## FIGHTING HEART AWARDS MADE

### School Boy And Girl Athletes Honored In Banquet Here Tues.

Coach Frank Kimbrough, of West Texas State College, Canyon, was the principal speaker for the annual banquet Tuesday night honoring members of the football team, track team, girls basketball team and girls volleyball team of Muleshoe high school.

### Rites Held For Mrs. Mattie Morgan

Mrs. Mattie Morgan, 69, a resident of Arlington for eleven years, died at her home at 3 p. m. on Sunday, March 22, after a long illness.

### GOES TO DISTRICT MEET

### Janelle Sedgwick Of Three Way Bailey County Champion Speller

Janelle Sedgwick, 13 year old eighth grade student in Three Way school, was the champion of the Bailey County Spelling Bee, held Friday in the junior high school here, and will represent the county in the district Bee to be held in Lubbock April 18.

Marcia Dale Redwine, eighth grade student in Muleshoe school, is the alternate. The two battled for some 15 minutes after all others had been spelled down.

It was an all-girl affair. Three Way was represented by Janelle Sedgwick, Janice Baker, and Kay Cole; Bula entered Betty Halford, Sandra Spence, and Janell Seagler; Muleshoe's spellers were Alva Lee Shofner, Sherry Allison, and Marcia Dale Redwine.

Johnson Was Pronouncer  
Fred Johnson was again the pronouncer in the Bee, sponsored by The Muleshoe Journal. Judges were Mrs. Cecil Tate, Mrs. Clyde Holt, and Bob Gregory.

Opal Dixon, Lubbock Avalsanche staff writer and director of the Bee for this district, attended the Bailey County Bee and spoke briefly, commending the local people for the manner in which the annual Bee was conducted.

Teachers attending included H. Reynolds, Bula superintendent; Mr. McCoy, Three Way principal; Troy Perkins, Muleshoe junior high principal and others.

The Journal awarded prizes of \$10 for first place winner, \$7.50 for second, and \$5.00 for third place.

Supt. Jerry Kirk. Paul Gardner was master of ceremonies and short talks were made by George Glover, high school principal, Coaches T. J. Bailey and Coach E. C. Koen. Clyde Holt, Quarterback Club president.

The coveted award of "Fighting Heart", always a secret until presentation, this year went to Roldal (Back) Johnson, football quarterback, and a new department, awarding "Fighting Heart" designations to a member of the girls' team, went to Norma Graves. Presentations were made by Coach Bailey.

In turn, Buck Johnson, president of the "M Club", presented gifts to Coaches Bailey and Koen.

Coach Bailey introduced the members of the various teams, who in turn introduced their dates. Coach Bailey and Coach Koen paid tribute to the boys and girls of the teams, and to each other. The two coaches work as "partners" and in complete harmony.

Quarterback Club members' ladies came in for a nice tribute from the toastmaster and from Mr. Holt. They were given credit for a fine meal, the decorations of the hall, and for successful ticket sales. The Quarterback Club was commended by the school officials and by the coaches for their unflinching support of the school athletic program.

First winner in the Lubbock Bee will receive a 24-volume set of Encyclopedia Britannica. He also will have possession of the plaque, which in turn is given to next year's winner. The winner, and chaperson, will be sent to Washington, D. C., for the National Spelling Bee with all expenses paid by the Lubbock Avalsanche-Journal.

Second place winner in the Lubbock finals will receive a cash prize of \$20; third place, \$15; fourth place, \$10; and fifth place, \$5. Each county champion, including the finalists, will also receive a plaque from The Lubbock Avalsanche-Journal which will become the permanent possession of the winners.

Children up to the age of 12 are invited to the hunt which will begin at 5 p. m.

Mr. and Mrs. Fred Ramm are the proud parents of a baby, born March 30. Name is Ronald Allen.

Mr. and Mrs. Raymond Lansdale are the proud parents of a baby daughter, born March 22. Name is Dorothy Jean.

Jimmy Frank Carpenter is still improving.

Tommy Wilson is still improving.

Mrs. A. R. Edmiston is still in the hospital as a medical patient.

### Youth Stabbed In Affray

One boy was in jail this morning as a result of a stabbing that took place Wednesday night in the city park. Jack Parks, 18 years old is in the hospital with 3 wounds and is in serious condition, but not critical.

Officers said the stabbing grew out of a playful water fight such as those others teen agers have been indulging in lately. They were awaiting developments in Parks' condition before making a charge.

### JayCee Minstrel Show Set For April 9 and 10

Well, the Muleshoe JayCees finally made up their minds and have decided to have their Minstrel Show next week. The dates being Thursday and Friday, April 9 and 10. The show was postponed from an earlier date in March because of conflicting with other events.

It looks like the postponement was a good thing for the show, because rehearsals prove that this years minstrel will be a bang up local entertainment.

The show will consist of the Oleo, or specialty acts, the principals of this part of the minstrel being, Bill Willis, Travis Clements, Tommie Allen, Ellen Allen, Ava Shofner and Don Copley.

In the minstrel proper, Fred Johnson will be the Interlocutor, and the end men will be Tye Young, Lowell St. Clair, Tootie Middlebrook, Paul Gardner, June Wagon, Siskie Watkins, Pinky Barbour, and Murrell Brown. Balladists for the circle will be Willis Farrell, Keith Gaede, Mrs. Murrell Brown, and Carl Sundeen. A quartette consisting of Tye Young, Lowell St. Clair, Carl Sundeen and Ray Franz will also be used in the minstrel proper.

Songs and dances by each of the end men will be the main features of the show, and there's plenty of laughs for everyone.

### Local Boys Win At Plainview

Muleshoe and Bailey County boys made a fine showing at the annual Spring Fat Stock Show held in Plainview last week.

The Muleshoe FFA boys took 33 lambs and one barrow to the show. The lone pig, a Hampshire entered by Edward Wuerflein, won 6th in his class.

In the fine wool lamb division Bobby Black showed the first place animal. Keeton Sneed showed the third place lamb in this division and himself won grand champion in showmanship in the lamb division. C. F. Lorange had the 7th place fine wool lamb.

In medium wool lambs, Bobby Nelms showed the 8th place animal. Other boys showing in this division were Bobby Black, Dwayne Epting, Carl Thomas, Frank Thomas, and Winston Allison.

Ernest Locker Wins  
Ernest Locker showed the No. 1 and 2 milk fed lambs and his pen of 5 took first place in this division.

His lambs were ewes, so they were brought back for keeping. Other animals shown were sold in the auction which followed the judging, and brought good prices.

Boys of the Bailey County 4-H club won several good prizes on their swine, as reported in last week's paper. Marlon Inman had the champion Poland China barrow and the reserve grand champion pen. Don Copley, Jerry Inman, and Mike O'Hair came in for some high place winnings on their pigs.

### Wildcat Well Near Lazbuddy

The latest location for a wildcat oil test in Parmer County has been staked on the Bill Sherley farm in the Lazbuddy community, with drilling operations slated to get underway around April 10th.

Sherley, contacted by The Tribune on Tuesday, reported that the test is being run by L. L. McColium & Associates of Midland, Texas, with the drilling contract being let to Donnell Drilling Co., also of Midland.

The depth to which the test well will be drilled, of major interest to observers in the area, has not been announced by the speculators.

Oil activity has flared in this county, off and on, for the past several years, with various companies persistently trying to find a new field. The majority of the attempts have been made in the northern section of the county, out from Friona and Bovina.

The drilling company is slated to begin moving in machinery shortly, with a combination rotary and standard rig to be used, Sherley said. Legal location of the test is the NE quarter of Sec. 67, Block H, Kelly Subdivision, located approximately 1 1/2 miles north of Lazbuddy.

### Post Office Cafe Honors Girl's Basketball Team

Simon Aron, new owner of the Post Office Cafe honored the Muleshoe High School Girls Basketball team last Saturday night with a full course chicken dinner. Coach Bailey was also present.

This is one of the many compliments that have been and will be paid to the girls on their efforts in basketball during the past season.

Mr. Aron said that he was proud of the girls even though he has been here only a short time.

### Local Judging Team Is Winner

Muleshoe high school had the champion livestock judging team at the Plainview Fat Stock Show last week. The team, composed of Neil Arnold, Sonny Shafer, and Bobby Goodwin, won first place in swine judging, first in sheep judging, second in steer judging and was announced as the top team of the contest.

