## Alphonso Johnson Heard In Tahoka

### TALKS ON NEW SELLING IDEAS

Merchandising Expert Of Dallas  
Heard By Business Men  
Here Last Night

Alphonso Johnson, Trade Extension Director of the Dallas Chamber of Commerce, addressed an audience of business men and sales people in the county court room here Wednesday night.

The subject of his address was Salesmanship. He gave many practical points to the business men and the sales people who work in their establishments pertaining to the business of selling goods to the buying public. He stressed the value of being pleasant at all times, of accommodating the customer and taking a real interest in the customer's affairs. Many practical lessons he brought to his hearers; in fact the business men present must have felt as if they were taking a lesson from a master teacher.

Mr. Johnson, as a representative of the Dallas Chamber of Commerce, is seeking to assist the merchants in the Dallas trade territory to become better and more successful business men. In doing this he not only assists these business men individually but he helps Dallas, for Dallas has become a great jobbing center and aspires to become a greater one.

Doubtless every business man present Wednesday night went away with a feeling that he had been helped—with a resolution to be of greater service to his customers and to more fully merit the good will and the friendship of those with whom it is their privilege to deal.

## 2107 Bales Cotton Ginned In Tahoka

A total of 2107 bales of cotton had been ginned in Tahoka up to an early hour Thursday morning, counting round bales as half bales, according to reports given to the News by the gins.

At the Cotton Cooperative office here 1137 bales had been graded and classified up to Wednesday night.

The rains the first of the week and the damp mornings that have followed have greatly retarded cotton picking, but it is now coming in rapidly again.

### DEBATING TEAM FROM ENGLAND AT TECH SOON

LUBBOCK, Texas, October 8.—The first forensic contest of the year at Texas Technological College will be with a debating team from England. The team represents the National Union of Students of England.

Although the dates have not been arranged, he Tech team this year will debate Abilene Christian College, M. Murry, Simmons, East Texas Teachers College, Baylor University, and West Texas Teachers College.

## RAINS' TOTAL FOR WEEK .64

Cotton Damaged Only Slightly;  
Some Farmers Sowing Wheat  
For Pasturage

A slow rain began falling here at an early hour Saturday morning but did not continue long. Other showers fell Sunday afternoon and night, however, the total precipitation over a two-day period amounting to .64 of an inch, according to the government rain-gauge kept by the News editor.

Cotton in the field was damaged only slightly but picking was almost entirely stopped Monday. Clear skies Tuesday, however, sent the pickers back to the fields and by Wednesday cotton was pouring into the gins rapidly again.

As a result of the rainfall a few farmers have sowed or are preparing to sow a few acres of wheat with the hope that it will afford some winter pasturage.

## Paralysis Case Develops Here

One case of infantile paralysis has developed in Tahoka. Freddie, the little two-year-old son of Judge and Mrs. G. C. Grider, was stricken Saturday and has been in a precarious condition ever since. It is not known how nor from whom the child contracted the disease. The Grider family were placed under quarantine by the county health officer Tuesday.

It is reported that there has been one case also out near New Home.

## THIEF ENTERS HOGAN'S STORE

\$11.95 Taken From Cash Register  
After Entry Made Through  
A Rear Door

The store of G. E. Hogan was broken into on Thursday night of last week and \$11.95 was taken from the cash register. If any merchandise was taken Mr. Hogan was unable to determine just what was taken or how much. The cash register was opened without being broken.

Entry into the store was effected by boring a hole in the back door with a bit, through which aperture the culprit inserted his hand and removed the bar and unlocked the door. He evidently made his exit at the front, for the bar that held the back door had been put back in place.

Some footprints at the back door were discovered but if there were any automobile tracks in the vicinity they were not discoverable the next morning.

Officers have been at work on the case, but if any clue as to the identity of the thief has been discovered the officers have not revealed the fact.

## Mrs. Reid's Father Dies At Bellevue

Mr. and Mrs. S. E. Reid returned Sunday from Bellevue, where they had been on account of the illness and death of Mrs. Reid's father, S. H. Hunt, who died at that place on Friday.

Mr. Hunt had been ill for two months and Mrs. Reid had been at his bedside most of the time since he became seriously sick. Mr. Reid was called last week when Mr. Hunt's condition became hopeless.

Mr. Hunt had visited here a number of times in the past few years. He was 70 years old at the time of his death.

The News joins many friends in expressing condolence to the bereaved.

## Makes \$94 Feeding 10 Pigs 104 Days

Canton.—Feeding 10 pigs for 104 days has made \$94.65 above actual feed cost for A. T. Utts, Van Zandt county farmer, who has just finished a feeding demonstration with his county agent, W. D. Seals. At the age of 153 days the pigs weighed 1965 pounds and sold for nine cents per pound, after consuming 2400 pounds of corn, 1200 pounds of shorts and 400 pounds of a protein supplement. They ran on Bermuda and clover pasture.

## M. B. HOOD CHOSEN ACTING SECRETARY OF C. OF C.

At a recent meeting of the directors of the Chamber of Commerce, M. B. Hood was named as acting secretary of the organization until arrangements could be made to secure another secretary.

Former Secretary G. S. Dowell, resigned to accept a position in the schools at Dickens. Until this meeting the organization had been without a secretary.—O'Donnell Index.

A five million dollar corporation to be known as the New Mexico Oil and Refining Company, to refine and distribute gasoline in New Mexico, is in process of organization.

## MRS. CHAMBERS DIED MONDAY

Was 86 Years Old; Had Lived In  
Lynn County 27 Years;  
Buried Tuesday

Mrs. N. J. Chambers, 86, died at an early hour Monday morning at the residence of Judge and Mrs. J. W. Elliott, Mrs. Elliott being her daughter. Funeral services were conducted from the residence at 3 o'clock Monday afternoon, Rev. Owen J. Hull officiating.

Mrs. Chambers had been a member of the Baptist Church for many years. She had not attended the services of her church in Tahoka recently, however, on account of the fact that for at least ten years she had been virtually an invalid.

Mrs. Chambers was one of the real pioneers of Lynn county, having removed to the county with her husband and other members of the family almost 27 years ago. She was a native of Arkansas but removed to Texas in early life and had resided both in Johnson and in Sterling counties many years before coming to Lynn county. She removed to Tahoka when it was a mere frontier trading post and before any railway or highways had been built through the town. Her husband, J. R. Chambers, was the first county judge of the county. He died in 1928.

Mrs. Chambers left surviving her one son and two daughters, as follows: R. A. (Bob) Chambers of Tahoka, Mrs. J. W. Elliott, Tahoka, and Mrs. W. E. Henderson, Los Angeles, California.

Mrs. Chambers had hosts of friends here, especially among the pioneer settlers, who deeply regret the passing of another of their number.

The News joins in sympathy for the bereaved family.

We used to blow out the gas, now we step on it.

## Corley Shot As Gun Discharges

While handling an automatic pistol, which he thought was not loaded, at his residence Tuesday night, Jack Corley accidentally discharged the weapon, the ball passing thru his left leg just above the knee.

After dressing the wound Dr. Callaway took the patient to a sanitarium in Lubbock where x-ray photographs were made. The wound is a very serious one but unless complications develop it is not thought that amputation of the member will be necessary.

Mr. Corley had gotten the gun to shoot at a dog that was prowling about the place when the accident occurred.

The tallest building in New York the new Chrysler structure that uprears to a top of 1,046 feet from the side walks, is being piped for gas to cook food, heat water and do other things hundreds of feet above the ground.

Wisdom is knowing what to do next. Skill is knowing how to do it, and virtue is doing it.—David Starr Jordan.

## Tahoka Bulldogs Going To Lamesa For Game

Tahoka High School Bulldogs play Lamesa at Lamesa Friday afternoon at 4 o'clock in a game that promises to be one of the best of the season. Lamesa, champions of District Two last year, is reported to have as good or better team than last. Tahoka also has a good team this year and has hopes of winning over the champions in spite of the fact that she enters the game as the "underdog". Lamesa has won over Andrews and Hobbs by top-heavy scores, but these teams are non-conference teams of little ability and afford no insight as to Lamesa's real power.

The Bulldogs under the tutelage of Coach Weir Washam have been improving each week since the Wilson All-Stars held them to a scoreless tie in the first game of the season.

## Criminal Docket In District Court This Week Is Heavy

### THREE CASES TRIED MONDAY

Bertram, Burroughs And Freeman  
Found Guilty And Given  
Suspended Sentences

Three cases were tried in the district court here Monday, a verdict of guilty with the sentence suspended being returned in each case.

Henry Bertram, charged with the theft of carpenter tools of value exceeding fifty dollars, belonging to John Heck of Wilson, entered a plea of guilty and asked for a suspended sentence. He was represented by Judge Dupree of Lubbock. The jury assessed his punishment at five years in the penitentiary but granted his plea for a suspension of the sentence. These tools were stolen several months ago. John Heck, to whom they belonged, was foreman of the grand jury that returned the indictment.

Allen Burroughs of the Joe Stokes community entered a plea of guilty to a charge of burglary, the indictment alleging that he entered a private residence in the neighborhood in which he lived and stole several articles of value therefrom. His punishment was assessed at three years in the penitentiary and the sentence suspended. He was represented by Judge B. P. Maddox of this city.

