City Plans Sewer, Water Extensions

City of Tahoka is preparing to extend sewer and water service to the new addition recently taken into the city limits, located in West Tahoka, this being an addition to the Roberts Addition, states Mayor H. B. McCord Sr.

McCord says a lift pump must be installed at a cost of about \$13,000 to serve the area, in which there are already a few houses. Much of this will be returned to the city by buyers in the area, on each of which a \$50.00 increase has been placed to provide water and sewer.

The City is planning to sell \$25,000 in bonds of the remaining \$75,000 voted in 1952 for water and sewer improvements.

Some of this will be needed to replace funds used in developing the four new water wells on North Eighth Street. These four wells have been developed and tied in at a cost of about \$14,000. The pipe to connect them to the City mains cost about \$7,000. Two new pumps were bought and two old ones moved from abandoned wells north of town. The pumps and development of the wells cost about \$7,000.

The City believes it now has plenty of water for at least the next few years. Since tying in these wells, the Water Department can now rotate use of the wells to give all of them a little rest.

Three Rotarians Go To New York

Three Tahoka Rotarians, Mitchell Williams, Harold Green, and Dr. Skiles Thomas and families are leaving this week end for New York City to attend the annual convention of Rotary International in session there June 7, through June 11.

Dr. and Mrs. Skiles Thomas and children will be accompanied by Ronnie Parker of McMurry College en route to Europe to work this summer. Tuesday, June 10, Dr. Thomas will leave the convention to attend the American Medical Association meeting in Atlantic City.

The Greens will visit relatives in New Jersey also, and the Williams will visit friends in New York City.

Bobby Stalcup Is Graduate At H-SU

Abilene—Bobby Stalcup, son of Mr. and Mrs. J. H. Stalcup, route 2, Tahoka, is a candidate for the bachelor of arts degree at Hardin-Simmons University.

Baccalaureate will be held Sunday, May 31, and commencement will be held Monday, June 1, both at the First Baptist Church of Abilene. Approximately 167 H-SU students are degree candidates this spring.

Dr. Arthur E. Travis, H-SU graduate and pastor of Gambrell Street Baptist Church in Fort Worth, will be the speaker for the baccalaureate services at 10:55 a. m. Sunday.

Speaker for commencement exercises at 10 a. m. Monday will be Dr. James L. Sullivan, former pastor of First Baptist Church and now executive secretary-treasurer of the Sunday School Board of the Southern Baptist Convention.

MISS ANN REASONOVER WORKING IN ABILENE

Ann Reasonover, McMurry College coed, was at home in Tahoka last Tuesday visiting her parents, Mr. and Mrs. Johnny Reasonover. Ann has accepted a position in the office of Sears Roebuck's Abilene store and will work there during the summer months.

She is majoring in elementary education and will practice-teach the second grade in the Abilene School System during her senior year at McMurry next fall.

It costs like heck to have a wreck.

Poppies On Sale Here Friday

The ladies auxiliary of the Veterans of Foreign Wars are scheduled to hold its annual VFW Buddy Poppy sale here today, Friday.

Plans are also being made to sell poppies in O'Donnell, Wilson and New Home.

Mrs. Maurine McClellan of the auxiliary stated that plenty of poppies will be on hand for the people in town Friday. The poppies are made by disabled veterans and the proceeds from the sale will be returned to the veterans.

Will Aldridge Rites Tuesday

W. C. (Will) Aldridge, 73, former Lynn county citizen, died Monday at about 10:00 a. m. in a hospital at Truth-or-Consequences (Hot Springs), New Mexico. He had been in ill health ten or more years.

Local relatives attended the funeral services held there Tuesday at a funeral chapel, and he was buried in the cemetery beside his wife, who died at Hot Springs in 1950.

Mr. Aldridge was born in Heber Springs, Arkansas. He farmed in the Tahoka and O'Donnell areas, and his children attended old T-Bar school. The couple later moved to the New Mexico health resort where he retired from farming because of failing health.

Survivors include three daughters, Mrs. J. C. (Geneva) Thompson of Santa Ana, Calif.; Mrs. A. O. (Sylvia) Waters and Mrs. Leroy (Wanda) Barron, both of Mead; four sons, Thurman, Vernon, and Odus of Mead, and Homer of Tahoka; one brother, Jeff of California; 13 grandchildren and six great grandchildren.

Coach Candidates Are Cut To Six

Tahoka school board in a meeting Tuesday night is reported to have narrowed the field of applicants down to six for the head football coaching job. No public announcement has been made as to who the six are, but a member of the board said several were believed to be high quality men.

The coaching job became vacant on the resignation of Bill Haralson, who has accepted a similar position at Childress, a AA school with an enrollment bordering on the AAA classification.

Congratulations:

Mr. and Mrs. Lionel Miller, Tahoka, on the birth of a son weighing 7 pounds 1 ounce at 9:28 p. m. Monday in St. Mary's Hospital. The father is parts manager for Bray Chevrolet Co.

S-Sgt. and Mrs. Ira F. Stogner Tahoka, on birth of a son weighing 5 pounds 1 1/2 ounces at 3:13 p. m. Friday in Reese Air Force Base Hospital. The father is stationed at RAFB.

congrats

Mr. and Mrs. Billy Ware on birth of a son in Tahoka Hospital Tuesday, May 26, at 4:52 p. m. Weighing 6 pounds one ounce he has been named Kelly Wynne. He has an older brother, Terry Lynn, age four. The father is a pharmacist at Wynne Collier Drug Store. A E Ware of Tahoka is a grand father.

SON-IN-LAW TO FINISH AT TECH

Ted Jourdan, a son-in-law of Mr. and Mrs. O. H. Warren of Tahoka, will be one of the students graduating from Texas Tech in exercises Monday night, June 1.

