## Finley Is Erecting Large New Building For Bray Chevrolet

Work has been started on the construction of the big Douglas Finley Building to occupy the space between his tractor house and the Davis & Humphries store.

It will be occupied by the Bray Chevrolet Company.

The building will have a 90-foot front facing on Lockwood Street (Brownfield highway) and will extend back south to the alley, a distance of 120 feet. It will be a steel frame structure, with three rows of steel posts running north and south through the building, seven posts near each side and seven down the middle, which will take all the weight of the superstructure and the roof off of the walls. The concrete foundations for these posts and for the walls are being run this week.

The walls will be constructed of hollow tile and brick, with a glass front. The brick will be of a buff or cream color very similar to those of the nearby Baptist church. The glass front will be similar to the adjoining Davis & Humphries building but will be dropped several inches lower. The ceiling will be 14 feet above the floor. It will be a very substantial and attractive building, with a floor space of 10,800 square feet, probably the largest in town.

The interior is to be divided into office rooms, parts compartments, work shops, and a show room. It is to cost approximately \$20,000, and Mr. Finley thinks it will be finished and ready for occupancy some time in July.

## James H. Ellis Buried Monday

Following services at the First Baptist Church here at ten o'clock Monday morning, the body of James H. Ellis, 54, who died in the Veterans' Hospital in Amarillo at 7:00 a. m. Saturday, was buried in the Tahoka cemetery with Masonic honors. The Stanley Funeral Home was in charge.

Rev. C. T. Aly, pastor of the First Baptist Church, conducted the services, but Rev. W. P. "Ted" Brian, pastor of the Baptist Church at Plains, where deceased and his family had lived for the past four or five years, delivered the funeral discourse. He had been in close touch with the family and had recently conversed with the deceased, and his message was very tender and consoling.

Mr. Ellis had been in bad health for years but had been a patient in the Hospital for only a week when the end came.

Mr. Ellis was the son of the late T. M. Ellis and Mrs. Georgia Ann Ellis. He was born on October 6, 1894, in Bosque county. He came from that county to Lynn county in 1922. He was married to Miss Thelma Hickerson, daughter of Mr. and Mrs. G. W. Hickerson, on January 22, 1930. He had resided in this county and Terry and Yoakum counties ever since. He had long been a member of the Baptist Church and of the Masonic order. He was also a veteran of World War I.

He is survived by his wife, Mrs. Thelma Ellis of Plains; a daughter, Lura Ann, 16; a son, James Hickerson, 14; his mother, Mrs. T. M. Ellis of Tahoka; three sisters, Mrs. Mollie Lawrence of Irredell, Mrs. Emma Sparks of Tahoka, and Mrs. May James of Lubbock; three brothers, T. M. Ellis Jr. of Brownfield, Bill Ellis of Tahoka, and T. Ellis of Los Angeles, California; and numerous other relatives.

The family have the deepest sympathy of many friends here and elsewhere.

William Harvey discovered the fact that blood circulates.

Robert Koch first isolated the tuberculous germ.

## Warning Is Given Citizens Who Rush To Local Fires

Chief of Police Allie White asked the News this week to warn people against rushing to fires when the alarm sounds and thereby getting in the way of fire trucks and members of the fire department.

His instructions are to park or to stay parked next to the curb on any street upon which the fire truck is advancing until it passes. Furthermore stop your car before you get to the block in which there is a fire. Better heed this warning, folks, if you don't want to get "pinched." Allie talked and looked like he meant business.

## Lynn Students In 1949 Tech Class

Lubbock, May 25.—Degrees will be presented 1,233 students of the Texas Technological College at the 23rd annual commencement service in Jones Stadium Monday, May 30, at 8:00 p. m.

Among those from Lynn county who will receive degrees are: O'Donnell: Elvin Ray Moore, BBA in Management; Guy Stanley Cathey BS in Chemical Engineering; Samuel Fletcher Johnson, Master of Education (requirements completed in August, 1948).

Tahoka: Bettye Maxine Snodgrass, BS in Home Economics and Applied Arts; John William Wells, BBA in Marketing; Claude Callaway Donadson Jr., BBA in Management; Robert Earl Schulz, BBA in Accounting (requirements completed August 1948); Marion Otis Spears, BS in Education and History, requirements completed January, 1949.

Wilson: Olan Rice, BS in Agriculture and Agricultural Economy; Clyde Dale Boyd, BS in Agriculture and Animal Husbandry; Peggy Smith Bohner, BA in Zoology; Malcolm Cecil Coleman, BS in Electrical Engineering and Communication Operation; Herbert Leonard Lamb, BS in Electrical Engineering and Power Operation.

## Local Students In Wayland Class

Plainview, May 26.—Three students from Lynn county will graduate this year from Wayland Baptist College. Baccalaureate services will be held at 11 a. m. Sunday at the First Baptist Church with Dr. Cornell Goerner of Louisville, Ky., speaking, and commencement exercises are Monday at 10 a. m. with O. K. Armstrong the speaker. It will be Wayland's first class as a senior college.

Among the graduates are: Bachelor of Science in June: Onnie Reed of Tahoka. Bachelor of Science degrees in August to: R. L. Fillingim of Tahoka in history, and Dale Lavander of O'Donnell in history and education.

## Two Graduate At McMurry College

Abilene, May 26.—Two students from Lynn county will receive their degrees from McMurry College this summer.

They are: Nancy Nell Wyatt, BS in physical education, Tahoka; and Weldon Tucker, BA degree in religion, O'Donnell.

## BLACK CATS OUTMATCHED BY SLATON TIGERS

Hello, baseball fans: The Tahoka Black Cats came back from Slaton last Sunday afternoon with their first defeat of the season, John L. Martin, the Black Cat manager, bravely but sorrowfully announced to the News this week.

The Slaton Mexican Tigers defeated the Black Cats 11 to 1, he stated. The winning pitcher was Brown, the losing pitcher was J. W. Owens, we believe.

The Black Cats will go up to Littlefield next Sunday, May 29, to play the Littlefield Yellow Jackets, Martin announces.

Be careful and do not get stung, Johnny.

A gyroscope's main feature is a fast revolving wheel.

## Softball League Summer Schedule Started Monday

The Lynn County Softball League got underway Monday night of this week with seven teams signed up for the summer's schedule. These are: Wilson, White Auto, Rutherford's, Grassland, New Home, Davis & Humphries, and Bray's. V. F. W. had expected to enter a team but decided last week not to do so.

Monday night, the Wilson team overwhelmed the White team by a lopsided score of 13 to 7.

Tuesday's Grassland and Rutherford game was postponed.

Thursday night game scheduled for play after The News went to press was between New Home and D&H. Friday night, Bray's, which is largely made up of Wilson players will meet the Wilson Lutheran Church team.

Next week, White meets Grassland Monday, Rutherford's and New Home play Tuesday, Wilson and D&H Thursday, and Bray's and Grassland Friday.

The league play is sponsored by the Tahoka Chamber of Commerce, and games are played on the new Jaycee field on the Memorial Park property in South Tahoka.

## Tahoka Loses To Seagraves 4 to 5

Tahoka baseball team lost two games this past week, dropping a close one to Seagraves in that city Sunday afternoon by a 4 to 5 score. Thursday night of last week, everything went wrong for Tahoka, and the boys dropped a 17 to 5 decision to Levelland in a game played at Sundown.

Seagraves scored two runs in the second when Hicks, third baseman slapped out a home run, and three more runs in the fifth on three hits. Tahoka scored all their runs in the sixth on five hits, aided by a Seagraves error.

Next Sunday, at 2:30 o'clock Tahoka meets Sundown on the new diamond about six blocks south of the square in Tahoka. Thursday night, the team was scheduled to play Slaton at Slaton.

The game with Levelland was the local team's first under lights, and the field was rough, but the boys had no alibis—they were not clicking. Tahoka used four pitchers. Pierce, Holcomb, Burnett, and Harvick.

