Goat Roping Excitement Begins Thursday

The World Championship Goat Roping kicks off at the Ozona fairgrounds arena Thursday at 3 p.m., starting an event that will continue through Saturday night and the naming of the 1995 champion.

There is no admission charge for the Thursday afternoon preliminary roping or the prelims at 7 a.m. Friday and Saturday.

Admission to the Friday and Saturday night performances, which begin at 7:30 p.m., is \$2 for adults and \$1 for children under 12.

Highlight of the Friday performance is the match roping between 1994 World Champion Johnny Bownds and 1993 World Champion Jesse Banner.

Saturday night highlights will be a performance by Christian country artist Ken Holloway, whose voice has often been compared to that of Randy Travis, crowning of the World Champion Goat Roper for 1995, the presentation of the Karl Kenny Kothman Memorial Trophy and the drawing for the winner of the 1995 Chevrolet 3/4 ton extended cab pickup.

The Goat Ropers' Ball will be Saturday night from 9 p.m. to 1 a.m. in the Fair Park Convention Center.

Music will be provided by Bullet and High Caliber.

A new attraction has been added this year. The first Crockett County Cookoff will be on Saturday, June 24. There will be two divisions, an open meat and a chili division. There is a \$25 entry fee for each division.

First place in each division will receive \$500, second place in each division will receive \$300, and third place will receive trophies in each division. A showmanship award of \$100 and a trophy will be given to the best camp. CASI rules apply.

The cookoff has been dedicated to the memory of the late Gary Smith, organizer of the event.

For more cookoff information contact Maida Sims at 915 392-5511 or the Ozona Chamber of Commerce at 915 392-3737.

The weekend's events will end with a Cowboy Church Service on Sunday morning at 10 a.m. in the grandstands at the arena. The Rev. Monty Price of Iraan will conduct the services with special music by Ken Holloway.

The singer received the 1992 Album of the Year and Song of the

Year awards from the International Country Gospel Music Association, was the 1993 Song of the Year winner in the Christian Country Research Bulletin reader's poll, Male Vocalist of the Year and recipient of the Horizon Award from ICGMA, nominated Male Vocalist of the Year by the Christian Country Music Association and nominated Christian Country Artist of the Year, Single of the Year and Song of the Year by Gospel Voice Diamond Awards.

In 1994, he received the CCRB reader's poll Male Artist of the Year and Album of the Year awards, his single "He Loved Us To Death" went to number one on Cashbox and CCRB positive country charts, his debut single "Runs In The Blood" was number one for seven weeks on Cashbox and CCRB and eight weeks on Gospel Voice/Music City News positive country charts. He also received Male Vocalist of the Year from ICGMA.

The Crockett County Roping Association Inc. and the Ozona Chamber of Commerce invite everyone to come out and enjoy the weekend's activities.

Hargrove Outlines Sports Philosophy To Trustees

In their regular monthly meeting that was held Tuesday, June 13, members of the Ozona School Board approved new off-season sports procedures for students in the district's high school athletic programs. The new procedures, which were developed cooperatively by the coaching staff and then recommended and presented by Walter Hargrove, athletic director, will focus on developing strength, coordination and conditioning for all students involved in high school athletics.

In presenting the new off-season procedures, Hargrove first spoke about his off-season sports philosophy. "Ideally, my philosophy of out of season athletics is to develop strength through sport-oriented weight training, to develop body control through coordination drills, and to develop conditioning through weight training, running and coordination drills.

"Also, ideally, I would like every boy and girl in our high school athletic program to go through a program of strength, coordination, and conditioning training when their sport is not in season. This has not been done in Ozona. We have had athletes go to sports the first day of school and go the entire year and never have any strength or conditioning training. As an example, a football player who also plays

golf goes to golf once the football season is over, but there is no strength, coordination, or conditioning training from approximately the middle of November through the middle or end of February. Whether it is for this athlete or for those athletes who only participate in one sport, we aren't offering them the chance to be as good as athlete as he or she can be," Hargrove said.

He went on to explain that if the school board approved his proposal, there will be a program set up for each sport. "Tennis players will have a strength/coordination/training program. Golfers will have a program. Track will have a program, and so on for each sport. I know that all sports don't need the same weight workout that football players use, and we can organize this. I will encourage the coach of each sport to stay on a two-day schedule even during the season to maintain fitness.

"The old philosophy was that only football players needed weight training, but that's not the proven philosophy anymore. Professional track athletes, basketball players, tennis players, golfers and baseball players are all now on strength and conditioning programs because it gives them a better opportunity to succeed. Greg Norman carries his personal trainer and

his weights on his airplane wherever he travels. The LPGA (Ladies Professional Golf Association) and the PGA (Professional Golfers Association) provides a fitness center for their professionals," Hargrove explained.

Prior to school board approval, Hargrove also said, "What people need to realize is that there are different strength and conditioning programs for different sports, but there is a place and a need for strength and conditioning training in all sports. We, as coaches, want the same thing and that is: for all our kids to be as good as they can be in all sports, and fitness training can help them do that."

The proposal approved by the trustees requires all high school athletes participating in a sport that is currently not in season at that time to be in the off-season strength, coordination and conditioning training for at least two days a week. The other three days can be spent on their sport skills as deemed necessary by the coach of the sport, or if the coach feels it is needed, all five days of off-season training may be used.

The school board also met with Duane Scott (Page-Southerland-Page Architects), Larry Harvey (Green-Harvey Associates), Mike George

Judgment Hearing Next Step Following Trial

A trial estimated to take approximately a week in a civil case stretched into the third week before going to the jury June 6.

Focusing on the issue of private or public road, principals in the case were Paul C. Perner, Ginger W. Perner and Hallie Black, plaintiffs and counterdefendants, versus Charles Alvin Murray III, Robert K. Murray, Cy Banner and Sandy Banner, defendants and counterplaintiffs.

The jury responded to more than 40 questions in the charge given by District Judge Brock Jones, and he will conduct a judgment hearing at 10 a.m. June 30.

The jury recommended no attorney fees be awarded, no sum to be paid for emotional distress, and few damages.

In 1988, the Murrays purchased approximately 1245.43 acres from William Carl Pfluger and Lou Neil Stribling, together with ingress and egress road easement.

The plaintiffs/counterdefendants filed a petition for declaratory judgment in 1993 saying that the defendants/counterplaintiffs have no right to use a bridge crossing the Pecos River which abuts their property because the Murrays' predecessors in title had no such right to convey.

Title to the property included the right "to the bridge" and "a right to co-extensively utilize any rights, if any, grantors may have to use the bridge crossing."

In answer to the petition, the Murrays filed a response which denied that the plaintiffs/counterdefendants owned the bridge in question and the riverbed underneath. They further stated that the plaintiffs/counterdefendants had no right to deny that the road is a county road from the entrance from the Murrays' land to the Pecos River.

A determination by the jury found that the road from the bumpgate at the entrance to the property owned by the Perners and Hallie Black to the beginning of the Tract 2 easement in the deed to the Murrays was a private road when they purchased the property Aug. 25, 1988. They also found that this is a private road today, that there is no easement by implied grant.

A mutual mistake of fact existed between the seller and buyer in the

deed to the Murrays regarding location of a county road in the Tract 2 language of the deed to the Murrays, the jury decided.

In response to question four of the judge's charge, the jury found that the Perners and Mrs. Black are estopped to deny the existence of a county road from the bumpgate at the entrance to their property to the beginning of the Tract 2 easement with regard to the rights of the Murrays.

Estoppel is an equitable doctrine that precludes or stops the denial of a certain fact or state of facts as a consequence of previous allegations or statements made by an individual or individuals or their predecessors in interest. It operates to put a party or parties entitled to certain benefits in the same position as if the statement were true.

In making this determination, the jury was instructed that estoppel should result if: 1. The defendants or a predecessor to their interest made a representation that the road in question was a county road; 2. such representation was believed by the Murrays; 3 the Murrays relied upon such representation or statement to their detriment.

Charles Alvin Murray III was found by the jury to have abused easement rights and caused damages to the plaintiffs/counterdefendants by destroying their gates and leaving them open, allowing livestock to escape. It was recommended by the jury that \$200 should be paid for destruction of gates, loss of livestock, labor and expense.

Building Of Many Uses Serves Crockett County

Neal Ulmer, Stockman Reporter

The Fair Park Convention Center building has truly been a dream realized for the people of Crockett County. Completed and in use a little over six months, the building has served for a variety of uses in that short period.

The need for a building larger than the Crockett County Civic and Youth Center had been realized by several Crockett County residents for quite some time, and with the growth of the ever popular DeerFest to some 2,000 in attendance annually, a critical need was identified.

The DeerFest Association was one of the groups instrumental in getting the convention center for Ozona, said building committee chairman Pon Seahorn. A building committee was organized from several organizations and businesses, drew up the preliminary plans and arranged for construction by Abbott Building Company of Midland.

Crockett County commissioners started the actual work by giving the go-ahead for county road workers to use their expertise and county equipment to build the pad for the convention center building.

