

ODDS AND ENDS

(By E. I. The Elder)

Last week, in writing that story about Ruth the Moabitess, I got interested in Moab itself. If I ever move away from Texas, I think I will locate in that wonderful coun-

try. Now I do not have any real estate over there to sell nor have I yet been employed as a publicity agent for any chamber of commerce that may exist within the confines of that ancient state. In fact the state of Moab no longer exists. It closed up and went out of business many years ago; but the land and the water, the grass and the goats, the mountains and the gorges, old Mt. Nebo and the bleak Dead Sea are all still there. I am told. One still may have the privilege of climbing to the top of the big hill, if he has a couple of good legs and plenty of spare time, and taking a long look over into the "Promised Land."

As for the free and independent state of Moab, it almost proved to be a Methuselah among the nations of antiquity, at least in so far as longevity is concerned. It lived and carried on for more than a thousand years, in fact, before being crushed by stronger nations. But while Moab was a land of marvelous beauty and great fertility, it had a wretched history. It was born in iniquity, if a nation ever was, and it died a dishonorable death; and the life it lived between its birth and

its death was dark and devious almost every step of the way. During that long span of more than a thousand years, it made practically no improvement in morals, in learning, in intelligence, or in conduct. It was as incorrigible as the Comanche Indians of Texas and far more ignorant, and cruel.

That a sweet, noble character like Ruth could be reared up in an environment like that is little short of a miracle. It can be accounted for only on the ground that the great Supreme Being was keeping His eye on the sparrow and working out his purposes among men in spite of their wickedness.

You may not be much interested in a people that lived so long ago, but they have their counterpart among some of the so-called great modern nations and especially among heathen peoples who yet live in almost all parts of the world, including a few in our own country. We do not know of any other nation, however, past or present except the Ammonites, that had its origin in so putrid and stinking a cess-pool of moral perversion and depravity as that in which the Moabite tribe was born. Here is the Biblical story.

Lot, the nephew of Abraham, moved with his family into Sodom, a city situated in the basin of the Dead Sea, a city so corrupt that God destroyed it with fire and brimstone. Lot and his wife and two daughters had themselves been contaminated by the corruption of the city, but they were warned and were permitted to escape before the city was destroyed. The wife looked back longingly no doubt, and as a punishment she was turned into a pillar of salt. Lot and his two daughters first took refuge in Zoar but became frightened and fled to the mountains east of the Dead Sea. There they lodged in a cave, and there the two daughters had immoral relations with their own father. The oldest daughter became the mother of a child, "and she called his name Moab; the same is the father of the Moabites unto this day." Moses wrote in the book of Genesis. And then he added: "And the younger, she also bore a son, and called his name Benammi; the same is the father of the children of Ammon (the Ammonites) unto this day."

So that is the origin of the Moabite and the Ammonite nations.

In the second place, Lot and his daughters seem to have emerged from Sodom as incurable idol-worshippers, or the equivalent—worshippers of false gods; and their descendants followed them into the deepest depths of idolatry and heathenism. Chemosh was their chief god; and they must have imagined him to be a very immoral, corrupt, and cruel being, for they often sought to appease his fancied wrath by offering to him as a living sacrifice some child or even some grown-up person by burning the victim to death in a fire built on some altar.

One notable instance is related in the Bible. About the year 896 B.C.—which seems to have been just 1001 years after Lot and his daughter founded the tribe, and 450 years or more after Ruth was born, a savage named Mesha was the king of the Moabites. With some reason for it, he had been a bitter enemy of the Israelites. In fact, he and his predecessors on the throne had waged several wars with the Israelites. He and his Moabite

EDITORIALS

So Eisenhower's hat is in the ring. He did not hurl it into the ring himself. Senator Henry Cabot Lodge of Massachusetts did the tossing; and though it was sailed into the ring gracefully, it caused a terrible noise when it hit the ground. To Senator Taft of Ohio it must have sounded some what like the bursting of an atomic bomb. It must have caused a terrible shock to his friends and supporters also. Nearly all the Republican pie-eaters and pie-hunters had already lined up for Taft. It is believed that a great major-

ity of the Republican masses, however, will board the Eisenhower band wagon. But whether or not they can gain control of the party machinery and the party convention and name Ike as the Republican nominee yet remains to be determined. Delegates to the national conventions, Democratic and Republican, are not chosen by the masses, as a rule, but by a few political maneuverers. Up to now, the Taft maneuverers have been having everything their way. It will take a great uprising of the masses to scotch the Taft machinery and nominate Eisenhower. If the Republican convention should turn Eisenhower down in favor of Taft, there would doubtless be a great flood of protest and resentment against its action, however. The Republican politicians may foresee that and switch gradually from Taft to Eisenhower. But if they should refuse to switch and should nominate Taft, then, under these circumstances, it would be very difficult for Taft to win over Truman. With Eisenhower as the Republican nominee he would be almost sure to win over Truman or any other candidate the Democrats might put up. So, Republican politicians who believe in "safety first" may yet go to the Republican convention whopping it up for Eisenhower. Time will tell.

Charles W. Roberts, editor of the Andrews County News, was a visitor in Tahoka Saturday afternoon, and he stated to the senior editor of this paper that he is thinking strongly of becoming a candidate for representative in the legislature from this new representative district for the term beginning in January, 1953.

Mr. Roberts has been editor of the Andrews County paper for many years, and during that time he has served three terms as county judge of Andrews county. If he should become a candidate for Representative in the legislature, of course we will give a more lengthy and detailed statement respecting his qualifications for the office which he seeks. As a newspaper man we have known him for a long time, and it is sufficient to say now that he is a good newspaper man and a capable and likeable fellow. We have no information whatever as to whether or not there will be other candidates for this position, but if so, we will probably be hearing from them soon. At this time we wish to remind the readers of The News that this is a new Representative district created by the legislature during its session last spring. It is composed of four counties: Andrews, Gaines, Dawson, and Lynn. Its number is 99, a number which

Of course the Moabites had witnessed many another human sacrifice to their fire-god, for such sacrifices had been made by them and their ancestors, as occasion demanded from their viewpoint during the entire thousand years of their history. Furthermore it should be stated in justice to them that they were not the only pagan people.

will be easy for everybody to remember. The present district, created in 1921, and containing all of the above-named counties except Andrews, is No. 119, and is composed of nine counties: Gaines, Dawson, Lynn, Terry, Yoakum, Cochran, Hockley, Lubbock, and Crosby. Under a constitutional amendment adopted in 1948 creating a board to redistrict the state in the event that the legislature should fail to do so following each decennial census, the legislature was compelled to redistrict the state into new legislative districts in 1951 or see the job done by this board. Andrews county for the past thirty years up till the end of this year, has been and is included in the 88th Representative district, which consists of 11 counties, Midland and Odessa both being in that district.

