Dickens County Times

VOLUME 18.

Spur, Dickens Co. Texas,

Thursday July 16, 1942

NUMBER 37

Times Chicken Days July 24-27

Beginning Friday, July 24, and continuing through Monday, July 27, The Dickens County Times will give people an opportunity to re-new subscriptions and to become new subscribers in exchange for chickens. You can secure the Times for a whole year for one hen, two old roosters, or a two-pound fryer if you bring your chickens to the Times office on Friday, Saturday, or Monday of July 24 to 27. All chickens are to be in good health and to be free of mites and bugs.

We are not reducing the price of the Times for a year, but just offering you an extra good price for your chickens. The above offer is good for people who get their mail in the following named counties Floyd, Motey, Cottle, King, Dickens, Crosby, Garza, Kent and Stonewall. Don't bring your prize layers, but get rid of those boarders who do not produce. You may have some nice fryers, and we are offering you fifty cents per pound for them. That is, you can get a years subscription for a fryer which weighs two pounds or more.

You can pay up as many years as you desire in this manner. One reader paid up five years last time, and he was not far behind when he took advantage of our fine offer. One lady who was paid ahead, brought in chickens and set her subscription up two years more. This will be a good opportunity for all our readers to get paid in advance. We hope to get 1,000 chickens those three days.

This offer will not be made any more this year, and now is the time for you to get rid of the old hens, old roosters and the extra fryers at a real bargain.

Fifty Tons Of Old Rubber

E. D. Cook, chairman of the Dickens County Salvage Committee, reports that 103,989 pounds of old rubber has been brought in and turned over to the government for war purposes. This is almost 52 tons, and possibly there is still old rubber laying around some places.

That is very fine record for Dickens County, but if we did not turn over all the old rubber to help win the war, we should be ashamed of ourselves.

MISS JEAN DAY TO MARRY JULY 26.

Mr. and Mrs. C. H. Day, of Bryan, announce the engagement and approaching marriage of their daughter, Miss Jean Day, to Robert A. Horne, son of Mr. and Mrs. J. A. Horne of Coleman. The wedding is to take place at the First Presbyterian Church at Bryan July 26.

Miss Day is a former Home Demonstration Agent for Dickens County, and until recently was Home Demonstration Agent for Coleman County.

Mr. Horne is a graduate of the University of Texas and is engaged in the hardware and ranching business at Coleman.

Spencer Campbell, who has been in the U. S. Navy, stationed at San Diego the past four months, arrived here Tuesday evening to be with his parents. He has an honorable discharge from the medical corps.

Elton Morris Garenor volunteered for aviation machinist training, Class V-2, June 29, and has been stationed at San Diego, Calif. He is a son of Mr. and Mrs. W. W. Garner.

To The Voters And Citizens of Dickens County

In view of the fact that I have been unable to see each of you personally, relatively to my candidacy for the office of County and District Clerk.

I wish to take this opportunity of expressing my sincere appreciation for the office, your kindness and cooperation given me.

It has been a pleasure to serve you as your County and District Clerk, and I will thank you again, and again if you will return me back to this office, for I LIKE TO WORK FOR YOU.

We Were Behind The Times

Last week in the story relative to wife stabbing her husband, the Times stated she had not been apprehended by the law authorities. The facts in the case is that the Times was misinformed. The Sheriff had that woman in jail within 24 hours after the stabbing was done, although she tried to make an escape.

She was taken into custody by Sheriff Christopher down in Kent County, and she was making a very good job at hiding out when the Sheriff found her. She made bond Monday before the Court and is now at liberty waiting the action of the grand jury.

We regret that we were in error relative to her being taken into custody. It was just a time when the press could not keep up with an efficient Sheriff.

Red Cross To Maintain Separate Organization

There has been some influence brought to bear on the American Red Cross organization that it combine with other organization in raising funds to assist in health projects in the wartime period. This argument was made for the purpose of conserving man-power at this time and save so many different drives by various organizations.

However, when Chairman Norman H. Davis, of the American Red Cross wrote the President of the United States about the matter, and at the same time outlining the enormity of the field covered by Red Cross aid. The President feels that it will be better for the Red Cross to maintain its work separately from other organizations and to make the annual drives from that viewpoint.