E. K. Freeman, former agent for the Maytag Washing Machine Company, was charged by indictment with the embezzlement of Company funds. He also entered a plea of guilty and his punishment was fixed at two years in the pen. His sentence was also suspended. He was likewise represented by Judge B. P. Maddox.

## Lubbock To Slaton Pavement Opened

SLATON, Oct. 5.—The last link in the recently completed highway paving from Lubbock to Slaton was opened to traffic Friday. The paving is 20-foot concrete on an 80-foot right of way and the distance is 18 miles.

The hard-surfacing of the Lubbock-Slaton road is the initial part of a county paving program voted in December, 1928. Including state and federal aid, the whole program will involve expenditure of \$2,700,000, the county's part being \$991,000. Other sections of the county paving will be started as early as possible. State Highway No. 7, northwest of Lubbock; State Highway No. 9, and State Highway No. 53, entirely thru the county, are included for hard surfacing.

During the first six months of 1930 in Texas 226 new gas wells were completed—almost as many as the 240 completed during the entire year 1929. Initial volume of the 226 wells was 4,152,500 million cubic feet as against 4,240,500 million cubic feet of the 240 completed in 1929.

## Harley Sadler Here This Week

Harley Sadler has made a return engagement for Tahoka. His show was here for one night a few weeks ago. He is back in town today and will show the last three days of this week, Thursday, Friday and Saturday. The kids are all happy—and many of the grown folks too.

Harley Sadler nearly always gets capacity crowds in Tahoka and many people doubtless will flock to his big tent each night he is here this week. Harley is a great entertainer and his performances usually please to a high degree.

## WALTER CHANEY FOUND GUILTY

Gets \$50 Fine And Three Months  
In Jail On Wife And Child  
Desertion Charge

Walter Chaney, charged with wife desertion, was tried before a jury in the district court here Tuesday and found guilty. The punishment assessed was confinement for three months in the county jail and a fine of \$50.00. Chaney was represented by Judge B. P. Maddox.

It will be remembered that in April a complaint was filed against Chaney charging him with seduction of a young girl residing here. Upon his marriage to the young woman, the seduction charge was dismissed. The evidence adduced on the trial showed, however, that Chaney deserted his wife the next day after their marriage and had refused to live with her or to support her and their child since. The grand jury which was impaneled at the present term of the court indicted him for wife desertion and the case was called for trial Tuesday, with the above-stated result.

## Doyle Terry Wins On Hogs At Fair

Doyle Terry, 4-H club boy and son of E. B. Terry, was winner of \$22 in prizes on two head of swine which he displayed at the South Plains Fair last week. He won first place in the Club class with his senior sow pig and sixth place in the futurity senior sow pig class. His senior boar pig won fifth place in the Club class and fifth place in general exhibit.

Deducting entrance fees, Doyle's two pigs brought him a total of \$17.

## New Manager Of M-System Named

Vernon Massengale, local manager for the M-System the past few months, resigned his position Saturday. He is succeeded by J. E. McPherson, who came to Tahoka from Idalou, where he has been connected with the same company.

## HOWARD COUNTY SURVEYED FOR NEW T. & P. RAIL ROUTE

BIG SPRING, Oct. 5.—Final surveying for the Texas & Pacific Northern Ry. has been made through Howard County, according to report given out by engineers for the Texas & Pacific Railway Company. Definite plans for securing this right of way will be made within the next few days, according to E. A. Kelley, chairman of the Big Spring Chamber of Commerce railroad committee. A guarantee to furnish the right of way was given by Big Spring immediately following the project.

A preliminary hearing before the Interstate Commerce Commission will be granted sometime during the month of November in the opinion of Garland Woodward, attorney for Big Spring. The petition asking for grant of convenience and necessity is being enthusiastically supported by all the communities touched or served by the proposed line.

Fires are rare when care is there.

## SANTA FE CASE NOW ON TRIAL

Fitzgerald Charged With Burglary  
Of Depot Three Years Ago;  
To Jury Today

A burglary case of more than ordinary interest has been on trial in the district court the past two days, the case of the State vs. Dick Fitzgerald charged with the burglary of the Santa Fe depot here on October 27, 1927, when a radio and a loud speaker were taken from the express office. The identity of the guilty parties remained shrouded in mystery until a short time ago when officers succeeded in unraveling it and in procuring a confession from Vernon Churchill in which he involved Fitzgerald. It was necessary to promise Churchill immunity from prosecution, it is said, to get his confession and to use him as a witness against his confederates. Churchill had resided in Tahoka and worked in a local tailor shop for some time preceding the burglary, and is well known here, which fact has added to local interest in the case.

Churchill himself has a criminal record. He had served one term in the penitentiary prior to his coming to Tahoka. He has been convicted and sentenced to the penitentiary on a serious charge since and is now an escaped convict. The defense objected to his testimony on the grounds that being an unpardoned convict, out of the penitentiary only

(Continued on last page)

## Stork Busy Bird In County Sunday

The stork was a busy bird in Lynn county last Sunday. One physician reported three visits from this fowl on last Sunday and another physician reported another visit on the same day.

One of the homes visited was that of Mr. and Mrs. A. G. Deason, who reside six miles south of Tahoka. The stork left a little girl at their house.

Then he hurried over to the home of Mr. and Mrs. Bert Boyd in the South Ward community and made them a present of a little boy.

He skipped Tahoka entirely but stopped in the Dixie community and presented Mr. and Mrs. L. D. Moore with a girl.

Mr. and Mrs. C. B. Ford, who reside out in the Petty community, received the fourth visit, and they were also awarded a girl.

We are not sure that we have followed this bird's itinerary correctly, but at any rate he visited all of these four homes in a single Sabbath day and made the hearts of eight parents glad. Of course he may have made other visits in the county on this or other days during the past week but if so these visits have not been reported to the leading newspaper published in Tahoka.

## KIWANIS CLUB PROGRAM GOOD

Alphonso Johnson, Ukulele Girls On  
Program; Fire Boys Are  
Guests Of Honor

The Tahoka Ukulele Girls furnished the music for the Kiwanis luncheon Wednesday and rendered a most pleasing program.

The principal address of the occasion was made by Alphonso Johnson, Trade Extension Director of the Dallas Chamber of Commerce, who was in the city for an address to the business men Wednesday night.

Mr. Johnson took for his subject the period of business depression from which the people of this country are suffering. Calling attention to the fact that we are prone to regard the present period of depression as the first one or at least the worst one that has ever afflicted the country, Mr. Johnson cited the his-

### Morgan

We are rejoicing over the rain that is falling. Its too late to do this years crop any good but we can sow wheat for winter pasturage.

Mrs. B. Collings received sad news Thursday that her mother was very low. She has a cancer.

Mr. and Mrs. R. L. Thompson and Ouida and Teak visited in Slaton Sunday.

Mr. and Mrs. Freeman Rockler

### Konjola Only Medicine That Did Any Good

Victim Of Rheumatism No Longer Needs Crutches—See What Modern Medicine Did

MR. A. J. HARRYMAN

"Since last March I was on crutches and had rheumatism so badly that for three months I could not close my hands", said Mr. A. J. HARRYMAN, 4109 avenue Q 1/2, Galveston. "My knees were so weak that they gave way when I stood. My ankles and feet were so sore that I could not walk ten feet. My kidneys were so weak that night-risings were frequent."

"Of all the medicine I tried, Konjola was the only one to do me any good. I have taken four bottles and I no longer have to use crutches. I can now open and close my hands and I walk without pain. My kidneys are so much better that night risings are no longer necessary. I endorse Konjola because it is the only medicine that brought results."

It is such records as this that have made Konjola the most talked of medicine in America. Try Konjola today.

Konjola is sold in Tahoka at the Tahoka Drug Co., and by all the best druggists in all towns throughout this entire section.

visited his sister in Slaton Saturday night and Sunday.

Mr. and Mrs. T. E. McGehee visited with his brother and family of Close City Sunday.

Several attended the Lubbock Fair Wednesday.

Nearly everyone who was pulling cotton near their homes have come home since it has been raining.

Mr. Jim Jernigan who is at Dexter, New Mexico, picking cotton spent Wednesday night at home.

Mrs. J. Killian of Slaton has been spending a few days with her grandmother, Mrs. A. Davidson.

Mr. and Mrs. B. Collings and family visited relatives at Southland Sunday.

Several are losing turkeys and chickens with a new disease. Mrs. R. L. Thompson has been the heaviest loser.

Grandmother McAnnally has returned from Hico, Texas, to visit her children here for the winter. Mr. Jim McAnnally met her at Rotan Sunday.

Mrs. Fred Davidson is suffering with a severe sprain in her back. We hope she will soon be able to be up.—Reporter.

### Wilson

Well, we have been having some rainy weather out our way. I really don't know which I dislike the most—too much sandy weather or too much rainy weather—but let's be merry.

There were not very many at Sunday School at the Baptist and Methodist Churches Sunday.

Mr. and Mrs. W. C. Huffaker spent Sunday in Lubbock visiting Miss Eva Faye Huffaker who is in the sanitarium there.

Mr. and Mrs. Henry Neiman and boys of Shiner, Texas, visited with friends and relatives here the past week.

Louis Shamrock has been on the sick list but is better at this writing. Quite a few from here attended the Fair at Lubbock last week.

Miss Josephine Hill has been real sick for several days.

