"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire.

Volume 38

Tahoka, Lynn County, Texas, Friday, April 3, 1942.

Number 34.

Army Day Program Is Set For Monday

Bids Asked For Highway Topping East Of Town

New topping is to be placed on Highway No. 380 from a point three miles east of Tahoka to Post, a notice for bids being published in this issue of the News.

This is indeed good news to the people of Lynn County. This highway was hard-surfaced about three years ago according to a plan which at the time was said to be an experiment. It was believed by county officials at the time that it would be one of the best highways in the entire country.

But, while the structure has proved to be fairly good, it has never been entirely satisfactory. The surface has not had that smoothness that is desirable in a modern highway. It is to correct this defect, we assume, that new topping is to be placed on this stretch of more than twenty-one miles of the road. This should make it indeed an ideal highway.

That portion of this highway extending from the Lynn County line west of Tahoka to Brownfield likewise needs a new surface, and portions of it in Lynn County likewise.

With these gaps in highway No. 380 improved, this highway from Post through Tahoka, Brownfield, and Plains to the New Mexico line would be one of the best in Texas.

People living in this section of the state and others who travel this highway, we are sure, are grateful to the State Highway Commission, for the improvement soon to be under way.

Tahoka Bids For District P-TA Meet

Mrs. Fred McGinty and other Lynn County women expect to attend the Fourteenth District Convention of the Texas Congress of Parents and Teachers clubs to be held in Anson on Thursday and Friday, April 16-17.

Mrs. McGinty says it is the intention to invite the organization to hold its annual convention in Tahoka next year, but she thinks that the chances of securing it will depend largely on the interest shown by the women of Tahoka and Lynn County. It is her desire, therefore, that a large number of women from this county, and particularly from Tahoka, shall attend this convention.

She asks that women begin now to make their plans to attend. The delegates will be there only one night and bed and breakfast will be furnished free of charge, she says. Those planning to go should notify either Mrs. Ridge or Mrs. McGinty at once so that they may inform the Anson committee on entertainment just how many may be expected to be there from Tahoka.

Also, they can give any desired information about transportation, bus fare, etc.

Mrs. McGinty hopes that at least twelve or fifteen Tahoka women will find it possible to attend and help pull for the convention for Tahoka next year.

Mrs. McGinty attended the Federated Women's Club meeting in Lubbock last Thursday and Friday as a delegate from the Child Guidance Club, and reports a most interesting program.

Magazines Sent To Soldier Boys

Magazines donated by local citizens for use of U. S. soldiers in the camps, have been delivered to the Texas Tech library for distribution to camps, according to Mrs. G. M. Stewart, chairman.

She reports that there was a total of 750 suitable magazines given, and 245 books have been received, but the books are being held until notice is received as to where they should be sent.

Canning Expert Coming Thursday

Homemakers of Lynn County will learn the latest and best methods of canning fruits and vegetables next week when Miss Margaret Murphy, canning expert, gives a demonstration. Allie M. Tipps, Home Management Supervisor announced today.

The demonstration will be given at the American Legion Hall at 2:30 p. m. on Thursday, April 9, and it is open to all who are interested in attending.

Miss Murphy, who will conduct the canning program, is a home economics graduate of the Iowa State College at Ames, who for the past several years has specialized in home canning and is now a staff member of the Educational Department of the Kerr Mason Jar Company. She has traveled widely and her lectures are as interesting as they are instructive.

It is expected a large crowd will attend the demonstration.

Wilson Youth Is Reported Lost

Last week we ran the picture of Homer Cleo McKee of O'Donnell, who lost his life while fighting in the Philippines under General Douglas MacArthur, and stated that he was the only Lynn County man in the armed forces of the United States who was known to have lost his life during the present war.

Monday our attention was called to the fact that Garris Hodge of Wilson, who was a nephew of Pat Swann of that place, went down to his death on the battleship Arizona in Pearl Harbor on December 7, 1941. Thus Lynn County lost one son in the first assault that Japan made upon this country.

Garris' mother died at Portales, New Mexico, eight or ten years ago, since which time he had resided with his uncle, Pat Swann at Wilson, until he joined the Navy possibly a year before the outbreak of the war. He was serving as a fireman on the Arizona. Some weeks after the Pearl Harbor attack, the War Department notified the family of Garris' death in that tragic act of treachery.

If perchance there is any other Lynn County man who is known to have made the supreme sacrifice for his country during or since the Pearl Harbor incident, the News should like to be informed of the fact.

Large Crowds At County Meet

Large crowds, though somewhat smaller than at times in the past, attended the annual Lynn County Interscholastic League contest held at the campus of the Tahoka schools last week end.

The contests included many literary and athletic events, full results of which are found on another page of this week's paper.

Tahoka won first in the feature attraction, the senior high school track and field meet, and O'Donnell was second. West Point won first in the Rural School division, while Midway and T-Bar tied.

Tahoka Ward and Tahoka 7th grade were first and second, respectively, and Draw-Redwine was third in the Ward School division.

Winners in the county meet are eligible to compete in the District Meet to be held at Lubbock.

Lloyd Cox, who finished an aviation course at Dallas recently, left with his family Saturday for San Diego, California, where he expected to be given employment in an aircraft factory.

Miss Iris Dean Cade, who is a student in John Tarleton College at Stephenville, is here spending the Easter holidays with her parents, Mr. and Mrs. A. M. Cade.

MASTER OF HIS MOUNT

Winging high above the Texas plains, an Aviation Cadet at the "West Point of the Air" soles in his low wing training plane. After completion of his basic training course here, he will go on to advanced school and eventually a commission as a 2nd Lieutenant. Each Cadet must spend 70 hours in the air while at Randolph.

Rotarians Enjoy Impromptu Music

The largest crowd in several weeks was present at Tuesday's Tahoka Rotary Club luncheon, almost all members and a large number of guests being present.

Frank George, program chairman arranged an impromptu program that was much enjoyed. Numbers by two quartets furnished a lot of fun and some good music. This was added to by piano numbers by the club sweetheart, Bonnie Jean Clark. The club had just had the piano rebuilt, which members and musicians both seemed to appreciate.

George called on W. T. Hanes, who spoke briefly concerning the Army Day program next Monday, and Don Turner, who reported on progress of the Defense Guard unit.

Ammon Underwood of the Houston Federal Land Bank, a guest of Deen Nowlin, also spoke briefly.

Visiting Rotarians from the O'Donnell Club were Frank Liddell, Hal Singleton, and Chas. Cabool. W. O. Robertson was the guest of John Jackson.

Calloway Huffaker, the papa of a new son, born Wednesday night, passed out the cigars.

WENZEL BOYS WIN PRIZES AT SLATON STOCK SHOW

Wilburn Wenzel, 13, son of Mr. and Mrs. A. D. Wenzel of Wilson, won first prize on his heavy-weight Berkshire in the Stock Show at Slaton last Saturday night and second prize on his lightweight Berkshire.

Another son, Leo, 16, won fifth prize on a lightweight.

The Wenzel brothers have won many prizes in various shows heretofore on their hogs in various classes.

They hope to have their Slaton winners on exhibit in the Plainview Fat Stock Show on April 16-17.

Congratulations--

To County Attorney and Mrs. Calloway Huffaker on the arrival of a 7 1/2 pound son at the Tahoka Clinic Wednesday night at 11:10 o'clock. He's the Huffakers' second child and the second son.

The News has received a communication from Mrs. J. H. Colleenback requesting that her paper be sent to Lamasa and stating that she has moved to that city. For the past several months she has been residing near Cleburne.

Guard Unit Has Indoor Meeting

Due to inclement weather, officers conducted Monday night's drill of Tahoka Defense Guard in doors, with seventy men present.

Plans for the Army Day celebration, Monday, were announced. All members of the Guard unit are ordered to meet at the Legion Hall at 3:30, promptly. The parade will be started promptly at 4 o'clock, and the program will follow immediately thereafter on the north steps of the court house. In addition, the regular drill will be held Monday night. Attendance at each is compulsory unless excuse is secured from the proper authorities.

The following men were promoted to the rank of First Class Privates: R. L. Thomas, F. M. McBeth, Douglas Finley, B. T. Smith, R. H. Gibson, L. J. Falls, Truett Smith, and T. S. Reed. D. E. Penninger has been appointed communications sergeant.

Coffee and doughnuts were served by A. L. Smith, in the absence of Mess Sgt. Claude Conway, who was ill.

Skiles Thomas In Houston Hospital

Dr. Skiles Thomas, son of Mr. and Mrs. C. A. Thomas, who received his M. D. degree at the Medical Branch of the University of Texas at Galveston two weeks ago, began work on Wednesday morning of this week in the Jefferson Davis Hospital in Houston for his year's work as an interne. This is the city-county hospital and is a very large and popular institution.

