

Congressman Tells Sonorans of Their Government Today

At Noon Charles L. South Tells of Current Topics—Pupils Hear Him Later

Informally talking of topics of the day about which people are talking, Charles L. South of Coleman, representative in Congress Tuesday noon spoke to Lions Club members.

In the afternoon he was the featured speaker at a patriotic program in the high school auditorium.

Introduced by W. E. Caldwell as "a man most faithful to his trust and ever-energetic to the needs of his constituents, Mr. South said at the beginning that his remarks would be somewhat in the form of a conversation with the men before whom he was speaking.

Faith in Black Expressed
"A good man, able, intelligent, energetic, liberal perhaps but not a radical.... a man that will make good in his new work," was the terse opinion expressed by Mr. South of Hugo L. Black, recently appointed a Supreme Court Justice.

Mr. South reiterated his belief that a reciprocal trade policy on the part of the federal government is the only way to break down the tariff barrier. Livestock prices are not adversely affected by regulations such as the Smoot-Hawley Act, he said. Mr. South's beliefs in this respect have attracted much attention in West Texas and less than a year ago he spoke before the Texas Sheep and Goat Raisers' Association convention, advocating a reciprocal trade policy in direct conflict with that organization's beliefs in the matter.

Spending Brake Needed
Criticism of the Townsend Plan as a practical proposal was expressed by Mr. South. In regard to public spending Mr. South said: "We have gone far enough with the deficit, now 37 billion, but I think spending should be checked, not stopped abruptly. I voted for one billion for relief as I believed that was sufficient. One and one-half billion dollars was voted. If the amount voted for a purpose provides a surplus there is always a temptation to use it to buy political influence...."

An expression of thanks to W. C. Warren for his work as club treasurer was voted. W. E. James was appointed treasurer to succeed Mr. Warren who is moving to Stillwater, Okla. W. R. Nisbet of College Station and Paul Turney were the only guests other than Mr. South.

Serena Trainer Essay Winner
At the high school the program had as its foundation the observance at this time of the 150th anniversary of the signing of the Constitution. The local committee, named several months ago by W. C. Gilmore, mayor, to encourage observance of the anniversary is: Mrs. B. W. Hutcherson, Mrs. W. L. Davis, Dr. Joel Shelton, the Rev. R. F. Davis, John Eaton, Alvis Johnson, F. T. Jones, Mrs. W. R. Cusenbary, W. E. Caldwell, Robert W. Jacobs.

Committee members were seated on the stage. Serena Trainer, daughter of Mrs. Rena Trainer, read an essay—"What Is the Constitution of the United States?"—adjudged the best of those written by Sonora school pupils. A prize of \$2 was school pupils. A prize of \$2 was school pupils. A prize of \$2 was school pupils.

John Eaton One of Speakers
Constitution, warning of the danger of various types of internal "isms," and urging that "all consider and treasure the glorious forefathers of our country and the traditions they have handed down to us."

Mr. South, introduced by the mayor, outlined briefly the history of the Constitution, reminding that it was an outgrowth of the Articles of Confederation but that none of the framers had a thought of the entirely new governmental structure they were creating.

The matter of sacredness of the Constitution was dismissed by Mr. South with the remark that it certainly is not divinely sacred but that God-fearing men framed it and realized it would probably need changing from time to time so made provision for alterations. He said:

"With so much talk about the

Constitution and the President it is only right that we should know something about the Constitution; in other words, it is important that we read the rules of the game before we condemn the umpire. Perhaps the rules should be liberalized. If so, 'we, the people,' as a speaker referred to it today, can liberalize them.

"Let him who is without sin..."

"In 150 years the Supreme Court has declared invalid sixty-seven acts of Congress. In the Roosevelt administration 247 acts of Congress have been vetoed by the President. Some Congressmen are reaching for a stone to hurl at the President when they should stop to wonder if they have not erred many times—as has, without doubt, the President. Surely something is wrong when 247 acts of theirs have been invalidated in five years and only sixty-seven in the 150 years of the Constitution."

"There are twenty-one amendments to the Constitution. There will probably have to be more. Those who made it knew that it would need changing so made provisions for that work.

"America is a great country but one will appreciate it a great deal more if he compares it with another country. It is difficult, if not impossible, to name another in which a boy or girl of ordinary station in life can rise to the highest position of government."

Mrs. Preston C. Lightfoot sang "Star-Spangled Banner," with piano accompaniment by Miss Elizabeth Caldwell and six of Mrs. Lightfoot's students sang "America, the Beautiful."

YOUNG MEN IN CHARGE OF SONORA SERVICE STATION

Operation of the Texaco Service Station, near Lowrey Draw on the main highway through Sonora, Friday passed to Pat Lyles and Jack Rape who bought the business from Norville Baker, operator for the last several weeks.

Mr. Rape has been employed at the station nearly a year. He is a son of Mr. and Mrs. Dock Rape and was graduated from high school in Eldorado in 1935. His partner, Mr. Lyles, is a brother of Mrs. W. H. Queen. His home is in Sacul, Nacogdoches county, Texas, where he went to school. Recently he has been employed by the Texas-New Mexico Pipe Line Company.

The former operator of the station, Mr. Baker, came here from Rocksprings where he had been ranching.

Sonora Business Man Better
N. T. Poindexter, manager of the West Texas Utilities Company, who has been ill at his home several weeks is better.

AGAIN BEHIND BARS

Pictured is Bill Garrett, 25-year-old criminal who last week came out second best in an encounter with Sutton county officers on the Ozona highway.

He was returned Tuesday of last week to the Waxahachie jail from which he escaped last month. An arm of his companion, May Kidd, wounded by a bullet, was amputated in a San Angelo hospital last week. It is expected that she will be taken to Waxahachie later.

Sutton County Is Building!

Unusually extensive use of rock in construction work in Sutton county has been noted in recent months.

Attracting much favorable comment recently has been the modernizing and remodeling of the residence owned by Mrs. W. L. Aldwell. Occupied as her home since 1900, the house, formerly a six-room frame structure built in 1896, was converted into one of eight rooms, three bathrooms and a basement for furnace.

Cost of construction work was about \$9000. J. E. Coston of Brady was the

contractor. The Aldwell home is another of the series being pictured on page one of the NEWS in connection with its "Home Builders' Page" on page six. Houses and other property pictured recently have been:

Homes: Mr. and Mrs. John Fields, Mr. and Mrs. Neil Roueche, Mr. and Mrs. Joe B. Ross, Mr. and Mrs. F. J. Wood, Mrs. A. G. Blanton, Dr. and Mrs. J. F. Howell, Mr. and Mrs. E. E. Steen, Mr. and Mrs. Chris Wyatt, Mr. and Mrs. F. T. Jones (superintendent's home), St. John's Episcopal Church, Church of Christ.

Turn Now To The "Home Builders' Page"

Community Concert Sunday at 3 o'Clock

First of Fall Series; Dedicated To Episcopal Guild

Participated in both by children and adults the first of a series of Sunday afternoon community concerts through the winter will be offered at three o'clock Sunday in the Methodist Church auditorium.

Each of the concerts will be dedicated to some group or individual that has contributed something

Complete program of the concert appears elsewhere in today's NEWS.

outstanding to the Sutton county community life during the last year. The St. John's Episcopal Guild is the organization so honored at the first afternoon concert.

The concerts, given without admission cost of any kind, are sponsored by the welfare committee of the Lions Club. Those composing that group are Dr. Joel Shelton, Jodie Trainer and Edwin Sawyer.