John Holland and family of Ropes, visited Mrs. Holland's mother, Mrs. J. W. West Monday.

The Home Demonstration Club met Friday Oct. 4, with 14 present. The program was very interesting.

Winter will soon be here and how we do dread the cold. I wish we could have writers from all the communities then we could know all the news.—Reporter.

Owners of 20,000 hens at Wiley, Colorado, market their eggs through the state poultry exchange.

### New Home

The New Home school opened Monday, September 29th after having been closed for two weeks for cotton gathering. Many of the students have not re-entered yet, but we are hoping that they will be able to start soon.

We were very sorry to hear that Mrs. L. N. Hancock is in the Lubbock Sanitarium. We sincerely hope that she will soon recover.

The New Home junior girls have organized a basket ball team with Miss Irene Smith as captain. Seventeen other girls are trying to make the team.

Mr. and Mrs. Homer Puller of Bryan, are visiting in the I. T. Puller home.

Mrs. Edgar Womack of Bonham, is visiting in the L. N. Hancock home.

Miss Lorenza De Priest and Messrs. Frank Morris and Tony Balch took dinner with Miss Irene McWhorter Sunday.

Messrs. Alton Armontrout and George Hancock took dinner with Misses Lois and Florence Goad Sunday.

Mr. Buford Spraberry of Anson, is visiting his brother, Leonard, of New Home.

Mrs. Dessie Walker, Miss Ola Herron and Mr. Milton Herron of Taft, visited in the home of their uncle, Mrs. J. H. Smith, last week.

Mr. Charlie Webster of Monroe spent the week end in the New Home community.

Miss Trannie Mae Bradshaw is on the sick list this week.—Reporter.

### T-Bar

Although the weather has been bad lately, the farmers are still busy gathering their crops.

Grandpa McMillan is having his home remodeled.

Mr. Jim Adams made a business trip to Mexico Monday.

Mr. and Mrs. Jim Ward of Ellis County are visiting their parents, J. B. Moore and T. M. Ward.

Mr. Willard Moore took dinner Sunday with Carl Richter.

Mr. R. E. Townsen is attending court this week.

Doris McCanal of O'Donnell spent Saturday night and Sunday with Bennie McCarley.

The state department of public health has approved a franchise to the Gas Company of New Mexico by the city of Lovington, for construction of a water works and sewage system. The improvement in both towns follows the discovery of oil.

### Locals

Rev. W. K. Johnston of Lubbock filled his regular appointment at the Presbyterian Church here Sunday and was a dinner guest of Uncle Jimmie and Emmett Fleming on that day. Other guests were Mr. and Mrs. Lane Moreland and baby and Mr. and Mrs. Blackman.

The infant daughter of Mr. and Mrs. Robert Jackson that has been sick so long is showing little or no improvement. It is afflicted with a spinal trouble, and it was necessary to take it to the sanitarium in Lubbock again on Tuesday afternoon for treatment.

Ed Cook of Wells was here Tuesday and reported a nice shower in that part of the county. Cotton there is better than it was last year, he said. They have ginned more than 600 bales at Wells already. Feed is fairly good also.

Fred Smith is here from Ingram visiting the Larkin family and other relatives. He underwent an operation for some kind of an affection in the side here Sunday and is able to be up.

W. T. Hays and son, W. T. Jr., of Bowie are here this week visiting their son and brother, Edgar Hays, linotype operator for the News. Mr. Hays conducts a job printing shop in Bowie.

Mrs. Grady Beard of Fort Worth is here visiting her mother, Mrs. L. S. Kuykendall, and other relatives and friends in the city.

Mrs. I. N. Lewis, who fell and sprained her hip a few weeks ago, is slowly improving but is still unable to walk.

J. H. Edwards returned to Tahoka Monday, after a two weeks business visit in Austin.

### Little Girl, 10, Eats So Much Mother Amazed

"My 10-year-old daughter had no appetite. Then we gave her Vinol, and now she eats so much we are amazed."—Mrs. W. Joosten.

Vinol supplies the body important mineral elements of iron, calcium, with cod liver peptone. This is just what thin, nervous children or adults need, and the QUICK results are surprising. The very FIRST bottle brings sound sleep and a BIG appetite. Vinol tastes delicious! (5) THOMAS BROS. DRUG CO.

### LODGE TO MEET

There will be a call meeting of Tahoka Lodge, No. 1041 Tuesday night, October 14. Work in the M. M. degree. All members are urged to be present.

C. R. RILEY, W. M.  
J. L. HEARE, Sec.

El Paso county stepped into the limelight of Colorado tree planting activities this spring when 14,242 trees were planted by 25 farmers. This is one of the best records in the state, according to W. J. Morrill, state forester, from whom the trees were purchased.

Exports of merchandise from Arizona for 1929 totaled \$14,438,868 as compared with \$13,105,944 during 1928.

## DIXIE CHURCH OF CHRIST SERVICES EACH SUNDAY

The Church of Christ at Dixie announces that it will have preaching services on the fourth Sunday in each month. Jesse Eubanks of this city will preach for them at 11 o'clock in the morning and 7:30 in the evening.

The church at Dixie was recently organized and meets each Sunday at 10 o'clock for Bible study and worship. So far the attendance has been good, there being an average attendance of about 70.

A cordial invitation is extended to all to meet with them in all these services.

## FOOD SALE BY HI LEAGUE

The Hi League is going to have a "food sale" Saturday morning at Boulbourn's Grocery. It will consist of fine home made cakes, pies, and candy.

We wish every one to come and try some of it.—Reporter.

## HOME ECONOMICS CLUB ORGANIZED LAST FRIDAY

The Home Economics Club met on Oct. 3rd, 1930, for the purpose of organization. Auda Mae Aycox was elected President, Floy Ben King, Vice-President, Hazel Anglin, Secretary, Doris Dean, Treasurer, Mildred Wetsel, Reporter. The president is to choose girls for various committees.

The purpose of the Home Economics Club is to create a feeling of friendship and good will among the Home Economics students. This club will be educational and social in nature, that is, to provide several entertainments during the year.—Reporter.

## SERVICES AT SOUTH WARD NEXT SUNDAY AFTERNOON

There will be preaching at South Ward Sunday afternoon at 2 o'clock by Elder Jesse Eubanks of this city. Everyone is given a cordial invitation to be present and hear him.

## P. T. A. OFFICERS INSTALLED BY DISTRICT PRESIDENT

Forty mothers, one father, and all the teachers of the public schools attended the meeting of the Parent-Teachers Association at the High School auditorium Wednesday afternoon at 4 o'clock. Mr. H. M. Snowden was the only father present.

Mrs. A. C. Surman, Post, president of the Fourteenth District P. T. A., was present to install officers and made an excellent talk on the relationship between the parent and the teacher. Mrs. Rubie D. Spudarth rendered a piano solo. A round table discussion on fire prevention was led by Mrs. G. H. Nelson.

The picture offered by the president, Mrs. J. H. Powell, for the room securing the largest attendance of parents was won by Miss Child's room. Eight mothers of children in that room were present.

The Parent-Teachers Association will meet once each month in the High School auditorium at 4 o'clock of the second Wednesday.

Officers installed were as follows: Mrs. J. H. Powell, President; Mrs. Raymond Weathers, Vice-President; Mrs. A. B. Swan, Recording Secretary; Mrs. W. O. Henderson, Corresponding Secretary; Mrs. H. B. Howell, Treasurer; Mrs. C. B. Townes, 1st vice-president and chairman of program committee; Mrs. Henry Maasen, 2nd vice-president and chairman of membership committee.

## "WHAT IS RELIGION?" IS BREEDLOVE'S SUBJECT

Do you know what religion is? Could you give a quick answer to the question? Is it emotion, love, faith, loyalty to principles? What is religion? The subject for morning preaching at the Methodist Church next Sunday will be "What is Religion?" The pastor has spent more time on that one question than on most others; and he says he has a message for the times. You will be warmly welcomed to the service.

At seven-thirty in the evening the pastor will preach again, and from this subject "The Church of Christ—Who Built It and What is it?" This will be more complete reply to an article appearing in The Lynn County News of recent date, "Churches of Christ in Tahoka," wherein the pastor was called to task because of a liberal interpretation of the term "Church of Christ." We do most earnestly want to know who belongs to "The Church of Christ." The public will receive the usual considerate treatment and warm welcome at this service as well as in the morning hour.

## EPWORTH HI LEAGUE HOLD BUSINESS MEETING MONDAY

Epworth League had a business meeting Monday night. They elected Ruth Suddarth as the new secretary to take Alice Church's place. We now have a new counselor Mrs. M. J. Weaver, wife of the school principal. We are very sorry to lose Mrs. Suddarth but we know Mrs. Weaver will make our next year a very interesting one.—Reporter.

## A NEW CHAPTER OF HI LEAGUE AT MIDWAY

The Epworth Hi League went Sunday afternoon to Midway to organize a new chapter. We are very glad to have them in our union. The program was as follows: Gladys Douthit talked, Mary Fenton talked on "The Goal of the Way"; then a duet by Frank Sargent and Clifton Janak and last a reading by Geneva Mae Dickson.

## TWIN PARTY

Saturday night, Sept. 27th, the Epworth Hi League gave a "Twin Party".

J. D. Donaldson took charge and after a very pleasant evening we were served attractive plates of cookies and punch.

We were very sorry not to have Mrs. Suddarth with us but Mrs. Clark and Mrs. Crie were ideal chaperons.