Under the new law, the districts in this area will be constituted as follows: Lubbock county will constitute a single district by itself, No. 97, and it will be entitled to two Representatives in the legislature. Immediately west of Lubbock and Lynn counties lies the new 96th district, composed of Hockley, Cochran,

Yoakum, and Terry counties. Immediately east of Lubbock, Lynn and Dawson counties, is the new 90th district, composed of Crosby, Garza, Borden, Scurry, and Kent counties. North of Lubbock and Crosby counties is the 89th district, composed of Hale, Floyd, Swisher, and Briscoe counties. West of the 89th is the 96th district composed of Lamb, Bailey, Castro, Farmer, and Deaf Smith.

The Panhandle of Texas is likewise composed of several districts, from which Representatives are to be elected. New state senatorial districts have been created also, and soon we expect to give the counties comprising all of the Representative and Senatorial districts in West and Northwest Texas.

Our idea is that one of the most important matters to be considered in the election of a President this year is the matter of cleaning out the filthy mess that has gradually developed in Washington and to elect somebody who will not permit such a mess to accumulate hereafter. In politics, as well as anywhere else, birds of a feather flock together, and—well, that's enough said.

SLEEPING COMFORT

... sleep under an electric blanket. Sleep soundly, sleep restfully, sleep safely — on the coldest night — under ONE electric blanket.

Ordinary blankets — piles of ordinary blankets — wear you out with their weight — make you feel like you hadn't slept at all. And then, if that pile slips off — and that often happens when blankets are piled on — Brrrrrr.

Don't be overcome with blanket weight, be overcome with blanket joy. Use electric blankets — single or double bed models — for your home. Automatically controlled, they keep you warm all night long — with a single setting — no matter how the room temperature or the outside temperature change. ONE blanket — of course, it's electric — will keep you warm on any winter night. See your appliance dealer now.

"The Day That the Earth Stood Still" Coming To Rose

A robot which is at once an irresistible force and an immovable object is seen in one of the focal roles of "The Day the Earth Stood Still," Twentieth Century-Fox science-fiction thriller which opens January 24 at the Rose Theatre here.

The creature's name is Gort and it is neither animal, vegetable nor mineral. It is eight feet, eight inches tall, has a 10-inch Cyclops eye and is impervious to gunfire.

It has ability to kill by means of a disintegrator ray from its single eye.

It walks like a man, appears to be able to think and act with human intelligence but is unable to speak.

It can revive the dead, knock down walls of buildings and acts as a one-man police force.

In "The Day the Earth Stood Still," Gort lands in Washington, D. C., in a space ship also carrying an ambassador from another planet, comes to warn the people of the earth to forget their differences or be destroyed. The space man is played by Michael Rennie, the British actor who was discovered in "The Black Rose" and has since been seen in "The 13th Letter."

Inventor Has Pups' Comfort At Heart

Some human inventor recently has come up with a new gadget designed for the comfort of the poor pups who have to sleep on kitchen floors these cold winter evenings.

He has designed a fold-up cot especially for members of the canine family. The dog cot consists of a piece of cotton canvas stretched on a wood frame. The canvas cot is made in 18 by 29 inch size for small pups and in 24 by 36 inch size for big dogs.

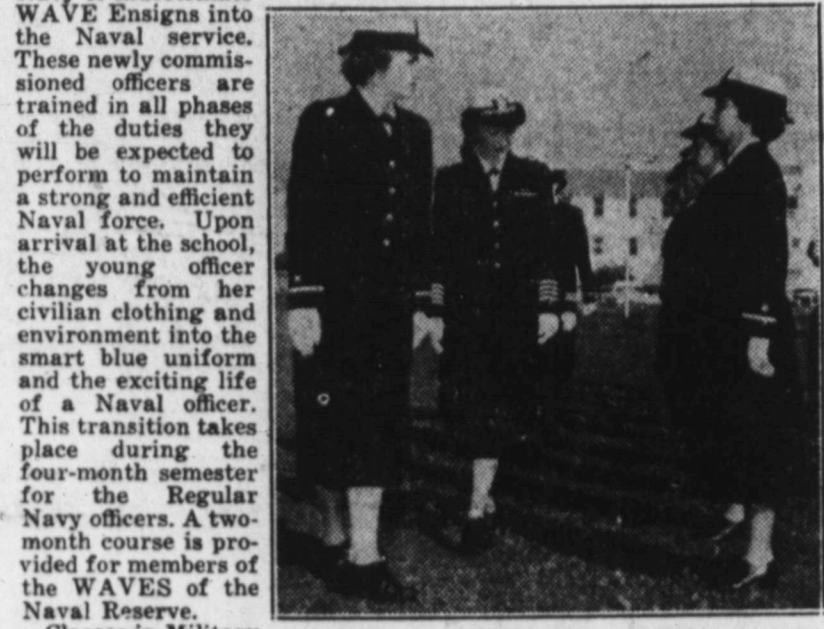

Cotton fabrics can be warm or cool, waterproof or absorbent, flameproof or combustible. Under different types of construction and treatment, cotton fabrics have been perfected to meet almost every domestic, industrial, and military demand.

Rennie heads the cast of "The Day the Earth Stood Still" along with Patricia Neal and Hugh Marlowe. Under direction of Robert Wise, the film features also Sam Jaffe, as an internationally renowned scientist; Billy Gray, Frances Bavier and Lock Martin.

The film, produced by Julian Blaustein, who made "Mister 880" and "Broken Arrow," was written by Edmund H. North and is based on a story by Harry Bates.

HAPPY OUTLOOK FOR WAVE RECRUITS

THE WAVE OFFICERS SCHOOL, located at the Naval Training Base, Newport, R. I., was established by the Department of the Navy to indoctrinate WAVE Ensigns into the Naval service.

These newly commissioned officers are trained in all phases of the duties they will be expected to perform to maintain a strong and efficient Naval force. Upon arrival at the school, the young officer changes from her civilian clothing and environment into the smart blue uniform and the exciting life of a Naval officer.