Bobby Goodwin was the high individual of the show with 394 points. He was the first individual in judging hogs and sheep. Arnold was 4th highest in the contest, getting a second in sheep and a second in steer judging.

Shafer was in fifth place in individual standings in the contest. The team's alternate David Allen, scored first in sheep and hog judging and third in steer judging among the alternates and was high point alternate.

Fourteen teams entered the livestock judging contest.

### KAY LENDERSON KEPT OUT OF SPELLING BEE BY MUMPS

Kay Lenderson, 6th grade daughter of Mr. and Mrs. Jack Lenderson, was sorely disappointed when she could not take part in the Bailey County Spelling Bee, held last Friday, for which she had qualified.

Kaye came down with an attack of the mumps at the very wrong time. However, she has two more years to try for the contest and since she is a really good speller, the chances are that she will yet land in the annual Bee.

### VISIT IN LUBBOCK

Mr. and Mrs. R. J. Klump visited in Lubbock Sunday with the H. H. Carlin family.

### \$80,000 Issue Is Proposed For New Building

An election has been called for Saturday, April 18, for the people of Muleshoe independent school district to determine whether bonds of the district in the sum of \$80,000 shall be issued for the erection of a physical education building.

The board of trustees signed the order for the election at their meeting Monday night. Karl L. Lovelady, local attorney, presented a petition that had been legally prepared and signed by a sufficient number of taxpaying voters.

A group representing the Muleshoe Chamber of Commerce, Lions Club, JayCees and Rotary Club met with the trustees two weeks ago to discuss a physical education building. The trustees then took the matter under advisement and since have visited three newly constructed buildings of the kind desired here.

A spokesman for the trustees said the board believes the amount requested will be ample to erect the building and equip it. The trustees said if the bonds are voted and the building authorized, it will face G avenue and stand along the bus barn recently completed on the school grounds.

### City Election Next Tuesday

A mayor and three aldermen will be chosen in the Muleshoe city election scheduled for Tuesday, April 7. W. T. Bovell is the only name printed on the ballot in the mayor's race.

For the three alderman places, four names are on the ballot: W. R. Harper, Johnny Johnson, George Mayo, Siskie Watkins.

Terms of W. R. Harper and of Dudley Malone expire. Mr. Malone is not offering or reelection. Another vacancy was created by the resignation of Mr. Bovell, an alderman, who had been mayor pro-tem since Ray Keeling resigned upon moving away.

Holdover members of the city commission are N. H. Greer and Sam Fox.

J. E. Day will be presiding judge in the election and clerks will be Mrs. Henry Hanover, Mrs. J. E. Day, and Mrs. Tom Zimmer. Voting will be in the city hall between the hours of 8 a. m. and 7 p. m.

### TWENTY-FIFTH ANNUAL CONFERENCE

### Parents, Teachers From Twenty Counties To Meet In Littlefield

Parents and teachers from 20 counties will assemble at Littlefield April 7-8 for the twenty-fifth annual conference of the Fourth District, Texas Congress of Parents and Teachers.

"Safeguarding Our Freedom Through Responsible Citizenship" will be the conference theme, Mrs. Robert Cross of Anson, district president, has announced.

State representatives who will attend are: Mrs. H. G. Stinnett, Plainview, state president; Mrs. Edwin Jackson, Eldorado, state vice president; Mrs. W. M. Pittman, Anson, state chairman of character and spiritual education; Mrs. H. F. Godeke, Lubbock, state chairman of educational relations; and Dr. C. L. Yarbrough, Snyder, state safety chairman.

Dr. John S. Carroll, Lubbock, who is a member of the National board, where he serves as national rural service chairman, will also attend.

The pre-conference board of managers' meeting will be held from 3 to 5 Monday afternoon, April 6. A formal dinner honoring the district board will be held

In their order for the election, the trustees stipulated that the public be informed "of the probability of this bond issue necessitating an increase in local taxes. If", the board said, "the present system of maintenance is continued, taxes might have to be increased some 5 to 10 percent."

However, the board worked out a proposed schedule of payments for the bonds that they believe would minimize any piling up of the bond debt repayment load in any one year, using schedules of payments already in effect on earlier bonds, and arrived at this schedule for paying out the proposed bonds;

\$1,000 each year 1954 to 1966, inclusive.

\$3,000 each year 1964-65.

\$10,000 in 1970.

\$2,000 in 1971.

\$3,000 in 1972 and '73.

\$4,000 in 1974 and '75.

\$5,000 in 1976.

\$5,000 in 1977.

\$23,000 in 1978.

Larger payments would be made in years when a light payment is scheduled in retiring older bonds of the district.

Maintenance Fund  
The trustees have been placing as much money as possible in their maintenance fund, in order to keep the physical plant of the district in continuing good condition, and so as to avoid a heavy reconditioning outlay in some future year; Therefore, their caution to the public that it is "probable" that the proposed bond issue if voted would cause an increase in taxes, if the maintenance fund is to be kept strong.

The board's order appointed Henry Hanover as presiding judge for the election, and named Mrs. Walter Witte and Mrs. Henry Hanover as clerks. Voting will be in the junior high school from 8 a. m. to 7 p. m.

### Farm Bureau Meets Tonight

Annual meeting of the Bailey County Farm Bureau is set for tonight, Thursday, in the high school auditorium at 7:30.

Dean Harmon, of Tulla, will be the principal speaker. Officers and directors for the coming year will be chosen.

Coffee and doughnuts will be served to all.

Reports of committees will be given and the 1954 meeting place will be selected Wednesday morning. The conference will end at noon Wednesday.

Conference sessions will be held at the Littlefield High School auditorium.

CHAMPION AND ALTERNATE — Fred Johnson, pronouncer, here gives a contest word to one of the two remaining spellers in the Bailey County Spelling Bee, held in the junior high school here Friday afternoon. Next to him is Marcia Dale Redwine, of Muleshoe, the alternate, and on the right Janelle Sedgwick, of Three Way, county champion.

### H. D. Club Meets With Mrs. Bowers

Mrs. Wiley Bowers led a very interesting discussion on growing annual flowers at the home of Mrs. Fred Bruns with Mrs. Don Bruns as hostess to the Muleshoe Home Demonstration Club on Tuesday, March 17.

Roll call was answered with flowers adapted to this climate that can be planted now. The meeting began with a reading by a new member, Mrs. J. H. Hanks.

The club is proud of the steady growth of new members. Mrs. Claude Sanders became a new member Tuesday. Visitors were Mesdames L. D. Rundell and Hammonds of Oklahoma. Visitors are welcome at all times.

Members that are attending the semi-tailoring course will model their dresses with the 4-H club girls in the dress review on April 25. The district meeting will be held April 30.

Mrs. C. E. Briscoe presented a display of the baby pictures of the club members. All members are to bring their wedding pictures to the next meeting.

A hostess gift is to be given at all future meetings.

Members present were Mesdames W. H. Avstrey, Roy White, M. E. Simmons, Lee, T. F. Maddox, S. C. Caldwell, C. E. Briscoe, Claude Gillis, Red Wright, J. E. Day, E. E. Holland, W. R. Bowers, Roy Carney, J. H. Hanks, W. W. Smith, Sylvan Robison, W. Q. Casey and Dave St. Clair.

### W. S. C. S. Concludes Easter Meditations

The Woman's Society of Christian Service met Monday, March 30, at 2:30 p. m. in the home of Arnold Morris to conclude their Easter meditations. The Morris home was decorated in the Easter motif with Easter lilies.

The program, directed by Mrs. F. B. Pierson, began by the group singing of "Doxology". Minutes of the previous meeting were read and approved. The business meeting was postponed until Monday, April 6.

"What Easter Means" by Peter Marshall was read by Mrs. Arnold Morris followed by the song, "Tell Me The Story of Jesus."

Using Fulton Oursler's "The Greatest Story Ever Told", the life of Jesus, as a guide, Mrs. H. Jay Wyer climaxed the Easter studies by telling of the Last Supper in the Upper Room, the trial of Jesus and the crucifixion on the cross.

A meditation song, "Must Jesus Bear the Cross Alone", was played softly by Mrs. O. N. Jennings. Mrs. F. B. Pierson told of "The Last Sayings of Jesus" from the book, "Words of Jesus from the Cross", by Gaston Foote.

