Election Voting Close

Just 3 votes separated winners from losers in races for Lynn County Hospital board and Wilson city council last weekend, and the loser in a Tahoka city council race missed being a winner by just 15 votes.

Voter turnout in city and school elections and the hospital board election throughout the county was considered light Saturday. In the countywide hospital board race, four members were elected from five candidates in close voting. The winners were Joy Bragg, 635 votes, Jesse Dorman 623, Leland White 585, Monte Dodson 512. Mrs.

Norma Wagner had 509

In the Wilson city election, Mayor Virgil Henderson, unopposed, had 60 votes and incumbent councilmen Jackie Bishop and Lupe Arellano had 38 and 30, respectively, to be re-elected. Lowen Young got 27 votes to lead the challengers. Pete Arellano had 15 and Ray Crispin 16 votes.

Uncontested candidates for the Wilson school board were

KNOTHOLES: Family Weekly says wolves have been given a bad reputation for years, mainly on account of Little Red Riding Hood. It further states that a serious study by scientists indicates wolves have been given a bum rap, and that they are, in fact, "shy sensitive and intelligent." So is John Hinckley...Which brings us to what should be our last comment on the assassination attempt: A story in the Landslide Diary the other day reported that children in some classes over the nation, and perhaps one or two in Lubbock, applauded the news that the President had been shot. On the day the news was heard, a woman in Tahoka was overheard at the postoffice: "It's too bad they didn't kill him." Now folks, that's sick...Family Weekly also says the "cashless society" is on the way. We tried living that way for a few years up in Indiana and in Lamb County, and it doesn't work so well.

DID YOU EVER notice how most towns grow to the west, instead of some other direction? Of course, it isn't 100 per cent true, but new additions in most towns and cities in West Texas are on the west side of town. The reason for this may be that no famous person ever said "Go East, young man" (or north or south). Think about the towns you know around here, and you'll realize this is mostly true. I have no idea why, unless all of us have an unconscious desire to move to California, and the edge of town is as far as we can get.

THE DALLAS Fairmont Hotel's Pyramid Restaurant has sent us a story about how great their restaurant is and what honors it has won, including five-star ratings with Mobil Guide and AAA. I'm impressed, because both these groups are a bit cautious with their top ratings. The story doesn't say how much it costs to eat a cheeseburger there (they probably don't serve them). It doesn't even say where it is located and in my ignorance I never even heard of the Fairmont, which supposedly is celebrating its 12th

Tree Fund For Cemetery Is Started

A fund for planting new trees at Tahoka Cemetery is being established and donations are being taken for memorial plantings, members of the Tahoka Cemetery Board announced following the April meeting Tuesday

Those persons wishing to have a tree planted or donate to the fund are requested to contact Mrs. Billie White at 998-4433. A list of approved trees and planting areas will be available soon.

A memorial service with dinner on the grounds is planned for Sunday, May 31. Preceding the services at the cemetery will be a basket lunch with dinner on the grounds at the Tahoka Mini-Park at noon. Services at the cemetery will begin at 2:30 p.m. and will include a song service and message.

The cemetery board still needs names and addresses of persons who have relatives buried at the cemetery, as some still are not known, according the secretary Mrs. Nadine Dunlap.

Two new members were introduced at Tuesday's meeting. They are Robert Edwards and Altah Thomas.

MRS. KYE LEAR nee VICKI UNFRED Vicki Unfred - Kye Lear Exchange Double Ring Vows

Vicki Unfred and Kye B. Lear exchanged wedding vows in a double ring ceremony Saturday, April 4. in the New Home Baptist Church. The Rev. Leo Cole officiated at the ceremony. Parents of the couple are Mr. and Mrs. Joe D. Unfred of New Home and Mr. and Mrs. Warner Lear of Big Lake.

A prelude of contemporary selections was provided by the organist, Garene Smith of New Home. Caroline Randel of Abilene sang "Longer Than" and "I Pledge My Love." Candlelighter was Stacy Smith of New Home.

An arched candelabra entwined with greenery was flanked on both sides with urns of brightly colored spring flowers and greenery. The bride was given in marriage by her father. She wore a formal gown of white silk organza with yellow velvet trim. The gown was designed with long sleeves and an apron front that tied in a bow in the back over a chapel train. Her Juliet cap was of the same fabric with yellow velvet ribbon attached to a bouffant veil of silk French illusion. She carried a bouquet of white, yellowthroated cattelya orchids and stephonitis with yellow satin streamers atop,a white bible.

Nancy McCracken of Lubbock, sister of the bride. served as matron of honor. Bridesmaids were Gail Graves and Nancy Ferree. both of Lubbock. They wore floor length jumpers of multicolored cotton over white silk organza blouses. They carried cymbidium orchids tied with apricot, green and vellow ribbons.

