Pvt. Macha Tells Of African Battles

Pvt. Edmund Macha, 25, wounded in the North African campaign, and for the past year a patient in Army hospitals, was the principal speaker at Thursday's Rotary club luncheon.

Macha told of his crossing the Atlantic aboard the giant Queen Mary, pre-invasion training in Ireland, Scotland and England. He told of the trip by convoy down to North Africa, a convoy of 800 major ships, the largest in all history.

In landing at Oran, quite a number of our men drowned in the sea. The going was rough on land at first, but the Americans soon got things under control. Pvt. Macha said we hoped to be in Tunis by Christmas, but our boys were due to be disappointed. The Americans outran their supply lines and were thrown back, again they met defeat at Fald Pass, and at Kasserine Pass.

It was at Kasserine Pass that Pvt. Macha was critically wounded when a buddy stepped on a land mine. Macha, more dead than alive, was finally found by our men, and three days later he "came to" in a hospital. He was flown back to Oran, where he stayed several weeks, and was then shipped back to McCloskey General, the Army's biggest hospital, at Temple. He received his wounds on April 12, 1943, and his visit to the local Rotary club was a year and a day later.

He praised the nurses and doctors for the work they are doing with the wounded. He said the soldier overseas did not care anything about voting, but that he couldn't understand the strikes back home. Robert Stone was in charge of the program for the day.

Pvt. Macha wears the Purple Heart medal, the North African theatre ribbon and four major battle stars, the Pre-Pearl Harbor and Good Conduct ribbons.

Other guests of the day included Pvt. Jackie Weathers of the Army, Senator G. H. Nelson of Lubbock, C. W. Raliff of the Avalanche Journal, and Rotarians Ray Holland and Clint Herring of Post.

Dulin is Home From Pacific Warfare

George C. Dulin, CM 2/c, wife and baby, arrived here Wednesday for a visit with his father, T. G. Dulin, north of town.

Dulin, as a member of the Navy Seabees, has seen action in the Pacific. He was in two major battles at Guadalcanal, and his unit was given a special Presidential Citation. He went into the service June 18, 1942.

O. H. Tabor, minister of the Zanes Church of Christ, who will conduct the meeting at the local church beginning today. See story on page 2.

Gov. Stevenson Is Coming to Tahoka

As a result of repeated invitations given by his warm personal friend, Judge Tom Garrard, Governor Coke R. Stevenson is to visit Tahoka Monday, April 24, and at the noon hour he will speak to the Rotary Club and invited guests.

At the club luncheon last Thursday, Judge Garrard announced that he had just received a letter from the Governor accepting his latest invitation, whereupon the members of the club voted unanimously to move their meeting of that week back to Monday so that the governor would have opportunity to address that body.

It was also voted unanimously to invite the entire membership of the O'Donnell Rotary Club to attend in a body.

Rotarians may also bring their wives and other guests to the luncheon. It is hoped and expected that a large crowd of our citizens will be present to hear the governor.

The meeting will possibly be held in the Grade School gymnasium promptly at 12 o'clock noon. He will be in Tahoka probably three or four hours, going from here to Haskell to speak to a Chamber of Commerce meeting Monday night. He will speak before the district Rotary Assembly at Lubbock on Sunday night, April 23. Governor Stevenson, himself, being a Rotarian.

No other speaking arrangement has been made for the governor, but naturally he would be glad to meet as many of the citizens of the county as possible while here and it is expected that many will be here to meet him.

Baptist Revival Opens Next Week

Dr. Roy L. Johnson of Canyon will do the preaching throughout the meeting and Rev. Art Brown of Tahoka will direct the music.

Dr. Johnson is a scholarly gentleman and a good preacher, and his messages will be worth the time of any man to hear.

Rev. Brown's talent as a musician and singer is well known here, and there will not be a dull moment during the song services.

L. T. RUTHERFORD HERE

Lt. Randolph Rutherford and wife arrived Thursday of last week from Camp Roberts, Calif., for a few days visit. They will leave Sunday. Lt. Rutherford is a partner in the Cobb Department stores.

Sibyl Ann Pirtle, pharmacist's mate in the WAVES, stationed at Portsmouth, Virginia, has been here visiting her parents, Mr. and Mrs. R. L. Pirtle.

Pvt. Jackie Weathers of the Army Air Forces, stationed at Augusta, Ga., arrived Monday to spend a 15-day furlough here with relatives and friends.

