Tahoka, Lynn County, Texas, Friday, October 4, 1940

Number 8

Plans Complete For Registration Oct. 16

Lynn Exhibit Takes Second At Fair

Lynn county's exhibit won second place, trailing Lamb by only 10 points, in the feature contest, the county agricultural exhibit, at the Panhandle-South Plains Fair in Lubbock this week.

The exhibit from Lynn, gathered and prepared by County Agent Don Turner, brought a prize of \$60 cash. Lamb scored 927.4 points to take first place and \$75, Lynn scored 917.3, and Crosby was third with 908.

Others, in order, were Swisher, Terry, Hockley, Donley, Bailey, Collingsworth, Maverick, Haskell and Castro.

Large crowds have been attending the fair all week, and others will see the exhibits and shows Friday and Saturday.

Wednesday was Tahoka day and also Children's day at the fair, and the Tahoka High School band, under direction of John Hamblen, members of the senior class, other school children and citizens attended the fair. The band paraded down Broadway from Lubbock Sanitarium to the court house with a police escort in the morning. Following this they played a concert at the fair grounds. Both appearances attracted much attention and the band received much favorable comment.

Among other prize winners from Lynn county, one of the most notable was that of Wilburn Wenzel of the Wilson 4-H Club, who, with his Berkshire hogs won first place on his litter, first and third places with his barrows.

Most out of the ordinary attraction at this year's fair is "Coronado Entrada," celebrating the 400th anniversary of the coming of the Spanish conquistador to this section in search of The Cities of Gold. The show is participated in by 500 actors, and is staged in the out-of-doors in front of the grand stand. Another special attraction is the appearance of an army band and an Army artillery corps, which demonstrates some of the light and heavy artillery.

RURAL MAIL BOXES CALLED SYMBOL OF U. S. HONESTY

WASHINGTON, Oct. 3. (Spl.)—The Post Office Department has nominated the often battered and dusty rural mailbox as an outstanding symbol of the honor system in the United States.

More than 6,000,000 of the little boxes are scattered across the Nation from Evening shade, Ark., to Rough and Ready, Tex., from Youngs America, Ind., to Social Circle, Ga., and back again to Bad Axe, Mich.

Un-guarded in every instance, only 10 of them were reported robbed in the last 12 months, and 10 is about the annual average.

"People seem to have great respect for this symbol of Uncle Sam," said Joseph E. Cooper, Superintendent of the Division of Rural Mails.

Wilson People, We Apologize!

In last week's edition, The News stated that Tahoka's 6-man football team defeated the Wilson team 25 to 6, through a misunderstanding of the results phoned in to The News.

The truth is Wilson swamped Tahoka by that score.

The News deeply regrets this rank error, and offers its apologies to the school and the community. We are sorry.

Wilson has several games on its schedule and if the correct information is given The News, we would be very glad to publish it. Also, we would certainly appreciate any school news, sports, personals, or any news from Wilson and vicinity.

Open Warehouse Office In O'Donnell

Lynn County Bonded Warehouse Company of this city this week opened an office in O'Donnell.

R. P. Weathers, tax-assessor elect, will manage the O'Donnell end of the business, going to and from his home here.

No Contested Cases In Court

On the prospect that there would be no work for a jury in the district court during the early part of this week, Judge Reid instructed the District Clerk Hattie Server to notify the jurors not to appear before Wednesday, which was done accordingly. Then, due to later developments, they were notified not to appear at all. Consequently the County has been saved the expense of jury service this week.

Only a few divorce cases and possibly other non-contested cases have been tried this week.

The criminal docket is to be taken up Monday, and a jury will be heard Monday morning for service.

It is not contemplated, however, that the trial of criminal cases this term will require much time.

Mail Arrives 21 Months Late

The News on Tuesday of this week received through the mail a copy of The Floyd County Hesperian of date of December 29, 1938.

It evidently was almost exactly a year and nine months, therefore, from the time this paper was placed in the mails at Floydada until it was delivered to us here in Tahoka.

If we were inclined to do so, that would afford us an ample opportunity to "raz" Hap Smith about the kind of service his late big boss, Jim Farley, has been giving.

But, of course, that was just an accident; and as a matter of fact our post office department is one of the most efficient, we believe, of all the departments of the Government. It handles an inconceivable amount of mail each day with amazing promptness and dispatch. Considering the almost illegible handwriting of so many people and the inexcusable carelessness of others in writing addresses, it is astounding that so small a percent of the mail goes astray or is delayed in its delivery.

The postmaster, his clerks, and the rural carriers here as in most other places are remarkably efficient in the handling of the mails.

CONGRESSMAN-ELECT HAS WARM FRIENDS HERE

The Fort Worth Star-Telegram Thursday carried pictures of Congressman-Elect Sam Russell of Stephenville and a story of his life that would rival a Horatio Alger production.

All this was of enthralling interest to City Marshal W. M. Lee of this city, for Lee first made acquaintance with Sammy when the latter was a baby. The Lees and the Russells were neighbors and warm friends.

W. L. Stewart and wife of Brownsville were here this week visiting his father, Frank Stewart, and family. He was enroute to Fresno, Calif., where he expects to work for a compress company for the next few months. His wife will visit her parents seven miles east of Post before proceeding to California.

Mr. and Mrs. W. T. Hanes returned Wednesday night from Dallas, where they were called earlier in the week by the critical illness of a brother-in-law.

Mr. and Mrs. C. S. Wylie have returned from a ten-day visit with their daughter, Mrs. H. O. Huff and family, at Morton.

Goat milk, which is produced by goats on display at the Texas State Fair, is chilled and given free to visitors to the Milk Goat barn.

CAA Recommends Airport For Tahoka

An appropriation of \$36,500 for the construction of an airport here is included in a recommendation submitted to Congress recently by the Civil Aeronautics administration.

The recommendation proposes appropriations for other airports in this section of the state as follows: Lubbock \$475,099, Brownfield \$188,616; Lamesa \$172,116, Plainview \$169,449, Big Spring \$150,081, Post \$31,500, Muleshoe \$11,000, Plains \$10,900.

On what basis these allocations are to be made if the recommendation is approved by Congress is not explained. The proposed appropriation for Brownfield for instance, is more than five times as large as that for Tahoka, and that for Lamesa is nearly five times as large.

Of course the recommendation submitted by the Civil Aeronautics committee may never be adopted by Congress and if adopted it may be in a greatly modified or revised form. Colonel Donald H. Connolly, civil aeronautics administrator, has expressed the opinion that this airport development program can be carried out in three years, if Congress is favorable to the recommendation.

All of this, we understand, is to be done in pursuance of our general defense program. If done at all. It may never materialize. On the other hand, it may soon become a reality, depending largely on developments in Europe and the apparent advisability or non-advisability of carrying out such a program.

Hauling Caliche For Street Paving

Workmen started laying the caliche base for paving of West North Third Street Monday. Curb and gutter work was also started on the streets adjacent to the City Park on the west and north.

Curb and gutter work was recently completed on West North Third.

2,412 Parity Checks Received To Date

Up to Thursday morning, a total of 2,412 parity checks for 1,546 farms for the aggregate sum of \$431,077.87 had been received by C. A. Lawrence, secretary of the Lynn County AAA committee.

Mr. Lawrence estimates that \$60,000 to \$85,000 are yet to be received.

Naturally the distribution of these checks among the farmers and other land owners of Lynn county has had a stimulating effect on business in the towns.

In a few weeks the soil conservation checks will begin to come in, for an even larger aggregate in dollars and cents than the parity checks.

Employment Man Is Located Here

A representative of the Texas State Employment Service has been stationed at Tahoka for the benefit of the cotton farmers and cotton pickers of this area, according to Sam G. Wynn, manager of the Lubbock office.

Mr. J. S. Lowry, interviewer, stationed here may be contacted at the Lynn County Agriculture Bldg. Local officials are cooperating with the Texas State Employment Service by making AAA office available for headquarters where farmers may come and place their orders for pickers and where the workers may contact Mr. Lowry to obtain information about jobs.

The service is without cost to the pickers or farmers and it is urged that they use it as a clearing house during the coming cotton season.

It was stated that local pickers would be assisted in every way before transient labor is used.

Forrester Agency Buys Out Weathers

Mrs. R. C. Forrester announces this week that she has bought the business and good will of the Tahoka Insurance Agency from R. P. Weathers and will consolidate the same with Forrester Insurance Agency, located in the Nowlin building.

"We want Mr. Weathers customers to know that we appreciate their business and will give the same courteous service that he has always given," Mrs. Forrester stated.

PLAN BRICK DRIVE

Hubert L. Allen, district manager of Texas-New Mexico Utilities Co., Lubbock, was here Thursday in interest of the drive for bricks to be used in completion of the Museum on the campus of Texas Tech.

A drive will probably be started in Lynn county to collect old bricks, as a result of his visit.

ROTARY MEETING

Teachers of the Tahoka schools and Rotary-Anns are guests of the local Rotary Club at a banquet being held in the school gymnasium as The News goes to press Thursday night.

Mrs. Jane Minor and Misses Echo and Jo Belle Milliken returned Wednesday from San Antonio, where they spent a few days attending the state beauticians convention. A. J. Minor acted as chauffeur for the trip.

Congratulations

To Mr. and Mrs. A. L. Robinson on the birth of a girl, Wednesday night at their home.

All Men 21 to 35 Must Register

County Clerk Walter Mathis and the Commissioners Court of Lynn county have been designated to conduct the registration in this county on October 16 of all persons eligible to be registered under the terms of the Burke-Wadsworth Selective Service Law recently enacted by Congress.

"All men between the ages of 21 and 35 years inclusive are urged to register in the voting precinct in which they reside on registration day," is the instruction that Mr. Mathis and the Court asks that we relay to the registrants. "The time required to register each man is estimated at 20 to 30 minutes. Therefore a number of volunteer registrars for Lynn county will be needed.

"Any person wishing to volunteer his or her services as a registrar should get in touch with the officers who have charge of registration in their respective voting precincts.

"All male registrars must be under 21 or past 35 years of age. The following election officers, having charge of the holding of all special and general elections in Lynn county, will serve as registration officials on October 16, together with whatever help they can recruit," according to Mr. Mathis.

Precinct No. 1, South Tahoka: N. M. Wyatt, Presiding Judge and J. S. McKaughan.

Precinct No. 2, Wilson: R. J. Maeker, Presiding Judge and S. A. Cummings.

Precinct No. 3, Three Lakes: O. W. Hiekeron, Presiding Judge and Tom Ellis.

Precinct No. 4, New Home: J. H. Izard, Presiding Judge and Wayman Smith.

Precinct No. 5, Draw: A. R. Henaley, Presiding Judge and R. L. Pirtle. C. W. Conway.