This transition takes place during the four-month semester for the Regular Navy officers. A two-month course is provided for members of the WAVES of the Naval Reserve.

Classes in Military Justice, Plane and Ship Recognition, First Aid, Logistics and Naval Structure, History, Economics and Government are a few of the subjects provided the student officers for study. Visits aboard small Naval vessels operating in Narragansett Bay give the WAVES a

Good Diet Plays Important Role In Cold Prevention

The old idea that the common cold is a necessary winter evil is passe', reports Margaret Jolley, associate Agriculture Extension nutritionist at Louisiana State University.

"The best way to cure a cold is to prevent it," Miss Jolley declares, "and I don't mean by a dozen trips to the medicine chest. Some foods are called protective foods. Of these the ones that do most toward preventing colds are those that contain Vitamin A. That is the vitamin we think of as being good for the eyes."

"Actually Vitamin A is needed for the health of the lining of mucous membranes (nose and throat lining), thus helping ward off respiratory diseases," the nutritionist points out.

Foods rich in Vitamin A are milk, eggs, liver, margarine (every

pound is fortified with 15,000 USP units), yellow and green vegetables, and fruit. Vitamin C also aids in building up resistance to infection, so an ample supply of citrus fruits—tomatoes, raw cabbage, and greens—should be included in daily menus.

In addition to eating properly, a great deal can be done to prevent colds by avoiding exposure, getting adequate sleep and drinking eight to ten glasses of water each day.

Baby Bed Folds To Suitcase Size

Any mother who has ever traveled with her baby knows it is not all peaches and cream.

With the innumerable odds and ends that have to be carried along especially for baby, the trip becomes almost a pilgrimage. Frequently even a bed has to be included in baby's equipment, if grandparents or other relatives cannot dish an old baby bed out of the attic.

To simplify parents' traveling, a new baby bed called "Porta-Bed" has been designed to fold to a snug suitcase size. A strong aluminum frame supports a crib of sturdy cotton duck and netting. The folding waterproof mattress rests on a masonite bottom, and there are no latches, nails, or screws.

The cotton duck bed comes in a soft blue color. It is ideal for small apartment or outdoor use, as well as for trips.

CARD OF THANKS

Be assured, dear friends, the sympathy of friendship that found expressions in numerous kindly acts and comforting words, food, cards, and beautiful floral offerings, will linger in our hearts as the sweetest of memories.

How grateful we are that we were privileged to have such loyal friends. If shadows come in your life, may we in some way help lift the clouds of sorrow as you have helped to lift ours, is our prayer. —Children and other relatives of Granddaddy Bean.

Mrs. R. L. Gibson returned recently from a visit of several weeks with her brother in Florence, Massachusetts, and son, R. L. Jr., in Chicago. She said there was lots of snow in Chicago.

Cotton Industry Plans '52 Meeting At New Orleans

The fourteenth annual meeting of the National Cotton-Council is scheduled for January 28 and 29 at New Orleans, La., Council officials have announced.

Objective of the meeting is to study and approve an industry-wide promotion and research program for 1952 in behalf of cotton. Reports also will be made on activities during the past year by Cotton Council staff members.

Eighteen cotton-producing states from Carolina to California and the six branches of the raw cotton industry—producers, ginners, cottonseed crushers, merchants, warehousemen, and spinners—will be represented at the sessions.

CARD OF THANKS

"O death, where is thy sting? O grave, where is thy victory? Thanks be to God which giveth us the victory through our Lord Jesus Christ." I Cor. 55-57.

We wish to express our heart felt thanks for all the kindnesses, gifts, prayers, and words of comfort from God's Word with which so many of you, our dear friends, helped us during our recent days of sorrow when God took our beloved one, Rae Marie Esch.

May the Lord Jesus, our Savior, who comforted us, bless each of you and strengthen your faith in Him so that some day we may all receive that great and glorious victory.

"For me to live is Christ, and to die is gain." Phil. 1:21.

and sometimes, if the truth must be told, even the Israelites joined with the pagans in worshipping idols if not in the offering of human sacrifices. And the worship of idols was usually attended by the most obscene and shameful practices. Even the "cultured" Greeks and the proud Romans had their multitudes of gods, all of whom were represented as having the passions, ambitions, and often the lusts of human beings, and the rites of worship in most instances involved immorality. Chief of the gods in Rome was Jupiter, in Greece, Zeus. Paul found so many of them in Athens that he remarked about the multitude of them and said that he found one inscription "To the unknown god," and everybody remembers how the people in Ephesus shouted "Great is Diana of the Ephesians!" She was identified with the Greek goddess Artemis and the Phoenician goddess Astarte. And also there were Venus and Juno and Mercury and Apollo and hundreds of others who were the guardian of this or that race or group or interest. And these gods and goddesses were supposed to bear human relationships in many instances one to another. They had husbands and wives and brothers and sisters and sons and daughters and sweethearts, some of them having more than one lover, a situation which sometimes resulted in tragedy. It all seems so silly to us today.

The Jews were the first people to proclaim the doctrine that there is in reality only one God, the great Creator and Ruler of the Universe, and it was hard even for the leaders among them to keep the people now and then from going off after the worship of idols and false gods. It was the task of Jesus of Nazareth, the "son of David" and the progeny of Boaz the Bethlehemite and Ruth his Moabitess wife to set the world light in matters of worship. And even his teachings and practices have been so grossly perverted and mixed with error that Christians everywhere need to study them earnestly and with

CLINT WALKER,
Lynn County PMA Adm. Officer

All Risk Cotton Insurance Available On 1952 Crop
All landlords, tenants, and sharecroppers who do not have cotton insurance in 1952 will be offered this insurance until January 31, 1952, provided they did not have the insurance in 1951 and cancelled it. In other words, if you had the insurance in 1951 and cancelled it by December 31,

out bias or prejudice in order to be able to give the gospel pure and undefiled to the idolaters and the unbelievers that yet abound by the millions throughout the nations and races of men.

But, I wanted to take a little space to tell you why I got sold on the land of Moab. The fact of the business is that my recent studies have led me to believe that both the land of ancient Moab and the land formerly known as Galilee contain more of scenic beauty than almost any other areas of like size on the face of the earth.

