Editor's Corner...

By Joe Harrison

We would like to start this week's column by thanking the many persons who were thoughtful enough to wish us luck in our new venture as publisher of the Texas Spur.

We're still green you might say, and will make lots of mistakes. Just hope you will be gracious enough to look over them and forgive us. We've got a lot to learn and a long way to go to put out a paper worthy of our many friends in this area.

We pray that we will continue to receive your wonderful support.

With the tornado season already underway, you might want to know that steps are being taken to provide some sort of warning system for Spur.

Nothing definite has been worked out for the warning system, which will be quite a ticklish job to say the least. Next Monday night, representatives from Spur, Lorenzo and Idalou will meet at Crosbyton to discuss strategy for setting up disaster units in case of emergency.

We have had the privilege of watching a small tornado, and they are awesome. People have a tendency to jump in their car and drive away from a tornado. This is fine... all it does is jam streets and delay fire trucks, police units and disaster teams in reaching their destination.

If a person is caught in a tornado area, there are some rules he should follow:

- (1) If out in the open, take shelter in a ditch or low spot if no cellars available.
- (2) If trapped in a house, open all windows and doors, go to the southwest corner of the room and get under that mattress from a bed. (Tornadoes usually move from southwest to northeast.)
- (3) If your plan to construct a storm cellar in the near future, here are some rules you might consider:
 - (1) Its entrance should face northeast;
 - (2) It should be located far enough away from the house that a falling wall, large trees or other debris will not block the entrance;
 - (3) The spot should be well drained and the cellar should be constructed strong enough to withstand the impact of falling debris.
 - (4) Adequate ventilation should be provided.
 - (5) And, above all, use good common sense during an alert. Panic and fear is our own worst enemy.

DITTO

The Bank of England has long required its employees to sign a daily register and record their reasons should they be late. London weather being what it is, the first tardy gentleman generally writes "fog" opposite his name, and those who follow, "ditto."

One morning the first late-comer wrote in the book, "wife had twins." Under the twice blessed gentleman's name mechanically followed 20 others, each with a "ditto."

Croton Church Slates Revival For April 11-20

Rev. Tommy Conaway, pastor of the Friendship Baptist Church, Croton community, will be the evangelist at a revival which will begin April 11 and continue through April 20. O. L. DeWees will lead the singing. Services will begin at 7:30 with prayer meeting. Song service will begin at 8:00 p. m. Everyone is invited to attend.

Jones, Goen Win In School Election

Jimmy Jones and Guy Goen topped four other candidates in the Spur Ind. School Trustee election held last Saturday. Jones led the field with 35 votes; Goen had 93. Jones, a local florist, and Goen, a rancher, are both active in civic affairs. They will be installed next Monday night at the regular meeting. The two new trustees are replacing Spencer Campbell, current board president, and J. D. McCain.

The voting breakdown follows:

Jones	95
Goen	93
Horace Hyatt	78
Jesse Morrison	68
JuDon Rickels	53
Earnest Kearney	30

Easter Services Jam Churches; Attendance Soars Over 1,000

Clear spring-like weather, new Easter frocks and bonnets were the order of the day last Sunday as Easter crowds swelled church attendance to 1,110. Last year, Easter fell on April 21, so this accounts, in some measure, for the large attendance recorded last Sunday as compared to last year when 961 attended church.

Firmen Sponsor Bill Mack Show

The Spur Volunteer Fire Department will sponsor a comedy variety show featuring a Wichita Falls radio, television and recording star tomorrow night at 8 p. m. in the East Ward Auditorium.

Bill Mack, voted one of the top ten disc jockeys in the nation and well known show writer, will bring his fun-filled show to Spur Friday night. Tickets are now on sale and may be purchased from any fireman, or they may be obtained at the entrance tomorrow night.

Admission is 75 cents for adults, 60 cents for students, and 25 cents for children, age 6-12.

Proceeds from the show will be used to buy equipment for the new disaster vehicle that the department has pressed into service.

RED CROSS DRIVE RESULTS STILL NOT AVAILABLE

Results from the recent Red Cross drive held in Dickens County are still incomplete according to Arner Watson, county chairman.

EXPERIMENT STATION SETS CATTLE FEEDER'S DAY

The annual Cattle Feeder's Day will be held on Friday, April 18, at the Texas Agricultural Experiment Station according to Station Superintendent Paul Marion.

The program will feature several distinguished speakers with J. G. Simmons, District Agent, Extension Dist. 3, presiding at the afternoon program. Guided tours and a barbecue lunch will highlight the day's activity.

County Cancer Drive Begins Next Week

Sunday, April 13, has been set aside all over the nation as "Cancer Sunday," according to Mrs. B. C. Cairnes, Chairman of the Dickens County Cancer Crusade.

"The county quota has been set at \$900 this year," Mrs. Cairnes reports. A drive for funds will be held on Thursday of next week, April 18. A house-to-house drive will be preceded by a down-town canvas according to publicity chairman Fred Arrington.

A large portion of the money collected in the Texas Cancer Crusade remains here in Texas, Arrington reports. Here is a brief breakdown of how your cancer dollar will be spent:

- 33.3 cents — Research and clinical fellowships for senior scientists throughout Texas in an all out drive against cancer.
- 24.3 cents — Professional Education and Service, keeping Texas physicians informed on latest cancer diagnosis and treatment methods.