Precinct No. 6, North Tahoka: C. E. Woodworth, Presiding Judge and Precinct No. 7, O'Donnell: W. A. Tredway, Presiding Judge and P. O. Cabbiness.

Precinct No. 8, Grassland: M. C. Richey, Presiding Judge and J. O. Mathis.

Precinct No. 9, Gordon: Howton Haire, Presiding Judge and Noble Winn.

Precinct No. 10, Garnolia: J. B. Ray, Presiding Judge and Dan L. Carpenter.

Precinct No. 11, West Point: C. C. Gillispie, Presiding Judge and C. T. Tankersley.

Precinct No. 12, New Moore: J. F. Rogers Sr., Presiding Judge and Bill Cathey.

Precinct No. 13, Dixie: J. D. Noble, Presiding Judge and W. J. Benson.

Precinct No. 14, Morgan: Tom McGehee, Presiding Judge and Jack Cook.

Precinct No. 15, Lakeview: J. H. Newman, Presiding Judge and A. C. Fillingim.

All of the above named officers are urged to meet in the County Court Room Friday afternoon October 4th, at 2:00 o'clock.

Leon McPherson Is Store Owner

A news story appearing in the News last week respecting the new food store opening up on the south side of the square was misconstrued by some as stating that it was owned by J. B. McPherson.

This not what was really stated. What was actually stated was that Leon McPherson, who was manager of a food store on the west side of the square owned by his brother J. B. McPherson, is this week opening a new store on the south side of the square.

That was true and was the idea intended to be conveyed.

J. B. McPherson is not owner of the new store on the south side of the square recently opened under the name of Mack's Food Store. Leon McPherson is the owner of this business.

Lamesa Held By Tahoka 12 To 0

For the second time this season the Tahoka Bulldogs fell to defeat before the powerful Lamesa Tornadoes 12 to 0 with Foy Futrell scoring both touchdowns for the Lamesa squad.

Before 1,500 fans, Coach Ted McCollum's Golden Tornadoes took their third straight victory of the season from the Tahoka Bulldogs who have lost two and won one this season against three strong teams. Lamesa being in a higher bracket than the Tahoka Team is doped to be a real threat against their District 3-AA opponents.

Futrell Scores Both Touchdowns For Lamesa

Foy Futrell, snappy halfback for the Tornadoes sparked the powerful Lamesa team by scoring both touchdowns for the Lamesa. The first score was made in the first quarter soon after an exchange of punts that netted a gain of 41 for the Tornadoes and after bucking the Bulldogs line seven times from the four yard stripe, (3 downs to make a 1st down and 4 to make one-foot) Futrell finally put the pigskin across the goal only about an inch for the first score of the game. Then late in the fourth quarter of the game Futrell plunged over from the one-half yard line for the second score.

Roy Botkin and A. G. Deason made the prettiest tackle I have ever seen in a high school ball game and they struck the Lamesa boy with so much power that the Lamesa boy was nearly unable to get up, but he had plenty of what it takes and after a grunt he got to his hands and knees, nearly fell, grunted again and got up to resume the game. The Lamesa boy was returning a Tahoka punt and there aren't many boys that would have been able to get up and come back for more after being hit like Roy Botkin and A. G. Deason hit him.

Statistics

The Tahoka Bulldogs made 107 yards rushing and lost 30 while making only 2 first downs and completed 3 passes for 30 yards and kicked 304 yards out of 8 kicks.

The Lamesa Golden Tornadoes made 232 yards rushing and lost 32, making 15 first downs and completed 1 pass for a 3 yard gain and kicked 5 times for 209 yards.

POST ANTELOPES TAKE A REST OVER THE WEEKEND

The tough Post Antelopes also rested up last weekend and are in fine shape to go again this weekend. Post is also doped to be a strong contender for District honors this year boasting a line average of 170 pounds and a 155 pound backfield.

Miss Lola Belle Johnson, who is now teaching in the Post city schools, spent the week-end here with her sister, Mrs. C. N. Woods.

Monahans 6; Colorado City 0.

Pecos Downs Slaton Tigers 26 to 6

The Slaton Tigers lost their third consecutive game of the season in a high-scoring contest to the tough Pecos team 13 to 26 at Pecos last Friday night.

Pecos, the defending regional champions of their part of the state remain undefeated. Pecos defeated Monahans last year for that championship by a single penetration.

Remember how the Lubbock-Westerner's started off last season and then came out on top the State Champions. Well, don't get it into your head that Slaton will be easy because they never have been and aren't likely to be this year because they have also been playing some good teams to start off the season too.

The Slaton Tigers will be the first conference game of the season for the Bulldogs and we play them on their own ground Friday October 11 which is next week.

O'DONNELL EAGLES LOSE TO CROSBYTON CHIEFS 26 to 0
CROSBYTON, Oct. 3 (Special)—Crosbyton's Chiefs opened their home football season here tonight with a 27 to 0 decision over O'Donnell's Eagles.

Featuring the long-distance passing of Ed Blackwood, the Chiefs piled up 20 points in the first period and added seven more in the final. The first score came on a sustained drive with Quarterback J. Karr carrying across the line.

Then Blackwood cut loose. He hit Jeff Peacock, 40 yards away in the end zone, for one score, followed a few minutes later with another long pass to End Dwight Simer for the third touchdown.

Blackwood hit Simer again in the fourth, 35 yards, for the game's final score.

For O'Donnell, Junior McLaurin practically did the whole thing. He kicked, he passed, he ran, he tackled, but still he was unable to make much headway against the Crosbyton eleven.

Co-Captain Ross Cash, Chief guard, led the line play.

EDITH ROBERTSON ELECTED PRESIDENT OF CASA LINDA
LUBBOCK, Tex., Sept. 27.—Edith Robertson, junior arts and sciences student at Texas Technological college, has been elected president of Casa Linda, women's cooperative house located on the college campus. Edith is the daughter of Mr. and Mrs. W. O. Robertson of Tahoka.

CARD OF THANKS

I wish to thank my friends and neighbors who were so kind to me during my recent illness. Flowers, visits, and other little acts of kindness certainly were appreciated by us. May God bless you.—Mrs. E. W. Shawn.

"Build-Up" Relief Explained to Women

A simple method has saved many women a lot of suffering! It is based on the fact that headaches, nervousness, cramp-like pain are often symptoms of functional dysmenorrhoea due to malnutrition. Help for this condition is often follows the use of CARDUI, because it usually increases the appetite and the flow of gastric juice; thus aids digestion and helps build physical resistance. Usual result is less periodic distress.

Many who take CARDUI a few days before and during "the time" have found this helps ease periodic discomfort. Women have used CARDUI for more than 10 years!

Tahoka Plays At Kermit Sat. Night

The Tahoka Bulldogs came through the third non-conference game of the season and are preparing to leave for their fourth non-conference game with Kermit at that city tomorrow night.

Kermit is another one of those strong oil town teams, and they defeated the Bulldogs last season by a big score and they are said to be just as tough this year, so that will make the fourth strong team for the Tahoka boys before they start in on their conference schedule with Slaton next week.

The Bulldogs came through the Lamesa tussle without any injuries and with more determination than ever before, and now after another week of hard workouts the Bulldogs are now ready to leave for their fourth game of the season. The Bulldogs have also shown more and more power in each game they play and the reason is that several of the boys playing on this years team had never even as much as seen a football game before so they hardly knew what it was all about and the experience they are receiving by playing against the bigger and better teams is surprising to see how much strength they have gained. However their strength and power is expected to grow stronger every week.

The Bulldogs have been outweighed every game they have played so far this season and not but one player has been injured badly whereas several of the Bulldogs opponents have been injured. Jo Lehman was the only boy injured and he received a leg injury in the first game of the season but he will be back on the field soon.

The Kermit boys are said to be plenty tough but they have had a lot of hard luck this season with two or three of their best players being on the bench with injuries but the dope shows them to have a slight edge over the Bulldogs.

Remember the game will be played tomorrow at Kermit.

BROWNFIELD HAS A REST LAST WEEKEND

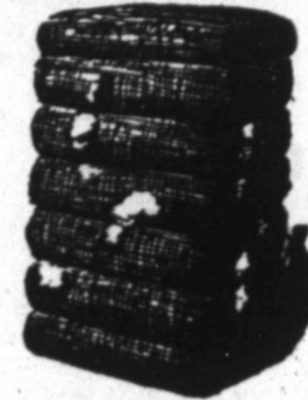

The Brownfield Cubs, who are doped to be the "Cock of the Walk" in the southern half of this district was idle last weekend as O'Donnell forfeited to them in order to play the Crosbyton Chiefs.

New Office New Scales

Our modern office and scales serve both gins—gin your cotton at either gin you desire, but weigh at the new office—built to serve both plants.

Drennon's Notes

(Delayed)

A fine sight this morning, early—we get up early over here. I got up on the cow lot fence and this is what I saw: Three covays of quails, four cotton-tail rabbits, one wolf, a beautiful sunrise, a long range of hills, an autumn haze over the valley, and two freight trains in the distance, which filled my soul with delight and awe.

I am having an experience something like Moses had when he fled into the wilderness. It is so quiet and peaceable here, one has time to think and commune with God. I am afraid that in our busy life we do not take time to be holy. I think it would be a fine thing if every Christian would steal away with God a few minutes every day; just shut out the world and shut in God. I believe people living in the country have the advantage over people living in the city along this line.

We do not have a radio or even take a daily paper, so we are pretty well cut off from the outside world. I think it is better for us not to know too much about this world but to give more thought to the other world.

We surely miss the cotton fields here. There is no cotton raised in this county I surely will miss the hum of the cotton gins, this fall. But O you good apples! I got a bushel of fine Golden Delicious this morning for 65 cents. Martha and I are sure making them disappear.

We also have plenty of grapes, roasting ears, okra, and fresh tomatoes. So we will get over-weight, I expect.

I heard from my old friend Boyd Rice way down at Kosse, Texas, this week. He said he kept up with me through the News. If any more of my friends would care to write me, I would be pleased to hear from you. Don't forget to read the News. Editor Hill gets off a little every once in awhile on our friend O'Daniel, as he did last week, but he is a pretty good guy after all. I love him even if he is a Baptist and will not let me commune with him.

Some things that do not just suit me over here: Pay taxes on my car the second time this year; one hour off time, makes dinner come too late for my stomach; and I can't reach the speed limit on the highway, which is 55 miles per hour. But after all, I will not knock anywhere I live. I can move or I don't like it.

Yours for more people who are for Uncle Sam 100 per cent regardless of what their politics or religion is.—R. P. Drennon.

ASTHMA RELIEF

No matter where you live or how many remedies you have tried with no success nor have you wheezed or suffered from shortness of breath, try LEAVENS 11. Sold under guarantee of satisfaction.

