

Patton Springs School News Notes

First Grade—Sally Jackson

This group of children enjoyed a field trip this week, for the purpose of studying nature. We observed birds and rabbits in their natural habitat, gathered wild flowers; and observed the budding of trees. The things most interesting to the children were some wild ducks on the water and a rabbit's nest. We had a drink at the spring, ate our lunches and returned to the school room.

First Grade—Porter

We have completed another six weeks period. David Yeats Hughes, R. D. Jackson, and Joyce Dell Bell received prizes for clean teeth and nails every day during the six weeks. Mary Helen Randolph, Clive Murphy and Joyce Dell Bell received prizes for not missing a word in the oral reading class during the six weeks.

Second Grade—Powell

In the second grade this week we made an extensive study of how to tell time.

In art we made free hand drawings of three pictures in the reader, a spring, winter, and autumn scene.

Friday afternoon we went to Roaring Springs and enjoyed the program and exhibits.

Third Grade—Foy Heathington

We enjoyed our visit to Roaring Springs to see their exhibit.

Our new radio has added some interest to story telling. We hear the story from KFYO each Wednesday. Some of our members are absent on account of the measles.

Fourth Grade—Elizabeth Jones

The fourth grade class held the finals of their track meet Monday, April 22. The results were as follows:

100 yard dash: First place, Marvin Young; second place, Jessie Ray Parnell; third place, Clent Henry Allison.

440 yard dash: First, Clent Henry Allison; second, Marvin Young; third, Jerrold Randolph; fourth, Clifford Smith; fifth, Leon Jackson, and sixth, Curtis Goss.

High Jump: First, Marvin Young and Jessie Ray Parnell, a tie.

Wayne Baker assisted with the judging.

The boys in the fourth grade are from 9 to 11 years old, and their enthusiasm indicates good track teams in years to come.

The first four grades of Patton Springs School attended the Open House given by the Roaring Springs school Friday, April 19.

After a musical program in the gymnasium, Superintendent Giesecke of Roaring Springs introduced Mr. Oscar Kelley, County Superintendent of Dickens County, who gave a brief summary of the progress and advantages of consolidated rural schools over the former small school systems. He then introduced Mr. M. L. Kelly, Superintendent of Patton Springs school, who introduced his primary teachers and expressed his appreciation for the hospitality of the neighborhood school.

Mr. S. O. Murdock, Deputy State Superintendent, then took over the program. He praised the work of the two schools, and sang "The Road Home." As an encore, he sang "When Irish Eyes Are Smiling." He then led the audience in a group of well known songs.

After the program, the students found the various exhibits prepared by Roaring Springs students very interesting. They are eager to undertake some of the projects they examined.

Social Studies—Thurman

The mock trial held in the civics class Tuesday afternoon was the high point of the week. The jury deliberated for twenty-four hours and reported a hung jury. Everyone is now working to place their candidate in the field for the coming election to be held early in May.

CARD OF THANKS

We wish to express our sincere gratitude to our many friends for the beautiful floral offerings and the kindness and sympathy extended us during the illness and death of our dear Mother.

Jettie Windham
Tallye Windham
Mr. and Mrs. P. L. McIntyre and relatives.

H. J. Parks, of Highway, was transacting business and greeting friends in the city Saturday.

Uncle Bill Cherry, from over in Kent County, was among the Spur visitors here Saturday.

Homemaking—Fay Armstrong

Three classes of girls participated in styling their dresses before an audience of mothers and classmates Friday. The following girls won places on their dresses. First year: Mozell Cates, first; Billie Collier, second; Hazel Held, third; and Purnie Marie Elkins, fourth. Second year: Melba Robinett, first; Jackie Young, second; Jean Byars, third; and Cassie Offield, fourth. Third year: Helen Kelly, first; Peggy Hutson, second; Adaline Byars, third; and Norma Middlebrooks, fourth. The three girls winning first places will model their dresses at Future Homemakers Rally to be held in Dallas from April 24th to 27th. Betty Jo Glazner was selected from the entire club by the members to represent the club as delegate at the rally.

The following girls attended the district homemaking club meeting held in Lorenzo Friday. Tommie Bridge, Oletha Cates, Adaline Byars, Helen Kelly, Jean Byars, Johnnie Ruth Belsher, Jackie Young and Helen Hatcher.

Helen Kelly from our club was selected as vice-president of the district for next year.

New Loan Bill Appears Favorable In Senate

Early enactment of a bill continuing for a five year period the reduction interest rates on Federal Land Bank and Land Bank Commissioner loans to farmers was predicted this week by Congressman George Mahon in Washington. Legislation providing for a reduction of interest rates on such loans for one year periods was passed each year from 1935 to 1938. The 1938 act provided a legal interest rate of 3 1/2 percent for a period of 2 years on Land Bank and 4 percent on Commissioner loans, instead of the contract rate of 4 percent or more on Land Bank and 5 percent on Commissioner loans. The reduction provided for in the 1938 act expires July 1, 1940.