The songs, "Above the Hills" and "Into the Woods", was sang by Miss Ellen Allen accompanied by Mrs. Horace Edwards at the piano.

A South Central Jurisdictional grand of recognition to the W. S. C. S. on the completion of the study course, Home Missions and Human Rights" was read by Mrs. H. C. Holt. Mrs. R. O. Gregory, superintendent of supplies, asked for good used clothing to be brought to the next meeting

for packing boxes for shipment overseas.

Delightful refreshments of frosted lime punch and date pin wheel cookies were served to members and guests. Baskets topped with tiny chickens were plate favors.

Those present were Mesdames W. D. Moore, C. R. Farrell, W. H. Kistler, H. Jay Wyer, F. B. Pierson, R. O. Gregory, I. W. Haney, R. Y. Witherspoon, H. C. Holt, Birdie Paul, H. W. Hanks, Roy Bayless, J. Edwards, Horace Edwards, Miss Ellen Allen, Virginia Bayless, Claudia Huber and the hostess.

### Jackson-Henry Vows Read Sunday

Miss Sybol Jackson, daughter of Mr. and Mrs. S. L. Jackson, became the bride of Mr. Eugene Henry, son of Mr. and Mrs. Clyde Henry, on Sunday, March 29, at 4 p. m. in the Progress Baptist Church. Vows were read by Rev. C. C. Morgan, pastor, beneath an archway of greenery with white wedding bells, and white satin streamers. Baskets of white gladioli with white stock banked the archway.

The bride, given in marriage by her uncle, W. H. Clements, chose a navy suit with white accessories. She carried an arrangement of white feathered carnations with detachable corsage on a white Prayer Book.

Miss Maxine Pugh, maid-of-honor, wore a navy suit with navy and red accessories and a white corsage of feathered carnations.

Bill Aylesworth was best man and ushers were Willie James and Kenneth Hicks. Patricia Morgan accompanied Carroll June Buhman as she sang "Beause", and played traditional wedding music.

A reception was held immediately following the ceremony in the home of Mr. and Mrs. W. H. Clements. The Clements home was decorated with yellow forsythia. A three tiered traditional wedding cake with bride and groom figurines graced the table which was covered with a white lace cloth. An arrangement of white and blue carnations and tall white candles in crystal and silver holders completed the decor.

Billie Ruth Redwine registered about fifty guests and Mrs. Bill Goyne presided at the punch service with Mrs. Grady Boyd serving the cake. Mrs. Goyne and Mrs. Boyd are sisters of the bride.

After a short trip, Mr. and Mrs. Henry are at home near Muleshoe where he is engaged in farming.

Out of town guests were Mr. and Mrs. G. L. Boyd and Jane of Amarillo, Mr. and Mrs. W. G. Goyne, Judy Vicki and Jerry of Plainview, Mr. and Mrs. Starling Jackson, Jr. of Eilda, N. M., Mr. and Mrs. L. J. Jackson, Mike and Wayne of Plainview, Mr. and Mrs. W. H. Clements and Mrs. Fred Clements of Muleshoe, Mr. and Mrs. L. A. Lance of Petersburg, Mr. and Mrs. C. A. Thomas, Jacky and Vicki Lynn of Petersburg, and Mr. and Mrs. Raymond Houston, Marie and Eugene of Friona.

## Southern Bailey County Farmers Drill Many Irrigation Test Holes

(From Irrigation Journal) ENOCHS—"Don't walk across my farm at night," said one Bailey County farmer, "if you don't want to break a leg in a test hole".

His statement just about summed up the irrigation well activity going on here and in neighboring Cochran County to the south. During the past 12 months, for example, a new irrigation well has been completed just about every 60 hours within the two counties. Some areas which formerly had no irrigation wells

at all are now getting them. In all, 150 or more new wells will be pumping at planting time this spring, 70 in Cochran and 80 in Bailey County. Hundreds more are being planned by ambitious farmers, many of whom have never before had the benefits of artificial "rain."

### Many Test Holes Drilled

Around Maple and Enochs in the southern edge of Bailey County, for example, hundreds of acres of heretofore "dryland" farms will be under irrigation this year. The new wells range

from poor and mediocre up to "good" 10-inch wells. To find water under these thirsty farmlands and to save themselves tremendous expense in the process—land owners have drilled literally hundreds of test holes, poking their farms with tiny holes that tell them whether water-bearing sands are present.

"That's all the test hole does," explained one driller. "You can't have an irrigation well unless the water sand is present. But even if it is, you still have to drill a well before you know if it will produce."

### Bailey Has 600 Wells

To find these water-bearing sands, scores of farmers have had from one to a half-dozen or more test holes drilled on their land. One man arbitrarily determined to put down one test hole every 30 steps on his farm. He struck water on the third try.

County Agent J. K. Adams of Muleshoe said Bailey County now has "in the neighborhood" of 600 irrigation wells in production. "From 150 to 200 more are in sight," he added.

One reason for this stepped up activity lies in the creation of a water district to govern the drilling and spacing of wells. Recently "put off" drilling of wells have decided to "get the jump" on others and get permits for drilling immediately. When there were no regulations, they knew they could drill when and where they pleased, so were in no hurry. Last year's drought conditions also served to spur the farmers into action.

Now, however, one Muleshoe driller alone reported he has requests for drilling more than 50 new wells. Similar conditions exist in Cochran County, where only about 20 per cent of the cultivated land is now irrigated.

"We have had 70 new wells drilled during the past year," County Agent Homer Thompson of Morton said. "And they're still drilling all the time."

Most of the drilling is in the northern, northwestern and eastern portions of the county, where wells already exist, but some test holes are being put down in other sections of the county, too. In the Enochs area, which heretofore has been entirely dryland country, Adams estimated from 10 to 15 wells have been developed. Around Maple, a similar community, about 4 wells have been discovered. Dozens more undoubtedly will be drilled this year if the stepped-up activity in putting down test holes results in the finding of water.

Southwest of Sudan near the Bailey County line, for example, seven farmers recently pooled their resources in one big "final"

## VERSATILE COTTON!

The 1953 Maid of Cotton, Alice Carr of Selma, Ala., shows how versatile cotton can be when she wears this fashionable ensemble made from bedspread cottons. ## Parmer County Farm Bureau

By RALPH SMITH

Senator Andy Rogers mailed letters to all County Farm Bureaus in Texas this week, pledg-

ing support to their recommendations, and requesting constant advice from them in all legislation of interest to farmers. He also assures us that our State Vice-President, C. H. DeVaney and State Director, Loys Barbour are rendering an indispensable service through the Farm Bureau Legislative Office in Austin.

Senator Rogers has been a staunch supporting member of Farm Bureau for several years, and we are glad to know that we have in the Senate a man who can be depended upon to stand by rural people.

A bill introduced by Senator Rogers, S. B. 214, is one stemming from a Parmer County Farm Bureau Resolution which was endorsed by delegates at the November State Convention. It asks, among other things relative, for acceptable NEGOTIABLE warehouse receipts to be provided by CCC through licensed warehouses. This resolution was presented in the interest of preventing recurrence of such individual losses as those in the recent Farwell and Sudan area cases.

We like the sound of H. B. 559, concerning rehabilitation and educational facilities for alcoholics. It places the cost where it belongs; on liquor dealers and drinkers, excluding those who do not choose to sell or drink the products that establish the need for rehabilitation.

Bovina Farm Bureau had a good meeting Monday night, March 23, where they discussed legislative items, including tractor gas tax refunds, natural gas minimum prices, swine V. E. disease bill and National Farm Bureau's bill concerning export and import of agricultural products.

A. J. Jarrell, farming west of Bovina was in the office today insuring his house and automobile before beginning a trip through Missouri and Seattle.

It's a long trip and we would like to go along.

## Letters to the Editor . . .

EDITOR: This clipping from The Pathfinder is too significant to pass up.

Local people should support local organizations to maintain the dignity of Independence. Sounds to me like neither House Bill No. 3 nor 216 is the

answer to our teacher pay problem. Either needs amendment. The satisfaction of knowing that it was all ours, for our own use, would justify a twenty-five percent increase in our local taxes.