Majoring in accounting he is the husband of the former Sandra Warren, a Tahoka graduate.

Miss Willie Pat Baxley was the 1958 valedictorian of Wilson High School with a four year grade average of 91.5. She is the daughter of Mr. and Mrs. W. T. Baxley of Wilson. Graduation exercises were held Friday night.

Miss Kathleen Heinemeier was salutatorian of the 1958 Wilson senior class, graduating with a four year average of 91.3. She is a daughter of Rev. and Mrs. G. W. Heinemeier, her father being pastor of St. Lutheran Church.

Wade Howell Heads Engineers' Society

Wade Howell of O'Dessa, born and reared in Tahoka the son of Mr. and Mrs. H. B. Howell, is president of the Premier Basin Chapter of the Texas Society of Professional Engineers, according to a news story in a recent issue of The Midland Reporter-Telegram.

The chapter's membership comes from an area bounded by Big Spring and Pecos east and west, and Seagraves and Alpine, north and south. Meetings are held monthly and a recent speaker at the meeting in Ranohland Hills Country Club, Midland, was John Hinds of Houston, public relations director of the Texas Manufacturers Association.

Wade is a 1938 graduate of Tahoka High School, received his degree in engineering from Texas Tech in 1942, following which he entered the Army. He served overseas in the European Theatre during World War II as a captain.

He and his wife, Kathryn, have three children, Sam, 9; Susan, 6; and Sarah, 3.

He is associated with Kenneth E. Esmond & Associates, consulting engineers.

OLIPHANT HAS SECOND ATTACK

Dorsey Oliphant was admitted to Tahoka Hospital Monday suffering from another heart attack. He had been dismissed from the hospital the previous week after suffering from a heart attack earlier in the month. Oliphant is manager of the Rose Theatre.

DALE CARNEGIE CLASS

In a recent meet of the Dale Carnegie class A. W. McClellan received a blue pencil for Impromptu Speech champion, D. C. Hill received a white pencil for highest achievement award.

The class was to meet Thursday night, May 28 at the BEA building for a party and special meeting.

Mr. and Mrs. O. R. (Myrtle) Ross of Dallas were here last week end visiting her parents, Mr. and Mrs. E. J. Cooper. They were accompanied by Mrs. Cooper's sister, Mrs. Fannie McCraw of Terrell.

BEARD IMPROVING

Clayton Beard is improving steadily at Tahoka Hospital where he has been a patient for two weeks. He suffered a heart attack on Saturday, May 16.

Dean Taylor states Pioneer Gas Co. offices will be closed from Friday noon until Monday morning for the Memorial Day week end.

Pioneers Will Meet June 20

Although cards have been mailed out to many Lynn county pioneers telling them of the plans for the annual Reunion being held this year on Saturday, June 20, Mrs. Gladys M. Stokes, secretary, requests that all people interested pass the word on by word of mouth, letter, or some means to all people who came to the county thirty or more years ago.

Each year, more and more people become eligible to attend the meeting officially as "old-timers," and the Association does not have these on the mailing list. In fact, there are a lot of old-timers not on the list, because of various reasons—mostly because the organization does not have the correct or exact address.

Mrs. Stokes is starting a move to make a complete list as possible of all pioneers and their correct address, together with the years each family settled here. She asks the help of all readers of this story.

Grayam George of New Home is president of the Lynn County Pioneers Association this year.

Jim Foust III Is Selected To Attend Air Force Academy

James E. Foust III, son of a former Tahoka coach, James E. Foust, Jr., and wife of 683 North Osgate in Amarillo, has accepted an appointment to the Air Force Academy at Colorado Springs, according to a story in Sunday's Amarillo Globe-News.

The appointment came on the recommendation of Rep. Walter Rogers, congressman from the Amarillo district, and one of those recommending him was W. W. Nicklaus, principal of Palo Duro High school, also a former Tahoka coach.

Jimmy, 18, graduated this month at Palo Duro, where he was a member of the football team, National Honor Society, Math Club, and Student Council. He will report to the Academy June 26 and will begin classes July 1.

For the past three summers Jimmy has gone to Ely, Minn., where the Explorer Scouts' canoe base is located. From there he has made canoe trips into the Canadian wilderness in Quetico National Forest.

Jimmy's father, also an aviation enthusiast and pilot, began flight training in 1941, became a flight officer in the Army Air Corps, served with the Air Transport Command and Ferrying Service, and flew the "Hump" in the Pacific Campaign of World War II.

Following the war, Jim Foust accepted the head coaching position at Tahoka in 1945 or 1946, and after coaching about three or four years, he served as high school principal until 1951. He now operates a variety store in Amarillo at 3510 East 11th.

Three Will Receive Degrees At Tech

Among those from Lynn county who will receive degrees from Texas Tech at graduation exercises Monday night are the following:

Leta Pearl Warren, Tahoka, bachelor of science in education.

Harold Javan Schneider, Wilson, bachelor of science.

Delbert Alvin Sanders, Wilson, bachelor of science in industrial engineering.

JIMMY WHORTON

Jim Whorton Is Going To Europe

Jimmy Whorton has recently received an appointment from the American-European Student Foundation, Inc., to work and travel in Europe. He will sail on June 10 aboard the Arcadia from Montreal, Canada, which ship will stop in Ireland and England before putting into port at Bremerhaven, Germany.

Jimmy will do sales work on a U. S. military base at Furstenbergstr 27, Frankfurt, Germany, for an indefinite time.

The Foundation sponsoring his trip is a non-profit organization to make available jobs and travel opportunity in foreign countries for students and teachers.