The present bill would set the interest rate at 3 1/2 percent for both Federal Land Bank and Land Bank Commissioner loans until June 30, 1945. The measure passed the House on March 18th and is now pending before the Senate. Congressman Mahon, who was instrumental in the passage of this measure and the previous measures reducing interest rates to farmers, said that he felt confident that the Senate would act favorably on the present bill within the next few weeks.

The 3 1/2 percent rate would mean a substantial saving in interest payments to approximately 12,000 Federal Land Bank and Land Bank Commissioner borrowers in the 25 counties of the 19th Congressional District.

M. E. Tree of the Highway community was in Spur Saturday greeting friends and trading with Spur merchants.

Murray Lea of near Dickens was in Spur Saturday attending to business and seeing friends.

Bob Hahn of the Highway community was greeting friends on the streets of Spur last Saturday.

Buck Taylor was in from the Kalgary country last Saturday seeing friends and shopping with Spur merchants.

E. A. Brashear, manager of the Western Auto Store in Spur, made a business trip to Dallas and Fort Worth last week.

Jim Hahn, northwest of town, was shopping and visiting in Spur Saturday.

Sixty-five Awards Are Offered By Santa Fe Railway

Sixty-five educational awards will be offered by the Santa Fe Railway to 4-H Club boys and girls in nine states in the Middle West, Edward J. Engel, president, announced today.

The awards will enable winners to attend the National 4-H Congress which is held in Chicago each fall in connection with the International Live Stock Exposition. Some 1,500 boys and girls representing every state in the union usually attend the Congress. Distribution of the awards among the nine states embraced by Santa Fe's offer follows: Texas, 19; Oklahoma, 16; Kansas, 12; Missouri 5; Colorado, 4; Illinois and New Mexico, 3 each; Arizona, 2, and Iowa, 1. This will make a total of 1061 awards offered by the Santa Fe during the last 18 years.

Winners of the Santa Fe awards are chosen by the various agricultural colleges on the basis of individual records made in farm club work and conducted by extension departments under direction of county farm agents and a state club agent.

The Santa Fe System carloadings for the week ending April 20, 1940, were 18,406, as compared with 18,875 for the same week in 1939. Received from connections were 6,536, as compared with 6,558 for the same week in 1939. The total cars moved were 24,942, as compared with 25,433 for the same week in 1939. The Santa Fe handling a total of 23,119 cars during the preceding week of this year.

Winners Announced In Home Economics Classes

Miss Ethel Green, home economics instructor of Spur High School announces winners in various classes for the year as follows:

In written tests, Mildred Neaves, Elizabeth Ramsay, Grace Boothe, and Linda Beth Russell were first, second, third, and fourth in the order named, in the first year class. Sammie McGee, Bonnie Doyle Turpin, Peggy Hogan and Roma Merriman placed in the four first places in the second year class. Third year class winners were Margie Bell, Elaine Neaves, La Vorise Lee, and Norma Bell Hoover.

Mildred Neaves, Dorothy Aber, Jenny Lind Finley and Allie Beth Arthur, first year girls, were winners in the clothing contests. Second year girls were Sammie McGee, Peggy Hogan, Bonnie Doyle Turpin, and Mary Helen Draper. Third year girls consisted of Emily Cowan, La Vorise Lee, Norma Bell Hoover, and Ruth Myers. All girls were in first, second, third and fourth places in the order named.

Mr. and Mrs. Wiley Boyle of Paducah were guests last Sunday in the home of Mr. and Mrs. C. H. Elliott.

Mr. and Mrs. Floyd London, teachers of the Antelope School were visiting and shopping in Spur Saturday.

Cold Coughs May Soon Be Quarantined To Stop Spread

There is growing sentiment that bad colds and coughs should be quarantined. They spread so rapidly they cause more loss of time from illness than all other diseases combined.

To stop a cold cough immediately get Mentho-Mulsion. Mentho-Mulsion is the formula of the dean of pharmacy of a large mid-western university and contains nine cold cough combating elements, including vitamins A and D to build up cold resistance. Mentho-Mulsion stops coughing and relieves that

stuffed-up feeling immediately. It acts quickly to soothe and heal the feverish, irritated membranes and is guaranteed to rid you of your cold cough entirely within the shortest possible time or every cent of the small cost will be promptly refunded. Mentho-Mulsion is safe to use and should be kept on hand for immediate use on the first appearance of a cold or cough.

Mentho-Mulsion is endorsed by your neighbors and guaranteed by leading druggists everywhere.—adv.

SPRING FINERY

ESTHER SWINBURNE is an artist and a model-maker, a designer and a skilled seamstress. She's one of five girl artists who are fashioning the 1940 wardrobes for 79 of the little human figures on the great conical turntable at the Ford Exposition.

Even these little wooden men and women, who animatedly nod their heads and move their bodies in the dramatic sequences, must be fresh and new when the gates of the New York World's Fair open May 11. So they've gone to the model-maker's

shop for re-painting and re-costuming.

Miss Swinburne came to the model-maker's via Boston University Art School and the Art Students' League in New York, for hers is a highly specialized craft. In her hands is "Jimmie," the demon tire molder, looking for all the world like a jockey. He's turned out so artistically splendid to dramatize the fact that tire molding, once a very dirty job, is now so clean that a molder can report at his press in white linen if he wishes.

