SONORA, SUTTON COUNTY, TEXAS, FRIDAY, OCTOBER 7, 1927

NUMBER 2,022

FIRE PREVENTION WEEK, OCTOBER 9TH. TO 15TH.

FIRE PREVENTION WEEK, OCT. 9th TO 15TH.

WHAT CAN WE DO TO PREVENT FIRES?

We hear much during these days concerning "Fire Prevention!" It is not a new subject. Volumes have been written on it. Public lectures have been delivered on "Fire Prevention" as the subject. The screen has shown the horrors of the flames to millions. And yet, the extent of the fire destruction has not lessened. The need for careful attention of "Fire Prevention" has steadily increased within recent years.

Fact About Fire During "Fire Prevention Week."

1. The dollar loss from fires in the State of Texas for the year 1926 was approximately twenty million dollars.

2. The dollar loss in the United States for the year 1926 was approximately \$569,500,000. (Estimates of the National Board of Fire Underwriters.)

3. The dollar loss in Texas from January 1st to September 1st, 1927 approximately \$11,621,446.74.

4. A conservative estimate of the fires in Texas that are preventable is 85 per cent. The same per cent is estimated by the National Board of Fire Underwriters as preventable in the U. S.

Lives lost in Texas 1922 — 260
Lives lost in Texas 1923 — 240
Lives lost in Texas 1924 — 228
Lives lost in Texas 1925 — 284
Lives lost in Texas 1926 — 231
Lives lost in Texas 1927 — 126

6. Ten thousand lives were lost in the U. S. in 1926.

7. The percentage of fires in Texas of incendiary origin for the past five years is approximately ten per cent. This estimate was hard to arrive at, but was made from the estimate on facts that were available for use.

8. 24 towns in Texas have a wholly paid fire departments.

The protected towns that have wholly volunteer fire departments are 216.

9. The protection of the Forest from fires is carried on under the United States Government. The State of Texas has made no progress in the matter of preservation of our Forests. We are giving you the following information given out by the National Fire Protection Association relative to Forest fires.

"In 1925 we had over 68,000 forest fires, which devastated an area of 26,000,000 acres, at a cost of \$28,000. Our forest area at the beginning was 822,000,000 acres of Virgin timber stand out of a total land area of 2,000,000,000 acres. The virgin stand of timber today is less than 125,000,000 acres. The average forest fire burns an area of about two-thirds of a mile in diameter. If all these forest fires were put side by side, they would reach across the United States fifteen times in flaming bands two-thirds of a mile wide.

The following facts and figures are copied from the National Fire Protection Week Supplement:

Life Loss by Fire

Statisticians placed the loss of life caused by fire during 1926 at 10,000. This is a reduction of about 34 per cent in the last three years largely due to the extensive educational work carried on in the interest of "Fire Prevention." There has been a serious increase, however, in the number of persons injured, as the statistics available show an average of two persons injured to one killed. This persons injured to one killed. This on the basis of our estimate, would show at least 20,000 persons injured by fire. The largest percentage of both killed and injured are of the dependent class, namely, mothers, children, the sick in hospitals, and unfortunates in institutions. It is also noticeable that a large percentage of casualties are among those engaged in fire service.

Property Loss From Fire

The preliminary estimate of fire loss for 1926 is \$560,548,624. This is an average of \$1,535,750 per day, or \$1,066 for every minute of the year. A comparison of figures for the last decade shows an alarming increase in fire losses:

1916 ————— \$258,377,952
1926 ————— \$560,548,624
1936 ————— ? ? ? ?

At the same rate of increase what will be the loss ten years hence? In order to secure the right con-

LOWREY-CLARKSON

Announcements were received here on Wednesday of this week of the wedding of Miss May Clarkson of Del Rio to Mr. Grady Lowrey of Sonora. The bride is the daughter of Mrs. John Clarkson of Del Rio, where the young couple became acquainted.

Mr. Lowrey is the son of Mr. and Mrs. J. D. Lowrey of Sonora, and is a graduate of the law school of the University of Texas. Since his admittance to the bar, young Lowrey has made his home in Del Rio, where he is connected with the law firm of Boggess and LaCrosse of that city.

The wedding took place last Sunday, October 2nd, at Fort Benning, Columbus, Ga., the home of the bride's sister.

After short visits in Atlanta, Ga., the young couple will return to Del Rio about October 12th, where they will be at home to their many friends here and in Sonora.

Jim Ferguson Passed Thru Sonora Friday

James E. Ferguson, ex-governor of Texas, and the stormy petrel of Texas politics of the past eight years, and who was removed from office, paid Sonora a brief visit Thursday morning. Mr. Ferguson was accompanied by Guy Holcomb of Temple, and were on their way to the University of Texas oil fields around McCamey. While here they paid Sam Stokes a short visit. Mr. Ferguson has known Mr. Stokes for a long time. Jim and his friend will return via Sonora in a few days.

Teachers Health Forces Resignation

Miss Leola Sherrill teacher in the intermediate grades of the Sonora High School has resigned her position and has returned to her home in Houston through the year, as her health has to the state of her health. Miss Sherrill, when accepting the teachership here was not sure that she could continue through the year, as her health has been poor for some time.

Monday afternoon a crowd of young pupils called on her at her home here to wish her better health and to say good-bye.

Miss Amanda Eastland of Soora was tendered the position vacated by Miss Sherrill by Superintendent M. O. Britt but Miss Eastland did not accept. It is not known definitely yet who will take the position, and in the meantime the classes will be taught by Mrs. A. O. Britt, according to W. E. Caldwell president of the board of trustees.

Stites Motor Company Delivers New Chevies

Business at the Stites Motor Company was good on Monday of this week, four cars having been sold to the following:

Ira Duke Wilson, coupe; Dick Hill, coupe; Jim Cauthorn, cabriolet; W. W. Green, truck.

Four new cars were delivered to the Stites Motor Company on Sunday of last week, and two of these were sold the following day.

ception of the enormity of the fire loss, we submit the following by way of illustration:

Last year, there were 22,000,000 automobiles in the U. S. which paid registration fees and license into the State Treasurers amounting to \$288,000,000. This amount is just about half of the fire loss of \$560,548,624 for the year 1926.

Who Pays The Fire Loss

It is the general impression that every time the fire bell rings one or more insurance companies suffer loss.

Where These Fires Take Place

Over 60 per cent of the number of fires take place in the homes, which means a home fire for every four minutes. Each day of the year, on the average, five schools, five churches, 15 hotels, 1 hospital, 4 warehouses, 9 farms, 6 department stores, 2 theatres, 8 public garages, 3 printing plants and 3 dry goods stores are burning.

Football Schedule Been Announced

In addition to the games already played, the Sonora Bronchos will meet the following teams, it was announced by Coach Halcomb this week: Saturday, October 8th, Rocksprings at Sonora; Saturday, October 15, Eden at Eden; Saturday, November 4th, Eldorado at Sonora; Friday, November 11th, Eldorado at Eldorado; Friday, November 19th, Menard at Sonora; Thursday, November 24th, Junction at Junction.

This makes a total of ten games the team will have played including the final game, Thanksgiving Day at Junction. Only four of these games will be played away from Sonora, viz: Eden, Rocksprings, Eldorado and Junction.

Coach Halcomb urges that as many persons as can do so will volunteer automobiles for the purpose of transporting the boys, and all who can arrange to go to Eden on October 15th and take players with them are asked to call him. The athletic fund is sufficient to take care of gasoline, oil and tire charges for the trip, as stated.

This list of games gives the Bronchos something to shoot at, and it is hoped that the town will support them, morally, financially and automatically.

County Court to Meet Here Monday

The Sutton County Commissioners' Court meets Monday, Judge Alvis Johnson presiding. The Court will consider routine matters and approve the reports of the various county officers.