Also making a similar trip with the Foundation is Ronnie Parker of Hamlin, McMurry College student who did summer youth work with the First Methodist Church of Tahoka last summer.

Whorton will have a job in Germany, but in his spare time will have an opportunity to travel over the area. He says he expects to do all the traveling over Germany and neighboring countries that he possibly can.

He is the son of Mr. and Mrs. J. T. Whorton. A 1954 graduate of Tahoka High School, he had two years of service in the U. S. Marines before being released September 10, 1958, during which service he traveled in the Pacific and saw service in Japan, Okinawa, Formosa, and the Philippines. He has had two years of college work in Texas Tech.

Wayne Tippitt On TV Program

Gerald Wayne Tippitt, a native of Tahoka and son of T. I. Tippitt is slated to play an important role in the daytime television serial, "Secret Storm," a Roy Winsor production over Columbia Broadcasting System (KQUB-TV Channel 13) showing week-days Monday through Friday at 3:15 p. m., according to a news dispatch from Ted Weyer Agency, New York City.

Wayne Tippitt, as he is known professionally, made his first appearance Tuesday. The actor will be seen weekly for a three month period beginning in August. During June and July, he will appear briefly on five different days to introduce the character he portrays in the story. The dates of these appearances have not been designated at this time.

Recently, Tippitt was seen on Broadway in "Tall Story," which closed a three month run at the Belasco Theatre on May 2.

Following graduation from Tahoka High School, Gerald Wayne attended Texas Tech. He also attended University of Iowa, majoring in Theatre. During service in the Army he had experience of the stage and also in television announcing.

Since going to New York City, he has been meeting success as an actor on the stage, on television, and on the screen.

He was the understudy male lead in "Swim in the Sea," a pre-Broadway production. Off Broadway at Blackfriars Theatre he had lead roles in "Parade at Devil's Bridge," "Seven Deadly Sins in 'Dr. Faustus,'" and "Punchinello in 'The Comedian'."

On television, he has had feature parts on all shows from

Tahoka Closing Memorial Day

Most Tahoka businesses and offices will be closed all-day Saturday, May 30, Memorial Day, one of five holidays institutions of the town voted to observe.

The court house, bank, post-office, government and professional offices will be closed, and most business institutions will be closed all day.

No special observance has been planned here, but most employees will spend the day resting, fishing, playing golf, or making short vacation trips.

Mrs. A. T. Beard Dies Tuesday

Mrs. A. T. Beard, 82, Lynn county pioneer, died Tuesday in a Kerrville rest-home after an illness of 12 or 15 years. The body was brought here Wednesday morning by a Stanley ambulance.

Funeral services were scheduled for 3:00 p. m. Thursday in Stanley Funeral Chapel with Elder V. J. Lowrance, Primitive Baptist minister, a former pastor here, officiating, followed by burial in Tahoka Cemetery.

Born on April 6, 1876, her maiden name was Claudia Marie Lewis. She was married on January 21, 1900, in Russell county, Texas, and the couple came out to Lynn County in 1906 to make their stake in a new country.

The Beards settled in the Redwine community, and lived there until the 1940s, when they moved into Tahoka because both of them were in failing health. Mr. Beard died late in April of 1951, and is buried here.

As were most of the pioneer women, Mrs. Beard was a loving Christian mother who devoted most of her time and efforts to her family.

Survivors include two sons, Clayton Beard of Tahoka and John Beard of Brownfield; two daughters, Mrs. Starks (Jeanette) Wagley of Plains and Mrs. J. M. (Jessie) Haley of Post; ten grandchildren and eight great grandchildren.

Most of the cotton land in Lynn county had been planted by Wednesday of this week, and much of the cotton is up to a good stand. Rains have threatened for the past week, but only showers have come and little or no damage has been reported by them.

Tahoka received .03 of an inch of rain Friday and another shower during Monday night amounted to only .07 inch.

Farmers are fearful a heavy rain would make replanting necessary, but light fall would not hurt. So far, most crops have been planted just about the right time, farmers declare.

They like to get their maize planted real early, or to plant about the middle of June. Farmers say seed planted now will mature during the hot and usually dry weeks of August, when the yield is not likely to be high.

For this reason, many farmers will wait awhile to plant feed in the hopes of getting more rain in about a couple of weeks.

The county is estimated to have 70,000 acres of irrigated cotton this year. Many wells drilled during the past months have not only made up for acreage lost by failing wells but have also added additional acres to the total irrigated.

With a fair break, the county right now has prospects for at least a fair crop this fall, but there are many factors remaining that will affect the outcome.

Methodists Select Youth Director

Rev. Conrad Cherry, a native of Dallas, will be the youth director this summer of the First Methodist Church, and will arrive here June 8 to begin work, according to the pastor, Rev. J. B. Thompson.

Cherry is a graduate of McMurry College, Abilene, and this spring finished his first year of study in Drew University Theological Seminary in Madison, New Jersey.

While attending McMurry, he directed youth work at Prillips one summer and at Levelland another.

The summer youth program will include a youth revival and activities week in conjunction with the youth of Draw, Grassland, Wilson, and New Home.

Mr. and Mrs. Mitchell Williams are the new counselors for the Youth Fellowship.

SWEET STREET PEW FUND \$1,200 SHORT

Rev. Joe Webb, pastor of the Sweet Street Baptist Church, stated this week that the church lacks \$1,200 to complete the amount needed for new pews ordered recently.

The pews, costing approximately \$2700, are expected to arrive within 30 more days.

Members of the church are urged to make their contributions to the pew fund if they have not already done so.

