SPUR COWBOY JUBILEE OPENS JUNE 2

100 CAR CARAVAN TO VISIT 25 TOWNS

Chairman Lester Garner of the annual Spur Cowboy Jubilee Booster Trip, announced this week that plans had been completed for the trip to be made on Saturday, May 28, Monday, May 30 and Tuesday, May 31.

Mr. Garner stated that a caravan of 100 cars or more is expected to invade the towns in this area. The initial trip is slated for Saturday, May 28, at 8:00 a. m. Airplanes, equipped with loud speakers, have been acquired, and will precede the caravan of boosters into the towns. Special music along with other forms of entertainment have been arranged for the trip. The local members of state highway patrol will lead the caravan on the three day trips.

Mr. Garner has urged that all personnel and cars that will make the trip to gather on the vacant lots across from English Food Store by 7 a. m. Saturday morning. Raul English will paint rodeo banners and booster signs on all cars from 7 a. m. until 8 a. m. Saturday morning. "We have the schedule timed, and it is absolutely imperative that all going on the caravan, be on time. We must be off by 8 a. m. in order that our schedule will be met," Mr. Garner said. "Our goal is to make this one of the best and most enjoyable booster trips West Texas ever had," chairman Garner concluded.

Schedule for the three day booster trip is as follows: Saturday, May 28, Girard, Jayton, Peacock, Swenson, Guthrie, Paducah, Matador, Roaring Springs, Afton, Dickens and Spur, Monday, May 30, Aspermont, Hamlin, Anson, Stamford, Haskell, Rule, Rochester, O'Brien, Knox City, Benjamin, Guthrie, Dickens and Spur, Tuesday, May 31, Crosbyton, Ralls, Post, Snyder, Roby, Rotan, Claremont, Jayton and Spur.

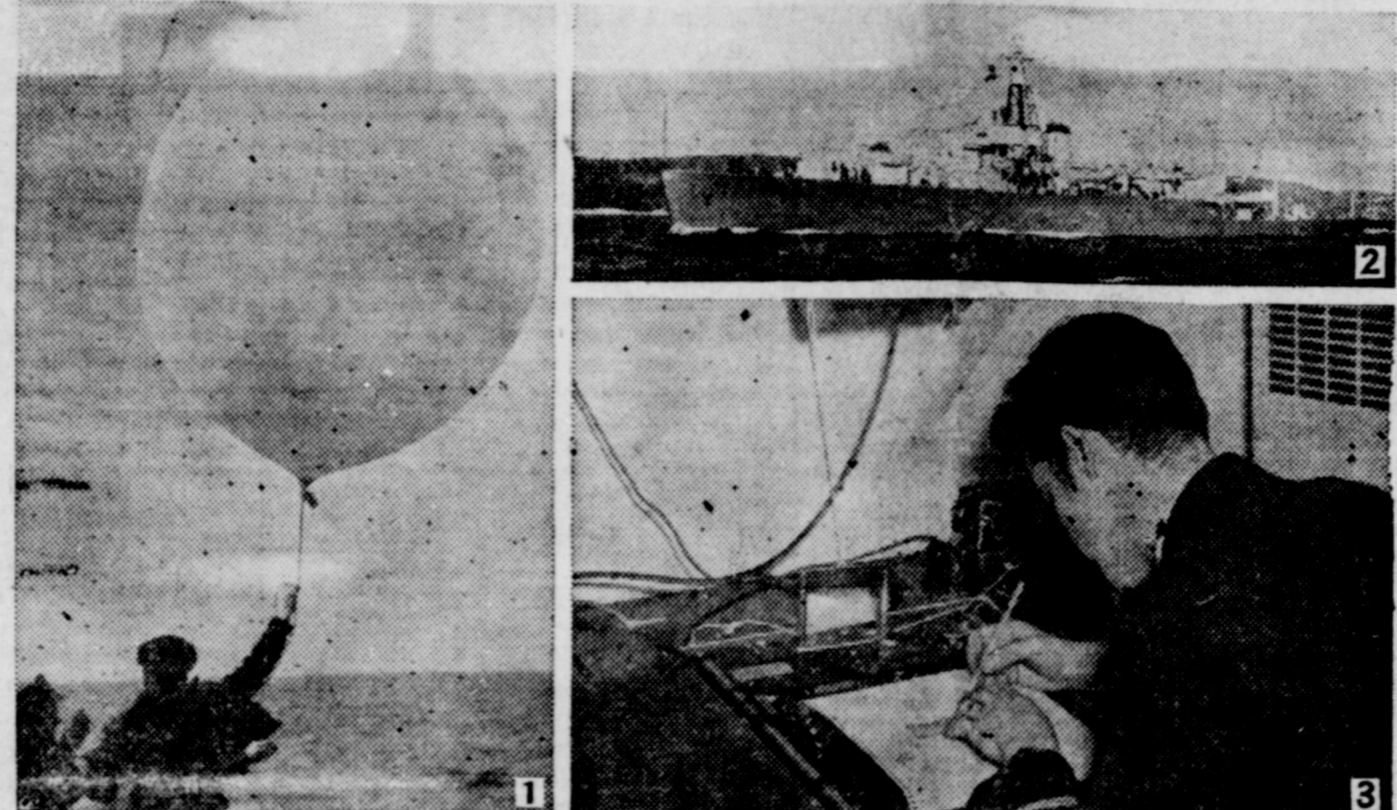

11.61 Inches Rain Since January 1

Rainfall in Dickens county for 1949 (thru May 24) has reached a total of 11.61 inches, according to information compiled by the Spur Agriculture Experiment Station.

According to information compiled by the Experiment Station only five years have topped the mark made so far in 1949, in the past 33 years. These years and the amount of rainfall thru May were: 1914, 13.48; 1915, 15.65; 1919, 12.29; 1922, 11.82 and 1941, 15.67.

The rainfall as recorded at the station since January 1, 1949 is: January, 2.50; February .43; March, 1.78; April 1.62; Rainfall as recorded in May is: May 4, .31; 5, 1.20; 6, .04; 7, 1.41; 9, .38; 14, .10; 16, .42; 17, .81 and 24, .61, total of 5.28 inches in May. Total for the year 1949 11.61.

Doing Something About the Weather

Far out in the stormy North Atlantic Ocean seaman (1) aboard the Canadian weather ship H.M.C.S. St. Stephen, prepare to release a radio-equipped balloon which will radio back reports on weather conditions in the upper atmosphere. The St. Stephen (2) is one of 13 weather ships, supplied by eight countries and financed by 10, which make up a network arranged by the International Civil Aviation Organization (ICAO), a specialized agency of the United Nations. The ICAO weather ships are on constant duty, ready to radio passing aircraft late weather information, and to participate in search and rescue operations. A specialist (3) maps weather data coming from a weather balloon and prepares it for broadcast to passing planes and shore stations.

JOTS BY JOE

Without warning the tough young LIONS will dunk you if you're not be-decked in cowboy or cowgirl regalia... they have been named as "official police" for the cowboy jubilee event and have erected a dunking tank downtown... better dig out the western clothes when you come into town...

Joe Grimland and his band tooters will present another all-rounder concert on the streets Saturday... pretty music these youngsters make...

Chairman Lester Garner of the Booster Trip committee has urged that all going on the trips be on time... the first trip is scheduled for Saturday morning, and the caravan must pull-out by 8 a. m. don't be late...

A vote of thanks goes to members of the West Texas utilities crews that labored throughout the night last Tuesday in order that power could be restored to the north-enders... Bob Weaver, local manager, stated that a crew of about 50 worked all thru the night, following the tornado that struck in our community... power was restored early Wednesday... A job well done fellows...

Poppy Day, Saturday May 28... Buy your poppy from some member of the legion auxiliary... and don't forget, Memorial Service downtown Monday, May 30... the memorial window erected in the West Texas Utility office, is a fitting tribute to those who gave their all that we might have peace and freedom in the years to come...

Note to advertisers, persons sending in news, the Texas Spur, will go to press on Wednesday, June 1, on account of the big opening of SCJ on Thursday... would appreciate your cooperation in getting your advertising copy and news in early... Thanks, JOTS.

Dickens All Set For Cowgirl Event

Plans are now complete for the girls Roping and Sponsor Contest, which will start Sunday afternoon at 2:30, and Monday night at 8:00 in Dickens, at Kookey Park.

A \$200 purse, plus \$20 entry fee will be the prize money for the Roping Contest, which will carry the best average for the two shows. Purses will be split 40-30-20-10.

Any amateur girl can compete in as many as two G.R.A. shows without being a member. But no G.R.A. member is allowed to compete in an amateur show.

Sponsor Contest will be strictly a time event. Any contestant failing to ride the pattern set by the judges, or knocking a barrel over, will be disqualified. Three barrels will be used and rode in the clover-leaf style.

Two year old steers will be used in the Cutting Horse Contest. Anyone, man or woman, may enter this contest, if \$25 entry fee is paid. All fees paid will be split 60-40 for the best average of the two shows.

Eric Swenson, president of the Spur Cowboy Jubilee, will do the announcing.

Billy Grey and his "Sons of Texas," radio entertainers, will play for one hour before the Monday night show.

Storm Victim Rites Concluded Thursday

Funeral services for Mrs. Charity Smith, 53, who was killed when a tornado swept thru the Soldiers Mound Community last Tuesday, were conducted at the Bethel Baptist Church, Spur, Thursday, May 19, with Rev. Frank Adams officiating.

Mrs. Smith was a resident of Gainsville, Texas, and was visiting in the home of her son, James Kittrell, near Spur, when she suffered injuries that caused her death.

Survivors are four sons, James D. of Spur, Johnnie of Lockney, Tip of Sivel Bend, Texas and L. V. of Gainsville.

Interment was in Spur cemetery under the direction of Campbell's Funeral Chapel.

Dickens Pupils Enjoy Picnic

Room mothers, Mrs. Murray Lee, Mrs. C. C. Swearingen and teacher, Mrs. W. G. Johnson accompanied members of the fifth and sixth grades of Dickens school on a picnic Wednesday afternoon, May 11.

After an entertaining afternoon of games and exploring immediately after the picnic, the group enjoyed the picnic food.

