## CITIZENS ASKING ROAD BOND ELECTION

### C.-C. Report Shows Work's Importance

#### PROVING REAL VALUE TO CITY

Review of Three Months Work Shows Much Accomplished For Tahoka And Lynn County

A catalogue of the activities and achievements of the Tahoka Chamber of Commerce since its reorganization just before the first of March makes up a record of which the members of the organization have reason to be proud. A record of these activities, compiled by the secretary of the Chamber of Commerce, C. C. Williams, is published below, in order that the citizens of our town and county may be informed as to the accomplishments and projects in process of accomplishment by this body.

1. Office for secretary and board of directors procured and fitted up with typewriter, filing cabinet, desk and chair, four office chairs, mimeograph, wall maps, etc. This office is in the basement of the court house with the county agent.

2. Cups and medals for County Interscholastic League meet furnished at a cost of \$113.50.

3. Sponsored Agricultural Short Course held in High School Auditorium.

4. Contributed \$75.00 to help pay expenses of stock judging team of the Tahoka High School to the state contest held at the A. & M. College, in which the Tahoka team won third place among all the teams of the state.

5. Promoted interest in the White Way now being installed in Tahoka by the Texas Utilities Company.

6. Assisted in procuring sub-post office at New Home.

7. Now working for more sidewalks and city free delivery of mail.

8. Putting over and entertaining the largest and best district convention of the West Texas Chamber of Commerce ever held in the South Plains district, without cost to the local organization; resulting in much helpful publicity for our town and county.

9. Intervened in two proposed acts of legislation which it is believed, was for the good of our section.

10. Held three community meetings; others to follow.

11. Furnished Certified grain sorghum seed to the 4-H Club boys of

(Continued on last page)

### Three Tahoka Girls Graduate at Canyon

CANYON, May 23.—Three members of the graduating class of the West Texas State Teachers College give Tahoka as their home. They are Misses Marie Lowe, Montie Draper and Lois Goodrich.

These young women have been very active in campus activities. Miss Lowe has served this year as student assistant in the Geography department, by which she has made her own expenses. Miss Goodrich has also made her expenses, and has served to take an active part in the Student Literary Society, the Debate Club, and the Dramatic Club. Miss Draper has been prominent in the activities of the Public Speaking Department, taking part in many plays, both as director and actor. She has also been a member of the Student Literary Society, the Fraternity Council, of which she has been secretary, the Y. W. C. A., Dramatic Club and Type-High.

This year's senior class is the largest in the history of the institution. The 119 graduates come from 46 Texas communities and from Kansas, Oklahoma and New Mexico. The commencement sermon will be delivered by Bishop Irving Johnson of Denton. Dr. J. D. Sandefer, president of the University will make the commencement address, and degrees will be conferred by President J. A. ...

### ANOTHER BRICK FOR WEST SIDE

Hall Robinson Will Erect Building For M-System Grocery, 25x75 Feet In Size

Hall Robinson is preparing to construct another brick building on the west side of the square, filling the gap between the Variety store and Strick's Barber Shop. It is to be 25 by 75 feet, with a beautiful face brick front.

The contract for the building has not yet been let but will be let very soon, as Mr. Robinson is under contract to have the building completed and ready for occupancy within sixty days.

It will be occupied by the M-System, which is preparing to establish a store in Tahoka.

### FOUR THOUSAND INQUIRIES ABOUT SOUTH PLAINS

To date, more than 4,000 inquiries have been received from people over the United States as well as foreign countries for information on Lubbock and the South Plains. These inquiries have been made as a direct result of the advertising campaign which was started in December, 1928, and in practically every instance a coupon from one of the advertisements has been returned with the requests.

### Grassland Minister Buried Wednesday

Rev. S. S. Hodo 62, residing near Grassland, died at a sanitarium at Lubbock Monday, following an illness of several days, and the remains were buried in the Grassland Cemetery Wednesday. The funeral was conducted by Rev. Thomas Ahern, pastor of the Nazarene Church at Grassland.

The deceased left as his survivors the widow and two sons, L. V. Hodo, 7 years old, and L. B. Hodo, 7 months old; four brothers, W. N. Hodo, Evant; S. Hodo, Grassland; C. J. Hodo, Tye; and W. A. J. Hodo, Ennis. The deceased had resided in this county several years and was held in high esteem by his neighbors and acquaintances.

### Floy Anglin Finishes At Tech With Honors

Miss Floy Anglin of Tahoka received her B. S. degree at the Texas Technological College Monday when eighty other graduates received their diplomas.

It was announced that Miss Floy had made the highest average in the Home Economics department for the four years she has been in the institution. She has been an assistant in this department during the past two years. She expects to teach next year.

Dr. E. O. Lovett, President of Rice Institute at Houston, delivered the class address.

Mr. and Mrs. W. S. Anglin and daughter, Miss Hazel, and Miss Rosemary Nelms attended the Commencement exercises Sunday and Monday.

### Two Plead Guilty To Cold Checking

Two young men living in the Grassland community entered pleas of guilty in the justice court here Tuesday to charges of swindling, it being alleged that they each gave cold checks several months ago to Rex Rogers, proprietor of the Sanarillo Cafe, which they had failed to make good.

These checks were each in the sum of one dollar, but when Uncle Ike got through figuring the costs it was found that their "indiscretion" would cost each of them just \$19.20.

QUITAQUE has delivered the first order for material from the new sand and gravel pit on the Linguish River in the northeast portion of Floyd County. The shipment was made to the Fulton Lumber Company of Plainville. Loadings were made to the newly completed spur of the Fort Worth & Denver.

### C.-C. SMOKER WAS SUCCESS

40 Business Men Enjoyed Program Tuesday Night At American Legion Home

The Smoker held by the Tahoka Chamber of Commerce in the American Legion Hall on Tuesday night was a decided success from every standpoint. It was the first meeting of its kind held here and it proved to be such a pleasurable occasion that many have expressed the hope that such meetings may be held frequently hereafter. In spite of the threatening weather, a crowd of more than thirty of the business and professional men of the city were in attendance.

Music on stringed instruments was furnished by W. N. McDaniel and Aubrey and Murrell Redwine. Several musical members were also given by George Claude and Marjorie Wells.

Postmaster D. A. Parkhurst was the first speaker, his subject being "Mail Service." He presented some statistics comparing the business of the local post office in 1921 with the business in 1928, which showed a remarkable increase since the former date.

"Telephone Service" was discussed by W. M. Harris, who was very fair

(Continued on last page)

### Lynn County Crop Prospects Excellent

Farmers are exceedingly busy this week planting cotton. Some of them have finished. Many others will finish by the end of the week if not interrupted by rain. Much cotton planted last week is coming up. With continued warm weather and a fine season in the ground throughout most of the county, all of it is expected to come up promptly and grow off rapidly. Farmers report a splendid prospect for this time of the year, and farmers and business men are very optimistic. It looks like an other good crop for the south plains. Some seed is being planted also, but most farmers are delaying the planting of their feed until they finish planting cotton.

### Burglary of Draw Store Frustrated

The unexpected approach of two boys at the midnight hour in the village of Draw Sunday frustrated the robbery of the store of Cook Bros., at that place and caused the thieves to flee without taking away any loot.

The thieves had broken into the store by the use of a heavy pinch bar and had dragged the heavy iron safe out of the building and were evidently preparing to drag it away and to blow it open with nitroglycerine, when two boys happened to drive up in a car. The thieves fled and made their get-away, but officers are working on the case.

Brownsville and Laredo have the fewest grocers—the figures being 49 for Brownsville and 41 for Laredo.

### West Point to Vote On Increasing Tax

An election will be held in the West Point School district on July 6th to determine whether or not an additional tax of 25 cents on the \$100.00 valuations shall be levied and collected for the purpose of building an addition to the school building in that district. The election was ordered recently by the Commissioner's Court and notices are being posted this week.

### SINGING SCHOOL TO BE CONDUCTED AT EDITH

A. R. McGonagill announces that a singing school will start at Edith next Monday under the direction of Prof. Duggan, who conducted a school there last summer. It will continue ten days or more. Everybody in the entire community is invited to attend.

### Petitioners Call For \$1,000,000 Program

#### Merchants To Give Trades Day Tickets

C. C. Williams, secretary of the Chamber of Commerce, announces that tickets ordered for the merchants of Tahoka will be here in a few days and ready for distribution among them. These tickets will be given to their customers. Then on Trades Day, which will be the Fourth Saturday in each month, beginning with the Fourth Saturday in June, premiums of \$20.00, \$15.00, \$10.00 and \$5.00 will be given away.

#### Grassland Citizen Is Buried Saturday

J. C. Kegley, eighty years of age, died at the home of his son-in-law and daughter, Mr. and Mrs. M. F. Harris, near Grassland Friday afternoon. The remains were buried in the Grassland Cemetery Saturday afternoon, his pastor, Rev. Ahern of the Nazarene Church, conducting the funeral services. Death was the result of a stroke of paralysis suffered some time ago.

Mr. Kegley had been a citizen of Lynn County for five years, during which time he had made many friends here. He left surviving him the following children: John Kegley of Clarksville, Mrs. A. R. Glenn of Tahoka, Mrs. Martha Harris of Grassland, and Mrs. Ira Gass of Grassland.

The News joins many friends of the family in extending sympathy to all the bereaved.

#### Thieves Steal 1250 Pounds of Wool

Thieves stole five sacks of wool containing 250 pounds each from a truck on the W. D. Nevels ranch fifteen miles west of town one night last week. Mr. Nevels did not miss the wool until Monday morning of this week and rains had fallen since the theft, obliterating all tracks that might give a clue to the identity of the thieves.

Five other sacks containing an equal amount of wool was left in the truck, the inference being that the thieves loaded a small truck to its capacity and were unable to take away the entire amount.

