VOLUME 8.

MULESHOE, BAILEY COUNTY, TEXAS, FRIDAY, APRIL 4, 1930.

NUMBER 8

## Water Tower Is Getting All Dressed Up

The city water tower is undergoing a dressing-up process. The Eyle Brothers Iron Preserving company of Council Bluffs, Iowa, doing the work, and, according to reports as to proposed work to be done, within a few days the old tank will be standing out like a lighthouse in a fog.

The conical covering on the tank is being painted white, as well as are the railings on the platform and the down pipe, while the rest of the structure will retain its original color of black. On two sides of the tank which face the principal highways leading into our city will be the white lettering MULESHOE, while the same lettering will appear in black on the white top of the tank.

Included in the improvements are a sanitary flush valve and a platform immediately underneath the water tank. The city water supply is now being pumped directly into the mains. There has been no water in the tank for over a week.

## New Cotton Gin Proposed Here by Rayburn

W. F. Rayburn of Marlow, Okla., was in Muleshoe Tuesday of this week seeking information as to cotton acreage in this territory and having in view the building of a new cotton gin.

Mr. Rayburn owns five gins on the Plains and has been in the business for many years. A partial check over this section shows that there is sufficient acreage for another and more modern plant, Mr. Rayburn stated. All farmers who are raising cotton or expect to plant a part of their farms to cotton this year are asked to call at the office of Sutton & Corathes and list the numbers of acres which they expect to put in. This is for the purpose of getting a correct estimate on the 1930 crop.

Mr. Rayburn, who is president of the Oklahoma Cotton Ginners Association, was well pleased with the country here and stated that he would return in about two weeks to complete plans for the coming season.

## Used Cars To Be Placed On Auction Block

One of the largest sales ever held in this part of the country will be put on Friday of this week when Valley Motor Company, combined with Hutto Chevrolet of Sudan, and B. & M. Chevrolet Company of Earth, put up 92 cars to be sold at auction. This sale will be held at Muleshoe on the trading lot of Valley Motor Company. There will be three sales, one at 10:00 a. m., 2:00 p. m. and at 7:30 p. m.

According to officials, these cars will be demonstrated before being put up to sell if so desired. There will be practically any model car one would wish for as well as some fifteen or sixteen trucks and all will go to the highest bidder. Tickets will be given away and after the night sale, one good used car will be given as a prize. Call at Valley Motor as soon as you get to town, register and receive ten tickets. We wish to call the attention of our readers to the ad which is being run by these firms in this issue of The Journal.

C. S. Waddell of Friona was in Muleshoe Tuesday of this week on business.

## Defends Youth

Rev. Daniel A. Poling, D. D., President of the World's Christian Endeavor Union, who told the House Judiciary Committee that modern young folk are not the animals they have been represented.

## Farmers Urged To Use Care In Planting

LUBBOCK, TEXAS.—Growers of Sudan grass and cane seed should be extremely careful in the kind of seed planted, and the land where these crops are planted, D. F. Eaton declared here today.

While these crops produce well in other sections, it is a recognized fact that the seed produced in other sections of the nation, are not suitable for re-planting, hence, the Plains of Texas seems to be destined to hold the monopoly in the future of the seed producing section of the nation for Sudan and cane seeds.

There is one serious question mark in the future of this seed business, however, Eaton says, and that is the future demand of growers in other sections.

This question mark comes from neglect on the part of a certain per cent of growers on the Plains, rather than from any quality of the pure product. In the past few years, in many cases, by planting these seeds on land infested with Johnson grass, or the seeds that have been planted have been mixed with Johnson grass, or other hybrids and as a result the crop when harvested had these impurities.

In permitting such a practice, the farmer is killing the "goose that laid the golden egg," Eaton says. A farmer may think that he may "get by" with this practice, but every time these seeds go out from the Plains of Texas with impurities in them, the farmer who produced them is helping make a black mark against these seeds, that may eventually reduce to a minimum, or entirely, the demand, on the part of outside growers, for this seed.

## REMODELING OF POLLY'S BEAUTY SHOP NOW FINISHED

Polly's Beauty Shop, located in the basement of the McCarty Drug Store, has just been completed after having been remodeled, the work having been going on for the past two weeks. The shop has been completely remodeled, repainted and papered throughout, and now is the last word in beauty and design.

The pol-parrot effect is carried out throughout the decorative design, with ornamental parrots placed here and there about the reception room, and the draperies, which cover the doorways leading from the reception room to the three booths, also bear the pol-parrot design.

The shop which is equipped with the latest electrical equipment, is a credit to our city and Polly Smith, proprietress, and she is to be complimented upon her achievement.

Polly is a graduate of the Parsons School of Beauty Culture at Abilene, and is an experienced and accomplished beauty specialist. She invites you to visit her and inspect her shop.

## THIRTY-EIGHT SIGN UP FOR LOCAL GOLF CLUB

A meeting of the Muleshoe Golf Association was held last Thursday night at the Legion Hall with President Connie Guppton and Secretary H. A. Bryant in charge. To date 38 have signed up for the club.

The Journal has been requested to announce that the salesman of golf clubs etc. will be at the Western Drug Co. on Friday after 10:00 a. m. It is understood that all first-order material will be sold to local players at cost.

## Local Markets

This report is received each Thursday morning between the hours of 9 a. m. and 11:30 a. m., and is subject to change without notice. Markets are furnished by local dealers for the benefit of their patrons.

## Proposed Rail Line Welcomed In Panhandle

With 350 citizens of Hale, Lamb and Bailey Counties, pledging their support to any railroad which will seek application for a permit to build a line from Plainview west to Muleshoe, and the report that the Fort Worth and Denver is a surveying crew in the territory west of Dimmitt, prospects for the continuation of the battle for railroad supremacy in the Panhandle-Plains are bright.

Delegations from Plainview, Hale Center, Olton, Halfway, Earth and Muleshoe met in Olton last Thursday and discussed the need for another railroad west of Plainview.

Resolutions were unanimously adopted pledging the support of the cities represented to any railroad company that would seek to build such a line. The secretary of the meeting, Cecil H. The Muleshoe, was instructed to mail copies of this resolution to the leading railroad companies serving West Texas.

A year ago, the Santa Fe made application to build from Hale Center to Olton and then northwest to Parnett. This application was denied by the Interstate Commerce commission, but there are persistent rumors to the effect that the Santa Fe will make another effort to construct a line in that territory, probably from Hale Center to Muleshoe.

Residents of that section are authorized by the statement that a surveying crew of the Fort Worth and Denver is at work west of Dimmitt, but Denver officials are noncommittal on the subject.

