Deferments Ordered In Farm Groups

(Reprinted from Dallas Morning News.)

Selective service registrants who are skilled in dairy, livestock and poultry farm production activities were ordered deferred Monday by their local draft boards even though they have been notified to report for induction, according to telegraphic instruction from Washington relayed through the office of Adj. Gen. J. Watt Page, state director.

General Page telegraphed the local boards as follows: "Directives from national headquarters advise that a critical nation-wide condition exists in dairy, livestock and poultry farm production activities and that immediate action is necessary to relieve the situation. The War Manpower Commission will announce a plan for stabilizations. These pronouncements constitute new evidence authorizing local boards to reopen and consider anew the classification of registrants who should be considered as necessary men in these activities under new, liberal deferment standards.

"Pending issuance of criteria by which local boards can determine whether a farm worker or producer is essential you will make your own determinations. All workers skilled in dairy, livestock or poultry from operation who are not found to be eligible for deferred classifications in their present employment shall be referred to the United States Employment Service in accordance with local board release No. 149. This action is necessary whether or not an order to report for induction has been issued to such registrants.

"You are therefore directed to stay induction when necessary for the purpose of reopening and considering classification anew in cases coming under such new liberal deferment standards.

"The effect of such action upon meeting November calls has been anticipated and such action should be taken even though it results in failure to meet your November calls."

Beware Of The Gun While Hunting

As the hunting season approaches, the Texas State Health Department urges caution in handling fire arms. More than 200 Texans were killed in 1941 as a result of carelessness in handling guns, and at this time when human lives are being snuffed out in the war that is enveloping the entire world, it is more than ever important that we should conserve human lives on the home front.

With the inauguration of meat rationing and the reduced supply of this particular food, there is a possibility of more hunters going into the field than has been the custom for many years.

"It is not enough to deplore the waste of human lives caused by the care less handling of fire arms," asserts Dr. Geo. W. Cox, State Health Officer, "we should learn from the deaths of these victims the lessons of safety which will prevent this needless and shocking waste."

The State Department of Health suggests the following safety suggestions in handling guns:

While hunting be sure that the loaded gun is on safety until ready to fire. Never shoot without seeing your target clearly. Never crawl through a fence carrying a loaded gun. If hunting with a companion stay close to him. Do not strike the ground or wounded game with the butt of a loaded gun. Never scuffle while holding a loaded gun or point it at a person "for fun." Always unload a gun before attempting to clean it. Always unload guns before taking them into the home. All guns should be carefully put away in the home out of the reach of small children.

Thanksgiving Services November 22nd

The ministers alliance of Spur have arranged for a community Thanksgiving services to be held Sunday night, November 22. The services will be at the First Methodist Church and Andrew Morris will bring the message. Further announcements will be made.

Makes Record Number Two

A. C. Hull, congenial president of the Spur Chamber of Commerce, stated recently that he had accomplished record Number Two in his life's career. His first record was that he was the first person ever to ride a bicycle from Jayton to Girard and return. That was quite a feat for any one.

His second record was that he was the first man in Dickens County ever to put a peanut through a thresher. Mr. Hull is making history for Dickens County in that respect as this is the first year there were ever enough peanuts grown in Dickens County to thresh. At least, hats off to Deacon for two great accomplishments.

Can Mail Packages To Soldier Boys

Because the Postal Department stated that all packages for Christmas to Soldier Boys on foreign fields had to be mailed by November 1st to guarantee delivery, some people got the idea that no packages could be mailed to the soldiers on foreign soil after that date. Postmaster Arthur stated this week that packages to soldiers on foreign soil can be mailed any time. But, the Postal Department does not guarantee Christmas packages mailed after November 1st to be delivered to the soldiers for Christmas. Packages mailed on or before November 1st have had a special arrangement made for them and a special transportation is provided for them.

Any one can mail Christmas packages to soldiers now, but the Postal Department does not guarantee them to be delivered to the boys in time for Christmas.

No package which contains anything to eat can be accepted by the Postal Department to be sent to soldiers abroad. It requires so long time to make delivery that foods may spoil, or become in bad condition to the extent that the Postal Department cannot take care of them. Parents and other friends are admonished to make all presents to soldiers on foreign fields to be something besides foods. The soldiers are bountifully fed at all times.

