## Observations

... around town

Spur is 37 years old tomorrow and this issue of the paper is being dedicated to the hardy pioneers who came first to build Spur. Only a very few of those who were here and who have contributed to the building of the city have been mentioned, but it is merely a recognition of the work and sacrifice that have been made to effect the city we now enjoy as our home.

Johnnie Koonsman returned Sunday from a 10-day hunt in the Sequache park of Colorado. He says there is plenty of snow and ice in them mountains, but the deer and elk are not so plentiful as on previous hunts. However, he bagged one elk of over 400 pounds dressed. He also visited in the home of his sister and brother-in-law, Mr. and Mrs. Grover Small of Alamosa, Colo.

W. F. Godfrey was exhibiting a bullet at Rotary club last week that he said killed a 742-pound elk that he brought down while on a hunt in Colorado recently. He hunted on the Westherral ranch.

GENERAL MARSHALL'S  
REPORT ON SALE HERE

The local Veterans of Foreign Wars, Post 7212, has announced that General Marshall's Report, covering the entire World War II, is now available at local drug stores, Variety Stores and other leading mercantile establishments.

Perhaps the most outstanding feature of this fine book is the honor roll covering Dickens and Kent County veterans of all branches of service and of the merchant marine. This honor roll pays particular honor to our dead and missing.

The V. F. W. has gone to a great deal of trouble and have spent time and money in getting the books for the people of this area. Those wishing a copy of the book may inquire at a local store to obtain the book. The supply is limited to 440 copies and no additional copies will be available.

## Hallowe'en Carnival In Town Tonight

Games, Fun And  
Spooks In Spur  
Tonight

A big Hallowe'en party will be held on the main street of Spur tonight. Streets will be roped off at each end of the post office block and streets will be filled with the usual spooks and fun-makers of Hallowe'en.

The purpose of the elaborate Hallowe'en party this year is to give youngsters plenty of fun, supervised in an effort to avoid useless destruction of property that sometimes accompanies the annual spook night in Spur as well as all other towns.

Various concessions will be found as well as dozens of games and all kinds of fun-making.

There will be a large crowd in town and all the spooks of the city are invited to participate.

School Lunch  
Prices Advanced

C. F. Cook, superintendent of the Spur Schools, announced this week that prices of meals in the school lunch room have advanced five cents per meal, as of Monday, October 28.

Meals formerly 15 cents are now 20 cents, advance in price was made necessary because of the advance in grocery prices and rather than cut the quality of the meal, it was decided to raise the price per meal.

Other schools, such as Floydada, Paducah and Lockney have been selling their meal tickets from the beginning for 20 cents, and it has become necessary to advance the prices here in order to continue operating the Spur school lunch room.

### Congressman Mahon And Party Stop Here Friday

Congressman George Mahon and a party of legislators from Washington, in Texas conducting hearing to determine future legislation in the interest of farmers of the area, stopped briefly in Spur Friday while enroute to Haskell where they held a meeting later in the day.

The congressman and party stopped at Hill Top Cafe for coffee and called a number of friends while in the city. Mr. Mahon stated that he would be back in Spur at his first opportunity to visit longer with friends.

### Historical Class Entertains At Lions Club

The Historical Association of the Spur Junior High School gave a program at the regular Tuesday noon luncheon of the club last Tuesday. The constitution of the club was read and an interesting program given. Each member of the Lions club donated 25c to start a fund for the club.

Ralph Beaver of Fort Worth was a guest of Truett Hutto and was introduced to the club.

The Lions club will work with the Junior class stand during the Hallowe'en carnival tonight in front of the Spur Post Office.

### Fire Sale Opens At Milam Store Friday Morning

A \$10,000 fire sale will be opened tomorrow morning at 9:00 o'clock at Milam's 5c to \$1.00 store, according to T. E. Milam. A quantity of goods stored in a warehouse back of the store building was damaged by fire last week.

Much of the merchandise that will be offered in the sale was only slightly damaged or soiled by smoke and water, Mr. Milam stated, and other goods were not damaged at all.

### "Swindles" Is Discussed By Rotarians Today

A discussion on "Swindles" was conducted by M. C. Golding at a meeting of the Spur Rotary Club at Spur Inn at noon today. E. A. Brashear was chairman of the program and Mr. Golding was speaker.

Last week George S. Link, Jr., gave an interesting talk on the "Future of the U. S. Navy."

Geo. S. Link, Jr., was introduced at the meeting last week as a new member of the Rotary Club and H. M. Cooner was a guest of E. S. Lee.