Adults who are to be heard Sunday include Mrs. Preston C. Lightfoot, vocal soloist, Miss Marie Watkins and the Methodist Church choir, Boyd Caffey and Miss Elizabeth Caldwell. School pupils who will take part are Katha Lea Keene, and members of the Elementary School Choral Club, directed by Miss Rena McQuary.

Annual Methodist Meeting Next Week

The Rev. R. F. Davis One of Those Who Will Attend

"A Glorious Church" was announced this week by the Rev. R. F. Davis, Methodist Church pastor, as his subject for the Sunday evening service—the last before the church conference in San Antonio. The Reverend Mr. Davis will leave Wednesday for the annual meeting.

The Sunday School attendance last Sunday was high again and it is hoped that an even greater number will attend next Sunday morning.

The Sunday morning subject will be "One Thing I Know." In the afternoon at three the first of a series of musical programs, participated in by a large number of persons, will be held in the church auditorium.

Sonora Man Improving Steadily
Attending physicians are pleased with the progress being made toward recovery by R. H. Renschel, Sonora young man who has been seriously ill in a San Antonio hospital several weeks.

Son to Mr. and Mrs. Roe
A baby boy weighing seven and one-half pounds was born Friday to Mr. and Mrs. C. G. Roe. The baby has been named C. G., Jr.

TRAINER SLIGHTLY HURT IN SATURDAY NIGHT GAME

Playing in his third quarter of the game at San Marcos Saturday night, Reggie Trainer, son of Mr. and Mrs. R. D. Trainer, suffered an injury that caused temporary blindness.

Trainer, playing on the Schreiner Institute "B" team, had received a pass when the accident happened. His coach believes that when he fell his head struck the ground.

Mr. and Mrs. Trainer were called to Kerrville about 1:30 Sunday morning but returned here that night. When they got to Kerrville their son was better.

Trainer had "suited up" the night before when the Schreiner team played Southwest Texas Teachers College but did not get into the game.

Sonora Boys Lose By 34 to 0 Score in Eldorado Game

Junction District Foe of Sonora in Kimble County Town at Three Saturday

Scoring in each quarter of the game, Eldorado Eagles, football threat from Schleicher county, found the Sonora Bronchos not hard to handle much of the four quarters of the Saturday afternoon game here.

Underwood went over the goal line shortly before the first quarter ended, to score first for Eldorado. The ball had been taken on its own 25-yard line and advanced steadily down the gridiron with Williams and Meador doing most of the work. Eldorado was in possession of the ball most of the quarter.

Punt Failure Damaging
Nix scored in the second after a series of end runs. A Sonora punt was blocked and the half ended with Sonora having the ball on its own 25-yard line.

Eldorado drove down the field persistently shortly after the second half began. Williams, Eagles' captain, did most of the work for his team. Eldorado scored again in the third period as Yates and Williams carried the brunt of the attack down the field.

A costly fumble by Sonora in the fourth hurt. A pass had just been completed but the "Statue of Liberty" type of play didn't click. Just before the quarter, and the game, ended an Eldorado pass, Williams to Meador, let the latter go around end for the touchdown which brought the Eldorado score to 34. The Bronchos failed to score during the game.

Eldorado Line Real Obstacle
Archer's ball-carrying was a game feature in the second quarter. Jim Taylor's defensive work attracted favorable comment. Sonora players completed a number of passes. Jim Taylor was captain for th day.

Outweighed considerably, the Bronchos had little success getting through the Eldorado line. Reverse plays worked for the Sonora players several times. Those in the starting line-up were: Elliott, Awalt, Tjerina, Thorp, Simmons, Driskell, E. Archer, J. Taylor, F. Archer, Trainer, Morris.

Others who saw service during the game were: B. Taylor, H. Bricker, H. Andrews, R. Virgin.

This week the Sonora squad, undaunted by an unsuccessful weekend following three victories, worked hard in preparation for the next district game in Junction Saturday afternoon at three. It will be the team's second district game.

Junction has a powerful team, O. P. Adams, Sonora coach, says, boasting McKay, a running threat considered the best broken field runner in West Texas "B" play and Trainer, a lineman, who 's also among the best. Robert Lee, Melvin and Ozona have been beaten this year by the Junction team which also has a 7-7 game with Fredericksburg to its credit.

Girls of the Pep Squad will make the trip to Junction and it is believed that a large number of Sutton county people, other than students, will make the trip to the Kimble county town to see the encounter.

Rocksprings high school will be the next visiting team in action on the Sonora gridiron, the game to be played Saturday, October 23.

Most of Ranches "Smiled Upon" By Rain This Week

Between One and Two Inches at Experiment Station and Wool Company

Jupiter Pluvius emptied his water containers on Sutton county ranches Sunday and Tuesday, treating nearly everyone fairly in the amount of valuable precipitation meted out.

At the Ranch Experiment Station the gauge showed 1.83 inches as the fall for Tuesday night.

The Sonora Wool and Mohair Co. clocked the precipitation in town as 1.6 inches.

Total rainfall for the month, according to the two gauges, is: Experiment Station: 1.86 inches (10th—.02; 11th—.01 inch; 13th—1.83 inches); Sonora Wool and Mohair Co.: 1.78 inches (10th—.27 inch; 13th—1.6 inches).

The E. C. Beam Ranch got 1½ inches, according to a report to the NEWS Wednesday afternoon. Two inches fell on the Collier Shurley place and B. R. Cauthorn said his ranch received "a very good rain—about one inch."

Two inches fell on the Sam Karnes place, 1½ inches on the ranch of J. N. Ross.

Mrs. N. B. Wilson, Sutton ranchwoman, returned Wednesday from San Antonio. She reported that rain fell all the way along the Old Spanish Trail from that city.

The W. E. Glasscock Ranch, west of town, got 1½ inches and the Sol Mayer and Son ranch nearby received only one-half an inch at the headquarters place but a good rain over all the rest.

"Good rain" was the report of C. T. Jones, ranchman in the eastern part of the county when the NEWS queried him Wednesday. Pope Lindsey said that two inches fell on the Halbert ranch where he is employed. The 12-Mile Sawyer Ranch got about two inches.

Two inches fell on the Sol Kelly sections south of town. Bryan Hunt said Thursday that he got 2½ inches in Sutton county and three inches in Edwards county. Aldwell Bros. Ranch got about two inches, L. E. Johnson said Thursday morning. The D. H. Kirkland place got about 1½ inches or more.

Sixty Wanted at Men's Bible Class

Baptist Clergyman Will Speak in San Angelo Sunday

Sales managers set sales quotas for their workers and the Rev. R. C. Brinkley, Baptist Church pastor, has set the quotas toward which he is "pointing" for the Men's Bible Class Sunday morning at La Vista Theater and the Baptist Sunday School at the church.

The minister hopes to have 200 in Sunday School and at least sixty men in the non-denominational class at the show house.

The Sunday morning sermon subject, according to the Reverend Mr. Brinkley, is "Unsafe Lifeboats." There will not be a service at the church at night as the Sonora pastor will be in the pulpit of the First Baptist Church in San Angelo. Sonora Baptist people are urged to attend the Methodist church service at night.

Baptist Training Union organizations will meet at the church at 6:30.

SONORA CHILDREN GIVEN PHYSICAL EXAMINATIONS

Examination of Sonora school children for physical defects is under way with a San Angelo man coming here each Wednesday afternoon and examining as many as possible each week.

