Census of Sutton Unemployed Five Days Next Week

Postoffice Department Agency For Count in Forty-eight States of Those Not Working

In line with the action of postmasters throughout the nation T. C. Murray, Sonora postmaster, Tuesday to Saturday will "count noses" to determine Sutton county's unemployed or partly unemployed.

Cards, eight by nine inches, will be folded to half that size for convenience in handling. No postage is required on the card so the unemployed person need only answer the questions and mail the card.

"Uncle Sam," through the Unemployment Census officials headed by John D. Biggers, administrator, wants to know the answers to such questions as these:

Name? Address? Age? Sex? Are you unemployed? Are you partially unemployed? How many dependents do you have?

What is your yearly income? How many workers are there in your family?

If you are out of work, are you able to work? Are you looking for work?

How many hours did you work last week? How many weeks did you work in the last twelve months?

Each unemployed or partly unemployed person in the family is to fill out a card. Sixty million cards have been ordered for distribution in the United States. It is estimated that they will go to thirty-one million families.

Hubert M. Harrison of Longview, Texas Special Consultant, Unemployment Census, recently communicated with W. C. Gilmore, mayor, giving him details of the undertaking, which was authorized by an act of Congress. One one side of the questionnaire-card is a message from Franklin D. Roosevelt asking cooperation in the work of taking the census.

Pupils Earn Much For School's Fund

L. W. Elliott Program Nets More Than \$100 Wednesday Night

A giant stride in the effort of L. W. Elliott School pupils and teachers to buy a musical instrument for use in the school was taken Wednesday night when the Merry Lassies Club presented "Mexico On Parade."

Playing to an auditorium crowded with parents and friends, the pupils presented a program of dances, instrumental numbers and playlets that entertained for two hours. It was opened by group singing by the children of the national song of Mexico and ended by singing of "The Star-Spangled Banner."

Profit of \$115.72 was added to the fund as a result of the evening's entertainment, which was sponsored by Miss Harva Jones, who was assisted by Miss Maggie Stewart. Pupils of Miss Margaret Grantham and Miss Madeline Fritz also participated in several numbers.

H. F. Gilley is principal of the school. Other teachers are Miss Frances Crook, Miss Nan Johnson and Mrs. Roy Grimland.

SOLDIERS IN SONORA FOR NIGHT OF NOVEMBER 18TH

A letter to W. C. Gilmore, mayor, says that the army men who camped in Sonora in September will be here again the night of November 18 on their return trip to Fort Bliss, El Paso, from San Antonio camps.

The major asked courtesy of the camping site that was used previously and also for additional space that was offered—the athletic park site.

Mr. Gilmore understands from this that the two detachments here before will be in one outfit this time, making the number to spend the night in Sonora about 1,250.

Miss Guyon Shurley left yesterday for Austin where she will visit her brother, J. T. Shurley, a student at the University of Texas, during the week-end.

WPA Money For Sonora Gym Ready

Man-Power, Meeting Requirements of Agency, Delaying Work

Encouragement was given within the last few days in the effort being made to provide gymnasium facilities for children of the Sonora school system.

F. T. Jones, superintendent, said Wednesday that a representative of the Works Progress Administration told him a few days ago that WPA money for the project was in San Angelo and that WPA authority had been granted for the building.

Work will be started, Mr. Jones says the representative told him, as soon as thirty eligible men are available. That many must be ready for work, and eligible according to WPA requirements, before the building may be started and regular work schedule maintained.

Fifty-five per cent of the building cost would be paid by the federal agency and the remainder by the school district.

Plans for the building, first proposed last spring, call for a structure eighty feet by one hundred feet to be built on the former site of the superintendent's home. Native rock would be used with brick for trim work. Both basketball and volley ball courts would be supplied by the gymnasium, the former being large enough for tournament play.

Feature Event of Next Week Lions Club 4-Act Play

Six Characters in "The Patriarch," Play of Virginia Portion of Alleghenies

A tale of mountain folk wherein Abner Gaunt, venerable sheep raiser, is judge, jury and executioner among the hill people will be dramatically portrayed Monday night on the high school auditorium stage by six players.

"The Patriarch," is a four-act drama written by Boyd Smith and was the opening play at the Yale University theater. One writer's synopsis of the play reads in this way:

".....of Allegheny mountain folk who are not generally represented on the stage. The patriarch, a sheep raiser, is known for his justice and is called far and wide to judge the mountain folk....."

A thread of romance and love is woven into the warp of the story with a mountaineer's daughter, just back from the city, having been "promised" years before to the son of the venerable patriarch. She realizes she wants a brother of her "intended." Before the plot is entirely revealed the story develops into one chiefly of an affair between the brothers, with their father as judge.

Welfare work in the Sutton community, as carried on by the welfare committee of the Lions Club will be aided by the money that is earned as a result of the dramatic production.

Those having parts in the play, complete program of which appears elsewhere in the NEWS, are: Jodie Trainer, Leeta Garrett, William Gilmore, Boyd Caffey, Jennings H. Flathers, Evelyn Gilley.

The play is being directed by Dr. Joel Shelton.

BOY SCOUTS' COURT OF HONOR SUNDAY AT FOUR

Postponement of the Boy Scout Court of Honor program until four o'clock Sunday afternoon in the high school auditorium was announced Tuesday by A. W. Awalt, Scoutmaster.

The Court of Honor was announced last week for Wednesday night. A number of conflicting events this week and next week made it impractical to hold it at the announced time or to delay it until sometime next week—when even more events of community interest are scheduled.

Executives of the Concho Valley Council headquarters office in San Angelo will be going through Sonora Sunday and will stop here for the program that afternoon.

Miss Elizabeth Brantley of McCamey visited friends here this week.

Preparing for 4-H Club Wool Show

Many Texas 4-H Club boys are getting ready now for the 4-H Club Wool Show to be staged in Sonora next June. Their flocks of sheep must be ready for inspection Nov. 15 this year in order for the wool to be entered in the show.

Dock Simmons, Sutton County club boy (above), is shown branding the flock of ewes he will handle from now until June and whose wool he will exhibit at the 4-H show.

Junction Men Come Here For Luncheon of Club Tuesday

Master Key Given George E. Smith; Band Members Present Two Clarinet Numbers

An attendance contest being staged by Junction Lions Club has aroused so much interest that four of the members drove to Sonora Tuesday for the purpose of seeing that their team's attendance record was not marred by their absence at the regular meeting in Junction.

The visitors were Blackstone L. Smith, former group president of Lions Clubs, the Rev. W. L. Lemons, the Rev. B. L. Smith and C. K. Cunningham. All attended the luncheon of the Sonora club.

Members of the club approved a proposal that \$25 be given Dr. John D. H. Tester of San Angelo for his recent work of examining Sonora school children. Mrs. Tom Bond, who assisted him in the work, was given \$12.50 by the organization. The San Angelo man made four trips to Sonora for the work.

An expression of thanks for the hospitality shown the San Antonio trade trippers recently was read at the luncheon Tuesday. Clarinet numbers by Dock Simmons and Myron Morris, accompanied by their band instructor, Peter A. Chase, pleased. Richard Saunders gave a reading, "If I Should Die Tonight."

Sonora Lions were given tickets for "The Patriarch," four-act play to be given Monday night. Each is expected to sell as many as possible. All profit made will be used by the welfare committee of the organization in aiding those in less fortunate circumstances this winter.

Myron Morris, high school student, was given a Lion pin to wear while he is "Lion" during the next six weeks for having made such a good scholastic record. The presentation was made by W. E. Caldwell.

A Master Key, indicative of a member's securing twelve new members, was given George E. Smith. Blackstone L. Smith of Junction presented it to the Sonora man.

Guests other than the four from Junction were Ben Cusenbary and Hillman Brown.

Sonorans to Kerrville Thursday Mr. and Mrs. R. D. Trainer and children, Cathryn and Sanford, and Wynona Hutcherson went to Kerrville yesterday to visit their son, Reginald, who is a student at the Schreiner Institute.

Funeral of Sonora Man Here Saturday

J. J. Armour Resident Here Since August of 1935

As the NEWS went to press word came of the death of Jim Armour, manager, Ranchogas Co., Inc.

Funeral services are to be here Saturday afternoon. Besides Mrs. Armour he is survived by his parents, Mr. and Mrs. W. J. Armour of Trent, a brother, Stanley, of Trent and two children—Mrs. F. S. Spain, Kilgore, and another daughter living in Kilgore.

Funeral services were conducted Tuesday afternoon in Ashland, Wis., for Mrs. Crandall, eighty years old, who was killed in her home town of Cedar, Wisconsin, Friday afternoon.

Mrs. Crandall, mother of Mrs. J. J. Armour of Sonora, was killed instantly while crossing a highway in Cedar. She was struck by a government-owned automobile. Surviving her are three daughters—Mrs. Armour, Mrs. Edith Cook of Wisconsin, who has been here several weeks, and another in Washington.

Neither Mrs. Armour nor Mrs. Cook could go to the northern state for the funeral services because of the critical condition of Mr. Armour who has been seriously ill several weeks in a hospital in San Angelo. At noon Thursday it was said that Mr. Armour had pneumonia and that his condition was very grave.

GIVE TO RED CROSS NOW!

