"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire

Volume 56

Tahoka, Lynn County, Texas, Friday, May 27, 1960

Number 34

Only 2,985 People Listed By Census

Tahoka's population is only 2,985, according to the preliminary count released to Mayor H. B. McCord Sr. this week by Earl E. Kerr of Lubbock, District Director of Census.

This is a gain of only 137, or about 4 1/2 percent over the figure for 1950.

According to figures released two weeks ago, Lynn county lost 201 people in the 10 years, from 11,030 to 10,829.

Although this is a preliminary figure and is subject to revision at the time the official figures are released, we do not feel that there will be a material difference in these totals," Kerr said.

Thus, like many other towns, Tahoka is disappointed in the total, and many local people this week expressed the opinion that they do not believe the figure is correct.

Nearly 100 homes have been built in Tahoka in the last two years alone, they point out, and utility connections in the city are also 40 percent above those of 1950.

However, it is a known fact that because of improved living conditions there are fewer people per dwelling unit than there were ten years ago.

If there are people who were missed it may still be possible to get the figure corrected if those missed will report their names and addresses to the office of the District Director of the Census at Lubbock, or contact Dean Taylor, secretary of Tahoka Chamber of Commerce.

Mrs. Brooks Smith Rites Saturday

Mrs. Brooks Smith, 84, died Friday, following a long illness. She had lived in the county nearly forty years.

Funeral services were conducted Saturday at 2:30 p. m. in Stanley Funeral Chapel by Rev. D. W. Copeland, pastor of Redwine Baptist Church, and Rev. H. C. Lonis, pastor of the Assembly of God Church. Burial followed in City of Lubbock Cemetery.

Mrs. Smith, the former Mattie Pennell, was born February 25, 1876, in Travis county. She was married at Albany, Shackelford county, in 1895. The couple moved to the Petty community of Lynn county in 1921, where Mr. Smith farmed until 1946, when they retired and moved to Tahoka. Mr. Smith died here in March, 1955.

Survivors include four sons, Thad of Wilson, O. S. and Warren of Tahoka, and B. T., a teacher in Texas Tech; two sisters, Mrs. May Baker of Bakersfield, Calif., and Mrs. Julia Whitehead of Gatesville; 11 grandchildren, and 18 great grandchildren.

Mrs. Hall Robinson of Robinson Ready-to-Wear was among the Tahoka merchants attending the fashion market in Dallas this week.

Homer Aldridge is a medical patient in Tahoka Hospital and is reported to be improving nicely.

Poppies will be on sale Saturday in Tahoka for benefit of disabled veterans. Sales will be handled by the Auxiliary of the Veterans of Foreign Wars.

Thiefs Take Plants From Graves Here

About the lowest form of humanity is the person who robs graves.

The next lowest, says one of The News' readers, is the person who steals flowers from a grave.

Last week, some one pulled up a number of rose bushes and some newly-planted geraniums from graves at Tahoka Cemetery. Such thefts have occurred several times within the past year from several private plots in the cemetery. Twelve rose bushes have been taken from one grave-site in the last year.

This is strictly a violation of the law as well as disrespect for the dead and heart-breaking to living loved ones of the dead. If these guilty persons have no respect for the law, they are asked to please show some respect for the dead.

Methodists At Annual Meeting

Lynn county Methodist pastor and Conference lay representatives this week are attending the annual Northwest Texas Conference being held Tuesday through Friday at Polk Street Methodist Church in Amarillo.

Appointments of pastors will be read at noon today, Friday.

Rev. J. B. Thompson is attending from the Tahoka Methodist Church. Rev. Thompson will report 23 additions to the local church, a total membership of 464, Sunday school enrollment of 346, and average Sunday school attendance of 192.

Raised for all purposes during the past year was \$26,542, and there is a building fund total of \$33,000.

Three Graduating From Baylor U.

Three Tahoka young men will receive their degrees from Baylor University, Waco, today. They are Kenneth Durham, N. E. Wood Jr. and Gordon Smith.

Dr. and Mrs. K. R. Durham, Mr. and Mrs. N. E. Wood, and Judge and Mrs. Truett Smith are in Waco for the graduation exercises on Thursday and Friday of this week.

The News is informed that Kenneth expects to return to school to work on his Master's degree. N. E. will teach, and Gordon will enroll in Southwestern Baptist Theological Seminary in Fort Worth.

Two Graduating At West Texas

Two Tahoka students are among the 300 students who are in the graduating class of West Texas State College at Canyon.

Tommy Paris, son of Mrs. Jim Hill, will receive the Bachelor of Arts degree, and also will be commissioned a second lieutenant in the Army reserve. He expects to teach.

Mik (Junior) Fitts, son of Tom Fitts, now of Canyon, will also graduate. He was a star performer on the Buffalo basketball team, serving as captain, and was twice named to the all-Border Conference team. He hopes to play professional basketball.

Mr. and Mrs. O. P. Hemmeline and daughter, Kay, of New Home, and Larry Spruiell of Tahoka left Wednesday for Houston, where the Hemmelines are visiting their son Bobby, who had a bad leg injury some time ago and was expected to have the member amputated.

Plan Work At Local Airport

City of Tahoka and Lynn county are making plans for improving runways at Tahoka Airport, a part of the Edwards-Childers Memorial Park, of which T-Bar Country Club is a part.

Mayor H. B. McCord says that while paving contractors are here with a rock crusher, the City and County hope to join in improving the east-west runway at a negligible cost. The north-south runway already has a caliche base.

