THE TURNING POINT

At the beginning of 1922, it was evident that the peak of hard times had been passed and that the country was on the downward path towards prosperity.

In the West Texas situation, however, there was one factor which caused us all anxiety and that was--rain.

If rain didn't come, West Texas was in sore straits even though the rest of the country might be prosperous.

For over two months and one-half, we waited anxiously for rain. Finally, it came and the parched land drank it in. With it, THE ONLY HINDRANCE TO A GLORIOUS YEAR OF PROSPERITY HAS BEEN REMOVED.

Sheep are selling at the highest prices since the boom days before the war, and cattle are bringing good prices.

Normalcy has come to us with a rush.

Relying on the saying that "God helps those who help themselves," on New Year's Day, 1922, we resolved to bring the business of the Roach-McLymont Company up to a million dollars by the close of the year.

In spite of adverse conditions, the January, February and March business of this Company has exceeded all previous records, and we are fully confident, now that the rain has come, of REACHING OUR MILLION DOLLAR GOAL BY 1923.

This extraordinary success we owe entirely to the public of this district who have come to know that when they trade with us, they get more for their dollar than they can get elsewhere.

Mrs. Luella Cauthorn, together with several members of her family, motored to Sonora Friday from their ranch thirteen miles west of Sonora to attend the funeral of Thomas Board.

Fourth Candidate for County Judge.

The fourth candidate to formally toss their hat into the ring for the office of County Judge, subject to the action of the Democratic primaries in July, is Judge H. B. Balch. Mr. Balch is one of Sonora's oldest citizens, having resided here for over 31 years. Has been connected with minor courts for seven years, being Justice of the Peace of Precinct No. 1. He was also census enumerator for the year 1910 and school census taker. He has, during his long stay here, made many friends who will, no doubt, be transformed into voters in the July primaries. He has made the announcement because of his friends desiring him and their strong support offered. He will, according to the best of his ability, discharge the duties of the office to the best advantage of the County, making what he has learned during the seven years he has been Justice of the Peace help, should he be elected.

NOTICE.

The report is out that Hon. B. J. Stewart intends to enter the race for County Judge of Edwards County. This is not true. Mr. Stewart is attending school in Lebanon, Tenn., and I take this means of assuring his friends that he is in the race for Representative of the 86th District. M. L. H. B. 22, Junction, Texas.

Illiana Bunchman Comes to Sutton to Purchase Livestock.

Evidence that times are getting back to normal, and that Sutton county stock is paramount, was evidenced last week when the Geo. J. Trainer Commission Co., sold about 250 head of steers to C. K. Johnson, of Lubbock. Mr. Johnson will have to take the stock two hundred miles before getting them to his ranch. Taking the two hundred mile radius of Lubbock in mind one could see that it would have been just as easy for Mr. Johnson to have bought stock going approximately the same distance, in Kansas, Colorado, Oklahoma and New Mexico. But he remained in his own state and came to Sutton to stock his ranch.

The steers were bought from Ira L. Wheat, 500 1's to 4's; Sam McKee, 200 1's and 2's; Big Dumber, 100 1's and 2's and about 50 head scattered over the county. All the stock was bought at private terms.

Robert Halbert bought from Willie Haland 100 yearling matrons at \$6.

Russell Martin was in town Friday. He had just returned from Christoval where he had taken Joe Bradford who has a bad case of rheumatism.

District Judge James Cornell and Mrs. Cornell were in from the ranch Friday of last week to attend the funeral of the late Thomas Bond.

With Mason of Junction, tick inspector for Sutton, Menard and Kibbie counties, here several days this week consulting with Geo. Orr the county inspector.

Doc Simmons and Tom Grimes of Angelo spent a few days this week on the Author Simmons ranch about 9 miles west of town. Doc says the range and stock is looking fine. He also visited his son Fred Simmons and daughter Mrs. Tom Thorp while here.