Mr. Nevels had just recently sheared his sheep and was preparing to take the wool to market. He had loaded it on a truck and covered it with a wagon sheet to protect it from threatened rain. The rain did come and Mr. Nevels did not return to get the wool until Monday morning, when he discovered that half of his clip was missing. His loss amounts to \$350.00 to \$400.00.

#### Citizens Vote For Diversion of Funds

Very little interest was manifested in the election held in the city of Tahoka Tuesday, only 48 votes being polled. All of these were in favor of the proposal made by the Mayor and City Council to use the balance yet remaining in the treasury from the sale of the electric light plant for water extensions and street improvements. Not a single vote was registered against the proposition. While the result of the election has no legally binding force, as we understand it, yet the city authorities desired an expression of the people on the proposition. Septimesk seems to be as nearly unanimous as it possibly could be.

O'DONNELL has recently invested approximately \$100,000 in new residences. This brings the amount expended on building permits to more than a quarter of a million dollars. The City Council street department has recently finished improvements on the roads of O'Donnell. There's news in the ads. Read 'em!

### ROADS WOULD COVER COUNTY

Local Bonds Would Be Augmented By State and Federal Funds For County's Highways

A petition is being circulated and has been numerously signed already asking the commissioner's court to call an election to determine whether or not bonds in the sum of \$1,000,000 shall be issued with which to hard-surface the highways and improve the lateral roads of Lynn County.

The petition proposes that \$700,000.00 of this bond issue, if adopted, shall be used on the highways passing through the county and \$300,000.00 on the lateral roads passing through and radiating out from Wilson, New Home, Grassland, Draw, Newmoore, and other communities in Lynn County, making a complete lateral road system throughout the county.

The petition also provides that the issue of \$700,000.00 with which to pave the highways shall be null in case the state highway department should change the routing of the highways through Tahoka and O'Donnell.

This petition will be presented to the commissioner's court which will be asked to pass on the same at its next regular meeting and to call an election for the county at an early date.

Petitions for a big bond election in Lubbock county have been likewise circulated and it is expected that action upon these petitions will be taken by the commissioner's court about June 10. All the county except about 100 sections in the southeast corner including the city of Slaton has been formed into a special road district and all the highways in this territory are to be hard surfaced and the lateral roads improved if the bonds are voted. The two elections will probably be held about the same time.

#### Petition

The petition which is being circulated in Lynn County and which is to be presented to the commissioner's court soon, is as follows:

"To the Hon. County Judge and

#### Postoffice Growth Shown by Figures

Salaries	\$4,700.00	\$13,993.00
Net Cost of		
Service	\$7,544.00	\$23,435.00
Rural Stations	0	1

#### LAKEVIEW DISTRICT TO HAVE STOCK LAW ELECTION

An election has been ordered to be held in the Lakeview district on July 5 to determine whether horses, mules, cows and other live stock shall be permitted to run at large. The object of the election is to pen the live stock. A large per cent of the land even in that portion of the county has come under the plow and it is rapidly being converted from a cattle country to a farming country, and hence the proposal to put up the live stock.

### Rev. Breedlove Will Fall Pulpit Sunday

Rev. R. T. Breedlove, pastor of the Methodist Church here, who has been ill several weeks and has not been physically able to appear in his pulpit for almost two months, announces that he expects to be in the pulpit again next Sunday and regularly thereafter. No doubt a large congregation will be present to hear him. It is his desire that all the members of the church be there, if possible, and all others are cordially invited. Brother Breedlove states that he expects to fill his pulpit regularly now but if at any time it shall become impossible for him to do so he will provide a supply for the occasion.

### SALE WAS BIG SUCCESS

As says that the big May Clearance Sale at the Levine Bros. Store

was a decided success. He declares that the big two-page advertisement which he carried in the Lynn County News and the circulars which he printed for him brought splendid results. He is a believer in the use of printer's ink. Al says that advertising pays. Al is a good business man and knows his "onioms" when it comes to handling a big sale.

### CHEESE PLANT OPENED AT ABERNATHY WEDNESDAY

A cheese factory opened at Abernathy Wednesday, according to press reports. The plant was built at a cost of \$15,000. With 4,500 pounds on hand the first day with which to begin operations, which is said to be a record-breaking amount, the future of the factory seems assured. Milk routes have been established out of Abernathy and are said to run within five miles of Lubbock, gathering milk for the new factory. This new enterprise will be watched with much interest by dairymen and farmers throughout the south plains.

R. E. Key was a business visitor to Leveland and Littlefield Tuesday. He reports a heavy rain at Leveland and in the adjacent territory Tuesday afternoon.

### He Is Willing To Make Affidavit

Lubbock Brick-Mason Says He Feels Better Than in Last 20 Years Since Taking Orgatone

"Yes Sir, I would go before a notary any time and testify to the wonderful results and benefits I have received from Orgatone," said James E. Kiddle of 1020 Fifteenth St., Lubbock, Texas. Mr. Kiddle is one of the best known stone cutters and brick masons in this section.

"My health has been badly broken up for the past twenty years. I was in a general run down condition and suffered from some ailment or other all the time. I had headaches continually, my stomach was out of order and I was nervous, weak and dizzy. Sometimes I was bothered with indigestion, so bad, that I could hardly stand it. Gas formed on my stomach and pained me so bad that I felt that I would die. I had awful pains in my sides and back and was so nervous I just couldn't get a good night's rest.

"I reckon I took fifty different kinds of medicines trying to get relief but nothing did me any good and no one can realize what terrible feelings I had unless they had the same troubles. I read an advertisement for Orgatone and a friend advised me to try it and I am certainly very grateful for the results I have received. I feel better than I have for the past twenty years and am enjoying about as good health as anybody. My suffering is gone, my appetite is splendid and my stomach trouble seems to be a thing of the past. Before taking Orgatone I wasn't able to work but two or three days a week but now I work every day and feel fine. Things are different with me now and I feel that I wouldn't be doing the right thing if I didn't tell others about the medicine I have reaped so much benefit from."

Genuine Orgatone may be obtained in Taboka, Texas, at Thomas Bros. Drug Co.

### SLAT'S DIARY

Friday—Nim Glim was in here this evening for a while. I gave Ant Emmy a lesson. I think much of her and when I eat her why she didn't think much of her. Ant Emmy replied and sed. Well she what you would call a kokette she has been engaged to three men and 2 college students.

Saturday—Ma was a getting ready to go to a bridge party tonight and she sed she hoped they wouldn't serve Chicken Salad becuz she has been reducing and Pork all ways hits her stomach so much enny ways.

Sunday—Ant Emmy says it ain't never to late to learn sum thing. She had all ways that that T. N. T. was a brevasahun for the Telephone and Telegraph company but the magazine seckshun in the paper today led her to believe it was sum thing to explode and blow things up.

Monday—The teacher ast us today if enny 1 in the class new what the expression See America First referred to and Bickers answered and replied that it was Cristofer Columbuess slogan when he started out west on his discovering trip to grow up with the injuns.

Tuesday—At the party tonite I ast Enny if she ever let fellas kiss her and she sed to me. No fellas will ever get to kiss me unless I can't see him coming. And all the rest of the rest of the evening when I was sitting with her she set with her eyes closed. I wood of that she wood of ben afraid.

Wednesday—Ma was a halling pa out for eating peas and some other few things with his wife and she sed. And besides not only it is bad manners but it is very dangerous to. Pa sed. Well I will just have you to understand that I am't no Edward kat.

### JUDGE GRIDER PRESIDES AT MIDNIGHT WEDDING

After Judge G. C. Grider had retired and was too sound asleep to dream even of wedding bells and such like, he was aroused and called to his office at the court house Sunday night to formally unite two hearts that God had already joined together in bonds of affection.

But county clerk Truett Smith was not to be found, and the couple and the judge were compelled to wait a weary hour until he could be located and summoned to his office to issue the necessary license.

When these preliminaries were completed and the couple stood before the judge to take the marriage vows, the clock had already struck the midnight hour, but it was high noon in the hearts of the two Cupid-stricken participants. The contracting parties were Jimmie Lee Bridgeman of Snyder and Miss Bobbie Reed of O'Donnell.

The young couple had experienced considerable difficulty in procuring the necessary credentials. Their first effort was to procure a marriage license at Snyder but there had been a death in the family of the clerk and so the young couple decided to drive over to Gail. Arriving there they found that the clerk was not in town, and so they came on to Taboka. It was after much delay that they were able to get the knot tied here, but Judge Grider says that he tied a dandy good knot and believes it will stay tied a long time.

### BORDEN DAVIS IS NOW LICENSED EMBALMER

Borden Davis returned Saturday from Dallas and Houston, having spent several weeks in the former city taking a course in embalming and going from there to Houston to take the examination. He passed the examination successfully, which is greatly to his credit, for it is said that only about one-third of those who take this examination the first time are able to get by it.

Borden is now a licensed embalmer and is thoroughly prepared for the work. He will serve as embalmer for the Harris & Applewhite Undertaking establishment of this city, where he has been employed the past several years.

There's news in the ads. Read 'em!

### SCRUB BULL TRIED AND IS CONVICTED

Before a large gathering of interested stock owners "Destructo", a scrub dairy bull, was "tried" and sentenced to death recently at Weimar, Texas. The convicted animal is to be fed 30 days and then used as barbecue meat for a local Chamber of Commerce luncheon. The testimony at the scrub-bull trial developed strong sentiment in favor of improved livestock and particularly aiding the locality of scrub bulls.

In reporting the event to the United States Department of Agriculture, County Agent D. D. Clifton stated that the next bull to be tried will be of the best type and that a purchased

### BILIOUSNESS

Arkansas Convicted Since His Childhood, That "Black-Draught" Can't Be Beaten" For It.

West Helena, Ark.—"I am fifty-two years of age and I have taken Black-Draught, when needed, all my life," writes Mr. G. L. Smith, of 228 North Third Street, this city.