The CAA is being contacted for advice and help, and it would be desirable to apply an asphalt topping to both runways, if something can be worked out.

Importance of improving these runways has been called to the City's attention by several business men from a distance who would like to fly in to Tahoka, and also by crop dusters and local flyers.

T-Bar Drive Is Nearing Goal

Plans are nearing completion for the new club house at T-Bar Country Club, although not quite all the needed funds are in sight, states Mrs. Charles (Myrna) Verner, chairman of the Club finance committee.

Mrs. Verner has headed a drive to raise at least \$10,000 for the club building. Although the goal is near, success of the drive depends on a few remaining to be contacted.

The building committee, headed by E. L. Short, is formulating plans for a large addition that will incorporate the present building to form a much larger and more beautiful building with a masonry finish. Included will be a kitchen, large rest rooms, storage space, and pool shop.

Construction will start in the immediate future if the remaining pledges come in.

Sign Holders Are Made In Tahoka

Manufacture of sign holders for District II of the Extension Service has recently been completed by the Wm. Young Machine Shop of Tahoka, according to County Agent Bill Griffin.

The signs will be used to designate adult demonstration projects being carried out by farmers in the 20 counties of District II, including fertilizer, crop, vegetable, and irrigation demonstrations.

The sign holders, so far as is known, are the first to be used on farms in Texas for such demonstrations, Griffin said.

Mrs. Hope Haynes of Coalinga, Calif., visited here Monday and Tuesday with Mrs. Clyde Spruiell and other old friends. Mr. Haynes, a former teacher in the local schools, has been with Shell Oil Co. in California since leaving Tahoka 15 or 20 years ago.

PATRICK ARDANT

French Youth Is Summer Guest

Tahoka Rotary's foreign student guest for this summer will be Patrick Ardant, 25, an agricultural student from Limoges, France. He will spend eight or ten weeks in Tahoka in the homes of Rotarians.

He is expected to arrive here about the middle of July, according to Harold Green, chairman of the club foreign student committee.

Patrick is the son of a publisher and a university student at the National Agricultural Institute in Paris. He plans to become a specialist in agricultural economics.

While visiting in Tahoka, he hopes to observe American agricultural methods, our culture, business, housing, and recreation, and also has an interest in the place of the Negro in American life. He writes that he likes people.

He has had training in public speaking, has addressed several groups, and also has written for his school magazine.

He is interested in classical music, arts, and the theatre. His hobbies include skiing, water skiing, swimming, sailing, tennis, riding and hunting. For five years he has been a leader of ski groups.

He has spent five months in England, and has also traveled in Italy, Spain, Austria, Canada, Belgium, and Holland. He is a member of the Catholic Church.

Tahoka Rotary Club is bringing the young Frenchman here in co-operation with the Experiment Ambassador Program of the Experiment in International Living.

Boy Scouts Hold Lake Camp-Out

Between 20 and 25 Tahoka Explorer Scouts and Boy Scouts spent last week-end, Friday night through Sunday, at Lake Thomas, accompanied by Scoutmaster Allyn Cox and other Scout leaders.

The boys camped out, swam, fished, and water skied. Boats and motors were furnished by Granvel Ayer, W. T. Kidwell, George Wright, and H. B. McCord Jr.

City of Tahoka Lets Contract For 35 Blocks of New Paving

District Court Sentences Six

Six pleas of guilty were entered in district court here Friday before Judge Truett Smith. Four of the five men involved drew penitentiary sentences, and the fifth drew a suspended sentence.

Lewis Oudens, charged in two counts with forgery and passing by using a check protector, drew five years sentence in each of the counts, terms to run concurrently.

James Berryhill and Homer Steward, charged with the burglary of Billy Stice's Fina Service at the north edge of town, were assessed 10 years each in the state penitentiary. The two are escapees from Florida and have a past record of offenses.

Vilone Gray, New Home Negro farm hand, who was out on probation from a previous offense, received a five-year pen term on a plea of guilty for forgery and passing.

Baldonera Moreno, a bracero and native of Mexico, was given a three-year suspended sentence on a theft charge and turned over to Immigration authorities for possible deportation. He had been working for a farmer at Wells.

Eight others indicted at a recent grand jury session will stand trial, dates to be set by the Judge.

Geo. Henrys Have Had Children In School 31 Years

When school opens in Tahoka next fall, for the first time in 31 years Mr. and Mrs. George A. Henry will not have a child in attendance.

Their youngest daughter, Sue, graduated last week, and she was the last of their seven children to complete their high school education since the first started in 1929.

Their children are Mrs. Daniel (Clara Lee) Thomas of Tahoka, Mrs. Surman (Katherine) Hill of Plainview, John Henry of Tahoka, Mrs. Doyle (Betty Lou) Spinks of Post, Mrs. Charles (Loretta) Haire of Lubbock, Jackie Henry of Tahoka, and Sue.

Mr. and Mrs. Henry are pioneers of the county, she being the former Miss Daisy Luttrell.

Mrs. Rayford Smith, who underwent major surgery Friday in West Texas Hospital, is reportedly on the road to recovery.

Isiah Roberson underwent minor surgery in Tahoka Hospital this week and is improving.

Tahoka Closing Memorial Day

Most Tahoka business houses will be closed all day Monday, May 30, this being Memorial Day, in honor of the war dead.

Each year Tahoka business firms, on a majority vote, take five holidays, New Year's on January 1, Memorial Day on May 30, Independence Day on July 4, Thanksgiving Day and Christmas Day.

Rotarians Go To Convention

Four Tahoka families left early this week to attend the Rotary International convention in Miami, Florida which will open Sunday and continue through the following Thursday.

