## Whoa, Now!

By Gandy Leasing

Tigers are on every menu in Spur for this week end — Slaton Tigers, that is.

They're doing a lot of talking over that way about this youngster named Jerry Reynolds. But we've got a few around here that we wouldn't trade for two Reynolds.

Such boys as Curtis Blair, Chester Lindsey, Ralph Gibson, Tommy Hightower, etc. It isn't every team that has that kind of football ability and leadership.

And another jump and a half the Spur Bulldogs have over most teams — that's Sam Hawkes. We often wonder why our school can't afford a larger coaching staff and unquestionably he and Coach Billy Hahn could use some help, but you'll look a long time before you'll find another man who can more capable coach our young men both in football and life itself.

We have been served notice by friends from Floydada that these Slaton Tigers are plenty tough — that they beat the Whirlwinds last Friday night in every way but score.

We'll still pick our Bulldogs to come out at least one touchdown to the good, probably about:

Spur 19, Slaton 14

Recent happenings around here have caused us to wonder just how and why a lie detector is used and why its findings are not admissible in a single court throughout our land.

We have found that most modern lie detectors are made up of from two to five instruments which record the blood pressure, the heart beat etc. It has been reported by the fellow that designed the contraption that the machine is not fool proof and that it is reliable only about 75% of the time.

He goes on to explain that there are some dozen or more circumstances or personalities that may cause the machine to err.

When properly used, we can readily see how such an instrument could be beneficially used in crime detection. . . but at the same time we can see why the indications of such a machine cannot be considered infallible and why our courts will not accept such evidence.

However, we don't think it would be wise to make the gadget a household appliance — some seem to place more faith in them than others, and we don't know exactly how June feels about them.

## Chamber of Commerce Does . . . ALTERNATIVE ROUTE FOR HIWAY TO SOUTH INDICATED BY FORMBY

Highways seem to be a regular topic in our weekly column, but we feel that the information as we receive it is of interest and importance to the citizens.

We all know that the road to Calgary is all set up and the work will be done in the next three to five years. Dickens county has been told that they can add on to the end of the FM 261 to the northeast corner of Bill McArthur's place. They will not be able to go any further, however, until the bridge across White River is located.

While talking to Marshall Formby last week in Plainview, we were told that the three routes they have surveyed are as follows:

Route A goes from Justice Store south to Clairmont;

Route B goes from Twin Wells south to intersect U. S. 380 west of Clairmont approximately seven miles;

Route C goes from the end of 261 south to intersect U. S. 380 approximately 10 miles west of Clairmont.

Marshall told us that he would be in Austin this month to confer with the other two members of the Highway Commission in regard to the roads coming up this year.

Have you been by the Air Port in the last few days?

The City has really been working to get the traffic that will be getting. The Phillips 66 Wind Sock has been erected on top of the hanger and sure does show up. The Wind T has been recovered and mounted on roller bearings where it will turn in all directions according to the wind.

The runways have been graded where planes can land without too much danger of having a crash.

All the debris that was left after the hanger burned has been removed and the hole that was left after removing the storage tank has been filled. All the weeds have been mowed and

## Former Spur Boy Has Unusual Night

Willis Mayo, son-in-law of Mr. and Mrs. Delbert Bailey of Spur, had an unusual experience while working as an attendant at the Kimberlin Auto Supply Station in Houston last week.

At 8:30 p. m. a "3-D" hi-jacker with dark glasses and a black mask, accompanied by a second man with a mask but not glasses kidnapped him.

In a reversal of usual hold-up tactics, the bandits drove several blocks, then one walked to the service station and took \$50 from the cash register.

Later, Mayo says, the kidnapers took him to the railroad tracks, showed him a gun and told him to "get or we'll shoot."

An hour after the holdup was reported, officers had arrested two Negroes on suspicion and Mayo later positively identified them as the men who kidnapped him.

will be burned as soon as they are dry enough.

We know that all of you who drive an automobile have noticed that the City has been doing a good job of spot graveling our dirt streets. Some of the holes that have been in the street for the last few years have been filled and graded.

Let the City folks know that we appreciate all these things. All the firemen have noticed that the City has cleaned and raised several fireplugs to make them more convenient for the firemen. They also appreciate the new paint around the curbs to remind people not to park too close to the plugs. All these things help the firemen in doing a better job on fires.