Big Parade Will Open Rodeo; 4 Shows Slated

Supt. Cook Issues Statement As School Year Closes Today

With the final days of the 1948-49 school coming to a close with graduation exercises set for tonight at 8:00 p. m., when honor students Bonnie Beth Henry and Neal A. Chasstain will deliver the valedictory and salutatory address, Supt. C. F. Cook issued the following statement to all patrons of the school:

"The school year has come to a close. The success of this school year is determined greatly by what the Public thinks. We think as teachers that we have accomplished many things that will help the students of this community. There are many things that have not been accomplished, but we plan to do some of these in the future. Each year the teachers of any school are faced with the problem of promotion or retention. It would be much easier to pass all children, but we feel that we should do the thing best for the child. If your child is retained, please realize that we think that this will be better for the child. We have no desire to hurt any child. So many times children are promoted when they should have been retained, this will hurt the child in years to come. (This is what I request the teachers of the Spur Schools to do: I'm in the opinion of the teacher that the grade would be too difficult for the child, for them to retain the child.)

This school year has been very pleasant, the students, parents and teachers have been very cooperative in all school activities. I like the people of Spur and have enjoyed my stay here very much. I trust that the people of this school district are well pleased. Thanks."

C. F. Cook, Superintendent of Schools

Piggly Wiggly To Open Saturday

Mr. and Mrs. Carl Murray, owners and operators of the Foodway store in Spur for several years, announced this week the formal opening of their new, bigger and better, Piggly-Wiggly Store.

The Piggly Wiggly store is located in the same location as Foodway store. New fixtures and a complete overhauling job has been done on the store. Quality groceries and meats will be featured.

Mr. and Mrs. Murray extend all a cordial invitation to attend their formal opening. Free gifts away all.

Storm Victim Rites Concluded Thursday

Funeral services for Mrs. Charity Smith, 53, who was killed when a tornado swept thru the Soldiers Mound Community last Tuesday, were conducted at the Bethel Baptist Church, Spur, Thursday, May 19, with Rev. Frank Adams officiating.

Mrs. Smith was a resident of Gainsville, Texas, and was visiting in the home of her son, James Kittrell, near Spur, when she suffered injuries that caused her death.

Survivors are four sons, James D. of Spur, Johnnie of Lockney, Tip of Sivel Bend, Texas and L. V. of Gainsville.

Interment was in Spur cemetery under the direction of Campbell's Funeral Chapel.

Dickens Pupils Enjoy Picnic

Room mothers, Mrs. Murray Lee, Mrs. C. C. Swearingen and teacher, Mrs. W. G. Johnson accompanied members of the fifth and sixth grades of Dickens school on a picnic Wednesday afternoon, May 11.

After an entertaining afternoon of games and exploring immediately after the picnic, the group enjoyed the picnic food.

Mr. and Mrs. R. C. Mahan of Lubbock were Sunday guests in the home of Mr. and Mrs. W. E. Bail.

Ben Franklin Store Re-opens Friday

Mr. and Mrs. Randolph East, owners and operators of the Ben Franklin Store, announced this week that the store would re-open for business Friday, May 27, at 9 a. m.

The store has been closed for several weeks after a fire gutted the interior and completely destroyed the stock of merchandise. The store has been completely remodeled and an entire new stock of merchandise added.

A cordial invitation has been extended by the East's to attend their re-opening event, Friday, May 27.

Trail of Pioneer Cowboy Leads From Dry, Red Canyons to Range Of Forever Silenced Spurs

The heights by great men Reached and kept. Were not obtained by sudden flight. But they while their companions slept Were toiling upward in the night.

This is so especially true of one of Dickens county all time great men, W. J. (Scotch Bill) Elliott. A historian second to none, a lover of the country second to none. A husband, a father second to none. After 59 years of work filled with love of the Spur country, he has passed to the future.

It would be impossible to take up and cover in a news release the full history of his 59 years in Dickens county, so let's confine the statements here to only two subjects. His contribution to the knowledge of the memorial museum material that he has collected and recorded through the years. Hundreds of collections of the early birds, animals and plant life of the region in the form of petrifid limbs and tree trunks and bones have been collected by Mr. Elliott and made into one of the greatest laboratories of all of Texas. Much of this material has been presented to the University of Michigan, and to West Texas State College at Canyon where his daughters obtained much of their collegiate training. Geology museum was also presented to the Museum of Natural History at London, England.

Next in importance to the outstanding work on he early wild life of the region, is his work with hundreds of early settlers. Many of them are still living and working in the region. In fact all of them that are here now and were here before the turn of the century were close and appreciative cooperators of "Scotch Bill."

Mr. Elliott was associated with the Spur Ranch people in merchandising at the old ranch farmstead in the Espuela community long before the turn of the century, and many, many years before the first railroad train entered the region and before the original townsite of Spur was established. It was here that his beautiful little Scotch wife, Elizabeth Wil-

Memorial Day Services Monday

Memorial Day services in tribute to those who gave their lives in World Wars I and II, have been announced for Monday, May 30, from 1 p. m. until 3 p. m. on the downtown streets of Spur, Commander Joe Jeffers of the American Legion said.

The services will be conducted in the middle of the 400 block of North Burlington and Willis G. Jernigan, minister of the Church of Christ, Spur, will be the speaker. Members of the Legion and Legion Auxiliary will visit the cemeteries in the county and place wreaths on graves of soldiers killed in both World Wars.

All downtown business houses will be closed from 1 p. m. until 3 p. m. in observance of the day.

Poppy Sale Set For Saturday

Mrs. Weldon Grimes, chairman of the Legion Auxiliary Poppy Day Sale committee, announced this week that the annual Poppy Day Sale would be held Saturday, May 28.

Auxiliary members will conduct the sale and will have booths set up in the downtown area, as well as be on the streets throughout the day.

The flowers are made by disabled war veterans during the year, and proceeds go into a fund to help provided for the veterans and their families.

Don't pass up a poppy salesman. Your dime, quarter, dollar, will go a long way in aiding a disabled veteran.

Canned Bean Sprouts Go with Steak

BEAN sprouts used so extensively in chop suey and chow mein dishes take on a thoroughly American air when French fried and served with steak. Fried, these thin white sprouts, have the texture of onions but offer a new and delicate flavor. This side dish with steak may be made in 5 minutes because the bean sprouts need only be dredged in flour and fried.

Bean sprouts are the offshoots of the mung bean. Until 1940 we imported these sprouts from the Orient. When the war cut off the supply, American farmers, who had long been raising mung beans as a cover and forage crop, began employing special harvest precautions which are essential when the beans are to be sprouted.

From a small yield in 1940, the plantings of mung beans reached a total of over 14 million pounds in 1946. When sprouted, each pound of mung beans will produce from 6 to 8 pounds of bean sprouts. Today, almost all the bean sprouts produced in this country are canned. Evidence of the growing demand for this food is the fact that a pack of 5,000 pounds a day used to be considered a very large production.

Now the same canner may put up 15,000 to 20,000 pounds a day.

Bean sprouts are still largely used in Chinese dishes, but they take on a Yankee cookery... being delicious in soups, as an ingredient in stuffed peppers, as a vegetable dish, in mixed green and fruit salads. Besides their novel flavor they offer important food values. They are a very good source of Vitamin C and B and offer fair amounts of Vitamin A. They are fiber-free, easily digested and low in calories. Win praises from your family at dinner by serving French fried bean sprouts with steak or grilled hamburgers. Here is the recipe for:

French Fried Bean Sprouts

1 No. 2 can bean sprouts, drained
1/2 cup flour
1/2 teaspoon salt
1/16 teaspoon pepper

Mix flour, salt and pepper together. Dip bean sprouts in milk and then dredge in seasoned flour a few at a time so that more flour will adhere to each one. Fry in deep, hot fat (380° F.) 2 to 4 minutes, until light brown. Drain on soft paper. **YIELD:** 6 servings.

Duck Creek Soil Conservation District News Notes

O. M. McGinty, Chairman J. B. Montgomery, Secretary
Bill Wright Clark Forbis, Chas. Witt

Cover crops, crop residue management, terrace systems, contour farming and range conservation practices observed last Thursday by the supervisors of the Duck Creek Soil Conservation District. This tour was made in conjunction with the regular business meeting. Business was attended Thursday morning and at noon the supervisors were guest of the Spur Rotary Club. Following lunch the men toured the district to inspect complete conservation programs that had been established.

Rain, varying in intensity from mild showers to heavy downpours, fell over most of the Duck Creek Soil Conservation district recently. The heaviest rain occurred near Gilpin where between 4 and 5 inches were reported.

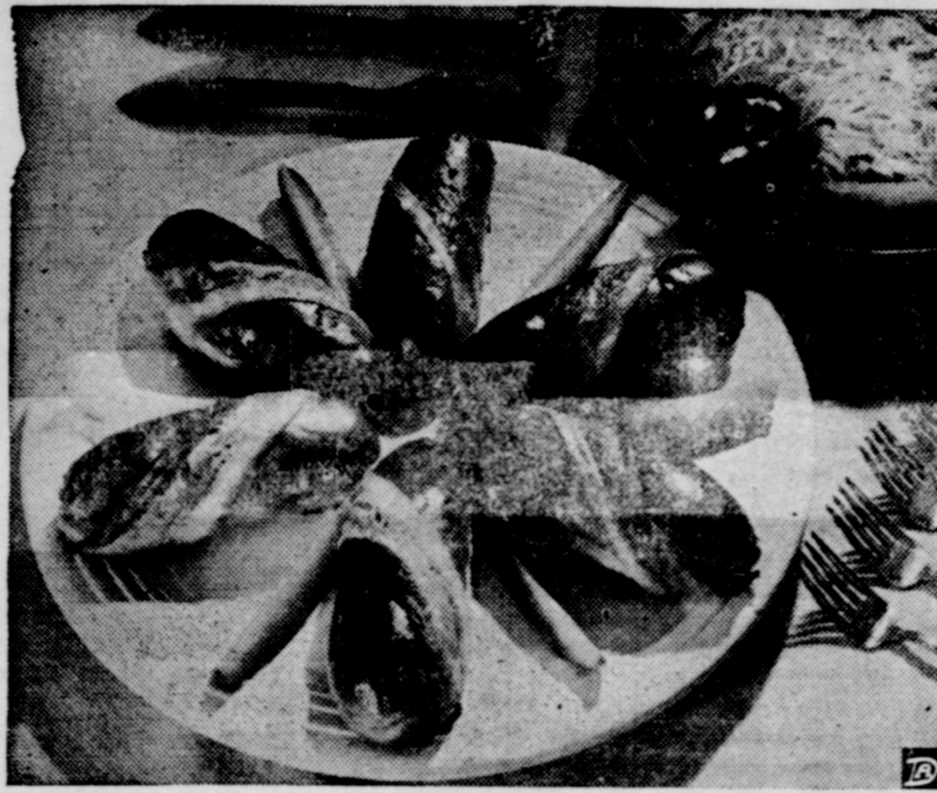

Damage to terrace systems and to terraced fields was relatively light. A new terrace system on the W. A. Webb Estate place in Lower Second Creek group was slightly damaged but did an effective job of water spreading. Jessie Powell, a cooperator in Steel Hill group, got good results from his level terrace system. A good job of water spreading and soil holding was observed on E. D. Brown's farm in Lower Second Creek group. W. J. Driggers reported no damage to his new terrace system on his farm in Sage Branch group.