New Secretary for Missionary Society

At a recent meeting of the Methodist Missionary Society, Miss Pearl Smith of Eldorado, district secretary for the San Angelo district, visited the Sonora auxiliary in the interest of forming a zone comprising the Eldorado, Ozona, Christoval, Williams Ranch and Sonora Auxiliaries.

The ladies unanimously voted to join the zone, and the first meeting October 6th. Sonora had the largest number of representatives of any of the visiting towns, thirteen having sent delegations.

A very interesting and profitable day was spent and the hospitality of the Eldorado ladies was very highly praised by those attending from other cities.

Zone meetings are to be held every quarter. Sonora has the honor of being the town where the next meeting will be held. This will be on the last Thursday in January of the coming year.

Miss Pearl Smith of Eldorado was elected chairman and Mrs. L. E. Johnson of Sonora, secretary for the organization.

MAYOR HURTS ANKLE

Mayor W. C. Gilmore was absent from his store Tuesday and Wednesday of this week, suffering with a weak ankle which he sprained some time ago and which "went back" to him early in the week. Though not serious, Mr. Gilmore stated that the injury was very painful.

Benson Sells Many Sheep and Goats

The following deals in sheep, cattle and land, were reported to the News this week by T. L. Benson of San Angelo, who states this represents the bulk of business during the week:

Sold for Childress Brothers to Frank Cargile, 150 yearling steers.
Sold 1,000 yearling ewes for Ross and Lake to Mr. Douthitt of Lubbock.
1,000 yearling ewes were sold for Arthur Broome to White & Swearingen of Big Springs.

Five loads cows for Eddy Hall to W. N. Hutcherson of Lamar, Colorado.

Leased 2 1-2 sections of land from Fogarty and Robertson. This lease is part of the Schneemann property.

Sold 2,300 ewes to T. G. Chaney of Eldorado.

Sold 500 mutton lambs to Halbert and Hoggett for Theo. Savell.
Bought 1,000 lambs from C. E. Eoyd; 600 from Mr. Perciful of Brent's 500 from Clayton Puckett; 300 from Tim Smith for northern feeder buyers.

Proceeds of Picture Go to Football Team

Fifty per cent of the gross receipts from "Battling Orioles" will go to the treasury of the football team, according to K. V. E. Scott. The picture shows at the La Vista Theatre this coming Thursday night. Mr. Scott had some difficulty in getting this picture for Thursday night but late this week concluded arrangements for showing it here.

"Battling Orioles" is a picture that will warm the hearts of a baseball fan. It shows the old Baltimore days of American baseball, and is team that won such fame in the ear-ear of the best shows of its kind ever produced.

It is believed that this picture will draw a good attendance as it will be partly to aid the football team.

Civilized Chicken Goes for Long Joy Ride

Driving down in his Ford sedan from the light plant last Monday afternoon, J. D. Eaton, manager, on his arrival at the post office, had his attention called to a white Leghorn pullet, perched calmly atop the car. Evidently this frier-to-be got tired of the monotony of home life on the hill top, and like other chickens, strayed from the home roof and went for a joy ride, but not with a stranger.

Mr. Eaton rode her a few minutes and finally got the pullet "rounded-up" in the back seat of the car and took her back to his home.

This is just another instance of a "chicken" who "got the air."

Mr. Eaton stated that he had great difficulty in keeping Miss Clara Allison, of the Dew Drop Inn, from making the chicken into sandwiches.

Sutton County Land Valued at 9 Million

According to a bulletin issued by the Bureau of the Census, U. S. Department of Agriculture, the value of the 965,000 acres of land in Sutton County plus the value of all buildings in the county is \$9,521,616. Buildings alone are valued at \$431,500.00.

Subtracting the value of buildings from the total valuation, leaves a total of \$9,090,116.00, representing the value of the land alone, or approximately \$9.50 per acre.

This bulletin represents valuations as of 1925, and has just been completed.

Land in this county is only rendered for taxation at \$1.50 to \$2.00 per acre, about the lowest in the State.

WARD SELLS ANGORA BUCKS TO A MENARD RANCHER

J. A. Ward & Son, prominent ranch men of this county, recently sold to Fritz Wilhelm of Menard, two registered yearling Angora bucks at \$475 each.

The Wards, as well as other Sutton County ranchmen, are noted for the fine grade goats raised and also sheep.

G. W. Stephenson and B. M. Halbert are two other ranchmen who produce some of the finest Angoras in the United States.

MERCK-GRAY

A marriage of interest to many friends in Sonora was that of Miss Molly Gray of San Angelo to H. L. Merck of Sonora. The wedding took place in San Angelo last Tuesday, October 4th.

Mr. Merck is the son of S. L. Merck of Sonora, and the young man has lived here most of his life. He is engaged in the ranching business in the Pecos section of the county.

The young couple passed through Sonora the day following the wedding on their way to the Merck ranch near Sanderson, where they will make their home.

The News, together with their many friends, wish them a long, happy wedded life.

Baptists to Have Christmas Bazaar

At a meeting of the Baptist Women's Missionary Union held last Wednesday afternoon, held at the church, it was decided to stage a Christmas bazaar on December 10th.

The purpose of the bazaar will be to raise funds for the carrying on of the society's work. The place the meeting will be held was not decided upon, but will be announced later.

Inch of Rain Fell Here Saturday Morn

Jupiter Pluvius smiled on us again Saturday with one inch of rain being the official gauge at the News office up until noon Saturday. The rain started falling at 2:30 a. m. and continued intermittently through the morning. This brings the total rainfall for the past ten days to nine inches.

Stockmen and business men here are very jubilant over the fine prospects for a seasonable winter with an abundance of weeds and grass.

SONORA EAS FOX TAMER

If you don't believe the above caption, just call John Smith at the E. F. Vander Stucken Store and let him narrate the fox tale to you. Not long ago Mr. Smith exhibited his talent for taming foxes when a traveling lady asked him to favor her by taking a pet fox out of her car. He did so, but we will let you call Mr. Smith to tell the tale.

GEORGE J. TRAINER WEDS

Miss Cicilia Norwood of San Augustine, Texas, last Saturday afternoon became the bride of George J. Trainer, Jr. of Sonora. The ceremony was performed by the Justice of the Peace at Christoval Sunday afternoon, the news of the wedding coming as a complete surprise to Mr. Trainer's many friends here in Sonora, where he has lived all of his life. He is the son of Mr. and Mrs. George J. Trainer, Sr., one of the oldest and most prominent families in the county.

Bundy Has Noted Ram

S. S. Bundy of Roosevelt, a partner of H. W. Rieck in the goat coat enterprise, recently purchased a flock of sheep from the McCorquodale ranch at Del Rio, and on Monday of this week passed through Sonora with No. 4, the celebrated Rambouillet ram belonging to McCorquodale. Part of Mr. Bundy's agreement with McCorquodale when purchasing the flock was that he would have the use of this famous ram.

"Number 4," according to Mr. Bundy, is the winner of several prizes and is reckoned as one of the purest and best animals in the United States. He was bred at the Experiment Station Number 14 near Sonora, sired out of Ben Hur.

Humble to Double Their Pipe Line

G. A. Lee, superintendent of the Humble Pipe Line Company here, returned to Sonora Monday from an inspection trip from one end of the line to the other.

The line, according to Mr. Lee, is now completed from McCamey to Corpus Christi, and oil is being pumped through the line. Reports that the line would be doubled back were confirmed by Mr. Lee, who added that looping is now being done in several sections of 10-inch and 12-inch tubing.

With the completion of construction work, which will be done by about the middle of this month, the Humble office and personnel stationed here will be removed, the men going back to the home office.

All that remains to be done on this gigantic project is a few minor adjustments, installation of heating plants in the buildings and pump stations up and down the line, and cleaning up the debris from construction jobs.