Halloween night falls on Saturday this year and the school will have their Halloween Carnival at that time. The street between Garner Appliance and the City Hall will be roped off starting at 3 o'clock Saturday afternoon.

We have five men in Spur with the Texas Insurance Commission, who are inspecting the buildings in our town to see if our insurance rate is too low or too high.

This is the first time in 14 years we have had an Insurance Commission in Spur to give us a going over. We hope they find everything in our favor.

If you see a man with a bunch of maps, steel tape, no hat on, he is one of the five measuring, mapping and trying to find out what classification the building comes under.

The principal points out that the grade "A" represents very superior work, ranging from 83 to 100 per cent. The grade of "B" represents above average work, ranging from 83 to 92 per cent.

## Local Legion Helps In Hospital Project

The American Legion Units of Texas are building a nursing home for the M. D. Anderson Cancer Foundation in Houston. Beginning in 1950 the units have raised \$30000 of the needed \$500000.

The Williams-Puckett Post 161 has always helped in this project and this year they have been asked to help again. Monday night a turkey dinner was served at the Legion. Out to more than 100 guests. The Auxiliary will send \$50 to the foundation, bringing the total for the local post to \$160.40.

This hospital is for Texas and serves all people who are referred by their physicians. Ninety per cent of the work done by the hospital is charity. In addition there will be facilities for pay patients in the new building.

"How did your brother die?" "He fell through some scaffolding."

"What was he doing?" "They were hanging him."

## Spur To Open District vs Slaton

### McLaughlin Speaks To Rotary Club

A very interesting program was presented to the Rotary Club Thursday when Spencer Campbell introduced the guest speaker, Ed McLaughlin, of Dallas. Mr. McLaughlin gave a review of the Rotary International which met in Paris this year and also gave a very vivid description of the conditions of several foreign countries. This is the 19th Rotary International Convention that Mr. and Mrs. McLaughlin have attended.

The invocation was given by Rex Holder and the singing was led by Fike Godfrey.

### State Farm Bureau In Cotton Acreage Boosting Efforts

WACO—Oct. 22—The Texas Farm Bureau Federation is taking the issue of reduced cotton acreage directly to the farmers in an effort to obtain an increased allotment next year. President J. Walter Hammond said today.

Pointing out that the allotted acreage for 1954 will mean a drastic reduction in producers' income, the state farm leader announced that special meetings have been called to discuss the situation. The sessions will be held October 26-27 in all cities in the state.

The 1954 cotton allotment of 7,394,000 acres for Texas represents about a 40 per cent reduction from the 1952-53 planted acreage, and will mean a decrease of some \$350 million for Texas producers, based on average yields and present prices.

Stressing the seriousness of the acreage reduction, Hammond stated, "There are about 150,000 cotton farmers in the state. If 40 per cent of their income from cotton is taken away, the result will be disastrous, not only for agriculture, but also for the rest of the economy. Farmers have experienced a drop in income for the past two years, and they can ill afford such a sharp decline now."

The state Farm Bureau is advocating the compromise plan of the American Farm Bureau Federation which would raise the Texas allotment to 8,939,600 acres, an increase of 1,545,600. This would amount to a saving of about \$100 million for Texas producers, based on an average yield of 300 pounds per acre at a price of \$150 per bale.

The Farm Bureau has taken the position that such a drastic reduction in cotton acreage at this time would seriously affect the whole agricultural picture. The farm organization favors spreading the reduction over a two-year period.

County Farm Bureau officials and cotton producers in all 13 of the state Farm Bureau districts are invited to the special meetings. The county leaders will be informed by state directors from each district of the probable effects of the announced acreage reduction. The county officials will then be able to take the issue back to the farmers in their respective counties.

President Hammond emphasized that this action will in no way circumvent the regular Farm Bureau desolutions process. He stated that the state board of directors, after carefully analyzing the reduction situation, decided to take the issue directly to the farmers before the individual allotments are informed by the U. S. Department of Agriculture of his own allotment before the referendum is held December 15.

Farmers will be able to make their opinions known through the county Farm Bureau resolutions. These resolutions will be voted upon by delegates to the 24th annual state convention to be held November 9-11 in Mineral Wells.

### Annual Carnival Set For Halloween Nite

The annual Spur schools Halloween carnival will be held in downtown Spur the night of Saturday, Oct. 31.