RIP VAN WINKLE COMING

SCENE FROM RIP VAN WINKLE

When Rip Van Winkle went off into the Catskill Mountains to take his long sleep and escape the torments of a hen-pecked life he hadn't heard of Chautauqua. However, the "world do move" and this year Rip will be the central figure at the biggest program to be given on the Westcoast Circuit. He will be represented by Herbert Sprague, declared by critics to be the greatest "Rip" since the days of Joseph Jefferson. The Chautauqua travel and presentation patrons of the circuit will thus have the double treat of seeing the greatest play ever produced in America and the "leading man" in the title role. Last year Herbert Sprague and Floy Mahan Sprague, his wife and leading lady, presented Rip Van Winkle on the Cadmean Six-day Circuit and received everywhere with the warmest of welcomes. When the possibility of presenting Mr. Sprague at the head of his own company in the smaller towns of the Westcoast Circuit was suggested, it seemed at first impossible of a hen-pecked life he hadn't heard of Chautauqua. He will be represented by Herbert Sprague, declared by critics to be the greatest "Rip" since the days of Joseph Jefferson. Price Tells of the Four Greatest Ships.

That the Navy of the United States should be crippled or reduced was settled in Washington during that remarkable Peace Conference, but Dr. Price rightly says that Four Greatest Ships are not the Battle Ships of the Sea, but ships which sail in your sea of emotions and control your everyday life.

No man should come to the Chautauqua platform without sufficient training and ability to make his "talk" in the big program worth while, only those who have risen from the ranks, who have had special training in their life calling or who have achieved a position of responsibility, are awarded a hearing on the 1922 program.

Dr. Price was a prominent professor in one of the leading mid-western universities for several years, who gave up his position to teach in the biggest university in America. More people assemble under Chautauqua tents than attend the colleges and universities of the whole United States. These people who come to teach and entertain have all been awarded their place on account of their peculiar ability. Dr. Price is well worth hearing.

RELICS MANY CENTURIES OLD

Recent Finds Made in Scotland Are Believed to Belong to the Bronze Age.

Archeological finds have been made at Dunbar, Scotland. A small vessel of pottery was found in a grave in the churchyard and three short cuts were discovered on the golf course. The vessel, which was of globular shape, with a wide mouth and short, constricted neck, was believed to belong to the Fourteenth century, and had, doubtless, contained holy water. The practice of depositing incense and holy water in clay vessels in graves was not an uncommon practice in western Europe during medieval times. That it was not unknown in Scotland is proved by the present discovery and by a few similar vessels which contained incense. The Dunbar vessel, however, was important, as about ninety years had elapsed since the last analogous discovery was made in the country. Of the three cuts, which apparently belonged to the Bronze age, one had been destroyed some years ago, another contained the remains of a human skeleton, and the third, which was of very small dimensions, a few incinerated bones. No relics were found with the human remains.

CRAFTY GERMANS

It is now known why and how the famous central picture of Van Eyck's painting, "The Adoration of the Lamb," was hidden by the Belgians of Ghent during the war to save it from the invading Germans, who, for many decades, have held the accompanying shutters or panels. Perhaps it will never be known where the crown of St. Ravyon put it and thus defied all efforts of the Germans to gain possession of the treasure, but it certainly remained safe till the treaty of Versailles could stipulate that the six shutters be restored to Ghent. The Germans, who had originally given only 500,000 thalers for the shutters, now asked 75,000,000 francs for the lot, in spite of the fact that two years earlier they had put their value at something under 20,000,000 francs. As the value of the shutters has had to be deducted from the total sum due for reparations, the Germans may be said to have driven a handsome bargain.—Christian Science Monitor.

PUNISHMENT TO THE CRIME

Argentine Has Somewhat Novel Method of Treating Offenders Violating Telegraph Codes.

The Argentinian conception of telegraph crime is, to say the least, rather novel. Thus, if a culprit violates the secrecy of a telegram, he is liable to a fine of 1,000 pesos or 12 months' imprisonment. If he stops communication by intentionally interrupting the lines or cutting the wires, he may be called upon to pay 500 pesos or to serve his country without pay for six months. But an attack on or violent resistance to a telegraph officer is apparently a minor act, which can be indulged in at the moderate risk of forfeiting 200 pesos or serving two months in jail.

The Telegraph and Telephone Journal of Great Britain calls attention to this state of affairs, with the comment that, judging from the tone of some of the recent criticisms of the British government telephone service, these critics would probably go the South American republic one better and offer prizes for assaults on certain prominent officials of the British telephone staff.