The work is being done by Dr. John D. H. Tester who is assisted by Mrs. Tom Bond. High school girls are doing clerical work having to do with the card record kept of each child's condition.

Last week young pupils were examined and this week older ones of the elementary school and a few high school students. It will be necessary for the work to continue one or two more Wednesdays, F. T. Jones, superintendent, said this week.

The examination is sponsored by the Lions Club as a part of its program of extending aid to children.

SENIOR CLASS

The Seniors of 1937-38 are starting out right. Many are taking active parts in the various clubs, and the high school band. We are proud of the fact that we are the largest class of Seniors in a number of years. We hope to make this a lively year, with something to show for at the closing. "B-square and B-ys" is our motto. Our aim is to accomplish enough to make the people of our town proud of such a class, and remember us in the years to come.

The senior class rings came in and were delivered on Tuesday. They are natural gold with an emblem in the center. On either side is a broncho figure.

SHS

ASSEMBLY MEETING

Our last assembly was directed by our English teacher, Miss Milstead. Margaret Ada Martin sang two songs — "Sweetheart" and "Sailboat in the Moonlight." The Pep Squad, in colorful uniforms, then marched in and gave some yells. It became more interesting when Jim Taylor told the Pep Squad that he was sure we would not be disappointed if the members followed the players to Menard. We are happy that his statement was true.

SHS

GENERAL WOODWORK CLASS

The twenty-four General Woodwork students and the teacher, Preston Lightfoot, are progressing nicely and expect to do their best because this is the first year that Sonora has had a class of this kind.

The class has been studying how to square boards, how to sharpen and adjust certain tools, and each has also made a bench hook. The class started Thursday, October 7, making some small objects. These objects which they make will be theirs at the end of school.

SHS

FROM THE CLASSROOMS

The English IV class had a very interesting recitation Tuesday. Each student had the privilege of giving a prepared talk through a microphone.

The Chemistry pupils are enjoying their work very much since they have started laboratory work. They work under the supervision of O. P. Adams.

The Public Speaking classes are working on choral readings, which will be given Sunday afternoon, October 31. Mr. Flathers is directing this work.

School was dismissed Friday afternoon for the circus. The classes that were to meet in the afternoon met in the morning.

To clear up your diction cross your Ts, dam up your Ds and kick out your Ks.—J. H. Flathers.

Club is having at the carnival! Something good to eat? I'll say! A tea-room, with all the Gypsy atmosphere, a fortune teller, dimly lighted tea tables, Gypsy maids in gay, bright dresses, plenty of good things to eat—well come in and see for yourself!

SHS

PEP SQUAD

The Pep Squad followed and backed the Bronchos last Saturday afternoon in the game against Eldorado. At the half, the Sonora Pep Squad marched on the field in five rows lead by the two leaders, Kathryn Brown and Ina Archer. They formed an "E" for Eldorado and an "S" for Sonora, then marched off the field single file to return to their stand and back the team until the game was over.

SHS

IMPROVEMENTS IN LIBRARY

New and larger book shelves have been placed in the library. The books are being placed on these shelves and others are being shifted so as to have more room for the new order of books which will arrive soon.

The subscription list for new magazines has been completed and placed in the hands of magazine agencies. More than \$100 worth of good magazines, useful both to teachers and students, are included in the list.

New catalogue cards, shelf list cards, manila folders, multibinders for magazines and other supplies have been ordered for the work room.

A few books which came in too late to be catalogued last year are being placed on the shelves for the students' use.

We have every prospect of having a greater library.

SHS

PERSONALS

Garland Slaughter was in San Angelo Friday night and saw the San Angelo Bobcats and Sweetwater Mustangs play. The Bobcats lost 20-0.

Louis Davis, son of Mr. and Mrs. W. L. Davis, has recently won an essay writing contest in John Tarleton College. Louis is a 1937 graduate of the Sonora High School.

Vehles to Austin for Week-end

Mr. and Mrs. Richard Vehle and daughter, Betty Grace, will spend the week-end in Austin with their son, Richard, who is a student at the University of Texas. They will see the football game with the University of Arkansas team Saturday.

HOME MAKING CLUB

Guess what the Home Making

Aggies and T.C.U. In Saturday Clash

First A. and M. Coach was C. W. Taylor—for Only \$150

College Station, Oct. 13.—The Texas Aggies can thank their veteran football enemies, the Texas Christian Horned Frogs, for their first push into serious football.

Forty years ago the Aggies and the Frogs, who will battle on the grid for the thirty-first time of record Saturday, at Fort Worth, played their first game with the Christians, then Ad Rann, coasting to easy 30 to 6 victory. Chagrined Cadets wanted to do something about it, but they didn't know what to do.

Hal Moseley, now city manager for Dallas, hopefully suggested hiring a coach. Most of the boys didn't know what a coach was, but the cadet corps faithfully passed the hat and C. W. Taylor, graduate of Union College, became the first paid mentor of Texas Aggie record.

That original \$150 reaped gigantic dividends as far as Aggie-Frog games were concerned. The battling Cadets won 16 of the next 17 games played, the Christians earning a scoreless tie in 1909. The Frogs, in fact, didn't win again until 1925, but their 3-0 victory that year reversed the whole procedure. The Aggies didn't win again until the past year when they downed the Frogs 18 to 7.

The Cadets have won 17 of the games played to date and the Frogs won 10. Three ended in deadlocks, two scoreless.

Monte Earwood Wins Heavyweight Crown in Boxing Contest

Youth Formerly of Rocksprings High School Will Be in Atlanta Fights

One of eight amateur boxers who will represent the Southwest in sectional matches for amateurs at Atlanta December 6 will be Monte Earwood, nephew of Mrs. J. A. Cauthorn, Fred Earwood and Lloyd Earwood, Sutton county ranch people, and related to several others of this section.

Young Earwood, who will be remembered as a star athlete of Rocksprings high school, attracted much attention in San Antonio last week while in the tournament to select the eight team members. He won the heavyweight division by knocking out John Gibson, San Antonio, a final contender for the heavyweight crown.

New at the "Game"

The San Antonio Light had the following to say of Earwood last week:

Earwood, 20, and his brother, Darrell, read of the shortage of heavyweights in the Light's tourney at his home in Cline at noon Tuesday, and decided that Monte should enter, although he claims no previous ring experience. The brothers, after finishing a hard day's work, hopped into an auto and sped to San Antonio, arriving just in time for Monte to buy ring equipment and hurry to Tech field to fight.

Earwood established, while he was a student at Rocksprings High School, a state interscholastic shotput mark of 53 feet 8 1/2 inches that still stands, and holds the Jefferson and Edison invitation meet records in the shotput.

Last year Earwood, then weighing around 200 pounds, was a star halfback on Rice institute's freshman football team, until he suffered an injury, and won the shotput and discus events for Rice's yearlings at a triangular meet with Texas and the Texas Aggies last spring.

Earwood, the cowpuncher who got up at 4 a. m. Tuesday, worked all day and drove to San Antonio to enter the heavyweight division, made his ring debut a thrilling one. In his first match Tuesday, he took a technical kayo over Bob Eichelberger of San Antonio, and repeated in the final against John Gibson of San Antonio and Guatemala Wednesday, belting Gibson groggy early in the second round. In all, Earwood fought less than three rounds.

SONORA STORE RECEIVES NATIONALLY KNOWN LINE

An authorized distributor privilege for the sale of Bulova watches has been secured by George Barrow, owner of Barrow Jewelry Store which he operates next to the Club Cafe.