Everyday Religion

By J. B. Thompson

One bit of strange philosophy heard often in conversation today is the statement, "You can't prove it by me." Some people say this in reply to all sorts of questions or suggestions—economic, political, religious or any matter under discussion. "You can't prove it by me." One I made to wonder if there is anything in the world that can be proven by them.

There are some things about life that each one of us can prove or that can be proven by us. Another person, looking at our lives, should be able to see something that proves that right and truth are real. Or that there are values that transcend purely physical things. That there are powers that will enable one to handle adversity or hardship in such a way that life is not defeated but is triumphant. As Paul said, "Be ye transformed... that ye may prove..."

In the light of the great truths of life can the highest and best be proven by our lives? "You can prove it by me" should be the attitude of each one who believes in the good life of God. Our lives can be a living proof of these things if we are consecrated to them. "The proof of the pudding is in the eating" is an old saying that puts us on the spot and makes us aware of our responsibility in life. Can you prove it by me?

Harvick And Elliott Tournery Medalists

Seventy-two men and women entered in the two divisions of the annual City Open golf tournament being held at T-Bar Country Club here, finals of which will be Sunday afternoon.

Robert Harvick shot even par 72 last Sunday afternoon to take Medalist honors in the men's division, nosing out Charles Towns, who shot a two over par 74.

Mrs. Peggy Elliott is Medalist in the ladies' division, shooting an 85 Sunday, while her nearest competitor was Mrs. Irene Spears, who had an 89.

Six flights of men players are entered, eight men to the flight, and there are three flights of lady golfers.

First round matches were being played early this week, while most of the players will run off their second round this coming Saturday, which most Tahoka business firms will observe as a holiday, Memorial Day.

Trophies will be presented the two medalists, and the winner, runner-up and consolation winner in each flight late Sunday afternoon, following the final matches.

The public is invited to watch the championship matches, or any COLUMNAR PADS now available at The News, four, six, eight and twelve columns for income tax work, etc.

Yankees, Cards Leading League

(By Tony Spruiell)
The Cards and Yankees jumped into a 3-1 lead as the Little League season is now getting well underway.

Monday, the Yankees took a 5 to 0 victory over the Cubs behind the pitching of Allen Cox, who allowed no runs on eight hits. The losing pitcher, Anderson, allowed five runs on 12 hits. Jim Crawford, Ellis Tredway and Mike Smith fanned the winners with two hits each, while Stanley Price and Terry Brown each had two hits for the losers. The Yankees are managed by Delbert Mouser and the Cubs are managed by Charles Reid.

Tuesday, the Cards, managed by Dean Taylor, defeated the Gants, who have L. A. Forsythe as manager, 16 to 1. The winning pitcher, Terry Harvick allowed only three hits, while the losing pitcher, Stanley Renfro, gave up 12 hits. Renfro and Gary Thomas each had hits for the losers, while Terry Harvick, Fin Taylor, and Bobby Jolly each got two hits for the winners. Jolly hit his first home run of the season.

Games played so far are:
Giants 10, Cubs 9.
Cards 13, Yankees 5.
Giants 3, Yankees 6.
Cards 8, Yankees 11.

Pony League Opens Season

(By Tony Spruiell)
Lynn County Pony League opened play Tuesday night with the Orioles of Tahoka and the New Home Eagles taking victories.

Since Wilson does not have his park ready, all games will be played at Tahoka and New Home.

The Coop Gin Orioles of Tahoka, managed by Wiley Curry, assisted by Edward Pool, defeated the Wilson Coop Gin Red Sox at New Home Tuesday night 6 to 1. The game was close until the fourth inning, when the Orioles broke open a 1-1 tie game to score four runs and lead 5-1. They later scored one in the top of the seventh to win the game. Winning pitcher was left-handed Andy Bray, who gave up the one run on three hits. The loser, Charley Walton, gave up six runs on eight hits.

The same night at Tahoka, New Home Eagles defeated the Tahoka Braves, managed by Jim Bragg and A. W. McClellan, 15 to 0. The game was close until the third inning when the Eagles made five runs. The losing pitcher, Adolph Chapa, was relieved in the third by Craig Leslie, who was followed by Billy Clinton on the mound. Winning pitcher, Billy Kopecky, who went all the way for the Eagles, gave up no runs on two hits. The game was called in the fifth because of the high score.

New Baseball Team Formed

A baseball team for boys 16 year of age and over was organized about two weeks ago, with Wade Holland as manager, and E. L. Short and Jack Smith, coaches.

WASHINGTON AND "SMALL BUSINESS"
By C. WILSON HARDER

The furor raised over the bill pending in Congress to raise the minimum wage to \$1.25 per hour is an interesting one.

It is quite questionable whether Congress is on sound ground when it attempts to establish a wage rate by fiat. The majority of the nation's independent businessmen, voting through the National Federation of Independent Business, have long opposed to be one of the wage rates set in this manner.

But a very cogent argument comes from a reader of this column, who also happens to be one of the independent businessmen voting against this proposal.

This gentleman points out that for some time, the nation has been worried over the escapades and more serious scrapes of the teen agers. This has often been referred to as the juvenile delinquency problem.

Now he goes on to point out that in his business, there are times when he could give odd jobs to inexperienced boys that would enable them to earn some spending money, learn something, and maintain their self-respect.

But if he hires a green inexperienced boy, at present he has to pay him a minimum of a dollar an hour.

Thus, for odd jobs, he prefers to hire whatever mature men are available as they usually have knocked around enough that they know how to perform simple jobs he has to be done without time being spent in instructing them.

© National Federation of Independent Business

Thus, due to Congressional action, youngsters idle on street corners although they would prefer to do something worthwhile.

Yet, there is a great drive put on Congress to set a new minimum wage law.