"When I was just a child, my mother made Black-Draught tea, and gave it to me for colds and biliousness. It was a family medicine with us.

"After I was grown and went out on the farm, working hard, I would get a dull, tired feeling and a bad taste in my mouth. I would know then, that I was bilious. I would take a few doses of Black-Draught, and soon feel good as new.

"In later years, I have taken Black-Draught and it has helped me for constipation and biliousness, and I am still of the same belief, as when a child, that Black-Draught can't be beaten."

Thousands of men and women find Black-Draught of great help in relieving the common ailments, due to constipation, biliousness and indigestion.

Black-Draught is prepared from selected medicinal herbs and roots. A natural remedy for unnatural conditions of the system.

Costs only 1 cent a dose. **BLACK-DRAUGHT** For Constipation, Indigestion, Biliousness.

### Locals

The chamber of commerce directors had their regular meeting Monday night and many matters of importance were discussed and progress reported, including the placing of road signs at strategic points along some of the highways, the laying of more sidewalks in Tahoka, the trades day, the Lynn County Fair, etc.

District Attorney T. L. Price has about completed the furnishing of his office in the Lynn County Court House and is now a full fledged citizen of Tahoka. He says he expects to do his part as a citizen, and we are glad to have him as one of us.

A sheep owner over in the northwest corner of Lynn County reports that a number of his sheep were recently stolen. We cannot say whether or not the owner has a clue as to the identity of the thieves.

The West Auditing Company of Lubbock began auditing the books of Lynn County officials Monday morning.

The jail of Lynn County is again empty, according to county officials, the first time since the new officers were installed on January 1. In fact, it has been empty only a few times in the past several years.

Judge G. C. Grider reports that his children, who have been sick of scarlet fever, are all about well again and that the quarantine has been lifted. He certainly feels relieved, now that the crisis is past.

The County Commissioner's Court will meet next Monday as a board of equalizers to equalize the property renditions of the county, according to County Judge G. C. Grider.

Miss Anne Hamilton, saleslady for the Hogan Dry Goods store at Brownfield, was a visitor in Tahoka Tuesday.

Clyde Crume, who has been a student of Wayland College at Plainview returned home last week end.

Supt. M. L. H. Baze and family left Tuesday afternoon to spend a few days over in the White Mountains of New Mexico.

L. P. Jeffreys says that he has finished planting his cotton crop of more than 500 acres and that it is now coming up nicely. He says that with the fine season now in the ground and the cotton coming up just at the right time he thinks the prospects for a bumper crop are the best he has seen at this time of the year. "I expect to gin twice as much cotton this fall as I ginned last fall", he stated. He owns and operates the gin out at Newmoore.

A. A. Brock of Lockney was here Tuesday and stated to a representative of the News that he has made a contract to see the Rawleigh products in Lynn and Garza counties and will probably locate in Tahoka. He and his wife have been teaching in Floyd county and Mrs. Brock will probably teach next year in this county.

Mrs. Tony Chisum of Amarillo, Mrs. Lester Stinson of Lubbock, and Mrs. Cora Curry of Roswell, New Mexico, have been here visiting their mother, Mrs. M. I. Ray. Mrs. Chisum and Mrs. Stinson have returned to their homes and Mrs. Curry will leave for her home this week.

Mr. and Mrs. J. A. Brashear left Wednesday morning to spend a few days at San Saba, where Mr. Brashear owns a pecan farm of 612 acres. He thinks the prospects for a big pecan crop are excellent. Beal Brashear is visiting his brothers in Lubbock this week.

W. D. Nevels went down to Abilene today expecting to bring Miss Willie Lois home for the summer vacation. She has been attending Simmons University the past year.

Mrs. W. D. Rhea of the Seagraves Signal, who was here Wednesday, reports that another big rain fell at Seagraves Tuesday night. They have had floods of rain over there.

Mrs. M. I. Ray has recently moved from her place south of town into her new home completed just two or three weeks ago in North Tahoka.

### South Ward Items

There was a good crowd out at Sunday School Sunday morning. Mr. Burl House gave us a good lecture.

There was an ice cream supper at Mr. Morris' last Saturday night, given in honor of Miss Alamae, as it was her birthday. A good crowd was there and everybody seemed to enjoy the affair. We also had music and played "42".

Mr. and Mrs. J. F. Greenwood were called to Dexter, N. M., last week to see their sick daughter, Mrs. Nelson. Glad to say she was improving when they returned home.

Mr. Red Curtis and Miss Alamae Morris visited at Mrs. Jewell Witt's last Sunday afternoon, the latter's sister.

Scratching cotton seems to be a big business now, on account of our big rain, but we were glad to get it.

Elder Kercheville will preach Sunday afternoon, also will preach at night through out the week. Let everybody come out to hear him.

Mr. Warn Lowry returned home last Saturday.

Lee McFadden and family visited Mr. and Mrs. Johnson last Sunday.

Mr. and Mrs. Hood visited Mr. and Mrs. Inman Sunday.

Mr. Boyd's folks visited Mr. Smelser Sunday.

A big crowd of kin folks were at Mr. Walter Hammonds' last Sunday.—Reporter.

### SCHOOL CLOSURES AT PETTY

Friday was a busy day with both teachers and pupils at Petty. The usual rush incident to closing exercises were apparent on every hand. The anxiety of children over the matter of what would be on their report card—retained or promoted—held them in doubt. Then the afternoon ball game scheduled between the school girls and the community women also held them in anxious expectation. All and all a big day for all was scheduled and was being carried out, when the rain came and deferred the night program.

The children and teachers had arranged for a basket lunch followed by cream and cake. This part of the program was underway when the gayety of the afternoon was interrupted by the heavy rain.

The school year at Petty was one of which the community should in every way be proud. The teachers, Mr. Humphries and Miss Ferguson, gave us a school term that benefitted the children in many ways. Our children were interested from the opening of the school year until its close. No disturbance in the school room nor on the outside interfered with our school progress. We speak the praise of teachers and commend the loyalty of children to them—which loyalty is always necessary in developing a school spirit. We regret that we cannot continue the school under the direction of the same teachers. We commend our teachers to the favor of those who appreciate culture and high ideals. We present our children to those who may be in charge in the coming year.

as children who have been taught the lessons of "How to Live" as well as the lessons learned of books.—Reporter.

### CONNOLLY RECEIVES HIS FIRST TOWN SEDAN CAR

Chester Connolly was displaying the first Town Sedan Ford ever shipped to Tahoka on Wednesday. He sold the car the same day to Mrs. F. M. Sherrod.

This car differs from the Fordor Sedan in that it has much more body space, both in length and width, and has several features that the Fordor

does not possess. In fact it has features that no other car selling for less than \$1500.00 has, according to Mr. Connolly. Mr. Connolly predicts that there will be a big demand for this car. He says that he is still maintaining his record in sales of the other types of Ford and expects this to be a record-breaking year in his sales department.

In per centage of native white population Abilene and Amarillo lead in the 1920 figures all but 554 of Abilene's population were included in that description and all but 996 of Amarillo's.

### ANNOUNCING!

That I have purchased the Park Meat Market and will continue to operate it in the same stand. Mr. Park will continue to supply the market with meat, and therefore we can promise the public just as good meats, as Mr. Park furnished. We respectfully solicit your patronage.

## CAMEL CIGARETTES

### WHY CAMELS ARE THE BETTER CIGARETTE

Camels contain such tobaccos and such blending as have never been offered in any other cigarette. They are made of the choicest Turkish and American tobaccos grown. Camels are always smooth and mild. Camel quality is jealously maintained . . . by the world's largest organization of expert tobacco men . . . it never varies. Smoke Camels as liberally as you choose . . . they will never tire your taste. Nor do they ever leave an unpleasant after-taste.

to our attention.

#### THE BATTLELINE IS NOT YET DEAD

"In the United States a powerful  
organization for the repeal of the  
prohibition amendment has been  
formed. It is supported by many  
prominent names, and is strongly  
financed. The organization is seeking  
to develop in several states branch or-  
ganizations, and especially to organ-  
ize women in opposition to the Wom-  
en's Christian Temperance Union.  
Naturally, the Union and the Anti-  
Saloon League are preparing to meet  
the challenge, and it may be assumed  
that addresses, discussions and a war  
of pamphlets will be fully in evidence  
during the next few months."—Dat-

#### The Morning News

The above is an excerpt from an  
editorial in the Dallas Morning News  
of last Sunday. Evidence that a  
"powerful organization for the repeal  
of the prohibition amendment has  
been formed" is to be seen every-  
where. Almost every daily paper in  
this country almost every day carries  
the propaganda of this organization.  
Some of the weekly papers carry it.  
Many of the national magazines are  
filled with it, notably Collier's. A  
desperate fight is yet to be made  
against the Eighteenth Amendment  
and the Volstead Act. But we have  
the confidence to believe that it will  
be a losing fight.

But suppose Smith had been elect-  
ed President. He would have thrown  
all the mighty power and prestige of  
that great office into the fight on the  
side of the veto. The veto would  
have had the added advantage of a  
population of prohibition at the  
polls. Who can tell what the results  
would have been? A blind "nigger"  
with one brain cell could tell that un-  
der these circumstances the veto  
would have had a powerful advantage  
and would have waged the battle with  
greater confidence and enthusiasm,  
while many of the days would have  
been discouraged and apathetic.

We have never expected for one  
moment and never expected to regret  
that we voted last fall to strike down  
the rising power of the lawless and  
defiant liquor interests and to uphold  
the Constitution and the laws of our  
country.

But this gentleman is not yet dead  
and we never expect to let up as  
long as it shows signs of life.

### The Sanarillo Cafe

Caters to the tastes  
of the most fastid-  
ious, and we give  
service.