I wish that G. H. Nelson, Dr. Ralph Grant of Lubbock, Rev. Joe Mostenbocker of Idalou, or some one else of the group of laymen and preachers who visited the Holy Land last spring had taken a lot of slides or motion pictures showing the mountain scenery, the rivers, lakes and gorges, and other pastoral scenes and historic spots in the Holy Land and its environs, from Old Mount Sinai in the south to Mt. Hermon in the north, and from the highlands east of the Jordan and the Dead Sea westward to old Mount Carmel and the Mediterranean. If I ever get rich and live to be a hundred years old, I am going over there some time and take a thousand pictures; arrange them in groups in systematic order and then show them to America. I think it would beat seeing the Davis and the Chisos Mountains of the Big Bend area all to pieces, the Santa Helena and the Mariscal canyons, or old El Capitan and Guadalupe Mountains of the Texas-New Mexico border. Some of the scenes might rival the most breath-taking mountains and gulches of Colorado and other northwestern states.

I started out with the idea of taking you over into Moab and possibly Galilee this week, but I see now that space will not permit.

Maybe we can go next week, if the weather permits, and I promise you that we will see a lake that for ruggedness beats any thing you ever saw before, and also the least and the most beautiful sea in the world. So get your baggage packed and we'll be gone. Better take along your cowboy boots, you men, and also several pairs of good corduroy britches. You women can wear what you please. Goodnight.

1951, you will not be eligible for insurance until 1953.

This cotton insurance program guarantees a producer that, in spite of hail, windstorm, drought, early freezes, floods, etc., he will get back a specified return which about equals the investment in that crop at the time of the loss.

Under the 1951 crop insurance program we had 448 farmers with the insurance. We have already had a total of \$63,560.23 paid out in indemnities to 75 Lynn county farmers and expect approximately 45 more losses to be paid. This means that around 27 percent of the farmers with the insurance in 1951 will collect indemnities.

The program in 1952 is a monetary coverage insurance and guarantees the producer a coverage of \$29.98 on irrigated cotton and \$18.75 on dryland cotton.

Don't forget—if you did not have the insurance in 1951 and want it in 1952, you must sign an application for the insurance by not later than January 31, 1952. If you will come by the PMA office in Tahoka we will be glad to go over the program with you. If you live away from this county we will be glad to mail you an application on your request and other information that you may desire.

Don't forget to return the card reporting your cotton acreage and production for 1951.

Written Prior Approvals Necessary For Practice Payments
Before you can earn a practice payment for contour listing, terracing, deep-plowing, etc., you must have a written prior approval from the PMA office before you start the practice. You must also have a signed letter on file in this office listing the practices that you wish to carry out in 1952. So, if you signed the letter and sent it back to the PMA office, you still must come by the office, call us on the telephone or write us for a prior approval before the practice is started.

Funds Exhausted For Deep-Plowing Under 1952 Program
Written prior approvals have been issued for the 1952 allocation for deep-plowing funds in Lynn county. This practice of deep-plowing is rapidly becoming one of the most important practices in Lynn county in the sandy cropland area. If more funds are made available later on, prior approvals will be issued in the order applications have been made in the PMA office.

In order that we may have a correct mailing address for you in 1952, we will appreciate it very

much if you will notify us of any change in your address or farm operation for 1952. If you are changing farms, having a different tenant for 1952, or if any other changes will be made, please furnish the PMA office with this information as soon as possible.

THE LYNN COUNTY NEWS.

Friday, January 11, 1952

M. H. Brasher and family returned last week from a visit with relatives in California. M. H. says that it was a wonderful trip. They saw much grand and beautiful scenery, which he would not undertake to describe. It was his first visit to the Golden Gate state.

Mr. and Mrs. D. A. Greer and children of Grassland and Cpl. Edwin Banks left Saturday to visit two weeks with W. L. Banks in Webster, Florida. They will also visit in the Rio Grande Valley before returning home. Cpl. Banks is home on furlough from the Air Force.

Don't say NO to the USO!

"We recommend Conoco Super to our customers"—Buick Dealer J. B. Hayes, Hobbs, New Mexico.

"I use Conoco Super in my demonstrators," reports Walter James, Buick Dealer, Fairview, Oklahoma.

"50,000 Miles—No Wear" is more than a phrase"—D. W. Flint, Ford Dealer, Arvada, Colorado.

"Cars using Conoco Super show less wear"—C. W. Smith, Chrysler-Plymouth Dealer, Miles City, Montana.

New Car Dealers say:
"I got the story on '50,000 Miles—No Wear' and changed to New Conoco Super Motor Oil"

"For top performance use Conoco Super"—P. Dobson, Kaiser-Frazer, Alliance, Nebr.

"Best oil we ever used"—G. M. James, Mgr., Metro Motors, Ford Distributor, Murray, Utah.

"We back Conoco Super with a 60,000-mile new-car guarantee"—E. B. Baxter, Cedar Rapids.

"I recommend Conoco Super to new car buyers"—G. B. Cook, Chevrolet Dealer, Newark, Ill.

"50,000 Miles—No Wear!" Proved Here—

After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with Conoco Super Motor Oil showed no wear of any consequence . . . in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Amazing proof: factory finishing marks were still visible on piston rings.

AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! Proof that Conoco Super, with its OIL-PLATING, can make your car last longer, perform better, use less gasoline and oil.

Drive the Dual-Range Pontiac

DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

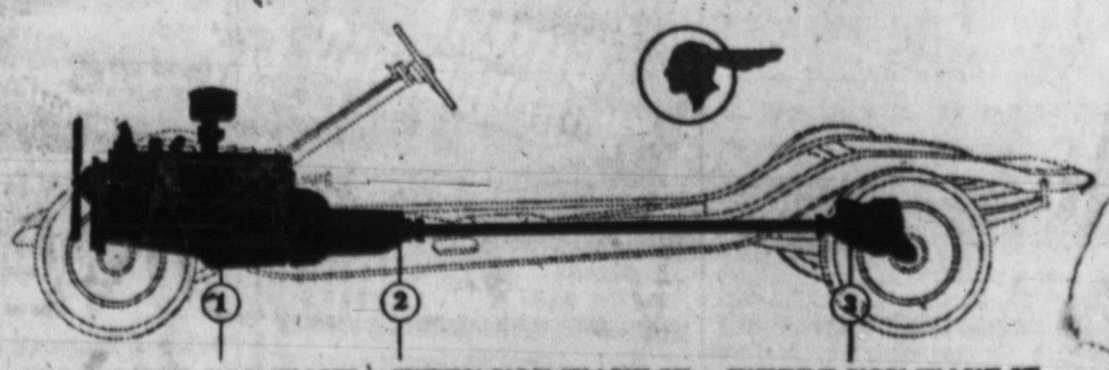

Take the wheel yourself.. for the Driving Thrill of your life!