Burlington Avenue will be roped off beginning at 3 p. m. so that the block from the City Hall to Spur Auto Company will be cleared of automobiles by carnival time.

All grades and classes of the schools will participate in the annual affair.

The junior high classes will have the throw-at-the-milk-bottle game and the hit-the-nigger game. Also, they will have the dart board game, the pop corn concession and will elect a king and queen.

The freshman class will sponsor the annual beauty contest. Sophomores will be in charge of the bean guessing contest and the basketball pitch.

The food concession will be sponsored by the juniors and the seniors will have a hay ride.

All high school classes will be represented in the king and queen contest, with the royalty being elected by votes at one cent each.

### Rotary To Host Dist Gov Thursday

The Rotary Club of Spur will host Wednesday and Thursday (Oct. 28-29) to Herschel Coffee, Governor of the 13rd District of Rotary International, who is making his annual official visit to each of the 377 Rotary Clubs in Northwest Texas.

The district governor will confer in assembly Wednesday night with officers and members of the Spur club, and will address the regular meeting of the group Thursday.

### BULLDOGS HOLD OFF PIPERS TO TAKE 20-19 WIN LAST FRIDAY

With five consecutive wins behind them in non-district games, the powerful Spur Bulldogs will journey over to Slaton to open their bid for the 5-AA crown. The Tigers of Slaton bowed to Floydada last Friday night in their first district game.

Last Friday night Hamlin was No. 5 for the local boys in a 20-19 thriller.

The Bulldogs started the scoring off just three minutes into the halfgame with Quarterback Curtis Blair scooted across on a keeper play. Tommy Hightower and Boyce Rankin were instrumental also in the TD drive. Point was kicked by George McAteer.

A recovered fumble on their own doorstep set up the next Spur score as Blair followed up with an 80-yard scamper. Again McAteer converted.

Hamlin drew blood in the second period when James Boyd took a handoff from W. H. Hallmark for a 25-yard scamper. The try for extra point failed.

Shortly following, Spur's Hightower drove 20 yards for TD No. 3. McAteer missed the extra point.

Just before half time the Pied Pipers scored again on a pass and run play. James Eddy Ray scored the TD and then ran the extra point over. Half time score was Spur 20, Hamlin 13.

The final score of the night came in the third quarter with Hamlin sparking a 48 yard

**Announcement Tea Honors Miss Rhine**

A fall theme was carried out in the decorations when a twilight tea was given in the home of Mrs. O. M. McGinty Thursday, October 15, announcing the engagement of Miss Wanda Rhine to Clyde Bearden. Co-hostesses were Mrs. J. B. Johnston, Mrs. Oscar Kelley, Mrs. George Stanford, Miss Jean Galoway and Miss Rena Noack. The serving table was laid with a yellow and green cloth and a horn of plenty filled with fruits, leaves and nuts formed the center piece. The date of the wedding, which will take place at the First Baptist Church here November 23, was announced on leaves which served as place cards. The bride-elect is the daughter of Mr. and Mrs. L. G. Rhine of Lockney and the prospective groom is the son of Mrs. Ruby Bearden of Snyder. Both of the mothers attended the tea.

**Clovis Rites Unite Arnold - Beadle**

Miss Bety Lou Arnold and Pfc. W. Quinn were married in Clovis, N. W. Mexico on October 6. Rev. T. J. Gamble Jr., pastor of the First Baptist Church, performed the double-ring ceremony which took place on the 24th wedding anniversary of the bride's parents, Mr. and Mrs. Jessie Arnold. The groom is the son of Mr. and Mrs. Wayne Beadle. The bride wore a grey and pink suit with black velvet accessories. Her corsage was pink carnations. Mr. and Mrs. Beadle are both graduates of Spur High School. Mrs. Beadle also attended Dr. Hagan's Business School at Lubbock. The couple has returned to Richland, Washington where he is stationed. On their trip they visited Yellowstone National Park and other points of interest.

**STEEL HILL CLUB MEETS WITH MRS. CARLISLE**

The Steel Hill Demonstration Club met Tuesday, October 13, in the home of Mrs. Brink Carlisle. Nineteen members answered roll call. Mrs. Lou Jeffers gave a demonstration on how to make bound buttonholes and then refreshments were served to Mrs. Roy Nance, J. W. Carlisle, Norman Wilson, G. W. Justice, J. T. Powell, Cliff Hightower, H. O. Butler, Dee Butler, Lou Jeffers and the hostess. The next meeting will be Wednesday, October 28, at the home of Mrs. J. W. Carlisle.