It is the opinion now rendered by Mr. Davis, in view of what the President has said, that the annual membership drive which has formerly been in November, will not be conducted at that time this year. However, the American Red Cross will make a drive for emergency funds in March, 1943, and in that drive will be included the membership consideration. The purpose of this is to combine the two drives into one and save expense, man-power and time and try to accomplish the same purposes as has formerly been accomplished by two drives.

This information has been sent to Chairman John C. Ramsay of the Dickens County Red Cross Chapter. It might be well for people to start in advance of considering making a strong contribution to the Red Cross as that organization is maintaining the hospitalization of our boys on the front lines and will be needing large sums for that purpose by next march.

It should be the purpose of every American citizen to cooperate with the American Red, for who knows whose boy will be in the hospital receiving the care of the Red Cross? We can help greatly by cooperating with the Red Cross.

A. B. HOGAN MOVES TO PAMPA

Mr. and Mrs. A. B. Hogan and children left Tuesday morning for Pampa where they expect to make their home. Mr. Hogan will be engaged in the barber business. He stated they plan to be away from Spur for a year and said that is the longest time he has ever been away from this community.

Bill McClung and Cecil Fox will be in charge of the Spur Shop, in his absence.

To The Voters Of Dickens County

Due to the shortage of tires and the added official duties placed upon the office of Sheriff, Tax Assessor & Collector because of the war program, it will be impossible for me to make a house to house campaign. However I want you to know I appreciate the job you gave me two years ago and that I want it again. If I fail to see you between now and the election, consider this as a personal solicitation for your vote.

Any time, day or night, I can be of service to you, be sure to call on me.

Sincerely yours,
Fred Christopher

Social Security Card Not Enough

The possession of a social security card is not evidence of the holder's employability, according to John D. Palmer of the Social Security Board. The responsibility of an employer to comply with Federal and State laws regarding the employment of minors is not affected by the fact that the applicant for work may display a social security account card. The holding of a card only establishes the right for the holder to have set up for him a wage account under the Federal Old Age insurance system.

Mrs. Bill Sauls, of Dumont, was in Spur Friday doing some shopping and visiting friends.

Business At Posts Office Better

Postmaster Arthur has just completed his annual report of the local postoffice to the Postal Department at Washington. The report shows that the postoffice at Spur has enjoyed the best business the past fiscal year that it has had in several years. The total receipts for the office during the year amounted to \$17,085.30. For the previous year closing June 30, 1941, the total receipts were \$13,769.41.

The year closing June 30, 1942, had an increase in business of a little more than 24 per cent over the previous year. This is a fine report for the local postoffice.

Post offices are classified upon the basis of their postal receipts. Spur is a second class office, but is growing close to the first class, and the report for the past year may give the local office a little better rating than just a plain second class office.

A CORRECTION

In the recipe given in last week's paper for invert sugar, there was a mistake in the proportion, says Miss Fae Bass, County Home Demonstration Agent. The recipe should read: Mix 2 cups sugar, 14 tablespoons water, 1-4 teaspoon tartaric acid. Boil slowly in a covered pan for 30 minutes. By inverting sugar its sweetness is greatly increased.

Mr. and Mrs. Chuck Powell were in Lubbock Thursday attending to business affairs.

WITH THE BOYS IN SERVICE

Soldier Boy Writes

Camp Cooke, California,
July 4, 1942
Dickens County Times,
Spur, Texas.

I had heard that your paper was interested in hearing from the men of our county who are in the service of the different branches of the united forces. And thought at this time I would answer your request and at the same time say hello to all my friends.

I am stationed here at Camp Cooke, Calif, and attached to the 95th, Field Artillery Battalion. We are apart of what is the 5th. Armored Division and is made up of the Field Artillery, the Infantry and the Cavalry; this all being mechanized. My particular job is that of a mechanic, in the motor maintenance section where we have the problem of keeping all of our vehicles running; which is quite a problem in a mechanized division. Our camp is in what they class as the war zone, or the theatre of operations. So quite often we take part in the Pacific alerts as they arise. As a soldier I would like to say that all of us think that the USO is doing a fine job; especially here at Cooke; where they have some sort of entertainment at regular intervals.

Any of you folks that have boys in the service I would like to receive their addresses, that I might get a chance to either meet or write to them between our different points of destination. And I along with all the men hope that it won't be long before we are all back home doing our regular jobs.