MISS GRACE TRAINER OPENS LUNCH STAND

Miss Grace Trainer has added to her soft-drink emporium a lunch room. She and her sister-in-law, Mrs. George Trainer, will serve good Mexican Chili, coffee, tea and cocoa. Saturday, the first day the lunch counter was in operation, was a busy day, due probably to whetted appetites from the cold and rain. A name has not yet been decided upon for the store, and Miss Trainer is considering the possibility of offering a premium to anyone who suggests a suitable name.

The News announced last week that W. F. Luckie had returned which was in error. Mrs. Luckie and daughter returned, but Mr. Luckie did not arrive until a later date.

Rev. J. A. Stephen left Thursday morning on the bus for a short visit ed upon, but will be announced later.

School Honor Roll Shows Good Grades

Pupils in the High School and grammar school of Sonora have an added incentive study in the honor roll. This is compiled each month, and will appear in this paper regularly. Attainment to this distinction is contingent upon an average grade of 85 on subjects studied, and of 90 or above on attendance, deportment and application.

The following students are on the honor roll for the first month of school.

High School
FRESHMAN CLASS—John Hull, Harva Jones, Edith McGhee, Edwin Sawyer, Hattie Taylor and R. W. Weatherby.

SOPHOMORE—McC Cauthorn, Ernestine Glascock, Lottie Hull, Virginia Lee.

SENIORS—James Caldwell, Thelma Johnson, Nann Karnes, Alma Ory, Howard Striegler, R. E. Taylor, Anys Whitley and Weyman Williamson.

Intermediate Grades

FOURTH GRADE—Margaret Barton, L. D. Hollmig, Joseph Logan, Jack Rape, Earl Smith, Viba Holland, Alvis Johnson, Jr., Virginia McGhee, and J. T. Shurley.

FIFTH GRADE—Stella Mae Archer, Martha Jo Lee, Sarah Ory, Ches Thorp, Herbert Fields, Vernell McCurdy and Nina Rouche.

SIXTH GRADE—Alice Sawyer, Pauline Turney and Dorothy Thurman er, Pauline Rape.

Second and Third Grades

2nd—Marion Elliott, Lillian Kring, Joan Marion and Jo Nell Miers.
3rd Grade—Bobbie Mae Halbert, Wilma Hutcherson, Guyon Shurley, Enid McCurdy, Wesley Sawyer, Nora B. Hill, Lunetta Marion, Cora Bell Taylor and Kenneth Balcock.

This is a big honor roll, and the average attaining to it shows that the majority of the pupils in the school are interested in the work, and eager to learn and go ahead with their educations.

The News compliments the faculty and students of the Sonora schools on this splendid showing for the first month of the school year.

DELMA SMITH TO ATTEND LINTYPE SCHOOL IN LA.

Delma Smith will leave sometime within the next two days for New Orleans, La., to enter the Mergenthaler Linotype school of instruction. The course takes four months to complete during which time pupils are instructed in every detail of operation and maintenance of the Linotype typesetting machine, which is considered by mechanical experts to be the most complicated and intricate machine now in use in the industry.

Enrollment in the school, which is maintained by the originators of this marvelous machine, is restricted, and the publisher of the News is glad to have been instrumental in securing admittance to the school for young Smith.

When he has completed the course in New Orleans, Smith will return to Sonora where he will get the necessary practice to enable him to command a salary of \$50 per week.

Speaking of the mechanism and compilation of this machine, the inventor, Mergenthaler, a German, died from insanity, due to much mental strain.

John Yoas Was a Former Sonoran

John Yoas, a former Sonoran, but who has ranched in Arizona for the past thirty years, was killed in a cow camp on his ranch a few days ago and was buried at Brady, Texas. His death resulted from gun shot wounds at the hands of the chuck wagon cook.

Two of the deceased's brothers, Bird and Henry Yoas, were here this week to visit a cousin, Thomas Espey of Sonora. John was a partner in the ranching business with his brother at the time he met his death.

John has many old time friends here who mourn his death and extend sympathy to the bereaved ones.

Ben Cusenberry was in from the ranch the latter part of the week on business and meeting friends.

Otto Mund, the popular young man who ranches north of here, was in Sonora the fore part of the week on business? ?

Mrs. R. K. James is in Christoval for treatment for rheumatism, with which she has been suffering for some time, and is said to be much relieved.

RANCH FOR SALE

Two thousand-acre ranch for sale, fenced goat-proof, two goat sheds, pens, traps, situated on good road 32 miles from Uvalde. Small house, 2 1-2 acres in cultivation, 50 bearing pecan trees, two large water holes on west fed by springs and one spring on east side, all everlasting. Mountain country suitable for goats or sheep, leased at present for 50 cents per acre. Price \$6.00 including \$1160 due State. Write A. S. Baylor box 743, Uvalde, Texas.

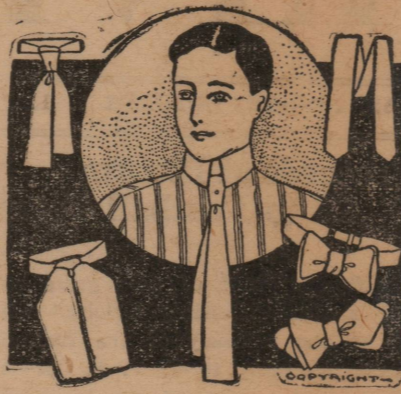

NOTICE TO PUBLIC

My ranch, known as the Black pasture, 32 miles southeast of Sonora, is spotted according to law. Any one caught hunting, or trespassing will be prosecuted.

WILLIE MIERS

WANTED

Every home in and around Sonora to get acquainted with the May Tag washing machine, electrically equipped for Delco and gas engine equipped for the ranch. For demonstration phone C. H. Wolff at News office.

Cat May Be in Dick's Hamburgers

Tom Leach is looking for a lost kitty, and Ovid Rankhorn is being watched closely. Since he started his hamburger stand at the high school, the kids are keeping close watch over their cats, pups and trained mice. Cut shows Ovid, known as "Dick" as he appears when ready to preside at the lunch counter. He's a sheik no fooling.

Chevrolet to Stage Big Eating Contest

Last week the News printed a telegram from J. E. Grimm of the Chevrolet Motor Company of Detroit, agent the "turkey-bean contest" staged by that company. This telegram was a puzzle to the News staff as they had never heard of this particular kind of a contest.

Inquiries at Stites Motor Company brought out that this is an "eating contest." It is staged annually, and its real purpose is to bring Chevrolet leaders of different sections together from all over the states. Last year according to Mr. Stites, it was held in San Angelo. Dealers of various towns are pitted against each other to see who can eat the most turkey. Prizes go to the winners eating the most turkey. Very few attempt to eat wholesale quantities of beans. The contest this year will be in San Angelo, Mr. Stites believes.

MUTTONS FOR SALE

I have for sale about 60 mixed lambs and 150 yearling muttons. Price \$5.00 per head. See John Hurst, 4t. LOST—Iron box of tools somewhere between Sonora and the Bill Miers well. Liberal reward. R. A. Halbert. It pd.

BROADCASTING FROM SONORA
By DANIEL O. PAYNE

Hello, everybody! Are all of you there? Nobody washed away? Good. Well, wasn't the rain fine? I believe we got enough rain to please everybody, even W. A. Miers, and Roy Hudspeth. Seven inches fell here. The rain gauge at the News office filled and had to be emptied so many times that we had to knock off work every few minutes to attend to it, and finally caught a pair of nice colds from going out in the rain so much.