Boxes of foods may be sent to soldiers in camp in any part of the United States proper.

"Justly Proud"

What is the American Red Cross doing for servicemen overseas?

That question was answered the other day by no less an authority than Major General Russell E. Hartle, commander of the United States Forces in Northern Ireland, in an address at the opening of the new Red Cross club in Belfast. Speaking of the new club, General Hartle said:

"It is a place where the enlisted man of the armed forces can enjoy his friends, sleep in clean comfortable beds, secure good food—a place where he will find a friendly interest in him as an individual in a home-like atmosphere. No effort is being spared to compensate for the man's separation from his home.

"It would be a mighty satisfying experience to the Americans who have contributed to the Red Cross if they could see what their dollars have accomplished, together with the unselfish contribution of time and effort that have been given voluntarily by the fine group of Able citizens who have made the club possible. It is not only a tribute to the wonderful hospitality which has been extended to Americans here, but is indicative of the understanding which draws together our peoples in a great common effort.

"The club will be a joy to the man who will use it; further, its effects will be reflected into his home, where though removed by thousands of miles, his loved ones will know that he is the object of this splendid effort. All who have contributed to its creation may feel justly proud."

Coming from a General that's high praise for the American Red Cross and its work.

Mr. and Mrs. John Jackson Payne, of Fort Stockton, were here the first of the week visiting relatives and friends. Mr. and Mrs. Payne were married last week. He is with an airplane company at Fort Stockton.

About Registering Commercial Vehicles

To expedite the issuance of Certificates of War Necessity required of all trucks and commercial vehicles beginning November 15, blanks are now available at the Office of Defense Transportation motor transport district office located at 823 Lubbock National Bank Building, Richard E. Wood, District ODT motor transport manager, announced today.

The application blanks are for the use of commercial motor vehicle operators who did not receive their application blanks by mail from the ODT central mailing office in Detroit.

Any operator of a truck, bus, or other commercial motor vehicle who has not yet received an application for a Certificate of War Necessity should report this fact at once, Mr. Wood said today. Operators in this section of the state may get blanks by mail from Lubbock office.

Because there is so little time left—all carriers must have the actual Certificates of War Necessity in their hands by November 15, or they cannot lawfully operate—carriers should be certain that all applicable questions on their applications are answered fully and correctly and that the applications are returned in the shortest possible time, Mr. Wood said.

Trucks-Buses Not Forced in Turn in Extra Tires

Truck and bus owners with more than five tires per vehicle are not obliged to sell the excess to the government under its new tire-purchasing plan, according to late information from the Office of War Information. Present regulations do not make it mandatory upon truck and bus operators to surrender their excess tires, it was pointed out.

According to the OWI office, the part of the program applying to truck and bus tires is entirely voluntary. The only mandatory feature is for passenger car owners who cannot have more than five tires per vehicle.

Truck and bus owners are expected to sell only tires which they reasonably will not need and are expected to provide for their own future needs before turning in excess tires.

MORE MEN VOLUNTEER AT LUBBOCK

A number more of Dickens County men volunteered their service for training in the Air Corps of the U. S. Army. These have all volunteered as Air Corps Specialists and will be trained in their respective lines. The following are the list:

William Cecil Caplinger, C. L. Williams, John William Franklin, Jr., Winford Ray Scott, John Fletcher Ballard, Parment Gordon Pierce, Walter Robert Jimison, and Wilbur Dee Hagins, all of Spur; G. W. Park and Orla Truitt Smith of Dumont; Dayton Worth Green, Jack Partridge and John Jerdon Cumbie, all of Dickens.

School Gets \$765 For Band

The City Commission recently allocated \$765.00 of the one mill band tax to the support of the Spur School Band for this term of school. This is a little more than was allocated last year, that amount being about \$751.00.

This amount will be of great assistance to the school band, and Supt. O. C. Thomas stated this week that will be sufficient to get by. He stated that the band is getting only about one-half mill tax for its support. The City Commission is going to use the remainder in paying the site for the airport which was purchased recently. The collections on this tax amounts to a little more than \$1,100 annually, but if taxes were paid in full the amount would be around \$1,400.