And by one of the strangest paradoxes of the times, many of the most vociferous proponents of establishing a minimum wage by law, are opposed to any laws which permit a manufacturer to establish the minimum price for his brand of merchandise.

Bearing in mind that Fair Trade laws do not apply to an entire commodity but only to those brands which are usually advertised and represent the highest quality. Yet those who oppose letting such manufacturers set a fair price on their brands often believe that every person, regardless of aptitude, energy, ability, or integrity, should be guaranteed a minimum wage by law.

And unlike the need for Fair Trade laws, if there is to be any honest American merchandise on the market, the minimum wage debate is largely an academic one. It is quite unlikely during this period that any large number of people are working for the present minimum wage of \$1 per hour.

With few exceptions, neither socialism nor communism come into power in a nation overnight. Long before this happens, there is a long, slow build up during which people are mentally conditioned to accept government control in certain areas as a natural thing. From this point, it is but a short step to the end of democracy.

If the Spirit of him that raised up Jesus from the dead dwell in you, he that raised up Christ from the dead shall also quicken your mortal bodies by his Spirit that dwelleth in you. (Romans 8:11.)

We may know of the Holy Spirit as a doctrine, but do we know Him as a Person? To know Him thus is a definite experience in faith. Just as Jesus is real, the Holy Spirit is real. Jesus Himself could not remain with us in the flesh. The Holy Spirit is "the promise" of the Father, sent in answer to Jesus' prayer and in His name.

At one time the thought or dying-frightened me. Then I realized that if God could resurrect Jesus after His death and burial, I had nothing to fear. By submitting my life to Christ and following Him, I received the assurance that God would take care of me!

As we walk "in the comfort of the Holy Spirit," we are enabled to comfort those in trouble "by the comfort where with we ourselves are comforted of God."

PRAYER

Heavenly Father, we may not understand the mysteries of the Godhead, but we thank Thee for the provision Thou hast made for us through Thy Son to redeem us from our sin. We thank Thee also for sending us the Holy Spirit that He may abide with us forever. We thank Thee in Jesus' name. Amen.

J. D. Donaldsons, Married 64 Years, Have Lived In Lynn County 57 Years

It's a far cry from a tent to a half-dugout to a frame bungalow to the nice, modern brick home in which they now live, but that is the thumb-nail history of Mr. and Mrs. John D. Donaldson's 57-year residence in Lynn county. There are few oldtimers living who have been here longer.

When the Donaldsons (they have been married 62 years) topped the Plains on May 2, 1902, Lynn county was not yet organized, there was no Tahoka, the only postoffice was at Lynn, and only a few patches of land had been broken out.

They settled on two sections of land Mr. Donaldson had bought eight miles southeast of present Tahoka in what was later to become the Midway community, and the family still owns this land.

Mr. and Mrs. Donaldson had been living at Truby, Jones county, between Abilene and Anson, on the Clear Fork of the Brazos.

He had made two trips in a buggy from Truby out to the Plains, a beautiful sea of grass on which a few ranchmen grazed herds of cattle. He liked what he saw, believed that there was a great future in this area, and being a young man trying to get a start decided to cast his lot with the South Plains.

Mr. Donaldson went to Lubbock, got in the "chute," or line, and tried to file on some land in the southeastern area, but found each tract had been leased by cowboys working for the ranchers, who controlled the country by leasing up the state land and thereby making it unavailable to settlers.

However, he found two patented sections and bought one for \$1,100 and the other section at \$2.00 per acre.

J. D. Donaldson was born in Arkansas April 9, 1872, son of William Wallace Donaldson and

wife, W. W. was a veteran of the Civil War, wounded in battle. When J. D. was five, his parents moved to Valley Mills, Texas, and soon after to Moody, where he grew up and attended school at near-by Round Top. He attended Baylor University one term and went to San Marcos Summer Normal, where he was granted a teachers' certificate.

He taught school a year in Hays county and the next year he taught at Ignorant Hill, between Moody and Waco. He next worked in a Moody store at the handsome salary of \$50 per month.

J. D. fell in love with Ada Callaway, daughter of a Methodist minister, Rev. J. P. Calloway, and wife. Incidentally, Rev. Calloway served as pastor of Tahoka Methodist Church two years in about 1910 to 1912. Mrs. Donaldson's mother died in 1898, soon after she and Mr. Donaldson married, and Rev. Calloway later married again. Rev. Calloway died August 28, 1939, in Temple, and his second wife, "Miss Stella," died only about two years ago. The pioneer couple visited here many times in later years, and was well known by many Tahoka people.

Mrs. Donaldson was born at Ozark, Arkansas, June 7, 1874, and came to central Texas with her parents when she was 14, living at various towns while her father pastored churches.

Mr. and Mrs. Donaldson were married January 8, 1895, at Speegleville, McLennan county, in her parents' home by Rev. Sam P. Wright, presiding elder from Temple.

The couple set up housekeeping in the big two story house on his parents farm, two miles from Moody, where they farmed the next two years. The farm, known as the Hedge place, was one of the first (Cont'd. on Back Page, Sec. II)

Little League Objectives Told

Delbert Mouser of New Home and L. A. Forsythe of Tahoka, Lynn County Little League managers, presented the program at the Rotary Club Thursday noon of last week.

C. W. Conway, president of the Little League, who arranged the program, stated that there are 120 boys playing baseball in the Little and Minor Leagues. Each of the four Little League teams has a Minor League farm club.

Mouser, manager of the Yankees for four years, told some of the objectives of the program. He said the managers seek to develop in the boys a sense of team-work, fair play, and a will to win that will help them in later life. The boys are taught to respect the umpires, thereby developing a respect for law and order, but they are permitted to question umpires at times to learn the reason for rulings.