New models of the well known watch were received the latter part of last week. The company's slogan—"As serviceable as they are beautiful"—is well exemplified in the pleasing designs that are being shown. There are a number of models curved to fit the wrist.

Mr. Barrow says that the line has never before been sold in Sutton county.

The store has been in its present location about two years. Before that Mr. Barrow was located in the Sonora Electric Co. for several years.

Miss Thorp Secretary in Office Work was begun last week by Miss Zella Lee Thorp in the office of L. W. Elliott. Mrs. John McClelland was employed there until she moved to Texon recently. Miss Thorp has been in San Antonio with her mother and sister, Mrs. Rose Thorp, and Ches.

Stock Shipping Far Greater This Year

Animal Shortage in Northwest One of Chief Reasons

Austin, Oct. 13.—Texas livestock shipments to the Fort Worth stockyards and interstate points continue at a rate which by comparison with past records is quite astonishing.

Shipments during August totaled 7,973 cars, an increase of 124 per cent over August last year. For the year-to-date shipments aggregated 60,741 cars, compared with 38,958 cars during the corresponding period last year, an increase of 56 per cent.

Cattle shipments during August gained 121 per cent over August, 1936; calves, 112 per cent; sheep, 226 per cent; hogs, 19 per cent.

"Feeding areas account for a large part of the increased demand for Texas livestock, altho substantial increases in shipments were also made to the major markets," the report said. "To illustrate, 48,000 head of sheep were destined to Illinois feeding areas, compared with none during August last year; 43,000 head of sheep were destined for Iowa, against less than 6000 head last year. Similarly cattle shipments to these areas increased fourfold and tenfold respectively. Increases to Missouri, Indiana and Kansas were almost as striking.

"With the shortage of livestock in a number of northwestern range states and the huge increase in feed crops in the corn belt, compared with recent drouth years, the demand for Texas cattle and sheep should continue strong for many months. It is this fact which gives solid ground for optimism concerning agricultural income in this state during the coming months."

RAIN AFFECTS SHIPPING OF STOCK FROM SONORA

Slowed up slightly because of the rain this week, livestock shipping from the pens in Sonora during the week ending Wednesday totaled about forty-five carloads.

About half of the animals were consigned to Texas points and most of the remainder went to Kansas and Oklahoma destinations. A great deal more livestock is booked for shipment but will be delayed because of the wet weather this week.

J. R. Skillen, superintendent, Slaton division of the Panhandle and Santa Fe Railway Co., and his secretary were business visitors in Sonora Monday.

"We Have a Complete Stock"
THE DEVIL'S RIVER NEWS

Lights of New York
By L. L. STEVENSON

There's an organization known as "I Drove With Ben Smith Once" club. The large membership consists of those who have been given thrills by Ben Smith, who before he became a big Wall Street operator, was a racing driver. He has never quite overcome the habit. Hence a spin with him is fast, furious and exciting. He's skilful and accurate, however, and thus, his record is clean. But memories linger on . . .

When Tom Bragg and he were in partnership they were not only business but playtime associates as well. Naturally, they were companions in various automobile adventures some of which had a humorous aspect—and give an amusing picture of two big brokers in their play moments.

There was that day when Mr. Smith, with Mr. Bragg as usual his companion, decided to try out a new light car on the rolling acres of farm near Bedford Village, N. Y. In the back of a car were some boards which were carried in case of emergency. The first use occurred when they reached a small brook. The boards were laid across the stream and the car rolled over smoothly. Shortly after that, they came to a moderately high stone wall.

"What'll we do now?" inquired Smith.
"That's easy," returned Bragg. "Put up the boards and drive over."
"O. K.," came the response from Smith, "and you'll act as captain."

Mr. Bragg immediately assumed command and when the wheels were aimed directly at the boards, gave the order, "Let 'er go an' give her plenty of gas."

Mr. Smith obeyed. The car leaped nobly to the task and shot up the boards. But when it hit the top of the wall, it stopped and spraddled with the front wheels on one side and the rear ones hanging over the other.

Puzzled by his predicament, Smith crawled out with the query, "What'll we do now, Tom?"
"That's for you to figure out," was the quiet reply as Bragg strolled away.

The next day, they were back on Wall street putting over big deals.

Speaking of driving, I'm wondering what next I'll see on the streets of New York. In old days, concrete misers were stationary or were towed in the backs of trucks. Nowadays they travel under their own power and travel fast too, presumably chewing up sand and concrete as they plow through traffic. A concrete mixer moving at high speed is something to meet. But the other day, on Eighth avenue, I saw what would be called a steam shovel, if it were not gasoline operated, bowling along merrily. It had an escort—a dozen or more taxicabs with drivers muttering because they were unable to pass.

The recent announcement that Ciro Terranova, for a number of years known as the "artichoke king," had given up his Pelham Manor mansion because he'd not only been deposed but had gone broke, brings to mind the story of a young advertising man and a prohibition era New Year's eve. His wife and he were invited to a party and the wife went on ahead. The husband, somewhat fuzzy, forgot where the party was and went out looking for it. Seeing a big house all lighted up, he rang the bell, was admitted and found himself a guest of Terranova. And in his embarrassment, several times he referred to the "pineapple king." But he had a pleasant evening.

Simile by Ralph Rotgers, orchestra leader at the Starlight roof: "As shiny as the seat of sitdown strikers' pants."

Indians Want Museum to Return Rain-Making Skull

Washington.—The Gros Ventres Indians of western North Dakota asked the Indian office to help them recover the sacred skull of their thunder bird from the Heye Foundation museum in New York.

Legend says the thunder bird promised the Gros Ventres that as long as they kept his skull rain never would fail them nor would they suffer want.

Severe drouths and grasshopper plagues in recent years reminded the older members of the tribe of the promise. They failed to persuade the museum to return the "sacred bundle," acquired when the tribal custodian embraced Christianity.

Horse-and-Buggy Drives at White House Must Go

Washington.—President Roosevelt has approved plans to replace the winding driveways on the south grounds of the White House dating from the horse-and-buggy days, with a series of wider and straighter automobile drives.

Improvements, which will necessitate the transplanting of several large trees and old shrubs, will cost \$27,000. They will be financed by the roads and trails division of the national park service, Department of the Interior, and the work will be done by the bureau of public roads, Department of Agriculture.

YOUNG BUT DIRECTOR OF HUGE POSTOFFICE

Not quite forty years old, Dan J. Quill, a native of Terrell, has been postmaster in San Antonio since June, 1934. As a boy he was an electrician's apprentice. His rise to the federal position came by way of union activity in San Antonio and the successful handling of two campaigns for Representative Richard M. Kleberg. He is a 32nd degree Mason. (Photo by San Antonio Express.)

RANCHMAN ALERT IN DUTY TO COUNTY OF RESIDENCE

First honors for quick paying of taxes in Sutton county this year goes to B. M. Halbert, Sutton county ranchman, with his son, B. M. Halbert, Jr., J. D. Lowrey and F. J. Wood, second, third and fourth respectively.

Mrs. L. E. Johnson, deputy in the office of B. W. Hutcherson, said that B. M. Halbert, Jr., and Mrs. Halbert were the first poll tax payers. Mr. and Mrs. Wood were the next ones.

County commissioners this week approved the September report of the tax collector and of the justice of the peace. B. W. Hutcherson was allowed a balance of \$464.01 for work of assessing 1936 taxes.

