SPUR, DICKENS COUNTY, TEXAS THURSDAY APRIL 15, 1954 NUMBER 25

Whoa, Now!

By Gedy Leasing

What else is there to be said about the wonderful rain? With just a few showers now to tide us over, the county should be on the road to a good cotton crop. Well, since it rained and we all feel so good, it's just impossible to find anything to fuss about this week, so we'll tell the ol' linotype to just "Whoa, Now" and we're headed for our favorite fishing hole down at the str. partner's ranch.

Happy Easter, everyone, and we hope you all have as much fun as we know we will have.

School Board Names Hindman Chairman

Lloyd Hindman was re-elected chairman of the Spur schools board of trustees at the first regular meeting of the board for the new term held Monday evening.

Preceding the election of officers, the three new trustees, Leon Reagan, Mac Steele and John King, Jr., were officially qualified.

Other board officers elected were Steele as vice-chairman and Jerry Ensey as secretary.

The board will meet each second Monday night. Hindman states that school patrons are invited to bring any matter pertaining to the boards actions or responsibilities may be brought before the board at any time. He requests that such persons who wish to do this to contact him before the meeting date or to submit their requests, complaints, criticisms or suggestions in written form to be considered by the board.

He requests that such persons who wish to do this to contact him before the meeting date or to submit their requests, complaints, criticisms or suggestions in written form to be considered by the board.

Larger Loans Now Through Local FHA

Secretary of Agriculture Ezra Taft Benson has announced that more loan making authority has been given to Farmers Home Administration officials to speed up emergency loans in the dust storm area, states John Quattlebaum, local FHA representative. The added authority is effective in the five states of Texas, Colorado, New Mexico, Oklahoma and Kansas.

Loans up to \$25,000 may now be approved in the five states. Formerly all applications for loans for more than \$12,000 had to be sent to Washington for approval.

The department is taking every step necessary, Sec. Benson said, to make sure that farmers and ranchers in the dust storm area receive all the assistance the Department can supply. The emergency credit will be used to pay the costs of listing and chiseling land subject to wind erosion. Funds for family subsistence, planting of new crops, temporary and permanent re-seeding of pastures, and other necessary farm and ranch expenses can be included in the loans.

To make sure that all applications for assistance are handled rapidly at the local level, additional personnel will be assigned in areas where wind erosion is a problem. In addition, the local county committee is meeting as often as necessary to pass on all applications promptly. Applications are made at the county Farmers Home Administration office in Spur.

The loans are made repayable on a schedule based on the applicant's ability to repay and bear three percent interest.

In addition to the emergency loans, Sec. Benson has announced that drought relief funds are being made available on a reimbursable basis by the Department to states in the dust storm area for practices to help control wind erosion. The states are also helping to provide needed funds.

SPUR REPORTS TO NAVY BASE IN CORPUS CHRISTI

Jerry Price of the Navy Air Force left Tuesday after spending a ten-day leave here for Corpus Christi where he will be stationed.

Price has been at the NAIT Center in Memphis, Tenn. since July of 1953 where he completed a course in electronics.

Riders' Encampment Here Is Big Success

16 Clubs, 476 Members Register Here For Three-Day Gala Celebration

SCHOOLS DISMISS TODAY FOR EASTER HOLIDAY

Spur public schools will dismiss this afternoon for the Easter holiday, states High School principal Weldon Skinner. Classes will be resumed Tuesday, April 20, giving the students and faculty a four-day rest from school-room duties.

Chamber of Commerce Doings . . . BUZBEE, SCUDDER, HOLDER NAMED BY BOARD; MEETING TIME CHANGED

By Norton Barrett, Mgr. We have missed writing this slip of paper the last three weeks — the first two weeks we were in Florida with the Dickens County Sheriff's posse, and then last week we were working on the encampment of the West Texas Association of Sheriff's Poses and Riding Clubs.

Probably everyone has heard "Florida" so much recently that you are getting tired of it, but we do feel that you'll be interested in the following letter: Mr. Everett McArthur, Pres. Dickens County Sheriff's Posse Spur, Texas.

Dear Mr. McArthur, I wish to take this opportunity to express, for the City of New Smyrna Beach, Smyrna Beach Saddle Club and myself personally, appreciation of the fine cooperation and sportsmanlike spirit shown here during the week you were in our city.

We have heard nothing but praise all along the streets of the Texas posse and I know that your attitude was to a great extent the cause of the gala mood prevailing all over town.

I also wish to commend your group for their choice of such an outstanding president. We sincerely hope that we may have the pleasure of a return visit from your club in the near future and we will always do our utmost to extend you a cordial welcome.

With kindest personal regards to each of you, I am Sincerely yours, J. A. Sapp

The board of directors of the chamber held their monthly meeting last Thursday night. Lynn Burtsee was elected vice-president and Johnnie Scudder was elected secretary-treasurer. Rex Holder was appointed to serve the balance of the unexpired term of Shorty Burt on the board. Max Eckels was appointed chairman of the merchant's committee with Homer Hindman, Billy Bigham, Everett McArthur and Mrs. Nona Starcher as his committee.

The meeting time of the board was set for the first Tuesday night of each month with the public invited to sit in at any time. Just come on up and we'll have a seat for you. We're interested in your ideas, suggestions, criticisms and complaints and urge you to air them in our board meetings.

We'd like to hereby extend our personal thanks and the thanks of the whole membership to everyone who served on the various chamber committees during the last year. In order to give some of the other members an opportunity to serve, and to give a well-earned rest to several of our most faithful "work horses", we've changed up many of our committees this year. We know we'll get the same wonderful cooperation out of the new workers.

There will be called meeting of the Motley-Dickens counties Farmers Union, Friday night, April 16, 1954 at the Roaring Springs high school.

The purpose of the meeting is for the delegates of the Washington trip, Ben Edwards and Curtis Graham, to give a report to the Union of their impression of possible future agricultural programs gained by their visit of Congressional Committees on Agriculture as well as personal visits with Texas Congressmen and Congressmen from several other states.

An added highlight of the program will be the presentation of the Union Charter by Fred Haiduk, president of the Texas Farmers Union. Every farmer and rancher in the two-county area is urged to attend.

SPUR STUDENTS PLACE IN DISTRICT LITERARY EVENTS

Ten Spur high school students placed in the district interscholastic literary events held last Friday in Floydada.

Dorothy Powell placed third as a Ready Reader. Van Cash placed second in golf and was a member of the second place golf team including Tommy Higower, Don McGinty and Don Snodgrass.

Placing third in Number sense was Billy Phillips and Rush McGinty placed third in Declamation.

Second place winner in Girl's Extemporaneous Speaking was Carol Gordon. Joe Bruce Long placed third in the boys' division.

Carol Jo Blair and David Estep placed third as a team in Spelling.

The West Texas Association of Sheriff's Poses and Riding Clubs wound up their first annual encampment here last Sunday afternoon with an exhibition palmetto polo game between the combined teams of the Hereford Riders and the Fisher County Sheriff's posse.

The local team won 17-9. The encampment began here last Friday morning with the registration of 476 riders representing 16 of the association's 24 member-clubs. Presiding over the encampment was Crate Scudder of Ropesville. Buster McNabb of Levelland is secretary of the group. Everett McArthur, president of the host club, served as program chairman with the able assistance of Norton Barrett, local chamber of commerce manager.

Snider is the son of Mr. and Mrs. G. H. Snider of Spur and enjoyed visiting with them while here.

Friday afternoon the riders enjoyed horseback games and practice sessions with palmetto polo sticks. The evening was spent at games in the high school gym.

Fisher County Sheriff's Posse boasted the largest number of members registering. They had 46 present.

Following free coffee at Johnston Drug Saturday morning, the riders took a jaunt of about five miles around Spur. They then came back to the City Park for a hot barbecue served by the Spur Rotary Club. Over 500 people, including the riders, their families and other guests were served. The groceries for the feed were furnished by various firms in Spur and Lubbock.

Barrett states, "In behalf of the WTASPRC, the host club and the co-hosts, the City of Spur and the chamber, we would like to express our thanks to the helping merchants of Spur for helping with the barbecue and the pancake supper: Spur Super Market, Mac's Food Market, Spur Milk and Ice Cream, Safeway, and any others that we don't know about. Also, our thanks to Pur Foods, Piggly Wiggly, Ben E. Keith Co., all of Lubbock, Stamford Produce of Stamford, and Wooten Grocer of Spur." The meat was barbecued by E. J. Smith of the Hill Top Barbecue Stand in Lubbock.