President Frank Larkin of the Lynn County Baseball Association, Manager Dale Thuren, the other officers, and especially the players, (Cont'd on back page)

## Support Set For 1949 Crop Grain By Government

Lynn county farmers will be able to protect certain 1949 feed crops through loans and purchase agreements at rates slightly lower than in 1948, according to Clarence Church, chairman of the County Agricultural Conservation Committee.

Support prices will average 73 cents a bushel for oats \$1.87 per bushel for wheat, \$1.03 a bushel for barley, and \$2.03 per 100 pounds for grain sorghums. Mr. Church said that the lower rates this year are the result of lower parity prices and a reduction in the percentage-of-parity rates for barley and grain sorghums. The percentage rates are: Oats 70; rye and barley, 72; grain sorghums, 70. All rates reflect the feeding value of these grains in competition with corn.

## Local Methodists Attend Conference

Rev. C. A. Holcomb Jr., pastor of the Tahoka Methodist Church, and Calloway Huffaker, delegate, left Tuesday afternoon to attend the meetings of the Northwest Texas Conference in session in Amarillo this week. Other Tahoka Methodists may go up and attend some of the services.

The Conference is being held in the Polk Street Methodist Church. It opened at 10:00 o'clock Wednesday morning and will close Sunday. George Maurice Small will fill the pulpit here next Sunday in the pastor's absence.

The Vacation Church School will be in session next week, beginning Sunday, May 29, and closing June 5. Registration is to be made Sunday afternoon, beginning at 4:00 p. m. Boys and girls from 4 to 15 years of age, be sure to be present and register.

Rev. C. A. Holcomb Jr. has had a prosperous year here and it is regarded as a foregone conclusion that he will be sent back to Tahoka for another year.

Bishop W. C. Martin is presiding over the Conference. Dr. Harold C. Case, pastor of the First Methodist Church, Pasadena, California, is the Conference preacher, delivering the sermon messages on Wednesday and Thursday morning, Friday morning and night.

Dr. Earl G. Hamlett, pastor of St. Paul's Methodist Church, Abilene, and a former district superintendent, will be the preacher at the Saturday evening service.

Today, Friday, special emphasis will be given to the World Service (Cont'd on back page)

## Auxiliary Delegates Attend District Legion Meeting

The V. F. W. Auxiliary Unit No. 3905 of Tahoka was represented by four delegates at the district meeting held in Lubbock Saturday and Sunday, the four being Mesdames Thelma Oliver, Avis Buchanan, Pauline Smith, and R. L. Richardson.

All business meetings, the school of instruction, Tea, breakfast, barbecue, dinner, and social events were enjoyable and interesting, the delegates report.

Mrs. Thelma Oliver was elected second vice-president and Mrs. Rafe Richardson pianist for the 7th district for the next two years.

## N. B. Brower, 79, Died Last Week

Funeral services for Nelson Bonnis Brower, 79, were conducted in the First Baptist Church here at three o'clock last Sunday afternoon, with burial in the Tahoka cemetery. The officiating Minister was the pastor, Rev. C. T. Aly. Burial was under the direction of Stanley Funeral home.

Mr. Brower died at 6:30 Thursday afternoon in a Lamesa hospital, having been ill for about a month.

Born on March 11, 1870, in Mount Vernon, Indiana, he had been a resident of Lynn county since 1920, having come to this county from Krum, Denton county, in that year. By occupation he was a farmer but retired several years ago.

He is survived by four sons, and a step-son, and seven daughters. The sons are: T. E. Brower of Roger, Oklahoma; J. P. of Lamesa, Bonnis of Houston, and Gene of Huntington Park, California; The step-son is Ernest Kinslow of Lubbock; and the daughters are Mrs. Mecie Deering of Medill, Oklahoma; Mrs. Rose Phillips of Wichita Falls; Mrs. Myrtle Tankersley of Lamesa; Mrs. Faye Jolly of Downing, California; Mrs. Mattie Bownds of Odessa; and Mrs. Bill Long of Los Angeles; and Mrs. Sybil Wilkinson of Amarillo. There are also 28 grand-children and 8 great-grandchildren.

Mr. Brower had united with a Baptist Church when he was 53 years of age but he had never transferred his membership to Tahoka.

He was a familiar figure on the streets of Tahoka and had the goodwill of all who knew him. He will be greatly missed here.

## T. J. H. Gass, Draw Buried Saturday

Funeral services were held here Saturday afternoon at 2:30 o'clock for Theodore John Henry Gass of the Draw community who died in a hospital here at 9:15 o'clock Friday morning.

Services were conducted in the Stanley Funeral Chapel by Rev. D. W. Reed of the Garnolia community, followed by burial in the Tahoka cemetery.

He is survived by his wife, two daughters and a son; Gwendolyn, 11, Leon, 9, and Jo Beth, 3; a sister, Mrs. Jewell Hutchins of New Home; and five brothers, Ed Gass of Kiefer, Oklahoma; Will of Draw, Walter of Corpus Christi, Marshall of Goree, and Fred of New Home and other relatives.

He was the son of Mr. and Mrs. J. H. Gass and was born on February 28, 1908 in Haskell county, and was therefore 41 years old at the time of his death.

He came to Lynn county from Knox county in 1924 and grew to manhood here. He was married to Miss Velma Huddleston on April 8, 1933, out in New Mexico, but lived in Lynn county most of the time after moving here.

By occupation he was a farmer. He had been in very poor health for the past two years, and his condition finally became so grave that he was brought to the Tahoka hospital on Sunday preceding his death on Friday. He had many friends here and in the Draw and other communities who were grieved at his death.

## Heavy Rains Do Damage To Large Area Of County

The heaviest rainfall of the year visited various communities of Lynn county Wednesday night. Reports coming in Thursday morning were that from two to four or five inches had fallen in some localities. Estimates, of course, are likely to be erroneous but some measurements in rain gauges and cans and buckets mounted on posts as well as a look at the terrain afford convincing proof that the rainfall in those localities was extremely and unusually heavy. Hail was also heavy in some places.

Marshall Stewart, living about eight miles east of Tahoka, has a rain gauge, and he reports that it measured up 2.25 inches of water, which fell within 35 minutes. He says that it was the most destructive rainfall he has ever seen here, and he has been here much longer than the most of us. It destroyed 3,000 bushels of barley for him, estimated, which was about ready to be harvested.

Ward Eakin, who lives on the McGonagill place, thinks that four or five inches of water fell on that farm. He says that the water stands five feet deep behind some of the terraces.

R. L. Craig, who lives near Central Church, reports that he had three inches of rain and hail. The hail, he says, did much damage to trees and orchards.

Guy Smith living in the New Lynn community also reports three inches of rain at his place.

Similar reports came from all that section of the county. Crops were washed out and fields damaged all over the Grassland area and throughout the Redwine community.

Terrific rainfall and hail also covered large portions of the New Home and Wilson areas.

The amount of rainfall over the county was very spotted, however, ranging from a quarter of an inch, in some places to an inch or more in others.

In Tahoka, the rain gauge kept by the News registered only .28 of an inch. The rain, however, was accompanied by one of the most brilliant and noisy electrical storms that has visited this area in a long time.

Although the rainfall here has been amply sufficient for farming and other purposes this year, it has been lighter here than it has been in most of the county. People may be surprised to learn that the moisture content of the ice-storm and the snow-fall in the winter together with the rainfall that has come since January 1, including the fall of Wednesday night, has amounted to only 8.35 inches in Tahoka.

The ice-storm that came the second week in January brought moisture amounting to 2.74 inches. The snow and light showers of rain ran this up to 3.94 inches by the end of the month.

In February there was .25 of an inch; March, none; and in April 1.27 inches.

In May, up to Thursday noon, when this was being written, there had been 2.89 inches.

No gully-washers have visited this town.

## V. F. W. POPPY DAY

Saturday, May 28, will be observed as Poppy Day.

So, buy and wear a poppy. What you give to the girls Saturday for your poppy will help the men in the hospitals and the needy veteran's wife or child.

Accept a poppy and make a liberal contribution to this most worthy cause.

## WILD NEGRO WOMAN TAKEN TO ASYLUM

Sheriff and Mrs. Roland Clem and Miss Claudia Raindl left Tuesday morning to convey an insane Negro woman to the asylum for colored folks at Rusk. She had been a very strong woman and often became violent and was considered very dangerous.