TAHOCA DRUG

RECORDS OF COTTON PURCHASES MUST BE KEPT

Lynn County cotton buyers, who are required by the 1940 marketing quota provisions of the Agricultural Adjustment Act to keep accurate records of all purchases from producers, will be able to do this as a part of their routine work, according to Fred M. McGinty, Chairman of the County AAA committee.

A record of purchases from producers with white marketing cards was not required in past years. This year such a record must be maintained in addition to the records and reports which buyers during the past 2 years made for purchases from producers with red and blue marketing cards, and which they are also required to make this year.

Pointing out that no special records are required for white marketing cards, McGinty said that, as a general rule, the business records ordinarily kept by the buyer will contain all the information necessary with the possible exception of the serial number of the producer's marketing card.

The regulations under the act require that the cotton buyer's records contain the following information: (1) the name and address of the Producer; (2) date of purchase; (3) original gin bale number; (4) weight of the bale or the lot of cotton purchased; (5) amount of the penalty collected, if any; and (6) the serial number of the marketing card or certificate by which the cotton was identified when marketed.

"It is preferred that the buyer make no change in his regular record-keeping system, other than to record some necessary information which he previously did not enter on his accounts, ledgers, or other records," McGinty said.

Any buyer who desires to keep a separate record of the information required, however, can obtain the necessary forms from the county AAA office.

"The buyer must always examine the marketing card," McGinty said. "If the producer does not show his card, the buyer must make a report to the county AAA office and remit with his report the marketing penalty of 3 cents a pound on the entire amount sold. If the card serial number is not on the record, it is assumed that the buyer did not see the card and he will be required to submit the report and to pay the penalties due."

"Build-Up" for Women Helps Avoid Distress

Do you suffer periodically from headaches, nervousness, irritability, cramp-like pain?

If so, here's good news! These may be symptoms of functional dysmenorrhea due to malnutrition, often helped by CARDUL.

CARDUL usually increases appetite and the flow of gastric juice; so aids digestion and helps build up strength, energy, physical resistance. Result for many is less periodic distress. Or you may find this also helps ease your periodic discomfort: Take CARDUL a few days before and during "the time." 50 years of use and popularity invite your confidence in CARDUL.

WAYSIDE H. D. CLUB STUDIES TABLE SETTING

"Since the family spends from one to two hours each day at the table, the table should be set to conform to the laws of beauty in design.

"An attractive, well-set table is a background for good manners and a successful meal", stated Miss Maurine McNatt, home demonstration agent, when the Wayside H. D. Club met with Mrs. C. N. Busby on Thursday, September 26.

The rules that govern table setting are:

The set table must be balanced. All the lines on the table should go across or lengthwise of the table.

Dishes and serving silver must be placed for convenience. The silver, china, linen, and glass for one person should form a definite unit, yet it should not be crowded.

There were nine members present. The next meeting will be with Mrs. Elmer Cary on October 24.

The club planned a Halloween social for October 30 at the Joe Stokes school building.

GRASSLAND H. D. CLUB HAS PROGRAM ON TEXAS

"See and know Texas first", said Mrs. C. E. Short at the meeting of the Grassland—Home Demonstration Club Tuesday, September 24, at the home of Mrs. G. C. Watson.

Mrs. C. M. Greer gave an interesting talk on Austin, the Capital. There were eleven members present. We had two new members, Mrs. V. V. Laws and Mrs. R. C. James, and one visitor, Mrs. Banks.

The next meeting will be on October 8 at the home of Mrs. C. M. Greer.

Slovers Celebrate Wedding Anniversary

Mr. and Mrs. C. W. Slover celebrated their fiftieth wedding anniversary Tuesday, October 1, at their home two miles south of Tahoka.

Their seven children, twenty-four grandchildren, one of Mr. Slover's sisters, and two of Mrs. Slover's sisters were there and enough other relatives to make the number forty-eight who partook of the sumptuous noon meal.

The three-tier wedding cake which graced the table was cut by the bride of fifty years ago.

Many friends called to offer congratulations.

Several gifts were received, one of which was a radio from their children, and a special dedication was rendered by Wiley and Gene over KFYO.

The most impressive event of the day was the short talks of appreciation by Rev. G. E. Turrentine and Rev. Ben Mardy.

Mr. and Mrs. Slover were married near Bellvue on October 1, 1890. They have been residents of Lynn county for thirty-five years, having come to this county in the spring of 1905, two years after the county was organized and the town of Tahoka laid out. They have been very useful and highly respected citizens. Some of the children came long distances to visit their parents and to be present on this happy occasion.

The children are: Mrs. David (Willie) Whitely of Los Angeles, California; Mrs. R. G. (Frankie) Henderson of Hart, Texas; John Slover of Tahoka; Mrs. Richard (Georgie) Henderson of Hart; Mrs. Vernon Lillie Dell) Jolly of Borger; Mrs. Sam H. (Martha) Floyd of Tahoka; and Rufus Slover of Tahoka.

ELOISE ROBERTS IN TECH THIS YEAR

LUBBOCK, Texas, Oct. 3. (Spl.)—Eloise Roberts, student at Texas Technological college, has pledged DFD, college social club.

Eloise is the daughter of Mr. and Mrs. O. C. Roberts of Thoka.

"Colonel" Roberts of New Lynn was in town Wednesday and told a news man that three Tahoka girls in school at West Texas State, Canyon, have jobs there and are happy in their work. They are his daughter, Annie Pearl Roberts, Tommy Ruth Anderson, and Madeline Russell. All are Tahoka High graduates. Two of the three are working at the College Hospital.

Baptists Will Observe Week Of Prayer

With the theme "Texas, it is high time to awake," Tahoka Baptists will observe a church-wide week of prayer for State Missions, beginning Monday night and running through Friday night of next week, according to plans made by a local committee which includes the pastor, Rev. Geo. A. Dale and officers and members of the W. M. U.

In the prayer service Wednesday evening, Rev. Dale stressed the importance of the week's programs in view of the draft and the encampment within our state of thousands of young men, severed from their home ties and facing a new mode of living and in a new environment. He urged that all Baptists attend and participate in these programs.

Though every program will contain much that is both interesting and enlightening, the Wednesday night program by the young people promises to be outstanding. There will be four short playlets on appropriate subjects.

The climax of the week's program will be on Friday night, when the men of the church and the President of the W. M. U. present all phases of the Baptist Co-operative program, closing with the prayer that Tahoka and Texas Baptists may awaken to the opportunities of reaching the unsaved, while there is yet time.

BIRTHDAY SHOWER FOR MRS. A. D. MARSHALL

Naming Mrs. A. D. Marshall, recent bride, as honoree, the ladies of the New Moore community arranged a surprise shower at the home of Mrs. E. M. Cathey on Monday afternoon, Sept. 23. Mrs. Marshall, who as Miss Mae Duncan was a teacher before her recent marriage, was asked to come quickly to the school house and went expecting to substitute for some teacher that afternoon. Imagine her surprise to be met by a group of friends singing "Here Comes the Bride," and escorted her to the home of Mrs. Bill Cathey, where a number of beautiful and useful gifts had been arranged.

Mrs. Fred Bryant had charge of the guest register, and Mmes. O. P. Crutcher, Iva Swearingen, and Jack Rogers, assisted in receiving the guests. Mrs. Bill Cathey presided at the refreshment table. More than fifty guests called to bring gifts and expressed good wishes for the bride and her new home.

CLAY BENNETT IS GIVEN SURPRISE BIRTHDAY PARTY

Unannounced, friends gathered at the home of Clay Bennett Tuesday night and surprised him with a birthday party.

He likewise declined to announce his age.

Diversions for the evening consisted of "42", and refreshments were served to Mr. and Mrs. Chester Connolly, Mr. and Mrs. Alec White, Mr. and Mrs. E. W. Shawn, Mr. and Mrs. James Connolly, Mr. and Mrs. Elbert Rogers and family.

Mrs. Ella Davis returned Wednesday from Brownfield, where she had spent a month with her son, Tom Davis, and family and with a number of friends there. She says the fruit crop as well as cotton and feed crops over there is very fine and she put up many jars of peaches and plums while there.

Jewish New Year Being Observed

The store of Levine Bros. here operated by Al Lehman, was closed Thursday and is closed today on account of the Jewish holiday, Rosh Hashanah, which is being observed everywhere Jews are to be found.

Mr. and Mrs. Lehman and children are attending the religious services being conducted by the congregation Shaareth Israel in Lubbock in celebration of the Jewish New Year.

The new year began at sunset Wednesday, sunset being the beginning of the Jewish day, which ends at sunset on the next day. In other words, Thursday for the Jews begins at Sunset Wednesday and ends at sunset Thursday.

The Jewish year beginning last Wednesday at sunset was 5701, according to information given by the World Almanac.

Rosh Hashanah not only marks the beginning of a new year but it is a day of judgment, when Jehovah is supposed to judge every living creature. On this day, Jews are also expected to judge themselves. It is a day of self-examination and worship.

Services are not only on Thursday but also on Friday, the second day closing Friday at sunset.

METHODIST CHURCH

Sunday, October 6, will see a new year begin in the Church School. A new class has been added to the Intermediate Department, which will also move into new quarters.

Wednesday of this week the fourth quarterly conference of the church year was held and the official board elected, after nomination by the new committee made possible by the new church legislation.

Communion will be celebrated at eleven o'clock, after which will be baptism and reception of members.—Geo. E. Turrentine, Pastor.

CIRCLES REORGANIZE

On the fifth Monday the Baptist W. M. U. met in Circles and re-organized.

Blanche Rose Walker Circle, with Mrs. George A. Dale, 12 present. New officers: Chairman, Mrs. H. B. Howell; Secretary, Mrs. Alice Fortenberry; Benevolence, Mrs. H. L. Roddy; Mission Study, Mrs. H. D. Henderson; Missions, Mrs. J. L. Nevill; Stewardship, Mrs. Carl Owens; Education, Mrs. Alice Fortenberry; Personal Service, Mrs. Chester Connolly; Young People, Mrs. George A. Dale; Periodicals, Mrs. Dale.

Sallee Circle had 9 present in the home of Mrs. E. I. Hill. Officers: Chairman, Mrs. W. M. Harris; Secretary, Miss Mary Seroyer; Benevolence, Mrs. S. H. Holland; Mission Study, Mrs. J. K. Woolley; Missions, Mrs. W. O. Robertson; Stewardship, Mrs. J. F. Stuart; Education, Mrs. P. W. Goad; Personal Service, Mrs. E. I. Hill; Young People, unfilled; Periodicals, Mrs. C. T. Oliver.