GOOD SHOWING IN EXPORTS

Increase in Value of Agricultural Implements Sent Abroad Remarkable Under the Circumstances.

An increase of more than \$12,000,000 appears in the value of exports of American agricultural implements in 1921 over 1920. Exports of pumps increased by over \$8,000,000, largely as a result of increased use of pumps for irrigation purposes, and tractors (traction engines) increased by over \$4,000,000.

This increase over 1920 is considered remarkable, says the agricultural implement division of the Department of Commerce, because of the many markets which were closed to American exporters of agricultural machinery on account of the war and the economic chaos which has succeeded it in some parts of the world, notably Russia, central Europe and the Balkan states, which in normal times might be expected to be large purchasers of modern farm equipment.

LOT P. FERNANDEZ

After having spent seven years in outwitting the American public, Mr. Fernandez, Manager of the Philippines, says Chautauqua is America's best sort of entertainment. Come on the last day and hear Fernandez and his entertainers.

EXPLAINED IN FULL

Lavish use of the word "phenomena" by a colored preacher brought a member of his congregation to him at the close of the service to inquire its meaning.

"What do 'phenomena' mean? Well, Brudder Brown, Ah'll explain by tellin' you fast what it ain't."

"Now, ef you comes down de road an' passes a briar patch, dat ain't no phenomena. An' ef you goes on an' sees a cow, dat ain't no phenomena. Den 'sperrin' you goes a little fudder and 'ars a mackin' bird a-singin' in de tree, dat ain't no phenomena."

HE HAS PROOF

Some say that men who part their hair on the right side never get anywhere, but you can't convince John W. McCards, chairman of the Indiana public service commission, that this line of thought is right.

"Why look at these pictures," he said to a friend in his office a few days ago. "There's William McKinley—he parted his hair on the right side and was elected President of the United States. Then there's Warren G. Harding. He is a right-sider."

"And then look at me. Why, I part my hair on the right side, and who knows but that I may be President."—Indianapolis News.

REPTOMIST LEFFORE ON FOURTH DAY.

Andrew S. Deshore of Nebraska Gives "Going Some" and "Things Not For Sale."

A lecturer with a punch that strikes continuous fire from the start to the finish, Deshore, physically handicapped, has a mental agility not attained by many. He tells a story in a way that is almost unequalled, a general mixture of truth and good cheer, but nevertheless a message with value and sterling worth.

Deshore is a well known short story writer; no doubt his character sketches have already been read by many in the magazines which come monthly to the fireside. He shakes a wicked and sometimes treacherous pen, afraid of nothing, knows just what the public wants, understands what they need, and by combining these two, he writes a valuable story.

Unlike most writers, he is an excellent speaker. Rapid—well just wait and hear him. You'll have to sit right on the edge of the seat with both ears and eyes wide open. His afternoon subject is "Going Some," and that's what he does. He gets up steam before starting, takes on plenty of coal and water to carry him clear through without running in on the sidetrack. His evening lecture is a brand new one—"Things Not for Sale." It's a bigger, better and funnier than ever. Deshore delivers the goods.

MECHANICAL CORNET

An ingenious soldier who is with the army of occupation on the Rhine has invented a mechanical cornet which anyone can play without previous instruction. He has made by hand an instrument which looks like an ordinary cornet. Hidden in the machine, however, there is a roll of cunningly cut paper which acts as do the rolls of the ordinary piano player. The merest novice can blow into the mouthpiece of the cornet and produce tunes. The new cornet has only one key, and it is essential that it shall be depressed for the duration of each note. The mechanism and the roll of paper do the rest, so long as the player continues to blow into the mouthpiece.

ARABIC TYPEWRITER

An Arabic typewriter has just been built by an English firm at the invitation of the department of Egyptian trade, which has found agents for its sale in Egypt. The machine has a detachable keyboard and type which can be substituted by the alphabet of any language desired, and the carriage can be made to travel both ways, instead of only from left to right.

"Short skirts are going out of fashion."

"Yes," replied Miss Cayenne. "People who refused to regard them as highly improper now admit that they are improperly high."

ONE OF THE WORLD'S "GREATEST"

Herbert Sprague To Be Here.

Chautauqua advertising ends—or to avoid the use of superlatives. Chautauqua patrons and Chautauqua managers generally would prefer to have a thing understated than overdone. Therein lies one of the differences between Chautauqua and "shows."