Well, that's that as somebody once said. The opening number on the program this week is a selection by our Singing Sheriff B. W. Hutcherson. Lots of places have sheriffs; and a few others like Sonora have real good sheriffs, but we rise to claim the distinction of having the only good looking baritone sheriff in these loosely United States. Mr. Hutcherson will oblige us with a little song entitled: "It never rains but it pours and it washes my cares (goats sheep etc) away." His favorite song is "Sweet Adeline" but this other one is more appropriate.

A little late but better than letting the matter go, we want to offer our services to Mr. Orion Hightower in correcting a rumor which is going the rounds. Someone stated a short time ago that Orion was heard to say shortly after a recent wreck in which two of Sonora's best-known young people narrowly escaped injury that he wished the young man had broken his neck. Mr. Hightower vigorously refutes this rumor, and states that he did not say "neck" but "leg."

Next, this evening, will be a sales talk by Mr. Ralph Trainer, on "How I sell big commissary men big orders." Mr. Trainer, the nationally known sales expert, recently sold a huge order to the purchasing agent of a large pipe line company. His talk should prove interesting, educational and entertaining. Mr. Trainer sold big orders recently, but was unable to get his purchaser to accept delivery.

The Sonora's Girl's club next will render: "Muddy Water" on which they have been practicing ever since the big rain the first of the week. This song now becomes peculiarly appropriate in Sonora. The club, composed of Sonora's fairest faces and most beautiful voices, is thinking of accepting a vaudeville engagement, according to Miss Hazel Stokes, leader, but are not fully decided whether they will do this or hold out for something bigger and better, Ringling Brothers for instance. One of the young ladies it is rumored, is the author of the song-hit of the year, entitled "My Pipe-Line Man Went Away."

A plea is hereby broadcast on behalf of Coach Halcomb and his cayuses for additional equipment. New equipment needed includes a non-collapsible life boat for each player, bathing sea buoys. This new equipment has been made necessary by the fact that it looks like all of Sonora's games are going to be played in water at least knee deep, as the game for last Saturday had to be cancelled. Other things needed by the team are: support of the citizens of Soora, financial and moral.

Speaking about the sewer system, let's take a minute off from the regular program to think about it. Let's all vote for it. We need it. This will be just one instance of the good points of woman suffrage. Every woman will vote for anything as beneficial as this proposed new sewer system. It will be one big step forward the town can take, and will "pave the way for better things such as paved streets, new buildings, and better living conditions generally."

The closing number on the program this week will be rendered by "Scotty." Mr. Scott, reading recently that the leading lady in a big film that is coming here on November 22nd 23, made a little better than \$325,000 in salaries, composed a song entitled "I wish I had Ben Hur."

That's all for this week folks. Tune in on Station H. S. P. again next week the Devil's River News at Sonora, Texas. "Where folks get along with each other." Good night.

NOTICE TO EX-SERVICE MEN

J. J. Goodfellow, Jr. Post of the American Legion, is anxious to have all ex-service men in West Texas to make application for their Government adjusted service certificate. We have the forms and the information. Let us advise you on this valuable certificate before it is too late. Office 21 South Chadbourne St., San Angelo, Texas. Office open from 9 to 11 each day. Bring your discharge.

Yours very truly,
W. A. Montgomery,
Service Officer.

The menu of Billy, the world's largest pig, consists of four cases of apples, eight or nine buckets of milk, two bushels of bran, 16 or 18 cabbages, and a few extra dishes daily. A sunlight lamp, in applying artificial sunlight, is used by a London restaurant to refresh sickly plants and bouquets of patrons while they dine.

Chevrolet Truck Caravan Coming

A caravan of twenty Chevrolet Commercial cars, including the full Chevrolet line from Fire Truck to School Buses, Grain and Stock Bodies, trailers, panel bodies, as well as open express beds, will visit Sonora on Friday, (today).

This caravan, headed by sales and service officials of the Chevrolet Factory will visit approximately two hundred Chevrolet dealers' towns during the three months they will spend in Texas, covering approximately 10,000 miles. The trip is not designed as a speed or endurance test, but as a means to acquaint the public with the wide adaptability and completeness of the Chevrolet commercial line.

Chevrolet has achieved the reputation of being the world's largest manufacturer of gear shift trucks, having made a gain of 58 per cent in 1926 sales of commercial cars over the figures for 1924.

Demonstrations of the different trucks will be possible while the caravan is in Sonora, and Claude Stites, local Chevrolet dealer, invites all those interested in trucks to accept this opportunity to make a close inspection of these models.

Goodyear Making New Balloon Tires

A new 80,000 cubic foot racing balloon is being constructed in the plant on the Goodyear Tire & Rubber Co., at Akron, Ohio, for the bus of W. T. Van Orman and W. W. Morton, Goodyear pilots, in the 1927 International race which is to start from Detroit on September 5, according to Sam Hull, Goodyear dealer at Sonora.

"The new balloon, to be known as the Goodyear VI, will replace the famous Goodyear III, which won the 1924 and 1925 National balloon races and the 1926 International race from Antwerp, Belgium," he explained.

"All improvements in balloon construction, developed by the Goodyear aeronautic staff in 15 years' experience, will be embodied in the new racing bag.

"Of single-ply construction, it will probably be the lightest balloon ever to represent America in an International race.

"Van Orman and Morton will be defending the second James Gordon Bennett trophy in the race," Mr. Hull explained, they having won it by reason of their victory in the International race last year. Three successive victories are necessary, however, to get permanent possession of the trophy.

"They are making preparations for the race and are confident that they will again bring the trophy to America."

NOTICE

There will be a cooked food sale at the Gilmore Hardware Store Saturday afternoon for the benefit of the cradle roll and the beginners' department of the Methodist Sunday School. Your patronage will be appreciated.

Calls are being made by society women of Paris and London by means of airplane.

PERSONAL MENTION

George J. Trainer was in San Angelo Saturday.

Mr. and Mrs. Paul Turney and children were in San Angelo Saturday.

Jack Sharp of Ozona is visiting his grandparents, Mr. and Mrs. Sam Stokes.

Ernest McClelland and Lawrence Grimland were visitors in San Angelo Sunday.

Miss Frances Adams went to San Angelo Friday to visit her father a few days.

Mr. and Mrs. J. S. Holman were in town this week, shopping and visiting their many friends.

Mr. and Mrs. T. E. Adams of San Angelo were visitors in Sonora Wednesday and Thursday.

Jake Lutzer, film booking man for the Universal, was here Tuesday calling on Mr. Scott of the La Vista Theatre.

Mrs. Leo Richardson and children of Ozona, who have been visiting Mrs. Richardson's parents, Mr. and Mrs. Roper, returned here Monday.

Ben Cusenbary was a Sonora visitor on Monday of this week. Mr. and Mrs. Frank Bond were in from their ranch last Monday, shopping.

Mr. and Mrs. Steve Brown of Rock-springs passed through Sonora Friday on their way to San Angelo to visit Tom Adams, Mrs. Brown's father.

Miss Bertha Eaton was down from Christoval Friday and Saturday to visit her parents. She returned there Sunday, where she will have to stay about three weeks longer.

Mrs. Cora Nicks, Mrs. Geo. J. Trainer and little son, Clifford, were in San Angelo Sunday. Mrs. Nicks and Clifford Trainer underwent operation for tonsillitis and returned Monday. They are both recovering rapidly.

NOTICE FROM MENARD-SONORA TRAP ASSOCIATION

Notice is hereby given that after October 1st there will be the following charges made to members of the association and to non-members:

FOR MEMBERS—Cattle and horses, per night, 3 cents per head. 1-2 cents for sheep or goats per night.

FOR NON-MEMBERS—Cattle and horses, per night, 5 cents; sheep or goats, per night, 2 cents.

The traps are all completed and ready for use. We invite and solicit new members. Leave your membership fees at the First National Bank or with Aldwell-Elliott Company and get receipt.