422 Horses In Parade Saturday's big parade in downtown Spur included a total of 422 horses, all decked out in their Sunday's best. The Fisher County Sheriff's posse took the first prize trophy for its competition in the parade. The trophy was presented by the association. Dawson County Sheriff's posse took second place and the trophy presented by the host club, courtesy Godfrey Motor Co. The Hereford Riders, Inc. won third trophy presented by the City of Spur. Fourth place went to Cochran County Sheriff's posse with the Spur Cowboy Jubilee furnishing the trophy.

Preceding Saturday night's square dance and game session, the guests were served pancakes, bacon and coffee by the Spur Lion Club. About 400 ate pancakes at the junior high cafeteria. The game night featured the showing of films taken of the palmetto polo games in Florida.

Rev. Cal C. Wright, pastor of the Methodist Church in Spur, mounted a grey pony Sunday morning to preach to the approximately 200 riders who had gathered in Jones Stadium for the brief religious service. Many more of his congregation heard the sermon from cars parked around the stadium.

Snider, McArthur, Barrett, and others who helped with the encampment were reminded many times of the good times the visitors had and of the general success of the first encampment.

Several merchants around the city have highly praised to this reporter the fine conduct and behavior of the guests and expressed their appreciation for being able to host such a fine gathering of fine folks.

RAIN! RAIN! RAIN!

Easter Cantata To Be Presented Tonite At Methodist Church

"An Easter Message", a cantata by Scholin, will be presented tonight, Thursday, April 15, at the First Methodist Church by the combined choirs of Spur. The director for the cantata is Mrs. Sam Hawkes. Mrs. W. T. Andrews is organist and Miss Faye Middlebrooks is playing the piano.

The invocation and Easter message will be given by Rev. Cal C. Wright. Scripture will be read by Rev. Tommie Allen. He will also lead in the benediction.

Soloists will be Mrs. Jack Moore, Mrs. George Gabriel, Miss Gail Williams, Miss Genyette Taylor, Miss Dean Reagan, Miss Sandra Watson, Ralph Gibson, Donald George Snodgrass, Cecil Green, J. L. Sechrist and Bruce Long.

The public is cordially invited to hear this 75-voice choir in the annual Easter cantata.

Students Participate In Events Friday

Several elementary and junior high school students went to Floydada Friday, April 9, to participate in the Interscholastic League events.

In number sense Leslie Albin and Johanna Lou Scudder won first as a team and second and third as individuals. Agatha Ellis won first in girls' declamation and Judy Brazz won second. In boys' declamation Jimmy Gabriel won second and Ronnie Claude third. Anna Bob Williams, fifth grade student, won second in spelling work.

From junior high Charlotte Ramsey and Mike Hairgrove won third in spelling. Others attending the events were Marilyn Hagins, Sandra Faubus, Anna Stanley and Sandra Jo Faulkner. They were accompanied by Mrs. Dickson and Mrs. Harwell.

"World Neighbors" Meet Here April 22

Dr. William S. Harmon, Southwest Regional Director of World Neighbors, Inc., with headquarters in Oklahoma City, will be in Spur on the night of April 22 to speak about the World Neighbors organization, its purposes and accomplishments.

From here he will go to Lubbock for a speaking engagement there Friday.

All interested people are urged to learn about this great Christian movement toward world peace by hearing Dr. Harmon, states Mrs. M. H. Brannen, local advocate of the movement. The meeting will be at 8 p. m. next Thursday, April 22, in the Round-Up building.

The World Neighbors is set up and designed to offer whatever is needed to foster self-help for the underdeveloped and illiterate areas of the world. It now has extensive activity in Egypt, India and the Philippines.

Briefly, the World Neighbors state their aim as being "to live with all peoples so that their gifts may become part of our way of life, and ours enrich their lives; to fulfill the divine purpose in personal and social living."

It has been said of the organization is a "growing multitude of Americans who are engaged in an international campaign of 'practical love' that has been called 'the war of amazing kindness.'"

Several merchants around the city have highly praised to this reporter the fine conduct and behavior of the guests and expressed their appreciation for being able to host such a fine gathering of fine folks.

Ordinance Calls For Fire Marshall; City Names N. Barrett

Norton Barrett has been appointed Fire Marshall of the City of Spur, announces Mayor George Gabriel, in accordance with the ordinance pertaining to such which was passed Monday, April 12, by the city commission.

The ordinance (appearing in full in this issue) calls for Barrett to investigate all fires within the city, reporting the origin, cause and circumstances of all fires, within the city and to report and investigate any evidence of arson or other criminal action connected with such fires. He will make a monthly inspection of all business and commercial buildings and will report any fire hazards. He will have the authority to order such hazards corrected and the failure to do so will be a misdemeanor and punishable by law according to limitations set forth in the ordinance.

Barrett will report to the State Fire Marshall monthly the fires and fire hazards existing in the city.

He will receive an annual salary of \$120 as Fire Marshall and will continue as manager of the Spur Chamber of Commerce.

Mayor Gabriel states that the creation of this job in the city is in compliance with the state requirements governing insurance rates for cities.

The Building Division with 20 3/8 points behind Abernathy who won with 44 points, Floydada with 29 4/5, and Paducah with 21 3/5. Oltor scored 17.9, Tullis 10.4, Crosbyton 9.4, Falls 2 3/4 and Lockney failed to score.

Spur's Rankin was among the three boys in the meet to win two firsts. He took first in both the 120 high hurdles and the 180 low hurdles.

Curtis Blair tied for second in the low hurdles. The Spur 440 relay team placed second in that event.

In the 220 dash Don Bradshaw crossed the line in the third spot. Curtis Blair won second in the broad jump and Rankin tied for third in the high jump.

In the junior high division the Spur youngsters captured top honors with 17 points. Oltor won the grade school division with Spur finishing eighth.

H. Brannen, county information chairman.

Films on the danger and the early discovery of cancer are being shown extensively over the city and county and are available to any group wishing to use them.

Scheduled cancer programs for the near future include: The Spur VFV today, April 15, 8 p. m.

Steele Hill community, Friday, April 16, 7:30 p. m.

The Spur American Legion Auxiliary, Monday, April 19, at 7:30 p. m. at the Legion Hut.

The Negroes of Spur at the Lake Side Baptist Church (date and time to be announced).

The county committee extends its thanks to the ladies who helped in the drive last Saturday, states Barrett.

The goal set for Dickens county by the national cancer society is \$664.80.

SOFTBALL PLANS TO START SOON, REPORTS HAWKES

Sam Hawkes, Spur Softball League commissioner, reported this week that plans will start in the very near future toward the organization of the league for the 1954 season.

Also serving as commissioners with Hawkes last year were Bill Simpson and Billy Hahn. These three will serve in getting the league organized for the new year. However, Simpson has not yet been contacted concerning his continuing on the commission while working out of town, and managers will be announced soon, states Hawkes.

A general meeting of players and managers will be announced soon, states Hawkes.

Jimmie Nell Bowman has returned home after spending several months in New York.

Mr. and Mrs. J. C. Dempsey and Mr. and Mrs. J. K. Wadlington of Lubbock visited in the Rex Robinson home in Dickens Monday.

ENTIRE AREA GETS OVER 2 INCHES CROP PROSPECTS HIT 3-YEAR HIGH

The broadest smiles seen in Dickens county in many a moon sparkled up and down Bartleson Monday morning in response to over two inches of that precious stuff called rain.

Although general droughts are not broken with one general rain, area farmers and ranchers can now see the best crop year in prospect in the last three years.

The entire Spur and Dickens county area received from two to three inches of slow, soaking rain the first part of the week. The Spur Experiment station reported an official 0.4 last Saturday afternoon, 2.19 Sunday night and Monday morning, and 0.6 in slow drizzle, Monday afternoon and Tuesday. Early Wednesday morning a additional 2 fell. Areas west of town receiving up to an inch Wednesday.

This week's rain fall was the first general moisture since Oct. 21, 1953. The October fall had given area farmers considerable season, some of which still remained, and had kept area wheat fields green. However the present moisture came too late to save most of the wheat land for any more than grazing, according to county agent Charles Taylor.

Dr. Earl Burnett, experiment station agronomist, and Taylor report that some of the more anxious area cotton farmers will start putting seed in the ground as soon as the fields are dry enough, but that the majority of them will plan to plant between the first and 15th of May.

Many farmers are planning to plant sudan and similar crops when the fields are dry enough, states Taylor.