We want you to be among the first drivers in America to personally experience a basic advancement in motor car engineering—new Dual-Range* performance.

Dual-Range performance means that Pontiac has combined a powerful high-compression engine, with GM's new Dual-Range Hydraulic Drive* and a new high-performance, economy axle to give you selective performance for any driving condition.

In the Traffic Range you have tremendous acceleration and snap and go! At the touch of a finger you can be in the Cruising Range, riding so smoothly, economically and effortlessly you almost feel you're coasting. Come in and drive it—for sensational new proof that dollar for dollar you can't beat a Pontiac!

*Optional at Extra Cost

THE POWER YOU WANT WHEN YOU WANT IT WHERE YOU WANT IT

Hogs are like human beings when it comes to needing a warm, dry place to sleep. They run the danger of catching flu when cold nights follow warm days unless good shelters are provided.

Eza J. Bean Is Taken By Death

In loving memory of Granddad Bean, who passed away unexpectedly at the home of a son in the Woody community, Thursday morning, January 3, at 4:20 a. m. in his sleep. A son, Emory, wife and children were at his bedside. Death was due to a heart condition.

Eza J. Bean was born February 14, 1881 at Comanche, Texas, to John and Emily Francis Bean. In 1901 he was married to Minnie Phillips. To this union was born one son and six daughters. Mrs. Minnie Bean passed away in 1918, in Progue, Okla. In 1922 he was married to Mrs. Claudia Harrison Wells. To this union was born one son. Mrs. Claudia Bean passed away Sept. 1, 1950.

His life for his family and friends endeared him to the hearts of all who knew him. Mr. Bean united with the Baptist Church at the age 16.

Funeral services were held by Rev. K. K. Cooper of Woody Baptist Church and Rev. Troy Dale, Saturday, Jan. 5, at 2 p. m. in the O'Donnell First Baptist Church and burial was in the O'Donnell Cemetery.

Active pallbearers were: John Banta, Russell Martin, Earnest Barrett, Paul Boggan, Wallace Cox and Wallace Huffine.

He is survived by two sons, Emory G. of Woody community, and James E. of Lovington, N. M.; six daughters, Mrs. Idella Keen, Lovington, N. M., Mrs. Lola Homes, Salinas, Calif., Mrs. Jewel Henry, Lovington, N. M., Mrs. Ida Grissom, Tucson, Ariz., Mrs. Geneva Howard, Midway community, and Mrs. Opal Holtzclaw, O'Donnell; one step-daughter, Mrs. Lois Shook, Moriarty, N. M., one step-son, Charlie F. Wells, O'Donnell; three sisters, Mrs. Extra Wilson, and Mrs. Mindia Hard, both of Spur, and Mrs. Genoa Vineyard, Comanche; two-half brothers, Wiley and Wilson Bean and one step-sister, Mrs. Willie Berryhill, all of Rochester, Texas.

Twenty-two grand children and seven great grandchildren also survive. All of the above mentioned were present for the funeral services, as well as a host of nieces, nephews and from Tahoka, Lubbock, Levelland, Seagraves, Lamesa, Big Spring, Midland, Comanche, Rochester, Seymour, and Spur.

Sincere sympathy is extended to the beloved ones.

The life of farm machinery depends on the type machine and the type storage, according to Michigan State Agricultural economists. They say a storage shed should not cost more than 20 per cent of the value of the machinery being housed.

Awards Offered Cities Of Area

ABILENE, Tex.—The West Texas Chamber of Commerce announced a "Fundamentals of Citizenship Contest" aimed at stimulating payment of poll taxes, voting in the primary and general elections and attendance at party precinct conventions.

Eligible to enter are local chambers of commerce in the 132-county area served by the WTCC and other organizations which are affiliated. In some smaller communities service clubs serve as chambers of commerce.

The contest opened January 7 and ends November 11. Awards will be made on a county basis in four groups—those of 10 or more population, 20,000

Political Announcements

The following citizens have authorized The News to announce that they are candidates for public office, subject to the Democratic Primary on July 26, 1952:

**For Justice of the Peace,
Precinct No. 1:
A. L. DUNAGAN.**

to 50,000, 10,000 to 20,000 and less than 10,000.

Basis of judging will be as follows:
Portion of citizens paying poll tax in comparison to total 1950 population, 25 per cent.
Portion voting in first and second primaries and the general election, compared to county population, 25 per cent.
Campaign conducted to promote the contest, 25 per cent.
Percentage of citizens attending precinct conventions compared to population, 25 per cent.
Wall plaques and trophies will be awarded winners.

CARD OF THANKS
I want to thank my friends for the flowers, cards, and other kindnesses shown me while I was ill in the hospital.—Helen Kenner.

Three-fourths of the nitrogen, three-fourths of the phosphorus, nine-tenth of the potash and two-fifth of the organic matter in feed later turn up in manure.

Former Citizens Celebrate Fifty Years of Marriage

Mr. and Mrs. Monte Bowron, former citizens of Tahoka, celebrated their Golden Wedding anniversary Tuesday at their home in Lubbock at 2625 26th street.

Monte Bowron was director of the Tahoka Municipal Band about the years 1925 to 1928, and sold electric refrigerators on the side. The Tahoka Band of that day was a fine one, and attracted quite a bit of attention over this area and at West Texas Chamber of Commerce conventions.

Some of the members of that band were Maurice Small, Mrs. Clay Hughes, Frank and Russell Keltner, Kenneth Reid, M. L. H. Baze and son, "Moco" Wakefield, Bob Bowron, the late Pfluger Wampler.

Bowron is the dean of band directors in West Texas. He started playing band instruments at the age of six, became director of a band at Haskell at 17, and since has directed bands at Lubbock, Snyder, Post, Brownfield, Littlefield, Slaton, Lorenzo, Southland, Petersburg, Crosbyton, Ralls and other towns, in addition to Tahoka.

Mr. and Mrs. Bowron were married at Snyder January 8, 1902. Recently he has been confined to a Lubbock hospital with a heart ailment and pleurisy, but was able to return home in time to celebrate the anniversary. They have one son, Bob of Lubbock, and one daughter, Mrs. B. L. Griffin of Abernathy, and four grandchildren.