A parent and land owner, Mrs. Leon Smith

TAXES: If you had to draw a picture of taxes you could do so with a simple circle, something like this: We raise taxes to pay

the federal government; then we raise more taxes to match the amount we have already sent to Washington in order to get back the amount we have already sent to Washington. This is what we call federal aid.

Enterprise-Journal, McCook, Mississippi.

To any Sheriff or any Constable within the State of Texas— GREETINGS

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before paper printed in Bailey County, Texas, the accompanying citation, of which the herein below following is a true copy.

CITATION BY PUBLICATION
THE STATE OF TEXAS

TO: Charles Cook; the heirs, unknown heirs and legal representatives of Charles Cook, deceased, and their heirs and legal representatives; the heirs, unknown heirs and legal representatives of Elias Riddle, deceased, their heirs and legal representatives; and the heirs, unknown heirs and legal representatives of Novella V. Riddle, deceased, their heirs and legal representatives.

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court 64th Judicial District of Bailey County at the Courthouse thereof, in Muleshoe, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 20th day of April A. D., 1953, to Plaintiff's Petition filed in said court, on the 4th day of March A. D., 1953, in this cause, numbered 1782 on the docket of said court and styled G. V. Coker, Plaintiff, vs. Charles Cook, et al. Defendants.

And in which said suit G. V. Coker is plaintiff; and Charles Cook; the heirs, unknown heirs and legal representatives of Charles Cook, deceased, their heirs and legal representatives; the heirs, unknown heirs and legal representatives of Elias Riddle, deceased, their heirs and legal representatives; and the heirs, unknown heirs and legal representatives of Novella V. Riddle, deceased, their heirs and legal representatives.

representatives of Novella V. Riddle, deceased, their heirs and legal representatives of Elias Riddle, deceased, their heirs and legal representatives herein named being all the parties to this suit.

A brief statement of the nature of this suit is as follows: Plaintiff sues for title and possession of 150 acres of land in Bailey County, Texas, being the NE-4 of Sec. or Survey No. 22, Block "Y", of the W. D. and F. W. Johnson Subdivision No. 2, less 10 acres sold to Bailey County by C. L. Hagemier, and less the oil, gas and minerals reserved by W. F. Hays and wife in their deed to Guy A. Gattis. Plaintiff alleges he is the owner of said land and that defendants unlawfully claim an interest therein; and plaintiff pleads the three, five and ten year limitation title, as is more fully shown by Plaintiff's petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Muleshoe, Texas, this 4th day of March A. D., 1953.

## Stag Party Enjoyed At Pleasant Valley

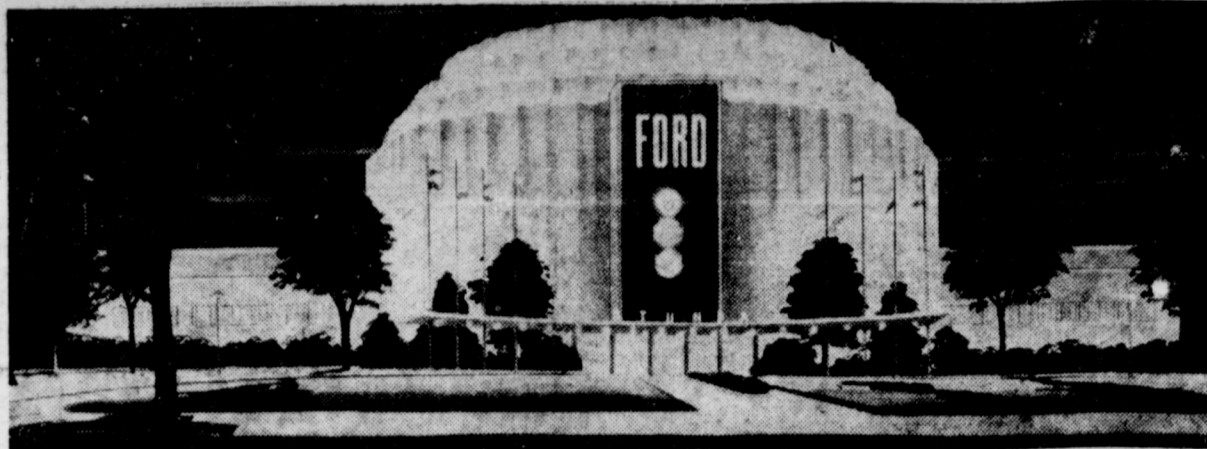

The Pleasant Valley Social Club entertained their husbands on Saturday night with a stag party in the home of Mrs. Harold Allison.

A delicious dinner was enjoyed by the seventeen men present. Jarvis Angeley was also present and was presented with a gift from the club in appreciation of his co-operation in building the road signs for the community.

### EDWIN ROBERT HART

Mr. and Mrs. Bob Hart of Columbus, Ga., are the parents of a new boy, Edwin Robert, born Thursday, March 26.

Grandparents are Mr. and

This is the famous Ford Rotunda with its redesigned exterior. Inside, the entire building, long Detroit's principal tourist attraction, will have a completely new series of displays and exhibits to show the progress of the automobile industry and its effect on American life. This artist's conception shows how the building will look when it is reopened to the public about June 1 as part of the company's 50th anniversary observance.

Mrs. Horace Blackburn. Mrs. Blackburn left Friday, March 27, for Georgia where she is spending the week.

## Mrs. Hicks Hosts Social Club

Mrs. Leona Hicks was hostess to the Pleasant Valley Social Club on Wednesday of this week. The meeting was held in the community building.

Delicious refreshments were enjoyed by the members present and one visitor, Mrs. Jewel Crow of Hot Springs, N. M. Mrs. Crow is the mother of Mrs. E. K. Angeley.

## Rebekah Lodge Plans Social

All members of the Muleshoe Rebekah Lodge are urged to be present next Tuesday night, April 7, when a social will be held and refreshments will be served by those having birthdays in April.

Everyone is reminded of the South Plains Association which will be held in Littlefield Friday, April 17.

### CHRISTIAN SCIENCE SERVICES

The allness of God and the abundance of good are stressed in this week's Lesson-Sermon to be read in Christian Science churches. Selections from the Bible and "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read on the subject of "Reality." The Golden Text is from Isaiah (64:4): "Since the beginning of the world men have not heard, nor perceived by the ear, neither hath the eye seen, O God, beside thee, what he hath prepared for him that waiteth for him."

The references in this Lesson will point out that when it is understood that God provides only good man, this fact is realized in improved health and morals. Jesus said, "Blessed are they which do hunger and thirst after righteousness; for they shall be filled" (Matt. 5:6).

Jesus healed and taught others to heal. The Discoverer of Christian Science speaks of Jesus' healing ability in the Christian Science textbook. She says, "Our Master taught no mere theory, doctrine, or belief. It was the divine Principle of all real being which he taught and practised" (p. 26).

## Cub Scouts Have Mardi Gras

The Cub Scouts met Thursday, March 26, in their regular monthly meeting in the junior high school auditorium for their annual Mardi Gras. Each den and den mother were present.

A graduation ceremony was read and introduced by Judge Cecil H. Tate. The highlight of the evening was the carnival which featured a "Trip Around the World", "The Charming Snake", "Toothless Mother", "The Fortune Teller", "The Fat Woman", and "The Hula Dance".

In the baby bottle contest in which several scout dads participated, Eit Evans was the winner.

We cannot thank each individual personally so we take this means of thanking each of our many friends for their deeds of love and kindness shown us during our sorrow. Especially do we thank those who brought such nice flowers and food.

May God richly bless each of us in our prayer.

Mrs. G. D. Kersey, Charles, Ray, Jean and Cecil

### THE MULESHOE JOURNAL, Thursday, April 2, 1953

The Golden Text is from II Samuel (22:29): "Thou art my lamp, O Lord; and the Lord will lighten my darkness."

It will be brought out that falsity of believing in the reality of two powers, both good and evil, instead of one supreme power, God, good, is the lie which, if accepted as true, would deprive man of peace, health and joy. That God's creation is spiritually complete and eternal is indicated in the following verse from Ecclesiastes: "I know that, whatsoever God doeth, it shall be forever: nothing can be put to it, nor any thing taken from it" (3:14). In the textbook, Mary Baker Eddy, the Discoverer and Founder of Christian Science,

further explains the Christian Science belief that God could not create a material man subject to both good and evil: "Darkness and doubt encompass though so long as it bases creation on materiality. From a material standpoint, 'Canst thou by searching find out God?' All must be Mind, or else all must be matter. Neither can produce the other" (p. 551).