4-H Club Livestock, Gardening Program Being Initiated by Ginners and County Agent; Prizes Are Registered Livestock

Twenty-nine Lynn county gins have contributed \$25 each to establish a \$725.00 fund for sponsoring a Lynn County 4-H Club Program of Livestock Awards, according to announcement of Robert L. Stone, Lynn county agricultural agent.

The \$725.00 will be used in the purchase of livestock awards to be made this fall at the close of the gardening season to Lynn county boys completing and having carried on the most outstanding Victory Garden demonstrations.

Not less than 17 registered weaning age gilts will be awarded to Lynn county boys, and possibly 20 will be available. A gilt will be awarded to a member of each 4-H Club in the county, thereby insuring county-wide awarding of these animals. Four or more gilts will be awarded in each commissioner's

precinct, and the boy having the most outstanding garden of the group in his precinct will receive an additional award of a registered Hereford heifer or a Hereford feeder steer, final determination of which will be made at a later date.

The four precinct winners will then be in competition with each other in determining what boy has grown the championship garden of the county. This boy will receive an additional award of a registered dairy heifer.

The total possible winnings of boys will be at least 18 boys winning a registered weaning age gilt only, of a breed of his own choosing; four boys, one to each precinct, winning a gilt and either a Hereford heifer or steer; and the grand champion boy of the county winning each of these two awards plus

V. F. Jones Will Erect Elevator

Construction of a new grain elevator in Tahoka will get under way at an early date. V. F. Jones, former county agent of Lynn county and now county agent of Lamb county, announced while here Thursday.

The elevator, which will have a capacity of 20,000 bushels is to be erected on trackage east of the Santa Fe railroad and immediately north of the Post highway.

Mr. Jones has resigned his position as Lamb county agent, and will remove his family from Amherst to Tahoka about July 1. Mr. Jones is well known over Lynn county, and many friends will welcome him back.

Two Murderers Get 99 Years Each

In the case of W. C. Brown, charged with the murder of Mrs. Cora Smith on February 2 in Brownfield, transferred to Lamesa for trial by special Judge J. E. Garland, the jury on Monday of this week found the defendant guilty and assessed the punishment at 99 years in the penitentiary.

Brown was a convict, out on parole, at the time the murder was committed, for which there seems to have been no provocation and no reasonable motive. Mrs. Smith's step-daughter was also murdered by Brown at the same time. The women were struck down and killed by a piece of iron in the hands of their assailant.

Years ago, Brown had been a patient for some time in a state hospital for the insane, but no insanity issue was raised in his trial for the murder.

The state was represented on the trial by District Attorney Rollin McCord and the defendant by Judge Campbell of Lubbock and Carl Rountree of Lamesa.

On Wednesday of this week, another 99-year sentence was meted out to a defendant charged with murder, in a trial before a jury at Brownfield. The accused man was Wade Coleman, a negro, 45, charged with the murder of another negro, Raymond Smith, in Brownfield on November 20.

McCord was assisted in this case by Luther Heath, county attorney of Terry county. The defendant was represented by B. B. Chappell and Roy Carpenter of Lubbock.

McCord said the prosecution did not ask for the death penalty in either case.

Tahoka Fourth In District Meeting

Tahoka's track team took fourth place at the district meet held in Lubbock Saturday, being topped by Loveland, Denver City and Andrews.

Bill Woods won first in the shot put, third in the high jump, third in the pole vault, and second in the high hurdles.

Roy Huffaker tied for first in the pole vault.

Oecil Dorman won third place in the 880 yard run.

Jerry Edwards took fourth place in the mile run.

Second place was won by Tahoka's relay team, composed of Huffaker, Jones, Woods, and Caraway.

WALLER HOME FROM WAR

Harold Ray Waller, boatswain mate and gun crew captain, who has been aboard an aircraft carrier in the Atlantic, arrived home Easter Sunday for a few days visit with his parents, Mr. and Mrs. C. C. Waller. He came by plane to Amarillo, and expected to leave there by plane Thursday for Norfolk, Va., his base.

Waller has seen action both in the Atlantic and the Pacific oceans, according to his brother-in-law, O. C. Menech.

Mrs. J. W. Minor and daughter, Bobby Jean, attended the George Foster funeral at O'Donnell Sunday.

Service Honor Roll Is Dedicated In Fitting Ceremony

One of the largest crowds ever to gather in Tahoka was on hand Thursday afternoon to pay tribute to Lynn county's 1800 men and women in the armed services by dedicating the beautiful service honor roll board, erected recently on the court house lawn and bearing the names of these men and women.

Though the program lasted less than an hour, it was fitting and impressive. A sandstorm, which began in the morning, quieted down to a great extent as the program began.