The low wages paid by some big employers infuriate the kind-hearted citizen who pays his servant less than WPA wages.—St. Louis Star-Times.

PREDATORY ANIMAL WORK ONE OF ACCOMPLISHMENT

Austin, (Oct. 13.—A total of 673 predatory animals, including bobcats, coyotes and wolves, were caught by government trappers during August, according to the monthly report of C. R. Landon, San Antonio, district agent, received recently by the Texas Game, Fish and Oyster Commission.

Landon directs predatory animal and rodent control work in the state for the Bureau of Biological Survey in cooperation with Texas A. and M. College, the state Livestock Sanitary Commission and the Texas Predatory Animal Control Association.

The catch included 560 coyotes, 74 wolves and 39 bobcats.

Pecos and Webb counties, Landon said, have agreed to continue to cooperate with the predatory control program by providing financial assistance, and McMullen county has agreed to appropriate \$2,649.60 and hire four trappers. This year Pecos county will contribute \$3,500 and Webb county \$3,312.

Negotiations looking toward Dimmit county's cooperative assistance are pending, Parker said.

J. N. ROSS HOST TO LARGE CROWD SATURDAY EVENING

One hundred and fifty guests enjoyed a barbecue supper and dance Saturday evening at the ranch home of J. N. Ross. A string ensemble from San Angelo furnished the music for the evening.

The dance was given in the new native rock home which has eight rooms, and is located twenty-five miles southeast of Sonora. Mr. Ross is second vice-president of the Sonora Wool and Mohair Co.

Money Can Be Saved

Words of wisdom, the NEWS believes, were those this week by Charles L. South, representative, 51st district, when he said in Sonora that governmental spending should be checked but that no abrupt curbing of expenditures should be undertaken.

No one is foolish enough to believe that spending as it is practiced in government today may be stopped at once. Relief, for instance, is something that the country will probably always have for "the poor are always with us." Construction of projects under way must be continued to secure value for the money already expended.

Without doubt there are many directions in which a policy of curbing governmental expenditures might go. It will be helpful if the awakening of taxpayers becomes so pronounced that those who represent them in legislative halls will realize that their constituents want, and eventually must have, a reduction in government cost.

The NEWS believes that the horde of "information" services fostered both by federal and state departments of all kinds could well be curtailed. Anyone who receives the mass of such that comes into a newspaper office will realize the folly of the one who is responsible for the many lines of double-spaced typing that is sent out with the fond expectation that the press will use it as of being of interest to readers.

State Highway Map Shows Advantages of O. S. T. Route

No Earth Road on Route Through Here From Orange to El Paso

The NEWS has received from J. B. Early, maintenance engineer, state highway department, a number of official maps of Texas highways, corrected to February 15 this year.

The new map has a number of features not available on previous ones. It is much more legible and easier read than the Centennial one put out by the department in 1936.

State highway 55 from the Sutton county line to Rocksprings is shown as "earth road." The road was not constructed at the time the Centennial map was published.

OST Better Highway Route

The Old Spanish Trail, U. S. 290 through Sonora (U. S. 90 east of San Antonio, U. S. 87 west from San Antonio to Segovia), is shown as pavement from where it enters the state at Orange until it leaves the state at El Paso.

On the contrary, the border route highway from San Antonio to El Paso by Uvalde, Del Rio, Sanderson, Alpine and Marfa shows a 75-mile stretch between Marfa and Van Horn as earth road. Grading and drainage work is being done there at this time.

The route from San Antonio by way of Sonora is 575 miles long, according to the state department's figures.

The border route is shown as 583 miles, eight miles greater than the Old Spanish Trail.

Valuable Information Given
 The traveler on the Old Spanish Trail has the advantage of not having to traverse the 75-mile stretch of earth road. Many more towns are passed through on the Old Spanish Trail than on the border route and often tourists feel that this fact is an advantageous one that makes the route more interesting.

The map shows the rivers and lakes of the state in blue and the highways in black of various patterns to indicate pavement, surfaced roads, improved roads, earth roads and roads not maintained. The distance between small towns appears in black figures while the accumulated distances between larger towns is indicated in red between red triangles.

In addition to the state map, small maps of the various routes through eleven larger cities are included. These cities are Amarillo, Wichita Falls, Beaumont, Waco, El Paso, San Antonio, Houston, Galveston, Austin, Dallas and Fort Worth. The small route maps also indicate the golf courses of the city, the airports and the parks. Various land marks of particular interest, such as the ship canal of Houston, the missions of San Antonio and the forts at San Antonio and El Paso, are also indicated on the route maps of the cities.

The maps are distributed free to tourists and travelers by the state highway department.

The SNAPSHOT GUILD

MIRROR PICTURES

HAVE you ever taken mirror pictures; that is, for example, a picture of sister or the "girl friend" standing in front of a mirror perhaps "dolling up" a bit or maybe just admiring herself?

It is the unusual that attracts attention but it is necessary to use your eyes and a little imagination and ingenuity to ferret out the exceptional and get pictures that show individuality.

When making mirror pictures and focusing for reflected images only, it is necessary to add the distance from the mirror to the subject, to the distance from the mirror to the lens of the camera and then set the focus accordingly.

If it is desired to include the subject in the picture with the reflected image the focus should be set for the distance from the mirror to the lens. The smaller the lens opening the greater the depth of field and the sharper will be both images. Of course, the nearer the subject is to the mirror the less is required in the matter of "depth".

Let us suppose that sister Mary is two feet and the camera six feet from the mirror. If you want to include sister, as well as her reflected image, in the picture, you set the focus at eight feet. A photoflash lamp simplifies your exposure problem and permits a small enough lens opening to gain a sufficient range of sharpness.

After locating your subject in the finder and setting the focus of your camera at the proper distance, set the shutter for "time", place a photoflash bulb in an ordinary floor lamp within reaching distance from the camera, tilting the shade slightly upward and toward the subject. If you cannot tilt the shade, remove it from the lamp. It is best not to have any bright lights burning near the lens of the camera. Set your lens opening according to the table on the photoflash lamp container. Take your position at the camera, press the cable release to open your shutter and immediately turn on the

photoflash and then quickly close the shutter—and the picture has been taken. Simple, isn't it? For this

A section for unusual pictures will brighten the pages of any album.

type of picture a No. 10 photoflash bulb will furnish enough light.

In amateur photography, experimenting becomes the spice of life and you will be surprised at the interesting effects you will get in working out "stunt" pictures on gloomy, rainy days when outdoor activities are taboo. Results, in some instances, may be rather grotesque but you will have a lot of inexpensive amusement and pictures that show individuality. Anyone can take the ordinary run of pictures but it requires a little ingenuity to get the unusual. That is what you should "shoot" for, and the resulting pictures will be far more interesting than ordinary record pictures and breathe life itself into your photograph album.

John Van Guilder

Public Warned "Dry Ice" Is New Physical Hazard

New Orleans, La.—Following the ice wagon may not be dangerous to children, but their handling of "dry ice" presents a new physical hazard.

"Don't play with 'dry ice,'" the Orleans Parish Medical society warned. And the message was for adults as well as children, for indiscriminate handling of the material may seriously attack and destroy tissues.

Because "dry ice" is a tissue destroyer, it is now used in removing blemishes, the doctors pointed out. Placing it in the mouth has resulted in many cases of ulcers and other injury. The society cited a case from New York in which a child had to be treated for two weeks in a hospital from swallowing a piece the size of a grape.