Soil Conservation Service technicians assisting the Duck Creek district observed that most damage to terraces occurred where system had not been maintained and especially where the ends of terraces were not properly opened.

Rapid growth of rye and vetch cover crops have been noticed in the district since the weather became warmer. Most of the vetch has made abundant growth in the last two weeks and it is in full bloom. Wayne Beadle in Lower Second Creek group, Oscar McGinty in North Red Mud group, Virgil Wilson in Soldiers Mound group, and Ted Goodwin in Beef Hollow group are some of the men who have good cover crops this year.

Grasses that are important to this area can currently be seen at the Spur Security Bank. The Duck Creek Soil Conservation District will have on display those grasses most commonly found in the district as they come into growing season.

Bacon-Cheese Buns

Give finger buns a filling of cheese and a bacon wrap, and grill or bake to make delicious picnic sandwiches.

Here is a different way to use those frankfurter buns the youngsters like so well.

Fill buttered buns with a thick, but narrow strip of American cheese, wrap with bacon and grill in an outdoor fireplace or in the oven. Serve with a crisp carrot and cabbage slaw and milk.

Let the youngsters fix bacon-cheese buns for their lunch now that school is out and they are always asking, "Mother, what can I do?" You can point out a lesson in nutrition, too, for the enriched buns are an important source of B-vitamins and food iron, making buns a perfect supplement to calcium and protein in the cheese.

Bacon-cheese buns are a good flavor combination and an easy-to-prepare luncheon. Next time you stop at your bakeshop, get a supply of enriched finger buns to make a quick meal.

BACON-CHEESE BUNS

Long finger buns
Mustard
Butter or margarine
Cheese
Bacon

Split buns. Spread one side with mustard, other side with butter or margarine. Place thin strip of cheese inside bun. Wrap strip of bacon around each bun and fasten securely with toothpicks. Grill or bake slowly until cheese melts and bacon is cooked.

PRETTY—EFFECTIVE

OMAHA, NEBR.—Armed with a new insecticide spray concentrate and guided by the newest complete insect control chart, Miss Carmen Garcia gets ready for "operation plant-pest control." Miss Garcia is loading her spray gun with Hydronox, new wonder safe insecticide, which is non-toxic to humans or livestock, but uses double paralytic action to kill insects. Hydronox is an entirely new principle in plant-pest control, based on experimental research by one of the nation's leading pharmaceutical laboratories. Copies of the insect identification chart and spray guide may be obtained free by writing the Farnam company here. The chart classifies insects, tells what they feed on and what plant life they attack.

Bible Mothers Theme of Afton H. D. Club Meet

The Afton Home Demonstration club met in the home of Mrs. John McClesky, May 18 at 2:30 P. M. Thirteen members were present. The program theme was "Bible Mothers" and roll call was answered with the name of a Bible Mother.

"Life of a Young Bible Mother" by Mrs. Stokes, and "Comparison of Modern and Bible Mothers" by Mrs. Ligon, were demonstrations beginning the afternoon program. Recreation was led by Mrs. Hinson.

Club business consisted of plans for the June 1st meeting, which will be a movie on "Freezing

Fruits at Home." Mrs. Van North will be in charge of this meeting. A committee was appointed to secure the use of a school room so that the public might attend. The regular June 2nd meeting was postponed until June 15 and will be in the home of Mrs. Stafford Forbis.

At the close of the meeting, Mrs. McClesky was presented a Presto Fry Master by the club. Mrs. McClesky, resigning president, is moving to Hereford, Texas. Mrs. Stokes officially became the new president at this meeting. McClesky, but we shall back Mrs. Stokes as the new president. All club members are urged to attend the next meeting.

Reporter.

FAMILY REUNION

The Frank Murphy home in Dickens was the scene of a family reunion last week end. Members of the family present on the occasion were: Mr. Tommy Murphy of Hereford, Mr. and Mrs. Theo Murphy of San Diego, California, Mr. and Mrs. Marvin Murphy adueah, Texas, Mr. and Mrs. Garlin Murphy and Mike of Lubbock, Mr. and Mrs. Paul Hotch and children of Spur, Mrs. Victor Arrington, Vickie and Toni of Dickens, Mrs. Tom Prude of San Pedro, Calif., Mrs. Jamie Richards of Hope, N. M., Mr. and Mrs. R. L. Baber and Sandra of Spur and Clive Baber of Dickens.

Many friends of the family called during the afternoon.

Workers To Meet At Friendship

The Dickens County Baptist Association Workers' Conference will be held Friday, May 27, 1949 at the Friendship Baptist Church.

The theme of this meeting will be "efficiency". The meeting will feature several speakers, song services, noon meal, and board meeting.

Rev. C. Melvin Rathel and Rev. A. P. Stokes will bring the messages for the workers' conference.

Other speakers will be Matt Dawson, Mrs. Jack Sims, Joe Long, and Rev. J. C. Scruggs.

Crate Snider has been added to the judges staff of the Spur Cowboy Jubilee.

Baptist Men To Meet Mon.

Monday, May 30, 1949, at 8 p. m., the Dickens County Association Baptist Brotherhood will meet with the Duncan Flat Baptist Church. Ray Caplinger, association president, has announced.

Every church of the association is expected to be represented at this meeting. The program will consist of song service led by Glenn Jones, a devotional by Matt Dawson, a talk by Joe B. Turner, and the evening sermon by Rev. F. E. Swanner, district Missionary.

Several members of the brotherhoods of both the First Baptist Church and Bethel Baptist Church are planning to attend this meeting.

Delta Kappa Gamma Ends '49 Program

On Saturday, May 21, members of the Gamma Eta Chapter of the Delta Kappa Gamma met in the reception room of the Home Economics department of the Spur High School for the last meeting of the year. A luncheon that preceded the business session was made festive by the use of official class colors and red roses. Honorees for the meeting were Master Christopher Scott Kelley and Miss Elizabeth Lucille Williams. They were "New Comers" and each was presented a gift. Their mothers are members of the Gamma Eta.

Mrs. West of Paducah became members of the Gamma Eta at a regular initiation service during the meeting. At the close of the business session the following new officers were installed. President, Mrs. Eula Whitaker, Spur; First vice president, Mrs. Taylor Lowrie, second vice president, Mrs. Jolly; recording secretary, Miss Margaret Elliott, Spury; corresponding secretary, Miss Mary Dell Frazier, Paducah. Mrs. S. M. Joy, Paducah, was re-appointed treasurer. The retiring president, Mrs. Fred Brownlee of Paducah, who conducted the installation service, was presented with a presidents pin. The next meeting of Gamma Eta will be September 17, 1949 at Spur with the new president as hostess.

WILLIAM HOLDEN, WILLIAM BENDIX and MACDONALD CAREY in Paramount's "STREETS OF LAREDO," in color by Technicolor.

Lawless Texas Days Provide Film Thrills

One of the most exciting eras in American history — the days when the colorful state of Texas stood at the crossroads between law and disaster has been re-created by Paramount in its Technicolor outdoor thriller, "Streets of Laredo," which opens at the Palace Theatre Sunday.

The drama co-stars William Holden, William Bendix, MacDonald Carey and lovely Mona Freeman, the latter in her first grown-up role. Mona, until now, has been specializing in teenage parts, and will be remembered especially for her delightful portrayal of the precocious kid sister in "Dear Ruth."

Holden, Bendix and Carey are seen as reckless outlaws whose loyalty to each other supersedes all else. Carey is the brains of the three and the most audacious, planning the stage-coach holdups and cattle robberies which are executed jointly. The story concerns the adventures which lead them to the parting of their ways — Holden and Bendix becoming Texas Rangers, and Carey continuing to terrorize the countryside with ever bolder lawlessness. The events that finally pit Holden and Carey against each other are jammed with thrills and suspenseful action. The showdown scene in which they face each other is jammed with thrills and suspenseful action. The showdown scene in which they face each other for the last time with the surprise finish provided by the beautiful girl they both want, is one of the most tense and terrific the screen has offered in a long time.

Music Students In Play Monday

A very interesting and unique program was given by Spur music students Monday evening, May 23 at the East Ward auditorium.

The drama was entitled "Mrs. B. Natural's Party", with Kathleen Kelley as "June" and Jane Ann Albin and Carol Ann Allen as June's sisters. Members of the house party were: Ruth McGinty, Kathleen Rector, Ruth Ann McAteer, Sharon English and LeNeil Marcy, as "our WAC" and a Lieutenant of the Army. Virginia Hord represented Mrs. B. Natural.

Other members of the cast were Lou Ann Comer, Francis Wilson and Gwendolyn Ford as Miss Faith, Miss Hope and Miss Charity; Jerry and Gayle Bensfield were Dr. Joy and nurse; Ann Austin and Judy Bragg were Gypsies; Roselle Marcy and Raina English, Fairies; Annette Haile and Robert Beeson, happy couple; Ona Lee Garner, Indian girl; and Eddie Proctor, Jockey.

Special numbers rendered were "How the Elephant got his Trunk", Annette Haile; "Old Man River", Ruth McGinty; "Mighty Lak a Rose", a chorus by LaNelle Marcy, Kathleen Rector, Gayle Bensfield, Sharon English, and Ruth Ann McAteer.

