

T Hangar Flying . .

May 9 and 10 has been set as the date for the Lynn County Flying Farmers annual Field Day and also for the District II Flying Farmers Field Day which will be held here at the Tahoka Airport.

Complete plans for the two-day program have not been completed, but there will be many interesting events which will be enjoyed by the general public as well as the Flying Farmers of this area.

Plans are being made for a two-day Rodeo in connection with the Flying Farmers Celebration by the

Tahoka Roping Club and the Lynn County Flying Farmers. However the rodeo will be May 10 and 11, with one performance each afternoon.

On both nights of the Flying Farmers Field Day celebration, a dance will be held at the Tippit Roller Rink. The music will be furnished by the Sunshine Trio both nights.

On Friday barbecue will be served to Flying Farmers and Special guests only. The general public will be charged for the barbecue. On Saturday barbecue will be served again at noon-time with a small charge to everyone wishing to eat. More information will be passed along to you about the Field Day as plans become more complete. A crowd of approximately two to three thousand people are expected to attend providing the weather is good.

Last Sunday afternoon Mrs. Lena Shelton took her first airplane ride and was very pleased with the short trip. She said it was wonderful. However Mr. Shelton refused to take a ride, but maybe he will change his mind and take a trip one of these days.

Mr. Wiley Curry was almost persuaded to take a plane ride by his son Albert last Sunday, but Albert failed to get Mr. Curry to go.

Several cross-country planes have stopped over for fuel the past few days . . . Ralph Swaby and Max Connerly of Lawton, Oklahoma who were flying a BT-13 stopped over Sunday on their way to Hobbs, N. M. . . . Mr. and Mrs. Van Brown of Jal, N. M. flying a Cessna 140, visited friends here Sunday . . . H. D. Sands of Cassville, Mo., flying a J-3 stopped over on his way to Los Angeles, Calif. . . . Leon Steele and W. L. Stoddard of Wink stopped over recently . . . Jim McCallay of Altus, Oklahoma and Fred Blackburn of Olustee, Oklahoma arrived here in a strong wind and had to have the airport crew go catch his J-3 and hold it on the ground when he landed. They were on their way to visit relatives at O'Donnell.

Bill McNeely and Conner Parsons went out near the old T-Bar ranch house Monday and Tuesday hunting coyotes. Monday they took three shots at one hitting every time they shot, but they failed to kill him. No report has been made on their luck Tuesday.

Last Sunday afternoon Billy Jack Hancock and Billy Hill took some duel in the BT-13.

Everybody seems to be taking duel on the new Cessna 140. It's a sweet little ship.

The hangars look much better since they have been enclosed and the floors poured. Also the cleaning up of the place in general sure has helped the looks of the field.

Bill McNeely says that several people have complained to him recently about an airplane dropping circulars out of a plane with rocks tied to them over the school buildings and almost striking several of the children. Mr. McNeely claims that none of his ships have been used for that purpose recently and also that he would not tie rocks to the circulars anyway as it is against the Federal Law to drop any heavy objects intentionally from an airplane over an inhabited area. The plane used in doing this must have been from some other city, but if it ever occurs again, take down the planes license No. which is on its wings.

The Tahoka Chamber of Commerce is putting on a drive to secure housing facilities for many visiting Flying Farmers who will be here May 9 and 10. If you have a place that you can accommodate these visitors for one night, call up the Chamber of Commerce.

The Lions club and Rotary club are going to run a race to see which club can obtain the most private cars to be used for transportation purposes here May 9 and 10, for the visiting Flying Farmers.

The U. S. Department of Agriculture estimates that since organized farm safety work began in 1913, 310,000 lives have been saved through farm accident prevention.

PIONEER TAHOKANS VISIT FRIENDS HERE

Drs. M. E. and Amy B. Miles, husband and wife, who practiced medicine in Tahoka nearly forty years ago, now residents of Denver, Colorado, were visitors here last Thursday, visiting Mr. and Mrs. C. A. Thomas and other friends of the early days of Tahoka.

Mr. Thomas says that they practiced medicine here two or three years, moving from this place to Boulder, Colorado, about the year 1910. They were good physicians and were popular here, he says. Those were still the "horse and buggy" days, and they drove all over this country practicing their profession. Of course they noted the growth of the town and the complete transformation that has come over the country here. They left here for Kingsville in far-away South Texas, to visit friends there.

Mr. Thomas says that he and Mrs. Thomas visited them once in Boulder a few years ago.