Dr. Thomas was born and reared in Tahoka, graduated from the high school here before entering college, and has many friends here who will watch his career with much interest.

His father, Mr. Thomas, says that there were ninety-two members of the class in which Skiles graduated.

METHODIST CHURCH AT WILSON DEDICATED

Rev. George E. Turrentine and possibly other Tahoka people attended a church dedication service at the Wilson Methodist Church Thursday, conducted by Bishop Ivan Lee Holt. Services opened at ten a. m. and Bishop Holt preached the dedication sermon.

Many visiting Methodists were present, and it was a great occasion for the Wilson church.

Parade, Speeches To Honor Service Men

Dallas Arranges Booster Special

Bob Bourdene of the Dallas Manufacturers and Wholesalers Association, and Paul Jones of the State Fair of Texas, were here Monday conferring with Jack Applewhite, president of the Tahoka chamber of commerce, and other citizens relative to the coming visit on April 22 of the Dallas boosters special train to Tahoka.

The boosters will be here nearly an hour, arriving at 10:35 a. m.

With the delegation, riding a special train will be such well-known entertainers as the WFAA "Early Bird" orchestra, "Peg" Moreland, the "Cass County Kids," and the Plainsmen quartet.

Bill McFadden Safe In War Zone

William T. McFadden, son of Mr. and Mrs. Lee McFadden of this city, evidently was still safe and well on Corregidor Island or on Bataan Peninsula or somewhere else in the Pacific war zone as late as March 21, according to information sent to the parents here through A. N. Lehman, Home Service Chairman of the Lynn County Chapter of the American Red Cross, the letter having been sent out from the Mid-West Branch office at St. Louis.

The communication stated that the name of William T. McFadden, Battery F, 55th C. A. C., "does not appear among the lost, missing, or injured in any casualty file through March 21, 1942."

The last information that the McFaddens had received from their son prior to this was contained in a letter written by him from Corregidor Island on November 4, a month prior to the attack made by the Japs.

Since his name does not appear on any casualty list, he must be one of the boys who are still making it hot for the Japs.

Band Concert Tuesday Night

Tuesday night in the high school auditorium, the Tahoka School Bands, under the direction of John Hamblen, will present the second in a series of spring concerts. The program is to start at 8:30.

Some interesting music has been promised. It is announced that a saxophone quartet composed of Dorothy Day, Euelja Dollins, Gene Earl Knight, and Winston Redwine is to play an arrangement of Schubert's "March Militaire." Also there are several soloists to be featured.

The Band Parents Club, represented by its president, Mrs. Harley Henderson, is to present the school and band a baritone saxophone recently purchased. This instrument was purchased by the club for the school in an effort to fill out the band with those instruments which would be impractical for individuals to buy.

There is no admission charge to this concert and the general public is cordially invited to attend.

Miss Maurine McNatt and the delegates elected from Lynn County are planning to attend the district Texas Home Demonstration Association meeting to be held in the First Baptist Church in Lubbock on April 11, beginning at 10:30 a. m.

Mrs. Dude Holland resumed her work as director of the Lynn County Welfare work here Monday, after a few weeks' leave of absence from the office.

Defense Guard Will Appear In Army Day Parade

Next Monday afternoon, beginning at 4 o'clock, a county-wide Army Day celebration will be held in Tahoka on the court house square to honor Lynn county boys now serving in the U. S. Armed Forces, to arouse more interest in the nation's war effort, and to present the first public appearance of the 75-man company of the Tahoka Defense Guard.

The program will include a street parade, band music, reading of the list of Lynn county boys in the service, tribute to these boys by Truett Smith, talks by an officer from the Lubbock Advanced Flying Field, and by Capt. Don Turner of the Tahoka Guard, and an address by Homer Winston of Brownfield.

Business houses of the town and county are being asked to close between the hours of 3:30 and 5:30 in order to honor the boys in the U. S. Service and in order that Guard members may participate in the program. Jack Applewhite, president of the Tahoka Chamber of Commerce, is mailing cards to business men asking that they close during these two hours.

W. T. Hanes, superintendent of schools here, has been elected general.

(Continued On Back Page)

Clyde Sargent Out For Commissioner

Encouraged by friends to make the race, Clyde Sargent, who lives a mile and a half east of Tahoka, is announcing this week as a candidate for commissioner of precinct No. 2, the Tahoka-Grassland-Draw precinct. His name will appear in our regular candidate column next week.

Mr. Sargent is a comparatively young man and twenty years of his life has been spent in Lynn County. He came with his father's family from Merkel to Tahoka in 1922, and the family lived for years just a few miles northeast of Tahoka. In 1937, Clyde moved over into precinct 2, where he has resided since.

For nearly ten years, he has been working the roads of Lynn County, operating the county machinery. He is thoroughly familiar with the condition of the roads and their needs in his precinct. "I think I know every mud-hole in the precinct," Clyde stated in making his announcement, and he knows the road business like a farmer knows his mule.

Clyde has no promises to make except that he will do the very best he can for the roads of his precinct with the money that may be available, and it will be his purpose to give everybody at all times a square deal.

He says he expects to make an effort to see every voter in his precinct before the election if his "jalopy" holds out and if his tires don't go flat.

Edward McMillan Is Reported Safe

Mrs. H. L. McMillan received a letter Monday from her son, Edward, who is on a warship of the U. S. Navy somewhere in the Pacific, but he gave no information—simply asked a few questions about the family.

The letter was dated March 11, and it is known therefore that he was still well at that time. It was postmarked March 12, and Mrs. McMillan concludes therefore that Edward was a long way from Tahoka when the letter was written.

STRIKES

Strikes in war industries are being justified by some. Any man has the right to quit any job he pleases at any time he pleases, it is maintained, and to deny him the right to quit would take away from him one of his "inalienable" rights, it is argued.

It is true that any man does have the right to quit any job he pleases at any time he pleases, so far as his employer is concerned, provided he does not thereby violate a contract with his employer injurious to the latter.

But does he have the right to persuade others to quit? Does he have the right to act with others in quitting their jobs when by doing so he imperils his country or increases the peril which his country faces?

Yes, he has the legal right to do that; but does he have the moral right to do it? We think not, and many believe that he should not have the legal right to do it. Especially do they believe that this is true when already he is receiving the highest wages like workmen have ever received in history. And especially do they believe it is true when the employer does not have a similar right to "fire."

The employer in any great industrial "closed shop"—and practically all of them now are "closed shops"—can not fire even one of his employees at will. If he does so, all his employees may strike in protest and cause the act of their employer to be reviewed by a board. If the board finds against the employer, he is required to reinstate the "fired" employee with full pay for the time he was idle, and may be required to give full pay to the strikers for the time they were out on strike.

Sauce for the goose should be sauce for the gander. If the employer is not given the right to "fire," then the employee should not have the right to strike. Their differences

should be settled by a board. Some countries have already made strikes illegal and made it compulsory for employers and employees to submit their differences to such a board. One of these is Australia, which is regarded as one of the most democratic countries in the world.

It seems to us that we should revise our labor laws so as to give the employer equal rights with the employee or else follow the example of Australia and make arbitration of labor disputes compulsory.

A big shell-loading plant is being established down in the southwestern corner of McLennan County near the towns of McGregor and Moody and the two towns are on a boom. "It will be constructed in an area southwest of McGregor and northwest of Moody and will be four or five miles of town," says the Moody Courier. "This includes some of the finest farming land in this part of the state, black soil and very fertile. It is thought by now most farmers will know when to vacate. On these farm lands are some very fine homes and improvements, and we wonder if the government will sell these houses and other material. It would help solve the housing problem if such could be purchased and moved to outside areas." In another story in the same paper it is indicated that 500 farm families will lose their present land by construction of the plant. Of course they will be remunerated for their property. We are glad that McGregor and Moody are to profit greatly by the location of this huge plant near by, but we are wondering why the Government found it desirable to seek out the best land in the vicinity and uproot a large number of home owners and tenants when it could have gone just a few miles further west and gotten thin pasture lands that are worth only a few dollars per acre and on which there are few residents. But of course we are not running the Government—we are just wondering.