Lamb county is developing into one of the leading agricultural counties of the Panhandle and at present is served only by the Texico-Lubbock line of the Santa Fe which crosses the southwest corner of the county. Citizens of Olton in presenting their claim for additional railroad facilities assert that this service is not adequate particularly since there are a series of sandhills between the present railroad and the rapidly developing agricultural territory around Olton.

Proponents of the line from Plainview or Hale Center west to Muleshoe assert that the line would not traverse any acre of land that is not tillable and that such a railroad would open up for further development one of the richest agricultural sections of the southwest, including a large body of ground underlain with water from fifteen to twenty feet deep, west of Muleshoe which is ideally adapted for truck and intensive farming.

About twenty citizens of Muleshoe and community attended the meeting at Olton last Thursday. Pat Campbell of Olton was elected chairman of the meeting and Cecil H. The Muleshoe was elected secretary. The committee elected to draft resolutions in support of the line were: Judge Cook, Plainview; W. J. Lewis, Half Way; H. P. Webb, Olton; H. B. Smith, Circle; J. N. Baker, Center; J. W. Kelly, Earth; R. L. Brown, Muleshoe.

Judge J. E. Atcherson of Crowell, Texas, was in Muleshoe Thursday.

## Enumerators Now Busy In Big Check-up

The work of taking the census started in all parts of the United States on Tuesday of this week. There are only four enumerators for this county which has been divided into five districts. The following have been assigned the work for Bailey county: Miss Helen Boarden, districts 1 and 2; Louis Rice, district 3; R. L. Brown, district 4; Warren Powers, district 5.

An effort will be made to call on every family in these districts so that the work will be thorough and correct. Everyone is asked to have the answers to questions as near ready as possible before the enumerators call so as to save unnecessary delay. Many of the more important questions that will be asked have been given wide publicity in the press of the country so that the people might be prepared. The entire job is expected to be finished within two or three weeks.

## 78 Votes Polled In City Election; Mardis Mayor

Small interest was taken in the City elections held here Tuesday, there being only 78 votes cast. Of this number, C. C. Mardis received 76 for Mayor and D. L. Kendrick 2.

Ray Griffith and T. E. Arnold received 76 and 83 votes respectively for Commissioners. Other citizens who received votes for Commissioners were: Will Harper, 2; C. D. Guppton, Sr., 1; C. S. Holland, 1; Connie Guppton, 2; H. C. Henington, 2; A. V. McCarty, 1.

## WINS HONORS

Word was received here last week that Glenn Rockey, son of Mr. and Mrs. Neil Rockey of Muleshoe, was winner of first place in piano at the Music Festival which is being held at Lubbock. The quartet of which he was a member was also winner of first place.

## Meeting Called To Organize A Farmer Elevator

Last Saturday a number of farmers met at the court house here to talk over plans for a Farmer's Elevator in Muleshoe. It is understood that this matter has been discussed among farmers of this section for some time, but no action has been taken. At the meeting last week it was decided to announce to the public that a meeting would be held on Friday night, April 4th, for the purpose of organizing a Farmer's Elevator company. All farmers in this territory and any others who are interested in the plan are urged to attend this meeting which is called for 8:00 p. m.

## Sneak Thieves Enter Henington Grocery Store

An April Fool trick played on Henington Cash Grocery last Monday night cost that firm approximately \$18.00 in cash. The joke was also lacking in fun, as to date none of the money has been found. Upon arriving at the store early Tuesday morning, Mr. Harris found the glass of one door taken out. The molding had been pried off, and the glass placed inside the store. This had been done very carefully and neither glass nor molding were damaged. After trying to work the cash register for some time it is supposed, a screw driver or some tool had been used to force the drawer open. A check of the store showed that nothing else of value had been taken. To date the guilty parties have not been found.

## SIXTEEN BASEBALL PLAYERS OUT FOR PRACTICE SUNDAY

Sixteen baseball players were out for practice last Sunday afternoon, according to Manager E. A. Garrett, and several of these players are looking mighty good, giving Muleshoe a fair start for a good team for the season.

The Sudan club was over at that time for practice with them, and all players had a good workout. It is too early to select players for the various positions. Manager Garrett thinks, but he is well pleased with the prospects, and urges that all who may be interested come out for practice and help put the team over in a big way.

## Hobbs, N. M., Will Celebrate Railway Advent

Hobbs, N. M.—There is going to be at Hobbs, N. M., out in the Lea County old field, one of the biggest celebrations on the 19th and 20th of April, that southeastern New Mexico has ever known.

This great oil field is developing fast and the people there are celebrating the coming of the first railroad into the county.

There will be a wild west roundup each day, and all who enjoy living again the fast fading west will certainly enjoy being there.

The great feature of the two days will be the Dog-Wolf rodeo, put on by Mr. Roy Moreman of Brownfield, Texas. This is something new in the way of entertainment. Mr. Moreman has almost 100 wolves caught for the occasion. There will be a small entry fee charged for the dogs entering, and many prizes will be offered. The dogs will run in pairs. If you or your neighbors have fast running dogs, take them to Hobbs and get a prize.

## Clifford West Fatally Burned Near Amarillo

The charred body of Clifford W. West, 34, Moore county wheat farmer who died in Amarillo Tuesday after his clothes had been burned from his body Sunday night, is being held at N. S. Griggs & Sons chapel until relatives arrive to make funeral arrangements.

After flames from gasoline, with which he was trying to start a fire in his tent near Dumas, had burned him almost beyond recognition West walked two miles to the home of a neighbor, Jim Morton. Morton brought him to a hospital here, where he died at 4 a. m.

All relatives, mostly in Fort Worth and nearby towns, have been wired of the tragedy and they are reported on their way here.

West was living in a tent on his newly acquired farm until he could build a house. The tent was burned to the ground.

His sister, Mrs. O. L. Moore, Shinnert, was on the way to visit him and had arrived in Dumas when the accident occurred. She found the tent burned, and after investigations she rushed to Amarillo. Arriving shortly before her brother's death, she found him able to talk feebly, and he spent his last few hours with her by his bedside.

Mr. West was the son-in-law of Mr. and Mrs. T. L. Eason of Muleshoe. The Journal, together with the many friends of Mr. and Mrs. Eason extend sympathy in their hour of sorrow.

## ENGINEER'S SHOW AT TECH TWO DAYS, APRIL 11 AND 12

LUBBOCK, TEXAS.—All details are now practically worked out for the second annual Engineer's Show at the Texas Technological College, Haynie Spencer, of Cross Plains, senior student at the college, manager of the show has announced.

The show will be held Friday evening, April 11, and all day Saturday, April 12.