In the insert "Jimmie" is working at his press on the great cone that revolves in a hidden moat of water and tells the spectacular story of the materials nature furnishes for the making of automobiles.

Local Boy Completes Course In Radio

Glenn Havens, start route, Spur, has completed his course in practical and theoretical radio and has been awarded his diploma by the National Radio Institute of Washington, D. C. He finished the prescribed course of technical studies with creditable grades and is to be congratulated upon his achievement.

Mrs. Charlie Holman and Mrs. Lee Snodgrass and son, Donald George visited relatives and friends in Slaton Friday of last week.

Mrs. Pete Allen and infant daughter, of McAdoo, were released from the local hospital on Thursday of last week.

Mr. and Mrs. Robert Cannon and children, of southwest of town, were shopping and greeting friends in Spur Saturday.

Mr. and Mrs. E. E. Sullivent, city have as their guest her sister, Miss Cozette Allison of Lubbock.

Mrs. Carl Murray motored to Crosbyton Sunday to visit her parents, Mr. and Mrs. Mat Smith.

Charles Hurst, local pugilist, is reported to have lost his bout in Abilene last Thursday night. However, Hurst, not daunted by his set back, says that he will give them another battle next Thursday night.

Mrs. Poet Hagins and daughters Miss Pearl and Mrs. Walter Driggers of Duck Creek community spent Saturday shopping with the merchants and visiting with other shoppers in the city.

101,000 CASES
OF SINUS, EAR AND THROAT congestion were successfully treated with DAVISS DROPS before it was placed on the market.
"Ask a User"
THE CITY DRUG COMPANY

Sleeping sickness in horses has now reached the stage where it is an ever present danger to the non-immunized horse population during summer months.
Encephalomyelitis "Chick" Vaccine—Cutter for the prevention of sleeping sickness is one of the most potent vaccines ever developed for the prevention of any disease, human or animal. It protects test animals against ten thousand killing doses of the disease-causing virus, even when inoculated directly into the brain. Administration is easy and simple. Two ten c.c. injections a couple of weeks apart produces dependable protection lasting for the entire season. To protect your horse, drop in and order a supply today.

Relationship of Newspapers And Utilities Is Explained

The following address was delivered by Gene Elo, public relations representative of the West Texas Utilities Co., to the Panhandle Press Convention recently held in Amarillo.

After noting an Associated Press story on a recent date from Pawtucket, Rhode Island, saying that the city council had voted the mayor the power to go into the newspaper business, using tax money to compete with private enterprise, it appeared to be highly possible that newspapers might eventually become public utilities. In such eventuality, the subject for discussion here would be greatly altered.

But it remains true that, while they render a public service, newspapers today are individualistic and free from classification suggesting public control. Freedom of the press, established by the constitution, has been maintained in the face of bitter attacks by political factious, such as in the Rhode Island city where the city council sought to curtail the freedom of an editor to speak his own mind threatening him with competition.

Despite recent trends that have developed new hazards to the future of the newspaper—degitimate competition such as the radio, and the more or less constant threat of government intervention and control—you, ladies and gentlemen, despite these obstacles, represent the world's most important source of disseminating information; the most effective method of forming public opinion.

Let me repeat: The newspaper today—and its statement is based on recent surveys—is the most important single source of information. Furthermore, the second most important source is by general conservation, much of which is generated by information that previously appeared in a newspaper.

This means (and it should be comforting to you when you're over-worked, late on your deadline, and you can't find a spot for Mrs. Jones' bridge party) that YOU continue to wield the greatest power in American life.

In the type in your composing room is the power to form public opinion; the power to start conversation by which public opinion is formed.

Therein lies the relation between public utilities and the newspaper—just as it represents the relation between the newspaper and John Smith who runs a grocery store, or Jim Brown who runs a farm and hopes to sell his agricultural products.

The two facts—that a newspaper has the power to form public opinion and the power to start conversation—indicate the obvious importance of maintaining good relations with the publisher, the editor, the reporter, and even the youngster who, in the case of daily papers and maybe some weeklies, delivers the paper to your door.

As a representative of the utilities company, I emphasize the fact that we want to "get along" with newspapermen. That doesn't mean that we try to, or want, to subsidize or levy any influence which might induce or earn special favors in the press. Charges have been made in high political circles that so-called "big business" has indulged in such practices. I know of no instance where this is true.

But it is true that most public utilities, and likewise most other types of business concerns, recognize the tremendous importance of the newspaper. For that reason, as does any sensible individual, they expend great effort to maintain good relations with those who own, operate and "get out" the paper. This goes for the men and women, known as reporters, who write the news and have the power, as much so, perhaps, as the owners, to sway or influence public opinion.

I wish to state that I have never known the utility I work for (or any other, for that matter) to ask more than a fair and impartial treatment of any news item concerning it. Furthermore, when our company receives such fair and impartial treatment, it is genuinely grateful from the local manager up to the top man, who, it may interest you to know, believes as firmly today as he did 20 years ago that newspaper advertising is the most valuable in the market when properly serviced and supported.