Both the DeerFest Association and

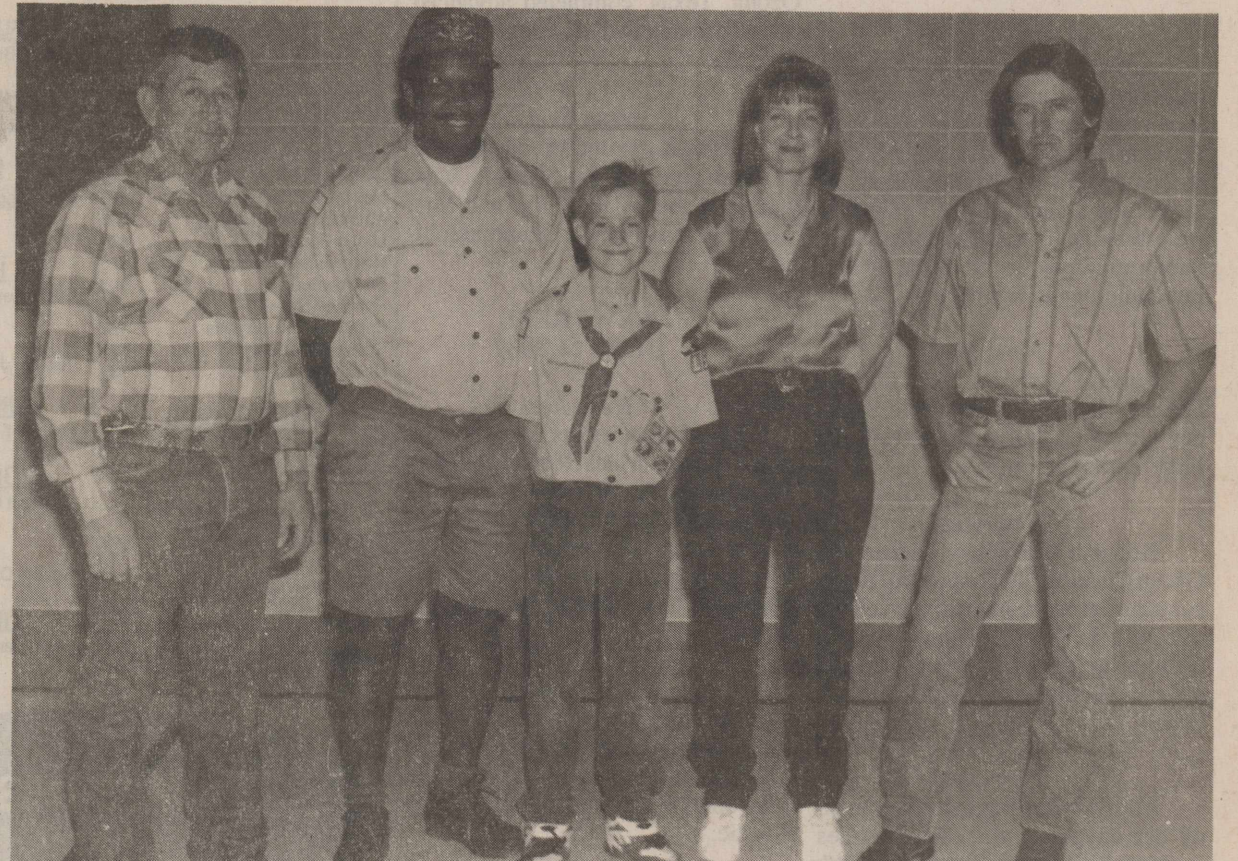

the Ozona Chamber of Commerce have a vested interest in the building, as they have signed bank notes and pledged substantial amounts. The Ozona Chamber of Commerce pledged 20 percent of its motel/hotel occupation tax revenue on a year-to-year basis to the cost of the building. A recent \$20,000 grant from Union Pacific Resources Foundation helped to cover a large portion of the expense, and numerous local residents and organizations also pledged varying amounts towards the total cost.

Camille Jones, chamber of commerce president, said, "The Fair Park Convention Center helps the chamber pursue its goal of bringing new dollars into our community."

As of this time, the building has been used at least 26 times for major events, with all types of activities included from small meetings and the annual Lions' Club dinner theatre to dances and a wedding.

The \$316,000, 100 foot x 150 foot building was completed in November 1994. Fittingly, the first event to be held in the building was the DeerFest on Friday, Dec. 2, which attracted approximately 2,200 persons. DeerFest

Subway Plans To Open In Ozona

Subway Sandwiches and Salads, the nation's number one franchise of any kind for six years as rated by *Entrepreneur Magazine*, is planning to open a store in Ozona within the year.

The 10,611 store chain hopes to

attract someone from the community to become a franchise owner. According to Bill Butler, the Subway development agent for the region, "Smaller towns are an extremely attractive market for our product, especially when the store is owned and operated

by someone from the local area."

Subway's simple operation requires no previous food experience, the company states. "America is becoming much more health conscious and our fresh, high quality product is in a prime position to take advantage of the trend," Butler says. "The investment is very low compared to other chains of our size, making the opportunity affordable for many people."

If you are interested in opening a Subway store in Ozona, you can contact Bill Butler at 806-765-8272.

Gregorio Ramirez Service June 19

Gregorio Ramirez, 51, died Friday, June 16, 1995, at his residence.

Service was at 10 a.m. Monday at Our Lady of Perpetual Help Catholic Church with burial in Lima Cemetery under direction of Preddy Funeral Home.

Mr. Ramirez was born Dec. 31, 1943, in Ozona and was a lifetime resident. He was a Catholic.

Survivors include his mother, Ysabel Ramirez of Ozona; two daughters, Matila Ortiz and Sylvia Lara, both of Ozona; a son, Greg Fierro of Sonora; four sisters, Irene Gonzales, Cecilia Longoria, Belia Reyes and Lucrecia Barela, all of Ozona; four brothers, Rosendo Ramirez of San Angelo and Julian Ramirez Jr., Armando Ramirez and Joe Rodriguez, all of Ozona; and five grandchildren.

Social Security Rep. To Visit June 21

A representative of the San Angelo Social Security office will be in Ozona June 21 from 1 to 2:30 p.m. Anyone wishing to conduct Social Security business may contact him at the conference room on the second floor of the courthouse annex during that time.

Social Security matters can be

handled by telephone. If you want to sign up for Social Security or Supplemental Security Income benefits, call 949-3718. The office is open Monday through Friday except holidays from 9 a.m. to 4 p.m.

If you just need information or are already receiving benefits, call 1-800-772-1213 from 7 a.m. to 7 p.m. every weekday except holidays.

Camp Jo Jan Van Registration Continues

Camp Jo Jan Van is still accepting applications for the 1995 summer session.

Three special sessions for Cadette and Senior Scouts entering grades 7-12 are available beginning July 9-15. River Rats, a 3-4 day canoe adventure down the Nueces River, includes meal planning, off-river activities, and badges earned. Cliff Dwellers is a high adventure learning to rappel session including building a rope bridge. Pony Express is an exciting horseback packing 3-4 day adventure that includes caring for horses, meal planning and off-horse activities.

Located near Barksdale in the beautiful Texas Hill Country, Jo Jan Van is open to all girls ages 7-17. Programs include horseback riding,

swimming, canoeing, rappelling and much more.

The camp is in session from June 18 to July 15 with both one and two-week sessions available. Camp Jo Jan Van is accredited by the American Camping Association.

For more information, or to request a packet, please call 915 655-8961 or 1-800-688-2845.

There is a kinship, a kind of free-masonry, between all persons of intelligence, however antagonistic their moral outlook.

Dockery-Mefford Marry In Austin

Stacy Dockery and Gary Mefford were married at 11:30 in the morning on June 14, 1995. Justice of the Peace Jan Breland, former clerk to Judge Brock Jones Jr., officiated the ceremony, while Gary's sons, Shaun Mefford and Clay Mefford, served as witnesses and attendants. Following the ceremony, photographs were taken at Zilker Gardens. After an "Afternoon Honeymoon", the couple will continue to reside in Austin.

Stacy is the daughter of Daphne June (Dilly) Dockery of Ozona and the late J. T. (Dock) Dockery. Gary is the son of Mrs. Verna Mefford of Nacogdoches and the late George Mefford.

Members of the bride's family not invited to the wedding included Dilly Dockery (who at the time of the wedding was wearing lovely fuschia pajamas with a V-neck edged in matching lace and white Mayde's slippers with a pom-pom at the toe), Rick and Shannon Hunnicutt, Cody and Lacey, Uncle Bud Meinecke, Mr. and Mrs. Uncle Sonny Meinecke, Jerry, Susan and Jeff and their families, and Uncle Bill Melton, Larry, Clay, Coralie and their families.

The bridegroom's family members were also uninvited, or at least that's what we were told.

Others not invited to the ceremony were too numerous to name, but you know who you are.

Marshall-Melton Vows Spoken

Kathy Marshall and Clay Melton continued their commitment and were married on June 12, 1995, at 7:30 in the evening at the Emerald House in Ozona. Scotty Crawford, brother of the bride, officiated. Kathy is the daughter of Mr. and Mrs. Dick Crawford of San Saba, and Clay is the son of Bill Melton of Clovis, NM, and the late Sue Meinecke Melton.

The side porch of the Emerald House served as the altar, which was decorated with pots of red begonias

and hanging baskets of red impatiens. The bride was given in marriage by her son, and carried a bouquet of wildflowers picked by the two youngest daughters. Christina Marshall, Jesse Marshall, Reid Melton, Kerry Marshall and Rianne Melton, children of the bride and bridegroom, served as attendants.

Afterward, family and friends enjoyed food and drink before sending the couple home in a shower of birdseed.

Kemp-Silfies Engagement Announced

Dana Thompson of Las Vegas, NV, is pleased to announce the engagement and approaching marriage of her daughter, Heather Nicole Kemp, granddaughter of Ed Collett of Ozona, to Ryan Owen Silfies, son of Randall and Karen Silfies of San Francisco, CA.

Heather attended grade school in

Ozona and is a graduate of Cheyenne High School in Las Vegas, NV. She is employed by New England Life Insurance Company in San Francisco. Ryan is a graduate of Cheyenne High School in Las Vegas, NV, and Sequoia Institute. He is employed by Richard Heath & Associates.

A July 22, 1995, wedding is planned in Las Vegas, NV.

We do not know a nation until we know its pleasures of life, just as we do not know a man until we know how he spends his leisure.

—Lin Yutang

Heat And Humidity, Potential Heat Stroke Causes

As the summer season approaches, the annual hazard of heat-related illnesses becomes a health concern throughout the U.S.

Health officials warn that elevated temperatures, particularly when combined with high humidity, cause about 200 deaths from heatstroke and thousands of cases of heat cramps or heat exhaustion in the U.S. each year.

Dr. Richard A. Beauchamp, medical consultant for the Bureau of Epidemiology at the Texas Department of Health, said, "High temperatures are physically tolerated by most people for short periods of time." However, some format-related illness may occur when high temperatures accompany exertion or high humidity.

"In humid heat," he said, "the body's principal cooling mechanism (evaporation of perspiration from the skin) may be overworked, resulting in fluid losses of up to one liter per hour. If fluids and salts lost through perspiration are not soon replaced, dehydration and electrolyte imbalances can occur."

Dr. Beauchamp explained that dehydration slows perspiration, allowing an increase in body core temperature to occur. The condition is called hyperthermia, or heat stress. Depending on the degree and duration of heat stress, heat exhaustion or even heatstroke may occur.