O. H. Nelson, former citizen, now of Lubbock, was the principal speaker, and in well chosen words he paid tribute to those fighting our battles around the world.

The program opened with a parade from the Legion hall to the square, headed by the color guard, and followed by the Lubbock Army Air Field Band, which is said to be one of the better Army bands of the Southwest, the Tahoka company of the Texas State Guard, Boy Scouts, Legionnaires, and several hundred school children.

Tom Garrard, county judge, presided from a speakers stand erected in front of the huge honor roll, and after several numbers by the Army band and a song led by Rev. Art Brown, Judge Garrard paid honor to the organizations and men responsible for erecting the board.

These were the Lynn county Commissioners Court, O'Donnell Rotary Club, Tahoka Rotary Club and Chamber of Commerce, and contributions of individual citizens.

The committee representing these organizations was composed of Harley Henderson, chairman, Mack Haysler, Frank Liddell, Pat Swann, and A. L. Smith.

Special tribute was paid to Judge Chester Connolly, and he was called for a few words.

Servicemen, parents, and others have expressed appreciation of the honor roll, and the great crowd at the dedication was an indication of the home folks' appreciation of their men in arms.

Persons noting omissions or errors on the board are asked to report the same to some member of the committee or report at The News office.

Tahoka Man Gets The Purple Heart

With the 37th Army Division on Bougainville Island, March 10.—A Texas-born, 21-year-old Tahoka infantry private, Simon H. Owens, has been decorated with the Order of the Purple Heart here as a result of wounds sustained in action against the enemy on this northern Solomon's stronghold.

Owens, who landed here last November with the 37th Infantry Division, was injured above the right eye by artillery shell fragments while out as a member of a unit sent to the aid of a Yank combat patrol which had been pinned down by Jap mortar and machine gun fire ahead of the front lines.

Shortly after joining the patrol, Owens' outfit continued the attack and, during a night artillery barrage, he was wounded by a close shell hit. He was given first aid at the scene, was assisted back to a medical station and from there was removed to a hospital in the rear. Now, fully recovered, he is back again at the front.

Owens, a mortar gunner, was presented the Purple Heart on Feb. 21, while recuperating in the hospital.

Son of Mrs. May Findley, Simon was engaged in farming prior to his induction into the federal service in December, 1942. He was trained at Fort Sam Houston, began his tour of foreign service last May and was stationed on New Hebrides and Guadalcanal before coming here to take part in his first offensive campaign.

Mrs. J. W. Minor and daughter, Bobby Jean, attended the George Foster funeral at O'Donnell Sunday.

Gilts will be awarded to a winner in each of the following 4-H clubs

of the county: Wells, New Moore, T-Bar, Midway, Grassland, Draw, Petty, New Home, New Lynn, and one each to Wilson Junior and Senior Clubs, Tahoka Junior and Senior Clubs, and O'Donnell Junior and Senior clubs. These last three named groups have boys enrolled who represent other school districts and communities which have consolidated to send their children in to these schools. For example, through the Tahoka club, an award will be made to a West Point boy and one to a member living in the Edith and Redwine districts.

This program of gin awards will be self-perpetuating in that each boy who wins a gilt will agree to allow the County Agricultural Agent to select the top gilt out of his first litter. These gilts will be awarded the following year to other 4-H Club boys on some competitive basis; thus, the program will go on year after year, continually increasing the number of 4-H Club boys carrying on registered livestock demonstration work and thereby contributing to the improvement of Lynn county agriculture.

The winners of each 4-H Club will be determined by a local committee of not less than three nor more than five impartial members. The winners are being asked to recommend five public-spirited in-

dividuals of the community in which each gilt is to be awarded. These committees are to visit the Victory Gardens of each 4-H Club boy in that community carrying on Victory Garden demonstrations at least once each month scoring the garden. These committees, of which there will be approximately 30 in the county, will judge the gardens on the basis of a score card, the contents of which they will cooperate in writing. Such a score card will necessarily involve such considerations as: Size of garden, variety of kinds of vegetable grown, amount of fresh vegetables grown, amount of fresh vegetables furnished for home consumption, number of quarts of vegetables canned by the boy's mother from Victory Garden grown by him, appearance, and other general characteristics of gardening.

Details of the Victory Garden contest will be discussed at greater length for the county 4-H Club boys at their regular meetings during April. Each 4-H Club boy will receive shortly rules and other information concerning the program by mail. Parents are urged to give the utmost encouragement to the boys to enter this program.

The number of awards to be given and the fact that an award will be given in each club insures every 4-H Club boy in the county of having a most reasonable opportunity to win one of the local club prizes and thereby to become eligible for a precinct award and the final county champion award.