Lunsford Circle, meeting in the new home of Mrs. Floyd Goad had 13 members present, and a Sunbeam as a visitor. Officers: Chairman, Mrs. Coy Fielder; Secretary, Mrs. P. A. Nowlin; Benevolence, Mrs. Garland Curtis; Mission Study, Mrs. W. H. Kenley; Missions, Mrs. P. A. Nowlin; Stewardship, Mrs. Alex Nevill; Education, Mrs. Everton Nevill; Personal Service, Mrs. Horace Rogers; Periodicals, Mrs. W. T. Kidwell; Young People, Mrs. Floyd Goad; Others attending Monday's meetings included Miss Floyd Sherron and Mmes: Cornelia Kelley, Garland Pennington, C. N. Woods, John Curry, and Clyde Spruiell.

MIDWAY CLUB STUDIES TABLE SERVICE

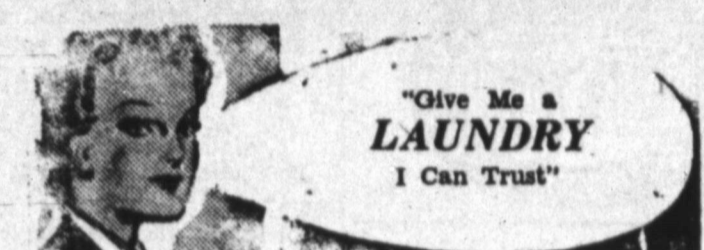

"The table should always be cleared of soiled dishes, in preparing for the next course", stated Miss Maurine McNatt, home demonstration agent, at a meeting of the Midway Club in the home of Mrs. Howard Draper, September 24. When clearing the table remove all food first, then the soiled dishes, Glasses, silver and cutlery, and the clean silver that has not been removed. Remove everything that has been used in one course. Remove the plate of the hostess first, unless she, herself, is waiting on the table. If she waits on the table she begins to remove the dishes at the cover on her right and con-

tinues in the regular order around the table.

Remove one complete cover at a time, using the left hand to reach for the plate. The right hand may hold the plate while one reaches for the side dish with the left hand.

The next meeting will be October 10, in the home of Mrs. H. V. Everson.

See the 1941 DODGE

—In Our Showroom Saturday!—

WE'VE WRITTEN THE MUSIC BUT WE'RE STUMPED FOR WORDS ...

Gearshifting Takes a Holiday

There's a traffic light turning red! But don't touch the clutch. Simply brake her gently as usual. Come to a complete stop and stay in high.

But marvelous as Fluid Drive is, it is only part of the 1941 story. For example, there's a new Oil Bath Air Cleaner that does the slickest job of "air-conditioning" you ever saw!

Dodge safety is evidenced in such advancements as 47.6 per cent larger rear window to increase "sternward" visibility; Hump-Rim Safety Wheel that holds tires on securely should "flats" occur; Vertical Uplift Interior Door Handles that can't open unless you lift them.

—Words can't describe it—you must see and drive it!

Don't fail to hear Major Bowes over the C. B. S. Network tell about this wonderful **NEW DODGE** — 8 to 9 p. m. Thursday night, October 10th!

Here's the Triple Thrill of Fluid Drive!

- Gearshifting Takes a Holiday! For all normal driving you don't have to shift gears! You can start in high, drive in high, stop in high ... and start again in high!
- A Thousand Different Speeds! You can drive from one mile an hour to the top speed of your car ... and enjoy a thousand speeds in between ... all without ever shifting gears.
- The Smoothness of Oil! Power from the engine is transmitted to rear wheels through a shock-absorbing cushion of oil. The result is almost unbelievable smoothness and much longer car life.

News will be gladly corrected when
called to our attention.

A newspaper over in Rome the other day, acting as Mussolini's mouthpiece, gave blatant warning to the United States not to get into the European War. If we do, the warning stated, we will be utterly crushed. Sounds like a little feist dog standing over on the other side of the fence under the protection of a big German Police barking at a Bulldog over on this side. The Gayda (That's the name of the Italian newspaper) may be informed that as yet we do not choose to enter actively into the European war further than to furnish England all the airplanes, munitions, and supplies that we can get to her and to give her our moral support. But if and when we do decide to enter, we will not be barking around like a little feist. We'll be there with all four feet and a good set of teeth to try to give a good account of ourselves and to help release a few of the little Spaniels that the old German Police has been jumping on and dragging half dead into his dog house.

As we understand Mr. Willkie, he endorses nearly everything President Roosevelt has done but doesn't like the way Franklin D. did it.

Odds and Ends See Eye, the Editor

Yes, this generation has gotten the world into a terrible "mess".

There is war in Europe, war in Asia, war on the northern coasts of Africa—Terrific War! on the land, on the sea, in the air. Bombs are being dropped on civilian populations of great cities—bombs that wreck homes and business houses and great public buildings alike and that spread fire and devastation everywhere.

Highly educated and cultured men seem to have reverted to the savage state and to be giving vent to all their most vicious and malevolent instincts and passions—to have become veritable demons, reveling in a wild riot of rapine and murder.

Yes, this world has gotten into a terrible "mess"; at least a large part of it.

But who has gotten it into this mess? Certainly not the people of the United States.

Certainly not the peoples of the small countries of Europe.

The peoples of Czechoslovakia, of Poland, of Norway, of Denmark, of Holland, and of Belgium are peace-loving peoples. They invaded no body's country. They did not want war. They merely wanted to be let alone.

Neither did the people of France nor Great Britain desire war. There was no reason for them to desire it. They were not prepared for it. When the war clouds suddenly loomed on the horizon, they feverishly sought peace. That explains Munich. That explains the appeasement policy of Chamberlain, pursued until the people began to feel that sterner measures must be employed and until he brought down upon his own head the criticism of peace-loving peoples everywhere.

England and France did not want war.

It has been difficult for us to believe that the masses of the common people in Germany really wanted war. If so, it was because they had been misled by the war lords of Germany.

But the masters of Germany did want war. For years they had been preparing for it—looking forward to an opportune time to strike.

There is reason to believe that from the very day of the signing of the armistice at the close of the World War, certainly from the signing of the final peace treaty, many of them had set their hearts on revenge. Most assuredly it was not many years until they began to dream again of power and world empire.

First, they began quietly and secretly to stir the passions of hate and revenge in the bosoms of the common people. They began to hold before their eyes the lure of regained power for the Fatherland, of regained possessions beyond the seas, and of world dominion. They began to teach the children again—if indeed they had ever ceased to teach them—that the Germans are a super-race, destined to conquer all Europe and to rule the world.

The German people had not suf-

When American patriots were about to sign the Declaration of Independence, Benjamin Franklin is reputed to have remarked, "We had all better hang together; if we don't we are likely to hang separately". That must be the way the dictators are feeling about it at the present day. Hitler and Mussolini and Stalin and the Japanese war lords have all signed a compact to hang together. And they do say that poor old Spain is to come in also. And the whole bunch have gone to threatening Uncle Sam. They must be getting a bit scared. We hope some day the whole bunch are hanged separately by their own people. It would be a blessing to the world.

It's not long now till we Texas people will be voting on some proposed constitutional amendments. They were published in this paper two or three months ago. We wonder if anybody remembers what they were all about. We expect to give a little attention to them a little later on. Probably all of them should be adopted. Few of them, however, are of any outstanding importance.

All parties and most candidates are guilty of playing politics to some extent, but it seems to us that the Republicans are overdoing it in this campaign. Instead of pitching the campaign on some outstanding issue, they are trying to make a mountain out of every little mole hill. Take that little matter in which son Elliott got a \$200 job in the aerial service, for instance.

tered the devastation that the Belgians and the French had suffered in the World War, for it had not been fought on German soil. Furthermore the German's love for national power seems to outweigh his love for liberty, and so the German people were easily persuaded to surrender all their personal rights, for the good of the state, into the hands of one man, a great leader, who should lead them again to conquest and to victory. Indeed they were taught that the individual has no rights that may not be taken from him at will by the State, and that they must follow their leader.

That leader was Adolf Hitler. He was given dictatorial powers for the express purpose of doing the very things that he has done. Carefully he selected his helpers, and secretly but diligently they went about the task of building up a great war machine. In a few years they had succeeded in building such a machine as no other nation had ever dreamed of.

As they became confident of their power, they began to rattle their sabers and to tell the world that they had become the greatest military power on the face of the globe.

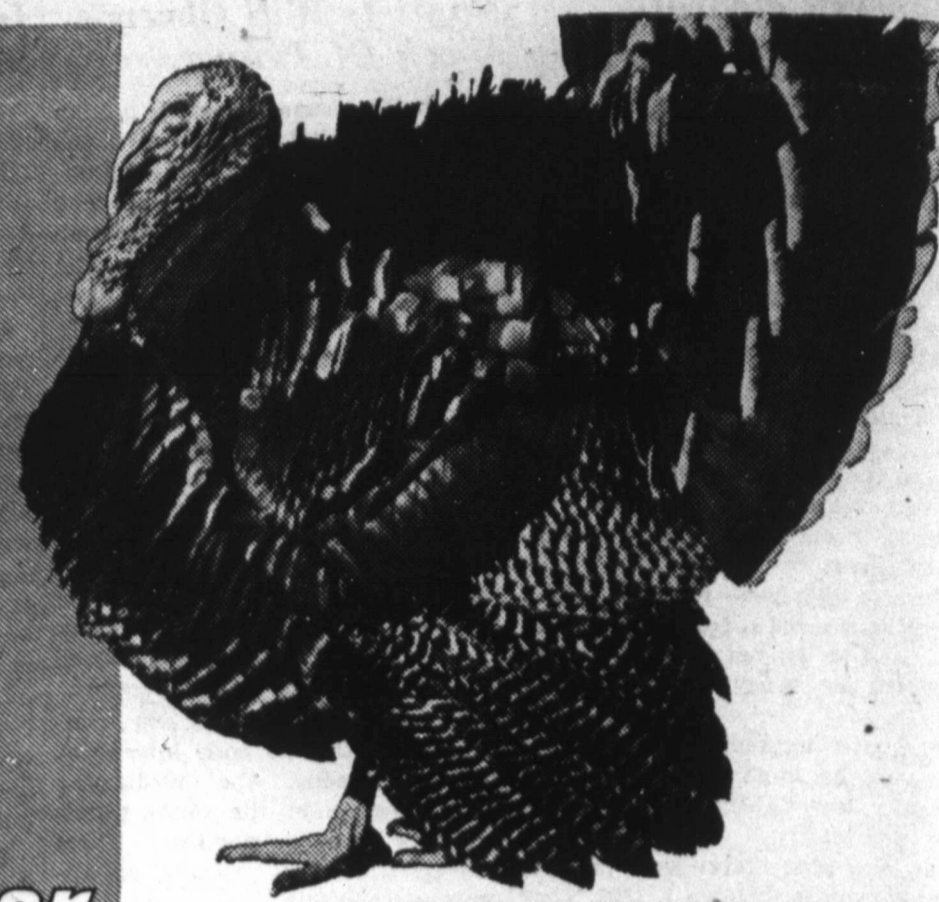

Most of us thought that Hitler was only boasting. We dubbed him the greatest braggart in Europe.