"Although prolonged heat stress can be fatal to anyone, persons older than 60 appear to have the highest risk for death from classic heatstroke. To a lesser extent, young children, persons with a history of alcoholism and persons using certain medications also are at increased risk of heatstroke," he said.

Persons at risk of heatstroke from exertion also include athletes, military personnel, obese persons and manual laborers. "Indeed, any unacclimated person involved in unusual exertion in a combination of high temperature and humidity risks exertional heatstroke." He added that males between ages 10 and 45 are three to eight times as likely to suffer exertional heatstroke as females in the same age range.

"To help avoid illness from heat stress during sultry summer weather," Dr. Beauchamp said, "people should limit strenuous physical activities, wear light-colored, loose fitting clothing and drink two to five times their normal daily intake of water." Also, they should spend two or three hours per day in an air conditioned building, or seek shade when outdoors. People with heart disease or respiratory problems, or those taking medications, should be alert to any signs of illness such as headache, nausea, dizziness, fatigue, rapid pulse, shortness of breath, disorientation, cold and clammy skin or hot and dry skin.

Adults should be conscious that children can quickly become dehydrated in hot, humid weather. They also need increased fluids and light clothing, and their parents should check frequently on their comfort. Also, children or pets should never be

People who are eligible to participate in the program must not be discriminated against because of race, color, national origin, sex, age, disability, religion or political belief.

left unattended in parked cars or hot unventilated buildings.

Beauchamp said that keeping track of the local weather forecast can help the public learn if precautions may be needed on a particular day. Forecasters often refer to the "heat index" or "apparent temperature", a calculation of how hot the air may feel to humans. A heat index reading of 105 degrees or more, for example, is considered "very hot" and potentially dangerous, yet it can occur while thermometer readings are still in the mid-80s if the relative humidity level is 95 percent or higher.

June Brides, Remember To Change Your Name

Here's another item for June brides to add to their lists of things to do: be sure to change you name with Social Security if you change it at work.

Social Security reports that one of the most common mistakes in wage reporting occurs when brides forget to change their names. According to Franklin H. Upp, manager of the San Angelo Social Security Office, the result is that their earnings may be reported under their new name. Social Security computers may then be unable to process the earnings because the name and number are not consistent with Social Security records.

"Some people put it off because they think a lot of paperwork is involved. Actually, you can do most of it with a toll-free phone call," Upp said. "We send you the application in the mail, and you complete it and send it back with proof of your old name and your new name. Or you can stop by any Social Security office. It takes only a few minutes."

Miss Brown, Mr. Dabovich To Marry

Joe and Debra Brown of Langtry announce the engagement and coming marriage of their daughter, Jodye, to Miles Dabovich of Jayton. He is the son of Danny and Waneta Dabovich of Eagle Nest, NM.

The bride-elect is a senior accounting major at Angelo State University and a graduate of Comstock High School.

A graduate of Cimarron High School, NM, the prospective bridegroom earned a degree at New Mexico State in Las Cruces, NM, in agriculture education. He holds a masters degree from Texas Tech University, and is currently employed by the Texas Agricultural Extension Service in Jayton.

The couple will marry Nov. 25, 1995, in Ozona Church of Christ.

Happy anniversary to Rojelio and Vicky Longoria who will celebrate on June 27.

What is man in nature? Nothing in relation to the infinite, everything in relation to nothing, a mean between nothing and everything.

—Blaise Pascal

Swim Lessons Begin

Managers at the North and South Pools are sponsoring three sessions of swimming lessons beginning June 26.

The first session on June 26-30 will include four classes 45 minutes in length. There will be 24 openings for this week, and classes start at 9, 10, 11 and noon.

July 10-14 and July 17-21, there will be three classes daily for 45 minute session starting at 9, 10 and 11. There will be only 18 openings each of these weeks.

Cost is \$25 per child per week. Payment is due on the first day of lessons.

For more information or to register, call Sandra Borrego between 2 and 6 p.m. at the South Pool, 392-5660.

As a general rule the most successful man in life is the man who has the best information.
Benjamin Disraeli

Local Sales Increase For Fourth Quarter

The fourth quarter 1994 state sales and use tax analysis report released by Comptroller John Sharp shows Crockett County to have a sales increase in both the all industry and retail sales divisions.

The county had seven fewer reporting outlets in 1994 but managed a 1.9% increase in sales for all industries over the last quarter of 1993. In 1994 there were 168 reporting outlets with gross sales of \$12,511,222 in the county. Figures for 1993 were 175 reporting outlets and sales of \$12,280,519.

The amount subject to state sales and use tax in the fourth quarter of 1994 was \$5,423,485.

Retail sales for the fourth quarter of 1994 reported by 104 outlets amounted to \$6,480,030, up 1.5% from \$6,387,109 reported by 107 outlets in

1993. The amount subject to sales and use tax for the quarter in 1994 was \$3,801,152.

Retail figures for surrounding counties for the period are:

Crane: 1994 67 outlets, \$5,383,788 gross sales down 13.7% from 80 outlets and \$6,238,079 in 1993

Reagan: 1994 63 outlets, \$6,606,925, up 10.1% from 67 outlets and \$6,003,181 in 1993

Sutton: 1994 98 outlets, \$6,363,078 up 13.1% from 109 outlets and \$5,626,518 in 1993

Upton: 1994 87 outlets, \$3,698,660 up 8.3% from 96 outlets and \$3,413,753 in 1993

Val Verde: 1994 644 outlets, \$75,192,234 up 4.1% from 691 outlets and \$72,206,170 in 1993.

Middle Ear Infections Common To Children

It is the peak season for one of the most common childhood illnesses, and many parents don't even know it, says an ear, nose and throat expert.

"Middle ear infections, or otitis media, can occur at any time of the year, but fall and winter are especially bad," said Dr. Newton O. Duncan, an assistant professor of otorhinolaryngology and pediatrics at Baylor College of Medicine in Houston. "Often, parents don't recognize the early signs of middle ear infections, much less that their children may be more susceptible this time of year."

Middle ear infections strike more than 80 percent of children by age 3. Duncan said it cannot be avoided especially since children are often in daycare situations, but it can be treated. The "high-risk" ages are six months to three years.

Duncan suggests parents watch for early indicators of this painful and

potentially dangerous infection.

"At the first sign of fever, fussiness, tugging or rubbing of the ears, upper respiratory infection, nausea or vomiting, or any combination of these, parents should suspect middle ear infection," he said. "It certainly warrants an examination within 24 hours of the onset of symptoms."

Middle ear infections occur when bacteria invades the middle ear causing inflammation. This results in a painful buildup of infected fluid behind the ear drum due to obstruction of the eustachian tube that leads from the sinuses to the middle ear.

Untreated middle ear infections can result in serious complications such as a ruptured ear drum, meningitis, brain abscess, or even hearing loss. Early treatment may prevent such serious complications.

"Antibiotics are the main therapy," Duncan said. Persistent cases may require special antibiotics or surgical drainage.

To The Editor:

Well, ball season is over with. I just wish that one season could be played in all honesty.

I'm talking about Minor League - Machine Pitch.

The rules get changed in the middle of things to accommodate certain people.

There was supposedly a three way tie for first place. The teams being WillConstruct, Kwik-Mart, and UPRC.

A coin was flipped and Kwik-Mart won the Bi, which put WillConstruct and UPRC to play first and the winner of that game play Kwik-Mart for 1st place. The one that won the Bi automatically would be second place.

Letters To The Editor

Well, gosh, change the rules again after UPRC lost the toss on the Bi. If UPRC lost to WillConstruct (which they did) it would put them in 3rd place.

It had been decided before the season started who would get 1st & 2nd but they didn't bargain on Kwik-Mart to have such a good team. So they had to come up with another way.

So what do they do, flip a coin for second place. KwikMart Coach wasn't present when it was decided and was not told until after the fact.

It would have made more sense to play a tie breaker game for 2nd place.

Now if UPRC had won the Bi, it probably would have been just fine. Unless Kwik-Mart won first fine.

If a coin was to be flipped, it should have been flipped for 1st, 2nd, 3rd, and 4th place and flipped where all the coaches could see it. And let the kids just get out and run around and play for a few hours, and have their pictures taken.

wasn't a girl picked for the All Stars. The girls played just as hard as the guys.

I know all the kids played hard, but not near as competitive as some of the parents that didn't want to lose.

But that's okay Kwik-Mart. We all know you got cheated out of second place by a flip of a coin. The Old saying is "What goes around comes around."

The one Coach for Kwik-Mart couldn't argue against the rest of them. Parents, it doesn't get better in the next league either.

Major League also changes the rules to suit them.

I guess certain teams (parents and Coaches) that hate to lose will do anything to win no matter who or how many kids it hurts to get there.

It doesn't look good for the Sponsors that Sponsor the teams or the ones that help support the Baseball association.

Gnat

Back in high school we called him Gnat. He was the smallest guy on our football team and was fast but not very aggressive. I remember the day that Gnat changed. We were running plays against the defense when the quarterback turned up field and ran right over the top of Gnat. It must have hurt as well as humiliate him because when Gnat got up he was never the same again. Gnat became one of the most feared hitters in our district. He went on to be all district. One thing for sure; when Gnat was on the field you had better be watching because he would knock you into next week.

What looked like a humiliating moment for Gnat turned into a moment of change. Could it be that all of our defeats are really opportunities to change for the better?

The Bible states that God causes all things to work out for our good if we love Him. Romans 8:28.

Remember that those stones in your way can be stepping stones; it's up to you.

If you would like a free tape of one of Monty's messages please write us at Faith Fellowship, Box 103, Iraan, Texas 79744 or call us at 915-639-2734.

Service times are Sunday - 10:30 a.m. and Wednesday - 7:00 p.m.

Thank You Note

Thank you to our friends of Ozona, Texas. Your support and comfort to our family was greatly appreciated during my recent loss.

Mrs. Gary W. Smith

It is a good thing to give thanks unto the Lord, and to sing praises unto thy name. O most High:
To shew forth thy loving kindness in the morning, and thy faithfulness every night.