Purpose of the program is twofold. First, every individual is aware of the great contribution to the war effort made by the general public in the growing of Victory Gardens this past year. Growing these gardens increased the home food supply, reduced the amount which commercial canneries would ordinarily set aside for public consumption, thus allowing this quantity for use by the Armed Forces and our Allies; and also releasing employees in canneries for more essential war production jobs. This year the Government states that an increase of 25% in Victory Gardens over the past year's record is necessary. Lynn county 4-H Club boys can make a great contribution to this country's war effort through the total Victory Garden production which these boys are capable of making.

Secondly, Lynn county ginners are in agreement with the County Agricultural Agent in the view that Lynn county represents a fertile region for increased livestock development. Many people are awakening to the fact that because of our ability to produce grain sorghums on such an economical basis in normal years, the fact that alfalfa is adaptable to much of our land, and that much protein feed can be produced right on the farm in the form of cottonseed meal, that Lynn county is overlooking an outstanding agricultural opportunity in livestock.

True, the feeding situation is not as bright as it might be at the present time; however, this is only a momentary situation and long-time planning, which is the only desirable type of farm planning, calls for highly diversified and well-managed program of livestock developments on the progressive farms of Lynn county.

Remarks being overheard by livestock feeders of the Corn Belt and other areas indicate that these people are daily casting covetous eyes on the livestock possibilities of this South Plains area. We who are already here and established on the land should profit most if we act and formulate well our plans to incorporate more livestock into our farming programs to consume more of the grain and protein, which is being shipped out, and to utilize

SALUTE YOU!

There will be a singing at New Home Sunday evening at 3 o'clock. A number of singers and preachers have been invited, and you will enjoy this song fest. Remember the place, date and time.

Friday night, April 14 Brother O. H. Tabor of Lamesa will begin a series of meetings in Tahoka. Services will begin each evening at 8:45, and beginning Monday, April 17, morning services will begin at 10:00. The church in Tahoka extends an invitation to everyone to attend these services.

The purpose of this meeting is not to entertain the public by putting on a show from the pulpit, or to exhibit musical talent, but rather to teach the Word of God in its pureness and simplicity. The Gospel is the power of God unto salvation, to everyone that believes and obeys it. We realize that the multitudes are separate from God and without hope in this world. The desire of the Church here is to teach the Truth, stressing the brevity of life, sureness of death, and

EDITORIAL
 Our teachers have stressed repeatedly, since the war broke out, the importance of getting as much education as possible while we are able to do so. Though the quotation has almost worn out by repetition, it is true that "the post-war world will be on the shoulders of America's youth."

This Spring, thousands of boys and girls in America will receive their High School diplomas. Most of the boys will go into the armed services, while the girls may go to college, business schools, into nurse training, or get defense or secretarial jobs. Many thousands of other boys left school before they had completed their high school education. The boys who have their diplomas are two jumps ahead of the others. If they go into the armed forces they are more likely to get into the branch and detachment they choose.

Get as much education as you possibly can, boys. Later you'll discover it's important to you. We need educated people to control our peaceful new post-war government.

The Sophomores will take the holiday they won selling tickets for the basketball tournament Friday, April 14.

Crowd at Junior, Senior Banquet

Tuesday evening, April 11, saw the annual Junior-Senior banquet in the gymnasium. Over three hundred Junior and Seniors attended the formal affair, carrying out the theme of "You're In the Navy Now."

Toastmaster W. T. Hines opened the program for the evening. Jane Bosworth gave the welcome to the Seniors; Gene Earl Knight gave the response to the Juniors, H. B. McCord spoke to the faculty, Vonelle Preston spoke to the school, and Supt. W. T. Hanes concluded with his address.

The official Navy son, "Anchors Aweigh," ended the program. Red, white and blue decorations carried out the nautical theme. Crepe paper formed a low ceiling over the tables on which plates were set on huge red shields.

Invitations, received the previous week by all members of the Senior class and the faculty, read thus:

Your enlistment has been approved by the recruiting officers, so "You're in the Navy Now." You will report to the Gym in full dress. Please reply.

After the banquet, dancing and games were provided for those who wished to remain.

HORSE-DRAWN FARM EQUIPMENT NEEDED

Lynn County Agricultural Agent Robert L. Stone, learned at a meeting he attended recently that there is much need for horse-drawn farming equipment in East Texas. If you have horse-drawn equipment which is in good repair and that you would like to sell, if you will kindly mail a description of this equipment and price you desire to the County Agent's office in Tahoka, we will endeavor to make arrangements for the sale of this equipment for you through the State Office of the Extension Service and through the county agents in South and East Texas.