But he and his war lords began to make demands on some of the neighboring nations. In the meantime, they had been weakening these nations by boring from within.

Austria was their first victim. It fell into their hands almost without a struggle. Since then they have picked off the nations of Europe one by one in quick succession; and all of us know the results only too well. As this is written, they are threatening to dismember inoffensive and peace-loving little Switzerland, even as they have dismembered Czechoslovakia and Poland.

The hardest problem they have yet tackled is England. They hoped to crush it even as they crushed France. But the English have put up a brave and thus far successful fight that (Continued on Classified Page)

What is a turkey doing in an October gasoline ad?

It's rushing the season a little to broadcast the picture of the great American bird before Thanksgiving... but it dramatizes and highlights the money-saving facts about a remarkable motor fuel which does not rush the season!

NEW Phillips 66 Poly Gas is not merely high test without higher price. It is the right high-test for the month in which you buy it. Matched and re-matched to your weather every thirty days. Proved by continuous laboratory and field surveys to be more accurately engineered, all year 'round, to the month-by-month differences in climate

than any other gasoline.

Today, NEW Phillips 66 Poly Gas is better than ever. At regular price... mind you, no premium... it delivers practically the same kind of anti-knock performance for which you formerly had to pay 2¢ extra per gallon. And even now, premium price gasolines only infrequently equal or exceed the volatility (high test) of NEW Phillips 66 at its lower cost.

Let your own motor convince you. Feel that difference after stopping for a trial tankful... at any Orange and Black 66 Shield.

Odds and Ends . . .

(Continue from Page 4)

has won the admiration of the world, to the evident discomfiture of the Nazis.

In this war of conquest, Germany's running true to form. Her ignoble dream and wicked ambition had their beginning nearly a century ago.

About the middle of the last century, that imperious leader, Bismarck, formed the purpose first of uniting all the German states and later of making Germany the dominant world power.

In pursuance of this purpose he waged three wars of conquest.

Like the Hitler of today, he hated democracy and had no use for parliaments. Therefore when the Prussian diet failed to give him the cooperation as prime minister that he demanded, he dissolved the diet and proceeded to run things to suit himself.

As the first great German dictator, he made an alliance with Austria and led both Prussia and Austria into a war upon Denmark, taking away from her the province of Schleswig-Holstein. That was in 1864.

Austria naturally wanted a part of the loot. Bismarck claimed all of it for Prussia. He procured an agreement from France to keep hands off, formed an alliance with Italy—even as Hitler has done—and then made a "blitzkrieg" attack on Austria, 1866. In seven weeks he had crushed that country.

Then he brought all the north German states into a confederation, with Prussia as the dominant state and himself as the undisputed dictator, and sought occasion to pick a quarrel with France. It was not hard to find, for Emperor Louis Napoleon was looking for a pretext on which to attack Prussia. The war broke out in 1870. The weak Napoleon was no match for Bismarck's able military commander Count von Moltke. Napoleon was taken a prisoner and France ignominiously defeated before the close of 1871. As the spoils

of war, Bismarck exacted the cession to Germany of Alsace-Lorraine and the payment of a sum of money equivalent to one billion dollars, a staggering sum for that day. During the remainder of his reign as chancellor, Bismarck laid the foundations of the great colonial empire that followed.

And then, in 1888, William II, "Kaiser Bill", came to the throne. He came as an avowed militarist. He believed in the "divine right" of kings to rule. And he asserted his power. But he and the Iron Chancellor, Bismarck, soon clashed, and Bismarck retired.

The Kaiser was an imperious ruler. As a rule he dominated the Reichstag. Also he was an imperialist. He acquired extensive colonial possessions in Africa and elsewhere. At home, he encouraged manufacturing and converted Germany from a mere agricultural country into a great industrial country. He built a strong navy and made the German army by far the most powerful in all the world. It was built up for a purpose, for Kaiser Bill had his eye on the green fields of France and had visions of a great invincible world empire.

The evidence is overwhelming that he and his war lords deliberately instigated the war begun in 1914 now known as the World War. He hoped to win a quick victory over France, then turn and crush Russia, subdue all the Balkan states, become dominant in Europe, and carry the German flag far into Asia and other parts of the world.

That was the ambition of Kaiser Bill. But he failed.

And then, in the course of time, came Fuehrer Hitler. He built up another great war machine, by far the most powerful and efficient the world had ever seen. He picked up where Kaiser Bill was forced to leave off. He hoped to achieve the victory that Kaiser Bill failed to win. He has well-nigh done so. Only Great Britain stands between him and domination of all the Eastern Hemisphere

If he defeats Great Britain, then the United States, almost alone will stand between him and domination of the world.

And he and his powerful allies, Italy and Japan, are now shaking their fists menacingly at Uncle Sam.

God grant that we may never have to fight to defend our shores.

God grant that we may never have to send our boys and our brawny men to war.

But if we do, God grant that we may be prepared.

vidual, firm or corporation, that
may appear in the columns of The
News will be gladly corrected when
called to our attention.

A newspaper over in Rome the other day, acting as Mussolini's mouthpiece, gave blatant warning to the United States not to get into the European War. If we do, the warning stated, we will be utterly crushed. Sounds like a little feist dog standing over on the other side of the fence under the protection of a big German Police barking at a Bulldog over on this side. The Gayda (That's the name of the Italian newspaper) may be informed that as yet we do not choose to enter actively into the European war further than to furnish England all the airplanes, munitions, and supplies that we can get to her and to give her our moral support. But if and when we do decide to enter, we will not be barking around like a little feist. We'll be there with all four feet and a good set of teeth to try to give a good account of ourselves and to help release a few of the little Spaniels that the old German Police has been jumping on and dragging half dead into his dog house.

As we understand Mr. Willkie, he endorses nearly everything President Roosevelt has done but doesn't like the way Franklin D. did it.

Odds and Ends See Eye, the Elder

Yes, this generation has gotten the world into a terrible "mess".

There is war in Europe, war in Asia, war on the northern coasts of Africa—Terrific War! on the land, on the sea, in the air. Bombs are being dropped on civilian populations of great cities—bombs that wreck homes and business houses and great public buildings alike and that spread fire and devastation everywhere.

Highly educated and cultured men seem to have reverted to the savage state and to be giving vent to all their most vicious and malevolent instincts and passions—to have become veritable demons, reveling in a wild riot of rapine and murder.

Yes, this world has gotten into a terrible "mess"; at least a large part of it.

But who has gotten it into this mess?

Certainly not the people of the United States.

Certainly not the peoples of the small countries of Europe.

The peoples of Czechoslovakia, of Poland, of Norway, of Denmark, of Holland, and of Belgium are peace-loving peoples. They invaded no body's country. They did not want war. They merely wanted to be let alone.

Neither did the people of France nor Great Britain desire war. There was no reason for them to desire it. They were not prepared for it. When the war clouds suddenly loomed on the horizon, they feverishly sought peace. That explains Munich. That explains the appeasement policy of Chamberlain, pursued until the people began to feel that sterner measures must be employed and until he brought down upon his own head the criticism of peace-loving peoples everywhere.

England and France did not want war.

It has been difficult for us to believe that the masses of the common people in Germany really wanted war. If so, it was because they had been misled by the war lords of Germany.

But the masters of Germany did want war. For years they had been preparing for it—looking forward to an opportune time to strike.

There is reason to believe that from the very day of the signing of the armistice at the close of the World War, certainly from the signing of the final peace treaty, many of them had set their hearts on revenge. Most assuredly it was not many years until they began to dream again of power and world empire.

First, they began quietly and secretly to stir the passions of hate and revenge in the bosoms of the common people. They began to hold before their eyes the lure of regained power for the Fatherland, of regained possessions beyond the seas, and of world dominion. They began to teach the children again—if indeed they had ever ceased to teach them—that the Germans are a super-race, destined to conquer all Europe and to rule the world.

The German people had not suf-

When American patriots were about to sign the Declaration of Independence, Benjamin Franklin is reputed to have remarked, "We had all better hang together; if we don't we are likely to hang separately". That must be the way the dictators are feeling about it at the present day. Hitler and Mussolini and Stalin and the Japanese war lords have all signed a compact to hang together. And they do say that poor old Spain is to come in also. And the whole bunch have gone to threatening Uncle Sam. They must be getting a bit scared. We hope some day the whole bunch are hanged separately by their own people. It would be a blessing to the world.

It's not long now till we Texas people will be voting on some proposed constitutional amendments. They were published in this paper two or three months ago. We wonder if anybody remembers what they were all about. We expect to give a little attention to them a little later on. Probably all of them should be adopted. Few of them, however, are of any outstanding importance.

All parties and most candidates are guilty of playing politics to some extent, but it seems to us that the Republicans are overdoing it in this campaign. Instead of pitching the campaign on some outstanding issue, they are trying to make a mountain out of every little mole hill. Take that little matter in which son Elliott got a \$200 job in the serial service, for instance.

tered the devastation that the Belgians and the French had suffered in the World War, for it had not been fought on German soil. Furthermore the German's love for national power seems to outweigh his love for liberty, and so the German people were easily persuaded to surrender all their personal rights, for the good of the state, into the hands of one man, a great leader, who should lead them again to conquest and to victory. Indeed they were taught that the individual has no rights that may not be taken from him at will by the State, and that they must follow their leader.

That leader was Adolf Hitler. He was given dictatorial powers for the express purpose of doing the very things that he has done. Carefully he selected his helpers, and secretly but diligently they went about the task of building up a great war machine. In a few years they had succeeded in building such a machine as no other nation had ever dreamed of.

As they became confident of their power, they began to rattle their sabers and to tell the world that they had become the greatest military power on the face of the globe.