State Farm Meet To Be Held In Waco Nov. 17-18

Farmers and stockmen from 200 Texas counties will meet in Waco November 17-18 for the annual state convention of the Texas Farm Bureau Federation, J. Walter Hammond, president, announced today.

Problems of all-out production for victory will be discussed and a farm Bureau program for the coming year adopted, Hammond said. Directors from Districts 2, 4, 6, 8, 10 and 12 are to be elected for two-year terms.

The farm Bureau is the largest organization of farmers in the state with more than 16,000 members in 200 Texas counties.

Hammond is urging all county Farm Bureaus to send their full quota of delegates to the meeting. "This will be one of the most important state conventions in the history of our organization," he stated. "The fate of the civilized world depends upon the ability of American farmers to produce the food and fiber needed by our armed forces and our allies to crush the axis gangsters. Organized effort on the home front is just as essential as organized action on the fighting front. We must work together and plan a 1943 program that will get the job done."

Some of the outstanding agricultural leaders of the state and nation have accepted invitations to appear on the program, Hammond said. Among these are I. W. Duggan, director of the Southern Region, Agricultural Adjustment Administration; H. H. Williamson, director of the Extension Service, Texas A. & M. College; Dr. V. P. Lee, president of the Production Credit Cooperation, Houston; Veron Marshall of Temple, state administrator, Soil Conservation Service; R. A. Manire of Austin, state director of Vocational Agriculture; and Mrs. W. G. Kennedy of Muleshoe, president of the Texas Home Demonstration Association.

Army Wants 45 Mile Speed Limit For Trucks

The War Department is contemplating asking the Office of Defense Transportation to raise its 35-mile an hour speed limit to 45 miles an hour where movements of war are concerned, and wants the trucking industry to furnish data to support its contention that the higher speed is necessary.

John Bridge, consultant to the Highway Division of the Chief of Transportation, War Department, brought that word to the Policy Committee of the American Trucking Association as the committee met in St. Louis last week during the ATA annual convention.

He obtained immediate action when the committee unanimously passed a resolution instructing John V. Lawrence, general manager of ATA, to proceed with preparation of material and to make an appropriate presentation.

Mr. Bridge explained that the War Department is vitally interested in highway transportation and opposed to any reduction in speed. He said the department has interested itself in the removal of restrictions so as to make possible maximum use of highway equipments.

Get Ready To Register For Gas

Mr. O. C. Thomas, superintendent of Spur schools, request every person intending to apply for a gas certificate to be thinking about it and making plans to come to the registration office fully prepared.

WHEN: November 12-13-14 (From 8:30 A. M. to 5:00 P. M.)

WHERE: Spur High School Office

WHAT TO BRING: All registration receipts and drivers license.

Mr. Thomas states that no one will be able to register unless he has the proper papers with him. Please come fully prepared.

Just as soon as a more detailed information is received from OPA, it will be made public.

Grade III Tires Can Be Stocked

Steps to enable dealers to increase their stocks of passenger car tires so as to be ready to make consumer sales when the new mileage rationing program becomes effective November 22, have been announced by OPA. Under the new regulations which are a part of the government's rubber conservation program, dealers may acquire stocks of new tires made of reclaimed rubber, and recapped and used tires for sale to motorists who have received ration certificates from their local war price and rationing board. Only establishments which have filed September 30 inventory reports on OPA Form R-17, in compliance with rationing regulations will be eligible for allotments, expecting establishments operated by tire manufacturers or mass distributors are eligible under a special provision.

—Keep 'Em Rolling—

Farm Machinery Equipment Rationed

Sale of new farm machinery has been restricted effective Sept. 17, 1942 and has been turned over to the United States Department of Agriculture for rationing through the County Farm Machinery Rationing Committee and Farm Machinery Dealers.