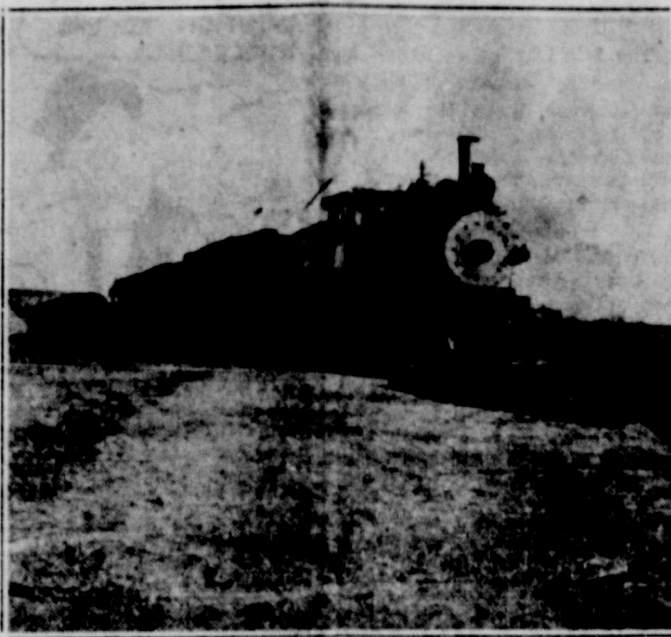

### East Variety Store Will Open In Spur Saturday

Opening of the East Variety Store in Spurb on Saturday morning, November 2, was announced this week by Mr. and Mrs. Randolph East, owners.

The modern store is located in a spacious building adjoining the Spur Security Bank and the building has been completely remodeled and redecorated for the store.

Mr. and Mrs. East have been residents of the Spur community for many years. They were former residents of Girard and more recently lived at Lamesa where they were in the variety store business. Liking the Spur country and the people here, Mr. and Mrs. East bought the Wendell Building earlier in the year, taking possession September 1. The building has since been remodeled to give the people of the Spur trade territory the best in variety store merchandise.

### FIRST TRAIN ARRIVES IN SPUR

The picture above shows the arrival of the first train in Spur on November 1, 1909, over the Stamford and Northwestern line. Many of the people who helped

establish Spur and who have since helped to develop the village into the little city of Spur, were on the train and watching her roll to a stop at the local depot.

### GEORGE S. LINK, SR. RELATES FIRST DAYS OF SPUR

Editor's Note—Spur is 37 years old Friday, Nov. 1. In recalling the first days of the city, George S. Link, Sr., has condescended to give a brief outline of his experiences of early days and a glimpse of many other early settlers of the community shared many of the experiences. This issue of the Spur is dedicated to those hardy men and women who toiled and labored to make Spur the city we now enjoy. This is not a historical edition and but few of the many who contributed to the building of the community are mentioned. We owe much to those who have built Spur and we sincerely wish it was possible for us to give a complete history of early days.—Ed.)

## LOOKING BACK

By Geo. S. Link, Sr.

Mr. McKinney, editor of The Texas Spur has asked me to write something about Spur when the lot sale was made on November 1, 1909, we referred him to Jack Godfrey and some of the other old timers as we arrived in Spur on February 19, 1910.

Well, you are not interested in where we came from or why or how we came, but we are going to tell you how and where we came from, then you won't ask us why. We come from Rule, Texas, loaded all our belongings in a box car, including old Beauty, our old Jersey cow. We had a two-cylinder red Maxwell car. No top on it. We left Rule on the morning of the 18th, made to Aspermont the first day where we spent the night with our brother, Jim.

We arose early on the morning of the 19th as we know our trip was a long and difficult journey and there were no bridges or roads, or what we now call roads. There was sand and stumps, but little danger of a highway accident as we didn't meet a car between Rule and Spur. We did scare a few farmers' teams and Mrs. Link didn't understand all the language they used to express their feelings.

We arrived at Duck creek, where the fine concrete bridge now stands just east of Spur and the sand was too deep to cross. We stopped and looking up the road towards Spur, we saw a fellow coming in a wagon drawn by two little brown mules. We asked his help to pull us over the creek into the promised land and he said yes, if Kit and Beck could stand the load. They did the job reluctantly and he charged 50c and that was money.

We made it from Aspermont to Spur, fifty-two miles, in twelve hours.

We were tired from the trip, but happy to spend the night in

a barn with Bernard Bryant and his wife, who came to Spur a few months earlier. We had a two-room barn built before we arrived and we lived in it while the house we now live in was being built. We had no water facilities and water was hauled into the city at 25c per barrel and there was no bath tub this size of Stamford, but we didn't look so dirty as you might think.

