WE DON'T INTEND TO CRY "WOLF!" BUT...

that has enabled me to make a record in the office in which I feel I may claim a justifiable pride.

In addition to keeping current the docket of my own district I have held court in ten other counties during my tenure as your District Judge. This was extra work that was not compulsory and for which I received no remuneration whatever. In Lubbock County alone I held court for a six month's period during a time when there was not a resident judge in the 99th court. Through this service alone I was able to save the State of Texas \$2,500 in salary.

During the war years, with the manpower barrel scraped to the bottom, it has been very trying on the court to have to call in busy men for jury service. I have sincerely tried to be reasonable on this matter and have made serious effort to see that each juror called was required to make a minimum of sacrifice in the days away from his work.

In this district litigation is growing and the office is certain to take on increased responsibilities in the post-war years. Criminal violations are on the increase at this time. The divorce problem, which so often carries with it the even more serious problem of child custody and care, is going to demand the best experience and training available for the office of District Judge.

If you believe the record I have made and the experience I have acquired in dealing with these, and the many other problems that arise in this very important office, are good reasons for retaining me I shall deeply appreciate your votes and influence, whether I have an opponent or not. I know I am better qualified to serve you now than I was when first appointed, and if elected I pledge the continued best service of which I am capable.

Respectfully yours,
ALTON B. CHAPMAN.

Mr. and Mrs. H. C. Christian of Bonham, Texas, came in Sunday to visit their son and family, H. M. Christian, manager of the Wacker store. Monday Mr. Christian dropped in to see this editor who formerly owned and operated the Bonham Daily Favorite. We were glad to see him and he looks just like he did the last time we saw him in 1939. Mr. Christian is one of the finest men we ever knew and we can truthfully say one of the most likeable and honest. He has never "weighed his hand" when he put potatoes on the scales. Of course even Raul English would not do that but, we just speaking figur-

"Hey, Ref—arent you out of bounds?"

In basketball or business, Americans expect fair play all down the line. In basketball, the referee is there to see that the game is played according to the rules. But he's not a player.

In business, the referee is the government, which establishes regulations for fair practices.

But when government goes beyond governing and into business and competes with its own tax paying citizens, the American tradition of fair play is set aside. The referee then becomes a player, and he takes advantages that are denied to all the other players in the game.

Take government-owned or subsidized electric power systems, for example. They pay no taxes. When they need money, they call on our U. S. Treasury funds and get it at little or no interest. If they have losses, through political management, why worry? You, as a taxpayer, will have to take care of that.

Business-managed power systems, on the other hand, do not have these special government privileges. They pay their full share of taxes, pay fair interest on any loans.

It is a tribute to American self-reliance that tax-paying, self-supporting companies supply over four-fifths of the tremendous amount of electricity used in this country.

The same forethought and experience which furnished the required electric power to win a global war will continue to assure America dependable—and cheap—electric service for a postwar world. And businessmen can do the job better than bureaucrats.

Last Rites For James F. Baker Conducted Sunday Victim of Gunshot Wounds Succumbs in Hospital Here

DICKENS, Jan. 12.—Bond of \$5,000 returnable to the 110th district court grand jury Feb. 4 was posted here by R. F. Harkey, 53, on a formal murder charge growing out of the fatal shooting Friday night of Jim Baker, about 50.

Funeral services were held for Baker at 3 o'clock Sunday afternoon in the Dickens Baptist church. Burial was in Dickens cemetery.

The complaint charging murder with malice was filed Saturday morning in justice court of Roy Ward.

Baker, a farmer and wrecking yard operator in Dickens, died in Nichols General Hospital in Spur about an hour after a shot from a .44 calibre pistol entered his stomach. Harkey lives north of Dickens.

Sheriff Fred Christopher conducted an investigation of the shooting, which took place about 4 o'clock Friday afternoon. He said he was told that the two men had engaged in an argument about a week ago.

DICKENS TAKES DOUBLE-HEADER FROM CROSBYTON

The Dickens Owls met and defeated two very good Crosbyton teams on the night of Jan. 8.