Our company operates on the theory that a friendly attitude on the part of the press, and toward the press, assures fair handling of news

concerning it. After all, we of the press are just humans and even a dog responds to good treatment. By cooperating in every possible way, we believe that the newspapermen will make it a point to get accurate news and will write his story so as not to mislead public opinion but to give fair play, for public opinion today is beginning to react against, or become suspicious of, an editorial policy or any other news outlet or agency that for any reason goes out of its way to be punitive or unfair.

We do not contend that all utilities try as hard as they should to establish this friendly relationship which can exist only through a mutual understanding of each other's problems. The utilities must bear in mind at all times that the newspaper has public responsibilities and obligations and that it necessarily must strive to please hundreds or thousands of readers by printing all news accurately and promptly and that it must refuse to give preferential treatment or special consideration to special interests, special promoters, or pressure groups; and that the newspaper is morally obliged to work for the real development of the community.

(As a sid-bar remark, let me say right here that one of my hardest jobs has been to explain why newspapers must observe deadlines and why it takes time to set up a news story or advertisement.)

Whether the utilities understand all your problems is open for debate. But I can safely say this—they do understand that you've got to operate at a profit to stay in business.

On the other hand, I take the liberty of suggesting that newspapermen bear in mind that probably 75 per cent of the utilities men you come in contact with are engineers, or have been brought up under an engineer environment.

They deal in precise figures and sharp, realistic thinking. They avoid generalities and stick pretty close to detail. If they vary from the absolute truth as much as a fraction of an inch in a preliminary survey, they are apt to miss an entire town with an electric transmission line. Unless a meter is hooked up absolutely right, the darn thing might run backwards and at the end of the month the company might owe the customer. So they've been trained to deal with cold facts or sharp truths.

Therefore it is often hard for some of them to understand how the facts may become slightly garbled in a news story. In granting an interview or discussing a news item, they are inclined to talk in technical terms and language about which the average reporter knows little or nothing. Utilities representatives should learn to talk about their business in terms familiar to the laymen . . . the average citizen.

I dare say there have been numerous instances where newspapermen have felt justified in writing "something nice" about the local light company but hesitated to do so, or maybe put it off altogether, because they felt the subject involved too many technicalities—including the term "kilowatt-hour" which few people have learned to speak of in the same way they speak of a pound of groceries, an acre of land, or a bushel of wheat.

It is for the purpose of "ironing out" such misunderstandings, not only between the utilities and the newspapers but between the utilities and the public, that we go on record as recommending that utilities companies secure an experienced newspaperman for their advertising and publicity jobs and that they insist that he keep his "man-in-the-street" language instead of adopting the trade lingo of his company organization.

Every utilities need such newspaperman on its staff. And more and more of them are recognizing this need and turning to newspapers for "contact" or public relations men. He used to be called a "press agent," you know.

The utilities, you may be surprised to learn, never employed a "press agent" or "publicity man." In fact they neglected for many years to take steps tending to get a comprehensive picture of the service they render before the people they serve. As a result, they were an ideal target for demagogues and politicians looking for a vehicle on which to ride to public favor.

While the utilities suffered from long attack by rabble-rousers; the tide definitely has turned and many many communities are learning that the light company is an extremely

valuable friend—not only because it is a heavily taxed institution but because it provides good, modern-day service, provides jobs for many men and women, and is a constant civic booster and contributor.

Credit for this change is sentiment on the part of the public goes primarily to the newspapers.

By and large, their editors kept their heads during the years when government bureaucrats were crying their loudest for federal ownership of public utilities and expending billions of taxpayers' dollars for the purpose of putting the government into competition—socializing the industry—with the taxpayers' money. Newspapermen as a whole analyzed the situation and found political ownership sadly lacking when compared to private enterprise.

So much for a subject that bears discussion only briefly here lest it run into what we newspapermen commonly call propaganda. But to pass it without mention would be like watching a strip-tease only to walk out on the last act. In other words, it is a topic of paramount importance in the relationship between the utilities and the newspaper inasmuch as the newspaper is the chief method by which public opinion is formed.

Back to the subject of the utilities press contact man. Let me emphasize that he should represent the newspaper—and the public—within the utilities organization. He should be known as a "newspaper man," not as a "utilities man." This is true in my own case. Having been trained as a reporter, after nearly four years with a utilities company, I am still called a "newspaper man" by most of the folks with whom I work. My superiors expect me to take the newspaper's side in any question of advertising, news stories, or other matters related to the company's dealings with the press. And let me tell you, too, that I am proud of the title, "newspaperman." It is a title that earns you respect the world over—even in the governor's mansion at Austin now that O'Daniel has become a publisher.

Let's look into the duties of this utilities newspaper contact man. Assuming that he has had experience as a reporter, we can assume also that he knows how to prepare his news releases about the company in correct and widely accepted newspaper style. This being the case, his biggest danger to guard against is the likelihood that he may become a one-sided writer, that is, he may forget his newspaper training and present only his company's viewpoint. That would be a mistake.