Spur was a boom town and there were tin cans in every alley, so we decided the city should be incorporated, which was done and the first Mayor's job was to sweep tin cans into a wagon and try to make the place livable. Temporary churches were built and we had fine preachers to shepherd us at a meager rate of pay. Our amusement was principally 42 clubs and parties and the ladies were well dressed and the men well groomed. We recall a few of the society men that were real dudes; Jack Godfrey, Fred Jennings, Spencer Campbell, Ned Hogan, and many others. Jack Godfrey, as we remember, beat all the boys meeting the new girls.

Yes, we had some things then that we do not now have. For example, wagon yards. Farmers came from forty miles round and spent the night in the wagon

### DICKENS COUNTY FARMER IS KILLED IN HIGHWAY ACCIDENT

Last Rites Held  
Saturday For  
Geo. F. Britton

Last rites were held Saturday afternoon at 1:30 o'clock at the First Baptist church in Spur for George Ferdinand Britton, 63, Dickens county farmer, who was fatally injured in an accident on the highway between Spur and Dickens Thursday night.

Rev. C. N. Gilbert, assisted by Rev. Raymond Van Zandt officiated at the services.

Burial was in Nelanda Cemetery at Hamlin, Texas with Campbell Funeral Chapel in charge of arrangements.

Two tractors and a truck figured in the accident in which Mr. Britton was killed Thursday evening about 6:30 o'clock about two miles south of Dickens, suffering internal injuries, he died in a local hospital about 9:00 o'clock.

A Swift & Co. truck loaded with cream and driven by Olin D. Ward, 21, of Spur was driving behind a tractor driven by Mr. Britton. Mr. Britton was carrying gasoline to another tractor

### Committee For Christmas Program Appointed by C. of C.

Billie D. Bell, Hobert Lewis and Adrain Rickles were appointed by the Spur Chamber of Commerce as a committee to work out plans for an elaborate Christmas program for the city of Spur. The committee discussed plans for the program at a meeting of the Chamber of Commerce directors held at the West Texas Utilities building on Monday night.

Other business concerning the future plans of the civic body were discussed and plans made for an active year. Those attending the meeting Monday night included Bob Weaver, who acted as president in the absence of Bynum Britton, Carl Murray, Tom Johnson, Clyde Walthal, Billy Hilley, Secretary, and Adrain Rickles.

Several members from the local Chamber of Commerce attended a meeting of the West Texas Chamber of Commerce held in Lubbock Friday afternoon. Bob Weaver, a director of the West Texas C. of C., was accompanied to the meeting by Clyde Walthal and Carl Murray.

JEFF SMART PLEDGED  
BY KEMAS FRATERNITY

Jeff J. Smart, son of Mr. and Mrs. V. C. Smart of Spur was recently pledged to Kemas, men's social club, at Texas Technological College.

### Injuries May Hamper Local Team This Week

#### Large Crowd From Here Expected To Game Tomorrow

Spur will journey to Crosbyton this week for an invasion of the "Chief's" home field in what promises to be one of the outstanding games of the season. The Spur lads will be hampered to some extent due to injuries sustained in last week's game. D. Watson, co-captain, has a sore leg, Aldredge has a pulled muscle and B. Calvert has a bruised shoulder and this combination of injuries might make a showing in the score Friday night.

Crosbyton has been beaten by Paducah in the only district game they have lost. They won over Petersburg and Matador. They have a strong passing offense and have shown up well on line plays in previous games. They are classed as one of the top four teams in the district and the local lads will have a tougher opponent this week than in recent weeks.

Starting line-up for the locals follows:

B. Calvert, 155, LE, co-captain; B. Steele, 165, LT; L. Calvert, 155, LG; D. Wright, 190, C; M. Denson, 160, RG; R. McMahan, 170, RT; H. Wilson, 170, RE; B. Dyers, 155, QB; J. Sharp, 170, FB; D. Watson, Co-capt. 160, LH; B. Wright, 150, RH.

## Spur Defeats Lockney In Fast Game Friday

### Locals Emerge Undefeated Again

In a fast moving game before a large crowd last Friday night, the Spur Bulldogs defeated Lockney's Longhorns by a score of 34-6. The Spur eleven had the field under control right from the start of the game and scored the first tally in the first few minutes of the game.

Lockney received the kickoff and after two attempts into the line, tried a kick from their own 20-yard line which was partially blocked by Dean Wright. Billy Dyess advanced the ball to the Lockney 15 yard line on the blocked punt. An end sweep to the right carried the ball to the 10; Watson plunged through the left side of the line and fumbled and Lockney recovered the ball on their own 5. Lockney punted out to the 40 and Alldredge, Wat-

son and Dyess, taking the ball from one side of the field to the other on end runs, advanced the ball in five plays to the Lockney 5 again. Sharp went over for the tally through the line.