In general, Dr. Burnett, Taylor and the whole county feel that things now look good, that the county is in good shape as far as moisture is concerned, and that with normal rainfall along through the growing season, the county will make some good crops this year.

Tracksters Win 4th In District Meet

Boyce Rankin spurred the Spur high school track team to fourth place in the District 3-A track meet held at Floydada last Saturday.

The Bulldogs finished with 20 3/8 points behind Abernathy who won with 44 points, Floydada with 29 4/5, and Paducah with 21 3/5. Oltor scored 17.9, Tullis 10.4, Crosbyton 9.4, Falls 2 3/4 and Lockney failed to score.

The Defoe Shipbuilding Co., Bay City, Mich., has been awarded a \$13,972,418 contract for the construction of two destroyer escorts for the Navy.

MULLING WITH MULLER

A couple of helpful hints for ladies who wear glasses: Brows should extend a little above the glasses without open space between glasses and brows, be sure to emphasize the brows by using a slightly darker pencil than your natural color, and by all means use a little eye-shadow and mascara!

Women have influenced the color and styling of the automotive world so much that clothes designers have made appealing accessories of the very things we like best—the new cars. Believe it or not, they've taken the design and motif from the '54 cars to bring out a beautiful new line of shoe designs for the fall, "kiddishoes," as they'll be called, are lovely, charming and thank heaven, walkable. Previewing the models it was literally impossible to make a choice—I wanted them all. There was a simple, sleek navy suede with a Buick-inspired silver kid grille across the instep; a rich brown suede with tiny silver kid ventipoints in the vamp and a strip of silver across the toe, enhancing the half-inch root kid edging along the back of the heel. The panoramic windshield suggested the idea for another, and I fell in love with the "cutie" designed from the Estate Wagon. Here's something really new and foot-flattering for midlady!

TREATING A "NEW" DISEASE

By Science Features
A mysterious disease called pancreatic fibrosis affects one-out of 500 infants. Treated for many years, as a combination of pneumonia and an intestinal disease causing malnutrition, it almost always proved fatal to the young sufferers. Even though thousands of children were affected, pancreatic fibrosis was regarded as a "new" disease by many doctors.

Finally, in 1938, Dr. Dorothy M. Anderson of Columbia University, put together the symptoms and various changes made on the body by pancreatic fibrosis, and medical science recognized the "new" disease.
Pancreatic fibrosis produces a double attack on youngsters. A heavy mucus liquid forms in the lungs causing a severe cough and hampering breathing. This condition also results in frequent infections, such as pneumonia and bronchitis. The second set of symptoms affects the pancreas and it fails to deliver its quota of enzymes to the digestive system. The children, though they eat large amounts of food, are underweight and suffer from malnutrition.
As a result of medical research, better methods for treating these patients have been evolved. A series of tests on 49 patients was recently conducted for 15 months by four Boston doctors. They found that the broad-range antibiotics, such as terramycin, were the most effective in this disease, protecting the child against lung infections and at the same time stimulating his growth. With proper diet and careful treatment, the children now have a new lease on life.

made a business trip to Lubbock Monday.

The Coy Morrises visited the J. P. Ratliff, and Raymond Kings of Grow Sunday.

Moth Protection For Rugs And Carpets Given

Careful and thorough cleaning with the right spray treatments are the keys to springtime protection of wool rugs and carpets against the destruction of clothes moths and carpet beetles.

Frequent cleaning, especially with a vacuum cleaner, prevents dust, lint and hair from accumulating and offering extra food for these expensive pests. Cleaning may also remove the insects themselves and their eggs.

It's a good idea, says Berrice Claytor, extension home management specialist, to rotate rugs and carpets occasionally since insects usually feed under heavy furniture where it is difficult to clean.

Mrs. Claytor suggests a spray of five percent DDT oil solution for rugs and carpets at intervals of 12 to 18 months. It takes about one and one-half to two quarts of spray for a 9 by 12 rug of average weight.

Give special attention to parts of the carpet that will be under a piano, sofa, bookcase or other heavy furniture.

Untreated animal hair and wool pads under rugs will also need a thorough spraying on both sides, Mrs. Claytor adds.

In spraying wall-to-wall carpeting, give particular attention to the edges all the way around.

Finally, the specialist says that if you have expensive broadlooms or oriental rugs and fear that inexperience in spraying may mar their appearance, it's advisable to call on a reliable pest-control or carpet-cleaning firm.

RANGE RESEEDING IS LIKE PREPARATION FOR CASH CROP . . .

Drouth - weary west Texas livestock producers are advised not to reseed their ranges if as much as 15 percent of the native, key grasses are still on the range.

Deferred grazing and proper stocking are cheaper methods of recovery, explains A. H. Walker, extension range specialist.

Walker compares reseeding with the preparations for a cash crop. Permanent grasslands should be planted with seed of high germination and purity and on a good, comparatively deep soil. Some areas, he points out, need first to be fertilized and revitalized with an annual grass and legume crop.

He recommends reseeding in the west Texas area in May or June. Best results are obtained if the new grasses are seeded in rows, then followed with a cultipacker or roller.

Correct seeding rate is another consideration. Cover the seed from one-quarter to one-half inch and do not graze the young plants the first season. Either let the plants grow a one-inch crown or produce a seed crop before livestock are turned in.

While reseeding programs pay off if properly managed, Walker says, they take time, patience, work and cost money. For that reason he suggests that producers not reseed if some of the native forage plants are present.

"Reseeding on the High Plains of Texas", bulletin L-183, is recommended by the specialist to producers who desire more information on re-establishing permanent range grasses. Copies are available through county agents

LIBRARY NEWS NOTES

The 1954 Spring copy of The Reader's Digest of Condensed Book is now on the rental shelf of the Public Library. The selections in it are: "Not As A Stranger", "The Night of the Hunter", "God and My Country" and "The Young Elizabeth."

"The Daredevil", a camping story for boys by Leland Silliman, is one of the new books in the Public Library. Rusty Pearson and his dog, King, enjoy a summer camp and all readers will enjoy both Rusty and King. "Martin Butterfield" by John Burgan is "today's version of Penrod and Tom Sawyer". There

FFC. USSERY STATIONED IN KOREA WITH INFANTRY

Pfc. Ernest B. Ussery, 24 son of Mr. and Mrs. Wayne S. Ussery of Jayton, is now serving in Korea with the 24th Infantry Division.

The "Victory" division first landed in Korea during July 1950 and spent 18 months in combat before going to Japan for security duty. It returned to the peninsula shortly before the cease-fire.

Ussery, a cannoneer in the 2nd Field Artillery Battalion, entered the Army in March 1948 and arrived in Korea last September. His wife, Mattielean, lives in Jayton.

SGT. CHERRY SERVING WITH ADVISORY GROUP

Sgt. First Class Carroll T. Cherry, whose wife lives in Spur, is serving with the U. S. advisory detachment at the ROK Army Replacement Training Center in Nonsan, Korea.

Cherry is a supervisor in the Korean Military Advisory Group, which advises the ROK Army in training and combat. KMAC has awarded the ROK Presidential Unit Citation three times.

The USS Maine, which was launched November 18, 1890, carried side armor 12 inches thick.

REPORT ON AGRICULTURAL EXPORTS

Agricultural exports from this country totaled \$1,454,000,000 for the six month period July through December 1953, or one percent higher than the same 1952 period, reports John G. McHaney, extension economist.

Exports in December were eight percent above the preceding month, but seven percent below the level of December 1952, McHaney adds.

The rise in December farm exports to \$301,000,000, compared with \$280,000,000 in November and was less normal generally because of drop in shipments of grains and soybeans. The Dec-

ember 1952 total was \$324,000,000.

On the dollar basis, cotton was the nation's biggest farm export in December with sales of \$83,000,000. Cotton shipments for that month, however, McHaney continues, were 25 percent under the December 1952 level.

The combined value of flour and wheat, the country's third biggest export, totaled \$26,000,000 compared with \$26,000,000 in November \$62,000,000 in December 1952.

Leaf tobacco held the second position for the period with exports of \$47,000,000.