## DYER FAMILY HAVE REUNION

When the Dyer family held its family reunion this week-end (May 8th, on the W. A. Guinn "Bar-O-Nothing" Ranch, everyone was present but a Dyer of the name!

Formerly a Dyer girl, Mrs. Guinn invited her six sisters and a brother and all of their kith and kin to spend the week-end at Bar Nothing. They began arriving Friday morning at 7:00 o'clock a. m. from all parts of Texas. All professions with the exception of a doctor almost were represented.

Friday afternoon was spent meeting buses and trains and answering phone calls from those who were arriving for the first time to visit the Guinns and the ranch.

Saturday, with the phone still ringing and cars arriving, was spent with a lot of "kissing and hugging and where are the others?" during the morning, followed by an afternoon of fishing on the river and wading among the children.

A barbecue supper on the lawn Saturday night was attended by the complete roster of visitors, before they attended the ball game at Guinn Stadium as the guests of Mr. Guinn.

With a good sunshiny start Sunday, breakfast was rushed through for another trip to the river. Mother's Day dinner was served in the dining room to six of the sisters and their descendants and the descendants of the seventh sister. Only the Dyers of San Angelo were absent with no representation.

The oldest sister, Mrs. S. W. Hawthorne was unable to attend as she was ill in California. Her son and his family, Mr. and Mrs. J. D. Hawthorne and children, Sharon, Max and Jan, of Motion represented her family.

Next to the eldest was Mrs. W. T. Shepherd and her husband of Lubbock. Of that family present were Mr. and Mrs. Travis Shepherd of Houston and Mrs. Roy Langley, Suzanne and William also of Houston.

The twin sisters, Mrs. J. P. Manly and Mrs. G. E. White of Post and Tahoka were present with their husbands. Mrs. Manly's daughter and husband, Mr. and Mrs. Buddy Stewart also of Post were her representatives. Mrs. White's daughter, Mrs. Eugene Whitt, and Judy of Terrell, recalled the memories of that clan.

Mrs. M. E. Morris, next in line, attended from Southland with her husband and grandchild, Marilyn. A son and his wife, Mr. and Mrs. Maurice Morris and also a daughter Miss Mary Lynn Morris both of Dallas defended the name of Morris.

Mrs. Billy Sanders of San Angelo attended with her entire family which included her husband, daughter and son-in-law, Mr. and Mrs. Vernon Golden of Fort Worth. Also Mr. and Mrs. Battle Golden of Meridian.

Mrs. Elizabeth Pyle of Falls City, Nebraska, was an out of state visitor.

Most of the visitors departed for various visits over Texas and others went home after Sunday dinner.

Mr. and Mrs. J. Ira Smith of Beverly Hills, California, were guests of Mrs. C. A. Thomas and mother recently.

## FARROWS LITTER OF 19 PIGS

This litter of 19 pigs farrowed by HR Lou 7, registered Yorkshire, at Decatur, Illinois, is trying to establish an all-time record weight. At 12 days of age, the Yorkshires weighed 100 pounds, compared to 46 pounds when farrowed March 5. They are eating Purina Checkers in addition to sow's milk and the old sow is fed Purina Chow. The pigs are divided into litters of 9 and 10 for nursing in shifts.

## LUBBOCK ABC BOYS CLUB WORLD CHAMPIONSHIP RODEO

Lubbock, Tex., May 19.—The American Business Club of Lubbock is readying Jones Stadium, on the Texas Tech campus, for the June 8, 9, 10, and 11 presentation of the exciting Boys Club World Rodeo, with five big acts and \$4,000 plus entrance fees, in prize money. Everett Colburn is the managing director of this world-famous show. It is a crowd-thrilling spectacle that has played to capacity audiences all over America, including Madison Square Garden and two previous appearances in Lubbock under the auspices of the Lubbock ABC's.

Again this year, receipts from the four-day showing of the ABC Boys Club World Championship Rodeo will be placed in the capital fund of the Lubbock Boys Club. Concession earnings of the Lubbock Lions Club will also go to this fund. The entire show is sponsored to aid the boys-building projects of the Lubbock Boys Club.

A colorful parade of horsemen and ladies, horses, and vehicles of the old West will wind its way down Lubbock's principal thoroughfare on the afternoon of June 8, at 5:00 o'clock, to launch the big rodeo activities. The famed Will Rogers Range Riders of Amarillo will highlight this parade, which is expected to be many blocks long.

The Lubbock ABC Boys Club World Championship Rodeo features five dazzling acts, packed with laughter and gasps. Among them are: two separate performances of spectacular horsemanship by the skilled Hendricks family; the comedy team of Beeswax—the taxi mule—and the Moore family; an 18 horse quadrille; and four lively trick riders.

For ropers, bulldoggers, and riders, the World Championship Rodeo offers \$4,000 in prizes, entry fees added. Saddle bronc riding, bareback bronc riding, calf roping, steer wrestling, and bull riding are among the prize contests. The meanest and fastest stock from Everett Colburn's Lightning C Ranch in Dublin, Texas, will provide entrants with first-class opposition.

All eyes will be on the spill-defying acts of the talented Hendricks family—Byron, Lee, and Ann. The two boys will give two nightly performances on twin horses, with thrilling bareback and bridleless variations. m Hendricks and her dancing horse, King Richard, will execute some neat footwork to the tune of fancy music.

Beeswax, the mule clown, will spice the annual Lubbock Boys Club Rodeo with a hilarious act featuring the comedy antics of the popular Moore family. An 18 horse quadrille will step through its paces, to be described by announcer Ray Lacklin. There will be an act of daring trick riding by four pretty young ladies, and a host of riding contests in genuine Championship style.

Reserved seats, for \$2.40 including tax, and box seat reservations, at \$3.30 tax included, are on sale in the Main Rodeo Office 1118 Main Street, Lubbock, phone 3-3488. General Admission tickets, which will be sold at the gate only, are \$2.00 for adults and \$1.00 for children.

## Picturesque... But a Construction Obstacle!

West Texas has some of the most beautiful country in the world. Beautiful fields of wheat, cotton and many other crops that help feed and clothe the nation... and, too, it has picturesque canyons, rocky terrain, sunken lakes around which cattle graze and many other beautiful scenes comparable to any that a world traveler could describe.

Although beautiful—they are pipe line construction obstacles.

To maintain good gas service, pipe line construction and maintenance and repair crews cross many canyons and other natural obstacles.

This year we will invest over \$2,225,000.00 to build new pipe lines and other facilities. Several miles of these new lines will be laid in solid rock. This means dynamite crews will have to clear a ditch for the lines, but this will be but one of many construction obstacles they will overcome.

Pipe line construction and pipe line maintenance and repair are but few of many functions of West Texas Gas Company... all of which are designed to furnish good gas service, high in quality, low in price... the best bargain in your family budget.

Other facilities besides pipe lines are necessary to furnish good gas service.

West Texas Gas Company operates seven compressor stations to maintain movement of natural gas through more than 1,700 miles of transmission and distribution lines.

HELPING BUILD WEST TEXAS SINCE 1927

**MATCHED ROPING-CONTEST AT LEVELLAND SUNDAY**

Levelland, May 25. — Singing lariat and the bawling of wild Brahma calves will herald the beginning of a matched roping contest between Toots Mansfield, Troy Fort and Jess Goodspeed, slated for presentation at the Levelland-Rodeo arena on Sunday, May 29.

W. J. (Rob) Robertson, named promotion director of the Levelland Rodeo Association, announced this week that the three lariaters will vie for the tri-state championship title Sunday by timed roping and tying of ten wild calves each in a contest expected to draw a capacity audience.

Toots Mansfield of Big Spring, widely-touted favorite of Southwest fans, will, despite his prowess with the hemp, meet opponents worthy of his mettle in the two contenders, Troy Fort of Lovington, N. M., and Oklahoman Jess Goodspeed of Okemah. Mansfield is present holder of the world's championship roper title, and Fort, who is past world's champion, will contribute his superior hemp-tactics to the contest.