Adult Homemaking Classes Offered

Mrs. Evalene Holly, Homemaking director of the Spur Schools is to direct adult classes in Home and Family Life Education. The first meeting will be 8:00 o'clock Tuesday evening, May 31 in the Homemaking Department. Adults have requested the first unit to be on Principles of Dressmaking. Any individual may come and help decide the unit to be studied and the length of the unit. The group will discuss the time to meet, when to meet—morning, afternoon or evening.

Present Taxes In State Enough Says Texans In Survey

By Joe Belden
Director, The Texas Poll

AUSTIN, Texas, May 26—If the Texas Legislature winds up its session without new taxes, after having approved more spending than ever before, some members may look upon this as a feat of financial wizardry. But not "the folks back home." They expect it.

For here is what a statewide survey just completed by The Texas Poll shows:

- Six out of every ten adults believe present taxes bring in enough money to pay for everything that is needed.
- At the same time, six out of every ten say there is need for spending more money—for schools, roads, old-age pensions, hospitals or the insane, health, and a number of other things.
- As for saving money, only a small minority can advise state officials how to do that.

Thanks to a surplus of funds that has been built up in recent years, the Legislature may be able

to satisfy most public demands without levying new taxes. At least that seems to be the goal of leaders in the legislative saddle. The next few days may tell whether or not they succeed.

But what if more money becomes necessary to keep the budget balanced? How should it be raised? On this issue, public opinion is widely divided. The Texas Poll finds more people are inclined to favor natural resource taxes than any other type, with liquor, luxury, and sales taxes next in line.

The poll's findings are based on 17,747 questions which were put to a cross section of the adult population:

- "Do you know of anything that our state government spends money for that should be reduced or cut out?"
 - Suggested ways for state to save money: 14%
 - Don't know of anything that should be reduced or cut out: 58%
 - 100%
- "Is there anything our state government should spend more money for than it is now spending?"
 - Suggested ways to spend more money: 60%
 - 100%

Don't know of anything state should spend more money for: 40%

- "Do you think present taxes bring in enough money for this state government to pay for everything that is needed, or not?"
 - Yes, enough: 62%
 - No, not enough: 17%
 - Don't know: 21%
 - 100%
- "Suppose you were a member of the Legislature and you found it necessary to raise more money for the government. What types of taxes would you be inclined to vote for?"
 - Wouldn't vote for any type: 8%
 - Don't know any types to vote for: 39%
 - Mentioned one or more types of taxes: 53%
 - 100%

The top economy suggestion, made by 3 per cent of the adults questioned, is to reduce personnel. These people said too many persons are on the government payroll who don't earn their salaries. Another two per cent felt that old-age pensions and other welfare expenses could be reduced. Other suggestions, each offered

by at least one per cent of the persons interviewed, were "cut out or reduce overlapping boards and bureaus," "cut out waste," "get rid of old-age pension investigators," "reduce business regulation," and "stop spending so much on roads and parks."

In answer to the second question, 29 per cent said more money should be spent on education. More should be spent on roads, said 18 per cent; more on old-age pensions, 7 per cent; hospitals for insane, 4 per cent; health, 3 per cent; relief to the poor and the handicapped, 3 per cent; veterans bonus, 2 per cent; housing, 1 per cent; and miscellaneous other things, 6 per cent.

If it becomes necessary to raise more money, the taxes on natural resources should be increased, said 16 per cent of the adults interviewed. Other taxes favored were liquor, beer and wine, by 9 per cent; luxuries and amusements, by 7 per cent; sales tax, by 7 per cent; corporation tax, by 4 per cent; gasoline tax, by 3 per cent; and income tax, by 3 per cent.

Miscellaneous other types of taxes were proposed by 8 per cent. A number of these said various forms of gambling, especially betting on horse races, should be legalized and taxed. Most Texans, however, would probably disapprove of this. In a recent survey, 58 per cent of a cross section of adults said they would vote against a bill making it legal to bet on horse races.

MEDICINE TODAY... Micro-Organisms Sit for Portraits

NEW YORK, N. Y.—The dreaded tubercle bacillus, cause of tuberculosis, and the influenza virus, are here revealed in exact proportion to each other, at 18,600 times their actual size. Striking differences in size and form of the organisms which produce tuberculosis and influenza are revealed.

Portraits of disease-producing organisms, in detail never before possible, are now being taken with the electron microscope in such research centers as the Squibb Institute for Medical Research at New Brunswick, New Jersey.

Ever since the discovery of the tubercle bacillus in 1882, scientists and medical research workers have been searching for a means of combatting it in human beings. Similar work has been going forward on the influenza virus. Today vaccines are available to prevent influenza, and a modification of streptomycin, named dihydrostreptomycin, is offering new hope of recovery to those suffering from tuberculosis.

Now with the aid of the electron microscope most disease-producing organisms can be seen, many for the first time, and Squibb scientists are able to study new approaches to their defeat.

Building Permits Drop Below 1948

AUSTIN, Texas, May 26—Building permits issued in 46 Texas cities amounted to \$33,912,493 in April, slipping 6 per cent from the previous month and falling 21 per cent from April of last year, the University of Texas Bureau of Business Research reported.

After adjustment for seasonal variation, the Bureau's index of building permits stepped up 14 per cent from March to 526 per cent of the 1935-39 level. A year ago, the index stood at 674.

Permits granted in April more than doubled their March levels in Pampa, Childress, Marshall, Denton, and Houston. Smaller gains ranged from 2 per cent in Port Arthur to 71 per cent in Tyler.

On the other hand, April permits dropped sharply from the previous month in Texas City, Corsicana, Bryan, Brownwood, Edinburg, Paris, Snyder, and Cleburne.

Snyder, Pampa, Lamesa, Childress, and Kenedy turned in the biggest increases over the dollar value of permits granted in April 1948. During the same period, sizeable declines were recorded by Borger, Texas City, Lockhart, Edinburg, Brownwood, and Coleman.

Houston's permits issued during April totaled \$2,828,457, topping other Texas cities. Dallas registered \$6,244,413; Austin, \$3-

144,780; and Pampa, \$2,003,982. Fort Worth, San Antonio, and Amarillo followed in that order.

DOUBLE HUBBAI

CHICAGO—The LP-Gas Twins—Miss Butane and Miss Propane—reigned as queens at the annual Liquefied Petroleum Gas Association here. The girls, Camille (left) and Mildred Rago, are identical except that one is left-handed. Representatives of the LP-Gas industry from all parts of the country and several foreign nations attended the sessions.

SPUR MOTOR CO.
E. L. Caraway, Owner

Baptist Church To Host Y. P.

The Young People of the Dickens County Baptist Association will meet at the First Baptist Church, Spur, on May 30, 1949. The meeting is scheduled to start at 8:00 p. m. with a recreational hour.

The Young People's organizations, including the Royal Ambassadors, the Girls' Auxiliary, the Sunbeams and the Young Women's Association, will bring sack lunches and eat on the ground with the First Church, Spur furnishing the drinks.

Dorothy Boykin will bring the devotional and Virginia Ruth Shugart will sing a solo.

Rev. Frank Bounds, Guthrie, Texas, will bring the message for the young people.

NOT HURT; JUST MEASLES

Philadelphia, Pa.—Rushed to a hospital after he was hit by an automobile, doctors decided that 6-year-old Gus Lester, who was injured in the accident, had better stay in the hospital for a while, anyway. It seemed Gus was developing a case of measles.

LET'S GO FISHING

Summertime is fishing time and getting an early start on their favorite outdoor sport are Hugh McNeill and Eileen Schott. Packing and unpacking is easy with the popular one-wheel trailer that couples to the car in a jiffy and enables the car passengers to ride in comfort to insure trouble-free operation and long service the manufacturer has used bearings, made by The Timken Roller Bearing Company, in the wheel assembly. The wheel has a full circle pivot, thus eliminating the "up-and-down" trouble common to the fixed-wheel type of trailer.

TO COOL THEM OFF... A MILK TREAT

Interrupt the children's summertime activity for a "party"! They'll relax while they enjoy a tall, cool drink of our nutritious milk.

Virginia Swoops, above, student of Haynes High School, won national honors in the National Guild of Piano Teachers and Students held here recently. She played ten solos and required phrases for which she earned gratifying remarks from Sidney Angell, auditor. She won the Gold Pin and National Honor Certificate. Virginia won first in piano and essay writing in the International League of Negro schools which was held in Lubbock this year.

Serve Cold Soup on Warm Nights

On any warm night, serve a cold soup, a crisp salad, good bread and butter, and of course, something hot or cold to drink. The

ing add 1/2 cup sour cream, mix well, and serve in chilled bowls. Enough for six.

Vermont Maple Cake

From her famous book, published by M. Barrows and Co. (\$2.75) comes this recipe which you will treasure for years: Cream 1/2 cup butter and 1/2 cup sugar thoroughly. Add 1/2 cup maple syrup, little at a time and 1 teaspoon vanilla. Cream well again. Add 2 beaten eggs and mix well. Sift 1 cup cake flour, 1/2 teaspoon salt and 2 1/2 teaspoons baking powder alternately to the creamed mixture with 1/2 cup milk. Lastly, in 1/2 cup chopped nuts. Pour in 2 greased 8-inch layer pans and bake them in a moderate oven, 25 to 30 minutes, or until done. Remove from the pans. Cool. Frost with maple frosting and drizzle with more nuts. Use butternuts, pecans, black walnuts or hazelnuts. Six or more servings.

HEALTH NOTES

AUSTIN, Texas, May 26—Hookworm disease is four times as common in those communities where sanitary toilet facilities are lacking, and where the soil is contaminated with human feces. In contact with either by going barefoot, handling the dirt, contact with the soil, or contact with worms from such through their skin their way to the human body. "The main character of hookworm disease," said W. Cox, State Health Commissioner, "is listlessness and laziness, and many a child has been called 'hookworm' in reality he was suffering from hookworm disease. There is abdominal pain and diarrhea, but this is usually temporary. Inability to perform work, and general weakness, are the main symptoms. The patient make this only a public health problem, and it can be eliminated only by carefully following two steps: first, providing sanitary disposal for human wastes, and by treating until

Doing Something About the We

When cured, permit the community health need that it now does, annually, both in money and sickness. Dr. Cox stated that the treatment of hookworm disease should be done by a competent physician, and not by self-medication. Full information for building sanitary privies may be had upon request, from the Texas State Department of Health, Austin.