LEVI PRICE IN REVIVAL AT DENVER CITY

In fulfillment of an engagement made some time ago, Rev. Levi Price left Monday for Denver City to do the preaching in an evangelistic campaign with the pastor of the Baptist Church there.

Mrs. Price and the children left the same day for Wichita Falls to visit her parents.

Announcement is made that District Missionary B. N. Shepherd will fill the pulpit here next Sunday.

CONSOLIDATION

One week from tomorrow an election will be held to determine whether or not the Draw Independent school district shall be consolidated with the O'Donnell district, a former election having resulted in a tie vote in the Draw district. If that proposal should again fail to carry by a majority, then a proposal to consolidate with Tahoka district will doubtless be submitted to the voters. Both O'Donnell and Tahoka would welcome Draw into the fold. It is expected that O'Donnell will cast a practically solid vote on April 19 for consolidation. Tahoka will do the same thing later if the proposal is submitted. It is up to the people of Draw to determine the matter.

From the standpoint of distance to be traveled, it must be admitted that O'Donnell has somewhat the advantage. The center of the Draw district is a little nearer to O'Donnell than to Tahoka. With paved roads to both towns, however, the distance should make but little difference. It would require only a few minutes for a bus to travel the difference in the mileage.

Leto's Helps Your Gums Get Well
Are your gums unsightly? Do they itch? Do they burn? Druggists return money if first bottle of LETO'S fails to satisfy.
WYNNE COLLIER, Druggist

We believe that there are other considerations in favor of Tahoka that the Draw voters should seriously consider. In the first place, it has at the present time a larger and better school plant. Also it has a broader curriculum. Being in the center of the county, it will always be the larger school, no doubt, and will be the natural center of school activities in the county. Furthermore, it has greater prospects of growth, and will probably always have the better school plant, the better school facilities, the larger student body, and as a rule the better school faculty, and a little more prestige.

We have no rocks whatever to throw at the O'Donnell school. It has a splendid superintendent in the person of S. F. Johnson and we are told that the faculty is an excellent one. But Tahoka also has a most capable and successful superintendent and a faculty that is not surpassed, possibly, by any school of its size in this part of the state. We believe that on the whole we have superior advantage to offer now and forever hereafter.

But we recognize the fact that the people of Draw should and must determine the matter for themselves. If they prefer to go to O'Donnell, we shall not complain; but if they prefer to come to Tahoka, we shall give them a whole-hearted welcome.

In this day of good roads and more being built, the natural tendency is to consolidate the public schools. In a few years, all of the two and three-teacher schools will be a thing of the past; and many of the schools with much larger faculties are also passing into history. When one looks upon some of the larger brick buildings that are being abandoned, he feels that there ought to be some way to salvage the waste. We believe that there is a way to salvage them in part, at least. Why not use them as community centers—as public meeting places for all local enterprises?

Every community should have a home demonstration club, boys and girls clubs, and civic and cultural clubs. Certainly they could be used occasionally for political gatherings. Why not establish a little park on the premises for picnic and other recreation occasions? Surely, each community can find some use to be made of these buildings that would justify their up-keep, in part at least. Portions of them might be sold and the fund thus acquired

could be used to maintain the remaining part. But this is a matter for the people of each of these communities to settle for themselves. We hope that they can find a solution that will help to preserve in at least a limited way the community life.

Henry Ford died Monday night, aged 83. No name in history is more familiar than that of Henry Ford, not even that of Franklin Delano Roosevelt or of Adolf Hitler. He experimented and pioneered in the automotive industry and became the most notable of all those who did this experiment and pioneer. He probably had a larger part in the development and growth of the industry than any other half-dozen men combined. We wonder if Henry Ford himself fifty or even forty years ago had any idea of the amazing change that would be wrought so quickly and so completely in the life of our people as a result of his pioneer work. Not only has there been a revolution in the means of transportation and travel, but the development of the automobile industry necessarily resulted in the development of many other industries. Most notable of these is the discovery and development of oil fields, the manufacture and use of gasoline, and the replacement of the livery stable and the blacksmith shop in large degree by the gasoline station and the garage. In fact, the perfection of the automobile has wrought a complete change in the life of the American people and is working the same kind of change throughout the world. The name of Henry Ford will never be forgotten unless and until everything worth while is wiped out by the atomic bomb or some other mysterious force.

The News received a communication Tuesday from Mrs. E. J. Hendrix requesting that the paper be sent to the new address of herself and Mr. Hendrix at Cadde, which is near Possum Kingdom Dam. She says, "It's beautiful on the lake today and they are catching quite a few nice bass." The News reported last week that she and Mr. Hendrix had moved to that place.