Jess Goodspeed, not so widely known in this area, is nevertheless undisputed champion of Oklahoma, where he has met and bested every challenger, and the Oklahoman is expected to offer stiff competition for an upset victory in the May 29 contest.

Relocation and enlargement of the Levelland rodeo grounds, with considerable extension of shaded seating facilities, will furnish additional comfort for rodeo fans throughout the vast southwestern area, W. J. (Rob) Robertson pointed out, and added that the improved arena, with ample space for the "ride and tie" boys as well as for rodeo fans, was believed to be the reason the Levelland arena was chosen for the lariaters' contest, which has been pending for some time.

**CARD OF THANKS**

We wish to express our thanks and appreciation to our many friends and neighbors for their deeds of kindness and sympathy shown us during the illness and death of our beloved companion, father, and brother. We are grateful to Seale Clinic and its staff, who were so good to him, to those who brought and sent flowers, to Brother Reed for his kind and comforting expressions of sympathy, and to every one who did a favor of kind. Thanks a million, good people, it will never be forgotten. —Mrs. Theo Gass and children, W. G. Gass, F. R. Gass, W. F. Gass, M. J. Gass, Edd Gass, Mrs. Rado Hutchins.

**CARD OF THANKS**

We want our friends to know that we deeply appreciate the many kindnesses shown us during our recent bereavement. We are grateful for the flowers, for the food provided, for the words of sympathy and consolation spoken by the Ministers and many friends, for every helpful deed and word and thought. May God bless and keep you all. —Thelma Ellis and children, G. W. Hickerson and family.

**COBB FAMILIES HAVE VISITORS**

Mrs. J. H. Cobb, Mr. and Mrs. G. L. Cobb, and Mr. and Mrs. A. C. Aycox, and Mrs. Sue Robinson had as their guests last week Mr. and Mrs. J. J. Hamilton and Mr. and Mrs. J. B. Hamilton and baby, all of Albuquerque, New Mexico, and Mrs. J. R. McAtee Jr. of Henryetta, Oklahoma.

Mrs. McAtee came on Monday of last week and stayed till Monday of this week.

The Hamiltons came down from Albuquerque on Friday to attend the High School Commencement exercises here that night, at which Nancy Ann Cobb received her diploma. They remained also until Monday of this week.

Mrs. Virginia Nell Reid and little daughter Cynthia of Lubbock also came down for the Commencement exercises and for a week-end visit with the Cobbs.

When Mrs. McAtee left for her home in Henryetta, Oklahoma, on Monday morning, she was accompanied by Nancy Ann Cobb for a visit there, and she and Mrs. McAtee plan to go on to Fulton, Missouri, so as to be there on next Monday night and attend the graduating exercises at William Woods college, at which Janie Lee McAtee is to graduate and receive her degree.

Fresh and frozen fish, canned citrus juices and grapefruit sections are included in the April plentiful list of foods.

**DIXIE H. D. CLUB HAS ALL DAY MEETING**

The Dixie Home Demonstration Club met on May 18 in the home of Mrs. Lee Holden for an all-day meeting, and covered dish luncheon.

Program: Picture selection and arrangement for bedrooms was given by Mrs. T. D. Dunlap.

Mrs. Buel Draper and Mrs. Clifton Hamilton are to take training to make aluminum trays and report to the club.

Members are to bring to the next meeting shoe laces, tooth brushes, handkerchiefs, and tooth paste to be sent to Boys Ranch.

Mrs. E. J. Cooper was present as a new member. Other members present were Mesdames Clifton Hamilton, Elmer Sproles, Charlie Schulz, T. D. Dunlap, J. O. Allen, T. D. Lishman, and J. R. Dunlap.

Mrs. Lonnie King will be hostess to the next meeting at 2:30 p. m., June 1, in her home.

Mr. and Mrs. Harley Henderson and Mr. and Mrs. Frank Hill attended the funeral services of a cousin, James Doyle Howard, 21, son of Mr. and Mrs. O. S. Howard of Lubbock Saturday afternoon in the First Baptist Church, Lubbock. James Doyle turned over his car by hitting a soft shoulder Saturday night of last week in Columbia, Mississippi and died in a hospital in that city Tuesday night.

Theodore Roosevelt became president of the U. S. at 42 years of age.

Mesdames R. B. McCord and Hennerita Adams left Monday morning for Idaho Spring, Colorado to visit a month with Mr. and Mrs. Jim Looker. Mrs. Looker is remembered here as Lucille McCord, the daughter of Mrs. R. B. McCord.

**NOTICE BROWNIES**

There will be a weiner roast in Mrs. W. V. McElroy's, from 6:00 o'clock p. m. until 8:00 o'clock p. m., Tuesday, May 31, if weather is permitting.

TRY NEWS WANT ADS FOR RESULTS —

# Who said so? And why are they the most wonderful tires ever built?

For more than two years these great tires have dominated the automotive scene, written themselves into the design of the newer motor cars, fixed themselves in the enthusiasm of countless thousands of motorists.

What is all this? What's going on? Why should a couple of new tires create such a startling revolution? Why were they followed by a host of attempted imitations — why were they never successfully equalled or duplicated?

Yet here they are — just a couple of nice looking tires. What's inside of them? What do they do that other tires won't do? Why should you prefer them, insist on them, buy them? Why do millions insist on them and buy them?

**The answers are very simple**

The answer starts with the simple fact that they are the exclusive and original U. S. Royal "Air Ride" tires. They take more air than ever before because there's more air room inside them — yet they ride you and cushion you on less air pressure. That's point number one.

Point number two is that they steer magnificently, easier than former tires, because their treads were especially designed for steering. Their treads are for sure and easy steering as well as safety.

Point number three is that by combining lower air pressure and faultless steering you get a tire that provides complete vehicle control around the turns, in parking maneuvers, on the straight-a-way at any speed — yet they are tires that also ABSORB THE ROAD. They cushion you and your vehicle from every shock and discomfort. They are tires that pave their own highways as they go along.

**The difference between them**

What's the difference between these two U. S. Royal tires? The difference is quantity. You get a bigger tire in the Royal Master, one with much deeper tread rubber; one whose traction and stopping tread may be renewed by regrooving time and time again. And the U. S. Royal Master costs more because it's a bigger tire with a proportionately greater capacity and span of life. Both tires are the finest net value in the world.

They are not luxury tires. They are not cut-price tires. They are pure value — the greatest value in tire history.

## The tires that revolutionized automotive riding and driving

1. The tires that perform with more air and less air pressure
2. The tires that absorb the road they travel on
3. The tires that fully cushion every shock and road strain
4. The tires that radically influenced modern automotive engineering and design
5. The tires that have been copied and imitated but neither equalled or duplicated

6. The only tires of low air pressure with especially designed steering tread
7. The tires without any excess (lazy) rubber — run cooler and, therefore, wear much longer
8. The tires exactly designed to fit your present wheels
9. The tires chosen as original equipment on the finest of the new cars
10. The tires that make old cars feel like new

11. The tires that pay for themselves in pleasure, protection and long wear

These are the tires whose revolutionary qualities and sensational performance established today's highest standards of riding and driving comfort, safety and economy.

Sold by U. S. Royal Dealers everywhere at fair and stable prices representing the highest tire value in the world. You may act with complete confidence on these facts today or any day.

U. S. ROYAL DEALERS ARE RIGHT IN YOUR OWN NEIGHBORHOOD—READY TO SERVE YOU

TAHOKA, TEXAS

### A. E. Ware's Mother Dies In Oklahoma

A. E. Ware left here Sunday evening and caught a plane at Lubbock at 6:05 o'clock for Stillwater, Oklahoma, on account of the critical condition of his mother at that place, Mrs. Mattie E. Ware. In fact the plane had been sent to Lubbock to pick him up there. His mother lived until soon after noon Monday, and her son had arrived, therefore, several hours before her death. Had she lived until June 10, she would have been 90 years old.

Mr. Ware's sister is secretary to the President of the Oklahoma A. & M. College at Stillwater and she had made arrangements for a college plane to be sent for Mr. Ware when his mother's condition should become very critical.