He said the boys learn that the harder they work and the more hustle they show the more likely they are to win and to learn. They also learn the importance of proper eating, sleeping, and physical care.

He explained that managers try to give every boy some playing experience, but sometimes it is impractical to substitute younger boys because by doing so the game might be lost, the older boys discouraged, and the morale of the entire team disrupted.

Mouser also explained some of the rules of Little League that many fans do not understand. For instance, each team is allowed only five pitchers, two of whom may be 12 years of age, two 11, and two 10 or under. There can be no more than two each of 12 and 11 years of age. Furthermore a pitcher can work only six innings a week, or if he pitches four innings one day there must be three intervening days before he can pitch his other two allotted innings in the week.

He thought it remarkable that last year 300,000 boys, or 5,000 leagues of 60 boys to the league, were playing baseball in Little League, and only two were killed, both of these being by electric light shortages. Requirements and inspections are being raised to eliminate this possibility.

Forsythe, who is in his second year of managing the Giants, spoke along a similar line, emphasizing some of the remarks made by Mouser.

He said all the managers of the local teams had a deep interest in their boys and that their prime objective was to make men out of the boys while furnishing them wholesome recreation and training.

He told of the great satisfaction he found in working with his group of boys, the confidence they placed in him and the joy he had in seeing them develop. He also explained further some of the rules.

Other managers are Dean Taylor of the Cardinals and Charles Reid of the Cubs. Each manager has two to five helpers, who also work

Grassland Coop. Plans Meeting

Announcement is being made by L. S. Turner, president, of the annual meeting of the Grassland Cooperative Gin at 8:00 p. m. next Monday, June 1. All patrons are urged to attend, and friends in the community are invited.

An educational program will be given with prominent speakers taking part, followed by the business session when two directors will be elected and the audit report read. Refreshments will be served.

Mr. Turner states that the Grassland Cooperative enjoyed a good season last year, ginning over 6,000 bales of cotton and clearing nearly \$5.00 per bale.

The directors have already approved the purchase of new Mitchell nine-cylinder super feeders-cum-cum and three new Hardwick-Etter overhead cleaners and a separator, all costing about \$30,000. With other new machinery installed last year, it will bring the gin up to one of the most modern and efficient plants in the territory. A better grade of cotton and turn-out for the customers is the goal that is steadily followed. Assets of \$50,461.70 in 1949 have increased to \$165,005.00 on March 31, 1959.

Other officials of the cooperative are: T. L. Aten, vice president; Thurman Francis, secretary; and directors, Amos Gerner, Glenn Norman, Bishop Mathis, and Gerald Norman. Odis Tew is treasurer and manager, assisted by Ted Dockery, plant superintendent.

Following the talks, Conway announced that this year the organization is starting the season with \$1,400 in bills, with which to pay it had only \$1,200 on hand. Several Rotarians who had not already contributed to the program wrote checks to the fund following the meeting.

Preceding the program, Wynne Collier gave the induction talk to a new member of the Rotary Club, County Clerk C. W. Roberts.

O'Donnell Raising Scholarship Fund

O'Donnell citizens are seeking to raise a fund of \$1,500 to send Miss Sarah Prather, valedictorian at the school here this year, to Texas Tech, according to O. G. Smith of O'Donnell Index-Press, who stated more than \$500.00 had already been raised Friday.

The deerving young lady, who had a 94.32 percent grade average during her four years in high school, lost her father a few weeks ago.

Those wishing to contribute to the fund should see Mrs. J. W. Gardenhire, Mrs. Bill Davis, Mrs. C. A. Lacy, a committee for the 1946 Study Club, or leave their checks with J. T. Forbes at the First National Bank of O'Donnell.

Latin Boy Scout Troop Is Busy

The Latin-American Boy Scout troop is carrying out an active program, according to Mauricio Marez, assistant scoutmaster. The group recently attended the Quanah Parker District Camporee at Cedar Lake, in Gaines county.

Members of the troop are: Johnny Marez, Joe Mesa, John Alvarado, Dan and Mike Anchango, and Adolph, Jerry, and Raymond Chapa. Junior Montemayer is the scoutmaster.

MEMORIAL DAY . . .

91 years ago America formally observed its first Memorial Day . . . a day dedicated to those who "made their breasts a barricade between our country and its foes."

This week, families throughout the land once again will decorate the graves of loved ones. Amid the beauty and peacefulness of a beautiful spring day, may the memory of those who have given so much, inspire us, the living, with thoughts and deeds . . . that they shall not have died in vain.

CHEVY GIVES YOU 7 BIG BESTS!

Take it, not from us, but from the published opinions of outside, independent experts and from on-the-record facts and figures: Chevrolet gives you these 7 big bests over any other car in its field!

<p>BEST ENGINE</p> <p>Every motor magazine has given Chevy's standard and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price."</p>	<p>BEST ENGINE</p> <p>Every motor magazine has given Chevy's standard and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price."</p>
<p>BEST BRAKES</p> <p>In direct competitive tests of repeated stops from highway speeds, conducted by NASCAR*, Chevy out-stopped both the other leading low-priced cars—and why not? Chevy brakes are far larger, built with bonded linings for up to 66% longer life.</p> <p>*National Association for Stock Car Advancement and Research</p>	<p>BEST ECONOMY</p> <p>No doubt about this: two Chevrolet Sixes won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car.</p>
<p>BEST STYLE</p> <p>POPULAR SCIENCE magazine sums it up: "The fact is, in its price class the Chevy establishes a new high in daring styling . . ." It's the only car of the leading low-priced three that's unmistakably '59 in every modern line.</p>	<p>BEST ROOM</p> <p>Official dimensions reported to A.M.A. make this clear. For example, Chevy front seat hip room is up to 5.7 inches wider than competitive cars.</p> <p>Automobile Manufacturers Association</p>
<p>BEST TRADE-IN</p> <p>Check the figures in any official N.A.D.A. Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."</p> <p>*National Automobile Dealers Association</p>	<p>BEST RIDE</p> <p>You'll be able to tell this yourself, instantly. But MOTOR TREND magazine expresses it this way: " . . . the smoothest, most quiet, softest riding car in its price class."</p>

Senator Preston Smith
Action of the 56th Legislature, overshadowed by the big issue of state finances, has produced some new measures that will effect five major changes in Texas.