Senator Tom Connally made it rather uncomfortable Monday for some of his colleagues who are trying to shy away from any legislation at this time designed to outlaw strikes in defense industries or to abolish the 40-hour week. He had introduced a bill several months ago providing that in the event of a dispute which threatens to impede war production in a plant, the government could take over the plant and "freeze" all labor conditions. The bill had been favorably reported by a Senate committee by a vote of 12 to 2 in December, but administration leaders had held it up, and Connally on Monday was insisting that it be taken up in the Senate for consideration. Senator Berkeley, the majority leader, objected to its consideration in the interest of national unity. "I am not a labor-hater," Connally replied, "but in this emergency I don't think anybody is exempt from sacrifice. I don't propose that we shall create any aristocracy of labor leaders. Most of labor wants to work, but they are hi-jacked by a few labor czars who order them around." And

Political Announcements

The following announce their candidacy for public office, subject to action of the Democratic primary:

- For Judge, 106th Judicial District: LOUIS B. REED (re-election)
- For District Attorney, 106th Dist.: ROLLIN McCORD (re-election)
- For County Judge: CHESTER CONNOLLY (re-election)
- For Tax Assessor & Collector: R. P. WEATHERS (re-election)
- For Sheriff: B. L. PARKER (re-election)
- For County Attorney: CALLOWAY HUFFAKER (re-election)
- For County Clerk: W. M. MATHIS (re-election)
- For District Clerk: HATTIE SERVER (re-election)
- For County Treasurer: MRS. LOIS DANIEL (re-election)
- For County Superintendent: LENORE M. TUNNELL (re-election)
- For Commissioner, Prec't. 1: CURTIS MORGAN VERNON WILLHOIT. E. J. COOPER.
- For Commissioner, Prec't. 2: LONNIE WILLIAMS (re-election) J. F. TIPPIT SAMIE NORWOOD
- For Commissioner, Prec't. 3: E. O. SLAUGHTER JOHN ANDERSON
- For Commissioner, Prec't. 4: LEON JENNINGS (re-election) C. H. (Claude) REAGAN
- For Justice of the Peace, Prec't. 1: P. D. SERVER

every man in that Senate must have known that Connally was telling the truth. And it seems that it has almost gotten to the point where the labor leaders not only order laborers around but order senators around also. Tom Connally being one of the distinguished exceptions.

Of course we are going to win this war. With our forces steadily increasing on the sea, on the land, and in the air, we are going to whip those Japs to a frazzle, hit old Hitler hard where it hurts, and dictate the terms of peace in Berlin and Tokio. Keep 'em flying!

Wainwright seems to be all right. He is still holding the fort in the Philippines. He is proving to be a worthy successor to General MacArthur.

Jim Ruben Lewis has returned home from Los Angeles, where he recently completed a course of instruction in an aircraft school. He will help his mother, Mrs. R. W. Lewis, on the farm.

Some of the big boys up at Washington are much disturbed just now over criticism of labor strikes and other matters lest the critics be playing innocently into the hands of Hitler. If they would avoid criticism they should first remove the cause of it. This criticism of which they complain comes from the most loyal and patriotic elements of our entire population. When hard-working citizens read of strikes for higher wages on the part of organized groups whose members are already receiving ten to fifteen dollars per day and by such strikes are impeding in some degree our war production program, while young men in the army and the navy receive a mere pittance above their board and clothing to face the dangers of war in order to save our country, then it is natural that the fathers and mothers of these young men should feel resentment against the strikers whose conduct is calculated to increase the peril that confronts their sons. They don't object to their sons' fighting for Uncle Sam—they glory in it—but they do object to hooky-playing on the part of those who are to furnish the munitions of war. And, they object just as strenuously to profiteering by manufacturers of war munitions. When both evils are corrected then the higher-ups will quit hearing squawks from the hinterland.

Senator Reed of Kansas put his finger on one of the sore spots Monday when he asserted that workers on war and defense projects had been forced to pay at least thirty million dollars in fees to labor unions. He declared that on an ordnance project near his home, common laborers had been forced to pay a twelve-dollar initiation fee and two dollars monthly dues to a local of the International Hod Carriers Union, an AFL affiliate. That similar practices prevailed at other army

camps is well known to the people of Texas. Carpenters, we were told, were required to join unions, and the initiation fee, it was asserted, was as high as \$50.00. The Unions apparently practiced a species of racketeering that left a bad taste in the mouth of many an honest man. Shall the people not be allowed to criticize practices like this without being charged with creating disunity? As for us, we are willing to forget these things for the present provided the labor unions will get right in there and pitch for 48 or 60 hours a week just like the majority of us have to do for the regular pay. If they are not willing to do this, they are the disunity breeders.

Careful clean-up now will provide a sound defense against fires.

Victory Special Will Visit City

The Victory Special from Dallas will roll into Tahoka on Wednesday, April 22, bringing over 60 Dallas business executives and a host of radio entertainers who will stage a patriotic program in appreciation for the co-operation Tahoka is lending in the national war effort.

Final details for the group's visit to Tahoka were worked out today when Bob Bourdene, manager of the Dallas Manufacturers and Wholesalers association, a division of the chamber of commerce, conferred with local city and chamber officials.

The special train will leave Dallas on the night of April 19 and will return on April 24 after 29 towns, two of which are in Oklahoma, have been visited.

Entertainers who will accompany the tour here include Wilbur Ard and the famous WFAA "Early Bird" orchestra; the Cass County Kids nationally-known hill billy trio; Peg Moreland, one of the nation's oldest radio performers, from a point of service, and the Plainsmen quartet.

The special train will cover over 2,000 miles on the five-day trip. Towns to be visited include: Brady, Brownwood, Coleman, Ballinger, San Angelo, Odessa, Midland, Big Springs, Colorado City, Sweetwater, Abilene, Lamesa, O'Donnell, Tahoka, Slaton, Lubbock, Plainview, Memphis, Childress, Quanah, Vernon, Electra, Wichita Falls, Gainesville, Whitesboro, Denison, Durant, Oklahoma, Hugo, Oklahoma, Paris.

Mr. Bourdene declared that this will be the most important tour of its kind ever staged out of Dallas. "The chamber of commerce and the manufacturers and wholesalers of Dallas have been sponsoring these annual tours for 41 years," he said, "and we believe our mission on this trip to be of paramount importance.

"Too often the great effort and sacrifices that other communities make in times like these are overlooked because of the hustle and bustle to complete a job. Many of the things they do are taken for granted and I, for one, hope that our trip this year will help alleviate this.

"We want to come to Tahoka and say: 'Thank you for the untiring effort and support you are giving the national government in the greatest mass effort for victory this nation has ever known.'

"We hope that when the 'Victory Special' visits your city it will bring about a better understanding of our common problems so we can cooperate more fully toward our all-important goal in the future."

Give a book for a soldier.

Mrs. Gladys Stokes Painfully Injured

One day early last week Mrs. Gladys M. Stokes accidentally fell, but did not feel any ill effects from the fall at the time. By Thursday, however, a pain in her side had developed and she thought she must be suffering from pleurisy. Her sister-in-law, Mrs. A. H. McGonagill, who is a trained nurse, suspected an injury to a rib and gave first aid treatment. On Monday, Mrs. Stokes went to a Lubbock hospital for an X-Ray examination, which revealed no fractured bones, but physicians found that certain ligaments had been torn loose, which was a more serious injury than a fractured rib.

After the ligaments were taped up, Mrs. Stokes returned to her home here, where she is confined to her room while being treated by a physician.

MRS. STOKES AGAIN MAKES RECORD IN INSURANCE FIELD

An outstanding record in the conservation of previously paid-for business brought Mrs. Gladys M. Stokes, Tahoka life underwriter, signal recognition from Southwestern Life Insurance Company this week, when she was presented a cash award by President C. F. O'Donnell of Dallas for leading the entire Abilene territory in this work. The occasion marked the third consecutive time in which Mrs. Stokes has achieved the conservation award in this territory. Besides these three consecutive years, Mrs. Stokes had won the award in a previous year.

Mrs. F. H. Hancock accompanied her daughter and grand-daughter, Mrs. Henry Heck and Greta Ann of New Home, to Canyon, Tuesday. Mrs. Heck attended the Baptist District Convention. Mrs. Hancock remained for a ten day visit with her daughter Mrs. A. D. Seth, and family, who now live in Canyon.

Mmes. Garland Pennington, W. H. Kenley, and Melvin Rateal, and Mr. Rateal, represented Tahoka First Baptist Church at the district meeting of W. M. U., Brotherhood, Sunday School, and B. T. U. at a Canyon Tuesday.

Mrs. W. M. Sewell and two little sons came over from their home at Levelland, Sunday, and are spending the week with her parents, Mr. and Mrs. R. P. Weathers.

Mr. A. D. Smith of Godley, a nephew of D. V. Smith and Mrs. Taylor White, spent Friday night in the Smith home here.

Mr. and Mrs. Jesse Smith of Post visited the Ray Sherrod family here Sunday.

Citizens Warned On Fire Hazards

Are you hiding an enemy in your home?

It is hoped that you are not, but if there is a fire hazard lurking around your house—hidden away in the attic, shut up in a closet, tucked under the stairway, piled in a garage-corner, then you are harboring a most vicious type of enemy.