Invitations are being broadcast thru the newspapers of this section to every one interested to attend this free show. Everyone is invited, Spencer says, and we are particularly anxious to have engineers come see the equipment we have, and the manner in which the future engineers of this section are being trained.

High school and grammar school students are likewise extended a special invitation to attend the show as well as business men.

Special invitations will be sent out to state officials and others.

## College Band To Play Here On April 8th

The West Texas State Teachers' College band will be in Muleshoe on April 8th for one concert at the High school auditorium. The band will be served lunch by the Baptist ladies and the program will be given at 1:00 p. m., which is free to everyone.

The West Texas Teachers' College has always had one of the best musical organizations in West Texas and has taken part in practically all entertainments of major importance in this section of the country. If you like music, come to the High school next Tuesday and hear some of the very best.

## PIE SUPPER AND SPEAKING AT WEST CAMP ON APRIL 11

The Journal is asked to announce that there will be a pie supper and candidate speaking at West Camp on the night of April 11. Everyone is invited to attend. Proceeds derived from this entertainment will go to the library fund and for play-ground equipment.

Esther Leve, 21, was separated from her parents at 7 and brought to America. Her father hunted all over Europe for her. In the press clipping bureau in Chicago where she works she found his name and address and a starting for Palestine to join him.

# Dallas Lady Glad To Praise Famed Konjola

Neuritis And Stomach Troubles Soon Banished By Power Of New Medicine.

MRS. E. M. FITZGERALD

"I never had the least idea Konjola would help me as it did," said Mrs. E. M. Fitzgerald, 4533 Worth Street, Dallas. "My stomach gave me a great deal of pain and trouble. Gas accumulated in my stomach after meals and the pressure against the heart caused that organ to beat wildly. Neuritis attacked my side and my right arm and shoulder. These pains were often so severe that I could not do my housework. I did not sleep at night and became very nervous."

"Konjola is fast bringing me back to health again. My stomach is in excellent shape and I can eat almost anything without distress. The neuritis pains are gone, my sleep is normal once again, and my nervous condition has greatly improved. I shall always recommend Konjola to anyone suffering as I did."

Konjola works with the important functional organs of the body, drives the poisons from the system and regulates the organs of digestion and elimination. In this way glorious and abundant relief is brought about. It is recommended that Konjola be taken from six to eight weeks for the best results.

Konjola is sold in Muleshoe at McCarty Drug store, and by all the best druggists in all towns throughout this entire section.—Adv.

## Big Square News

Elmer Wray and family have returned from Arkansas and are now permanently located with his father on the farm.

A good attendance at Sunday school. Come on folks and let's make it a hundred per cent.

A. Scott and family and Mr. and Mrs. Glenn Stiles were Sunday visitors

in the home of Emerson Wyer. Remember the all-day singing at Bigsquare April 6. Everybody welcome. The play "That's One On Bill," will be staged by the pupils of the Big-square school on Friday night, April 11, at the school auditorium. A small admission will be charged which will go to the benefit of the school. Everybody invited.

Charles Pinley and wife from Silvertown have moved into rooms of the home occupied by Emerson Wyer, it being understood he will farm in that vicinity.—Reporter.

Visitor: You are growing into a nice little fellow and will be just like your father.

Little Boy: Yes, that is what mother is afraid of.

## CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Bailey County, Greetings:

You are hereby commanded to summon William E. Chapman, and heirs and legal representatives of the said William E. Chapman, whose names are unknown, and the addresses of each and all of the defendants being unknown, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County. If there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Bailey County, to be held at the Court House thereof, in Muleshoe, Texas, on the first Monday in May, A. D. 1936, the same being the 5th day of May, A. D. 1936, then and there to answer a petition filed in said Court on the 29th day of April, A. D. 1936, in a suit, numbered on the docket of said Court as No. —, wherein Maple Wilson is Plaintiff, and William E. Chapman, and heirs and legal representatives of the said William E. Chapman, whose names are unknown, and the addresses of each and all of the defendants being unknown, are Defendants, and said petition alleging that plaintiff is the owner in fee simple of and entitled to the possession of, and ousted the Plaintiff, and withhold from him the possession thereof, to Plaintiff's damage; and Plaintiff says in connection herewith that Joseph H. Oglesby is common source of title.

For second count, Plaintiff says that he is the owner, in fee simple, of the South Half of Section 19, of the Carter Subdivision of the Hansford County School Land Leagues, in Bailey County, Texas, and that as between him and the defendants, Joseph H. Oglesby

is common source of title; that the said Oglesby conveyed the land to Matthew C. Vaughan, by deed dated December 1, 1911, filed January 8, 1912, recorded in Vol. 7, page 565, Bailey County Deed Records, and that Vaughan conveyed said land to John Kerperich by warranty deed, dated December 12, 1911, filed January 8, 1912, recorded in Vol. 7, page 566, Bailey County Deed Records, and that by deed dated March, 1930, duly delivered to Plaintiff, said Kerperich conveyed said land to Plaintiff Wilson, and that Plaintiff is the legal owner and holder thereof.

Plaintiff shows that the said Joseph H. Oglesby, by deed dated March 19, 1913, filed March 25, 1913, recorded in Vol. 8, page 460, Deed Records of Bailey County, Texas, the land was conveyed to Thomas Gamon, Jr., who by his deed dated December 30, 1913, filed January 17, 1914, recorded in Vol. 8, page 838, said deed records, conveyed the land to Defendant, William E. Chapman; and that at the time of the two last mentioned conveyances, Plaintiff's grantor had paid a valuable consideration for same, without notice of any other person's rights, and that his deed was duly filed for record in the proper county; and that Defendants have no other claim of title than that as set out, which is void because the same arose after Plaintiff's grantor acquired a good title to such premises without notice.

And in connection with the second count, Plaintiff says, and by virtue thereof, he is the owner in fee simple of, and entitled to possession of the South Half of Section 19 of the Carter Subdivision of the Hansford County School Land Leagues in Bailey County, Texas, and was in possession thereof on the 29th day of March, 1930, and on said date the Defendants unlawfully entered in possession thereof, and ousted the Plaintiff, and withhold from him the possession thereof.

WHEREFORE, Plaintiff prays for service upon the defendants that upon hearing he have the title to and possession of said property, together with such other and further relief as in law

or equity, he may be entitled to receive. Herein fall not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Muleshoe, Texas, this 2nd day of April, A. D. 1936.

