brand, its owner and the location of the ranch is given. The material is classified according to Texas counties.

Mr. Reeves contributes a review of Texas cattle brands and the Texas cattle industry. He is livestock editor of the Fort Worth Star-Telegram. Pen and Ink drawings of ranch scenes appear at various places in the book which is being published in Fort Worth.

The publication of the book came about as a result of public interest in brands, fostered by the great revival of Texas history engendered by the Texas Centennial. When a Fort Worth department store, early in the spring of this year, put about 500 brands on its wrapping paper, a flood of requests poured in for information about brands, some of them from residents of the New England states. To satisfy this demand, as well as to fill a long felt want among Texas ranchers and cattlemen, the publishers assembled in this book an authentic list of a large number of representative Texas brands.

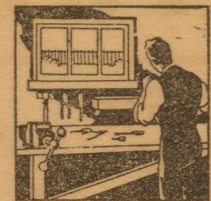

No other industry in Texas or elsewhere can boast of such a colorful and romantic history and background as can the cattle industry. No phase of cattle work is more glamorous than branding. Brands are the coat of arms for a cattle empire. Men have made fortunes by the proper use of branding irons, and others have paid with their lives for their improper use.

Every person interested in Texas or in romantic history will appreciate this book. The younger generation will find it interesting and amusing; ranchmen of today will take pride in their listing in its pages; old-timers and early-day cowboys will find excellent "grazing" and many a fond picture in memory's pasture as they wrangle through the list of brands shown in "A Century of Texas Cattle Brands."

Mr. Burleson Improved George Burleson, who has been seriously ill in San Angelo for several days was considerably improved Wednesday.

Do You Know That

EPINEPHRINE or ADRENALIN

is a magic wand brought into real life? Here's a typical story: Death was in the home! There was no pulse, the heart had apparently stopped beating—circulation was practically suspended. The patient was dead! No! Wait—the physician administered "something" into the heart—silent waiting—soon the eyelids fluttered, color came into the cheeks—another life was saved!

Epinephrine or Adrenalin was that "something" used. It is the active constituent of the Suprarenal glands of animals—the gland is located just above the kidneys. The discovery was made by Dr. John J. Abel and at the same time Takamine introduced a crystalline substance which proved identical and which he called Adrenalin. The original title Epinephrine, given it in 1901 by Dr. Abel, was retained for medical use.

ganization talents, and has rallied to the Democratic standard the ablest speakers in the party, as well as numbers of independent and former Republican women who have volunteered their services for the campaign. In her office at party headquarters in the Hotel Biltmore, New York City, originate the itineraries which will take these speakers on campaign tours over the country. A special division has been organized as "the grass tramps," who will go from county to county with the local leaders helping to interpret national policy in its relation to local problems.

"Since the last campaign, the Women's Division has baptized women not by sprinkling but by immersion in the great principles and program of the Democratic party," said Mrs. Tillett. "The speakers' bureau has ready for the campaign women on the firing line of democracy armed with an intelligent understanding of their program. Women know that the essential feature of our government is that the burden and duty of government rests on all of us. They are ready to take their responsibility in this campaign and we are ready to meet their demand for speakers."

Well Versed in Politics

Mrs. Tillett climbed up the political ladder of the Democratic Party in North Carolina rung by rung and consequently understands the functions and problems of every division of the organization. Starting as a precinct vice-chairman in Charlotte, she became successively county vice-chairman, district vice-chairman, state vice-chairman, and the director and co-ordinator of the work among Democratic women in Maryland, Florida, North Carolina, South Carolina and Georgia.

She began to build her background for community service when she was a student at the Woman's College of the University of North Carolina. There, under the tutelage of that vibrant and compelling Miss Harriet Elliott, for twenty-one years an instructor of political science and now Dean of Women, Gladys Tillett became imbued with a social and political consciousness, and gained a working knowledge of progressive movements in government.

Politics "the Natural Thing"

It was inevitable, therefore, that as a young matron, the wife of one

DEATH ENDS WORK OF THE GENERAL MANAGER

The Central Centennial Exposition in Dallas this week lost the services of William A. Webb who took over the direction of the huge enterprise several months ago. Mr. Webb, who for many years was in railway executive work, died Sunday night and was buried in Dallas Tuesday.

Dr. Boughton Back To Ohio

A trip to Columbus, Ohio, was begun Saturday by Dr. I. B. Boughton who will attend the annual session of the Veterinarians' Medical Association in that city. Dr. Boughton was accompanied by his mother who has been spending the last few months in his home at the Ranch Experiment Station.

of North Carolina's most liberal lawyers, and the mother of three young citizens, she should become interested in politics. "It is not a matter of choice," she says, "whether a woman shall trouble herself about the affairs of government in her community. It is a matter of peremptory obligation which cannot be avoided by an intelligent woman who has any understanding of the conditions under which she lives. The essential feature of our government today is that the burden and duty of government rests on all of us and no woman can retire to her home and her pleasures and ignore her right to share in government without shirking a solemn duty."

W. E. Wallace Relatives Here

Mr. and Mrs. J. W. Wallace, parents of W. E. Wallace, returned Wednesday to their home in Joshua, Texas, after a visit since Thursday of last week with their son and Mrs. Wallace. Visiting here at the same time were Mr. Wallace's brother-in-law, Collier Stevenson, and children, Ruth, Lawrence and Walter, of Ardmore, Alabama. While here the visitors were taken by the Wallaces on a trip to Piedras Negras. The Stevensons also left Wednesday for their Alabama home.

Mr. and Mrs. Rex Baker visited in Corpus Christi last week-end.

Sonorans Visiting in North

A visit "home" for the first time in eighteen years is the experience being enjoyed by Mrs. J. J. Armour who, with Mr. Armour and their son, and Mrs. Lee Labenske, left Wednesday night for a vacation trip to Wisconsin. The group plans to drive in the evening and night hours in order to avoid the heat. They will visit in Ashland, Wisconsin, and will return in two or three weeks.