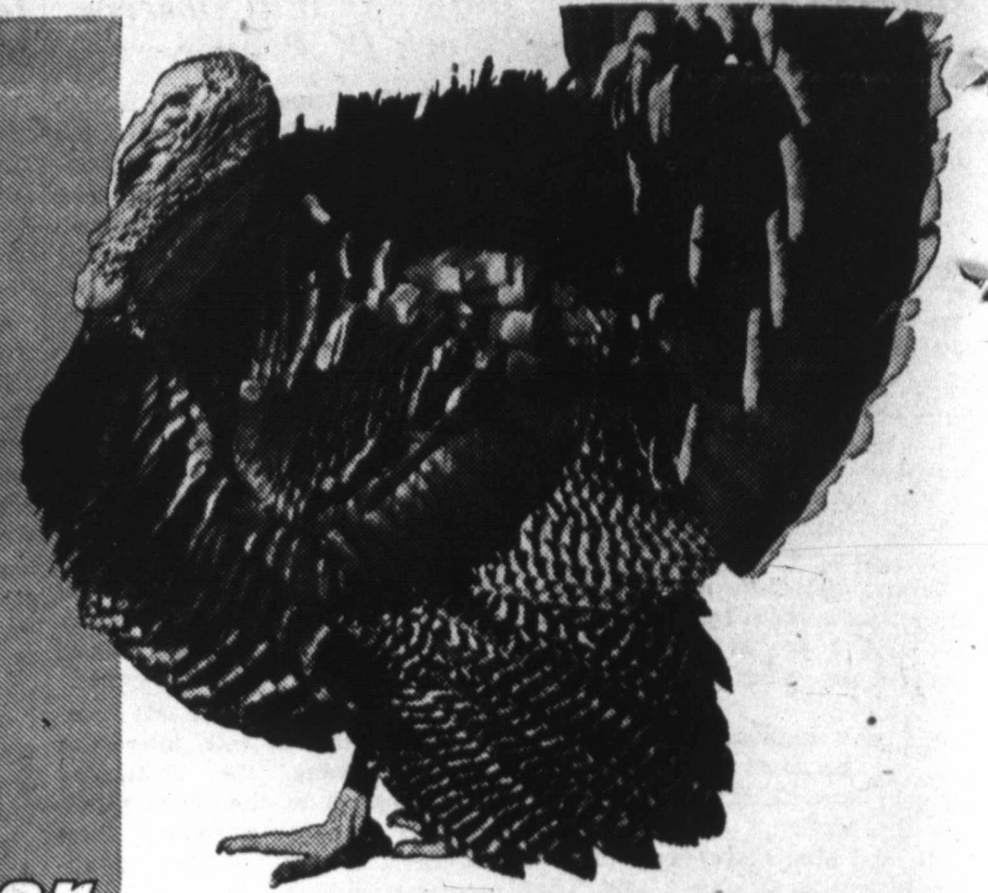

Most of us thought that Hitler was only boasting. We dubbed him the greatest braggart in Europe.

But he and his war lords began to make demands on some of the neighboring nations. In the meantime, they had been weakening these nations by boring from within.

Austria was their first victim. It fell into their hands almost without a struggle. Since then they have picked off the nations of Europe one by one in quick succession; and all of us know the results only too well. As this is written, they are threatening to dismember inoffensive and peace-loving little Switzerland, even as they have dismembered Czechoslovakia and Poland.

The hardest problem they have yet tackled is England. They hoped to crush it even as they crushed France. But the English have put up a brave and thus far successful fight that (Continued on Classified Page)

What is a turkey doing in an October gasoline ad?

It's rushing the season a little to broadcast the picture of the great American bird before Thanksgiving... but it dramatizes and highlights the money-saving facts about a remarkable motor fuel which does not rush the season!

NEW Phillips 66 Poly Gas is not merely high test without higher price. It is the right high-test for the month in which you buy it. Matched and re-matched to your weather every thirty days. Proved by continuous laboratory and field surveys to be more accurately engineered, all year 'round, to the month-by-month differences in climate

than any other gasoline. Today, NEW Phillips 66 Poly Gas is better than ever. At regular price... mind you, no premium... it delivers practically the same kind of anti-knock performance for which you formerly had to pay 2¢ extra per gallon. And even now, premium price gasolines only infrequently equal or exceed the volatility (high test) of NEW Phillips 66 at its lower cost.

Let your own motor convince you. Feel that difference after stopping for a trial tankful... at any Orange and Black 66Shield.

Odds and Ends . . .

(Continue from Page 4)

has won the admiration of the world, to the evident discomfiture of the Nazis.

In this war of conquest, Germany's running true to form. Her ignoble dream and wicked ambition had their beginning nearly a century ago.

About the middle of the last century, that imperious leader, Bismarck, formed the purpose first of uniting all the German states and later of making Germany the dominant world power.

As the first great German dictator, he made an alliance with Austria and led both Prussia and Austria into a war upon Denmark, taking away from her the province of Schleswig-Holstein. That was in 1864.

Austria naturally wanted a part of the loot. Bismarck claimed all of it for Prussia. He procured an agreement from France to keep hands off, formed an alliance with Italy—even as Hitler has done—and then made a "bilitkreig" attack on Austria, 1866. In seven weeks he had crushed that country.

Then he brought all the north German states into a confederation, with Prussia as the dominant state and himself as the undisputed dictator, and sought occasion to pick a quarrel with France. It was not hard to find, for Emperor Louis Napoleon was looking for a pretext on which to attack Prussia. The war broke out in 1870. The weak Napoleon was no match for Bismarck's able military commander Count von Moltke. Napoleon was taken a prisoner and France ignominiously defeated before the close of 1871. As the spoils

of war, Bismarck exacted the cession to Germany of Alsace-Lorraine and the payment of a sum of money equivalent to one billion dollars, a staggering sum for that day. During the remainder of his reign as chancellor, Bismarck laid the foundations of the great colonial empire that followed.

And then, in 1888, William II, "Kaiser Bill", came to the throne. He came as an avowed militarist. He believed in the "divine right" of kings to rule. And he asserted his power. But he and the Iron Chancellor, Bismarck, soon clashed, and Bismarck retired.

The Kaiser was an imperious ruler. As a rule he dominated the Reichstag. Also he was an imperialist. He acquired extensive colonial possessions in Africa and elsewhere. At home, he encouraged manufacturing and converted Germany from a mere agricultural country into a great industrial country. He built a strong navy and made the German army by far the most powerful in all the world. It was built up for a purpose, for Kaiser Bill had his eye on the green fields of France and had visions of a great invincible world empire.

The evidence is overwhelming that he and his war lords deliberately instigated the war begun in 1914 now known as the World War. He hoped to win a quick victory over France, then turn and crush Russia, subdue all the Balkan states, become dominant in Europe, and carry the German flag far into Asia and other parts of the world.

That was the ambition of Kaiser Bill. But he failed.

And then, in the course of time, came Fuehrer Hitler. He built up another great war machine, by far the most powerful and efficient the world had ever seen. He picked up where Kaiser Bill was forced to leave off. He hoped to achieve the victory that Kaiser Bill filed to win. He has well-nigh done so. Only Great Britain stands between him and domination of all the Eastern Hemisphere

If he defeats Great Britain, then the United States, almost alone will stand between him and domination of the world.

And he and his powerful allies, Italy and Japan, are now shaking their fists menacingly at Uncle Sam.

God grant that we may never have to fight to defend our shores.

God grant that we may never have to send our boys and our brawny men to war.

But if we do, God grant that we may be prepared.

BPW Will Honor Bosses At Dinner

In observance of National Business Women's week, the Tahoka Business and Professional Women's club will join the Lubbock club at a Bosses' Dinner to be held in Lubbock on Wednesday, October 9. Employers will be the guests of the members of the two clubs.

The Bosses' Dinner is an annual affair, and is the highlight for the week for South Plains business women. The theme for Business Women's Week this year is "Business Women in a Democracy—Vote!", and throughout the nation publicity is being given to the importance of exercising the vote by business women.

This theme was commended by President Roosevelt in a letter to the national federation and also by Wendell L. Willkie, Republican candidate for the presidency.

President Roosevelt said, in part, "International events of the past year have moved our thinking and action into lines best aimed to promote our national defense. Surely no other responsibility of an American citizen in our democracy is greater than that of choosing our government officials. For that reason, I am delighted that the theme for the National Business Women's Week revolves around women in the role of voters."

Willkie said he was proud of the fact that there have been three generations of professional women in his family, his grandmother, who was a minister, his mother who was a lawyer and a business partner of his father, and his wife, who was a librarian.

With reference to the theme for the week he said, "In this you have shown your wisdom and your patriotism."

At the Lubbock dinner, W. D. Benson Jr., Lubbock attorney, will give the principal address. His subject will be "Intelligent Voting". Mrs. Lottie B. Hilton will sing "God Bless America".

Tuesday night of next week the club will hold a brief business session at the county courtroom of the court house. A theatre party is be-

NEW LYNN 4-H CLUB STUDIES DAILY COURTESIES

"Gentle and kindly manners win places for us in the hearts of our associates", stated Miss Maurin McNatt, home demonstration agent, at the New Lynn 4-H Club meeting at the school house, Tuesday, October 1.

Carelessness and vulgarity, like dull knives, hack and bruise their way through our flesh, inflicting pain at every move, therefore one should have kind manners. Courtesies are not formed overnight. They are habits in practices which evolve gradually over a long period of years.

Sixteen members were present. Club will meet October 15.

BAPTIST W. M. U.

At a business meeting of the W. M. U. at the Church on the fourth Monday the following general officers were introduced by the President, Mrs. Garland Pennington, who had been elected at a previous meeting. Corresponding Secretary Mrs. W. H. Kenley; Benevolence Chairman, Mrs. S. H. Holland, Mission Study Mrs. H. D. Henderson, Missions, Mrs. J. L. Nevill; Stewardship, Mrs. Carl Owens; Education, Mrs. Alice Fortenberry; Personal Service, Mrs. E. I. Hill; Young people, Mrs. George A. Dale; Periodical, Mrs. George A. Dale; Mrs. Alice Forten-

ing planned also in celebration of the week.

At the regular program meeting on October 22, a Dr. I Q program will carry farther the subject of the importance of voting to keep democracy alive.

CHILD GUIDANCE CLUB WITH MRS. R. M. McCORD

The newly organized Child Guidance Club met with Mrs. Rollin McCord Tuesday afternoon, with twelve members present. Mrs. Douglas Finley discussed "Parent Education", and Mrs. Jack Welch discussed "The Child".

During the social hour refreshments were served to Meses: R. H. Gibson, Jack Welch, Lawrence Evans, Alton Cain, Douglas Finley, E. Prohl, E. R. Edwards, Dean Nowlin, W. E. Smith, James Clinton, K. R. Durham and the hostess, Mrs. Rollin McCord.

Chorister, and Mrs. Carl Owens, Recording Secretary.

Auxiliary sponsors for the year are: Y. W. A. Mrs. J. K. Applewhite; G. A. Mrs. Everton Nevill and Miss Jennie Reba Nevill; Sun Beams, Miss Mary Preston.

Y. W. A. OFFICERS
The Young Women's Auxiliary Officers are as follows: President, Lorene Reese; vice-president, Robbie Milliken; Secretary-Treasurer, Valerie Wells; Program Chairman, Nell McLeroy; Social Chairman, Bernice Edwards.