## UNCLE IKE MARRIES ANOTHER COUPLE FRIDAY

Lloyd Waggoner and Miss Alpha Allen residing a few miles north of town were married at the residence of Uncle Ike Metcalf, Justice of the Peace, here last Friday night. Uncle Ike rose from his bed to perform the ceremony for the happy couple.

## BOX SUPPER AT EDITH THIS SATURDAY NIGHT

There is to be a box supper at Edith on Saturday night, given to raise funds with which to defray the expenses of a singing school recently held in the community. The public is cordially invited.

## NEW HOME GIRL WEDS DIMMITT COUNTY MAN

Mr. Arthur E. Dahl of Asherton, Dimmitt county, and Miss Viola Clements, daughter of Mr. and Mrs. J. W. Clements residing near New Home, were united in marriage Sunday afternoon at the home of the bride's parents.

The ceremony was performed by Jesse Eubanks of Tahoka, a minister of the Church of Christ. The wedding was attended by a few of the bride's friends and by other members of the Clements family.

he couple will make their home near Asherton, where Mr. Dahl has land and cattle holdings.

## REDWINE COUPLE ARE MARRIED HERE MONDAY

Verl Woodfin and Miss Belle Tra-week, two popular young people of the Redwine community, were married in the office of the county clerk here Monday. Rev. O. J. Hull, pastor of the Baptist Church, officiated. The young couple will make their home at Redwine.

Overcoming the opposition of her tribe, Juanita Crispin, aged twenty years, a full-blooded Pueblo Indian girl of New Mexico, has passed a civil service examination for matron and seamstress and will receive a government post at \$1,080 a year, the Interior department has announced.

Man is of soul and body, formed for deeds, Of high resolve.—Shelley.

Foes of injunction to win labor vote, Green declares.

Production without safety is the inefficient.

## Took Soda For Stomach For 20 Years

"For 20 years I took soda for indigestion and stomach gas. Then I tried Adlerka. One bottle brought complete relief."—John B. Hardy.

Adlerka relieves GAS and sour stomach in TEN minutes! Acts on BOTH upper and lower bowel, removing poisons you never knew were there. Don't fool with medicine which cleans only PART of the bowels, but let Adlerka give stomach and bowels a REAL cleaning and see how good you feel. Thomas Bros. Drug Company. F-1

## WHERE IT PAYS

Does advertising pay? No, says the man who sticks his ad in some time table or directory and expects people to walk around, look it up and by seeing his name break their necks to get to his store. The man who wants to get results out of advertising places his message in the home paper that goes to the homes of his prospective customers, and the readers appreciate the paper enough to pay to get it. A real concrete example as to whether newspaper advertising pays or not was shown in the strike of printers in New York City when the newspaper came out without any advertisements. During that time business in the department stores fell off 50 per cent. A wedding announcement stuck up on a fence or a billboard might be read by a few, but the same announce-

ment in the local paper would be read by every subscriber. Don't put your light under a bushel, says the Scriptures. Put your advertising in newspapers that are printed for people to read.—Uvalde, Texas, Leader-News.

One thousand acres of rice were sown by airplane in the 1930 season for Rathburn Brothers, Williams, Colusa County, California. The field was flooded and seeds dropped in the water, requiring only two days' time.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 7:30. Members urged to attend. Visitors welcome. C. R. RILEY, W. M. J. L. HEARE, Sec.

**NOTICE TO THE PUBLIC**

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

The value of good roads was thoroughly impressed upon the editor and the sheriff of this county Saturday. We were caught in a rain at Aspermont Friday night and were compelled to spend the night there instead of coming home, as we would have done had the road been good. There is a well-graded dirt road leading out of Aspermont toward the plains but it is not hard-surfaced, and on account of the mud and water it required just one hour and forty minutes for us to negotiate the first 16 miles on this road Saturday. In Kent county we struck a gravelled highway, on which we easily made 40 to 45 miles per hour. It required much more gasoline to pull through the mud over that 16 miles in Stonewall county than it required to cover the entire 40 miles in Kent county, and the wear and tear on the car was much greater. Besides, in Stonewall county there was constant danger of the car going into the ditch, and we got our clothes muddy from head to foot and our tempers terribly ruffled the same

distance in our strenuous efforts to keep it out. In loss of time and money, those sixteen miles of bad roads in Stonewall county cost us more than a trip of 300 miles would have cost over paved highways.

Ross Sterling has resigned as chairman of the state highway commission to take a short vacation and to prepare for his duties as the next governor. W. R. Ely was promoted to the chairmanship and D. K. Martin of San Antonio has been appointed by Governor Moody as the third member of the commission, Cone Johnson being the other member. Martin served one term under appointment by Governor Hobby and is said to be well equipped by ability and experience for the duties of the office. With W. R. Ely from Abilene in West Texas, Cone Johnson from Tyler in East Texas, and D. K. Martin from San Antonio in South Texas, each section of the state is represented, as it has been in the past. Sterling will probably resign point Martin when his term of office expires in 1931. Texas will continue to have a clean, able, fair and painstaking highway commission.

There is one case of infantile paralysis in town. It seems that this terrible disease has made its appearance in a number of towns in West Texas recently. Physicians, it is said, disagree as to the manner of its transmission. While the family of the patient here has been placed under quarantine, yet it behooves our people to take every reasonable precaution to prevent its spread in our town and county.

San Benito is rejoicing that work has begun on the new international bridge over the Rio Grande. Quantah will be connected with Oklahoma by a free bridge when the \$70,000 structure designed by the State Highway Commission is completed.

The News editor has received a copy of a volume entitled "The Battles of Peace," being a compilation of addresses and State papers by Pat M. Neff. Governor Neff is one of the most polished orators in Texas and this volume contains many gems of eloquence. We are greatly indebted to Governor Neff for this volume.

**WHAT OTHERS THINK**

**COTTON FOR HIGHWAYS**  
Cotton now is used in some sixty-five basic industrial forms of manufacture, but a new important use recently has been added which, although still in the experimental stage, promises to offer additional outlet for this commodity. Cotton fabric of suitable character is now being tested in a practical way on one highway in Texas and on several highways in the Carolinas, Georgia and Louisiana. Combined with asphalt and stretched over a gravel foundation, and then covered with another layer of asphalt and crushed limestone, a comparatively cheap road surface resulted on a stretch of State Highway No. 3 near Gonzales. The experiment is under direction of Gibb Gilchrist, State Highway Engineer. Cost of such a road is estimated at \$4,223 a mile, or 36c per square yard. Whether this new type of road will come into general use in the building of cardinal highways remains to be seen, but for secondary roads it is said to offer a substantial improvement over most other materials, reports from North Carolina indicate. As outlined by one highway official, the cotton fabric, when properly treated, prevents rain water from undermining the foundation of a road, discourages development of chuck holes, and makes for a more cohesive surface. It is understood that further tests of the new type of highway treatment will be made in Texas and in other States. A highway in North Carolina so treated has given satisfaction after two years of traffic.—The Dallas News.

**WHAT FIRE MEANS TO YOU**  
Mrs. O'Leary's cow, which kicked over a lantern in a barn on October 19, 1871, and thus started the great Chicago fire, has become the symbol for the every day carelessness which must be curbed if the country's disgraceful fire waste, amounting to \$500,000,000 worth of property every year is to be restricted. This year the week of October 5-11, the anniversary of the cow's escapade, is set aside as Fire Prevention Week when the call is sent out to all individuals to interest themselves in cleaning up and eliminating fire hazards in home, factory and business establishments. Little do we realize what fire means to each of us individually. When a fire occurs we think that one or more companies pay the bill and that is all there is to it. As a matter of fact the cost of fire protection is included in the bread we eat, the clothes we wear, the books we use, the rent we pay and the machinery we operate. This vast annual fire loss affects the freedom and pocketbook of every individual but the individuals who pay the price can also stop the loss if they so desire. This is well expressed in the words of President Hoover, "Fire losses are in effect a tax on every man, woman and child in the United States. This is one case where the 'taxpayers' entirely by their own efforts, can reduce the rate. I hope we shall have no slackers in this campaign."—Amarillo News.

No other institution in the world exacts so little and returns so much as does the newspaper. At \$2.00 per year it costs the subscriber only 4c per issue, and we defy anyone to point out where the subscriber can spend 4c and get an equal amount of pleasure and real value. It is hard to imagine any newspaper so worthless that some item of information in it, some bargain advertised, or some service performed that is not worth more to the subscriber in real money than the cost of his subscription. Money is also put into the pockets of non-subscribers when the paper leads a movement which saves the taxpayers money, supports any movement which brings trade to town, or when the paper hammers for local improvements where the spending of a dollar today that two may grow in its place tomorrow. It is false economy to do without the home paper.—McLean News.

**AMENDMENTS TO COME BEFORE VOTERS**  
The Snyder News favors each of the amendments to be submitted to Texas voters in a short while. The amendment calling for payment of local and county taxes from univer-

sity lands bears the stamp of approval of practically every posted person in the state. If Scurry County had 10,000 acres of university lands and received no revenue whatsoever from them, it would be necessary to collect more taxes from the other land owners. That is the position in which many counties in Southwest and West Texas find themselves.—Snyder News.