Sweaty Palms, Anxious Speech

By Dennis J. Prutow

Sweaty palms and anxious speech often accompany office presentations, classroom lectures and political remarks. The agonizing question here is quite simple, "What am I going to say?" Anxiety mounts when we find ourselves in hostile, litigious and intimidating circumstances. Jesus Christ had encouraging words for His followers when they met such situations, and they inevitably would. "Do not become anxious about how or what you will speak; for it shall be given you in that hour what you are to speak. For it is not you who speak, but it is the Spirit of your Father who speaks in you" (Matthew 10:19-20).

We might hope for supernatural input during an important corporate

presentation. Adequate preparation is still indispensable. That preparation may involve a lifetime of study and work. This was the case with the great apostle Paul. God used him so effectively because of his previous study and great learning, not in spite of it.

The same is true with you and me. If we expect power from on high to assist classroom lectures and company talks, we'd better prepare. The Holy Spirit of God can powerfully reshape and utilize the material available in our minds and on our hearts in the hour of need. Powerful presentations can result. This is why we encourage Scripture memorization. There is nothing to reshape and use in empty heads.

Vanderburg Receives Arrow Of Light Award

By Neal Ulmer
Stockman Reporter

Ozona Cub Scouts held their Blue and Gold Banquet June 15 where Shannon Vanderburg received the Arrow of Light award. Twenty-four other Scouts received their merit badges and other awards.

The Arrow of Light award means progress along the trail from Bobcat Cub Scout to Scout - the trail to good citizenship. This is why the Arrow of Light was chosen as the award for the highest rank in Cub Scouting.

After completing all the requirements for Cub Scouting's highest goal, a Webelos Scout will soon become 11 years old, have learned the Boy Scout requirements, visited the Scout troop of his choice and secured a Scout application. To receive the Arrow of Light a Scout first had to have com-

pleted the requirements for the Bobcat, Wolf and Bear.

A Bear Cub Scout chooses elective to complete. After completing 10 elective requirements, a Bear earns his first arrow point, a gold one. After receiving a gold arrow point, a Bear may complete 10 more requirements to earn a silver arrow point. Under the Bear Badge, a Scout may wear as many silver arrow points as he can earn.

Shannon Vanderburg, the Arrow of Light Award recipient, is the son of Dan and Diane Vanderburg. He was presented the award by Scoutmaster Elliott Barrera Sr. Also present for the award was district executive of the Permian Basin Council Tyrone Thomas from Fort Stockton.

The youngest group receiving awards at the banquet were the Tiger Cubs. Leader for this group was Tamie

Gray. Present for awards were: Jake McDougal, Matthew Payne, Tyler Williams and Thomas Gray. Others who had earned awards but were not present to receive them include: Charlie Sanders, Grant Hodges, Brian Anderson, Robert Avila and Steven Gillit.

The Wolf Scouts present for awards were: Luke McDougal, Colin Williams, Jeffrey Gillit and Brandon Payne, Scout leader for this group is Lori Williams.

The Webelos Scouts were presented their awards by Scout leader Diane Vanderburg. Those present included: Shannon Vanderburg, Collin Hibdon, Kris Gray, Arron Garza and Steven Wake. Others who had earned awards but were not present were: Koby Fenton, Robert Ogle, Jacob Tambunga, Johnny Tambunga, Kevin Santana, Chris Kennedy, Dominiguez Perez and Romeo Perez Jr.

Texas Monthly Oil And Gas Statistics

MAY PERMITS TO DRILL

The Texas Railroad Commission issued a total of 988 original drilling permits in May compared to 1,001 in May 1994. The May total included 690 permits to drill new oil and gas tests, 37 to re-enter existing well bores, and 261 for re-completions.

Total drilling permits issued in 1995 year-to-date is 4,639, an eight percent increase from the 4,277 issued during the same period of 1994.

Permits issued in May included 406 oil, 237 gas, 308 oil and gas, 29 injection, one service, and seven other permits.

OIL AND GAS COMPLETIONS

In May operators reported 325

gas, 365 oil and 21 injection and other completions, compared to 321 gas, 308 oil and 47 injection and other completions during the same period of last year.

The total of well completions recorded for 1995 year-to-date is 3,463, a six percent increase from the 3,269 recorded in 1994.

Operators reported 839 holes plugged and 172 dry holes in May, compared to 930 holes plugged and 156 dry holes reported during the same period last year.

MARCH CRUDE OIL PRODUCTION

Texas preliminary March crude oil production averaged 1,397,898

barrels daily, down from the 1,501,108 barrels daily average of March 1994.

The preliminary Texas oil production figure for March is 43,334,847 barrels, down from the 46,534,356 barrels reported in March 1994.

Crockett County's production for the period was 262,284 barrels.

MARCH NATURAL GAS PRODUCTION

Texas oil and gas wells produced 466,750,758 Mcf (thousand cubic feet) of gas in March, down 1.3 percent compared to March 1994's gas production total of 472,957,915 Mcf.

Texas gas production in March came from 168,101 oil and 48,205 gas wells.

Crockett County was seventh in the state in production with 11,096,434 Mcf.

Commissioners Meet In Called Session

Commissioners held a called meeting Monday at 6 p.m. to consider an eight item agenda.

Following their call to order, the court approved an amendment to the budget to create a line item for the Parks and Wildlife youth camp expense of \$1,500. This money will be used for paying half the expenses for 24 local youths to attend a 5-day Texas Parks & Wildlife seminar at the Game Warden's Association camp near Kileen.

Fire Chief Bob Falkner was present to report on a mutual aid agreement with the Upton County Fire Prevention District #1. The agreement is being reviewed by County Attorney Orlando DeHoyos. This agreement or a new one will be presented to commissioners at their next meeting.

Judge Jeffrey Sutton asked that the record reflect that no individual commissioner nor the judge can refuse to have fire equipment go out. This can be done only by the court as

a whole.

Commissioner Frank Tambunga moved to advertise for closure of the portion of AA Street located on the east side of Comfort Inn. The motion was seconded by Commissioner Rudy Martinez but was defeated when Judge Sutton and Commissioners Freddie Nicks and Fred Deaton voted against.

Bids, which had been opened at the June 12 meeting, for right-of-way fencing on County Road 208 on the Joe Bean section were refused and the

court will reauthorize advertising for bids.

Paving of roads in the Hillside Addition north of Ozona was discussed and school board run-off election results canvassed.

No action was taken on the agenda item to approve an engineering firm for the 1995 community development colonia grant program. Judge Sutton advised the court that the water district did not think commissioners needed to do this.

Tribute Wins Recognition For Kathy Rich

Kathy Rich, daughter of Terry and Jack Adams, received special mention in a poetry contest for a tribute she wrote following her father's recovery from heart transplant surgery. The award of merit recognition comes to her from Hollywood's Famous Poets Society for her poem *For Daddy*.

FOR DADDY

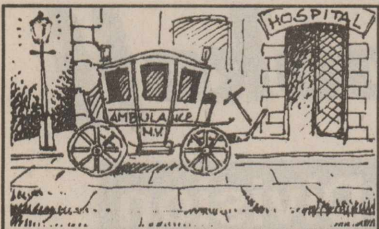

*You watched over as we all grew up,
Kept us safe along the way,
You gave us all encouragement
As not to go astray.*

*The knowledge that you shared with us
Brought wisdom to face each day,
And when you were down, in need of care,
We knew that we must pray.*

*We've heard that God works miracles,
A second chance at life
Is what the Lord has given you;
A husband and his wife.*

*A husband, father, grandpa too,
All titles that you bear,
And with God's love and a new heart,
We have more time to share.*

*We know how precious life is,
And to treasure every hour.
God gave you back to be with us,
We'll never doubt His power.
Love, Kathy

Recycling Success Stories Create New Jobs Across Texas

By Texas Land Commissioner Garry Mauro

In February 1993, the McClatchy News Service sent out a story questioning whether this nation's "obsession" with recycling was creating more problems than it was solving.

The story said: "The problem, simply put, is that the supply of recycled goods in America is far outpacing the demand. This is mainly because recycling programs in the United States have created a glut of recycled materials, as can be seen in their bargain basement prices."

Individuals, schools, churches, civic organizations and municipalities were meeting the challenge of collecting paper, cans, bottles, etc., without giving much thought to the next step in making the economics of recycling work -- buying products made of recycled materials. People simply had not been adequately educated on the need to "close the loop" on recycling.

Well, things have changed. A growing world economy and a demand for recycled products not known since World War II have emptied the warehouses and swept the docks clean.

Part of the demand is from foreign entrepreneurs who have learned they can make various export items cheaper from what we used to call "trash" than they could with virgin materials. Part of it stems from governmental action such as we have here in Texas where state agencies are required to spend a portion of their procurement budgets on recycled products, giving preference to those that cost no more than other products. And much of it comes from successful educational efforts including the General Land Office's program to encourage businesses not only to save their wastepaper for recycling, but - impor-

antly -- to purchase products made of recycled material.

"Buy Recycled" has been the theme of our market fairs and symposiums that have pushed recycled goods, as well as the thousands of recycling information videos the land office has distributed free to schools across the state.

There are many recycling success stories in Texas that have created new jobs and reduced the waste stream. Allow me to cite two.

Champion International in 1993 opened a \$100 million state-of-the-art de-inking plant near Houston to turn old newspapers and magazines into reusable newsprint. It has a deal with the City of Houston to supply most of its paper needs through a curbside pickup program. While this has resulted in a flow of thousands of tons of newspapers and magazines to the plant for recycling, the supply, from about 100,000 of Houston's 350,000 homes, fell far short of what the plant could accommodate.

Houston was wary of the cost of expanding the pickup program so Champion set up its own collection program, including placement of 1,200 collection bins in Houston and 1,000 in Dallas, many of them at schools that also serve nearby neighborhoods. The schools make money - Champion pays them for what they collect. And the plant is now running at near capacity, recycling 200,000 tons of paper annually, the equivalent of saving 600,000 cubic yards of land-fill space.

Champion spokesman Seth Kursman says his company is extending its collection program to other cities. "Raw material prices have gone up incredibly," he said. "Two or three years ago, cities were struggling to find people to take the paper away. Now they are making money on it, a great deal of money."