While we are talking dairy cows  
and hogs and poultry everywhere, we  
like to ask why more sheep are not  
raised in Lynn County. A few  
sheep on any farm would keep down  
the weeds in the pasture and could be  
fed an insignificant cost. Wool  
and mutton each commands a good  
price. Why not more sheep?

We are wondering if more alfalfa  
and clover could not be grown in  
Lynn County. These meadow crops  
are grown successfully in some places  
on the plains and we see no reason  
why they should not be grown more  
extensively in Lynn County.

#### CORN—IN THE EAR, NOT IN THE SILK

And now the question arises once  
more: Did we get exactly the right  
kind of advertising at the WEEC con-  
vention at Tahoka? Did the visitors  
there take us literally, or were they  
so dumb that they could not see that  
our folks were speaking in parables  
when our crowd was trying to im-  
press them that old Terry was the  
corn country—the modern Egypt, for  
instance. But in these days of unpre-  
judiced, it seems there is corn in  
the ear, shelled, cracked, grained or  
lugged. Corn in the ear, cobs,  
silk, and glass containers. It is  
measured and weighed by both the  
avoirdupois and apothecary systems.  
But people are funny that way. A  
portion of the visitors over there it  
seems, scented the air and headed a  
bee line for Brownfield when the ses-  
sion was over, but the final think-  
ing of Brownfield only affected  
them coffee or coke when the "high  
sign" was given. Some of them even  
took the wrong view of what one  
of our preachers said about looking  
after the "spiritual needs" here, and  
decided that he might have some-  
thing to say about the matter since  
the convention, which leads us to be-  
lieve that our delegation got into  
advertising, but we are inclined to  
think that they were grossly misin-  
terested, for all who have come over  
thinking to sample our particular  
grade of "corn" which they claim  
our folks led them to hope for, were  
nearly shorn huge piles of it in the  
stack—the legal commercial condi-  
tion—and our visitors probably said  
"stuck" and went home, and but the  
wheat.—Terry County Herald.

Don't be worried, Jack, all of us  
understand your delegation perfectly.  
If some fool saw and then sus-  
pected that what your representa-  
tives said might not be wholly a joke  
and went to Brownfield seeking  
"corn"—in jug and jar and glass  
ware—and found only coffee and  
"coke" and grape, juice, and fuel is  
not to be pitied. He was wrong in  
not being able to find "corn" in the  
fluid form. Corn in the stack is a  
blessing to humanity, but corn in the  
jug is an unmitigated curse. Terry coun-  
ty produces much corn on the  
cob and very little in the jug, we  
have been told, which is a splendid  
recommendation for Terry county.

The high winds that swooped down  
on our peaceful country last week,  
presumably from West Texas, possi-  
bly Tahoka (E. I. Hill's country) did  
a lot of damage to growing crops,  
besides proving destructive to a lot of  
fruit. But of course, we are not hold-  
ing this against Hill—as it is reason-  
able to suppose he cannot keep his  
winds from straying away from home  
now and then.—Killean Herald.

We do not know whether your high  
winds came from Tahoka or not but  
we are of the opinion that if one of  
these Tahoka winds decided to put on  
a demonstration down at Killean it  
would do it in spite of brimstone and  
high water. These south plains winds  
usually set just about as independent  
and stubborn as a West Texas How-  
er Democrat, one of whom we were  
which in the recent campaign. But us-  
ually our winds act straight here at  
home. It is only when they stray off  
down to Central Texas and North  
Texas that they go "crooked" and be-  
gin to twist and to whirl and to  
raise Gehenna generally. Come out  
occasionally, W. T., and enjoy our  
gentle breezes, and if you will stay  
long enough we will promise to put  
on a sandstorm demonstration that  
will put lots of sand in your craw—  
of which you have plenty already,  
however.

Announcement has been made that  
they are now making an airplane  
that will carry thirty-two passengers.  
The "car" is built on regular Pull-  
man style and will accommodate six-  
teen night passengers. It is expected  
that this and similar planes will make  
regular flights across the continent  
in 26 hours. It seems that freight  
and passenger transportation through  
the air is just in its infancy. Who  
can tell what another quarter of a  
century will bring forth?

Plainview long ago became noted  
among the towns and cities of the  
plains for her beautiful lawns. Plain-  
view uses blue grass and clover  
almost exclusively on the premises  
of her public buildings and of her pri-  
vate homes. Why not try it more ex-  
tensively in Tahoka? A. L. Lock-  
wood is one resident of our city who  
has tried it and he recommends it  
unreservedly. Why not make more  
general use of it?

Tahoka ought to be able to run  
strictly on time now. L. F. Craft,  
laundry man, has his whistle sound-  
ed three times each day, promptly at  
8, at 12, and at 6. Makes us feel  
as if we were in the heart of some  
industrial district, the way that whis-  
tle blows.

#### BUICK COMPANY TO BEGIN BUILDING OF MARQUETTE

The new Marquette which will be  
offered to the public in the near fu-  
ture is an exclusively built and de-  
signed product of the Buick Motor  
Company. The motor and nearly all  
of the other mechanical parts of the  
new Six will be built and assembled  
in units at the plant and last long  
Buick plant at Flint, Michigan.

Preparations have been under way  
at the Buick factory since last Decem-  
ber to house the manufacture of the  
motors for this new addition to the  
Buick line. One unit of the big plant,  
comprising 7,720 square feet of floor  
space, has been given over exclusiv-  
ely to additions to this plant as such  
expansion becomes necessary. Other  
units of the Buick plant have been  
arranged to handle the production of  
additional Marquette requirements.

It is only through the practice of  
the most modern scientific principles  
of factory management that the Mar-  
quette is able to enter the medium  
price field. Buick has been able to  
hold the price of the car down in the  
range at which it will be offered by  
the additional use of facilities and  
machines already installed.

This plant economy is further aug-  
mented by the existing world-wide  
Buick distributing and service organi-  
zation which has been in the making  
for the past quarter of a century and  
into which the new line will fit with a  
minimum of additional expense. These  
factors have produced enormous sav-  
ings in production and marketing of  
the Marquette and have enabled Buick  
to offer the new car at a price within  
the reach of millions.

However, all of the Buick factory  
facilities were not adaptable to the  
production of the Marquette, which is  
a distinctively new creation, and  
Buick for many months past has been  
intensive purchaser of shop equipment  
and specialized machinery. In addi-  
tion to many other new mechanical in-  
stallations, a gravity carter system  
has been installed in the Marquette  
motor assembly plant which is now in  
operation.

Officials of the Buick Motor Com-  
pany indicated during the past week  
that announcement of the date of the  
offering of the new car will be made  
within a few days.

#### FINDS SWEET CLOVER A GREAT PASTURE CROP

OLTON, Lamb County—One and  
three-fourths acres of sweet clover is

work more than forty acres of in-  
dividual pasture for grazing alone, not  
counting the soil improvement qual-  
ities of the clover, according to George  
Bohmer who sowed this crop last Au-  
gust for the first time. Planting it  
as a demonstration in co-operation  
with D. A. Adams, county agent. Mr.  
Bohmer got a perfect stand and six  
weeks after sowing grazed two cows  
on it for four-five days. The  
cows gradually increased in weight  
until by April they had gained  
pounds in milk production. In ad-

# ON DISPLAY SATURDAY JUNE 1ST

#### A NEW SIX AT A PRICE WITHIN THE REACH OF MILLIONS

On Saturday, Buick will present the new  
Marquette—designed by Buick engineers and  
built in Buick factories. Marketed as an ad-  
ditional member of the Buick family, it will in  
no way affect Buick itself. Buick will continue to  
express the policies that made it the leader  
of the fine car field for the past quarter-  
century. In the smart, comfortable bodies  
of the Marquette you will recognize the fine  
hand of Fisher design. In its balance and  
price you will see experienced engineering.  
And in performance—that final standard by  
which all cars are judged—you will find the  
Marquette leading its price class by an impres-  
sive margin. Be on hand when this wonderful  
new car is shown Saturday. See what a  
remarkable new automobile Buick has pro-  
duced at a price within the reach of millions.

**WHAT OTHERS THINK**

**UNHAPPY PLIGHT OF FREE TRADE**

The sad case of a child disowned by his parents seems likely to be duplicated by the present plight of Free Trade in this country. There was a time—not so long ago either—when the word "demonstrator" in itself stood for sturdy resistance to the constant onslaught of the tariff hogs who won their favors by pitiful appeals to Congress against that destructive monster "foreign competition." Against them was arrayed the steadily unbroken front of the democratic party. It remained steady and unbroken for some scores of years. Then, suddenly something happened. Free Trade woke up one morning to look at the familiar face of his parent and discovered a certain coldness thereupon. Worse, he could not be quite sure that the parent-and-son status was to continue.

Circumstances leading up to the strained relationship are somewhat obscure, but in general they follow this line of logic: the electorate must be pleased; industry, the Republicans say, has prospered enormously under the G. O. P. regime; the G. O. P. is a protectionist party. Democrats began to weaken in view of this rather generally accepted idea, and a gesture in deference to protection was made during the last campaign. Now we find Speaker Longworth welcoming all Democrats into the fold of the high-tariff system. Mr. Garner takes opportunity to broadcast by radio the news that his party is not a low tariff one. Senator Ransdell congratulates his colleagues on at last "seeing the error of their ways." But to make a puzzling situation worse, the Democratic party has by no means gone the whole hog. There are still an influential number of them who can be trusted to fight local-minded politics and disregard for internationalism and they have not lacked courage to vociferate their opinions. Between these two attitudes of cold rejection and ardent welcome the bewildered Free Trade is caught. Is it any wonder that he is puzzled over his parentage?—Slaton Slatonite.