Each year, 18,000 people are killed, and 2,000,000 injured in farm accidents in the United States.

STATEMENT TO PEOPLE OF LYNN COUNTY

Up to midnight, March 31, 1947 the office of Tax Assessor-Collector registered a total of 2937 motor vehicles and trailers as compared to 2813 registrations at this time last year.

A breakdown of the figures shows 2209 passenger cars registered, 27 truck-tractors, 230 trucks, 45 trailers, 384 farm trucks, 6 motorcycles and scooters, and 4 dealer vehicles. A 20 percent penalty is due on all registrations after April 1, 1947 unless the vehicle was not operated on the state highways, in lieu of the penalty an affidavit has to be signed.

By the last of April it is estimated that a total of 3000 vehicles and trailers will be reached.

Notice has been given by the State Highway Patrol that all passenger cars, farm trucks, commercial trucks must display a front and rear license plate.

Respectfully submitted, Frank McLaughlin Jr., Tax Assessor-Collector. Ad.

Just a Drop IN THE BUCKET
That's the way Jim always referred to the cost of his Southwestern Life Insurance. "From my pay check," says Jim, "I set aside ten per cent every month. It was just a drop in the bucket. I never missed it—less than a dollar a day—less than I'd spend on something I didn't need. But it created something real for me!"
Jim is retired now. He quit work at 65. And now he's "living the life of Riley," playing a bit of golf now and then, hunting, fishing—doing the things he always wanted to do, and never found enough time to do before. His Southwestern Life policy made that possible.
You can get the same kind of insurance through Southwestern Life, and you can start your program today. It will take care of your family, should you suddenly be taken out of life's picture—and it will take care of you when you are ready to quit work. You can secure at 55, 60, 65, or at any age of your choice. Now, while you are earning, is the time to start your program. You'll never miss the funds you set aside out of the surplus income for this protection. Some day, they'll seem like "a drop in the bucket." Without obligation, ask for a descriptive outline covering your needs.

MISS CHARLENE BUCY WEDS ROBERT BAUMGARDNER

The marriage of Miss Charlene Bucz, daughter of Mr. and Mrs. Fred Bucz of Tahoka, and Robert Welcome Baumgardner, son of Mr. and Mrs. Joe Bailey Baumgardner of Wellington, junior students at Texas Technological college, was solemnized Thursday at 7:30 p. m. at the First Methodist church here with Rev. Cecil R. Matthews of the Wesley foundation, Lubbock, performing a double ring ceremony.

Baskets of peach gladioli—flanked either side of an ivy and gladioli entwined arch against a background of palms and fern. Tapers in caudalabra illumined the setting.

Rayburn Jones, of Lubbock, played the wedding marches and accompanied Miss Johnnie Margaret Price and Claude Donaldson, Jr., who sang "Always" and "Because," respectively.

Miss Barbara Jo Baumgardner of Wellington, sister of the bridegroom, was maid of honor and Miss Mary Jo Morrison, Nashville, Tenn., and Miss Jean Slover, Tahoka, were bridesmaids. They were gowned alike in ninon over taffeta fashioned with ruffles around the shoulders emphasizing the high necklines, long, full sleeved blouses gathered to fitted bodices and bouffant skirts. Miss Baumgardner wore blue and carried pink carnations and the other attendants wore pink and yellow and carried blue carnations.

Mary Ethelene Bucz, Tahoka, and Priscilla Baumgardner, Wellington, sisters of the couple, lighted the candles.

R. V. Ball of Junction served as best man and Marion F. Baumgardner, brother of the bridegroom, and Lloyd Holloway, Wellington, were ushers.

The bride, given in marriage by her father, wore a gown of white ninon designed on princess lines with sweetheart neckline and leg-of-mutton sleeves. Lace was inserted at the back, over the shoulders and

MRS. R. W. BAUMGARDNER

ceremony at the home of Mr. and Mrs. Claude Donaldson, Sr., with Mrs. J. Fred Bucz, Sr., and Mrs. Joe B. Baumgardner assisting in hospitalities.

A double ring wedding cake was encircled with lilies and topped with a miniature bridal couple. The lace covered table was decorated with ivy and pansies intertwined from cake and punch bowl to the edge of the table. Tapers in three-stick holders completed the decorations. Baskets of gladioli and jonquills were placed about the reception rooms.