On the next kickoff, Lockney tried a reverse that was stopped on the 35 by the right side of the Spur line. In two plays from scrimmage, Lockney was backed up to their 20 and forced to punt. Watson returned the ball to the Lockney 30 and in six plays Dyess carried the ball over from the twenty yard line.

Watson scored from the 5, just before the first quarter ended through the left side of the line. Watson, thrown on the Spur 40-yard line and behind some nice blocking, Dyess carried over, making the score 24-0 and the half ended.

In the second half, Spur elected to receive and Dyess took the ball on his own 25, behind some fine blocking advanced to the Lockney 45, where he was forced out of bounds. Sharp took the ball from Watson on a hand off through the left side of the line and advanced to the Lockney 20 and was hit hard by the Lockney safety man and fumbled. Lockney recovered the ball on their own 20.

Lockney passed on the next play was caught by the Lockney left tackle and drew a 15 yard penalty for ineligible receiver catching the ball, putting them back on their own 5 yard line. Two more attempts to pass from behind their goal line, the Longhorns were forced to kick. Watson returned the ball to the Lockney 25 and in a matter of five plays, Dyess carried over from the five yard line. Dean Wright kicked four out of five extra points.

In the middle of the fourth quarter, the Longhorns put on a drive, took the ball from the 50 to the Spur 1 yard line with first and goal to go. On the fourth try, Messer, No. 69 for the Lockneys skirted left end for a touch-down. The try for extra point was blocked by Neal A. Chastain.

Late in the fourth quarter, the Longhorns started throwing long passes in an attempt to score again, but the Spur line was rushing the passer to the extent that he couldn't find his receiver. One long pass was completed, but was called back for back field being in motion.

yards. They fried good old bacon  
(you can't do that now) and made  
black coffee, bought a can of  
tomatoes and salmons for 10c  
each and sardines for 5c with  
crackers to match (you can't do  
that now).

We had hitching posts for the  
cowboys and the farmers' mules  
(we don't have those now either).

We built a light plant, using  
one small steam engine to fur-  
nish power. It ran until ten  
o'clock at night and on special  
occasions. When there was a  
big 42 party, we would get the  
plant to run until eleven. Now,  
there was some good in that as  
everybody knew when the party  
was to end and the fellow that

was in bad luck could get early  
relief. We voted a \$32,000 bond  
issue and built a water plant. We  
didn't have water all the time,  
but we generally had enough for  
Saturday nights.

We organized a commercial  
club and had a paid secretary  
at \$200 per month. We had stores  
that would sell the farmers  
everything they needed to eat,  
wear and work with from spring  
to fall.

Spur was a town from its  
birth that kept beer and whiskey  
out of its borders. We are proud  
that we had a little part in form-  
ing the city and rpany of the  
troubles that we endured during  
the early days makes us all love  
Spur.

We were about to forget one  
of the gallant young dudes of  
the first days of Spur, R. E.  
Dickson. Ask Lillian how he could  
spark in the buggy behind the  
old gray mare.

Spur had five lumber yards  
in 1910 and lumber sold at \$20  
per thousand; the city had three  
banks and very little money,  
about \$500,000 in all. Interest  
rates were ten and twelve per  
cent. There were about a thou-  
sand people in the city at that  
time and three automobiles. The  
social center on Sundays was the  
hill just north of town. If those  
rocks could talk, they could tell  
of many matches that were made  
there on those Sunday evenings.

Yes, we were busy and happy  
people because we were building  
our town and planning our fu-  
ture.—Geo. S. Link, Sr

**Friendship—Three  
Thousand Miles Apart**

Ever play chess? It's a great  
game! One of the strongest friend-  
ships I know of started with a game  
of chess—between Dad Hoskins, in  
our town, and a man named Dalton  
Barnes, in England.

They've never seen each other,  
never met. But for the past eight  
years they've been playing chess  
by mail together—Dad puzzling  
over Dalton's latest letter, while he  
sends a chart of his next move to  
England.

Dad always thinks best with a  
mellow glass of beer beside his

chessboard. And the Englishman  
writes him that he does the same.  
"You know, it's almost as if we  
shared a glass of beer together,  
too!" says Dad contentedly.

From where I sit, you can talk  
about diplomacy and foreign pol-  
icy, but it's often those little things  
—like a game of chess or a glass  
of beer—that can make for toler-  
ance and understanding . . . be-  
tween people of all nations . . . be-  
tween neighbors here at home!

**McAdoo School To Have Hallowe'en Carnival**

The classes of McAdoo have chosen their queen candidates for the Halloween Carnival. The Senior candidate: Bennie Finney. The Soph. candidate: Bobbie Fox. The Freshman candidate: Margetta Ford. The Eighth Grade candidate: Beverly Pinno.