New Home Teams Lose At Ropes

New Home basketball teams had a very active schedule last week end, the girls meeting with fair success.

Tuesday night, the girls defeated Wellman girls at New Home 45 to 38, with Smith of Wellman and Cowan of New Home tying for high point honors with 28 each. However, the boys lost 21 to 38, with Welcher of Wellman pouring 22 points through the basket, while Keith was high for New Home with 10.

In the Ropesville tournament over the week end, won by Anton boys and Whitharral girls. New Home girls lost out in the consolation finals to Ropes 48-45, but Cowan was high with the remarkable total of 34 points. The girls lost the opening game, but defeated Spade 34 to 26 in the second game. The boys did not fare so well, losing out to Anton 21-44. Evans of New Home was placed on the girls all-tournament team.

**FORMER CITIZEN IS
VISITOR IN TAHOKA**
John Ruben Yates of Spur, who resided in Tahoka 1924-28 and worked for the King dray line, is here indefinitely visiting his sister, Mrs. Oliver, Green, and old-time friends.

Also here are Mr. Yates' son, S/Sgt. Ruben William Yates and wife, Maria, and their little son, Lucky.

Sgt. Yates arrived home recently from Austria, where he has spent five years with the Army. His wife is a native of Austria, whom he met and married while serving in that country. After 30 days furlough, he will report back to Fort Jackson, South Carolina, for assignment.

**WOMEN DOING EFFICIENT WORK
IN AIR FORCE WEATHER SERVICE**

These young women are graduates of the Air Force's Basic Weather Service Course given at Chanute Air Force Base, Rantoul, Ill. They are members of a global weather service which provides meteorological information to the Air Force and Army.

Pfc. Ann Roach (left) of Kernville, Cal., trains the sight of a theodolite on the pilot balloon held ready to be released by Sgt. Shirley Milisee (right) of Masontown, W. Va. Tracking the movements of the pilot balloon enables the theodolite operator to determine the wind velocity and direction.

Out of every four base weather stations WAF personnel are on duty as forecasters or observers. Other WAF are assigned to Air Weather service Headquarters, Andrews Air Force Base, Maryland, and to the Joint Air Force-Weather Bureau Data Control Unit at New Orleans, La. Of the career fields outlined for personnel of the Air Weather Service, 77 percent are now open to women. Selected graduates of the basic weather course are given advanced training at one of 12 service schools or civilian colleges. Officers with particular qualifications may attend meteorological courses at civilian colleges and universities.

Wilson News
MRS. FRANK SMITH Correspondent

Messrs. and Mesdames Earl Tunnell of Tahoka and Bill Deaver of Slaton were Sunday visitors in the home of Mrs. H. C. Fountain.

Hugo Maeker and son, Wilburn, were in Slaton Saturday.

Miss Ann Schoonvelde of Lubbock spent the week end with her

DRAW H. D. CLUB HAD CHRISTMAS PARTY
The Draw Home Demonstration Club met on December 18 in the home of Mrs. A. R. Hensley for their annual Christmas party.

An interesting program was held. Mrs. Dixon opened with prayer. A Christmas story was presented by Mrs. Joel Holloway, and games were played under the direction of Mrs. C. L. Cook, Mrs. Clyde Childress, and Mrs. Graham Hensley. Following an exchange of gifts, refreshments were served which consisted of turkey sandwiches, salad, olives, pickles, fruit cake, hot tea, and candy. The closing prayer was by Mrs. Louis McKay.

The party was enjoyed by 16 members, five guests, and Miss Hard, the county agent. —Report-er.

brother-in-law and sister, Mr. and Mrs. Henry Ahrens.

Mrs. Josephine Smith was in Slaton Saturday for medical attention.

Remodeling is being done on the house occupied by Mr. and Mrs. Ed Crowder.

Because of bad weather there were only two members present when the Wilson Sewing Club met Wednesday in the home of Mrs. J. E. Stevens. They were Mrs. R. T. Moore and Mrs. Elmer Rice.

Mr. and Mrs. John Covey spent the week end in Amarillo, the guests of Mr. and Mrs. Jack Miller and family. Mr. Miller is a former teacher in the Wilson school.

Mr. and Mrs. Prentiss Jones entertained Saturday night with a canasta party. Frank Smith won high score, while Mrs. Dick Cade was consoled for low. Refreshments were served to Messrs. and Mesdames Arvan Holder Ralph Kahlich, Dick Cade, Frank Smith, and Prentiss Jones.

J. P. Hewlett, local school superintendent, was honored Sunday with a birthday dinner in the home of his brother, Harry Hewlett. Those present were: Messrs. and Mesdames John Hewlett of Ropesville, Tommy Hewlett and baby of Plainview, Gene McKee and daughter of Arnett, James Hewlett of Lubbock, Glenn Hewlett of Ropesville, Judson Hewlett and family, all of Wilson, and Mrs. Hennickson of Ropesville.

Mr. and Mrs. Homer Campbell, Jr., who have been living at Big Lake, have returned to Wilson to make their home.

Mrs. Bob Sanders is now teaching school, replacing H. E. Stephens who has accepted a position in Lamesa. Mrs. Sanders, the former Miss Wanda Lee Rice, is

BAPTIST PASTOR CONDUCTS STUDY COURSE

Rev. Lee Ramsour, the pastor, is conducting a study course in the First Baptist Church here this week. The subject being studied is "The New Testament Doctrine of the Church."

About fifty members of the Church are taking the course. The study ends tonight.

GAIN NEW JOY IN LIFE

There is no need for you to be tired, nervous, cranky or constipated if due to dietary deficiencies which occur only when the daily intake of B-vitamins and Nicotin is less than minimum requirements over a prolonged period. These non-specific symptoms in themselves do not prove a dietary deficiency and may have other causes or be due to functional conditions.

If you've resigned yourself to a life without companionship... without fun, and parties... simply because you haven't the necessary physical power and energy... BEXEL SPECIAL FORMULA may be just what you need to pep you up... to give you new vim, sparkle... new joy in life.

BEXEL SPECIAL FORMULA
The wonderful new vitamin compound, may be exactly what you need to put you on your feet again if you... like so many, many others... are suffering from common symptoms of specific deficiencies.