AN ORDINANCE CREATING THE OFFICE OF FIRE MARSHALL, PRESCRIBING THE DUTIES THEREOF, PROVIDING FOR ITS MAINTENANCE, AND PRESCRIBING PENALTIES FOR VIOLATIONS. BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF SPUR:

SECTION 1. The office of Fire Marshall is hereby created. Such office shall be independent of other city departments, the Fire Marshall reporting directly to the Mayor and City Commission. Such office shall be filled by appointment by the Mayor, by and with the consent of the City Commission, within fifteen (15) days after this ordinance shall take effect. The said Fire Marshall shall be properly qualified for the duties of this office, and shall be removed only for cause. He shall receive an annual salary of one hundred twenty dollars (\$120.00), payable in monthly installments, as full compensation for his services.

SECTION 2. The fire Marshall shall investigate the cause, origin and circumstances of every fire occurring within the city by which investigation as to whether such fire was the result of carelessness or design. Such investigation shall be begun within twenty-four hours, not including Sunday, of the occurrence of such fire. The Fire Marshall shall keep in his office a record of all fires, together with all facts, statistics and circumstances, including the origin of the fire and the amount of the loss, which may be determined by the investigation required by this ordinance.

SECTION 3. The Fire Marshall, when in his opinion further investigation is necessary, shall take or cause to be taken the testimony, on oath, of all persons supposed to be cognizant of any facts or to have means of knowledge in relation to the matter under investigation, and shall cause the same to be reduced to writing, and if he shall be of the opinion that there is evidence sufficient to charge any person with the crime of arson, or with the attempt to commit the crime of arson, or of conspiracy to defraud, or criminal conduct in connection with such fire, he shall cause such person to be lawfully arrested and charged with such offense or either of them, and shall furnish to the proper prosecuting attorney all such evidence, together with the names of witnesses and all of the information obtained by him, including a copy of all pertinent and material testimony taken in the case.

SECTION 4. The Fire Marshall shall have the power to summon witnesses before him to testify in relation to any matter which is by the provision of this ordinance a subject of inquiry and investigation, and may require the production of any book, paper, or document deemed pertinent thereto. The said Fire Marshall is hereby authorized and empowered to administer oaths and affirmations to any persons appearing as witnesses before him.

SECTION 5. Any person being convicted of any such misdemeanor shall be fined in a sum not to exceed twenty-five dollars (\$25.00). Provided, however, that any person so convicted shall have the right to appeal.

SECTION 6. All investigations held by or under the direction of the Fire Marshall may, in his discretion, be private, and persons other than those required to be presented may be excluded from the place where such investigation is held, and witnesses may be kept separate and apart from each other and not allowed to communicate with each other until they have been examined.

SECTION 7. The Fire Marshall shall be forthwith complied with by said owner or occupant. At the end of each month the Fire Marshall shall report to the State Fire Marshall all existing hazardous conditions, together with separate report on each fire in the city during the month.

SECTION 8. The Fire Marshall, upon complaint of any person having an interest in any building or property adjacent and with any complaint, shall have a right at all reasonable hours, for the purpose of examination, to enter into and upon all buildings and premises within the city, and it shall be his duty, monthly or more often, to enter upon and make, or cause to be entered and made, a thorough examination of all mercantile, manufacturing and public buildings, together with the premises belonging thereto. Whenever he shall find any building or other structure which, for want of repair, or by reason of age or dilapidated condition, or for any cause, is especially liable to fire, and which is so situated as to endanger other buildings or property, or so occupied that fire would endanger persons or property therein, and whenever he shall find an improper or dangerous arrangement of stoves, ranges, furnaces or other heating appliances of any kind whatsoever, including chimneys, flues, and pipes with which the same may be connected, or a dangerous arrangement of lighting devices or systems, or a dangerous or unlawful storage of explosives, compound, petroleum, gasoline, kerosene, dangerous chemicals, vegetable products, ashes, combustible, inflammable and refuse materials, or other conditions which may be dangerous in character or liable to cause or promote fire or create conditions dangerous to the firm or occupants, he shall order the same to be removed or remedied, and such order shall be forthwith complied with by the owner or occupant of said building or premises. Provided, however, that if said owner or occupant deems himself aggrieved by such order, he may, within five (5) days, appeal to the Mayor, who shall investigate the cause of the complaint and unless by his authority the order is revoked, such order shall remain in force

and be forthwith complied with by said owner or occupant. At the end of each month the Fire Marshall shall report to the State Fire Marshall all existing hazardous conditions, together with separate report on each fire in the city during the month.

SECTION 9. Any owner or occupant of a building or other structure or premises, who shall keep or maintain the same when, for want of repair, or by reason of age or dilapidated condition, or for any cause, it is especially liable to fire, and which is so situated as to endanger buildings or property of others, or is especially liable to fire, and which is so occupied that fire would endanger other persons or their property therein, shall be punished by a fine of not less than ten dollars (\$10.00) or more than fifty dollars (\$50.00).

SECTION 10. Any owner or occupant of any building or other structure, or premises, who shall keep or maintain the same with an improper arrangement of a stove, range, furnace, or other heating appliances or any kind whatsoever, including chimneys, flues, and pipes with which the same may be connected, so as to be dangerous in the matter of fire, or health, or safety of persons or property or others, or who shall keep or maintain any building, other structure or premises with an improper arrangement of a lighting device or system or a storage of explosives, petroleum, combustibles, inflammable materials, refuse, or with any other condition which shall be dangerous in character to the person, health or property of others; or which of promoting; augmenting or shall be dangerous in the matter causing fires; or which shall create conditions dangerous to firemen, or occupants of such building, structure or premises other than the maintainer thereof, shall be punished by a fine of not less than ten dollars (\$10.00) nor more than fifty dollars (\$50.00).

SECTION 11. No prosecution shall be brought under Section 9 and 10 of this ordinance until the order provided for in Section 8 be given, and the party notified shall fail or refuse to comply with the same.

SECTION 12. The penalties provided for herein shall be recovered by the City in the same manner as provided by law for the enforcement of fines, forfeitures, and punishments for

SECTION 13. Every day's maintenance of any of the conditions prohibited in any of the foregoing sections shall be a distinct and separate offense.

SECTION 14. All misdemeanors herein provided for shall be prosecuted, and all fines and forfeitures herein provided for shall be recovered and enforced, in the same manner as provided by law for the enforcement of fines, forfeitures, penalties and punishments for offenses generally against the city.

SECTION 15. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION 16. Whereas, public safety demands the immediate passage of this ordinance, creating the office of Fire Marshall and empowering the said officer to discharge the duties herein set out, therefore an emergency exists demanding a suspension of the rules requiring ordinances to be read on three several days, said rule is hereby suspended, and this ordinance is placed on its first reading and final passage, and shall be effective and in full force from and after its passage and approval.

APPROVED this 12th day of April, 1954.

Pfc. Johnson Lands On Iowa Jima

Marine Pfc. Horace D. Johnson, son of Mrs. Mary L. Holman of Spur, and husband of the former Miss Doris M. Cornelius of Spur, landed on Iwa Jima of Spur, with the 3rd Marine Division during the recent "Operation Ring Hoise".

Nine years and a month after the first landing, the Marines came through the surf and dug out a beachhead in the familiar volcanic ash, amid ruins of WW II. They powered their way inland, directing their attack against an "enemy" force acted out realistically by the 2nd Battalion, 4th Marines who had spent a month digging in for the "battle".

Following successful completion of the mission - to seize, occupy and defend Iwa Jima - memorial services were held for the more than 4,000 Marines and Sailors who gave their lives in 1954 to take the island for use as an American airbase.

offenses against the city.

SECTION 13. Every day's maintenance of any of the conditions prohibited in any of the foregoing sections shall be a distinct and separate offense.

SECTION 14. All misdemeanors herein provided for shall be prosecuted, and all fines and forfeitures herein provided for shall be recovered and enforced, in the same manner as provided by law for the enforcement of fines, forfeitures, penalties and punishments for offenses generally against the city.

