CUE TO BARBECUE

Max O. Cullen, nationally-famous barbecue expert, shows Muriel Barr, young M-G-M. starlet, how simple it is to barbecue meat. Pete Smith, producer of short subjects bearing his name, looks on as Cullen illustrates the correct method for turning a steak during the filming of "Barbee-Cues."

Backyard Barbecue Solves War's Entertainment Problem

With the entire nation seeking simpler means of entertainment because of war time requirements, the old-fashioned barbecue is rapidly growing in popularity. Backyard barbecues are becoming quite the style from California to Maine.

Old timers at this business of barbecuing have developed it into a fine culinary art, and in this connection Max O. Cullen, nationally known barbecue and carving expert, has brought out some new wrinkles for the handling of those old stand-bys, hamburgers and frankfurters.

Why does a frankfurter curl? Well, that's a problem that has bothered many a host, but if you're having a barbecue party and you want your franks to lie slim and straight as they nicely brown, try Cullen's little trick, as taken from the M-G-M. Pete Smith specialty, "Barbee-Cues."

First, slice the frank lengthwise down one side without cutting entirely through the casing, turn it over and slice parallel to the first slice. Then it opens up like an accordion and will not curl and fall through your grill.

Anybody can barbecue meat, Cullen points out, if they will only remember these pointers: live coals, not a flame, should be used as a source of heat—charcoal briquettes are good. Steaks and chops should run an inch or more in thickness, and need be turned only once in cooking. Surplus fat should be trimmed away so it will not drip into the coals and flame up.

If you'd like a hamburger barbecue, take another hint from Cullen's repertoire and satisfy everybody's taste. Make your hamburger into a ball and barbecue it slowly until the outside is well-done. Then, slice it into three parts and you have two well-done pieces for those who like it that way, and one rare piece—the center—for those who like their meat rare. Cullen personally guarantees that barbecue fans will go for hamburgers prepared this way.

Funeral Services For M. A. Lea SUN.

The funeral services for M. A. (Pap) Lea, a much honored citizen of Spur, were held at the First Methodist Church at four o'clock Sunday afternoon. Rev. H. L. Thurston, the pastor, was in charge of the services with Rev. J. E. Harrell, of Hamlin and former pastor here bringing a message. Interment followed in Spur cemetery with Campbell's Funeral Chapel in charge of arrangements.

Active pallbearers were: W. R. Lewis, J. C. Payne, J. John King, Roy Stovall, Cal Martin and C. V. Allen. Flower bearers were: Mrs. Cal Martin, Mrs. Kate Morris, Mrs. J. C. Payne, Mrs. C. V. Allen, Mrs. M. H. Costolow and Mrs. J. A. Koon.

Honary pallbearers were: W. F. Cathey, Jim Albin, Bill Hyatt, W. S. Leach, W. A. McAlpin, W. W. Garner, R. L. Collier, W. F. Godfrey, W. A. Johnson, L. E. Bass, Robt. Thannisch, E. L. Smith, and J. R. Laine.

Mr. Lea became suddenly ill while down town Friday afternoon. He rallied for a few minutes during which time some friends assisted him to get home in his car and a physician was summoned. However, shortly after reaching his home on 623 N. Parker, the sickness became recurrent and he passed away within a short time. The town was shocked to learn of the death of Mr. Lea who was loved by all who knew him.

He is survived by his widow, Mrs. Ida Lea, two sons, Robert Lea of Odessa, and Murray A. Lea, Jr., of Spur; one daughter, Mrs. Bertie Ellis of Sherman. Three children had preceded him in death: Mrs. Essie Hall, Mary Lea and William Homer Lea. One brother, John S. K. Lea of Ravenna still survives. There are five grandchildren and one great grand child in the family.

Mr. Lea was born October 17, 1868 and was a son of Horace and Molly Conner Lea. The family lived at Sherman many years. September 23, 1894, Mr. Lea was married to Miss Ida Potts at Pottsville, Texas. He was engaged in the mercantile business and the Ford Sales business at Archer City several years and in 1923 he and his family moved to Spur and became interested in the light and power business, he and Roy Stovall buying the light and power plant from J. E. Johnson.

They sold the light plant in 1927 and since that time Mr. Lea has been engaged in farming most of the time. He owned some good farms near Spur.

Mr. Lea was converted in 1897 and became affiliated with the Presbyterian Church. Later having moved in to a community where his church organization was not represented, he joined the Methodist Church and remained a member in that church until his death. Mr. Lea was a quiet type of man, but in business dealings, or in daily walk of life, he always exemplified

his standard of religion and church membership. He was kind and considerate and would really sacrifice his own interests in order that his fellow man would feel he was getting a fair deal. Mr. Lea was honest in every respect and felt that a good name meant more in life than anything else.

UNDER NEW FEDERAL REGULATION OF CHARGE ACCOUNTS

YOU WHO PAY YOUR BILLS PROMPTLY MAY CHARGE YOUR PURCHASES AS USUAL

The new Government charge account regulations will not affect the majority of charge customers of Spur stores. These customers, who pay their bills in full during the following month after purchase, may continue to use their charge accounts exactly as they have in the past.