Red Cross memberships are on sale at various places in Sonora, with the official Roll Call period November 11-25. Memberships are \$1 with the privilege of making a gift of any size at the same time. George E. Smith is Roll Call chairman in Sutton county and Mrs. A. J. Smith, chairman of the Sutton county chapter.

Business Man Improving Recovering from a recent nose operation is Arthur Carroll, Sonora business man associated with his father, Ernest Carroll, agent, Texas Company. Mr. Carroll, who was operated upon last week, is able to be out but has not returned to work.

Mrs. Murphy Some Better Slightly improved this morning was Mrs. Mike Murphy who has been seriously ill at her home since last week.

HILLMAN BROWN SALESMAN FOR COMPANY IN OZONA

Work as a salesman for Joe Oberkamp of Ozona was begun this week by Hillman Brown who until recently was employed in the Cuero district of Central Power & Light Co., with headquarters in Corpus Christi.

Mr. Brown, son of Mrs. Maysie Brown, was employed at the Corner Drug Store until several years ago when he went to South Texas for work in a drug store and later for the utility organization.

The Oberkamp firm is dealer for Electrolux refrigerators as well as heating and lighting systems.

First Examinations For Auto Drivers Here November 16

Car Defects As Well As Drivers' Weaknesses To Be Looked For By Examiner

If you want an automobile driver's license after Monday, November 15, and have never had one before you must pass oral and written examinations given by an officer of the state Public Safety Department.

Those holding driver's licenses now do not have to take the examinations at this time. Their licenses are good until April, 1939.

"School" Tuesday Afternoon First examinations in Sonora will be at the courthouse from 12:30 to 2:30 Tuesday afternoon, November 16, according to Elton C. White, uniformed patrolman who was here Friday. An examiner will be here each Tuesday at that time, Mr. White said, and usually a uniformed patrolman will be with him to assist in the work.

In applying for the driving tests the applicant must furnish his own vehicle or one he proposes to operate after he secures a license.

After oral quizzes are completed each applicant will be required to drive his car or truck over a designated route under the supervision of one of the trained examiners. During the drive the operator must demonstrate the use of his foot and hand brakes, stop for signals and perform other acts necessitated in ordinary traffic situations. Before the actual driving test is made the examiners will quiz the license applicants on safety regulations and signals, highway laws and make tests of their eyesight and hearing. Any physical deformities will be recorded on a grade card.

Car Must Be Approved Not only will driver's license applicants be examined as to their ability to handle a vehicle with safety, but the vehicle itself will be tested for defects in brakes, horn, lights, rear-view mirror and windshield wiper.

If a driver proves his ability to operate his vehicle with care and safety he will immediately receive his license at the examination headquarters. If a passing grade is not made after the test is completed, an instruction permit card will be issued which requires the applicant to return at a later date for another examination. Examiners of the Safety Department estimate that a complete test can be given in 12 minutes.

Trucks, bus and other commercial vehicle drivers will be issued licenses divided into three classes: A, B and C, according to the type of vehicle to be operated. Passenger and school bus drivers are issued a permit bearing a special endorsement of the department.

Col. H. H. Carmichael, director of the public safety department, licenses verse themselves in safety regulation, rules of the highway and the mechanical operations of their vehicles in preparations for the tests.

Baby for Illinois Couple

Birth of a son weighing six pounds has been announced by Mr. and Mrs. Everett James of Pectonica, Ill. The child, born Wednesday, is a grandson of Mr. and Mrs. W. E. James.

Sonoran to Austin Today

Dr. I. B. Boughton of the Ranch Experiment Station staff left today for Austin where he will attend the Texas Christian University and University of Texas football game.

Ozona-Sonora Teams Show Ability When Ozona Wins 13-7

Bronchos' 1937 Season Far From Failure—Four Games Won and Five Lost

Tough breaks coupled with the opposition given by a smooth-running football machine yesterday afternoon to give the Sonora Bronchos a defeat in the last 1937 game when Ozona marked up 13 points to the Sutton county clan's 7. The game was in Ozona.

Ozona Lions scored first when Leath, quarterback, in the first quarter plunged over after the ball had been taken by the Lions from their own 37-yard line by a series of line plunges and Montgomery and Perner runs.

Sonora Threatens in Second Early in the second period Sonora made a series of first downs, a pass to Elliott and an end run by Morris to the Ozona 1-yard stripe.

ARMISTICE DAY STARTING LINE-UP

Left End Webb Elliott
Left Tackle Robert Simmons
Left Guard A. W. Awalt
Center Thomas Thorp
Right Guard C. T. Driskell
Right Tackle A. Tjerina
Right End Edward Archer
Quarterback Jim Taylor
Left Halfback F. Archer
Right Halfback, J. D. Trainer
Fullback Vernon Morris

BRONCHOS' 1937 SEASON RECORD

| | |
|-----------|----------------|
| Sonora 7 | Big Lake 6 |
| Sonora 20 | Merton 6 |
| Sonora 28 | Menard 12 |
| Sonora 0 | Eldorado 34 |
| Sonora 0 | Junction 14 |
| Sonora 6 | Rocksprings 24 |
| Sonora 0 | Iraan 20 |
| Sonora 13 | Big Lake 7 |
| Sonora 7 | Ozona 13 |
| Sonora 81 | Opponents 136 |

A fumble gave the ball to the Lions who kicked at once.

As the half ended the ball was Sonora's on its own 42-yard line.

Staging a second half comeback as they often do, the Bronchos opened the third quarter with grim determination to score—and did so but not before Ozona had tallied again. The ball was lost to Ozona on an intercepted pass early in the quarter. Lemmons, 170-pound halfback, Montgomery, quarterback, and Perner, a constant threat in the game, worked it to the 5-yard line. Perner went over, try for point (by kick) failed.

Elliott Makes Good Run Web Elliott, Sonora end, returned the kick-off from the 30-yard marker to the Ozona 47-yard in an excellent run that counted for much in his team's work of the day.

A pass was intercepted, Ozona had to punt and Sonora had the ball on its own 25-yard.

Taylor carried it to the 29-, Morris made it to the 39½-, the ball was lost to Ozona when punt was necessary.

An Ozona pass was intercepted by Taylor, Sonora quarterback, who drove persistently time after time in aiding his team in its fight for touchdown. He returned the ball from the Ozona 49-yard to the 38-.

Early in the fourth quarter passes gained first downs for Sonora with Taylor putting the ball, finally, on the 6-yard line. Morris, speedy Sonora fullback tore around end, in the powerful fashion he displayed many times throughout the game, and over for a touchdown. The kick for goal was bad.

Ozona Players Fight Hard Perner, Montgomery and Lemmons carried a large part of the Ozona playing load during the afternoon with Perner, particularly, attracting attention by his play.

The Bronchos worked well together, suffered numerous breaks of the game that may or may not be a team's lot on any day in any game, and played "heads up" football much of the game. The determination shown by the players and their ability to take care of themselves fairly in any situation reflected credit on O. P. Adams, coach, who has worked with them. Web Elliott and Jim Taylor were

ASSEMBLY MEETING

Perhaps the most impressive of this year's assembly programs, was last Friday's when Coach Adams formally introduced each member of the football squad, and gave a short history of their service to the high school. We were reminded that six are seniors this year, and will be playing their last high school football game in the Sonora-Ozona contest.

In keeping with the football spirit the pep squad in full uniform sat directly behind the boys, and closed the program by singing some of their songs and giving some "peppy" yells.

SHS

HOMEMAKING CLUB

We wonder if the Homemaking girls think they will be better homemakers if they sing songs? Anyway that's what they did at their club meeting Wednesday morning. Louise Schwiening led the songs and Marjorie Davis played. After that Miss Leatherwood led a drill on parliamentary procedure.

SHS

SILENCE

The age of the Earth is one of the questions to which men of science are ceaselessly trying to find the answer. Their general belief is that our planet is from two thousand to three thousand millions of years old, and that life has existed on it for more than two million years.

According to scientists half a million years ago there were palm trees growing in northern Greenland. Then the climate changed and that whole northern hemisphere, down to as far south as the Ohio river, was covered with ice a couple of miles thick. Man and

all other animals had to move toward the equator as the ice advanced. Then the ice melted and man moved north again. Three times that has happened. The third "Ice Age" has not yet ended. Every century the earth gets warmer and more of the polar ice melts and the northern regions become more habitable.

It is said, "A thousand years from now our grandchildren of the thirtieth generation may pick oranges in Canada and go to the beaches at Hudson Bay for a warm winter vacation."

SHS

Why does Miss Milstead think the senior play is going to be very appropriate for the seniors to give? They can all play natural parts, we think.

???

We wonder who was prouder of the Juno Playboys Monday night? Their girls or the boys' mothers.

???

Who is A. W.'s latest heart-throb? Do you know?

???

A girl's love is like gold, Hard to get and hard to hold. A boy's love is like snuff, One dip and that's enough.

???

Do you think the girls will be awfully happy when football season is over? I don't think the boys will mind so much either.

???

Why did the biographies the seniors wrote hack them so much—especially A. W.?

???

We wonder why the traffic cop couldn't catch Mr. Jones Saturday?

???

We wonder why the traffic cop did catch Wampus in Christoval Saturday?

Poor Juanita, all withered and worn

Her leaves are ragged, tattered and torn

Her beautiful stems no longer green

They are losing growth, and growing lean

To me it's a wonder that she did ever grow

Mr. Chase, as you know, has neglected her so

So for Juanita, here's a hip-hooray

Stay in there and fight, you will win some day.