Making the trip are Mr. and Mrs. Otis Spears and boys, Dr. and Mrs. Skiles Thomas and children, Mr. and Mrs. Charles Townes, and Mr. and Mrs. Harold Green.

This Sunday night, they will attend a dinner of representatives from 573rd District of Rotary honoring Mr. and Mrs. J. Edd McLaughlin of Ralls. Mr. McLaughlin, Ralls banker, will assume office on July 1 as president of Rotary International for the 1960-61, the first Texan ever to be elected to the organization. A New Zealander is the current president.

About 12,000 Rotarians and their families from most of the 116 countries in which there are Rotary clubs are expected at the convention. Rotary is made up of men from all walks of life, representing almost every business profession, or vocation. There are now half a million members in 10,500 clubs.

Next year's convention will be held in Tokyo, Japan.

Chestnutt Heads Honor Society

Buddy Chestnutt, son of Mr. and Mrs. G. H. Chestnutt, was elected president of the National Honor Society for the year 1960-61 at a meeting held Tuesday night at the home of Marihelen Reid. He will be a senior during that school term, and was also a member of the NHS during his junior year.

Other officers elected were: Fred Hegl, vice president; Susan Thomas, secretary; Billy Davis, treasurer; Darlene Tekell, reporter; and Carol Jean Allen, parliamentarian.

The National Honor Society is composed of high school students who are selected for their outstanding character, leadership, service and scholastic average.

Members for the next school term are:

Seniors, Buddy Chestnutt, Susan Thomas, Gail Phillips, Martha Bell, Geanne Gandy and Vennie Faye Ratliff; juniors, Billy Davis, Fred Hegl, Darlene Tekell, Carol Jean Allen; Perry Flippin, Donna Copelin, Vesta Sue Dudgeon, and Frances Wilhoit; sophomores, Andy Bray, Sarah Wells, Lynetta Cain and Craig Leslie.

Floyd Tubb and Mrs. Madeline Hegl are sponsors.

Mr. and Mrs. Prentice Walker of Cloudcroft, N. M., where they are opening a gift shop, were here last week for the graduation of their daughter, Jill Walker, from Tahoka High School. Jill has been living with her grandmother, Mrs. Beulah Applewhite.

Color printing was used as early as 1497 in Germany.

Low bidder on Tahoka's new street paving project of at least 35 blocks is J. R. Fanning & Co., Inc., of Lubbock. There were nine bidders, and Fanning's low bid was \$115,110.20, which was much lower than City of Tahoka officials had expected.

This will mean that new paving will cost property owners an average of \$3.40 per front foot, including curb and gutter, which is considerably lower than the cost of the paving done in 1949.

Work is expected to start late in June, and October 15 has been set as the shut-off date.

Start of the work will follow legal publication notice, sign-up of property owners, a required assessment hearing on June 20, and other such details.

The above figure includes \$8,386.20 for new paving in the new Lockwood Addition, which will be done under a separate contract and paid for by West Texas Builders, Inc., developers of the project, plus assessments against property owners on the south side of North Eighth adjoining the addition.

The contract also includes \$13,065 for patching holes and applying a new seal coat on approximately 100,000 square yards of old or existing paving, some of which is in a bad state of repair.

This will leave \$93,627.00 for new paving to be signed up by property owners. Mayor H. B. McCord says that at this price it will probably be possible to lay more paving than called for in the contract if property owners desire it.

The City recently voted \$50,000 in bonds for the new project, which will take care of street and alley intersections.

New paving will be of six-inch caliche base with tripple asphalt topping. Most of the new streets are designed for 37 or 33 feet in width, but there are some sections 36 feet and 50 feet in width.

Consulting engineers on the job are Roberts, Merriman, Bowden & Isbell of Lubbock.

The fiscal agent is Texas Municipal Bond Co. of Lubbock. The latter will start signing up property owners on June 2, but those desiring paving can contact J. M. Uzzle now at the City Hall.

If desired, property owners may make a down payment of one-fourth the total assessment on his property within ten days from completion of the paving, and the rest in three annual payments, this balance to carry 8 percent interest.

In other words, if paving on a 50-foot lot costs \$170.00 to the property owner, he can pay \$42.50 on completion of the work and \$42.50 plus 8 percent interest on the balance for three successive years.

Most of the anticipated paving is in Northwest Tahoka, including the Roberts addition and the West Texas Builders' project. However, the City hopes there will be some paving done in South Tahoka, especially on streets leading to the City Park.

Property owners are urged to begin getting together with neighbors as single blocks connecting with other paving must be signed up.

School Transfer Deadline June 1

Students in Lynn county wishing to make a transfer to another school district for the school year, 1960-61 should apply for the transfer before June 1, according to J. P. Hewlett, county superintendent. Those desiring to transfer are asked to apply now since the deadline is Tuesday, May 31, only four days away.

Glen Ross Evans is improving in Tahoka Hospital where he has been a medical patient since May 20.

MISS SYLVIA RUTH EDWARDS

Miss Sylvia Ruth Edwards Will Be Married Sunday At New Home Church

Matching yellow gold bands will be exchanged by Sylvia Ruth Edwards and Frank Alvin McDonald Sunday, May 29, when the two are united in marriage at 5:00 p. m. at the New Home Baptist Church by the Rev. C. E. Strickland, pastor of the Fellowship Baptist Church in Levelland.

Parents of the couple are Mr. and Mrs. John Boswell Edwards of New Home, and Mr. and Mrs. Hugh Alvin McDonald, 1315 Ave. A, Beaumont, Texas.