**KNOWS A FELLOW**  
The Echo man knows a fellow in town that has sufficient of this world's goods for himself and family to live on for the remainder of their natural lives, and yet he is about to starve to death talking about hard times. He is always talk about what will become of him when he gets old and what will become of his loved ones after he is dead and gone. All the Echo man knows about this good friend is that he will never live to get old unless he cuts this hard time stuff as he will become so blue that he will literally starve to death, and his good family will have plenty to live on to say nothing about that big life insurance policy that he has paid for. In fact, it begins to look to us that it would be a good thing for the old boy to turn up his toes some day and pass on. The Good Book says that when a man's work is ended he is called home. It won't be long now.—Hopkins Co. Echo.

**SHERIFF'S SALE**  
THE STATE OF TEXAS, COUNTY OF LYNN.  
Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable 74th District Court of McLennan County, on the 16th day of September, 1930, by the Clerk of said Court for the sum of two thousand and six hundred dollars (\$2,064.00) and costs of suit, under a judgment in favor of Plaintiff in a certain cause in said Court No. 11,212 and styled Amicable Life Insurance Company vs. C. N. Davis, et al. placed in my hands for service, I, S. W. Sanford as Sheriff of Lynn County, Texas, did, on the 23rd day of September 1930, levy on certain Real Estate, situated in Lynn County, Texas, described as follows, to-wit: Being all of the Southeast one-four of Section 27, Block O, Certificate No. 73, Abstract No. 427, H. &

O. B. Ry Company, original grantees, containing 160 acres of land, being about 15 miles southwest of the town of Tahoka, Texas, and being known as the C. N. Davis farm, and also known as a part of the McCarty Moore lands, and levied upon as the property of G. O. Newman and that on the first Tuesday in November, the same being the 4th day of said month, at Court House door of Lynn County, in the city of Tahoka, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale I will sell above described Real Estate at public vendue for cash, to the highest bidder, as the property of said G. O. Newman.  
And in compliance with law, I give

this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Lynn County News, a newspaper published in Lynn County.  
Witness my hand, this 24th day of September, 1930.  
S. W. SANFORD, Sheriff,  
Lynn County, Texas.

**South Ward**

We have Sunday School each Sunday morning at 10:00 o'clock. Everybody is invited to be present. The rainy weather we are having now has ceased the rapid crop gathering.

Mr. and Mrs. W. P. Inman and family, Mr. and Mrs. Walter Rhynes and family, Mr. and Mrs. John Hood and family, Mr. and Mrs. Marlon Walker went to the Lubbock Fair Wednesday and reported a real nice time.

Mr. and Mrs. Nation have returned from East Texas.

Mr. and Mrs. Bert Boyd have moved back in our community. We hope to see them at Sunday School soon.

Mr. and Mrs. H. Disheroon's daughter and son-in-law are visiting them now.

Misses Mary Ellen and Nora Belle Inman spent Sunday with Miss Edna Moore.

Mrs. Woods of Tahoka spent Saturday night and Sunday with her daughter, Mrs. Taylor.

Mr. and Mrs. J. D. Moore of Stanton spent Sunday with their cousin Mr. and Mrs. Dale Ware.

Miss Laudelle Hobd spent Sunday night with Miss Edna Moore.

Misses Stella Moore spent Sunday with Misses Irene Redding.

A crowd of us visited the singing at Midway Sunday and everybody enjoyed themselves.

We have singing every 2nd and 4th Sunday evening at 3:30. Everybody invited to come.

Mr. Johnnie Inman spent Sunday with Mr. E. T. Redding.

We was very disappointed when Brother Cook was unable to be with us Sunday.

Misses Annie Lou Redding spent Sunday and Sunday night with Misses Annie Ruth Moore.—Reporter.

**COTTON GINNED IN O'DONNELL**

The cotton ginned in O'Donnell by the seven gins, up till Wednesday, October 1st, amounted to 1106 bales. This is an increase of 469 bales over the report of the same time last week.

With the increased number of pickers coming in, cotton is being gathered fast. If the weather remains clement and the pickers continue to come in the cotton will soon be gathered and the gins will be humming regularly.

All over the O'Donnell trade territory cotton is open and the demand for pickers cannot be supplied.—O'Donnell Index.

**ST. CLAIR MOVE TO LITTLEFIELD TUESDAY**

Mr. and Mrs. Homer St. Clair and family left Tuesday morning for Littlefield where they will make their home. Mr. St. Clair has accepted a responsible position with the Cicero Smith Lumber Company there.

Mr. St. Clair has for the past two years been associated with the same company here in the capacity of book-keeper, in which place he has made an enviable record.

Both Mr and Mrs. St. Clair have been active in church work, and their places will be hard to fill.

Their many friends here heartily congratulate Littlefield on securing them.—O'Donnell Index.

**YANDELL'S CAR BURNED LAST SATURDAY MORNING**

The Chevrolet coach owned by T. J. Yandell caught fire from a short in the dome light Saturday morning as he was driving on the Bill Griffin road east of town, and was almost destroyed. Mr. Yandell saw the flames and attempted to tear the overhead upholstery away, thinking that he might check the blaze, but it had already made too much progress.

The loss was partially covered by insurance.—O'Donnell Index.

Eagle Pass will use recently secured site for an airport, public park and swimming pool.

**Relief From Curse Of Constipation**

A Battle Creek physician says: more misery than any other cause.

"Constipation is responsible for But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store, Thomas Bros. Drug Co.

43-243c

**Taylor's Exhibit At South Plains Fair Attracts Many**

(Lubbock Avalanche)

Because it demonstrated what can be done on one farm on the South Plains, the exhibit of M. L. Taylor of Lynn County, as displayed at the Panhandle-South Plains Fair last week, was the outstanding feature from an agricultural viewpoint of the entire event, in the opinion of a number of observers.

"More interest was manifest in the Lynn county exhibit than in that of the Portales, N. M., exhibit adjoining it," declared one of the judges who was present in the agricultural building throughout the week. "The big reason for this, as I see it," the judge continued, "is that the farmers of this area are more interested in what can be grown by dry land farming than by irrigation, as at Portales."

**Exhibits For Entire County**

Mr. Taylor resides in the southwestern part of Lynn county. When he learned that Lynn county would not have an official exhibit at this year's fair he sought permission to place his own products in the Show Window of the Plains. He qualified as an exhibitor in the division for unique displays.

Besides his booth exhibit, Mr. Taylor made entries in a number of individual products contests and returned to Lynn county with a galaxy of awards to be talked of for many years. This included second place on a three-pound sample of cotton and third place on a 20-boll sample of cotton. He took first on ribbon cane, first on kershaw, first on pie melon, third on pinto beans and third on corn.

Says Neighbors Are Better "Anybody can do it" declared Mr. Taylor in explaining how he secured such a splendid showing, "if they try and get season enough in the ground to do it. I have many neighbors who are better farmers than I, and they could have brought as good or better things to the fair."

The Taylor booth includes displays of cotton, hegar, red top can sorghum, German millet, red maize, Algeria, snap beans, mung beans, cream peas, black eyed peas, three varieties of corn, pop corn, red peas, calvo peas, watermelons, canteloupe, pumpkin, kershaw, broom-corn and wheat.

These products were raised by Taylor and his three sons, Frank, Lee and Ben, on the half section of land owned by them and the quarter section adjoining their farm which they are renting. Their principal crop is maize, with 150 acres planted, with cotton second having 130 acres planted. There are two acres planted to millet, 50 to corn, 40 to broomcorn, 25 in wheat for pasture, 22 in Sudan grass and eight in barley.

Other Diversity Explained "The rest of our place is planted to various crops," Mr. Taylor explains. When asked as to the farm's other diversity, he continued:

"We keep 10 head of horses and mules, 16 head of milch cows, including calves, now milking five cows. Our poultry flock at the beginning of this year included 350 hens and pullets. We are now fattening two calves for carning, a two-year-old steer and a yearling. This meat is to be for home consumption. This year we have put up 700 cans of vegetables."

In comparing the use of horses and mules to that of the farm tractor, it is Mr. Taylor's opinion that, in years when farm commodity prices are so low, horse and mule power is cheapest. "The great point about a tractor," he says, "is in planting time or, sometimes, harvesting time, the tractor can be used night and day when time is precious but the horses or mules are tired out after a day's labor."

Cleburne formally opened its new airport in August, and other recently opened ports were at Austin, Fort Stockton, McAllen and Odessa.

## Amendments Will Produce Us Better Laws At Less Cost

WACO, Texas, Sept. 26.—The proposed amendments affecting the legislature to be voted on at the general election in November will enable the Legislature to enact better laws at less cost, according to a statement issued today by Senator Edgar E. Witt, chairman of the Legislative committee sponsoring the amendments. An educational campaign designed to acquaint the people of Texas with the merits of the proposed changes will be carried on by the committee, it is said. Beside the Chairman, Senator Edgar Witt, who is the Democratic nominee for Lieutenant Governor, the committee is composed of Senator Julian P. Greer, J. W. Stevenson and Joe M. Moore, and of the following members of the house: Coke Stevenson, Chas. S. McCombs, who is secretary of the committee, W. E. Pope, Clyde Warwick and Phil Sanders.

The statement follows: "The constitutional amendments affecting the legislature that are to be voted on at the General Election in November will enable the legislature to enact better laws at no increase in cost to the taxpayers. In order to familiarize the people of Texas with the merits of these Amendments, this committee has been formed.