Mr. and Mrs. Baumgardner left later for a trip to Carlsbad, N. M. They will be at home in Lubbock at 1308 Arnett. For travel, the bride chose a three-piece brown gabardine suit, white nylon blouse, caramel ribbon straw hat trimmed with forest green feathers and brown bag and gloves. She is secretary of the Wesley Student association, First Methodist representative to the Student Religious council, member of Alpha Eta chapter of the national society of Wesley Players, and holds memberships in the Tech Home Economics club and Alpha Chi honorary society.

Mr. Baumgardner is vice president of the Wesley Student association, president of the Tech College Student Religious council, member of the Tech Block and Bride club, the Aggie club, Wesley Players, and was recognized in the 1946-47 edition of "Who's Who In American Colleges and Universities."

U. S. farmers borrowed 615 million dollars in 1946 from production credit associations.

down the full length of the front to be extended around the train. A pleated crown of illusion and orange blossoms held her fingertip veil. She carried a white Bible topped with a bouquet of Talisman roses and for something borrowed wore a single strand of pearls belonging to the bridegroom's mother and carried a handkerchief that had been in family weddings for fifty years.

A reception was held after the

Announces Details of \$20,000,000 Price Reductions

Details of the recently announced International Harvester policy of making price reductions to save users of our products approximately \$20,000,000 a year have now been worked out.

We have reduced prices on 163 models. These cover 12 basic models of farm tractors, 123 basic models of farm machines, 16 basic models of industrial tractors and engines, and 12 models of motor trucks, as well as certain motor truck attachments. The new lower prices are effective as of March 10, 1947.

These reductions were made not because of any decline in demand, but because we believe nothing is more important to this country than to lower the prices of the goods people buy.

While prices have not been changed on all products, we have made reductions wherever possible, in the amounts possible. Prices of many of our most popular products have been substantially lowered.

Altogether, more than half of the company's customers will be benefited by the reductions, which range from 1% to 23.8% and from \$2.50 to \$300 per item, based on list prices, F.O.B. Chicago.

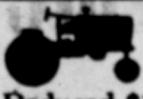

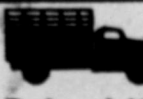

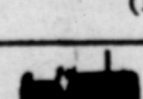

Since the people have demanded that the government withdraw from price control in peacetime, the responsibility to keep prices in check is back where it should be—in the hands of business and industry. The business outlook makes it possible for us to move toward the goal of lower prices, and we have felt a duty to act as promptly as possible.

Our ability to maintain these lower prices will depend on the supply and price of materials we buy from others and on uninterrupted production at reasonable wage levels.

The prices listed here carry out our announced policy that "Any price is too high if it can be reduced."

25 More Types of Products

- Pumps—52 models reduced from \$9.00 to \$20.00 (3% to 10.7%).
- Calibrators—13 basic models reduced \$5.00 to \$10.00 (4.5% to 7.4%).
- Lifters and Muckers—7 models reduced \$5.00 in each case (2.8% to 4%).
- Corn Planters—4 basic models reduced \$5.00 in each case (3% to 4.8%).
- Grain Drills—11 models reduced \$14.25 to \$20.00 (4.4% to 6.3%).
- Mowers—2 basic models reduced \$4.00 and \$11.50 (2.5% and 5%).
- Sweep Rake—1 model reduced \$5.00 (5.5%).
- Pickup Hay Baler—1 model reduced \$75.00 (4.1%).
- Self-Propelled Combines—1 basic model reduced \$122.50 (3.4%).

	FARM TRACTORS 12 Models Reduced \$10 to \$134 (up to 10.6%)
	MOTOR TRUCKS 12 Models Reduced \$50 to \$300 (1.9% to 3.6%)
	FARM MACHINES 123 Models Reduced \$2.50 to \$122.50 (1.9% to 23.8%)
	INDUSTRIAL TRACTORS (Crawler)—4 Models Reduced \$35 to \$50 (1.0% to 1.6%)

- Enslage Cutters—3 models reduced \$22.75 in each case (4.8% to 7.1%).
- Enslage Harvester—1 model reduced \$33.75 (3.9%).
- Hammer Mills—2 models reduced \$5.00 in each case (1.9% and 3%).
- Line Spreader—1 basic model reduced \$2.50 (4.9%).
- Power Loader—1 model reduced \$25.50 (8.9%).
- Mansure Spreader—1 model reduced \$13.00 (3.5%).
- Milker Units—2 models reduced \$12.00 and \$17.00 (14.4% and 18.4%).
- Milker Vacuum Pumps—2 models reduced \$17.00 in each case (11.5% and 19.6%).
- Portable Milker Vacuum Pumps—2 models reduced \$17.00 in each case (11.3% and 11.7%).
- Stainless Steel Milker Pails—2 models reduced \$5.00 and \$10.00 (18.5% and 23.8%).
- Cream Separators—4 models reduced \$13.25 in each case (8% to 10.4%).
- Tractor Trailer—1 basic model reduced \$12.75 (5.5%).
- Milk Coolers—5 models reduced \$8.00 to \$18.00 (1.9% to 4.3%).
- Industrial Tractors (Wheel)—4 basic models reduced \$19.00 to \$56.00 (1% to 3.4%).
- Industrial Power Units—8 models reduced from \$10.00 to \$150.00 (2.3% to 11.4%).
- Motor Truck Attachments—7 items reduced from \$6.25 to \$268.00, including a change in specifications on two items.