Camden, Ark.—Jack Hendricks recently knock a cigar from his mouth. He was not hurt by the bolt.

Merit System Exams Be Held

AUSTIN, Texas, May 26—Competitive examination for positions in the public health hospital construction program of the Texas State Department of Health has just been announced by the Merit System Council for the Texas State Department of Health. Examinations are for public health positions in the Hospital of the State Department of Health, and will consist of an evaluation of training and experience and an oral examination. Veterans preference will be allowed applicants who have been honorably discharged from the United States armed forces and who make passing score on the examination. Applications will be received continuously until further notice. Positions for which examinations will be conducted for Director, Hospital Survey & Construction Division; Architect; and Field Consultant. Qualifications required include graduation from an accredited college or university with major emphasis in appropriate sciences and experience in public health specialties. Preference will be given those candidates who have college training in advanced sciences of medicine, engineering, etc., and public health experience. Entrance salaries range from \$3000 to \$6000 according to classification.

Application blanks may be obtained from Russell E. Shrader, Merit System Supervisor, Littlefield Building, Austin, Texas.

Boll Weevil Is Cotton Field Low

Although a considerable area in Central Texas experienced record breaking low temperatures in late January we still have boll weevils in many cotton fields waiting for the first squares to develop. The heavy blanket of snow which accompanied the sub-zero temperatures offered excellent protection for many hibernating boll weevils. The boll weevil population in cotton fields at present is quite low but is about the same as for this season last year. Field inspections made by the Texas Agricultural Experiment Station at College Station and by the Bureau of Entomology and Plant Quarantine at Waco show about 50% of the fields infested and an average of 76 weevils per acre. Records for the same date last year showed about the same percentage of fields and an average of 67 weevils per acre. Continued rains during May and June could develop severe infestations in many Texas cotton fields. Fleahopper emergence from hibernation cages at College Station and at Waco has been slightly higher than last year. However, heavy rains during early April has probably reduced the population on native weeds to a considerable extent. Fleahoppers were found in about one-half of the fields inspected last week. Trips damage to spring cotton to date has been slight. Heavy rains in many areas have kept native vegetation growing and blooming and there has been but little movement into cotton fields.

Brighten Your Corner With New Slip Covers For Your Furniture

The time of year doesn't have as much to do with your decision to acquire new slip covers, as the way your living room looks. If it looks shabby, you want gay, new slip covers. Turn home decorator, save money and have fun in the bargain by making them yourself, at your sewing machine. Your first concern in making your own is to see that your sewing machine is in good order. If you don't own one, now is the time to take a look at the many models available at your Singer Sewing Center. You'll find that you can make everything from draperies to rugs, as well as your slip covers, with your sewing machine and its attachments. If you have any qualms about tackling a slipcover project, try a few lessons at your local sewing center where sewing experts can show you the latest tricks and short-cuts. If you want to change your covers with the seasons, you may select materials like the newly rayon, cretonne, semi-glazed or unglazed chintz, poplin or percale. If you want coverings of year-round nature, choose heavier type fabrics like denim, tapestry or upholsterers' sateen. Be sure that your fabric and trimmings are pre-shrunk and sun-faded. There are commercial slipcover patterns available for different types of chairs and sofas. Do a careful, pin-fitting job with the pattern. You may want to make your own muslin pattern to help insure a glove-like fit and cut down the possibility of wasting fabric. The better your pin-fitting job, the more successful the finished results. Cut your pattern so that the up and down lines of your material will follow the up and down lines of the piece you're covering. In placing the seams, follow the original lines of the chair or the original cover of the upholsterer.

Who said so? And why are they the most wonderful tires ever built?

For more than two years these great tires have dominated the automotive scene, written themselves into the design of the newer motor cars, fixed themselves in the enthusiasm of countless thousands of motorists.

What is all this? What's going on? Why should a couple of new tires create such a startling revolution? Why were they followed by a host of imitations—why were they never successfully equalled or duplicated?

Yet here they are—just a couple of nice looking tires. What's inside of them? What do they do that other tires won't do? Why should you prefer them, insist on them, buy them? Why do millions insist on them and buy them?

The answers are very simple

The answer starts with the simple fact that they are the exclusive and original U. S. Royal "Air Ride" tires. They take more air than ever before because there's more air room inside them—yet they ride you and cushion you on less air pressure. That's point number one.

Point number two is that they steer magnificently, easier than former tires, because their treads were especially designed for steering. Their treads are for sure and easy steering as well as safety.

Point number three is that by combining lower air pressure and faultless steering you get a tire that provides complete vehicle control around the turns, in parking maneuvers, on the straight-a-way at any speed—yet they are tires that also ABSORB THE ROAD. They cushion you and your vehicle from every shock and discomfort. They are tires that pave their own highways as they go along.

The difference between them

What's the difference between these two U. S. Royal tires? The difference is quantity. You get a bigger tire in the Royal Master, one with much deeper tread rubber; one whose traction and stopping tread may be renewed by regrooving time and time again. And the U. S. Royal Master costs more because it's a bigger tire with a proportionately greater capacity and span of life. Both tires are the finest net value in the world.

They are not luxury tires. They are not cut-price tires. They are pure value—the greatest value in tire history.

The tires that revolutionized automotive riding and driving

1. The tires that perform with more air and less air pressure
2. The tires that absorb the road they travel on
3. The tires that fully cushion every shock and road strain
4. The tires that radically influenced modern automotive engineering and design
5. The tires that have been copied and imitated but neither equalled or duplicated
6. The only tires of low air pressure with especially designed steering tread
7. The tires without any excess (lazy) rubber—run cooler and, therefore, wear much longer
8. The tires exactly designed to fit your present wheels
9. The tires chosen as original equipment on the finest of the new cars
10. The tires that make old cars feel like new
11. The tires that pay for themselves in pleasure, protection and long wear

These are the tires whose revolutionary qualities and sensational performance established today's highest standards of riding and driving comfort, safety and economy. Sold by U. S. Royal Dealers everywhere at fair and stable prices representing the highest tire value in the world. You may act with complete confidence on these facts today or any day.

Spur High Band Presents Annual Spring Concert

The Spur High School Band, under the direction of Joe Grimland, High School principal, presented its Annual Spring Concert Tuesday evening, May 19.

A variety of music was played by the sixty piece band. Marches played were: "Activity," "Monarch," "Men in Grey," "Hall of Fame," "K," "Legionnaires on Parade," "Chaser March," "Every Man for Himself," "Military Escort," "Star Spangled Polka," "National Honor," "Our Director," "Victory March," and "Alma Mater March." Overtures played were "American Patrol" and "The Lantern Marriage."

The highlight of the evening was the surprise announcement by Mr. Grimland that recordings made of the numbers played by the Spur band at the Regional Band Concert, held recently in Canyon, would be played. The Spur band third division in concert playing and in sight-reading at this concert.

Those attending listened with with appreciative interest and are looking forward to the band's lively music at the coming rodeo.

Achievement Day For 4-H Club Girls

One hundred and fifteen 4-H Club girls and their leaders were present for their Achievement Day meeting held May 16 at the First Christian Church of Spur. Glenn Jones, county chairman of the 4-H adult leaders, presided at the meeting.

An interesting program included a sing-song by the general assembly and a History of 4-H Clubs by Mrs. Murray Lea.

One hundred and twelve entries were made for the exhibit. The judging started promptly at 2:30 with the following results: Winners in the laundry bag exhibit: Earlene Jones, Dickens, Lynn Arthur, Dickens, and Glena Jones, Patton Springs. Dresser exhibit: Lynn Arthur, Dickens, Marion Carlisle, Spur; Connyce Taylor, Dickens. Cookie exhibit: Kathryn Wade, Spur; Delores McKee, Spur; Wanda Pritchett, Dickens. Apron exhibit: Alice Crockett, Spur; Anita Jones, Dickens. Lapel ornament exhibit: Fredella Bell Hawley, Dickens; Lynn Arthur, Dickens. Skirt exhibit: Lynn Arthur, Dickens; Nan Alexander, Spur; Alice Jo Crockett, Spur; Anita Jones, Dickens, and Chloe Young, Patton Springs.

Band Concert Saturday

The Spur High School Band, under the direction of Mr. Joe Grimland, presented a short concert in downtown Spur Saturday afternoon.

Band members were dressed in Rodeo clothes to publicize the Spur Cowboy Jubilee of June 2-3-4. Numbers played were:

Soldier Mound To Rebuild Church Destroyed in Storm

Pastors of Baptist Churches in Dickens county met Sunday afternoon at Dickens for a conference on the re-building of the Soldiers Mound Baptist Church. The church was destroyed last week when a twister struck in the Soldier Mound community, taking one life and injuring 9 others.

Rev. Frank Adams, pastor of the Soldiers Mound Church, definitely stated that the church would be rebuilt. The membership of the church is 50.

In the meeting Sunday all pastors present went on record to aid the church in its rebuilding campaign. Donations by individuals or churches may be sent to Rev. B. C. Stonecipher, Dickens, Texas. Rev. Stonecipher is moderator of the Dickens County Baptist Association. All revenue received will be used for the building fund of the Soldiers Mound Church.

Lions Club News

Yesterday the entire Lions Club membership stepped out onto Burlington with their western regalia in full display. The dipping vat is set up and seems to be serving its purpose in influencing other Spurites to "Go Western."

At the regular Tuesday noon meeting, May 24, 1949, the Lions again agreed to go 100% for Western Week and to support our local rodeo and Jubilee all the way.

Due to the urgent need for clothing for families hit by the recent tornado, much of the old clothing in the community has been collected. For this reason, the Spur Lions have decided to temporarily postpone the planned clothing drive. The drive will be held later however.

Lions Pete Kiser and Ernest McNutt report that plans for the Lions Club Concession at the rodeo grounds are progressing nicely. This year, the Lions will have concessions both at the top of the hill and at the bottom. Members of the club will rotate duty at these stands.

Many of the Spur Lions were in Lubbock last week-end attending the Lions Convention. The

Rotary News

The annual presentation of Rotary Awards to students of Spur High School highlighted the regular Club luncheon on Thursday, May 19.

At the close of each school year a boy and girl from each grade in High School are selected by the student body and instructors on the basis of Scholarship, Service, Leadership and Character, and the winners receive the Rotary Awards.