The first game between Crosbyton "B" team and the Owls "B" team started at 7 o'clock in the Crosbyton gym.

The game was very interesting and The Chiefs led the Owls all the first three periods. In the final period the Owls hit a streak of luck and began to ring two points from all angles. There was very good sportsmanship on both sides.

The A teams then begin to warm up. The Crosbyton Chiefs got an early start and scored a 11 to 4 lead over the Owls in the first period. When play was resumed in the second period the Owl's ace goal shooter Lloyd Holly started. He and his team mates overcame the Chiefs and when the first half had expired the Owls were in the lead 20 to 17. In the last half of the ball game the Chiefs were never able to overcome the Owls. The Owls kept a continuous scoring pace as the final whistle sounded the Owls were victorious by a good margin of 41 to 26.

Basketball Season

The Dickens Owls met the Jayton Jaybirds in the Dickens gym Friday night, Jan. 11. The teams split a double. The Dickens girls took a 15 to 13 decision while the boys yielded to defeat by a small margin, as a 24 to 28 score indicated.

In a return engagement at Jayton Tuesday evening, the Dickens Owls again split a double header with the Yellow-jackets. This time the Dickens girls nosed out Jayton by a score of 9 to 7 in a furious struggle of defense play.

The home boys came in to trounce the Dickens lads to the tune of 38 to 17. Holly ran up 14 of the points for the Owls,

He is known in Floyd county as a most capable attorney and says he will appreciate the support of Dickens county people very much. A formal statement issued by Attorney Stapleton is as follows:

To the Citizenship of Dickens County:

I wish to announce my candidacy for the office of District Attorney of the 110th Judicial District, composed of Dickens, Motley, Briscoe and Floyd counties, subject to the action of the Democratic primaries in July.

I have just returned from 44 months service in the army, 28 of which were spent in the Pacific. I ask no special consideration because of such service. I did no more than my duty just as hundreds of men and boys from these four counties did, and just as did the people at home who worked and produced and bought the bonds and paid the taxes and did without that we in the service might be better provided for. My own sacrifice was nothing compared to that of many, many others and I feel a debt of gratitude to those I cannot express.

My service was something I owed my country, and my country owes me nothing in return except the right to live and die and earn an honest living in this great free land which gave me birth and which is home to me. And so I say to the people of the district that I base my candidacy not on my wartime service but on the service I am qualified to render you and will render you in the District Attorney's office.

Former County Attorney

Long before the war materialized I cherished the ambition to serve the people of my district as their district attorney. I have prepared myself and worked toward that end. I have gone to school and studied—four years in law school. I am proud of my profession and look on it as one of service to humanity. I practiced law in Floyd County for more than four years before I entered the service, three and a half years of which I was county attorney. I was reelected for another term after I was in the army but resigned because I could not be in the office and because I thought the people were entitled to a county attorney.

As county attorney I worked long and hard and I am proud of my record. I cooperated at all times with the other county officials and with the law enforcement officials of other counties, the State and Nation. I was at their service and the service of the people day and night. I invite you to inquire of any official with whom I worked or of anyone who knows me concerning my ability, the work I did and my willingness to be of service at all times.

No Trading Out

If the people of the district see fit to elect me, I shall do my best to be a fair, clean and hard-fighting prosecutor, the kind of a district attorney I think you want, the kind to which you are entitled. If elected, it is not my intention to usurp the powers of the jury and grand juries of the district nor to invade their province. Rather I shall not do "trading out" to obtain pleas of guilty just to save myself work. The Constitution guarantees every accused man the right of a fair trial before a jury of his peers; trial before a jury of his peers; I shall see that every accused man receives that constitutional right. I shall not accept private

practice that might in any way interfere or conflict with my official duties.

I believe in the suspended sentence law for boys and young men who are first offenders and who have shown they are not bad but have just made a misstep. Of course, the suspended sentence law should not be permitted to shield hardened offenders, and I shall try to use it judiciously with the advice of the grand juries, jury, law enforcement officials and other interested and qualified citizens, considering always the best interests of the boy and of society.

