Spur High School Receives High Rating

Following is a report from the State Supervisor on Spur High School.

Report on Spur High School:
Superintendent O. C. Thomas, Date April 3, 1941; President of Board, Ned Hogan; Supervisor, Anthony Hunt.

The work of classifying an accrediting the public schools of Texas is under the direction of the State Committee composed of twenty one members representing the elementary and secondary schools and colleges of the State. This Committee, by establishing educational standards, determines the conditions upon which high schools are classified and accredited and it is interested in encouraging schools to attain these standards and in certifying those that have attained them so as to facilitate the transfer of students to any other school or college.

The regulations as prescribed by this Committee are administered by the State Department of education through high school supervisors. In the visit of the supervisors and in their report to school authorities, recommendations are offered in the spirit of cooperation and helpful suggestions, with the earnest desire that all school authorities will join with the State Department of Education in their efforts to maintain the necessary standards of secondary education in Texas.

In order that the schools may be properly credited it is essential that minimum requirements be met. To that end the supervisor who recently visited your school makes the following report:

Credits Added: C - AA - Bb;
Credits Dropped: CA - CL; Corrections: Alg. 2 instead of 1½.

I. The philosophy of this school is well defined. Subject-offerings are in line with the stated objectives and are well distributed and practical.

II. The pupil activity program is well organized in the Spur School system. The daily program is well planned and very democratic.

III. The English teacher is in charge of library materials and is assisted by student NYA helpers. WPA help is used to organize and care for library materials. The organization and administration of the library is efficient. Library materials are very satisfactory.

IV. Some excellent classroom teaching, in the grade school and in high school, was observed by the supervisor. Exhibits and other materials on file also give evidence that some very fine work is being done by both pupils and teachers.

V. The teacher-pupil ratio is very well balanced in all teaching units. The teaching staff is very well trained; all have degrees except four. All non-degree teachers are making satisfactory progress toward securing a bachelor's degree. Faculty members are teaching in major and minor fields of college preparation. The superintendent, and his principals make up a capable and efficient team.

VI. The school buildings are modern, adequate, and well equipped. The new high school building is a monument to the progressiveness of the community.

VII. Some very fine work has been done in the Guidance field this year. The high school principal heads the guidance staff. Ability tests are given and individual records kept on pupils.

VIII. The courtesy extended the supervisor was appointed.

Signed: Anthony Hunt
Supervisor of District No. 3

PERRY PRIORS MOVING

Perry Prior, who has been associated with the Bryant-Link Co., Spur store in the sales department over a period of years has this week tendered his resignation, effective the 15th and with Mrs. Pryor are moving to East Texas where Mr. Pryor has secured a position with the City of Henderson, county seat of Rusk county.

R. R. Wooten, of McAdoo, was in Spur the first of the week greeting friends and soliciting their support for Lyndon Johnson in the senatorial race.

Leon Ice Co. Holds Sales Meeting

Tuesday night of last week, W. P. Foster, local manager of the Leon Ice Co., entertained with a Dutch lunch and sales meet to all employees of the company and guests. Men from the plants at Rotan, Roby, Rule, Matador, and Quitaque attended and enjoyed the occasion.

The principal speaker was Mr. Wilson Abbott, Coolerator salesman of Ft. Worth. Other speakers on the program were Mr. Max Ward, local manager of the Coco Cola Company, and Mr. C. E. Leon, owner of the Leon Ice Co.

Spur Band Wins Place In National Music Meet In Waco

The Spur High School Band, competing in the National Music contests held in Waco May 8-9-10, received recognition from Texas, New Mexico, and Oklahoma bands, by placing high in the contests. Other schools from this section with which Spur competed were Plainview and Ballinger. However, despite the fact that Spur had one of the smallest bands at the meet, a II Division rating was in the Marching competition, and a III Division place taken in Concert.

The Spur Band is judged to be one of the best small bands in the state, and it is hoped that with increased size, it will become one of the best in the nation.

The band and Mr. King, director, are to be complimented highly on their accomplishments this year.

Leon Ice Co. Changes Manager

Eldon "Chuck" Powell, it is reported will be the new manager of the Leon Ice Co. replacing W. P. Foster, Jr., who has resigned to accept a position with Henry Alexander & Co.

Mr. Powell, who has been with the Spur Bakery, is to assume his new duties today, however, Mr. Foster will remain with the Ice Co. until sometime next week, in order to help Chuck become familiar with the system and duties.

Mrs. O. Henderson Succumbs

Mrs. Orange Henderson, resident of the Freeman Addition, passed away Tuesday, May 6 at her home there, after an illness of several months duration.