A school for teaching birds how to fly is in operation at Sussex, England. How such an ideal federal project escaped this country will require explanation.—C.H.T. in Chicago Tribune.

Co-Hostesses To Sonora Art Club Monday Night

Miss Jamie Gardner and Miss Mary Ruth Quisenberry were hostesses Monday evening at the former's home, when they entertained members and guests of the Sonora Art Club with a dinner.

A color scheme of green and white was used. Four green tapers in silver holders burned at either end of the table, which was centered with a bowl of queen's wreath. Dahlias were placed on the buffet. A chicken dinner was served. Place cards were miniature artist pallets of green and white construction paper. Roll call was answered by each naming an art gallery.

Miss Marie Watkins sang "Homecoming," by Oscar J. Fox, accompanied by Miss Elizabeth Caldwell. Texas art galleries were described by Miss Quisenberry. Miss Gardner spoke of the Metropolitan Museum of Art in New York City, galleries in the Art Institute in Chicago, and the Huntington gallery in California.

New members named are: Misses Elizabeth Caldwell, Rena McQuary, Viva Milstead, Althea Brister, Mary L. Leatherwood.

Others present were: Misses Leeta Mae Garrett, Pauline Davis, Mary Louise Gardner, Thelma Rees, Audrey Rankhorn, Beavely Reiley, Annie Duncan, Nann Karnes, Marie Watkins, Mrs. R. K. Muckleroy, Mrs. John Fields.

Mrs. Johnson Party Hostess Monday Afternoon

Two shades of purple were used in decorating Monday afternoon when Mrs. Richard M. Johnson was hostess at four tables of bridge. Bouquets of dahlias, roses and bachelor buttons were placed at vantage points in the rooms where bridge was played.

At the tea hour a shrimp salad course was served. The tables were centered with small vases of bachelor buttons.

Mrs. Johnson's guests were: Mesdames John McClelland of Texon, John Fields, Ernest McClelland, W. J. Fields, Jr., Sam Karnes, Andrew Moore, W. C. Warren, George E. Bean, Sam H. Thomas, R. A. Halbert, B. M. Halbert, Jr., W. P. McConnell, Jr., Fred Simmons, John Hamby, J. C. Morrow, Henry Decker.

Mrs. Moore won high, and Mrs. Decker second high. Traveling prize was awarded Mrs. Hamby.

Mrs. Hull Entertains Club
Mrs. J. A. Ward, Jr., won high score Monday when Mrs. Sam R. Hull was hostess to the Contract Club. Mrs. Hull's other guests were: Mrs. Mike Murphy, Mrs. A. G. Blanton and Mrs. E. F. Vander Stucken.

Party Friday For Sixty Guests At Sonora Clubhouse

Sonora school teachers and new members of the Parent-Teacher Association were honored with a "get-together" party Friday evening at the clubhouse of the Sonora Woman's Club.

A Hallowe'en motif prevailed throughout the party. Refreshments of punch, sandwiches, olives, potato chips and candied orange slices were served. Orange flowers were used in decorating.

Hostesses were Mesdames W. R. Cusenbary, J. C. Morrow, J. Franklin Howell, George H. Neill, W. H. Dameron.

Miss Marie Watkins and Boyd Caffey sang "Play to Me, Gypsy," accompanied by Miss Elizabeth Caldwell. Miss Caldwell played a piano selection, "Caprice Viennois," by Kreisler. Two numbers, "Brown Birds Singing" and "Harbor Lights" were sung by Mrs. Preston C. Lightfoot and Miss Rena McQuary, with accompaniment by Mrs. Robert W. Jacobs.

Prizes awarded were: forty-two, Miss Johnnie Allison; bridge, Mary L. Leatherwood; "cootie," F. T. Jones.

About sixty guests attended the party.

Midland Man Visitor Here
A guest last week-end of Mr. and Mrs. Robert W. Jacobs was Dan Carter, owner of the American Chemical Co. of Midland and Abilene. The company sells a boiler and municipal water treatment service.

Sonoran Ill in Hospital
Mrs. W. L. Aldwell who has been ill in a San Angelo hospital is better this week. Her daughter, Mrs. J. L. Nisbet, and Mr. Nisbet were in San Angelo Monday and Tuesday.

The NEWS will print it for you.

Forty Guests Entertained By Mrs. Sterling Baker

Attractively designed as well as entertaining was the party Wednesday afternoon when Mrs. Sterling Baker and her daughter, Mrs. Sidney S. Millspaugh, Jr., of Ozona and San Angelo, were hostesses at the clubhouse of the Sonora Women's Club. Amid a setting of cosmos, chrysanthemums and Peruvian lilies, forty guests enjoyed an afternoon of bridge. Hallowe'en colors were used throughout the party.

Pumpkin pie with whipped cream, coffee and mints were served.

Mrs. J. Franklin Howell won high score, and tables prizes were awarded:

Mesdames Vernon Hamilton, W. J. Fields, Jr., Robert W. Jacobs, J. C. Morrow, J. C. Stephen, W. H. Dameron, Frank Bond, Joe B. Ross, W. C. Warren; Miss Ada Steen.

Other guests were:

Mesdames Richard M. Johnson, Henry Decker, John Hamby, George E. Bean, W. P. McConnell, Jr., George H. Neill, Jack Mann, Louie Stuart of Eldorado, Stella Stanley, E. C. Mayfield, E. E. Sawyer, Ben Cusenbary, Bryan Hunt, Hillary Phillips of Ozona, E. D. Shurley, Ira Shurley, Rip Ward, Joe M. Vander Stucken, R. C. Vicars, J. A. Ward, Jr., J. D. Wallace, Duke Wilson, E. F. Vander Stucken, John L. Nisbet, Mike Murphy, N. B. Wilson, Theo Savell;

Misses Alice Sawyer, Nann Karnes, Ada Steen.

WOMEN'S ORGANIZATION DISCUSSES AUTUMN PLANS

A brief talk on "Criticisms" was given by Mrs. Gus Love, president, Wednesday afternoon when the Baptist Woman's Missionary Society met at the church.

After the Bible study, led by the Rev. R. C. Brinkley, a short business meeting was held. Plans for a bazaar and cooked foods sale November 20 were completed.

Those attending were: Mesdames H. V. Morris, O. C. Ogden, Joe H. Brasher, C. S. James, R. C. Brinkley, T. L. Harrison, Gus Love, W. D. Martin.

MRS. DAVIS LEADS STUDY WEDNESDAY AFTERNOON

Eight members of the Methodist Woman's Missionary Society met Wednesday afternoon at the parsonage, when Mrs. R. F. Davis led a study of the book, "What Is the Moselem World?" A short business meeting was held after the study.

Attending were: Mesdames W. E. James, J. W. Trainer, J. T. McClelland, George B. Hamilton, J. D. Lowrey, O. G. Babcock, W. E. Caldwell, Robert Rees.

Elliott School to Have Program

A Spanish program has been planned for Wednesday, November 10, at the L. W. Elliott School, Mr. Gilley announced this week.

New Employees at Drug Store
Bill Peacock of Dallas and L. M. Rouche, Jr. began work this week at the Corner Drug Store.

BABE DIDRIKSON AGAIN IN TOURNAMENT PLAY

Known in athletic circles for a number of years, Babe Didrikson this week is one of those playing in the Texas Women's open contests on the Colonial Club course in Fort Worth.

Miss Didrikson had trouble Wednesday meeting the opposition furnished by Mrs. Gordon Phillips in a tournament match. Mrs. Phillips, one of the best players in Big Spring, has been employed for a number of years as office assistant in the Chamber of Commerce there.