SHS

PUBLIC SPEAKING

The pupils of the public speaking classes are to put on a program in class next week. Each class appointed a chairman and a committee to work up the program.

Mr. Flathers will then choose the best pupils from each class and present the program in assembly.

SHS

SENIOR CLASS

Seniors of 1937-38 are doing things a little different this year in one respect. The senior play will be given early this year in order to decrease the rush that always comes at the end of the year. As the play has been cast the real work will soon begin. Since there are twenty-six members of the class, everyone cannot be in the play, but the three-act comedy that was chosen is very suitable for a class of this size.

There are sixteen characters to the play, "Who Wouldn't Be Crazy." Those who are not in the play, will be given active parts to help in producing the play.

Watch for the announcement of the date.

SHS

"FACTS ABOUT LIFE"

Life is an opportunity to build up character, grow personality and make destiny.

Life is a nucleus of experiences, the bitter and the sweet, all working together for growth, development and consequences.

Life's happiness is derived from the measure of happiness we bring to other lives. "Love and Service" are the key words.

You are your best friend or your own worst enemy. Life is what you make it.

Life is a very precious gift which we should always appreciate and for which we should ever be thankful.

LEADER OF BAPTISTS TO SPEAK IN CAVERNS

El Paso, Nov. 11.—A joint session of the Baptist Convention of Texas, Arizona and New Mexico 750 feet underground, in the arched recesses of Carlsbad Caverns, New Mexico, will climax the Baptist General Convention of Texas Friday.

Speakers for the impressive services will be Dr. J. B. Tidwell of Waco, president of the Texas Baptists; the Rev. Julian Atwood of Roswell, for New Mexico, and the Rev. S. S. Russell for Arizona.

The Reverend Mr. Atwood is pastor of the First Baptist Church of Roswell and the Reverend Mr. Russell is Arizona state mission secretary.

Never before in history has such a meeting been held, and certainly has there never been such a setting for a religious service. Stirring hymns will be sung. Special provision has been made for transporting delegates attending the Texas sessions here to Carlsbad, and from there to points where they may entrain for their homes.

Lorraine Couple Visiting Here
Mrs. J. T. McClelland and brother, Joe Chitty, of Eldorado spent the week-end in Lorraine. Their parents, Mr. and Mrs. J. A. Chitty, returned here with them for a visit.

T. C. U. "Band Sweetheart"

Miss Frances Buster is about the proudest girl at Texas Christian University, for she has just been elected "Sweetheart" of the Horned Frog Band, the most-coveted co-ed honor on the campus. Frances is a sophomore and plans to study medicine. Her hobby is collecting bugs and butterflies and she "just loves to visit the zoo." Her home is in Fort Worth, where her father is principal of one of the junior high schools.

It was very intelligent of Hollywood to cast Jascha Heifetz as a musician in his first film. Now to find a fiddler to double for him on the violin.—Detroit News.

Experts to Band Birds to Solve Gulf Mystery

Gulfport, Miss.—Banding of barn swallows inhabiting Ship island, near here in the Gulf of Mexico, may solve a "mystery," according to Thomas J. Burleigh, associate biologist of the United States bureau of biological survey.

Why it is that these birds nest on Ship island and other outlying islands, but do not live on the mainland along the Mississippi Gulf coast, is what puzzles Burleigh.

He pointed out that they might be the same type that nest in Northern Arkansas, nearest known winter nesting place of barn swallows. The barn swallows in Arkansas are known to go north to Labrador, where they have definite breeding places.

Banding of the birds was decided on to determine whether the Ship island barn swallows also join the others in their northward flight.

Would Save Old Theater
Boonville, Mo. — Civic leaders have asked the state legislature for aid in preserving Thespian hall, said to be the oldest theater building west of the Alleghenies.

Gadget to Indicate Moment to Propose

Salt Lake City.—Ardent swains of the future will have an infallible guide in electricity, which will show the correct moment to propose, predicts Dr. Phillips Thomas, Pittsburgh scientist.

"Romeo will only have to glance at a yet-to-be-developed gadget, tuned to 'personality radiations' of his loved one. When the gauge shows proper emotional pressure for the question he can't miss," Dr. Thomas said.

AMERICAN NOMADS AIDED BY TRAILERS

National Resources Body Expects Rise in Use.

Washington.—The house trailer is the new development in motor transport which has the most direct social and economic possibilities, according to the report of the National Resources committee on technological trends and the social implications of new inventions.

"The trailer may be a passing fad," the report states, "but the odds are in favor of a rapid and persisting development."

"A highly mobile population of problematical size may be created, in which the traditional home, which has its roots in a single locality and is controlled by neighborhood mores, may be abandoned, yet, at the same time, family solidarity may be fostered."

Children Lose Out.

"Along with the freedom to follow the seasons for occupation and for pleasure would go certain losses, especially to children who may suffer breaks in schooling, in friendships and in community loyalties."

"In so far as the trailer becomes a permanent residence or a household, its limitations of space would possibly encourage the trend to smaller families."

"The service institutions, such as camp grounds and filling stations, must enlarge their functions, since a trailer is not suited for crowded streets in the city shopping area."

"New problems of government seem likely to arise, relating to taxation, car registration, police and sanitary regulations, and establishment of place of residence for voting. More interstate uniformity of the laws affecting travelers may be called for."

Supplementary Home.

"The trailer, when mass production leads to cheaper prices, is likely to supplement rather than replace the stationary home."

Probably 50,000 tourist-type trailers were manufactured in 1936, the report states, and production is "notoriously far below demand."

It has been stated by the writer, the report adds, that within 30 years half of the homes of the country will be mobile, and by another that within 20 years more than half the population of the United States will be living in automobile trailers.

However, the report comments, a 6 by 18-foot trailer house does not appear likely as a permanent, normal mode of living for typical American families in any large number. On the other hand, it is possible that this mode of living may be increasingly used by migratory workers, and by many families during vacation periods.

7,000 High Schools Will Give Courses in Driving

State College, Pa. — That more than 7,000 high schools in the United States are expected to offer safe-driving instruction next year is forecast by Amos E. Neyhart, of the Pennsylvania State college extension services, now on leave of absence to have charge of the American Automobile association's safe-driving program.

As he traveled throughout the United States in the last year Mr. Neyhart found much interest and enthusiasm greeting his campaign for driver training.

"I believe that the majority of the motorists wish to become safe drivers," he said. "In the past driver instruction has been sketchy at best, but from the response we have received from all types of motorists it is my opinion that safety is in the minds of more and more of these drivers."

"I make the statement that drivers are becoming progressively more efficient in full view of the fact that more accidents and more fatalities are being reported year by year. The fatalities and accidents should be compared with the increase in automobile registrations and increasing gasoline consumption before an accurate estimate of the situation can be had."

Indians Setting Pace in Gains in Population

Washington. — American Indians are the fastest growing population group in the United States today, John Collier, commissioner of Indian affairs, recently told a house committee. The Indian population, which now numbers approximately 350,000, is setting a faster pace than either the whites or the negroes, with purebloods increasing at the rate of more than one per cent a year.

About 282,000 Indians are wards of the Federal government under the Indian Reorganization act, the Alaska amendment and the Oklahoma amendment. The Indian population includes about 250 tribes, varying widely in numbers. Many of the tribes have already adopted constitutions and other tribes are expected to incorporate under constitutions and charters now pending.

College Teaches Dancing Los Angeles. — Dancing has crashed the university curriculum. Courses in half a dozen varieties are being offered at the summer sessions of the University of California.

People To Hear of Agriculture Puzzle

Men of County Agent System Will Conduct Meetings

College Station, Nov. 10.—District agents of the Texas A. and M. College Extension Service have gathered their county agricultural agents together for a series of meetings at which the farm income outlook will be discussed, according to Geo. E. Adams, assistant state agent, who recently attended a nation-wide meeting on this problem at Washington, D. C.

County agricultural agents will hold schools at which their assistants, vocational agriculture teachers, and others will discuss the material prior to presenting it to community meetings, Adams said.

The farm income question will be discussed in relation to the 1938 Agricultural Conservation Program. Discussions will center around such questions as why the cotton picture, fairly satisfactory in 1936, changed so completely in 1937.

"As everyone knows, when farm production is excessive and crop surpluses pile up, farm income comes down," Adams pointed out. "Farmers then are unable to buy many city-made goods, and business in general slows down and unemployment follows. That brings increased lack of buying power for farm products, and prices received by farmers are pushed down still further."

"If Texas farmers and ranchmen are to act intelligently in the face of their problems, it is necessary that they understand the economic situation which influences their income. It is our purpose in these meetings to give farm and ranch people an opportunity to learn more about the principles behind the legislation which brought about the AAA and to let them pass judgment upon the advisability of entering the 1938 and future programs."

TIME LEFT FOR AAA WORK, SOUTHERN DIRECTOR SAYS

College Station, Nov. 10.—Farmers of Texas and of the south who are cooperating in the Agricultural Adjustment Administration's agricultural conservation program are being urged by AAA leaders to sow soil building crops and carry out other conservation practices this fall.