MEXICO'S LATEST REVOLUTION

Dispatches to the American press tell of another revolution in Mexico, headed by Generals Gomez and Francisco Serrano, the last mentioned having been executed on Monday of this week. These two men, holding high posts in the Mexican National Army, rebelled against the Calles-Obregon dictatorship, for that is what it amounts to.

The question now arises as to whether or not these men are justified in their rebellion against Calles.

In 1917 the constitution of the United States of Mexico was re-drafted and the main proviso in every department of the constitution was to do away with the clause permitting a president of that republic to again run for or hold that office after having served two four-year terms. Calles based his campaign for the presidency on that clause of "no reelection as did Obregon.

Serrano and Gomez then, are rebelling against Calles' pact with Obregon to have Obregon elected again as President of Mexico, to succeed Calles, which is clearly a violation of the new constitution. Obregon supported and virtually elected Calles to the presidency. They are both big land-owners in the State of Sonora and Obregon is virtually the Mussolini of Northwestern Mexico, as well as being the real power behind the throne of the present administration. The whole thing resolves itself to a "scratch" my back and I'll scratch yours" agreement between Calles and Obregon. When Obregon's term expires, if he is re-elected, Calles will be the successor.

The rebellion or revolution will no doubt fail. Most revolutions fail in Mexico. After all, the best and most prosperous years Mexico ever enjoyed were the thirty odd years that Porfirio Diaz ruled with an iron hand as a practical, tho benevolent, despot.

Political economists, sociologists, and students of government tell us the population of Mexico, only five per cent of whom can read and write, are unsuited for self-government. This contention is borne out at election time, when the "voice of the people" is merely the expression of the few educated ones. The average Mexican peon has no more idea of what it is all about than a road-runner. They congregate about the polls, vote as they are told to, and receive a scorching hot drink, a pair of sox, or maybe a peso for their vote, and once more the never-ending political feud is on between the "scientificos" and the advocates of self-government.

Probably the best thing for Mexico is a dictatorship such as Calles exercises practically at all events, if not ethically.

FIRE PREVENTION WEEK

October 9 to 15, National Fire Prevention Week, has become one of the big weeks of the year. Not only are students of schools of every description schooled in the common-sense science of abating the fire evil, but every citizen in the United States receives information on this all important subject, either directly or indirectly.

However, the committee in charge of fire prevention trains its guns on school children especially knowing that children in school can be a vast factor in the elimination of fire waste.

When it is learned that in the State of Texas alone, in 1926, 231 lives were lost and property valued at \$11,621,624.00 was destroyed, and that the total for the United States was 10,000, lives lost and twenty million dollars worth of property consumed then the efficacy and the need for a national program of fire prevention is appreciated.

This splendid work will be taught in the Sonora Public Schools during fire prevention week, according to M. O. Britt, superintendent. The largest contributor to fire loss is the lighted cigar or cigarette end, carelessly tossed away, which alights close or on some inflammable substance. Almost all fires are preventable even those caused by spontaneous combustion, such as cotton, wool or paints in storage. Watch those matches, cigarettes electric irons and other fire makers. Fire is the greatest servant man has, but likewise, it is man's greatest enemy if not kept under control.

More than 3,500 miles of brass wire are used annually by one company in the manufacture of bird cages.

In Australia all women in government employ must be addressed as 'Frau' regardless of age and whether married or unmarried.

THE VALUE OF THE NEWSPAPERS RECOGNIZED

A. A. Anderson, secretary of the Pacific Coast Building-Loan Association, in an address at the Pacific States savings and loan conference, recommends newspaper advertising as the most effective and economical means of reaching the public. Further, he urged that the building-loan associations throughout the United States should have a fund of at least \$1,000,000 for such a campaign.

As Mr. Anderson knows, it has been fully demonstrated that the newspaper stands by itself as a carrier of messages to the greatest possible number of people. It is the only medium that is sure to reach the citizens of a community and be read. This fact is being more fully appreciated every day.

The smaller city dailies and country weeklies are the great medium for reaching the masses of the people who represent the majority of the reading and buying power of this nation.

BASEBALL AT NIGHT

Electricity is now scheduled to bring professional baseball at night. It has already fooled the hens and caused them to lay eggs overtime, caused plants where formerly only darkness prevailed, has furnished food for trout farms by causing bugs to fly low to the water, freezes, ice, curls maddy's hair and does so many other unheard-of things, that lighting a baseball diamond at night will seem tame in comparison.

The Blarney stone, the touch of which is supposed to create smooth and graceful liars of the first magnitude, with a sweet, persuasive tongue with women, full of guile, blandishment and potent flattery, has been kissed by more than 27,000 American tourists this year.

The dollar sign (\$) is believed to be a modified figure 8, denoting a "piece of eight."

A fish with eyes on the top of its head is known as the stargazer.

SONORA WATER AND LIGHT CO.

WHAT SHALL I SERVE?

SAN FRANCISCO, Cal., Oct. 6.—A new and novel idea to simplify the ever present problem of "What shall I serve?" has recently been presented to hostesses by a concerted effort on the part of the soda fountain industry to encourage members to sell crushed fruits and other flavorings for home use, together with ice cream.

The "Serve Fruit Sundaes in your home" idea, as it has been named, has met with an immediate response on the part of distracted hostesses and housewives, who find in it an easy and quick way to meet any emergency. All that it is necessary to do when one is ordering ice cream from a fountain is to add "And please send me such and such an amount of crushed pineapple," or whatever flavor one desires.

The idea has even gone so far that special containers have been created for the delivery of the crushed fruits. The four ounce size (quarter pint) contains sufficient crushed fruit to dress from four to six servings of ice cream, depending upon your idea of size of servings. The eight ounce container (half pint) contains sufficient for eight to twelve servings. The small size sells for ten or fifteen cents and the larger size for twenty to twenty-five cents.

There are several advantages to the idea. First: there is a wide selection of flavors from which to choose. Secondly: any quantity can be ordered, and if unexpected guests arrive, orders can quickly be supplemented. The idea eliminates the effort of preparing ice cream dressings in one's own kitchen, and, as these crushed fruits are prepared by experts especially for ice cream sundaes, they are ideally suited to the purpose, usually being better than anything the housewife can prepare herself.

Because he always wore his hat in the house an Atchison woman lived with her husband fourteen years before she discovered he was bald headed.

So important is whale fishing to the Faroe Islanders that when word comes to a church during service that whales have been sighted every man woman, and child immediately leaves and runs.

PLUMBER IS PIONEER ON SANITATION'S PATH

Our great cities of today are possible only because of modern plumbing and sewage disposal. If the water or sewage systems of our large cities should fail in operation thousands of people would die from disease.

Great masses of people can not live healthily together in a crowded area unless there is provided a safe water supply, unless sewage is taken away and disposed of properly.

In the middle ages, great plagues swept away millions of people in England, France, Germany and Italy. Epidemics were caused by neglect of the commonest laws of sanitation. Even today in many European cities the most common form of sewer is the gutter in the middle of the paved street. All waste is dumped into the gutter, which runs to the nearest river.

But, in America, it is different because the plumber, as a pioneer of public health, has provided safe sanitation through the proper disposal of sewage waste and by furnishing a supply of pure water. The plumber installs and maintains means of bringing pure water into the home and of leading the water out again, after it has been used in the form of drainage sewage, and waste. It is just as important to remove and dispose of sewage properly as it is to bring in pure fresh water.

The extent to which the plumber has conserved human life is shown in a survey made by the children's bureau of the United States government. This survey shows that where water has to be carried into the house, from out of doors, the death rate of babies is 198 out of every 1000. Where city water is piped into the house, the infant death rate is only 117 out of every 1000. Where there were bath tubs in the home connected with running water and sewerage, the death rate of babies is 71 out of every 1000. Where there are not bath tubs the death rate is 165 out of every 1,000, more than twice that in homes with plumbing.