Fire is a destroying agent when it breaks out. It can paralyze industry, seriously cripple our war production and assembly lines, halt the shipment of materials to the fighting fronts.

Drive out all suspicious enemies in your home; give no quarters to fire hazards! clean them out during Civilian Defense Clean-Up Week and keep them out.

Here are a few tips offered by Marvin Hall, State Fire Insurance Commissioner, on following the advance agents of disastrous fires.

Remove all accumulated trash, papers and other discarded or waste material of a combustible nature.

"Blackout" all matches, cigarettes and cigars before throwing them away. Carelessness with these ranks third in the list of known fire causes according to records covering a ten year period.

Gasoline, kerosene, benzine and naphtha are inflammable liquids that constitute serious fire hazards. Keep them all outside the house and never near an open flame.

Oil mops and rags soaked with oil and paint cause spontaneous combustion. Oil mops should be kept in a metal container and oil or paint soaked rags should be disposed of promptly after being used.

Before leaving an electric iron or other electric appliance in use, turn off the current. Permit only experienced persons to install or repair electrical fittings and appliances. Replace blown fuses with new ones; never use a substitute "bridge" in the fuse box.

Watch serious outside exposures. Dry grass, leaves, brush and trash accumulations outside the house are often places where serious fires originate.

Fires have no season—they must be prevented every hour of every day.

Junior Stock Show Is Next Week

LUBBOCK, April 2—A large collection of top quality livestock from 30 counties—27 in Texas and 3 in Eastern New Mexico—will be on exhibit at the twelfth annual Junior Fat Stock Show in this city, April 6, 7, and 8.

Entries received by Clyde G. Tatum, general chairman for the affair, indicate that a large number of animals which have placed as champions in numerous county and community stock competitions during recent weeks, will be brought here for the regional show. In addition, other entries are being received from 4-H and FFA boys who have outstanding calves, pigs and lambs, which have not been first place winners in the local shows.

Chairman Tatum, together with C. C. Johnson, Lubbock County agent and general superintendent for the exhibit, and Vernice Ford, finance committee chairman, have had a large number of Lubbock business and professional men working on various details of the affair for several weeks, and all arrangements for a successful show are complete.

Animals entered in the various divisions will be sold for top prices and cash awards will be distributed to the boys owning the winners.

On account of war conditions, the downtown parade heretofore a feature of the show has been cancelled. Several entertainments will be provided for the club boy exhibitors.

Friends here will be gratified to learn that Mr. A. D. Sanders, now superintendent of schools at Donna, has been elected president of the South Texas division of the Texas State Teachers association. Mr. Sanders was principal of the high school here for two or three years and later was superintendent of the schools at Littlefield. He held responsible positions in two or three other South Plains towns and was well known throughout this entire section.

Mr. and Mrs. Ira Knox have moved to Tahoka from Madisonville. He has accepted a position with Gattis Drug, while she is employed at Bart's Cafe. Mrs. Knox is a daughter of Mr. and Mrs. A. L. Dunagan.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 7:30. Members urged to attend. Visitors welcome.

JACK WELCH, W. M.
H. L. RODDY, Secretary.

Flying Club Has New Airplane

The Tahoka Flying Club actually gets under way.

The Tahoka Flying Club advanced beyond the talk and paper stage Sunday afternoon when the boys took delivery on a new model Piper J-8 training plane at the Lubbock Municipal Airport.

As soon as the proper papers were signed and the ship cleared by the government authorities, training was begun, and to Calvin Edwards goes the honor of being the first student. He was followed by Bill McNeely, Vernon Harlow, and other members of the club, each taking instruction for a period of from thirty minutes to an hour. The instructor expressed confident belief that they would all be soloing within a couple of weeks. When the members get in sufficient time to solo, the ship will be kept in Tahoka quite a bit of the time.

The club was tentatively organized this week with B. T. Smith, president; Lee King, secretary and treasurer. Other members are Bill McNeely, Kirk Pitts, Boots King, Thad Smith, Vernon Harlow, M. R. Pemberton, Calvin Edwards and Ace Bailey.

The members are being asked, "What's the idea?" No better answer can be given than to quote Article II of the Club's Constitution: "The purpose of this organization shall be to create and encourage interest in aviation, to provide economical rates for its members, and bring to more people the social benefits and pleasures of flying activity."—Reporter.

RUTH CLASS

The Ruth Class of the First Baptist Church met Tuesday for their regular monthly business meeting at the home of Pauline Owens.

The meeting was opened with a song and a prayer. Roll call was answered by a scripture reading containing the word Love which is the motto of the class.

After the new and old business was discussed, meeting adjourned and games were played.

Refreshments of soda water and doughnuts were served to the following: Jennie Reba Neville, Billie Margaret, Riddle, Mary Beth Roddy, Mary Ruth Hargett, Doris Latham, Joan Owens, Ethel Norris, Mrs. Carl Owens, teacher, Mrs. D. V. Smith, and a visitor, Helen Norris.

Food is a whole arsenal of weapons in this struggle for human freedom. — Secretary of Agriculture Wickard.

CONTRACTOR'S NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 21.482 miles of Asphaltic Concrete Pavement from 3 miles east of Tahoka to Post on Highway No. US 380, covered by Control 297-6&7-6&89, in Lynn & Garza Counties, will be received at the Highway Department, Austin, until 9:00 A. M., April 10, 1942, and then publicly opened and read. The wage rates generally prevailing in this locality, which are listed below, shall apply as minimum wage rates for those employees employed and paid by the Contractor on this project.

Title of "Laborer," "Workman" or "Mechanic"	Prevailing Minimum Per Diem Wage (Based on Eight Hour Working Day)
Crane Operator	\$8.00
Mechanic	8.00
Finisher Operator (Asphaltic Concrete Finishing Machine)	7.00
Distributor Operator	5.20
Asphalt Baker	4.00

Burning

searchlight that lights up American skies... but always they're protecting the ideals of democracy! Most of them are too busy to celebrate Army Day, that's your privilege. Come out Monday afternoon and join us in paying tribute to these boys. Then buy more and more Defense Bonds and Stamps so that they can have bullets, bombs, planes, ships, and tanks to use against our enemies. They've given up so much. Won't you join us in giving a little?

P-TA Pet Show Is Next Week

On Friday night, April 10th, at 8:00 in the Tahoka School Gym, the Tahoka Parent-Teachers Association will stage a Pet (not petting) Show. Lynn County folks are invited to enter their pets in competition. Prizes of defense stamps will be awarded by competent judges for the largest, smallest, most unusual, and most intelligent.

A large field of entries is expected, and you will miss a barrel of fun if you are not there. A fee of ten cents per entry will be made. Adults or juniors may enter a pet. School children wishing an entry may see their teachers or principals. Adults wishing entry should see any member of the P-T.A.

Animals entered should be in a box, cage, or on leash. (If husbands with ribbon in their hair are entered, a ball and chain will be O. K.)

A small admission fee of ten and fifteen cents will admit all, and remember they promise you an hilarious evening.

Let's see what Lynn County has in the way of pets... cats, dogs, parrots, pigs, puppies, etc. It's for a good cause, and as we said before, you will have lots of fun. Another announcement will appear next week. We think we can have a master of ceremonies to make the occasion a rare treat.

Mr. and Mrs. P. A. Davis, who recently moved to Tahoka from O'Donnell, have two sons who have gone into the service of the U. S. armed forces since the first of the year. Preston is in Camp Haan in California and Biewett is in the Coast Guard. He passed through Slaton one day last week from New Orleans to the west coast. The parents met the train and talked with him for a few minutes in Slaton but did not learn his destination. A letter received from him since gave his address in California.

Mrs. Verner Smith and Mrs. Taylor White made a business trip to Odessa last Friday. This was the first time Mrs. White had been able to visit Odessa since the accidental death of her husband in a car wreck a few months ago, in which she, too, was critically injured. She reports that many friends called to see her while there.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
COUNTY OF LYNN.

TO: Claude Cash, Guy Cash, Ernest Cash, J. S. Cash, Bert Cash, M. G. Cash, Mrs. Minnie Wardlow, Mrs. Belle Fermenter, and the heirs and legal representatives of each of said eight parties, and the unknown heirs and legal representatives of each of said eight parties:

GREETING:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 27th day of April, A. D. 1942, at or before 10 o'clock A. M. before the Honorable District Court of Lynn County, at the Court House in Tahoka, Texas.

Said plaintiff's petition was filed on the 6th day of March, 1942. The file number of said suit being No. 1436.