"Texas farmers have almost two months remaining in which they can plant winter soil building crops and carry out practices which will qualify them for payment under the 1937 program," George Slaughter, of Wharton, chairman of the Texas Agricultural Conservation Committee, said. The committee has headquarters at Texas A. and M. College.

Texas farmers earned only \$4,534,282 in payments of the \$6,361,196 allowance for Texas in the 1936 program, Mr. Slaughter said. Acting Director I. W. Duggan, of the AAA Southern region, has reported farmers of his entire division failed to earn \$5,164,401 which they would have received had it been possible for them to carry out their 1936 program in full. They had soil building allowances totaling \$19,912,215 but earned only \$14,747,813, Duggan said.

EPISCOPAL SERVICES SET FOR SUNDAY AT ELEVEN

Holy communion will be observed Sunday morning at eleven o'clock at St. John's Episcopal Church with the rector, the Rev. Frederic M. Brasier, in charge.

A card received by the NEWS Tuesday night stated that the Reverend and Mrs. Brasier would be in Sonora today, tomorrow and Sunday and would visit church members during the week-end.

E. D. Shurley and C. G. Roe were in Dallas several days this week on business.

Dipping of Goats in Sulphur Vats Proving Success

West Texas Ranchmen Reporting of Their Experiences in Dousing Animals

Various activities of the care of sheep and goats are keeping West Texas ranchmen busy during this season of the year, reports from county agricultural agents indicate.

R. D. Ashley of San Saba county who dipped 1000 goats in wettable sulphur last June, reports his grown goats sheared 3 pounds each in the fall of 1937 against 2.5 pounds each during the fall of '36. He attributes the gain of 450 pounds, or \$247.50 worth of mohair, to the fact that the sulphur dip killed the lice on the goats.

W. H. Taylor, of the same county reports that his 2000 goats that were dipped last June were free of lice at shearing time. He also reports about one-half pound increase in mohair over last fall.

Adam Wilson, whose ranch covers a part of Bandera, Kerr and Real counties, reported his shearing weights at 3.92 pounds per goat. Wilson has dipped his goats twice in wettable sulphur.

All ranchmen who have used sulphur have reported that their mohair seems to be exceptionally clean and free of lice. Robert Brown of Medina county reported a shearing weight of 3.9 pounds per goat, and all goats free of lice at shearing time. Brown dipped his goats only once.

Witnessing and reading about the excellent results obtained from the use of wettable sulphur for the control of goat lice has convinced about twenty ranchmen in Coleman county that it is worth while. Bob Corbell, ranchman cooperator in the Novice community, will dip 650 head of goats as soon as the growth of hair is long enough to hold the dip. He is planning for a second dipping 14 days later. Other ranchmen who are planning to dip are M. J. Nations, Dibrell Brothers, Kit Casey, C. D. Bruce, Roy Tisdale, Bill Lobstein, O. H. Terry, Arthur Casey, Ike Gaines, Bob Mann, and others.

FORT STOCKTON BOY WINS NOVEMBER TRIP TO SHOW

College Station, Nov. 10.—Blevins McKenzie, senior student at Texas A. and M. College, from Fort Stockton, has been named the winner in an essay contest offered by Swift & Co. to students in animal husbandry at the college on the subject: "The Meat Packing Industry."

The prize consists of an all-expense trip to Chicago, Ill., to attend the International Livestock Exposition late in November. In addition the winner will be given an opportunity to study all phases of the packing industry in the donor's plants while in Chicago. Plans call for a round of entertainment for the winner.

McKenzie lives on a ranch near Fort Stockton but upon graduation next summer plans to take over the management of his father's other ranch at Belton, N. M.

The Monday Market in San Antonio

(Federal-State Market News Service)

Cattle, (Monday), estimated receipts 1500, calves 2500. Receipts included around 650 head of cattle and calves on through billing. Trading was fairly active on one of the heaviest runs' this year. Early sales of calves and cows weak to 25c lower, other classes weak, tending lower. Trading was dull at the close with several lots of calves and a load of fed steers unsold.

Medium steers cashed at \$6 to \$6.25, few plain kinds down to \$5. Most grass yearlings \$5.50 and down, truck lots of medium short-fed \$6 to \$6.50, fed Brahman yearlings \$5.75, and truck lots of good 820-lb. fed yearlings \$8 to \$8.50. Medium grass calves mostly \$5 to \$5.75, rail load of good heavy calves \$6.25, two loads at \$6.50, small truck lots above. Plain calves down to \$4, few "rannies" down to \$3. Butcher cows mostly \$3.50 to \$4.25, fat cows dull, few to \$5, odd head \$5.50. Low cutters ranged down to \$2.50, some down to \$2.25 and below. Few medium bulls around \$4.50 and down. Bulk of stocker calves \$5.50 and down, few steer calves to \$5.75 and \$6.

Sheep, receipts 100 head; goats, 200 head. The market was weak and slow. A few Spanish goats cashed to small killers at \$3. Angora goats were draggy with some selling at \$2 to \$2.25 with several truck lots unsold late.

TEXAS FARM INCOME UP DURING SEPTEMBER, 1937

Austin, Nov. 10.—Farm cash income in Texas during September was estimated at \$101,000,000, compared with \$87,000,000 during September last year, an increase of more than 15 per cent, according to Dr. F. A. Buechel, assistant director of the Bureau of Business Research at the University of Texas.

The average September farm cash income during the sixty months base period, 1928-32, was approximately \$114,000,000, so that the September index—percentage of base period income—was 88.4 this year and 76.4 last year.

"The wide variations in the indexes as between the different crop reporting districts during September, and also as between the same district this year and a year ago are attributable to the marked differences in production of the main sources of cash income, and to the changes in prices of major crops and of livestock enterprises compared with last year, and with the base period, 1928-32," Dr. Buechel said. "It should be added that government benefit payments and subsidies are not included in any of these computations."

Bridge Enjoyed at Reiley Home Misses Beavely and Florine Reiley were hostesses Thursday night at one table of bridge at their home. Chocolate cake and hot tea were served to: Misses Mildred Labenske, Audrey Rankhorn, Ruth Freeman. Miss Labenske won high score.

Forethought Pays

As the deer hunting season begins Texas sportsmen, and there are many women included in that term in these days, should be impressed again by the need of conservation of game resources of the Lone Star State.

The state Game, Fish and Oyster Commission is to be commended for its efforts along the lines of conservation of game and the propagation of additional resources of this sort. Every dollar spent for either purpose will return manyfold in future years in additional sport.

License fees as a basis for such work may be looked to for a portion of the work. The individual sportsman can do much more by carefully observing game laws designed to limit, for the good of all, the amount of game that may be secured.

Ozona-Sonora Teams

(Continued from page 1)

co-captains of the Brocho players yesterday. Elliott was captain Saturday when the Big Lake Owls were turned back on the Sonora field by a 13 to 7 score. In that game Sonora scored in the second and last quarters. The visitors scored only in the fourth when a pass by Whitney to Billy Carr, over the goal line, was completed.

Season Fairly Successful

Beginning the 1937 season with three victories, one of them a district one, the Bronchos dropped the next to the powerful Eldorado team. Junction scored two touchdowns to blank the Sonora team in a hard-fought game there. Rock-springs proved too shifty for the Sonora players and went home with a victory. Iraan won 20 to 0. Last Friday Big Lake was defeated by Sonora for the second time this season.

The season will be officially ended Friday night, November 19, when the Pep Squad girls are hosts at the annual football banquet in the Methodist Church basement. There are no more games this season.

SAN ANGELO, TEXAS

Co-Hostesses at Sonora Art Club Monday Night

American artists were discussed Monday evening when the Sonora Art Club met at the home of Mrs. J. P. Reiley, with her daughter, Beverly, and Miss Audrey Rankhorn hostesses.

Miss Reiley discussed Winslow Homer and Irving Couse. A piano selection, "Song of India," was played by Miss Thelma Rees. The life and works of Julian Onderdonk, Texas' most eminent artist, was told by Miss Rankhorn. Pat Reiley also played a piano number. Plans were made for the annual Christmas party, to be held at the next meeting.

A sandwich plate was served: Mesdames Maysie Brown, R. K. Muckleroy, J. P. Reiley, John Fields;

Misses Althea Brister, Thelma Rees, Mary Ruth Quisenberry, Pauline Davis, Elizabeth Caldwell, Jamie Gardner, Mary L. Leatherwood, Viva Milstead, Audrey Rankhorn, Florine Reiley, Beverly Reiley.

Mrs. Ward Teaches Study For Baptist Ladies

Mrs. Rip Ward taught three chapters of the book, "In the Land of the Southern Cross," by H. H. Muirhead, Wednesday afternoon when the Baptist Woman's Missionary Society met at the Church.

Plans for a bazaar Saturday, November 20, were completed. Cooked foods, candy and needlework will be sold.

Those attending were: Mesdames Joe H. Brasher, R. C. Brinkley, Lee Holland, L. H. McGhee, H. V. Morris, W. D. Martin, J. A. Cauthorn, C. S. James, T. L. Harrison, O. C. Ogden, H. P. Largent, Gus Love.

Candy was served during the afternoon.

Wilson's Hosts To Bridge Club Saturday Evening

Mr. and Mrs. Duke Wilson were hosts Saturday night when they entertained the Sonora Night Club. Roses were placed at vantage points in the home.

After several games of bridge a salad plate was served.