Corporal Edward G. Dillon,
"C" Battery, 95th, Arm'd F.A.Bn.,
Camp Cooke, California.

Edward G. Dillon
Sincerely,

EVERETT MARTIN WRITES

Lieut. Everett Martin, who is located temporarily at Army Post Office 2098, San Francisco, Calif., writes in part as follows:

Here I am on the West Coast again. South Carolina was fine. Also, it was fairly hot. It is cool out here and very pleasant.

I thought you may like to know that I am on my way across seas. Should leave any day, so I thought I had better send my address. I hope to hear from you soon. Best of luck.

Everett.

Pvt. Stephen Barclay, of the U. S. Marines, San Diego, Calif., writes that he is liking the Marines fine. He is a graduate of Spur High School and a son of Mr. and Mrs. W. S. Barclay.

Miss Frances Springer, of San Antonio, who has been here visiting her grandmother, Mrs. J. H. Grace, returned Thursday, and stated she expected to have to go on maneuvers soon. She is in Army service as a nurse.

A. L. McClung, who is in the U. S. Army at Sheppard Field, is here visiting his brother, Bill McClung, and family. Mr. McClung is an Army cook and is a very valuable man in the service.

First Sergeant Celso E. Rogers, who has been stationed at Boise, Idaho, has been transferred to Tucson, Ariz. He states that the weather is plenty warm in Tucson, but they will have air-conditioned barracks as soon as some of the other boys have been moved. He is a son of Mr. and Mrs. B. Rogers, of Dry Lake community.

FERRIL SMITH WRITES

Ferril Smith, son of Mr. and Mrs. J. D. Smith of near Glenn, writes the Times from Jackson Barracks Area at New Orleans. The letter which was written July 7, says: "I have been in the service three months today. We are sailing for foreign service tomorrow. I like the Army fine, and hope to go to North Africa. I will get a rating when I land. I have been a cook ever since I have been in the Army."

"I got one of your papers today and it brought lots of the West Texas spirit back. I'll see you in two or three years. Tell all the people, Hello!"

Pvt. Smith has been stationed at Jackson Barracks Area, 2nd Provisional Bn., Co. 32, Chalmette Slip, New Orleans, La.

Pvt. Bennie Lacy, of Co. A. 4th Bat., B. I. R. T. C., Fort McClelland, Alabama, wrote Supt. O. I. Kelley recently and stated he hoped some of his friends here would write to him.

W. M. Hunter, of Lubbock Army Flying School, was in Spur Tuesday visiting his parents, Mr. and Mrs. W. M. Hunter.

Howard Norville Injured

Howard Norville, of Jayton, was brought to the Nichols Sanitarium Tuesday morning in a rather serious condition. He had a brain concussion and was unconscious. He received medical assistance and seemed to be beginning to rally Tuesday afternoon.

The best information that could be secured was that Mr. Norville mounted his horse and rode to the home of a neighbor Monday afternoon. He was expected to return about nine o'clock Monday evening, but did not show up. People started out to search and found him near a gate Tuesday morning. It seems he had been unconscious at the gate and lay there all night.

MEN SEEKING JOBS MUST APPLY BY AUGUST

Men seeking jobs as drivers license examiners with the State Police must have their applications in by Aug. 1, State Police Director Homer Garrison said recently.

A statewide examination will be given shortly after that date by Highway Patrol captains and sergeants in the 14 district headquarters over the state.

New examiners are needed to replace those who have joined the armed forces or been transferred to the Highway Patrol as replacements for men on leave with the military services.

PENALTY RATE ON WHEAT ANNOUNCED

Penalty rate for wheat raised in excess of farm marketing quotas is 57 cents per bushel this year.

National loan rate previously has been announced at \$1.14, according to P. C. Golgin, state AAA commodity loan specialist.

A. C. Hull and Ty Allen returned from Fort Worth Friday where they had been attending to business matters.

To The People Of Dickens County

During the closing days of my Campaign for promotion to the important office of District Attorney, I Want the help of all my friends in my home County, and I am addressing this special appeal to you asking for your help now, and your vote on election day. I do not have the financial backing to send you a letter through the mail, and I hope that each of you will consider this a personal message.