The program to be followed by the committee is to be purely an educational one, bringing to the attention of the people the issues involved in the constitutional amendments proposed, and the reasons for the desired changes. This will be done principally by present and former members of the Legislature, as they are best acquainted with the difficulties that the Legislature now labors under.

The constitutional amendments proposed provide for a regular session each two years of not exceeding 120 days, unless changed by a four-fifths vote of the members. The first thirty days of the session is to be devoted to the introduction of bills; the second thirty days to the consideration of these bills by committees; and the remaining days in the consideration of measures by the Legislature as a whole.

Phone 35

By a four-fifths vote of either body that body can change its regular procedure and can consider any measure and finally pass it if desired, and emergency measures submitted by the Governor as such are to be considered at any time.

The other amendment affecting legislative procedure provides for a mileage of ten cents per mile instead of the twenty cents per mile now provided by the Constitution; and ten dollars per day instead of the five dollars now provided by the Constitution.

The committee is informed that a check of legislative sessions over the past fourteen years discloses the fact that the Legislature has been in session an average of 137 days for each two-year period. Therefore the 120-day period for regular sessions provided by this amendment will not increase the total length of legislative sessions but will, if no special session are had, accomplish a reduction in the number of legislative days.

Under the present system, a great deal of time is wasted, and a great deal of contingent expense incurred by chopping up the legislative session into a regular session and two or three special sessions of 30 days each as required by the Constitution. By grouping all the legislative time into one session, the proposed amendment will not only avoid the many expenses heretofore paid for each special session, but will also avoid the several days which are necessarily absorbed in the organization of each session and will obviate the necessity of re-referring, reconsidering and reprinting of bills heretofore carried over from one session to another.

The average cost of each thirty day session has been about \$108,000 or approximately \$3,600 per day. About a week of each session is required to complete organization work, a waste of time that will be avoided under the proposed plan. During the preceding seven legislative terms, there have been twenty special sessions or an average of nearly three special sessions to each term. It will be seen that the cost of the time wasted in organization by these special sessions has averaged about \$60,000 per term, an expense that will be eliminated if the proposed amendments are put into effect.

The cost of the mileage of each special session has been about \$12,000. The saving accomplished by having a 120-day session instead of a regular session and several special sessions will amount to about \$36,000 for each legislative term. In addition to this large saving, there will be thousands of dollars saved in printing. These savings will more than offset the cost of increased compensation to legislators. A still greater benefit than the mere saving in dollars and cents will be the more mature consideration given legislation under the proposed amendments than is possible at

present. With thirty days allotted to the introduction of bills, members will have opportunity to prepare their bills more carefully before introducing them, and the thirty-day period given over to committee meetings will make possible better consideration by the committee, more extended hearings from citizens, and will get the bills into very much better form before reaching the floor of the legislative body.

At present, with many committee meetings coming at the same time, it frequently happens that large delegations of citizens coming from distant points to Austin have to present their views of legislation to only two or three members of a committee. Under the new plan, there would be plenty of time to have full committee hearings and plenty of time for the people to be heard on proposed legislation in a very much more satisfactory and convincing way than at present. The public would also, because of the better opportunity for newspapers to publish the purpose of legislation under consideration; get a better understanding of what is being proposed, and the chances for undesirable measures to be put over before the people knew about them would be lessened.

Present and former members of the Legislature are undertaking to present the merits of these amendments to the people of Texas because by reason of their experience in the Legislature, they are better informed as to the defects under which legislation is now enacted, and are in better position to know the reasons for these changes than any other class of Texas citizens. While the amendments do have the effect of increasing the compensation of legislators, as shown herein, this additional compensation will be more than offset by savings affected by the amendments and in addition to these savings, the conditions under which legislation will hereafter be enacted will make for better considered legislation, and will give the people a greater knowledge and greater information as to what is being enacted than is possible under the present law.

## New Lynn

Well, at last New Lynn has the spirit of good feeling. For they got a soaker Sunday afternoon. Although most of the feed is so near gone that the rain will do but little good if any. But it makes the people feel like they are not forsaken, even though it has seemed that way for a little while.

Brother Robinson failed to fill his regular appointment to preach in the Baptist Church Saturday night and Sunday morning on account of the weather being bad. The people who came to hear him went on to the school house where they enjoyed themselves in hearing some pretty good singing.

Mr. Virgil Carter of Gar-Lynn spent Saturday night with Mr. Howard Simmons.

Mr. and Mrs. Martin and family returned last week from the east, where they have been working for the past five or six weeks.

Mr. and Mrs. Pierce and family of Littlefield visited Mr. and Mrs. Bankstan near Tahoka Sunday.

Mr. and Mrs. Lester have moved to Tahoka where their children, Billy and Mary Francis are attending school. We miss them. But know they will be welcomed by many in Tahoka.

Mr. Jake Halcomb and family spent Saturday in Lubbock their report was that they had a fine time. Mrs. J. H. McCarty spent Friday with Mrs. S. P. Levacy.

Mr. Hugh Vandell spent Saturday night with Mrs. J. C. McCuen.

Mr. and Mrs. Luther Reed have returned from Corpus Christi, where they have been picking cotton.

Misses Alice and Loma Frerich visited Miss Ruby Levacy Sunday afternoon.

Mr. Doc Simmons spent Sunday night with Mr. J. F. Reed.

Messrs. Higginbotham and Levacy made a business trip to Brownfield Tuesday.

Brother McLain filled the pulpit in the Methodist Church Sunday at eleven o'clock. Had a fine crowd for the weather being bad and heard a real good sermon.

### Eggs Produced For 10.2 Cents Per Dozen

Graham.—The average cost of producing eggs for a 12-month period has been 10.2 cents per dozen, V. V. Heard, poultry demonstrator of Padgett community in Young county has discovered. His 287 White Leghorn hens have netted him \$2.14 each for the year on an average production of 167.5 eggs. In his record submitted to the county agent sales of \$1010.74 were reported.

Forestry Service to test young pines as newsprint source.

## Terraced Land Grows Big Crop

Brady — Terracing has almost doubled the yield of milo maize for Leon Browning, McCulloch county farmer living at Pear Valley, and has given him a net profit of \$900.25, less threshing expense, on 37 acres of land. Using pure line single dwarf milo maize seed from the Lubbock Experiment Sub-Station he has made 81,700 pounds of threshed seed from the field, or 43 bushels per acre, while the same crop on unterraced land adjoining yielded 24 bushels per acre. Both fields were planted by the two-rows-and-skip-one method.

Cotton has also increased in yield following the terracing of this farm as a demonstration by James D. Prewit, county agent. Unterraced land has made one bale to every 15 acres while terraced land is going one quarter bale per acre, and where in addition the rows were planted on the two-rows-and-skip-one plan Mr. Browning estimates he will get three bales from five acres.

Air-o-matic Mfg. Co., making pumps will move its plants from Wichita, Kan., so Amarillo.

The \$200,000 peanut factory at Denison, burned some time ago, is to be rebuilt.

## Locals

Miss Doris McGonagill underwent a major operation in a Dallas sanitarium at 9 o'clock Wednesday morning, and at 2 o'clock in the afternoon she was resting nicely, according to a message received by her father, A. R. McGonagill. Miss Doris' sister, Mrs. Gladys M. Stokes, is in Dallas with her.

Mrs. J. E. Hicks, Commerce, and Mr. and Mrs. H. L. Crow and three children, Floydada, were here last week end visiting in the G. H. Nelson home. Mrs. Hicks and Mrs. Crow are aunts of Mr. Nelson's, being his mother's sisters.

Ernest Ray of Lubbock is quite sick here at the home of his grandmother, Mrs. M. I. Ray. Mrs. Tony Chisum of Amarillo and Mrs. Lester Stinson of Lubbock, daughters of Mrs. Ray, are here at his bedside.

J. W. Moon has moved to Tahoka from Frederick, Okla., to accept the Lynn county agency of the Singer Sewing Machine Company. Mr. Moon says he has been with this company for twenty-four years.

Mr. and Mrs. Howard Hackney, who have been here on their honeymoon visiting his sister, Mrs. G. H. Nelson, left Sunday for Dallas, where they will make their home.

Beecher Sherrod has purchased the Jim Banister residence out in West Tahoka. It is a neat stucco structure. He will occupy it as a home.

Bill Burleson, who is now operating a filling station in Midland, was here Tuesday. He reported business in his new location to be excellent.

Mr. and Mrs. O. C. Richards spent Wednesday in Levelland on business.

Chester Connolly was a business visitor to Dallas this week.

S. S. Bartley and family moved last week to Brownfield.

## R. S. Sterling Resigns; Martin New Member

AUSTIN, Oct. 6.—Ross S. Sterling, democratic nominee for governor, relinquished his official position as chairman of the state highway commission today.

D. K. Martin, San Antonio business man, was named to fill the vacancy. Judge W. R. Ely of Abilene was named chairman of the commission with almost a full six year term to serve.

Sterling's resignation was in anticipation of his election as governor so he would have more time to devote to his private interests before next January, when the new governor will be sworn in.

Martin, new member of the board was not named to fill Sterling's unexpired term, however, Governor Dan Moody, in announcing the resignation, shifted the terms to make Martin's term expire in 1931, leaving his reappointment to the next governor.