New Home News

By Mrs. A. L. Pace
Many of the college students of the community were home the past week-end for Easter holidays. Billy Balch, Loyd McCormick, Jr., and Rodney Heck were home from Hardin-Simmons. A. C. Fillingim, Jr., R. L. Fillingim, Wayne Timmons and Billy Timmons were home from Wayland. Peggy Smith was at home with her parents, Mr. and Mrs. Wilmer Smith during the holidays.

Visiting in the A. C. Fillingim's home were Mr. and Mrs. Joe Simmons of Seagraves, their son, Charles, of Texas University, Mrs. Winnie Copeland, and Miss Mattie Morgan of Brownfield.

Mr. and Mrs. Dean Witt of Hamilton visited in the home of her parents, Mr. and Mrs. A. W. Jobe.

Winifred Carpenter has been visiting his parents and sister, Mrs. Dwight Corbell.

Werdna Robinson is visiting her mother and sister for a few days. Mr. and Mrs. Wayman Smith were called to New Mexico Sunday to be at the bedside of Mrs. Smith's nephew, John Robert Gray.

Mr. and Mrs. Sidney McKinnon visited in the Loyd R. McCormick home Sunday.

Chickens in Texas produced 191,000,000 eggs during the month of January.

FARM PROGRAM

Clint M. Walker,
Sec. Lynn County A. C. A.

The Department of Agriculture has announced that all 1946 crop cotton still under loan August 1, 1947, will be pooled by the Commodity Credit Corporation. The loan on 1946 cotton matures on July 31, 1947. There is very little cotton in Lynn county under the loan in 1946 but those producers who have the cotton in the loan should give serious consideration to marketing their loan cotton rather than having it pooled.

All 1946 applications for payment have been transmitted to the State office for payment. To date Lynn County farmers have received a total of \$104,232.71 in soil conservation payments on 1,000 farms. In this county last year we had several farmers who carried out eligible farm conservation practices which should have entitled them for payment but the farmers failed to secure prior approval before they commenced the practice thereby causing them to receive no payment. It will be the same this year and if you intend to participate in the conservation payments you must have a prior approval issued by the A.A.A. office before you commence the practice.

We still have several farmers who have their 1946 grain sorghum in the loan program. This loan matures April 30, 1947 and you have several options in regard to disposing of the grain. If you have any questions concerning this loan please come in to the office and we will be glad to assist you. Nine out of ten farmers in Lynn county will put some conservation practice to work on their farms this year in cooperation with the Agricultural Conservation Program. Through the ACP, the U. S. Department of Agriculture shares with farmers the cost of saving and improving soil and conserving water. Farmers are invited to drop by the local A.A.A. office and talk over their conservation problems.

Lakeview News

Mr. and Mrs. Jake Fulford and Mr. and Mrs. Wilton McNabb are visiting in the Rev. A. R. Wright home at Sebastian this week.

Mr. and Mrs. Emmett Godfrey and sons, of Arlington spent the Easter holidays with Mrs. Sallie Godfrey and J. A.

T. J. Hill of Ropesville spent Sunday with his parents, Rev. and Mrs. R. D. Hill.

R. L. and A. C. Fillingim, Billy and Wayne Timmons, who are attending Wayland College, spent the holidays with their parents.

Mr. and Mrs. Morris Brown of Olton visited in the home of her parents, Mr. and Mrs. E. F. Schwartz Sunday.

WESLEYAN SERVICE GUILD MEETS WITH MRS. KING

The Wesleyan Service Guild met Tuesday evening in the home of Mrs. Odell King for their first meeting of the month. Everyone brought a covered dish and had a wonderful supper and hour of fellowship together. There were six members present.

The Rev. J. W. Rosenberg brought the first of a series of lessons on Stewardship, which was very enlightening and was appreciated by each one.

Our next meeting will be in the home of Mrs. Florene Best and Mrs. Tom Short. It will be Monday evening April 21. We are looking forward to continuing our Study.