This year's winners were Manna Fave Smith and Neal A. Chastain, Seniors, Gladys Wade and Clyde Blair, Juniors, Annette Lee and Beryl Durham, Sophomores, Ella Hill and Kenneth Watson, Freshmen.

After the presentations J. H. Taylor introduced Morris Collett, Jr., Margaret Wood and Frances Holloway as award winners in the Fort Worth Press "Save The Soil and Save Texas" contest. These awards will be presented in Amarillo on May 30.

Visitors present were Rotarian Alton B. Chapman of Floydada, John Montgomery, Howard Saunders, Lester Hill, Harry Miller, Clark Forbis, J. B. Montgomery, C. P. Witt, Waldo Havens, Kirby Clayton, A. P. Ofinger, Jim Williams and Lewis Dawkins.

Foster Cook was program chairman.

April Retail Sales Increase

Estimated retail sales for Texas, exceeding \$424 million, increased 1 per cent in April over the preceding month, but declined 1 percent from a year earlier, the University of Texas Bureau Research reported.

Because of a late Easter, nondurable goods store sales rose 7 per cent above March to lead durable goods, which usually dominates Texas retail sales.

Florist's sales in April, with a 28-per-cent gain over March, showed the greatest increase

among nondurable goods stores. Sales of men's and boys' clothing stores climbed 29 per cent; shoe stores, 22 per cent; and family clothing stores, 21 per cent.

Sales of grocery stores without meat and combination stores, rising 5 and 3 per cent, respectively, contributed to the 2-percent hike in the over-all food picture.

Although small gains over March were recorded by jewelry (1 per cent) and furniture and household stores (3 per cent), durable goods store sales declined 5 per cent from the previous month. Sales of lumber and building material dealers fell 10 per cent; farm implements, 9 per cent;

OFFICERS OF NEW NATIONAL CITIZENS GROUP

The newly formed National Citizens Commission for the Public Schools has named the above four officers. From left to right: Roy E. Larsen, Chairman, president of Time & Life; James F. Brownlee, Vice-Chairman, former Deputy Administrator of the OPA; John A. Stevenson, Treasurer, president of Penn Mutual Life Insurance Co.; and Leo Perlis, Secretary, Director of the National CIO Community Services Committee.

Prominent Laymen Form Commission To Help In Public School Crisis

Aroused by the continuing nationwide crisis in the public schools, a group of prominent men and women have formed a National Citizens Commission for the Public Schools which will work for concerted action by citizens in their local communities. It was announced May 16.

The Commission has received initial financial support from the Carnegie Corporation and the General Education Board.

Dr. James B. Conant, President of Harvard University, hailed it as "potentially the most important move for the advancement of public education taken in the last fifty years."

The initial twenty-eight members of the new Commission are: Mrs. Barry Bingham, V.P., Louisville Courier-Journal and Times; Stuart Bradley, Mem. Exec. Bd., Louisiana Education Foundation, New Orleans; James F. Brownlee (Vice-Chm.), Chm. of Business-Education Committee, Committee for Economic Development, Fairfield, Conn.; John Conley, Pres., Minneapolis Star and Tribune; Edward R. Eastman, Pres. & Ed., American Agriculturist, Ithaca, N. Y.; George Gallup, Dir., American Institute of Public Opinion; Mrs. Bruce Gould, Ed., Ladies' Home Journal, Lester B. Granger, Exec. Dir., National Urban League; Ralph A. Hayward, Pres., Natamayo Vegetable Producers Co., Robert Heller, Pres., Robert Heller & Associates, Inc., Cleveland; Palmer Hays, Ed. & Pub., Denver Post; Roy E. Larsen (Chm.), Pres., Time & Life; Mrs. Samuel A. Lewinsohn, Chm. Bd. of Trustees, Public Education Association, N. Y.; Walter Lippman, Washington, D. C.; Robert Lovell, Senior Ed., Reader's Digest; Stanley Marcus, Exec. V.P., Neiman-Marcus Co., Dallas; James G. K. McClure, Pres., Farmers' Federation, Inc., Asheville, N. C.; George Hook Mead, Chm. of Bd., The Mead Corp., Dayton; Mrs. Eugene Meyer, Washington Post; Leo Perlis (Secy.), Nat. Dir., Natl. CIO Community Services Committee, Raymond Rubicam, Scottsdale, Arizona; Boardley Funnell, Chm. of Bd., E. H. May & Co., Inc., N. Y.; Harry Sherman, Pres., Book-of-the-Month Club; Louis B. Selzer, Ed., Cleveland Press; Richard Joyce Smith, partner, Whitman, Ransom, Coulson & Goss, N. Y.; John A. Stevenson (Treas.), Pres., Penn Mutual Life Ins. Co., Philadelphia; Charles Allen Thomas, Exec. V.P., Monsanto Chemical Co., St. Louis; Judge Charles E. Wyzanski, Jr., U. S. District Judge for Mass.

The Commission is composed exclusively of laymen, many of them outstanding in business, labor, law and publishing. Its twenty-eight initial members are convinced that because of the problems of the times, public schools have never before been so important to the nation.

The Commission is the first organization of its kind established in this century to devote itself to the public schools. It plans to act as a clearing house of information on public school problems for local groups, and to cite outstanding examples of community action for the improvement of public schools.

Professional educators, many conscientious school boards, the Parent-Teacher Associations, and other groups are working hard for better public schools. Roy E. Larsen, president of Time & Life and chairman of the group, said, "But the problems of public education are so broad that they concern all of us, and it is time for all of us to understand and do something about them."

Headquarters of the Commission will be at 2 West 45th Street, New York City. When the group is fully expanded it will have sixty members.

and motor vehicles, 6 per cent.

Over the April-to-April span wider fluctuations were registered by Texas retailers. Sales of motor vehicle dealers went up 19 per cent; and automotive stores, 14 per cent; while building material, lumber, and hardware sales slipped 25 per cent; jewelry, 17 per cent; and furniture stores, 15 per cent.

Retail sales of nondurable goods remained almost unchanged from a year earlier, with florist's sales jumping 42 per cent over the 1-month period. Next closest gains showed shoe stores rising 23 per cent, and women's special-

ty shops, 11 per cent. Filling station sales dropped 16 per cent in April below April 1948 to show the deepest decline, being followed by country general stores down 6 per cent, and men's and boys' clothing stores, both down 6 per cent.

SCOUT TROOP II NEWS

(Held over from last week) In the Girl Scout meeting of Troop II Wednesday 11th, Dixie Carol Young taught a song, Carol Carpenter taught a game. Several badges were passed. Those present were Sandra Wat-

son, Merla Bea Foreman, Margaret Pierce, Helen Dean Bingham and Gwendolyn Ford, Jane Ann Albin, Jean Boothe, Gail Love, Billie Sue Gregory, Sue King, Dixie Carol Young, Lenora Wilson, Gail Buzbee, Gwen Ford, took pictures of the Scouts, the leaders, and the Girl Scout house. Reporter.

DEER TAKE AIRPORT

Joseph, Ore.—Whenever an airplane starts to land on the municipal airport, a man on horseback dashes out to chase away the deer which dote on the tender shoots of newly-planted grass

on the field. They have become so accustomed to the planes they ignore them. The horseman has chased as many as 33 deer from the field in one day.

A preacher, whose congregation regularly spurned seats in the front of the church was surprised to see one man, a stranger, in the very first row. After the sermon, the pastor asked the man why he

sat down in front. The man replied that, being a bus driver, he wanted to find out how the preacher got people to move to the rear.—Spoke, U. S. S. Spokane.

"25,000 Miles of the most economical service ever, from our 145-h.p. Ford BIG JOB!"

Ford Model F-7 BIG JOB shown has Gross Combination Weight rating of 25,000 lbs. as a tractor. Gross Vehicle Weight rating of 19,000 lbs.

"WE PURCHASED our Ford F-7 BIG JOB in January and have had it in our service consistently ever since," reports Jack E. Huffines, Secretary and Treasurer of Urban Butane Service, Inc. "We have received 25,000 miles of the most economical service we have ever had out of any truck. Our service and maintenance cost has been practically nothing."

Mr. Huffines is but one of many Ford BIG JOB enthusiasts who has taken the time to write about the remarkable performance of the Ford F-7 and F-8. Thousands of others are profiting from gas economy unusual in the big truck field... from an ability to carry gross loads of 50,000 lbs. and more on tandem-axle semi's... from power that makes the BIG JOB the king of the hills. Come in and get the facts on any one of over 139 Ford Bonus Built Truck models for '49, built extra strong to last longer.

Entered as second class mail matter on the 12th day of November, 1909, at the Post Office at Spur, Texas, under the Act of Congress of March 3, 1879, and published continuously without recess.

Editorial Saying

LET'S SWIM SAFELY

The swimming season will soon be upon us and newspapers, in the summer months, will carry the stories of hundreds of swimmers who enjoyed their last swim.

Swimming appeals to nearly every person. It is a sport which deserves its popularity but, just the same, it can be dangerous. No one can tell when peril is near and the water is no place in which to take chances.

Swimmers should be careful if they want to live. The idea that "it can't happen to me" is no protection against cramp that drowns the strongest men. It does not protect the occupants of overturned boats who cannot swim a stroke. It gives no strength to the fool-hardy swimmer who weakens himself, or herself, by prolonged and solitary expeditions into too deep water.

THE SUREST WAY—

It might be appropriate, at this time of the year, when many young people of Dickens County are finishing their high school educations, to suggest to them that most of the people in the world who amount to anything work hard for what they acquire.

Too often, the youthful mind is impressed with the easy accumulation of a fortune by some exceptional figure that looms in the public consciousness, little realizing that such a career is the great exception among the mass of hard workers who get to the top by sheer diligence and persistence, rather than through some streak of luck or opportunity.

More and more, there is abroad in the world a conviction that individuals who do not earn what they have are not entitled to their possessions. The thought is not so far wrong.

If every youngster who begins a business life the next ten years gets thoroughly imbued with the idea of giving value for money or rewards received, the business world will not have to worry too much about the next depression and the chances are that the people of the coming generation will find life a happier proposition.

WORLD TRADE DEPENDS ON DOLLARS

What is called a "profound change" from the pre-war situation is the dependence of Europe upon dollars to finance purchases from overseas countries other than the United States.