Farm Machinery has been grouped into three classes: Group A which includes all machinery that is to be rationed by the County Farm Machinery Rationing Committee, Group B which includes all other farm machinery and equipment except that included in Group C which may be purchased by signing a statement with the dealer that this machinery is needed to meet the production goals on the farm, and Group C which includes hand tools such as rakes, hoes, shovels, forks and scythes.

Group A shall include the following new farm machinery and equipment: Combines, corn pickers, shredders, grain elevators, feed grinders, hay balers, pickup balers, tractors (including garden tractors) disc harrows, grain drills, manure spreaders, fertilizer spreaders, line peddlers, milking machines, milk coolers, potato diggers, beat lifters, and beet loaders. Any farmer desiring to purchase any of the above mentioned equipment should make application with the Dickens County Farm Machinery Rationing Committee at Dickens. The A. A. Office will be Headquarters for the committee. Members of this committee are Joe M. Rose, Chairman, V. M. Hand and Hubert Karr. Alternates are G. D. Potts and Floy Watson.

Farmers desiring to purchase equipment other than those that are listed as Group A above should contact your dealer who has instructions with reference to this type of machinery.

IN A DIFFERENT WAY

Recently George Bender, Republican Representative of Ohio, said, "I know our people hate everything that Hitler stands for. But, I challenge any one to tell us the difference between the Executive Orders issued by Roosevelt and those issued by Hitler".

The difference, Mr. Bender, is that Roosevelt issued orders the democratic way, while Hitler issued them under a totalitarian system which we do not tolerate in the United States.

NOTICE

Last week the Dickens County Times left a word out of Mr. and Mrs. Hollise Atkinson message, which failed to convey to the public that they really appreciated the people whom they come in contact with, and they expect some time to come back to Spur. So please remember that Mr. and Mrs. Atkinson really appreciated their friends.

Buy a Share in America!

LAND... Thousands of acres of the finest land in the world... black earth, rich loam, green pastures and hills where trees reach to the clouds and their boughs touch... Wide, flat, well-drained land on which corn, wheat, and other crops grow thick and fast.

Also upland farms, stock farms, ranches, and citrus groves as well as truck farms, tobacco farms, and cotton plantations. This land described above is America... not 20 acres, not 50 or 100 acres, but all of it that lies between the Atlantic and the Pacific.

How can you buy all that land? What would it cost you?

A dime will buy a share of all of it... a 10-cent War Savings Stamp. Every War Bond that you buy gives you a bigger share of this land and it is the finest land buy in the world today!

Your government needs money to win this war, and is offering you good interest and a "money-back" guarantee for it. War Bonds offer the soundest investment in the world. With each Bond purchase you are buying a share of this great, fertile country of ours... and protecting your own investment in it, too!

Spur Takes Honor From Matador

The Matador Matadors went down before the Spur Bulldogs' fast playing in a very determined manner here Friday night. The Bulldogs received and were in possession of the ball on their 35 yard line. They drove steadily down the field, making four successive first downs, and five yards on another when Ball made a run of 16 yards for goal. Spur failed to convert and the score was 6 to 0, and a scoring campaign was begun by the Bulldogs.

Matador received and were down at their 35 yard line. Wilson, Spur half back, was injured at this play and had to retire from the game. Morrow substituted for Wilson. A fumble cost Matador a loss of 10 yards. They made no gain on the next trail and then punted to Spur's 44, this being the first punt in the game.

Spur made eight and three for a first down. Matador drew a penalty of five yards for too many times out, then Spur made six yards to complete a first down. Spur made nine and seven for a first down, then gained two and went over for a goal. A line plunge accounted for the extra and the score was 13 to 0.

Matador received again and were down at their 18. They made a gain of four and three and two and the quarter was called. Matador punted and Spur had the ball at their 40. Ball got away for 12 yards but the play was called back and Spur took 15 yards for clipping. Spur made four and six for a first down. Ball got away for 53 yards, being rushed out at the three yard line. However, the next play resulted in a fumble which cost Spur the ball and Matador was at the 20-yard line to start for a goal.

Matador fumbled which cost them 13 yards, and they lost one more in the next play. They punted to their 25 yard line. Spur lost five yards, made no gain, and then gained nine. They failed to go over and the ball went to Matador.