Mr. and Mrs. Henderson and children moved here from Marlin, Texas some twelve or fifteen years ago, and have resided here since, being employed on farms in the various parts of the county.

Mrs. Henderson's body was carried to Marlin and was interred in the family plot at that place.

Survivors are the husband, Orange Henderson; four sons, Ritchet, Orange, Jr., Sonny and Baby; four daughters, Delphine, Alma Ruth, Hattie Lou, "Mutt"; and a step-daughter of Wichita Falls.

MRS NED HOGAN RETURNS FROM AMARILLO

Mrs. Ned Hogan who has been in Amarillo, at the home of her daughter, Mrs. Sam Clemmons, recuperating from an injury, the result of a fall from a moving car, while visiting at that place, was able to be returned to her home in Spur Sunday.

Mr. Hogan accompanied by his granddaughter, Little Miss Sue Clemmons who had spent the week here motored to Plainview Sunday morning to meet Mrs. Hogan and Mrs. Clemmons.

Miss Beatrice Darden, of Waco, arrived Monday to spend two or three weeks visit with her aunt, Mrs. Lucy Cowan; and in company with Mrs. Cowan went to Lubbock Tuesday for a few days visit with Miss Ruth Cowan, student in Texas Tech, and other relatives in friends of that place.

Misses Dot Taylor and Frances Gibson spent Wednesday of last week in Lubbock shopping and visiting friends.

Loan Cotton Form Release Is Revised

The Department of Agriculture announced today that a change is being made in the instructions, and in Commodity Credit Cooperation Loan Form R, for the release of loans cotton to permit one transfer of cotton loan "equities" by the person who makes the purchase from the producer. Previously, the form could not be transferred. The change is effective immediately. Officials of the Corporation said the purpose of the amendment to the cotton program was to facilitate the purchase of loan cotton from producers by local cotton buyers and its resale to cotton merchants who sell cotton to mills in the United States and abroad.

The release of loan cotton is restricted to the use of a standard form in order to avoid undesirable speculation in loan cotton. The recognition of one transfer will also avoid undesirable trading in cotton loan "equities." In the transfer of the "equity" in loan cotton by the original purchaser, the transferee is required to execute the following certificate on the face of the standard release form, C.C.C. Cotton Form R.

"CERTIFICATE OF TRANSFER
I, the undersigned transferee, hereby certify on ----- the purchaser named in the C.C.C. Cotton Form R, sold and transferred to me all the right, title and interest acquired by him in the cotton represented by the warehouse receipts listed herein. Commodity Credit Corporation is requested to forward such warehouse receipts to ---- (Bank) -- (Location of Bank) and I agree to pay the amount due Commodity Credit with respect to such warehouse receipts within fifteen (15) days from date same are received for collection by such bank.

--- (Address of Transferee) - (Name of Transferee) - Signature of Transferee ---"

Dr. W. K. Callan To Reopen Office Here

A letter was received here Wednesday from Dr. W. K. Callan, stating that he would return to Spur the last of this week to reopen his dentist office and continue his practice here.

A. W. Watson Is Seriously Ill

A. W. Watson is very seriously ill at his home two miles east of Spur, suffering from a heart ailment and a paralytic stroke which occurred Saturday.

Mr. Watson returned Friday from Wichita Falls, where he had been for treatment of his heart. Saturday he suffered the stroke and has been in a grave condition since that time. All of the children able to be here are here to attend their father during his illness.

J. E. RITCHIE WINS MATTRESS IN CONTEST SPONSORED BY CRAZY WATER COMPANY

Mr. J. E. Ritchie, Route 1, Box 7, Spur, Texas, is the proud owner of a new \$29.50 Taylor Made Morning Glory innerspring mattress which he won in a contest sponsored by the Crazy Water Company in cooperation with the Taylor Bedding Mfg. Co.

Taylor Made Morning Glory mattresses are made in the South's largest bedding plant located in Taylor, Texas.

Mr. Ritchie will receive many years of luxurious comfort and service from his Taylor Made Morning Glory mattress and is to be congratulated on winning this contest, states Mr. D. F. Forwood, president of the Taylor Bedding Mfg. Co.

Mr. and Mrs. Clyde Bond, of Hobbs, New Mexico, were week end guests of Mr. and Mrs. M. C. Baum, of McAdoo, together with Mr. and Mrs. Baum were visitors Saturday afternoon to Spur. Other visitors in the Baum home Sunday were Mrs. Buel McDaniel, and children, Glen, Lowell and Helen; Mrs. McClure and son, Max McClure.