SPECIAL ANNOUNCEMENT OF NAZARENE SERVICES

I would like to announce that on Monday night, October 7, Rev. J. C. Henson, one of the outstanding leaders of the Church of the Nazarene, will speak at the local church. We want everyone that possibly can to be present. Bro. Henson is well known by the Nazarene movement. He has been affiliated with colleges and served as Superintendent of different districts.—Pastor Betty Ellis.

ARTISTS INSTALL NEW OFFICERS AND TEACHERS

Officers and teachers for the artist Sunday School for the beginning October 1 were inducted and formally installed at services at the Church last Sunday morning, all having been elected at a church conference previously held. The exception of a few who, on invitation, volunteered for service.

A kind of charge was given to the officers and teachers of each department by the pastor, Rev. Geo. Dale.

Promotion day was also observed at the Sunday School.

Officers and teachers for the various departments are as follows: Superintendent, W. A. Reddell; associate Superintendent, C. A. Lawrence; general secretary, H. B. Howell; assistant secretary, E. W. Shaw.

Cradle Roll department: Superintendent, Mrs. F. M. McBeth; secretary, Marie McBeth; helpers, Miss Mary Preston and Mrs. Truett Smith.

Beginners department: Superintendent, Mrs. L. D. Howell; secretary, Mrs. R. T. Moore; pianist, Mrs. Ruby Wells; teachers, Mrs. A. L. Smith, Mrs. A. R. Bostick, Mrs. E. W. Shaw; substitute teacher, Mrs. T. Cowan; volunteers, Mrs. T. Cowan and Miss Elizabeth Preston.

Primary department: Superintendent, Mrs. W. A. Reddell; secretary, Jean Simmons; pianist, Mildred Cooper; teachers, Mrs. C. T. Oliver, Mrs. Carl Owens, Mrs. W. T. Hanes, Mrs. C. A. Lawrence, Mrs. Coy Fielder, Mrs. Inez Knight; substitute teacher, Mrs. H. H. Hines.

Junior department: Superintendent, Miss Robbie Milliken; secretary, Miss Mary Seroyer; teachers, A. R. Milliken, Mrs. Jodie Nevill, Mrs. Fontaine Wyatt, Elwyn Nevill, E. J. Cooper, Mrs. Garland Pennington, Mrs. H. B. Howell; substitute teachers, Mrs. Opal Nowlin and Miss Floyce Sherrod.

Intermediate department: Superintendent, Mrs. Borden Davis; secretary, Miss Lorena Reese; pianist, Mary Beth Roddy; teachers, A. L. Smith, Mrs. Ovid Luallin, Dr. K. R. Durham, Mrs. Waldrep; substitute teacher, F. M. McBeth.

Senior department: Superintendent, Mrs. Jim Burleson; associate superintendent, Betty Lou Frazier; secretary, Mrs. H. L. Roddy; pianist, Miss Valerie Wells; song director, Pauline Owens; teachers, Miss Nellie McLeRoy, Mrs. D. V. Smith, Leo Jackson.

Junior-Adult department: Superintendent, Coy Fielder; secretary, ...

PETTY NEWS

Sunday school and church was well attended Sunday. The Rev. Horn delivered the message at the eleven o'clock hour and the evening services. Every one is cordially invited to attend Sunday school and church Sunday.

The Petty Gin Co. has ginned 94 bales of cotton this season.

The Rev. Horn and Rev. and Mrs. Earl McManus were guests of Mr. and Mrs. J. W. Carrol Sunday.

Mr. and Mrs. J. W. Lowery and son, John Max, accompanied by Mr. and Mrs. Lee Cromer were Abilene business visitors over the weekend.

(Mrs. R. N. Ensor have returned from Georgia, where she has been visiting her daughter, Mr. Ensor, Nelda Juanice, James Ellis, Glyn and wife went to Dallas to meet her.

Mrs. Blesse Cathcart and children visited Mr and Mrs. Baker Sunday.

METHODIST WOMEN SOCIETIES MERGED

The M. E. Woman's Missionary Society had a special meeting in the basement of the Church September 18 to study the values derived by the union of the three different Methodist churches.

They also studied the changes and duties of the officers for the new society, which will no longer be called the Woman's Missionary Society but will be known as Woman's Society of Christian Service.

Refreshments were served to the pastor, Rev. George E. Turrentine, and nineteen ladies.

In a special meeting September 23, the following officers were elected for the new Society: President, Mrs. Walter Mathis; vice-president, Mrs. E. Prohl; recording secretary, Mrs. W. C. Mathis; corresponding secretary, Mrs. Poer; treasurer, Mrs. C. A. Thomas; secretary of missionary education and service, Mrs. J. F. Bucy; secretary of Christian social relations and local church activities, Mrs. E. R. Edwards; secretary of student work, Mrs. Huffaker; secretary of children's work, Mrs. James Clinton; secretary of literature and publications, Mrs. Gibson; secretary of supplies, Mrs. Welch.

The charter members consist of the officers and the following: Mesdames P. D. Server, Geo. E. Turrentine, W. D. Smith Sr., R. W. Fenton Sr., L. E. Weathers, J. M. Johnson, J. P. Millman, A. I. Thomas, R. C. Wood, Claude Donaldson, W. W. Rowland, Jessie Cheatham, Grace Clinton, L. B. Curtis, Francis Gill.

After the business meeting the regular study was presented by Mesdames Walter Mathis and J. W. Clinton Sr.

There has been a good attendance during the study course, which was completed September 30. Those appearing on the program were Mesdames R. W. Fenton Sr., Geo. E. Turrentine, and Fred Bucy.

The new foreign study course will be started soon.

The Missionary ladies will have a bake sale at Boullion's Grocery Saturday, October 5.

Genalee Henderson; teachers, Mrs. J. K. Applewhite, J. A. Roberts.

Adult department: Superintendent Mrs. H. M. Snowden; secretary, Mrs. H. D. Henderson; pianist, Mrs. Alice Fortenberry; teachers, H. P. Caveness, E. I. Hill, Mrs. J. K. Woosley, Mrs. H. P. Caveness.

Extension department: Superintendent, Mrs. J. K. Woosley, helpers, Mrs. Essie Russell, Mrs. T. H. Burrough, Mrs. Geo. A. Dale, Mrs. E. I. Hill.

BE AN AMERICAN. I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a Republic; a sovereign Nation of many sovereign States; a perfect Union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes. "I therefore believe it is my duty to my Country to love it; to obey its laws; to respect its flag; and to defend it against all enemies."—William Tyler Page.

METHODISTS INSTALL OFFICERS AND TEACHERS

Last Sunday was promotion day in the Methodist Church School.

A special program was rendered and recognition given to each student being promoted from one department to another.

Also the officers and teachers in the Sunday School for the year beginning next Sunday were installed. Many of the officers and teachers have already been serving for some time in their respective positions.

George M. Reid continues to serve as the General Superintendent.

Superintendents of the various departments are as follows: C. C. Donaldson, superintendent of the Adult Department.

W. E. (Happy) Smith, superintendent of the Young People's department.

Mrs. Stella Duke, superintendent of the Children's department.

Mrs. Irvin Stewart, superintendent of the Junior.

Mrs. E. R. Edwards, superintendent of the Primary department.

Mrs. W. D. Smith Sr., superintendent of the Cradle Roll.

Teachers are as follows: Judge C. H. Cain, teacher of the Men's Bible Class, and Mrs. R. W. Fenton Sr., of the Bessie Brahear Class.

Younger married ladies class, Mrs. Ben Hardy.

Ross - Ford Gets Birthday Party

On Thursday night of last week a good number of friends, relatives and neighbors gathered at the home of Mr. Ross Ford to do him honor on his sixty-sixth birthday. Though greatly surprised when he learned the party was to celebrate his birthday he entered whole heartedly into the occasion. Music was furnished by Messrs. Cloe, Reagan, Leonard, and Raymond Sproles and the Chambliss brothers. The crowd enjoyed a number of games; the adults remaining in doors while the youngsters betook themselves to the out-of-doors. There were bean contests, airplane rides and "snap" also was played.

After a while bushel basket laden with gifts was presented to Mr. Ford. Refreshments consisting of chicken sandwiches, cup cakes and fruit were served to seventy-three people. An impromptu program was presented in which Mr. Ford sang, "Seventy Years Ago," and Mrs. Paula Atkins gave two readings very effectively.

After hearty congratulations and "many happy returns of the day" had been extended to the honoree the crowd dispersed.

Young unmarried women's class, Mrs. G. M. Stewart.

Senior young people's class, A. C. Weaver, teacher; Mrs. Geo. E. Turrentine, substitute.

Intermediate girls class, Mrs. A. L. Pace.

Intermediate boys class, Jack Welch.

Junior class No. 1, Mrs. W. T. Clinton.

Junior class No. 2, Mrs. L. C. Haney.

Junior class No. 3, Mrs. Harley Henderson.

Substitute for the department, Mrs. Fred Bucy.

Primary class No. 1, Mrs. H. C. Story.

Primary class No. 2, Mrs. C. A. Thomas.

Primary class No. 3, Mrs. L. E. Turrentine.

Substitute for the Primary Department, Mrs. C. H. Cain.

Beginners, Mrs. James Clinton; substitute, Mrs. Happy Smith.

Cradle Roll, Mrs. R. H. Gibson and Mrs. E. Prohl.

SAYS INDIVIDUALISM IS DEAD

I do not believe that America has come to the end of its expansion. I do not believe that we must have millions of unemployed. I believe on the contrary that there is a way that we can carry all Americans, and particularly the poorest, to an ever-higher standard of living. America is sick. What is the malady?

To begin with, the first settlers of this country were the most ambitious, most courageous, the most adventurous and industrious people of all nations. Otherwise they would not have left their homes in the old world and come to a wilderness filled with hostile Indians.

What would you expect of a class of this kind? Would they develop a country?

About the time these people had

become settled in their homes in America, the industrial revolution began in England.

In 1767 James Hargreaves invented the spinning jenny, which could spin eight threads at a time. At no time before had anyone ever spun more than one thread at a time. But Hargreave's machine was only the beginning of inventions in the cloth-making business.

Richard Arkwright invented a machine that would spin more threads and spin them faster than Hargreave's machine, and thus the process went on and on.

Edward Cartwright invented a loom which could be run by water power, and about that time James Watt invented the steam engine, and we know its labor-saving effect.

Before this time women turned the spinning wheel at odd hours. Men worked part time at the loom and spent the rest of their time at other duties. Most of the work was done at home, or in small shops, and it was all done by hand or with the aid of small hand tools.

But now things were different. The use of machinery driven by water or steam power spread fast, from cloth making to other kinds of manufacturing, and with the spread of machinery the ways of living and working changed greatly.

The improved machines were costly. They could be owned only by rich men, who built factories and hired men to run them. In order to make money for the owners the factories were run from daylight until dark. Thus the workers lost much of their old-time freedom.