J. L. ALSUP, Clerk  
8-4 District Court, Bailey County.

## NOTICE OF SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF BAILEY.

By virtue of an Order of Sale issued out of the Honorable District Court of Bailey County, on 27th day of March, A. D. 1936, by the Clerk thereof, in the case of Muleshoe National Farm Loan Association versus C. H. Long et al, No. 462, and to me, as Sheriff, directed and delivered, I will proceed to sell for cash, within the hours prescribed by law for Sheriff's Sales, on the First Tuesday in May, A. D. 1936, it being the 6th day of said month, before the Court House door of said Bailey County, in the town of Muleshoe, the following described property, to-wit:

All the Northeast Quarter (N. E. 1/4) of Survey or Section Number Twenty-three (23) in Block "Y" of the WD & FW Johnson's Subdivision in Farmer and Bailey Counties, Texas, containing 160 acres of land, as shown by the plat of said subdivision, recorded in the Deed Records of Bailey County, Texas, in Vol. 3, Page 350 and 353, and except one acre of land heretofore conveyed by Emil Wellandt and wife to Bailey County Cemetery Association out of the Northwest corner of said tract, situated in Bailey County, Texas, levied on the 27th day of March, 1930, as the property of Charles H. Long and Effie Mae Long to satisfy a judgement amounting to \$166.86 in favor of Muleshoe National Farm Loan Association and costs of suit.

Given under my hand, this 27th day of March, A. D. 1936.

H. A. DOUGLASS, Sheriff.

## CERESAN

For Seed Grains

A new and exceptionally effective dust disinfectant for seed grains. It usually controls such weed-borne diseases as bunt or stinking smut and flag smut of wheat; loose and covered smuts of oats; stripe disease and covered smuts of barley; loose smut in certain varieties of six-row-winter barley; stem smut of rye; and kernel smuts of sorghum. Ceresan is harmless to seeds and does not clog or corrode drills. Costs only 6 to 8c a bushel of seed grains.

For sale by us in the following size tins:

1-LB. TIN..... 75  
5-LB. TIN..... 3.00

## SEMESAN Jr.

For Seed Corn

Proved by Government tests to be the most effective dust known for treating seed corn against certain diseases which cause poor stands, blighted seedlings and unprofitable, barren and rubbin-bearing stalks. Semesan Jr. also generally preserves seed against rotting in cold, wet weather; increases germination; invigorates seedling growth; develops sturdier plants; reduces down corn; improves the quality and increases yields. Treats field corn at a cost of less than 3c an acre.

For sale by us in the following size tins:

1-LB. TIN..... 1.75  
5-LB. TIN..... 8.00

Odd Beliefs Take Hold

of Salt-Water Sailors Sailors and superstition have always been closely allied writes Stanley Paul in Pearson's Weekly. Sailors attribute many virtues even to the saltiness of sea water. In Brittany the fisherfolk believe that the best treatment for a cold in the head is to drink a glass of sea water in the morning and evening. In various parts of the world sea water is used as a lotion in cases of local inflammation, stiffness of the joints, and spine disease. Many old sailors still maintain that the sound of the waves foretells certain events. Thus, on the coast of Cork, when the waves are producing an extraordinary roaring noise it is taken as predicting the death of a great man. There are still apparently sailors who believe in modern Jonahs—that a tempest is due to the presence on board ship of some one who has something on his conscience. The story is told of a English captain who quite recently went to sea without paying his debts. A terrible gale arose, and the vessel got into such difficulties that the captain was so other way out of the sea, and showing the "be" containing his cash into the sea. It nearly broke his heart as he dropped his every penny over the side, but the storm abated almost immediately.

White Bread Suspected

as Cancer Provocative An eminent physician who practiced for many years in Simla states that the natives of the Punjab, the northwest province of India, whom that is mainly coarse whole-wheat bread, seldom suffer from cancer. An equally distinguished surgeon recently pointed out that white bread may be one of the causes of cancer and other diseases. The diet of these people consists of highly scorched un-leavened bread, made from a dough of whole-meal stone-milled unsifted flour into cakes about the size and shape of our panekakes. This bread is eaten with dal, a sort of pulse, or with curried vegetables. A large quantity of cellulose is taken in the form of raw radishes, sugar cane and raw fruit. The peasants also drink quantities of milk. With them bread is the staff of life. They have magnificent teeth and are usually of fine physique.

The Single Attraction

According to gossip that has continued hundreds of years, Aristotle was one of the wisest of men, and his education enormous. Yet he was a fool about women. Speaking of his cunning, he said: "There is no remedy except that of keeping away from them." Here is a flaw in his philosophy. It isn't cunning that makes women powerful. It isn't beauty, or intelligence, or goodness: it is sex. Cleomeleon, who died the other day at an advanced age, said during his illness he wanted no woman around him. Except the brief sex attraction, men and women do not like each other.—Ed Howe in How's Monthly.

Electricity to Induce Fever

Electricity has been used successfully in inducing an artificial fever in some patients suffering from ill which are combated by fever, notably parais, says Popular Mechanics Magazine. The use of fever in treating certain diseases is based on the theory that fever is one of the major defensive measures of the body against invading organisms. Previously malaria had been used to produce fever, but doctors recently have used temperatures by using an electric current from a diathermy machine which was found to give better control of the degree and duration of the fever.

10,000 CHICKS TO ONE CUSTOMER

That is the way our famous WHITE LEGHORN chicks are selling this season.

CLOVIS and PORTALES

YL News Items

The P. T. A. met last Friday night. Mr. I. F. Willman was elected president. Perry McMinn and Jerre Beller attended the music recital of Miss Thelma McMinn at the W. T. S. T. C. in Canyon last Friday evening. Later they went to the Students Federation banquet. Mr. and Mrs. E. C. Priboth returned Sunday from Abilene where Mrs. Priboth has been for an examination. Maynard Hupp who received a broken collar bone during the track meet has returned to school this week. Mr. and Mrs. Ernest Lovelady visited Sam Huston of Fairview Saturday and Sunday. Several people from this community attended the singing convention at Baileyboro Sunday. Mrs. Joe and Mrs. M. H. Armstrong called on Mrs. Joe Jarmon in the Lazzuddy district last Tuesday evening. Mr. and Mrs. Martin Evans motored to Clovis last Saturday. Mr. Hugh Gainer was in Plainview Friday on business. Mr. and Mrs. Lawrence McKillop of Pecos spent Wednesday night with L. T. McKillop and family. Mr. and Mrs. Joe Armstrong and sons, J. C. and Lee, and Mrs. M. H. Armstrong who is here from Marlow, Okla., spent Sunday with Mr. and Mrs. Frank Armstrong of St. Vrain, N. M. Mr. and Mrs. D. B. Head and Miss Helene Head spent the week-end in Boravia visiting in the home of Mr. and Mrs. J. J. Head.