The names of the parties in said suit are: J. T. Herd as Plaintiff, and R. M. Cash, Claude Cash, Guy Cash, Ernest Cash, J. S. Cash, Bert Cash, M. G. Cash, Mrs. Minnie Wardlow, Mrs. Belle Fermenter, and the heirs and legal representatives of each of said nine parties complained of, and the unknown heirs and legal representatives of each of said nine parties, as Defendants.

The nature of said suit being substantially as follows, to wit: Plaintiff is the owner of the Northeast Quarter (NE 1/4) (Para 133) east of Survey No. Five Hundred One (501), Block One (1), Certificate No. 4-743, containing 164.8 acres of land, in Lynn County, Texas, more particularly described in plaintiff's petition, and further described in deed to M. G. Cash dated March 2, 1917, of record in Book 25, p. 124, of the Deed Records of Lynn County, Texas; that M. G. Cash died, and his wife as survivor of the community estate, encumbered for more than \$5500.00, was empowered to sell, and did sell, said land, afterwards acquired by the plaintiff, as against the heirs and legal representatives of the said M. G. Cash, and other defendants above mentioned; that defendants have wrongfully entered upon said premises and ejected plaintiff to his damage in the sum of \$5000.00; that plaintiff has title to said land under the five-year statute of limitation, as alleged, and is entitled to recover said land, and have title quieted in him, as against said defendants and have all claims asserted by defendants canceled and removed. Issued this the 13th day of March, 1942.

Given under my hand and seal of said Court, at office in Tahoka, Texas, this the 13th day of March, A. D. 1942.

(Signed) Hattie Server,
Clerk, District Court,
Lynn County, Texas.

Acre Of Guayule Planted At Tech

LUBBOCK, March 31 — An acre plot of guayule has been planted on Texas Technological College farm this week, one of several experimental plots to be distributed over a wide area in Texas and other southwestern states. One-year old plants shipped from the Salinas valley in California have been transplanted in 40-inch rows, with plants spaced 30 inches apart.

The experiment is being made here as result of a visit to Tech campus March 16 by J. T. Presley, in charge of the federal program for Texas, for conference with Dr. A. W. Young, head professor of plant industry. Rubber from guayule can be used for most purposes for which Para rubber is used, although necessary removal by chemical processes of 16 to 20 per cent of resin adds several cents a pound to production cost.

The guayule plant, a gray, shrubby perennial two or three feet high at maturity, grows wild over north central Mexico and in the Texas counties of Brewster, Presidio, Pecos and Terrell. It contains 3 to 7 per cent rubber under cultivation. Elevations of 2500 to 4000 feet where the climate is dry and warm most of the year, with long periods of hot, dry weather, and winter temperatures which rarely go below 15 degrees Fahrenheit, seem most desirable.

The present experiment is being made by the federal government to determine the extent of the area within the United States which can be used for this plant.

Production information on the growth of guayule indicates that it is necessary to allow the plant to grow for about four years before harvesting, since approximately 300 pounds per acre of extractable rubber is formed each year for the first 4 years during the growth after transplanting. In harvesting, the entire plant including the root is removed from the soil and the rubber extracted. It is necessary, therefore, in the culture of the plant that new plantings be made every four years.

Clarence Williams has a real old-time case of the measles this week, according to his wife. Just recently he had a case of the mumps. Whooping cough, probably, will be the next on the list. Neither the measles nor the mumps is very funny to Clarence, however.

Edward Turrentine, student at the Texas Tech, came home Wednesday to spend the Easter holidays with his parents, Rev. and Mrs. George E. Turrentine.

MRS. JESSIE WARREN DIES IN CALIFORNIA

Mrs. Jessie Warren, wife of O. J. Warren, residents of Tahoka until about two months ago, when they moved to Willows, California, died in a hospital there on Thursday of last week, according to information received by relatives and friends here.

Mrs. Warren, about 45, had been seriously ill about three weeks, it was said. She had been in ill health a long time when they left here. Mrs. Warren was a native of Milam County. She and family moved to Tahoka from Rotan in 1936 and had resided here since until January of this year. She was a member of the Tahoka Baptist Church.

Surviving are the husband, O. J. Warren, and a son, Norman, in California; two sons, Cecil and Burl of Ft. Bliss, who joined the Army while the family resided here; and Jack and Alline, a son and daughter of the family home. Also surviving is a sister, Mrs. B. J. Maberry of Willows, California, who removed there with her family from Tahoka along with the Warrens; and two brothers, Jim and Chester Marr of Corsicana.

Mrs. Glenn Boydston of this city is a niece, being a daughter of Mrs. Maberry.

4-H CLUB WEEK

COLLEGE STATION, April 2 — The week of April 5 to 11 has been designated as 4-H Club Week throughout the United States. This observance replaces the National 4-H Club Encampment held in normal years in June at Washington, D. C.

According to L. L. Johnson and Onah Jacks, state 4-H Club agents of the Texas A. and M. College Extension Service, more than 80,000 Texas farm boys and girls enrolled in 4-H Club work are expected to participate. The activities will be conducted by the Extension Service through county extension agents and voluntary local club leaders and sponsors.

During 4-H Club Week effort will be made to remind adults and youth that the work to be done concerns every individual, and that boys and girls must do their part in a full-sized job, the state agents said. "Effort also will be made to stimulate family and community work to the end that every individual may make his best contribution toward victory."

Farm boys and girls through their 4-H Club work have carried on a seven-point national defense program for the last year and a half. The state agents said that the club members have concentrated especially on club demonstrations which produced foods, care of farm machinery, clothing and other vital items, farm fire prevention, selling and buying Defense bonds, helping in civilian defense activities, collecting scrap metal, paper, and other materials which are scarce, and in discussions in, and practice of democratic principles in their club work.

Mr. and Mrs. T. L. Fortenberry, who spent the winter at Corpus Christi, have returned to their home at New Home, where they will probably remain till cold weather returns.

Take the load off his HEART!

The observance of Army Day, April 6, marking the twenty-fifth anniversary of America's entry into the World War in 1917, signifies also the beginning of the nation-wide movement for the assistance of soldiers' families and dependents. Every community in the country today has its quota of men in the Army, and the home folks of these communities are organizing units of the Army Emergency Relief.

The Army Emergency Relief is a fund being raised to provide for the assistance of dependents of any soldier who wears the uniform of our country. It operates without official "red tape." Emergency conditions are recognized and relief is given promptly. The mother who visits her boy in camp and finds his outfit suddenly moved, leaving her stranded, is immediately provided with necessary funds by the Army Emergency Relief. When a soldier becomes a casualty his dependents are given sympathetic care and funds are advanced until the payment of a pension or his insurance.

The Army Emergency Relief is incorporated under the laws of the District of Columbia as a non-profit organization. General John J. Pershing is honorary president. The chairman of the board is Secretary of War Henry L. Stimson, the acting president being Under Secretary of War Robert P. Patterson. The fund is administered by Major General

William N. Haskell, formerly commander of the 27th Division.

Donations and contributions are accepted from any legitimate sources, organizations or enterprises, and already a great deal of money has been received. Families of soldiers and patriotic citizens in the cities and towns and the smaller villages throughout the country are taking the initiative in the work. It is a spontaneous movement of the people, without high pressure campaign methods, and its entire service is voluntary.

Outside of the larger cities committees formed by the citizens have had the whole hearted cooperation of local newspapers, and in many communities the press is promoting the organization of the movement, in some cases the funds being raised as a memorial to a home boy who already has made the supreme sacrifice. All persons interested in organizing local units to assist the Army Emergency Relief have been asked to communicate with Col. John Thomas Taylor, assistant director, Bureau of Public Relations, War Department, Munitions Building, Washington, D. C. Said Col. Taylor:

"We praise our country's defenders but our greatest service to the man on the battle line is the assurance that we are looking after his loved ones at home. In doing this we take the load off his heart."

MRS. PORTER IS CERTIFIED TO BE SANE

County Attorney Calloway Huffaker reports that a certificate has been received by officials here from the proper authorities that Mrs. Fanny Lee Porter, who has been an inmate of the State Hospital at Big Spring since being acquitted of murder in a trial in the district court here last year on the ground that she was of unsound mind, is now sane.

Mr. Huffaker says that there will be another hearing in the county court here about Wednesday of next week to determine judicially whether Mrs. Porter is now sane or insane. Mrs. Porter, it will be remembered, was charged by indictment with having murdered her own infant. She lived at New Home.

Walter Anglin and C. D. Franks of the West Texas-New Mexico Utilities Company attended a service school in Lubbock on Thursday of last week, the object of the school being to train its officials and employees in methods of taking care of customers in the face of possible curtailment of supplies.

Mr. and Mrs. W. T. Kidwell and her mother, Mrs. W. W. Rogers returned Wednesday night from a visit with Mrs. Rogers' mother and other relatives at Post Oak and with Mr. Kidwell's relatives at Rochester. They left here on Thursday of last week.