Funeral services were conducted at Stillwater at 2:30 o'clock Wednesday afternoon, and Mr. Ware was expected to return to Tahoka Friday or Saturday.

### Dwight's Brother Dies In Shawnee

C. C. Dwight received a communication Tuesday afternoon telling him of the death of his brother, T. A. Dwight, 65, whose dead body was found in bed in his home in Shawnee, Oklahoma, last Friday morning. Death was attributed to a probable attack of heart trouble.

Funeral services were held in Shawnee on Saturday, and Mr. Dwight received no word of the death until Tuesday. The only explanation he had was contained in a letter from his sister, who thought that some other member of the family had notified him. There seemed to be some doubt as to the cause of the man's death. He is the same brother of C. C. who was beaten unconscious and robbed in his place of business late one evening a few months ago. He operated a fruit stand in Shawnee.

A native of Jack county, Texas, he had lived and conducted his business in Shawnee for more than 25 years. He leaves a wife and several children, also two sisters, one living at Meeker, 20 miles distant from Shawnee, and one who lives in New Mexico. C. C. of Tahoka was the only brother.

### Relative Of Tahoka People Takes Life

Mr. and Mrs. W. A. Reddell were called to Hedley, Hall county, last Sunday morning by the tragic death of U. G. Key of that place, father-in-law of their son, D. F. Reddell. Mr. Key, more than 80 years of age, had taken his own life Saturday morning by shooting himself through the body with a shotgun.

A farmer by occupation, he had led a very active life until recently, when cancer of the stomach developed. Thoroughly incapacitated by the inroads of the disease he had become very despondent and sat and brooded, seemingly, most of the time. His dead body was discovered Saturday morning by his aged companion.

Funeral services were not to be conducted until Monday and so Mr. and Mrs. Reddell could not remain for the funeral; they returned home Sunday night.

D. F. and his wife now reside in Dallas. He has employment with the Southwestern-Bell Telephone Company there.

### WARRICKS MOVE BACK

Mr. and Mrs. J. W. Warrick, long-time citizens of Lynn county, who moved to Oklahoma several years ago and from there to San Benito in the Lower Rio Grande Valley about two years ago, have just moved back to his farm in the Grassland community and will doubtless spend most of his time from here on out among his friends and neighbors of other days.

Mr. Warrick says, however, that the contrast at the present time between the crops in the Valley and those in Lynn county is very striking. Cotton down there is more than knee high and is already fruiting. Arriving here, he found that they were just now planting the crops. Guess he wasn't too much surprised, however, for he must have farmed here some fifteen or twenty years. Glad to have him and his good wife back.

Get Your Merchant Sales Pad Today At The News Office.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 8:30. Members urged to attend. Visitors welcome. SUEL DRAPER, W. M. H. G. HODGES, Secretary.

METHODISTS CALL BAPTIST  
PASTOR FOR ONE DAY

Rev. John W. Hawkins, pastor of the Draw Methodist Church, passed through Tahoka two or three days ago on his way to the big Northwest Texas Conference at Amarillo and stopped a minute at the News office to leave the editor a note. Here

is what he said, in part, in the note:

"Brother Hugh Isbell, a Baptist preacher, is to fill my pulpit here next Sunday morning and evening. I will be away at Conference. To make it all perfectly orthodox from the Methodist standpoint, I 'appointed' him to preach; and then

that there might be no theological hesitancy on his part, the Methodists here 'called' him for that day. So he comes duly 'appointed' and 'called,' Brother Hawkins notes.

Now, Hugh, don't you go down there to Draw and lead those Methodists astray and immerse a lot of them while their pastor is not looking. You preach 'em a good old shoutin' Methodist sermon, and if any of them want to be sprinkled you just pour it onto them.

Brother Hawkins also left us a Bulletin issued by his Church last Sunday, and from it we glean the following interesting facts.

This is Hawkins speaking:

Last year we reported on the church roll: 83 active and 39 inactive members; this year we show 90 active members and 26 inactive.

Our Sunday School Enrollment last year was 103, with average attendance of 47. This year the enrollment is 138, and average attendance 65 plus.

The W. S. C. S. with 17 members reports \$173 for local work and \$392 for connectional work.

The Church has paid for improvement on building \$498; local current expenses, \$638. We have paid the salaries in full; Pastor \$2,000, District Superintendent \$220, stipendiary preachers \$220, Bishops \$30, World Service Claims, Wesley Foundation \$183, Orphans Home \$117, Methodist Camp Ground a Ceta Canyon \$131, and other small items, making a total of \$5,412 paid out.

## SPECIAL MISSIONARY SERVICES

Rev. Floyd Thomas, Veteran Missionary, from Gold Coast, West Africa, will be speaking at the Assembly of God Church, next Monday and Tuesday nights, May 30th and 31st. Services will begin each evening at 8:15.

You are invited to attend. —H. C. Lomis, pastor.

Silver is the best conductor of electricity among the metals.

Gyroscopes are used to stabilize ships.

CLINIC FOR CEREBRAL PALSID  
CHILDREN ANNOUNCED

A clinic for the examination of cerebral palsied children will be held Monday, June 13 at the Cerebral Palsy Treatment Center, 1317 Tenth Street, Lubbock.

Two orthopedic specialists, Dr. E. T. Driscoll, Plainview and Dr. Charles B. Sadler, Amarillo, will be present to examine patients.

Cerebral palsy is some times referred to as spastic paralysis or birth injury and may be evidenced by the child's inability to sit alone, alone, walk or hold objects at the age these things are accomplished by the average child. Research has shown that treatment is most effective if started within the first few months of the child's life although children respond to treatment begun at a much later age.

Parents planning to bring children to the clinic are requested to register the children at the Center prior to the date of the clinic. Information regarding the clinic may be obtained by writing Dr. Esther Snell, Director, or calling Lubbock 6541.

#### SENIOR GIRLS ENJOY LUNCHEON PARTY

Twelve girls, members of the Senior class of the Tahoka High school, on Tuesday of last week enjoyed a luncheon and spent the day in the home of one of their number, Sue Carpenter.

For diversion, they indulged in singing, kodaking, and the playing of games.

The party consisted of Nancy Cobb, Nancy Gill, Wanda Faye Smith, Lola Sue Ramsey, Myra Holcomb, Joan Slover, Margaret Durham, Jan Edwards, Bennie Pridmore, Marilyn Fuller, Mary Draper, and the hostess, Sue Carpenter.

#### ATTEND FUNERAL AT GEORGE WEST

Mrs. Fred Lambert and her mother, Mrs. McMillan, left here at an early hour Sunday morning and drove to George West, situated in Live Oak county, between San Antonio and Corpus Christi, to attend funeral services for Edwin Foster, 52, brother of Mrs. McMillan and uncle of Mrs. Lambert, who had died at George West on Friday night.

The services were conducted in the First Baptist Church there at 2:00 o'clock Sunday afternoon.

The two ladies started back to Tahoka early Sunday night and arrived here at about 7:00 o'clock the next morning.

#### WHY "GET UP" AT NIGHTS?

It's not necessary. Use the ph. of the fluid in your bladder with CIT-ROS. Reduces the urge of irregular elimination. Get rid of backache, burning, bearing-down pains. CIT-ROS will do the job safely, relieves back pains quickly, soreness in the back vanishes. \$1.00 at your druggist. For sale by

#### MARTHA SHERROD CLASS HONORS MOTHERS

Meeting in the Reception Room of the First Baptist Church Tuesday evening, the Martha Sherrod class honored the T. E. L. class and other invited guests with a Mother's Day program.

Each guest was greeted, given a corsage, and then escorted to the refreshment table where she was served punch, cookies, and mints by Mesdames Terry Noble, Borden Davis, and Jewell Connolly. The lace-covered table was centered with a bowl of Spring flowers. Other flowers and roses decorated the room.

Mrs. C. T. Aly was in charge of the program, which included the song, "Living for Jesus," a prayer by the pastor, and a welcome by Mrs. Borden Davis, Class President. Each member then introduced her guest.