SECTION 15. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

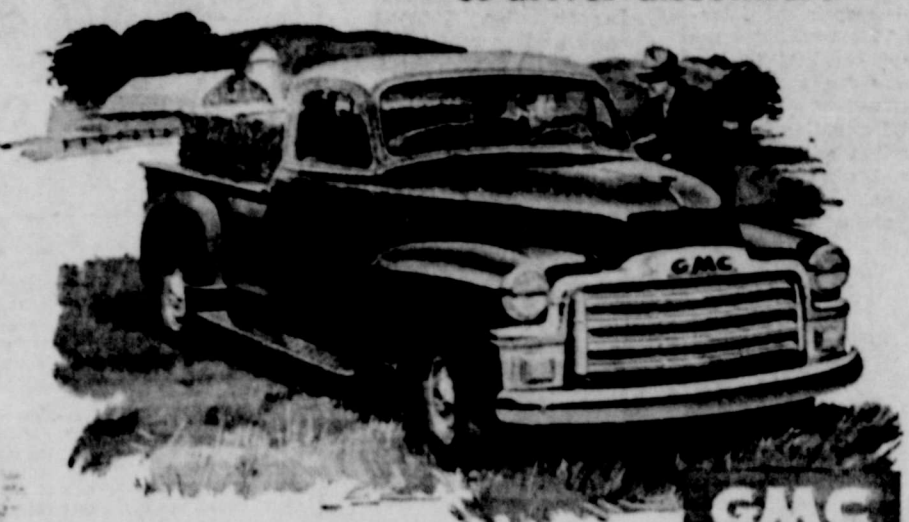

SECTION 16. Whereas, public safety demands the immediate passage of this ordinance, creating the office of Fire Marshall and empowering the said officer to discharge the duties herein set out, therefore an emergency exists demanding a suspension of the rules requiring ordinances to be read on three several days, said rule is hereby suspended, and this ordinance is placed on its first reading and final passage, and shall be effective and in full force from and after its passage and approval.

- of shock loading
- of skimpy power
- of stodgy looks
- of driver discomfort

Why be behind times and pay the penalty of working with an outmoded truck? The new GMC light-duty models - with Truck Hydra-Matic Drive,* 125-horsepower high-compression engines, smart styling and luxury cabs - cost very little more to buy and much less to run than old style trucks. For your pride, your convenience and your pocketbook, come see and drive a GMC first! *Standard on some models; optional at extra cost on others.

Get a modern truck!

Be careful - drive safely

REAGAN MOTOR COMPANY

You'll do better on a used truck with your GMC dealer

A New Industry For Spur!

UNFORTUNATELY this statement is not literally true. The value of a new, small industry, however, can be added to the economy of Spur by its residents and its friends in other Dickens county communities. The plan requires no investment and the results are immediate. It is as simple as this: SPEND YOUR MONEY IN SPUR.

Larger towns bid constantly for patronage with all types of inducements. Several thousands of Spur dollars are spent outside of the county every month - the equivalent of a small industry. This advertisement is an appeal to residents of this community and friends in other communities. Please weigh your returns carefully. Do you actually save money when you trade elsewhere?

Have you considered the convenience of your

home community stores and available service? Have you considered your schools and churches that are supported by the firms in your own community?

Spur merchants and businessmen are facing a crucial period in the community's history. Many have their backs to an economic wall brought about by drouth conditions, but they are not complaining. Over a period of many years they have paid salaries, taxes, subscribed to every possible worthy fund-raising campaign and rendered every possible service to their customers. They have sold good merchandise and efficient services at a fair margin of profit. They have been loyal to the people they serve and have earned loyalty by honest merchandising. Every dollar you spend at home helps build a better and more substantial community.

Former Spur Residents Celebrate Golden Wedding Anniversary

With most of their family around them Mr. and Mrs. C. H. Perry of Glendale, California, recently celebrated their golden wedding anniversary. Their family has always been the most important thing in their lives. They are the parents of six children.

Calvin H. Perry met Emma Berry at a church party. She is

a native of Mississippi and her husband was born in Texas, where the couple wed in 1904. They resided for a while in Delta County, Texas and later moved to Spur, where they reared their family.

The couple has now resided 23 years in Glendale.

Mrs. Perry is the sister of J. E. Berry of Spur.

BAPTIST CIRCLES

BAGBY CIRCLE

The members of the Bagby Circle had a regular meeting Monday in the home of Mrs. Myrtle Whitwell. The Bible lesson was taught by Mrs. W. M. Hazel from the book, "Young People of Destiny In The Bible".

Mrs. Brooks closed the meeting with prayer.

Those present were Mmes. Adams, Shockley, Seale, Hazel, Brooks, Turvan, Frances, Miss Jennie Shields and the hostess.

CAUTION CIRCLE

Mrs. James Wright was hostess for the Caution Circle when it met Monday. The Bible lesson was taught by Mrs. Alfred Walker.

Those present were Mmes. Walker, Dalton Lebew, J. B. Haralson, Jesse Morrison, Fike Godfrey, Earl Burnett, Grady Lackey and the hostess, Mrs. Wright.

CULPEPPER CIRCLE

The Culpepper Circle of the

Harmony Club Meets In Reese Home Tues.

The Senior Harmony Club met Tuesday evening in the home of Mrs. J. C. Reese, which was beautifully decorated with cut flowers. Mrs. Joe Bell and Mrs. Dick Gibson were co-hostesses.

The meeting was called to order by Mrs. J. E. Berry, who presided over the business.

Roll call was answered with a musical current event.

Mrs. W. T. Andrews was program director. She briefly told the history of the classic movement and played piano selections to illustrate the various phases of it. Mrs. A. C. Williams played a Beethoven selection.

Refreshments were served to Mmes. W. T. Andrews, Fred C. Haile, Nell Davis, Julia Bingham, R. E. Dickson, Jerry Essey, Grady Lackey, Alfred Walker, John Green, Joe Long, P. C. Nichols, Van North, J. E. Berry, W. F. Gilbert, Sam Hawkes, A. C. Williams, Homer Hindman, W. M. Hazel, Albert Fry, T. B. Allen and the hostesses, Mrs. Reese, Mrs. Bell and Mrs. Gibson.

Demonstration On Meats Given At Espuela Club

"If you throw away beef or pork liver, you are throwing away health and one of the best sources of Vitamin A", Mrs. Joe Jeffers told the Espuela Home Demonstration Club April 7 when she gave a demonstration on "Variety Meats" in the ranch home of Mrs. Bob Dixon.

Including in this group is liver, kidney, heart, tongue, and sweet breads. Using pork liver as the main dish, Mrs. Jeffers prepared a dinner also including lima beans, cooked rice, head lettuce salad with low calorie dressing and apple crumble with whipped topping.

Those present to enjoy this demonstration were Mmes. Frank Adams, G. L. Delisle, Harold Karr, Pearl Morgan, Don Ramsey, John Sharp, Darrel Grogan, Lee Parker, Joe Jeffers and Nixon.

Gamma Eta Chapter Meets in RS Sat.

"Pageant of Russian History" by Seeger was reviewed by Mrs. Fred Mullings. Ralls, when Gamma Eta chapter of Delta Kappa Gamma, honorary education society for women, met in Roaring Springs, Saturday, April 10 at 2 p. m.

Mrs. J. B. Bell, Crosbyton lead in the Founders' Day observance.

Mrs. Deva King and Mrs. W. H. Marshall, Roaring Springs; Mrs. John Belaska, Glenn; and Mrs. Clark Forbis, Afton, were hostesses for the occasion.

Chapter members came from

Presbyterian Women Meet at Church Monday

"Stephen, the first Martyr" was the topic of the lesson given by Mrs. Cleo Rogers to the Presbyterian women on Monday night at the church.

Those answering roll call were Mmes. J. C. McNeill, Durward Tullis, Rogers, Leonard Rose and Miss Mattie Sue Robinson.

The next meeting will be at the church on May 10 at 7:30 a. m.

Federation Meets In Arthur Home

The City Federation of Women's Clubs of Spur met in the home of Mrs. O. C. Arthur Monday, April 5, at 4 p. m. with seven members present.

Mrs. Arthur, president, presided over the business.

Mrs. M. H. Brannen then brought the program the program on cancer. She stated that the goal set for Dickens County giving is \$664.80, an increase of \$5.99 over the last year's goal. She also said that Billy Ray Barrett has four films dealing with cancer that can be borrowed almost any time.

After Mrs. Brannen, Miss Margaret Elliott then closed the program with accounts of the progress of our public library.

One-third of the 227,000 cancer deaths last year was due mainly to delay in detection and treatment the American Cancer Society says. Support the ACS educational and fun-raising Crusade.

faculties of schools in six counties: King, Kent, Crosby, Cottle, Motley and Dickens.

Last-minute plans were completed for several members to attend the state convention to be held in Austin, April 30 to May 2.

McAdoo News..

Mr. and Mrs. H. V. Nettles and Mrs. Modine Keys of Abilene visited in McAdoo Tuesday in the G. F. Harris, J. F. Egger and Palo Grissom homes. They are former McAdoo residents.

Mr. and Mrs. J. F. Egger had all their children home Friday night. They are: Mr. and Mrs. Darris Egger and children of Amhurst, Mr. and Mrs. Elmer Simmons and children of Lubbock.