Minyard Ensey, employee in a bank in Lubbock spent the week end with his parents, Mr. and Mrs. T. C. Ensey.

Father - Son F F A Banquet Held

The Vocational Agriculture Department of the Spur High School held its annual Father-Son banquet at the Jones Memorial Stadium, Monday night, May 12. Barbecued chicken was served to the Future Farmers, their fathers, and guests by Miss Green and members of the Homemaking department.

Boyd Ball acted as master of ceremonies for the program which included an initiation ritual, speeches and awards.

Laine Ericson and Clarence Ward were candidates initiated into the order of the Greenhands. The ritual was an interesting one and very ably conducted.

Principal speaker of the evening was Troy Boothe, who gave an interesting discussion of the Vocation of Farming.

Guest speaker of the program was Dean A. H. Leidigh, head of the department of agriculture at Texas Technological College, Lubbock.

Recognition was paid to the various judging teams that competed in contests this year, and numerous trophies won were on display.

The grand award, presented annually to the outstanding boy of the year, was to Harlan Weaver by Mr. Cecil Ayers, who gave awards to Jimmie Vernon, best all-around first year student, and Jimmie Draper, contender for that honor.

More than a hundred persons were in attendance and thoroughly enjoyed the occasion.

Mrs. Ralph Houston Urges Cooperation In Highway Beautification

Spur and Dickens merchants are being enlisted in a state wide movement designed to improve the appearance of towns and cities. Mrs. Ralph Houston announced that the citizen's committee for highway beautification, of which she is Dickens county chairman, is sponsoring the movement in cooperation with the State Highway Department.

Special attention is given at this time to advertising signs. Bearing in mind that the purpose of all signs is to create business, it is pointed out that simplicity and beauty in advertising achieve the best results.

Sponsors of the program believe that many of the signs now displayed actually hurt the business of an establishment by giving it an unsightly and "cluttered up" appearance. A cafe or drive-in stand which sells cold drinks, cigarettes and candy need not have signs outside of the building advertising each brand sold. People know that such places handle standard brands. A small sign listing "Cold Drinks, Cigaretts and Candy" would be more effective than a great number of signs advertising each brand, since the appearance of the establishment as a whole would be more attractive to a prospective customer.

Obviously everyone knows what items and services may be secured at a filling station, what can be bought at a roadside stand, what articles a drug store handles, or what they might expect to buy at other types of establishments, without numerous signs advertising the various brands of items sold.

In the beautification of highways, simplicity has not only added to their beauty, but to their safety and usefulness. Appearance has been improved by eliminating, rather than adding to the features of the road.

For instance, wire mesh fences tacked to guard fence posts were once considered necessary for safety. Yet it was discovered that posts without the fences serve the purpose of safety better than with them, and at the same time make the road much more attractive. Deep ditches along the highway were eliminated in the interest of safety, and the appearance of the road was greatly improved thereby. Highway marking signs that are not absolutely necessary have been eliminated, not only for the sake of beauty, but because too many signs are confusing to the motorists.

The principal is being called to the attention of those operating business establishments along the highways and elsewhere. It is believed also that in a general way the principle of simplicity will be helpful in solving the problem of unattractiveness

Holly Insurance Co. Is In New Location

The H. S. Holly Insurance Agency moved Wednesday of this week into its new location, one door south of Hogan Barber Shop.

The building has been redecorated and additions have been made to office equipment since there is considerable more space in the new location to accommodate such.

Mr. and Mrs. Holly extend a cordial invitation to the public to visit them at the new location.

Skilled Workers Needed By U. S. Government

In the past eight months of intensive effort to locate qualified skilled machinists and shipbuilding workers for arsenals, army air depots, and naval shore establishments, the U. S. Civil Service Commission announced today, over 10,000 highly skilled munitions and shipbuilding workers have been put on the job at establishments where, because of the labor supply or geographical location, these skilled positions are particularly hard to fill. This number of placements does not include those in localities where little or no difficulty in recruiting has been experienced, and it is but a small fraction of the total number of placements made in the War and Navy Departments as a whole, where the figure for the 8-month period is over 270,000, including various grades of skilled, unskilled, and professional positions in both the field and the departmental service.

The needs of the various National Defense Agencies for skilled workers have increased rapidly.

For example, 135 shipfitters are urgently needed at the navy yards at Mare Island, California; Bremerton, Wash., Philadelphia, Pa.; Charleston S. C.; and Portsmouth, Va., although in the past eight months over 1,400 shipfitters have been put on the job at these and other navy yards.