If such placements of farm equipment can be made, the war effort can be benefitted in putting the idle equipment to work and liquidating these unused assets on Lynn county farms.

WILSON FFA CHAPTER WINS CONTESTS

The Wilson FFA Chapter is proud of the showing it has made in the different contests it has entered this year. On February 24, the Brownfield district held its annual Senior Chapter Conducting contest in its Vocational Agriculture room. At this contest, Wilson won first place honors with a score of 94 points out of a possible 100, the other teams participating being Seagraves, Meadow, Seminole, Loop, Ropesville, Brownfield, New Home, Tahoka, Plains, and Union.

Very eager to keep up the standard, the Wilson Junior Chapter Conducting team attended the Junior contest held Thursday, April 6, at Brownfield, and tied Seminole for first place honors with a score of 91. Although the Junior team did not win first place, they are proud to have tied a very good team for that honor.

On Saturday, April 8, James Nieman, president of the Wilson FFA chapter, took four lambs to the Lubbock County Hog, Calf, and Sheep Show at Slaton and won first, second, and fourth places for a total of \$17.00 in prize money.

We are proud of the showing made in these different contests by Wilson FFA boys and we are looking forward to next year when we hope to enter more livestock show contests.

SENATOR TRUMAN GIVES HIS VIEWS

At a press conference held in Lubbock last Saturday afternoon by Senator Harry Truman of Missouri, he stated in answer to questions that it is possible that mistakes have been made by military authorities in withholding certain items of war news from the public for months after it has occurred, but that such matters lie within the discretion of the military leaders, that members of the Senate, not having definite information as to conditions on the fighting fronts, should not and do not undertake to dictate to the military authorities in such matters, and that therefore there is nothing that the United States Senate can do about it. He believes in leaving the conduct of the war up to our military leaders, he stated.

The two major problems facing this country at the close of the

war, he declared, will be the settlement of international affairs at the peace table, and readjustments that must be made at home in passing from a war basis to a peace-time basis.

He thought that the labor problem would adjust itself but did not elaborate.

The race problem, he declared, would become more and more acute but he believed that the people of the United States had the wisdom to solve it effectively.

Quite a number of newspaper men from the South Plains and adjacent territory were in Lubbock last Saturday upon invitation to attend a press conference given by Senator Truman of Missouri, who was there to fill a speaking engagement that night. Representatives of the News were among the number. While there we had opportunity to talk with many of the boys of the weekly press and almost without exception they were highly displeased with the policies of our Government which have taken away practically all of the skilled labor from the country newspaper shop and have placed them in so-called war industries or in the armed forces of the country. As a result of this policy nearly all of the country weeklies are finding it next to impossible to publish creditable newspapers. It takes skilled labor to publish even the most humble country weekly—men who have grown up in the business or who have had years of training. Publishers can not go out on the streets and pick up printers or Linotype operators. When their skilled labor is taken away, they are up against a real problem. The Government does not seem to regard the country newspaper as an "essential industry" and yet it doesn't fail to pour into every newspaper shop every week almost bushels of information or propaganda which it desires published free of charge. This is what irks the country newspaper man and makes him "cold" as a rule to the Administration—at least it is one of the things. He is as patriotic as anybody and does as much as anybody, according to his means, to support its war effort, but when this is over, he is going to swat the bureaucrats, the labor racketeers, and some of the time-serving politicians with all his might—which may or may not be very much.

METHODIST CHURCH

Easter Sunday services were well attended. The Sunday School had some 250 present, and the auditorium was filled. Thirteen people presented themselves before the altar for membership in the church. One baby was christened. Several other names were given for membership but they did not present themselves—but we hope they will this coming Sunday.

Next Tuesday at 9:30 a. m. in the Asbury Methodist Church, Lubbock, the District Conference will convene. Dr. L. N. Lipscomb, district superintendent, presiding. The elected and ex-officio delegates are: J. H. Wyatt, Otho Thomas, C. O. Carmack, Mrs. Roy Poer, Mrs. Jas. Clinton, Dr. Emil Prohl, Rev. Ben Hardy, Geo. Reid, Mrs. H. E. Mather, and Miss Johnnie Price. The conference will close in the afternoon, so the delegates will have time to get home before night.

Dr. Humphrey Lee, president of S. M. U., will preach at the 11:00 o'clock hour. Reports will be made by all of the pastors, who represent more than forty churches of the Lubbock district. The pastor of the local church will report 30 new members for the past four months, all finances paid to date and a total of more than \$5900.00 spent for various church purposes, and the Sunday school growing.