Because of the difficulties in reaching the voters this year, and because the people of my home county know me, and public record, I have felt that I should spend the most of my time campaigning in the other counties of the district. I know that the fair minded people of this county will understand the situation, and will not be offended if I have not campaigned with you individually very favorable attention by the people of those counties, and I am confident that if the people of my home county give me their support, the race will be won.

Our present District Attorney has been in the office for almost six years, having served almost a full term by appointment, and having been elected to the office two times. Two years ago he told me that he would not be a candidate for the office at this election, and I acted on that statement by him. Because he was appointed to the office during my second term as the County Attorney of this county, and because he advised me that he would not be a candidate this year, I have held the office I now hold four years longer than ordinary while waiting for the present District Attorney to serve in the office a reasonable length of time, and to give me an opportunity to make the race. Under the circumstances I believe that I am now entitled to a natural promotion to the office.

Your help in this race, and your vote on election day, will be humbly and deeply appreciated, and if I am elected to the office, I assure you what I shall never do anything to cause you to regret helping me.

At any time that I may help you in any way, please call on me. I hope to see you before the election, but if not, the best of good fortune to you and yours, now, and in the future.

Yours sincerely,
L. D. RATLIFF, Jr.,
CANDIDATE FOR DISTRICT ATTORNEY.

Church Gets Cooling System

The membership of the First Methodist Church have pioneered a very fine work in behalf of making the people who attend the services comfortable. This week they are completing an air-conditioning system which will add much to the comfort of everybody who attend services at this church.

The machine being installed has a capacity for 35,000 cubic feet of cooled, washed air. It is said to be enough capacity to cool the main auditorium and the basement also. The system is being installed at the east section of the building and a two by six feet opening entering the auditorium just over the minister's stand.

The new system will have many advantages to the services. There will be no need of having any doors or windows open during services. This relieves a lot of noise which interrupts the services due to the windows being open. Again, the auditorium has a constant supply of fresh air all the time as the air will be changing every minute. People will be comfortable, and everybody should enjoy the services.

Singing Convention At Spur Sunday

The Dickens County-Girard Third Sunday Sing Song is going to meet at Spur High School auditorium at 2:30 o'clock next Sunday afternoon, July 19. We invite everybody to come and be with us. We will have the new books and also, some church books. We want both books used. We are expecting some Crosby County singers to be present.

Everybody come and help us sing the old songs.
H. L. Futch, President.

SPUR CAFE IMPROVED

The Spur Cafe has been improved greatly in appearance with some new paint. The walls, ceiling and all of the wood work has been finished in white which make them look neat and clean in appearance. Mr. and Mrs. Griffith, the owners, take much pride in furnishing a nice place for people to enjoy their meals. They enjoy a good patronage and think enough of it to give people fine service.

Mrs. Ella R. Miller left Saturday for DeLeon to be at the bedside of her brother who is quite ill at this time.

Mr. and Mrs. Homer Hindman, of Houston, arrived here Sunday to visit with Mrs. Rosa Hindman and their brother, Ollie Hindman and family and to look after the interest of their farm in Espuela community.

Mr. and Mrs. J. W. Jones, of McAdoo, were in Spur Saturday looking after business and meeting friends.

Mr. and Mrs. Adrain Rickels and two sons, Judon and Juron, of Coleman, were here last week visiting their parents, Mr. and Mrs. M. L. Rickels and Mr. and Mrs. John As-

ton. R. B. Johnson, of Gatesville, spent a short time in Spur last week greeting friends. This is the first time he has been back to Spur in 15 years. He is a former County Agent, and is now assistant superintendent of the Texas School for Boys at Gatesville.

Mrs. A. W. Watson stated this week that the last time she heard from her son, Mack, that he was in Corregidor and feels that he is a prisoner of war there. He just said, "Mamma, having pretty tough time, but keep your chin up".

Moody Presents Questionnaire for O'Daniel Answer

Former Governor Dan Moody, Candidate for the U. S. Senate, today challenged his opponent, Sen. W. Lee O'Daniel to fill out a new "questionnaire."

"You can call an 'occupational' questionnaire," Moody said, because if the junior senator fails to answer these questions on his official record his occupation will be changed from U. S. Senator back to a flour salesman."