Street prices for old newspapers are currently in the \$60-\$80 per ton range, up from \$30 per ton two years ago. Dealers are reselling to processors for \$90-\$125 per ton. Newspapers are pledging to use at least 40 percent recycled content in their publications, and the estimated newspaper recycling rate in Texas has risen to almost 50 per cent. The trend is for the prices of several grades of recycled paper and cardboard to remain at high levels because of demand and the opening or expansion of processing mills and de-inking plants across the South and Southwest.

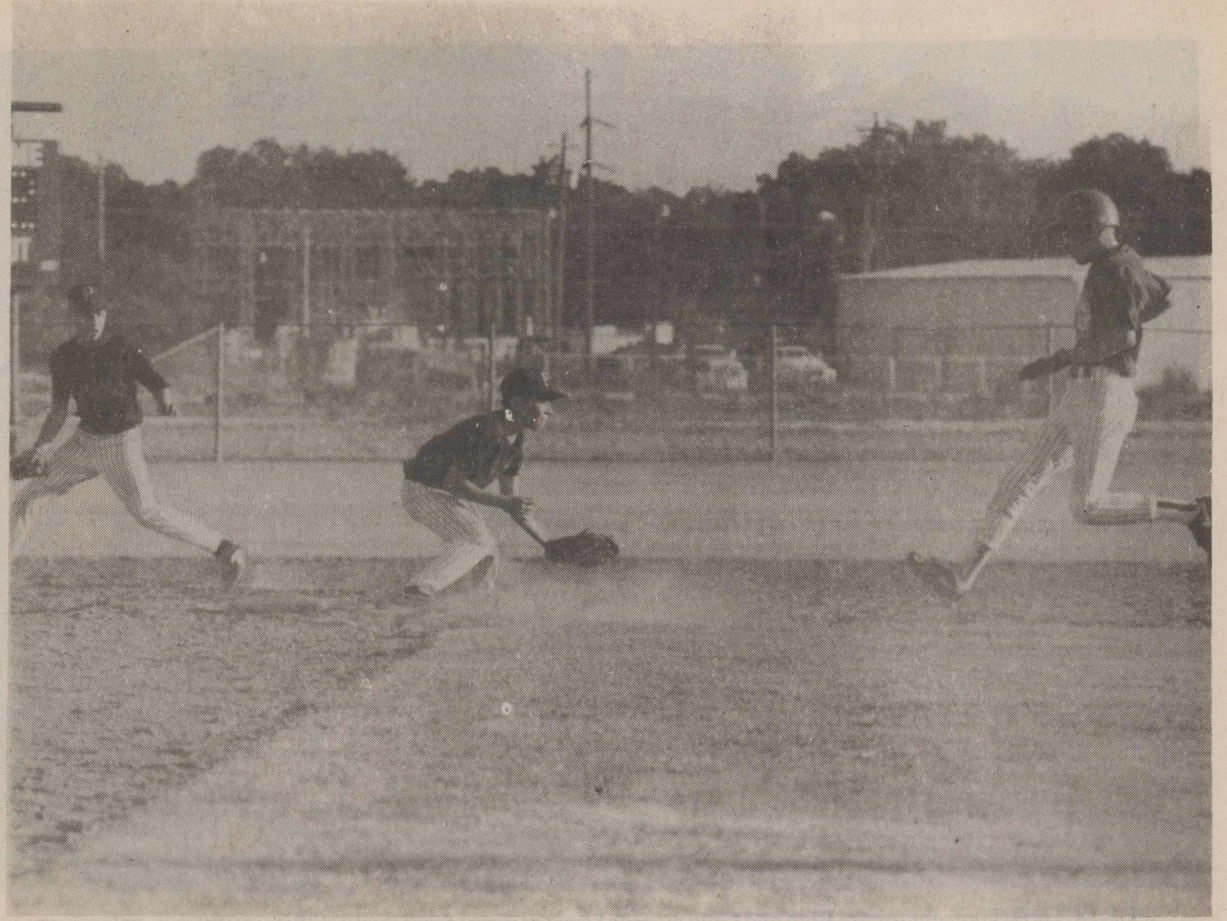

Texas is the largest manufacturer of virgin plastics in the world. Dozens of plants along the Texas Gulf Coast turn petroleum into a variety of plastic products, including polyethylene grocery bags. Numerous grocery chains have barrels near their front doors for collection of used bags, and thousands of housewives and houseguys are dutifully bring them back for recycling.

But few know what these filmy bags are recycled into. Would you believe sturdy, moisture resistant, rotproof building materials?

The A.E.R.T. (Advanced Environmental Recycling Technologies) plant in Junction is receiving about 30-35 truckloads of this material per month, much of it from H.E.B. stores, after it has been baled, compressed and cleaned at its plastic recycling plant in Arkansas.

Why is the manufacturing done in Junction, known more for its deer hunting than anything else? Because the plastic is combined with cedar sawdust to form an extraordinarily durable material that can be extruded into several useful products, including window and door frames and decking material.

OZONA ALL-STAR SHORTSTOP EFRAN RAMIREZ awaits a throw to second base as a Big Lake player approaches. Ozona's infielder Kenny Vargas backs up Ramirez. Ozona lost the game to Big Lake June 16 with a 5-3 score at the fourth annual Senior League Baseball Tournament. photo by Neal Ulmer

Ozona Ladies Attend Texas Tech Camp

Neal Ulmer
Stockman Sportswriter

Nine varsity Lady Lions and six future Lady Lions attended the Texas Tech Basketball Camp in Lubbock last week. Several awards were brought home by the young ladies.

Five hundred young ladies from across the state of Texas attended a four-day varsity basketball camp. This camp mainly consisted of the athletes playing basketball games. Three contests were held including a three-on-three, one-on-one and a hot shot contest.

Sophomore Lady Lion Amber Tarr brought home two awards. She won the one-on-one championship and was runner-up in the hot shot contest. Shelly Sullivan was runner-up in the one-on-one contest. The team of Amber Tarr, Bobbie Bryson and Amber McWilliams was the runner-

up in the three-on-three contest.

Attending the camp in the 16-18 group were: Tara Wilkins, Shelly Sullivan, Megan Tambunga, Amber Tarr, Bobbie Bryson, Amber McWilliams, Autumn McWilliams, Stormi Sessom and Lauren Wilkins.

There were 340 girls attending the four-day "overnight camp" of the Texas Tech Fundamental Camp. These ladies learned the fundamentals of basketball and played games. Of the 340 athletes, 60 were chosen to the all-stars team. Six teams of 10 members

each played games against each other.

Receiving awards from Ozona in this group were: Kimberly Bean - Most Improved Overall Camper, Jessi Pagan - Most Improved Defense, Kayla Turland - Promoted to Black Division, Jessica Herring - Best Set Shot and was on the all-stars team, and Codi Richardson - all-stars team.

Attending from Ozona in the 10-15 year-old bracket were Codi Richardson, Laramie McWilliams, Jessica Herring, Kimberly Bean, Kayla Turland and Jessi Pagan.

Class of 1985 Gathers For 10 Year Reunion

On Memorial Day weekend, the Ozona High School Class of 1985 held its 10 year reunion. 1985 graduates who attended include: Kenny Navarette, David Delgado, George Guerra, Matt Gutierrez, Michael Trujillo, Jesus Dominguez, Mike Lara, Andel Wagner, Gary Davis, Susan Scott, Al Ramirez, Ronnie Smith, Lance Keilers, Jon Moran, Edward Borrego, J. R. Garcia, Raul Arredondo, Danny Moran, Kim Baker, Ann (Hoover) Stradler, Christy Parks, Kala (Sessom) Longoria, Mylene Najjar, Kim (Bishop) Caddell, Melissa (Fiero) Sanchez, Irma (Tobar) Moran, Jackie Moran, Barbara Clinton and Angela (Dalby) Overman.

The Class of 1985 enjoyed dinner and a dance at El Chato's Restaurant on Friday, May 26 from 7 p.m. until midnight. Music was provided by disc jockey Edward Fierro. After 12, the class continued its celebration at the Stanley Najjar Jr. residence.

The class voted Angela (Dalby) Overman as most changed and Al Ramirez as most eligible bachelor. Christy Parks, Susan Scott and Kim Baker were all nominated as most eligible bachelorettes. George Guerra received the nominee for most children, Edward Borrego was nominated as most unchanged, and the recognition for longest trip to the reunion went to J. R. Garcia who lives in

Miami, FL.

On Sunday, the class gathered at the park for hamburgers, hot dogs, horseshoes and music.

In memory of Alma Kay Ramos, Lionel (Rocky) Munoz and Marla Wilson, the Class of 1985 laid wreaths at Lima Cemetery. "We will never forget you."

A special thanks goes to El Chato's for their hospitality and good food. The class would also like to thank Rosa Fierro, Mary Najjar and Aurora Najjar for helping Melissa and Mylene organize the reunion.

Members of the Class of 1985 enjoyed the reunion and looks forward to their 20th year reunion.

*Judgment

(Continued from pg. 1)

The jury also found that Perner had built a jeep road on the Murrays' property and that the road was accepted by and as a benefit to the Murrays. Compensation by the Murrays to Perner for building the road was determined by the jury at \$3,000.

Other responses to questions posed to the jury found that there was no malice from Murray to the Perners, that Paul Perner III did not assault C.A. Murray III, that the Perners and Mrs. Black did not breach a warranty to the Murrays and that Perner did not wrongfully withhold possession of Murrays' property.

The jury did find that Perner breached an agreement with the Murrays to pay half of boundary fencing and that he should pay \$1,000 for fencing.

According to the jury, a gate with no fence attached is an unreasonable obstruction to use of the roadway, as is a gate on the approach to a bridge over the Pecos River. Speedbumps, however, and a trench as well as a gate on the Tract 3 easement from the Pecos River to the Tract 2 easement is not an unreasonable obstruction to use of the roadway, jurors agreed.

The jury found that \$250 should be awarded to the Banners as actual damage to the bridge over the Pecos River caused by an explosion on Oct. 13, 1993.

County Eligible For Disaster Assistance

In response to a request from Gov. George W. Bush, the U. S. Secretary of Agriculture has designated Terrell County as a natural disaster area and has designated four contiguous disaster counties. The declaration makes those counties eligible for assistance through the Consolidated Farm Service Agency (formerly ASCS).