Over 400 machinists are now needed at the arsenals at Watervliet, N. Y.; Rock Island, Ill.; Philadelphia, Pa.; Watertown, Mass.; and Edgewood, Maryland, and at the navy yards at Philadelphia, Pa., Washington, D. C.; Mare Island, Calif.; Boston, Mass.; Charleston, S. C.; and at Bremerton, Wash., as well as at the Naval Station at Key West, Fla. In the past eight months well over 4,000 machinists have been put to work at Government arsenals and navy yards.

Over 300 qualified toolmakers are needed at the arsenals at Watervliet, N. Y.; Philadelphia, Pa.; Dover, N. J.; Watertown, Mass.; and Springfield, Mass., and at the navy yards at Washington, D. C.; Philadelphia, Pa.; Charleston, S. C.; and Bremerton, Wash. Approximately 775 toolmakers have been appointed at these establishments in the past eight months.

Several tool and gage designers are needed at the Watervliet Arsenal and Washington (D. C.) Navy Yard.

Instrument makers are needed at the Philadelphia Arsenal and at the Washington (D. C.) Navy Yard.

Applications for any of these positions at a navy yard should be filed with the Labor Board at the navy yard where employment is desired; or, for positions at an arsenal, with the Secretary, Board of U. S. Civil Service Examiners, at the arsenal in which employment is desired.

At Wright Field, Dayton, Ohio, over 450 skilled aircraft and maintenance mechanics have been appointed since January 1, 1941, yet at the present time there is an urgent need there for over 450 additional aircraft mechanics, electricians, engine mechanics, and wireworkers. Aircraft maintenance and repairmen are also needed now at the Naval Air Stations at Jacksonville and Pensacola, Fla.; at Alameda and Sacramento, Calif.; and at Corpus Christi and San Antonio, Texas.

NURSES NEEDED FOR THE GOVERNMENT

Mrs. F. W. Jennings returned last week from Lake Charles, La., where she spent several days visiting her sister, of Georgia, who was visiting her son in Training Camp at Lake Charles.

Mrs. J. E. Morris came up last week from Peacock for a few days visit with friends.

Miss Winifred Mace, of Dallas, daughter of Prof. and Mrs. Mace, is in Spur visiting friends. Prof. Mace was formerly Superintendent of Spur Schools.

J. R. Allen, a prominent citizen of McAdoo, was a business visitor to Spur the first of the week.

B. G. Ford, candidate for sheriff from Draper was shaking hands with friends on the streets of Spur Wednesday.

M. E. Cleveland, of Dickens, was here Saturday on business.

Mr. and Mrs. Elmer Ruessell of six miles west of Spur were in the city Saturday.

J. M. Foster, of Croton, was a business visitor in the city Tuesday.

Harry Cates and wife, of Dallas are in Spur visiting his parents, Mr. and Mrs. C. F. Cates and family.

G. A. Howsley, who has been spending several weeks with his family in Albany, returned this week to Spur.

G. W. Jackson, Mayor of Highland, came by to pay us a visit while in Spur the first of this week. Many of his friends are soliciting him to make the race for sheriff but as yet he had not fully decided.

Lamesa Rodeo Awards Listed

Officials of the Lamesa Rodeo Association are shaping up plans for what they expect to be the biggest cowboy show Lamesa has ever had, on June 10-11. Prize lists have been published and rodeo stock has been contracted for.

Word was received last week from State Representative Hop Halsey that his famous Drugstore Cowboys Band, famous all over West Texas will be glad to accompany Lamesa-ens on their booster motorcade trip which will be made for two days preceding the rodeo.

Curley Daugherty, Olton man who furnished the stock for last year's show, has been given a repeat order this year. The wild west menagerie from the Daugherty ranch will be include battlin' buckin' broncin' bad-news Brahmas, and consarned cavortin calves for ropin'.

Here is the purse schedule:
BRONC RIDING—\$65.00, first; \$40.00 second; \$20.00, third; \$10.00 fourth.

STEER RIDING—Same schedule for bronc riding.
CALF ROPING — \$125.00 first; \$85.00 second; \$60.00 third; \$40.00 fourth; \$20.00 fifth.

BULLDOGGING — \$40.00 first; CUTTING HORSE CONTEST—\$100.00 first; \$50.00 second; \$25.00 third.

It should be emphasized that in all events save the cutting horse contest, each prize listed above will be given each of the two days. Thus the total cash prizes will total about \$2,000.00 or \$400.00 more than last year.

Besides, there will be three handsome saddles given as prizes, in addition to other worthwhile prizes which will be announced later, officials said.

Mr. and Mrs. C. E. Renfro, of Ft. Stockton, spent last week visiting in the home of Mr. and Mrs. G. W. Bennett, of Midway. Mr. Renfro is a brother of Mrs. Bennett and are former residents of Dickens county.