In 1790 Samuel Slater set up the first spinning machine in the United States. In 1793 Eli Whitney invented the cotton gin. Before this invention one person would work all day to separate the seed from one pound of lint cotton. His first invention would separate fifty pounds per day. How much will the improved gin of today separate?

Then followed the great iron industry, the tanneries, shoe factories, hat factories, the sewing machines, and the iron stoves.

While machinery was changing the cloth, iron, and other industries, it was also affecting the work on the farm. Until about the time of the American Revolution there was little improvement in farming tools or methods of planting, cultivating, or harvesting crops. A farmer from Palestine in Abraham's day would have known how to use about all of the tools that were used on a farm in the day of Washington.

Within fifty years after the American Revolution, great changes took place.

In 1831 Cyrus McCormick invented his first successful reaper.

Much of the industrial revolution and the improved machinery would have been unnecessary if ways had not been invented to ship goods quickly and cheaply from place to place.

We noted that James Watt invented the steam engine, and it was being used to turn machinery in the factory. Why could it not be made to drive a boat on the water? After some failures, Robert Fulton in 1807 succeeded with the Clearmont.

But why should we trace the evolution from the Birch bark canoe to the modern steamship? Why should we trace land transportation from the pack-horse to the modern locomotive? Why trace communications from the pony express to the radio? Why trace our commercial system from individualism to great corporations?

All these things have happened in our day, and our great educational institutions teach these changes. We are all familiar with these changes. Are we in a new world or are we yet in a primitive time?

We recognize all these changes except in our commercial system. We are yet trying to carry on in the old

Deer, Turkeys Stage Come-Back

For the first time since the 1880 period deer will soon be grazing again on Borden county ranch land, officials of the Borden County Game Management Association stated Tuesday, according to the Dawson County Courier. Borden county also expects to receive a shipment of wild turkeys soon the Courier states.

Thirty-five deer are to be shipped in by truck from South Texas and placed on certain Borden county ranches; thirty-five wild turkeys are also assigned to these ranches. There will be a five-year closed season on

individual way. Now Please get this thought: the individual has no more chance in our commercial system than a one-mule farmer with a Georgia stock and a double-shovel plow has with a modern-equipped farmer.

We have the corporations. They have proved their ability to exist over the individual. Individualism is dead. It is only those who are disabled, or self-interested, or silly, who preach individualism.

Individualism is dead. We can not go back to individualism. The corporation is here; and it is here to stay. The private corporation only affords room for the few. The many are left outside. What must be done? Let us have your idea. Who will be first?—Ross Ford, Tahoka.

both the deer and the turkeys.

It doubtless is not generally known that already there are deer on the Slaughter Ranch in Garza county. Col. Jay Slaughter has had quite a number of deer on his ranch for years. Of course no hunting is allowed.

Both deer and turkey are being placed on ranches also in Shackelford county and possibly in other counties in the cow country.

There are still a few antelope in the sand hills along the New Mexico border, never having been entirely killed out or driven from that region.

Mrs. Woody Walker spent several days last weekend visiting with her parents in Lubbock.

Wake Lazy Insides All-Vegetable Way

Thousands turn to this way to get relief when they're lazy intestinally and it has them headachy, bilious, irritable, listless: A quarter to a half-teaspoonful of spicy, aromatic, all-vegetable BLACK-DRAUGHT on your tongue tonight, a drink of water, and there you are! Thus, it usually allows time for a night's rest; acts gently, thoroughly next morning, so relieving constipation's headaches, biliousness, bad breath.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative," which helps impart tone to lazy bowel muscles. The millions of packages used prove its merit. Economical, too: 25 to 40 doses, 25c.

"Hot Time!" Cold Night. Parked Late? Never mind...start up in jig-time

Bad days ahead. But here's how Winter OIL-PLATING maintains needed lubricant in advance—for Safe Quick Starts...

Your engine is up around 2 feet tall. But where is its highest oil-level? Barely 3 or 4 inches off the bottom during parking. So if you depend on crankcase oil alone, when starting up cold, you'll wait till it climbs a good ways—and goes working around.

But now!... no more hard risky waiting for that first badly needed lubricant... not with your engine OIL-PLATED for Winter by changing today to your correct Winter grade of Conoco Germ Processed oil.

Processed into this patented oil that sells at a normal price is a rare extra substance—created by man—to fasten lubricant firmly to metal. The result is OIL-PLATING, attached to inner engine parts as closely as chrome plating is attached to bumpers. And like chrome plating, OIL-PLATING doesn't all drain down during parking, but stays up as high as the highest piston rings reach—ready to smooth out starting stroke No. 1—ready to fight for oil economy by fighting the wear of oil-starved starting. (And the less wear, the more gasoline economy, too!) Then OIL-PLATE now—at Your Mileage Merchant's Conoco station. Continental Oil Company

Tahoka Editor Writes - Up Brownfield's Jack Stricklin And Vice Versa

Acting upon a burning desire to get his picture in our paper, together with a nice write-up of his more or less eventful life, Jack Stricklin, editor and publisher of the Terry County Herald, last week accepted our proposal, made in fun, to exchange compliments.

Somewhere or other he got hold of a couple of our "mugs", one smiling and the other frowning, blended them together, one of them upside down, and printed the same in his great religious and political weekly, together with a "write-up" of this editor, which we are too modest to reproduce in our columns. Suffice to say that the write-up is even more flattering than the pictures.

Herewith is the blended picture which he published.

Many, many thanks, Jack, for printing in your columns both the write-up and the picture.

name of your list.
When the subscriber says take my
And this is a view of Mr. H.H.

This is a view of Eee Eye when a delinquent subscriber pays up.

And now we shall proceed to comply with our part of the contract. We would have inserted Jack's picture on the front page of our paper had he honored us with a front-page position. This he failed to do, however, inserting our handsome mug away over on page number 11.

Jack Stricklin, Editor of the Terry County Herald, enjoying a little recreation after having gotten out the last issue of his most estimable paper.

In our Odds and Ends column and elsewhere in our paper we have made mention from time to time of many of the distinguished men of Texas, but we will confess that too rarely have we mentioned the distinguished citizens of the South Plains.

It is with pleasure, therefore, that we present herewith one of the most recent photographs together with as accurate a pen picture as possible of our esteemed fellow-worker, Andrew Jackson Stricklin, editor of the Terry County Herald, and dean of South Plains newspaper men.

Of course, Andrew Jackson Stricklin, "Andy Jack" for short, was born in Tennessee. Just when he was born is nobody's business. Anyone could tell by looking at Jack when he was born that he was a Democrat, and so his parents named him Andrew Jackson. Frankly, we think Jackson had already passed on at that time.

At any rate, little Andy Jack grew up a Democrat and has been one ever since. He came to Texas some time after the Civil War—quite a few years after that conflict, we think.

He stopped over for a few years down in central Texas, in the general neighborhood of where Cleburne now stands. Well, since we have come to think of it we believe Cleburne stood there then.

Later Jack got the western fever. He came away out into the wild west, which then lay some 150 miles east of Tahoka. One day he dropped into a newspaper shop by mistake, got to monkeying with an old George Washington press, got some printers' ink on his hands, and that sealed his fate. He never has gotten that printers' ink off his hands yet.

Just about the time he got well acquainted with the type cases, somebody told him a big wild bull story about the opportunities to be found out in the sage weeds of Terry county. Jack wrapped up a hickory shirt, a pair of pants, and a pair of galluses in a newspaper and hit the trail. In due time he landed in good old Terry.

Brownfield was then just a wide place in the road but Jack managed to find it. He also found a guy there who was trying to run a newspaper. We don't know who read it unless the coyotes of that day and time could read.

The poor fellow needed help. So Jack rolled up his sleeves and pitched in. After he had worked awhile the other fellow's heart failed him. His feathers fell. He proposed to sell out to Jack. Jack snapped him up, just like he snapped us up when we proposed to give Jack a good send-off two or three weeks ago, if he would return the compliment.

Well sir, Jack has been right there running that newspaper ever since, something like thirty-odd years, what time he has not spent eating off his kin-folks down at Coahoma, or down in Johnson county, or away back in Tennessee, where his parents perpetrated him upon the world.

Not only is Jack the dean of South Plains newspaper men but he gets out each week one of the most readable weekly newspapers published anywhere. He is not noted for the elegance of his language but what he lacks in elegance he makes up in color and force. Nobody has any trouble in figuring out what he is driving at.

Yes sir, Jack has a head on top of those old shoulders of his and he knows how to use it. We are not talking just bull now; we are telling the truth. We guess he has made some money, too; quite a bit of it for a newspaper man.

Jack also has a jam-up good town over there at Brownfield, and he has helped to make it so.

May he live long and continue for many years yet to serve his day and generation. And to tell you the truth we think he will, he is not as old as one might think from some remarks at the beginning of this little piece. Good luck to you Jack. Adios.

Don't take chances with your chicks. Put Dr. Salsbury's PHEN-O-SAL Tablets in their drinking water regularly.

NOTICE TO CREDITORS OF THE ESTATE OF MARTHA I. RAY, DECEASED

Notice is hereby given that original letters testamentary upon the estate of Martha I. Ray, deceased, were granted to me, the undersigned, as independent executrix, on the 27th day of September, A. D. 1940, by the County Court of Lynn County, Texas. All persons having claims against said estate are hereby required to present the same to me within the time prescribed by law. My residence and post office address are 2122 Harrison Street, City of Amarillo, County of Potter, State of Texas.

Veida Ray Chisum, Independent Executrix of Estate of Martha I. Ray, Deceased.

Mr. and Mrs. E. H. Bouillon took her father, Mr. W. S. Swan, down to Odessa last Saturday, where they were met by his other daughter, Mrs. Christene Turner of El Paso, who conveyed him on to her home and then to Hot Springs, New Mexico, the next day. He is taking the hot baths there for his health. Mr. Swan, we are informed, reached his 85th birthday on Wednesday.

Mrs. John Donaldson returned Monday from a month's visit with her daughter, Mrs. Aubrey Thomas at McAllen, and her son, Wallace Donaldson at Houston, and their families.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 8:30 Members urged to attend. Visitors welcome.

H. L. RODDY, Secretary.

Vegetable Laxative Has Important Points

Most people want a laxative to do three things: (1) act punctually, (2) act thoroughly, (3) act gently. Here's one that usually fills all three requirements when the easy directions are followed. It's an all-vegetable product whose principal ingredient has medical recognition as an "intestinal tonic-laxative." That's the ingredient which enables BLACK-DRAUGHT to help ease lazy bowel muscles. It is the main reason for the satisfying relief from constipation that generally follows next morning when BLACK-DRAUGHT is taken at bedtime. The millions of packages used are proof of its merit.