Moody, a veteran prosecuting attorney who is an old hand at digging up potent questions, asked:

"Why did O'Daniel vote to disband our trained army just four months before Pearl Harbor? Is he an isolationist like the Wheelers and Nyes? Is he a would-be obstructionist to President Roosevelt's war program?"

"Why did he claim he alone averted strikes in defense industries with his threats against labor when the Congressional Record reveals that he failed to get more than four votes on any proposal?"

"Why did he vote against the waiving of special gasoline rationing privileges for senators? Does he think congressmen are better people than anyone else? Does he think elected officials are a privileged class in this country?"

"Why was he absent from his post of duty when the 'pensions for congressmen' bill was voted upon? Did he favor pensions for himself and other congressmen but lack the courage to cast his vote?"

"What is his attitude on the war? What are his plans to help win the war and restore world peace?"

"Does he think that our national attitude should become one of isolationism after the war is won? What part does he think this nation should take in making certain that our little children—yours and mine—will not have to fight another war 25 years from now or forever?"

"A few months ago he said there would not be any war. Now he says he is sure it is almost ended. Is this another cunning effort on his part to avoid a fact-finding discussion of his official record as obstructionist of our war effort?"

"Does he think a man should hold one office and run for another? He once said it should be a felony for an office holder to seek another elective job without resigning, yet he declined to resign as governor when he first ran for the senate."

"O'Daniel says he authored the anti-violence law in Texas yet the Texas Senate Journal and other records show that his bill was rejected as unconstitutional and that Sen. Smith's bill was adopted."

"Why does O'Daniel claim credit for the measure really written and sponsored by Sen. Smith? Is this a dishonest attempt to deceive the people and gain credit for another man's achievement?"

Does Sen. O'Daniel contend that the only reason Texas labor is cooperating in the war effort is because it is forced to do so by his anti-violence bill?

"Does he deny the patriotism of

Watch Your Common Enemy

Thousands of children and adults die every year from diseases carried by the fly. Typhoid fever, tuberculosis, summer complaint, cholera, intestinal diseases, and frequently death follow closely in the trail of the common house fly.

"The control of the fly menace comes at the top of the list of necessary public health measures which should be applied by every city and community in the State," urged Doctor Geo. W. Cox, State Health Officer.

"The most effective measure for control to prevent breeding," Doctor Cox said. "Flies breed in filth, and about eight days are required to complete a life cycle. During her life time of several months, one house fly lays from 600 to 1000 eggs. Thus it can easily be seen that in a season which usually begins in the spring of the year, the descendants from one fly number countless thousands."

"To eliminate flies, the breeding places must be destroyed. Manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture, and food necessary for the propagation of the fly. Flies should be kept from contact with food or drink or utensils in which such food and drink are prepared and served. Likewise, they should be kept from access to privy vaults where they pick up the infections, which they later spread to humans by contact with food and drink, and by unwashed hands and utensils."

"See that your windows, doors, and porches are screened so that the stray fly from some careless neighbor will not molest your family. See that your grocer keeps meat, vegetables, and fruit screened from flies."

"Organize health measures to destroy the breeding places, control

Marketing Quota Penalty Set On Cotton

Cotton Marketing quota penalty rate is 8 cents per pound for the 1942-43 marketing year.

Under terms of amendments to the AAA Act, loans will be made by the Commodity Credit Corporation at 85 per cent of parity price on August 1, the beginning of the marketing year, and will be approximately 16 cents per pound.

While the cotton loan rate will not be set until August 1, early harvest in some sections of the state necessitates immediate announcement of penalty rate for cotton marketed in excess of the farm marketing quota, Fred Rennels, assistant administrative officer of AAA in Texas, said.

To My Friends In Dickens County

I want to thank the Dickens County Times for this space in which to write each of you. I just don't have time to write all that I would like to. So, each week I will write something about a United States Marine.

We (Twenty young men) left [Dallas, Texas, Saturday night, June 13, 1942. We had a special pullman on the train. Just before we left Dallas the Navy Mothers of Dallas gave each of us a sack, and in each sack there were two sandwiches, box of cakes, apple, banana and orange. We were all thrilled to know that we were being thought of by some one else's mother.

No one was allowed in our car except us, and of course, our porter. We ate every meal on the train. We had a two hour lay-over in El Paso, Texas, we were not allowed to cross the border. On our ride to California we had lots of fun. We arrived in Los Angeles, Calif., Monday afternoon at six o'clock. We had a three hour lay-over there, so we all went sight seeing. The depot in Los Angeles is the largest and finest in the world. It just covers six square blocks.