Mrs. Johnston Hosts Methodist Circle

The Catherine Fite Circle of the Methodist Church met Monday morning at 9:30 in the home of Mrs. T. P. Johnston. Mrs. Johnston presided over the brief business meeting in which spring activities were discussed.

Mrs. Paul Marion, program leader, read the Easter meditation with Mrs. Clyde Bingham bringing the scripture lesson from the fourth chapter of Matthew.

Those present were Mmes. F. A. Leak, Weldon Skinner, Cal C. Wright, Bill Gregory, Lela Evans, Ethel Halgrove, Marion, Max Echols, J. A. Koon, Etta Fite and the hostess, Mrs. Johnston.

Mrs. Leta Poteet of Matador spent last week with her daughter, Mrs. R. T. Jones and Mrs. L. K. Bass. Mr. and Mrs. Jones and Troy Don took her back to her home Saturday.

Mr. and Mrs. Dee Collier of Crosbyton visited Sunday in the G. G. Allen and M. A. Graham homes.

Mr. and Mrs. M. L. Sanders, Jr. of Falls visited in the home of Mr. and Mrs. T. R. Jones Thursday.

Billy Brownlow of Levelland visited in McAdoo Saturday.

Mr. and Mrs. Jack Graham and children of Buffalo, Oklahoma

are visiting his parents, Mr. and Mrs. M. A. Graham.

Mr. and Mrs. Clarence Williams and children of Abilene spent Saturday night in the home of her parents, Mr. and Mrs. John Allen.

O. V. Williams of Lubbock spent Saturday night in the home of Mr. and Mrs. Eldon Williams.

Rufus Wallace underwent emergency surgery Saturday night in a Lubbock Hospital.

We extend our sympathy to the family of C. C. Neeley, who passed away Sunday afternoon.

Mrs. Rosenthal of California visited several days in the home of her brother, Mr. and Mrs. J. C. Arnold.

Mrs. T. J. Taylor and a group of MYF members attended the district meeting at Abernathy Saturday.

Mrs. L. B. Pipkin spent Wednesday in the home of Mrs. Roy Ward of Dickens.

Mr. and Mrs. Roy Ward of Dickens, Olin Ward and Loretta Davis of Lubbock and Waid Griffin, Jr. of Albany visited in the G. G. Allen home Sunday.

Mr. and Mrs. O. E. Lumsden of Springlake spent the week

Services Conducted For C. C. Neeley

Funeral services for Carl Charles Neeley, 70, who died of a heart attack Sunday, were conducted at 3 p. m. Tuesday, April 13, at the Methodist Church in McAdoo. The Rev. J. C. Arnold, pastor, officiated.

Neeley farmed near McAdoo from 1919 until his death. He was stricken at home. He leaves six daughters, two sons, a brother, a sister and 14 grandchildren.

Burial, under the direction of the King Funeral Home of Crosbyton, was in the McAdoo Cemetery.

Texas 4-H delegates to National 4-H Club Camp, Washington, D. C. for 1954 are Don McGinty of Dickens county; Robert Caster, Dallas county; Yolanda Ellis, Hale county and Allene Bailey, Bastrop county. They will spend the week of June 13-23 in the nation's capital attending the camp. Funds for the trip will be provided by the United Gas Pipeline Company.

A flag officer in the Navy is one that holds the rank of Commodore or above. He is called that because he is entitled to fly his personal flag which, by stars, indicate his rank.

end with her daughter, the Dale Neffs and the Bobby Hardins.

Prices Effective Thursday Friday and Saturday!

look to **Plymouth** for **power news**

In the low-price field, ONLY PLYMOUTH brings you NEW POWER for flashing new performance—NEW POWER for still more driving ease—NEW POWER for greater driving safety!

new PowerFite transmission with new PowerFlow engine

PowerFite, the newest, smoothest fully automatic no-clutch transmission in the low-price field, combined with the great new PowerFlow engine, gives you flashing acceleration with no lurch or lag. The PowerFlow engine's new 110 horsepower gives you ample reserve power for any driving need.

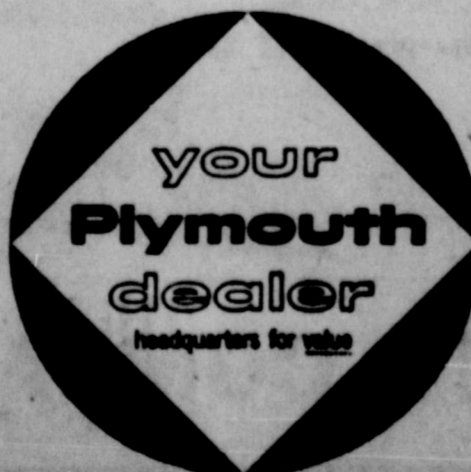

new Power Brakes

You get quick, smooth, straight-line stops with only half the usual pedal pressure! New Power Braking works with Plymouth's famous Safe-Guard hydraulic brakes which have two brake cylinders in each front wheel, where competing low-price cars have but one.

full-time Power Steering

Plymouth's Power Steering works full-time, not "on again-off again." It soaks up road shocks, eliminates "wheel fight," gives you more precise control on rough, bumpy roads or in deep sand or mud. And Plymouth's Power Steering lets you park with one-fifth the normal effort!

Just as Plymouth has always brought you the newest developments in riding comfort and driving safety, Plymouth now brings you the newest power advances in the low-price field! Come in and try Plymouth's sensational new performance, experience its great new driving ease—let us arrange your demonstration drive today!

PowerFite, Power Brakes and Power Steering each available at low extra cost.

See for the whole story! Only "Mac's" has it! See Mac's on CBS-TV. See TV page for time and station.

WHAT ABOUT BEEF PRICES?
Why the wide gap between farm and over the counter price of beef?
That's the \$64 question these days and a Texas Agricultural Extension Service meat specialist blames it on a sharp drop in the use of animal by-products and higher costs of delivering the final products to consumers.
Actually, says Roy W. Snyder, the price of beef is "down", but perhaps not as much as we think it should be.
He explains that prices for inedible products from the meat packing industry—hides, fats and bone—have slipped in recent years from \$28.10 to the present \$12.00 or \$13.00 per 1,000 pounds

of live beef animal. These by-products profits formerly paid the major part of dressing and processing costs.
When a pound of beef crosses the counter other costs are added to the final product, he says. There's labor, paper, string, rent, plant maintenance and the necessary utilities and equipment. Such costs are higher than ever before.
Also, he says, the highest price tag is attached to meat cuts in greatest demand. The economy minded housewife buys cuts other people do not want. At present, such cuts come from the forequarter.
However, Snyder concludes, forequarter cuts require careful and skillful preparation in the kitchen.

TIPS FOR OWNERS OF HOME FOOD FREEZERS . . .
What to do in case of a long-time power interruption is a big problem confronting owners of home food freezers.
A new bulletin prepared by foods and nutrition specialists of the Texas Agricultural Extension Service says, 50 pounds of dry ice in a 20 cubic foot freezer will hold temperatures below freezing for three or four days. The bulletin which contains 35 pages of helpful information on freezing foods at home goes on to say that foods in a loaded freezer will remain frozen two or three days, even in summer, when the power is off. Foods in a freezer filled to less than half capacity however, may not re-

main solid more than a day.
When the power fails or the unit fails to refrigerate properly, it's advisable not to open the freezer door unnecessarily, it points out.
Copies of "How to Freeze, How to Cook Frozen Foods", B-175 are available from county extension offices or from the Agricultural Information Office, College Station, Texas.
Agricultural producers in Harris and Hidalgo counties bought more than 7,000 tons of fertilizer during the last six months of 1963. Sales in Wharton, Colorado, Jefferson and Dallas counties topped the 4,000 ton mark.
Range plants which are poisonous to farm animals are proportionally more abundant in times of drought -- when livestock can't be too choosy about what it eats. Better give the pasture a once-over for such plants.
The modern torpedo gets its name from the electric fish "Torpedo Electricus".

LIVESTOCK MARKET NEWS OFFICE OPENS IN AMARILLO
To better serve livestock producers in the west and north west areas of the state with the latest market news, a market news office has been opened in Amarillo.
The office which opened April 5 will report on cattle and calf auction sales at Amarillo on Mondays, Tuesdays and Fridays. Auction sales at Lubbock will be covered on Wednesdays and Thursdays. Farm and ranch sales in the area also will be reported.
The office is a Federal-State project operated jointly by the U. S. Department of Agriculture and the Texas Department of Agriculture. Perry Bowersox, formerly of the Houston livestock market news office will be in charge.
The new office is located at the Amarillo Auction Company, 3000 East Third Avenue.
The Navy recently awarded contracts totaling more than \$1,250,000 for the construction of 88 40-foot utility boats.