Truck weight limits were raised from 58,420 pounds to 72,000 pounds. Police and firemen will work shorter hours.

Control of loan sharks will be sought through a proposed amendment to the Constitution. Voters will consider allowing the Legislature to set interest rates on loans.

In the field of higher education, two junior colleges were raised to senior rank. Midwestern University was brought into the state system, a new medical branch of the University of Texas was found at San Antonio, and the first step was taken to bring endowment-rich University of Houston into the state system as a University of Texas branch.

The Texas election laws have been altered, advancing the July-August primaries to May-June, with the deadline for candidates filing to be the first Monday in February. Credit for this action is being given backers of Senators Lyndon Johnson for presidential nomination.

Probably the most important of all the above actions is the "loan shark" resolution which will be submitted to the voters for approval in the general election of 1960. If passed, the constitutional amendment will give the Legislature the authority to classify loans and lenders, define interest and fix maximum rates of interest. The purpose would be to allow the lawmakers to set a rate of interest on small loans higher than the present constitutional limit of 10 per cent. This can be done only by specific legislation and does not remove the constitutional limit except as specified by the legislation, say legal observers. Action would be taken by the Legislature only after years of study.

Panhandle Mutual Hail Insurance
A Legal Reserve Company with Over \$440,000.00 in Reserve.
Panhandle Mutual was the leading Company in Texas in 1958 with Premiums totaling \$1,149,664.00.
RE-INSURED WITH LLOYDS OF LONDON
Here are a few of the reasons Farmers buy Panhandle Mutual Hail Insurance.
There is no REPLANT clause in Our Policy.
No Plant Population Space Adjustments.
No Interest On Notes until after Maturity.
5. Percent discount on notes if paid by June 15th.
Claims are adjusted on the basis of damaged portion rather than on the basis of the production not damaged.

Texas Cotton Statistics

The U.S.D.A. has placed the 1958 national cotton crop at 11,581,000 bales. Texas will account for approximately 4,350,000 bales or 37% of this total, a significantly larger portion than the average for the last decade. As big as 1958's total Texas cotton crop is (4,350,000 as compared to 1957's 3,632,000 bales), the big production news in 1958 is acre yield. The indicated yield per acre for 1958 of 387 pounds of lint (4,350,000 bales raised on 5,400,000 acres) far ex-

ceeds the previous record of 325 pounds per acre (359,000 bales harvested from 490,000 acres) set 92 years ago in 1866, and is 31% above last year's 295 pound per acre yield (3,632,000 bales harvested from 5,905,999 acres), which had been second highest in history. What has happened to acre-yields during this 92-year period makes an interesting study in cotton production economics and gives a factual foundation for speculation on the future of Texas cotton.

HOW TEXAS COTTON GROWS*

- Time to come up—Average 7 to 10 days, range 7 to 30 days.
- Appearance of third leaf (first true leaf) 8 days after emergence.
- Emergence to square—35-40 days.
- Square to white bloom—30-25 days.
- Bloom to open boll—50-65 days.
- Boll full grown 20 to 25 days after bloom.
- Should be ready to harvest in 160 days (25% open in 130 days).
- 120,000—number of seed in one bushel of square seed.
- Most effective fruiting period is from June 20 to August 1.
- Approximately 25 to 40 per cent of blooms make bolls.
- August 20 is generally the last date for effective setting of fruit in a normal year.
- Boll period ranges from 45 to 65 days.
- Fiber length held down first 25 to 30 days.

- Critical period in length of fiber is 16 to 20 days after blooming.
- Strength of fiber is built up in second 25 to 30 days of boll development.
- Moisture is the limiting factor in determining length of lint in a given variety.
- 90 is average number of days to blooming peak.
- 35 is average number of days from first bloom to peak of blooming.
- 40 is average number of days from first bloom to shed peak.
- Average per cent of bloom shed is 60 to 65.
- Average number of blooms per plant is 40 to 45.
- In 65 to 75 days after first white bloom 30% of crop is open.
- In 85 to 95 days after first white bloom 70% of crop is open.
- In 95 to 105 days after first white bloom 85% of crop is open.
- Plant population per acre with 40-inch row width—1 plant per foot of row, 13,068 plants per acre, 2 plants per foot, 26,136 plants per acre.

Navy Offers Deal For Ex-Servicemen

The Navy department has just announced that applicants who have served in services other than the Navy may now be enlisted in the Navy in pay grade E-4 if they at the time of discharge held a rate in pay grade of E-5, 6, or 7, and no more than twelve months has elapsed and the experience gained in the service is closely related to one of the Navy's open rates.

Also regardless if applicant was discharged with a rate higher than E-3 he can enlist in pay grade E-3. Applicants of a service other than the Navy that were not discharged under a rate higher than E-3 can enlist in the Navy in that discharged pay grade providing he can pass the requirements of the mental and physical exam.

All ex-Navy men who have not exceeded more than two years since discharged may re-enlist in the rate held at time of discharge if they were in one of the many open rates.