Harry Lear of Oklahoma City. Okla., brother of the groom, served as best man. Groomsmen were Tim Lear of Austin and Terry Corbell of Los Angeles. Calif., brothers of the groom. They also served as ushers. Linda Lear registered guests. A reception was held in the fellowship hall following the ceremony. Serving at the table were Marsha Cutter and Marianne Soria, both of Lubbock.

The bride is a graduate of New Home High School, attended Texas Tech University, and is employed in the Texas Tech University Medical School.

Dr. Lear is a graduate of Big Lake High School, Sul Ross University and University of Texas School of Medicine. He is a resident in Family Practice at the Texas Tech School of Medicine.

After a wedding trip to Ruidoso the couple will reside in Lubbock. Courtesies

A rehearsal dinner was hosted Friday night at the Lubbock Club for the couple by the groom's parents. Mr. and Mrs. Warner Lear.

U.S. Banking Laws Changed

Banking in the U.S. is undergoing many radical changes as a result of legislation passed during the Carter administration last year, Frank Barrow, First National Bank president. stated in a talk at Rotary Thursday.

The act results in complete deregulation of banking. equalizes competition, and effects all 14,000 U.S. banks and 40,000 financial institutions in the nation.

Banking, as a result, is being completely revolutionized. Some of the innovations already implemented or that may be expected include the new NOW accounts on which banks pay interest, prime rate changes and phasing out of interest rates ceilings by 1986. drive-in banking. branch banks, machine tellers and other mechanical and computer devises, and promotion of bank holding companies which already control over half the deposits in Texas.

However, Mr. Barrow said all the innovations are not expected to affect the local bank and this community as much as the metropolital areas.

Lahoka's First National is completing an extensive remodeling program during which the interior has been rearranged to provide more offices. Outside, two new drive-in stations are expected to be in operation

Charles Louder was in harge of the program.

Reappraisal Of Post And Southland ISD Started

The reappraisal of the Post and Southland ISD has been started by Associated Tax Services of Irving. They will be measuring houses in the east part of Lynn County and the northwest portion of Garza County in the next few weeks. The City of Post has been measured and classified with the exception of some of the outlying portions that are carried on the tax roll as in abstract and section number. Much backup work has been done on the aerial maps and with the computer to coordinate the different

taxing entities to make up a

master roll of all the property in the district. Mr. Burt Lively of Associated Tax Services states they plan to have the City of Post data key punched into a computer and Southland ISD measured as soon as possible.

The homestead and Agricultural exemptions are coming in and being filed in the local tax appraisal office until the deadline of April 30, 1981. After April 30 they will be sent to the computer and put on the tax roll.

The Wilson Band Boosters voted to raise money to pay one third of the cost of new band uniforms. Several projects to help make the money for these uniforms were decided upon.

A trash haul is scheduled for May 9. If anyone has trash barrels that will need to be emptied, please contact one of the band members.

The band parents will also have the concession this Saturday for the Junior High School's UIL Meet (hosted by Wilson School) from 8:30 to 12:30.

If anyone would like to donate money or would like to "rent a kid" to wash windows, mow yards, or order baked goods, please contact Mrs. Mary Houchin of Route 1, Wilson.

The band thanks everyone who bought pies and cakes at

their bake sale over the weekend. Mary Houchin. band booster treasurer. reported approximately \$300 was raised to help with uniforms.

Wilson High School presented their One Act Play in district competition at Smyer on Thursday, March 26. Wilson's entry. "Reynard the Fox," was chosen as alternate play by critic judge. Mr. Coy L. Sharp, of Odessa's Permian Play-

house. Four members of the Wilson cast were given special awards. Chosen for the All Star Cast were Sherri Steinhauser and Matt Burtch. Honorable Mention awards were given to Ginger Kimbrell and Gary Autry. The play was directed by Mrs. Judy Womack.

Wilson 11 & 12 year old Little Dribblers participated in the Wellman Tournament over the weekend. The girls team, coached by Deborah Webb and Betty Bishop. received third place in the girls division. In the boys'

third place. They are coached by Kelly Gaffga. The Wilson II team, coached by Tracy Bartley, won fourth place.

Representing Wilson on the girls' team were Suzanne Johnson, Shanna Moczygemba, Margaret Guzman, Rosalinda "Pinky" Garcia, Pamela Bishop, Rachel Arellano, Tammy Gicklhorn, Lora Schneider, and Tammy Webb.

Members of the Wilson I team were Paul Ehlers, Gary Daniell, Craig Morton, Greg Spears, Chris Burtch, Wes Earwood and Leo Garcia.