Here's the avertge woman:
Marries at the age of 24.
Quarrels at least twice a month with her husband.
Spends four years washing dishes. Is five feet four inches tall.
Spends 2,784 hours (five years) gossiping.
Weighs 128 pounds—until she becomes careless about her figure.
Spends \$312 in beauty parlors and \$387 on drug store cosmetics.
Attends 3,027 movie matinees, many of them double features.
Threatens at least eight times to go home to mother—but never does.
Spends three years and eight months on the telephone.
Never learns to play a golf game that satisfies her husband.
Listens to eighteen radio serials each week.
Is positive that her child is better than the brat next door.
Buys 369 hats and 582 dresses.
Devotes the best seven years of her life to attempting to make her husband over—without success.
Ruins three fenders on the car and tears off one garage door.
Occasionally wishes she'd married someone else.
Lives five years longer than her husband.
Darns 4,827 pairs of socks.
Never learns to drive a nail without hitting her thumb.
And makes a darn good wife in spite of it all.—(Found in Sulphur Springs News-Telegram.)

J. Frank Dobie has done it again—driven a darn swell bock, perhaps his best—to date. It's called "The Longhorns" and anyone who hereafter undertakes to write on the subject will be like Ruth, gleaning in the field after the reapers.
There are maturity, sureness of touch and an easy mastery of words. Consider this, "Old Brindle opened his eyes, yawned, got up as deliberate as a ticket agent." or this picture of a teamster pleading with an ox-team that had become mired, "He talked to them harder than a craps-shooter talking to his 'bones.'" Or this cameo, "The days went by as slow as laboring oxen walk." And just one more nugget, the description of a man with a whip, "He curved the fifteen feet of tapering plaited rawhide through the air—and the ringing crack made the sky brighter."

This man Dobie is a poet.
Isn't it fine when days are cloudy,
Most everything of somber hue;
For one to hear a welcome, "Howdy!
My old friend, How are you?"

When troubles come without warning
And many worries gather about;
Nothing helps like, "Good morning,
You're looking fine old Scout!"

Another thing that cheers a fellow,
And makes easy a long, hard way;
Is just a friendly, cheery, "Hello,
Why you grow younger every day."
(Quoted from Tom Phillips' Santa Rosa Signal)

A reading of old newspapers, no matter of what period, will show the city, the country or the world was upset about something. It ran like this: The shipping clerk was making more money on stocks than the company president was making running the business, oil was selling at ten cents a barrel and being wastefully produced, stocks were crashing, Japan was ravishing Shanghai, and Germany was arming. Technocracy was the goblin one month and chain letters the siren of the next.
It wasn't imagination or calamity

Tip-sheets Show That Texans Bet Without Racing

Austin, May 14—Six racing "tip-sheets" bought at news stands in the Capitol City were exhibited before a House Committee as proof that barring horse races from Texas has not ended the betting on racing in this State.

The tip-sheets sell for 25 cents each and give predictions as to the probable winners on tracks all over the country and the only purpose that anyone would have in buying them would be to place bets on the races, it was asserted. The bets are placed through Texas "bookie" shops and it is estimated that millions of dollars are waged annually.

"The question is not whether there shall be betting—because we have that now without horse races in Texas; the question is whether the betting shall be carried on illegally or whether racing shall be brought back to Texas, bringing betting out into the open where it can be regulated and pay a substantial share of taxes." Such is the position of those favoring Rep. John Bell's horse racing bill, which would raise \$2,500,000 of State revenue, of which three-fourths would go to old age pensions and one-fourth to the schools. The measure is before the House after receiving a favorable committee report, 10 to 7.

Fike Godfrey, engineering freshman at Texas Tech, Lubbock, was a guest over the week end of his parents of Mr. and Mrs. W. F. Godfrey.

Bill Gruben, Texas Tech journalism student was a guest of home-folks Saturday and Sunday.

Cecil Meadors, manager of the Dickens Lumber Company was a business visitor to Spur Thursday.

howling. All those things were happening. They were affecting, did affect, and will affect our lives tremendously.

So we find a thought. And that thought is that we wait to find a settled time in which to do something, we may wait out our three-score and ten years and die from shock on the last day from some new and startling development wholly unexpected. If you ever intend to build the dog a dry house, read good biography, or learn to carve a turkey, you might as well get started. There's no use waiting for things to settle down. (Handed in by our good friend, Dick Brown of Dallas).