A noted Berlin scientist declares that the ape is descended from man, but C. E. Mann of the Osborne County Farmer thinks that the professor should have positive evidence on the matter before casting such a reflection on the ape. For instance he says no ape was ever known to stay out two thirds of the night serenading the girls and attempting to sing "Sweet Adeline" or "Good Night, Ladies". There is no evidence that any ape ever had his picture published in a cigarette advertisement or gave a testimonial for a patent medicine. Furthermore, there is nothing on record to prove that any ape ever dug up from \$15 to \$20 for a pint of vile liquor that might permanently blind him or burn a hole in his stomach. Common fairness to the long and honorable record of the ape should make the average human hesitate before trying to claim him as a relative.—Clarendon News.

It has only been a few years since the opinion was general that a rich man might commit any crime and escape the law's punishment. There has been much in recent months to indicate a general public demand that the rich as well as the poor must pay for their misdeeds. Sinclair, rich oil man, thought he was bigger than the United States government and that his wealth would secure him immunity from court orders, is serving

a term in the federal penitentiary for contempt in refusing to give testimony demanded. Up at Amarillo, a former justice of the commission of appeals, who had passed on whether many men had been fairly tried for their crimes, a few days ago killed his son-in-law, when the young man came in to confess his secret marriage to the former justice's daughter. The grand jury promptly indicted him for murder and held the slayer in jail without bond. All over the land sympathy is being aroused for the law-breaker. We are forgetting somewhat our sympathy for the law-breaker. We are beginning to realize that life, that property is entitled to protection, that law is sacred and must be obeyed by rich and poor alike. Money has not the weight that it once had. High place is no longer immunity from punishment for crime. Growing out of a crime wave that grew large in its proportions is coming a sentiment for the prompt trial of the accused, for just punishment when he is guilty.—Hamilton Herald-Record.

A certain woman resident, shocked at the language heard between two men who were busily occupied in mending a telephone cable, wrote in to the company about the matter. The foreman was asked to make an official report on the incident. He did and in the following way: "Me and Bill was on the job. I was up a pole and accidentally dropped some hot lead on Bill's neck. Then Bill said to me, 'You really must be more careful, Harry.'"—Hamilton Herald-Record

A debate between two negroes of different religious faiths has been in progress in dark-town of Floydada the past few days, and some time soon should reach the stage where the best man will win.

The blacks are a little more elemental than the whites and they can't help putting their thoughts into actions at times. However, come to think of it, oceans of Gallic, Anglo-Saxon and Latin blood have flowed over religious differences. Human nature is funny.—Floyd County Hesperian.

The Aspermont Star says roasting ears are being shipped from the Rio Grande in car lots. Roasting ears are fine food, but dangerous. We remember back in the days when we were a detective, trailing a flop-eared mule around a cotton patch, we ate a half dozen fresh roasting ears and gave the mule the same number and we came mighty near losing that mule.—Rotan Advance.

**Locals**

Dr. and Mrs. R. B. Smith and daughter, Miss Merle, returned Saturday from a week's trip spent in recreation and travel through southwest Texas. The Doctor says they caught a lot of fish at Junction, which he declares is one of the finest fishing resorts in Texas; that they stopped over a day or two at Del Rio and came back through the Davis Mountains. The Doctor says that it is not necessary for any Texan to leave the state to see beautiful scenery. He declares that as sublime scenery may be seen in the Davis mountains as anywhere in Colorado.

Jack Hannah was taken to a sanitarium at Lubbock Saturday for further treatment. It was found that another operation would be necessary, which was successfully performed, and he is doing as well as could be expected under the circumstances. He was found to be in a most critical condition when taken to the sanitarium. Relatives say that it will probably be thirty days or more before he will be able to return home.

County Superintendent H. P. Cave-ness and County Attorney G. H. Nelson attended the closing exercises of the Joe Bailey school last Friday night, Mr. Nelson making the address to the graduating class. Nine grades are taught in the Joe Bailey school and there were, four members of the Senior class, all of whom are planning to attend the Tahoka High School next year, Mr. Nelson states.

Dr. E. E. Callaway was knocked down, receiving a severe abrasion on one hand and a painful injury to one foot, when a car backed back from the curb where it was parked Saturday morning and struck him. The driver failed to see the Doctor as he backed the car out.

Lloyd Spence, 13, son of Mr. and Mrs. C. C. Spence underwent an operation for appendicitis in a sanitarium at Lubbock last Thursday. He is said to be recovering nicely and will soon be at home again.

Mrs. Jack Applewhite and children and Mrs. S. R. Kemp and son, Simeon, left Friday for a few days visit with relatives in Oklahoma City.

C. D. Knight, of Eastland, now on the road selling Intertypes to job printers and the boys of the newspaper fraternity, was here Saturday visiting his brother, George, and called at the News office. If C. D. is as good an Intertype salesman as George is a car peddler, he will soon have a machine in every shop in West Texas.

Sam Reid says that the new filling station out near the Frank Vaughn home on the Post Highway six miles east of Tahoka, will be completed this week. Its dimensions are 22 by 56 feet. It will be operated by J. B. Hilton.

Mr. and Mrs. A. D. Sanders left in their car Sunday for a pleasure trip and a visit to relatives in Los Angeles, California. They expect to be gone about two weeks.

Mrs. T. J. Faught and little son, Owen of Roscoe are here visiting her daughter, Miss May Faught, who holds a position in the Jones Dry Goods Company.

Miss Merle Smith will leave Saturday to spend the summer in the S. M. U. at Dallas. She will teach again next year in the O'Donnell High School.

Frank Larkin has sold his handsome residence out in northwest Tahoka to B. C. Dollins. He intends to erect another one in that part of town some time soon.

Mrs. L. Carley and son, Cassius, and two daughters, Misses Edna and Lucille, of Cooleidge were guests last week of Mr. and Mrs. J. K. Callaway.

J. L. Tinsley of Crosbyton was the week end guest of Mr. and Mrs. J. O. Tinsley of this place. He is the father of J. O.

Mr. and Mrs. Charles Leonard of Mrs. A. G. Freeman, are visiting at Albany spent the week end with Mr. Belton and in East Texas this week. and Mrs. J. O. Tinsley here. Bill Speight is visiting in Abilene. Harvey Freeman and his mother, this week.

**Years of service in MODEL T FORDS**

THE Model T was so strongly and sturdily built that it is still rendering reliable, economical service to motorists in every section of the country. Millions of these cars can be put in shape for two, three and five more years of use at very small cost.

So that you may have this work done economically and satisfactorily, the Ford Motor Company is still devoting a considerable section of its plants to the manufacture of Model T parts. It will continue to do so as long as they are needed by Model T owners. The following list gives the approximate labor charges for reconditioning the Model T Ford—

Engine	
Tune motor (including replacement of commutator case, brush and vibrator points if necessary)	\$1.00
Grind valves and clean carbon	\$5.75 to 4.00
Overhaul carburetor	1.50
Reline detachable car transmission bands	1.50
Install new pistons or connecting rods	6.00
Tighten all main bearings	6.00
Overhaul motor and transmission	\$20.00 to 25.00
Rear System	
Replace rear axle assembly	2.50
Install universal joint	3.00
Reline brake shoes	1.50
Replace rear axle shaft, drive shaft pinion, or drive gear	5.00
Overhaul complete rear axle assembly	\$5.75 to 7.00
Rebush spring and perches	1.75
Oil and graphite springs	3.00
Front System	
Overhaul front axle	\$4.00 to 5.00
Rebush spindle bodies and arms (both sides)	2.50
Replace or straighten spindle connecting rod	.75
Tighten radius rod or steering ball cap	.60
Tighten all sockets and joints of front end	1.50
Replace front spring tie bolt or new leaf	2.50
Straighten front axle	3.00
Chassis	
Replace rear fender	1.75
Overhaul steering gear	3.50
Repair muffler	1.00
Overhaul radiator	7.50
Repaint Coupe	25.00
Repaint Sedan	25.00
Repaint Touring Car	20.00
Reupholster Runabout	8.00
Reupholster Touring Car	15.00
Replace top deck (Coupe or Sedan)	4.00
Overhaul starting motor	3.00
Overhaul generator	2.60

These prices are approximate and are for labor only, because the need and number of new parts depend on the condition of each car. The charge for these parts is low, however, because of the established Ford policy of manufacturing and selling at a small margin of profit.

**FORD MOTOR COMPANY**

**"HURRY WITH THE SERVICE CAR"**  
**THE OIL BROKE DOWN**  
**DON'T LET THIS HAPPEN TO YOU**

STRANDED five miles from nowhere because the oil wouldn't do its job! Has that happened to you? If it has, the chances are that you were not particular the last time you had the crankcase drained — or perhaps you ran too long without changing the oil. This will be a slack summer for service cars if motorists will remember two things: first, to change oil regularly, and secondly, to use only a brand of oil which they know from their own experience or the experience of others will stand up under the most trying conditions of motor operation.

You can depend upon any oil which has the backing of the Continental Oil Company. These are the brands which have been tried and tested — in the laboratory and on the road. They lubricate thoroughly, protect every moving part and stand up under intense heat.

Ask for these brands at leading service stations and garages.

**CONTINENTAL OIL COMPANY**

Producers, Refiners and Marketers of high-grade petroleum products in Arizona, Arkansas, Colorado, Idaho, Kansas, Missouri, Montana, Nebraska, New Mexico, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming

Conoco Amalie is 100% Pennsylvania Oil—refined from premium crudes by a special process. Universally recommended by automotive engineers and lubrication experts. Through exhaustive laboratory and road tests it has demonstrated its ability to lubricate properly under the most trying conditions of motor operation.

**EXTRA LIFE for your car**

**ON MARRIAGE WILL BE STOPPED BY NEW LAW**

RUSSON, May 28.—"Our marriage" meetings will show a startling decline in Texas, if the state has the same experience as California when the new law requiring three days' notice of intention to marry goes into effect tonight, June 12.