Mrs. J. F. Toler brought the devotion from Proverbs 31. Miss Robbie Milliken sang "How Tedious and Tasteless the Hours." Led by Mrs. Aly the group joined in singing "Faith of Our Fathers," and "Love's Old Sweet Song."

Mrs. Beulah Pridmore gave "A Little Parable for Mothers," and a pantomime, "Memories," was given by Mrs. N. E. Wood as the "Elderly Lady" in her rocker. Mrs. Garland Pennington as Reader, and Mrs. K. R. Durham and Miss Robbie Milliken, who gave two vocal duets. Mrs. W. P. Hutchison played the piano accompaniment throughout the evening.

The closing prayer was by Mrs. Aly.

The following members and guests attended this delightful program: Rev. and Mrs. C. T. Aly, Misses Lola McWhirter and Robbie Milliken, and Mesdames Garland Pennington, Beulah Pridmore, N. E. Wood, K. R. Durham, W. P. Hutchison, L. M. Nordsyke, W. A. Reddell, M. H. Bragher, Willis Pennington, O. A. Crotwell, J. F. Toler, Cody Bragg, H. R. Tankersley, Jewell Connolly, Borden Davis, Terry Noble, J. L. Jolly, Jewell Johnson, J. W. Lowrey, Beula Atkins, C. T. Tankersley, Maude Bledsoe, S. J. Cowart, D. J. Pennington, H. W. Pennington, Alice Fortenberry, R. C. Forrester, B. P. Maddox, H. P. Caveness, J. L. Reese, E. I. Hill, C. J. Carpenter, E. J. Cooper, and Claude Harper.

#### ATTENDS GRAND TEMPLE OF PYTHIAN SISTERS

Mrs. Millie Hill, Past Chief, represented Lynn Temple No. 45, Pythian Sisters of Tahoka, at the Grand Temple meeting in Beaumont last week.

The meeting was held jointly with the Grand Lodge Knights of Pythians of Texas, who were in their 76th convention. Mrs. Alice Cherb, Grand Chief, of Amarillo was in charge.

Tahoka did not get any prizes in the various contests but sent a good report and won second place in the scrap book contest. Mrs. Hill served on the Endowment Committee.

Mrs. Hattie Server Short, former Most Excellent Chief of Lynn Temple in Tahoka but now living in Port Arthur, attended some of the sessions.

#### CHESTNUTTS VISIT AT MOUNT PLEASANT

Mr. and Mrs. G. H. Chestnutt visited relatives at Mt. Pleasant last week, coming home Friday. They accompanied Mr. Chestnutt's brother, Dick Chestnutt, who was here from California for a visit. After returning from Mt. Pleasant, the California brother remained here until Tuesday morning of this week, when he started on the return trip to the California metropolis.

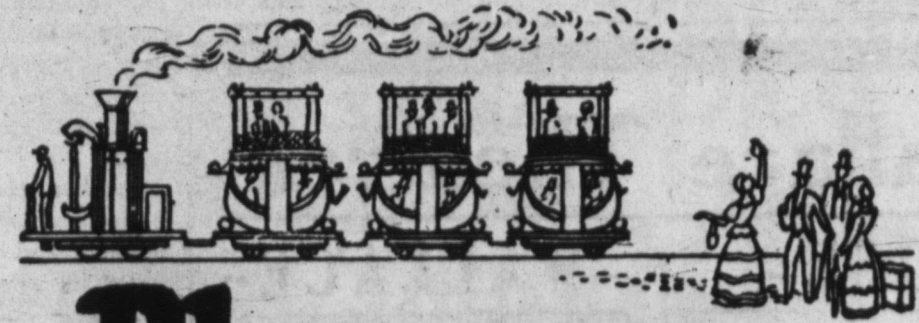

When repairing leather articles, such as jackets, belts, handbags, straps or brief cases, soft leather is easy to sew on the machine, but thick or hard leather must be sewed by hand.

The C. E. McKingats of Plainview visited Mr. and Mrs. Lloyd Nowlin and other friends here last Saturday. Mr. McKnight was formerly manager of the Farmers Co-op Gin here.

Prevent the destruction of eggs. Never stand eggs on the large end. Keep the small end down and the large end up when packing eggs.

Open egg cases carefully . . . use care in removing fillers . . . place flats and fillers . . . drop cases . . . and make every

case go one more trip. Macaroni is made from wheat paste rolled into long tubes.

## Plan now to visit Railroad Fair in Chicago

## When you gotta stop -you wanta stop!

"I can stop on a dime," the salesman promised you, "—and leave nine cents change!"

And your Buick did—when it was new and brake linings unworn and everything factory-tight and fresh.

But brake linings wear—lights grow dim with time—tires can lose their bite and traction.

And with a whole summer's driving ahead, what better time than this to bring your Buick back to new-car peak in all those details that mean so much to safety?

Our men, trained in Buick ways, will give you brakes that stop you as Buicks should, with new brake linings that are right in size and brake drums turned to perfect round.

They can replace sealed-beam headlights to give you new-bulb brilliance—and while they're at it, check battery, voltage, wiring and headlamp aim to boot.

They'll check tires, switch them as needed, look into wheel alignment for easy steering.

In a word, they'll renew your Buick with the same care and interest they would lavish on their own—and do it at no greater cost than for just ordinary service.

So drop in. Get set for some summer fun that's up to lively Buick standard.

#### Check your car— Check accidents!

Three great service and safety organizations across the country are alerting car-owners everywhere this month on safety-checking their cars.

They list ten vital question marks for you to think about—How are your Brakes? Lights? Tires? Steering? Wheel alignment? Defective glass? Rear-view mirror? Muffler? Windshield wipers? Horn?

Be sure your family rides in safety—ask your Buick service man to look over these check-points this month—and join the great drive for driving safety!

## No Mass Production Here!

Each and every prescription that is brought into our laboratory presents a new and exacting task to our pharmacists. A task which in its performance demands careful and painstaking accuracy in every step of the compounding operations. It is because prescription medicine depends upon such high precision for its effectiveness, that there can be no "mass production" here. Every prescription must—and does—receive the undivided attention of a skilled pharmacist. It's "hand-made" to the exact specifications your doctor's diagnosis determines for your individual conditions and needs.

(Cont'd from front page)  
Report and the Laymen's Activities.  
Some facts and figures about the Northwest Texas Conference which may not be generally known are here given.

The conference is composed of nine districts. There are 243 pastoral charges with 88,848 members.

All traveling preachers in full connection, including the active, supernumerary, and supernumerary, and one elected lay delegate from each pastoral charge make up the membership of the Conference.

The properties of the Church

within the Conference are valued at \$9,972,994. The amount raised for all purposes last year was \$3,319,445.

Bishop William C. Martin is presiding over the Conference. The nine district superintendents constitute his cabinet, and before this body much of the work of the Conference passes in review. The making of the appointments is one of the responsibilities of the Cabinet.

It is presumed that the appointments for the ensuing year will be announced Sunday and will probably be broadcast over the radio that afternoon or night and most assuredly will be published in the early Monday morning newspapers.

## House Cleaning Time is Fire Prevention Time!

### Protect Your Home From Fire

Safeguard your family by eliminating fire hazards in your home. Remove rubbish from basement and closets and replace damaged electrical cords. Bake leaves from around foundations and from under porches. Spend a few spare hours to make your home "Fire-Safe".

## Congratulations:

To Mr. and Mrs. Burt Stephens upon the birth of a son, Mark, in a Lubbock hospital Monday, May 1, whose advent we failed to note last week. They spent a few days with her parents, Mr. and Mrs. M. K. Simpson in Lubbock, before returning to Tahoka.

We were unable to find but one infant newcomer to Tahoka at the hospitals here this week, a cute little Spanish-American youngster born to Antonio Riboz and his wife at 4:45 p. m. Sunday. He weighed 7 pounds and 4 ounces and has been named Placido, or some such combination of sounds and letters.

nation of sounds and letters.