Gov. Bush's request came on the heels of damages and losses caused by drought occurring since August 19, 1994. The contiguous counties are Brewster, Crockett, Pecos and Val Verde.

The designation allows family-size farm operators in both primary and contiguous counties eligible to be considered for low-interest emergency loans from CFS. Each application is considered on its own merits, taking into account the extent of losses, security available, repayment ability and other eligibility requirements. Additional information and assistance is available through local CFS county offices.

Out and Around with Judy Reagor

Ten years have passed since I wrote this column, and I know I will enjoy it just as much as ever. - I hope our readers do, too! When you see me out and around, please tell me of visitors you've had, people you've traveled to see, about your vacations, or just anything of interest to others.

Now to report what I've learned this week.

Maxine Brown's granddaughter, Lauren Krisa, from Midland is here visiting.

I noticed that Jana Kaye Cotton is home for the summer. She attends ASU and is working at the cable office for the summer.

Leigh Chandler will be going to South Plains College in Levelland in July. She'll be missed by her family, friends and employers. Amy Laughlin will follow in her footsteps as she replaces her at Westernman's.

Julie Childress, a sophomore at Texas A&M, is home for the summer. She's helping out at Cameras Two this summer.

Cindy and Don Howell of New Iberia, LA, were here visiting Pauline Johnson and the Billy Reagors. They especially enjoyed seeing Allie Claire Black (great niece) for the first time. Murphey and Kelsey were visited, too.

Russell Green and family enjoyed a recent weekend at Fiesta Texas. He reports that "The Texas Screamer" ride lifts one up to 180 feet in the air. A requirement before riding this is to have your blood pressure taken. I assumed Russell went on the ride. Wrong! He doesn't ever plan to, either. Can't say I blame him!

Kimberly Dawn Edminson of Kansas City, MO, has recently visited her mother, Sonja Hoover.

The Scotty Moores enjoyed a visit over the Father's Day weekend from son Roy, daughter-in-law Nancy and granddaughters Emily and Angela of Austin. This was little Angela's very first visit here. Scott Jr. was also here from Austin Great-grandparents Buddy and Maggie Moore of Ozona and Jewell Crow of Rankin also enjoyed visiting along with Donna and Pedro Nieri of San Angelo and Oscar and Luetta Kost of Ozona.

Enjoyed visiting with Cindy Dyer, manager of Perry's. She's a new

face in town, and she's giving the store a new look. Presently Cindy is driving daily from McCamey to manage Perry's.

Sue Ellen Wilson, Weslee, Wendy and Whitney of Arthur, NB, have been visiting Bill and Susie Black. Weslee and Wendy had been with their grandparents for several weeks before Sue Ellen and Wendy came.

Mrs. Ora Bell Taylor has returned from Shannon Hospital where she had heart surgery.

Rick Bird, Jared, Kara and Granny Bird went to Port Aransas for a fun vacation. They enjoyed the beach and did some fishing.

Helen and Bill Maness, Vonda and Stanley Flanagan will be attending a family reunion in ConCan.

Recently visiting Mrs. Ruth Sehorn was daughter Rebecca Johnson, grandsons Seth and Reed of San Angelo.

Ester Williams of San Antonio is here visiting her parents, Toots and Gene Williams.

Arnold, Julie and Kelsey Vargas of Austin are here visiting family.

Megan Mitchell is home for the summer and working at the truck stop. Megan attends Hockaday in Dallas.

Blanche and Lefty Walker recently met and visited with 32 college friends in Keroville. The youngest attending was 75 years old. This group has been visiting yearly since 1948.

Shirley Kirby, Karen and Hillary Huffman went to Dallas to visit Kristi Kirby. While there they enjoyed "Cinderella", a Dallas summer musical with Phyllis Diller. The music was by Rogers and Hammerstein.

Barbara and Johnny Griffin of Andrews have been in Ozona visiting her parents, Mr. and Mrs. Al Fields.

Jennifer Beasley, Wade Beasley, Kent Hokit and Benny Wilson of Ozona Country Club were winners of the scramble division at the West Texas Rehab Golf Classic in Abilene recently. The trophy will be kept in Ozona for a year and a plaque added for their win.

Jane Garlitz and her daughter and grandchildren, Christa Bolger, Jack and Emma of Midland have been here for a week's visit with Mrs. Garlitz' mother, Mrs. Emma Adams.

4-H's Compete In Sonora Wool & Mohair Contests

Seven Crockett County 4-H members competed in the 58th annual Sonora Wool and Mohair Judging contests on Wednesday, June 14. Senior team members were Amy Laughlin, JoLynn Vannoy and Mark Childress. Junior team members competing were Clay, Kyle and Codi Richardson and Rachel Murr.

Although neither team placed in

the top four, Amy Laughlin won first high individual in the senior wool judging division and second high individual in the senior mohair judging division. Junior team member Codi Richardson won third high individual in the junior mohair judging contest.

Accompanying the 4-H'ers to the contest was their coach, Donnie Laughlin.

Junction Stockyards Report

Junction Stockyards reported the sale of 182 yearling cattle June 9. Calves were mostly \$1-\$3 higher except light steers which were mostly \$2-\$4 higher. Packer cows and bulls were steady to 50 cents lower. Stocker cows and pairs sold steady.

Choice Lt. Steer Calves .82-.95#; roping kind up to \$1.08#

Miss Gage Earns Nursing Degree

Brandi Jean Gage, daughter of Kenny and Linda Gage of Iraan, graduated from Angelo State University May 12, 1995. She received her degree in nursing.

Miss Gage has moved to Lubbock where she is employed as a registered nurse at University Medical Center. She works in the oncology and bone marrow transplant unit.

She is a 1991 graduate of Iraan High School.

Grandparents are W. W. "Amos" and Jean Owens of Iraan. Her great-grandparents are Jeff and Laura Owens of Ozona.

Crockett County Public Library News
By Louise Ledoux

County Librarian Certification

June 1, 1995, I received my renewal certificate from the Texas State Library for County Librarian Certification Grade II. To qualify for this certification, every two years I must complete 20 hours of continuing education in the form of workshops and seminars authorized by the Texas State Library. I have been certified since 1985. The Texas State Library sets the standards for librarianship in Texas and receipt of the certification allows a librarian to contract with any library in the state. I am very pleased and honored to be able to serve Crockett County as your certified county librarian.

The commissioners have included the library in the upcoming bond election in August. Proposition 2 will provide \$80,000 for the library building expansion. This is a wonderful opportunity for the voters of Crockett County to show their support for the library. Proposition 2 will provide the Friends with almost two-thirds of the needed funds, and a great matching fund that will allow us to re-apply to the foundations for grants.

Mark your calendars, and vote to support the library on the county bond election on Saturday, Aug. 12. Vote Yes on Proposition 2.

Louise P. Ledoux
Crockett County Librarian

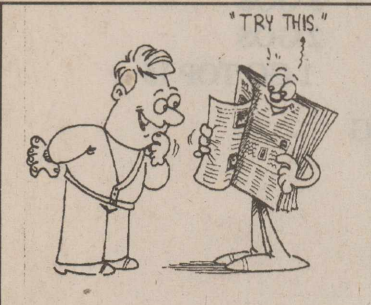

Library Expansion Campaign

The Friends of the Crockett County Public Library have been raising funds for an expansion of our library that would more than double the size of the library and allow us to house all the books and materials in our collection on one level. This is a much needed project and one that has been carefully planned and researched. Our architect, Mr. Jack Meek of San Angelo, has drawn up a re-modeling and construction plan which will keep the original Spanish style look of our historic Ozona family home, while allowing us to gain the needed space. Mr. Meek has set a construction budget for the project of about \$200,000. The Friends have raised about \$50,000 through local fundraisers and have applied to various foundations for grant money. One of the reasons cited by the foundations for not awarding funds to the Friends is absence of local county government support for the project.

Perhaps the greatest social service that can be rendered by anybody to the country and to mankind is to bring up a family. But here again, because there is nothing to sell, there is a very general disposition to regard a married woman's work as no work at all, and to take it as a matter of course that she should not be paid for it.
—George Bernard Shaw

POWER OF THE PRESS

A Big Help

According to a recent survey, 71 percent of newspaper readers agreed with the statement: "The paper helps me to decide where to shop and buy." Newspapers have always ranked first or second in believability as an advertising medium.

When you think advertising, think "Ozona Stockman". Whether you're buying or selling, The Stockman can help. 392-2551.

**AARP Chapter
4774
The Senior Side**
By Betty Bullard

Well, Hello again. I have a problem, so I thought I'd ask your opinion. I went to the store about a month ago and bought myself a brand new rod and reel. A couple of days later while going through Mertz on my way back from San Angelo I got sleepy and pulled off to the bridge on Spring Creek. I got out of the car to walk around for a bit to wake myself up.

In the back of my car was my brand new rod and reel; I took it out and started trying to cast it. There was no weight on the line, so it wouldn't cast. I rummaged around in my purse and found a little pen knife with a chain link on it and attached it to the end of the line.

I cast that out, hit the water three out of four times, and was having a ball. The fifth time I cast I really sailed it out there, hit a deep pool of water, and was having trouble getting it back in. I thought I was having reed problems until I saw that fish jump.

I kept reeling it in, thinking all the time there was no way I was going to land that fish with a pen knife for a hook, but I did. I was laughing and talking to myself. I said, "nobody is going to believe this. Nobody is ever going to believe I caught this big bass on a pen knife."

But he did. And wanted to see my fishing license, which I didn't have.

I told that game warden I wasn't fishing, I was casting. See, look in that fish's mouth. That's not a hook, it's a pen knife.

My pen knife had jackknifed. He looked, he saw, he said, "well, I'll be dam. Here's your citation, mam."

Well, what do you think? Should I have to pay a ticket for catching a fish when I wasn't fishing? What about the store? Shouldn't they have to pay half for selling me a rod and reel when I didn't have a license to use it? Am I guilty or just part guilty?

Now this was a hypothetical, but the part about the store being equally responsible is no dumber than some of the others things that people have sued for and won.

Making someone else responsible for what we do seems to be a national pastime. What we need is a lot more, "I did it," "I'm responsible," "The buck stops here."

We in AARP are trying to right some of the wrongs in our laws. Come join us, we could use your help.