23.6 cents—Education of all Texans through life-saving knowledge of cancer.

11.5 cents—Service to cancer patients such as dressings, bedside comforts, transportation, etc.

3.0 cents — Administration and development of the state and national cancer control program.

4.3 cents—The annual educational and fund raising Cancer Crusade.

Up until the spring of 1956, statisticians estimated that one in four Americans who had cancer was being cured. At the third National Cancer Conference in Detroit held in June, 1956, it was disclosed that one in three was being saved. This is approximately 38,000 lives being saved annually which might have been lost a decade ago.

Everyone should be alert for the appearance of any one of cancer's seven danger signals:

1. Unusual bleeding or discharge.
2. A lump or thickening in the breast or elsewhere.
3. A sore that does not heal.
4. Change in bowel or bladder habits.
5. Hoarseness or cough.
6. Indigestion or difficulty in swallowing.
7. Change in a wart or mole.

Public contributions to carry on its attack have mounted from less than a million dollars in 1944 to more than \$29,000,000 in 1957. To continue this accelerated attack, the Cancer Society relies on its independent fund raising and

educational Crusade. The 1958 goal is \$30,000,000.

Fight Cancer with a checkup and a check.

Tests Progress On Offset Well

Pan American Oil Co. has set four and one-half inch pipe in its No. 1-J. S. Swenson, southwest offset to discovery well in the Croton Creek-Tannehill field of south-central Dickens County.

Bottomed at 4,900 feet, the well indicated production possibilities on a series of cores beginning at 4,640 feet. Initial core, from 4,640-74 feet, produced 12.5 feet of sand with scattered bleeding of oil and 16 feet of formation; being 12 streaks.

Core number two was cut from 4,674-90 feet to recover 16 feet of formation; being 12 feet of sand with shale streaks and four feet of lime and shale with sand streaks. Twenty-six feet of formation were recovered in core No. 3 from 4,786-815 feet; consisting of 17.5 feet of sand with scattered light stain and 8 and one-half feet of shale without shows.

Final core, from 4,815-848 feet, recovered 32½ feet, being 10 feet of sand without shows and 22.5 feet of shale with intermittently bedded sand streaks.

Site is 1,980 feet from south and 650 feet from east lines of west half of east half of Section 275, Block 1, H&GN survey.

Rhoads Will Direct High School Band In Spring Concert April 16

William E. Rhoads, director of the University of New Mexico Band, will serve as guest conductor for the Spur Band Annual Spring Concert, April 16 at 8 p. m. in the East Ward Auditorium.

Advance ticket sales will begin this week. Admission is 25 cents for students, and 50 cents for adults. Tickets may be purchased from school students. They may also be obtained at the door the night of the concert. Local churches are cooperating with this program by meeting at 7 p. m. Wednesday night, and dismissing at 7:45 p. m.

Rhoads is a graduate of the University of Michigan. All proceeds from the concert will be used toward the purchase of new band uniforms. The concert will conclude a two day band clinic held in preparation for the hands' appearance in competition in Lubbock on April 26.

Individuals or business firms who wish to donate toward the purchase of a new band uniform should contact William Starcher, T. B. Watson, Red Hurst, or any band parent to make a contribution.

The following have pledged calves that will be sold at auction at a date that has not been announced:

Horace Wood, Cecil Godfrey, D. E. Woodward, Guy Goen and the Pitchfork Ranch.

Uniforms have been pledged by:

Lynn Buzbee, T. B. Watson, Paul Marion, J. W. Waggoner, Fred Neaves, Conner and Walker, Adrain Rickels, Marion Jordan, Jesse Morrison, Oscar Kelley, M. C. Hurt and Fred Arrington.

P-TA Sponsors 'Fun Night' For Grade Schools

The Spur East Ward P-TA is sponsoring a Fun Night tonight (Thursday) beginning at 6:30 p. m. in the High School Gym. There is no admission charge. All Primary and East Ward children are urged to come and take part in the games and relays, free and for fun.

Punch will be served and candy bags may be bought if so desired.

Robert Williams will have charge of the games assisted by H. M. Allison and E. G. Nunley. This is not a fund raising project. It is merely a Fun Night for the children.

Regular Second Sunday Singing will be held at the Bethel Baptist church in Spur April 13 at 2 p. m. Everyone is welcome.

MY CLOSEST SHAVE by Bill Bridgeman Douglas Test Pilot

Bill Bridgeman, test pilot and author of "The Lonely Sky", will never forget his first altitude run in the fantastic Douglas Skyrocket. "A 8-29 dropped me like a bomb at 20,000 feet," he recalls.

"I was climbing to 40,000 when my rocket power, cabin pressure, heat—everything failed and the window frosted over so I couldn't see. Finally, I got the radio going on an emergency battery... and a pilot in a chase plane talked me down to a safe landing."

After that narrow escape, the only close shave I want is the kind you get with Colgate Instant Shave...

TELEPHONE TALK

by Jim Garrett, Manager

We're having Open House over at the Telephone Building Friday and I hope all of you folks will drop in and see us. You'll see all of the complex equipment behind your new dial system here in Spur and some interesting exhibits besides.

One of our exhibits will show you what happens when you dial a telephone number. Another one will show you how the telephone has changed through the years—from the old whoop and holler type to the sleek new color telephones of today.