Wilson II team members were Wesley Little, Elifonso Rodriquez, Rusty Hart, Jayson Bartley, Lupe Guzman. Dwayne Rodriquez.

Gale Schneider, second grade student at Wilson Elementary, was injured Sunday afternoon while playing in her yard when a yard dart struck her in the head. Surgery was performed Sunday night, however. Gale was reported to be doing well.

The Wilson Varisty Cheerleaders have lined and unlined blue Mustang jackets for sale. Prices will vary. For more information call

Charles Bryson Player of Year

Charles Bryson, Tahoka High School senior who averaged 20 points per game for the Bulldogs last season. was named as the All-South Plains Player of the Year in Class AAA by the Lubbock Avalanche-Journal last week.

Bryson, 6-3, also was all-district and was chosen earlier as the district's most valuable player. He led Tahoka to a 19-6 season.

One Act Play **Chosen As** Alternate

Tahoka High School's one-act contest play, "The Great Cross Country Race," placed more individuals on the coveted All-Star Cast; yet the play won only the alternate position at the district contest held last Thursday, April 2.

Three players Tahoka's 15 member cast won All-Star Cast honors and one honorable mention. Seventy-seven students performed on stage at the district contest.

Ronald Webster, the Tortoise: Denise Ehlers, the hound; and Pam Krause, the Hedgehog, were named to the All-Star Cast.

Roddy Williams, the Hare, was named to the list of seven Honorable Mention players.

Two unranked winning plays that will advance to area competiton were Cooper High School and Post High School. In the event one of these could not perform, Tahoka would compete.

> PUBLIC NOTICE OF TAX EXEMPTIONS **AVAILABLE TO HOMEOWNERS**

The Garza County Tax Appraisal District, acting for Post Independent School District and Southland Independent School district office is currently accepting applications for residence homestead exemptions. The deadline for filing is April 30, 1981. Applications should be filed as early as possible to avoid inconvenience to the homeowner.

Two types of homestead exemptions from school taxes are available to taxpayers who owned their residence homesteads in this school district on January 1 of this year. First, the general homestead exemption is available to all homeowners and exempts \$5,000 from the market value of the homestead. Second, any person who is 65 years of age or older or who is

disabled can be exempted an additional \$10,000 from the market value of the homestead. Proof of age or disability may

"Disabled," in this case, refers to the definition found in the Federal Old-Age, Survivors, and Disability Insurance Act under the Social Security Administration. Disability is defined as inability to engage in any substantial gainful employment which exists in the national economy, or, in the case of someone who is 55 and blind, inability by reason of such blind-ness to engage in the employment in which he was previously engaged. The person claiming disability does not necessarily have to be drawing benefits from Social Security.

Homeowners age 65 or older who apply for their exemption will be granted a tax freeze. If application is not made, the tax freeze will be lost for this year.

The agricultural exemption deadline is also April 30, 1981. Application forms were mailed earlier to all homeowners or landowners who qualify for a homestead or agricultural exemption in 1981. If you did not receive an application, or if you have questions about qualifying for exemptions or filing application forms, contact the Appraisal office at 495-3939. Applicaton forms may also be picked up at the Appraisal

Notice

office at the County Courthouse in Post, Texas.

The New Home I.S.D. hereby announces that all Open Space land applications must be filled out and returned to the school tax office by April 30, 1981. If the application is not returned, the property will be taxed on 100 per cent of market value, rather than on productivity value.

Independent School District and wishing to claim a residential homestead exemption for 1981 must sign an affidavit with the School Tax Assessor before April 30, 1981, in order to qualify

for the exemption.

The New Home I.S.D. hereby announces that all persons who are 65 or older as of January 1, 1981, or under a disability for purposes of payment of disability benefits under Federal Old-Age. Survivors, and Disability Insurance are entitled to an exemption of \$10,000 from market value of their residence homesteads for purposes of school taxes. To qualify for this exemption, and application must be filed with the school district tax office by April 30, 1981.

Application forms are available at the school district tax office for each of the above exemptions.

Q. Am I correct in assuming that although an insurance policy has been lost, the coverage that policy represented has not been?

A. Yes, and your choice of words is particularly good. Your policy represents your coverage and nothing of your insurance investment is lost. In that case, you should, of course, contact your agent, who will issue either an endorsement, certificates of loss or new policies. The home office of the company with which you are insured has complete records on your investment, including contracts, premiums paid, etc. It's a good idea to keep policy numbers, company names, etc., in a separate place from your copies of the policies.