Escorted by her father, the bride will wear a gown of Alencon lace over tulle designed in a princess bodice with long fitted sleeves tapered to petal points. The beautiful Sabrina neckline is re-embroidered in iridescent sequins and the bouffant skirt is enhanced by back inserts of lace panel ruffles. Her fingertip illusion veil descends from a pearl tiara. She will carry a white Bible centered with cymbidium orchids and surrounded by feathered mums and gypsophelia.

Miss Kay Smith of New Home Perryman, Plainview, will be bridesmaid. They will be attired in identical dresses of romance blue silk organza over taffeta which feature a scoop neckline, cap sleeves and full skirt and bowed belts. The attendants' headpieces will be pale blue sheer petals which form delicate flower hats. They will carry white fans on which pale blue marquette daisies are clustered.

Best man will be Wayne McDonald, Beaumont, bridegroom's brother.

Ushers will be George Stansbury, Muskogee, Okla., Lynn and Larry Edwards, brothers of the bride from New Home, and Hank Bowden, Germantown, Texas. Candles will be lighted by Lynn Edwards and Stansbury, and Bowden and Carry Edwards will attend at the altar with the bridegroom.

Sam Porter of Dallas will provide wedding music as the groom sings "Thine Alone," and as the bride's father sings "Because." At the conclusion of the ceremony the bride and groom will sing "The Lord's Prayer."

At the subsequent reception in the home of the bride's parents the houseparty will include Mmes. Mary Blackman, Gail Gryder, and W. G. Chapman, and Misses Jerry Waddell, Martha Crooks, Bobbie Roper and Garrene Harris.

For her going-away outfit the bride has chosen a casual suit of Copenhagen blue embroidered linen and matching orlon sweater with white accessories. Her corsage will be the orchid which centered the bridal bouquet.

Miss Edwards will receive her bachelor's degree in sacred music.

Everyday Religion

By
J. B. Thompson

There is an old story of a fellow who refused to pass a cemetery at night because he was afraid of ghosts. When told that ghosts could not hurt him he would reply, "yes, I know ghosts can't hurt you, but they can make you hurt yourself." Hambone once said, "I know I saw a ghost, and when I reached out to 'tech it, it wasn't there, and when it reached out to 'tech me I wasn't there!"

Now, ghost are very real, if their ability to scare us is any evidence of reality. It has been said by one professor of psychology that a "white mule in a cemetery at night is a ghost—if you believe in ghosts." Most of us believe in ghosts! At least we act that way.

Difficulty is a ghost. We allow our fear of the difficult to scare us away from a task that is wholly possible of accomplishment. The perplexing problems connected with all worthwhile activity cause many weak hearts to give up in despair. If a task looks hard, we succumb to the fear of defeat without a struggle.

Perfection is a ghost. It looms above us like a gloomy peak, cold and inaccessible. But, the people who excel in any field of endeavor are those who are not afraid to struggle up its rugged sides—who are not content with mediocrity. The old adage which asserts that "Anything worth doing is worth doing well," applies to all of life.

The athlete masters his game by hard work and rigid regulation. The artist strives patiently for perfection with his colors. The musician seeks diligently for harmony and abhors discord. The architect translates his dream into stone and builds a lasting monument to his skill. The student pursues the unfolding process of truth, in his eternal quest for knowledge. The "saint" aspires to purity of life and the glory of unselfish service. Living up to our highest possibilities is a heroic task and those who are afraid shall surely fail.

Chapel Is Needed At State School

There is one child from Lynn county at Austin State School, a 45-year-old State institution for "retarded" children. There are more than 2,000 children at the school. There is no house of worship on the grounds, and of course it isn't practical to take very many of the children to churches off campus.

Three years ago a group of volunteer men, women, and ministers began the work of raising \$95,000 to build an all-faith Chapel for the Children. Only \$25,000 remains to be raised. Although contributions have gone in from people in 123 counties, no money has been received from our county.

There may be those among our readers who will want to have a part in doing for these children who cannot do for themselves.

Contributions are fully deductible. Checks or money orders should be made to Chapel of the Children, Austin State School; and mailed to Mrs. Homer Leonard, Secretary, Volunteer Council, Austin State School, 3222 Gilbert Street, Austin 3, Texas.

Andrews-McCuiston Wedding Date Set

The engagement and approaching marriage of Miss Margaret Joan Andrews to Earl Levoy McCuiston, son of Mr. and Mrs. Earl McCuiston of Tahoka, has been announced by her parents, Mr. and Mrs. Fred Ellis Andrews of Brownfield.

They will be married at 4:00 p. m. June 8 in the Chapel of First Baptist Church in Brownfield.

Miss Andrews graduated from Brownfield High School and now is employed by Hoy's Flowers. Her fiancé attended Tahoka High school before becoming employed by McCuiston Construction Co. Following the wedding they will make their home in Brownfield.

NOTICE TO BIDDERS

Notice is hereby given that the Commissioners' Court of Lynn County, Texas, will receive bids until 10:00 o'clock A. M., June 13, 1960, at the usual meeting place in the Courthouse in Tahoka, Texas, for the purchase of the following Road Machinery:

- 1—New Motor Grader.
- 1—Used 1953 Model Caterpillar No. 12 Motor Grader will be offered as trade-in as part payment on said Motor Grader.

The Commissioners' Court reserves the right to reject any and/or all bids.