On Juvenile Delinquency

A great deal is being written and said about the problem of juvenile delinquency. It is more a problem in the cities. I have a strong feeling that the boys and girls of these four counties are as fine as any the world has ever seen and I have every confidence in them. If those of us who are adults will do our part the boys and girls will do theirs. I am a great believer in the old saying that there is no such thing as a bad boy or girl. With proper guidance boys and girls do not go wrong. It shall be my duty to work with the homes, schools and churches, to assist them with their problems and in providing that guidance. I shall go a long way to keep a boy or girl out of trouble. It shall be my duty to help them be good citizens and I shall never shirk that duty.

I enter this campaign not as the candidate of any clique or group, and I enter the race with malice toward none, I shall end it that way. I shall do my utmost to keep the campaign above personalities. I feel that I have built myself a place of respect in my community; I shall do nothing to jeopardize that position. Here is my home and here shall I live, able to look any man in the eye with a clear conscience.

In offering my candidacy for the consideration of the people I do so with the conviction that I am qualified by training, experience and disposition to fill this important office of district attorney. If you feel that I am thus qualified I shall appreciate your vote. And if you feel that I am the man for the job I shall appreciate your saying a good word in my behalf to your friends and neighbors. In return I shall owe you my undying thanks and loyalty, and, if elected, I promise to make you and all the district a hard-working, hard-fighting, always fair-minded district attorney.

Sincerely,
JOHN B. STAPLETON.

MRS. PLUNKETT NEW FIFTH GRADE TEACHER

By JOAN HAGINS
 Mrs. Plunkett is teaching the fifth grade in Junior High. She went to school at Abilene Christian College and University of Colorado for her teachers degrees. Mrs. Plunkett taught the fourth grade in East Ward last year. She likes the fifth grade and enjoys teaching them. Her husband is Officer John W. Plunkett in the Navy. He is in the Pacific somewhere. Mrs. Plunkett's hobby is going to the show. Her favorite color and drink is red and coke. Her plans for the fifth grade are mainly in numbers but here are a few. They are making salt work and doing art. In art they are using water colors. They are making notebooks of Africa.

We are going to meet every Thursday from now on at 1:00 o'clock in the P. E. room. Some of the songs we sang were: "America, The Beautiful," "America, The Star-Spangled Banner," "Battle Hymn of the Republic," "Cassions Go Rolling Along" and "Over There".

OUR SCIENCE COLLECTION

By JOE SCOTT
 The 7th grade English class has begun a collection of birds, fish, amphibians and reptiles. This collection has created much interest in both 7th grade classes. We have collected three marbled salamanders, numerous perch and catfish. We are putting them in an aquarium that has three sections. Mrs. Kelley cured it over at East Ward. The salamanders, catfish and perch will have a separate section. The class is studying the habits of these creatures in order that we may write about them. We will inform you when we secure more creatures for the collection.

 Saw a fellow on the bank
 Gave a shriek she sank
 Boy on hand heard her shout
 Jumped right in, pulled her out

 But she had to break the ice.

THE EIGHT PARTS OF SPEECH

By VERA LYNN CRAFTON
 1. All names of person, place, or things, are Nouns as Caesar, Rome and King.
 2. Pronouns are used in place of nouns. I think, she sings, they work, he frowns.
 3. When the kind you wish to state, use an adjective, as great.
 4. But if of manners you would tell use adverbs such as slowly, well, to find an adverb this test try: Ask, "How?" or "When?" or "Where?" or "Why?"
 5. Preposition how relation as with respect or IN our nation.
 6. Conjunctions, as their name implies, are joinin gwords, they are the ties, that bind together day and night, calm BUT cold, dull OR bright.
 7. Next we have the verbs which tell of actions, BEING, and state as well. To work, succeed, achieve and curb—each one of these is called a verb.
 8. The interjection shows surprise, as oh! Alas! Oh me! how-wise! Thus briefly does this jingle state.
 The parts of Speech which totals eight.