Mr. and Mrs. J. E. Nance were here from their Borden County farm last week end visiting her parents, Mr. and Mrs. W. L. Knight, and other relatives.

Mrs. G. R. Kennedy and daughter Dorothy Dale, and niece, Little Suzanne Dale, all of Lubbock, visited her parents, Rev. and Mrs. G. A. Dale Wednesday.

J. C. Womack and others at Good-fellow Field, San Angelo, left there Tuesday for an officers' training school at Miami Beach, Florida.

The ever lengthening list of articles removed from market as more plants are converted to war production makes it vital that all we possess should be guarded from fire losses. Re-double your fire prevention practices.

HIGGINBOTHAM-BARTLETT IMPROVING OFFICE

The Higginbotham-Bartlett Company is re-arranging, enlarging, and re-decorating its front office. When completed it will be both more commodious and more attractive.

O. E. S. WILL HOLD MEMORIAL SERVICE

The Order of the Eastern Star here will hold its annual memorial service at the regular meeting Friday night April 3. It is hoped that the full membership will be present.

C. S. Broyles of Dallas is the new manager of the Standard Auto Parts Co. here; J. L. Brooks having departed a few days ago for California, it is said. Mr. Broyles says that he will probably remain here permanently, as he likes the town.

Mr. and Mrs. Winston Wharton and daughter Anne are planning to spend Easter with his mother at Albany.

Judge and Mrs. J. W. Elliott returned Sunday night from San Antonio, where they spent a few days resting.

Mrs. Effie Townes returned last Friday from a five-weeks' trip which included visits at Fort Worth, Cleburne and Waco.

Mrs. R. C. Forrester spent the week end with her mother, Mrs. A. N. Hughes, and her brother, Dr. H. H. Hughes, in Brownfield.

When a Child Needs a Laxative!

Your child should like this tasty liquid laxative and you should like the gentle way it usually wakes up a youngster's lazy intestines when given by the simple directions.

SYRUP OF BLACK-DRAUGHT contains the same principal ingredient which has enabled its older brother BLACK-DRAUGHT to give so many users such satisfying relief for so many years!

Perhaps that's why it usually gives a child such refreshing relief when the familiar symptoms indicate a laxative is needed.

SYRUP OF BLACK-DRAUGHT comes in 2 sizes. The introductory size is 25c; the economy size is 50c.

DRAW 4-H CLUB

The 4-H Club of Draw met the eve of March 31, with Mrs. Jones, the sponsor. The minutes were read and approved.

A committee of two, Lorene Dabney and Thalia Bearden, was appointed to arrange a program for Friday afternoon when Miss McNatt will be down. The girls are planning a small informal social and are going to serve refreshments in honor of Miss McNatt's birthday. However, they are undecided about the number of candles they should light.

The Club staged their play as scheduled and is glad that it went over big, although some of the cast had to be substituted several times. We wish to thank "outsiders" who took parts and helped us put it over. We also wish to thank the musicians who rendered such a beautiful musical program.—Reporter.

A fishing party consisting of C. T. and Joe Tankersley, Cody Bragg, Tom Hale, M. A. Ethridge, E. S. Tippit, John Donaldson, Jim Burleson, Clay Hughes, J. J. Milliken, Claud Wells, and possibly others left Monday for the Rio Grande to find out whether or not the fish are biting this spring.

Mr. and Mrs. James Connolly spent last week down on the Rio Grande in the Big Bend fishing and otherwise enjoying life. But they admit that the fish refused to bite.

SAM GARRARD WEDS POST GIRL

Sam Garrard, son of Hon. Tom Garrard of this city, who was here on furlough from Camp Blanding, Florida, where he is now stationed with other Lynn County boys surprised his father and other members of the family together with many friends by entering the marriage state on Saturday night, March 21.

On that night, he and Miss Kathleen Weaver of Post drove to Lubbock, sought out a minister, and took upon themselves the marriage vows.

The bride is the daughter of Mrs. Sam Hamilton of that city, who owns a nice farm in that vicinity, and has resided there many years. Mrs. Garrard is a beautician and is employed in a beauty shop in Post. Sam returned to Camp Blanding the latter part of last week.

Rev. George E. Turrentine filled the pulpit of the First Methodist Church of Lamesa last Sunday night in the absence of the pastor, Rev. E. D. Landreth, who was conducting a revival meeting in Sweetwater.

Dean Nowlin G. W. Simmons, Victor Botkin, and Garland Pennington attended revival services at Loop last Sunday.

HOW to SAVE those

"Important Vitamins"

Your gas range is ideally suited to modern "waterless cooking" which saves vegetable vitamins and minerals. Because of its flexibility you can regulate the heat to any degree you need.

So use your gas range wisely—and follow these simple rules for food that is really health-giving:

- Cook vegetables in as small an amount of water as possible.
- Bring to boiling point quickly over high gas flame.
- When boiling begins, turn gas flame down and boil gently.
- Use covered utensils to keep steam in.
- Do not use soda, as it destroys vitamins in vegetables.
- Cook vegetables as short a time as possible.
- Serve foods soon after cooking.

WEST TEXAS GAS CO.

EXTENSION NEWS

GROW A VICTORY GARDEN!
"A garden is a magic spot,
You plant a little, reap a lot."
* * *

The need of better food habits and the greater use of foods which increase the intake of vitamins and essential minerals for improving the health is more keenly felt now than ever before, since physical well-being and its relation to morale are almost the first line of defense. The school lunch program shows every day what better food can do for children in improving physical well-being; likewise, the record of physical examinations of men for Army and Navy service give adequate proof for the need of better nutrition. Better food habits should include not only a much wider use of the body building foods such as meat, eggs, and milk, but also fruits and vegetables for their protective and health building values.

A garden will add to the health of the family, offer pleasure, give fresher vegetables and save money. In wartime, no family can afford to buy anything that can be grown as easily as vegetables, that is, if conditions are favorable.

What should your garden grow? Grow what you like to eat—but rich your garden to a meal plan which contains a variety of vegetables. These vegetables may be planted in the town or farm garden with limited space: Mustard, Tendergreen, Lettuce, Early Curled Simpson; Radishes, Scarlet Globe; Parsley, Moss Curled. The first three may be planted as early as March 1st and replanted every two or three weeks until several plantings have been made. One planting will be sufficient for the onions and parsley. Spinach and carrots grow more slowly but are suited to this type of garden. The Bloomsdale Savoy Spinach and Danvers Half Long Carrots are good varieties.

April plant these vegetables in

METHODIST CHURCH
Sunday will be Easter and fathers and mothers will bring their infants to be dedicated to God as was Jesus at a tender age dedicated. There should be a number who present themselves for adult baptism and church membership also on Sunday.
Easter songs will be sung and a joyous remembrance of the Resurrection of our Lord celebrated. Let every teacher and pupil of the Sunday School be in their places Sunday.—George E. Turrentine, pastor.

LOCAL PASTOR IN MEETING AT SPUR

Rev. W. B. Gray, the pastor of the First Presbyterian Church here, is beginning a two weeks' meeting in the Presbyterian Church at Spur. He will not be here this Sunday to fill his regular first Sunday appointment.

The Presbyterian congregation is invited to worship with the flock of Rev. George E. Turrentine at the Methodist Church in their Easter services.
Dr. Gray concluded a meeting in the First Presbyterian Church and its Locust Street Chapel in Lubbock last Sunday in which there were thirty-nine new members welcomed into the church.

Everett Dale and Mrs. J. C. Edwards of Dallas were here from Sunday to Tuesday visiting their parents, Rev. and Mrs. G. A. Dale.

the home or in the town garden with a large amount of space: Pinto and Stringless Green Pod Beans, Lucullus Swiss Chard, Crook-neck and Early White Bush Squash, Sally White and Early Long Green Cucumbers. (Squash and cucumbers do not have to be planted in hills, as previously thought, but may be planted in rows, one seed to the foot.) Porter June Pink and Earliana Tomato Seed may be planted in a box or tub at this time in order to have strong plants in May.

Any time from May 1st to June 15th these vegetables may be planted: Stringless Green Pod, Henderson's Bush, Black Wax, Great White Northern, Refugee, and Pinto Beans, Browneye Crowder, Purple Hull, Blackeye and Cream Peas, Honey June and Sure Cropper Corn; White Velvet Okra; Detroit Dark Red and Crosby's Egyptian Beets; New Zealand Spinach; Hubbard Squash; Small Sugar Pumpkin; California Wonder and World Beater Pepper; Rocky Ford and Perfecto Cantaloupes; Klondike, Halbert Honey and Dixie Queen Watermelons; Brazilian Popcorn and Southwestern Spanish Peanuts.