If a bid is accepted the Commissioners' Court intends to purchase said Motor Grader under machinery lease-purchase contract under the terms of which ownership of the Motor Grader shall pass to Lynn County at such time as the rental payments together with cash payment and amount allowed for trade-in is equal to the purchase price of said Motor Grader, plus interest on the unpaid balance at a rate not to exceed six (6%) per cent per annum. The last rental payment shall become due not later than 1963.

Mrs. T. C. Bartley Writes The News

Mrs. T. C. Bartley of Route 5, Box 5099, Oroville, Calif., writes The News that they hope to visit here in June.

She sends a copy of her home own paper with an article she thinks will be of interest to Lynn county farmers.

The article, under a Reno date-line, says that ranchers in the Sierra Valley of California think they have found the answer to the problem of controlling sagebrush that may put 100 million acres of western ranges into grass and farmland.

A new chemical has been developed that may be used to kill sagebrush by spraying at a cost of only \$5.00 per acre and is effective for nine or 10 years, and an ASC practice has been set up to pay ranchers \$2.50 for the cost of the spraying.

DULINS ON WHEAT HARVEST

Mrs. J. E. Dulin and Jimmy Lou and Mrs. Jack Dulin and children will go to Seymour in the next few days where they will meet J. E. and Jack who are on the wheat harvest. The latter two have been in Karnes City the past three weeks.

Legion Team Wins At Post

Tahoka American Legion baseball team will play Post here today, Friday, at 3:00 p. m. and Littlefield here Sunday at 2:30 p. m.

Wednesday night Tahoka defeated Post at Post by a score of 12 to 6.

Tahoka used five pitchers in the game, Andy Bray, Robert Hood, Bill Kopecky, Jim Green, and Hernandez Lopez. Post used three pitchers, Leslie Aker, Jim Newell, and Bobby Baird.

Yankees Lead Little League

The Yankees this last week took an undisputed lead in the Tahoka Little League.

In a disputed game Thursday night, called in middle of the sixth because of wind, the Yankees were leading 6 to 4.

Friday night, the Yankees won over the Cubs in a slug-fest 13 to 14. Rett Patterson was the winning pitcher, and Mitchell Williams the loser.

Monday night, the Cardinals took the Giants 7 to 3. Britt Robinson was the winning pitcher, and Robert Adams was tagged with the loss.

Tuesday night, the Cubs won a 10 to 8 game over the Cards with Mike Davis on the mound for the winners and Alec Valdez pitching for the losers. Dean Hamilton slammed out a home run in the bottom of the sixth with one on for the victory. At the time the score had been tied by a home run by Robert Medlin in the top of the same inning.

Much Activity In Pony League

Five games have been played in Pony League the past week.

Friday night at Tahoka, the Orioles defeated the Wilson Red Sox 8 to 5. Cervantez was the winning pitcher, while Long and Herzog were on the mound for Wilson.

The same night at O'Donnell, the Tahoka Braves dropped a 5 to 4 decision to the O'Donnell boys.

Monday night at New Home, the Tahoka Orioles defeated the New Home Eagles 8 to 2. Larry Jolly was the winning pitcher and Cerillas was charged with the loss.

The same night at Wilson, O'Donnell won a lop-sided 20 to 2 game over the Red Sox.

Friday night, New Home plays the Braves here, Saturday night in a postponed game the Orioles play at O'Donnell, Tuesday night O'Donnell goes to New Home, and the Braves play at Wilson, while on Thursday night the Braves and the Orioles meet here.

QUESTIONS, PLEASE

QUESTION: "Is Sanctification a second work of grace?"

Answer: Sanctification means to set apart for a special purpose. This word had no religious significance in the beginning of its usage. Anything set apart for any purpose could be said to be sanctified. Some teach that one is saved and then sanctified as a second work of grace. Is this so? No, it is not so. The same thing that makes one a Christian makes one a saint (one who is sanctified). We are told to sanctify the Lord God in our hearts (1 Pet. 3:15). This means to set Him apart in our minds so that we will be able to give an answer to every man that asks us about the hope that is within us. Peter tells us that we purify (sanctify) our souls by OBEYING THE TRUTH

(1 Pet. 1:22, 23). Paul gives us this order: "but ye are (1) washed, but ye are (2) sanctified, but ye are (3) justified." (1 Cor. 6:11). Notice that justification comes after sanctification which comes by obedience of the washing of water and the word (Eph. 5:26). One is justified when he is saved; therefore, sanctification and salvation come together. This is why Paul addresses so many of his epistles to "the Saints at..." "One does not have to be dead a hundred years or more to be elevated to sainthood. If one does not become a saint in this life then he doesn't make it. A saint is one who is set apart to serve God... this includes all who have been saved. Salvation comes by obedience (1 Pet. 1:22, 23; Matt. 7:11-23.)

WASHINGTON AND

"SMALL BUSINESS"

By C. WILSON HARDER

There has perhaps come a time, it is felt by many in Washington, when a shocking summation should be taken of the American situation.

The erosive forces that were launched in 1933 with the New Deal continue to eat like termites at the foundation of the American economic health. In 1933 the Brain Trust dictum was that the American economy had "matured," thus government make work projects were a must. Today, the same tired argument of a "mature" economy is used as excuse for all kinds of foreign give aways to expand the American market.

Leaving aside fact that tax and labor policies have all but driven American free business out of world trade, there is another bitter facet to face.

Today, in spite of the vaunted high level of prosperity, there are still 32 million people in these United States who are living on less than \$50 per week for a family of four.

It is perhaps logical to take out 8 million elderly persons in this group, many trying to live on incomes severely eroded by inflationary forces caused by excessive government taxation.