In homes where there is a toilet in the home the baby rate is 138 and in homes the yard closet is in use the death rate is 169. It is thus shown that the plumber is a sanitarian. He protects the health of the nation, and is a pioneer in every movement towards improved sanitary conditions which makes our cities more habitable and healthful. He is as a good citizen, interested in any movement that will improve sanitation and public health generally.

What is true of the city is true in the smaller town, and as the Sonora P. T. A. is taking for their work this year "Better Health" and making conditions safe for the children it would be well for them to consider the opportunity offered by the coming election and vote for the sewer bonds.

Personal Mention

R. B. Dunbar was a visitor here Wednesday.

John A. Martin visited in Sonora on Tuesday of this week.

Mr. and Mrs. Henry Mittell were visitors in town Tuesday.

Mr. and Mrs. Doc Friend were in the city Tuesday on business.

Mr. and Mrs. Clayton Fockett were in from the ranch this week.

Bud Smith was in town this week from the Holman ranch.

S. S. Bundy of Roosevelt was a business visitor here Monday.

Mr. and Mrs. Alfred Cooper were here this week, visiting relatives.

R. A. Halbert was in from the ranch on business on Wednesday of this week.

Mr. and Mrs. S. E. McKnight were visitors in Sonora over the week-end last week.

B. M. Halbert, Jr. was in from the ranch Tuesday and paid this office an appreciated visit.

Mr. and Mrs. Frank Bond, and Mr. Bond's mother were visitors in town several days during the past week.

Mrs. Jack Neill returned Tuesday from a week's visit in Cuero with relatives and in San Antonio with friends there.

Mrs. Ira Shurley and children came in from the ranch Monday of this week and reported a wonderful rain on their place.

Orion Hightower and Miss Mary Dan Wilson left Wednesday in Mr. Hightower's car for a short trip to San Antonio.

Mrs. E. F. Vander Stucken and Mrs. Louie Stuart drove to Angelo Wednesday for a short visit with friends and to do some shopping.

Mrs. Nannie Wheat and son, Ben L., were in Sonora during the week. Ben L. is suffering with a bruised leg which he sustained when his horse kicked him recently.

T. L. Benson, W. O. Adams and Mr. Bowser all of San Angelo, were here for a short time on Tuesday of this week. Mr. Benson is feeling much better, he says, and is recuperating from his recent illness.

NOTICE OF SHERIFF'S SALE

(State of Texas)
(County of Sutton)

By order of an order of sale issued out of the Honorable County Court at Law Number 1 of Bexar County, Texas, by Clerk of Said Court, on the 29th day of September, A. D. 1927, in the case of Uhl & Kalies Company, Inc., v s National Potash Corporation No. 17,322, on the docket of said court on a judgment rendered in said court on the 8th day of September, A. D. 1927 in favor of said Uhl & Kalies Co. Inc., and against the said National Potash Corporation for the sum of \$460.55, with interest thereon from the first day of January A. D. 1928, at the rate of 6 per cent per annum and costs of suit with a foreclosure of an attachment lien on the following described personal property, to-wit: One Sullivan Class "N" mounted gas engine drill, No. 2,706, valued at the sum of \$1,000.00 as said attachment lien existed on the 8th day of July, A. D. 1927, and to me as sheriff directed and delivered, I will proceed to sell within the hours prescribed by law for the sale of personal property on the 20th day of October, A. D. 1927, at J. N. Ross Ranch in Sutton County, Texas, said above described property levied on as the property of National Potash Corporation to satisfy said judgment amounting to the sum of \$460.00 in favor of Uhl & Kalies Company, Inc., and costs of suit.

WITNESS MY HAND this 5th day of October A. D. 1927.
B. W. HUTCHERSON,
Sheriff of Sutton County, Texas.

MRS. ROBERTA WATKINS RETURNS FROM VISIT

Mrs. Roberta Watkins has returned from a visit in Wichita Falls with her daughter, Mrs. Bruce Cross. Miss Cross was, before her marriage, Miss Ora Watkins, who visited here frequently. While in Wichita Falls Mrs. Watkins attended the T & N O Fair held there recently.

Her son-in-law, Mr. Cross, is one of the members of the staff of the Wichita Falls daily paper, being a sports writer.

The word 'sideburns' denoting whiskers on the side of the face, is a transposition of the original name 'burnsides' derived from the name of Ambrose E. Burnside, Union general during the Civil War, who wore side whiskers and a mustache with shaven chin.

The reverend James Allen, a missionary, has written a 500-page Bible in the Bakuba language. This is the first written work in this language as the Bakubas had their spoken language but no form of written word until Mr. Allen began his task.

STOP FALLING HAIR

caused by dandruff. Dissolve the dandruff and stop the trouble. To do this, just apply a little FID-O-DANDER before retiring. Use enough to dampen the scalp. Rub it gently in with finger tips. A few applications and your dandruff is gone. Continued use prevents re-infection. Shortly your hair will stop falling out and take on new growth. The first application stops the itching. Your hair will be soft, lustrous and silky. It will feel better, look better. This remedy never fails. Secure it at your druggist, or Sonora Drug Store

TAXPAYERS RECEIVE SEWER SYSTEM INFORMATION

Instructive booklets have been mailed to each taxpayer and voter in Sonora by the Municipal Engineering Company of Dallas, according to Mayor W. C. Gilmore. The information contained in these booklets, if carefully read, together with a study of the graphic plan of the sewer system, will give a good working idea The News prints the diagram again this week for the benefit of those who wish to compare it with the information contained in the booklets.

The name bridegroom, signifying the who serves the bride is believed originated from the old custom that at the wedding first it was the duty of the newly married man to wait upon his bride.

The minister of Ulm, Germany, is 550 years old and has a steeple 529 feet high, the highest church spire in the world.

Sheep and Goat Raisers

ATTENTION: Here is a real help for the eradication of Stomach Worms in Sheep and Goats.

Parke, Davis & Company of Detroit, after 20 years search, have at last perfected a remedy that removes these worms. No starving, set-back, or loss. No strangulation or Pneumonia. No harm to the sheep or goat. Two years use and not an animal lost. Absolutely destroys the worms. **NEMA CAPSULES** is the new discovery. Two sizes—large and small, graded dose. Sheep and goat raisers in Western Texas declare these capsules to be wonderfully effective and improvement in the flock begins in from 12 to 48 hours after giving the capsule.

Lincoln Cars Take Color Schemes from Nature

The brightest plumage of the fowls
of the tropics and the dazzling whiter
than white of the sea gull, the tanager,
the cardinal, and the Merida Jay, have
been the objects of study of the
designers of the Lincoln automobiles,
in their quest for beautiful and har-
monious colors for their cars. Nature
doesn't go wrong—not very often—
and never in color.

Every period of architecture, from
Oriental, Egyptian, down through the
Gothic to Georgian, Renaissance and
modern, is represented in the price-
less tapestries acquired by the Lin-
coln, reproductions of which are ob-
tained as optional by the purchasers
of these almost perfect automobiles,
according to Sam R. Hull, local agent
for the Lincoln cars.

Those interested in seeing examples
of these upholsterings are invited to
see Mr. Hull, who has some beauti-
ful color plates of them.

It has been reported from Dundas,
Canada, that a 'water dog' or 'pup
fish' having four legs and barking
like a dog has been found in the Des-
jardins Canal.

Rousing Shows at the La Vista Theatre

"A kiss in a Taxi" shows Monday
with Bebe Daniels and Chester Conk-
lin taking the leading parts. You all
know these two and it is enough to
say that you won't walk out until
the picture is shown and the organ
stops playing.