Mrs. A. J. Kaddatz is rejoicing this week over the birth of a little grandson on Monday of this week in far-away Portland, Oregon. The little fellow is the son of Mr. and Mrs. Q. F. Heff, the mother being the former Claudine Estes of Tahoka, daughter of Mrs. Kaddatz. Born at 12:35 a. m. Monday, the youngster weighed 6 pounds and 6 ounces. His parents have been living in Portland for about four years. The mother has many friends and acquaintances here.

### LOCAL COMMITTEEMEN TO SET ALLOTMENTS

If acreage allotments and marketing quotas become necessary next year for cotton and wheat, the individual farm allotments will be set by the local farmer committees, according to B. F. Vance, chairman of the Texas Production and Marketing Administration Committee. This is a vital point in the Nation's agriculture program, the chairman emphasizes.

He points out that when farmers are producing more of a commodity than can be marketed and ample reserves have been built up, they know that adjustments should be made. But as individual farmers they are helpless in making necessary adjustments. Each farm has been laid out to grow particular crops. Machinery has been accumulated to grow these crops. On most farms it is not possible for the farmer to shift his entire farm from one crop to another.

Farmers are aware of this but without a farm program which provides a means for unified action there is no means for assuring desired results. Under the program the acreage that is needed to assure abundance without wasteful surpluses is divided equitably among the farmers of a community, a county and the county as a whole.

"And no one is better able to set up the individual allotments for a farm," the chairman states, "than the elected committeemen. They are farmers. They know the problems confronting their neighbors. They are elected each year. The farmers affected by the allotments they set are the ones who elect them. And no one can impose marketing quotas upon farmers. The law requires that two-thirds of the farmers voting in an announced referendum must approve marketing quotas before they can be put into effect."

### OLD HANKINS NORMAL REUNION IS PLANNED

Ex-students of the old Hankins Normal College once operated at Gorman will hold their annual reunion on May 9 in the Frank A. Gray Memorial Park in that city, according to Walter Anglin, who attended the institution in the days of his young manhood.

An all day program is planned, with "dinner on the grounds."

### CARD OF THANKS

We wish to express our thanks and appreciation to the many friends who comforted us during the illness and following the death of our wife and mother. Especially do we thank the doctors and nurses, who were so kind; also we are thankful for the many beautiful flowers and the good food which was brought. Also we wish to thank Brother Holcomb for the message.

—W. H. Hedge and family.

## TAHOKA, TEXAS

## BAPTIST REPORT ON SOUTHERN BAPTIST CONVENTION

Tahoka Baptists who attended a major portion of the meetings of the Southern Baptist Convention held in Oklahoma City last week made reports to the Church last Sunday evening.

Mrs. C. T. Aly made a very interesting report to the Adult Baptist Training Union and Dr. K. R. Durham made a report, also very interesting, to the church just preceding the preaching service.

Other Tahoka Baptists who attended the convention were the pastor, Rev. C. T. Aly; the secretary, Mrs. Ed Lambert; and Mrs. K. R. Durham.

This being the first time Dr. Durham had attended a South-wide Baptist convention, he was struck with the immensity of it. Crowds of ten thousand and more were larger than any he had been accustomed to seeing down here in Texas. In fact there was no auditorium in the city large enough to seat the messengers that came from all over the South and other parts of our country, and the Doctor mentioned a few who were there from European countries.

In fact the crowds attending these annual conventions have become so large in recent years that the Convention in Oklahoma City accepted an invitation to meet in Chicago next year.

This decision, however, was prompted not only by the immensity of the Convention but also, no doubt, by the new policy respecting its limitations which was adopted by the convention. By a sort of "gentlemen's agreement," the boundaries of the Southern Baptist Convention have been confined heretofore, not rigidly but rather effectively, to about eighteen Southern and Southwestern states. Many Southern Baptists have been smarting for years under these limitations, and many churches holding rigidly to the doctrine held by Southern Baptists have been established in a number of other states, notably Kansas, Arizona, California, Oregon, and Washington.

At the Oklahoma City convention, Southern Baptists abolished all boundaries and declared it to be their purpose to carry on their work hereafter without regard to geographical limitations. This will

doubtless prove to be epoch-making in the history to the Baptist denomination. Hereafter, they will feel free to invade the states of the North, the East and West in the proclamation of the Gospel of Christ as they believe it and interpret it here in the South, and to establish churches wherever conditions seem favorable. For years, churches in southern Illinois, Arizona, and southern California have been affiliating with the Southern Baptist Convention, and recently these have greatly increased. In fact, Southern Baptists in California two or three years ago established a seminary at Berkeley on the outskirts of San Francisco, and it has grown and prospered greatly.

At Oklahoma City last week messengers from churches in Kansas, Oregon, and Washington, were admitted into the Southern Convention.

The Convention Authorities not only decided that the Convention should meet in Chicago next year but that it should meet in San Francisco the year following.

Since Southern Baptists claim a membership of more than six million and Northern Baptists a membership of only one and a half million or thereabout, Southern Baptists came to feel their work should not be limited to the Southern and Southwestern states. Hence, the revolutionary action taken at Oklahoma City last week, it is believed, will prove to be epochal.

Of course, Northern Baptists will construe this action as an invitation to likewise invade the South, and they may do so. These invasions of each branch of the denomination into the territory of the other might militate in the long-run to a merging of the two branches throughout the country; which many members think would be desirable.

There are some differences, however, that stand in the way of such a merger. Many if not practically all Northern Baptist churches practice, "open communion." Southern Baptists generally are "close" communists. Many Northern Baptist churches also have been deeply affected with the "virus" of "Modernism" or "Higher Criticism," which reject the doctrine of the Virgin Birth, miracles, and so forth. At the same time they have lost much of the evangelistic spirit, and Southern Baptists believe that is the main reason they are growing so slowly. It also affords the reason for Southern Baptists to invade so-called Northern Baptist territory.

## FAMOUS PSYCHOLOGIST HERE NEXT WEEK

Starting Sunday, KIRMA, internationally famous psychologist and mentalist, will appear on the stage of the Rose Theatre all next week.

According to the management of the Rose, KIRMA will present one of the most amazing demonstrations in mental telepathy and psychology ever presented on the American stage. His audience will be invited to concentrate their minds on problems of love, business, health, etc., and KIRMA will answer them.

During KIRMA's demonstrations he will not refer to persons by their full names, and personal questions will be answered in a manner so that only the person thinking of the question will understand his answer. There will be no charge whatever connected with KIRMA's advice upon your various problems.

KIRMA is considered one of the world's greatest exponents in his field of mental science. He will appear on the stage once nightly all next week, and will get aside a special performance for ladies only on Friday afternoon in which he will answer questions of a personal and delicate nature for women only.

## Hail Insurance

Farmers insure your cotton with Panhandle Mutual Hail Association, a Home Company 21 years old with over \$222,000.00 Reserve. Losses paid to farmers in 1947 and 1948 over one million dollars (\$1,000,000).

Our Policies are Full coverage with no Deductible.

Will appreciate your business.

## Lynn County News

Tahoka, Lynn County, Texas  
E. I. Hill, Editor  
Frank P. Hill, Associate Editor

Entered as second class matter at the post office at Tahoka, Texas, under the act of March 3rd, 1879.

### NOTICE TO THE PUBLIC:

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The Lynn County News will be gladly corrected when called to our attention.

### SUBSCRIPTION RATES

Lynn or Adjoining Counties:  
Per Year \$2.00  
Elsewhere, Per Year \$2.50  
Advertising Rates on Application.