The Farm Corner

The time is coming to cut your hay and you'll be hoping for a sunny day.

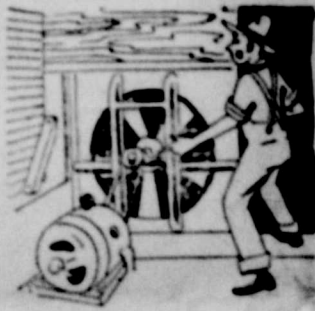

With the right building for drying that hay you won't worry if skies turn gray.

You'll let it cure for half a day then take it in and store it away.

Chop it or bale it it's nice and green you lose no leaves -- get more protein.

You flip the switch fan dries the hay your cows eat better if it's done this way.

With self-feeding mangers the building's complete just turn the cows loose and watch 'em eat.

How smart can machines be?

Back in the twenties there was a stage play about mechanical men, who repaid their creators by trying to wreck civilization. "Robots" have made people uneasy ever since.

How smart can a machine be? At General Electric we're beginning to find out. For some years now we've been working with machines that come startlingly close to thinking like men.

Can they outsmart men? Just the opposite: they make men even smarter by taking over routine mental chores and freeing men for the creative thinking only human minds can encompass.

A jet engine used to be designed by trial and error. You had to build it first, or a costly model, to find out how it would work. Now, an electronic computer helps solve long and complex jet development problems in advance. In 15 minutes it goes through 8 million mathematical calculations and comes up with an answer that would take a mathematician 7 years.

In management, "hunch" is giving way to fact. Electronic data-processing machines zip through head-spinning statistics on market changes, product design and income trends to come up with the answers General Electric managers need to make sound decisions, not hopeful guesses.

Their ability to digest tons of data in a hurry may one day help the farmer by making weather predictions more accurate. They may shed new light on the reasons for boom and bust.

Machines that can read, write, do arithmetic, measure, feel, remember, now take the load off men's minds, just as machines have eased the burden on our backs.

But these fantastic machines still depend on people to design and build and guide and use them. What they replace is drudgery -- not people.

Don't worry; smart though they are, machines will never be as smart as people. Not while people are smart enough to think them up, smart enough to let them do a man's drudging work.

Progress is our most important product

GENERAL ELECTRIC

The new 300-horsepower Buick Century Convertible -- sleek, smart, spirited -- and available in gorgeous new summer colors.

We have a line the gals go for

(Have you seen our Spring Fashion Show?)

You can't fool the ladies when it comes to styling.

From clothes and hemlines, to cars and color schemes -- they insist on a fresh new look and a fresh new change -- and anything else won't do.

So it's easy to see why the gals -- bless 'em! -- have been going for Buick in a great big way -- going for the glamorous modernity of these new-day automobiles ever since the first public showing a few short months ago.

From the beginning, they've been going for the sleeker, longer, lower lines -- the futuristic shaping of the new windshields -- the stunning décor of the striking new fabrics -- the clean simplicity of the new instrument panels.

But you ought to see how they go for the gay new car models in Buick's Spring Fashion Show! Fresh new Convertibles, Rivieras and Estate Wagons never before available -- and in gorgeous new summer colors never shown before!

And you ought to see how they go -- as the men certainly do -- for the

thrilling new V8 power, the buoyant new ride, the superb new control, and the almost effortless handling ease that are all part and parcel of every new 1964 Buick.

Why not visit our Spring Fashion Show and see for yourself the fresh new tomorrow that's here now -- in today's Buick? Then we can show you the prices that make this beauty the buy of the year.

A PHILLIPS EXCLUSIVE—the super aviation gasoline component Di-isopropyl (pronounced di-iso-pro-pull) now available to you in

PHILLIPS 66

Flite-Fuel

FOR YOUR CAR

Phillips 66 FLITE-FUEL is a new, smoother, more powerful gasoline made possible by the use of high performance aviation fuel components. Phillips originated Di-isopropyl and HF Alkylate—so valuable to smooth motor performance that, until recently, their use was restricted by the U. S. Government to high performance aviation gasoline. Now military authorities have released these restrictions, and Phillips can give their customers the benefits. New Phillips 66 FLITE-

FUEL provides increased power, smoother acceleration, higher anti-knock performance, greater fuel economy and freedom from stalling, along with Phillips 66 Controlled Volatility and the clean burning qualities for which Phillips 66 Gasoline is famous.

Only Phillips 66 FLITE-FUEL contains Di-isopropyl. Get this powerful new gasoline today at stations where you see the orange and black Phillips 66 Shield.

The sky's the limit...

...in your New Mercury Sun Valley

Here's the most luxurious Mercury ever built. You get a transparent top, exclusive Sun Valley colors and interiors, new ball-joint suspension, and an entirely new 161-hp V-8 engine.

Never before has a Mercury been so new and exciting. The specially molded transparent plastic roof is tinted a soft, cool green to reduce the glare . . . yet leaves you with the wide-open feeling of a convertible. The special Sun Valley interiors are exclusively styled—are found in no other car in America.

Under the hood is Mercury's entirely new 161-hp V-8. You get instant reserve power,

automatically, thanks to a new four-barrel carburetor with the two rear barrels vacuum-controlled to operate when needed.

Up front, there's Mercury's revolutionary ball-joint front suspension . . . every turn is easier, smoother.

Come in and take a trial drive in a 1954 Mercury Sun Valley. Talk things over. Let us show you how easy it is to own.

IT'S THE LAW
in Texas
A public service feature of the State Bar of Texas

LEGAL TERMS EXPLAINED

Many of the terms used by lawyers in their every day work are baffling to the average layman. From time to time explanations regarding some of the more commonly used expressions will be published in this column.

A good example of the question is, "What is a deposition?" Many people think this may be only a simple sworn statement, but their impression is wrong. A "Deposition" is a means of taking a statement to preserve testimony for future use in litigation, or to be used in a case which is then pending before the Court.

At times, when it is thought that perhaps a witness will not be available at the time a suit comes to trial, a statement is taken from him that may be used on the trial of the case. To be capable of being introduced and used on the trial of a case, a statement must be executed with certain formalities. A simple sworn statement is not sufficient.

Depositions are of two kinds. One kind is where the attorney on each side go with the witness before a Notary Public and ask the question. Questions and answers are taken down by the Notary or the Court Reporter and then typed up and signed by the witness.

The other type of deposition is one in which the questions are written out in full by the attorneys for each side and the questions are sent to a Notary Public who notifies the witness to come in and answer the questions. The Notary then reduces the answer to writing, executes his certificate that they were duly sworn to by the witness, and then returns the written interrogatories, together with the answers, to the Court for use at such time as they may be necessary in the trial of the case.

Another question sometimes asked is, "What is the difference between participating and non-participating royalty?" With reference to oil and gas leases, royalty is the sum paid to the owner of the mineral interest, for the oil and gas which is taken from the property.

If in a deed a person reserves an undivided one-half interest in and to all the oil, gas and other minerals in and under the premises conveyed, this means that the individual is retaining for himself an undivided one-half interest in the minerals.

This terminology would entitle the individual retaining the interest to a similar share in the royalty and bonus and rentals paid for oil and gas leases, and would require his signature on a lease of the whole tract of land.

Mr. and Mrs. Carl McNeese visited Mr. and Mrs. W. M. Calvert Saturday.

Mr. and Mrs. Clifford Smith spent Sunday with her parents, Mr. and Mrs. Lon Bass.

Rev. and Mrs. Charles Pickens and sons visited in the W. M. Calvert home Friday.

Mr. and Mrs. Archer Powell had dinner with her parents, Mr. and Mrs. Ivy McMahan, Sunday.

The Dry Lake Neighborhood Progress meeting was Thursday night at the Community Center. There were five extension workers from College Station and several other visitors present.

We are sorry to report that Miss Nancy Powell was on the sick list last week.

Mrs. Velma Rogers was a visitor at the Foreman Chapel Sunday.

The E. J. Lasseters returned Thursday from Stamford where they had visited relatives.

Mr. and Mrs. Ellis Draper drove to Abilene Thursday to visit their daughter, Mr. and Mrs. Billy Saxon and grandson, Royce and Lanis. The grandsons returned home with them for a visit.