According to the United Nations Economic Commission for Europe, more than one-third of Europe's total dollar deficit in 1948 arose with countries other than the United States. In brief, the European countries need dollars, not only to purchase goods in this country, but to buy goods from other overseas markets which means that the so-called dollar shortage is a worldwide phenomenon.

The Commission finds that the solution of the dollar problem will depend, in part on the policies pursued by this country. Moreover, without some assurance that there will be dollars available, the nations are not prepared to undertake currency convertibility and will have to closely watch their annual allotment of dollars.

The United States is in a position where reduced exports would place a strain upon agricultural industries and on other industries that have developed a surplus capacity under the stimulus of war and aid programs. Consequently, if these industries are to retain markets in other countries, there must be increased imports into the United States but this will meet with considerable resistance from American producers.

It is interesting to note that the Commission reports that only four European products, manufactures, linen, woven goods, leather gloves, and watches, possessed more than ten per cent of the total market in this country. An analysis of fifty five commodities, important in European exports, shows that they average only 6 per cent of the American market.

While there is no easy solution to the problem, the international situation is plain. If the United States expects to sell its goods to other countries, it must develop a willingness to provide a market, in this country, for some of the products of other countries. The exchange of goods, which promotes international commerce, cannot otherwise be effected unless the United States is willing to extend loans to the purchasing countries for an indefinite period.

AVERAGE AMERICAN NOT DUMB

The size of the national debt should be of concern to every American because it averages about \$1700 for every inhabitant in this country.

Fiscal and financial experts are almost united in declaring that the national debt might lead to punitive taxation which will "smother industry and individual enterprise." Unfortunately, these so-called "experts" never raise their voices when politicians vote to reduce taxes, instead of paying a part of the national indebtedness.

The average American is not as dumb as the "experts" believe. Either the debt is a national menace and should be gradually reduced, or it is nothing to stand in the way of further increase in the spending of the national government. Whichever way the "experts" decide, they should stick to their conclusion, even when Congress debates the possibility of reducing taxes on corporations and individuals.

CARIBBEAN ROCKET RANGE

With legislation authorizing a long-range proving ground for guided missiles and some \$75,000,000 available, the armed forces are working on the establishment of a rocket-testing range out across the Caribbean.

The Banana River Air Force Base, on the East Coast of Florida, will be the launching site. Negotiations are underway with the British to construct technical observations in the Bahamas, along the route of the rockets. It is expected that the first five hundred miles of the range will be in operation in about two years but smaller missiles may be tried before that time. By aiming in a southeasterly direction, the range can be extended to 5,000 miles, if necessary.

The news reminds us that war-making moves along and that the nations of the earth are vitally interested in the progressive development of rockets and guided-missiles. The United States must keep up with its experiments so that no other nation will be ahead of us if the time comes when certain devices must be used in war.

Plan U. S. Bond Drive Promotion

Firing the opening salvo for the forthcoming U. S. Savings Bond Opportunity Drive are government and industry officials who will direct the promotional activity. They are (left to right): Louis J. Carow, director of promotion and publicity, U. S. Savings Bonds Division, Treasury Department, Washington, D. C.; R. M. Buzard, assistant manager, motor truck sales, International Harvester Co., Chicago; N. A. Rowe, Fruehauf Trailer Co., Chicago; Charles C. Canny, Kemmer-Keller, Inc., Detroit; William McDonald, and Mrs. R. V. Oulahan, both of the Treasury Department, Washington, D. C.; and M. F. Peckels, manager, consumer relations department, International Harvester Co., Chicago.

Texas Dries Lead In State Belden Poll Reveals

By Joe Belden Director, The Texas Poll

(Held over from last week) AUSTIN, Texas, May 19—For the first time since the days of prohibition, Texas dries appear to have taken the lead from the wets in their fight for public support.

The battle is being won among the women. More women are being convinced that prohibition would be a good thing, while the division of opinion among men seems to be fairly stable. For the fourth time since the 1935 repeal election, The Texas Poll recently posed this query in its statewide survey: "If the question of prohibiting the sale of liquor in Texas came on again, would you vote wet or dry?"

Division of opinion among qualified voters is charted below:

Table with 2 columns: Year/Election and Percentage. 1935 Election: 46% 54%; 1940 Poll: 47% 53%; 1942 Poll: 49% 51%; 1946 Poll: 49% 51%; 1949 Poll: 56% 44%

The Poll's percentage above are based on only voters who gave opinions. In the latest survey, as in 1946, six per cent of the qualified voters were undecided.

The Poll indicates that if all adults were qualified to vote, the dries today would have a slightly better advantage.

Eligible All Voters Adults

Vote dry 53% 55% Vote wet 41% 41% Undecided 6% 4%

The dries do not show up as well among voters as among all adults because less women than men are qualified to vote in Texas. Of all the women who gave opinions, 70 per cent said they would now vote for statewide prohibition. Since 1946, this is a gain of 7 percentage points for the dries among women. By way of comparison, men with opinions voted 57 per cent and 56 per cent against prohibition in the 1946 and 1949 polls, respectively.

About 60 per cent of the Texas population lives in districts where liquor may be legally sold. Analysis of the latest poll shows that 46 per cent of those with opinions in the west areas say they would vote for statewide prohibition; in the dry areas, 73 per cent.

A local option bill to permit sale of liquor by the drink was suggested in Houston several months ago, but spokesmen for the liquor industry in Austin were quick to disclaim the movement.

Spur Girl Receives Honors At T. U.

(Held over from last week) AUSTIN, Texas, May 19—Jane Brannen of Spur, a junior home economics student at The University of Texas, has been elected to Mortar Board, national honorary society for senior women of American universities. Miss Brannen, who was chosen by members' unanimous vote for her service, scholarship, and leadership, is the daughter of Dr. and Mrs. M. H. Brannen, 814 North Trumbull, Spur.

She is an upperclass advisor at Littlefield Dormitory and is a member of YMCA; University of Texas Sports Association; Campus League of Women Voters; Omicron Nu, home economics honorary society, and Orange Jackets, honorary service organization.

Jimmie Byrd Has 11.9 Roping Time In First Meet Sat.

(Held over from last week) Jimmie Byrd of Post rode off with the best time in the season's first roping match held Saturday night at the Spur Roping Club Arena at 8 o'clock. Byrd's time to give him first place was 11.9 seconds. Second best time of 16.9 was by Glenn Smith, and third best time in the first jack-pot roping event was 17.7 by John Moore. Winners in the second jack-pot event were: 1st, Buck Thompson, 17.2; Theford Fry, 21; Glenn Smith, 28. Winners in the Ribbon roping were Gera! Fincher, 12.5; Olney Walker, 12.8 and John Moore, 15.4.

U.N. Sponsors Holy Land Peace Talk

In what may be one of the last steps toward a permanent settlement of the Holy Land conflict, the United Nations Conciliation Commission for Palestine, in Lausanne, Switzerland, is now sponsoring Arab-Israeli exploratory talks on the terms of a final peace. Here, the Commission's Principal Secretary, Pablo de Azavedo, discusses the day's order of business with Chairman Mark E. Kridger of the United States, and the Turkish Representative H. C. Yalcin.

Sunday School Lesson

IN GETHESEMANE International Sunday School Lesson for May 29, 1949

MEMORY SELECTION: "Watch and pray that you may not enter into temptation; the spirit indeed is willing but the flesh is weak." —Mark 14: 38.

Lesson Text: Mark 14: 32-42

Following the supper in the Upper Room, Jesus and the eleven disciples walked from the house in which they had eaten to the Mount of Olives. The narrow Kidron Valley winds around the eastern side of Jerusalem, and across it is the Mount of Olives on whose slope lay Gethsemane, which means oil press. The place had olive trees and an oil press and John describes it as a garden.

Peter remembers one pathetic incident which occurred during the long walk. Jesus was telling the disciples that they would all be "offended" because of him and that they would be scattered. Peter quickly spoke up and declared that, even if all the rest were "offended," he would never be. Jesus told him that, before the cock crew that very night, Peter would deny three times that he had even known him. This horrified Peter and he vehemently replied, "If I were to die with thee, I would not deny thee." And likewise declared all the others.

To this Jesus did not reply. He knew what would happen but he was in no mood for further consolation. As Dr. J. Paterson-Smith declares: "An awful oppression of soul came upon him. He had borne up for a long time. He can bear it no longer. There is a terrible conflict before him and his instinctive craving is on him for solitude and prayer. And how it touches one's heart—that natural human desire for some friendly heart near him! 'I must go yonder and pray. But don't be very far from me. Keep near me, you three, and watch with me.'"

Leaving the eight at the gate of the garden he took Peter, James and John a little farther with him and, with the request that they "watch and pray," he hurried forward about a stone's throw from them into the shadows. There he prayed to his heavenly Father and asked that, if it were possible, this cup might pass from him. Then he added, "How be it, not what I will, but what thou wilt."

Francis E. Clark reminds us: "Here is an amazing fact! The petition of Jesus at this supreme moment was not granted. The cup did not pass from him. He drank it to the dregs. What a 'fool of light' does this throw upon the whole subject of prayer! Jesus was denied his petition, for if it had been granted and the cup of suffering—not only suffering on the cross, but the deeper agony he was enduring for the sins of the world—had passed from him, the religion of the cross could not have been established. Doubt and heathenism would still be triumphant and the glories of centuries of Christianity would be unwritten."

"Yet his prayer was answered, for his Father's will was done, and that, for as much our prayer. They can never be unanswered, if offered in Jesus' way and with Jesus' spirit."

George H. Knight says: "I see that Jesus conquered his temptation in the garden by meeting it with prayer. The disciples succumbed to their temptation because they met it without prayer. In a temptation to rebellion against the Father's will, the Lord's resource was prayer. In a temptation to cowardice, that resource

ought to have been theirs. Prayer would have made them conquerors, as it made him and therefore when temptation of any kind comes to me, I will listen to my Master's voice, "Why sleepest thou? Rise and pray." No temptation to any Christ-dishonoring act would ever overpower me if it did not find me powerless through sleep of soul. If my conscience is asleep, if my love is asleep, if my godly fear is asleep, I fall an easy prey."

The three disciples who followed Jesus in the Garden were the three who had been more privileged than the rest in being with him on great occasions and one of them was Peter, who just short time before was loudest in his protestations of willingness to die with him. They were good men, who loved Jesus sincerely, and they knew their Master was in great trouble but they fell asleep. Let us not judge them too harshly, however. Had we been there, would it have been different with us? Jesus' purposes and ideals are on trial in the world today. How are we, as professing Christians, acting? Are we, like the disciples, asleep when he needs us most?