We would still like to urge every woman of Tahoka that is working or due to circumstances beyond their control cannot attend the Missionary Society in the afternoons to come to our Guild meetings.

We had a very interesting business meeting after our Study and talked over plans to do some local work. These plans were some that will help us as well as our community.

Mrs. Hoyt Hodges was elected Secretary of Spiritual Life due to the resignation of Mrs. J. T. Whorton.

H. D. COUNCIL MET HERE SATURDAY

The Lynn County Home Demonstration Council met Saturday, April 5, in the home demonstration office. Draw, Petty, Wells, and West Point were represented.

Mrs. Corbell, Mrs. Martin, and Mrs. Schaffner were elected delegates to the T.H.D.A. meeting to be held in Levelland on May 10. Mrs. Lowrey and Mrs. Russell are alternates. The Council will pay for their lunches that day.

Draw paid ten dollars into the council fund. Joe Stokes paid ten dollars last month.

Mr. Adams of the Social Security office at Lubbock explained social security. He illustrated his talk with a motion picture.—Council Reporter.

Mr. and Mrs. J. B. Nance left by bus Wednesday for Paris, Texas, to spend some time visiting an aged brother of his, L. A. Nance, who is now retiring from an active business life. For the past several years he has owned and operated a bus line and has prospered in the business. Mr. Nance says he is still strong and active, though he is now 82 and ready to retire.

CHILD GUIDANCE CLUB

On Monday night, April 7, members of the Child Guidance club met in the home of Mrs. Truett Smith for the purpose of reorganization.

With Mrs. Smith presiding the following officers were elected: President, Mrs. Pete Hegli; Vice-president, Mrs. June Nevill; Secretary-Treasurer, Mrs. Shorty Chestnut.

A short program which consisted of a talk, "Building Firm Foundations," by Mrs. Hegli, several songs by Carol Ann Smith and a vocal duet by Mrs. J. W. Rosenberg and Mrs. Jim White was enjoyed by all present.

Refreshments were served to the following: Mrs. Betty Sue Wilson, Mmes. Stout, Roy Hicks, Ivan McWhirter, K. R. Durham, J. W. Rosenberg, Claude Donaldson, R. H. Gibson, Roger Bell, Felix Jones, Jim White, Pete Hegli, and the hostess, Mrs. Truett Smith.