We must remember that food is one of our first lines of defense. Last year in Lynn County only 67 out of 1658 farms had gardens which were adequate for family needs. This year 1218 families have pledged to grow an adequate garden. It's patriotic to grow food for freedom.

Aggravating Gas
When stomach gas seems to smother you, and you can hardly take a deep breath, try ADLERIKA. FIVE compressives to warm and soothe the stomach and expel gas, and THREE laxatives for gentle, quick bowel action. At your Drug Store.

Baptists Attend Meeting At Canyon

Mrs. Garland Pennington, who is Associational president of the W. M. U., Mrs. Dorothy Kenley, Associational secretary and treasurer, and Mr. and Mrs. Melvin Ratheal of the First Baptist Church, and Mrs. Henry Heck of the New Home Church attended the District Convention in Canyon on Tuesday of this week.

The Brotherhood and W. M. U. sessions were held Tuesday and Tuesday night, and were greatly enjoyed. There were several representatives from this Association, and it was a great pleasure and blessing to all who went.

Judge E. S. Cummings, and R. A. Springer were on the Brotherhood program and brought fine messages. They are state president and secretary, respectively. Mrs. Copass, the state leader of women, was speaker for the women.

There were Baptists from all the associations of District Nine present.

BAPTIST CHURCH

Baptist Church attendance is increasing — Sunday School average this month is 223 in spite of the 160 first Sunday.
The Sunday School attendance has been gradually climbing, and everyone seems to be enjoying the work. We appreciate very much the co-operation, and the loyalty of the people, and pray that we may all continue to work harder and harder for the Lord, that we may honor Him in this work.

We are planning for a big day Sunday, and hope that everyone will come with their Easter Bonnets, and that we will have great services for the Lord.

Rev. Hal Upchurch of Wayland College will preach for us, and possibly for the rest of the time our pastor is ill. You will want to come and hear him, and get acquainted. There have been several people in our services lately who had been unable to attend before, and we have been having a large number of visitors. We are thankful for this, and hope that they will become regular members.

Sunday School will start at 10:45 a. m. and preaching service will begin at 12:00 o'clock. The Training Union will start at 8:00 p. m. and the evening worship will begin at 9:00 p. m. We need you in every service.

Prayer meeting will begin at 8:30 p. m. Wednesday evening, and will be in connection with the teachers and officers meeting, then immediately following, we will have the community singing. All who enjoy listening to good singing as well as all who enjoy singing are cordially invited and urged to come.

The Deacons will meet in their regular meeting Sunday afternoon at 3:30 p. m. We are very anxious that every member be present for this meeting.

Come, join us, and help us reach 300 in the Sunday School — and 100 in Training Union Sunday.

Macaroni Ham Rolls
Broadcast April 2

6 ounces macaroni 2 tablespoons butter
6 cups boiling water 2 tablespoons bottled
2 teaspoons salt horse-radish,
2 ½ cups grated creamed
American cheese 6 large, thin slices
or ½ pound sliced ham, baked or
packaged variety 1 tablespoon shortening
¼ cup Fat Milk

Break macaroni into 4-inch pieces. There should be 6 dozen pieces. Cook until tender in boiling water and 1½ teaspoons salt. Drain and rinse with hot water. Let stand. Turn on oven and set at moderate (375° F.). Mix together cheese, milk, remaining ½ teaspoon salt and the pepper. Cook over boiling water until cheese melts and mixture is smooth, stirring constantly. Remove from heat and add horse-radish. Cover and let stand. Put equal portions of macaroni on ham slices. Put about 2 tablespoons cheese sauce over each bundle of macaroni. Roll up and secure with toothpicks or string. Put in greased shallow pan. Dot tops with bits of shortening. Bake 20 minutes, or until ham is lightly browned. Serve at once with remaining cheese sauce. Serves 6.

Winners of County Interscholastic Meet

About "once in a blue moon" you add a quart

Authorities insist: **CHANGE OIL FOR SPRING.** And you can insist on this oil that outlasted five other big quality brands by far. Not one came nearer than 58% of its mileage!

Down where the desert slew gold-hunters — down where 100° heat is "cool" — down in Death Valley six cars streaked. All were alike... all ran till wrecked. All started with 5-quart fills of oil—locked in. All conditions were alike—certified. Five cars—five boasted brands of oil—went as dead as the cattle skulls in the sands, while the other oil still had quarts to go!

That's all against hollowing out your engine till it eats too much oil, and may demand replacements that are getting scarcer. But another big thing is to keep the oil itself in shape. And Conoco Nth oil — at a popular price — comes to you with *Thialkene inhibitor*... the modern synthetic developed to check or inhibit effects that would otherwise degenerate your oil.

The science of it is a long story, but the mileage is a thousand times longer, and Death Valley proved it. So can you by changing today for Spring, at Your Mileage Merchant's Conoco station. Continental Oil Company

CONOCO Nth MOTOR OIL

LOCAL REPRESENTATIVE

ODDS & ENDS

by Eye Eye,
the Rider

We are wondering if the time will ever come when the labor unions will absolutely control the politics and the government of this country. They exercise a power now out of all proportion to their numbers, though they have grown to great numerical strength during the past quarter of a century.

But their power has become great not so much because of their numbers as because of their compact organization. If all the unions were welded into one great national organization instead of being divided into two rival organizations, the A. F. L. and the C. I. O., their power today would be even much greater than it is.

If organized labor continues to grow in numerical strength and in political power during the next fifty years as it has grown in the past fifty years, there appears to be real danger that this country, like Russia, may become sovietized.

We do not mean by this that it may lead into the excesses of folly and corruption and immorality and irreligion that have characterized Soviet Russia; but we do mean that there is danger of our gradually

drifting into the soviet form of government—government by representatives of the various occupational and professional organizations. Under this form, we would not have representatives in Washington elected by all the voters of the respective districts, but we would have representatives elected by this labor organization and that labor organization, this merchants' organization and that merchants' organization, this farmers' organization and that farmers' organization, and so on up and down the line. That would be the theory of the thing but in practice, certain organizations would gain the ascendancy and hold it; their leader likely would become the dictator, just as Stalin is dictator in Russia today.

We should not like to see that change come in the form of our government. But when we see powerful labor organizations today, each controlled largely by an individual leader, and all of them seeking to control the policies of this government in their own interest, we sometimes wonder if we are not drifting rapidly in the direction of sovietism.

No, we do not want to see the labor organizations grow so strong and so grasping as to control the policies of this government to the exclusion of the will and the interests of other classes of our citizenship.

On the other hand, we should not like to see the labor organizations destroyed or completely suppressed. They have a useful function to perform. They have been instrumental in crushing the baneful power of the predatory rich and of raising to a decent level the standard of living for the laboring man and his family.

Before the labor unions appeared, laborers were paid scandalously low wages. They were compelled to work through weary, interminable hours, often in the most uncomfortable and unsanitary surroundings. Children of tender age worked for long hours in hot, dusty, unventilated factories. Women worked till their fingers were sore and their backs bent even while bearing and rearing broods of undernourished and otherwise underprivileged children. Factory owners grew rich through the sweat and the blood of the helpless poor.

This condition developed in Europe of course long before it did in this country, and to a greater degree, for the reason that this was a new country and Europe became industrialized long before America did.

And then, as a natural outgrowth of these conditions, appeared the trade unions, in Europe first and then in America.

As an outgrowth of these conditions also sprang all sorts of radical theories and movements, the most insane of which was anarchism.

In time, the trade unions began to unite and to form larger labor unions.

One of the first labor organizations in this country that developed real kick politically, was the Knights of Labor. It was organized in 1869 with a few members but by the early eighties its membership was numbered by the hundreds of thousands. By the middle eighties, it claimed a membership of 700,000.

In the seventies and eighties, labor parties were organized and some of them nominated candidates for the Presidency. Though this writer was just a lad in those days, we can remember that in one Presidential election the name of the Labor candidate was Cowdry. In another, it was A. J. Streeter. T. V. Powderley might have never been a candidate for President, but he was the outstanding labor leader of the eighties and nineties just the same.

It was in 1886 that the American Federation of Labor was organized at Columbus, Ohio. It gradually supplanted the Knights of Labor as a means of accomplishing results for the laboring man industrially and of

"Smells like something cooking"

IT'S NO FUN riding behind a car that is laying a smoke screen, enveloping you in clouds of evil-smelling fumes.

And it's no fun for the owner of the car which is doing the smoking. Every mile he drives is wasting his money and shortening the life of his motor. Any mechanic will tell him that he needs new rings or new pistons.

Chances are the trouble started long ago with imperfect motor lubrication. Good oil would definitely have lengthened the life of the motor.