Matador failed on a pass, then made 19 yards for a first down. A fumble cost Matador 11 yards. They made 14 and five and the half was called with them lacking one yard of a second first down.

Matador received at their 33 yard line. They made four, then no gain, attempted a pass and lost two yards. They punted to Spur's 45.

Spur made two, and four and 13 for a first down. Spur completed a pass for six yards. Spur was off side and took five yards penalty. Spur gained nine, but called back and took a 10 yard penalty. Spur completed a pass for 8, gained 8, and two and 8 for a first down. Spur made four and attempted a pass which Matador intercepted and were down on their 12 yard line.

Matador made one, and one and three, and then punted out of danger. Spur had the ball at the 48. Spur made 12 for a first down. Made 10 for a first down. Completed a pass for 8. Failed on a pass and then made 9 for a first down. Spur made three and then no gain, but next play Ball went over for a counter. Spur failed to convert and the score was 19 to 0.

Matador received and were down at Spur's 46. Matador made one one yard and then failed on a pass. Spur was given a 10-yard penalty which completed a first down for Matador. Matador attempted a pass which Spur intercepted and made 15 yards gain. A fumble was covered by Matador on their 40 yard line. Matador then attempted a pass which Spur received and gained seven yards. Spur gained six and 12 for a first down. At this point Ball got loose for 15 yards which meant another goal for Spur. Spur failed to convert and the score was 25 to 0.

Matador received at their 36. They failed on a pass, then a fumble cost them the ball at their 35. The first play Ball got away for a long run to make Spur's fifth counter. Spur failed to convert and the score stood 31 to 0.

Matador received at their 30. Matador attempted a pass which Spur received at the 47. Marshall for Matador substituted for Jacobs. Spur was called back after making a 30-yard run and given 15 yards penalty. Spur failed on a pass, then made 12 yards. Failed on a pass again and punted to Matador's 28.

Matador gained three yards and then failed on a pass. Matador attempted a lateral which cost them 10 yards. They punted out to Spur

LOCAL SUPERINTENDENT GOES TO STATE TEACHERS MEETING

O. C. Thomas, superintendent of Spur Public Schools, will attend the meeting of the Texas State Teachers Association to be held in the Adolphus Hotel, Dallas, Texas, November 7th. Mr. Thomas is attending this meeting in the capacity of president of the West Texas Teachers Association. The West Texas Teachers Association is composed of 22 counties and we are quite proud to have our superintendent holding the presidency of this organization. He was elected at the spring convention which was held in Lubbock on March 22, 1942. Due to the tire shortage all the teachers will not attend, as has been customary in the past, but only district presidents, their Executive Committee, and a limited number of delegates from each district will be present.

JUNIOR-SENIOR HALLOWE'EN PARTY

The seniors and juniors had a Halloween party after the Matador game last Friday night in the gymnasium. The Matador players and pep squad came to the party as well as some Crosbyton football players. Joe Ericson served as master of ceremony and a great variety of entertainment was introduced. Tommy Burger and Warren Cooner furnished string music, Miss Frances Lawlis sang several songs which were enjoyed, and I do mean enjoyed, and Miss Evelyn Lewis favored the group with a corny love song. Two groups of girls also sang. The first group was composed of Allie Beth Arthur, Ann Thurston, Evelyn Lewis, Marie Whitwell, and Elizabeth Ramsay. The second of Eurena Hoover, Bettye Weaver, Louise Guthrie and Doris Taylor. The Bonehead Quartet, Billy Scott, Joe Ericson, Jack Fletcher, and Alfred Elkins, sang. The group enjoyed playing swing games conducted by Winona Pace and Pete Swaringen.

FRESHMEN-SOPHOMORE HALLOWE'EN PARTY

The Freshmen and Sophomores started their Halloween party after the Matador-Spur football game Friday night by attending the bonfire which was lighted by Rex Taylor and Sherry Campbell. The party was continued in the home economics laboratory. The party was attended by a approximately 60 students and Mesdames Ethel McArthur, M. H. Brannen, and Dick Speer. We ducked for apples and did folk dances. Some people who had never done them before were very confused although everyone had a lot of fun. We had cookies, punch, and apples, with suckers in them for refreshments.