Here's something else you'll see—a portable radio that operates without a dry cell battery. This handy little gadget is called the Bell Solar Battery Radio, and it operates on power converted from sunlight.

Then of course you'll see all of the other intricate equipment we have at the telephone building. So we'll be looking forward to seeing you tomorrow at the Telephone Company Open House. Bring the entire family. It's a half-hour of fun for everyone.

SPRING HOUSE CLEANING

Is spring house cleaning under way at your home? And are you planning to do a little redecorating, too? I have a suggestion that will help and add a little color to your home whether you're cleaning or redecorating. It is this: Put some color telephones in your home.

We now have nine attractive colors plus black. The colors are: white, cherry red, pastel yellow, ivory, moss green, rose pink, aqua blue, light beige, light grey.

From this variety you can choose one or several to blend or contrast with any colors in your home.

Color extension telephones are practical, too. You'll be surprised at the steps they save: No more running from one end of the house to the other to answer. And, an extension telephone will give you more privacy on calls.

Color extension telephones are economical, too. Here in Spur they cost only \$10.00 (one-time charge) plus a small installation charge. The monthly extension charge is only \$1.00 a month. Drop by our business office and see our color telephone display.

GOING SOMEWHERE?

Some people I know have started planning their vacations because they know planning ahead can make a vacation more fun.

They've found, too, that calling ahead makes a vacation even more fun. No worry about whether you'll find accommodations. No guessing as to whether the people you want to visit are home. Calling ahead on your vacation trip or on any trip makes it more fun, gives you more peace of mind.

And, don't forget that the people at home like to hear from you, too. A telephone call is a personal, easy way to keep in touch.

Next time, call. Take the worries out of travel.

Call by number. It's twice as fast.

H. S. Choir Sings At Harmony Club

The Harmony Club, a member of the State Federation of Music Clubs, met Tuesday night April 8, in the Education Building of the First Baptist Church.

The meeting was called to order by Mrs. Rickels and the program was introduced by Carolyn George, program director. A program of choral music rendered by the High School Choir under the direction of Norman Arnett was a special occasion for those present. The choir consisted of some 37 boys and girls with Miss Roselle Marcy at the piano.

Refreshments of cookies and punch were served to the choir members and several guests before a business meeting was held.

The club voted to sponsor the High School Choir in the near future if a suitable date can be arranged.

Mrs. J. E. Berry was elected to represent the club at the convention this week in Fort Worth.

The Harmony club will assist in the Cancer drive on the evening of April 17.

The next meeting will be with Mrs. M. L. Steele and this also will be a special meeting for each member.

Dr. Wallace Speaks At P-TA

Dr. Horace Wallace, head of Department of Education at Texas Tech, was the featured speaker at the meeting of the East Ward P-TA Tuesday, April 8. He spoke on "The Promise of Tomorrow, For the Youth of Today."

Mrs. Marvin Blair presented the organization with the blue ribbon won by the Cub Scout Pack at the Scout Exposition in Lubbock. The P-TA is sponsoring Cub Pack 193.

The Melody Misses, Barbara Foreman, Margaret Bailey, and Joannie Ann Blakely, accompanied by Roselle Marcy, sang "Around the World" and "True Love".

There will be a P-TA Fun Night, Thursday, April 19. The devotional was led by the third grade Cub Scouts and Brownies.

Cub Scouts Meet With Mrs. Arnett

Den 6 of the Cub Scouts met April 2 at the home of their den mother, Mrs. E. N. Arnett. The meeting opened with the singing of "America." The boys made Easter cards for their parents and decided to make posters to encourage others in the campaign to "Help Keep America Beautiful".

The meeting closed with the Cubs forming a living circle and repeating the Cub Scout Promise.

Boys present were: Donald Ray Braley, George Arnett, Bobby Chancellor, Tommy Latham, Lynn Parker and J. C. Wright. They, with their den chief, Bozo Hudson, were served Easter candy by Mrs. Sam Braley, assistant den mother.

Mrs. Ramsey Hosts Espuela H D Club

The Espuela Home Demonstration Club met Thursday afternoon in the home of Mrs. Don Ramsey.

The president, Mrs. Bob Dixon, called the meeting to order and Mrs. Harold Karr read the Legend of the Dogwood Tree for opening exercise. The program leaders, Mrs. Toby Collett and Mrs. Victor Crabtree, gave a program on salads and salad dressing.

Refreshments of jellie roll tuna salad, pear on lettuce leaf and punch were served. Plate favors were miniature diaphanous filled with tiny Easter eggs. Mrs. T. A. Johnson won the hostess prize, which was a box of pink and blue gifts from the club members.

Those present were Mmes. Harold Karr, Sam Gannoff, Bob Dixon, T. A. Johnson, John K. Johnson, D. I. Lee, W. E. Ball, Pearl Morgan, Toby Collett, Victor Crabtree, E. J. Lassetter, C. P. Harris and the hostess, Mrs. Don Ramsey.

Visitors were Mrs. Jim Price and Mrs. W. A. Avera of Dickens.

The next meeting will be on April 17, at 2 p. m. in the home of Mrs. W. E. Ball.

Monthly Party Staged At Highway

The Highway Community held its monthly party April 7, at the Community House. The party honored Mrs. Donnie Pace and Bobbie Joe Stanley, who had birthdays in April. Mrs. Bill Rucker baked the traditional birthday cake.