But even after deducting these aging victims of governmental policies, there is left 15% of the national population without an adequate income.

© National Federation of Independent Business

This 15% is equal to about half population of British Isles.

Yet right at home there exists an untapped market, that could increase American business by 15%. Just an extra pair of shoes per year per person in this market could mean almost 30 million more pairs, an extra pound of meat per month could mean an extra 2 million hogs per year being marketed.

This alarming picture can be traced back to the fact that ulcers feed upon themselves.

The ulcer of huge monopoly business that feeds on driving out small firms destroys opportunity for livelihood for millions and thus destroys domestic markets. The ulcer of Big Labor, raising costs to higher and higher levels, prices consumers out of the market, while the ulcer of big government, siphoning off more and more personal income through taxes destroys new starts of new small business firms, and on the other hand, constantly destroys American protective tariff structures, closing down plants and jobs.

There is perhaps no limit to the goods and services that the American market can absorb if free competition is brought back.

If only 85% of the potential American market can maintain present levels, it is not hard to imagine what would be the result of the development of the entire 100% of the American market. But monopoly practices, in America, as anywhere else, do not develop a market, they merely throttle it. The time seems well at hand, as Sen. Andrew Schoeppel has often remarked, to build America.

**Wheat Growers
Vote On July 21**

The State Agricultural Stabilization and Conservation Committee has announced that the annual marketing quota referendum for wheat growers will be held July 21 as the first step in the wheat program for 1961 required by present law.

The purpose of the referendum is to determine whether or not wheat growers wish to market their 1961 crop wheat under a marketing quota system. Quotas have been proclaimed by the Secretary of Agriculture, as required whenever the wheat supply is more than 20 per cent above normal. They will take effect if approved by at least two-thirds of the growers voting in the referendum.

In proclaiming quotas for 1961, the Secretary established the national acreage allotment at the minimum of 55 million acres permitted by law. Of this, 4,017,136 acres were allowed to Texas, from which local wheat farmers will receive individual farm allotments before voting in the referendum. Lynn County has been allotted 1081 acres, as compared to 1720 for 1960.

The Secretary has also announced that the minimum national average support price for 1961 wheat will be made known before the referendum on the basis of the latest available supply of information. Based on the present wheat supply and the present law, the legal minimum wheat support for 1961 would be 75 per cent of parity, the same percentage as this year. The present supply of wheat is 92.3 per cent above the normal level.

If marketing quotas take effect, a grower who complies with his allotment will be entitled to market his total 1961 wheat crop without penalty and will be eligible for price support at the full rate.

A grower who exceeds his acreage allotment will be ineligible for price support and will also be subject to marketing quota penalties if he harvests more than 15 acres of wheat. A grower who obtains approval (exemption) to produce 30 acres or less of wheat to be used exclusively on the farm will not be subject to penalties.

If marketing quotas are disapproved in the July referendum, all wheat produced will be eligible for marketing without penalty. Price support will be available at 50 per cent of parity to those who comply with their acreage allotments.

Voting in the referendum will be done at polling places to be announced later by the county ASC committee. Every wheat grower who expects to have more than 15 acres of wheat for harvest in 1961 will be eligible to vote, except those who participated in the up-to-30 acres feed wheat program in 1960. If quotas are approved for 1961, this will be the eighth successive year in which they have been used for wheat.

The Joe D. Unfreds are in Durango, Colorado, this week visiting Mr. and Mrs. Kay K. Moore and helping them open up their Red Barn Restaurant for the summer season.

The Bible Says?**

(By R. C. Coppedge)

That, Sanctify yourselves therefore and be ye holy: for I the Lord your God.

That, To worship the Lord in the beauty of holiness. Psalms 29:2.

That, Let us cleanse ourselves from all filthiness of the flesh and spirit, perfection holiness in the fear of God. II Cor. 7:1.

That, Ye put on the new man, which after God is created in righteousness and true holiness. Eph. 4:24.

That, God hath not called us unto uncleanness, but unto holiness. I Thes. 4:7.

That, Even so now yield your members servants to righteousness unto holiness. Rom. 6:19.

That, Ye have your fruit unto holiness and the end everlasting life. Rom. 6:22.

That, To the end he may stab-

lish your hearts unblameable in holiness before God. I Thes. 3:13.

That, Ye present your bodies a living sacrifice, holy, acceptable unto God. Rom. 12:1.

That, We should be holy and without blame before him in love. Eph. 1:4.

That, The church should be holy and without blemish. Eph. 5:27.

That, Men pray every where, lifting up holy hands without wrath and doubting. I Tim. 2:8.

That, Follow peace with all men, and holiness, without which no man shall see the Lord. Heb. 12:14.

Then, Are you a holy person? Do you live holy? The bible says, He that committeth sin is of the devil! I John 3:8.

TOMBSTONE TERRITORY

Before World War I Fairy Soap was the largest seller on the American market. Mother used it as a beauty aid. Junior used it in the bath tub. Sister used it to shampoo her hair. And father used it to wash that portion of his face which wasn't covered with mustache and mutton chops. In magazines, on bill boards and in newspapers, you would see advertisements of Fairy Soap.

During the first great war the demand for Fairy Soap was so great that the manufacturers dropped their huge advertising program with an eye to making a bigger profit. They figured Fairy Soap was so well known it would carry itself. They were wrong. Other far sighted soap manufacturers stepped in with appealing advertising campaigns and took over the market. Fairy Soap was never able to come back and today lies in the graveyard alongside the Gold Dust Twins, Saint Jacobs Oil, Melon's Baby Food, Dolly Varden Chocolates, Omar cigarettes, Maxwell automobiles and many other products that died a natural economic death due to lack of advertising.