After leaving Los Angeles we arrived in San Diego Tuesday morning at two o'clock. We were all tired, so no one had to rock us to sleep. We were supposed to be here a week, before we go on time. But we had enough men, and we went on time Wednesday.

All of us were sent to the hospital for a check up. We were vaccinated and given shots for different things. We take a shot for seven weeks. Then we all got a hair cut. They call it a hair cut, but they clipped it all off. That is done so we can keep our heads clean. Cleanliness is our first rule. We shave and bathe every day. We change clothes from top to bottom every day and wash our dirty clothes.

The first day we were issued our clothes and other things. Shoes, Socks, underwear, pants, shirts, ties, jackets, overcoats, hats, sweat shirts, towels, soap (hand and laundry), clothes pins, paper and pencil, tooth brush and paste, shoe polish, razor blades, foot powder, thread and needles and other things.

Sixteen men stay in a hut in double decked beds. We each have a job to do and we do it well. We keep our huts spotless. We have to have our sacks (beds) made a certain way, and we make them up every morning. We hit the deck (ground floor) at five thirty every morning. We then go to "chow" (meals). Twelve men eat at a table in our dining room which is a block long. We sure do get the eats, too. Chicken steak, fish, meat loaf, and all the trimmings. You get just as much as you want—second and third helpings. All the coffee and tea and milk you can drink. Ice cream for dessert, and we have the sugar bowl out in front of us which never goes empty.

Maybe you are tired of reading so I will stop for this time. Next week I will tell you about our training and what we do for amusement, and anything else you want to know. If you have any questions to ask, just write them to me and I will try to answer them. If you have no questions, WRITE ANY WAY.

So, till next week,

Yours truly,

Christian Church News

There is a close relation between the home life and the church. Life is made up of Home, church, and Business. The better related these three are, the better is one's life. All are necessary. Life is not complete without either. Life's emphasis must be placed in proper proportion in order to have a well balance life, which is necessary for happiness. So if your business and your home is not in harmony with your church life, how about trying to make a change by going to some church next Sunday in Spur. You might be surprized in the hours of happiness that awaits you. Spur has an abundance of good churches. They are all teaching the Bible to the best of their abilities. The church is the foundation of all better society. The church stands foremost in all activities for the betterment of mankind. However, the Church cannot be any better than you will let it be. God does not force anything upon us, but will give us power to do the best that we can do. Does your feet hold back the Church, or do you push onward? Brother, Sister, time is short, let us be up and doing for the Lord.

Next Sunday is Family Day at the Christian Church. Roll call by families. A beautiful Religious picture to every family present. Execlture of Elders, and Deacons. You are needed

Attend Fort Worth Meeting

Clark Forbis of Afton and Lasater Hensley of Guthrie, directors of the Stamford Production Credit Association spent two days, July 13 and 14, in Fort Worth at a conference attended by directors of 6 associations which serve 45 Texas counties. Keynote of the sessions was need for care on the part of farmers and ranchmen in taking on debts and the use of economical credit where financing is need, he said.

The conference recommended a seven-point program for farmers and stockmen to follow under the war-time conditions: 1) Produce what America-at-war needs most and the things you are best qualified to handle successfully. 2) Plan your

work so you won't have to use much hired help—it will be scarce and high. 3) Don't spread too much—you may get hurt if prices should suddenly revert to 1937 levels or worse. 4) Conserve by protecting and repairing machinery, by producing your own living at home, by stopping waste of food, feed, and supplies. 5) Pay debts while prices are good. 6) Keep the income tax in mind as part of your expenses; you are accruing a liability for 1942 taxes before you pay for 1941. Just figure that you have two years' taxes to pay out of this year's income. 7) Use credit wisely—make it help you pay debts and build a reserve for the future.

The Stamford Production Credit Association supplied more than \$2,112,733.00 of operating money to

some 850 members during 1941, Mr. Forbis said. Texas farmers and stockmen are repaying too, for 1942 cash repayments are showing a substantial increase. The Stamford association is making a special effort to save both time and tires for farmers and ranchmen, Forbis said, and to make its service available "so that food production will not be limited by lack of sound, economical credit."