The average utilities company is a source of news in the community and many of its activities, such as service interruption, accidents, rate reductions, construction projects, changes in personnel, franchise matters, election of officers, or activities of members of the large organization in civic and social affairs, all make news that newspapers ordinarily want to print. It is considered "spot" news, which, I grant you, may or may not be good publicity for the utilities.

When it's not, then is when the newsman within the utilities is put to the acid test. Loyalty to his company prompts him to "play it down" in working with reporters handling the story for the paper. But he also is obligated to help the reporter gather ALL the facts. And this he should do if he expects to retain the respect and friendship of the newspaper.

Lack of time forbids discussion of all the angles to the relationship between the utilities and the paper. Let me cover some of them briefly:

In addition to spot news, there is the newspaper business strip of all another type of news which we in niceties and bluntly call it "blurb" or simply "publicity." The utilities are aware of the newspaper's distaste for this type. They know that probably 65 per cent of the editor's morning mail consists of such material—and that most of it lands in the waste basket possibly two per cent getting in the paper and maybe one-half of one per cent making the front page. They are aware of the clamor for FREE publicity space and the multitude of requests for favorable editorial treatment of special causes and special interests.

Under these conditions, the utilities have generally adopted a set of rules:

1. Never use "pressure" to get a story in the paper—nor to keep a story out.
2. Voluntarily show confidential

Personal

Mr. and Mrs. Willie Rogers of White River were business visitors in Spur Saturday.

Mr. and Mrs. J. W. Malone and son, Frederick returned Monday morning from a weekend visit with his brother, Sam Malone and family of Hedrick, Oklahoma.

L. C. Ponder of two miles east of Spur was in the city transacting business and greeting friends Tuesday.

Mr. and Mrs. Dave Wilson and Mr. and Mrs. Leonard Wilson were business visitors in Pampa over the weekend.

Mrs. Dave Wilson visited the first part of the week in Amarillo with her mother, Mrs. Towles.

A. O. White left Monday for Amarillo where he will enter the Veterans' Hospital for treatment.

Mrs. Marlin Rogers of Dickens was visiting and shopping in Spur Saturday.

Mr. and Mrs. Clarence Watters and daughter Bobbie of Twin Wells were among the Saturday visitors to Spur.

Mr. and Mrs. Weldon Cannon and children of the Cannon Ranch were among the business visitors in Spur Saturday.

Mrs. E. H. Ousley was over from the Capitol City Saturday spending several hours here buying supplies of Spur merchants and visiting.

records to reporters when necessary to give the background of a story.

3. If publication of a story would be harmful to the company, explain this fact in detail and complete frankness; it is a case where the utilities must rely on the newspaper's judgment as to whether publication is for the best interest of the community.

4. Never, under any conditions, threaten or bully or refuse to cooperate with any newspaper publisher, editor, or reporter.

If the utilities observes these rules, and the newspaper is fair in its treatment of news, then the chances are 10-to-1 that the relationship between them will be harmonious.

There are two more things, however, that we of the utilities try to remember:

1. The newspaper should feel free to call on the press contact man at any hour of day or night for helping gather facts about a news item concerning the utilities.
2. It is better to send out too little news than too much.

Mrs. Robert Nickels and daughters Miss Opal and Mrs. George Potts, and Mrs. R. E. Nickels and Mrs. Rush McLaughlin of McAdoo were visitors to the Cooking School sponsored by the Elliott Appliance Co., of Spur, Thursday and Friday.

Mr. and Mrs. J. W. McDaniel and daughter, Miss Sybil motored to Cross Plains for a few days visit with relatives and friends, Miss Sybil returned Sunday to Spur, leaving her parents for a week or ten days visit.

Misses Pearl and Billie Myers of Pearl's Beauty Shop attended the Russell Morrison Trade Show in Lubbock Tuesday. The Trade Show was held in the Hilton Hotel.

Duke Johnson of Brownfield spent the weekend in Spur, the guest of friends.

Mr. and Mrs. Jay Austin and children of 4 miles south of Dickens were among the business visitors in the city Saturday.

Mrs. A. C. Hull and daughter Sue and mother, Mrs. J. A. Ward of San Angelo, returned Sunday afternoon for her home in San Angelo.

Mesdames Stafford Forbis, Clark Forbis and Frank Forbis and sons of the Forbis Ranch 2 miles north of Afton spent Saturday afternoon in Spur visiting relatives and friends and shopping with Spur merchants.

Recipes Used At Elliott Cooking School

Below are listed a few of the many recipes that were demonstrated at the cooking school conducted by the Elliott Appliance Company of this city in the Spur Theatre last week:

BEEF CORN PUDDING
1 pound ground beef
1 No. 1 can corn
1-2 cup bread crumbs
1-2 cup tomato juice
2 teaspoons salt
2 tablespoons chopped green pepper
2 eggs beaten
1 1-2 cups milk
Combine all ingredients and bake in casserole at 350 degrees for one hour. When most done garnish with cooked carrots arranged over top like spokes of a wheel.