However, Herbert Sprague justly deserves the title of "greatest" in his line. He has been credited far and wide with being the greatest living "Dip Van Winkle."

HEN-PECKED HUSBANDS

Chautauqua Brings Help.

No longer do the women and children get all the flowers and favors at Chautauqua. This year the downtrodden and abused husbands are to have some attention and consideration. The Chautauqua management believes in making courageous innovations when necessary. Consequently Rip Van Winkle will appear on the third night of the big assembly by coming soon to give his recipe for curing domestic difficulties. Men everywhere are especially invited to attend his program and follow his endeavors to evade the wrath of the irate wife shown waiting for him in the picture above.

LAI D SCENES IN BERMUDES

Little Doubt That Shakespeare Had These Islands in Mind When He Wrote "The Tempest."

Sir Walter Raleigh, writing in 1587, speaks of the Bermudas as "a hellish sea for thunder, lightning and storm." The truth is, Bermuda was born into the history of the world because of the wrecks which were strewn on her dangerous reefs in storms, which blinded the mariners or took them out of their course, said William H. Taft, in an address before the National Geographic society.

Shakespeare published his play of "The Tempest" some time not later than 1611, probably as early as 1614. Malone, one of the early commentators, became convinced that Shakespeare intended to make the Bermudas the scene of his play, and this view has been accepted by many. Thomas Moore, who lived in Bermuda for a time, assumed it, and Kipling is an enthusiastic supporter of Malone's view, and finds a beach in Bermuda where one of the scenes might well have been enacted.

Resemblances to the circumstances and wreck off the Bermudas are traced, it is said, in the lines and scenes of the play.

Pains Were Terrific

Read how Mrs. Albert Gregory, of R. F. D. No. 1, Blufford, Ill., got rid of her life. "During... I was awfully weak... My pains were terrific... I thought I would die. The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach... I simply felt as if life was for but a short time. My husband was worried... One evening, while reading the Birthday Almanac, he came across a case similar to mine, and went straight for some Cardui for me to try."

"I took it faithfully and the results were immediate," adds Mrs. Gregory. "I continued to get better, all my ill left me, and I went through... with no further trouble. My baby was fat and strong, and myself—thank God—an once more hale and hearty can walk miles, do my work, though 44 years old, feel like a new person. All I owe to Cardui." For many years Cardui has been found helpful in building up the system when run down by disorders peculiar to women.

THE CHAUTAUQUA MAY 8th to 12th.

FIRST DAY A BIG DAY

Cosmopolitan Band O'Singers Will Open Chautauqua.

A rollicking, frolicking group of singers and players, organized and coached by Harry Leo Bland. Instruments—sure, heaps of 'em; all kinds of novelty features, culminating with a big five octave xylophone, trimmed in white and gold, played by the entire company, resonating six-part harmony in volume sufficient to make the deaf hear distinctly. That's a pretty big company, but this is a pretty big company. These individuals, more interesting for their traits, but able to do as much as six. Come on the first day. Come in ordinary entertainers. They will make the afternoon and hear the Cosmopolitan at up and take notice. Clever polka Band O'Singers get away to a symphony of the popular melodies, fine start, and then come again at night and hear a concert of merit.

EX-WARDEN SPEAKS.

Daniel Woodward of Wisconsin Tells of Experiences in Penitentiary.

"My term in the Penitentiary," not in stripes, but sitting at the desk as the commander in chief, will be an extraordinary feature of the Chautauqua. How many know what goes on behind prison walls? Each taxpayer pays a large sum each year for the maintenance of law and order and for the support of the Educational and Penal institutions of the state. Is this money wisely spent? Is the objectionable person in the community given the proper care in the home town and in the Reform School or Penitentiary if he is sent there? Does the original come out from the House of Correction with a resolve to do better, or does he come out to get even with society for confining him in this miserable place of maltreatment? Does he do enough work to make him worthy of his hire? Does he have an atmosphere around him of better living or is he forced to associate with others who are worse than himself? All these and many other interesting facts will be discussed by Warden Woodward, who made such a success while at the head of the Wisconsin Penitentiary. During his term, the institution was put on practically a self supporting basis. His record is unique and his appearance on a Chautauqua program is to be welcomed.