**W. S. C. S. HAS MISSION STUDY AT CHURCH MON.**

The W. S. C. S. met at 9:30 a. m. Monday in the basement of the Methodist Church for mission study. The title of the book was "That The World May Know" by Charles W. Ransom. The ladies present were Misses Wright, Payne, Foster, Evans, Gilbert, Laine and Link.

Home Roy Smith works at his new trade, watchmaking, that is also his new lease on life. His rehabilitation was made possible by the state rehabilitation board's Employ the Handicapped program. He is being taught the trade by Hollis B. Crane, owner of Crane's Jewelry Store.

He's the kind of guy that you find that he's a nice person to be around. It's hard to believe that Roy Smith has spent the last four of his 77 years in the hospital. Four years ago, when he was 23, Roy broke his back in an accident at home. He must have been pretty sick, for his spinal cord was injured. It was soon discovered that he would be paralyzed from the waist down permanently. How did he spend those 48 months in hospitals? Mostly reading and doing extensive therapy states Roy. It wasn't until a year ago that learning a trade began to take up a considerable amount of his time. Now he works a full 40-hour week as an apprentice watchmaker at Crane's Jewelry Store in Galveston and then going back to the hospital after each day. Roy has been in the U. S. Public Health Service Hospital in Galveston since 1950. Soon he hopes to earn a living with his new trade and eventually to do some work at home.

It all began in July of 1953 through the interest of Dr. Brown and a "lady from Washington" the state rehabilitation board was contacted. Jack Miller, district head of the state rehabilitation, started the ball rolling. He conferred with Roy about what type of work he wanted to do and they decided on watchmaking. Then Hollis B. Crane, owner of the Crane Jewelry Store, contacted by Miller, became interested and is teaching Roy the art. Roy is the son of Mr. and Mrs. Emory Smith and the grandson of Mr. and Mrs. L. L. Spivey of Spur. He graduated from Spur High School in 1942 and spent one year in Texas Tech at Lubbock. After a year he was trained the Merchant Seaman and was radio operator. He will always have to get around in a wheel chair, but he's facing the future with a confidence now that he is assured of making his own way.

**Methodist Church Has Family Night**

The First Methodist Church observed Family Night on Wednesday evening of last week with a buffet supper and social. The delightful evening was concluded with a review of the book "Alcohol and the Christian Responsibility" by Clifford Earle. Mrs. C. O. Fox gave the review and led in the discussion of the serious social and economical problems brought about by the consumption of alcohol and suggesting some solutions for the problem. Mrs. Eric Foster brought a very instructive talk on the work of rehabilitation and successful results of "Alcohol Anonymous." A large number of people attended the meeting and it proved to be a profitable one.

**Mrs. Cash Entertains Exchange Club Wed.**

The Exchange Club was entertained Wednesday afternoon, October 7, at 3 p. m. in the home of Mrs. OHS Cash. Visitors were the hostess's mother Mrs. Johnson, and Mrs. Olah Sullivan. The following eighteen members were present: Misses G. W. Justice, C. V. Allen, Loyd Robertson, Arner Watson, Claude Neaves, A. G. Dunwoody, Buck Carlisle, Wallace Hinson, L. B. Barrett, Walter Carlisle, C. O. Fox, J. Ebb Smith, Jess Powell, Bill Chambers, D. J. Dyess, David McAleer, Dale Hagins and the hostess. The next meeting will be October 21 with Mrs. Hagins.

**Chileans Add Fish to Their Diet**

An expert of the Food and Agriculture Organization of the United Nations (FAO) is aiding the Chilean Government in its efforts to develop the country's fishing industry. Their efforts are bent on getting fish to the national dinner-plate. Chile, with an abundant fish supply is engaged in a vigorous campaign not only to increase its production but also its consumption, by making people aware of the nutritive value of fish as a supplement to daily diet. This picture shows Chilean fishermen bringing ashore their large catch of tuna.

Corduroy is a favorite of college girl and career girl this season. For there is an outstanding group of new fall corduroy casuals, the National Cotton Council reports. One of the adaptable corduroy groups is by Stephanie Koret of California. Pictured here are a busy jacket and slim skirt from her corduroy "pair-offs" collection.