The Juniors number only 4 so they voted to help the other classes rather than run a queen of their own.

The high school has just finished their six weeks tests and everyone can breathe freely again. The next surely won't be quite so hard.

Several people of McAdoo attended the ball game in Lubbock Saturday. It was a wonderful game. Why don't we all have teams like that?

**Local Girl Pledges TSCW Literary Club**

DENTON, Oct. 30—As pledges to the literary and social clubs on the Texas State College for Women campus, 269 students have ended the informal initiation period and are now considered active members. Miss Jacqueline Jean Rector of Spur is included in the group.

During the period of initiation the "lowly pledges" soberly carried loaded suitcases, eggs and brooms to class, measured the distance around the courthouse with peanuts and scrubbed the post office steps with a toothbrush.

Purpose to these clubs is to stimulate interest in literature, art or music, promote social activities for members, and encourage the achievement of high scholastic standing.

Miss Rector, daughter of Mr. and Mrs. Jack Rector, Spur, is a member of the Betsy Ross Club.

**International Music Discussed By Harmony Club**

International music was the topic of the Harmony Club when they met with Mrs. E. A. Brea-shear, Tuesday evening at 8:00 o'clock in her home on Hill St.

Roll call was answered by giving musical current events, with Mrs. J. E. Berry as leader for the evening. Mrs. Nell Davis gave a paper on Music in International Propaganda and Mrs. Paul Mar-lion offered Malaguena by Ernesto Lecuona which was enjoyed by all.

Toscanini Returns to Italy was most interestingly told by Mrs. J. E. Berry, and the club chorus sang songs by American composers.

Miss Bonnie Campbell was elected as assistant chorister.

Strawberries, topped with whipped cream, cookies and tea were served to the guests.

**F. W. Jennings Hosted Saturday Night Bridge Club**

Mr. and Mrs. F. W. Jennings hosted the Saturday night Bridge Club. Saturday evening, October 10 at their home on Willard Avenue.

The rooms carrying out an orange theme were decorated with arrangements of orange cosmos and marigolds and gay with branches of the brilliant pyran-tha berries.

Mr. and Mrs. C. H. Elliott won high score award.

Pie a-la-mode and coffee were served to the following guests: Mr. and Mrs. C. H. Elliott, Mr. and Mrs. R. R. Wooten, Mr. and Mrs. W. T. Andrews, Mr. and Mrs. E. D. Engleman, and Mr. and Mrs. Eric Swanson.

**Two Spur Veterans Purchase Surplus Army Property**

FORT WORTH—Two Spur veterans of World War II were among those Texans sharing in the awards in two special sales of "set aside" office furniture and typewriters, announced by War Assets Administration this week.

Durwood E. Woodward, P. O. Box 161, obtained two long sought pieces of office equipment, a metal typists' chair for \$5.65 and an executive type desk for \$17.

Adrian M. Rickels, Box 654, was awarded a Royal portable 9 inch carriage typewriter for \$25.50.

All of the office furniture and typewriters was in used condition and had recently been declared surplus to the needs of the armed forces.

The veterans divisions of WAA in Fort Worth made all awards to holders of the oldest dated veteran certificates for the individual pieces of equipment.

Mr. and Mrs. C. H. Elliott flew to Paducah Friday in their new Silveraire Luscomb, where Mr. Elliott attended to business, flying back to Spur in the late afternoon.

**Cotton Rallied Some From Sharp Drop**

Livestock lost some of recent sharp gains, cotton rallied then sagged, but peanuts and sweet potatoes, grains and citrus moved upward while eggs and poultry, potatoes and onions weakened at southwest markets last week, says USDA's Production and Marketing Administration.

Cotton gained about half of recent heavy losses early last week but sagged later. Spot market activity was slack but increased as prices advanced. Demand continued good for light offerings. U. S. Department of Agriculture estimates domestic mill use for 1946-47 at 9.5 bales, exports 3 millions and carry-over on August 1, 1947 about 3.8 millions, about half as large as the carry-over at the beginning of the season and the smallest since 1929.

Eggs fared better than poultry last week as more meat appeared. Southwest markets reported good demand for eggs at steady prices, but dull demand for poultry at prices a nickel to a dime below recent high levels.

Hog receipts at six chief southwest markets last totaled 16,225 head, about a thousand more than the previous week, and about a third as many as arrived at Chicago alone. Butcher hogs were up \$2 a cwt. at Fort Worth to reach an all-time peak. Other markets reported prices 50 cents to \$2.50 higher than the previous week's close.