Mr. and Mrs. Bob Pickens drove to Truscott Sunday to be with her sister, Mrs. Lucy Gwynn, who was recently burned badly.

If the deed reserves by proper provisions one-half of the oil, gas and other minerals, and specifies that the interest shall be "non-participating", the party reserving the mineral interest would not share in the bonus money paid for the lease, or the annual lease money paid to keep the lease in force. He would however be entitled to his share of any of the payments for oil which is produced upon the property. (This column, based on Texas law, is written to inform-not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

Cadillac

Starting the Day with an Hour's Rest!

It's about an hour from his home to his office—but he doesn't think of it as a drive at all.

He just settles back in the deep, comfortable seat—rests his hand on the inviting wheel—looks out over the hood in the general direction of the office—and starts to relax.

Comes first, the ten-mile stretch in the country.

If the car were standing still, it could not be smoother or softer or quieter—as it loafs over the broad, winding highway. There's only the faint sound of the wind, plus the receding trees and posts and buildings, to give him a sense of movement.

Almost before it begins, it seems, the ten-mile stretch is over—and a sign announces the city's limits. The soft pressure of his foot shifts from accelerator to brake—and the big car settles down easily, smoothly and quickly to the prescribed speed.

And then begins the real wizardry of Cadillac performance. Stop and go—in and out—roll and creep... all regulated with the slightest touch of toe and hand. Insofar as the driver is concerned, it's just as easy as the open road—a little slower, of course, but just as calm and relaxing.

And maybe a little bit *nicer*, in one notable respect—for now there are drivers all about him—stealing glances at his beautiful car, and wondering who's the fortunate person whose name is on the title!

What a car—for highway or street! Owners say the hours behind its wheel are among the finest hours of the day—restful, relaxing and inspiring.

If you haven't as yet driven a 1934 Cadillac—you've been missing something wonderful! Better come in soon—for the most revealing hour you ever spent behind the wheel of a motor car.

Reagan Motor Company

New Jobs for Texans

Texas industries have been providing new jobs for Texans at the rate of about 70,000 a year. That's about 200 new jobs every day.

All kinds of jobs... in offices, on construction work, in manufacturing plants, in the development of the natural resources of the State. Jobs for riggers, for secretaries, for engineers, for truck drivers, for accountants, for lawyers, for crane operators, for decorators, for sailors... all kinds of jobs.

And the reason why these new jobs have been, and continue to be available is this: Texas industry is expanding, and industry makes jobs.

On the average, each new job created in Texas requires the investment of \$12,000 capital*. Thus, Texas industry invests over three-quarters of a billion dollars each year in new plants and in plant expansion to create 70,000 new Texas jobs.

Much of this annual investment in new jobs for

Texas is made by the oil industry itself and industries which depend on oil and natural gas for fuel and raw materials. Every year a wider variety of industries put to profitable use a larger number of the resources of the State, and call on a broader assortment of available Texas skills.

Forecasters predict an even greater industrial development in Texas, and an even larger number of new jobs, as more industries recognize the advantages that Texas offers: good markets, raw and manufactured resources, trustworthy and dependable people, efficient and abundant fuel, a mild climate, and a good state government... In that list of advantages, the Texas oil industry provides raw materials for processing, and the world's finest industrial fuel—natural gas.

*In the oil industry, the required investment for each new job is over \$10,000.

Girl Scouts

SCOUTS TO HAVE CANDY SALE

For Girl Scouts, the long talked of date has arrived. A candy sale for the benefit of the six active Girl Scouts and Brownie Scout troops will begin Saturday, April 17, at 10 a. m.

At ten places downtown, the Girl Scouts will be in charge of special booths where Curtis Candy Company rolls will be sold. Other Girl Scouts will be on the streets and both Brownies and Girl Scouts will call on friends and neighbors in their homes. Brownie Scouts will be assigned special blocks in Spur so that all friends of Scouts will have a chance to enjoy these

candies. This assignment for visitations has been planned so that duplications in calls will not be made.

This candy sale is to take the place of cookie sales conducted in the past and is for regular Scout project work. L. P. Hamilton, president of the local scouts, says, "All assistance in this project will be appreciated".

TROOP XI

The Brownies of Troop XI met at the regular time and place on Wednesday, April 7, and Mary Katherine Fisher and Susan Hawkes are to be the representatives of the Troop at Lions and Rotary this week.

TROOP IV

The Girl Scouts of Troop IV met at the Public Library to add to their public service badge. Plans were made for the candy sale and for another public service project soon to be started.

Wanda Chambless and Sharon Gregory are to represent the Troop at Lions and Rotary.

TROOP VII

The members of Scout Troop VII met on Wednesday, April 7 in the Scout Little House. Plans were continued for a metal badge and plans were continued for the candy sale.

TROOP VI

The Girl Scouts of Troop VI met on Wednesday, April 7, at the Girl Scout Little House and outlined plans for a new project in Arts and Crafts. Sizes and colors were discussed and recorded and an order is almost ready for new materials. Lester Pearl Turbyville was absent.

Games were played during the last part of the meeting.

TROOP VIII

The Brownies of Troop VIII met on Monday, April 12. New membership cards were given to each girl on troop roll. Another secret was chosen and last week's secret was discussed. More work was done of the Big Secret, which will be finished soon.

Betty Lee Ledbetter and Rita East are to represent this troop at a special meeting this week.

TROOP X

The Brownies of Troop X met on Wednesday at the Little House and finished almost all the purses. All the members were present for this meeting. There are five girls who have new uniforms now.

'War Arrow' Coming To Palace Theatre

An amazing chapter in the wild history of Indian warfare has been converted into a truly outstanding motion picture adventure in Universal-Int'l-national's Technicolor production of "War Arrow," which opens with blazing excitement at the Palace Theatre Sunday. Abounding in shooting action, bristling drama and sharp characterization, "War Arrow" makes the most of its most unusual story-line.

Jeff Chandler, who has been equally effective in Indian war-paint or Cavalry blue, makes Major Howell Brady a near-fabulous Indian fighter. On assignment from Washington to mobilize the peaceful Seminoles, transplanted to Western Texas, to help put down a savage Kiowa uprising, Chandler and his two

sergeants turn out a deadly guerrilla corps through a series of astounding maneuvers.

And how those maneuvers result in a showdown with the Kiowas provides some of the most electrifying battle-scenes ever filmed—from tight ambush action to large-scale attacks and counter-attacks.

Moreover, the romantic interest that grows between Jeff Chandler and his co-star Maureen O'Hara is vital in the development of the story. For the fiery redhead, who has never looked more enticing, carries the key to the action in the traitor's secret she hides.

Chandler gives such strength to the portrayal of Major Brady that the character rises far above the usual definition of an Indian fighter. Miss O'Hara, too, stamps the story with her presence, her beauty, and her prov-

ocative allure. Suzan Ball, co-starred as a Seminole princess, is both savage and seductive. And John McIntire, as the commanding officer of the territory, adds a believable portrayal as the colonel who won't support Chandler's bold venture.

Charles Drake and Noah Beery, with many fine touches of comedy, add to an excellent gallery of personalities.

Director George Sherman, an apostle of action, has blended these sharply-etched characterizations with clash and conflict that builds to a really thrilling climax. Special salutes should be given to the meaty script by John Michael Hayes and to the exciting location atmosphere provided by producer John W. Rogers.

"War Arrow," in short, shoots straight to the mark with sock entertainment.

FUNERAL SERVICES FOR ERVIN MELVIN WARD
Ervin Melvin Ward passed away at his home in Whitney at 10:30 p. m. Sunday, April 14. Funeral services were conducted at 5 p. m. Monday at the Whitney Missionary Baptist Church by Rev. F. E. Weller. Burial was in the Heath Cemetery.
He was born and reared near Whitney and spent approximately 20 years at McAadoo. Ward leaves to survive him his wife; a brother, D. Ward of New Mexico, three children, Mrs. Lois Smith and Mrs. Ruth Russel and Weldon Ward of Whitney.

CARD OF THANKS
We wish to gratefully acknowledge the many acts of sympathy expressed by our thoughtful friends.
To those who opened their homes, those who brought food, those who sent flowers, to Bro. Stokes, Bro. Burnham and Bro. Calhoun, may we say "Thank you and God bless you."
Mr. and Mrs. Jim Derr of Irving
Mr. and Mrs. Sam Derr of Hillsboro
Mr. and Mrs. Jack Derr and children of Fort Worth