Charge Accounts Not Paid by the 10th of the Second Month After Purchase Are Automatically Suspended by Government Regulation.

Section 5 of Consumer Credit Regulation, W, as revised effective May 6, 1942, stipulates that a charge account shall be in default if not paid in full by the 10th of the second month after purchase. All merchants are requested to cease further extension of credit on such accounts. They may be re-opened for use at any time, however, by payment of amount past due.

Regulation "W" became effective May 6th all charge purchases on the books at that time and all charge purchases made since that date come under its rules.

Please remember that the merchant is not MAKING the rules... he is only conforming to them.

If we do not abide by this law we are subject to a ten thousand dollar fine or ten years in jail or both, so please help us abide by the law.

Cooking Tricks

It's a full time job being a mother, hostess and gift shopper, these days especially. So some of us put our heads together and swapped our choicest short cuts to housework. Among them were these cooking tricks that I think are nice to know.

If you want your cakes a little darker than most folks, set the oven temperature a shade higher or let the cakes stay in the oven a bit longer. Do just the opposite if you like them lighter. And don't forget, the time shown for baking in most recipes is based on ingredients at room temperatures when mixed and placed in the oven. If you keep them in the refrigerator until just before using, they'll need longer baking.

When broiling vegetables, dip them in salad oil or give them a generous coating of melted butter. They brown better. Before broiling steaks and chops, make slits in the fat around the edges, then the meat will lie flat on the rack. That goes for bacon, too. Which reminds me -- to separate slices of bacon without tearing, try putting as many slices as you need into the skillet. As the bacon warms up, the slices will separate readily with a kitchen fork.

Crumbing chicken? Shake it in a bag with the crumbs. Making soup? Toss a lettuce leaf into the pot and it will absorb the grease and may be removed as soon as it has done its job. When a custard curdles, or lumps appear in pudding or gravy, beat with a rotary beater until smooth. And have you ever tried corn flakes as a substitute for bread crumbs in scalloped fishes? If you'd like to, here's your chance:

New Regulation For Old Age Assistance

All recipients of public assistance money have much to gain, and nothing to lose, by finding jobs they can do, according to Mrs. Johnnie Weaver, supervisor of the State Department of Public Welfare, who explains: "Recipients of old age assistance may qualify for Old Age Insurance by working 18 months in some employment covered by the Social Security Act. Old Age Insurance is a form of pension and will be paid for life as an earned right upon retirement. Old Age Assistance, now being given to approx-

imately 174,000 aged persons in Texas, is given only on the basis of need and the amount varies as needs change. Many aged persons already have credit for completed time on the six calendar quarters of work which will qualify them for the lifetime pension." Mothers receiving Aid to Dependent children, who are physically able to work, and who can qualify for jobs, are being encouraged to take employment; the welfare supervisor said, as this will enable them to give much better support and opportunities to their children. Many may be able to secure training that will fit them for jobs in war industry. Plans are being made by communities in defense areas to provide day care for children of working mothers. It was pointed

out by the welfare supervisor that a maximum of \$16 may be given to families having one child and \$24 to families having two or more children. Ninety-five per cent of all Aid to Dependent Children grants are for the maximum amounts, indicating that in the majority of instances grants would go much higher on the basis of actual need if it were not for the statutory maximums.

"No statistics are available at this time to indicate the number of Old Age recipients, or mothers now receiving Aid to Dependent Children, who will be able to take employment," the supervisor said, but emphasized that recipients who work may continue to have their earnings supplemented by the department if they do not earn enough to buy the necessities. Any person resigning from the rolls to accept employment will be reinstated with opt delay should he be unable to retain the job," the welfare official said.

Texas Pensions Were Started By Governor Allred

(From Allred Headquarters)

Declaring that "too many promises have been made, too many promises have been broken," James V. Allred, candidate for United States Senate, reminded Texans that old age pensions were started in Texas while he was Governor and that for five long years every pension paid to old people of Texas was from money raised during his administration.

With the fire and force captured the imagination of Texas voters in his successful campaigns in the past, Allred continued his drive this week after an impressive West Texas Sweep that carried him from El Paso through the Panhandle.

His speeches drew crowds all the way, and served notice that Texas voters are giving real thought to their selection of a war-time senator. Allred is emphasizing his own platform of winning the war and winning the peace, of providing for men in the armed forces while they are in service and when they come out, of supporting the President's war program whole-heartedly and of seeing to it that farmers and small business men are not wrecked by the war.

Reviewing the pension program "from the record," Allred declared that "President Roosevelt is the best friend the old people of Texas ever had. He started the old age pensions in the nation. I started old age pensions in Texas."

The amendment authorizing pension payments was submitted upon Allred's recommendation, he recalled. "And I made speeches for it while the present candidates for the United States Senate remained silent."

Though the present Junior Senator went up to Washington promising to get "at least twenty-one million dollars in federal funds" in the next eighteen months, almost a year of that time has gone by and the only pensions provided since O'Daniel became junior senator were pensions for senators," Allred reminded.