About 93,000 cattle arrived at southwest markets last week, only slightly more than the previous week, but enough to cause the worst congestion at Fort Worth since 1917. Kansas City was forced to place an embargo on truck arrivals. Meat hungry consumers kept demand strong, but prices at some markets were below the previous week's top. Fort Worth quoted medium and good slaughter steers and yearlings \$15 to \$23 a cwt. and medium and good cows at \$11 to \$14. San Antonio sold top medium and good short-fed steers at \$21 at \$22 and medium and good cows \$10.50 to \$14. At Houston common and medium steers and yearlings realized \$12.59 to \$14.50, and common and medium cows \$8.25 to \$11.25. Oklahoma City moved good and choice fed steers at \$22 to \$27 and beef cows up to \$28. At Wichita medium to good slaughter steers brought \$17 to \$22 and common and medium cows \$9.50

to \$13.50. Denver sold medium grass fat steers at \$18.50 and common and medium cows \$10.50 to \$13.50.

Most southwest sheep and lamb markets reported lower prices last week compared to the first days following decontrol. Good and choice lambs brought \$16 to \$16.75 a cwt. San Antonio, medium and good slaughter lambs realized \$16 to \$18, Fort Worth and mostly \$18, Oklahoma City. Denver quoted good and choice lambs at \$20 to \$21.

Deer cannot live in a grassland, and antelope cannot live in a forest.

**Social Courtesy Extended Thursday Luncheon Club**

A lovely social courtesy was extended the Thursday Luncheon Club last Thursday noon, when Mrs. C. H. Elliott entertained with a luncheon at her home on East Harris Street. The rooms were lovely with fall flowers and a luncheon of chicken spaghetti, pear salad, spiced peaches, sweet pickled cucumbers, pineapple preserves, hot rolls and butter, coffee and ice box cake were served. Playing bridge were, Mesdames Horace Hodges, E. D. Engleman, Fred Jennings, W. T. Andrews, Carl Proctor, Harvey Holly and R. R. Wooten, and the hostess.

A. B. Ardis and Buddy Melton of Sulphur Springs spent a few days in Spur this week attending to business matters. Mr. Ardis is a former resident of our town, having been connected with the Spur Ice Company several years ago. Mr. Ardis and Mr. Melton were here buying tractors to be trucked back to east Texas. They visited in the home of Mr. and Mrs. G. W. Rash while here.

### Campbell Establishes First Furniture Store

B. Regan, president of a Big Spring bank was in Spur last Monday attending to business.

Mrs. Edna Edmunds of Fort Worth was guest in the home of Mr. and Mrs. Cal Martin for a few days last week.

Above is a street scene in Spur taken a number of years ago. Shown at right is the Campbell Furniture Company, established by W. S. Campbell on November 23, twenty-three days after the opening of Spur. Mr. Campbell came here from Munday, Texas and established Spur's first furniture store in a sheet iron building at the site now occupied by the Campbell Funeral Home. The firm was moved to its present location in 1916.

Campbell's Furniture store is still under the management of Mr. Campbell and is now associated by his son, Spencer Campbell. Further up the street on the right is the Riter Hardware, one of the first business firms. The firm is under the management of John L. King. He is associated with M. King and son John L. King, Jr.

### Tom Drake Wins His Biggest Film Role

Stardom in the near future appears assured for Tom Drake following the most important role of his career as Robert Shannon, hero of A. J. Cronin's best-seller novel, "The Green Years," now coming to the Palace screen by M-G-M. Drake first won attention in "Two Girls and a Sailor," and stepped a notch nearer stardom when he appeared with Carole Clallon in "Mrs. Parkington." This was followed by his prize role as Judy Garland's boy friend in "Meet Me in St. Louis."

Well known to Broadway audiences for his performance in the stage success, "Janis," Drake is now on his way to becoming one of the leading screen personalities of the year.

### REV. AND MRS. FRANK ADAMS, JR. ANNOUNCE ARRIVAL OF DAUGHTER

# Santa Fe

..that's the System!

One shipper tells another: the way to get better on-time delivery of freight shipments to and from the West and Southwest is to ship Santa Fe.

Here are some of the reasons Santa Fe keeps freight service "on the advertised" (which is railroad language for "on-time performance"):

- ... world's largest fleet of freight diesel locomotives.
- ... more miles of double track than any other western road.
- ... more miles of Centralized Traffic Control, which enables freight trains to meet and pass non-stop.
- ... world's largest private telephone system, to keep shipments moving more swiftly.
- ... increased yard capacity, and improvements along the line, such as curve straightening, new bridges, longer sidings.

It all adds up to getting what you want where and when you want it, when you ship Santa Fe.