In recent newspaper contests, the Alice Echo took first in one division of South Texas newspapers and the Menard News was first in the other division and the Eagle Lake Headlight took two second place honors; while the Mission Times was third in national competition. All these papers run "I Give You Texas." Could it just be a coincidence? Mcdestry forbids that I should discuss the subject further.

Miss Dorothy Walker Honored With Bridal Shower Wednesday

The Hobert Lewis home at 510 N Trumbull St. was the scene of a bridal shower and tea on Wednesday, May 7, when Mesdames Lewis, E. D. Engleman, Carl Patton, G. B. Wadzeck, S. M. Newberry, Jno. King Jr., and Mrs. Chas. Cravy, and Misses Mary Nelda Vaughter and Frances Graham honored Miss Dorothy Walker, bride-elect of C. H. McNeese of Fort Worth.

Mrs. Lewis, Miss Walker, and Miss Vaughter were in the receiving line, and Mrs. Jno. King Jr. presided at the beautiful hand made bride's book. After being shown the gifts by Mesdames Newberry and Cravy, the guests were conducted to the dining room where punch, sandwiches, and cookies were served by Mesdames Engleman, Patton, and Wadzeck, from a lace covered table with a centerpiece of iris and pansies, with chrystal candle holders holding pink candles were on each end of the table. Chrystal end pottery vases of red and pink roses decorated the rooms.

Mrs. W. T. Andrews played piano selections during the reception.

Those calling and sending gifts were:

Mesdames W. S. Campbell, E. S. Lee, Horace Wood, J. B. Reed, D. J.

Mesdames Milam And Ratliff Entertain

Highlighting the social activities of the past week was the party Friday when Mrs. T. E. Milam and Mrs. O. B. Ratliff were co-hostesses to a five table bridge party at the Milam home 502 East 2nd Street.

Rose buds and full bloom roses in various hues and colors were used in profusion to decorate the party rooms. The arrangement of the table centerpiece was especially attractive.

Tally cards and bridge favors were and painted flower prints, the work of a local artist, Mrs. Cecil Scott.

High score favors went to Mrs. Jack Christian and Mrs. C. F. Hardwick made high cut.

Others playing were Mesdames A. C. Hull, Mac Woodrum, Guy B. Karr, C. L. Love, Roy Harkey, Hill Perry, Ann B. McClure, Ila Johnston, F. W. Jennings, W. A. McAlpine, Truman Green, C. H. Elliott, Crit McDonald, George Glover, L. D. Ratliff, W. T. Andrews, E. D. Cook, Vernon Campbell, and a tea guest, Miss Hickman.

Iced ginger ale was served during the games and at refreshment hour iced tea was served with the creamed chicken refreshment plate with rose buds as plate favors.

Twentieth Century Club Met In Final Session For Year

The Twentieth Century Study Club met in its final session of the club year in the home of Mrs. F. B. Crockett on Tuesday afternoon, May the sixth. Mrs. O. C. Thomas retiring president of the club presided over a business session before the club, which heard a report of the district Conference held in Amarillo on April 29, 30 and May 1. The delegate to the conference was Mrs. O. M. McGinty, incoming president.

In its recently assumed role of promoter of National Defense measure, the the Federation of Women's Clubs in Texas will during the forthcoming months work in the interest of National Welfare along these lines.

1. Education of all Texans to a better understanding of a really safe and adequate diet.
2. A broader acquaintance with our neighbors to the South, especially in such matters as are vital to the development of satisfactory relations between the U. S. and Latin America.
3. Readiness to help as directed by the administration of Federated Clubs in the Camps in Texas.

After the program the members of the club were directed to an outdoor picnic table from which was served a plate of fried chicken, an assorted spring garden salad, iced tea, and refrigerator cookies.

Those present were Mesdames T. H. Blackwell, E. L. Caraway, W. S. Campbell, E. D. Cook, E. J. Cowan, J. M. Foster, B. F. Hale, O. L. Kelley, J. A. Koon, E. S. Lee, Geo. S. Link, O. M. McGinty, P. C. Nichols, L. D. Ratliff, O. B. Ratliff, O. C. Thomas, A. M. Walker, Clifford Bird, F. B. Crockett, and two guests, Mrs. S. L. Benefield and Mrs. McGregor, mother of Mrs. O. B. Ratliff.

Mrs. C. R. Gollihar Is Hostess To 1917 Study Club

Mrs. C. R. Gollihar entertained the 1917 Study Club with a lovely two course luncheon Tuesday at her home south of McAdoo.

Mrs. W. T. Andrews presided at the business session at which three new members were elected.

Mesdames Wooten, Andrews and Forbis gave reports of the District Convention.

Following the business session the following program was given.