California's hot-ear matrimony declined away overnight when they were required to take time to think it over before saying "yes." Comparison in Texas of before and after marriage rates is expected to disclose whether changes that many marriages are thought up under the promptings of love and consummated on the spur of the moment.

This was one of the claims made by sponsors who put the revolutionary law over in Texas.

The house members of the law-making body talked or an amendment that a man who proposes to marry must present a certificate from a physician that he is free of social disease. Governor Moody promptly approved the law.

Now county clerks are armed with new blank books and are required to keep on their feet for at least three days and not over 30 days, signed and sworn declaration of intention to marry, before license can be issued.

Cost More Now  
Doctors likely will charge prospective bridegrooms the nominal fee of \$2 to \$3 for the examination; it was said here. County clerks are authorized to increase the charge for the license from \$1.50 to \$2.

The law is brief and pointed. It carried the "emergency clause," but was not enacted by a sufficient vote to make it effective back in March when it was enacted.

**BLOOD TRANSFUSION FOR MRS. FORRESTER**

Because of her weakened condition it was necessary for a blood transfusion to be made before Mrs. E. C. Forrester could undergo an operation at the Lathrop Sanitarium.

Five boys from the school volunteered to offer their blood—Roy Eckburg, Vernon Grantman, Luther Coleman, Rurio Styles and Geo. Cole. After testing the blood from these boys, that of Cole was chosen. A part of the blood was taken and used for the transfusion. Both Cole and Mrs. Forrester stood the operation fine, and Mrs. Forrester has shown rapid improvement.—Wilson Pointer.

**LAMESA C. OF C. OUTLINES PROGRAM OF WORK FOR 1929**

LAMESA, May 28.—The local Chamber of Commerce has before it a definite major program according to W. D. Arnett, president. It will undertake for the year the following program as stated the official: Location of a Milk Plant, a Public Library, paved streets and highways, an Air Port and more Tree Planting this fall.

**MURDER RATHER EXHIBITED BY FARMER HERE MONDAY**

E. E. Shugar, landed in the following comment on a huge cattle vinty had been killed by a farmer and brought to town for exhibition Monday. The monster was killed on a few miles southwest of Tahoka.

"The corpse of a large rattlesnake was on exhibition in our town a few hours Monday", Mr. Shugar writes. "He looked to be an old timer and had the usual amount of buttons, rattles, and other furniture, that made him rank high in his class."

"A rattler is not like people—just get tired of life and curl up and die. Neither do they reap the benefits of an accident. To live on is their business, it spite of the weight of years. When you see a dead rattler, an ugly club or a shell from some wicked gun tells the awful story of the tragedy. It seems that it was foreordained and predestinated before the foundation of the world that rattlers were not to be allowed to die a decent and peaceful death."

"We don't know of a friend a rattler has outside of his own family circle. He strictly lives to himself and dies at the hands of the wicked Gentiles. We will give the rattler credit for one thing; he likes to live in a good country."

**WEDNESDAY MORNING DEMONSTRATION CLUB HOLD MEETING**

The Midway E. D. Clark met Friday May 24th with Mrs. G. A. Warren, Miss H. Pennington, T. Cowan, Jr., J. E. Strain, I. M. Draper, J. W. Slower, G. A. Warren and Miss Ina Floyd were present. Misses Eva Cowan, Georgia Slower, and Mrs. E. R. Dinger were visitors for the afternoon.

The program for the afternoon's study was carried out with interest to all.

One new member was enrolled. The club will meet with Mrs. H. Pennington on June 14th.—Reporter.

**TRUCK SPILLS THE BEANS**

While en route from Station to Lamesa Tuesday with several thousand pounds of groceries loaded on a trailer, a truckman from Station spilled the lot in a mud hole north of town on the Wilson-Station highway.

There was a mud hole along there and while trying to dodge it, he climbed a little too high on an embankment and the trailer became unbalanced and catapulted into the mud hole.

Matches, rice, oats, canned goods, vinegar and what not took a good ducking. The trailer was also badly damaged.—Wilson Pointer.

**FAIR HEADS APPOINTED**

The Fair committee was appointed last week by W. A. Brasher, president of the Chamber of Commerce. They were W. M. Kopecky, E. A. Kalich, August Fischer, Kama Grigg, Mrs. A. L. Fashon, Mrs. Watson and J. Carl Holden.

The plans this year call for a two days fair and greater attraction than have had last year.—It is hoped to have a fair equal to any County Fair.

A meeting of the committee will be called soon and they will be organized and it is hoped that a program list will be available within the next two weeks.—Wilson Pointer.

**DAIRY INDUSTRY IN DAWSON COUNTY IS GROWING**

LAMESA, May 28.—In Dawson county farmers are going the Dairy Route and a majority of them have become dairy minded. Recent surveys show that in Dawson County there are more than six thousand good milk cows. Of this number 35 per cent to 40 per cent are of the Jersey type. Of this number better than 250 are registered and pedigreed. In the county there are 30 registered Jersey bulls and all are in circles. The survey shows better than 2,000 head of heifers, stock that will be added to the cow population in the next twelve months. The milk production in Dawson County is now estimated to pass the 40,000 pound mark per day.

If this amount of milk could be concentrated at some Milk plant it would more than start its production at a profit the first day. With such an industry at Lamesa an acre of better than 40 miles every direction could be served and this production would appreciate increase, to say nothing of the increase that would be made by Dawson county farmers alone. The local Chamber of Commerce has for one of its major projects here this year the location of such an industry here. It is said, and therefore along with the industry a decided increase in the Dairy Cow population of the county and immediate section.

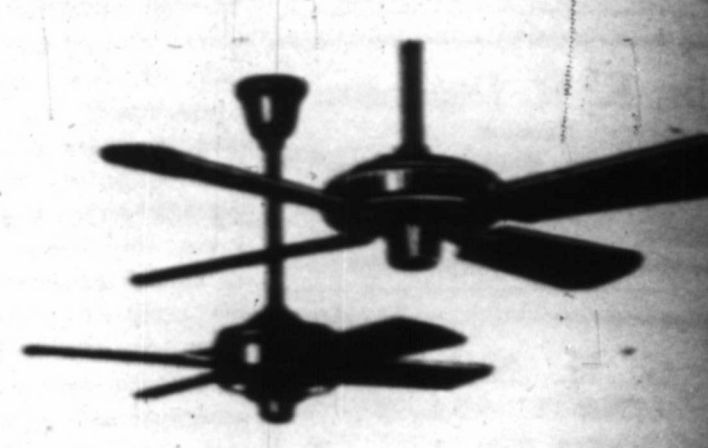

It is further pointed out that Dawson County and the Lower South Plains is indeed "The Land of Feed" and this agricultural product can be produced here at a much lower cost than in any other section of the United States. Feeds in our land here and more than 1,000 cars in all, have been shipped from the Lamesa Station in the last twelve months, to all sections of the country, where they have been ground into balanced rations for cows, hogs and poultry. These getting the feeds produced here are paying from six to eight dollars per ton to have some delivered and then a decided profit is added to grind these feeds into balanced rations. According to W. W. Evans, County agent here, a balanced ration for a milk cow can be had of Dawson county grown feeds at present—Dawson county feed prices at the small cost of 75 cents per 100 pounds of milk. It is said by experts that this small cost will insure not only the successful operation of some sort of milk factory here but the successful maintenance of Dairy Cows in this section, even for home and creamery consumption.

A plan is now being launched by the local Chamber of Commerce to locate a Milk Plant here. Committees are now at work compiling data that will be valuable in determining the type of plant that will be indorsed for this section. If present plans materialize the next ten days will reveal a new and needed industry in this connection for Lamesa and Dawson county as well as the lower South Plains of Texas.

READY women are working together to establish a community center which is to be both a social and recreational center, with club rooms, reading rooms and playgrounds. A public library with large grounds surrounding it is their ambition.

Graded into production some young steers that brought \$2000 a head—the highest price ever brought in Texas were 700 head in the Young County. The animals belong to W. A. and E. H. ...

**LAMESA FARMER TO PLANT LARGE CROP OF SUNFLOWERS**

LAMESA, May 28.—J. E. W. Weaver and ranchman of this county and pioneer of the new sun crop for the South Plains state he will plant some 1300 acres of sunflowers this year. Other sections of the county will likely plant amount of acreage, it is making a total sunflower acreage Dawson county of approximately 3,000 acres. Weaver states this year this new crop will plant about 1 res to this new crop while a counties will plant small amount. Weaver found this new crop able both last year and the year before, yielding around six to hundred pounds per acre and for five and six cents per bushel. Counting the minimum labor possible required to produce it it is indeed profitable. Weaver The principal type of seed plant the Manchurian and Russian annual sunflower day is being used again this year according Weaver's plan. Weaver is selling the choicest planting raised here—and it is said it soils are especially adapted crop on the South Plains—for at \$90.00 per ton.

These counties have been given privilege of selecting their own for exhibition at the 1929 State of Texas. New score cards culture at the 1929 exposition has recently been adopted by every county in the state on a footing. A third more spacing added to the Agricultural ing.

LAMESA FARMER TO PLANT LARGE CROP OF SUNFLOWERS

LAMESA, May 28.—J. E. Weaver, farmer and ranchman of this section and pioneer of the new sunflower crop for the South Plains states that he will plant some 1500 acres to sunflowers this year. Other farmers in the county will likely plant this amount of acreage. It is thought, making a total sunflower acreage for Dawson county of approximately 2,000 acres. Weaver states that Lubbock county will plant about 500 acres to this new crop while adjacent counties will plant small acreages. Weaver found this new crop profitable both last year and the year before, yielding around six to seven hundred pounds per acre and selling for five and six cents per pound. Counting the minimum labor and trouble required to produce this crop it is indeed profitable, Weaver states. The principal type of seed planted is the Manchurian and Russian. The annual sunflower day is being planned again this year according to Weaver's plans. Weaver is today selling the choicest planting seed raised here—and it is said that the seed are especially adapted to this crop on the South Plains—for as high as \$300.00 per ton.