**1917 Study Club To Hear Dr. Stensland**

Dr. Stensland will be in Spur on November 3 at the invitation of the 1917 Study Club. He was born in Sweden in 1913. He received his Master of Arts degree at the University of Stockholm in 1935 and carried on post-graduate studies at the University until 1940. Between 1934 and 1941 he taught in the Folk Schools at Ass and Mora in Sweden and was active in the adult education movement as lecturer and counsellor.  
 In 1941, Stensland was appointed Fellow of the American-Scandinavian Foundation to study adult education and youth problems in the United States. He was editor of the American-Swedish News Exchange, and appointed lecturer in Swedish and Adult Education at the Columbia University in 1944. At Columbia he received the PhD degree in sociological foundations of education. In 1948 Dr. Stens-

land left Columbia University to become Associate Professor of Education at the Institute of Citizenship at Kansas State College. He was in charge of the program of Adult Education.  
 Dr. Stensland is chairman of the Public Affairs committee of the Adult Education Association and has contributed a number of articles in magazines. He is a member of the Mass Media Development committee which is also set up by the Fund for Adult Education.  
 At 10 a. m. the club will hold

an open meeting at the Primary Auditorium. Program chairman of organized groups and all other interested persons are invited to attend this meeting. The film, Room for Discussion, will be shown and a radio program, Ways of Mankind, will be pre-

viewed.  
 Dr. Stensland will also be a guest speaker at the Lions Club during the luncheon hour.

Mrs. L. W. Langston had her daughter, Mrs. and Mrs. Floyd, and Mrs. Lamesa visiting her over the week end.

### Something really Special - in power, room, ride, price

We picture here a car that keeps our order book pages turning quicker than quick.

It is the 1953 Buick SPECIAL 4-Door Sedan—the bargain value that doesn't stay long on our showroom floor.

For this is the best-selling Buick in the land—snapped up by eager buyers who know something really special when they see it.

For your information, we present some SPECIAL facts.

It has a Fireball 8 Engine with the highest power and compression ratio ever placed in a Buick SPECIAL—plus, if you wish, the instant getaway response and utter smoothness of Twin-Turbine Dynaflow.\*

It has easy-sitting-room for six adults—as much room as you'll find in cars costing hundreds of dollars more.

It has a ride unique among automobiles. The

Buick Million Dollar Ride. The soft and steady and ever-level ride that comes of coil springs on all four wheels—a full-length torque-tube drive—a massive X-braced frame—a solid and substantial roadweight poised with meticulous balance on broadly spaced wheels.

But what makes the Buick SPECIAL so extra special is the low delivered price it carries.

It is a price just an easy step above the so-called "low-price three"—and a price that gives you more room and power and ride-comfort for your money than you get in any other car, except another Buick.

Wouldn't you like to see, sit in and drive one of these great-powered Buicks—look into its beauty, its luxury, its handling ease—and judge for yourself how small a price tag it wears?

Phone us this week, or drop in. We'll be happy to arrange a demonstration.

MILTON BERLE stars for BUICK—in the BUICK-BERLE SHOW on TV Tuesday evenings. Also, every Saturday, tune in the TV Football Game of the Week—a "GM" Key Event

THE GREATEST BUICK IN 50 GREAT YEARS

\*Standard on Roadmaster, optional at extra cost on other Series.

# DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

## It's the RIGHT CAR!

What's the "right car" for you? It must be handsome, of course. A good performer, too. And dependable? Economical? For beauty, Pontiac offers the Silver Streak distinction that is admired everywhere. The power and stamina of Pontiac's rugged, high-compression engines are unmatched at anywhere near the price. Pontiac's dependability and long-life economy are a matter of record. For every important value extra Pontiac's your car!

## It's the RIGHT PRICE!

The price of a Pontiac will never sway you from buying the right car. Pontiac engineers discovered long ago that—for very few extra dollars in price—they could build into Pontiac cars a great deal of extra quality. Come in and let us prove how easy it is to own a big, luxurious, fine-performing Pontiac!

## It's the RIGHT TIME!

Your present car will never be more valuable as a trade-in! So don't put off the pleasures of Pontiac ownership. "Dollar for Dollar you can't beat a Pontiac" never meant more than it does today! We're sure you'll agree it's the right car—the right price—and the right time.