Club members attending were: Messrs. and Mesdames Bryan Hunt, Lloyd Earwood, George H. Neill, Frank Bond.

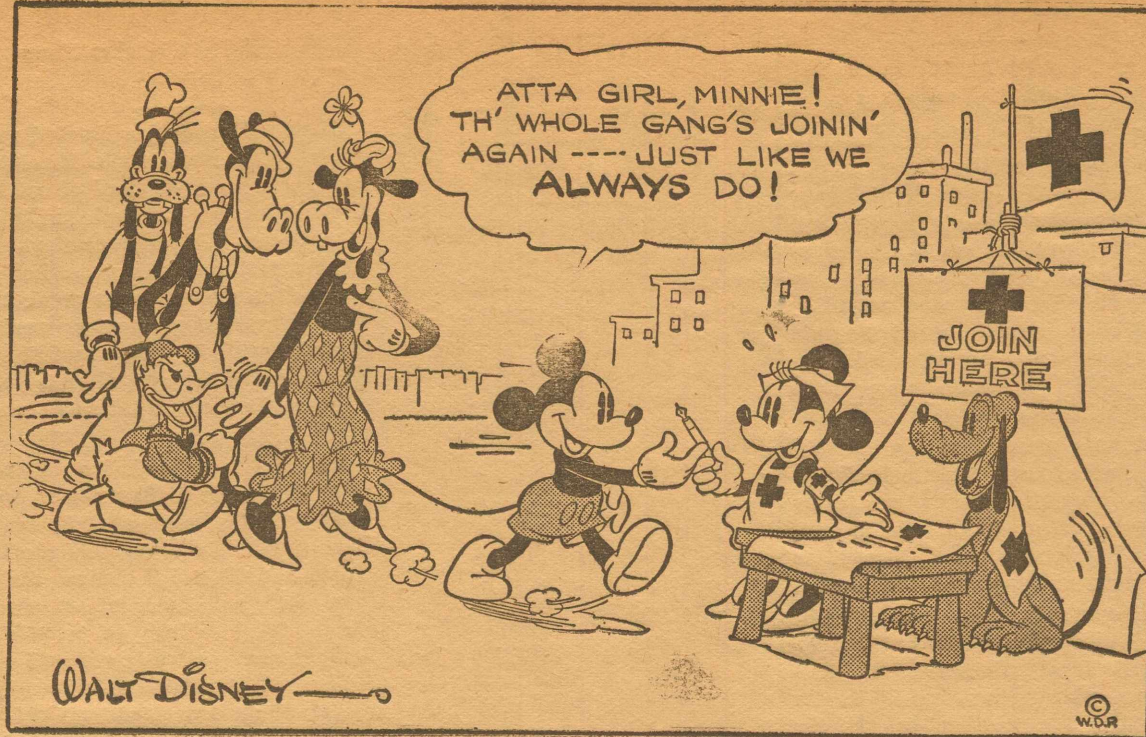

Club guests included: Messrs. and Mesdames W. J. Wilkinson, Jack Mann; Mrs. N. B. Wilson, Mrs. Earl Duncan, Mrs. Sol Kelly.

Mr. and Mrs. Hunt won high club score and Mr. and Mrs. Earwood second high. High guest was won by Mr. and Mrs. Wilkinson.

Miss Dorothy Penick returned Wednesday from a visit in San Antonio with Mrs. Rose Thorp and daughter, Ches.

WALT DISNEY, "MICKEY'S PAPA," AIDS ROLL CALL

Bridge Club Entertained By Mr. and Mrs. Johnson

Colors of yellow and brown were used extensively Saturday evening when Mr. and Mrs. L. E. Johnson were hosts to the Friday Night Club. Chrysanthemums were placed at vantage points in the rooms where four tables of bridge were played.

Pumpkin pie, mints and coffee were served.

Mr. and Mrs. Sam H. Thomas were the only club guests.

Miss Ada Steen and George Wynn won high score awards.

Others attending were:

Messrs. and Mesdames A. C. Elliott, P. J. Taylor, R. C. Vicars, Collier Shurley, R. A. Halbert.

Mr. Halbert won the traveling prize.

Miss Edythe Carson is visiting in Austin with Miss Muriel Ayers, whose father is a professor of economics at the University of Texas.

WOMEN GREATEST USERS OF STATE'S LIBRARY SERVICE

Austin, Nov. 10.—More than 30,000 packages of library materials were circulated by the Package Loan Library Bureau at the University of Texas during the 1936-37 fiscal year, ended August 31, according to Miss LeNoir Dimmitt, chief of the bureau.

These 30,549 packages were sent to 1,075 Texas towns and rural communities in 247 out of the 254 counties in the state. Included in the service were 1,808 books, 15,576 plays, 3,470 club outlines and 283,668 pamphlets and periodical clippings.

Women's clubs proved the most extensive users of package library materials, 14,743 requests being filled, while schools used 12,005 packages. Other libraries supplemented their own service with 2,914 packages from the university bureau. Individuals, parent-teacher associations and civic organizations used 645, 199 and 43 packages, respectively.

Sonorans to Austin This Week-end

Among those planning to attend the Texas Christian University and the University of Texas football game this week-end are: Mrs. A. C. Elliott and son Web, Elizabeth Elliott, Wynona Hutcherson, Lunetta Marion of San Angelo, W. Y. Friend, Jr., of Ozona.

The SNAPSHOT GUILD
 AUTUMN SNAPSHOTTING

Fall landscapes add much to the artistic appeal of your photo album.

WE MAY sing of the flowers that bloom in the spring—tra-la—but a song cannot adequately describe the wonderful colorings that Mother Nature bestows upon the trees and shrubs in the fall. The woods are ablaze with color and new colorful fall flowers appear. Lakes, rivers, and the well-known babbling brook seems to reflect these bright colors.

Now, let's consider the type of film to use for fall colors. For example, suppose you are taking a picture of a bed of fall flowers—some deep orange or red and others dark blue. Ordinary film, not the chrome type, would yield a print in which the brighter colored flowers would appear darker than the blue ones, though to the eye the orange and red flowers appeared lighter. It would not, in other words, give true color brightness values in black and white print. However, with what is known as panchromatic film the true tonal values in monochrome rendering will be obtained.

Renderings of color and cloud effects are further improved by the use of proper color filters with any type film, including the chrome and panchromatic.

A filter is a specially prepared disc of colored gelatine, between glass, which is slipped over the camera lens. Its function is to hold back certain rays of light and let others pass through. Although there are several kinds, I believe the beginner who has never used a filter might choose

between the two most popularly used, or better yet, have both to use when necessary to improve the quality and artistic appearance of the snapshot.

One of these filters is known as the K-2. When using the K-2 filter with chrome type film, it is necessary to increase the exposure over that which you would give without the filter about 2 1/2 times. With supersensitive panchromatic film the exposure with a K-2 filter need be increased but two times.

The other filter is used largely to photograph clouds in a landscape with NO increase in exposure time. This is called a Sky Filter, one half of which is yellow, and the other half clear. The reason why this filter can record both clouds and landscape without requiring any increase in exposure is that the sky is photographed through the yellow part of the filter while the landscape is photographed through the part which is not colored. The yellow part of the filter holds back the blue of the sky somewhat and gives the white clouds more chance to record their real beauty.

Your nearest dealer in photographic materials will gladly give you more information regarding the use of color filters and I am sure that when you realize the great difference the use of a filter makes in the appearance of your snapshots you will become a confirmed user of this inexpensive accessory.

Methodist Ladies Meet Wednesday at G. H. Davis Home

Members of the Methodist Woman's Missionary Society met for an all-day session Wednesday at the ranch home of Mr. and Mrs. G. H. Davis.

A covered dish luncheon was served by the members.

Mrs. R. F. Davis was in charge of the morning program, which opened with a scripture reading by the Rev. R. F. Davis. Mrs. W. E. Caldwell presented "Retired Deacons and Missionaries." "Roll Call for Retired Missionary Workers" and "Comradeship" were discussed by Mrs. George B. Hamilton. A poem was read by Mrs. O. G. Babcock.

Others on the program were: Mrs. Robert Rees, Mrs. C. E. Stites, Mrs. G. H. Davis, Mrs. J. W. Trainer.

In the afternoon program, led by Mrs. Rees, Mrs. Hix Hall told of her trip to Cuba recently. On the afternoon program were Mrs. Ira Shurley, Mrs. J. D. Lowrey, Mrs. W. E. Caldwell.

A collection was taken for the missionary workers.

Mrs. Hall played the piano several times during the day.

The committee that planned the meeting was made up of Mrs. R. F. Davis, Mrs. Robert Rees, Mrs. George B. Hamilton.

Those present were: Mesdames W. E. James, R. F. Davis, O. G. Babcock, C. E. Stites, Leonard Gibbs, J. W. Trainer, Joe Berger, Perry Mittel, Ira Shurley, George B. Hamilton, Hix Hall, J. D. Lowrey, W. E. Caldwell, G. H. Davis.

Sonorans to Dallas and Iowa
Mr. and Mrs. R. A. Halbert and Mans Hoggett of Mertzon left this morning for Dallas. Mrs. Halbert will visit her daughters, Mrs. C. W. McBride, Jr. and Miss Bobbie Halbert, in Dallas, while Mr. Halbert and Mr. Hoggett go to Iowa to attend a polled Hereford sale.