Miss Kathleen Willman entertained the Loyal friends Sunday school class with a party last Thursday evening. A number of interesting games were played in the house, then refreshments of sandwiches, grape juice and candy were served. After refreshments the young folks played outside. They departed at a late hour, all reporting a very good time.—Reporter.

Caligula's Gallies

The gallies of Caligula which were restored are specimens of naval antiquity nearly one thousand nine hundred years old. Aside from the value of the gallies themselves there were objects of art and other valuable material in them. During the process of bringing these to the surface and lowering the level of the lake, an opportunity was afforded for exploring the submerged banks, which was of great archaeological interest because of the magnificent Roman villas that formerly lined them.

Order Not Rescinded

Drury Lane, the great home of pantomime, used to enjoy a unique distinction among London theaters. For ever a century and a half soldiers were placed on guard outside the doors during every performance. Many thought the guard constituted a recognition of old Drury's status as a Theater Royal, but actually it was set there to prevent a threatened riot one night when George II was to be present. The order not being countermanded, the guard was continued until 1894!

Impossible to Exhaust Trinidad Asphalt Lake

Oil was first found in Trinidad in 1828 but there were no roads, and the supply did not seem large enough for export. That spring is still running, though many people are at first unwilling to believe that oil of such quality can be found in a natural state. A beautiful providence has endowed Trinidad not only with oil but with asphalt, which is contained in a vast lake known as the Pitch lake. This lake is so solid that you may walk on it, and train lines along which the excavated asphalt is transported, are laid on its surface. It is, nevertheless, in constant motion, and the holes made by a day's digging fill up with unexpected rapidity. The streets of London, and of many other great cities, are paved with the produce of this extraordinary lake.

The Easiest Way

Too many people are absolutely indifferent to work. They take no interest in doing it exactly right, in doing it quickly, or getting it out on time. Life to them is just one long, draws-out dream of "getting by" in the easiest way, and with as little exertion as possible, of either mind or body. Their idea seems to be "To Let George Do It." Again, there are others, splendid examples of those who know what to do, and have the capacity and willingness to do their part. All such are great factors and forces in making a business go and grow.—Now Albany Tribune.

Significance of Linked S's in Mayoralty Chain

The golden chain made of linked S's has been used by London's chief magistrate for nearly 400 years. The existing chain was bequeathed to the mayoralty in 1545 by Sir John Aleyn, who had himself been lord mayor 20 years earlier, and was worn for the first time by Sir William Laxton in 1546. Sir John Aleyn's bequest took its curious form by reason of the popularity of the "S" design in Tudor times, when, together with the Tudor rose, it was the cognizance of the royal house. But long before that the "S" was a religious symbol, at a time when the universal piety caused every piece of jewelry to convey some heavenly significance. It is the initial letter of Sanctus, or holy, which starts the hymn, "Sanctus, Sanctus, Sanctus," chanted by the priest in celebrating mass. From this the "S" came to be regarded as an emblem of the Savior.

Put Them on Now

next summer they'll still be like new!

This is the time of year when you need under you the best tires that money can buy. You need the extra grip of clean-cut unworn new treads on icy streets and slippery roads; you need protection against the delays and annoyance of tire trouble in the cold. You can have the extra safety and extra comfort you want now, and still have new-tire serviceability left for next summer, if you buy Goodyear Double Eagle Tires. Their deep-cut sure-footed All-Weather Tread is almost double-thick; their extra-strong Super-twist Cord body is almost trouble proof—they are built, regardless of cost, to be the finest tires the world has ever seen. Goodyear Double Eagle Tires cost of course a little more to buy; but tire prices are so low now that the little more they cost is more than offset by the extra mileage they give. If you want a new experience in tire performance and tire satisfaction, just visit the nearest Goodyear dealer and have him put Double Eagles on your car. Goodyear can give you greater tire values because Goodyear builds more than 1/4 of all the tires sold in America, the remainder being divided among some fifty manufacturers. "More people ride on Goodyear Tires than on any other kind."

**MISSIONARY SOCIETY, M. E.**

The Missionary Society of the M. E. church met at the home of Mrs. Mardis with nineteen members and two visitors present.

The meeting was opened by singing "Blessed Assurance" and "Amazing Grace," with Mrs. McCarty at the piano.

Our president then read the first ten verses of the sixth chapter of Galatians. Mrs. Haney led in prayer, then each one present answered roll call with a verse of Scripture. The business meeting was taken care of, then the meeting was turned over to Mrs. Stone, the leader of the program. The program was a very enjoyable one.

Misses Opal and Jewel Haney with Miss Jewel at the piano, sang a song which was beautifully rendered, and enjoyed by everyone.

The next meeting will be at the home of Mrs. Arnold Morris.—Reporter.

**BAILEY COUNTY SINGING CONVENTION TO BE HELD HERE**

Contrary to previous arrangements it has been reported to The Journal that the Bailey County Singing Convention will be held in Muleshoe at the High school auditorium on the second Sunday in April. H. Sterling is president of this organization. It is probable that further reports will be given next week.

**Town Talk**

Early Joiner of Bovina spent the week-end with his parents, Rev. and Mrs. C. A. Joiner.

I. R. Rogers, father of V. B. Rogers, new manager of the Panhandle Lumber Company, has recently moved here to make his home. Mr. Rogers is a building contractor and now is constructing a new residence for his son.

Mr. and Mrs. H. C. Edmonds were in Lubbock Tuesday.

Mrs. G. W. Sollock of Rule is visiting her daughter, Mrs. J. E. Adams.

P. A. Walker of Clay Center, Kan., was in Muleshoe last week on business.

Mr. Spivey of Hillsboro, Ill., was a business visitor in Muleshoe Monday.

A. J. Gardner and family have returned from a trip to Hollis, Okla.

J. D. and T. J. Summerour of Vernon were looking after land interests in Bailey County Tuesday.

Judge Harry A. Lanning of Seneca, Kan., was a business visitor in Muleshoe Tuesday.

K. K. Smith returned Friday from a trip to Amarillo.

B. J. Parker of Vernon was in town Tuesday.

Mr. and Mrs. C. C. Mardis, Mrs. B. W. Carles and Miss Beth Mardis spent Sunday in Tulla with Mr. and Mrs. Ivan Mardis.

Cy Leland, Sr., of Fort Worth was here Friday.

J. M. Simpson of Amarillo was here Friday.

Charles Pomeroy of Amarillo was here Sunday.

Mr. and Mrs. Geo. Brassfield and Cecilia spent the week-end in Amarillo.

Miss Ruth Bearden has accepted a position in the Muleshoe postoffice.

Mr. and Mrs. Jerry Joalin left Wednesday for Round Rock, Texas.

Miss Avenelle Motherall is suffering this week with a sprained ankle.