For more information concerning this please contact your local Navy recruiter located at the Post Office building, Lubbock, Texas.

Donaldsons . . .

(Cont'd. from Page 1, Sec. II) farms broken out in that area. Mrs. Donaldson, who had always lived in towns while her father pastored churches, found the place awfully big to keep and the life lonesome—but there were worse and better days to come. The first child was born there, he being Claude, now a Tahoka insurance and cotton man.

John D.'s brother, Charley, owned a section of land out in Jones county, and impounded Mr. and Mrs. Donaldson and baby to move out West with him.

The two families moved in 1897 to Truby, where they operated a store and the postoffice in a two story building while living on the second floor.

The stage, pulled by four horses, between Abilene and Anson, made one of its stops at the postoffice at 4:00 a. m. The two Donaldson men kept their clothes at hand, and when they heard the stage hit the Clear Fork bridge a short distance away, they jumped into their clothing and dashed downstairs to pick up the mail before the stage dashed away.

While living there, two more children were born, Wallace, now a successful Houston lumber yard owner, and Lola, now Mrs. Lola Thomas of McAllen, whose husband, Aubrey Thomas, also formerly of Tahoka, died a few years ago.

On reaching the decision to move to the Plains, Mr. Donaldson hired two men to help him drive his 100 head of cattle out from Jones county. Mrs. Donaldson drove the wagon and cared for the children, and the group camped out at night on the 17-day trip.

They drove out on top of the Plains on May 2, 1902.

On reaching their land, the family set up housekeeping in a tent. Mr. Donaldson had a very busy time that spring and summer. He broke out about 600 acres of land that first year, and planted it to crook-neck maize and cane. He had a walking plow, which he converted into a planter by mounting a washpan on an axle just in front of his feet so that as the plow moved the axle turned the pan and permitted the seed to drop in the furrow through holes in the pan, which seed the plow covered on the next time around.

He went to Big Spring for lumber and groceries and other supplies, and erected a one-room half-dugout on his land.

They got water from surface lakes and sometimes at Dew Drop Lake. There was one well at Dew Drop about six feet deep that had good water. Another well a short distance away had bad water.

Mr. Donaldson hired Will Fenn and Lou McCrery to come out and hand-dig a well on his place. Starting Monday morning, they struck water the following Saturday at 32 feet. Sunday morning, he left for Big Spring to get a windmill and tank. This being the only good well in the country, settlers came from 10 to 12 miles around to get water, some of them bringing two or three barrels at a time.

The couple recall that some of the settlers already here when they came were the Luttrells, the Cowans, the George Smalls, the Jack Alleys, Ace Lockwood, Ellis Payne, Ed Ketner, the Randalls at New Lynn; the Alexanders of Draw, a friend of the settlers; and the Majors boys, friends of the cattlemen.

freight road came right by their place. They got their mail at Lynn, where Mr. Kershner operated the postoffice, the mail coming from Gail.

The old Slaughter drift fence, built to stop cattle from drifting clear out of the country when the frequent winter blizzards swept down across the Plains, came across his land separating the two sections. Mr. Donaldson had a two wire fence around his pasture.

When they came, there were only 17 voters in the unorganized county, they were told. Mr. Donaldson voted in the first election—the county organization election in the spring of 1903. Women had no vote in those days.

Antelope meat was a big item in the family diet. Mr. Donaldson's father had sent him a .38 calibre Winchester with which he killed antelope for food. On one occasion he shot at an antelope and the animal dropped in his tracks. On close examination, Mr. Donaldson found the bullet had hit one of the antelope's horns and the sudden shock evidently killed the animal, for there was not another sign of a mark on him.

He had a fine cow pony, Old Lynn, on which he rode to hunt antelope, and he thinks Old Lynn was one of the finest horses he ever saw. He would run Old Lynn until he got in shooting distance, then jump off and shoot at the antelope on the run. He also had a dog that was a help in getting his antelope.

In 1905, men of the community built Midway school, to which Claude and Wallace rode the three miles on a donkey. Some of the families in the community now included also the Cowans, Blacks, Warrens, Luttrells, and Skinners. Church services were held in the homes of the community and in the school house on occasions. Mr. Donaldson recalls that one of the visiting preachers was a Brother Miller from the New Home country. Mr. Donaldson, then a Baptist, recalls that Bro. Miller "preached everybody to hell except the Baptists, and Mrs. Donaldson (a Methodist) didn't like it a bit."

Mrs. Donaldson was one of the organizers of the Methodist Church in Tahoka, and is the sole living charter member of the church today. After the couple moved to town, Mr. Donaldson joined the Methodist Church, and both have long been leading active members in the church ever since.

The farm dugout was soon replaced by a house, but in about 1910, the Donaldsons moved to Tahoka, which had been started in 1903, and they were here when the railroad built into town. They

saw the first train that rolled into the station here. The fourth child, Ovid, born at Midway, died June 3, 1927, from an injury received in diving into a swimming pool. At the time, he was an upperclassman in McMurry College, where he was a football hero of those days.

The fifth child is Dr. J. D. Donaldson, born in Tahoka, now a well known physician in Lubbock.

All the children graduated from the local schools. Claude attended old Seth Ward College at Plainview, Southwestern University, and George Washington University in Washington, D. C. Wallace did not attend college but went into the lumber business in Houston in the 1920s. Lola attended Meridian College and Baylor, Ovid went to McMurry, and J. D. Jr. attended Texas Tech and University of Texas School of Medicine at Galveston.

There are seven grandchildren and three great grandchildren.

One of the nicer brick homes in the town is that built by them on North Third street in about 1929.