Everyone brought food which was cooked on the stove at the Community House. The menu consisted of scrambled eggs, bacon, fried potatoes, salads, hot biscuits, pie, cake and cinnamon rolls.

Twenty one enjoyed the meal and games of dominoes and 84. Mr. and Mrs. Brookie Martin were the only out-of-community visitors.

Girard H D Club Meets With Mrs. Hollingshead

The Girard H D Club met April 2 in the home of Mrs. H. A. Hollingshead. There were fourteen members and one visitor, Mrs. H. L. Clepper, present.

The president, Mrs. C. C. Kimmell, had charge of the meeting. Ball call was answered with a favorite corn meal dish recipe. The minutes of the last meeting were read by Mrs. Jake Swearingen and a thank you letter from Mrs. Jack Hale. The meeting being held at Rotan was discussed and rides for everyone wishing to go will be available. The badges which were made by Mrs. Fulcher and her committee were presented to the THDA chairman, Mrs. Leva Simpson, for all who attend.

A display of corn product was on hand and slides on corn meal grits were shown by Mrs. Bill Myers. Refreshments of ice cream and home made brown sugar cookies were served.

The next meeting will be April 16, in the home of Mrs. Orwin Stephens.

Music Students Have Recital

Mrs. P. C. Nichols presented her music pupils in a recital, April 4 at 7:30 p. m. in her home at 313 E. Hill St.

Those taking part were: Mary Jane Conner, Jean Martin, Martha Ann Campbell, Hilda Frances, Jane and Patsy Powell, Louise Martin, Bill Campbell, Mollie Barron, Linda Sue Campbell and Linda Beth Morrison.

Refreshments of cookies and punch were served to the children and their parents.

Spur Circuit Family Night Meets At Foreman Chapel

The Spur Circuit Family had their regular meeting at Foreman Chapel Church Monday night. The meeting opened with group singing and a prayer by Emmett Hagins. Mr. and Mrs. Robert Williams were guests. Mr. Williams was guest speaker, his subject was being a pal to your children.

The benediction was given by Mrs. E. J. Lassetter. Refreshments of cake, coffee and punch were served by the ladies of Foreman Chapel church.

The next meeting will be at the Dickens Methodist church, Monday night, May 5 at 8 p. m. Foreman Chapel will furnish the guest speaker.

NBC Staff Member Will Conduct Piano Auditions In Spur May 8-9

LEWIS LANE

Lewis Lane, for the past twenty years a member of the staff of the National Broadcasting Co., will audition piano students in Spur on May 8-9.

Lane, from Cape Code, Massachusetts, is the founder of the Music Research Department and has been its director for the past 15 years. He is also an archivist for the American Lescchetzky Association.

Lane has been conducting auditions for the National Piano Teachers Guild for about 13 years. Teachers participating in this audition are Mrs. J. W. Henry, Mrs. Nell Gunn and Mrs. J. E. Berry, Spur; and Mrs. L. D. Wilkerson, Matarior.

Each student participating in this audition will receive a certificate, a pin, and an individual criticism from Lane.

Soldier Mound H D Club Has Quilting

The members of the Soldier Mound Home Demonstration Club met in the home of Mrs. W. H. Condon at 9:00 a. m., April 3 for an all day quilting. Each member had an opportunity to show her quilting ability. At noon a covered dish luncheon of friend chicken, buttered new potatoes, avocado salad, corn with sour cream sauce, hot rolls, lemon and pineapple pie, coffee and iced tea was served.

After lunch, the quilt was finished and the president, Mrs. B. F. Simpson of Northfield conducted a business meeting. Mrs. Barnett won the nickel game and Mrs. Martin won the recreation prize.

Mrs. John Wyatt visited the club and showed the members a very attractive planter made from tin cans.

At mid-afternoon the hostess served lemonade and cookies to Mmes. B. F. Simpson, Ollie Hindman, Dee McArthur, John Aston, Cal Martin, Floyd Barnett and John Wyatt.

The next meeting will be April 17 in the home of Mrs. Ollie Hindman.

Mrs. Merriman Honored By Golden Age Circle

The Golden Age Circle sponsored a shower for Mrs. Della Merriman, Wednesday, April 2 at 3 p. m. in the home of Rev. and Mrs. R. D. Hill.

About 40 guests met at the Methodist parking lot and went to the home in a group, as a surprise to the honoree. Mrs. Matt Howell led the group in prayer and Mrs. Lucy Bloodworth read an Easter selection and a scripture.

Each guest brought a gift, which was presented in an overflowing basket. Refreshments of cookies and punch were served.

25TH SENATORIAL CANDIDATE Stamford Senator Announces He Will Seek Second Term

During the first three months of this year, I have traveled throughout the counties comprising the 24th Senatorial District of Texas. I have visited every area and community in the district and have attempted to talk with as many people as humanly possible in such a short period. I regret that I have not been able to see and visit with more of the citizens of this district, but I am hopeful that the ensuing two months will give me that opportunity.

It has been my purpose to assemble the cross-thinking of the people of the district and obtain grass-roots opinions in order that I can more ably serve the district as State Senator.

I have discussed water problems, highway situations, hospital needs, and the imposing tax problem with men and women in every walk of life. Out of the experience of these visits I am more humbly conscious of the grave responsibility with which the next regular session of the legislature will be faced.