Leader—Mrs. Malcom Brannen

Panel discussion: Present political and economic America—Mesdames M. H. Brannen, A. C. Hull, and J. E. Berry.

World Good Will Day: History, purpose and accomplishments—Mrs. Nell Davis.

Members present were Mesdames W. T. Andrews, J. E. Berry, Malcom Brannen, Luther Caraway, Nell Davis, Clark Forbis, C. H. Gollihar, A. C. Hull, P. H. Miller, Hill Perry, R. R. Wooten, F. W. Jennings, Daniels, Miss Jennie Shields, and the hostess, Mrs. C. R. Gollihar.—Rep.

Presbyterian Revival Opened Monday Night

Doctor James F. Hardie, pastor of the Broadway Church, Fort Worth, and leader of the largest Presbyterian congregation in West Texas, opened the evangelistic services of the First Presbyterian Church, Spur, Monday night. He was greeted by an excellent congregation for the first night. Cap McNeill directed the singing and Mrs. P. A. Clemmons presided at the piano.

Monday night Dr. Hardie spoke from the subject "An Apostle of Jesus Christ" and on Tuesday night from "God's Expectancy." On Thursday night his subject is "The Compassion of God" and on Friday night it will be "God's Universal Salvation." He speaks each morning at 10. His subject during the entire week will be Paul's Epistle of Philippians. The congregation is asked to bring Bibles, notebooks and pencils and they are invited to read before coming sections of the four chapters.

On next Sunday, May 18th, the subject of his sermons are for 11 a. m., "The Great Trial" and for 8 p. m., "Tardy Ministrations." Other subjects he will likely preach on during his stay here, since the meeting will continue thru Thursday, May 22nd: "Jesus Beholding Us," "We Beholding Jesus," "The God Who Meets Every Need," "A Threefold Attitude of God," "For the Thirst," "The Good Man, The Happy Man," "Like A Lost Sheep," and "The Rich Young Ruler."

None should miss hearing him. Dr. Hardie comes with a rich experience in both the business world and from the pastorate. He is intensively practical, gripping in his applications, and deeply spiritual and loving in his inspirational expositions of the Word. Seldom if ever has the Presbyterian pulpit of Spur had such a preacher of righteousness. The public is therefore cordially invited to hear him.

John Joe Costolow, Tech student, came in Saturday for an overnight and Mother Day visit with his parents, Mr. and Mrs. M. H. Costolow.

Bill Laine spent the week end in Spur visiting his parents, Mr. and Mrs. J. R. Laine and friends.

Mrs. Johnnie Green, of Dickens, was shopping and visiting in Spur Tuesday.

★ 29 MILLION!

A record never before approached!

★When the 29,000,000th Ford rolled recently from the assembly line, an all-time record for the industry was set. 29,000,000 units built by the same management and all bearing one name—a name that has become one of the best-known trade-marks in the world!

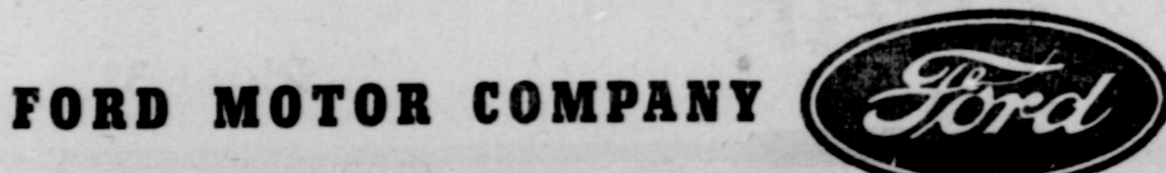

It is significant that this achievement comes at a time when our country is making a mighty effort to re-arm swiftly. For to further that effort, to help speed it along in any possible way, we have offered the vast facilities of the Rouge Plant and every ounce of our experience.

As you read this, a new \$21,000,000 Ford airplane engine plant, started only last fall, is nearly completed. A new magnesium alloy plant, one of the few in the country, is already in production on light-weight airplane engine castings. Work is right now under way on a new \$18,000,000 plant for mass production of big bomber assemblies. Orders have been filled for military vehicles of several types, including army reconnaissance cars, staff cars and bomb service trucks.

In the midst of this activity for National Defense, building the 29 millionth Ford car is simply one part of the day's work.

The public has acclaimed the 1941 Ford car as the finest in Ford history. Ford Dealers are enjoying their greatest sales and expecting their best year since 1937.

It is good to be producing the things America needs, and to be setting records on the way!

They're the best there are, Sis!