Mrs. E. J. Vance and Sherman were over from Dimmitt Wednesday.

Mrs. V. B. Rogers and children are now here to make their home.

### CITATION BY PUBLICATION

THE STATE OF TEXAS.  
To the Sheriff or any Constable of Bailey County—Greeting:

You are hereby commanded to summon Floyd Coyle by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Bailey County, to be held at the Court House thereof, in Muleshoe, on the first Monday in May, A. D. 1930, the same being the 31st day of May, A. D. 1930, then and there to answer a petition filed in said court on the 21st day of October, A. D. 1929, in a suit numbered on the docket of said court No. 512, wherein Agnes Coyle is Plaintiff and Floyd Coyle is Defendant, and brief statement of Plaintiff's cause of action, being as follows:

That the plaintiff is the wife of the Defendant and Plaintiff lived with Defendant as the wife of Defendant since their marriage until on or about the 15th day of July, A. D. 1928, when by reason of cruel and harsh treatment and improper conduct of the Defendant toward Plaintiff she was forced and compelled to permanently abandon Defendant, that the Defendant by a series of studied vexations and deliberate insults caused the Plaintiff such mental worry that her health if not her life was impaired and that defendant's actions and conduct toward her are such as to render their further living together as husband and wife insupportable.

Plaintiff prays judgment of the court dissolving the said marriage relations.

Herein Fall Not, but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed same.

Given under my hand and seal of said Court, at office in Muleshoe, Texas, on this the 3rd day of April, A. D. 1930.

J. L. ALSUP, Clerk.  
District Court Bailey County, Texas.  
8-4c By LOLA LIPSCOMB, Deputy.

### CARD OF THANKS

We wish to thank each and every one who contributed in any way to the building of the parsonage for the M. E. Muleshoe circuit. May our Heavenly Father richly reward every one.

R. I. BAYLESS, Pastor.

### About Politics

By OLD BALDY (Himself)

Do you folks realize how many people of this state are in politics? For the benefit of those who do not know, here are the correct figures. Ninety-two and four-fifths per cent of the people of Texas are already in politics and the rest are trying to get in. And just one more question. Did you people know that the great State of Texas is on the verge of ruin? Well, it is—according to every one of the candidates who have announced for governor or any other State of National office.

Every week The Journal receives about four waste-basketsful of propaganda from some "self-appointed Moses" who feels that he has been called to lead this fair state from out of the wilderness of graft, scandal and ruin. All he wants in the way of assistance from the people is votes. The rest will be easy after he gets to be governor or senator. As far as we can tell, there is only about one candidate for governor for each county in the State—except Bailey, and we should by all means get somebody in the race for this office.

And, speaking of politics, Old Baldy got right in the middle of a hot election last Tuesday. He was unaware of the fact till the election was over, but anyway it was a good race, as he was only defeated 2 to 1 by Will Harper, Connie Gupton and Homer Henington. This would not have happened except that by some hook or crook they got their wives to vote for them. However, two other contestants made just as bad a showing, which goes to prove just how serious things are getting in the politics game.

### W. M. U. MEETING

The W. M. U. Ladies of the Baptist church met Monday at the home of Mrs. Adams. There were 15 members and 2 visitors present. Mrs. J. J. conducted the devotional for us, a beautiful lesson on the life and courage of Deborah. After the devotional a lengthy business session was entered into. Our ladies are anxious to do their bit toward our building campaign which is now on. We voted to have a "womanless tea party" in the very near future.

On April 10th there will be a Lemon Social at the Muleshoe Hotel. Your ticket of admittance will be a good sized lemon. Our entire church membership is urged to attend. We will

provide suitable entertainment, and don't forget to bring at least a nickel's worth of pennies and some nickels. Our W. M. U. is open for bids to serve banquets or luncheons. Happy are the people who are at work for the Master's cause.

After our business was dispensed of the hostess assisted by Mrs. Coker and Mrs. Alsup, gave us a good social hour. An April fool stunt being the feature event. A lovely course of pink and white ice cream and angel food cake laced with pink was served. We were especially glad to have Mrs. Sollock, mother of Mrs. Adams, with us. We pray God's blessings upon her in these lonely hours.

After expressing appreciation for the nice afternoon, the ladies departed for their homes.—Reporter.

### BAPTIST YOUNG FOLK ENTERTAIN M. E. YOUNG PEOPLE

A gala affair for Muleshoe young folk was the April fool party given at the home of Rev. and Mrs. C. A. Joiner who co-operated with Baptist young people of Mrs. Holland's S. S. class in entertaining the M. E. Sunday school class of Mrs. Nina Elrod.

The usual April fool pranks were in progress throughout the evening, together with lively games such as "Pinch and Don't Laugh," five minute talks on such subjects as "Why Is a Door Knob," etc. For the greater part however, the crowd needed little entertaining for when about fifty young people get together, there is usually something going on all the time. Refreshments which consisted of apricot pie a la mode were served to the guests ere they departed.

### To Head World Bank

G. W. McGarrath, Chairman of New York Federal Reserve Bank, who has been chosen to head the Bank for International Settlements established under the Young Plan with headquarters at Basel, Switzerland.

## PHILLIPS "66" PRODUCTS

Have increased in popularity with automobile and tractor owners alike. If you are not a user of this fine gasoline and oils, try them at once—You'll be more than pleased.

for April 6

**THE LAW OF THE CROSS**  
Matthew 16:13-26

Rev. Samuel D. Price, D. D.

Changed plans required different methods. When Jesus refused to come the bread-making time for the multitude after the miracle of feeding the 5,000 when only five loaves were in sight the people turned against Him. When the period of popular favor was over the Kingdom-builder gave more attention to the training of the Twelve for the ministry that they must take up the following year. That He might have more time with the apostles a retreat was sought in the region of Tyre. This was interrupted by the mother who begged that her demoniac daughter be healed. Shortly after the return to the region of the sea of Galilee another kulet time was sought in the vicinity of Caesarea Philippi, about 35 miles north of Capernaum. Up there was snow-capped Mount Hermon and the head waters of the Jordan river were close at hand.

Intensive training was taking place as they walked, when they had the room sisters and when they camped for the night. The Teacher sought to give them a clear understanding of Himself. They knew He was so different. His companionship was always a blessing. His words were like great signs to seal the testimony of His addresses. It is likely that the recent instruction was a preparation for the startling question that He asked them. They had been under instruction for about two and a half years. Now was the time for a very definite quiz class.