Texas counties have been given the privilege of selecting their own crops for exhibition at the 1929 State Fair of Texas. New score cards for agriculture at the 1929 exposition which has recently been adopted puts every county in the state on an equal footing. A third more space is being added to the Agricultural building.

Locals

F. L. Willingham came in this morning and begged for help. "Take that ad of mine out quick," he demanded. "It is running me ragged; can't supply the demand." He had reference to a little egg-and-baby chick ad which he had been running in our classified ad column. Our little want ads get results.

Mrs. J. H. Kaykendall of the Edith community was taken to a sanitarium at Lubbock Sunday for an operation for appendicitis, which was successfully performed Monday and the patient is reported to be recovering nicely.

Herman Turner, who was in business in Tahoka with his father, E. H. Turner, for a number of years, has located in Hobart, Oklahoma, having purchased a barber shop there. He has ordered the News sent to his address.

H. B. Brochero of Clovis spent most of the week here on business, and he expressed himself as being delighted with Tahoka and Lynn county. He had not visited this section of the plains until recently.

J. B. Nance returned Wednesday night from a trip to Dallas and other points in that section and reports that terrific rains fell while he was there, six to ten inches.

J. G. Little left today for Holiday, where he expects to spend several weeks visiting his son, N. E. Little. He made arrangements for the News to visit him while there.

R. H. Turner, who recently made a trip to Hobart, Oklahoma, says that the wheat crop in the southwest portion of that state promises to be fine.

Miss Ida Small returned last week from Fort Worth where she had been for several weeks.

Adrain V. Ray of Post was a business visitor in Tahoka Wednesday.

TURKEY sent a representative to Tulsa to get "Bossy", County Agent H. E. Ellis purchased a Pure-breed Jersey cow which was given away at the Trades Day observance on May 25th. This is the capital prize in the gift distribution, other prizes being a sow and a trio of chickens.

LOMETA is receiving wool from adjoining counties and approximately 200,000 pounds are in the warehouses now. Two cars have been shipped to Boston to one of the largest wool handling concerns in the world, and five or ten cars will be shipped later.

WEST TEXAS TODAY, which will be in the mails this week contains detailed accounts of two recent district conventions of the West Texas Chamber of Commerce, these being the South Plains meet at Tahoka and the Greenbelt Lower Panhandle meet at Seymour.

CHANNING 4-H boys are the recipients of a car lot of pure bred Jersey calves from North Central Texas. The purchase of the calves was made possible through the co-operation of the First National Bank who financed any boy who wanted to become the owner of one of the calves.

RURAL CARRIERS CONVENTION HELD IN BROWNFIELD

Quite a crowd of Tahoka citizens are in Brownfield today attending the first annual convention of the rural carriers and postal employees residing in the Eighteenth congressional district.

This district embraces more than fifty plains and Panhandle counties and 300 to 400 riders were expected to be in attendance on the convention, according to Mr. Shelton, secretary of the Brownfield Chamber of Commerce.

Those in attendance from Tahoka include Postmaster D. A. Parkhurst, accompanied by Mrs. M. A. Stroud and Mrs. Mattie Bradley, postal clerks; G. M. Reed and M. O. Cassidy and their families, and rural route carriers W. E. Sudarth, J. N. Wootley, J. C. Eubanks, and E. J. Reed and their families. C. C. Williams, secretary of the Tahoka Chamber of Commerce, G. C. Grider, county judge, and G. H. Nelson, county attorney, also went over to invite the body to meet in Tahoka next year. Invitations to meet here were extended by the Tahoka Chamber of Commerce and the Kiwanis Club.

MRS. KING ENTERTAINS SANS SOUCI BRIDGE CLUB

Mrs. Robert H. King entertained the Sans Souci bridge club Thursday afternoon.

The refreshment plate consisted of a dainty salad course, and was served to the following: Mesdames G. M. Stewart, W. B. Slaton, A. D. Sanders, Jr., Chas. F. Shook, A. D. Childers, Otto Thomas, Skip Taylor, Lane Moreland, Marshall Swan, E. E. Callaway, Tom Lemon, Hansford Tunnell, A. B. Swan, L. F. Craft, Frank Larkin, C. C. Williams, J. H. Powell, and Margaret Houston of Florida.

MESSES. TUNNELL AND CRAFT ENTERTAIN WITH BRIDGE

Messes Hansford Tunnell and L. F. Craft entertained a number of their friends with a bridge party Wednesday afternoon the latter's pretty new home. Vases of pink roses were used in the decoration of the room.

Mesdames Chas. F. Shook and Oscar Roberts tied for high score.

The hostesses served ice cream and angel food cake to the following guests: Mesdames C. B. Townes, G. M. Stewart, L. E. Turrentine, Frank Larkin, M. O. Bridges, Carl Griffin, W. B. Slaton, Buford Swan, Marshall Swan, Pywell, C. C. Williams, Chas. F. Shook, Margaret Houston of Florida, Robert H. King, E. E. Callaway, R. W. Fenton, J. J. Skip Taylor, Bill Burleson, Lane Moreland, Jack Alley, Oscar Roberts, W. O. Henderson and Frank Hill.

MERKEL has started work on the paving of Oak Street which is to be solid concrete 40 feet wide and boulevard. Nineteen ornamental lights of the same design as now in use in the business district are to be placed in the street intersections and between street intersections.

Delaware and Nevada furnish the fewest citizens to Texas. In the 1920 census 234 persons of Nevada birth and 234 of Delaware births were in the Texas enumeration. Of the total population 70.9 per cent were born in Texas, 20.8 per cent were born in other states of the union and 8.3 per cent foreign born.

ARCHITECT DRAWS PLANS FOR NEW TAHOKA THEATRE

Harvey C. Allen of Lamesa, architect, was here Tuesday conferring with D. E. English concerning plans for the new theatre to be erected here soon by Mr. English.

Mr. Allen stated that the plans would be completed within about ten days and Mr. English will then be ready to receive bids for the building contract. Mr. Allen states that the Egyptian style of architect is to be used, and that this theatre when finished and equipped will be second to none in all this section—that it will be one of which the citizens of Tahoka and Lynn County may well be proud.

REVIVAL MEETING AT SOUTH WARD ALL NEXT WEEK

A revival meeting will begin at South Ward Sunday afternoon at 3:00 P. M. and services at 8:30 P. M. will continue throughout the week. Elder W. A. Kercheville, J. C. Eubanks and L. A. Nowlin will do the preaching. Services each evening. Everybody invited to attend.

CHAMBER OF COMMERCE MEET AT SOUTH WARD

Members of the Tahoka Chamber of Commerce will meet with the people of South Ward in a community meeting Friday night. A nice program has been prepared and a good crowd is expected. All Tahoka business men are urged to be present.

ASH SYNDICATE WELL IS DOWN 2,000 FEET

Drilling is progressing satisfactorily on the Ash Syndicate wildcat well five miles west of Tahoka, according to Mr. Dempsey, the boss of the works out there. They had reached a depth of 2,000 feet this morning, and "That's all there is to say" Dempsey stated.

Preaches of Good Sargon Did Her

"Since taking Sargon I have felt in better health than in the last five years."

"My stomach was in such an upset condition that most everything I ate soured instead of digesting properly. I would have such bloating pains after each meal that I hated to eat. About twelve years ago I had a fall injuring my hip and knee, and I have been troubled with rheumatism in my joints ever since."

MRS. LULA E. PETERSON

"An inactive liver caused me to be constipated, and I was continually taking laxatives. I had many a restless night from all this suffering and would be as tired in the mornings as though I had never gone to bed. Nothing I took helped me."

"Sargon made me feel like a different woman. My appetite has come back and I enjoy my meals. My stomach is soothed and my digestion improved so I don't suffer bad effects after eating. The rheumatism disappeared and I rest much better at night. I get up in the morning feeling refreshed and full of life and energy."

"Sargon Soft Mass Pills toned up my liver and rid me of constipation in a natural manner. My whole system is reconditioned and filled with new health."

"Sargon has helped me so remarkably that I am preaching to all my friends about its benefits and will continue to praise this wonderful medicine every chance I get."

The above statement was made by Mrs. Lula E. Peterson, highly respected resident of 7814 Sherman St., Houston. Mrs. Peterson is a member of the Baptist Church.

Sargon may be obtained in Tahoka at Thomas Bros. Drug Co., and in O'Donnell at Corner Drug Store.

CARL ROUNTREE RETURNS FROM FIRST CALL SESSION OF THE LEGISLATURE

LAMESA, May 28.—Hon. Carl Rountree, Representative of the 119th district has just returned from Austin where he has served as a member of the first Call Session of the past Legislature. Rountree states that he will be back in Austin for the second Call Session June 2nd. Rountree has been very active in legislative measures especially for West Texas and for his district the past session and during the call session. Special attention has been given to highway matters and to penitentiary legislation, so states Rountree.

SAN ANGELO to Sonora in the route of a new rail line if the Kansas City, Mexico & Orient. Work will begin soon by permission of the Interstate Commerce Commission. Several carloads of rails are on their way to San Angelo and engineer crews are surveying the route for depot sites.

CHAMBER OF COMMERCE ACTIVITIES RECALLED

(Continued from first page)

12. An agricultural survey of Lynn County now being made by the secretary, every community in the county except one having been already visited by the secretary.

13. Plans made for organization of a Lynn County Fair Association. Promoting a permanent fair ground and building. Sum of about \$100.00 being set aside each month for expenses of the fair to be held this fall; \$216 on hand for this purpose at this time.

14. Plans being made for marking east and west highways at strategic points between Tahoka and Breckenridge.

15. Working with organizations at Wilson, Station, Loveno, Rails, and Floydada to procure designation of new highway from Tahoka through these towns.