The richest folks in the world couldn't get better telephones than the ones your Daddy puts in for the neighbors here at home. Sixty-four years of research and improvement have gone into those things, Sis.

It's the same with everything the telephone company uses. A nation-wide system of testing and manufacturing helps our effort to see to it that every customer who lets your Dad put in a telephone gets, for the reasonable price he pays, good neighborhood service all the time—and good nationwide service when he needs it.

Skilled Workers—

(Continued from page 1)

large number of nurses, both in its military and civil services. The United States Civil Service Commission has announced open continuous examinations to secure nurses, but despite these examinations, there is a continuing acute shortage of nurses for the civil service positions.

The shortage is particularly noticeable with respect to some parts of the country. From some of the States, very few nurses apply for the civil service examinations.

From all parts of the country, floods of inquiries are coming into Washington from women who ask how they can serve their country in the present emergency. The word to nurses is that the nursing branch of the service is one that is vital to the success of the National Defense Program. The nurse examinations open the way to an opportunity to render patriotic service, and at the same time to serve in interesting and satisfying work. There is an opportunity for advancement, and the Government provides for retirement for superannuation or disability.

A large staff of nurses is employed regularly in the civil service—principally in the U. S. Public Health Service, the Indian Service, and the Veterans' Administration. They serve in hospitals and other medical centers throughout the United States and in the Panama Canal Zone and Alaska. Public health nurses carry on field work of community-health care and education, giving home care to the sick, class work in home hygiene, etc., principally in the Indian Service and the U. S. Public Health Service. In more remote regions these nurses render first aid, and they even give emergency medical treatment in the absence of a doctor. There has been an increased demand for public health nurses under the U. S. Public Health Service in extra-cantonment zones and where large defense industries are located.

Two examinations are now open for receipt of applications. One—Announcement No. 38—under the title of Public Health Nurse, \$2,000 a year, and Graduate Nurse, \$1,800 a year (for general staff duty), is open for the U. S. Public Health Service and the Indian Service, including Alaska. This is an "unassembled" examination: Applicants are not given a written test but are rated on their professional training and experience as shown in their applications and by other evidence. The other—Announcement No. 100—under the title of Junior Graduate Nurse, \$1,620 a year, is for the U. S. Public Service, the Indian Service and the Veterans' Administration. This examination now includes a written test. It is expected, however, that it will be closed soon and re-announced as an "unassembled" examination. The Civil Service Commission does not expect to require a written test of persons who have already filed their applications but who have not been given the test.

The need for nurses is immediate. Apply now for further information at the office of the Secretary, Board of U. S. Civil Service Examiners at any first- or second-class post office, or write to the U. S. Civil Service Commission, Washington, D. C.

CIVIL SERVICE EXAMINATIONS ANNOUNCED

Civil Service examinations for the positions described below were announced by the U. S. Civil Service Commission today. Applications will be accepted at the Commission's Washington office not later than June 12, 1941. The salaries are subject to the usual 3 1/2 percent retirement deduction.

Fishery marketing specialist, \$2,000 to \$4,600 a year, Fish and Wildlife Service, Department of the Interior. For the position of junior fishery marketing specialist at \$2,000 a year, 1 year of appropriate experience is required. Completion of 90 semester hours of college work is also necessary, unless applicants can substitute 1 year of additional experience for part of this requirement. For the higher grades, completion of an appropriate college course and responsible and successful experience in fishery research are required. There will be no written test for applicants except in the junior grade.

Specialist in vocational education in agriculture, \$3,800 a year, Of-

fice of Education, Federal Security Agency. Completion of a 4-year college course in agriculture is required, as well as a minimum of 5 years of appropriate experience. Two years of the experience must have been in teaching vocational agriculture, and 2 years in supervision of teacher training in a program of vocational education in agriculture, below college level. No written test will be given, but applicants will be rated on their education and experience.

Full information as to the requirements for these examinations, and application forms, may be obtained from Weldon Grimes, Secretary of the Board of U. S. Civil Service Examiners, at the post office in Spur, or from the Secretary of the Board of U. S. Civil Service Examiners, at any first- or second-class post office.

Denton Graham, Student in Texas Tech, Lubbock, spent Saturday to Monday inclusive with his father, sister, and brother, J. H. Graham, Miss Frances and Dinkey Graham at their home in Spur. Denton is recuperating from an illness of pneumonia and several days hospitalization in a Lubbock hospital.

Billie Sparks was here last week end from the 64th Air Base, San Angelo, to spend a few days furlough with his parents, Mr. and Mrs. Johnny Sparks, of Highway, according to Mrs. Sparks who with Mr. Sparks were in Spur Wednesday.