### MINUTE PRESS ASSOCIATION

We may be sticking our neck out, for we do not claim to know much about the proposed Brannan farm program. Neither have we studied closely the programs of other Secretaries of Agriculture for several years. But we do believe that any program that plays into the hands of the large-scale farmer to the detriment of the little home-owner is unjust to the little man and harmful to the country as a whole in the long run. That policy has almost completely put the renter out of business and driven him to town to make his living by other means or to become an old-age pensioner. It has also put a premium on large-scale farming and has in effect granted subsidies to the big fellow out of all proportion to the benefits accorded to the 160-acre man who struggles along year after year to make a living for his family and possibly a little extra savings for a rainy day, or for a drouthy year rather. The ideal situation, we think, is for our country to become a land of prosperous home owners and not of large-scale agricultural speculators.

dog and how she came in possession of the little animal reminds us of the change that has come over this country during the past twenty-five years. Less than twenty-five years ago, prairie dog colonies were to be found every where on the range and the ranches of Lynn county. There were thousands and thousands of them in the county. Now we do not know of a single prairie-dog town or colony in the county. There may be a few of the cute but pestiferous little animals left over among the sand dunes in the west and southwest portion of the county, but we have not heard of any over there even in recent years. The buffalo, the Spanish ponies, the long-horn cattle, and "the law west of the Pecos" have long since vanished, and now the prairie dog and the ground squirrel have likewise gone the way of all flesh. And the "prairie schooner"—well it is only a memory of the long-lost past. A few more years and most of us will be gone too. Such is life—and progress.

There seems to have been unusual activity lately on the part of local officers and state officers acting under the liquor control board in running down whiskey runners and bootleggers in Lubbock and Crosby counties. Possibly the same increased activity in apparent in other counties also, but there has been much publicity given to recent activities in Lubbock and Crosby. We hope the officers keep this up. The laziness, indifference, or inexcusable neglect of officers to do their duty is responsible for most of the bootlegging in dry territory in this state.

### Odds & Ends

(By E. I. The Elder)

This is the period of hail storms on the Plains. May probably brings more of them than any other month. They have already been striking hard in many places in this area recently. But usually they are more destructive in the mid-summer, when crops are growing in the fields. They offer one of the gravest threats to the Plains farmer.

Sometimes they are so severe as to knock holes in roofs and car tops and to kill chickens and young calves, in addition to the damage done to crops. Occasionally people get caught out in one and get a terrific pounding.

The most destructive hail storm that we ever heard or read about, however, was one that destroyed an army—an army that had already been whipped. Never heard of it? Well, it is recorded in one of the most interesting history books you ever read. Turn to the 10th chapter of the book of Joshua and there you will find it. It made complete the victory which General Joshua and his army of untrained soldiers had won over five Amorite kings and their combined forces of rugged

mountaineers who undertook to stop Joshua and the Israelites in their conquest of the "Promised Land." This battle has been pronounced by many scholars as one of the decisive battles of the world.

Joshua through a miracle that astounded the natives, had led his army across the Jordan River, usually flush and impassable at that season of the year and had dramatically captured and destroyed in quick succession, the walled cities of Jericho and Ai, important strongholds of the Canaanites. He and his army had then camped at Gilgal, presumably for a few days rest before continuing the conquest. The natives all over the country, however, were becoming jittery. The city of Gibeon, up on the cap rock, sent messengers down to Joshua at Gilgal to effect a treaty of peace with him in order to avert an attack upon that city. It amounted in effect to a surrender.

When the old heathen Amorite king up at Jerusalem heard about it, it almost scared him to death. He sent out and got four other Amorite kings whose realms lay principally in the mountains and highlands in the southern portion of the Land of Canaan to join him in a whirlwind attack on Gibeon for the purpose of punishing it and arresting the menacing aggressions of Joshua. So having gathered their armies together—tough fighters, all of them, from the hill country they marched upon Gibeon. Camping outside its walls, they began their siege. So, the Gibeonites were now having another scare. They sent out an SOS call to General Joshua—told him they had to have help and for him to come quickly.

Joshua was a regular Stonewall Jackson for striking quick and hard. Guess he ordered his trumpeters to sound out a long loud blast with their rams' horns and the soldiers sprang to their feet and were off. All night long they were on the march, scaling the cliffs and climbing the long slopes that led up to Gibeon. They might have ar-

rived about the time the Amorites were taking breakfast. At any rate it was a surprise attack; and, as the writer of the book of Joshua expressed it, "The Lord Discomfited them (the Amorites) before Israel and slew them with a great slaughter at Gibeon, and chased them along the way that goeth up to Beth-Horon, and smote them to Azekah

### Can Black-Draught Help That Dull, Dopey Feeling?

Yes, Black-Draught may help that dull, dopey feeling if the only reason you feel that way is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental listlessness, bad breath—and if these symptoms are due only to constipation—then see what Black-Draught may do for you. Get a package today.

### Baptist Notes

Rev. Jimmy Bolton, recent pastor of the Baptist Church at Round Rock, filled the pulpit at the Baptist Church here last Sunday evening. He is on the point of leaving for Juneau, Alaska, where he is to begin work as missionary under the sponsorship of the Brownfield Association, and he has been visiting the churches of this association the past few weeks in order to get acquainted with the members of the churches which are to pay the major part of his salary. He made a splendid impression upon those who heard him here Sunday night. He prefaced his sermon with a brief statement respecting Juneau and Alaska. Juneau, the capital of Alaska, is a city of about 7,000 people, with practically no religious activity there at all. A little Baptist church has been organized there with nine members. That will afford the nucleus of the base of his missionary efforts.

On Tuesday night, the Brotherhood had its regular meeting. The number present was disappointingly small, but a good program was given under the direction of Rev. C. T. Aiy. A heavy meal was served, but Dr. K. R. Durham, the president, announced that doughnuts and ice cream would constitute the refreshments at the next meeting.

Preparations for the Vacation Bible School to be held next week are being made. To provide facilities for this work, the church last week bought 150 folding chairs. The seats in the basement rooms are being taken up and stored in the building temporarily to make room for the moveable chairs. These seats will probably be used later in mission work.

### "Timely Tips"

1. Plentiful foods during April are: Eggs, spinach, carrots, potatoes, onions, dried peas and beans.
2. Plentiful foods are usually cheaper. Plan to use them often during the month.
3. Potato skins is a great protection against the loss of food value in cooking. This isn't true with the carrot skin.
4. If you want to serve potatoes without the skin remove it after cooking.
5. Some homemakers do leave the skin on carrots, especially if they are young small and tender.
6. Mature, stored carrots, on the other hand, may be more appetizing if peeled before cooking.
7. Use cheese often instead of meat for at least one meal of the day.

### ODDS & ENDS

(Cont'd. from Editorial page)  
from heaven upon them unto Azekah, and they died; they were more which died with hailstones than they whom the children of Israel slew with the sword."

Joshua was one of the great generals of his era. Or course they had primitive weapons with which to fight in those days but he exemplified the qualities and characteristics that would make a great general in any day, whatever the weapons of warfare might be. And he had one qualification that most military leaders do not seem to have. Although he was the head of his army, he had a Commander-in-chief. That Commander was Jehovah, the Lord God of Hosts.

The book of Joshua is filled with thrilling historical stories. Most of them we are told, have been verified in all their essential parts, in comparatively recent years by excavations made by archeologists and other seekers of the truth. There are miracles recorded which seem absurd from the scientific stand-

point and which many scientists reject in toto, which others undertake to explain as resulting from natural causes, and which still others accept as being merely the handiwork of a Creator who made and governs the universe and all its operations. Whatever view may be taken of these matters, the Book of Joshua is a great literary production. If it is authentic history, neither Gibbon nor Hume, nor Green, nor Bancroft, nor MacMaster, nor Prescott ever wrote a more thrilling one. If it is merely fiction mixed with fact, neither Rudyard Kipling nor O. Henry ever wrote a story that could match this one.

We would not dare in the least degree to criticize the ways of Providence but we can not help but wish that the Lord of Hosts had pelted the armies of Hitler to death with hail when he and they started out to conquer the world or a major portion of it, and that he had rained hail on the armies of the war-mongers of Japan when they started out to lick the United States. That would have saved the lives of thousands of our young

men and would also have saved us the unpleasant task of dropping a couple of atomic bombs on Japan. Any way we hope that the hailstones that He drops on the Plains this summer will not be too large, nor too numerous.

### CARD OF THANKS

We want to take this means in thanking each of you for the many nice things you have done for our father and for the nice lunches, flowers, and words of comfort. Friends like these can't be forgotten. —The N. B. Brower families.

Cooked oatmeal may go into almost any meat loaf in place of

bread, cracker crumbs or other cereal. Also, oatmeal porridge left from breakfast may be used thriftily in meat loaf for lunch or supper.