Three Entertain With Bridge Party Saturday Afternoon

Climaxing a week of social events, Mrs. J. D. Wallace, Mrs. Libb Wallace and Mrs. W. D. Wallace were hostesses at fourteen tables of bridge Saturday afternoon at the clubhouse.

A colorful plan of yellow and brown prevailed extensively. Yellow chrysanthemums and yellow roses added a pleasing attraction to the clubhouse.

At the tea hour a dainty sandwich plate of pimento cheese sandwiches on yellow and brown bread, cookies, olives, pickles, potato chips, and tea was served.

Miss Jamie Gardner won high score and Mrs. J. A. Ward, Jr., second high. Low score award was won by Mrs. G. H. Davis.

A high cut prize of a Thanksgiving favor was given at each table. Winners were:

Mesdames Sterling Baker, Theo Savell, O. G. Babcock, Earl Lomax, Velma Shurley, Lloyd Earwood, George D. Chalk,

W. R. Long, G. W. Cunningham, John Nisbet, R. C. Vicars; Misses Ada Steen, Harva Jones, Rena McQuary.

Other guests included: Mesdames A. W. Awalt, V. F. Hamilton, Paul Turney, J. W. Ross, Henry Decker, John Hamby, W. L. Davis, Seth Lancaster, Joe Hull, Mike Murphy, Jack Gentry, W. E. Caldwell, P. J. Taylor, William M. Allison, B. W. Hutcherson, W. L. Aldwell,

John Fields, W. R. Barnes, Bryan Hunt, Rip Ward, J. M. Halbert, Jr., Earl Duncan, J. W. Trainer, N. B. Wilson, E. F. Vander Stucken, J. Franklin Howell, Hix Hall, Richard Vehle, Preston C. Lightfoot, Robert W. Jacobs, George Trainer, Sr., Josie McDonald, E. D. Shurley, J. A. Cauthorn, R. A. Halbert, W. J. Wilkinson, L. E. Johnson, E. E. Sawyer; Misses Alice Karnes, Zelma Moore of San Angelo. Mrs. Hi Eastland was a tea guest.

Miss Miers Home Wednesday
Mr. and Mrs. W. A. Miers and daughter, Addah, returned Wednesday from Dallas where Miss Miers underwent an appendectomy. She is recovering nicely.

Eastern Star Leader at Meeting

One of the distinguished guests at the El Paso meeting recently of the Texas Grand Chapter, Order of the Eastern Star, was Frank W. Lynn, Dallas, most worthy grand patron of the General Grand Chapter of the organi-

zation.

Mr. and Mrs. Lynn are shown in the above photograph which was taken in El Paso.

Seven from the Sonora chapter attended the session which was the fifty-fifth one of the organization. (Photo, courtesy El Paso Times.)

Mrs. Neill Club Hostess Friday Afternoon

A profusion of fall flowers was used in decorating for the party Friday afternoon when Mrs. George H. Neill was hostess to the Girls' Club.

Club members attending were: Mesdames Sam H. Allison, Frank Bond, Henry Decker, Lloyd Earwood, John Hamby, Bryan Hunt, W. P. McConnell, Jr., Joe B. Ross, R. C. Vicars, J. A. Ward, Jr., John Fields; Miss Alice Karnes, Miss Ada Steen.

Club guests were: Mesdames Rip Ward, Andrew Moore, Collier Shurley, Richard M. Johnson, Jack Mann, Edgar Shurley, Jax M. Cowden, Jr., B. M. Halbert, Jr., V. F. Hamilton, H. V. Stokes, Ernest McClelland.

Mrs. Ward won high club and Mrs. Decker second high. Mrs. Shurley won high guest.

A delicious salad plate was served.

Mariposa Club Entertained By Mrs. Bryan Hunt

Colors of red, white and blue were used in decorating for the party Wednesday afternoon when Mrs. Bryan Hunt was hostess to the Mariposa Club. Red and white roses decorated the room where three tables of bridge were played. A delicious salad plate was served.

Club members present were: Mesdames Stella Keene, Jack Mann, William M. Allison, Joel Shelton, George E. Bean, E. D. Shurley, Joe B. Ross; Miss Ada Steen.

Club guests were: Mesdames J. C. Morrow, John Hamby, W. P. McConnell, Jr., Henry Decker.

Mrs. Keene held high score and Mrs. Shelton won second high and high cut award.

Mrs. Muckleroy Party Hostess Friday Afternoon

Snappers and marigolds decorated the room where two tables of bridge were played Friday afternoon when Mrs. R. K. Muckleroy was hostess to the Blue Monday Club.

A tasty salad plate of chicken salad, wafers, olives, pickles, cake and tea was served.

Mrs. Velma Shurley was the only club guest.

Mrs. C. E. Stites won high club score.

Other club members were: Mesdames W. E. James, J. W. Trainer, Lee Labenske, H. V. Morris, W. E. Caldwell, Robert Rees.

Bridge Party Wednesday Night at Wallace Home

Carrying out a color scheme of red, white and blue, Mr. and Mrs. Libb Wallace were hosts at a party Wednesday evening when they entertained with eight tables of bridge. Red roses and red zinnias were placed in the home.

A refreshment plate of fruit cake with whipped cream and coffee was served. The cake was topped with a miniature flag. Plate favors were given.

Guests at the Wallace home were:

Messrs. and Mesdames L. E. Johnson, Lloyd Earwood, F. T. Jones, Henry Decker, H. V. Morris, J. Franklin Howell, Bryan Hunt, G. H. Davis,

W. P. McConnell, Jr., Richard Vehle, J. D. Wallace, R. D. Trainer, R. A. Halbert, Hix Hall; Miss Ada Steen; Mrs. J. W. Ross, Mrs. George Trainer, Sr.; George Wynn.

Mr. and Mrs. Hall held high score and Mr. and Mrs. McConnell second high. High score for men was won by H. V. Morris, and high for ladies by Mrs. G. H. Davis.

Bazaar, Saturday, Nov. 20, Baptist W.M.S., at Vander Stucken's; foods, dressed hens, hand-work. 2tc

Mrs. Brown Hostess Wednesday To Members of Club

Sonora Music Club members were entertained Wednesday evening when Mrs. Maysie Brown was hostess at the ranch home of Mr. and Mrs. E. D. Shurley.

Mrs. J. L. Nisbet, president, presided at the business meeting.

The program, "Impressionistic Methods—Debussy and His Works" was led by Mrs. O. G. Babcock.

Reports from the district convention in Abilene last week-end were given by Mrs. E. D. Shurley and Miss Marie Watkins. Miss Edythe Carson also attended the convention. The district meeting next fall will be in Ozona and in June new state and district officers will be installed. Mrs. R. P. Wyche of Abilene will be the new president of the Sixth District of State Federation of Music Clubs, and Mrs. Shurley, the recording secretary.

Pie and coffee were served to: Mesdames W. E. Caldwell, O. G. Babcock, Rosana Hildreth, J. L. Nisbet, E. D. Shurley, B. W. Hutcherson; Misses Marie Watkins, Thelma Rees, Elizabeth Caldwell, Muriel Simmons.

Mrs. Aldwell Hostess Monday
Mrs. E. F. Vander Stucken won high score Monday afternoon when Mrs. W. L. Aldwell was hostess to the Contract Club. Others present were Mrs. Sam R. Hull, Mrs. J. A. Ward, Jr., Mrs. N. B. Wilson.

Book Review Given at Club Thursday Afternoon

"The Life of Mother," by Clarence Day, was reviewed Thursday afternoon of last week by Mrs. John L. Nisbet when the Sonora Woman's Club met at the clubhouse.

Two lessons in English were studied, one being led by Mrs. H. V. Stokes, and the other by Mrs. W. H. Dameron.

In the business meeting it was decided that club would not join the state federation. Plans to landscape the clubhouse grounds were discussed.

Members attending were:

Mesdames Roy E. Aldwell, Sterling Baker, O. G. Babcock, W. E. Caldwell, W. R. Cusenbary, W. H. Dameron, R. F. Davis, Hi Eastland, W. J. Fields, Jr., B. W. Hutcherson, Hix Hall, W. P. McConnell, Jr., J. L. Nisbet, Joel Shelton, H. V. Stokes; Miss Nann Karnes.

Sonorans Visit in New Mexico
Mr. and Mrs. W. D. Kring and her sister, Miss Nora B. Hill, accompanied by their cousin, Miss Louise Williams of Dryden, visited Carlsbad Caverns and the McDonald Observatory last week-end.

HIGHWAY WILL LINK ITALY AND GERMANY

Expect to Cut Motoring Time to 14 Hours.

Washington, D. C.—Rome was not built in a day, but eventually it will be "made" in a day by automobile from Germany. Plans have been approved for an 800-mile super-highway binding Berlin to Rome, to be completed by 1941. Arrow-straight wherever possible, free of grade crossings and speed limits, the road will reduce motoring time between the two capitals to a predicted 14 hours. Of the total length, 47 per cent will be in Italy. From there it will cross Austria and proceed north through Germany.

"This highway of modern tempo across three countries coincides in places with an ancient Roman via," says the National Geographic society. "Both then and now the route was chosen to stimulate circulation between the sunny Mediterranean civilization of Italy and the northern-facing German plain, dominated by Berlin, which slopes toward the North sea and the Baltic.