Lynn County Soil Conservation District News

E. R. BLAKEY ELLIS BARNES
O. E. TERRY W. L. (Cap) ROWE
MELVIN WUENSCH

The Board of Supervisors of the Lynn County Soil Conservation District has joined in with the churches of the District in the observance of Soil Stewardship Week, May 22 to 29. A 13 minute film entitled "The Earth is the Lord's," has been purchased and is available to organizations, churches and schools.

Soil Stewardship Week is set aside each year to remind all of the people that the soil is a precious gift from God and that it warrants their best in Christian stewardship. The way man manages his land affects his fellow men. Soil poorly used and ill-tended results in wasted fields and impoverished communities. The steward knows, as he conserves the soil, that other men and other families depend now and forever on the produce of an ever fruitful land. He recognizes that the earth is

the Lord's and that it was placed here for the benefit of all his children. And so the steward serves God as he serves men everywhere by observing land-use practices and conservation measures that insure justified production from this basic resource upon which we all depend.

Pat Hines Gets Award From State

Skill and knowledge of sewage plant operation has won a Grade C "certificate of competency" for G. H. Hines of Tahoka.

The certificate was awarded under Texas' general sanitation law that municipal sewerage plants must be under the supervision of an operator who has proved his knowledge of the job and its public health importance in a written examination and has been certified by the Texas State Department of Health.

Hines' newly won certificate will be valid for three years. After meeting certain requirements in experience and training beyond those he now has, he will be eligible to try for higher certification.

Under the law, only one plant operator on each shift has to hold certification. But other plant personnel often seek certification on their own time and at their own expense to advance themselves professionally and to increase their efficiency as public servants.

Grade C certification requires a minimum of one year of experience, plus 40 credits earned through attendance at annual district and state short schools sponsored by the Texas State Department of Health, the engineering extension service of Texas A and M College, and the Texas Water and Sewage Works Association.

CROP Speaker At Rotary Club

Work of the Christian Rural Overseas Program (CROP) was told at Tahoka Rotary Club Thursday by H. M. (Nick) Nichols, district director, of Panhandle, who also showed a short film depicting the hunger and destitution of peoples around the world.

CROP is the organization set up by most of the religious denominations to give aid through food and clothing to hungry people around the world not eligible for assistance under other programs. Texas CROP is sponsored by 13 churches and proposes to ship 16 carloads of wheat, 11 of rice, four of peanuts, and 350 bales of cotton this year.

Mr. Nichols was a county agent for 27 years and is past president of the national association of county agents. He said there are three retired county agents in his home town of Panhandle, and the present county agent is Don Cowan from Tahoka.

The speaker was introduced by Bill Griffin, local county agent. The program was arranged by Alton Cain.

This Thursday's speaker was to be Bill Gunter of Lubbock, son of Carl Gunter, O'Donnell, and each Rotarian was to bring a farmer guest.

NOW LOOK WHAT CORVAIR'S GONE AND DONE!

The same Corvair that tallied a thumping 27.03 miles per gallon* in the Mobilgas Economy Run... went right on to climb Pikes Peak earlier in the spring than any car has ever tried!

We wanted to show you what the fabulous traction of Corvair's rear-engine design and the sure-footedness of four-wheel independent suspension really mean. So the identical Economy Run car went right on to 14,110-foot Pikes Peak—and right up to the top of that savage mountain, on April 15, still deep in winter's snow and ice. No other car—even specially equipped—had ever been able to conquer that nightmare alpine road so early in the spring. But Corvair (with United States Auto Club officials aboard to certify that not one nut or bolt was changed) purred right to the summit without chains or even snow tires! That just underscores the fact that Corvair is totally unique. But you'll find that out the first five minutes you're at the wheel!

Printer's Ink-lings

By F. P. R.

Every year some high school graduates fail to go to college because they don't have the money. We hate to see this happen, because some of them could work their way through but are afraid to make the try.

The Printer had to work for most of his college expenses, and is proud he did—for, in the end, he came to appreciate the knowledge and experience gained. But, soon after entering college, we learned that there were many others in the same boat. Now, in later life, we frequently see the names of some of our old college mates in the papers. They are men and women who have become successful in their chosen fields and are leaders in the Southwest. Almost without exception, these names of old

friends are those who worked their way through college.

This may be a little embarrassing to those young men in which we have a deep interest, but we believe the story should be told. Donald, Tommy, and Bobby Paris, all reared in Tahoka, didn't have much chance to get an education. Donald and Tommy started work for The News about ten years ago, and Bobby worked here enough to gain the fundamental principles of printing. Donald and Tommy used their printing ability to pay their way through college at West Texas State. Although Bobby is not now working as a printer, his printing knowledge enabled him to get his start in college and he has paid his own way for two years in school.

Donald graduated a year or two ago, has a good job and at the same time has been doing post-graduate work. He will be married in July, and he and his wife expect to teach. If he doesn't like teaching, he can return to the printing business, because he has become a finished printer.

Tommy gets his degree this week and also a commission as a lieutenant in the U. S. Army Reserves. He also expects to teach. Bobby has two more years of college work before him. All three, in addition, have developed fine personalities and have bright futures before them.