## BABSON Discusses — Cost Of Eating

New York City, April 2, 1953—The taking off of price controls has caused some prices to advance; but most prices have remained constant or have decreased. I am convinced that free com-

petition, which now is being tried, will ultimately reduce the cost of foods.

### BE PATIENT

There will be a lag between the wholesale price drop and the retail prices. In Florida I own a cattle ranch. Steers which sold on the hoof at thirty cents a pound two years ago now sell for ten cents. Cows which then sold at \$200 can be bought for \$60.

Readers wonder why the retail price of beef is still high. The answer is that the beef now in the stores for sale was purchased by the packers at high prices. We must wait until this high-priced beef is eaten before the retail price will drop further. This may take four to six months. The

same principle applies to many foods.

### ADVICE ABOUT HOME FREEZERS

Deep freezers are good for the home and good for the nation as a whole. These, however, should be filled intelligently. To get the most from buying in quantity, the family should give real study to seasons, crop reports, and other factors. The first verse of the third chapter of the Bible Book of Ecclesiastes gives good advice to those who buy food for storing.

We should buy in quantity when beef, fruit, vegetables, etc. are cheap; but we should also consider quality as well as price. It is wise perhaps to buy some meats now; but wait before storing beef.

### POLITICAL ASPECTS

While such lower food prices please city dwellers, falling prices cause much grief to millions of rural families. Cattle-men are now taking big losses. City folks laugh about the dairy mess and similar mistakes, but they all have a sad human side of grief, loss and disappointment. Let us be sympathetic with all unfortunate rural people.

President Eisenhower is getting thousands of letters every day from honest, hard-working farmers who are being "ruined." This probably accounts for his urging Secretary Benson to "go slowly." Otherwise, he may fear that the Republicans will lose control of Congress in 1954. Customs which have existed for twenty years cannot be corrected quickly. The same principle involves tariff changes.

### RADIO MARKET NEWS

Radio news of wholesale farm prices is good for the farmers, fruit growers and others; but such news does not help the housewife much. Hence, newspapers could help consumers to interpret properly the valuable food advertisements in their papers by reporting weekly the amount of fresh, canned and frozen food products on the market.

Every housewife should carefully read all advertisements, especially the ads of the reliable super-markets. How to study local advertisements is a work which Women's Clubs could take up.

### FARMERS NEED SELF-CONTROL

Don't blame salesmen of fertilizers, seeds, farm machinery and real estate for urging farmers to produce more. Yet, the fact that some farmers have not the good sense and self-control to properly weigh such sales talks is one reason for their troubles today. It might be a good idea

## SAND HILLS PHILOSOPHER

### Says Television Won't Nearly Reach Some of The Claims Made For It

Editor's note: The Sand Hills Philosopher on his Johnson grass farm is good at talking about something he doesn't know anything about, as his letter this week probably reveals.

Dear editor: I was readin in a newspaper last night where an educator in New York claims television is gonna keep children at home and off the streets at night, and thus it's gonna be a big factor in improvin the morals of children. The delinquent child problem, he says, is gettin worse and television may be the answer.

### Today's Meditation

CONFLICTS AND TRIALS  
But now is Christ risen from the dead, and become the first-fruits of them that slept. (1 Corinthians 15:20) Read 1 Corinthians 15:1-10.

About twenty five years after the resurrection of Christ, Paul wrote to the Christians concerning the event. Paul reminds them of an impressive array of witness to it. But if there were any who still doubted, he had a clinching argument: "And last of all he was seen of me also, as of one born out of due time." He referred, of course, to his experience on the Damascus road, where he had been temporarily blinded, and Christ had spoken to him, saying, "I am Jesus whom thou persecutest." Paul never got away from the reality of that experience. Let other proofs of the risen Christ be few or many, here was one that no man could take away.

This is an age of question marks—an age that demands proof. Fortunately, the Christian has it. It is not only the uncounted deeds of Christian mercy, it is not just the outstanding fruits of Christian living, but also it is the Christian's own personal experience. Christ found me and stamped His image on my character. Because of this, I know He lives!

### PRAYER

Grant us each day, O God, the inner witness that Christ is a living presence in our hearts. Give us day by day increasing fruits of the living Christ as He molds our character more closely to Thy will. We pray in His name. Amen.

### THOUGHT FOR THE DAY

Because Christ lives, I live also. —C. L. Stillwell (Va.).

this year to devote the State Agricultural Fairs to teaching farmers some simple economic truths.

Neither farmers nor consumers can depend upon most politicians for honest advice. This applies especially to the promoters of certain unneeded irrigation projects. Farmers could get into the same box in 1954 that Wall Street speculators got into in 1929, because every farmer is forced to speculate on weather and other unpredictable factors. Another thought: Buy things from your local stores and, if possible, buy home made products. If farm organizations would teach sane economics, there need be no more "Butter Scandals" and the entire dairy industry would ultimately benefit.

### The Draft Law

(Editor's note: This is one of a series of 10 short articles on the draft law and its rules and regulations.)

The draft law requires every man registered with a local board to report any change in personal status to his board.

"Young men have asked us just what changes they should report," Brig. Gen. Paul L. Wakefield, state draft director, says. "Generally, anything which has a bearing on classification should be reported."

The state director pointed to the following things which should be regarded as change of personal status:

1. Current change of mail address should always be sent to the board.
2. Marriage should be reported at once.
3. If a wife becomes pregnant with a couple's first child, a physician's certificate must be sent to the board immediately after the fact is known.
4. All additions to the family must be reported.
5. Any and all deaths in a man's family should be reported.
6. If a man and wife are divorced or they no longer live together, this must be reported.
7. Permanent change of job should be reported.
8. Serious injury or physical defect should be reported.
9. If a man becomes a student in a college or university, this fact should be reported.
10. If a man enters the Reserves or National Guard, he should ask his commanding officer to notify his board. He should assure himself that it is done.
11. If a man has attempted to volunteer for armed forces and has been rejected, he should advise his local board.

### Kolar's Farm Shown Last Week

Muleshoe Motor Co., Ford dealers here, are sponsoring the Mystery Farm picture this week, shown in other columns of this paper. The Journal has been receiving calls Thursday afternoon, so if you want to get in first, you had better call early.

Last week the picture was identified as that of the L. V. Ko-

lar farm, near Muleshoe. Mr. Kolar came in and identified the farm and received the original picture. The picture in the paper was sponsored by the West Texas Fertilizer Co., of Muleshoe, manufacturers of dry fertilizer and distributors in the territory of anhydrous ammonia fertilizer.

First person living in the city and first person living outside the city to call in and correctly guess the identity of the farm is each week awarded two passes to Cox Drive-In Theatre. Winners last week:

Mrs. H. D. Holley, Route 2 who called at 2:50 p. m. Thursday.  
Mrs. W. L. Taylor, city, who called at 3:30 p. m. Thursday.

### Alcorn Attends Coleman School

WICHITA, Kan., March 30 — Arnold E. Alcorn of E. R. Hart Company, Muleshoe, is here this week for a heating and air conditioning school offered by the University of Wichita in cooperation with The Coleman Company, Inc.

Mr. Alcorn is one of 56 Coleman dealers selected for special instruction in the classrooms and laboratories of both the University and the Coleman Heating Institute.

The school serves to acquaint Coleman dealers with the newest development in the field of home heating and air conditioning.

The group also will study application engineering, merchandising methods and business administration.

Coleman automatic home heating equipment offered by E. R. Hart Company includes wall furnaces, floor furnaces, water heaters, and Blend-Air, an entirely new system for heating and ventilating old as well as new homes.

Len Allen sang Alice Blue Gown and Berlin's Easter Parade, with the audience joining in the chorus.

### CofC Speaker Is Outstanding

The following biographical sketch of the man who will be the principal speaker at the annual Muleshoe Chamber of Commerce banquet April 14 reveals the calibre of the one secured for this important event:

D. Hodson Lewis has a national reputation as a civic leader and public speaker. He has spent thirty-two years in community and organization service. For sixteen years he was Manager of the Chamber of Commerce in Little Rock, Arkansas, and established himself as a leader for the entire state in industrial and commercial development.