No picture in recent years has been
so rich in colorful romance as "Paid
to Love," the story coming Tuesday
night with George O'Brien and Vir-
ginia Vallie in the leading roles. It
is a romance of royalty in a mythi-
cal kingdom of the modern day. Vir-
ginia Vallie appears as a Parisian
dancing girl. The results of a care-
ful study of the night life of Paris
will be shown in "Paid to Love."

"Body and Soul" coming Wednes-
day, is a vivid and picturesque ro-
mance of the Alps. In it you will
see one of the greatest scenes of the
screen. The climax of a tale of a
girl sold by a scheming father, her
escape in a blinding blizzard, her
forced marriage, the branding iron
episode, the rescue, the most breath-
less narrative you've seen in many a
day.

I am trying to get "Battling Ori-
oles" for Thursday night, a tale of
the champion Baltimores of years ago

Miss Wilson Hostess to Queen of Clubs

Miss Mary Dan Wilson was hostess
last Saturday afternoon to the Queen
of Clubs, at the home of her parents,
Mr. and Mrs. J. W. Wilson. There
were three tables of bridge, and the
guests were served a delicious salad
course.

High score prize was won by Mrs.
Sam Allison, while the low score prize
was won by Mrs. Gladys Decker. A-
mong the guests not members of the
club, Mrs. Alton Hightower was win-
ner of high score prize.

Besides members of the club en-
joying this hospitality there were pres-
ent: Mrs. J. W. Wilson, mother of the
hostess, Mrs. Hightower and Miss
Elanton.

The long held belief that snake
charmers can cause snakes to leave
their jungle haunts at the sound of
music is a myth, according to the
director of the Macteur Institute at
Colombo, Ceylon.

in the old American Association. If
this picture is not available, I sha'll
play "Fainting the Town"
and Friday. This picture, "Fainting
the town," was awarded the blue rib-
ben for August by the Motion Picture
Theatre Owners of Dallas for being
the best picture shown in that city
during that month. In addition to
bringing out Glenn Tryon, the new
sar comedian as a surprise.

In the role of a dizzy Follies Girl,
Patsy Ruth Miller has the best part
of her career.

"Easy Pickings" closes the week's
shows Saturday night. This is the
mystery plot of the year. Its spooky
chilling and thrilling plot the love
story is delightful. Anna Q. Nilsson
is th efeatured player, ably assisted
by Kenneth Harlan and Billy Bevan.
A dramatic balance of suspense and
surprise, comedy and thrills, romance
and novelty, make "Easy Pickings"
one of the 100 per cent entertainmet
treats of the year.

K. V. E. Scott.

NOTICE OF ELECTION

THE STATE OF TEXAS,
CITY OF SONORA,
COUNTY OF SUTTON,

WHEREAS, the City Commission of
the City of Sonora, Texas, deems it
advisable to issue the bonds of the
said City for the purpose hereinafter
mentioned:

THEREFORE, BE IT ORDERED
by the City Commission of the City
of Sonora, Texas, that an election be
held on the 15th day of October, 1927,
at which election the following propo-
sition shall be submitted:

"Shall the City Commission of the
City of Sonora, Texas, be authorized
to issue the bonds of the City of
Sonora, Texas, in the sum of Forty-
Five Thousand Dollars (\$45,000.00)
payable serially within any given
number of years not to exceed forty
years from the date thereof, bearing
interest at the rate of not to exceed
six per cent (6 per cent) per annum,
payable semi-annually, and to levy
taxes sufficient to pay the interest
on said bonds and provide a sinking
fund sufficient to pay the bonds at
maturity, said bonds being issued for
the purpose of the construction of
Sewers, within and for said City, as
authorized by the Constitution and
General Laws of the State of Texas,
particularly Chapters 1 and 7, Title
22, Revised Statutes, 1925?"

The said election shall be held at
Gilmore Hardware Co. Furniture De-
partment in the City of Sonora, Tex-
as, and the following named per-
sons are hereby appointed managers
of said election, to wit: Geo. J. Train-
er, Sr., Mrs. R. A. Halbert, Mrs. Roy
E. Aldwell, H. V. Stokes and Cecil
Elliott, and the said Geo. J. Trainer,
Sr. shall be presiding judge, and the
said Mrs. R. A. Halbert and Mrs.
Roy E. Aldwell shall be judges, and
the said H. V. Stokes and Cecil Ell-
iott shall be clerks at said election.

The said election shall be held un-
der the provisions of the Constitution
and Laws of the State of Texas, and
only qualified voters who are prop-
erty taxpayers shall be allowed to
vote.

All voters desiring to support the
proposition shall have written or
printed upon their ballot the words:
"FOR THE ISSUANCE OF SEWER
BONDS."

And those opposed shall have writ-
ten or printed upon their ballots the
words:

"AGAINST THE ISSUANCE OF
SEWER BONDS."

The manner of holding said election
shall be governed by the laws of the
State governing General Elections.

A copy of this order, signed by the
Mayor of the City of Sonora, and at-
tested by the City Secretary of said
City, shall serve as a proper notice
of said election.

The Mayor is authorized and di-
rected to cause said notice of election
to be posted at the Gilmore Hardware
Co., Furniture Department, (the place
designated for holding said election)
and at two other public places in the
City of Sonora all of said notices to
be posted for at least thirty (30) full
days prior to the date of election.

The Mayor is further authorized
and directed to have said notice of
election published in the Devil's River
News, a newspaper of general circula-
tion, published in said City, and
which notice shall be published once
each week for five consecutive weeks
the date of the first publication to
be not less than thirty (30) full days
prior to the date of election.

PASSED AND APPROVED on this
27th day of August, 1927.

W. C. GILMORE
Mayor, City of Sonora, Texas.
ATTEST: L. G. GILMORE,
City Secretary, Sonora, Tex.

As We Grow Older

Proper Kidney Action Is More Than
Ever Important.

AS we grow older, there is
apt to be a gradual slow-
ing up of bodily functions. The
kidneys are the blood filters.
If their action becomes slug-
gish they do not thoroughly
cleanse the blood of poisonous
wastes. This tends to make one
tired and achy, with often
nagging backache, drowsy
headaches and dizziness. A
common symptom of imperfect
kidney action is scanty or burn-
ing excretions. Elderly people
recommnd Doan's Pills. This
tested diuretic is endorsed the
country over. Ask your neigh-
bor!

You see all the road when you drive a Buick

The dreaded "blind spot" is gone forever! In
Buick for 1928 closed car front posts are nar-
rowed so that all the road, ahead of you and at
the side, is clear.

And thanks to the efficiency of Fisher crafts-
manship, these slim corner posts have even
greater strength than the type formerly used.

See a Buick for 1928 at the nearest showroom.
Get behind the wheel and prove for yourself
how clearly you can see all the road from the
driver's seat.

KERRVILLE, TEXAS

Everywhere - people turn to admire its beauty!

Embodying all the masterly design and
craftsmanship of bodies by Fisher.

—offering such marks of distinction as full-
crown, one-piece fenders and bullet-type
lamps—

—and finished in lustrous colors of genu-
ine, lasting Duco—today's Chevrolet is
everywhere acclaimed as one of the world's
most beautiful automobiles... so refresh-
ingly different, so outstandingly smart and
stylish that people everywhere turn to
admire it!

And this remarkable smartness is matched
by a type of performance that is no less
outstanding—perfect comfort at every
speed, flashing acceleration, and delight-
ful handling ease.

Come in and see today's Chevrolet. One
glance at its custom-built beauty, one ride
at the wheel of your favorite model—and
you will know why Chevrolet is every-
where classed as the world's finest low-
priced car.

QUEER QUERIES

Following are excerpts from some of the letters which have been written to the Veteran's Bureau at Washington, D. C.

"I ain't got no bok learning and I hope I am writing for inflammation. She is staying at a isipated house. Just a line to let you know I am a widow and four children.

Previous to his departure, we were married to a ustice of the peace.