"The highway crosses Austria's western end, so that throughout the whole journey international motorists will drive to the right. It is in eastern Austria that 'Keep to the left' is the rule of the road.

Road Runs Due North.

"The route is a slash almost due north across central Europe. Berlin lacks only two degrees of latitude of being mapped straight above Rome.

"The capitals at opposite ends of the road have many opposites in their respective histories. Berlin was a provincial city of somewhat over 300,000 people a century ago; Rome was a world power before the beginning of the Christian era. Now Rome, with a million inhabitants, spreads its domes and florid towers over so much more than seven hills that it is one of the favorite candidates for the title of the world's most extensive city. Berlin ranks sixth in area, but has four times the population of its southern sister city. Industries do not figure in the activities of Rome; Germany's capital on the other hand, is also her industrial center.

"The road from Rome rolls north over the broad plain of the Campana, and climbs out of the Tiber valley over Tuscan hills. In fact, the Rome-to-Berlin highway goes over mountains, between mountains, or at least through landscape with blue hints of hills around the rim, practically the first half of its way. Exceptions are the broad rolling Campana, which surrounds Rome, and the ample plain of the Po. Between Florence and Bologna, the road launches right over the Apennine range, the craggy shinbone which runs the length of the Italian boot. On the southern side lies the peaceful town of Pistoia, whose medieval name and ironworking fame survive in the modern pistol.

"On the other side of the Apennines lies Bologna, whose university once drew famous men to its colonnaded streets. Here Galvani was studying the effect of electricity—at first called 'galvanism'—on frogs' legs at about the same time Franklin was baiting kites to catch lightning.

Through Old Verona.

"Bologna's brick wall and its famous pair of leaning towers disappear across the rich plain of the Po valley as Verona is approached. There, according to Shakespeare, was staged one of the world's greatest romances, the tragic love of Romeo and Juliet.

"Passing the east side of Lake Garda, with its orange and olive grove border, the route to the north leaves the Lombardy plain and climbs Alward through the Trentino district, where Roman control 2,000 years ago has more recently been disputed by German, Austrian, and French domination. The country, however, has been Italian again since the conclusion of the World war.

"The little patch of Tyrol is part of Austria's Alpine elbow nudging Germany away from Italy.

"Dominating the valley in which the Inn river is cradled between two ridges of Alps, the ancient town of 'Inn's Bridge' has grown up to be modern Innsbruck with 60,000 inhabitants, Austria's fourth largest city.

"From Innsbruck the road north toils up to Germany, entering through a pass obligingly punched by a Tyrolian glacier aeons ago. From the Bavarian Alps, highest area in Germany, travel spills down into the South German basin of Bavaria, where the southern metropolis of Munich buzzes with many industries. Nurnberg, across the Danube to the north, sticks to its traditional industry, the manufacture of playthings.

"From Nurnberg the Rome-to-Berlin route turns eastward toward Leipzig. From Leipzig the road slashes across the North German plain to Berlin."

Town Makes Own Films
 Chauncey, O.—Every Chauncey citizen was given an opportunity to be a "minute" movie actor. The local Parent-Teacher association arranged for a cameraman to take random shots, which were shown later at a party given by the organization.

Teachers in Texas Urged To Continue Retirement Fees

Association Head Urges Faith Continuance in Spite of Fact State's Share Delayed

Sutton county teachers as well as those in other places will be interested in the recent statement by A. W. Birdwell, president of the Texas State Teachers Association with headquarters in Fort Worth.

Mr. Birdwell, president of Stephen F. Austin State Teachers College, Nacogdoches, expressed himself in the following manner in regard to the recent failure of the legislature to provide funds for the teacher retirement system, authorized by an amendment voted by Texans:

"The adjournment of the special session of the legislature without passing a tax measure leaves the

A. W. BIRDWELL
 President
 Stephen F. Austin
 State Teachers College

Teacher Retirement System of Texas without revenue provided by the state to match the contributions now being made by Texas teachers, but this does not mean the failure of the plan.

"The Teacher Retirement System has been approved by the people of the state and by the legislature. It is therefore a binding obligation on the state, and the opinion universally expressed is that the contributions of teachers must be met. There is no reason for teachers of Texas to be pessimistic or to assume a defeated attitude. We therefore urge them to retain their membership in the system and thereby preserve their prior-service rights. We hope that they will continue to make the 5 per cent contributions of their salaries as required by the statute setting up the retirement program.

"The contributions of teachers to the retirement system are absolutely safe. There is no way for contributors to lose one penny. Success of the plan for teacher retirement has not failed; it is merely delayed.

"There is much consolation in the fact that the per capita apportionment is secure and that both the constitutional and the statutory means of support of the public schools have been preserved.

"It is probably better that no provision be made for financing teacher retirement at this time than that inadequate provision should have been made."

Personals

Mrs. O. V. Mullins and son, Bernard, are visiting in Eden and Millersview.

Mr. and Mrs. Frank James of Ozona visited his parents, Mr. and Mrs. R. K. James, Sunday.

Mr. and Mrs. Otto Oxford have returned from a visit in Stephenville with friends and relatives.

Miss Zelma Moore of San Angelo spent the week-end at the home of Mr. and Mrs. Robert W. Jacobs.

Mr. and Mrs. Richard Vehle and daughter, Betty Grace, visited friends and relatives in Menard Sunday.

Miss Lunetta Marion of San Angelo visited her parents, Mr. and Mrs. Vernon Marion, during the week-end.

Mr. and Mrs. Henry Greenhill of Eunice, New Mexico, spent several days this week with her parents, Mr. and Mrs. G. W. Archer.

Mr. and Mrs. B. B. Kelly and son, Jamie, Mr. and Mrs. John McClelland of Texon spent the week-end in Sonora with friends and relatives.

MANY ATTEND METHODIST SCHOOL NOVEMBER SEVEN

A Sunday School attendance record of several years standing was broken at the Methodist Church Sunday, according to the Rev. R. F. Davis, pastor.

An effort is being made to repeat the performance Sunday, the Reverend Mr. Davis said.

Sunday morning the subject of the sermon will be "Have We a World Mission"? The evening sermon at seven o'clock will be on the subject "Light or Darkness."

The Men's Brotherhood, for all of the Sutton county community, will hold its regular meeting Wednesday evening, November 17, at seven o'clock. All men of the county are invited to the evening program of song, fellowship and games.

Seventeen Million in Unemployed Fund

Federal Government Payer of Cost of Administration

Austin, Nov. 10.—Anniversary of the first year's administration of the Texas Unemployment Compensation Act discloses \$17,000,000 contributed by Texas employers to the "Jobless Fund" for the qualified unemployed. Benefit payments from this fund will become payable on January 1, 1938.

Figures made available today by Orville S. Carpenter, chairman-director of the commission, disclosed the cost of administration has amounted to two per cent of the collections. This cost is borne entirely by the federal government and is not deducted from the contributions of Texas employers.

Interest for the year amounts to approximately \$154,000,000, which is included in the total fund figure given above.

More than 12,300 Texas employers are contributing to the reserve fund for the 700,000 employees in the state covered by the Act. If one lost his job, the Employment Service would aid him in finding another and, failing that, would pay to him a certain amount for a certain period of time. The amount and the duration of the benefits will depend upon the work record of the individual employee.

A critic of our policy in the Far East implores us to stand up for humanity. An end seat in a crowded cinema is the place for this.—Portland Oregonian.

There seems to be two major problems in writing a novel: (a) getting the story started, and (b) getting it stopped. — Washington Post.

Horses Versus Cars Again
 Denton, Nov. 10.—Horses and mules evidently still have an edge on the "horseless carriage" in Texas, there being over a million of them as compared with about 950,000 automobiles, according to the 1936 tax figures. However, they are just worth twenty-five million dollars are invested in million dollars are invested in Texas automobiles. This evaluation for cars is almost a million higher than in 1935, but the number of cars has decreased. Texans seem to be going in for quality rather than quantity in transportation.

WEST POINT CAMPUS GETS FACE-LIFTING

Changes Physical Appearance of Institution.

West Point, N. Y.—The United States Military Academy is undergoing a "face-lifting" operation, completion of which will change the entire physical appearance of the famous institution.

A new cadet barracks, a new academic building, an addition to the gymnasium, a cadet armory, ordnance and engineering laboratories and junior officers' quarters are being erected in a \$5,000,000 construction project. The buildings will be completed by the end of 1938.

Five hundred cadets will be accommodated in the new barracks, which will form a right angle with its south wing running parallel to the south wing of north cadet barracks and its north wing running parallel to the gymnasium. Each wing will consist of a basement and seven floors. Estimated cost of erection is \$1,089,400.

The exterior of the building will be faced with granite rubble masonry with limestone trim, and its Gothic architecture will coincide with that of the north barracks.

New Academic Building.

The new academic building will be erected between the east academic building and the library, on a site formerly occupied by tennis courts.

The structure will form an angle, one leg of which will be the east wing, six floors high, and the other a one-floor parallel to the east academic building.

Also of Gothic architecture, the exterior will be faced with cut stone ashlar trimmed with limestone.

A modern natural and experimental philosophy laboratory will be established in the west wing, which will be isolated from the east wing to eliminate vibration.

Estimated cost of the building is \$741,600.

The new gymnasium addition will form a letter T, with a west wing directly in the rear of the present structure.