Come Johnson of Tyler, the oldest member of the commission, whose term would have expired in 1931, was appointed to serve in Sterling's unexpired term until 1933, and Martin's appointment officially was to succeed Johnson.

Martin as a member of the commission under the Hobby administration, was considered one of the best posted men in Texas on highway matters. As a business man he has traveled all over Texas.

He and Sterling have been friends for several years and in addition to this friendship, the appointment was considered a concession to South Texas, which has many road projects pending.

Texas is the second largest producer of rice in the United States. Estimated production for 1930 is 7,380,000 bushels.

The fall session of schools has opened, and facilities are so taxed in many instances that new buildings have been found necessary before another year. At any rate the building of schools in Texas goes on apace. Aspermont \$55,000 for high school, Dallas \$125,000 for R. E. Lee school, Oakwood \$35,000, Salado \$14,000, Rio Grande City \$149,000 are some of the recent announcements. Amarillo is to have a \$40,000 Conservatory of Music privately owned and operated, and A. & M. College at College Station has received bids for an 80-room dormitory.

First Baptist Church, Paris, will erect a \$60,000 edifice. Whitewright Baptists are building a \$32,000 church building. Foundation for a \$30,000 Methodist church at Liberty has been completed. First Methodist, Taylor, is erecting an \$18,000 Sunday School room and Riversdale Park Baptist, San Antonio, a \$17,000 annex.

Night football equipment is being arranged for the new Fair Park Stadium, Dallas, with a seating capacity of 45,000. Night tennis is being played in many tennis courts while night baseball, the first of which was seen this year, promises to be almost a general thing in minor league cities in another season.

## Tahoka Defeats Floydada 13 To 0 In Game At Fair

Washam's Tahoka High school Bulldogs took off first prize at the Panhandle-South Plains Fair Thursday when they defeated the Floydada Whirlwinds 13 to 0 in the special attraction on the fair grounds. The game was one of the most interesting of the week, both teams playing clean games and fighting to the limit.

Aside from the natural enmity that characterizes all opposing gridiron teams, both organizations were fighting for their coaches yesterday. The mentors of the teams are former athletes at Baylor University and are coaching their own teams for the first time this season. Washam, Tahoka coach, was freshman football coach at Baylor last season, while Barksdale, Whirlwind mentor, was assistant coach to Denton Teachers College last year. Both

teams showed signs of having been coached to the minutest details and their manner of playing would have done credit to a leading Class A high school team.

**No Scoring Till Fourth**  
There was no scoring until the fourth quarter, when Tahoka got off to a couple of lengthy runs that finally resulted in touchdowns. For three quarters the lines held, with Tahoka having something of the advantage all the way, but failing to put across counters when they were within striking distance. The line play of both teams, which were evenly matched in size and endurance, was outstanding. There was no individual star in either line, but both forward walls were well nigh impregnable to plunges. Only once did Tahoka pierce the Floydada line and that was when the latter team was about fagged out. It was late in the game and Tahoka, desperate to score once more, completed a long pass, taking the ball to the 9 yard line. Fenton, Tahoka half, hit the line twice, placing the ball on the scoring side on the second plunge.

**Lester and Ketter Stars**  
Tahoka's first touchdown came just as the fourth quarter started. The third period ended with Tahoka in possession of the ball on Floydada's 10 yard line, after Lester caught a beautiful pass on the 20 yard line and was downed. Lester then circled right end for ten yards as the quarter ended. On the next play Ketter went around right end for the touchdown. The ball was passed over the line for the extra point.

Floydada threatened more than once, when they recovered their own punts and passes that had been caught but fumbled, but the Greenies, playing a wonderful brand of football, were unable to push over for the counter. Tahoka scored nine first downs to Floydada's four. —Lubbock Avalanche.

### BACK TO CARDUI

**Lady Who Had Been In a Run-Down Condition Tells How She Got Well.**

Mayo, Fla.—"I was greatly benefited after I took the Cardui Home Treatment," says Mrs. W. H. Tra-wick, of this place. "For several months I had been in bad health. I was run-down and weak."

"I dragged around from day to day, not feeling fit for anything. My back ached and often my sides hurt all night long. I could not sleep, and my nerves gave me a good deal of trouble."

"I had used Cardui several years before for a similar spell, so I got some for my trouble. I soon recovered and felt better than I had in a long time."

"After taking Cardui for several weeks, I began to feel stronger and to rest better. It is a fine medicine, and I have recommended it to friends."

"Thousands of other women have taken Cardui to help them to build up their health. The good reports which have been received, telling of the experience of others, should encourage you to try Cardui, for your troubles."

Cardui is a purely vegetable remedy, and contains nothing harmful or injurious. It may be safely taken by women of all ages.

For sale by all druggists. 22-234

### "CHURCHES OF CHRIST IN TAHOKA"

A few days ago in the Neches River bottom a "Holy Roller" preacher styled I think as the Church of God, or some such name, which doesn't matter, claimed to have figured out the year and the month (he must have made a slight error or he certainly could have told the day) when Christ is coming back to earth again to receive His own elect to Himself. To this preacher who speaks with an unknown tongue the Church of Christ is bounded by the lines of his own sect, and nobody else can be saved. He said so. Everybody must know his shibboleth and be able to speak it plainly or he is sure to go to hell. He is thoroughly convinced of this fact because his small group has about "the hundred and forty-four thousand", and he finds that number mentioned in Revelation 14:1-3. Therefore he is right! Q. E. D. He has proven by the Bible that he is right. That is the sort of logic he uses to send all people to hell who do not get the gift of tongues.

The above may be an extreme case of fanatical religious conviction. Mark you, I do not use the word "Christian", for I believe the spirit of Jesus to be absolutely foreign to that sort of sectarian conviction. There are still some sects who demand that everybody on the road to heaven subscribe to their belief about everything, baptism included. There is no use their denying the fact that they interpret scripture to suit themselves. There isn't a church in the community that doesn't have the Bible for its creed. But there is not a church in the community that does not reserve the right to interpret scripture as its members understand it. The Baptist people believe they are serving God in a "New Testament Church" and they believe that every article of faith to which they subscribe is substantiated by the Bible. The Presbyterian (Confession of Faith is based on Scripture. So every Presbyterian believes. The Methodist people have incorporated in an article of faith these words: "Holy Scripture containeth all things necessary to salvation; so that whatsoever is not read therein, nor may be proved thereby, is not to be required of any man, that it should be believed as an article of the faith, or be thought requisite or necessary to salvation." Certainly these three churches must believe they are right. The members are not all deceived, and most of them are living Christian lives. The one final rule of judgment for Christians to use, and the only one they have a right to use in judging one another is the rule of Jesus: "By their fruits ye shall know them." I am perfectly willing to let that rule be applied to the church to which I subscribe. And I am equally sure the other denominations are willing for the world to apply the same to them.

Usually the more ignorant and bigoted a critic is the more intolerant he becomes. I can not but feel sorry for one who limits Christ's Holy Church to his own particular interpretation of Scripture. As long as honest and good men can differ as regards denominational questions, I shall regard those things as being immaterial and non-essential. No man ever thought of belief in God the Father, Jesus Christ the Son or the Holy Spirit as being unnecessary to a Christian's Creed. But some denominational questions and practices have always been debated. If these things had been necessary to salvation there never could have been any doubt about them.

A newspaper is no place to carry on a discussion of denominational differences, nor is it a place to raise such questions as were injected into a rather harsh article in a recent issue of this paper. But in answer to the question as to what I meant by "the churches of Christ in Tahoka", let me say that in my opinion the Church of Christ is a greater institution than any one or all combined of the denominations in Tahoka; that the same Lord is over all; that the same Spirit is made accessible to all; that all should follow Him as best they can in brotherly love one toward another. So far as I know there is no church in Tahoka that has a right to lay claim to being the only Church. Every one is a Christian Church, Church of Christ, Church of God. Some may be called Methodists, Baptists, Presbyterians, Nazarenes, "Christian Church", the "Church of Christ".

Some people give me the idea that if they get to heaven and find some other denominations represented there they will withdraw fellowship and set up a church somewhere else, and try to build a bigger house and a higher steeple than the "house not made with hands." They are not going to be satisfied at all if the Lord lets the rest of us in. They may even charge that we did not cast out devils just like they did. You know the sons of Zebedee did just that one time. But they were rebuked when the Lord said: "Other

sheep I have which are not of this fold." "He that is not with me is against me."

No, I think the Kingdom of God is bigger than the Methodist Church. I believe many a man is going to be ashamed of his lack of breadth and kindness when he gets finally to heaven. He probably will find some folks there who weren't baptized as he was, men who didn't belong to his "Church" and who did not understand all the Scriptures just as he did. "Now we see through a glass darkly; but then, face to face; now I know in part; but then shall I know even as also I am known."

Now, if appreciating the good that is in my brethren, giving them my fellowship, loving them, recognizing that they are as genuinely Christian as I, and expecting to meet them in whatever heaven God has appointed for all true believers in His Son is misrepresenting the "Church Christ died to establish" I am willing to meet the consequences. Yes, if God is going to save a little group of a few millions of people who draw their self righteous robes tightly around them and thank God that they are not like other people and let all the others who have served the cause of righteousness, and given their lives according to their ability to read God's Word and interpret it be lost, I believe I shall gladly go with the millions in the other denominations that to my way of thinking are as really Christians. "What? Came the word of God out from you? or came it unto you only? I Cor. 14:36. What groups seem to merit that rebuke of Paul's?"