UPSIDE DOWN HAM LOAF
1 1-2 pounds ground cured ham.
1 cup bread crumbs
1 1-2 cup milk
1 pound ground fresh pork
2 eggs
Pineapple rings
Combine all ingredients except pineapple, mix thoroughly and pack into greased loaf pan in the bottom of which the pineapple rings have been arranged. Bake at 350 degrees for 1 1-2 hours. Unmold on platter and garnish with parsley.

POTATO PAN CAKES
2 cups shredded raw potatoes
2 table spoons flour
1-2 teaspoon salt
1 beaten egg
Peel potatoes, shred and wash in cold water to remove starch. Drain add salt, flour and beaten egg. Drop by spoonfull into skillet of hot fat about 1 inch deep over bottom.

FROZEN DELIGHT
1-2 pint whipping cream
1-2 cup sugar
1 No. 1 can crushed pineapple or that amount of any other fruit.
Whip cream until fluffy add sugar and fruit cover refrigerator tray with crushed vanilla waffles. Pour in whipped cream mixture. Then cover with another layer of crumbs. Freeze until firm enough to slice. Serve on desert plate.

AMERICAN GIRL CAKE
1-2 cup shortening
1 1-2 cup sugar
1 egg yolk
3 cups flour
1 teaspoon vanilla
4 teaspoons baking powder
1-4 teaspoon salt
1 cup milk
4 egg whites
Few drops red fruit coloring
Cream shortening and sugar until light, add egg yolk. Sift dry ingredients together, add to cream mixture alternately with milk. Fold in stiffly beaten egg white and flavor. Bake in three 8 inch pans. Two should be filled with white batter, the 1-3 remaining batter tint pink with about 4 drops red fruit coloring. Bake at 350 degrees for 25 minutes. When done put together with a red jelly or jam, arrange pink layer in center. Cover top and side with seven minute frosting and sprinkle with toasted coconut.

YELLOW ANGEL CAKE
5 eggs
1-4 teaspoon salt
3-4 cream tartar
1 1-2 cups sugar
1 1-2 cup flour
3-4 teaspoon baking powder
Separate eggs, beat egg white stiff in a large bowl, with cream tartar, add 1-2 of the sugar. Beat egg yolks very light add the other half of sugar then add cold water. Add vanilla. Sift baking powder with flour and fold into egg yolk mixture. Last, fold egg yolk mixture into egg whites mixture and bake in tube pan at 325 degrees for one hour. Invert pan until cool enough to come out.

Commissioner and Mrs. Jake Jones from over in Kent County were greeting friends on the street while shopping in Spur Saturday.

Miss Lavada Hahn of Highway spent Saturday afternoon in Spur shopping with the merchants and visiting with friends.

Mr. and Mrs. F. F. Henry, of Duncan Flat, combined business and pleasure in an afternoon spent in Spur Saturday.

Mr. and Mrs. Ab Fry were in Spur Saturday from their farm home on Cat Fish, 20 miles west of Spur.

Mr. and Mrs. A. E. McClain, prominent citizens and prosperous farmers of the Cat Fish section of country spent Saturday afternoon in Spur transacting business affairs and greeting friends.

Manuel Ayers, vocational agriculture teacher in the Patton Springs school, was a business visitor in Spur Saturday.

Do You Know Texas?

A reader of this newspaper can get the answer to any question of Fact by writing to A. Garland Adair, Curator of Patriotic Exhibits, Texas Memorial Museum, Box 1770 University Station, Austin, Texas.
Q. Is there a plant or shrub grown in Texas which is processed for wax? CMB.
A. The Candilla Plant (Euphorbia-Cerifera) is found extensively in the western part of the state. It grows in bunches and in the years gone by the plant has been processed for its wax properties.

Q. Which state has the most cattle, Montana or Texas? D. W. Tudor, Globe, Arizona.

A. Texas. The 1935 reports show Texas with 7,222,369 head of cattle, while Montana had 1,530,000.

Q. What is the cost annually of Text books for the school children of Texas?

A. Approximately \$2,000,934 was the expenditure for textbooks during 1938.

Q. How many school children are there in Texas?

A. In 1938 there were 1,579,841 school children of scholastic age (6-17 inclusive): 1,340,875—white; 238,966—colored.

Q. Why did Roy Bean settle at the site of the town of Langtry?

A. He settled there and set up his saloon because the S. P. railroad was building a huge bridge over the Pecos which he knew would require much time to complete.

Q. What is the shortest name on record as a purchaser of School Lands?

A. Bascom Giles, Commissioner of the General Land Office, reports that, according to the records, there are two sales revealed where the name is spelled with only one letter of the alphabet—the letter "O". Sales were made in Brewster County of 681 acres to Miguel de la O and 636 acres in the same County to Ramon de la O.

Q. Who or what is known as "the Mother of Texas"?

A. Dr. J. Frank Dobie of the University of Texas is credited with declaring that "the Mother of Texas" was the City of New Orleans.

Q. When recently offered \$4,500 for a 15 minute radio broadcast to help advertise a certain commercial product, what was John Garner's reply?

A. He said "What John Garner has to say isn't worth it; what the Vice President has to say is not for sale."

Q. What building in Austin attracts the largest number of visitors annually?

A. The Capitol building first, while the second largest number of Capitol City visitors go to see the Texas Memorial Museum where, during its first year just recently concluded, an estimated number of 50,000 persons, from all countries of Texas and every state in the Union

McADOO NEWS

as well as many foreign countries registered and viewed the exhibits.