His last business connection before deciding to devote all his time to public speaking and organization consultant was Southwestern Division Manager for the Chamber of Commerce of the United States. He retired from this office November 1, 1952 after ten years of outstanding leadership.

During his Chamber of Commerce experience, he was made President of the National Chamber Managers Association, a Director of the Southern Commercial Secretaries Association, a Director of the National Institute for Commercial Organization Managers at Northwestern University and Manager of the Southwestern Institute at Dallas, Texas.

## Farm Forum Set At Littlefield

F. L. Shelby, president of the Lamb County Farm Bureau, has announced the questions that will be discussed and panel members for the second annual Lamb County Agriculture Forum to be held at the youth center in Littlefield Wednesday, April 15.

The first question is: "What would be a good farm program on cotton that would be satisfactory to the farmers and cotton merchants at all levels?"

Robert H. Gibson, manager of Paymaster Farms, Lockney, will present the farmers viewpoint. No speaker had been obtained to present the cotton merchants viewpoint.

Marshall Formby, recently appointed a member of the Texas Highway Commission, will speak at the noon luncheon.

Second question to be discussed is: "By increasing research would it be possible to eliminate the need for Subsidies?"

Maybe So: Jack Ashworth.

## Cotton Final Is 46,083 Bales

Bailey County's gins turned out 46,083 bales of cotton from the crop of 1952, according to word from the Bureau of the Census, received by Marion F. Harris, special representative of the Bureau for Bailey and Parmer Counties.

In Parmer County a big increase was registered. The Bureau reported 35,923 bales for 1952, as compared to 9,282 for 1951.

**VISITORS FROM LUBBOCK**

## Cement Given To Girlstown

Girlstown, U. S. A., located at Whiteface, Monday received a load of 112 sacks of cement, the gift of generous people around Muleshoe. The cement was taken down in a truck belonging to a local lumber firm. Donors were the four lumber yards and quite a few local people.

Communities all over the area are contributing to Girlstown. Right now a new building is being erected largely by such donations as that from Muleshoe. The contractor, it is said, is contributing the labor.

The contribution here was handled through the Muleshoe Chamber of Commerce.

## Colored Folks Spring Clean Up Sets Example

People all over Muleshoe may well emulate their colored friends who last week turned to as a group and gave their section of town a thorough spring clean up.

They removed tin cans and trash from their streets, alleys, and premises and a city truck hauled it to the junk yard.

Then the city grader came in and graded the streets nicely, with the result that the colored section presents a much better appearance. The grader was still to level the school grounds which also was given a going over by the colored folks.

A member of the city council told The Journal that he had never seen finer cooperation from any group and he complimented the colored citizens on this very effective clean up.

The city helped everything when they caused the entire streets west and north of the section to be graded, removing unsightly separation strips down the middle, removing an old fence on the north side, making double streets on the north and west.

## 200 PINTS IS THE GOAL

## Red Cross Bloodmobile To Make Second Stand Here On April 27

On March 21 Mrs. Dwight D. Eisenhower called on the mothers of America to support the Red Cross with their funds and their blood to make sure that gamma globulin and serum albumin, blood derivatives that combat paralytic polio and fight shock, will be available to their children in this country and to their sons in Korea.

Now that there is at least a hope of preventing the awful paralyzing effects of polio through the use of the new blood miracle, gamma globulin, nothing should be more important to mothers in this city and everywhere than to assist the American Red Cross in raising its funds and enough blood for the battle against polio.

Bailey County's Quota of \$2,189 is still running short by approximately 700. The Bloodmobile from Fort Worth Blood Center is visiting Muleshoe on April 27. People of Bailey County therefore have an opportunity to help by giving both blood and money toward this fight against polio.

## Baptist Youth Rally Is Success

A large crowd of more than 175 enjoyed a youth rally sponsored by the B-H-U of the First Baptist Church Saturday evening at the church.

Fellowship and recreation under the direction of Mrs. Elizabeth Watson and Keolene Towns was followed by a program presented by young people of the churches of the community.

After a supper served by the church, Rev. Bob Bratcher of Wayland College showed slides in the church auditorium on Formosa and China where he spent last summer. He also spoke to the youth on "Finding Its Place", a very interesting discussion.

All who had parts on the program were young people.

The B-H-U expresses its thanks to the adults of the church for their wonderful co-operation during the program.

## ENOCHS CEMETERY PUMP HOUSE COMPLETED

The pump house at the Enoch's Cemetery for which the Enoch's Home Demonstration Club furnished the materials was recently completed by local citizens who donated their labor.

Improving the cemetery has been a project of the club for the past several years. They plan to set out some shrubs and flowers before returning the project to the local Cemetery Association.

mothers of this country know today that every pint of blood contributed may mean life to a wounded son in Korea. They are also aware that next summer when polio strikes there will be a new weapon, gamma globulin, a blood derivative, to prevent the crippling and infirmity that so often follows a polio attack. What they perhaps do not realize is that the same pint of blood they contribute can be processed into gamma globulin and also into serum albumin, the blood derivative which our Korean combat wounded need so desperately. So, through the Red Cross, our blood today does double duty. We can help children to walk and wounded soldiers to live.

The Bloodmobile will be in Muleshoe from 1 to 7 p. m. M. F. Blackman, Blood Chairman for Bailey County, said. They will set up in the American Legion Hall, just as they did before. He added that donor recruitment has started here.

## CONTINENTAL RED SEAL LPG IRRIGATION ENGINE

### FEATURES

- 10:1 compression ratio.
- Positive rotating exhaust valves. Sodium cooled valves available.
- Stellite inlet valves and valve stems.
- Stellite-faced exhaust valve seat inserts.
- Full length water jackets.
- Aluminum pistons, with chrome top ring.
- Non-corrosive heavy duty bearings.
- Safety controls to protect engine from possible damage.
- Exhaust manifold with dual outlets.
- Cold intake manifold — no heat transfer from exhaust.
- Furnished with wood skid. Metal skid available.
- Friction throttle control. Governor available.
- Top oiler available.
- Engine furnished with distributor, generator, starter, ignition coil, direct drive power take-off, water temperature gauge, oil filter, air cleaner, LPG carburetor and reglator. Available also as an open or closed power unit.

### GENERAL DESCRIPTION

Continental Red Seal LPG Irrigation engines have been developed and perfected under actual field conditions, with more than 50 years of manufacturing "know how" behind every feature. Parts most subject to wear have been engineered with generous safety factors, for rugged, heavy duty performance.

Designed for LPG, which enters the combustion chamber as a dry gas, crankcase dilution is eliminated and the oil may be used for much longer periods without fear of thinning out or losing its lubricating quality. Harmful deposits are reduced to a minimum and valves, cylinders and moving parts lubricated from the crankcase last longer.

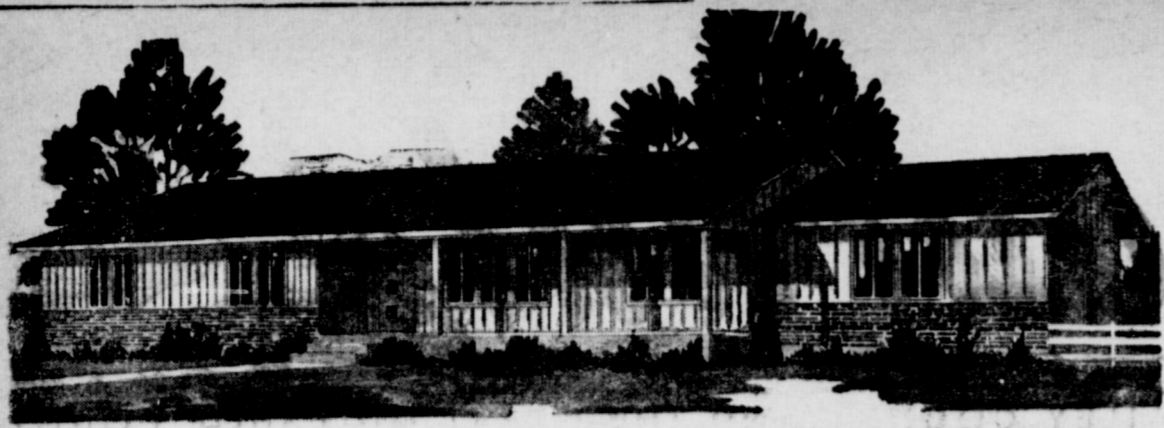

All of these features, plus the lower cost of LPG, result in more economical operation and lower maintenance costs for years to come.