There is no question that in this period of economic instability there is a keen and profound need for State Government stability. That stability can be gained only through sane, sober and mature deliberation by the two bodies composing our state legislature.

As a member of the nine-member STATE TAX STUDY COMMISSION I am particularly conscious of the possibility, actually the probability, of the imposition of new tax burdens on the people of this State. During my eight years in the legislature I have

consistently opposed the imposition of new taxes. I have particularly opposed the levying of punitive taxes. It is my hope and belief that from the information being gathered and studies being made by our Commission, any new taxes recommended to the next session will be most equitable and less damaging to the individual.

The Study Commission of which I am privileged to be a member has paramount in mind the responsibility of reducing or eliminating wasteful and extravagant state expenditures before even contemplating the levying of new taxes.

Out of the visits with the citizenry of this Senatorial District, it is my true and genuine belief that the most fundamental desire of the majority of the people is that King-makers and lobbyists of the CIO-AFL not dictate the policies of State Government or control the political future of Texas. I unreservedly pledge to defend the structure of our political system and the operation of our state government against the potential invasion of stooges and candidates selfishly sponsored by the Political Action Committees of Walter Reuther.

The people of this district extended me a great honor by allowing me the privilege of serving the unexpired term of the late Senator Harley Sadler. My family and I are deeply grateful for the many experiences of friendships which were afforded us through this opportunity of public service. It is my deep hope that my conduct as State Senator has never and will never cause embarrassment or dis-

HEAVY EQUIPMENT PACKS SOIL

Excessive use of heavy machinery in farming operations tends to pack certain types of soil into unproductive hardpan or to form hard layers of soil just below plow depth, says Jack Barton, extension soil and water conservation specialist. This condition reduces the soil's ability to absorb water at the surface and slows the permeation into the subsoil. Normal root development of planted crops often is restricted. Prevention is the best way to deal with the problem he says.

Even Professor Writes Articles Dealing With Juvenile Problems

By Dr. Elmer M. Knowles
Head, Department of Child Development and Family Relations
Texas Technological College
(First in a Series of 3 Articles)

Juvenile Delinquency is a label stamped on youth by others, sometimes justly and other times unjustly. Americans are quick to label people as well as things, such as: "Inferiority Complex," "Crazy," "Square," "Misfit" and so on.

Little do those who so freely label others realize that a person labeled as a juvenile delinquent, for instance, may actually try to live up to the label stamped upon him—even though it may be an undesirable tag.

As a person grows through childhood, he "identifies" with many, many people and learns numerous roles, some good and perhaps some bad. For instance, a well meaning parent purchased a phonograph record of "Cinderella" for her daughter, who in turn played the record over and over again for some months. The mother though her daughter was only identifying

with Cinderella. She found out eventually—to her complete amazement—that her daughter was becoming more like the characters portrayed by Cinderella's sisters!

Good and bad are themes that are present in almost every story, play, radio or television program. A "cowboy" movie is a good example. A child who views any western picture sees both sides, the good and the bad. He learns both roles—the hero's and the villain's. What happens in most cases is that the child favors the hero and spurns the villain's role.

But, there are children who reach youth and find the role of the good boy less favorable than the bad one. What happens is that at times he's good and other times he may be bad or deviant. The degree of deviancy and the amount often determines the difference between a delinquent and a non-delinquent.

It is difficult to see which role—good or bad—many children will favor until it is too

late. By the time a youth gets into serious trouble and is branded a delinquent, the real damage is done. The youth is often well set in a pattern of delinquent tendencies before we make an honest-to-goodness diagnosis.

Like cancer, the sooner delinquency can be spotted and treated the better. Yet, many well-meaning persons are prone to overlook early delinquent traits with the statement:

"He's only going through a stage, he'll be all right after he passes through it."

Most of us might be more realistic if we think of delinquency as seriously as we do cancer. We certainly don't expect cancer to some how absorb itself. It needs attention and treatment—the sooner the better. The same thing is true of Juvenile Delinquency.

It is true that in some cases we can cure a person of delinquency, and thereby remove the brand or label. But the scars remain.

The ideal situation exists when we place our emphasis upon prevention so that we can devote our time, money and energies to other perplexing social problems.

HALE-AIKEN COMMITTEE

Laymen Are Participating In Grass Roots Study Of Schools

Texans who wonder whether current criticism of public schools in national publications might apply in this state don't have to take any outsider's word for it.

Any citizen can find out right in his home county, according to Mrs. Carter Taylor of Houston, president of the Texas State Committee on Public Education, a non-partisan group of laymen interested in good public schooling for Texans.

Mrs. Taylor, in Austin for a round of meetings in education circles to develop the state committee's program, pointed out that the Hale-Aiken study of Texas schools, now going on in each of the state's 254 counties, affords all citizens opportunity to discover for themselves the advantage—or the weaknesses—of public schools.

An unqualified invitation for any citizen to join in the Hale-Aiken studies through county committees has been offered by all agencies concerned, she said, and public hearings for mass participation are planned wherever possible. So are tours through the schools so that any citizen may see for himself.

A citizen need only offer his services to his county chairman in order to participate, asserted Mrs. Taylor. Any citizen who is doubtful about the means of doing this was urged to write for information to the Texas State Committee on Public Education, 2503 Avalon Place, Houston.