POTENCY GUARANTEED
You take just ONE easy-to-swallow Bexel capsule a day, and that's all! It costs you only about 6¢ a day... a tiny price to pay to protect yourself. Money back if you don't feel better after one bottle of Bexel!

Tahoka Drug

staying with her parents, Mr. and Mrs. Elmer Rice, while her husband, Captain Sanders, is across on duty with the armed forces.

Alfred Grause was a Slaton visitor Saturday.

Mid-term examinations will be held next week, according to J. P. Hewlett, supt., of the Wilson Schools.

Mrs. Luke Coleman had the misfortune of falling and breaking her leg on the ice in Lubbock one day last week.

Mr. and Mrs. Albert Holder and daughter, Linda, spent the week end in Smyer, the guests of Mrs. Holder's parents, Mr. and Mrs. O. V. Osborne, and son, Pete.

Mrs. Ralph Kahlich was in Slaton Saturday.

J. P. Hewlett was in Austin from Wednesday until Saturday, attending the State Superintendents meeting.

Mrs. Arvan Holder took her small daughter, Teresa Diane, to Slaton Friday for medical attention.

Gilbert Steinhauser was injured Saturday night in a car wreck several miles east of Tahoka.

Mrs. H. C. Fountain was a Slaton visitor Saturday.

Mr. and Mrs. George Williamson were in Lubbock Monday.

Mr. and Mrs. D. J. Hutcheson and Mrs. E. P. Holder of Grassland visited in the home of Arvan Holder Thursday night.

Mrs. R. J. Nieman was honored with a birthday dinner in her home Sunday. Those present were: Messrs. and Mesdames Herbert Ehlers and family, Werner Klaus and family, Ben Wilke, Charles Schaffner, and Klaus, from Southland. In the afternoon the men played games while the ladies had a nice visit with each other.

Mr. and Mrs. Arden Maeker and daughter arrived Sunday from Albuquerque, N. M., for a visit with Mr. and Mrs. Hugo Moeker, and with other relatives and friends.

Among those seen in Slaton Saturday were Norris Raymond, Ed Crowder, and Mr. and Mrs. Frank Smith.

Mr. and Mrs. Clarence Church and family attended a show in Slaton Saturday night.

Talkmitt-Giekehorn
Miss Pearl Talkmitt and Arthur Giekehorn, Jr., were united in marriage Sunday afternoon at the St. Paul's Lutheran Church with Rev. P. W. Heckmann officiating. The bride is the daughter of Mr. and Mrs. Talkmitt, and Mr. and Mrs. Arthur Giekehorn, Sr., are the groom's parents.

The white satin wedding gown was designed and made by the

THE LYNN COUNTY NEWS.

Friday, January 11, 1932

bride. The finger-tip veil was of net as was the bodice.

Maid of honor, Era Belle Talkmitt, sister of the bride, wore a dress of peach net over taffeta. The bridesmaids were Misses Mamie Zybure, Frances Wuensche, Lavonne Dube, and Allene Umlong. They were attired in lavender and Nile green net over taffeta.

Candlelighters were Darlene Wuensche and Janet Dube. Carol Jean Talkmitt of Lamesa was flower girl, while Jimmy Giekehorn was ring bearer.

A barbecue supper followed the wedding service at which time the

wedding cake was cut and served and the wedding gifts were opened and displayed.

The couple left for an undisclosed honeymoon destination after which they will be at home near Wilson where the groom is engaged in farming.

**Salvation Army
Opens Campaign**

The Salvation Army is launching a world-wide campaign in the year 1952, which will be called, "The Midnight Cry," based on the words of Matthew 25-6, "At midnight there was a cry made, 'Every Corp in the State of Texas will co-operate in this great SPIRITUAL CRUSADE, Lt-Colonel John A. Morrison, the State Commandant, said. In commenting on the Crusade the Colonel continued:

"What time is it? If we could imagine a great clock whose hands recorded the passing of the hours of light and darkness in the moral and spiritual history of mankind, what would we read there? Are we living in days of righteousness, God-fearing, and the clear shining of faith? What think you: are the nations of the world standing in the brightness of His glory, whose reign is one of truth and peace? Would my contemporaries say that the state of the world is better now than it was, say fifty years ago? Or would they agree with me aside from scientific developments and improvements—the world is uneasy, restless, frightened and troubled and, over wide areas, very dark."

The Army, will, the Colonel stated, make definite plans in every Salvation Army Corps to promote the campaign. People will be urged to read the Bible, especially the words of Jesus on these significant issues: To re-establish the family altar in the homes; to attend the church of their choice; to practice Christian virtues in their daily living; and to recognize the necessity for emphasis on the moral and spiritual standards of the Christian religion as the only sure way of the survival of this nation through these times of crisis.

**Hints On Tile
Floor Protection**

COLLEGE STATION.—Cleanliness is important in keeping asphalt and rubber tile floors looking like new, says Bernice Clayton, home management specialist with the Texas Agricultural Extension Service. She warns against allowing spilled food or water to remain on the floor any longer than necessary. The more grit and dirt on the floor, the more wear it receives, she adds. A self-polishing wax is recommended by the specialist for a protective coating, rather than paste wax. She points out that the liquid used in thinning paste wax causes ingredients in asphalt and rubber tile to soften which results in swelling and pitting of the floor.

Avoid applying lacquer, varnish, shellac or so-called "plastic" finishes to asphalt or rubber tile floors, urges Mrs. Clayton. Don't use strong soap or caustic solutions. Instead use a mild soap or synthetic detergent and rinse the floor thoroughly after using them. Commercial floor cleansers can be used where colors are bleeding. Where the floor has become pitted slightly, a number 1 or number 2 steel wool can be used to cut the floor back to where it is hard and has a sheen. When this is done, however, Mrs. Clayton cautions against rubbing too deeply.

CARD OF THANKS
We wish to thank our many friends for their kindness to us during the sickness and death of our father and grandfather, Samuel Norwood. We especially thank Mr. and Mrs. J. J. Waldrep for their kindness.—The Norwood children and grandchildren.

Alton Cain and Jack Hancock of Gagnat's attended the showing of the New Kelvinator in Amarillo Tuesday.

(Cont'd. from page 1)

strength of the Spur teams, but they are expected to be good. It is said to have a better than average team.

O'Donnell is Victor
O'Donnell defeated Tahoka in an out of three games played here on Tuesday night.