HOUSE PLAN No. 46

**Livable And Lovable**

In Farm and Ranch House Plan No. 5246 we have an attractive

combination of old and new, the comfort and convenience of a modern home and the long, low horizontal lines found in the old ranch-style homes. The kitchen workroom area is so arranged that it has adequate

space for comfortably and conveniently serving the meals and preparing and storing for the family food supply. There is a large pantry and additional space for twelve to fifteen cubic feet of food freezer. There are fourteen lineal feet of drainboard space plus two and a half feet of counter space on either side of the range. Also, there is a storage closet for brooms and mops in the kitchen.

The work area leading to the back door can be closed off easily by two sliding doors. It gives space for laundry equipment, a closet, and a shower and lavatory.

Each bedroom has six or more lineal feet of closet space and plenty of light and ventilation. The living-dining room combination can be used as two separate rooms or as one large unit. The modern folding door, which comes in pleasing colors, can be used as a separation when you prefer to entertain smaller groups. This house will be as attractive with or without the attached double garage. We suggest that the exterior finish be of painted vertical boards and strips except for two small areas which may be of masonry to give a variety of texture.

For those who use solid fuels and central heating, the work area can be rearranged so as to give a place for an entrance to the basement and space for a chimney.

The narrow protected area along the front provides excellent protection from the sun and rain and serves to break the monotony of a straight wall.

You can obtain blueprints for this The Muleshoe Journal Farm and Ranch House Plan No. 5246 and a handy list of materials by which you can figure your construction cost accurately. Send \$1 to Building Editor, Farm and Ranch, Southern Agriculturist,

Dept. L-36, Nashville, Tenn. Order by number, plan No. 5246. Blueprints are adequate for any farm carpenter or for any farmer handy with tools.

**Ask Elevator Be Reopened**

By KENNETH MAY

In Lubbock Avalanche FARWELL, March 24 — A howl of protest raised by Farwell businessmen concerning the bankrupt Henderson Grain Company has produced reverberations all the way to the nation's dust still flying, things appear as complicated as ever.

It all started several days ago when the Farwell Chamber of Commerce addressed a letter to Agriculture Secretary Ezra Benson demanding that steps be taken to get the elevator back into operation.

The plant was thrown into receivership — and into bankruptcy — in late 1951 after the Commodity Credit Corporation charged the then Mayor C. M. Henderson of Farwell with converting government-stored grain to his own use. A suit filed by the CCC alleged Henderson was "short" \$1,056,119 worth of government grain.

Since that time, the elevator has been operated in bankruptcy. A payroll that at one time stood at \$82,000 annually dwindled down to the salaries of two men. No grain has been bought or sold. The operation has consisted of the cleaning of some seed and the storing of a little more for a Hereford elevator. Previously, from 15 to 25 persons were employed at the elevator.

Now, Farwell businessmen have determined to take action. Carefully refraining from taking sides for or against Henderson himself—who is now free on appeal of a four-year prison sentence—the businessmen have asked that the assets of the elevator be liquidated and the plant sold before this year's June wheat harvest.

## Annual Dairy Show Apr. 11-17

With entries expected from a three-state area, and a premium list totaling more than \$3,500, officers and directors of the Panhandle-Plains Dairy Show, to be held April 11-17 inclusive are making plans for the 26th anniversary.

Though the entry list is expected to reach the 470 head of cattle entered in last year's show, competition will be keen, with entries already received from dairymen in Texas, New Mexico and Oklahoma.

One of the three largest dairy expositions in the United States, the Plainview show is the only one supported entirely from public subscription. It was originally set up on this basis, and has not been changed over the 25 years it has been held. There is no gate charge for the event.

The show is the only known dairy exposition in the nation to have vacuum milking facilities serving each stall.

Show facilities are in better condition for the 1953 exposition than they have ever been, Wayne Smith, manager of the show and Chamber of Commerce there pointed out. Buildings have been renovated and grounds improved since last year, and those improvements should make the show even more attractive to exhibitors.

Kicking off this year's program will be cattle judging contests between FFA and 4-H teams a wide area over the South Plains. Walter Labay, Plainview, Area I FFA supervisor, Ollie Liner, county agent, and Gene Barnett, Plainview vocational agriculture instructor, are directing arrangements for this feature.

## P. T. A. Officers To Be Elected

The elementary P. T. A. will meet Monday night, April 8, in their regular business meeting.

Officers will be elected for the coming year and a large attendance is anticipated.

Mr. Ray Franz, manager of the local chamber of commerce will be speaker of the evening. He will tell of the relationship between the P. T. A. and the chamber of commerce.

## Wesleyan Service Guild Meets In Gilbreath Home

Mrs. Francis Gilbreath was hostess to the Wesleyan Service Guild Monday evening, March 23 at 7:30 p. m. Mrs. Alex Wilkins, president, presided over the business session.

Mrs. Homer Sanders, Jr., gave the devotional, "I Am The Good Shepherd". Mrs. Mable Dowell then gave the seventh chapter of the study, "These Rights We

Hold", and a very interesting story of the UNESCO.

Mrs. A. S. Stovall read the "Universal Declaration of Human Rights" and the group discussed them from their point of view.

The Guild voted to pay \$100 on the repair of the bathroom for the parsonage.

The next meeting will be in the home of Miss Elizabeth Harden on April 13.

Refreshments of ice cream, cherry pie, nuts and coffee were served to members, Elizabeth Harden, Mesdames Delma McCarty, Fred Johnson, Homer Sanders, Jr., Ray Edwards, Mable Dowell, Alex Wilkins, A. S. Stovall, Jim Burkhead and the hostess.

## Pollyanna Club Has Stanley Party

Mrs. Austin Jones was hostess for the West Camp Pollyanna Club when members met March 25. Fourteen members and seven guests were present.

Mrs. Roy Whitl, president, presided at the short business meeting. The members voted to continue the practice of baking a cake with a dime in it and charging the members a dime for a piece of cake. Then, the one who receives the piece of cake with the dime in it bakes the cake for the next meeting.

Mrs. Jack Reel, Mrs. Charlie Pike, Mrs. W. T. Magness, and Mrs. Oris Jones were welcomed into the Club as new members. Mrs. Rochell Christian, Mrs. Woodson, and Mrs. Jackson were guests.

Mrs. Seaborn Busbice presented the program on "Let's Grow Better Flowers." Then she passed out handy pamphlets on "Growing Annual Flowering Plants." Highlight of the afternoon was a "Stanley Party". Mrs. Betty Jackson, the Stanley agent, presented the Club with \$11.00 as its share of the profits.

Angel food cake and ice cream were served as refreshments. Mrs. Seaborn Busbice will bake the cake for the next meeting as she received the piece of cake with the dime in it.

Mrs. F. W. Watts will be hostess at the next meeting which will be April 8. The agent will be on hand to give the program on "How Do We Spend Our Time."

## Enochs H. D. Club Plans Co-op Dinner

The Enoch's Home Demonstration Club accepted the responsibility of serving the Ginners' Co-operative supper which is held annually. The Enoch's Co-op pays all expenses. Food will be furnished and prepared by the club members. Plans were completed for the supper at the meeting of March 26 which was held in the home of Mrs. W. A. Pool.

Fourteen members and a visitor, Mrs. Duane Bryant of Lubbock, attended the meeting. A discussion on the selection and planting of annual flowers suitable for this climate was led by Mrs. J. S. Boydston. The preparation of the soil for flower beds was also discussed.

The next meeting will be held in the home of Mr. J. S. Boydston on April 9. Roll call will be answered with "Something I have made this year."

## Mrs. Gilbreath Is Hostess To Half Century Club

The Half Century Club met Thursday, March 26, in the home of Mrs. Laura Gilbreath with Mary Young assisting.

The Easter motif was dominant in the decorations and refreshments. A nest of eggs graced the coffee table. Plate favors were tiny chickens and Easter napkins enhanced the refreshment plate.

After a short business meeting the group sang songs with Mrs. Alpha Julian directing. Many enjoyed an evening of visiting.