Bishop Capers Coming.
The Rt. Rev. W. T. Capers, D. D., the Episcopal Bishop of West Texas, will D. V. hold services at St. John's church, Sonora, commencing Sunday April 23rd and continuing until Saturday, April 29th. On Sunday the services will be held at 11 a. m. and 8 p. m. on the week days each afternoon at 4:30 instructions, and at 8 p. m. singing. The Bishop is well favorably known here, and is greeted by large congregations each night. The public are all invited.

THE CHAUTAUQU.

The Cadmean Chautauqua will open its engagement here Monday afternoon, May 8th and continue until April 12th. Among the numbers which will be on the 1922 season program will be the dramatization of Rip Van Winkle, Cosmopolitan Band O' Stagers, Philippine Serenaders, Ben Nak Trio, a famous Saturday Evening Post story presented on the stage a lecture to Hen Pecked Husbands, natives of the Philippine Islands, who will dance in the famous grass breezy costumes, the Acolian Entertainers, an ex-Pennitentiary Warden who will tell of his experiences, and several good lecturers.

Rev Richard Mercer, remaining over, conducted services at the Episcopal Church last Sunday, April 9th, a good congregation being present. The services and singing were of a most impressive character.

At a regular meeting of the Board of Trustees of the over Independent School last week Dupt. M. O. Britt, present superintendent of the school, was elected for the ensuing term. Mr. Britt, not only being re-elected, was given a larger salary. The election of the other members will probably be held May 1st, at the next regular Board meeting. But it is also probable that the election will be held back until the new trustees are elected and in office.

Sonora Hears Denver Music Over Radio and Phone.

Sonora for the first time heard music played in Denver, Colo., Tuesday night. A lecture and song was also heard. Frank Eaton, happening to be in Angelo, phoned W. R. Barnes that the Standard had installed a radio set and would receive a concert from Denver. Mr. Barnes immediately got on the wire and the moment the music was being played the tones were heard in the Standard office and Mr. Barnes was put on the phone wire. The music was played by Hawaiian artists and the tones were heard distinctly here. The lecture was not heard very well for some reason over the copper wire, although Angelo could hear it distinctly. The singing was also heard to hear but it, too, was heard plainly in San Angelo. Truly, we are living in a wonderful age. A party, in the future, can easily be entertained by New York orchestras and singers. Sonora should be progressive enough to have a municipal radio, erected at some central point in town. Frank Eaton's set will likely be received soon. The entire country, even in the cartoons in the dailies, is going radio mad.

OTTS-EATON.

The wedding which has been looked forward to for some time, and on its account has been given an announcement party and a miscellaneous shower, was quietly solemnized between Mr. Paul A. Otts, of San Antonio and Miss Sybil Eaton, of Sonora, at the bride's home in Sonora, Sunday morning, Rev. L. C. Matthis of the First Methodist church officiating. The ceremony was witnessed only by members of the brides family.

Miss Eaton is the daughter of Mr. and Mrs. J. D. Eaton, and is a young lady of very refined character, of a quiet manner, of a loving disposition, and a young lady that everyone admires.

The groom is a young man who resides in San Antonio, a veteran of the World War, liked by everyone who knew him, strictly attentive to business, energetic, and a thoroughly reliable man in all respects. He was for some time connected with the jewelry establishment of T. L. Miller here, being an expert jeweler.

The News wishes Mr. and Mrs. Paul A. Otts a very happy and prosperous wedded life.

Miscellaneous Shower Given.

Mrs. E. E. Sawyer and Mrs. James Cauthorn entertained with a miscellaneous shower at the beautiful home of Mrs. Sawyer Thursday afternoon, April 6th, from 3 to 5, honoring Miss Sybil Eaton whose marriage to Paul A. Otts of San Antonio was solemnized Sunday morning, April 10th. The Sawyer home needed no decorations, but it was made doubly attractive by the use of cut flowers, potted plants, and ferns.