Youth Week was observed by having services every night last week. Monday night, Rev. Jas. Carter, vice-president of the youth division of the Northwest conference, was present and helped zone this section of the district. Tahoka

was made the central meeting place for the churches of the Tahoka circuit, Draw-Grassland, Wilson, New Home, and others.

Shall we count on you being at Sunday school and the church services Sunday? A hearty welcome is extended to you—member, friend, and visitor.—The Pastor.

Mr. and Mrs. John Fulford returned Monday from Stovall Wells near Graham in Young county, where they spent two weeks enjoying the invigorating effects of the hot water baths. John says that it rained a lot while they were

there and that a terrible hailstorm came Saturday afternoon. Few crops have been planted there yet.

I can TASTE it ain't real

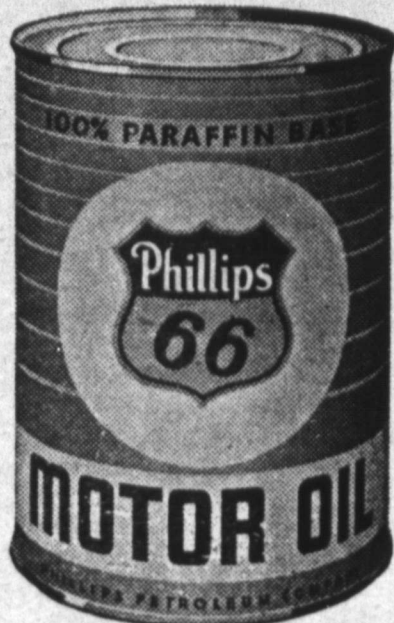

IT'S NEWS, said a famous editor, when boy bites dog but commonplace when dog bites boy.

It is not quite clear why our young inquiring reporter had to sink his teeth into the subject to discover that it isn't the genuine article. But many a motorist would like some similar way of quickly discovering the real thing when he wants high quality motor oil.

The difficulty is that he can't detect quality in a lubricant by taste, smell, sight, or feel. Yet there is an easy solution to the problem. Just remember that to end confusion and doubt, Phillips makes this simple, straightforward statement: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

The recommended oil change period used to be every 1,000 miles. With today's reduced driving, experts say motor life is lengthened by changing oil every two months. And now is the time for seasonal change to replace winter-worn lubricant. So be sure to get quality by asking for Phillips 66 Motor Oil.

PLANT A GARDEN

By Carolyn Dixon
County Home Demonstration Agent of A&M Extension Service

A record number of Victory gardens is imperative this year because there is a very real need for all of the food Texans can grow. For this reason, the 357 girls' 4-H club members in Lynn county are planning, or have already planted, a little garden plot of their very own in order to follow the slogan "To Feed and Clothe a Fighter and Myself," thus helping to win the war.

Gov. Prentice Cooper of Tennessee recently telegraphed Gov. Coke R. Stevenson of Texas that a survey by the National Garden Advisory committee, of which he is chairman, indicated lagging interest in planting gardens. He explained that maximum production of gardens will ease a series of critical wartime emergencies. For example, nearly 50 per cent of the 1944 commercially canned vegetables and 70 per cent of processed fruits have been reserved for government requirements. Moreover, the food needs for our allies have, in some cases, doubled. Home grown food helps to hold down living costs and saves transportation, manpower and scarce packing materials.

J. F. Rosborough, horticulturist of the A&M Extension Service, states that in some sections there has been a delay in planting cool weather vegetables such as English peas, spinach, cabbage, carrots, and head lettuce, but he advises that these still can be planted in the northern half of Texas, with the possible exception of English peas and head lettuce. If there should be continued cool weather, the English peas might make; otherwise, the seed will be wasted, for English peas will not make in hot weather. Lettuce, being a cool weather vegetable, goes to seed when hot weather arrives.

In all areas sweet corn and white potatoes may be planted, but earlier plantings are preferable. Mr. Rosborough suggests waiting until the soil has warmed thoroughly before planting green beans, squash, cucumbers, Swiss chard, and butter beans and setting out pepper and tomato plants. Gardeners should wait until both days and nights are warm (good cotton-growing weather) before planting okra, blackeyed peas, cantaloupes, and watermelons. Okra may come up before that time, but it won't grow until warm weather. Inoculation of green beans and butter beans and blackeyed peas before planting will stimulate early growth and greater production.

With a little effort and management most Texas families can produce an abundant supply of fresh vegetables for home use during the summer and fall. It is economical and patriotic to have a garden.