THE NEW DRAFT LAW AND OUR STUDENTS

The new draft law, which lowers the draft age to 18, will affect the following boys in Spur High made five but suffered a penalty. They made four and 12 for a first down. A fumble cost Spur the ball at the 32 yard line. Matador made ten yards for a first down. Matador failed on a pass and the game ended with the ball on Matador's 42 yard line.

Starting line ups were:

PEP RALLY TONIGHT
 Due to the fact that it rained last Thursday night, and we were unable to have a pep rally, we want to have a bigger and better one tonight. We want to have the whole school down there yelling for our team. Be sure to be there ready to help us yell.

ARTABAN INITIATION SERVICE

The Artaban Club of Spur High School met in the Homemaking Department Monday Nov. 2, 1942. Initiation services were held for qualified members and honorary members. Twenty-one were initiated into Artaban. They were:

Letha Williams, Alma Nell Smith, Irene Kimmel, Doris Drape, Thelma Gannon, Norweeta Williams, Jane Brannen, Patsy Arrington, Autry Nell Dyess, Mrs. Jack Rector, Iris Smith, Eula Mae McCarty, Jean Arthur, Alberta Dunwoody, Dorothea Karr, Laverne Choate, Billie Jean Holloway, Barbara Ann Ritchie, Ellese Petty, Mildred McCombs, Marion Speer.

Those who helped with the initiation were: Elizabeth Ramsay, Emma Pearl Gruben, Jackie Rector, Shirley Powell, Chares Powell, Betty Barnett, Winona Pace, Rose Petty, Mrs. Cecil Fox, and the sponsor, Mrs. McArthur.

A social hour was held following the initiation. Games were played and delicious punch and cookies were served.

WITH OUR FORMER STUDENTS

Harland Weaver, president of the 1942 Senior Class, visited our school last Wednesday. Harland is studying law at Texas University this year. He was in Spur for the purpose of attending the funeral of his father and the entire student body of Spur High School extends their sympathy.

C. L. Williams, son of Mr. and Mrs. Henry Williams, is now private in the Air Corps at Lubbock. He was a visitor at Spur High on Monday.

Pete Swaringen, '42, was a visitor at the school this week. Pete is at home this year at Duck Creek helping his father farm.

Winona Pace and Margie N. Russell graduates of S. H. S. in May, 1942 are back in school this year. They are both taking post graduate courses. Winona is studying commercial work and Margie Nell science. We are glad to have them back with us this year.

Wade Gilbert, son of Mr. and Mrs. W. F. Gilbert, visited in Spur this week. Wade graduated from Spur in May, 1942 and was one of the Salutarians. At present he is a student of Texas Tech.

Misses Helen and Winifred Lee, graduates of S. H. S. in 1940, visited with their parents, Mr. and Mrs. L. E. Lee this week. They are students at Texas Tech this year.

Bill Gruben, son of Mr. and Mrs. W. C. Gruben and a graduate of S. H. S. in May, 1938 notified his parents of his coming marriage. He is to be married Nov. 14th to the Miss Virginia Anderson, daughter of Mr. and Mrs. Vincent Anderson of Lombard, Illinois. On graduating from S. H. S. he received a scholarship to the University of Southern Calif. At present he is employed by a manufacturing concern in Chicago. He is to be inducted in the Army Air Corps shortly. The students of S. H. S. wish Bill and his bride the best of luck.

Elton (Rip) Garner son of Mr. and Mrs. W. W. Garner was home on a short furlough last week. He graduated from S. H. S. in 1938.

Raleigh Adcock, Max Alexander, Wilburn Ball, Buck Ballard, Tommy Burger, Alfred Elkins, Alex Fry, Leon Hale, Ross Holman, Jack Rankin, Melvin Rape, and Willie Smith.

These boys are now eighteen or will be by December 1, 1942. It is understood, however, that all of the boys now in school will be permitted to continue in school for the remainder of this school year before being drafted.