A Visit With Your County Agent

By Stanley Young

DAMPING-OFF CONTROL IN GARDENS:

Each spring, I get several inquirles on what's causing bean seedlings to die suddenly. This is a common problem in all areas of the county and is brought about by a group of soil-borne fungi.

These fungi are present in soil throughout the year but are especially damaging during a cool, wet spring. Once the condition begins to appear, there is little that can be done to correct the problem. However, there are several steps that should be taken to reduce losses from daming-off where this disease has become a problem.

"Rotation" is one of the most important steps to preventing losses from this disease. Never follow vegetables from one group with another vegetable from the same group. Vegetables from the same group have similar diseases which build up in the soil and increase losses each year.

Following is a grouping of plants based on their

soil-borne diseases. GROUP A: Watermelon Cucumber, Squash, Cantelope, Honey Dew Melon, Pumpkin; GROUP B: cabage, Cauliflower, Brussels Sprouts, Turnip, Mustard, Radish, Collards, Lettuce, Swiss Chard, Spinach. GROUP C: Pepper, Tomato Potato, Eggplant, Okra. GROUP D: Carrots, Sweet Potatoes, Beets. GROUP E: Sweet Corn, Onions, Garlic,

Shallot. GROUP F: Beans, Peas, Cowpeas.

'Planting on a bed' is a method of planting which will keep the root zone of developing seedlings in a drier, more aerified soil and thus reduce losses from damping-off. Soil saturated with water has a greater tendencey to have dampingoff problems than soil from which free water drains quickly after a rain.

'Know the soil temper ature' at which the vegetable you are planting grows best and do not plant before the temperature is reached. Here are some optimum soil temperatures for seed germination.

TEMP. **VEGETABLE** 86-95 degrees 86-95 degrees Cucumbers 77-86 degrees Lettuce Okra 77 degrees Spinach

This is a partial list of vegetables and temperatures at which they germinate best. As a gardener, you should know at what temperature ranges seed will germinate and grow the most rapid. The less time spent as seedlings the less plants will suffer from seedling disease. As seedlings develop into more mature plants, they also develop a resistance to organisms involved in seed:

ling disease. "Seed quality" is important because high quality seeds will grow out of the seedling

USDA's proposals for calculating this year's micronaire, grade and staple discounts call for averagrabies vaccinations for all ing the August-March discount quotations from the nine U.S. spot markets with the discounts used in the 1980 loan program.

Under consideration, according to a February 4 notice in the Federal Register, are three possibilities. rabies cases in dogs and cats, with 46 and 34 confirmed One, the most costly to High Plains cotton growers, cases, respectively. So as market quotations, and the third would be on a fiveskunk transmitted rabies is to-one ratio.

Should USDA figure discounts on a simple average of spot market quotations and last year's loan differences, the 1981 loan value of so-called average High Plains cotton quality (31/32 inch, SLM Light Spot, 3.3 follows: fox, 46; bat, 95: to 3.4 micronaire) would be reduced by about \$10.00 21; and other (goat, sheep, per bale more than should the five-to-one formula be

> PCG's written comment stated bluntly that "producers in this organization find even the most 'lenient' of the three proposed formulas totally unacceptable."

> PCG, after documenting that almost all cotton heavily discounted for low micronaire and short staple is grown on the Texas Plains and in Oklahoma, is recommending (a) that only quotations from the Lubbock and Dallas markets where such cotton is traded be used in the discount calculations, and (b) that the average quotes from these two markets be given onefifth the weight of last year's discounts.

The most favorable of USDA's proposals wou result in low micronaire discount increases over 1980 discounts of from 35 to 185 points, PCG figures, while PCG's recommendation would yield increases of from 15 to a maximum of 40 points.

Similar savings, though not so pronounced, also would be realized by High Plains producers on grade and staple discounts under the PCG plan.

"It is impossible to predict the outcome of our efforts," Ivey states, "but the least we hope to get is use of the least costly of the three formulas announced by USDA as possibilities for this year, plus an improvement of our chances to get future discounts for our cotton based only on markets where our cotton is extensively traded."

Social Security

Student beneficiaries of Social Security numbered 31,041 as of the end of June 1980, according to Jim Latimer, Field Representative of the Social Security office in Lubbock. Texas.

Figures just released indicate that \$6,824,000 was paid monthly to 19963 survivors, 5765 children of retired, and 5313 children of disabled workers in Texas.

PAGE 10, LYNN COUNTY NEWS, THURSDAY, APRIL 9, 1981 Total amount of the payments to students was \$5,126,000 per month for survivors, \$939,000 for retired persons children, and \$759,000 for the children of

disabled workers in Texas. Congress recently has shown an interest in student benefits which will very likely result in substantial changes in student social security checks.