16. Co-operated with school superintendent and school board in procuring teacher to direct and train a school band.

17. Seven meetings of the board of directors and numerous committee meetings held; all major projects of the Chamber of Commerce being passed on and projected by the board of directors.

18. Induced Kansas producer of silica to make visit to Tahoka to investigate silica deposits near the city, which may result in the mining and marketing of this mineral here.

19. Requests received for samples of the potash deposits in some of the lakes in this county. Interest in deposits being promoted.

20. Now working for the establishment of an up-town Western Union office.

21. Arranged for the reception of the Dallas Good Will trippers.

22. Assisted the West Texas Chamber of Commerce in giving terracing demonstrations in this county.

23. Monthly news letter sent to all members by the secretary.

24. Co-operation of all business concerns of the town except three has been procured; membership of the organization now being 89. The annual budget subscribed and being paid monthly amounts to \$5,191.00; of which sum \$1,000.00 has been pledged to the Lynn County Fair for 1929.

CHAMBER OF COMMERCE SMOKER WAS BIG SUCCESS

(Continued from first page)

and considerate in his discussion of the subject.

"Costless Community Advertising" was the subject of G. H. Nelson's address and he called attention in a clear and forceful manner to a number of ways in which the people of Tahoka may get before their friends and acquaintances in other parts of the state and before the public generally the wonderful resources of Lynn County, with little expense to any one. Every citizen of Tahoka should have heard this address.

"The Accomplishments of the Chamber of Commerce" were set forth by E. I. Hill. Possibly a catalogue of the things the Tahoka Chamber of Commerce has already accomplished this year would be surprising to any one who has not kept in close touch with the work of this organization. A mere recital of these accomplishments and the projects now on hand is enough to arouse the interest and the enthusiastic support of every citizen of Tahoka.

Those planning the program provided for a little fun along with the serious discussion, and Tahoka's most noted humorist, Raymond Weathers, was assigned "A Bundle of Nothing" as his subject. He proved to be a regular Mark Twain on this occasion, his stories keeping the crowd roaring almost the entire time he was on the floor.

Prof. Taylor White, President of the Chamber of Commerce, who presided at the meeting, made a brief talk on the Lynn County Fair, proposing that steps be taken to place this project on a permanent and sound business basis.

A brief talk by C. C. Williams, secretary, expressing his appreciation of the splendid co-operation that is being given him and the board of directors, closed the program for the evening.

TWO PLAYS TO BE PRESENTED AT JOE BAILEY

The Joe Bailey 4-H Club girls are putting on a program at the Joe Bailey school house on Friday night, June 7th. This entertainment will consist of two comedy plays, "Mr. Bob" and "The Sewing Society". All characters are acted by the Club girls. Come and enjoy a good laugh.—Reporter.

Out the weeds.

Lynn County Ladies To Use 4-H Pantry

(By County Home Demonstration Agent)

Money, time and health may be saved by instituting a household system being popularized in Texas by home demonstration agents under the name of the "4-H Pantry". Gardening, canning, selection of store foods, and meal planning and preparation have been correlated into a single plan whereby the essentials of an adequate diet for the family may be achieved at least of time and money.

An adequate diet calls for one and one half quarts of milk daily, leafy vegetables three times a week, other vegetables and starches daily, fruit every day, including citrus fruit or tomatoes at least three times per week. The 4-H Pantry demonstrators of which there are 14 in Lynn County, are canning garden stuff and fruits according to a canning budget whereby the family will have the needed supply of these essential foods through the late fall and winter months. For a family of five the plan is to can 48 containers of leafy vegetables, 140 containers of other vegetables, 130 containers of fruit, and 48 containers of pork, chicken or beef.

The pantry shelf is arranged with these foods and samples from the store in classified order for quick use. An important part of the scheme is a simple menu filling case in the pantry so that the harassed housewife may conjure up a perfect meal when company comes or in an emergency. Home Demonstration agents are suggesting several menus and demonstrators are working out additional ones especially suited to their families' taste, but all menus are checked to see that the menu is balanced.

A menu suited to this time of year, healthful in every respect and which the housewife working on the 4-H Pantry plan may get up easily in 45 minutes is as follows: Roast: Beef and brown gravy, black-eyed peas, rice, canned tomato salad, canned peaches and cream, milk and whole wheat muffins.

These demonstrators are working hard on this project. The pantries will be scored and the best one will be set up at the Lynn County Fair this fall.

TO PAVE THIRTY-FIVE MILES OF HIGHWAYS IN HALE CO.

PLAINVIEW, May 28.—Following the letting of the last contract on Highway Nine at the May meeting of the state highway department when a contract was let to Carl Pleasants of Amarillo for the paving of the road from Hale Center to Abernathy, thirty-five miles of concrete will be laid in Hale County this year.

Contract on paving from Hale Center through Plainview north to the Swisher county line was let at the April meeting to Cook and Stuckey of Ottawa, Kansas.

OCTOBER 24, 25 and 26 has been set for the dates of the eleventh annual convention of the West Texas Chamber of Commerce at El Paso. The Seventy-fifth anniversary of the Gladsden purchase will be celebrated and the establishment of the Butterfield mail route commemorated. President Gil of Mexico has promised to meet President Hoover there at that time.

PETITION FOR ROAD BOND ELECTION BEING CIRCULATED

(Continued from first page)

Commissioners' Court of Lynn County.

"We hereby petition your Honorable body to call an election in the County of Lynn, State of Texas, for the purpose of voting Road Bonds in the amount of \$1,000,000.00; \$700,000.00 to hard surface Highways No. 9 and Highway No. 84, or as much thereof as is necessary; said issue of \$700,000.00 to be null and void in case said Highways are changed as now designated within the city limits of Tahoka and O'Donnell, Texas; that \$300,000.00 and the balance of said \$700,000.00, if any, be issued for the purpose of building lateral roads from Wilson, New Home, Grassland, Draw, New Moore, and other communities in Lynn County, Texas, making a complete lateral system; said lateral roads to be designated by the Commissioners' Court of Lynn County, to protect the trade territory of said towns and communities. "Prompt action will be appreciated."

Mrs. R. C. Forrester of Wilson, who underwent a serious operation recently, is reported to be improving rapidly.

COULDN'T SLEEP

Louisiana Lady Suffers From The First Bottle of Cardui She Took, Helped Her.

Montgomery, La.—"I was so dreadfully run-down," says Mrs. Charles L. L... "I suffered a great deal of pain. I was in misery all the time. I couldn't sleep and I would have given anything to cover my whole body. I had taken Cardui, and since 1922, I had always been good, so when I got in this condition, I thought I would try again. "One night, my husband brought me home six bottles of Cardui. I began to take it. I could sleep, I was improving from the first bottle, for I knew that I was getting better. I would build up my strength, and when I was well and run-down. That is what Cardui did for me. It had finished the stuff that was in me. I feel truly thankful that Cardui has done for me, for I had not had any sleep for so long. I am in a better condition than I was in."

Cardui is a harmless, valuable, medicinal herb, and is a strengthening tonic.

Big Hail North RAINS COVER LYNN COUNTY

Many Crops Totally Destroyed. Livestock Killed; Rains Total 1.58 inches

A destructive hail storm swept large section of country lying west and north of Tahoka Wednesday afternoon, accompanied by a heavy rainfall, utterly destroying crops, beating holes in roofs, overturning a few outbuildings, killing at least two mules, hundreds of chickens and inflicting personal injuries on at least 10 persons.

C. T. Tankersley and family in car and J. M. Noble in another were caught in the hail storm, their way home from Tahoka several miles west of town, and their tails were almost totally destroyed and the windshields broken out the hail. Mr. Noble received several cuts on the face from the hail and broken glass, one of Mr. Tankersley's hands was cut, and his daughter, Miss Geneva Tankersley received severe cuts and bruises on the hands.

Sam Weathers was dragging highway near the Crossroads Station eight miles north of Tahoka and took refuge from the storm in a shed. It was blown down and one mule killed, or so severe wounded that it had to be killed. So one of the mules of Henry S. residing near Dixie was killed another was badly crippled. roofs of many farm houses were damaged, some of them almost destroyed, and hundreds, upon thousands, of chickens killed. At the time our forms closed it is impossible for us to define information as to the extent, but it seems that a terrific storm miles wide and twelve or ten miles long, extending from southwest to a northeast direction in the path of the hail. A mule territory was covered by rain. There was little or no hail at Tahoka, according to the best information we have been able to get. had beginning a few miles north of this place, utterly destroying crops on the Crouch farm four miles west of Tahoka and on the Allen farm eight miles west of town. Our information is that the severe storm reached in a northwesterly direction almost to New Home, missing Elton George farm but covering entire Dixie community and extending within 2 or 3 miles of Tahoka. Just how much damage it did in the vicinity of Wilson we have been unable to learn.

There was a heavy rainfall also over the entire territory but the Tahoka registered only .29 of an inch. Farmers are in town today waiting for cotton seed, as practically all of them in the stricken territory will be compelled to replant. Some damage was also done southeast of town. Grover Stuckey reports that three barns were blown down on his farms in the 4-H Community but we have heard of other damage in that direction. The rain did not extend far east here.

Rains Are Excellent Numerous rains have visited various portions of Lynn County during the past week. The total rainfall in this county since the first of this year amounts to 1.58 inches. In some portions of the county much more rain than that has fallen while in other portions it has been lighter. Even in the hail-stricken territory west and northwest of Tahoka, reports are very fine. In that section all the cotton and feed crops will be planted over and will therefore be very late. The rain last Friday night, it is falling after midnight amounting to .23 of an inch here. On Thursday night another rain visited a large portion of the county, the precipitation at Tahoka being .06 of an inch. On Wednesday afternoon, the rain amounted to .29. Not so much rain has fallen in the east half of