Even the Muff Back For '37 Autumn Use

Dress-up Styles Replace Prim and Precise Notes

Denton, Oct. 13.—Gone are the puritanically demure frocks of depression years, gone are the sternly tailored suits of yesterday, gone is everything with a calm, stolid air. And instead . . . flamboyantly feminine costumes and daring drapes, with emphasis on the dress-to-kill idea.

Collected from the more striking and captivating fashions of long-past seasons, all the most successful tricks of feminine apparel are being employed this year.

Veils dip coquettishly over the eyes, swirl bewilderingly around fly-away hats, and sweep backwards in long flowing lines that look wonderful when the wind blows.

No longer must milady still her dress-up desires and step forth in a prim little tailored number. Now she can invest in a bit of velvet or satin, drape it excitingly with soft fullness in front, add sleek wrap-around slippers and a dashing hat and she's off to conquer the world.

Even muffs are back in, and every girl at Texas State College for Women knows the smart feeling one has when carrying a new flirtatious muff. And along with them are fur-decked gloves, or better still, gloves of velvety antelope.

With these lessons learned well, for smartness one only has to remember to keep her skirts slim and short, to emphasize her waist, to add drapery about the hips and shoulders, and above all to wear everything with a hint of dash and dazzle.

Mrs. Karnes Hostess to Las Amigas Club Friday

An all-day affair was the party given Friday when Mrs. Sam Karnes was hostess to Las Amigas Club at her ranch home.

Guests went to the ranch Friday morning, and at noon were served a delicious Mexican luncheon. During the afternoon refreshments were served.

Mrs. Karnes' guests included: Mesdames Richard M. Johnson, Fred Simmons, J. A. Ward, Jr., H. V. Stokes, J. C. Morrow, R. C. Vicars, P. J. Taylor, Collier Shurley, W. J. Fields, Jr., John Hamby, John Fields, B. M. Halbert, Jr.

High score prizes were given at each of the three tables. Winners were Mrs. Johnson, Mrs. Vicars and Mrs. Taylor.

Mrs. Sidney S. Millspaugh, Jr. of Ozona spent several days this week with her parents, Mr. and Mrs. Sterling Baker.

Elliotts Hosts at Dinner Party Friday Night

Complimenting members of the Friday Night Bridge Club, Mr. and Mrs. A. C. Elliott were hosts at a dinner party Friday evening. Roses were placed at vantage points in the home.

Mrs. Nolan Kennedy of Eldorado was the only club guest.

Members present were: Messrs. and Mesdames R. C. Vicars, R. A. Halbert, Collier Shurley, P. J. Taylor, L. E. Johnson, W. C. Gilmore; Miss Ada Steen, George Wynn.

Mrs. Vicars won high score for ladies and Mr. Gilmore high for men. Mrs. Taylor and Mr. Johnson won table cut awards.

Bridge Club Entertained By Mrs. Vander Stucken

A color plan of yellow and green was used extensively Thursday evening at the ranch home of Mr. and Mrs. Joe M. Vander Stucken, when they were hosts to the Friday Night Club.

Club members attending included:

Messrs. and Mesdames George H. Neill, Henry Decker, Duke Wilson, Frank Bond; Mrs. H. V. Stokes, Mrs. Sam H. Allison, Lloyd Earwood.

A salad plate was served. Mr. and Mrs. Wilson won high and Mrs. Allison and Mr. Earwood second high. Table cuts were awarded Mrs. Stokes, Mr. Decker, Mr. Neill.

BUILDER IN SONORA SINCE 1914

A Martha Washington Type

Either a north or south front is possible with this quaint home for the plan is reversible with equal advantages. Colonial siding is used and the front porch ornaments the entire worth of the house. The colonial design of the

house may be carried out in the interior in a number of ways. The plan is said to have the approval of the Federal Housing Administration and the approximate cost is \$3,000.

USE CARE IN PAINTING TIN ROOF OF YOUR HOME

A tin roof should be painted immediately upon installation and at least every two years thereafter. A new galvanized sheet-metal roof should not be painted for at least six months after installation. This conditioning will free the surface acids which otherwise will loosen the paint.

When a peeling roof is to be painted, all loose paint should be removed by thoroughly cleaning with steel wool, sandpaper, or a wire brush and then washing with benzine or turpentine and wiped dry. Red-lead paint is generally used. It should be applied in thin coats, allowing at least a week for drying between coats. At least three coats are needed for satisfactory results.

"FACING" OF NEW HOME REQUIRES CAREFUL STUDY

The direction in which a home faces, more technically described as the "orientation" of a home, and the exposure and ventilation are important details in home planning.

Through the services of a competent architect the most desirable method of placing the house on the lot may be decided upon. A maximum of proper exposure, with respect to sunlight and prevailing winds, is desirable. Natural air circulation throughout the interior is another important feature. Wherever possible, rooms should have cross ventilation. When locating the home it is also advisable to take into consideration the relation of adjacent homes or buildings.

Your Plumbing Should Cost—
Plumbing fixtures should be of good quality, but care should be taken to avoid the installation of fixtures too costly in proportion to the total cost of the dwelling. As a general rule, the cost of the plumbing system complete in a low-cost home should be about 10 per cent of the total cost of the dwelling, except in a very small dwelling with minimum accommodations. In these cases the cost percentage will be more.

Wide Hearth More Practical
The hearth in front of the fireplace should be at least 18 inches deep. Not only does a wide hearth look better but it also serves as a protection when embers from a burning log roll on the floor.

Army powder goes off with a bang, but face powder goes on with a puff.—Stewart-Warnerite.

Fiber Board For Floors
Squares of hard-pressed fiber-board can be used for floors. They can be laid in mastic or nailed over old floors and will take a fine finish if waxed. They are durable, and a variety of color shades will prevent monotony.

Texas Dealers See New Chevrolet Cars

Promotion Campaign Explained in Detail in Dallas

Plans for introduction of the new 1938 Chevrolet cars, with most extensive advertising program in the company's history, were revealed yesterday at a special pre-view and business meeting attended by 1075 Chevrolet dealers and their personnel, from all points in the Dallas zone.

Neither George Bean nor R. M. Johnson of the B & J Motor Co., Sutton county dealer, was able to go to Dallas for the pre-view. Models are to be shown the public for the first time Saturday, October 23.

The new product with which they will undertake to exceed the current year's high volume was received by the dealers with the liveliest enthusiasm, according to H. Wilson, manager of the Dallas zone, who conducted the presentation meeting.

The features of the new car were explained in detail at a morning session at the Pan-American Casino. The afternoon session was devoted to a presentation of the plans for the public announcement of the 1938 Chevrolet and a detailed explanation of Chevrolet's fall advertising campaign. A showing of the new models concluded the meeting.

"The reception accorded the new Chevrolet by our dealer organiza-

tion points to the most successful new-model announcement we have ever had," Mr. Wilson declared. "That the advances made over previous models will meet with the immediate approval of the public is an assertion of which there can be no doubt."

The average American is a fellow who feels pretty sure even Miss Jadwiga Jedrejowska herself must have trouble pronouncing her name.—Memphis Commercial Appeal.

These are **DANGEROUS DAYS FOR FOOD!**

WHY RISK HEALTH WHEN

FRIGIDAIRE WITH THE METER-MISER

PROTECTS YOUR FOOD AND PAYS FOR ITSELF!