OFFICE GIRLS
 One of the time-honored institutions of Spur High are those people who may be seen in the halls at any hour of the day without a permit. This year that privilege is practically their only compensation because they receive no pay. Formerly the N. Y. A. paid them but the N. Y. A. is a war casualty.

These girls: Grace Boothe, Betty Jo Barnett, Robbie, Rose Petty, Ruby Duboise, Zona Hinson and Geradine Wright are taking commercial subjects and get practical experience in return for their time. Their duties include checking absentee slips, filing out football reports, answering the telephone, running errands and anything else that needs to be done. Mr. King says that they are lots of help and would be hard to do without.

LIBRARY WORKERS

We have the privilege of reading good books and magazines from the library. This is made possible by the efforts of students and teachers who are assigned to check out these books and magazines. Each student or teacher has a special assignment and work under the supervision of Mr. Hubert A. Owens, librarian. The periods these people work are:

1st—Miss Pauline Powell; 2nd—Dorothy Reynolds; 3rd—Bettye Joe Barnett; 4th, 5th, 6th, and 7th—Mildred Burger and Ruby Duboise;

Rip was one of S. H. S. football greats. He is in the Navy and is stationed at San Diego, Calif.

8th—William Randall and Bertha Nell Walker.
 Their duties are to help the students the best they can in selecting and checking out books and magazines for their study and entertainment. We do appreciate their efforts very much and hope they will keep the good work up.

TO OUR FRIENDS

Next week, "Griff," the man behind the Frying Pan, will be with the boys, trying to help "Uncle Sam," with the duties of our country.

We want to thank every one, far and near who has been so helpful to us, we were always glad to have you in our place of business and even "GIFF" will be away, we are going to try and give you the same type of service that has always been given.

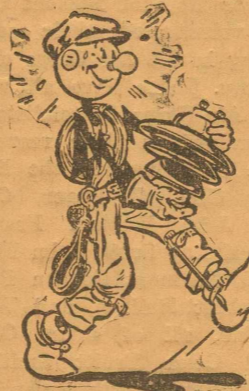

We hope that with your cooperation that Mrs. Griffin, Will find her responsibilities, not too much, and when this fight is won, I'll want to return to SPUR and still remain the man behind the FRYING PAN."

NO USE, ADOLF—
 You Can't Shut Out That Hum!

Adolf: Dot humming—vot iss it?

Reddy: That, Adolf, is the hum of power by which you will meet your doom. Power in the air... power afoot, on tap to build more planes, more tanks, more guns, more ships. It's the hum of American men and machines at work—twenty-four hours a day!

Adolf: Ah, but I haff power, too!

Reddy: Listen, Adolf! America has more power than you and all your stooges and conquered countries put together. Free men and women are using that power, turning out weapons of war in thundering quantities, because they want to stay free.

Adolf: Yes, but I haff men and women working for me, too.

Reddy: Slaves, Adolf. They toil with bayonets at their back. They have no spirit for the work. They are slowed down by hunger. The machines they work are worn by years of war. Manpower can never do the work of electric power!

Adolf: Sure, but I got the jump on you! I command everything—

Reddy: That's where we differ, Adolf. Your system is based on state slavery and political control and operation of all natural resources, industry, religion and education. In West Texas... and in all America... we respect the rights of the individual and the institutions he has created. Over here, we believe in free enterprise under government regulation... a system under which men and women know they'll be rewarded for initiative, ambition and production.

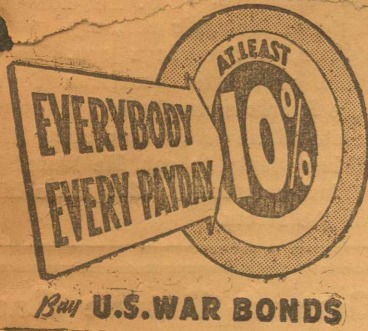

It's a powerful incentive, Adolf, and it's helped make America power-full. Consider electricity, for example. It's helped give West Texas homes about twice or three times as much electric service for their money as they used to get ten or fifteen years ago.

American business management is behind that hum you hear, Adolf, and its success depends on giving more for less cost. It's a hum that will beat upon you until freedom is restored to the earth. It's the hum of fate, Adolf!