This Month We Commemorate Our First

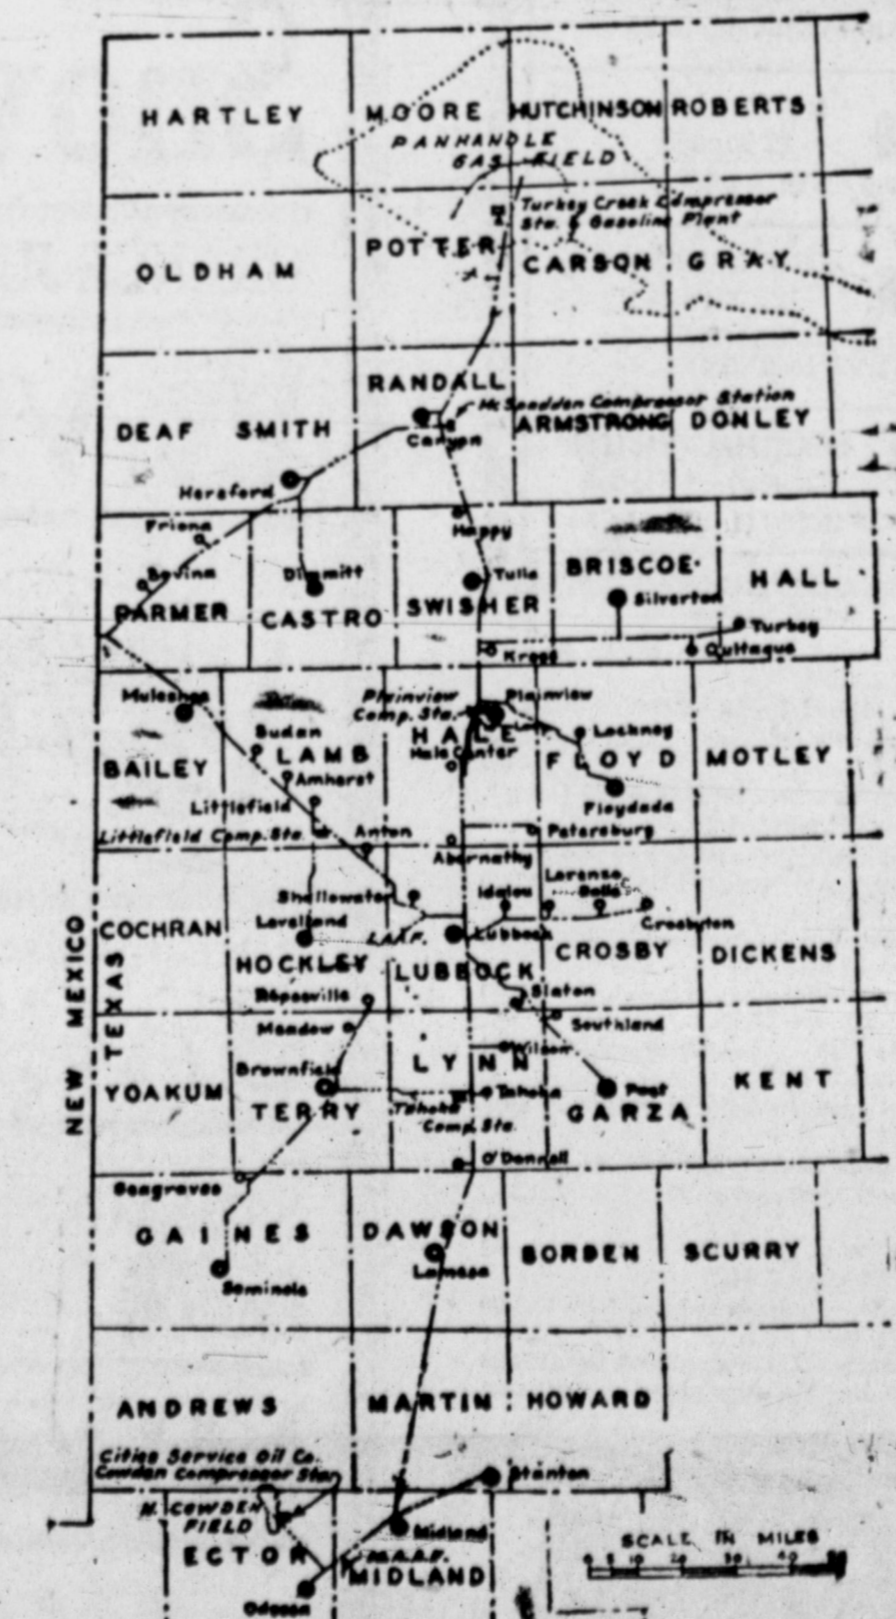

Twenty years

in west Texas

Counting from the founding of our company, we mark our twentieth birthday this month—on April 14, to be exact.

We mention our birthday, not because we feel deserving of any particular acclaim for having attained twenty years of age, or for having served well for nearly that long. Rather, we mention it because these twenty years have witnessed such a tremendous development of the territory we serve. We believe it's the fastest-growing part of the nation. And we sincerely believe, too, that the availability of good Natural Gas Service is contributing substantially to this rapid development.

We express our appreciation for the thousands of fine friendships that have grown up between us and the people of west Texas. We shall strive to hold and deepen these friendships, and to make many more, during our next twenty years.

The above map shows the area we serve. "Fastest-growing section of the U.S.A."

FROM THE TEXAS BUTANE DEALERS ASSOCIATION:—

An Important Message
TO THOSE WHO USE OR PLAN TO USE BUTANE or PROPANE

The Texas Butane Dealers Association urges you to check up on your present system. If your tank is not capable of serving you through the four winter months, you may find yourself without heat in the coldest season of the year.

New Industries developed during the War—plastics, synthetics and chemicals—now demand tremendous amounts of butane and propane. These industries use gas in equal amounts all year 'round. Meanwhile, domestic gas users burn four to seven times more in winter than in summer; but your dealer will be able to furnish you very little more in winter than in summer. To ease this high winter demand, users must spread that demand over the warmer months as well. The solution is a tank which will hold a four-months supply.

For "Winter-Insurance" the farmer stores his grain early, just as housewives do their canning early. For your "Winter-Insurance" you'll have your four-months supply in your tank when you need it most. And by taking less time for your dealer's services, he can supply you and your neighbors more efficiently and economically at the very time when road conditions are worst for gas delivery.

The Texas Butane Dealers Association urges you to drop in to see your local gas dealer as soon as possible. Consult him before you buy any system. He knows butane and propane, and he will do everything he can to cooperate with you for next winter—Now!

See Your Local Butane Gas Dealer Today!