The varsity Eagles won over the Bulldogs 37 to 30, with height and goal shooting accuracy spelling the difference. Except for the first few minutes, O'Donnell led all the way, 18 to 11 at the quarter, 22 to 15 at the half, and 30 to 23 at the third. Benny Clark of O'Donnell and Lynn Halameck were tied for scoring honors with 13 points each, while Roger Doss of O'Donnell scored 10 points. Other Tahoka scoring was: Tekell 8, Howle 2, Brice 4, Havens 2, and Bartley 1.

Tahoka girls played their best game of the year before losing a very close 20-19 decision in the last few seconds of play on an O'Donnell field goal by Edwanda Stallcup. She and Deanie Edwards of Tahoka tied for high point honors with 12 points each.

Tahoka boys B team took an easy 33-19 victory, however, with Coach Jacobs using all his reserves. Garland Huddleston of Tahoka was high point man with 12 points.

In Andrews Tournament
Last Friday and Saturday, the Bulldogs A team played in the Andrews tournament. In the opener, the Bulldogs lost by a two to one score (The News did not get the exact score) to the powerful Levelland Lobos—a game in which the Bulldogs suffered from the nervous jitters and could not hit.

In the first round of the consolation round, however, the Bulldogs were "hot" and took a lopsided victory (No score available in this one either) over McCamey, with Tahoka reserves seeing action much of the way.

Saturday afternoon, in the consolation finals, Tahoka lost a close questionable victory to a tall Kermit quintet 35-36. In this game, the timer got mixed up on the time and the score, the officials got mixed up, Tahoka lost forty seconds of the last two minutes as the clock ran after time was out, and as a result a field goal scored by Tahoka as the buzzer sounded was not counted.

Highly favored Levelland was upset by underdog Andrews for the tournament championship 48 to 46. Other teams participating were Seminole, Monahans, and Seagraves.

Wayne Tekell, however, was selected to the all-tournament team.

**FREE
Watch Inspection**

Every watch worth wearing should be inspected at least once a year. If your watch needs cleaning and oiling or any other repairs—you will find our service fast, our prices moderate, and our work guaranteed. Our repair department is equipped with the latest type machinery and tools including an Electric Watch Timing Machine.

You will find two watch-makers on duty to serve you, each man having over thirty years experience. No job too large or too small. If you have a watch that has been repaired and is still not giving service—don't lay it aside—bring it to us and we will put it in first-class condition. We can repair your Automatic watches, Chronographs and Clocks—

**Crop Insurance
Deadline Set**

Lynn county landlords, tenants, and sharecroppers are again being offered Federal Crop Insurance on their 1952 cotton crop, according to Clint Walker, Administrative officer of the Lynn County Production and Marketing Administration.

The Cotton crop insurance policy for 1952 is a monetary coverage policy as in 1951 and is practically the same policy as in 1951. This policy guarantees the farmer that he will get back a specified return from his crop which about equals his investment in the crop at the time of the loss.

This insurance protects the farmer from unavoidable losses due to drought, hail, freeze, insect infestation, excessive rain, fire, toronado, flood, wind, frost, etc. The insurance attaches when the cotton is planted and ceases when the cotton is removed from the field.

Under the 1951 program approximately 27 percent of the farmers insured had losses and the indemnities paid will approximate \$100,000.00. Most of these losses were due to drought. For further information on the premium rates and coverages, interested persons are urged to call at the PMA office not later than January 31, 1952.

**Mid-Term Exams
At Tahoka High**

Mid-term examinations next Wednesday and Thursday will officially end the first semester of the 1951-52 school year at Tahoka High School, Robert T. Rich, principal, announced this week.

Regular class meetings will be held until 10:30 Wednesday morning, with the test schedule being followed until 4:00 o'clock Thursday afternoon. Students will be allowed to stay away from the school building when they do not have tests scheduled, Mr. Rich stated.

FIRE DESTROYS FEED

Two large racks of feed were destroyed by fire on the Fred McGinty farm south of town on Wednesday afternoon. The Tahoka Fire department went to the scene of the fire but was unable to save any of the feed. The loss was heavy.

**MANY MEDICAL PATIENTS
ARE IN TAHOKA HOSPITAL**

Tahoka Hospital is almost full with medical patients, most of them with flu, pneumonia, and similar ailments.

Included in the number are: Mrs. Exa Hammonds of Lubbock, formerly a nurse here, mother of Mrs. R. A. DuBose; Otis Tew of Grassland; Stanley Stone, 13, son of H. O. Stone of West Point;

Mrs. O. E. Hillhouse; Mrs. Lee Norwood, Lamesa; Sue Ellen Mowrey, daughter of I. C. Mowrey; J. A. Pierce; Mrs. Bill Cathcart; Mrs. W. P. Meeks of New Lynn.

Rev. George Maurice Small is still a patient, with temperature remaining at about 101 degrees. The little premature baby, Jesus Arrouza, continues to gain strength, and now weighs 2 pounds 7 ounces.

**WHAT IS THIS NEW TEXAS MOTOR
VEHICLE SAFETY RESPONSIBILITY LAW?**

In simplest terms, it declares that a motor vehicle operator who injures or kills another person, or damages his property in excess of \$100, must stand prepared to prove his financial responsibility to pay for the probable amount of damage. If he fails to do so, the operator must forfeit his privilege to drive a motor vehicle in Texas.

NOT A NEW TYPE OF LAW
45 States, the District of Columbia, Hawaii and eight Canadian provinces have Motor Vehicle Safety Responsibility laws, which upon occasion, require motorists to prove financial responsibility, or their drivers' licenses will be suspended.

INTENT OF THESE LAWS
To promote safety on the streets and highways... to insure adequate financial compensation to innocent victims of accidents... to strike hard at the reckless and financially irresponsible motorist for the good of the public generally and particularly for the benefit of the safe, careful and responsible driver and pedestrian.

ARE YOU PREPARED TO PROVE YOUR FINANCIAL RESPONSIBILITY?
Automobile Bodily Injury and Property Damage Liability insurance is the most popular and least expensive method to prove financial responsibility under these laws.
A FARMERS Dividend Paying, Texas Standard form, Non-Assessable policy is acceptable to the State as security to prove your financial responsibility.

A SUBSTANTIAL DIVIDEND IS BEING PAID ON CURRENTLY EXPIRING POLICIES
EFFECTIVE DATE OF LAW JAN. 1, 1952