*Ship Santa Fe all the way!*

For freight and passenger information see your local Santa Fe Agent

## MUSIC APPRECIATION NEW COURSE IN JUNIOR HIGH

Under the supervision of Mr. Browning, the faculty of Junior High has several aspirations for the school. One of these was realized, (in a measure last week) when Mr. Browning bought a large combination radio-victrola. Music appreciation will be taught at least 30 minutes per week. The school wants to begin a record library in order that children may be able to hear and recognize "good" music.

The child will be graded on music appreciation. This grade will be determined on interest and participation.

The "School of the Air" will be conducted on Friday when the classes will hear "Music is Yours" over TQGN. This program comes on at 11:15. On Wednesday at the same hour, the "Adventures in Reading" may be heard. Tuesday is Science Day. These programs will be broadening for both teacher and pupil. The schedule according to preference for music appreciation is as follows:

- Mrs. Walker—Friday, 1:00—
- Mrs. North—Thurs., 3:15—4:00.
- Mrs. Walker—Fri. 1:00—2:30.
- Mrs. McNeil—Thurs.—1:00—1:45
- Miss Campbell—Fri. 3:15—4:00
- Miss Hampton—Tues.—3:15—4:00
- Miss Elliot—Mon.—11:15—Fri.—11:15.
- Mrs. Kelley—Fri.—9:00—10:30—Tues.—11:15—11:30.

## BOOK WEEK

By Nell Booth  
 October 10th to 15th is book week. Book Week is a week which is observed every year in schools all over the nation. During the week books are exhibited and good books decided upon.

In Jr. High School this year we are observing book week with programs, etc. The fifth grade will have an assembly program during the week and Mrs. Kelley's 8th grade will have a book exhibit to which parents and friends will be invited.

Throughout the school there will be programs, book reviews, poems and stories.

## MR. W. J. ELLIOTT SPOKE TO SCIENCE CLUB

By Beryn Durham  
 Last Friday 18, the two 8th grades met in Mrs. Kelley's room to listen to Mr. Elliot. He gave a very interesting talk on the animals and rocks of long ago. He had some of his collection of rocks with him. He invited us out to show us the rest of his collection. We enjoyed his talk very much, and we hope he will come back.

Our science classes are proving most interesting, because the boys and girls are seeing some of the change in the natural world happen right before their eyes.

You don't know what you have missed until you see the larva of a Monarch Butterfly spin its chrysalis and become nature's "most beautiful creation"—jade green flecked with gold—chrysalis.

## ATTENTION PARENTS OF JUNIOR HIGH!!!!

Since Junior High does not have a P.T.A. and since she is "in the red" on Carniyal Concessions we are appealing to you to contribute most generously to the different concessions we are sponsoring.

- We need Money For:
1. Radio Victrola.
  2. Opaque Projector.
  3. Records for record library.
  4. Books on State Reading List.
  5. Art Supplies.

We wish to make Junior High a modern school, efficiently equipped with as many visual aids as possible and we NEED YOUR HELP.

1. Vote for the queen in your child's room.
2. Send objects and articles to fish pond.
3. Get ponies or pony ride.
4. Help get tables and chairs for Game Concession.
5. Help "Run" the different concessions.

## SEND YOUR DONATIONS.

## NATURE EXHIBIT

By Margaret Wood  
 Did you ever wonder how a butterfly looked before he became able to fly?

Did you know that it grows through four stages, eggs, worm, chrysalis, and adult? These questions were answered to eighth grade students, when they began studying butterflies and moths. They have been collecting worms and watching different stages.

At the Hallowe'en Carnival there will be an exhibit on such wonders of nature as this. Be sure and see this exhibition at the Carnival.

## A MESSAGE OF INTEREST to all who await deliveries of new Chevrolets

We want you to know that everything possible is being done to speed deliveries to you; but production still lags far behind schedule—even though Chevrolet has built more cars and trucks than any other manufacturer from January through September 1946

WE REALIZE how eagerly you are awaiting delivery of the new Chevrolet you have ordered from us, and we want to pass on to you the latest information received from the Chevrolet Motor Division, even though that information isn't too encouraging at this time.

It is true that Chevrolet leads all other manufacturers in total production of passenger cars and trucks from January through September 1946, despite the fact that Chevrolet was out of production entirely during the first three months of this year. It is also true that Chevrolet has continued to maintain its lead in total production during the third quarter of 1946. And yet production is still running far below desired levels, with the result that Chevrolet's output of cars and trucks through September 1946 was only 38.7% of the number produced during the corresponding period of 1941.