He was iducte into the surface.

I have a four-month-old baby and he is a four my oly support.

A lone woman and parsley dependent.

I was discharged from the army for a goitre which I was sent home on.

I did not know my husband had a middle name and if he did, I don't think it was none.

As I eed his assistance to keep me

Owing to my condition which I have n't walked for three monts for a broke leg which is No. 75 kind sir or she.

Inclose lovingly your.

I am left with a child seven months old and she is a baby and can't work.

I received \$61 and I am certainly provoked tonight.

Your relationship to him? Answer: Just a mere ant and a few cousins.

In service with the U. S. Army.

And he was my best supporter. I received my insurance polish and have since moved my postoffice.

I am his wife and only air.

You ask for my allotment number.

I have four boys and two girls.

Please correct my name and I could not and would not go under a consumed name.

Extract from a letter from a boy to his mother: I am writing in the Y. M. C. A. with the piano playing in my uniform.

I am pleating for a little more time.

To whom it may concirne.

Please return my marriage certificate, baby hasn't eaten in three days.

Now Mrs. Wilson I need help bad, see if the president can't help me.

We have youf letter, I am his grandmother and grandfather ad he has been kept and bred up n this house according to your instruction.

I need him to see after me!

Both side of our parents are old and poor.

Plase send me a wife's form.

I have been in bed seven years with one doctor and I intend to try another.

Hello Mr. War Risk Insurance, how are you? I am well and hope you are the same.

Dear Mr. Wilson: I have already written to Mr. Headquarters and received no reply if I don't get one I am going to write tyo Uncle Sam himself.

I am a poor widow and all I have is in the front.

I ain't received no pay since my husband has been gone from nowhere.

You changed my little girl to a boy. Will that make any difference

I ain't received my husband's pay, and will be forced to lead an immortal life.

Please let me know if John put in an application for a wife and child.

You have taken my man away to fight and he was best fighter I ever had.

Now if you don't keep me—who in H— will?

I am writing to ask why I have not received my elopement. His money was kept for a elopement which I never received.

My son is Co. 159 Inf. Please tell me if he is living or dead, and if so what is his address.

"LILLI BARR" SHOPS FOR YOU IN SAN ANGELO

Sonora Women are receiving letters from Baker-Hemphill Company of San Angelo, offering them free of charge the services of a personal shopper, "Lilli Barr." Many women will find it a great convenience to utilize this service when unable to go to San Angelo themselves to make their purchases. Miss Barr who is an expert on women's apparel of all kinds, will devote her entire time to the needs of out-of-town patrons of Baker-Hemphill Company.

C. G. DUNKLIN TO SANTONE

C. G. Dunklin, employe of the First National Bank, left Friday for San Antonio in his car. Miss Lucille Hannah accompanied Mr. Dunklin to San Antonio, her home, for a short visit with relatives.

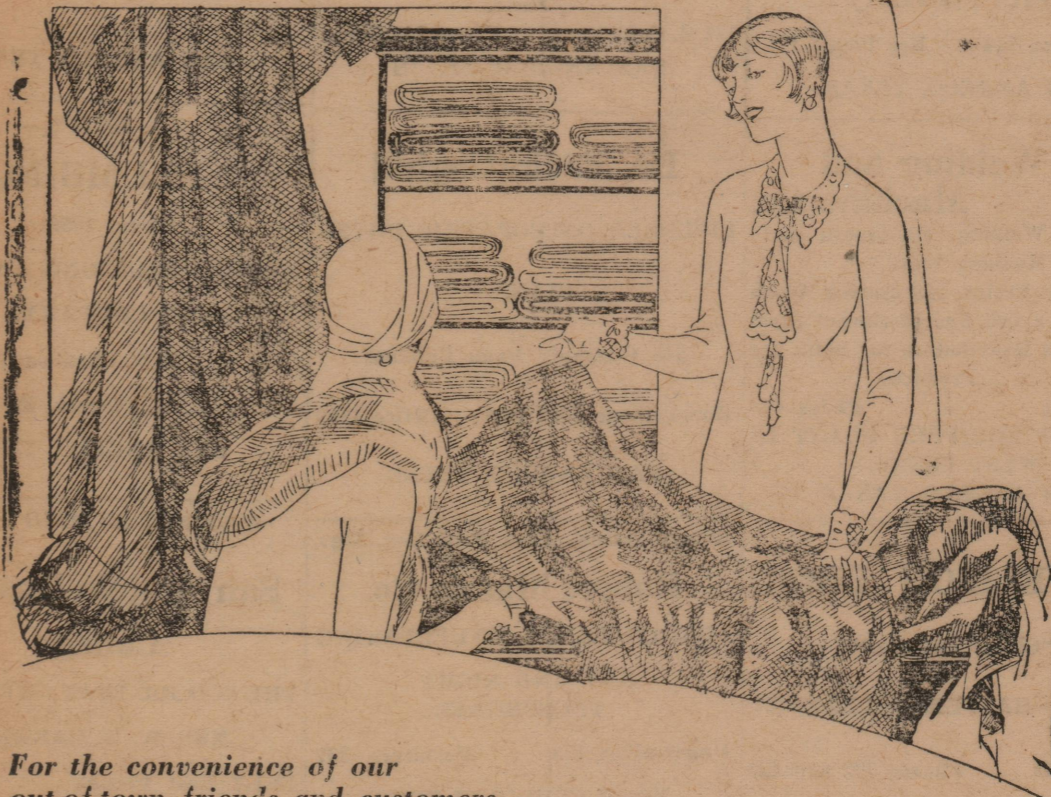

Baker-Hemphill Co

take pleasure in announcing the addition of a

Personal Shopper

to be known as

Miss Lilli Barr

For the convenience of our out-of-town friends and customers

If you find that it is not convenient to come to San Angelo and are in need of any merchandise we may carry, write to Miss Lilli Barr and she will select the articles you wish with as much care and interest as though you were shopping here yourself.

We hope that you will avail your self of this new feature for your convenience and feel sure that you will be delighted with the prompt service she renders.

P. T. A. Held Splendid Meeting Tuesday

Decision to apply to the University of Texas Health Department for the services of a nurse to devote a month's time to directing health work in th Seonora Schools, was among the items of business coming before the P. T. A. The local association met Tuesday afternoon of this week at the Home Economics Cottage on the school campus, with the president, Mrs. Lem Johnson, presiding.

The cottage now offers an ideal meeting place for the mothers and teachers, as new equipment recently added, has made the living room, as well as reception hall and dining room, comfortable and attractive.

After routine business, to which the first of the meeting was given over, the reports of the Standing Committees were heard, as follows: —

Mrs. C. E. Evans, chairman of the program committee, gave an outline of the programs for the months of November, December and January.

Mrs. E. E. Sawyer, chairman of the finance committee, discussed ways and means of raising funds for P. T. A. work, and brought the matter of staging a play at an early date for this purpose.

Mrs. W. C. Bryson, chairman of the membership committee, reported 56 members enrolled, with good prospects for additional members. She urged that every member be on the alert for new members.

Miss Charline Tansey read a splendid paper on "Modern Education," which was highly enjoyed and appreciated.

"How the Child's Habits can be aided by the Home" was the title of an instructive and enlightening paper by Mrs. Babcock.

A highly diverting contest, part of the program, was won by Mrs. Orion Hightower. This consisted of endeavoring to compose as many words as possible, within an allotted time, from the three words, "Parent Teacher Association." Mrs. Hightower composed nearly 100 words in a short time.

Mrs. Sydney T. Gilmore, past president, and now president of the Sixth District State organization, complimented the program committee with the presentation of a beautiful polychrome candelabra, in honor of the first entertainment given in the home economics cottage.

Delightful refreshments, prepared in the cottage, were served at the conclusion of the meeting.