The so-called Hale-Aiken studies in each county are the outgrowth of legislative authorization for appointment of the Hale-Aiken Committee of 24 to review the operation of the state's minimum school foundation laws in the last 10 years for the 1959 legislature. The Hale-Aiken Committee will study and consolidate reports from each of the 254 counties, reports which the committee has said it hopes will express the voice of citizens rather than educators.

Mrs. Taylor said her state citizens committee supports the idea of laymen studying their school systems on a factual basis—finding out the merits as well as the demerits—and reaching conclusions aimed at improvement. The Texas State Committee on Public Educa-

tion is not committed to any pro or con regarding the school program, she said, and simply urges Texans to find out for themselves by working with their neighbors in each county.

Nothing that the nation's public school system has come in for renewed criticism since satellites began orbiting the earth and since the Soviet emphasis on science and technology has been revealed in some detail, Mrs. Taylor urged that critics and supporters alike find out for themselves. The 254 county committees, made up mostly of laymen, afford unparalleled opportunity to do this in Texas, she said.

Rainfall Halts Recent Slump In Livestock

Adequate rainfall along with more favorable prices has halted the downward trend in livestock numbers in Texas, according to Alvin Wooten, extension economist.

All livestock and poultry farms and ranches were valued at \$563 million at the end of the year, or 50 percent of the \$923 million value in 1957.

Wooten said the value of the livestock and poultry industry in Texas was up 10 percent from 1957.

Social Off and I Quote

"Russian teen-agers think about scientists the way our young people think and dream about becoming movie stars."

—Dr. Edward Teller, atomic expert.

"Give a cat shelter, plenty of food and a feeling of security and she will stop catching mice."

People are like ~~cats~~ —Barry Sullivan.

Man is inclined, when in the wrong, to lay the blame on someone else. He is like the small boy who was standing on the cat's tail. The mother, hearing the terrible outburst, called from an adjoining room, "Tommy, stop pulling that cat's tail."

Tommy yelled back, "I'm not pulling the cat's tail; I'm only standing on it. He's the one that's doing the pulling."

'Paths Of Glory', Gripping World War I Epic, To Start At Palace Sunday

One of the great novels of the First World War—frequently ranked with "All Quiet on the Western Front" and "A Farewell to Arms"—is brought to the screen at last with the opening on Sunday at the Palace Theatre of "Paths of Glory."

The movie adaption of the famous Humphrey Cobb novel stars Kirk Douglas, co-stars Ralph Meeker and Adolphe Menjou.

"Paths of Glory" is a Byrna Production (Kirk Douglas' own producing outfit) released by United Artists. It was filmed, over a period of some ten weeks, on location in Munich, Germany.

It was a good thing for his sanity during the filming of "Paths of Glory" that Kirk Douglas thrived on hard work. The story pivots on the character of Colonel Dax, his role in the picture. He is in almost every single scene in the film, and, for the entire ten weeks of production, worked every day. Nor was it work of the drawing-room variety. A war story that makes no bones about it, "Paths of Glory" is full of battle-field scenes, trench warfare, night marches, and other such strenuous sequences, in all of which Douglas participated.

Ralph Meeker got the role of Corporal Paris in "Paths of Glory" by virtue of his own initiative. He had come across the script accidentally, at the home of a friend, read it, and decided at once that he wanted to play the moving role of the French courageous poilu who is unjustly accused of front-line cowardice.

A new and completely different Adolphe Menjou is unveiled in "Paths of Glory." The suave, sophisticated man of the world of more than forty years of Hollywood films has been laid to rest—for good, Menjou hopes—and the actor plays one of the most powerfully dramatic roles in screen history. He portrays the cunning, cold-blooded, opportunist and diamond-hard General Broulard, whose personal military ambition leads to a heart-rending tragedy for a handful of soldiers.

CAN MAKE YOU MONEY WITH HIGHER QUALITY COTTON IN 1958

Production practices govern quantity and yield. Do your best to see that your land preparation is adequate. Check your soil fertility needs now so that maximum production of quality cotton will not be hampered by lack of nitrogen, phosphorus, potassium or organic matter. Sub soil moisture may be adequate — but check to be sure.

Planting time is almost here. Optimum planting dates on the High Plains are May 5-20. Later planting usually results in lower quality. Before planting be sure the minimum soil temperature averages 60 degrees for 10 days at an 8-inch depth from the top of the bed. Use delinted, treated seed and check for germination. A uniform stand of approximately four stalks per foot in 40-inch rows is recommended. The method of harvest to be used should help determine the variety planted.

HALE-AIKEN COMMITTEE

Laymen Are Participating In Grass Roots Study Of Schools

Texans who wonder whether current criticism of public schools in national publications might apply in this state don't have to take any outsider's word for it.

Any citizen can find out right Church home county, according to speaker Taylor of Houston, Frank Taylor of the Texas family.

Mr. and Mrs. Eastman group Lubbock came down in good and spent the night with Mrs. M. E. Tree.

Alton Estep and son, Phillip of Estacado, spent the day with his mother, Mrs. Ray George, Sunday.

Mr. and Mrs. Ray Fuller and children of Odessa and Mr. and Mrs. Buster Smith and children of Austin spent the Easter holidays with their parents, Mr. and Mrs. Willie Smith.