"Who do men say that I the Son of man am?" This is the very thing they had been discussing and they could tell Him what the people had been saying. Herod, for example, thought He was John the Baptist raised up to torment him. Others were sure that such wonders as He performed must be re-

lated to one of the well-known prophets who had come to earthly life again. "But who say ye that I am," was the question that followed. Now answer must be given of their personal opinion. Peter answers for the company. They may have been slow in reaching the conclusion but now they were ready to affirm "Thou art the Christ, the Son of the living God."

By this testimony Jesus was greatly heartened. We know what it means to be understood and the situation was no different with Him, for Jesus was perfectly human. With joy appreciation is expressed because of this recognition which was possible through the guidance of the Holy Spirit. This confession stated by Peter for himself and for all the others was declared to be the foundation for the church that would be established during the ages to come. So sure was Jesus of the final outcome that He declared that all the powers of the evil spirit world would be able to overthrow this church, or as called elsewhere—the Kingdom of God. Today there are about one-third of the earth's population believing in Jesus Christ as the Son of God.

When Jesus followed His teaching by declaring that He must die in Jerusalem, Peter sought to dissuade Him from going forward. Without taking an instant for meditation Peter is called an emissary of Satan. Further, all are told that the way of life is the way of service. Duties may be called crosses but they must be taken up daily, by those who follow with Jesus in this work of building up the Kingdom. A "cross" always looks more terrifying at a distance. When we lay hold of it much the terror is being accomplished. The older readers will remember the twisted worked mottoes that hung in the parlors years ago—"No Cross—No Crown."

J. Gross and family took dinner with less Murrah Sunday. After dinner Mr. Murrah took the school bus and they all went to Baileyboro to singing.

The home talent play, "Eyes of Love," given Friday night was a great success. They took in over \$23 which is for the benefit of the school.

The Pilosa Singing convention meets at Progress April 13 for an all-day singing.

The teachers are taking the school children on a picnic today (Tuesday).—Reporter.

THE TWINS

By Henry Sambrooke Leih  
In form and feature, face and limb.  
That folks got taking me for him  
And each for one another  
It puzzled all our kith and kin.  
It reached a fearful pitch,  
For one of us was born a twin.  
But none of us knew which.

One day, to make the matter worse,  
Before our names were fixed,  
As we were being washed by nurse  
We got completely mixed.  
And thus, you see, by fate's decree,  
Or, rather, nurse's whim,  
My brother John got christened me  
And I got christened him.

This fatal likeness even dogged  
My footsteps when at school.  
And I was always getting flogged.  
For John turned out a fool.  
I put the question, fruitlessly,  
To everyone I knew,  
"What would you do, if you were me,  
To prove that you were you?"

Our close resemblance turned the tide

Of our domestic life.  
For, somehow, my intended bride  
Became my brother's wife.  
In fact year after year the same  
Absurd mistakes went on.

And when I died, the sexton came  
And buried brother John!

**One Form of Vandalism**

**That May Be Pardoned**

"Vandalism!" exclaim most people when anyone defaces a monument of stone or tree with any sort of inscription. Of course, the comment is usually justified, but there are exceptions. Such scribbled remarks by "vandals" who lived 2,000 years ago or more have often shed light on the ways of ancient civilizations. And there are some modern inscriptions of this kind which may prove interesting to the archeologists of the future. Certainly, these "writings" prove that human nature has not altered much through the centuries. Among some of them left on the columns of an ancient Egyptian altar at Saggara by Australian troops when they served in the World war, is the following: "I am the only survivor of my company which fought in Gallipoli. John Smith, Melbourne, '1817." An Egyptian hieroglyphic recently uncovered is worded in almost the same way: "I am the only survivor of my company which fought in Pont, and I have come to worship at the temple of my father." The Egyptian soldier who signed it lived over 3,000 years ago.

**Cases on Contract Breakers**

Cases of real-estate purchasers failing to complete the contract under which they bought property were rare in the days of ancient Egypt. Dethys or Amryta, because they dreaded the consequences promised in the contract to the purchaser who would break it. The curse of Ninib, king of heaven and earth; of Sira, the sun god, and of Gah and Adad were but few of the afflictions assured the one who wedged out of a deal. These things were written into the contract, so that there may be no mistaking the importance of the transaction.

**Nature's Partnership**

Without plants animal life would disappear from the earth and without animal life our plants would be different in many ways. Some plants would even cease to exist, says Forest and Menckling. Many of our flowers depend on bees and nectar seeking insects to spread their pollen to other flowers and form fertile life bearing seeds. Without bees such plants would soon become extinct and without their nectar, life for the bees would become impossible. So in a sense all nature is a vast partnership.

**Ground Hog Story**

The idea that if the ground hog sees his shadow on February 2 there will be six weeks more of winter, is purely a superstition, but like many superstitions it has its origin in a general truth—in this case that a mild February is apt to be followed by change and a chilly spring. Primitive peoples of the temperate zones were more familiar with the habits of hibernating animals than with the calendar, and the premature return of these animals because with them a forecast of bad weather to come.

**Progress News Notes**

The Union Missionary Society met Monday with Mrs. J. J. Gross, with 10 members present. Mrs. Harlan led in devotional, reading Psalms 133.

Mesdames Frank Snyder, J. J. Gross and Allen Penion were appointed to buy necessary clothing for the little girl the society is clothing at Paris. The committee hopes to get everything in within this next week. If anyone has anything they would like to give please get in touch with one of these ladies.

We meet next week with Mrs. Harlan. The seventh grade of Progress school sponsored a box and pie supper Tuesday night, March 25, for the purpose of buying diplomas for the class. A good program was rendered by Bailey county candidates. A fine crowd and a total of \$32.41 was the proceeds of the sale.

Mr. and Mrs. T. L. Snyder and Mary spent Sunday afternoon with T. B. Morse and family.

J. T. Morgan and family, J. L. Actkinson and family, J. E. Burton and family, Vaughn Johnson and family, J.

WORRYING DOESN'T PAY

On his way back to a college reunion, one of my friends stopped off in the little town where he had spent his boyhood.

"How is business?" he asked a local merchant.

"Awful bad," was the reply. "And what's more, I don't like the outlook."

"Why not?"

"Well, there's elements in the situation that might develop a lot of trouble. At least that's the way it looks to me."

My friend lighted a cigar and leaned over the counter.

"George," said he familiarly, "there are almost exactly the same words I used to hear from the storekeepers when I was a kid here twenty-five years ago. I've been a subscriber to the local paper ever since I left, and most of the old storekeepers have died. I have taken special notice of the size of their estates. How much money do you think they left? Between a hundred thousand and two hundred thousand dollars each. And here's the funny thing—every penny was made out of businesses which were getting bad and always on the verge of being ever so much worse."