Mr and Mrs. Marion Hurst, who have ben at Littlefield, moved back to Spur last week and Mr. Hurst is with the City Drug Company.

Mrs. T. M. Green and granddaughter, Billie Lee Green, of Dickens, were in Spur Friday doing some trading and meeting friends.

"Please send me 10¢ worth of electricity—today"

"But, Lady, you don't have to order it—just turn the switch!"

SUPPOSE, though, that you did have to order your day's supply of electric service, say, in baskets like groceries. You'd realize even more how convenient it now is. And you'd appreciate even more how little it costs... and how much it does for you.

Actually, a majority of all West Texas families have good light and operate their many appliances for about a dime a day—or less!

What's more, that dime buys just about twice or three times as much electricity as it did 10 to 15 years ago! And (are you surprised?) it's one of the few household items that hasn't "gone up" as a result of the war.

This bargain doesn't just happen. It comes from our united effort to give you better service at lower cost. It is made possible by practical, efficient business management of an institution built by Americans who invested their savings in an industry dedicated to the public service and regulated by the government.

That's the American way—and it works!

It works so well that even though our country today is pouring record-breaking amounts of electric power into the world's greatest production of planes, tanks, ships and guns—you still get low-cost current in your home... and at the flick of a switch. You don't need to order it... or secure a ration card.

Probably the few pennies a day you spend for electric service bring you more for your money than anything else you buy. For this small amount, would you clean oil lamps, beat rugs, scrub clothes, give up your radio?

Hardly! Electric service is the world's biggest bargain

Write Yur Soldier Boy On Postal Stationery

In order to cut down extra weight in letters to men in the U. S. Army and Navy service, the U. S. Postal Department has devised a combination letter and envelope to be used by any person desiring to write men in service. This is known as V-Mail Service and is proving very economical in many respects.

Any one desiring to write to their son who is now in service, or a wife, or sweetheart who desires to write any one in service, can secure one of these letter-envelope forms at the post office free. However, no person may secure more than three sheets at any one time. That is what is allowed for three letters. There is room for a nice message, a place to write the correct address of the one written to, and a place for your return address, all of which is required. Then fold the sheet in a described manner which inclose it into an envelope form to be sealed and mailed.

It is estimated that on 150,000 letters of one sheet capacity sent to soldiers or sailors, this government form will save more than 1,000 pounds in weight. 150,000 letters containing one sheet of paper would weigh 2,575 tons sent in the ordinary manner. Sent by this new government way, they will weigh 1,529 pounds. This relieves more than 1,000 pounds in weight that can be used in sending supplies to the soldier boys.

The government is devising a photographing method to be issued, and when it is worked out, will reduce the weight of 150,000 of such letters to about 45 pounds. This would be replaced by shipping supplies to the boys which is needed in winning the war.

All you have to do to secure one of these new forms for a letter to the boys at the front, is to call at your post office and tell them you want a sheet to write a letter by V-Mail Service, and you can get not to exceed three at one time.

These are to be used for those boys on foreign soil and out of continental United States.

Blood is the greater price to pay. No one will dispute that. Those who remain in civilian life have only remote chances of sacrificing it. They are the fighters, who with lead and Yankee courage, will keep Old Glory waving . . . will replace the unprovoked attack of the Japs and the Nazis.

E. C. Nelson

Judge E. C. Nelson is a candidate for Chief Justice of the Court of Civil Appeals. This is one of the highest judicial offices in our State, one that demands the most thorough training and the widest possible experience. Judge Nelson has attended and graduated from the leading universities and law schools in our country, giving him an educational background of the highest order.

He has had a well-rounded legal experience. He has been a licensed attorney for more than 22 years. He has practiced law in all of our courts and has been judge of all courts of record up to the Court of Civil Appeals. As an appellate judge, he will be able from his own experience, to review a case from the standpoint of both the practicing lawyer and the trial judge. He is now District Judge of the district composed of Potter, Randall, and Armstrong Counties, and his record as a trial judge is one of the best in the State.

Judge Nelson is 51 years old, just the right age to undertake the work of an appellate judge. He is old enough for maturity, experience and judgment, and young enough for the years of hard work the position requires. The size of the district has made it impossible for him to see all the people, but he solicits the vote and influence of all our citizens. (Political Adv.)