The News has probably trained more printers than any other newspaper on the South Plains. Sylvester Reese began here as a "devil," went on to make his B. A. and M. A. degrees at Texas Tech, and currently is a professor of Journalism in SMU and in charge of the SMU Press. Edgar Hays came here from Bowie to learn Linotype operation,

and today is owner of the Locking Beam. Albert Curry owns his own plant in Dallas, and Edward McMillan is foreman of a daily newspaper plant in Pueblo, Colorado. Charles and A. W. McClellan learned the printing trade here and are still with The News. In all, about 25 boys have learned the printing trade at The News, and most of them still are successful printers.

We do not envy Post at all in its newfound business as a result of the liquor stores and honky-tonks on "Bourbon Street." The traffic that goes with a liquor outlet in a dry section is not good for a community. But, Post as a whole is not to be censured for its predicament. The city almost overnight became a hot area because of the turn of fate that permitted a sparsely settled precinct with a predominantly Negro and Mexican population to vote in the sale of liquor and the operation of taverns. Thus, a minority sometimes decides the course of the majority.

One thing overlooked by the Federal government, as well as local law enforcement agencies, in this city business being practiced by Negroes in many towns is the fact that the business men affected have civil rights, also. The de-goodies, left-wingers, and anti-segregationists encouraging the Negroes in sit-ins and such like have been huffing long and loud about civil rights. But, a man has a legal right to operate his business as he sees fit, in certain bounds, without such interference and to serve whom he pleases. He is also supposed to be protected by the law. When a group of people, Negroes or anyone else, conspire to harm his business, they are not only violating the law but are trampling on the store owner's civil rights and the civil rights of the customers. He wishes to serve. Racial equality can never be attained by force. You can't force a man to like his neighbor or associate with him socially if that man doesn't want to do so.

Joe Durham lives in Lubbock, but he's a great booster of Tahoka. The friendly, courteous, and accommodating bread man, is ever ready to help out in almost any Tahoka civic venture. This may be advertising, but we think Joe deserves the patronage of Tahoka citizens.

Do you remember when Automobile windshields opened out? Restaurants served 25 cent dinners? Soldiers were paid \$33.00 a month? Calumet was the remedy for most ills? A child got 25 cents weekly allowance and the neighbors whispered that he was sure to grow up spoiled? Children were strong enough to walk to school?

From a generation ago comes this definition of an automobile: "The automobile is a large iron and rubber contrivance for transferring gasoline into speed, luxury, excitement and obituaries. It consists of a handsome leather-upholstered carriage body mounted on fat rubber-tired wheels and containing a gizmo full of machinery suffering from various complaints and ailments. It can transport seven people from the porch to the police station, to the bankruptcy courts, or to the golden gate in less time than any other method." Clear Lake (Iowa) Spokesman.

Sunday, The Printer had the pleasure of meeting at Snyder with Editors Joe Pickle of Big Spring, Francis Perry of Ballinger, and Jim Cornish of Post to pick the journalism scholarship winner for the West Texas Press Association. There were 12 entrants, all this year's high school graduates, and we were highly impressed with the type of candidates and their writing ability. All is not wrong with our present-day schools. They are turning out some top students. West Texas newspapers offer a \$400-year college scholarship to high school graduates to plan to enter newspaper work.

More lives were lost in the Civil War than in any other war in which the United States has been engaged.

Mercury's the better low-price car and you can prove it!

ADD UP MERCURY'S EXTRA VALUES: Just stop in at our showroom and see the proof firsthand. Open the front door of a Mercury—it's up to 5 inches wider than other low-price cars so you can get in and out that much easier. Slide into the front seat. Notice how the instrument panel has been moved far forward. What other car gives you this feeling of spaciousness? Now accept our invitation to go on a private demonstration. Notice the steady, silent smoothness of the ride. That's because Mercury has a 7-to-8-inch longer wheelbase than other low-price cars... is up to 494 pounds heavier, and has far more sound-proofing all-weather insulation.

Try the brakes. They're up to 26% larger in a Mercury. Notice the view. Mercury's windshield and windows give you up to 21% greater visibility than other low-price cars. Now, for the best news of all, just keep on reading...

COMPARE MERCURY'S LOW PRICES: prices start *63 to *66* below even the lowest-priced V-8 powered Plymouth Fury or Chevrolet Impala!

And we're not talking about a "stripped" Mercury. This price comparison is based on a deluxe-appointed Mercury Monterey with luxurious nylon interior and thick wall-to-wall carpeting. So why settle for less? Get all your money can buy with Mercury—the better low-price car.

*Based on comparison of manufacturers' suggested 1960 retail base prices for lowest-priced V-8 models.

If we made
Gladiola Flour for
Kissimmee, Fla...

we could get by with
lower quality

...but we make it for you

We make just enough Gladiola Flour for our near neighbors—in Texas and a little bit beyond. These ladies are the best home bakers in the U.S.A.—and the sharpest judges of flour quality.

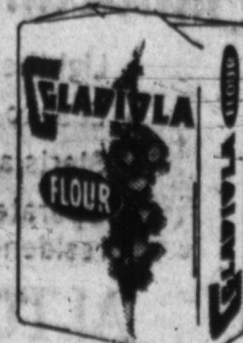

That works out fine for us. We know precisely what our customers want, and precisely how to make it. That's why snow-white Gladiola Flour outsells every other brand, every day, every year.

The women-folk in Kissimmee, Fla., just can't bake biscuits, cakes and pies like yours. They don't have Gladiola Flour. Only you and your neighbors can buy it. And, for the average family, it costs only about 1/2¢ a day more than the cheapest flour made.

Bake and be Glad—with

GLADIOLA FLOUR

The best-selling flour in the Southwest

(17 miles south of Orlando a highway sign says "Kissimmee," but it's more fun if you say it.)