I suppose that if gravestones told the real truth, nine out of ten of them would bear a line to this effect: "This

man's life was shortened several years by the fear of bad developments, most of which never occurred."

Even very wise men, as their years have increased, have suffered from the evil habit of fearing the worst. The Rev. Dr. Cotton Mather, who died two hundred years ago in Boston, was the most eminent graduate of Harvard and virtually the founder of Yale. He had courage and a wonderful mind.

Yet in his old age he viewed the future disconsolately. He concluded that God had brought the Pilgrims across the ocean to "a New England desert" for a very special purpose, but that this purpose had obviously been accomplished and that the whole colony would "soon come to naught."

The colony shows no signs of coming to naught, but there are doubtless a million men in it today who are losing the fun of their current success because of the dread that something unfortunate may be about to happen.

"One-fourth of life is intelligible," said Mark Rutherford, "the other three-fourths unintelligible darkness; and our earliest duty is to cultivate the habit of not looking around the corner."

Those of us who do not look are likely to get an unexpected bump occasionally, but how much faster we travel! And what a lot more fun we have because of the imaginary bumps that we miss!

Idea of Liberty Imbued in Youthful Colonials

The subject of coasting inevitably recalls the ancient tale of the ashes on the slide, of pre-Revolutionary days in Boston. That yarn is given, in its original and presumably authentic form, in a letter written by John Andrews of Boston to William Barret on January 29, 1775. Andrews wrote:

"I shall close this by giving you a small anecdote, relating to some of our school lads—who as formerly in this season improv'd the coast from Sherburn's hill down to School street.

"General Haldiman, improving the house that belongs to Old Cook, his servant, took it upon him to cut up their coast and fling ashes upon it. The lads made a muster, and chose a committee to wait upon the general, who admitted them, and heard their complaint, which was couched in very general terms, complaining that their fathers before 'em had improv'd it as a coast from time immemorial, etc. He ordered his servant to repair the damage, and acquainted the governor with the affair, who observed that it was impossible to heat the notion of liberty out of the people, as it was rooted in 'em from their childhood."

The house of Gen. Frederick Haldiman, who couldn't have been such a bad fellow, was on School street at the present site of the City hall, as a tablet on the fence tells today.—Boston Herald.

Famous Waits

"The Blue Danube" waits of Johann Strauss was first played at the Rinsalle, Vienna, on February 15, 1867. In the same season it was given at the Paris exposition, with Strauss conducting. In that autumn it was heard in London at the Covent Garden promenade concert. At Vienna and Paris it was given in its original form, for orchestra and chorus, but in London, after some three weeks' rehearsal, Strauss decided to dispense with the chorus, so that it was performed by orchestra only.

Too Careful

A government official who wished to keep his wife in ignorance of the amount of money he had, hid upon a bright idea. He put his wad in an official envelope, addressed to a man higher up. If his wife should find the envelope in his pocket, she would never think of opening it.

One day he missed the envelope and asked his wife if she had seen it.

"Yes, dear," she replied, "I came across it in your old coat. I've just mailed it."

High Hopes Faded

Recently at a fashionable ball a young woman who had been sitting over several dances in a row was delighted to see one of the handsomest men in the room approaching.

He halted before her. He bowed. "May I have this?" he asked.

Smiling, she arose, prepared to treat a jazy measure.

"Ah, thank you," said the man, and picked up a Spanish shawl upon which she had been sitting, and went off with it.

"Woman's Rights" Pioneer

Dr. Mary Walker was born in Oswego, N. Y., 1832. She became a graduate physician at twenty-three years of age with a degree from Syracuse Medical college, New York. She commenced practice in Columbus, Ohio, but soon returned to Rome, N. Y., where she practiced for some years. At the outbreak of the Civil war she was commissioned as first lieutenant to serve on the surgical staff of the Union forces. She always appeared in male attire. After four years' service she was awarded a congressional medal of honor for bravery. She then took to the lecture field, appearing in male attire, in either frock coat or evening dress. She died in February, 1905.

Finances

"Sammy," demanded the fond mother, "when you divided those seven pieces of candy with Sister May, did you give her four pieces?"

"Course not!" said Sammy scornfully. "You can't fool me with 'ilthmatic like that. I knew it wouldn't come out even, so I ate one piece before I started dividing, so as to be fair to both of us."

Ancient Rhinoceros

The carcass of a large rhinoceros about one hundred thousand years old was found two or three hundred feet underground in an oil field in eastern Galicia. A geologist who examined the animal gave it as his opinion that the giant prehistoric beast had drowned in a bog. The hair and hide of the animal were still in fairly good condition.—Pathfinder Magazine.

SNAPPY STUFF

A load of ice has been ordered delivered daily at the zoo in Calcutta to keep alive two polar bears just arrived from England.

"Where You feel at Home"  
Muleshoe, Texas

Above All Other Things -

THERE is one sure way to save your grain... to cut it clean to the last head... to thresh it better and faster... to separate and clean it more thoroughly. You can do all this with a Case Combine—because:

The header cuts its full width, without passing over grain in low spots or striking ridges when cutting low. Hinged to the combine by a universal joint in the main axle, it follows any unevenness in the field.

Large capacity steel cylinder sets a fast pace of threshing even in heavy straw. It is strong, unbreakable and accurately balanced. The teeth are scientifically spaced for greatest threshing efficiency.

Perforated concaves start the separation at once. Nearly 99% of the grain is removed from the straw in passing over the concaves and the spring steel finger grates. These are non-clogging in the toughest straw.

Two complete cleaning shoes, equipped with underblast fans, remove all chaff and dirt from the grain. Operator can observe the final cleaning from his position on the platform.

With a Case Combine you can reduce your cost of harvesting and make a greater profit for yourself. Come in and let us tell you more about it.

Noted Irish Patriot

James Nepper Tandy was an Irish agitator, who lived from 1740 to 1803. In 1798 he went to Paris and was put in command of a vessel for an invasion of Ireland. He remained on Irish soil, however, for only eight hours and then went to Norway and to Hamburg. At the latter place he was seized and delivered to the English and upon his return to Ireland condemned to death. Bonaparte, however, brought pressure to bear in his favor and he was released. He then went to France, where he lived until his death. He was the hero of the famous ballad "The Wearing of the Green."

Gone to the Dog!

The self-assertive man in the corner seat was talking to a friend.

"Yes," said the loud-voiced man, "I always bring my dog in the car with me and then I know what he's up to. I allowed him to travel in the baggage car once, and had to pay for a lot of stuff he was supposed to have eaten!"

The first allowed down, and then the friend spoke.

"Since you know what your dog's up to," he remarked, quietly, "I suppose you know he's half finished the fish you're taking home?"—London Tit-Bits.