Q. What Governor of Texas conducted the "least expensive campaign to secure the nomination"?

A. Governor O. M. Roberts under whose administration the Capitol building was financed, claims that his entire campaign expense was only 35 cents, which he spent for a telegram from his home at Tyler to the convention in Austin where in he accepted the nomination. That was before the primary system.

Q. When was the Sam Houston State Teachers College founded?

A. In 1879 and named the Sam Houston State Normal, the institution was established for the purpose of training competent teachers.

FOR RAILROAD COMMISSIONER

In making his announcement as a candidate for Texas Railroad Commissioner, subject to the Democratic Primary, John D. Copeland, Jr., 35-year old Austin drug store owner, calls attention to the great importance of decisions of that body.

He says: "There are five divisions of the power of the railroad commission, as follows: (1) the regulation of railroad, express, dock, wharf and terminal companies, and of interurban railways carrying freight and the enforcement of all laws pertaining to the operation of railroad and express companies; (2) the regulation of common carrier oil and gas pipe lines; (3) the regulation of gas utilities engaged in certain kinds of business; (4) the regulation of motor bus and motor truck transportation for hire over the public highways, and (5) the conservation of oil and gas.

Claude Gilmore, of Canadian, is spending a week or ten days visit with his father, Lon Gilmore, of the Swenson Camp south of Spur and his brother-in-law and sister, Mr. and Mrs. Joe Latham of Red Hill.

Mr. and Mrs. C. T. Wallace and children, good farmers of the Plains country near McAdoo, spent Saturday afternoon in Spur looking after business interests. Mr. and Mrs. Wallace came in primarily to buy their supply of spring fryers from local hatcheries.

Mr. and Mrs. W. O. Garrison, of Red Mud, were among the business visitors in the city Saturday.

Panhandle-Plains Dairy Show May 7-11

Dates for the thirteenth annual Panhandle-Plains Dairy Show have been set for May 7-11, several weeks later than any previous show. Exhibitors have declared that they feel that the later date will be of great advantage to them in finishing their stock for the judging ring, and it is also hoped that the late date will give the possibility of better weather.

Three thousand show catalogs came off the press Saturday and have been mailed out to exhibitors and officials throughout the territory. Indications are that this will be one of the largest shows in the history of the Association, with a number of new exhibitors coming in.

Tuesday, opening day, has been designated as Future Farmers of America day, with dairy products judging and dairy cattle judging contests held. Preliminary tests in the Production contest will be held on Monday. On Tuesday afternoon, dairy products will be judged and the day will conclude with the pageant and coronation of the queen and the queen's ball at the Hilton Hotel.

Wednesday's Jersey Breeders and 4-H club day, with judging starting at Jersey classes at 9 o'clock. John Williams, Swisher county farm agent is superintendent of this department.

Miss Dorothy Garner, operator with Pearl's Beauty Shop and Mrs. Ellie Ellis spent Tuesday in Lubbock attending the School of Beauty Culture Convention holding forth in the Hub City the first of this week.

Mr. and Mrs. Ed Fuqua came Saturday from their farm home on Cat Fish and spent the afternoon here looking after business affairs and visiting her mother, Mrs. Susan Cross and other relatives and friends on the streets of Spur.

Watch Your Kidneys!
Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

MOVING TO SPUR

E. M. Perry returned the latter part of last week from Stephenville, where he spent a week or two winding up his business and other affairs in that place preparatory to moving to Spur and hereafter be personally identified with the Spur Hardware Company. Mr. Perry will move his family to Spur at the closing of school in Stephenville, which will be about the first of June. We are glad to welcome them to Spur.

M. S. Favor was in Spur Tuesday from his home in the Afton country.

Judge F. C. Gipson came over from Dickens Monday on business.

Prof. H. A. C. Brummett of Dry Lake was in Spur Saturday on business.

J. I. Greer of the Lone Oak Farm and Ranch was in Spur Saturday on business.

Mrs. Dick Sampson of the Red Mud country was shopping in Spur Saturday.

Mrs. Lizzie Lawson is in the city visiting her parents, Mr. and Mrs. F. R. Harrington.

Mr. and Mrs. Fount Harrell of the Tap section were among the many visitors to Spur Saturday.

W. D. Thacher was here Saturday from the Draper country.

Mrs. J. I. Greer of the Lone Oak Farm and Ranch left Friday of last week to visit her invalid mother at Ballinger.

J. C. Cozby of three miles east of Spur was here Saturday.

W. M. Hazel recently evidenced his patriotism in that he refused to raise the price of feed while the other dealers had none to sell, notwithstanding that the price of feed has advanced on the market. Tell us that there is no patriotism outside of fighters.

Ranger Robinson is drilling a squad of the Home Guards at Dickens. Everywhere the citizens are showing their loyalty by drilling in military work.