TEXAS Butane DEALERS ASSOCIATION

Roads . . .

(Cont'd from page 1)
 also. We don't know how long the road money is going to last, but when it plays out some provision certainly should be made whereby some gaps in the proposed farm-road system may be filled in.
 At the point where we intercepted the proposed Wells-Draw state highway one mile west of Wells, we turned west and followed this dirt highway to Wells. From Wells due west six miles to Newmoore is a beautiful stretch of farm-to-market road on which the caliche has been laid and which is ready for the hot top. Between the two places the road runs into the sand-beds—old deep, blow sand, and the sand had been blowing, believe us—but that road bed was as solid as the Rock of Gibraltar. Don't let anybody kid you into believing that dandy roads can't be built in deep sand. That road certainly will be a boon to Newmoore.
 At the end of the pavement we doubled back to Wells six miles and then ran off onto the dirt highway bumpy and rough. We were glad

that it lasted for only a mile, for just one mile east of Wells, one turns south on another stretch of farm-to-market road which is also ready for the hot top. Running south three miles, it turns east; at about five miles down the line it skirts the northern limits of O'Donnell at the "Y" and without looking for a moment either to the right or to the left it races on due east. Another nine miles and you run into the recently constructed Draw road running north and south from the Borden county line through Draw and Redwine to the Tahoka-Post highway. They were still working on a small section of that O'Donnell-to-the-East road but most of it had been completed except for the hot top, and we don't hesitate to say that it is one of the most beautiful stretches of roadbed we have ever seen. In fact, that whole stretch of road from Newmoore through Wells and the northern limits of O'Donnell and on to its eastern connection with the Draw-Borden county road will be one of the finest, in our humble opinion, to be found anywhere.
 We just dare anybody to drive over these new roads and then not

favor a completed network of such roads throughout Lynn county. And it can be done. A reasonable tax on the natural gas that is being wasted and dissipated in the oil fields of West Texas would in the course of time build such a system of highways in every agricultural county in West Texas.

Revival . . .

(Continued from page 1)
 of Dallas, music director, was here for all the other services.
 Young Melver brought some excellent messages but it was Charles Wellborn who completely captured the congregation at each service at which he preached. His message at the Sunday morning service, when the big auditorium was filled to capacity, was a masterpiece, and many present wrote him down as one of the future leaders of the Baptist Ministry in this state.
 As for Frank Boggs Jr., there has never been his equal as a music director in any revival ever held in this church. Not only does he have a wonderful voice himself but he knows how to get the congregation also to sing, and he has a personality that is captivating.

Miss Valerie Wells was the faithful and efficient pianist throughout the meet.
 This Revival made an impression upon the young people of the Church and of the town that will not soon fade away.
 Of course the pastor, Rev. Levi Price, and the Church secretary, Miss Mildred Cox are each due much praise for the success of the meeting.

CITATION BY PUBLICATION OF FINAL ACCOUNT
 The State Of Texas
 To the Sheriff or any Constable of Lynn County, Greeting:
 Mittie Ater, Administratrix of the Estate of B. B. Ater, Deceased, having filed in our County Court her Final Account of the condition of the Estate of said B. B. Ater, Deceased, numbered 548 on the Probate Docket of Lynn County, together with an application to be discharged from said Administration.
 You Are Hereby Commanded, That by publication of this Writ one time and said publication will not be less than ten days before the return day hereof, to-wit April 28, 1947, in a Newspaper printed in the County of Lynn you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on Monday the 28th day of April, A. D. 1947, at the Court House of said County, in Tahoka, Texas, when said Account and Application will be acted upon by said Court.
 Given Under My Hand and seal of said Court, at my office in the County of Lynn this 9th day of April, A. D. 1947.
 W. M. Mathis, Clerk, County Court, Lynn County.
 (SMAL) 11c.
 Mrs. H. L. Roddy is visiting relatives at Hico this week. Mr. Roddy went down Wednesday afternoon with the expectation of bringing her home Saturday.

WARNING TO ALL POULTRY STOCK OWNERS:
 Poultry owners are again warned about letting their chickens run loose as they are damaging other peoples gardens and yards. City ordinance prohibits the keeping of poultry in the city limits unless they are kept in pens or brooder houses. Other animals such as cows, horses and pigs come under this law. Animals caught on the loose will be impounded.—City Marshal.

CARD OF THANKS
 We wish to thank our many friends for every deed of kindness, for the beautiful flowers and the cards, and for the nice offering given us on Billy's hospital expenses. Again we thank you.—Mrs. Ruby Rash and Boys and Mrs. Harris.