FOR GARDENERS
The importance of Victory gardening cannot be over-emphasized this year. The Government is now stressing the fact that a 25 per cent increase is needed this year over last year.

Robert L. Stone, Lynn county agricultural agent, announces that he has available a new publication titled "Growing Vegetables in Town and City," which is available free to all interested individuals who care to drop a post card to his office in Tahoka requesting same. This publication contains excellent information and will be mailed free of charge to you, or you may secure it by dropping by the County Agent's office personally. Only those people living in town should request this bulletin as it concerns itself with town and city gardens. There are a number of gardening publications covering the entire field of gardening which are available to farmers and obtainable through the county agent's office.

CARD OF THANKS
We take this occasion to thank our many friends for their sympathy in the loss of our loved one, Mrs. W. G. Minton. For your words of sympathy. Your assistance in our bereavement has made our burden lighter.—W. G. Minton, husband; Mrs. Crawford Holtsclaw, Mrs. Lamar Moore, and William Minton, daughters.

"Butch" Ingle came in Tuesday morning and subscribed for the paper for his brother, Pvt. Clifford Thomas Ingle, who was recently inducted into the U. S. Marine Corps, and is stationed at San Diego, Calif.

TAHOKA H. D. CLUB

The Tahoka Home Demonstration Club met on Thursday, April 6, at 3:00 p. m. in the home of Mrs. J. T. Tippit. Members answered the roll call by giving their favorite chicken recipe.

Plans were made for as many members as possible to attend the Texas Home Demonstration Association meeting to be held in Lubbock on April 21.

Miss Dixon gave a most interesting demonstration on grading eggs by weight. The eggs were grouped in small, medium and large.

It was found that a dozen large eggs would weigh about ten ounces more than a dozen small eggs.

Miss Dixon led a discussion on the identification and treatment of various poultry diseases.

The following were present: Misses J. T. Tippit, J. B. Oliver, R. C. Wood, Chas. Nelms, A. M. Cade, and P. D. Server, and Miss Dixon. —Reporter.

Lewis Murray, after remaining in the Army only six weeks, arrived home last Saturday night, having received a medical discharge.

THE SCHOOL WITH THE WORLD CAMPUS—Your boy in the armed forces may continue his education whether in the U. S. or overseas. He can study high school, technical, business and vocational subjects. If he likes he can continue the same courses he was taking in school back home and perhaps earn his diploma while in uniform. He can do this through the U. S. Armed Forces Institute, a school established by the Army and Navy with headquarters at Madison, Wis., and branches in five overseas theaters. The Institute offers more than 300 correspondence and self-teaching courses. If he is interested in a college subject he can enroll through the Institute in any one of 83 American colleges and universities that have opened their doors to him with 700 extension courses. The student pays a registration fee of only \$2. This entitles him to study as many courses as he likes.

BURNING MIDNIGHT OIL—Army students in camps, recreational centers and rest areas enrolled in U. S. Armed Forces Institute.

Gaines County Votes Out Beer and Wine

After having been the only wet spot on the South Plains for several years, Gaines county voted dry last Saturday by a majority of 210 votes. Complete but unofficial returns gave the vote as 979 for the drvs and 769 for the wets.

Wine and beer have been legally sold in Gaines county since 1940, and Seagraves had become a notorious "oasis" for the thirsty. It was the only large voting box in the county that voted wet last Saturday. Alleged lawless conditions that existed there doubtless contributed to the dry result in the county.

Wilbarger, a dry county, remained dry as the result of an election held in that county Saturday; and Milam county in central Texas, wet, remained wet after the election held throughout that county on the same day.

CPL. J. L. JENNINGS SEES HOME BOYS IN NW GUINEA

Cpl. J. L. Jennings, son of Mr. and Mrs. Leon Jennings of Joe Stokes, writes home from New Guinea that he has recently had the pleasure of seeing Capt. Truett Cooper, one of the Grider boys, and another Lynn county boy whose name he failed to give.

He has been in New Guinea for about four months, attached to the 1st Cavalry division. He landed in Australia June 4 last year. He says they have been bombed, shot at, and have taken about everything else the Japs have to offer, but that they still like it, in spite of the fact that going is pretty tough.

Among Tahoka people who were attracted to Lubbock last Saturday by the Democratic "rally" were Mr. and Mrs. Truett Smith, Mr. and Mrs. D. W. Gagnat, Mrs. Charles Gagnat, Mr. and Mrs. Frank Hill, Rollin McCord, Tom Garrard, E. R. Edwards, J. L. Heare, and Mr. and Mrs. E. I. Hill. Some remained for the address of Senator Harry Truman in the high school auditorium at night, with Senator G. H. Nelson, formerly of Tahoka, presiding. Arch Underwood, compress operator, was host at the occasion.