Low Monthly Payments
On Our Special "PAY-AS-YOU-SAVE" PURCHASE PLAN

It is a mistake to believe that cool weather guards food against spoilage. Temperatures *too cool* for your comfort may be *too warm* to protect your food. All year 'round, food must be protected at safety-zone temperatures between 32 and 50 degrees Fahrenheit. Above this mark, spoilage is rapid. Below, foods freeze.

Nature seldom maintains safety-zone temperatures. So don't depend on makeshift or old-fashioned, unreliable refrigeration methods. Health can be endangered . . . money can be wasted . . . when refrigeration is inadequate.

There is really no need to be without proper protection. Frigidaire with the Meter-Miser safeguards food day and night, and *proves* it! Does this while paying for itself and paying a profit besides!

Don't be without Frigidaire another day. Let us show you how you can own a Frigidaire without increasing your present household expenses! We'll show you Proof!

5 YEARS PROTECTION

BEWARE OF WINTER FOOD SPOILAGE!
The multiplication of bacteria in food causes spoilage. At temperatures above 50° this multiplication is rapid. Guard your food! Even in mid-winter kitchen temperatures are above 50°. And outside temperatures are in the safety-zone only 19 days a year, on an average. You cannot depend on makeshift refrigeration at any time of year!

BUY NOW AND YOU CAN SAVE \$50 this winter

Frigidaire owners report average savings of \$10.98 a month with Frigidaire. They save money by eliminating food losses, by reducing refrigeration costs, and by being able to take advantage of bargain specials and money-saving quantity prices. Such savings pay for a Frigidaire and pay a profit besides!

ONLY FRIGIDAIRE GIVES YOU THESE IMPORTANT ADVANTAGES!

DAM WILL SWALLOW EXPENSIVE BRIDGE

Concrete to Cover Span Built at Grand Coulee.

Washington. — Completion of a \$500,000 steel bridge across the Columbia river at the site of the Grand Coulee dam, which will serve its purpose and disappear beneath tons of concrete within six months, was reported to Harold L. Ickes, secretary of the interior, by John C. Page, commissioner of reclamation.

The bridge is 3,000 feet long and 175 feet high and contains 7,000 tons of steel. Three standard-gauge railroad tracks cross the bridge, which extends from the two great concrete mixing plants at the west and the east abutments. It is one of the busiest bridges in the world, since a relay of trains are moving back and forth across it continuously, hauling concrete in four-cubic-yard buckets for placement in the dam. Already nearly 6,000,000 tons of concrete has been handled by cranes which move about on the bridge to serve the workmen far below.

Despite the fact that the bridge cost more than \$500,000 and will be swallowed up in the concrete of the dam, its construction was justified with the explanation that it is the most efficient means devised, and less expensive than any other method proposed, for placing the enormous yardage of concrete required over the dam foundation area, which is 500 feet wide and 3,000 feet long.

From the high bridge, cranes swing buckets loaded with eleven tons of concrete to any point within a strip 125 feet wide across the river.

Try Kindness in Reform School in Pennsylvania

Huntingdon, Pa. — John D. Pennington, Pennsylvania's welfare secretary, has announced that the experimental stage of his "philosophy of constructive friendship without indulgence" at the Pennsylvania Industrial School for Boys is completed and that the practice will be made permanent.

The plan, begun by Pennington, a retired naval officer and former federal prohibition administrator, included elimination of dungeons, where inmates were sent, often for petty offenses, solitary cells, "short" diets, long work periods and hard labor chores.

Inmates, instead, were prompted to reduce sentences and gain extra credits in merit ratings through study and conduct. Guards were instructed to promote friendship among the boys, act less harshly in criticism and permit more association of inmates among themselves.

The new system has attracted nationwide attention of crime students and penologists.

Mistake in Seed Wheat Costs Matanuska's Crop

Palmer, Alaska. — Matanuska colonists, farming the government's most ambitious resettlement project, figured they had lost a year's work.

All seed wheat bought by the Alaska Rural Rehabilitation corporation, governing body of the colony, for re-sale to the Matanuska pioneers, was found to be winter instead of spring wheat.

Already planted, it will not produce until next year. A shortage of feed for an estimated 50,000 chickens and several large flocks of geese, ducks and turkeys was feared.

The situation was further complicated by the fact that much of the wheat was planted on land rented or this year only. Since the wheat will not produce until next year, some colonists raised the question of who will be entitled to the crop.

Virginia City Without Taxes Keeps Costs Down

Bedford, Va. — This Virginia town of 4,000 population, which recently celebrated its eightieth birthday, has established a widespread reputation as a city without taxes.

Since early in 1935, citizens of Bedford have paid no local tax assessments whatever. Civic leaders attribute this to sustained good civic management.

Under its present budget, the municipally-owned light and water plants pay the cost of government, and in addition permit regular contributions toward retirement of the city's bonds, an obligation that has been cut almost in half during the past seven years.

Bedford's operating expenses have shown no increase during the last 10 years. The city is governed by a mayor and eight councilmen elected from among its citizens, most of whom are woolen mill or tin can factory workers. A city manager works directly under the mayor.

Reminders

Romeo, Mich. — In the barn at the home of William N. Gray here are a score or more of turkey feet. They are all that are left of the wild turkeys which Gray killed as a youth 70 years ago.

Cows Air-Cooled

Fremont, Neb. — Air-conditioned cow barns are being introduced in Nebraska, where 100-degree heat is common in summer.

Try Whole Ham For the Hallowe'en Revel

Buffet Supper Most Ideal Way of Serving One's Guests

Hallowe'en will be along almost before we know it, and that's a good excuse for getting the crowd together, if an excuse is needed.

There are many amusing games to play, from bobbing for apples if the gang is young and gay enough, to fortune-telling before the bridge game, if your evening must include cards. And the decorations are always fun, no matter how many times we've cut out black cats and goblins and witches.

Though our attention may be on occult subjects this night, appetites are usually very substantial. Perhaps we need to be fortified by good food before we can enjoy our ghostly thrills.

Suggests Buffet Supper

"A buffet supper is a good choice for Hallowe'en," says Inez S. Willson, home economist. An indefinite number of guests can be served easily. You can give free rein to your fancy in decorating the table and arranging the food.

A baked ham or half ham as the main dish for a buffet supper can be decorative as well as appetizing. It will provide food for quite a large party, and whatever is left over certainly will not go to waste.

Escalloped potatoes in individual baking dishes are a good accompaniment, not hard to keep hot until ready for use. Or creamed potatoes might be served from a chafing dish. The ham is carved at the table, of course.

How to Bake Ham

To bake a ham or half-ham, place it fat side up on a rack in an open roasting pan. If you have a roast-meat thermometer, make a small incision through the skin and insert the thermometer so that the bulb is in the center of the thickest part. Roast in a slow oven (300 F.) until the thermometer registers 160 F. Allow 25 minutes for a 10-12 pound ham, 30 minutes for half hams, 20 minutes per pound for large hams. About 45 minutes before the ham is done, remove it from the oven and carefully take off the rind. Mark the fat into squares with a sharp knife.

Decorate with thin slices of orange with skin left on, or with slices of pineapple with maraschino cherries, or with candied orange and grapefruit peel.

Pour fruit juice, brown sugar sirup or honey over all. Return to a moderate oven and continue baking until ham is done and the outside is lightly browned.

The Russians at the Pole get along with remarkably little friction, as we assume there is an ironclad agreement to lay off the Volga boatmen's song.—San Francisco Chronicle.