Cotton Trading Active Past Week

(Held over from last week) Cotton trading moved at a fairly active pace last week in Texas spot markets as export inquiries increased, reports the Production and Marketing Administration, U. S. Department of Agriculture. Qualities most in demand were Low Middling White cotton ranging in staple lengths 13-16 inch through one inch to apply on sales to Japan. European countries wanted mostly Strict Low Middling through Strict Middling White cotton ranging in staple lengths 31-32 inch through 1-1-16 inch.

Cotton exports for March jumped to 577,000 bales, the largest monthly shipment in more than a decade. Recent ECA purchase authorizations for American raw cotton totaled 70 million dollars involv-

ing more than 400,000 bales for second quarter shipments. Domestic mill interest remained quiet, although some inquiries were made for prompt shipments in small lots.

Except for a dip of one dollar per bale on Thursday, cotton prices held about steady this week, closing Friday at Monday's level at Dallas and Galveston but down 50 cents at Houston. Prices at these markets on the corresponding Friday last year stood around \$23 to \$27 per bale higher.

Farmers sold their equities in cotton placed in USDA's loan program rather freely last week at \$5 to \$7 per bale.

HAS SON JAILED

Toronto. — George Robb and his son, Kenneth, 24, arrested on a charge of stealing the family car. The court sentenced the young man to three months in jail on the charge. The father, present in court, said, "Sorry."

Practical

The practical man of the neighborhood, when laying out plans for his vegetable and flower gardens, always allots a third of the area to weeds. In this way he's not surprised when he sees them. —Christian Science Monitor.

Mayonnaise SUGGESTS

So you think there's nothing new under the sun in Mayonnaise. Well, we will bet you haven't pulled a pan of Mayonnaise Pastry Crisps out of your oven yet. If we lose, then you already knew that mayonnaise pastry is just plain delicious. If you haven't tried it yet, make up a pan of golden colored Cookie Crisps today and serve with a colorful summer fruit salad made of apples, oranges and bananas. See how right real mayonnaise is as a flavor shortening for short and baby pastry.

Another time, add a little grated cheese to mayonnaise pastry and roll out to fit pie plate. Bake. Fill with any sweetened fresh fruit and there you have pie at its very best. This recipe for Mayonnaise Pastry Crisps, originally in the Best Foods' consumer literature, will also make two pie shells.

Mayonnaise Pastry Crisps
2 cups sifted flour 3 tablespoons
1/2 teaspoon salt water
1 cup real mayonnaise

Sift flour and salt into mixing bowl. In real mayonnaise with pastry blender or two knives until crumbs are formed. Add water and stir with a spoon to form ball of soft dough. Roll out to 1/4 inch thickness and cut with a scalloped cookie cutter. For a novelty, cut out center and bake, replacing center before serving. Place on cookie sheet and bake in hot oven (400° F.) for 10 minutes. Yield: approximately 20 pieces.

Society-Club News

Mrs. Wright Hostess To Exchange Club

(Held over from last week)

Mrs. James Wright was hostess to the Exchange Club May 11, at three o'clock in the afternoon. The receiving rooms were gay with a profusion of red roses, the club flower.

President Mrs. David McAteer presided during the business meeting where three new members were elected. Members answered roll call with a self composed poem and those present had to guess who their pals were from the description revealed in the poem. Another interesting feature of the afternoon's program was a vocabulary test conducted by the hostess.

At the close of the program hour there was an exchange of gifts. Delicious refreshments of sandwiches, pecan pie topped with ice cream, tuxes and cokes were served to the following members, Mesdames Bertha Carlisle, Vasta Jones, Velma Watson, Margaret Smith, Aletha Fox, Georgia Mae McAteer, Era Green, Georgia Barrett, Janie Cash, Dessie Mae Carlisle, Edna Allen, Ellen Sharp, Virgie Dunwoody, and the hostess Mrs. Wright.

Next meeting will be held with Mrs. Dessie Mae Carlisle May 25th.

FIVE POLIO PRECAUTIONS ARE LISTED FOR PARENTS

Warning that the 1949 polio season is "just around the corner," the National Foundation for Infantile Paralysis today issued a list of precautionary measures to be observed by those in charge of children which usually runs as follows:

1. Avoid crowds and places where close contact with other persons is likely.
2. Avoid over-fatigue caused by active play or exercise, or irregular hours.
3. Avoid swimming in polluted water. Use only beaches or public pools declared safe by local health authorities.
4. Avoid sudden chilling. Remove wet shoes and clothing at once and keep extra blankets and heavier clothing handy for sudden weather changes.
5. Observe the golden rule of personal cleanliness. Keep food

tightly covered and safe from flies or other insects. Garbage should be tightly covered and, if other disposal facilities are lacking, it should be buried or burned.

The National Foundation also listed the following symptoms of infantile paralysis: headache, nausea or upset stomach, muscle soreness or stiffness, and unexplained fever. Should polio strike in your family, call a doctor immediately. Early diagnosis and prompt treatment by qualified medical personnel often prevent serious crippling. The National Foundation pointed out:

The organization emphasized that fear and anxiety should be held to a minimum. A calm, confident attitude is conducive to health and recovery. Parents, it said, should remember that of all those stricken, 50 per cent or more recover completely, while another 25 per cent are left with only slight after effects.

If polio is actually diagnosed, contact the chapter of the National Foundation for Infantile Paralysis serving your community. The chapter will pay that part of the cost of care and treatment which patient or family cannot meet.

COMPLETE TRAINING 1933 Study Club Hold Annual Party

Pfc. Vaughn, Jr., son of Rev. and Mrs. Lee Vaughn, Spur, recently completed his basic training course of thirteen weeks with the Army Air Forces at Sheppard, Wichita Falls. Pfc. Vaughn is assigned to the 37664th Squadron, Flight 297, the honored flight at Sheppard base.

Pfc. Vaughn is on a 10-day furlough with his family in Spur. Upon the completion of his furlough, Pfc. Vaughn will be transferred to Kessler Field where he will be enrolled in a radio school for several months.

The traditional annual luncheon of the 1933 Study Club was held in the home of Mrs. Gabriel at 601 N. Trumbull, Tuesday, May 3rd.

Receiving rooms were profusely decorated with pink and red roses. The serving table laid with a cut-work cloth centered with candles and red carnations in a crystal bowl was especially attractive.

Mrs. Ballard Is Hostess To Dry Lake HD Club, May 12

Mrs. Buck Ballard was hostess to the Dry Lake H. H. Club Wednesday, May 12.

Mrs. Jewel Robinson gave a most instructive demonstration on cakes, icings and fillings. She said "when using all purpose flour beat just enough to mix well, do your creaming before adding the flour."

Twelve members were present. Mrs. Paul Hotcho was the lucky lady for the afternoon, winning both the club prize and also the game prize.

The next meeting is to be held in the home of Jack Gordin Wednesday, May 25th.

ANNOUNCEMENT

Having been unable to properly care for an increased practice, I am happy to announce the association of

DR. BILL WHEELER
of
San Antonio, Texas
with me in practice.

Dr. Wheeler will keep my office while I am on Vacation from June 5 until June 19

Dr. O. R. CLOUDE, D. C.
Spur, Texas

were guests of the 1933 Club at this time.

At the twelve o'clock hour guests and members were invited into the dining room where they did full justice to the delicious meal of fried chicken, buttered potatoes, green beans, vegetable and congealed salad, hot rolls, ice tea, ce cream and cake.

President Mrs. C. H. McCully presided during the business meeting and election of officers.

Roll call was answered with thoughts pertaining to the year book for the new club year.

New officers elected for 1949-50 are as following Mrs. V. C. Smart Jr., president; Mrs. Grady Lackey, 1st vice president; Mrs. R. L. Walker 2nd vice president; Mrs. J. W. Carlisle, Recording secretary; Mrs. Coy McMathan, corresponding secretary; Mrs. W. F. Gilbert, treasurer; Mrs. Hunter Wilson, reporter; Mrs. Everett

Is this you again this Summer?

Sweltering in a stifling house?
Trying to sleep in a breathless room?

Never again if you own...

When you gotta stop - you wanta stop!

"I can stop on a dime," the salesman promised you, "—and leave nine cents change!"

And your Buick did—when it was new and brake linings unworn and everything factory-tight and fresh.

But brake linings wear—lights grow dim with time—tires can lose their bite and traction.

And with a whole summer's driving ahead, what better time than this to bring your Buick back to new-car peak in all those details that mean so much to safety?

Our men, trained in Buick ways, will give you brakes that stop you as Buicks should, with new brake linings that are right in size and brake drums turned to perfect round.

They can replace sealed-beam headlights to give you new-bulb brilliance—and while they're at it, check battery, voltage, wiring and headlamp-aim to boot.

They'll check tires, switch them as needed, look into wheel alignment for easy steering.

In a word, they'll renew your Buick with the same care and interest they would lavish on their own—and do it at no greater cost than for just ordinary service.

So drop in. Get set for some summer fun that's up to lively Buick standard.

Check your car—
Check accidents!

These guarantee and safety organizations across the country are offering car-owners everywhere the much as safety-checking club can.

They list ten vital question marks for you to think about—How are your brakes? Lights? Tires? Steering? Wheel alignment? Defective glass? Rear-view mirror? Muffler? Windshield wipers? Horn?

To save your family rides in safety—ask your Buick service man to look over these check-points for you—and get the great ideas for driving safety!

Buick care keeps Buicks best

Save \$30. PER BALE
IN COTTON HARVESTING COSTS

with a JOHN DEERE TWO-ROW COTTON HARVESTER

The easiest way to boost your cotton-growing profits is to use a John Deere No. 15 Two-Row Cotton Harvester. Based on 1947 labor cost, it saves \$30 or more per bale over hand pulling... does an excellent job in any crop that's suitable for mechanical stripping.

Handling two forty-inch rows at a time, the No. 15 does a clean, efficient once-over job of saving bolls. Its work is considered by many gin operators superior to cotton stripped by the average hand puller.

With the John Deere, you, too, can make short work of your harvest... get all your cotton to the gin before bad weather causes crop losses. For details, see us the next time you're in town.