Upon arrival each guest was given a slip of paper and pencil on which they were to write recipes for the bride. The recipes proved to be many and varied. Miss Eleanor Fields presided over the bride's book in which good wishes were written. After a piano solo rendered by Miss Velma Savell three distinct whistles were heard, and Mr. Sawyer announced that it was the "puff man" and that he was coming for me forward and little Edwin Sawyer, dressed as a postman, delivered to her a U. S. mail bag. Upon being opened it was found to contain many useful and hand some gifts. Misses Eva Eaton and Ora Deaton presided at the punch bowl. Mrs. J. A. Cope toasted the bride, the toast was toasted by Mrs. Roy E. Aldwell, the son-in-law's by Mrs. E. M. Peters, and a marriage toast given by Mrs. Edna Shaffer.

About fifty guests were present for the entertainment and enjoyed immensely the pleasure of being at the party which proved to be the last of Miss Sybil Eaton's single life.

TRACK MEET HELD BY SONORA HIGH SCHOOL.

The Sonora High School Inter-scholastic League Track and Field Meet, which was planned for Saturday, April 8th, was postponed because of the bad weather until Monday afternoon. On account of one of the brightest seasons before the team for many years in baseball resulted in very little interest in track, everyone being more interested in baseball than in track. The records made this year were no comparison to the records made last year on this account.

SENIOR EVENTS.

John Martin won the 100 yard dash, in 11 1/5. Clyde Martin 2nd. The 50 yard dash was also won by John Martin, Clyde Martin 2nd, George Smith third. The 120 yard low hurdles were won by Giles Hill, winner of the event last year, John Martin 2nd. The 220 yard dash was won by Carnie Wyatt, George Smith 2nd. The 440 dash was not run off but plans have been made for Giles Hill and John Eaton to run it in an Angelo. The half mile was won by Carnie Wyatt, and Geo. Smith won the mile. The mile relay team will be composed of Carnie Wyatt, John Eaton, Giles Hill and John Martin. The pole vault was won by Leonard Caldwell, whose talent shows up remarkably well for his small size. M. Archer 2nd. The high jump was again won this season by Horace Rees, followed by Lum Trainer and Marion Archer. The broad jump has not yet been made but plans are being arranged for M. Archer and Lum Trainer to go. Horace Rees and John Eaton are in for the shot put but no arrangements have been made to the discus contest. It is possible that changes will be made in the above events, giving the winner of 2nd place the benefit of it, because of some of the winners being unable to attend the meet.

Horace Rees and Geo. D. Chalk, after several months of hard practice will be hard to defeat in the tennis doubles at the District Meet. Grace Trainer and Jewell Eaton will be the only girl athletes to represent Sonora at the meet, playing tennis doubles. Grace Trainer is scheduled to play the girl's tennis singles. Sam Karnes will represent the school as the boy's tennis singles player. Millard Cope defeated Karnes Monday afternoon by the following score: Karnes won first set 6-4, Cope won second with 7-5, and Cope won the last set with 8-6. The game was tightly contested all the way thru. On account of a conflict, the debates being held at the same time as the tennis singles, Cope will be unable to play and as a result Karnes will represent the school.

The literary events, as mentioned last week, will all be represented by the Sonora school strong. Duke Bryson is the Senior Boy Declaimer, Mary Fields the Senior Girl Declaimer and Mary Mitchell the Junior Girl Declaimer. John Eaton and Millard Cope compose Sonora's first debating team, the subject of the debate for the State Meets this year being, "Resolved, that all immigration into the United States shall be prohibited for two years." The boys have been rushing, even resorting to the telegraph for material, and it is hoped that a good showing at Angelo will be made.

JUNIOR EVENTS.

The Junior events were held after the Senior events. Wyle Trainer won the 120 yard low hurdles. Elmo Mitchell won both the 50 and 100 yard dashes, followed each time by Wyle Trainer. The high pole vault was won by Alvin Hollmig, Allison Trainer 2nd. The 220 sprint was won by Ernest Biser, as was also the high jump. In the 440 run Joseph Trainer and Lee Hill were winners, neither being unable to break the others time.

Jim Holland who ranches in Edwards, was trading in town Wednesday.

Judge L. J. Wardlaw, senior member of the law firm of Wardlaw & Elliott of Sonora, who has a law office in Fort Worth, was a visitor here Monday. While here Mr. Wardlaw told his friends of his intentions of installing a radio set on his ranch in the Sonora Country, the set to cost about \$400. Mr. Wardlaw seems to be very enthused over the radio matter.