I am sorry that I do not know who Lois O'Shay is. Nobody seems to be able to tell me. Perhaps that is a nom de plume the writer used. But who ever Lois O'Shay is may I suggest that the different branches of Christ's Church differ much less than some people seek to think. Which of them disbelieves in God, in Jesus Christ, in the Holy Spirit, the third person in the trinity? Which disbelieves in personal purity of life, in righteousness, in good work, in love toward all mankind, in the resurrection, in a home in heaven? Some call their preachers. Some send them. Some have deacons and elders, some have deacons, elders and bishops, some have just deacons. Church governments differ in a somewhat immaterial manner it may be, but each church is saving sinners and making a better world. Each one is trying to better the conditions of society, and to bring the

light and liberty of Christ's gospel to our land. It is ridiculous for them to criticize and abuse each other, and some of us believe it is not Christian. It gives comfort to their enemies. The devil rejoices when brethren fight among themselves. Shame on any man who will try to tear down his neighbor's faith for the sake of his own prejudices. If a man loved God supremely and spend his life in His service and in that of his fellow man he is our brother.

I wonder how funny we would look if we all wore the same size pants, and if all tobacco chewers had to spit just alike. It would be an awful world if just because some fel-

low were bowlegged he made everybody else walk that way to. I favor eating peas with a spoon as the Lord intended, but if some other guy wants to eat them with about five inches of knife "it's o. k. by me". People just will not be alike; they will not think alike; they will not see alike. They just will not be standardized like Fords. The reason is they are humans. God uses all of us to make a good old world and He is using the "Church of Christ in Tahoka" to make a better community just as much as contrary people will let Him.

### KIWANIS CLUB HAS GOOD PROGRAM WEDNESDAY

(Continued from first page)

tory of this country showing that these periods recur about every seven years, that there have been many such periods in this country before, and that some of them have been more serious than the present one. He cited the story of Joseph as found in the Bible to show that there were seven years of famine in that early period of the world's history. He injected quite a bit of spice into his address and it was very interesting.

The Tahoka Fire Boys were the guests of the club on this occasion and Buster Fenton and Judge C. H. Cain each spoke a few words of appreciation of the work of the fire boys in Tahoka. Mr. Fenton called attention to the fact that our fire record is about as good as any to be found in the state and showed how a good fire record reduces fire insurance rates. Judge Cain declared that every destructive fire not only brings loss to the owner of the destroyed property or to the insurance companies but also to every property owner and taxpayer in the town. Milt Finch, fire marshal, and Pete Coleman, chief of the fire department, each spoke briefly.

Dr. E. E. Callaway was also present and made a brief but much appreciated speech.

Other guests present were H. C. Kruse of the Texas Utilities Company, Lubbock, and a number of special officers and employees of the Santa Fe Railway Company, who were here from Amarillo and Fort Worth as witnesses in a case on trial in the district court.

### CARD OF THANKS

We wish to express our heart felt thanks for the deeds of kindness and words of sympathy shown us during the illness and death of our father, S. H. Hunt, at Bellevue. Especially do we extend our thanks for the beautiful floral offerings sent by Mr. and Mrs. T. J. Bovell, Mr. and Mrs. John Evans and Mr. and Mrs. Belton Howell. May God's richest blessings be on each one.

Mr. and Mrs. Reid and children Mr. and Mrs. Carl Mooney and children, Floydada  
 Mr. and Mrs. Iva Hunt and children, Bellevue, Texas.  
 Mr. and Mrs. Dit Hunt, Bellevue, Texas.

### NO INFANTILE PARALYSIS IN AMARILLO NOW

AMARILLO, Oct. 7.—While many cities are in the throes of an infantile paralysis epidemic, Amarillo remains free of active cases of this dread disease and the health department is taking every possible precautionary measure to keep the city that way.

As city health officers, Dr. H. H. Latson has sent letters to every member of the medical profession in Amarillo, asking co-operation in taking every precaution against an invasion of infantile paralysis.

"There are no active cases of the disease in Amarillo and there is no cause for alarm," Dr. Latson said Saturday.

"Up to the present date in Amarillo infantile paralysis has been considered a reportable, but not a quarantinable disease," says the letter mailed by the health department to Amarillo physicians. "As you know, there are numerous opinions about its mode of transmission.

"As a matter of precaution the city health officer and the city board of health have decided that in the future the disease will be quarantined. We, therefore, call your attention to the following regulations in regard to quarantining infantile paralysis:

"Active cases will be quarantined a minimum of 21 days. Other children residing in the same family will be excluded from school and other public places for two weeks. When the patient is released from quarantine the room or rooms occupied by the patient will receive the same renovation as now carried out in cases of scarlet fever."

There is no need whatever for Amarilloans to become alarmed, it was pointed out by the health department, especially in view of the fact that there are now no cases of infantile paralysis within the city limits.

The only reason for sending the letter, it was said, is the prevalence of the disease in many other cities of the United States.

What is thought to be the largest field under one fence in the country is being broken for the sowing of wheat this fall by Hickman Price most extensive wheat farmer in the Panhandle of Texas. The field contains 7,000 acres, the home of roving cattle for the last 50 years and of buffaloes and Indians long before that. The 11-section tract lies in Swisher and Castro counties and is owned by Mrs. T. F. Nanny of California.

### STATE FAIR WILL OPEN SATURDAY, OCTOBER 11

DALLAS, Texas, Oct. 8th.—Everything is in readiness for the opening of the 44th Annual State Fair of Texas, here Saturday, Oct. 11, it has been announced by T. E. Jackson, president of the exposition. Work has been completed on the \$400,000 building program which has been under way during the summer months and all three of the major projects are ready for the opening on Saturday.

Two events are being specially featured on opening day, Press Day, at which some 600 Texas newspaper men and women are expected and the opening game of the season will be played in the new \$350,000 stadium. The opening game will be played between Texas A. & M. and Tulane University.

During the first week, Oct. 11 to 18, beef cattle, sheep, goats, jacks, mules and heavy horses, will be shown. The Texas Breeder-Feeder Association will hold its second annual feeder show and auction sale during Beef Cattle Week.

In the poultry department, which has also been divided this year, rabbits, pigeons, bantam chicks, pet stock, and 4-H club poultry will be shown during the first week and the main poultry show will open on Saturday, Oct. 18.

A total of ninety per cent of the counties of Texas is represented in the Agriculture Building. This includes 52 county exhibits, the East Texas Chamber of Commerce regional exhibit representing 75 counties, the Panhandle-Plains exhibit and others.

"We are ready for the opening," Mr. Jackson has announced. "Our stadium is ready, our new dairy building has been completed, amusements are already on the grounds, concessionaires are ready to open, and we are ready for the people of Texas to visit our 'Show Window of Texas' and see the progress made in Texas during the past year."

Thirteen American cities are now using "trackless trolleys" or trolley buses—Baltimore, Philadelphia, Rochester, Cohoes, N. Y., Salt Lake City, New Orleans, Chicago, Knoxville, Detroit, Brooklyn, Boston, Denver and Milwaukee.

The University of Texas has conferred 14,506 degrees since its establishment in 1883.

### FITZGERALD BURGLARY CASE GOES TO JURY TODAY

(Continued from first page)

because he had escaped, he is not a competent witness under the laws of this state. Attorneys for the prosecution argued that under the act of the legislature passed in 1928 he is a competent witness. The trial court held that under a recent ruling of the court of criminal appeals, the witness could testify. If Fitzgerald is convicted, it is practically certain that the case will be appealed and that the competency of Churchill as a witness will be one of the major issues to be fought out before the court of criminal appeals, unless the identical point is definitely settled by a decision of the court in some other case prior to that time. The same question has arisen, it is said, in Wichita Falls where Churchill was used as a witness against his same defendant. The defendant in the case here is represented by Culwell & Culwell, Amarillo attorneys.

This case will doubtless go to the jury this afternoon and it is probable that the jury will have reached a verdict before this paper is off the press.

The case against Bob King was on call for today, but on account of the Fitzgerald case on trial and other cases pending, it was crowded out. No jury has been summoned for next

week and the King case, in all probability, will be continued till next term. Other criminal cases on the docket will probably be continued also, including another case against Fitzgerald, in which he is charged with the burglary of The Lin. It here three years ago.

### Oats Cheap Summer Dairy Cow Feed

Sulphur Springs—Six dairy cows have paid Carter Minter \$72.88 for milking and caring for them during July and August, besides paying 50 cents per bushel for home-grown oats that were worth only 35 cents per bushel on the market. Mr. Minter is a Hopkins county dairy herd demonstrator living at Dike, and his records kept in co-operation with the county agent, has found that the feed cost of producing butterfat these months was 10.3 cents per pound.

Texas has almost a world monopoly of sulphur production, its total being nearly 90 per cent of the world's total and nearly 100 per cent of that of the United States. The largest sulphur plant in the world is in Wharton County, Texas.

Many accidents are caused by sending a body out to work and the mind out to play.

## Ruined!

Many a car is ruined or seriously damaged by running it in bad condition. When any defect shows up, it will pay you to bring it to our shop at once and let us give it the once-over.