Jimmie Hahn, Ellis Draper Billy Hahn, and Bill Dypss went fishing at Albany Friday and made a large catch. The fish were fried Sunday evening at the home of Jimmie Hahn with Mr. and Mrs. M. E. Tree, Mr. and Mrs. Earl Fry, Mr. and Mrs. Larry Hahn and Jean, and Mr. and Mrs. John Boothe enjoying the fish.

Patsy Smith of Spur spent the night with Nelda Hahn, Tuesday night.

Mr. and Mrs. Larry Hahn and Jean came down from Lubbock Sunday and spent the day with his parents, Mr. and Mrs. Jimmie Hahn.

Lloyd Womack preached at the church Sunday morning on "Salvation, What Is It?" We had visitors from Odessa, Hamlin, Hobbs and Lubbock.

Mr. and Mrs. Conley Smith and children of Red Mud spent the day with Mr. and Mrs. Willie Smith, Sunday.

Mr. and Mrs. Loyd Rhinehart and children of Hobbs, N. M., came Thursday and spent the Easter holidays with her parents, Mr. and Mrs. Donnie Pace. Ike Rhinehart, who has spent two weeks with his grand parents, returned home with his parents.

Mr. and Mrs. Kelsey Putman and Lois went to Heerford Friday and spent the week end with Mr. and Mrs. Darrell Thomason and family.

Mr. and Mrs. Preston Smith and children of Ft. Worth spent

A citizen need only offer services to his county chair in order to participate, assert Mrs. Taylor. Any citizen who doubtful about the means of doing this was urged to write information to the Texas State Committee on Public Education, 2503 Avalon Place, Houston.

The so-called Hale-Aiken studies in each county are the growth of legislative authorization for appointment of the Hale-Aiken Committee of state's minimum school foundation laws in the last 10 years.

Mr. and Mrs. Bill Tucker attended church at Dry Lake and drove to Spur to watch the polo game that afternoon.

For those who receive the Texas Spur that do not live in Texas, we just had a two days sandstorm that filled all our houses with dirt.

Mr. and Mrs. Wilbur Stanley and children went to Post, Saturday and spent the night with Mr. and Mrs. Roy Lee Stanley.

Mr. and Mrs. Elmer Thomason and girls went to Lovington, N. M., Friday to spend the week end with Mr. and Mrs. Rayburn Thomason and Mr. and Mrs. Clifford Kyser.

COMPOST REFRESHES SOIL. Homemade compost will greatly improve the structure of garden soil and result in better production, according to B. G. Hancock, extension horticulturist. Grass clippings, leaves, weeds and plant residues are a few materials that he says will make suitable compost.

RICE SHOWS PROMISE. Two crops of rice in one year—a main crop followed by a crop produced from the stubble—show much promise in tests at the Rice-Pasture Experiment Station near Beaumont.

WEEDS HIT PASTURE. Weeds often cause a tremendous reduction in pasture and hay yields, says E. M. Trew, extension pasture specialist. Their control is essential for best returns. The methods of control he mentioned are prevention, cultivation, mowing and chemical control.

 YOU ARE HEREBY NOTICED that the City Council of the City of Spur, Texas has determined that there exists a necessity for the permanent improvement and paving of the streets and avenues of the City of Spur, Texas, as are designated in the caption hereof. Improvements to consist of the filling and grading of streets and avenues, the paving of asphalt paving thereon, and the constructing of curbs and gutters of concrete, in accordance with the plans and specifications prepared and now on file in the office of the City Secretary (the specifications for curbs and gutters being incorporated in a contract by the City of Spur with L. M. McCarty, dated March 31, 1958).
 The cost of said improvements to the property owners abutting on said streets and avenues is estimated to be as follows:
 (1) For curb and gutter the sum of \$1.25 per front foot;
 (2) For asphalt paving and other designated improvements

to the streets and avenues the sum of 1.35 per front foot; and all of which is to be assessed against the owner or owners of abutting property on said streets and avenues above designated.

Methodists Dedicate New Church

Attends Beauty School In Dallas
 Miss Hazel Scraggs, operator at the Schrimpscher Beauty Parlor, returned Sunday from Dallas, where she has been attending a short course in permanent waving given by the Eugene people.
 Miss Scraggs is very enthusiastic over the many new ideas she gained in Beauty Culture while at the school and stated that a permanent waving machine is to be installed in the Schrimpscher Shop at once, probably by the end of the present week.
Large Crowd At Church Dedication
 The dedication services of the First Methodist Church last Sunday morning were well attended, every seat in the building being occupied.
 Dr. Seletman delivered a masterly address which was very much enjoyed by everyone present.
 Dr. Haymes, who built the present church, preached a splendid sermon to a large audience in the evening.

Easter Party
 Mrs. C. L. Love was a delightful hostess to a number of guests on Friday afternoon.

The bridge tables were attractive with Easter baskets filled with bright colored candies. Tallies and favors further emphasized the Easter motif.

At bridge Mrs. F. E. Ripley, Jr., made high score and Mrs. Horace Gibson received low.
 Other guests were: Mmes. Jim Edd Hall, W. L. Gibbs, Jr., Newman, Horace Hyatt, Weldon Grimes, Dan H. Zechry, Cecil Fox, Carl Wester, Jimmie Smith, Jack Rector and Miss Daisy Gordon.