This means it may take many months for the Chevrolet Motor Division to reach peak

production of new Chevrolets—even longer to fill the unprecedented demand for this product of BIG-CAR QUALITY AT LOWEST COST—and, for the present at least, "there just aren't enough Chevrolets to go around," much as we wish there were.

However, we want you to know that new Chevrolets are leaving the plants in the largest numbers possible today. The Chevrolet Motor Division tells us it is doing everything it can, in the face of continued suppliers' strikes, material shortages and manpower problems, to step up shipments to us and to all dealers, in accordance with a predetermined distribution plan assuring each dealer of his fair allotment, based on 1941 passenger car sales. And we, in turn, are doing our best to deliver new Chevrolets to our customers as rapidly as they are received and in the fairest possible way. We are too appreciative of your loyalty and goodwill—too grateful for your patience and understanding—to do anything less than continue to serve you to the very best of our ability.

### KEEP YOUR PRESENT CAR RUNNING

Meanwhile, the most important car of all to you is the car you are driving now. May we suggest that you keep it in top running condition until you secure delivery of your new Chevrolet, by bringing it to us for skilled service now and at regular intervals. Remember—cold weather is hardest on old cars. Please see us for a complete check-up today. . . . And, again, thank you!

**WANTED! MONEY!**

**By Arlene Wilson**

Every Jr. Hi student is wanting money now. It is for their queen and her escort. The persons running in the race for the queen and her escort are as follows:

Miss Elliott's 5th grade—Janie Carlisle and Van Cash.

Miss Campbell's 5th grade—Lois Woodruff and Curtis Blair.

Mrs. Walker's 6th grade—Barbara Nalley and Linda Bingham. Mrs. McNeill's 6th grade—Paulita Karr and Jackie Cloud.

Miss Hampton's 7th grade—Emma Lena Simpson and Dewey Walthall.

Mrs. North's 8th grade—Anita Cunningham and Vernell McAlpin.

Mrs. Kelley's 8th grade—Annette Lee and Don Hill.

This will end today, then the couple which has the most votes will represent Jr. Hi School.

There will be entries from each school. Then the couple from each school will be crowned king and queen of their school.

So cast your votes now. One penny is equal to one vote. You may give as much as you like.

The money will be spent to buy a movie projector for Jr. Hi School, and for records for our radio—victrola we have bought with our money from the magazines.

**SHOW YOUR TALENT**

**Bobbie Gallagher**

If you have any talent at forty-two, bridge, checkers, dominos or card games be sure and come to the domino parlor.

We are sorry we had to give up the negro minstrel but we are proud to give you a chance to have some real fun. Be sure to come and be with your old friends. Lets make it a deal, how about it?

The goblins will get you if you don't come out. And play some game have spoken about.

You may see a ghost about on the Halloween night. But oh what joy there isn't it a joyful sight.

**CORRECTION**

**Billy Hoover**

The 8th grade will not have their minstrel on account of build-up. "We will have it later," Mr. Browning said we will have it Dec 5. We would like for you to come. Make your plans to come to the big minstrel on Thursday, Dec. 5, 1946.

Miss Betty Weaver spent the week-end in the home of her parents, Mr. and Mrs. W. R. Weaver. Betty is attending Texas Tech at Lubbock.

**Rozelle Marcy Celebrated Sixth Birthday**

**Farm Activity In Spur Community**

**Farm News From the Duck Creek Soil Conservation Office:**

The heavy equipment belonging to the District Supervisors has been repaired and is now constructing terraces on the J. W. McDaniel farm. Several other individual contractors have terracing equipment and are ready to start to work. Those cooperators who desire to have terraces constructed should contact the local Soil Conservation Service office in Spur.

T. A. Loe, who lives near Girard in the Phipps' Branch conservation group, is doing one of the best terrace construction jobs in the District. He has completed over two and one-half miles of terraces this year, using a farm tractor and one-way plow. One of the terraces he has just completed has a base width above natural ground of 36 feet and

18 inches high. Loe is demonstrating the fact that farmers can construct their own terraces with farm equipment.

Several hundred acres of alfalfa have been established this fall. Many farmers would like to have some acreage of alfalfa but are hesitant in planting it due to the lack of harvesting equipment. Penn Shugart advises that if enough alfalfa is grown to justify securing this equipment he will be glad to purchase it and will do public work.

Over 40,000 pounds of Austrian Winter Peas have been planted in the District this year. This plant, as the name implies, is a winter growing legume and is a three-purpose crop. First, the peas are an excellent soil builder, supplying the much needed element, nitrogen. Second, the dense growth furnishes good protection from soil erosion, and third, they supply a limited amount of grazing under favorable conditions.

M. A. Ware, who lives 10 miles southwest of Spur is in the Scott and White Hospital at Temple and is reported in serious condition at this time.