ENTERTAINED WITH A BIRTHDAY PARTY

Mrs. Paul Douglass entertained a number of friends Friday afternoon of last week at her home one mile east of Spur, the occasion being a birthday anniversary. The following were guests of the occasion: Mesdames Fite, Ford, Donald, Carlisle, C. H. Perry, Fellmy, Self, Jas. F. Williams, Potts, and Miss Lizzie Morgan.

Ben Hagins, of Duck Creek, was among the numerous visitors to Spur Saturday.

Audrey Johnson son of Eb Johnson, of Spur, recently left Spur to

Mrs. J. C. McNeill and son, Rand, of the Alamo Stock Farm spent Saturday afternoon in Spur with friends.

Lofton (Roddy) Sandidge left Tuesday morning for Chicago where he has a position on a newspaper.

George Harris, of McAadoo, was attending to business in Spur Saturday.

enlist in the Navy.

S. M. Bailey of McAadoo was in Spur Friday.

J. J. Hickman was here during the last week from his home on the plains.

Robert Nickels of McAadoo was among the many visitors to Spur Saturday.

G. L. Crawford, County Agent, came over Tuesday from Dickens and while in the city was a very pleasant caller at the Texas Spur office. He is very enthusiastic concerning the planting of more feed crops in this section of the country.

Elmer Russell, was in Spur Monday from his ranch home six or eight miles northwest of town.

Joe Ericson came in Monday from the West Pasture to buy supplies and look after other affairs.

Mr. and Mrs. C. L. Love and C. W. Lowery and Miss Kate Mahon made a trip Sunday to Post.

Mrs. J. H. Busby is spending this week visiting her parents and other relatives in Lueders.

PRESBYTERIAN YOUNG PEOPLE HAVE BANQUET

The Young People of the First Presbyterian Church held their First Annual Kingdom Highways Banquet in the Spur High School Band Room on April 17. About thirty young people and a number of adult guests attended the affair.

Carrying out the Kingdom Highways theme, crepe paper highways with miniature cars upon them decorated the center of each table. Place cards were made to represent highway signs on either side of the improvised highway. Programs and menus were presented in the form of road maps.

Mr. Seamon C. Reynolds gave the invocation. Mr. J. W. Meadows, Mr. Coy McMahan and Mr. F. W. Jennings presented short but interesting talks on the work of the group and the church. J. P. Robinson, president of the league, acted as toastmaster. Reports were given by highway chairmen of the work done during the past year, following which "The Kingdom Beacon," local league paper, presented Testaments to the three highest scores in an attendance contest. Leon Love Bertha Nell Walker, and Elizabeth Ramsay received the awards. Mr. W. K. Walker offered the closing prayer.

"We wish to express our appreciation to those who made this banquet possible" stated president J. E. Robinson. "Thanks to the Woman's Auxiliary for the food, to the school authorities for use of the band room and thanks to the Methodist Church and Brazelton Lumber Co. for use of workmen's horses and lumber for the banquet tables."

FRIENDLY

(By JAMES FOX)

Friendly—having the disposition of a friend; kind; favorable; disposed to promote the good of another.—Webster.

When you are meeting a person on the street, do you speak to him or her.

If you speak to a person that will make the person feel friendly toward you. It will also make you feel good yourself.

If nations would be more friendly to each other and not think of getting more land or the riches which are in the other country, but to think of the nation as friends. If so, this world would be a better place to live in.

Friendship doesn't cost you anything and you gain a lot from it. So try and be more friendly and you will gain more friends. Be Friendly.

J. M. Foster left Sunday for Wichita Falls where he will go through the clinic for a general checkup on his physical condition.

Mr. and Mrs. Horace Hyatt and Mr. and Mrs. B. F. Hawley went to Sweetwater Sunday to get Bobby Hawley who has been visiting with relatives there.

Mr. and Mrs. Craig Parsons and daughter of Calgary were in our city Saturday.

Mr. and Mrs. M. P. Smith of the Red Mud community came in Saturday to shop and visit.

G. W. Rash and Horace Hyatt were in Stamford on business Monday.

Mr. and Mrs. L. C. Ponder of 2 miles east of town visited the good people on the streets of Spur Saturday.

Horace Hyatt of the Hyatt Food Market, Ben Hawley of Stamford, and Russell Hawley of San Angelo attended the baseball game in Lubbock Tuesday.

Mr. and Mrs. Graydon Swanner of the West Camp of the Swenson Ranch were among the visitors and shoppers in Spur Saturday.

Mr. and Mrs. Mat Howell of Red Mud community were shopping and visiting in the city Saturday.

Mrs. Jim Foster and Mrs. C. H. McCulley spent the weekend in Abilene visiting their daughters, Misses Grace Foster and Joyce McCulley, who are attending McMurry College.

Mrs. V. V. Parr accompanied Mrs. Harvey Giddens to Wichita Falls Wednesday, where Mrs. Giddens underwent an operation in the Wichita Falls Clinic.

Mrs. J. L. Emerson, of Hobbs, N. M., who has been visiting her sister, Mrs. Hill Perry, the past ten days and her brother, E. F. Laverty of Fort Worth, a guest in the Perry home since Sunday, left Wednesday morning for a two days business trip to Hobbs.