Parti Club
 On Thursday evening, Mr. and Mrs. Tracy Gorham entertained the Parti Club and guests at the home of Mr. and Mrs. C. L. Love.
 Decorations, suggestive of the Easter season, were used at the bridge tables. At the close of the games, Mrs. Gibbs and Mr. Harris were presented with high score favors. Mrs. Harkey made low score while Mrs. Gregory, of San Angelo, received guest prize.

Guests were: Messers and Mesdames W. L. Gibbs, Jr., Jim Edd Hall, Roy Harkey, Elmo Townsend, Jimmie Smith, A. C. Hull, Mrs. Gregory and Mr. Thurman Harris.

FARM CLEAN UP
 "Swing out with spring and clean up things," is the advice to farm families from the Texas Farm and Ranch Safety Council. They point out that disorder ranks second only to poor judgement as a major cause of farm and home accidents.

Rainfall Halts Recent Slump In Livestock

Adequate rainfall along with more favorable prices has halted the downward trend in livestock numbers in Texas, according to Alvin Wooten, extension economist.

All livestock and poultry on farms and ranches were valued at \$983 million at the beginning of the year, or 59 percent above the \$623 million inventory value a year earlier, points out Wooten. This sharp increase in value is a reflection of both the increased prices and numbers.

The total number of cattle and calves on Texas farms and ranches January 1, 1958, was estimated at 7.7 million head, says the economist. This is the same as a year earlier but 9 percent below the 1947-56 average of 8.5 million head.

The number of sheep on the same date was estimated at 4.7 million head—a five percent increase over a year earlier. This is the first significant increase in inventory in a number of years. In spite of much smaller lamb crop, the number of ewe lambs was 30 percent above a year earlier.

There were an estimated 908,000 hogs on Tex. farms on January 1, 1958, says Wooten. This was four percent below last year and 36 percent below the 1947-56 average. The higher prices for beef at retail should give some strength to hog prices in the fall of 1958 and keep them from falling to an abnormally low level, he adds.

Local Automobile Dealer Receives Safety Award

Godfrey Motor Company received an award this week for their contribution to traffic safety education through the loaning of a pick-up to Spur High School FFA Chapter for their use in teaching students the proper handling of one type of vehicle used in agriculture.
 The Highway Safety Award was presented by the Texas Automotive Dealers Association whose members loan pick-ups to farm clubs and cars to high schools throughout the State, without charge, in order that they may have the proper equipment to train young drivers.

TADA President Sam H. White, Houston, in commending Texas dealers on their part in this traffic safety program, says this combination of driver training and increasing farming skills through understanding of equipment is a highly commendable and worthwhile civic undertaking by the dealers.

TADA Manager Tom J. Crooks pointed out that Texas dealers have over \$1,000,000 invested in cars and pick-ups on loan to educate young people in safe driving skills and habits. Many of the cars used in this program are equipped with dual con-

tracting steadily. This year's inventory showed an estimated 2.8 million head—a two percent increase over 1957.
 On a nationwide basis, cattle numbers showed a decrease of one percent, sheep increased three percent, and hogs were about the same, though the number of sows and gilts on farms were up about five percent.

Social Security Offers Benefits

Of special interest to disabled workers is the provisions of the Social Security Act which provides for disability payments at age 50. In order to qualify for these benefits, the disabled person must be unable to perform any substantial gainful activity and must have worked under social security for at least 5 out of the 10 years immediately preceding the date he became disabled. At least a year and a half of this work must have been during the three years just before the disability began. In addition, the disabled individual must have filed an application for these benefits.

Many schools offer courses in classroom theory, but do not offer "behind the wheel" training due to the lack of qualified instructors in that phase of the program, Mr. Crooks said.

Disabled workers who have been unable to work for a prolonged period may lose their rights to disability payments at age 50 if they do not file an application before June 30, 1958. Failure to file for these disability provisions may also affect their rights to benefits upon retirement and to benefits for their survivors in the event of the worker's death.

Any disabled person who meets the requirements set forth above is urged to contact his nearest social security office. If the individual is unable to make this contact in person, a friend or relative may notify the Social Security Administration in his behalf.

A representative of the Lubbock Social Security Office will be in Spur on April 18, 1958 at 9:30 a. m. at the Justice of the Peace office and will be glad to assist in all matters pertaining to Social Security.

When Distance Is Always Tempting!

Take a new Cadillac—point its hood toward some distant destination—and watch what happens!

We would be willing to wager that day's end would find you far closer to journey's end than you could ever have imagined!

We say this because we know how wonderful the miles are when they pass beneath the wheels of a new Cadillac—and how tempting distance is when seen through the windshield of the "car of cars".

First of all, imagine how comfortable and rested you would be! The seat-cushions are soft and deep and perfectly contoured. The steering wheel is ideally positioned . . . and the car is wonderfully spacious.

Then consider how easy the car is to handle! It is incredibly agile and responsive—and wonderfully smooth and level of ride. In fact, if you have selected the extra-cost option of Cadillac's air suspension, you can scarcely detect the presence of the road.

And think of your pride and contentment! The very knowledge that your motor car is so highly admired and so widely respected adds its own reward to each and every mile.

You ought to try it soon. Your dealer will be happy to explain the virtues of Fleetwood coachcrafting—and to give you the facts on every model, including the exclusive Eldorado Brougham.