Present were one new member, Mrs. Lillie Wimberley, and regular members, Mesdames Maude Jones, Birdie Paul, Alpha Julian, Lucy Layne, Beulah Carles, Jennie Panter, J. J. Gross, Hazel Farrell, Sally Harden, Gussie Mardis, Daisy Engram, Leota Willterding, Etta Welch, and Pearl Moore.

The next meeting will be in the home of Mrs. Pearl Moore with Mrs. Alpha Julian as co-hostess on Thursday, April 9.

## Gamma Iota Chap. Feted With Brunch

The Gamma Iota Chapter of the Delta Kappa Gamma was feted with a lunch by the Muleshoe and Parmer County members Saturday, March 21, in the home economics department of the high school.

Miss Mildred Hulsey of Tullia, president, presided during the business session. A panel on current legislation was given by three members from Plainview, Mrs. Willie Merle Halthcock, Misses Mayme Lou Rayburn, and Billie Glynn McAdams.

Don and LaVon Copley furnished the background music during the brunch and rendered the following selections during the program: "Blue Bells of Scotland", a trombone solo by Don; "Waters of Minnetonka", an organ solo by LaVon; and "Malaguana", a piano duet by Don and LaVon.

Gamma Iota Chapter covers eight counties and has a membership of about one hundred members. This organization is an honorary teachers' society.

Muleshoe members are Mesdames Ed Johnson, Mabel Dowell, Jerry Kirk, Wilson Witherpoon, Clifton Finley, Radie Boone, Curtis Spivey and John Watson.

## Easter Services At Palo Duro

Canyon, April 1 — A record crowd is expected for the annual Easter Sunrise Service at Palo Duro State Park this year. Lateness of Easter in the season and announced plans of many to attend are reasons assigned for the expected heavy attendance.

The service will be conducted by the Dawn Community Baptist Church which had charge of the service last year. The Reverend Paul McClung will deliver the Easter message and will be assisted by the Horace Mann Junior High School Choir of Amarillo.

Services will begin promptly at 6:29 a. m. which is the time for sunrise. The program will last

exactly thirty minutes. The sermon will be delivered from the top of a hill near the Number One Crossing and will be carried by loudspeaker to the area where parking is available for about 600 cars. The robed Horace Mann Choir will be stationed on the bluff just below the pinnacle of the hill where Reverend McClung and his Board of Directors will stand, flanked by three rugged cedar crosses.

## CHI RHO FELLOWSHIP ORGANIZED FRIDAY

The Chi Rho Fellowship group met Friday, March 27, in the Fellowship Hall of the First Christian Church for class organization and the election of officers.

## NEW USES FOR BY-PRODUCTS

After a lifetime of faithful productivity in the dairy barn, Old Bossy now might wind up as a vital component of the new plastic curtains in your kitchen. And the porker in your pigpen might conceivably be a part of your next tablecloth.

It's all because of a new development in which specially treated inedible animal fats and vegetable oils can be used as plasticizing agents in the manufacture of new plastic products. Hence, the garden vegetables of today may be the garden hose of tomorrow. Or today's farm animal can be tomorrow's implements.

Sounds fantastic? It's really very simple, according to Dr. G. E. Hilbert, industrial chemist of Philadelphia. The acid portion of the inedible fats is treated with hydrogen peroxide in such a way that a specially oxidized oil results. This oil is used as a soft-

ening agent in plastic manufacturing.

Some of the final products of this research are plastic floor tile, drapes, tablecloths, table place mats, upholstery material and refrigerator gaskets.

In some cases, this new product is superior to previous agents. It is especially valuable for chlorine-containing plastics, shielding them from discoloration and weakening caused by hydrochloric acid. This acid forms when plastic is exposed to heat or sunlight. And, unlike other modifiers, the new plasticizer does not make the final product opaque or hazy.

This new utility of inedible animal fats represents a forward step in the battle to find uses for the acute fat surpluses. Animal fats are by-products of the meat packing industry and the surplus has increased rapidly. Hilbert says this burdensome overflow amounted to approximately 700 million pounds in 1953.

The discovery also will be useful in case of full-scale war production. Plastics can serve as metal and rubber replacements for many essential military needs. Since the supply of plasticizers is usually low in wartime, modified fats and oils prepared by the new process may

relieve this shortage.

One thing is certain, in a way, it gives Old Bossy a new lease on life. Reincarnation, so to speak.

## Pan Tech Farms Field Day Will Be Held Apr. 9

The third annual Texas Tech Pan Tech Farms Field Day will be April 9, 1953. Activities will begin at 9:00 a. m. at the bull barn where thirty-nine pens (141) bulls owned by thirty-two cooperating breeders, have been fed uniformly for one hundred forty days to check the difference in gaining ability. Pan Tech Farms is located on the South part of the Pantex Ordnance Plant, 17 miles Northwest of Amarillo on Highway 60.

Hundreds of farmers and ranchers have been watching the Beef Improvement Through Progeny Testing at Pan Tech Farms the past three years. For the first time, Mr. M. L. Maddox, Jr., Pan Tech Farms Animal Husbandman, will show bloodline trends because many of the herd sires have been tested two or three years. Dean W. L. Stangel, Director of Pan Tech Farms, will be on hand to discuss livestock problems in this region. John Jones of the Texas A. and M. System, will discuss characteristics desired in beef cattle in order to get high gaining results. Over three hundred-fifty registered bulls of the Hereford and Angus breed have been tested. One test shows that steers from one of the high gaining bulls, averaged (100) lbs. heavier at twelve months of age than steers from a tested low gaining bull.

Pan Tech Farms Manager, J. P. Smith, has assured all who attend, an opportunity to eat Bar-B-Q prepared by Frank Carter and Bill Graham. All who have had this privilege before, can verify that it is the best in the world.

After the morning program and lunch, the Pan Tech Tested Bull Sale will be held. Many cattlemen, particularly range bull buyers, have requested that such an auction be held. The bulls will be in good condition to go out and go to work. They have been fed a good growing ration that contained 65% bulky feeds. As far as is known, this will be the first time production tested beef cattle bulls have ever been sold at auction. The third factor, ability to gain, will be known and shown. In the past only con-

formation and pedigree were factors for consideration.

One hundred bulls have been listed for sale; (85) Hereford and (15) Angus. Colby Conkright, Hereford, is President of the Pan Tech Tested Bull Sale Organization, and Percy Powers, Perryton, is Secretary.

## Dairy Cattle Are Increasing

College Station, April 1—Cows and heifers 2 year olds and over kept for milk in Texas as of January 1, 1953, rose to 1,085,000 from 1,053,000 a year earlier, according to the Bureau of Agricultural Economics, U. S. Department of Agriculture. This compares with a 10 year (1942-51) average of 1,357,000 head. Yearling heifers being kept for milk cows on January 1 of this year in Texas numbered 266,000 compared with 248,000 held a year ago, and heifer calves numbered 301,000 the same as for last year. These increases are in line with a national upsurge at the beginning of this year in numbers of heifers and cows being kept for dairy purposes, reversing a downward trend each year since 1946. Across the Nation cows and heifers 2 years old and over being kept for milk on January 1, 1953, were estimated by BAE at 23,996,000 head, 3 percent more than on January 1, 1952. Yearling heifers being kept for milk cows totaled 5,970,000 head, an increase of 4 percent over a year ago, and heifer calves kept for milk are estimated at 6,913,000 head, or 6 percent greater than the number saved for replacement purposes last year.

At the beginning of 1952, the total number of cows kept for milk on farms in the United States was 23,369,000, the lowest in over 20 years and more than 4 million less than the record of 27,770,000 reached in 1945.

Milk production per cow in Texas fell to 3,290 pounds in

1952, as compared with 3,300 pounds per cow in 1951. Average milk production per cow for the United States as a whole was estimated at 5,328 pounds in 1952, the highest record thus far achieved on a Nation-wide basis.

## THEY'RE IN ARIZONA

Mr. and Mrs. H. S. Sanders, Sr., and their little grandson, Mike, left Stockton, Calif., early this week for another stay in Arizona. They have been visiting relatives in Stockton for some time, now will tour Arizona and probably the Big Bend in Texas before returning to Muleshoe about the last of April. But they won't be here long before taking off again on another part of their extended vacation.