Guests in the Frank Raindl Sr. home during the Easter holidays were S/Sgt. and Mrs. Joe F. Raindl and Merri Jan of Fort Sam Houston, Mr. and Mrs. Wm. Pettijohn and family of Lubbock, Mr. and Mrs. Frank Raindl Jr. and Patsy Lynn, and Mr. and Mrs. Otto Lockstedt and Alice of Wilson.

Floyd Cloe, wife and two children came in Monday from Wilmington, Calif., for a visit with his mother, Mrs. Ted Chancey. He has been inducted into the Navy and will report for duty April 25.

H. D. Heath of Yoakum county was here Wednesday visiting old Lynn county friends and advertising some fine registered bulls he is selling at auction Saturday afternoon. He formerly lived here, but now has extensive farming interests in Yoakum.

Cpl. Preston Buchanan of the Del Rio Army Air Field, has been here this week on furlough. He expects to transfer to Salt Lake City soon for assignment to over-seas duty.

Rev. and Mrs. A. C. Hardin, Mr. and Mrs. J. W. Goodell, and Miss Opal Smith returned Wednesday night from Dallas, where they had been attending the Baptist state Sunday school convention.

Mrs. Joe Sheppard of Kerens and Mrs. R. E. Burns of Sheport, La., left Tuesday morning for their home after visiting here a week with their sister, Mrs. D. B. English.

Mr. and Mrs. E. H. Cunningham have moved from their farm into town. They bought and moved a house into town and then improved it. Their new home is situated on the highway in north Tahoka.

Mrs. W. M. Harris returned last mid-week from a business trip to San Antonio. She was accompanied by Mrs. H. L. Roddy and daughter, Virginia, and Mrs. C. E. Woodworth, who went to visit relatives.

T/Sgt. Lonnie D. Moore left on Monday for Camp Adair, Oregon, after a week's visit here with his parents, Mr. and Mrs. L. D. Moore Sr.

Miss Esther Prestidge, fifth grade teacher in the Draw school, went to Fort Worth Friday to be at the bedside of her brother who is very ill there.

AMERICAN DEAF
Thomas H. Gallaudet, famous for his aid to the deaf and a graduate of Yale and Andover Theological seminary, could not accept a ministerial post because of ill health, but did interest himself in teaching a deaf child named Alice Cogswell. The child's father and a number of friends raised the money to send Gallaudet abroad to study. In 1817, accompanied by Laurent Clerc of the Institut Royal Des Sourds-Muets in Paris, he returned to Hartford and raised money for the first free American school for the deaf. He also helped establish public normal schools in Connecticut, and interested himself in the education of the Negro and higher education for women. Gallaudet's youngest son, Edward, with the aid of Amos Kendall, established a school for the deaf in Washington, D. C., now known as Gallaudet college.

Health Centers
New health centers in 16 Spanish-American republics, launched with the financial and technical co-operation of the United States, are helping to keep critical raw materials flowing to war plants in this country. They are doing this by keeping the health and efficiency of raw materials producers up to par. Altogether, about 50 health centers have been planned in accordance with recommendations made at the Rio de Janeiro Conference of American Ministers in January, 1942. They range from small units in isolated communities to huge, modern centers in capitals like Quito, Lima and Santiago.

Rev. Jackson Resigns Pastorate at Wilson

Rev. W. H. Jackson, pastor of the Wilson Baptist Church for the past eight or ten years, has tendered his resignation to the church and the same has been accepted. He has done faithful service at Wilson and is well known and highly respected throughout the South Plains area.

Rev. H. C. Bristow, pastor of the Central Baptist Church 11 miles east of Tahoka, has also resigned and has accepted the pastorate of a church in Coleman. He left for his new field of labor last week. Many of our readers will also be interested in the news that Rev. Franklin Swanner has accepted the call of the First Baptist Church of Levelland as pastor. He comes from Port Neches but formerly held pastorates in West Texas.

Waldo McLaurin of O'Donnell, former county commissioner of Lynn county, was reported last Saturday to be somewhat improved but Mrs. McLaurin's condition was said to be no better. Both have been critically ill some time. They have many friends in Tahoka and throughout Lynn county who deeply regret their illness.

Claud Wells was released from the hospital and returned to his home here Wednesday, following an operation in the Lubbock General Hospital early last week. He underwent appendectomy.