That is more important than ever in these days of completely curtailed auto production. So keep the following facts always in mind, when deciding which oil to use:

If you want our best oil, you don't have to choose blindly from the many lubricants which Phillips makes, because we frankly point out that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer.

Whether you are replacing winter-worn oil with fresh summer grade, or making the regular 1,000-mile change, be sure to ask for Phillips 66 Motor Oil.

influencing legislation at Washington and in the state capitals. By 1900, its membership had grown to 850,000.

Wise old Samuel Gompers was "the life of the party," in so far as the A. F. L. was concerned, from the initial steps that were taken for its organization in 1881 until he died forty years later in 1921. During all of this time, with the exception of one or two brief intervals, he was its president.

Old Sam Gompers was not a radical, for the reason that this was a new country and Europe became industrialized long before America did.

And then, as a natural outgrowth of these conditions, appeared the trade unions, in Europe first and then in America.

As an outgrowth of these conditions also sprang all sorts of radical theories and movements, the most insane of which was anarchism.

In time, the trade unions began to unite and to form larger labor unions.

One of the first labor organizations in this country that developed real kick politically, was the Knights of Labor. It was organized in 1869 with a few members but by the early eighties its membership was numbered by the hundreds of thousands. By the middle eighties, it claimed a membership of 700,000.

In the seventies and eighties, labor parties were organized and some of them nominated candidates for the Presidency. Though this writer was just a lad in those days, we can remember that in one Presidential election the name of the Labor candidate was Cowdry. In another, it was A. J. Streeter. T. V. Powderley might have never been a candidate for President, but he was the outstanding labor leader of the eighties and nineties just the same.

It was in 1886 that the American Federation of Labor was organized at Columbus, Ohio. It gradually supplanted the Knights of Labor as a means of accomplishing results for the laboring man industrially and of

Governor Altgeld of Illinois was reputed to be in sympathy with the strikes and did little about it. Finally, on the pretext of preventing obstruction of the U. S. Mails, President Cleveland sent troops to Illinois to suppress the rioting and punish the rioters. As a result the strikers and working men everywhere raised a great hullabaloo against Cleveland, and his action figured strongly in the next Presidential election.

In the years that followed, the radicals among the labor groups who refused to follow the lead of old Samuel Gompers organized them a new nation-wide labor organization. They called it the Industrial Workers of the World, I. W. W. for short. It didn't attract much attention until along in the teens, when it fomented many strikes. When America was forced into World War No. 1, the I. W. W.s began to strut their stuff. They staged many strikes, some of them among railway employees. They gained the reputation of being obstructionists. The people in derision dubbed their union the I Won't Work

union, and it stuck. The I. W. W. came into such disrepute as "slackers" that it lost almost entirely its influence and gradually died out. But its modern day successor is the C. I. O. This organization, doubtless, is not quite as radical and not nearly so disloyal as the old I. W. W.'s, but it contains most of the radical elements of the defunct organization just the same.

Say, folks wouldn't a real history of labor organizations in this country be interesting? This is just a very incomplete skeleton of a history, a rather ugly skeleton at that. If some real historian would come along and put flesh on these old bones and blood coursing through the flesh, we wonder if the animal would look any better.

Nathan Woosley returned to Fort Bliss Sunday while his older brother, Jess, left Friday to resume his work at Brady. Both had been here attending the funeral services of the father, J. K. Woosley, who died early Wednesday morning of last week.

Get the TRUE facts about the low cost of Electric Cooking... the real cost is much less than you think! Many a homemaker who has switched to Electric Cooking has found that her cooking costs are actually LESS than she had ever expected.

Electric Cooking!

Electric Cooking protects vitamins, minerals and rich natural food flavors and it's so simple and easy.

Here's a real value! An Electric Range is not only easy to OWN—it's easy and economical to USE! For surface cooking you can choose the RIGHT heat—and the most economical heat. In the big ovens, current is used only a few minutes out of each hour to maintain average baking and roasting temperatures. You can cook a complete meal for five people in the large Deep-Well Cooker for about one cent. Porcelain finish, generous storage space and many other convenient features make an Electric Range an outstanding BARGAIN VALUE!

Army Day . .

(Continued From Page 1)
eral chairman of the event, and he has his plans completed to such an extent that the public is assured of one of the finest patriotic occasions Tahoka has ever attempted.

A. M. Cade, parade marshal, has announced that the following will be the order of the parade: Color Guard, Tahoka High School band, Tahoka Defense Guard company, the Lynn County Selective Service Board, American Legion members, Legion Auxiliary, Red Cross float, High School float, Boy Scouts, Girl Scouts, Ex-Students' float, Cub Scouts, and any other Lynn county clubs or organizations wishing to enter floats or wishing to appear in the parade.

The general committee arranging the affair is composed of W. T. Hanes, chairman; Don Turner and W. T. Bovell, representing the Defense Guard; R. P. Weathers and Truett Smith, from the Chamber of Commerce; A. M. Cade, American Legion; Frank Hill, Tahoka Rotary Club; Mrs. J. B. Oliver and Mrs. Skip Taylor, women's organizations, including Auxiliary, Red Cross, and Home Demonstration Clubs.

All people of the county are being urged to attend the affair. The parade will cover most of the downtown streets, and the program will be held from the court house steps over a public address system. In case of bad weather, the meeting will be moved to the school gymnasium.

Mrs. R. L. Gray of this city received a message early this week stating that a son was born to Mr. and Mrs. J. G. Williams of San Diego, California, on Thursday of last week. Mrs. Williams is Mrs. Gray's daughter.

Mrs. M. B. Walters returned Sunday from Levelland, where she had been visiting her daughter, Miss Edna Walters, and her son, Floyd Walters, and family, since Thursday of last week.

Reports to friends here are that H. C. Story underwent an operation for gopher in Scott & White Hospital at Temple Wednesday and that he was getting along as well as could be expected.

Harlan Dikes' House Catches Fire Again

For the second time in a little more than a month, fire has wrought havoc at the home of Harlan Dikes, who lives on the Cicero Smith farm on the Post highway about eight or nine miles east of Tahoka.

Last Sunday while he and Mrs. Dikes were at church, fire broke out in the new three-room residence which they occupied and doubtless would have destroyed the building completely had it not been discovered by a passer-by, who stopped and extinguished the flames before the house was consumed. Much damage had been done to the building, however, and all the kitchen furniture and equipment had been ruined. A hole had been burned in the kitchen floor, windows and doors were destroyed, parts of the ceiling and walls were consumed, and other damage done.

The hole in the floor in the corner of the kitchen indicated that the fire might have caught in some way from the large oil stove near by, though origin of the fire is a mere matter of conjecture.

There was some insurance on the building but none on the furniture. It was on February 25, while Mr. and Mrs. Dikes had gone from home to attend the funeral of his grandmother, that the old residence which they occupied caught fire in some way and was completely destroyed. The new residence, which was damaged by fire Sunday, had been built on the site of the old.

HOUSTON MEN HERE
Here Thursday conferring with Deen Nowlin of the Federal Farm Loan Association were Ammon Underwood, regional manager of the Federal Land Bank of Houston, W. D. O'Brien, Lubbock, supervisor; Chas. Whitfield, Lubbock, appraiser; and E. B. Tunnell, Houston, appraiser.

Mrs. May Horton and two children Patsy Jean and Teddie Lee, of Post, spent last week here with Mrs. Horton's mother, Mrs. J. S. Poe, who says that both the children had the measles while here.

Mr. and Mrs. Clay McCoy and two sons of San Antonio spent the week end here with his mother, Mrs. J. H. McCoy, and his sisters, Mrs. Irene Gallagher and Mrs. Dude Holland.

WETSELS LEAVE FOR CROSS PLAINS

Mr. and Mrs. Jim Wetzel left Saturday for Cross Plains, where they will make their home. A few weeks ago they purchased a large and commodious residence together with six acres of land near that place and Jim declared that they expected to spend the remainder of their days right there.

There are numerous poultry houses and pens, fences, barns, and other improvements, together with fruit and ornamental trees, and Jim possibly intends to grow rich in the chicken business, with fruit, pigs, and cows as sidelines.

Anyway they will be welcomed back to Tahoka when they get tired of country life.

The News office is indebted to Robert Reid of Mercedes for a big box of oranges and grapefruit. The Lower Rio Grande Valley, in which Mercedes is situated, produces immense quantities of excellent oranges and the finest grapefruit raised anywhere in North America. Mighty glad we have a friend like Robert down in the Valley.

E. B. Terry In Critical Condition

E. B. Terry, a long-time citizen of the New Lynn community, was taken to a Lubbock Hospital Tuesday and is expected to undergo a major operation today (Friday). His condition is considered very serious.