The cost has been estimated at \$980,000. The building will be framed with structural steel and fireproofed with concrete.

Sixty families will be accommodated in junior officers' quarters being erected in the north end of the post.

Twenty Double Quarters.

There will be twenty sets of double quarters, five three-family houses and five five-family houses, all two stories high. Each of the quarters will have a basement, storage space, combination living and dining rooms, kitchen, front hall, three bedrooms, two baths and a maid's room. Sun porches will be built on each of the double-quarters.

The houses will be of brick supported with structural cinder blocks and arranged so that families will have private entrances. They are expected to be finished by November 17.

A cold storage plant has been completed, and additional water distribution facilities consisting of two 5,000,000-gallon steel water tanks with electrically driven centrifugal pumps were completed January 18, 1937.

Plans and specifications for the ordnance and engineering laboratories, which will cost \$203,000, have not been completed. A new target range, a quartermaster garage and a freight receiving warehouse are also near completion.

British School Presents Students Some Teasers

London.—"Write the letter which comes after P in the alphabet unless today is Wednesday, in which case write 'no'."

This is part of an examination which schoolchildren at Barnsley had to pass to get a secondary school scholarship.

Another "poser" put to the Yorkshire pupils was:

"If Tuesday comes before Friday write 'yes,' unless seven is greater than two, in which case write 'and'."

An authority on intelligence tests said that "this particular test may sound odd, but people will admit that they need their wits about them to write down the correct answer."

Build 200-Mile Fence to Keep Texas Cattle Out

New Orleans.—Louisiana has built a fence to keep the neighbors' cattle out. The fence is 200 miles long. From Logansport, on the Texas border and 40 miles south of Shreveport, the barbed wire barrier extends deep into the marshlands of southern Calcasieu parish to prevent tick-infested Texas cattle from wading the Sabine river when it is low in summer.

Chinese Waitresses Told How to Behave

Nanking, China.—A code for behavior of waitresses was adopted by the "New Life" movement: "Don't curl your hair, don't rouge your lips, don't wear peculiar foreign dresses."

The code explained that these steps were necessary to correct a "wrong impression" in regard to Chinese waitresses.

Bonney Listens To "Boners" of Pupils

Historical Dates Puzzle Less Than Half of Class

Denton, Nov. 10.—Napoleon took the Holy Roman Empire in 1870, the Civil War in the United States broke out in 1812, and the first Thanksgiving was held in 1493.

At least that was what three students told Dr. M. E. Bonney, associate professor of education at the North Texas State Teachers College, when he gave them an unexpected test recently to find how accurately students recall familiar dates.

Among other "boners" were these: four students said the Spanish American War was fought in 1812, one the French Revolution broke out in 1850, another that the first settlement in the United States was founded in 1776, another that America entered the World War in 1914, and still another that Washington was born in 1832.

Dates mentioned most frequently were: 1492, Columbus discovered America, 50 out of 51 students; 1918, Armistice signed, 42 out of 51; 1776, Declaration of Independence signed, 41 out of 51, and 1836, Texas Independence, 35 out of 51.

The 51 students participating mentioned 178 dates, 100 or 56 per cent of which were correct. The average number of correct dates per student was 7. Time allowed, 15 minutes. Time range permitted was anything prior to 1930.

SOL MAYER & SON

YOUNG PEOPLE BUILDING TEXAS RECREATION AREAS

San Antonio, Nov. 10.—The National Youth Administration has assisted in the construction of 97 urban recreational areas and about 150 roadside parks in Texas, J. C. Kellam, State Youth Director, told the Southwest District Recreation Convention here last week. He said that improvements have been completed on the campuses of 33 schools and that work is now under way on three others. Recreational facilities have been improved in 61 city park areas.

The NYA has provided also assistance for recreational leaders in twelve Texas counties, and now has projects of this type operating in Dallas, Houston, Fort Worth, Waco, Amarillo and San Antonio.

Mr. Kellam told the recreation leaders about the Resident Work and Recreational Leadership Training Project conducted last summer at Southwest Texas State Teachers College in San Marcos for 42 NYA

workers. In addition to performing useful work on the college campus, the youths received spare-time training in recreational leadership and community program organization under the supervision of regular faculty members of the college.

Scout Troop Now at Christoval

The number 13 holds no fears for the leaders and Scouts at Christoval. The new troop was registered on Friday and received number 13. There were 13 boys on the original registration. The 14th was received the next day. G. Royalty Hopson, pastor of the First Baptist Church, is Scoutmaster, and G. W. White, superintendent of schools, aided in the formation of the troop. This new troop is the first one in Christoval for many years.

LOUISIANA BOY SCOUTS WANT TEXAS BURROS

The conduct of the Scout program throughout the nation creates demands for unusual things. An amusing request received at the Concho Valley Council in San Angelo last week was from Louisiana asking for burros.

The Scout Executive was reading this unusual request when Dr. J. T. Spratt and Vern Browlee, Scouters from Iraan, dropped in the office. With their usual willingness to do anything for Scouting, these two immediately volunteered to fill the request for the Louisiana Scouts, so Troop 49 is now hunting burros to be given to the Scouts in Louisiana.

James P. Fitch, Regional Scout Executive, forwarded the request from the Louisiana Scout Council.

- Jeff Tanner _____ Boyd Caffey
- Lem Gaunt _____ Jennings Flathers
- Leah Tanner _____ Evelyn Gilley

LOCALE

The Allegheny Mountains of Virginia

SCENES

- ACT I—The Gaunt sitting room. Between 8 and 9 o'clock of an evening in June.
- ACT II—Bald Eagle Knob. Later the same night.
- ACT III—The Gaunt sitting room. The next morning.
- ACT IV—The Gaunt sitting room. Just before sundown the same day.

Playing under the direction of Joel Shelton

Acknowledgment of courtesy is made West Texas Utilities Co.

(Play is presented by special permission of Samuel French)

Oysters Properly Cooked Not Likely To Give Trouble

Low Temperature and Short Period of Cooking Will Prevent Toughness

Denton, Nov. 10.—Anyone who has crunched into a shell in the midst of a bite of oyster or who has come upon an oyster with the tough consistency of a piece of rubber will realize that there are a few secrets to cooking this sea food.

Oysters should be cooked at a very low temperature and only for a short time or they will be tough. To clean remove them from the liquor, run each one through the fingers to remove every particle of shell. Place oysters in a wire strainer and pour a small amount of cold water through them.

Fried Oysters With Tomato Slices
Select large oysters. Clean and dry between towels. Season with salt and pepper. Dip in beaten egg and roll in fine cracker crumbs. Fry in bacon drippings until crumbs are brown. Dip thick slices of tomato in egg and then in seasoned cracker crumbs. Fry in the bacon fat until crumbs are brown. Place an oyster on each slice of tomato on a hot platter. Garnish with slices of crisp bacon and parsley.

Oyster Stew

Melt four tablespoons butter in large sauce pan. Drain one quart oysters from liquor and cook in butter until edges curl. Add one cup thin cream, three cups milk and oyster liquor. Season with salt and pepper. Serve with toasted crackers which have been lightly buttered and sprinkled with paprika before toasting. (6 to 8 servings.)

Escalloped Oysters

Melt one-half cup butter and mix two cups soft bread crumbs. Put about a third of crumbs in thin layer in greased baking dish. Cover with one cup oysters. Sprinkle with salt and pepper. Pour in one-fourth cup oyster liquor and two tablespoons thin cream. Put in another cup oysters. Season and pour in one-fourth cup oyster liquor and one-fourth cup thin cream. Cover with crumbs. Bake in moderately hot oven until heated through and crumbs are brown. (6 servings.)

Egg and Oyster Casserole
Melt four tablespoons butter. Add two tablespoons flour. Stir until smooth. Add one cup milk. Cook until thick, stirring constantly. Season with one-half teaspoon salt. In greased baking dish, arrange alternating layers of white sauce, cooked rice (one cup), oysters (one pint) and four sliced hard cooked eggs. Begin and end with sauce. Cover with one-half cup crumbs which have been mixed with one tablespoon melted butter. Bake in moderate hot oven about 20 minutes or until thoroughly heated and the crumbs are brown. (6 servings.)

Take no stock in the statement that New Yorkers are not intelligent enough to understand proportional representation. Nothing is too complicated for a citizenry which can spell "LaGuardia" a hundred and fifty-five ways.—New Yorker.

Magicians from all over the country in convention here, greeted each other with a smile and "How's tricks?"—Philadelphia Bulletin

Money Lender's "Ghost" Collects' Debts Due Him

Hyderabad, India.—What is probably the world's most useful ghost is reported to be wandering about at Karimnagar, near here.

It is the ghost of a money lender known during his life as the "Shylock of Karimnagar," who had difficulty in collecting his debts when he lived, but whose ghost is having none now.

The debtors, who owed several thousand rupees at the time of the money lender's death, are reported to be rushing to pay their debts before the ghost pays them a visit.

It appears that the debtors settled down after the money lender's death with that "come and collect it" expression for his heirs. Then one of them was visited by a ghost one night; and then another, and another, so the story goes.

The heirs, who in a less credulous district might be credited with having something to do with the "ghost," are sitting back and collecting both capital and interest as fast as they can.

Mr. and Mrs. R. A. Halbert were in San Antonio Sunday and Monday.