***Hargrove (Continued from pg. 1)**

(Larry C. Donham, Inc.), and Gary Donaldson (Gary Donaldson Architects) for the purpose of interviewing and selecting a district architect. Following these interviews, the members voted to approve a district architect in the following order: Harvey, Scott, Donaldson, Barbutti (district architect for several prior building/renovation projects), and George. Mr. Harvey will meet with the trustees at a later date to begin negotiations for a feasibility study of facilities at Ozona Middle School to determine whether renovation or construction of a new school would be the most cost-effective solution to improve facilities at that school.

Selecting rank-order architects gives the district the opportunity to negotiate with the next architect in line should negotiations fail to produce a reasonable cost estimate acceptable to the board.

In two matters relating to school finance, the trustees approved contracts with the Grape Creek-Pulliam I.S.D., Lueders Avoca I.S.D. and Ralls I.S.D. for the education of nonresident students under terms outlined under Option 4, which was approved by local voters in May of this year. They also approved a tuition contract with the Iraan-Sheffield I.S.D. and the McCamey I.S.D. for Crockett County transfer students next year. Each contract will be for 50 percent of the difference between the local district's WADA (Weighted Average Daily Attendance) amount and the receiving district's WADA amount.

The school board also approved: (1) a \$34,611 low bid from Kent Elliott Roofing Company for roofing of the high school band hall, the small gym attached to the high school, central administration building, Lion Stadium restrooms, and five school housing units; (2) a \$12,576 low bid from Caldwell Music Company for the purchase of band instruments; (3) several amendments to the 1994-95 school year budget; (4) power-lifting as a school-sponsored sport; and, (5) the auditing firm of Eckert, Ingram, Tinkler, Oliphant and Featherston, L.L.P. to perform the 1994-95 school year official audit.

Members also accepted the resignations of Tommy Wilson, John Curry and Frances Curry. Mr. Wilson has accepted the head boys basketball position at Rising Star, and Mr. Curry, who is presently principal of Ozona High School, has accepted the head boys basketball position at Monahans. Kim Miller was approved for employment as business teacher in Ozona High School, and Dena Kay Hargrove was approved for employment as a reading teacher in Ozona Middle School. Mrs. Miller will take the place of Margaret Spiller who retired at the end of this school year, and Mrs. Hargrove will take the place of Renee

Casey who will teach English in Ozona High School next year.

Superintendent Larry Taylor reported on the progress of the selection of a new principal for Ozona Middle School and the beginning of the search for a new principal for Ozona High School. The selection committee for the middle school principal will be interviewing the six leading candidates for that position on Monday, June 19, and at the conclusion of that meeting, the committee will recommend the leading two to three candidates to be interviewed by the school board on Tuesday, June 27. The new principal will be selected at that time.

He also reported that advertisements for a high school principal have been placed in the Odessa, Abilene and San Angelo newspapers, as well as on TENET, the state information network. The deadline for applying for the high school principal's position is Friday, June 30, and members of the high school principal selection committee will review and vote for the six leading candidates to be interviewed on July 6-7. At the end of these two days of interviews, the committee will then recommend the leading 2-3 candidates for this position to be interviewed by the school board on July 10. The new principal will be selected at this meeting.

The meeting was adjourned following the approval of the date and time for two future meetings of the school board. The July regular meeting of the board will be held on July 10 at 6 p.m., and a special meeting of the board will be held on July 25 at 7 p.m. The purpose of the special meeting of the board will be to hold a 1995-96 school budget workshop for school board members.

With an estimated 250,000 species, flowering plants are the most numerous plants on earth.

Youth Baseball League Tournament Starts Thursday

By Neal Ulmer
Stockman Sportswriter

The Ozona Youth Baseball League will hold its annual tournament this week starting with the Minor League on Thursday and the Major League on Friday.

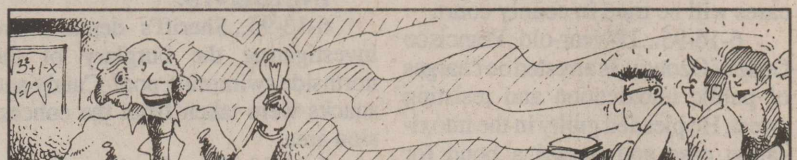

There was no schedule available for the Minor League at press time. The Major League schedule is as follows.

On Friday, June 23, at 6 p.m., Ozona will play the Eldorado B team. At approximately 7:35 p.m., Eldorado A team and Iraan will play. The winner of the Ozona/Eldorado B game will play Rankin on Saturday morning at 9 a.m.

The loser of the Ozona/Eldorado

B game will play at 10:35 a.m. on Saturday. The winner of the Eldorado A/Iraan game will play at 1 p.m. on Saturday. The loser of that game will play at 10:35 a.m. on Saturday.

The championship game will start at 4:05 p.m. on Saturday. The consolation game will be played at 2:35 p.m.

The angstrom, a tiny unit of measurement used on the wave length of light was named for the Swedish physicist, Anders Jonas Angstrom.

Crockett County Sheriff's Report

WEEK ENDING 6-20-95

ARRESTS:
 6-13-95...30-year-old Karyn Bynum of Florida was arrested on a Florida warrant charging her with assault. She was released to Florida officials to be transported back to that state. She will be tried in Florida.
 6-13-95...50-year-old Connie Castaneda of Austin was arrested on charges of driving while license is suspended. He was released the next day after posting bond. The case will be tried in county court.
 6-14-95...35-year-old Pamela Green of Lockhart was arrested on traffic warrants. She was later released after paying her fines.
 6-16-95...19-year-old Cruz Ortiz of Ozona was arrested on charges of public intoxication. He pleaded guilty in JP Court and was released after laying out his fine.
 6-16-95...24-year-old Christopher Thomas of Virginia was arrested on three counts of burglary of a vehicle. This was the result of the investigation into the recent thefts of cellular phones in Ozona. He is in county jail unable to make bond. The cases will be tried in county court.
 6-16-95...20-year-old Jacob DeBelleFeuille of Houston was arrested on three counts of burglary of a vehicle. This was the result of the investigation into the recent thefts of cellular phones in Ozona. He is in county jail unable to make bond. The cases will be tried in county court.
 6-16-95...18-year-old Francisco Ortiz of Ozona was arrested on charges of public intoxication and resisting arrest. He pleaded guilty in the intoxication case and posted a bond for resisting arrest.
 6-16-95...39-year-old Francisco Javiar Ortiz of Ozona was arrested on charges of public intoxication, resisting arrest and terroristic threats. He pleaded guilty on the intoxication charge and posted bond on the other two cases. They will be tried in county court.
 6-16-95...20-year-old Jimmy Longoria of Ozona was arrested on charges of enticing a child. He is in county jail unable to post bond.
 6-16-95...21-year-old Bobby Hohertz of Ozona was arrested on a warrant charging him with contributing to the delinquency of a minor. While in jail, he was also charged with three counts of burglary of a vehicle. This was the result of the investigation into the recent theft of cellular phones in Ozona. He is in county jail unable to post bond.
 6-17-95...21-year-old John Tijerina of Ozona was arrested on charges of theft resulting from the investigation into the recent thefts of cellular phones in Ozona. He posted bond on this charge, and the case will be tried in county court.
 6-17-95...19-year-old Chad Guerra of Ozona was arrested on a warrant charging him with contribut-

ing to the delinquency of a minor. He is in county jail unable to post bond. The case will be tried in county court.
 6-17-95...24-year-old Anthony Huges of Austin was arrested on a warrant out of Travis County charging him with theft by check and traffic offenses. He was released after posting bonds on the charges.
 6-17-95...34-year-old Dale Fadness of Montana was arrested on charges of public intoxication. He pleaded guilty in JP Court and was later released after paying his fines.
 6-19-95...24-year-old Michael Vargas of Ozona was arrested on Irion County warrants charging him with driving while intoxicated. He was released to Irion County officers to be returned to Mertzton. The case will be tried in Irion County.
 6-19-95...18-year-old Sabrina Straszewski, 18-year-old Brian Bettes, 18-year-old Michael Tholen, and 17-year-old Matthew Kellerman, all of New Mexico, were arrested on charges of possession of marijuana and drug paraphernalia. They are in county jail unable to post bond. The cases will be tried in county court.
 6-20-95...20-year-old Joshua Gilley of Ozona was arrested on three counts of theft (possession of stolen property). This is a result of the investigation into the recent thefts of cellular phones in Ozona. He is in county jail unable to post bond. The cases will be tried in county court.
INCIDENTS:
 6-13-95...Sheriff's deputies are investigating the burglary of the northside swimming pool. Candy and snacks were taken from the concession area.
 6-15-95...Rosa Cardona reported that someone damaged some flower pots and porch furniture at her residence on 16th Street. Sheriff's deputies have interviewed witnesses and will be filing charges in the near future.
 6-16-95...Martin Martinez reported that he was checking his father-in-law's house on Ave. A while the father-in-law is out of town. Mr. Martinez surprised two suspects in the house who fled the area. Food had been taken out of the freezer, but nothing seemed to be missing. Sheriff's deputies are investigating the offense.
 6-18-95...Stella Fierro reported that she had been threatened by her ex-husband in violation of a protective order. Sheriff's deputies investigated the offense, and the matter will be referred to the courts for action.

Cattle were first domesticated, historians believe, about 12,000 years ago in what is now southern Russia.

*Recycling (Continued from pg. 6)

There are lots of cedar trees on the ranches near Junction, and that's another interesting recycling story. Cedar that has been dead 20 years happens to have an economic value. After the bark is gone the remaining wood is collected to be chewed up at a mill that produces a cedar oil used to "perfume" soap and other cleaners. A.E.R.T. buys the sawdust residue to be combined with the plastic for manufacture of its composite "lumber."
 A. E. R. T. managers say they can't get enough used plastic. They complain about foreigners, particularly Southeast Asians, "buying up all they can get their hands on" when "we need all we can get." A.E.R.T. will really need the additional recyclable material in the future. It has negotiated a deal to market its decking products nationwide through Weyerhaeuser distribution centers, and this will mean an additional 25-30 jobs for the plant -- a tremendous economic boost for a town the size of Junction.
 The Champion and A.E.R.T. stories are being repeated across the U.S. and throughout the world. Rising prices for recyclable materials are prompting entrepreneurs to start new businesses, build new plants, expand old ones and hire additional employees.
 Recyclers of one kind or another have been around for centuries. From scrap metal dealers to oil recyclers to paper buyers to lead battery extractors, they know the markets are susceptible to the usual business cycles. But a society built on conspicuous consumption is becoming aware of the need to reuse as much as possible, and fast-paced improvements in technology, information and transportation, and

the expanding global economy, are creating recycling opportunities that Texas must take advantage of.
 The General Land Office has a legislative mandate to raise public awareness and assist in the development of new markets for recycled goods. In addition to the educational videos, the land office has "Buy Recycled" public service announcements running on dozens of radio and television stations, and we have developed E-Source, an on-line computer bulletin board that is available to help Texas businesses and governmental entities locate and buy recycled goods.
 For more information about E-Source on the land office's recycling programs call 1-800 367-8272. The E-Source modem access lines are 1-800-831-8826 and (512) 463-6257.
 Recycling is good for the health of the land, and it's good for business. Recycling is good for Texas.

Building Of Many Uses Serves Crockett County Citizens

*Building

(Continued from pg. 1)

Committee members fed 2,000 persons in one hour and fifteen minutes.

The new building was perfect for such a massive event, with a spacious 31 x 23 feet kitchen, large restrooms, and two storage areas for tables and chairs, with additional storage above on a deck over the kitchen and restrooms. The kitchen features two large residential coolers, pantry, work island and two sinks, as well as a commercial gas range and pass-through window to the main room. A state-of-the-art sound system, evaporative coolers and gas heating complete the facility.

On Dec. 10, the West Texas Sheep & Goat Prospect Show was held. Exhibitors and volunteers at the event said it was great not to breathe all the dust normally associated with

livestock shows in the old 4-H Barn. In early January of 1995 the annual Crockett County 4-H Livestock Show made its debut in the convention center, and in April district 4-H range and wool judging contests were held there.

Convention Center--

The first dance held in the building was by the Knights of Columbus, and since then it has been used for several private dances, quincineras, a fundraiser dance by the Ozona Golf Association and square dancing by the local Levis & Lace Square Dance Club. A 4-H Back-to-School dance, the annual Rain Dance and numerous other dances and festivities are upcoming in 1995.

The facility proved to be comfortable even for the estimated 500 in attendance at the annual Lions Club play and for the 1995 Project Graduation party serving over 200 gleeful OHS graduates and underclassmen--complete with casino, sumo wrestling, a miniature golf course and the "Texas Tumbleweed." Organizers say with the extra room afforded by the Con-

vention center, the party will only get bigger and better--and hopefully attract more young people to a safe graduation celebration.

One of the most unusual uses for the building was the housing of Army troops passing through Ozona from Ft. Huachuca, AZ to Ft. Hood. Ninety-four soldiers in 66 vehicles took advantage of the facilities for a much-needed overnight stop during a field exercise.

Another group happy to have the clean, roomy facilities is the Crockett County Arts and Crafts Guild, who will host their popular fall crafts fair in the building this year. The space allows for more exhibitors, and the lack of dust will be a big plus over the old 4-H Barn. These factors should enable this event to grow even more in coming years.

Even the Crockett County school system has benefitted from the build-

ing, as the junior high held their wax museum, medieval banquet, and an eighth grade graduation party at the building.

And throughout the summer, events such as the World's Championship Goat Roping, Lions Club Youth Rodeo and the David Crockett Birthday Celebration--in addition to numerous dances, weddings, receptions and an overnight stay by the National Guard--will continue to keep the building busy on a weekly basis.

For more information about the Convention Center or to book the center in advance, call the Crockett County Extension Office at 392-2721. Extension Secretary Peggy Dickerson will provide a set of rules and check the calendar for vacant dates. She suggests persons interested in using the building think ahead and book early, as it is in almost constant use.

Laughing is the sensation of feeling good all over, and showing it principally in one spot.

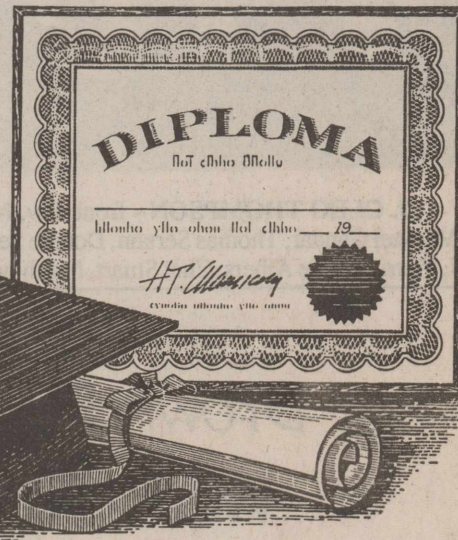

—Josh Billings

Other Folks Giving Is How Some Crooks Make A Living

By Attorney General Dan Morales

With the holiday season rapidly approaching, you probably will receive more calls and be approached by more people wanting you to give to charity. There are many good charities, but there are also unscrupulous characters seeking to take advantage of your kindness and generosity. Many consumers do not stop to ask where their money is going or to check the credentials of the people to whom they give. However, millions of dollars are taken by phony charities that do nothing more than put your money in their pockets. When their shady practices are exposed to the public, it makes it more difficult for legitimate charities to raise money for good causes.

Two recent cases

In the Dallas area, two men dressed as Catholic priests claimed that they were affiliated with the Texas Orphanage Outreach Charity, and that they were collecting money to help orphans. They operated out of the Dallas airport for months before my office received complaints from several people suspicious of their motives. Investigators from the Office of the Attorney General went to the "priests" to get information on how the money was being spent, and they refused to answer any questions. In fact, no money had been given to any charity, and the two men were not priests.

In Houston, con artists posing as University of Houston students went door-to-door collecting money, claiming that it would be used to renovate housing for the homeless. The kids were neatly dressed, carrying clipboards and brochures. When someone asked them where the money was going, however, they did not respond. We investigated and found out that this same group ran a similar scam in North Carolina. Once again, no money went to charity, and these crooks simply moved from state to state.

Ask questions!

Easy as it seems, you can get a good idea about a charity just by asking some basic questions. Who gets the money? How much of the money that they collect will actually be used for charity? Many crooks, like those described above, will refuse to answer, or will even run when questioned. If they do respond, they should be specific. Ask for the name of their organization, as well as an address and a telephone number.

Call the number. If the charity is

phony, you may never get an answer, or you may get someone's home. In that case, be suspicious! If you do get an answer, ask what percentage of donations is actually used to support charitable programs. Many reputable organizations will be able to provide annual reports. Small local charities may not be able to do that, but they may be able to give you references like the local police or a neighborhood church.

What if you suspect fraud?

If you suspect fraud, contact the Philanthropic Advisory Service of the Better Business Bureau at 703 276-0100; the National Charities Information Bureau at 212 929-6300; or the nearest OAG Consumer Protection Office.

It may take a few minutes to make that call, but if the charity is legitimate, they will appreciate your efforts to ensure that your money reaches people who really need it. And if they are legitimate, they will still be there tomorrow. Your impulse to give is important, but don't give impulsively. Take the time to make your gift count!

Sign-up Now For 1K And 5K Runs

The David Crockett 1K family fun run and 5K run (and walk) and David Crockett Birthday Festival planned for Aug. 5 will provide an enjoyable day in Ozona.

There is no entry fee for the 1K Fun Run, and all participants will receive a ribbon.

Entrants in the 5K pay only \$12 for a great T-shirt and some fun prizes. Trophies will be given for male and female overall winners.

To enter the 5K race, write the Ozona Chamber of Commerce at Box 1135 or go by the office on Avenue E. If you have questions, contact Martha Villarreal at 392-2780 or Adrienne Cook at 392-3953.

The first European to sail on the Colorado River was Hernando de Alarcón in 1540.

OZONA, Texas, at or before 10 o'clock a.m. of the Monday next after the expiration of 20 days from the date of service of this citation, then and there to answer the petition of OSCAR & ROSARIO OCHOA Petitioner, filed in said Court on the 13TH day of JUNE, 1995, against VIRGINIA LOPEZ MORAN, Respondent(s), and said suit being number 95-06-05777 on the docket of said Court, and entitled 'In the interest of ABEL ALEJANDRO & CARLOS JAVIER OCHOA, a child,' the nature of which suit is a request to TERMINATE AND ADOPT. Said children were born:

NAME: ABEL ALEJANDRO LOPEZ OCHOA
BIRTHDATE: March 2, 1989
BIRTHPLACE: Torreon, Torreon, Coahuila, Mexico

NAME: CARLOS JAVIER LOPEZ OCHOA
BIRTHDATE: April 24, 1990
BIRTHPLACE: Torreon, Torreon, Coahuila, Mexico

The Court has authority in this suit to enter any judgment or decree in the children's interest which will be binding upon you, including the termination of the parent-child relationship, the determination of paternity and the appointment of a conservator with authority to consent to the children's adoption.

Issued and given under my hand and seal of said Court at Ozona, Texas, this the 13th day of June, 1995.

Debbi Puckett, Clerk of the District Court of Crockett County, Texas
By Ninfa Fierro, Deputy
3c19

REQUEST FOR BIDS ON TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for 13,003 miles of reconstr gr, str, base and surf on RM 1676 from US 67 to Crockett C/L covered by AR 1645-1-11 in Reagan County and from Reagan C/L to 3.7 mi South covered by A 1645-2-1 in Crockett County, will be received at the Texas Department of Transportation, Austin, until 1:00 P.M., July 7, 1995, and then publicly opened and read.

Plans and specifications, including minimum wage rates as provided by Law, are available for inspection at the office of Paul Chevalier, Area Engineer, Sonora, Texas, and at the Texas Department of Transportation, Austin, Texas. Bidding proposals are to be requested from the Construction and Maintenance Division, 200 East Riverside Drive, Austin, Texas 78704-1205. Plans are available through commercial printers in Austin, Texas, at the expense of the bidder.

The Texas Department of Transportation hereby notifies all bidders that it will insure that bidders will not be discriminated against on the ground of race, color, sex or national origin, in having full opportunity to submit bids in response to this invitation, and in consideration for an award.
